Interesting Ball Game at Bath—Other Local News

Baseball fans and local supporters went wild on witnessing a never-to-be-forgotten game on Monday evening, when the Perth nine, played the Bath team on the local diamond. The home boys played a-tight balls, very few errors being in evidence. The visitors, though going down to defeat, struggled bravely to overcome the lead which the locals piled up early in the game, but without success, the home boys bring home the score 12-2. Two other games, played on Wednesday and Friday evenings, between River de Chute and Bristol, respectively, were also thrillers, and afforded excellent opportunity for good baseball work.

At the Elite on Tuesday evening, the Centerville Amateur Dramatic Club, presented "Uncle Josh", a pleasing comedy. All the parts were very cleverly staged and reflected great credit on the trainer as well as the actors. The cast of characters were: Joshua Jarvis, from Vermont, a farmer who reads newspapers and keeps his eyes open—Jack Reid; Count de Courville, noble in name, ignoble in character—D. R. Bishop; Gerald Murray, a young New Yorker—D. H. Burt; Upton Downes, one of New York's choice "Four Hundred"—P. L. Davis; Joe Clark, "Slippery Joe", a "Bunko stealer"—A. J. Baird; Mulchey, a "dive keeper"—Baill Bishop; Munson, a detective—John Gallagher; Erasmus, Mrs. Reynolds's servant—Hugh John Peppers; Mrs. Reynolds, Joshua's sister, a widow—Mrs. R. B. Weeks; Lotty, her daughter, in love with Gerald Downes—Miss Minerva Clark; who is getting desperate—Addie Irving. A dance was held after the play with Florenceville orchestra in attendance.

Mrs. and Mrs. Emory Shaw, of Haverhill, Mass., have been visiting the scenes of Mr. Shaw's boyhood home. While in Bath they are the guests of Mr. and Mrs. R. Shaw.

Mr. and Mrs. Hamford Kingston returned from a trip to Fredericton, on Saturday.

Mrs. Campbell is visiting her daughter, Mrs. E. A. Caldwell, Church street.

The close of a useful life came suddenly on Wednesday, in the death of Mrs. John Ryan, at her home here, following an operation for appendicitis. For a time she seemed to be gaining, but death claimed her on Wednesday night, despite all that could be done to help her. Besides her husband she is survived by three step-sons, Robert, Charles and Walter, also by her mother, Mrs. Carol, and five sisters and four brothers. The brothers are, Frank, Robert, Joseph and George; the sisters are, Mrs. Malvey, Mrs. McEldie, Mrs. Hayman, and Misses Edna and Catherine, all of Milltown. Her remains were removed to Milltown on Thursday and her burial took place in the family plot, on Friday. Much sympathy is extended the bereaved family in their great loss.

Miss Regina Brennan, Miss Margaret Connors and Paul Giberson, who have been attending the Provincial Normal School, Fredericton, returned home during the past week.

Mr. and Mrs. S. W. Tamplin paid a short visit to Fort Fairfield last week.

Mr. Gilliland, Woodstock, was a visitor to Bath during the past week.

The advanced department of the Bath School held their closing on Friday.

The prizes for best deportment in and out of school were both awarded to Miss Eva MacIntosh, daughter of Mrs. J. Hallet, of Beechwood.

Invitations have been received here from Miss Marcella Bohan to her graduation which is to take place on Wednesday at St. Michael's Academy, Chatham. Miss M. A. Bohan and Thomas Bohan left on Monday to be present at the commencement exercises. They will be accompanied home by Miss Patricia Bohan.

On Friday, June 23, the picture "Silver Wings", was presented at the Elite and many were fortunate enough to witness Mrs. Mary Carr, rightly

styled the greatest of all screen mothers, in her super-special picture "Silver Wings". The story centred round a home where mother love was the guiding star, but where the indulgence, which that mother lavished on her eldest son, caused many a heart break and sorrow. Many a moral ran like golden veins all through the picture and were especially noticeable in the steadfast mother love which remained unchanged through sickness, poverty and ill usage and which was rewarded at length by reunion and happiness. "Married People" will be screened on Friday next.

