# SQUADRON BACK FROM LONDON

## Made Good Showing at Military Camp, and Captured Silver Cup

C Squadron of 24th Grey's Horse Regiment returned from the military camp at London last night after a profitable two weeks' training. The Squadron left here on June 16th and since then has been under the tents at Carling Heights.

"We had a good camp and I was thoroughly satisfied with it," said Captain B. Osborne who was at the head of the Squadron. He stated that the Squadron made the finest showing in the regiment and was classed with the best cavalry sections of the camp. To C Squadron went the silver cup donated by the regiment for the best showing in the camp, and for this the officers and men who filled the ranks are deserving of commendation.

Captain Osborne was, however, indignant at the treatment the horses received on the return trip from camp. He stated that the Militia Department would not make friends by providing stock cars for the horses adequate and fit accommodation for the horses. For the trip to camp, the regular box cars were provided and the return satisfactory. The Squadron this year had exceptionally good horses, the camp passed of smooth and the Squadron put in a profitable training. The condition of the camp on the whole, however, were not found to be as satisfactory as the camp at Niagara-on-the-Lake in former years.

# THE BERLIN TABLE CO.

IS MAKING GOOD PROGRESS.

The Record paid a short visit to the Berlin Table Company, which is located in Woodside park. It found a busy institution employing 25 persons and turning out meritorious goods.

The company specializes in extension tables and uses quarter-cut oak and turned oak.

It is a young firm, occupying modern-sized premises, but right up to the minute in equipment. Outside of one youth, the employees are all experienced and well-paid journeymen.

Within the year two excursions have been made to the factory and another is planned for the near future.

Early in the year this company placed on the market a table with an improved slide, which has made it with the trade and public.

Their extension tables open with a simple twist of the wrist by one person and is practically noiseless. The mechanism is called the "Perfection Slide" and is worthy of the name.

When the merits of this device have become known to the householders of Canada a wide sale of extension tables will result.

The citizens of Berlin will be pleased to learn that here is another furniture concern which is making good.

A man named Quinn was awarded \$150 damages against the Trafalgar School Board because his boy fell from a beam in an old wooden shed and broke his wrists.

# BACKING UP THE RETAILER.

It seems to us that it is a guarantee of quality when a manufacturer places his product in good retail shops of the country and then helps the retailer advertise it to the public in the daily newspapers—the one avenue of reaching everybody everywhere.

First of all it means that the manufacturer has perfected something worth while—worth advertising; then that he is enterprising in wishing to distribute his merchandise through the leading dealers in a community; and, finally, that those same dealers in lending their approval and their reputations to this plan of distribution believe in the goodness of the article itself.

It also means that the public is thus doubly insured and may therefore depend upon merchandise advertised jointly by both manufacturer and retailer.

Manufacturers who want to help their retail dealers are gradually becoming aware that the daily newspaper offers the best avenue. Through the daily newspaper the manufacturer can create a direct demand upon his dealers. No other medium will do this so economically or so effectively.

# Will Ask Township to Form Part of High School District

## Waterloo and Berlin Representatives Again Confer on Vexed Collegiate Problem. To Hold Joint Meeting in August.

Having had one vexed problem settled this week, representatives of Berlin and Waterloo took further steps last evening to arrive at a further understanding regarding another bone of contention between the two municipalities. This is the high school question and although several meetings have been held to settle the problem, the adjustment is still some months away.

Some time ago a joint committee of Waterloo and Berlin was appointed to take up the matter of arriving at an agreement by which Waterloo would contribute towards the cost of enlarging the Collegiate Institute. If the Collegiate is to continue to assume the training of Waterloo and county pupils the institution must necessarily be enlarged. Without the outside pupils the Collegiate is sufficiently large. Although Waterloo sends many pupils to the Collegiate, the municipality has not paid anything on capital expenditures.

At the conference of the joint Committee at the city hall last evening, Mayor Fischer, Ald. W. Schiedel, A. Bauer and Dr. Noecker were present from Waterloo, and Dr. Honsberger, Messrs. H. L. Staebler, E. Smyth, J. Lang and secretary E. Neumann from Berlin. The Board of Education was present, and after discussing the matter it was decided to invite the municipalities in the townships of Woodstock, Waterloo, Wilmet and Wellesley to send representatives to a meeting here on August 8th, to discuss the matter of forming a High School District.

Mr. E. Smyth, chairman of the Collegiate Institute Committee, had secured an opinion from the Department of Education at Toronto on the formation of Berlin and Waterloo as a High School District. In this way Waterloo would be obliged to contribute towards capital expenditures and would then also have a voice in collegiate matters. The opinion from the Department stated that special legislation might be secured, providing of course, the two municipalities agreed upon the formation of such a district.

The Waterloo representatives expressed a willingness to be a part of such a district but suggested that the other municipalities in the county that send pupils to the Berlin school be also invited to come in. Mayor Fischer stated that it would be advisable to make the entire north riding a district and have the rural representatives invited to attend a joint meeting. It is proposed to have the rural sections contribute towards the cost of the addition to the school on the basis of assessment. This will include Elmira, New Hamburg, Baden and St. Jacobs. The Berlin representatives agreed on such a course, and on motion by Ald. Schiedel, the meeting adjourned.

Waterloo and Mr. J. Lang, who was decided to have the rural sections urged them to have representatives present at a joint meeting to be held here on August 8th, when the matter of forming the high school district will be thoroughly threshed out.

# MRS. JACOB WELHEUSER ANSWERS DEATH CALL

One of Berlin's well known and highly respected residents passed away on Friday afternoon shortly after five o'clock in the person of Margaret Strub, beloved wife of Mr. Jacob Welheuser, at the residence, 43 Peter street. During the past two weeks Mrs. Welheuser had suffered three paralytic strokes, the first coming two weeks ago to-day, and from the effects of these afflictions she never recovered. During her illness, she was unfortunately rendered speechless. Previous to this she had enjoyed good health.

