### MAIL ORDERS

We solicit out of town orders which  
 receive our personal attention. The  
 length of time taken to fill orders is  
 governed very largely by how busy we  
 are in the department of our factory  
 in which the particular goods are  
 made. While we have exceptional  
 facilities for promptly turning out  
 goods, it is important to place orders  
 as far ahead as possible. Orders are  
 filled by us in the rotation in which  
 they are received, and customers can  
 always depend on our doing everything  
 in reason to give prompt despatch.

### THE FUNERAL OF THE LATE MRS. D. MURRAY

Who Died on Sunday Evening  
 Held on Tuesday Afternoon  
 Before Large Gathering

There passed to her eternal rest on  
 Sunday evening, Adelaide M., the be-  
 loved wife of Dr. D. Murray, who af-  
 ter a painful and trying illness borne  
 with Christian patience and resigna-  
 tion, died at the age of 46. She was a  
 woman of large heart and kindly sym-  
 pathy and was beloved by a large cir-  
 cle of friends, who will ever keep her  
 memory green. She was a staunch  
 member of St. Andrew's church, and  
 for many years before her marriage  
 part in all good works for the ad-  
 vancement of this community and was  
 a bright light in social circles. In her  
 home life she was seen at her best, and  
 when her husband, Dr. Murray, occu-  
 pied the position of Mayor for many  
 years, she was indeed a help-meet  
 strenuous times succeeding the great  
 fire in 1910.

She leaves besides her stricken hus-  
 band, two sons, Austin and Alward,  
 and one daughter, Irene, to whom the  
 sympathy of all in the community is  
 extended, and who as those who have  
 lost a dear friend, sorrow with them.  
 She was a daughter of the late John  
 Duncan of this town, and is survived  
 by a brother, Robert L. Duncan of  
 Campbellton, and a sister, Mrs. Lodge  
 of Runnymede.

The funeral was held on Tuesday  
 afternoon before a large gathering of  
 mourners, interment being made in  
 the Rural cemetery. The services at  
 the home of the deceased were con-  
 ducted by Rev. J. E. Purdie, assisted by  
 Rev. C. W. Squires, Rev. J. H. Jenner  
 and Rev. J. A. McKenzie, who is oc-  
 cupying the pulpit at St. Andrew's  
 church. Members of St. Andrew's  
 choir attended singing the favorite  
 hymns of the deceased lady, "Safe in  
 the arms of Jesus," "The sands of  
 time," and "A few more years shall  
 roll," and at the conclusion of the ser-  
 vice singing the requiem, "Now the  
 laborer's task is o'er."

The pall-bearers were Messrs. A. F.  
 Chamberlain, Robert Ferguson, A. A.  
 Andrew, A. D. McKendrick, E. Ger-  
 ard and John C. Ferguson, who were  
 all school mates of the deceased.

Many beautiful floral tributes were  
 received from the following:—  
 From the family, A wreath of  
 "Mother's."

St. Andrew's choir, wreath.

Mr. and Mrs. A. D. McKendrick,  
 wreath.

Mr. and Mrs. A. D. McDonald  
 and family, wreath.

Mr. and Mrs. E. R. Pritchard and  
 family, wreath.

Mr. and Mrs. A. F. Chamberlain,  
 spray.

Mrs. W. H. Miller and Mrs. F. W.  
 Campbell, spray.

Mr. and Mrs. J. T. Reid, spray.

Mr. and Mrs. J. S. Benson, spray.

Mr. and Mrs. W. F. Ferguson, spray.

Mr. Wendell P. Thomson, spray,  
 and many other cut flowers and  
 bouquets.

In common with all classes in the  
 town, the Graphic extends its sym-  
 pathy to Dr. Murray and his family  
 in this their dark hour of sorrow.

### SMITH-PRATT

Newcastle, Sept. 15.—James William  
 Smith of Blackville and Mrs. Ada  
 Pratt of Campbellton, were married in  
 the Anglican church here on Saturday,  
 by the pastor, Rev. W. J. Bates. The  
 couple were unattended. They will  
 reside in Blackville.

## FRENCH ARE WINNING A DECISIVE VICTORY

Rearguard Action by Germany Has Now Devel-  
 oped Into Great Battle and Will Go Down to  
 History as Battle of Aisne

### ALLIES OCCUPY TOWN OF LODGE

(Special to the Graphic).  
 London, Sept. 17th.—The Ger-  
 man and allied armies are facing  
 curved lines stretching from  
 Noyon in the west to Argonne  
 forest on the east and thence  
 across the Meuse towards the  
 south east in the direction of  
 the German fortress of Metz, a  
 distance nearly two hundred  
 miles. Regarding the present  
 operations the official statement  
 issued by French government is  
 of a most meagre character.  
 General headquarters at the  
 front has sent to Paris no new  
 details of late fighting, and the  
 Paris officials draw no inference,  
 or publication at least from the  
 course of events in battle which  
 has lasted several days. It is  
 stated, however, that the allies  
 have not weakened on any position.

The British official press bu-  
 reau quotes a Russian official  
 statement that the retreat of the  
 Austrian army in Galicia is com-  
 plete. Austrians are estimated  
 to have lost 250,000 men in killed  
 and wounded and 100,000 men  
 and 400 guns captured. In this  
 communication the failure of  
 German efforts to save the Aus-  
 trian army is noted and Germans  
 are said to have lost many pieces  
 of siege and other artillery.

Bordeaux, Sept. 17th.—That  
 French are again winning a de-  
 cisive victory all along the line  
 in the third great battle of war,  
 was the declaration of Minister  
 of War Millerand.

Paris, Sept. 17th.—A rear-  
 guard action, supposed at first to  
 be intended as a check to the al-  
 lies' pursuit and to facilitate the  
 retreat of the armies of Generals  
 Von Luck and Von Buelow, has  
 developed into what will prob-  
 ably be called in history battle  
 of Aisne. Whether the Germans  
 found it necessary, or to their  
 advantage to turn and engage in  
 general action is not known, but  
 this great battle now wages fer-  
 cely at intervals in importance the  
 battle of Marne.

London, Sept. 17th.—Along a  
 90 mile front the German armies  
 are at bay and the allies are oc-  
 cupying Lodge across river Ais-  
 ne, which was won after one of  
 the most spectacular and thrilling  
 river crossings ever made by  
 an attacking force. For past two  
 days there have been sporadic  
 German thrusts from both sides  
 along the line but according to ad-  
 missions from rival headquarters  
 they have not produced any de-  
 finite results. Both sides have  
 suffered enormously during the  
 past week.