MEMORIAL SERVICE LARGELY ATTENDED

A large crowd turned out Sunday afternoon to attend the annual memorial services of the G. W. V. A. which were held in the United Baptist church. The preacher for the occasion was Rev. W. P. Haigh, pastor of Trinity church, who spoke of the war and the sacrifices made by those who answered the call of King and country. The memory of those who slept in France and Flanders should never be forgotten, said Mr. Haigh. They sacrificed their all so that Canada and the British Empire might have freedom and justice and that right should conquer over might. Those who were fortunate enough to return should always be remembered by the citizens of Canada, he said. The services which they rendered the Mother Country in the time of her need was a service worthy of respect and honor. The preacher believed that the treatment handed out to returned men in certain sections of the country was unfair and unbecoming Canadians and Christians.

Rev. G. F. Bolster assisted at the service. Special music was rendered by the choir. The Veterans marched to the church under the leadership of Lieutenant-Colonel J. J. Bull of St. John.

LOCAL YOUTHS WIN HONORS AT VOCATIONAL SCHOOL

The Observer recently received from the Vocational School Staff an announcement of, and invitation to, the Closing Exercises of that institution which are being celebrated today—Wednesday. On looking over the neatly arranged announcement, many items of interest to this particular section of the county were noted. Of particular interest to Hartland vicinity is the fact that Lorne Britton, a local young man, is the medalist in the Freshman Class in Agriculture and Farm Mechanics. Joseph B. Harris, of Victoria Corner, who very recently became attached to the firm of Estey & Curtis Company, Limited, as bookkeeper, we note, is the student who attained highest general proficiency in the Commercial Course and, therefore, the medalist in that department. To John Raymond, son of William Raymond, Middle Simonds, goes the honor of leading the graduating class in Agriculture and Farm Mechanics and, with the honor, the General Proficiency Medal in Agriculture. John Raymond holds the distinction of having led his class during its two years' course through Vocational School. By virtue of his attainments, John Raymond rendered the valedictory for the graduating classes of 1922. Another prominent participant in the graduating exercises is Arnold Brown of Lower Brighton, who, by the way, we learn, followed John Raymond closely in scholastic attainments. To the above mentioned the Observer extends its congratulations.

MRS. D. E. MORGAN'S 67TH BIRTHDAY HONORED

In honor of her mother, Mrs. D. E. Morgan, a very pleasant surprise party was given by Mrs. J. Stirling King on the afternoon of June 21, the anniversary of her 67th birthday. Mrs. Morgan was indeed very happily surprised as one after another of her old friends and acquaintances arrived and presented her with many pretty and useful gifts. A delightful afternoon was spent with conversation and music. About 25 guests sat down to a bountiful repast, all declaring that they had had a very enjoyable time. E. C. Morgan brought many of the ladies in his car and returned them to their homes in the evening. Those present were Mrs. D. E. Morgan, Mrs. S. H. White, Mrs. Martha Nevers, Mrs. Ed. Britton, Mrs. Frank Hagerman, Mrs. Sydney Hagerman, Mrs. J. Reid, Mrs. J. Currie, Mrs. J. T. G. Carr, Mrs. H. Bradley, Mrs. Jarvis Day, Mrs. J. The annual meeting of the Western Association of United Baptists opened in Hartland Tuesday afternoon and continues until Thursday evening. About seventy-five delegates are in attendance from Victoria, Madawaska, Carleton, York, Sunbury and Queens Counties.

Redemption touches personality, constitutes a new thing in history and a new birth re-attended. Special music was furnished at the evening service by the choir.

There is one thing about it, if we did get cold weather during the winter, we are getting hot weather in

June. And some even now are talking about "the good old winter time."

Mr. Phillips, of the Phillips Sales Co., who has been at Hammond's store conducting a sale for the past week or so, returned home by the National Transcontinental on Monday morning.

His Worship the Mayor, Max D. Cormier and Mrs. Cormier, are taking in the Canadian Weekly Newspaper Association convention and trip. The convention's doings started at Fredericton last Friday and finished up on Saturday of this week at Quebec. The party were guests at a great many towns and cities, visiting St. John, Halifax, New Glasgow, points in Cape Breton, Prince Edward Island, and last of all are to be the guests of the Vice-President of the Association, Mr. Fortin, at the ancient city of Quebec. There are a lot of worries and responsibilities as Mayor of a growing town like Edmundston, but we are sure that Mr. Cormier will come back from his trip feeling fine and ready for the mantle of responsibility again.

