YOUNG LADY FELL INTO OLD ORE SHAFT

Narrow Escape From Drowning in 300 Feet of Water. Was Picking Berries Near Londonderry, N. S.—

Mouth of the Shaft was Concealed

By Dohris.

Londonderry, N. S., August 27.—A young lady 16 years of age, Miss McEachern, had a thrilling experience and narrow escape from a horrible death at Lornvale, two miles from town.

Miss McEachern is a visitor at the house of Mr. McTavish, and the day in question she with a number of others went to pick berries up on the side of the mountain. She sat down to rest and suddenly thereafter disappeared as though the earth had swallowed her up, and so it had, for she disappeared into an old ore shaft, the mouth of which was partially concealed by debris of one kind and another. Her companions who quickly took in the situation, appealed to some men who were working in a hayfield nearby, who hastened to the rescue. Mr. W. D. Scott, secured a rope, fastened one end of it to a solid object, the other about his waist and proceeded to descend the pit. When he had reached a depth of eight feet he found Miss Mc-

Eachern standing on some ice and snow, but the horror of the situation will be better understood when it is learned that beneath that frail coating of ice and snow was water to the depth of 300 feet.

The unfortunate young woman was quickly taken to the surface, Mr. Scott removing the rope from his person and securing it to that of the young woman, willing hands quickly drawing her back to sunlight. Dr. Dickson was called to attend her, but aside from the awful fright and a few bruises, strange to say she was otherwise unharmed.

She had an experience that she will never forget.

A strange part of the affair is that the young woman cannot remember anything of the fall after she entered the pit, or of her rescue.

Newcastle's Field Battery

Made Highest Score of Any Corp Not Training At Petawawa.

Ottawa, Aug. 26.—The returns of the artillery shooting for the year shows that first place for shooting by 12-pounder batteries, not training at Petawawa, went to the 12th Field Battery C. A., Newcastle (N. B.); 2, 19th Field Battery C. A., Moncton; 3, 17th Field Battery C. A., Sydney (N. S.); 4, 3rd Battery, 7th Regiment, C. A., Picton (N. S.); 5, 13th Field Battery, C. A., Winnipeg; 6, 10th Field Battery, C. A., Woodstock (N. B.); 7, 25th Field Battery, C. A., Lethbridge, (Alta.); 8, 18th Field Battery, C. A., Antigonish (N. S.); 9, 2nd Battery, 7th Regiment, C. A., Digby (N. S.); 10, 4th Battery, 7th Regiment, C. A., Yarmouth (N. S.)

In general efficiency of all batteries first place was taken by the 20th Battery, Ottawa. The 12th Newcastle Battery was fourth; the 19th, Moncton, was 7th; the 17th Sydney Battery was 8th; the 30th Picton was 17; 10th Woodstock was 21st; 18th Antigonish was 23rd; 30th Digby was 24th and the 4th Picton was 24th.

FAVORS EXTENDING I. C. R. TO TORONTO

Advantages to Upper Canada and the Maritime Provinces—Mr. E. Tiffin interviewed at Ottawa, Says Acquisition of Certain Branch Lines Will be Recommended.

Ottawa, August 27.—An important official of the Intercolonial Railway of Canada believes that the system could be profitably extended to the west. E. Tiffin, traffic manager of the Intercolonial said:

"I have always been in favor of the extension of the Intercolonial Railway system through Ontario. It would give the lower province manufacturers a better entrance to the upper Canada markets than they have now, and it would facilitate their products to the provinces. At present, however, the greater complaints are from the former."

What route would be taken from Montreal?

"Paralleling the Grand Trunk and Canadian Pacific," stated Mr. Tiffin. "It is the through traffic particularly that we would be after. Personally, I am in strong sympathy with the movement in

Toronto that our line should be extended there, but it is a matter of policy in which the ultimate decision will rest with the government."

"Will the Intercolonial be leased?" Mr. Tiffin was asked.

"If we should go back to the days of deficits I believe it might be beneficial to lease it, but at present it is on a paying basis, and is one of the best assets the government has."

Mr. Tiffin states that the board of management will likely make before long recommendations for the acquisition of certain branch lines under the act of last session, but it has not yet been decided which will be taken.