### BRITISH GENERALS PRAISED FOR HEROIC FIGHTING.

All England was electrified by the report of Sir John French, commander of the British expeditionary army, in which, after detailing the thrilling retreat of his forces, always outnumbered four to one, from the battle field of Mons on August 24, to the lines Noyon-Chauny-La Fere on August 28, fighting every inch of the way, he tells how, when the divisions commanded by General Sir Horace Smith-Dorrien and Sir Douglas Haig were faced by serious loss on August 25, he asked General Forde, commanding the French cavalry corps, to go to his assistance. General Forde promised to ask the sanction of General Joffre, but said his horses were too tired to move before the next day. General Forde, however, General French says, later rendered valuable assistance. The text of the report of Field Marshal French is addressed to Lord Kitchener, the Secretary for War, and its publication indicates that the government is responding to the public demand for fuller information on the progress of operations, so far as the British forces are concerned, in France.

### COUNTY COUNCIL TO HOLD MEETING

McLean States That  
 County Council Will Act on  
 Judge McLatchy's Letter

With regard to a Patriotic Fund,  
 Restigouche County will not be behind,  
 Warden John McLean of Charlottetown  
 was in town on Monday interviewing His  
 Honor Judge McLatchy and other in-  
 fluential gentlemen of the town. Seen  
 by our representative Warden McLean  
 stated that he desired to co-operate  
 through the Graphic his appreciation  
 of Judge McLatchy's letter, which ap-  
 peared in our columns last week, and  
 to thank His Honor for his kindness  
 in offering his services to do all he  
 could to further this object, and that  
 his help in the matter would be of  
 great assistance. Mr. McLean stated  
 that he had already seen a number  
 of the councillors who were willing  
 and anxious that something be done  
 in the matter right away, and to this  
 end a meeting of the County Council  
 has been convened and will be held  
 in a week or ten days when the Patriotic  
 Fund will be dealt with officially as the  
 council see fit to act in the matter.

Asked as to their probable action,  
 Mr. McLean could not at that moment  
 say just what would be done, but he  
 thought it probable that an assessment  
 could be made on the ratepayers of the  
 county, sufficient at least to cover  
 the insurance on the lives of the  
 who had gone to be front from this  
 district, but until the matter had been  
 debated in council he could not say  
 anything official.

Action by the council is eagerly  
 awaited as it is felt that a great deal  
 more than merely insuring the lives  
 of the men is required. His Worship  
 Mayor Andrew has all the particulars  
 regarding the arrangements made by  
 the Patriotic Fund head committee,  
 and he has been in consultation with  
 Judge McLatchy, drawing up a prob-  
 able line of action. As soon as the  
 County Council's arrangements are  
 known, His Worship will probably call  
 a general meeting of the business men  
 of the town to discuss ways and means  
 for taking up this worthy object.

### BONAVENTURE COUN- TY COUNCIL MEETING

Liquor Traffic Receives a Severe  
 Blow From the Mayors in  
 This County

At a meeting of the county council,  
 of the county of Bonaventure held at  
 New Carlisle on the 7th instant, the  
 Liquor traffic has received a deadly  
 blow in the whole Bonaventure County  
 under the form of a prohibitory by-  
 law voted by a vote of nine to six, in  
 virtue of the Quebec Temperance Act,  
 which the sale and manufacture of all  
 intoxicating liquors is prohibited in  
 the limits of the county of Bonaventure,  
 that is to say from Point Manouanu  
 to Milneke, until May the 1st 1917,  
 and also until the by-law voted as  
 above mentioned has been rescinded by  
 a similar one.

Honourable John Hall Kelly, K. C.,  
 presented the petition for the Tem-  
 perance Organization, and John H.  
 Roberts, Secretary of the Bonaventure  
 Alliance addressed the meeting in  
 favor of the passing of this by-law, which  
 it was opposed by M. Blais, Mayor  
 of New Carlisle, who was seconded by  
 M. Frenette, Mayor of St. Jean Evange-  
 liste, but these two gentlemen's ar-  
 guments were absolutely fruitless, as  
 all they could succeed to rally in support  
 of their arguments was a total of six  
 votes, whilst nine Mayors voted for  
 its approval.

The Mayors to whom we can say  
 thanks, if this important measure has  
 gone through, and whose votes con-  
 tributed to make the greatest step  
 that ever has been done in his county  
 to stop the sale of the infernal drug,  
 and who deserve to be well known as  
 real friends of the county of Bona-  
 venture, as who in this occasion have  
 really worked in the interests of all  
 are Mayor Bebee of Port Daniel West,  
 Mayor Ancelet of St. Germain,  
 Mayor Melne of Hopetown, Mayor  
 Scott of Pasmobiac, Mayor Bourdages  
 of Bonaventure, Mayor Cosman of  
 New Richmond, Mayor Adams of  
 Matapedia, Mayor Castongney of St.  
 Andre, and Mayor Levesque of St.  
 Alexis.

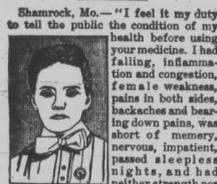

### KEEPING DOWN THE PRICE OF FLOUR

Consumers League of Calgary  
 Propose to Attack Alleged  
 Flour Trust

To reduce the price of flour to its  
 members, the Consumers League of  
 Calgary—a woman's organization—  
 proposes to attack the alleged flour  
 trust by utilizing the output of the  
 smaller flour mills. The league will  
 bring flour in car lots to Calgary and  
 sell to its members at actual cost.  
 This course is made possible by the  
 fact that many of the smaller mills in  
 their effort to get business will un-  
 der-sell the larger mills. Consumers who  
 are members of the Calgary League  
 will thus save fifty cents a hundred  
 pounds in their purchase of flour.

### REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

#### ALLIES' VICTORY IS COMPLETE

Bordeaux, Sept. 13.—4.30 p.m.—General Joffre, commander in chief of the French forces, has sent a telegram to Alexandre Millerand, minister of war, saying that "Our victory appears more and more complete. Everywhere the enemy is in retreat abandoning prisoners, wounded and stores."

### GERMAN ARMIES FLEEING TOWARDS TWO FRONTIERS

Many Trains Loaded With Artillery and War Stores Taken by Allies. Retreat Speedy and General

London, Sept. 16th, 1914.—British on left wing are still in contact with the enemy and further captures of guns and men are reported, while French centre in pushing forward, relieves fort of Tryon. Kaisers forces may be in a position to offer resistance on the Meuse, failing to hold entrenchments prepared on Aisne and north of Rheims. Russians drive Austro German army into angle between two rivers and push forward advance into Austria. Japan scores victory over German troops. Germans still have 100,000 men in vicinity of Brussels and may make raid on Antwerp, while re-organized Belgians on other hand may retake Brussels. Germans murder Aerschot burgmaster, who revenged himself on the Germans for the attack upon the honor of his daughter.