Roy McNally, 21st Ave., has purchased a McLaughlin car.

Mrs. Wm. McIlroy arrived home on Monday, after spending a vacation at Benton.

Mrs. Jos. Grandmison, who has been residing in Montreal for some months past, has returned to her old home. No place like home, is right.

Saturday night's rain was beneficial in more ways than one. It put out fires and helped out the drying crops of both grain and hay, caused by dry weather.

Mr. and Mrs. J. M. Stevens went to Ottawa last Friday for the closing exercises of Ottawa Ladies College where their daughter, Miss Grace, is a student.

Fishermen and pickers, remember the Registration Certificates that is required by law, before you start out on your trip, you absolutely need one for this trip—and now you can't get them—Editor.

Mrs. Birnie, Jr., 21st avenue, who spent the winter with relatives in Toronto, returned home for the summer last week. A good many people will be glad to see Mrs. Birnie again, for wherever she is she dispenses good cheer and optimism.

Anyone wishing to take an auto-

mobile trip, and not owning a car, can ring up J. B. Michaud and he will give them reasonable terms. Mr. Michaud has recently purchased a new machine, the very latest word in comfort. Picnic parties and travellers wishing to go to Van Buren, Fort Kent or other places would be well advised to get Mr. Michaud to give them a rate.

Martin Theriault, who has been preparing at the Normal School, Fredericton, this winter to fit himself to be Director of Vocational Instruction at the Edmundston school, arrived home last week. Martin is going to the Carnegie Institute of Technology at Pittsburgh in a week or two to take further work. We predict a great future for him, and shall be glad when he gets back again for good.

At the closing exercises of St. Joseph's College, Memramouc, on June 14th, the B. Sc. degree was conferred on Martin Theriault. As Mr. Theriault was doing Government work in connection with the forest fires and was unable to be present this degree was conferred "in absentia." We congratulate Mr. Martin on his distinction, and we are sure that this will bring honor to his "Alma Mater."

T. M. Richards, Jr., has recently purchased from a Quebec sportsman and has already received that fast pacing mare, Betty M., a full sister to Tom B., the undefeated Quebec gelding. This young mare expects to make the 30 class in the season is over. The horses at the Edmundston Driving Club tracks are all in good shape, and are training well. The horse purchased by Mr. Richards is six years old and is a beautiful bay. It is an addition to the many good horses owned by sportsmen here.

Relatives to the departure of E. H. Hewitt from Edmundston, an esteemed subscriber, sends us the following: "E. H. Hewitt, who has lived in Edmundston for the past three years, left Tuesday morning for his home in Charlottetown. After a short stay there he will leave to take up his residence in Boston. On the evening before his departure from here, Mr. Hewitt was presented by his many friends with a set of military brushes, and a case pipe accompanied by an address. Mr. Hewitt has been an active and energetic citizen and will be greatly missed."

Our readers' attention is called to the great clearance sale of J. C. Cote, "The Library", St. Francis Street. Mr. Cote is soon leaving for the Lake St. John district, and he is sacrificing his goods at this time at prices that are within the reach of all. There is no other store in town which carries the stock that he does of toys, stationery, fancy articles and religious articles. Besides which, he has an exceptionally good stock of silverware and cut glass. The store was named "The Library" and of course this was because of the large number of books, both French and English. Everything goes on sale at this time. The goods are of the highest quality. The store has employed extra help so that there shall be a minimum of waiting. It will pay you to visit this store during the sale.

Mrs. R. Scott who has been quite ill at her home, 21st Ave., we are glad to report is much better.

Miss Marion Odell has been quite sick with a gripe for the past week necessitating her being confined to the house.

Mrs. T. L. S. Landers and little daughter who have been visiting in Fredericton for the past two or three weeks returned home this week.

The C. N. R. auditors here for the trial proceeding of the Court House are registered at the Madawaska Inn. They are C. M. McCready, J. G. Graves, and C. Swett, all of Moncton.

