FRIEND OF THE CANADIAN. WOLLOWINE'S DELLS.

Extraordinary Cure of Asthma III of an old Lady, seventy-five years of age. Copy of a Letter from Mr. Thomas Wes. on. (Book Store.) Toronto, dated the 9th October, 1854.

To Professor Holloway.

Sir, -Graintude compels me to make known to the extraordinary benefit an your Pills. My mother was afflicted for up varies of four and twenty years with asthma and spiring of blood, it was ente-agony to see her suffer and hear her cough; I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. A-bout three months ago, I thought perhaps your Puls might benefit her, at all events t reso ved to give them a trial, which I did . grees my mother became bett r. and after persevering with your remedies for nine weeks, she was perfectly cared, and now enjoys the best of health, although seventy. five years old.

I remain, Sir, your obliged. (Signed) THOMAS WESTON. Remarkable, Cure of Dropsy !! after being tapped three times.

Copy of a Letter from Anthony Smith, Esq Halifax, Nova Scuria, dated the -25th August, 1854.

Te Professor Holloway. Sir. I desire to add my testimony to the value of your Pinls, in cases of dropsy. For nine months I suffered the greatest tortere, with this distressing complaint; was tapped three times; and finally given up by the doctors; having become apparauce as a skeleren, and with no mare strength in me than a child just born. It was then that I thought of trying your Pills. and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed

the best of health. I am, Sir. yours, sincerely, (Signed) ANTHONY SMITH
Astonishing Cure of General Debility and Liver Complaint !!!

ODELL & TURNER. Wholesale Agents for the County Charlotte March 28, 1855

(d) ~ St. Andrews, 23d April, 1855 .-

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an effective purparive pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extonsive trial of its virtues has conclusively shown with what accress it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make a physical pill, but not easy to make the best of all pile—one which should have more of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has seen unfortunate for the patient hitherto that almost every purgative medicine is actinuoulous and tritining to the bowder. This is not. Many of them purdues so much griping pain and revulsion in the evidem as to more than counterfulner the good to be derived from the matter that the product of the derived from the paties produce no inclusion obstruction or pain, unless it arise from a previously existing construction or the product of the pariety observed on the dampenent in the lowest. Being pariety quantity, but it by better that any medicine should be trizen judiciously. Ninute directions for their use in the several diseases to which they are applyable are given on the box. Among the complaints which have been speedily eared by them, we may mention Liver Complaint, in igs various forms of Jaundice, Indigention, Langues and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Fain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the Liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Seroftula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a paragative is acquired.

They have also produced some singularly successful cures in Rheumantism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Fains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose atimulates the stomach at thowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unlecessary dosing should never be carried too far, as every purgative, medicinic reduces the strength, when taken to excess. The thousand ossess in which a physic is required cannot be enumerated here, but they suggest thouselves to the reason of every bedy; and it is confidently believed this pill will arower a better very over the many thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what recordy to employ when in need of eathartic medicine.