London correspondent of Central News at Dieppe, Sept. 14, sends a report that a German army under General Von Kluch, has been forced to surrender, one report states forces number at 150,000, another at 250,000 men with guns and war materials. Berlin reports sinking of another cruiser by hostile vessel.

Paris, Sept. 15.—The main body of the German army approaching Belgium frontier and left wing is running to cover in German Lorraine. Enormous amounts of war stores and ammunition have been abandoned. The enemy is endeavoring to make a stand at Aisne. The allies have caught up with German rear guard and are harassing them, inflicting severe losses.

Paris, Sept. 15.—German Crown Prince's army has been repulsed in an attempt to break through Verdun and Toul. It is officially announced.

Paris, Sept. 15.—Except for the army attacking Verdun, the enemy in France have fallen back all along the line. The allies are pushing the advantage in an endeavor to turn retreat into a disaster.

Gen. Pau's army is wheeling around to drive Von Kluch and Von Buelow towards Ardennes and Luxemburg, and cut the communications between the enemy and Belgium.

Germans are meeting with severe losses in retreat.

The Franco-British victory is so complete that two German armies have actually, it is said, been driven across the frontier, leaving only three behind, which are in peril. France is so revived that arrangements are being busily made for reviving trade and commerce.

It is persistently rumored that the larger part of the Austrian armies has capitulated.

It is reported that the German Governor of Belgium has made proposals to the Belgian government for an agreement, but that the latter has refused to consider them.

The general in command of the French army has half a million fresh troops under his control to pursue the enemy. Later reports show that the five German armies are all in retreat, and falling back upon a barren and difficult country, with poor roads, little food and only one line of communication. Over 700 prisoners and 164 wounded, all from the Imperial Guard of Germany completely exhausted and nearly famished, have been conveyed to Paris. The trains into Paris are loaded with cannons, projectiles, ammunition wagons, aeroplanes, etc., captured from the Germans.

Despatches from Paris and Bordeaux describe the great scenes of enthusiasm over the continued repulse of the enemy.

The Germans are making record time out of France. They are great on sprinting.

A correspondent at Bordeaux says the German rout is deepening into complete disaster, and it is doubtful if they can make a successful stand on the French side of the frontier.

In East Prussia the Russians are merely retaining occupied territory and not forcing an advance until their reserves come up.

A German cavalry officer, who is a prisoner, says that the wastage in German cavalry horses, especially in Belgium, amounts to two-thirds the total strength in horses allotted to the army to fight against Paris. Even horses had to be taken from the batteries for the use of the cavalry, so great was the loss.

New York, Sept. 14.—If Germany succeeds in placing the \$250,000,000 war loan just announced she will have to place it at home. That is the unanimous opinion of leading New York bankers canvassed yesterday. To a man they asserted that with the money markets of Europe and the United States closed to her, Germany will find that the bankers' boycott, for years a threat against German aggression which was ignored by the Kaiser's advisers, will have to be reckoned with now that the dash on Paris is checked and the advantage for the moment at least is with the allies.

#### NEARLY WHOLE GERMAN REGIMENT WAS DESTROYED

Paris, Sept. 13.—It was reported that the headquarters of the 114th German infantry are in mourning, as practically the entire regiment has been destroyed. Pitiful scenes are enacted as women come to examine the posted lists of dead.

### ANDREW'S CLOTHING STORE.

Water St. Campbellton, N. B.

Paris, Sept. 13.—The following communication from General Joffre, commander-in-chief of the French army, was made public this afternoon:

"The battle of the last five days has ended in a victory. The retreat of the first, second and third German armies is hastening before our left and at our centre in turn, the fourth German army is commencing to fall back to the north from Vitry Le Francois and from Sermaise Les Bains (in the province of Marne, seventeen miles east of Vitry Le Francois.)

"However, the enemy has left upon the battlefield many wounded and quantities of ammunition of war; also in gaining ground we have made many prisoners. Our troops show evidences of the intensity of the struggle, and the extraordinary efforts made by the Germans in their attempt to resist our vehemence.

#### BURIED IN PETIT ROCHER

The remains of the late Nicholas Comeau, who died in Saginaw, Mich., on Sept. 7th very suddenly, were brought to his former home in Petit Rocher for burial last week, accompanied by the two sons of deceased, Merin and Fabien.

The funeral was held on Saturday last at 7 o'clock and was very largely attended. Rev. Father Carter officiated at the Requiem Mass and interment was in the Catholic cemetery.

The late Mr. Comeau is survived by two sons, Merin and Fabien, and three brothers and two sisters. The brothers are Dr. F. X. Comeau of Tracadie, Louis of St. John and Thomas of Petit Rocher. The sisters are Mrs. Jerome Comeau of Petit Rocher and Mrs. Alphonse LaPlante. Mr. Gerald Comeau, who was a great favorite here when he lived here a few years ago, and who died in the West about three years ago, was a son of the deceased.

**CARD OF THANKS**  
Mrs. John Ward, Jr. desires to thank her many friends for the kind expressions of sympathy received during her recent sad bereavement.

**LUMBER SHIPMENTS**  
War conditions in Europe so affected the imports of spruce and birch in to Liverpool and Manchester that in W. H. Lightburne & Company's reports for August they show that no birch logs entered either port. The birch plank also were only nominal. In Liverpool, 1,370 standards of New Brunswick and Nova Scotia spruce and pine entered Liverpool and 4,640 of spruce entered Manchester. The total stocks were given as follows: Spruce (both places), 20,750 standards; birch logs, 1,380, loads, and birch planks, 855 standards.

**\$4,000 MONCTON FIRE**  
Moncton, Sept. 14—Fire broke out in the car barn of the Moncton Tramways. Electricity & Gas Company about 7 o'clock this morning, and within half an hour the entire building was reduced to ashes. The employees succeeded in running all the street cars out of the barn. A large quantity of electrical supplies in the barn was destroyed. The street car service was resumed as usual at noon. The building was valued at \$4,000. Superintendent Coryell was unable to state the value of contents burned. The building and supplies were well covered by insurance.

WHO WON THE \$5.00?

(From the Gloucester Northern Light)  
The gate prize of \$5.00 in gold that was offered to who ever held the lucky ticket given when they passed the entrance to the Village Picnic, held a short time ago, has been won by No. 645. The fortunate person holding this ticket will receive the prize upon presenting the same to Rt. Rev. Mgr. Varrily.

A BOOMING TOWN.