The deceased was the eldest daughter of Mr. Joseph Strub of St. Clements. She was born near St. Agatha sixty years ago to-day and was a life long resident of Waterloo County, many years of which were spent in Berlin. A husband and family of six daughters and two sons survive; they are Mrs. Louis Hanneberg, Mrs. W. Rooke, Mrs. Joseph Gorman, of Berlin, Mrs. Albert Deemert, Hespeler, Margaret, Helen, and Albin at home, and Matthew of Detroit. There are four surviving brothers and two sisters; Messrs. Peter, Berlin, David and Joseph, Hamilton, Henry of Wilmet township and Mrs. Fred Helm, St. Clements, Mrs. John Hartman, Zurich.

Mrs. Welheuser was a woman of many fine qualities and was a highly esteemed member of St. Mary's church, and the Christian Mothers' Association. The members of the family and relatives have the sympathy of many friends for her bereavement.

The funeral will be held on Monday morning at nine o'clock from the late residence to St. Mary's church, then to the Catholic cemetery.

# DEATH OF MRS. GEORGE GABEL

Henrietta Wilhelm, Madolaki, wife of the late George Gabel, who died here two years ago, passed away at the home of her son J. Kreitzer, 111 street early Friday morning. Hence was 80 years, 3 months and 19 days. She was an industrious woman and for many years a highly esteemed member of St. Peter's church.

The deceased was born in Lanenburg, Germany. She was married to August Kreitzer and came to Berlin from Germany sixty years ago. There were five surviving children. Mrs. Gabel's surviving children, Mrs. G. Gabel, Mrs. E. Wahl, Mr. H. Kreitzer, Mr. A. Kreitzer, London, Jr. J. Kreitzer, Berlin, Mrs. H. Lemz, Detroit. Mrs. Dickman another daughter died in Toronto a year ago. There were four children and 22 great-grandchildren.

The funeral will be held on Monday afternoon at two o'clock from the late residence of her son on Mill street to St. Peter's Lutheran church, then to the Catholic cemetery. Friends are asked to kindly omit secular flowers.

# TO RAISE LAKE LEVEL.

International Waterways Commission Would Dam Lake Erie.

WASHINGTON, June 28.—After more than ten years investigation the International Waterways Commission yesterday, through the president, recommended to Congress the construction of a submerged dam or weir in the Niagara River, to raise the level of Lake Erie and its upper waters. The commission stated the value of the proposed work to Lake Erie ports could hardly be estimated, and that it would result in extensive improvements to harbors and docks.

Several years ago the commission reported against the advisability of constructing an ordinary dam across the Niagara, because of the frequent damage to property below the dam. This dam would have completely regulated the height of the waters in Lake Erie, but the latest plan contemplates only partial control.

The cost of the weir and consequent works to avoid damage to property is estimated at \$3,500,000.

# THIS MORNING'S BUSY MARKET

## Strawberry Supply Was Small. Cherries Put in First Appearance

The market this morning spelled disappointment to a large number of buyers who came with extra baskets, to buy strawberries. The supply was much too small, and the who came from the first stroke of the market, were the ones who secured berries. They sold at 2 boxes for 25 cents. For the most part berries were large, luscious looking fruit, but those grown farther in Berlin showed the lack of rain in their ill formed and dry appearance. The rain that fell last night, stately sprinkled, ten miles out. This is also the case with some of the various raisins.

Prices Higher

In many cases the prices took a jump of several cents. Butter and eggs both advanced, the former selling as high as 27 cents, although the Mrs. Fred Helm, St. Clements, Mrs. John Hartman, Zurich.

Ripe cherries right off the trees were sold for 2 boxes for 25 cents, and many buyers secured some, although there was only a small quantity sold, and probably none for canning purposes.

There was a good supply of eggs, which sold for 24 cents and 25 cents. Some of the year's chickens ranged from 90 cents to \$1.10. Cream was 12 cents a pint. Two tiny pigeons brought 25 cents, and some green currents sold for 5 cents a cupful.

There was the usual supply of flowers, both garden and wild, and those unfortunate enough not to possess gardens of their own, gladly availed themselves of the opportunity of getting them from other people's gardens. Beautiful roses and peonies and pretty sweet peas were among the favorites this morning.

Other prices, save those given above, remained the same as other weeks. There was a good out door market, better than has been for some time.

A 60-FOOT STREET

# STREETS WE LIKE TO LIVE ON.

The Commission of Conservation for June, contained the following article on Residential streets: Most Canadian cities and towns are spending too much money on their residential streets. Canadians are possessed of the idea that the whole width of a high-class residential street must be paved. This idea would not prevail long if people here would but get a glimpse of the residential streets in English garden suburbs, where far more serviceable and far more beautiful streets are maintained at only a fraction of the cost of those in Canada.

Canadians wrongly assume that residential streets are to be used for heavy traffic and pave them with expensive pavements from sidewalk to sidewalk. As a matter of fact the traffic on a residential street consists only of light-delivery wagons and a few carriages. The volume of traffic is so small that, when we really come to think it over, it is a wonder why we consider fully 50 ft. of the width of a 60-ft. street necessary to accommodate it. Quite apart from the expense of construction and maintenance, a pavement on this wide roadway has the additional disadvantage of being noisy, of reflecting a burning heat in summer-time and of requiring the attention of the sprinkling cart too often; for it takes but a few moments for the water to dry up on a hot asphalt pavement. Most of all, such a street is not beautiful in every way. Why not adopt the type of residential street used by older countries who have had greater experience in these matters than we. The accompanying illustration shows a 60-ft. street designed in this approved manner. The roadway, though only 24 feet wide, is wide enough to accommodate all the traffic. Macadam, instead of asphalt, is used for paving it. This is cheaper, cooler, less noisy, requires less sprinkling and is much more satisfactory in every way. On each side it is flanked by a strip of grass ten feet wide, in which a row of shade trees is planted. These shade both the roadway and the sidewalk, which runs on the other side of the grassy strip. A shady street like this throws a restful influence over the tired business man on his return from the day's work. A home upon it is one that will keep.