Miss Marguerite Moss who has been on the staff of the Fraser Company's, Ltd., for some time has resigned her position and is spending a six weeks vacation at her home in Stanley. Afterwards she is proceeding to Detroit, Michigan.

Among the visitors to Edmundston this week were the following: O. S. Berger of New York City, Mrs. R. Jones, Mrs. Ross and Miss Young of Kentville; Chas. Carroll of Houlton, Me.; H. J. Silsby of Bangor, Me.; C. F. Bailey and Thos. Hetherington of the Experimental Station, Fredericton; Mr. Lyle and C. H. Turner of Montreal; Harry Thorman, Halifax. This latter gentleman is a distinguished musician whose selections on the Victrola records have often been heard by Edmundston people.

An interesting visitor to the town, or to the outskirts of the town arrived on Wednesday in the person of a black bear. On Wednesday morning some boys playing near the new water tank saw him and reported it, but their story was only half believed. Later in day Mr. Babineau, who lives on 21st ave., was working at the back of his house with a friend and Mr. bear again appeared. They report that it was about half grown. Not having any weapon with them they threw the axe which they had with them at it, but missed him—luckily for the bear. It is thought that the forest fires drove the bear out in this direction.

The visit of the Governor General of Canada to Edmundston on July 2 and the splendid races which have been arranged by the Edmundston Driving Club on that day will doubtless attract a great many visitors to the town. The Club expects a great many fast horses, the track is in splendid shape, the weather we hope will be fine, the day is a holiday, for the bear. It is thought that the forest fires drove the bear out in this direction.

Speaking of alcohol, a contemporary says there are only two kinds as far as he knows. They are denatured and finatured and the only difference is that the finatured makes you talk all the time and the denatured will stop you forever.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:—

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

LOCAL AND PERSONAL ITEMS

A delightful program was given patrons of the local theatre on Tuesday evening. A Fox News opened the bill. For a headliner was provided Dustin Farnum in "Cathouse", supported by Ethel Gray Terry, Maurice Flynn and Hershel Mayall. The picture was punctuated with pep through all five reels. Dustin made good use of his fast motor boats in several places. The plot centered around a band of silk smugglers and thievery combined with a lot of detective work. A side splitting two-reel comedy "A Poor Fish" ended the entertainment. On Saturday a big Fox super-special "Silver Wings" was played, featuring Mary Carr who made such a hit in "Over the Hill". The pieces in fact ran along very similar lines, the heroine playing the mother in each case, with a family of most diverse children, running from the indolent, hypocritical eldest to the homely but genuine younger son, who was the saviour in the mother's days of adversity, when the other children all left her neglected. Pictures coming this week are given due press notice in the advertising columns of this week's Observer.

The Centreville Dramatic Club repeated the performance of "Uncle Josh" at Bath on Tuesday evening.

Tenting To-Night

We have been tenting a lot of nights on the old camp ground, that is at the old home, sweet home, waiting for winter to cease and it seems that the waiting is about over for the present. Many of our good people will be tenting on that other old camp ground along the banks of our beautiful cool streams. They are still cool and, as you know, the fish are all the better for that. If the fishermen wish to keep cool, they should take along a case of Sussex Beverages. Grape Juice or Fruit Syrup and we will refund for all cases and bottles, full or empty, returned. We can also supply you with tea going or coming. The beer is guaranteed to keep any length of time, but that guarantee is off the ice.

Don't forget to register and don't think too hard of the Government for asking you to register. They are only trying to protect the forest and the fish for your use and for my use and those to come after us.

WORKS AS PAINTER DURING VACATION

A Centreville Student Adapts Himself to Any Task

(The Worcester Evening Post) Spencer, June 15.—Blake Jameson, one of the promising students of the Bethel Bible Institute, is a master hand at working his own way, as well as getting a first-class education, which he is out for. Mr. Jameson has been in the institute since Nov. 15, 1921. His home is in Centreville, Carleton County, N. B. He left school at the age of 14 years and began working on farms. He says:

"I had given up all hopes of getting an education until the Rev. Essek W. Kenyon arrived in my town to hold evangelistic meetings, and through his excellent teaching I saw the need of an education and through his generous offer I was accepted as a student at Bethel Bible Institute. It is my earnest desire to get a Christian education and to carry the glad tidings that were carried to me to others who are in need. I owe a debt to Bethel and its teachers which I can never repay."