(From the Gloucester Northern Light)  
Mayor Tweedie was in Bathurst this week, and found business booming in that town. The dredging operations are being vigorously prosecuted, the new pulp mill is advancing rapidly, and the burned district is building up fast. The town is laying concrete sidewalks, and only fireproof roofing is allowed to be used on any new building within the town limits.—Chatham World.

HORSE NOTES

(From the Gloucester Northern Light)  
The four heats in the Free-for-All on Tuesday averaged 1.08%, which is equal to 1.06 or better on a fast track such as that at Chatham, which shows that Hal L. did not loaf to win his race.

The Will-Be-Sure family was well represented at the race meet by three good pacers, Northern Jack, Glen-Be-Sure and Will-Be-Sure Jr.

Storm King Jr. seemed to have an off day. When he is feeling right the half in 1.09 will not stop him. Dolly owned by McKenna Bros. went a very good race.

Northern Jack is to be worked out on the Bathurst track by E. R. Shirley until the Campbellton races.

### CHANGING THE MAPS

It is a foregone conclusion that war will bring changes in the map of Europe. What they will be it would be idle now to speculate, but it is certain the conquerors will demand some territorial compensation. More uncertain is the situation with reference to social conditions in Austria-Hungary and in Germany. Defeat of these powers may bring revolutions that will split and rend one or both of the countries, leading perhaps to the creation of several independent governments. Neither Germany nor Russia is waiting for the war to end, however. Each has assumed a sovereignty over captured territory. A few days ago Germany notified the government of Belgium that she had annexed Belgium to its lawful rulers and to have the word Germany beneath the ordinary dress. It is a mistake to be in too much of a hurry. Since that notification was sent out, German troops have been compelled to retire from a very considerable section of Belgian territory, and the outlook today appears bright for the easy re-establishment by Belgium of complete authority over the country her sons are fighting so bravely to defend.

There is a growing belief that part of Germany's war plan was to annex Belgium. At the outbreak of hostilities she sought permission to march her armies against France, promising at the close of the campaign to restore Belgium to its lawful rulers and to pay for any damage done. This is now regarded as an empty promise, intended only to deceive and trap Belgium. Had she been foolish enough to sanction the German invasion her condition would have been exactly what it would be if Germany should win in this titanic struggle. Belgium is wanted by Germany because the Belgian harbors are close to Britain's shores. Russia, so far as is known has not sent formal notices to foreign governments of her occupation of conquered territory, but she has established in Galicia, Austria-Hungary, government over a region almost as large as Massachusetts, New Hampshire, Vermont and Connecticut combined. It has a population of more than 7,000,000. Russia is able to hold what she has captured, while Germany not only will have to leave Belgium, but will have to pay a heavy rental for the short occupation of that country. The map-changing the Czar is doing is likely to be of a permanent nature. That by the Kaiser will not get a place in the geographical, although they will contain many changes as a result of this German-made war.—Globe.

MISS HENDERSON will hold her Fall Millinery Opening today Thursday, and tomorrow, Friday, when full ranges of all the new models will be shown.

WHEN IT WILL END A great deal of speculation and guessing as to when the present untimely conflict in Europe will come to an end has been indulged in. One

### GREAT BRITAIN'S NEW WAR HERO.

GENERAL SIR H. L. L. SMITH-DORRIEN.

All England is today acclaiming this new war hero. That the present offensive movement of the allies is being pushed forward, admittedly due to his efforts. With his small corps he for two days withstood an overwhelming force of Germans, making possible the saving of the entire left wing of the allied army. General Smith-Dorrien has distinguished himself in many other battles fought under the British flag. He is fifty-six years old and is the son of an army officer.

### SUSPEND HOME RULE BILL OVER THE WAR

Government to Introduce Amending Bill Before Home Rule Bill Becomes Operative

London, Sept. 15.—Lord Lansdowne, the Opposition leader in the House of Lords, introduced his bill yesterday to suspend until after the war the proceedings on the Home Rule Bill and the Welsh Disestablishment bill. It was read for the first time. Lord Lansdowne declared he would continue to support the government loyalty in the present crisis.

At a meeting of the Unionist party, held yesterday, it was decided that the only speaker on the Asquith bill in the House of Commons to this same end will be A. Bonar Law, the Unionist leader. His address probably will be made today. Leaders present at the Unionist meeting were of the opinion that in the present crisis it is indispensable that the Government should be supported on questions of internal politics. In a speech at a Unionist meeting yesterday afternoon, Mr. Law declared that, however, bitter the Unionist sentiment might be, they had to remember that country came before party and that nothing the Government had done would change in any respect their action with regard to the war and everything connected with the war. When the war was over, however, Ulster could depend upon their support in whatever steps the Unionist men thought necessary to maintain their rights. Lord Crew, in the House of Lords today, pledged the Government to introduce an amending bill and deal with it before Home Rule becomes operative. The Conservatives held a meeting at the Carlton Club and decided to accept the Government's programme from patriotic motives. The principal reason that the Liberals should not pass the Home Rule measure passed is that it will encourage recruiting in the South of Ireland. Eight thousand Ulster volunteers have joined Earl Kitchener's army.

### ANOTHER FAMILIAR FIGURE PASSES AWAY

Mr. Alexander Cantley Who Died Monday Buried Wednesday Afternoon

Another familiar figure in Campbellton town life has passed away in the person of Alexander Cantley, who died on Monday afternoon at 5 p.m. at the ripe old age of 85 years. He had been in failing health for some time back, but had lately contracted a cold which at his advanced age, he was unable to throw off, and complications setting in he succumbed. The deceased gentleman, who was well known in town was born in Aberdeen, Scotland, but settled here many years ago. His wife predeceased him some years ago, and he leaves two sons, Horace and Thomas, and one daughter, Mrs. J. E. Selzler, who are all residents in the United States. He is survived by a brother, John Cantley of this town.

The funeral which was Masonic, was held on Wednesday afternoon, services being conducted at the home of his nephew, Mr. Albert A. Andrew, by Rev. C. W. Squires and Rev. J. A. McKenzie of Lachute. The local lodge of Masons then took charge of the remains and interment was made in the Rural Cemetery with Masonic ritual. The pall-bearers were Masons W. F. Napier, F. Matheson, C. A. Alexander, Thos. Wain, E. H. Anderson and E. A. LeGallais.

So passes away an old resident of the town and to many friends who respected the old "Admiral" his cherry Good-day will be much missed.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every kind of ailment have given it a wide reputation. For sale by all dealers.