# FEW LINE INTERVIEWS

**KING STREET MERCHANT.**

Regarding the omission of the Wednesday half holiday owing to the Dominion Day holiday falling on Tuesday I might say that I think it is ridiculous when merchants have all agreed by signature to observe each Wednesday afternoon. I hope this will be recalled, and the merchants stand by their agreement, and close down on Wednesday afternoon.

Dr. J. E. Hett has returned from London where he has been in attendance at the Canadian Medical Association's sessions throughout all the sessions. The meetings were the best in the history of the Association and those who received the congratulations of many surgeons who were greatly interested in his paper on the Treatment of Cancer. Dr. Hett is the first in Canada to employ this method and the patients which he presented at the meeting were very carefully examined and created considerable interest.

# Celebrated His Birthday

About twenty of the friends of Mr. George Hainsworth last season's intermediate hockey team goal-keeper gathered at his home last evening to celebrate the anniversary of his birthday. An enjoyable evening was spent in music and games and a delightful lunch provided another feature of the evening. George was made the recipient of a fine traveling bag from his parents and a tie pin from his friends. The gifts were accompanied by the following address: Dear George:

It is with pleasure we your friends meet this evening to celebrate this year birthday. We hope for a continuance of a good many days of this kind, and as a token of our esteem we ask you to accept these presents which we hope will be a reminder of the happy days spent together. Again wishing you many Happy Returns.

## Presented With Fine Club Bag

As an expression of thanks for the benefit received under the teaching of Principal B. Playford, the pupils of his class at the close of the school term pleasantly surprised Mr. Playford and presented him with a handsome club bag. The following address was read:

Dear Mr. Playford—We, the pupils under your instruction during the past year, desire to express our heartfelt thanks to you for the benefit we have received under your teaching.

You have been not only our teacher but also our counsellor, adviser and friend. You have not only instructed us in the various branches of learning but have also sought to implant within us the true principles that go to make up true character.

We were often careless and indifferent, but you, by your kind and patient teaching, have caused us to become more careful and diligent. We are now, as a result of your teaching, more self-reliant and more capable of doing our best in all our work.

In order to express our thanks still further, we present you with this club bag, and as a slight token of our deep affection for you, and of our appreciation of your earnest efforts on our behalf.

## RESULTS OF EXAMINATIONS

The results in the promotion examinations in the Central and Alexandra Public Schools have been announced and are considered most satisfactory. Principal Playford when interviewed by the News Record was highly pleased with the results. He said: "Considering the disableness of the weather, and the fact that the schools so often close to the closing of the schools so often, I think that the results are most satisfactory. A noteworthy feature is the large number of pupils that have passed with honors."

In the following lists the names in the honor classes are in order of merit and in the pass in alphabetical order. 75 per cent. of the total number of marks obtainable was required for honors and 60 per cent. for a pass.

## AT ST. JOHN'S CHURCH.

There will be English song service held in St. John's Lutheran Church on Sunday evening. Special music will also be rendered by the choir.

## FLOWER SERVICE.

There will be a flower service for children at 3 o'clock in St. Saviour's Church on Sunday afternoon.

## Strawberries Were More Plentiful

Strawberries were more plentiful at the market this morning selling at 13 cents to 15 cents per box or two for twenty-five cents. There were many bunches and many baskets of the delicious fruit were taken home. There were few changes in last week's prices of butter and eggs, which sold at 28 and 23 cents respectively. The farmers reported that the rain of last evening, although not as heavy as in town, will prove a blessing to the crops.

## WILL EXTEND THE PAVEMENT

With the improvements to be made within the park and at the entrance the appearance of these beautiful restful grounds will be still further enhanced. Among the latest improvements is the extension of the pavement to be laid on Young street to the end of this street at the dam. It had at first been the intention to have it laid as far as the entrance to the park only. This section like the rest of the pavement will have the regular curb and gutter. With this pavement and the enlarged gate the entrance to the park will indeed be most inviting.

## Many Enjoyed Excellent Music

Before a vast crowd of music-loving citizens of the Twin City the Waterloo Musical Society Band last evening rendered a most excellent and greatly appreciated program. Fully twenty-five hundred people were present to enjoy the sweet strains of music furnished by one of the Dominion of Canada's most efficient bands. Autos were lined up on Erb street while buggies occupied the greater part of Albert street and the vacant lot at the side of the Town Hall. It was truly a musical hour. It is to be regretted however that the program was somewhat marred by the noises caused by a few thoughtless young people and boys.

The selections rendered by the band were all well received and greatly appreciated by the citizens.

## Killed Self in His Club.

NEW YORK, June 28.—Albert Schlicht, a vaudeville actor, 53 years of age, who was known on the stage as Al Bellman, formerly of the town of Bellman and Moore, committed suicide early yesterday at the Vaudeville Comedy Club. He suddenly drank poison while in the billiard room of the club with his brother and several friends, who were unable to save him.

## Friedman Resumes.

BERLIN, June 28.—Dr. F. F. Friedman resumed his medical practice today. He announced through the Berlin papers last night that he has resumed practice and, in conjunction with Prof. Schlicht, will maintain a clinic "where tuberculosis persons having no means may receive treatment free."

## Unaware of Husband's Death.

SARNIA, June 28.—Efforts are being made here to locate the steam yacht Bethelma, which is at present some where on Lake Huron. Mrs. H. K. Cowan, widow of the well-known yachtsman, who died suddenly Thursday night at London, is on board, along with a party of prominent London people.

## MARKET REPORTS

CHICAGO, June 27.—Official statements that excessive dryness at set back Kansas wheat as much as 10 per cent. in the last month put the wheat today in an upward whirl. The wheat market closed 24 cents advanced, 1-1/2 to 1-3/4 c. Corn showed a 1-1/2 to 1-3/4 c. advance and a rise of 1-1/2 to 1-3/4 c. in the Liverpool market closed 1/2 c. higher on wheat, and 1/4 to 1/2 c. higher on corn.