With the institute sessions closed for the summer, Mr. Jameson has gone to work painting for Hiram Willey, one of the trustees of the institute, who is an expert interior decorator, as well as an accomplished painter. Mr. Jameson will work for him for a fortnight before going to Dudley. He worked painting practically all last summer for Mr. Willey.

He will go to Dudley about the first of July to help carry on the work on the new property of the institute there during the vacation and will begin his studies in the new Dudley Bible Institute (the new home for the Bethel Institute) in the fall.

Mr. Jameson has greatly won the confidence of all with whom he has come in contact with his quiet, dignified manner and great desire for study. He recently was able to obtain quite a little library of his own at a trifling cost, but needs many more books, which he hopes to gradually secure.

TO THE PROTESTANT PEOPLE OF NEW BRUNSWICK

Your Orphans' Home asks that at once you please send in your most generous possible subscription for maintenance to H. C. Rankine, Treasurer, 197 Germann Street, St. John, N. B. The subscription for maintenance received from St. John County are annually considered more than three-fifths of the total amount so subscribed. The number of inmates at present shows exactly three-fifths from St. John County and two-fifths from the rest of the Province. From practically every county your Home has inmates. Sixty in all from outside St. John County, ninety from St. John County and many of these could be directly traced to some other county.

Your Home needs generous subscriptions for maintenance very badly at once and is therefore making this appeal; for the reason above given, largely outside of St. John County.

Yours very truly,
D. C. CLARK, President.
H. USHER MILLER, Secretary.

THE POWER OF SUGGESTION

Travelling is becoming more and more of a fine art. Formerly it was regarded simply as a process of getting from one place to another—most tiresome but unavoidable. Now it is looked upon as a joyful undertaking, a delightful interlude in the routine of life, especially when the journey is over the lines of the Canadian National Railways. The keynote of the Canadian Railways is Service. That service aims to make the passenger as comfortable as possible and to save him every bit of unnecessary effort. Thinking is a mental effort. Patrons of the Dining Car Service will not find themselves saved that trouble, by a casual glance at the little dodger that is distributed throughout the coaches on all trains to which both English and French, are several suggestions for a suitable combination of dishes for the coming meal. Prices for a complete menu for breakfast, dinner and supper range from 35 cents to \$1.25. The traveller merely needs to decide what he wishes to pay and upon entering the Dining-Car he will find himself served as quietly and satisfactorily as he would in any well-appointed home.

DIFFICULT TO CAST "SHERLOCK HOLMES"

The name of John Barrymore possesses enough of the magic charm to create unusual interest in the presentation of "Sherlock Holmes" the picture founded on the exploits of fiction's greatest detective, which is to take place at the Neighborhood theatre on Thursday, July 5.

In making the picture it was the desire of Mr. Barrymore and his director, Albert Parker, to obtain a perfect ensemble and to obtain an effect of absolute and intimate authenticity. The casting of Dr. Watson presented many difficulties. The character had to be young enough to fit into the college days of Sherlock's youth and old enough for the important assistance he gives in the development of the picture. The part required an actor who could accomplish that rare thing, the director was about ready to give up the search in despair when the name of Roland Young was suggested, that past master of quiet acting, and Mr. Young was finally engaged to play the part.

Percival Knight, the well known comedian, plays the part of Sir John the typical Cookney. Gustave von Seyffertitz, at one time stage director for Frohman and pioneer character actor, plays the villainous Prof Moriarty. Carol Dempster, through the courtesy of D. W. Griffith, has been selected to portray the frail and flowerlike beauty of Alice Faulkner.

BEATING OLD AGE

Cash Miller Has a Scheme That Really Appeals.

Pass an Amendment Prohibiting Birthdays, He Says, and the Rest is a Simple Matter.

"I see a lot of dope in the papers lately about people livin' to a ripe old age," observed Cash Miller of the chain cigar store as he submitted a handful of tempting Havanas for the approval of the Old Customer, says Thrift.