Two and even three years have been assigned as the probable duration of the terrible struggle. But the following prediction by an Indian magician or soothsayer of Bombay, which was published in the Godolphin Almanac last January, puts a very much shorter limit to it, and completes a strange cycle forecasting the downfall of Germany. This prediction declares that:—"In the month of July, 1914, all Europe will be overwhelmed by a war between the Great Powers, and terrible disasters will result. But in November a great Emperor will lose his crown, and hostilities will cease."

Whatever may be thought of the value of predictions of this kind, it certainly will be interesting to watch whether this one will be verified, while all will sincerely pray that it may be every. It is certainly beginning to look that way. Coming events cast their shadows before.

### TWO MEETINGS OF WOMEN'S INSTITUTE

Will be Held Next Week—Regular Meeting on Monday Night and Public Meeting Tuesday

Two meetings of the Women's Institute are called for next week. On Monday evening, Sept. 21st, the regular meeting will be held in the Council Chambers at 8 p.m. On Tuesday afternoon in the same place a demonstration will be given at 3 p.m., to which the general public are invited. Miss Hazel Winter, Supervisor of the Women's Institutes of New Brunswick with Miss Jonah of Sussex, N. B., a graduate of Mount Allison College, Sackville in Domestic Science, will pay an official visit to this branch of the Women's Institute. It is urged that a large number of ladies interested be present.

### FRENCH WINNING A DECISIVE BATTLE

(Continued from page 1)

Paris, Sept. 16.—According to official announcement made this afternoon the Germans are fighting a defensive battle along its front from Noyon to a point north of Verdun.

London, Sept. 16.—The Chronicle's Antwerp correspondent, in a despatch dated Tuesday, says there are now 100,000 Germans ranged around Brussels, while a Belgian army of 80,000 men has taken shelter beneath the line of the Antwerp forts and will prove a constant menace to the Germans should they wish to move troops to France.

Paris, Sept. 16.—According to official announcement made this afternoon the Germans are fighting a defensive battle along its front from Noyon to a point north of Verdun.

Bordeaux, Sept. 16.—Following a special session of the cabinet today, Minister of War Millerand stated that the general situation in the theatre of war is perfectly satisfactory to the government. The reports received from the front show that the Germans have abandoned their precipitate retreat, but are still slowly falling back. At every point where the Germans have essayed a return to the offensive they have been driven back.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

### GO TO SCHOOL

(Contributed) Vacation, for the aggregate young boy and girl, has folded her arms of leisure and pleasure, once more towards her envied body, (as it were) now an obvious substance, and the school room under which its pleading invitation demands their presence.

However, many are prone to ignore and unheeding refuse to respond to the call of education, for them sincere regrets are, for them a few words of advice to them may be the cause of urging them onward to enlist in that honary drill upon which their future life's success is chiefly dependent, and to rally around the banner of educational strife, so triumphantly floated throughout this land of freedom, of grandeur and of enterprise. Unhappily, many parents and guardians of the young, through negligence, do not make efforts enough to send their children to school; they imagine that the young folks can get along without education, and in some cases this may be evident, especially where one has pushed himself ahead in some particular undertaking, but on the otherhand those who, in general, remain away from school, and who are found loitering along the roadside, are generating neither potential nor kinetic energy, but a passive factor which goes to make of them a failure in life's battle with education. It is whilst the child is young and easily influenced that they should endeavor to transplant the seed of wisdom into its heart, and thus the child will always cherish a love for knowledge and as an authority says "Qui transtulit sustinet."—"He who transplanted sustains."

Yes, send your children to school they will always learn how to face and to fight life's struggle with pluck and energy; their education will be a valuable asset to them and which will necessarily overbalance the unavoidable liability failure brought about through the lack of education.

Work in harmony with the views and regulations of the teachers suited to the environment and circumstances of the country with the approval of those in the front rank of education, and the result will mean more happy homes and a glorious future for those who participate in educational training as found in the sanctuaries of the school house. By education do not mean simply a knowledge of arts, science and etc., but all that which comprises christian education, in a word, the full development of the faculties of the mind and which which naturally are isolated and barren where education is cast aside. # Healthy Bowels Rexall Orderlies

Perfect health can only be obtained by keeping the bowels regular. If your bowels do not daily carry away the waste left after the food is digested, decay sets in, producing poisons which are taken up by the blood, frequently resulting in Typhoid Fever, Appendicitis and other serious and fatal diseases.

To keep the bowels healthy and regular you must help, not drive, Nature by using Rexall Orderlies which are mild and gentle in their action, producing neither griping, nausea, nor any other discomfort.

Rexall Orderlies cannot injure the delicate tissue of the bowels, and, as they do not re-act, it is only necessary to take them for a short time to cure constipation.

If after you have tried Rexall Orderlies you are not perfectly satisfied with them, we will return you your money.

Sold only at the more than 7000 Rexall Stores and here only at this one. In west-coast tin boxes, 10c, 25c, 50c.

## GERMAN PRISONERS IN CHATHAM JAIL

### Three German Sailors Taken Off Norwegian Steamer on Saturday

German prisoners . . . . S. . . . Three German sailors are now confined in the Chatham jail as prisoners of war.

All three were arrested on Saturday afternoon by Col. Howard Irving of the 73rd Regiment on a Norwegian steamer which had docked at Nelson to take a cargo of lumber for Sheriff O'Brien.

When Col. Irving learned of the presence of the Germans on the steamer he immediately went to Nelson and placed the men under arrest. They were very indignant for a time and had some thoughts of rebellion, but they were finally taken into custody and will remain at Chatham until orders are received from the military headquarters at Halifax, who have been communicated with.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years were thought to be incurable. For a great many years doctors pronounced it a local disease and constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## MANY KILLED IN RAILWAY ACCIDENT

### Over Forty Persons Killed or Drowned When Express Train Went Through Bridge

Springfield, Mo., Sept. 15—Between thirty-five and forty-five persons were killed or drowned and a score of others injured early to-day when an locomotive, baggage car and four coaches of the St. Louis and San Francisco train No. 5 plunged through a trestle over Brush Creek, near Lebanon, Mo., and were submerged by the swollen stream. Most of the dead were drowned in the chair car and a great proportion of these were women and children. Those who were able to escape from their watery prison, sought their way out by breaking windows and swimming to shore. It is estimated there are sixty five passengers in the chair car.

Owing to poor communication with the place of the wreck it is impossible to give a definite statement of how many escaped. None of the sleeping cars left the track and the passengers in them quickly formed rescue parties.

One man lost his wife and five children. When the accident occurred he was thrown clear of the car and swam to shore. His wife and children died while he stood helplessly near by.

Rains last week caused all small streams in the vicinity to rise and the train was late because of the floods. As it passed Lebanon, according to reports received here its speed was increased.