The two-button sack style with long lapels is exemplified in all its grace and sprightliness in the 20th Century Brand model here illustrated. It is distinctly the young man's favorite, and when tailored in the smart new Spring weaves it is the last word in modish attire for the good dresser.

## FIVE SEAMEN KILLED

Standard Oil Steamer Blows Up Off New York.

Oil Liner Mohawk With Two Hundred Tons of Oil Explodes at Ancho. Killing Five and Injuring Six—A Dozen Men Unaccounted For and Are Believed to Have Escaped on Rescue Craft.

NEW YORK, June 28.—Two hundred tons of fuel oil on board the steel tank steamer Mohawk, owned by the Standard Oil Co., exploded with a terrific roar and a burst of flame yesterday afternoon while the vessel was at anchor off Tompkinsville, Staten Island, in New York Bay, killing five persons and injuring six others. A dozen more are unaccounted for, but are believed to have escaped on craft that came to the Mohawk's aid, or by swimming ashore. Two bodies were seen floating in the hold while fireboats were still pouring streams of water into the wrecked steamer late last night. The other three victims probably were blown to pieces.

Carelessness of a machinist's helper was responsible for the explosion. Fifty men, including the crew and twenty machinists, who were making repairs preparatory to the Mohawk's departure for Tampa, Mexico, to-day were on board. Perhaps a dozen of them were in the boiler and fire rooms. A helper was declared to have dropped a washer into the hold below the fire room. Seeking to recover it, he is believed to have carried a lighted candle, which caused combustion among generated gases in the hold.

The explosion was heard for many miles around. A 200-foot flash of flame, a column of smoke, the detonation, a volcano of debris, and the Mohawk settled aft while fireboats, wrecking tugs, Standard Oil tugs, and other harbor craft came to the scene from all directions.

The Mohawk's lifeboat was tossed 100 yards, and a score of men were blown overboard. These men were rescued, unhurt, from the water. Others clung to stanchions and rails or huddled in the bow, whence they were dragged to safety by persons on the first boat that ventured near.

The Mohawk's crew were getting up steam to start the second half of her maiden voyage from Mexico and return, when the disaster occurred.

Shortly after nine o'clock last night the fire was under control, and the crew returned on board and began pumping the vessel out. The stern was completely under water, but it is believed the rest of the hull is practically intact, and that the steamer can be readily got into drydock for repairs.

**LITTLE LIGHT ON WRECK.**  
Inquest Into Ottawa Disaster Yields Small Information.

OTTAWA, June 28.—A rail track section of where the left track crosses the section gang had just put in a tie to which the rails were not spiked. This tie remained in its place after the wreck, however, and in my opinion had nothing to do with the cause of it.

This evidence was the most important given at the opening session of the inquest of John Pearce, one of the victims of Wednesday's wreck of the C.P.R. near here, in which eight met death.

It is considered important because it deals with a question about which rumor has been busy ever since the wreck whether all the rails were spiked down or not, as was given by Edward Lyons, foreman of the section gang which was repairing the track at the point where the wreck occurred.

Lyons testified, however, that this was only the tie that was not spiked.

Other witnesses deposed that there were no broken car wheels discovered in the wrecked train, through a fractured brake beam had been found.

**HOT-BED FOR SMALLPOX.**  
Health Inspector Discovers On In the Northern Woods.

NORTH BAY, Ont., June 28.—Provincial Health Inspector X-ray has been trying to trace the source of the smallpox cases which have appeared in various places in the north country, principally in lumber camps and logging camps, and in which eight met death. His quest led him to an outlying township ten miles north of the C.P.R. main line where he found a veritable breeding bed of smallpox germs, all sanitary regulation being disregarded.

Almost everybody in the settlement had been affected with smallpox, even the reeve, the chairman of the Board of Health and the school teacher. The disease had been concealed and no physician called in until one man who had contracted it thought he was going to die, and called in a physician who reported the case.

**COLLECTED ONLY \$5,000.**  
Tag Day to Aid In French Language Campaign Fell Rather Flat.

MONTREAL, June 28.—Only \$5,000 was collected in the Tag Day organized this week to aid in the work of preserving the French language and help wage war against the Irish bish-ops in Ontario.

There were several reasons for the failure of the scheme. In the first place, people in Montreal are tired of Tag Days, and in the next place it was looked upon as ridiculous to ask English and Irish citizens to help in a work to be directed against them. It was expected that at least \$10,000 would be raised.

**Teddy Can Carry a Gun.**  
NEW YORK, June 28.—Col. Theodore Roosevelt and District Attorney Charles S. Whitman both have permission to carry pistols. Reports some time ago that they had applied for such permission were confirmed by Magistrate Corrigan when he told fellow magistrates at a meeting in Brooklyn Thursday that in issuing the permits he had waived one of the chief requirements of the law and had asked neither of the applicants for an affidavit of good character.

## MANY HEATATILITIES

Five Overcome Heat in Toronto and Drowned.

Excessively Hot Weather Takes Heavy Toll of Death City—Two Brothers Are Drowned in Thames River at Long White Bathing—Dazed Woman Stagers Into Path of Cyclist.

TORONTO, June 28.—Seven deaths were caused by intense heat yesterday. Four of the fatalities were directly due to prostration while in the other three the unfortunate were attempting to secure relief from the heat. Mother people were also stricken. On the street, at their work and in the parks, where they had gone to shelter from the sun. In the many instances they were removed to their homes, but those whose cases could not be learned were taken to the hospitals.

Mrs. Mary Williams MacLellan, aged 53, 24 Broadview avenue, staggered from curb on to the road at Broadview and Gerrard and was killed by a car.

W. F. P. K. prostrated on C.P.R. tracks, died soon after being found. Unidentified woman, fell at Queen and Yonge streets, died in St. Michael's Hospital.

Peter MacIntosh, drowned in York and while seeking relief from the heat.

W. H. Held, druggist, 675 Spadina avenue, felled on Thursday, death resulted Friday from intense heat.

William Franklyn, aged 19, 22 Empire ave., drowned in Don River while seeking relief from heat.

John Hector, aged 16, 5 Van Koughn, in serious condition as result of fever following while seeking relief from heat.