"Yes, I believe the tendency of the times is toward a longer span of human life," replied the Old Customer gravely.

"Seems surprisin'," continued Cash, "how many people there are in this country today that knowed Washington. I was readin' 'bout one gay young black out in Kentucky who says he's fergot whether he's 120 on the 30th or 130 on the 20th, but anyhow, he says, I feel jest as young as I ever did, if not more so, and my only physical defect, he says, is dandruff."

"An' there's another one in Missouri that started his present remarkable output of whiskers when the kerosene lamp was considered more or less of a doubtful experiment, an' he says he ain't lost a night's sleep since the election of Andy Jackson, exceptin' when he was teethin' for the third time."

An' up in New England there's another one of these here boy wonders jest roundin' into the full glory of his 124th year. Expects to begin shavin' 'an' git into long pants before long now. Says he's smoked all his life an' saved the coupons, and from the way he's feelin' now he's plannin' to turn 'em in for a velocypede. An' there's a lady down South some'ers that I see claims her favorite outdoor sport is raisin' century plants an' the first hundred years she says is the hardest, an' she ain't seen a sick day since she was in her first teens."

"They're a lot more I see referred to in surprised accents by the papers, with pictures and a complete confession of how they done it. But the big hero of 'em all, the guy that makes the oldest inhabitant today look like a babe in arms cryin' for papa's mus-tache, was the late Mr. Methuselah, author of darlin' I am growin' old."

"Accordin' to my line of dope the main thing most of the people in the world is tryin' to do today is beat the record hung up by him."

"Well, I think there's an element of truth in what you say," admitted the Old Customer.

"Listen. We're all tryin' to beat the old-age game. Why are so many women havin' their hair amputated at the second joint, and show-casin' themselves in dresses that's goin' to make the next generation resort to the use of stilts fer to hold out mamma's skirts? An' why do we see so many members of the sterner sex suddenly break out in head-school scenery an' almost natural hair dye? Yes, everybody wants to be Methuselah the Second, an' they's only one way to do it."

"How's that?"

"Have them birds in congress pass an amendment prohibitin' all birthdays after the first. Now, if I ain't got no way of knowin' how old I am, I'm jest as young as I kid myself an' the world into believin' I am. An' I'm tellin' you, Percival, that I'm goin' to keep right on bein' as much like a whoopin' infant as I kin git away with till at last my turn comes to go to tened out by a motor truck. Cut out birthdays an' every man's as young as every other man, an' every woman's younger than every other woman. It's the system all humanity's bein' cryin' fer like a thief in the night."

Ancient Shark

Off the coast of Norway not long ago was captured a specimen of the shark tribe, which, in the form of its teeth and in other characteristic features, closely resembles a species of shark that inhabited the ocean in that immeasurably remote period called in geology the Devonian age. A similar shark was captured by the prince of Monaco's yacht off the Madeira islands, in 1880. These two specimens, with a few others found in the Japanese seas, which are remarkable for the number of survivors of ancient forms of life that they contain, constitute the only known representatives now on the earth of the Devonian sharks.

Vacuum-Made Films

At a meeting of the Academy of Sciences in Paris Professor Houllé-vigne described a method of producing thin metallic films by volatilization in a vacuum. The metal to be deposited is first disposed in a layer on a platinum wire, which is then heated in a high vacuum. The film forms on a plate of glass, which is kept in rotation near the heated wire. In this manner, it is said, thin films have been produced of gold, silver, platinum, iron, copper, zinc, tin and cadmium.

World-Wide Rest Day

The first international conference at Washington in 1919, discussing hours of labor, sought to limit them to forty-eight hours in the week and eight in the day. In preparation for the third annual session of the conference at Geneva there has been sent out to the governments represented in the league of nations a questionnaire as to the possibility of a world-wide weekly rest day for workers in industry and commerce.

be back at school, after her very se-
vere illness of typhoid fever.

Miss Beatrice McKenzie, Centre-
ville, was a week-end guest at the
home of Mr. and Mrs. J. L. White.

Arthur and Joseph Gagne of Bos-
ton are guests of their cousin, Miss
Alma Gagne. They intend leaving for
Quebec this week.