Railroad officials announced that the injured would be brought to Springfield this afternoon. The dead were placed in morgues at Lebanon. Communication between Springfield and the wreck is practically cut off, making it impossible to get an early list of fatalities.

The news of the identified dead were given out at Frisco's office here today as follows: Henry Wagoner, Harrison, Ark.; Mrs. Elizabeth Rosteter, Alliance, Ohio; W. H. Chidress, Bellings, Mo.; John Meyers, wife and daughter, Thayer, Mo.

St. Louis, Sept. 15—At the Frisco general offices this noon it was said that the cause of the wreck was not clear, but that this would be determined as soon as the waters, now receding, had gone far enough to permit an investigation to be made.

Reports received at Frisco headquarters, however, indicate that the train did not go through a trestle as newspaper reports from Springfield indicated, but that the track which had been washed by the water gave way.

This report in the matter harmonizes with telephone messages from Lebanon stating that the train crossed the trestle safely and then left the track falling over into a flooded gully.

St. Louis, Sept. 15—One of the passengers in the submerged chair car was Miss Mona Campbell, a nurse, of St. Louis. She broke a window and climbed out to the side of the car.

Standing in water, she felt about in the water until she touched the hands of drowning passengers. As she grasped a hand she pulled with all her strength. In this way she rescued five passengers.

## WILL HUMBLE THE KAISERS AMBITION

### When Peace Terms Are Discussed France and Allies Will Claim Lands and Indemnities

New York, Sept. 14—A London cable says: France is expected, here, to demand not only the relinquishment of Alsace-Lorraine, when the time comes for Germany to settle with the allies, but also the return of the billion dollar indemnity of 1871.

As a matter of fact, however, London is not talking much of peace, and American rumors of some suggestions from Count Von Bernstorff, the German ambassador at Washington, arouse little comment. The reason is that the demands, apparently, that it is held here, she will have to be brought absolutely to her knees before it will be any use to formulate them.

An instance of this is the billion dollar indemnity which the French are believed to be hoping to get back. Another, if the British have their way, is the dismantlement of the German fleet. Then there is the indemnity for Belgium, which it is said, will be enormous.

Conversations with high officials here indicate that adequate recompense to the Belgians is one of the foremost things in England's mind, together with the destruction of Prussianism in all its pernicious forms, making it impossible for the Kaiser ever again to disturb the world's peace.

St. Louis, Sept. 15—One of the progress in the eastern theatre of war, have aroused great joy and high hopes in the ability of the allies to roll the Prussians back to Germany during the forthcoming week.

One of the most interesting phases of the situation is Russia's future. In event of the allies being victorious, Russia becomes one of the most powerful nations in the world. Some observers fear her power, but others believe that with Slavism united, Russia will become liberalized.

Russia has already officially promised Polish reforms and liberty, and shows every tendency to give fairer treatment to the Jews, to many of whom have been commissioners in the army. Thus, for the first time in Russian history, Jews command Russians.

## A REMARKABLE REMEDY

The most afflicted people on earth are those who suffer from rheumatism and about one fourth of our people are afflicted with this terrible, time racking, bone crippling disease. So many people neglect themselves and rheumatism follows in one form and then another until they are an example of the tortures of rheumatism. Rheumo has gained the greatest reputation through being a quick and permanent cure for rheumatism in its many forms. Don't put off getting a bottle of Rheumo today, it means your health and happiness. Rheumo is sold in Campbellton only at Thos. Wran's drug store. \$1.00 a full size bottle.

## THE MANAGEMENT OF OUR CROWN LANDS

### A Non Political Opinion on How the Province's Greatest Asset Should be Handled

(From the Gloucester Northern Light)

Public interest in the management of the Crown Lands of the province has been greatly stimulated recently by the charges brought by Mr. Dugal, member for Madawaska County, against Hon. J. K. Flemming, Premier and Minister of Lands and Mines. Whatever the Royal Commission appointed to investigate these charges, may find and report, the fact is clearly established, not only by the evidence given before this judicial body, but by the results of the Administration of successive local governments for years back, that the most valuable asset which the province possesses and its most remunerative one, has been used largely as a political convenience, and thus has not brought to the province the return that it should.

The evidence before the Royal Commission which has not yet completed its labors has shown that a number of the large holders of timber leases, contributed, voluntarily or involuntarily, as the case may be, the sum of \$15.00 per square mile to a campaign fund over and above the amount named by the Crown Land Department as due under the new classification put in force in 1913. It seems to be largely a matter of political opinion at the present time as to whether this amount was siphoned from the lumbermen, or whether it represents an additional amount that should have gone into the treasury of the Province, but it seems only reasonable to conclude that the lumbermen contributed with the idea of getting their money's worth in one way or another, for from what we now know of them as a class, we find that their politics are governed entirely by their judgement of which will give them most in return.

That one political party has no reason to call the other names is amply shown by reference to the record of the party in power before the present one. With the same rate of stumpage in force in 1907, the last full year of the old government, as in 1909, the first year of the present government, and practically the same cut of lumber, as is admitted by all who have knowledge of the lumber business, yet we find an amazing difference in the number of feet reported as cut and a corresponding difference in the cash collected for the same. In 1907 the cut of lumber was reported as 149,510,471 superficial feet. In 1909 it was 205,761,583 superficial feet, a difference of 56,251,112 feet. The amount collected for stumpage on lumber cut these same years on the number of feet as noted above shows the considerable difference of \$66,607.33. This is for one year's operations only, and what it has amounted to in the number of years that the same management had charge of the affairs of the province one does not dare to compute.

Land situation that in the past and even yet has occupied the greatest attention, but it is not the most important part of the question. In all political parties as in all creeds, there will be found the Judases, the men who for thirty pieces of silver will betray their fellows, but ~~as a rule~~ these men can be held in check, if not by their regard for virtue, by their fear of exposure and punishment.

The Province of New Brunswick depends very largely for money to carry on its business on the revenues derived from its Crown Lands. If this revenue were to fall off to any extent, there is no doubt that the public services of the province would immediately suffer. Have any steps been taken to guarantee the continuance of this revenue in the future?

Further than this, the main industry of a large part of the population of the Province is the lumber business. If any curtailment were found necessary it would entail great hardship on a large number of our citizens and likely result in their exodus from the province. What is being done to prevent this contingency? Nothing is being done either to insure the continuance of the Crown Land revenue or to protect the wage-earners in their employment.

### BIG GAME SEASON OPENED TUESDAY

Interesting Information For Prospective Hunters of Moose, Caribou, Etc.

The season for hunting big game in the Province of New Brunswick opened Tuesday and the local license vendor, Wm. Grimley, has been and is still busy issuing licenses and fitting out prospective hunters with the requisites necessary to bring down the "Monarch of the Forest" and other big game with which this section of the province abounds.