Struck by heart failure brought on by intense heat, Francis T. Daville, 101 York County, fell on Charlottestreet yesterday morning and died in Grace Hospital. Dr. R. Stewart of Church street was summoned, but could not restore Mr. Daville.

Francis Turner Daville was a native of Wand County, having been born in Little Village of Middleport in 1846. He received a practical education at the common school and later learned the business of a tanner. Going to Aurora in 1870, he established in small way the Daville Tannery, which has since grown to large dimensions.

**One Dead In Hamilton.**  
AMILTON, June 28.—In Burlington a young native of the Isle of Man, who had come to work at the Brant House, first position in this country, collapsed as a result of the intense heat.

He was aided to the office of Dr. Stewart, but expired in a few minutes. His death is the first heat case caused in this locality, but many cases of temporary collapse have occurred.

**Brothers Drown.**  
LONDON, June 28.—Wilson Nickles, aged nine years, and his younger brother, Alfred, seven years old, were both drowned while bathing under the street railway bridge at the foot of Dundas street, in the River Thames, here yesterday afternoon at three o'clock. The double tragedy was witnessed by the lady's four-year-old brother, Ernest, and transported only 30 feet away from a boat in which two ladies were fishing, and, as the boys made no call for help, their predicament was unknown to the occupants of the boat, who might have saved them.

The little brother gave the alarm, and when the police and firemen arrived on the scene they dragged the river for half an hour before the bodies, lying in five feet of water and about ten feet apart, were finally located. Efforts at resuscitation failed, although several physicians worked over the lads for some hours.

**Sweltered at Galt.**  
GALT, June 28.—Yesterday was the hottest of the season, the mercury at the postoffice being 95 in the shade. In several large foundries and machine shops men were obliged to lay off. Several cases of prostration were reported. Rain has not fallen for a week and the previously promising strawberry crop of the neighborhood yields next to nothing.

**Another Starves Out of Jail.**  
LONDON, June 28.—Gertrude Shaw, who last Saturday hurled a brick through a window of the Scotland Yard police headquarters, and subsequently was sent to prison for a term of three weeks, and immediately went on a hunger strike, was released on license yesterday. At the time of her arrest Miss Shaw declared that she threw the missile as a protest against the treatment of Mrs. Pankhurst and other suffragette prisoners.

**Liberals Hold Leicester.**  
LONDON, June 28.—(C.A.P. Cable.)—The bye-election in Leicester made necessary through the resignation of Crawshaw Williams, resulted as follows: Gordon Hewart (Lib.), 10,863; A. M. Wilshe (Unionist), 9,279; Hartley (Independent Socialist), 2,860. Hewart's majority over his Unionist opponent is 1,584, whereas the previous Liberal majority was 5,691. Leicester has always been an extreme democratic stronghold.

**Conservative Mass Meeting.**  
OWEN SOUND, June 28.—The Conservative mass meeting in the town hall last evening was largely attended and an attentive reception was accorded to the speakers. Mr. Jos. McLaughlin acted as chairman. Addresses were delivered by Messrs. T. I. Thompson, ex-M.P.; W. R. Moore, Meaford; W. Brodie, Chatsworth; W. S. Middlebro, M.P.; C. S. Cameron, the Conservative candidate, and Hon. W. H. Hearst.

**To See Real War.**  
PARIS, June 28.—Friends of Gen. Nelson A. Miles say he said just before leaving Paris a few days ago, that he was going to the Bains in hopes of seeing some actual war, and also to visit his son, who is observing the armies there.

## AGREED WITH BABY

This Mother Found The Right Food For Her Baby Girl.

Mrs. Arthur Prince of Meaford, Ont., writes, on Sept. 12th, 1911: "Some time ago, you were good enough to send me a sample of Neave's Food. Baby liked it so well and it agreed with her, so I am using it right along and think it is excellent."

"I have a friend with a very delicate baby. She cannot nurse it and has tried six different foods, but it does not thrive at all—it is always sick and troubled with indigestion. I strongly recommended your food. Will you please send her a sample?"

Mrs. Prince wrote again on Sept. 27th, 1911: My friend's baby has grown wonderfully. I can scarcely credit it. Her next baby, which she expects in five months, will be fed on Neave's Food right from the start—she thinks it is so good."

Mothers and prospective mothers may obtain a free tin of Neave's Food and a valuable book "Hints About Baby" by writing Edwin Utley, 14 Front Street East, Toronto, who is the Agent for Canada. (Mention this paper.)

Neave's Food is sold in 1 lb. airtight tins by all Druggists in Canada.

By J. Fenimore Cooper

misconstruction, and he continued quietly awaiting what the preparations on her little mahogany secretary were intended for. Mrs. Wilson entertained a great abhorrence of what are commonly called accomplishments in a woman she knew that too much of the precious time which could never be recalled, was thrown away in endeavoring to acquire a smattering of what, if known, could never be used to the party, and what can be said of her well known but to a few whom nature and long practice had enabled to conquer. Yet as a niece had early manifested a taste for painting, and a vivid perception of the beauties of nature, her education had been indulged, and Moseley sketched with neatness accuracy, and with great readiness. It would have been no subject of surprise had admiration or some powerful feeling, betrayed to the list, on this occasion, the decease of the young man was practicing. Every trimmed Hat in stock all New and fashionable. Tan, white, Saxe, splendid quality in several sizes. Scarce and wanted materials.

## The Suspicious Coal Man

"YOU'RE not buying as much coal this winter," said the coal man frowning darkly at Mr. McBride.

"So you noticed that, did you?" remarked McBride with a smile of keen delight.

"Buying somewhere else?" questioned the suspicious coal man.

"No, just threw out the old 'Warhorse' that I had in my cellar and put in a McClary's Sunshine Furnace. And I'm buying one-third less coal."