Calixte Savoie, Principal of the Ed-
mundston Grammar School, was in
town on Saturday, taking orders for
the World Book.

Miss Margaret Taylor and Miss Ger-
trude Glenn also went to Moncton on
Wednesday. They are delegates to
the Presbyterian from the C. G. I. T.

Mrs. James Bird, of Riley Brook,
came on Wednesday to enter the hos-
pital for treatment. Her husband,
who accompanied her, returned home
on Monday.

Mr. and Mrs. Adrian McCluskey,
who have spent several weeks at Ev-
erett, where Mr. McCluskey was em-
ployed in looking after fish, have re-
turned home.

Herbert S. Rideout was operated on
at the hospital on Thursday morning
and is doing as well as can be ex-
pected. Miss Hazel Estey is the special
nurse in charge of the case.

Miss Katherine Gilman, of the
teaching staff, was called to her home
in St. Stephen on Wednesday, on ac-
count of the very serious illness of her
father. She returned on Monday.

Mrs. Thomas Powers, of Frederic-
ton, and Carl McCluskey of Campbell-
ton, arrived in town on Tuesday,
called here on account of the illness
of their mother, Mrs. W. S. McClus-
key.

Tent caterpillars in great abun-
dant are seen on our trees. They
have tackled poplars, cherries, birch-
es, and many maple trees have been
and infested with this destructive
pest.

Mrs. Jens Jacobson, who made her
home in New Denmark for many
years, and for the past few years has
been living in the States, arrived on
Tuesday to spend the summer in New
Denmark.

Friends here of Rev. W. B. Arm-
strong were sorry to learn of his pain-
ful accident last week. Mr. Arm-
strong was, some years ago, in charge
of the Anglican mission of Grand
Falls and Edmundston.

Mrs. George Estey and son leave
on Friday for Niagara Falls, where
they will spend the summer, as Mr.
Estey is employed there. They have
spent several months here, with Mrs.
Estey's mother, Mrs. Peter Turk.

Rev. Phillippe Gagne of Bathurst,
who is teaching in a boy's school
there, is here for the summer, and is
acting as assistant to Rev. Charles Al-
bert. He is staying with his mother
and sister, Mrs. Gagne and Miss Alma
Gagne.

Those who attended the concert and
dance in Alexander's Theatre on Mon-
day evening, when music was furn-
ished by the Venetian Melody Boys,
of Portland, Me., greatly enjoyed the
evening. A large number from Fort
Fairfield, Van Buren, Limestone
as well as music and dance devotees
from town, attended.

Mr. John Evans left by motor on
Saturday for Fredericton, on account
of the illness of his mother. He was
accompanied by his daughter, Mrs. J.
E. Andrews. Mrs. N. R. Miller accom-
panied them as far as Woodstock, and
then went on to Debec, where she
spent the week-end with relatives.
On Tuesday, she went to Moncton to
attend the Presbyterian as a delegate
from this church.

Fire approached very near the
town on Wednesday and Thursday of
last week. It came down the hill
near the reservoir just back of the
town, and for a time the situation was
dangerous. The strenuous efforts of
a large number of men, who worked
all night, prevented its spreading.
Many people in that part made pre-
parations to leave their homes if ne-
cessary.

The weather seems to have rung
all the possible changes during the
past few days. Last week, it was de-
cidedly cool, with cold winds. On
two nights, Tuesday and Thursday,
there were heavy frosts, which de-
stroyed a large percentage of garden
crops here and in the vicinity, and in
many cases ice formed in small pools
and standing vessels of water. This
week, we are suffering from extreme
heat. On Tuesday, the thermometer
registered 100 in the sun. It is very
dry. Everything is really suffering
for rain.

Donald Howard, of Aroostook Jct.
was here on Tuesday. Many will re-
member that Mr. Howard served over-
seas with the original 28th Batt., of
which we are all so proud. He was
under age at the time of his enlist-
ment in 1914, and in 1917, he was dis-
charged from the army, being then
under eighteen. He was through all
the fighting done by the 28th and his
last engagement was the battle of
Vimy Ridge. He was said to be a
charmed life, as he was one of the
very few who came through without
a wound.