It is understood that certain lines, especially in New Brunswick are applying their earnings to betterments in order to attain the standard required if they are to be leased by the government.

HAS FINE GARDEN IN THE HEART OF MIRAMICHI WOODS

It is not generally known but it is a fact just the same that in the heart of the Miramichi woods many miles from civilization, is located one of the finest vegetable gardens of this Province. It is the property of Mr. Arthur Robinson, a New York broker, who has a costly out-fit of camps at Holmes Lake, near the headwaters of the Little Southwest Miramichi, and it is looked after by Mr. John G. Thomas, of Cross Creek, York County, a brother of Mr. S. B. Thomas, Fredericton. Mr. Thomas, who is recognized as one of the most expert gardeners in the province, has been in Mr. Robinson's employ for three years. He started the first year by clearing three-quarters of an acre of land and converting it into a garden plot, and this year he had two and a half acres under cultivation.

Mr. Thomas has been very successful in growing all kinds of vegetables and he also grows small fruits, such as currants, raspberries and strawberries. As the spring season is very backward in that section of the country, he starts his plants in a hot-house about the middle of April and transplants them when the danger from frost is past, usually about the first of June.

Last year Mr. Thomas raised forty barrels of prime potatoes and he expects to have a larger yield this season. He says that potatoes in that region are worth about \$9 a barrel, at least it would cost that much to hire a team to tote them from the nearest settlement, about seventy miles distant. Commercial fertilizers are used in the garden and give every satisfaction.

Mr. Thomas has had a root house constructed, in which he stores vegetables for use during the winter season. As there are generally from twenty-five to thirty men around the camps winter and summer, the products of the garden are not allowed to go to waste.—Mail.

NORTH SHORE WOMAN FINDS SISTER LOST FOR YEARS

Boston, Aug. 25.—Mrs. Betsy MacCush, of Malden, has found a Coughlan, Northumberland County, N. B., a sister, Maria, Mrs. Peter Hassen, whom she had not seen or heard of for fifty eight years. Mrs. MacCush had endeavored to find her sister, but heard she was dead.

Mrs. Hassen was located through a friend in Malden who knew the family years ago. The youngest and the oldest of a large family of children, they were separated when their mother died, Betsy going to live with her sister in Annapolis, N. S., and Maria being cared for by her grandparents, who lived in Northern New Brunswick. In those days travel in the provinces was a more difficult undertaking than it is today and mails were quite infrequent, so the girls

heard but seldom from one another. In time, Maria married and moved still farther away and when her sister, Betsy, also married and came to the States, all communication between them ceased.

Mrs. MacCush recently returned from Coughlan.

CONVALESCENTS from fevers and injuries that have kept them bed ridden for some time and all people run-down and below par generally will find a course of treatment with FERROVIN, the invigorating tonic just the thing to put them on their feet again in good shape. Ferrovin is composed of fresh lean beef, Citrate of Iron and pure old Spanish Sherry Wine. \$1.00 per bottle.

MEET DEATH IN FOREST FIRES

Spokane, Wash., Aug. 27.—Walter Hess, a 'home-seeker' who was a member of a fire fighting crew on Big Creek, told today how a dozen of his party were burned to death.

"Saturday afternoon thirty of us were stationed about 12 miles up Big Creek under Warden Christy," he related. "Below us, about two miles, was another small crew, and together we were working to control a small fire. We had worked for some days in this way, and had the fire pretty well surrounded. About 2.30 p. m. we heard a terrible roaring upon the ledge just south of us, and before we realized it the fire had cut off our escape. Thirty men at the upper end of the fire all escaped, but all the poor fellows below were killed. Five of the men were killed by falling trees, and seven were suffocated in a small cave where they had sought refuge."

Port Townsend, Wash., Aug. 27.—Dense clouds of smoke from the burning forests of Washington and Oregon overspread the waters of the Pacific from one hundred to three hundred miles off the coast of both States.

A report of conditions, said to be particularly difficult for navigation, were brought yesterday by the steamship which came from San Francisco. Captain Barry said that the vessel was never free from the ball of smoke on the run in. Shipping on every port of Puget Sound is hampered by the dense smoke.