"You see, McClary's Sunshine Furnace has many features for cutting coal bills that no ordinary furnace has. For one thing it has four radiating surfaces that gather up the heat and distribute it through the house. The gas chamber is built to get all the heat out of the gases which would otherwise escape up the chimney. And its four triangular grate bars release ashes without wasting fuel. And its straight fire-pot--"

"Gee! Mr. McBride," interrupted the coalman, "You talk like a McClary salesman."

"Well, you see," said the enthusiastic McBride, "I went into the furnace question mightily thoroughly before I decided on the Sunshine, and I know what I am talking about."

"Well, Mr. McBride, I must say that the Sunshine is a bad furnace for the coal man's business. But I wouldn't mind saving some coal myself, now that the cost of living has gone up so high."

"Better see the McClary agent," was McBride's parting suggestion.

If you have an old "Warhorse" in your cellar it will pay you to see the McClary agent in your locality. You would also find it profitable to write for a copy of the latest Sunshine furnace booklet. Address our nearest office.

## WOMAN IN TERRIBLE S

Finds Help in Lydia ham's Vegeta Compound

Cape Wolfe, Canada. "I was a complete wreck. I had lost all hope of getting better. My length of time, as I was suffering from female troubles, was today I am in good health. I have a pair of twin boys two years and growing finely. I surprise my neighbors for they all thought I was a wreck I was."

"Now I am healthy, happy, and owe it all to Lydia ham's Compound. You may see a letter for me like I think women using your remedies will have better health." Mrs. O.K. Lot No. 7, Cape Wolfe, P. E. I.

Because your case is so common, do not continue to suffer with Lydia ham's Compound. It surely has helped many cases of female troubles, irregularities, period pains, and it may be exact what you need.

The Pinkham Compound is a record of constant victory over the obstinatest of women's ailments that deal with despair. It is the only remedy established fact that Lydia E. Pinkham's Compound has restored health to thousands of suffering women. Why don't you try it, you need such a medicine?

subject. He sat at a glance the arbor--the himself, all were there; it appeared to have been drawn before it must have been, from its perfect state. Emily had seized a favorable moment to seize his confidence. Her touches were not finishing, and as the picture frequently held up for contemplation, he had some of his own. His own resemblance was strong; his eyes were as on herself, to whom Denbigh thought she had not been so like. A slight smile, a slight nod, a slight movement of the muscles of the face, the last thing, on the hand, with a movement almost imperceptible to himself.

"It is later than I thought," said Denbigh looking at his watch. "I owe an apology, Miss Moseley, for making so free with your parlor; but I am too lazy to move."

"Apology! Mr. Denbigh," cried Emily, with a color varying with every word she spoke, and trembling a what she thought the nearness of detection; "you have no apology to make for your present delinquency; and surely, least of all, for me!"

"I understand from Mr. Moseley," continued Mr. Denbigh, with a smile, "that our obligation is at least

to your perseverance and Miss Moseley, after the boys had given me up, I believe that Denbigh caught a glimpse of my recovery."

Emily was not in vain, and least of all addicted to a display of any of her acquisitions; very few even of her friends knew she ever held a pencil in her hand; yet did she now unaccountably throw open her portfolio, and offer its contents to the examination of her companion. It was done almost instantaneously, and with great freedom, and the without certain flushings of the face and heavings of the bosom, that would have excited Grace Chatterton in her happiest moments of natural flattery. Whatever might have been the wishes of Mr. Denbigh to pursue a subject which had begun to grow extremely interesting, both from its import and the feelings of the parties, it could have been ruled to decline viewing the contents of a lady's portfolio. The drawings were many of them, interesting, and the exhibitor of them now appeared as anxious to remove them in haste as she had been the moment before to direct his attention to her performances. Denbigh would have given so much care to ask for the paper so carefully secreted in the private drawer; but neither the principal agency he had himself in the scene, nor the delicacy to his companion's wish for concealment, would allow of the request.

"Doctor! how happy I am to see you," said Emily, hastily closing her portfolio, and before Denbigh had gone half through its contents, "you have become almost a stranger to me since Clara left us. No, no, my little friend, never a stranger to me, I hope, at Moseley Hall!" cried the doctor, pleasantly. "George I am happy to see you look so well. His hand shook as he broke the seal, and his interest in the writer, or its contents, could not have escaped the notice of any observer, however, indifferent."

"Now, Miss Emily, if you will have the goodness to order me a glass of wine and water after my ride, believe me, you will do a very charitable act," cried the doctor, as he took his seat on the sofa.

### JULIUS CAESAR.

As the Movies Would Have Given It  
Scene One—A crowd of scowling  
thugs in flowing bathrobes clad,  
Whose gestures seem to indicate that  
someone is in bad.  
They crowd around a high-browed  
gent and whisper in his ear;  
He waves a deprecating hand as if  
in doubt of fear.  
A tall, gaunt person enters now and  
winks a leering eye.  
And next appear these fateful words:

"WE GOT TO GET THAT GUY!"

Scene Two—A statue in a street—  
a large, imposing man.  
Surrounded by the gang we saw when  
first the show began.  
And as they move along they shield  
their faces with their hats.  
And each deposits as he leaves a  
dagger in his slats.  
The large man starts; among the  
gang a friend he's recognized.  
And this appears upon the screen:

"WHY BRUTUS, I'M SURPRISED!"

Scene Three—A man with waving  
arms is talking to a crowd;  
At first he doesn't seem to stir them  
much, although his voice looks  
loud.  
But by and by they pay more heed  
and make quick movements,  
showing  
That something he has said to them  
has really got them going.  
Some now grab bricks and run  
off a dozen at a time,  
And on the screen these words ap-

"ANOTHER BLACK HAND  
CRIME."

Scene last—A tent, two generals in-  
dulge in jest and scoff.  
But presently by shading hands they  
seem to call it off.  
And now a page comes rushing in and  
by his attitude  
You know the plotters' army has  
been galloped and pursued.

### SOCIAL AT ST. AGATHA.

The public is again reminded of the  
social to be held on Dominion Day  
at St. Agatha, in aid of the church  
decorating fund. A good programme  
of sports has been arranged. A bar-  
becue will be held and an old-fash-  
ioned dinner and supper provided for the  
guests. All persons attending the  
social are assured of a good time  
and delightful outing. Letter go.