Miss Ethel H. Jarvis, of St. John,
was here for a day last week.

Mrs. A. J. Patstone is able to be
about again after an attack of ery-
sipelas.

WHAT DO WE BURN WHEN WE BURN OUR TREES?

The following poem appeared in
a recent issue of Toronto Saturday
Night. In view of the disastrous
forest fires and the consequent enor-
mous waste and destruction of
timber we reproduce it for our
readers. The poem has been put
into beautiful words—truths that
should appeal to every man who
values the greatest natural re-
source and asset of New Brun-
swick. Not until the general pub-
lic realizes how much is involved
in the waste from the fires which
get into the forests, shall we be
able to reduce fires of this descrip-
tion to a minimum.—Editor:

What do we burn when we burn
our trees?

We burn the home for you and me,
We burn the carriage-house, barn,
and shed,
The baby's cradle, the little boy's
sled,
The bookcase, the table, the rocker
of ease,
We burn all these when we burn
our trees.

What do we burn when we burn
our trees?

The daily comfort which everyone
sees,
The wages of men for years to
come,
In factories big where busy wheels
hum—
For industries many depend on
trees—
When our forests burn, we burn all
these.

What do we burn when we burn
our trees?

The homes of birds, and squirrels,
and bees,
The homes of the brook, and the
cooling spring
Where violets blossom, and blue-
birds sing,
The beauties of nature, so fair to
please—
We burn all these when we burn
our trees.

Summer or winter, day or night,
The woods are an ever-new de-
light;
They give us peace, and they make
us strong,
Such wonderful balms to them be-
long.

known as "Piper Ross" is here this
week, and is busily engaged in piano
tuning.

Miss Beatrice McCormack, who has

HELP FOR YOUNG WOMEN

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Viking, Alta.—"From the time I was 16 years old I would get such sick feelings in the lower part of my abdomen, followed by cramps and vomiting. This kept me from my work (I help my parents on the farm) as I usually had to go to bed for the rest of the day. Or at times I would have to walk the floor. I suffered in this way until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am recommending the Vegetable Compound to my friends. I surely am glad I tried it for I feel like a different person now that I don't have these troubles."

Letters like this establish the merits of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking it.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Mrs. Pinkham's private text-book and learn more about it.

What Will You Put in the Pot?

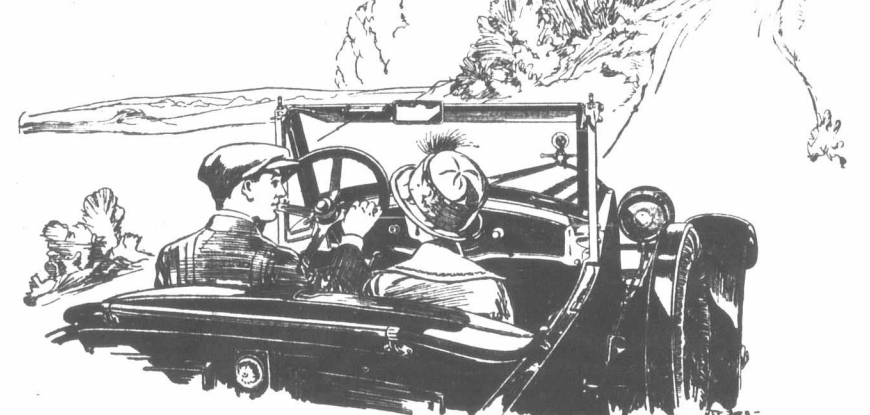

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

For all its great power—Paige is gentle to the lightest touch. Your foot controls a range of 2 to 70 miles an hour. Here is scant need for gear shifting—though it may be done quickly and easily. And no clash mars its smoothness—no stalling or jerking with the docile Paige clutch.

Under the hood, the silent Paige motor waits to obey your commands—its youthful eagerness and life prolonged by the Paige high-pressure oiling system.

Paige is one of the three quality cars at around \$3800 to \$4500 leading in sales to discriminating buyers. This, in itself, makes comparison of Paige performance, beauty, and enduring quality, obligatory for those asking the finest. We are glad to demonstrate the unusual accomplishments of Paige and its satisfying performance under your guidance.