The success which has attended hunting expeditions by non-residents as well as residents, in the Restigouche district has been heralded far and wide, and a doubtless there will be the usual number of lovers of this form of sport who will visit this popular and successful hunting ground, despite exciting conditions.

The fee for non-residents to hunt deer, moose and caribou is \$50, to hunt and trap fur-bearing animals \$25; for a resident's license the fee of \$3.00 is charged to hunt, and to buy, sell or tan furs, \$2.00. A hunting license entitles the holder to kill one bull moose, one bull caribou and two deer. Non-residents must also pay a license fee of \$10 to kill game birds, and it costs them \$5.00 for the privilege of angling in the province. A non-resident means "any person who is not a bona-fide resident of the province herein and actually domiciled therein." Guides and camp help must take out a license, costing \$1.00 and are prohibited from shooting any big game when acting in that capacity. Only bona-fide residents can obtain such license. All non-resident hunters must employ a regularly licensed guide.

No game can be shipped from the province without the permission of the Minister of Lands and Mines and within limits for keeping game in cold storage or offering for sale is fifteen days after the close of season. Shooting on Sunday is prohibited and no license shall be issued to a minor under 16 years of age.

The open season for snipe and woodcock is Sept. 15th to Dec. 31st, and for ducks and geese from Aug. 15th to Dec. 31st. The sale of partridge and woodcock is prohibited until Sept. 15th, 1915.

Several new regulations are in force this season among which are the following—No "digging out" of foxes is allowed. No "silencing" allowed on any. No carcass of any game to be left on the ground or in any stream or lake. No hunting shall be done with hounds.

### WHAT BRITONS MAY NOT DO IN WAR TIME

While Soldiers Have Wide Powers Citizens' Privileges Are Curtailed

The proud boast, "An Englishman's house is his castle," does not operate during the present war. Here are some of the things naval and military authorities may do under the Defence of the Realm Act, passed by the Imperial Parliament in a few minutes:

Take possession of any land, buildings, gas, electricity, waterworks or sources of supply, horses, automobiles, or any other means of transport.

Causing any building, statues or any property to be moved or destroyed.

Require all vehicles, boats or other vessels to be removed from any area in a specified time.

Order the inhabitants to remain in any given area if necessary for naval and military purposes.

Close saloons entirely or during specified hours.

Enter by force if need be, any house or ship which is suspected of being used to the prejudice of the state.

Arrest, or order the arrest, without warrant of any suspected person.

Order lights visible from the outside of any house near a defended harbor to be extinguished, or order inhabitants of a defended port to remain within doors during specified hours.

Here are some of the things a free born Briton as present may not do:

Loiter near a railway bridge.

Give or sell liquor to a soldier or sailor on duty.

Spread reports by word of mouth or writing, near a defended area, likely to create alarm among the troops or civilian population.

Light fires or display lights of any description on hilltops or other high grounds or buildings without permission.

Tamper with, or loiter near telegraph and telephone lines.

Civilians ignoring a military command to halt may be shot down without a second chance. Courts-martial shall deal with offences against the military laws, and the tribunal shall have power to inflict sentences of imprisonment for life in case of infringement.

### RACES LAST TUESDAY BEST HELD IN YEARS

Great Interest Taken in Spite of Threatening Weather. The Winners

(From the Gloucester Northern Light)

On account of the heavy rains of Labor Day, the programme of horse races advertised to take place on that day was postponed to the following day, and although the track was not in ideal condition, yet it was sufficiently dry to make the different events quite exciting. Considering the circumstances, the attendance was excellent, and those who were present all agree that it was the best day's sport seen here for a long time.

Four fast hobbie pacers started in the Free-for-All. Storm King, Jr., drew the pole, Northern Jack took second position, Will-be-Sure Jr., third and Hal L. the outside. The horses got away on the fourth score down, Storm King Jr., leading to the quarter in 34 and from there Hal L. took the lead to the wire with Northern Jack drawing up and taking second place by a half length after a hard drive. The good green pacer Will-be-Sure came in fourth in this the first start. Mr. Dalton has made with Jr. and considering the age and class of pacer he was racing with and the good showing he made, Will-be-Sure looks to be a 220 pacer next season. The second heat was won by Hal L. with Northern Jack right on his wheel, Storm King Jr. third and the Will-be-Sure colt last but stepping his half in 1:11 1/2. The third heat Northern Jack won in the fast time of 1:07 1/2.

Free-For-All, Purse \$75.00

Hal L.	1 1 2 1	Time 1:09
Northern Jack	2 2 1 2	1:09
Storm King Jr.	3 3 4 3	1:08 1/2
Will-be-Sure Jr.	4 4 3 4	1:07 1/2

In the three-minute class four fast green unmarked pacers started with one trotter owned by D. A. Stewart, M. P. P. of Campbellton. Glen-Bessie, owned by Mr. Jack McBeath of Campbellton, won his race in three straight heats. Sired by Will-be-Sure 2:15 1/4, he is bred to race to fast record. Bessie K. owned by A. Hopper, raced right at Glen's wheel for two heats and on the third while making a hard drive to take the pole at the first turn, she made a tumbling break, falling and smashing the bike and giving Driver Hopper a bad shaking up, though not seriously injuring him. Driver Miller with Dolly, and Driver Shirley with Brazilian, who were driving close behind, were both dismounted but were able to finish the race. Bessie K. was walked around the course and the judges allowed her fifth place.

Three Minute Class, Purse \$60.00

Glen-Bessie	1 1 1	Time 1:11
Bessie K.	2 2 5	1:13

### WHAT BRITONS MAY NOT DO IN WAR TIME

While Soldiers Have Wide Powers Citizens' Privileges Are Curtailed

The London Times in an editorial says—"The Motherland can never forget the earnest patriotism of Canadian soldiers and sailors who have taken to the Empire's standard, her vast gifts of food and her more touching and priceless gift of men. England owes to the Canadian troops to these shores, and since their enlistment is known to all we trust the opportunity will not be lost to properly thank the Canadian forces to march through the streets of London, when they will be received with such greetings as will echo through the Dominion. All dominions have given us their best bravely, freely and ungrudgingly. They too have answered the German challenge. From the ends of the earth our armies are gathering to write in letters of blood the doom of Kaiserism, and banish its evil doctrines from the world forever."

### THROUGH LINE OPEN TO PRINCE RUPERT

A through passenger and freight service between Fort William and Prince Rupert on the Grand Trunk Pacific has been put into operation from the headquarters of the railway in Montreal.