### FOR A JOINT BAND CONCERT.

Mayor Fischer of Waterloo while  
attending a meeting in the city  
last evening expressed the opinion  
that the suggestion to have the Wa-  
terloo and Berlin bands take a part  
in a joint concert was a good one  
and hoped to see such a concert take  
place in the near future.

### TRIED TO HOLD UP FOREIGNER.

An Austrian who had just reached  
this city from London, England,  
complained to Chief O'Sullivan last  
night that upon reaching Berlin he  
had lost his travelling bag at the  
station. He stated that he had given  
the bag to a baggage deliverer who  
demanded a dollar for the service of  
delivering it. Upon refusing to  
pay it the baggage man would not  
return the bag. The police set  
about to find the man who was  
guilty of this misdemeanor.

### NO ACCOMMODATION FOR BERLIN.

The Grand Trunk Railway will op-  
erate special trains to handle holi-  
day traffic but no such accommo-  
dation is announced for the district  
west of Guelph, Berlin, Stratford  
to London.  
This is another side-wheel to this  
troubling district.

### ENGLISH BOWLING GREENS

A member of the Canadian bowling  
team now touring in Britain finds  
that the greens are on an unusual  
length and very keen. That at head-  
ing was 42 yards long, which is  
26 feet longer than the standard  
green in Canada.

### WILL HOLD A CONVENTION

On Thursday afternoon of this week  
the County executive meeting of the  
W.C.T.U. met in the form of a  
picnic at Idylwild to discuss plans  
for the coming convention which will  
meet in the early fall. There were  
nearly fifty ladies present, represent-  
ing Galt, Hespeler, Preston, Ayr,  
New Dundee, Waterloo and Berlin  
Unions. It was decided to have one  
day convention on Sept. 16, in Wa-  
terloo and to invite Mrs. McKee the  
Dominion President to be the guest  
of the Convention.

### THE THIRD ANNIVERSARY

The choir and many members of St.  
Peter's Lutheran church will go to  
New Hamburg on Sunday to take  
part in the third anniversary services  
of St. Peter's church in that town.  
Rev. Dr. Oberlander will preach at  
the special services and the choir un-  
der Mr. George Ziegler's direction  
will take part in the musical pro-  
gramme.

### LAD RESCUATED.

Rescuers Rewarded After Two and a  
Half Hours' Work.

TORONTO, June 28.—Over two and  
a half hours of patient effort resulted  
in the rescue of a 16-year-old boy,  
from death by drowning at Grimsby  
Beach yesterday. The boy was a  
member of the Western Con-  
federated School and they took  
the lake yesterday on their annual  
picnic. He lives at 5 Vauxhall  
avenue.

When the picnickers arrived at  
Grimsby a number of the boys played  
baseball until lunch, and after eating  
went down to the wharf to swim.  
A group of spectators gathered around  
to watch the boys dive, and they took  
great delight in pretending at times  
to be in distress. When Jim Hector  
rose to the surface after a dive with a  
strange expression on his face, and  
immediately sank most of those on  
the wharf thought it a joke, but when  
minute after minute went by and he  
did not reappear, swimmers and  
watchers alike began to grow anxious.  
Some ran off to get help.

Little Gordon Bleckern alone kept  
his head. He dived after his com-  
panion, and after several failures,  
brought him to the surface. The boy  
had been under water over five min-  
utes and resuscitation seemed impos-  
sible. But officials of the school took  
charge of operations, and after more  
than two hours and a half the boy  
was breathing again.

## Two Vacancies on Directorate; Live Baseball Men Needed

### Shareholders Talk of Calling Meeting to Appoint New Men. Mr. Hagen out of it.

There is some talk among those who hold stock in the Twin-City Athletic Association to call a general meeting for the purpose of having two new directors appointed. There are two live men needed to fill the vacancies left by the resignation of Mr. J. J. MacCallum, early in the season, and the more recent resignation of Ald. H. A. Hagen. The latter has transferred his stock and although he was urged to remain on the directorate, he was dissatisfied with the inactivity of the directors in securing a new manager.

This leaves the baseball affairs in the hands of Dr. Kalbfleisch, the President Mr. W. Witt and Mr. C. Huether. In Dr. Kalbfleisch the Association has a good man to direct affairs but what is needed is two more men to make the directorate complete.

The list of shareholders comprises some good material. Those mentioned are John Cochrane, one of the best baseball authorities in the city, W. M. O. Lockard, Archie Lockhart and there are several others who could furnish the Association good service, and incidentally the baseball public would have its confidence strengthened in the baseball situation.

It's up to the shareholders to see that two good men are appointed.

## Phillies Are Sure to Worry The New York Giants

Whenever the Phillies are confronted with the possibility of losing a game which is about as often as the Yankees were once confronted with the possibility of winning one, Charles, the college coach, adjusts his trusty blackouts, goes long, and intently in the general direction of the score, and draws a mental diagram of the extent of the Giants' activities of inactivity, which is the case may be. What Dooin writes there is a lot to do with his general conduct in the moments immediately following.

If at that critical moment the Giants are living distress signals Dooin stands pat, content to let his own attitude run their game in their own way. But if the giants are bounding along with victory, sails set, thereby becoming a menace to the nice little party, the Phillies are arranging for themselves this year, the city of major league summers. Dooin becomes an object of animation such as is seldom seen in the net result of the agitation of the entrance of Mr. Grover Cleveland Alexander, who as a rescuer has all rival rescuers tied in a knot.

When in doubt consult the score-boards in the Brooklyn. A team that can go ahead and win a game that has to all intents and purposes been put on ice by the opposing team, has more in its general construction than the mere element of luck. It's a disconcerting thing to have seven runs piled up against you in one inning. The ability to overcome such a lead, especially when the lead is held by a fast moving team shows a fighting spirit that must be taken into consideration in the general scheme of things.