APPEAL TO PRESIDENT

Seattle, Wa., Aug. 27.—President Taft has been appealed to instruct the war department to comply with the request that the coast fortifications in the Puget Sound districts unite with the warships in firing their guns in the hope of starting a general rain fall. In spite of the attitude of the war department, the business men of Seattle and the officers of the forest fire association believe that if sufficient pressure is brought to bear their request will be granted. To this end they have started a deluge of messages to Washington and Beverly.

MILL PLANT DESTROYED

Tacoma, Wash., Aug. 27. Fire at or near 11 o'clock, last night totally destroyed the saw mill plant of E. J. McNeely and Company, causing a loss of \$550,000; insurance partially covers the loss.

DREDGING OPERATIONS TO BE STOPPED

Chatham, N. B., Aug. 26.—The Royal Commission on Technical Education met this morning. W. R. Snowball said it would be a great advantage if all Canadian lumber could be manufactured on this side of the line. He said there was a scarcity of skilled labor for the mills of the Miramichi. Many of the young men who have edu-

cation enough went away. He believed in the value of manual training.

W. S. Loggie, M. P., said the oyster beds on the Miramichi were being well protected. He had been endeavoring to induce the minister of agriculture to open an experimental farm on the North Shore.

Every statement concerning Red Rose Tea is made most carefully. Every claim that has ever been advanced has been fully borne out by the tea itself. You, if you use it, have always found it good tea. So good that no other tea pleases you as well. You may try substitutes but you always return to Red Rose simply because it has the fine quality and full value that pleases and satisfies.

Prices: 20c., 25c., 40c., 50c. and 60c.

CONCLUDES HEARING ON NORTH SHORE

Ottawa, Aug. 26.—Dredging operations in several parts of Canada have been brought to a close and as a result there have been anxious inquiries at Ottawa for reasons.

It is learned that the minister of public works has adopted a new policy with respect to dredging works. In the past dredges were kept at work until a job was finished, even if the money voted by parliament for the season was exhausted, a vote being taken at the following session to pay for the extra work done.

WED AT SUSSEX SEEKS DIVORCE

Boston, Aug. 25.—Adelaide Walton, of Somerville, is petitioner for divorce from Isaac E. Walton, now of parts unknown. The couple were married at Sussex, N. B., in 1876. Desertion is alleged.

SHIP FROM DALHOUSIE WRECKED

BREMEN, Aug. 26.—A despatch from Fayal Azores Islands, to the North German Lloyd Company reports that the North German Lloyd steamer Koelnig Luise encountered the ship Harvest Queen, of Windsor, N. B., August 10th, for Buenos Ayres August 24th in a sinking condition, the ship being then in longitude 40.51 west and in latitude 44.24 north. All of the crew of the Harvest Queen were taken aboard the Koelnig Luise and the ship was left burning in mid-

PROMOTION HOTEL FOR CAMPBELLTON

Business Men Endeavoring to Form Company and Erect Hotel. BADLY NEEDED

A number of local business men headed by Mr. David Richards are endeavoring to promote a joint stock company to erect a first class hotel here. A number of the married men are behind the proposition and the outlook is encouraging.

Plans for a fine building have been prepared and the promoters are endeavoring to interest additional capital. It is estimated that the house will cost between forty and fifty thousand dollars, and will be up-to-date in every respect.

At the present time Campbellton needs a first class hotel in the worst way. Business men and commercial travellers are obliged to stay at Matapedia or Dalhousie over night, and depend on trains to get into Campbellton the next day. Such an enterprise should have the earnest support of all married men having the best interests of Campbellton at heart.

Mr. Jos. Daubois, owner of the Waverley Hotel lot has agreed to place his lot at the disposal of the proposed company, and several other men have agreed to take stock. Already about twenty-five thousand dollars have been subscribed.

Summer school of science has not forgotten the session they held in Campbellton 10 years ago as shown by the following letter to Mayor Murray, enclosing a check for our relief fund at the close of their session at Liverpool N. S. Liverpool, N. S., July 30, 1910.