The inauguration of this service is an important event in the history of Canada's railroads, for it marks the completion of the main line of the Grand Trunk Pacific's great western system, and gives the Dominion a new trans-continental highway. The line from the head of the Great Lakes at Fort William, Winnipeg and Edmonton has been in operation for a considerable time and has proved very popular with the travelling public. Trains have also been operated from Edmonton westward to Prince George, a distance of 486 miles and from Prince Rupert eastward to Priestley, a distance of 486 miles and from Priestley and Prince George remained unfinished. The laying of the steel was actually completed in April last, but following its policy of placing the roadbed and bridges in absolutely first class condition before running passenger trains the railway delayed until the present time the inauguration of this through service.

The opening to traffic of this link in the Grand Trunk Pacific's trans-continental system will place Prince Rupert in direct touch with the Eastern Canada and the United States and provide a new avenue of commerce to Canadian agriculture and industry. The thriving townships in Central British Columbia which have grown up along the main line of the Grand Trunk Pacific, but which have hitherto been reached only by stage or river steamers, will in particular feel the beneficial effect of the service and a new impetus is likely to be given to business throughout the whole of Western Canada by the opening of the line. This gives the Grand Trunk Pacific 2195 miles of main line in operation while there are also a number of branch lines.

The new through passenger service between Edmonton and Prince Rupert will be arranged as follows: Trains will leave Edmonton at 9:15 p.m. on Sunday and Tuesday arriving at Prince Rupert 6 p.m. Tuesday and Thursday. In the opposite direction trains will leave Prince Rupert 10 a.m. Wednesday and Saturday, arriving Edmonton 8 a.m., Friday and Monday.

### THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely Necessary To Health

"FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

### WHAT CIRCUIT DAY COSTS.

"Kit" in August Canada Monthly

Taking for granted a large and well known circuit-day, such as that to which our elephant, Old Phoenix, belongs, to get for circuit day has been the work for many months. A score of agents, each an expert in his particular field have had their attention and talents employed in it. It has cost thousands of dollars in transportation, preparation, lot and licence. Then there are the billboard men, the press agent, who fixes up newspaper advertising contracts, the advance agents who arrange for the show to appear in certain towns along the ordinary route, the route riders who fix the bill posters' work, the supply department, the layers-out who fix lot, route of procession, train tracks, the water supply and the feed for animals. These compose the advance department of which the outsider goes to see the fun never hears.

There are then concessions to the newspapers, dead heads, the gamble on the weather the temper of the players and the animals and the probable gains or losses to take into account. We heard a man grouse, as he felt about in his pocket for a coin: "These here circuses charge too much; the seats is uncomfortable, an' I never seen much to brag on when I got in the tent."

Out upon such curmudgeons!

"What d'ye think we lost last year on the two days spent in this here very town?" asked old Phoenix through his Crookney keeper—"We was hout twelve thousand dollars, an' 'cause we struck two stormy d'ys one with the thunder a-growlin' an' the lightning a-flashing all d'y and the next with the rain a-powerrin' down. Didn't we, Old Sox?" And the Phoenix squealed with joy when the little man poked between his giant ribs or where his giant ribs might be supposed to be.

**DALHOUSIE**

Dalhousie, Sept. 16th.—The suggestion made by His Honor Judge McLatchy to John C. McLean, Esq., Warden of the County of Restigouche to call a public meeting to be held in the town of Campbellton at an early date to devise ways and means to raise funds to assist the families of those who are going to the front to fight the battles of the Empire is one in the right direction, and should be approved by every citizen, who has in him the pride of being a British subject. It is the duty of every good Canadian to subscribe generously to any patriotic fund which is destined to relieve the families of the English reserves, French or Belgians, who have had to leave our shores as well as the families of our own Canadian soldiers whose destination will be Europe. We must not leave in trouble and misery the children and wives of men who generously are prepared to make the sacrifice of their lives in the defence of the Empire.

Another duty that imposes itself on the citizen of our country, is not to hide our money under the pretext that we are at war, but on the contrary, to spend as generously as possible to maintain business conditions, industries and generally to stimulate trade in every channel.

Great headway is being made with the new rink here. The building fills up on the south side of the main street that has been noticed by every stranger who has visited the shiretown since the month of July. The building is being put up with every precaution to prevent any trouble from wind or snow. The probability of a fine sporting season in hockey seems assured during the coming winter, with the fine promenade it will accommodate, giving spectators a splendid chance to view the sporting matches of hockey and curling. Dalhousie, no doubt will have a hockey team this coming winter that will be a surprise, when we see it in action. With the fine large rink in favour of erection every thing points favorably for the cold winter months, and those who enjoy skating, curling and hockey will have smooth sailing and the accommodation provided in the new rink for spectators will be appreciated by many who enjoy looking on.

Mr. James Reid, M. P. of Charlo Station, was a visitor to Dalhousie on Tuesday. He was a guest at the Royal.

Rev. Dr. J. F. Polley is away for a couple of weeks.

Mr. Charles Stewart returned home on Tuesday, after an absence of four months to P. E. I. and Grand Manan. He reports great crops on the Island. Dr. Spaulding and his wife have arrived here from Essex, N. E., to spend a few days with the parents of Mrs. Spaulding, Sheriff and Mrs. J. E. Stewart. Miss Annie Stewart also made the trip with them. The party, accompanied by Sheriff Stewart, will spend a few days in the woods hunting.

Mr. and Mrs. Leon Cassidy, Shediac, spent the week end in Dalhousie at the Queen Hotel. They were on their honeymoon moon. It was their first visit here and they were delighted with the place.

Mr. Frank Todd and Mr. Geo. F. Pinder, St. Stephen, are guests at the Inch Arran House. They are enjoying a few days' rest shooting in Restigouche.

Mr. Jos. Scherrer, Montreal, who spent the summer here with his family at the Allan House, left for his home on Tuesday's Maritime Express.

Mr. Narcisse Jolicoeur, Chicago, is here visiting his sisters, Mrs. E. E. Gaudet and Mrs. Louis Alain. He had not seen them for several years.

Hon. C. H. LaBillette spent a couple of days in Moncton last week. He was the guest of his daughter, Mrs. R. L. Lemox.

Miss Lambert, Nash's Creek, is visiting Mrs. H. J. Guignard.

Mrs. Melvov and family, who spent the summer here in the Arsenau home near the Inch Arran House, have returned to their home in Sydney. They were accompanied by Mr. Melvov, Manager here for the Sydney Luncheon Co. Ltd.

Mr. and Mrs. Charles Powell, Mrs. Alex. Wallace, Mr. and Mrs. Fivelock, McNell have returned home from Valcartier. The three boys who belong to these families are going to the front.