His Worship, Mayor Murray,
My dear Dr. Murray:—

You have received from Mayor Mulhall, of Liverpool, a draft for \$125 raised by the Summer School of Science and the town of Liverpool. We usually have a concert at the school to supplement our funds. In view of your misfortune, and in remembrance of the many courtesies your town as a whole and particularly your own self showed the school, I suggested that the whole proceeds be forwarded to our suffering friends to remind them that the school has a memory and that unstinted kindness has an influence which may show its results in unexpected places. I was sorry that the sum was not larger, but we send what a full house gave us, and send it in the spirit you

3,000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing It With "Fruit-a-lives"

—The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects. Yet the ancients surpassed us in some things. Engineers of our 40-story sky-scrapers still marvel at the massive pyramids and the sphinx. So, too, the Egyptian physicians of 3,000 years ago, used fruit juices as a medicine for treating blood trouble, liver and kidney disease, and stomach weakness. Their method of mixing fruit juice as a medicine, is also one of the lost arts. A well known Canadian physician, however, perfected a method of utilizing fruit juices, which is one of the greatest discoveries of modern medical research. "Fruit-a-lives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torpid Liver, Kidney Disease, Pain in the Back, Bad Complexion, Rheumatism, Nervousness, Headache and Neuralgia.

50c. a box, 6 for \$2.50, or trial box, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

THE OLD HOME

(On hearing that it was destroyed by fire.)

And so they say my mother
The "Auld Hoose" stricken lies
Its blackened embers scattered
Beneath the plying skies.

But Mother while your grieving
For the home that used to be,
Let me tell you of a picture
That I brought away with me.

A picture of the old home
That hangs on memory's wall,
Where no changes can attend it
And no mischance e'er fall.

In a lowly valley lying,
With the great rough hills to screen,
Is the cottage I remember
Tho' for years I have not seen.

On its walls a wealth of ivy
Tells of vines you set with care
(Pretty vines that never languished
Till we left the old home there.)

An old garden sweeps around it,
And beside the broad brook flows;
Oh Mother can't you see it too?
The scene my picture shows?

And in the morning sunbeams
As I stood so long ago
I am standing in that garden
While its sweets about me blow.

Where the lilac and narcissus
Swing their centers in the air
Where the apple bloom but shortly
Strewed the ground a shower fair.

Every avenue 'th' flowers
Led you to that cottage door,
Every wind that stirred their petals
Loosened perfumes to you bore.

Dear Mother as I ponder
I'm living there again
I hear the waters flowing
In that familiar glen.

Where our home lay in its bosom
And the old hills looking down
I parted an attraction
As methought the whole to crown.

So it matters not what changes
In the course of years may come,
I will still my picture cherish
I will still have my old home.

EUCCHARISTIC CONGRESS MONTREAL SEPT. 6-11

Headed by a special representative of His Holiness the Pope, and with five cardinals, two hundred and sixty bishops, innumerable priests, the list of those who will officiate at the Eucharistic Congress in Montreal is certainly an imposing one. And when it is considered that Montreal is the greatest stronghold of Roman Catholicism on the North American continent, with its halo of church romantic history, its magnificent churches, — the Parish Church of Notre Dame and St. James' Cathedral of world wide repute, its hundreds of Roman Catholic institutions, there is no wonder that the Canadian Metropolis feels the honor conferred upon it and will once more display that hospitality for which it is noted. Aside from its educational aspect visitors will have an opportunity of taking part in or seeing some of the most impressive ceremonies, such as the official welcome of the Cardinals, the official opening of the Congress in St. James' Cathedral Sunday, Sept. 3rd, the civic reception to the Papal Legate, the midnight mass in the Church of Notre Dame (seating capacity 15,000, and has been known to hold 20,000), the Pontifical High Mass in the open air on Friday at the altar specially built at the foot of Mount Royal. Sunday the solemn procession of the Blessed Sacrament.

Intercolonial Railway is making specially low fares to Montreal in this connection the tickets being good for travel September 3rd to 10th inclusive and good for return leaving Montreal not later than Sept. 15. A large delegation is expected from the Maritime Provinces, many reservations having already been made and those intending witnessing this unique event in Canada's history should lose no time in consulting the local Intercolonial ticket agent who has full particulars.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of women is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness. Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

With the exception of habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is answered promptly and confidentially. Address: Dr. R. V. Pierce, Pres., Buffalo, N. Y.

A Richibucto School Teacher

Once a Dyspeptic—Now Well, Thanks to Father Morriscy's No. 11.

Richibucto, N. B., Nov. 17th 1909, Father Morriscy Med. Co., Ltd.

I have been teaching school for upwards of thirty years, during the last twenty-five of which I have suffered seriously with stomach trouble, indigestion and dyspepsia. I have tried many remedies, and while I would get temporary relief from some of them, yet the old trouble would return, and with it the sufferings only known to the chronic dyspeptic.

Last year I had made up my mind to abandon my profession, feeling that in my condition, I could neither do justice to myself or to the many pupils under my charge. A friend suggested to me that I try Father Morriscy's No. 11 Stomach Tablets; I did so, and have continued to use them with the result that my stomach trouble is cured—my indigestion and dyspepsia gone and I feel as well as ever did.

I have, thanks to the Tablets, been able to continue in my profession, and feel that I am once more enjoying my work and am able to give justice to the fifty-four pupils under my care.

Yours Gratefully, (Signed) MARY CHRYSAL.

Are you one of the many thousands who, like Miss Chrysal, are prevented from doing their best work, or really enjoying life, by stomach trouble? If you are you cannot do better than she did—take Father Morriscy's No. 11 Tablets.

Each No. 11 Tablet, when dissolved in the stomach, will digest 1 1/2 pounds of food—a good, hearty meal—so that no matter how weak your stomach may be, the nourishment of your food will build up your strength, while the stomach, thus relieved, recovers its vigor. Get a box at your dealer's or from the Father Morriscy Medicine Co., Ltd., Chatham, N. B.

Make Them Sound

A lame horse is a dead loss. Spavin, Curb, Splint, Ringbone, Swollen Joints and Bony Growths won't cure themselves. Yet you can cure these troubles and make your lame horse sound with

Kendall's Spavin Cure

just as thousands have done, and are doing today.

In the 40 years that this world's famous remedy has been on the market, Kendall's Spavin Cure has saved millions of dollars to horse owners.

Mounds, P.O., Olds, Alta.

"I have used Kendall's Spavin Cure for a number of years with great success, and I think it can't be beaten as an all-around, stable liniment for Kicks, Strains, Swelling of all kinds, Ringbone and Spavin".

Is Your Loaf Like This?

If your flour is of the right quality, it ought to produce uniformly good bread. When the loaf comes out of the oven it ought to be appetizing and inviting in appearance. The crust should be crisp, tender and sweet as a nut. The pores of the bread should be regular showing uniform expansion by the yeast and every loaf should be light, plump and should expand over the top of the pan. Bread made from Ogilvie's

Royal Household Flour

always comes up to the highest standard of excellence when made right. It is always uniform, and good to look at as well as good to eat. Summer and winter, day after day, month after month, "ROYAL HOUSEHOLD" is milled by exactly the same process from exactly the same standard uniform grade of the best Red Eye wheat. And this uniformity is guaranteed by rigid safeguarding tests at the mills before the flour is shipped: Get ROYAL HOUSEHOLD FLOUR from your grocer and stick to it.

"Ogilvie's Book for a Cook", with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer. 38

TWO SHIFTS

Daniel Sullivan & Sons mill at Redbank started night operations last night. The mill has been running steady since early in June but it has been found necessary to put on a night crew to keep up with the demand for deals. This mill which only started operations a year ago is doing a flourishing business. It is fitted up with the latest improved machinery. The Messrs. Sullivan now employ upwards of one hundred men. An electric light plant has recently been installed for lighting purposes and will likely be extended to the homes of the members of the firm.

ANOTHER LETTER FROM A FRIEND

Hopetown Que., Aug. 26, 1910
Dear Editor of Graphic:—I congratulate you on the undaunted courage you display in the publishing of your paper so soon after the fire. I passed through Campbellton on Friday when on my vacation trip, three days previous to calamity fire and was delighted with your pretty little town. We hope and trust that the Campbellton of the future, in not many years hence may be a larger and much more flourishing town than the one of the past, standing as it does where three ways nearly meet it must needs be of importance.

I extend my sympathy in your loss and wish you and all the dear people much success and heavens blessing. The Lord is able to make all things redound to His glory.
Yours sincerely,
M. Euphemis Ross,
Missionary Teacher.