From Brooklyn, the Phillies jumped to the front the "close students" of the crack. First it was the pitching staff that was about to crack, then a crackling detonation that could be heard as far as the coast. When the pitchers declined to make good in this respect the batting strength of the team was slanted to crumble. But all the Phillies do is to go along winning games, while so far as the batting is concerned the best that Cravath is able to accomplish is to make about four hits in one day. And his teammates help the good cause along.

Meanwhile the Giants are doing all that any team could be expected to do. Certainly they are winning frequently enough to please any one, but the trouble confronting them now lies in the lead the Phillies stole unexpectedly early in the season. The Giants are now showing just as much as the Phillies. They need, however, to show a little more, and perhaps some day soon that crack will make the position we are expected to take.

In view of the ease with which the Phillies are overriding their opponents now it is interesting to note that in the city series before the season started they were mauled about by the Athletics as though they were minor leaguers. On that basis the prospects of the National league getting the world championship does not appear at (this distant date to be overburdened with hope.

St. Thomas Times.—It is very disappointing the way the Saints are slumping. Here they are only winning eight of the last ten games, one being a 1 to 0 shutout and the other a 3 to 1 loss, with the home pitcher letting his opponents hit with two hits. Wonder what they are like when they are in form?

Ottawa Free Press.—The purchase of Pitcher Dye from the Nashville club of the Southern league brings another player to Ottawa from a class A organization, and it is hoped that he will prove a good man. Shaughnessy has had a lot of poor luck with his pitchers this year and if Dye is up to the mark he will help matters considerably.

Merchant, the Detroit youngster made such a good record with Johnson City in the Appalachian league last year, the Tigers drafted him and sent him to Terre Haute of the Central league for seasoning. The report over the wife yesterday that he had been released by Ottawa was apparently erroneous, as he took part in yesterday's game.

St. Thomas, June 27.—With "Bill" Reilly, the Cleveland American scout, occupying a seat on the stand, the Saints dropped to-day's game to the Brantford Red Sox. However it was a very close contest and was not until the last man had been retired. The representative of the runners-up in San Johnson's circuit was pleased with the brand of ball he saw, and stated that the Canadian League was as fast as class C organization. He was much impressed with the work of Eddie Wright at third and Martin Kopp, the speedy left fielder.

The visitors won by getting two runs over in the eighth on a pass and a couple of hits. The locals filled the bases in their part of the same inning, but two infield flies ended the rally. In the ninth, Wright the first batter, singled, and went to second on Ort's infield out, but died there, Gurney and Powers flying out. Kopp's hitting was the feature. He got a double and two singles out of four times up. Wright's fielding was brilliant. Score: Brantford ..... 0 2 1 0 0 0 0 5 St. Thomas ..... 1 0 1 0 1 0 0 1

Even Break at Peterboro. Peterboro, June 27.—The Petes and Guelph divided a double header, the visitors winning the first game by 5 to 2, and the Rovers the second by 4 to 1. Dorbeck deserved a shut-out in the first contest, as all hands should have been out when Hillard came to bat and made two runs with a homer. The first here this season, Umpire Daly banished Fryer from the game. Sterling who finished the initial game, returned for the second, and a scratch hit was the visitors' best. Schuler was inclined to be wild, and the hits were timely.

### PROBLEMS THAT WORRY THE SPORTING PUBLIC.

To whom does the white heavyweight championship belong? How long will St. Thomas stay at the top of the Canadian League? Will Willie Ritchie prove to be a real champion in action? What about that mid-dleweight muddle? Can Philadelphia cop two pennants? Will Jo-Jo Keenan still be at the head of the team when it returns home? Can Frank Chance ever build up a real ball club? How long can Christy Mathewson keep up his pace? Is married life a detriment to athletic powers? Ask Walter Johnson, who lived London a pennant as he did Berlin? Will U. S. congress find a real octopus in the baseball commission? Will the weather man dish up his best for the C. W. A. meet in Waterloo on July 1st?

hit out a home run with three men on bases is worth having on the club.

Courier.—Our comedy umpire, J. Ira Davis, was back with us yesterday from a winter season as ball-hoosman with a Coney Island side show. He took J. His jokes went all right yesterday, but he must keep them censored if he hopes to get away again this year. Ira can umpire, none better, and the fans seem to like his stuff, but he has to keep the rough side out of his talk.

The leadership of Frank Shaughnessy was not such as to enhance his popularity here. Still visiting managers are not supposed to be popular. Shaughnessy looked like a grand hitter, however.

St. Thomas Times.—It is very disappointing the way the Saints are slumping. Here they are only winning eight of the last ten games, one being a 1 to 0 shutout and the other a 3 to 1 loss, with the home pitcher letting his opponents hit with two hits. Wonder what they are like when they are in form?

Ottawa Free Press.—The purchase of Pitcher Dye from the Nashville club of the Southern league brings another player to Ottawa from a class A organization, and it is hoped that he will prove a good man. Shaughnessy has had a lot of poor luck with his pitchers this year and if Dye is up to the mark he will help matters considerably.

Merchant, the Detroit youngster made such a good record with Johnson City in the Appalachian league last year, the Tigers drafted him and sent him to Terre Haute of the Central league for seasoning. The report over the wife yesterday that he had been released by Ottawa was apparently erroneous, as he took part in yesterday's game.

## AN EVEN BREAK AT PETERBORO

Guelph Divides Double Header. Saints Lost to Red Sox

St. Thomas, June 27.—With "Bill" Reilly, the Cleveland American scout, occupying a seat on the stand, the Saints dropped to-day's game to the Brantford Red Sox. However it was a very close contest and was not until the last man had been retired. The representative of the runners-up in San Johnson's circuit was pleased with the brand of ball he saw, and stated that the Canadian League was as fast as class C organization. He was much impressed with the work of Eddie Wright at third and Martin Kopp, the speedy left fielder.

The visitors won by getting two runs over in the eighth on a pass and a couple of hits. The locals filled the bases in their part of the same inning, but two infield flies ended the rally. In the ninth, Wright the first batter, singled, and went to second on Ort's infield out, but died there, Gurney and Powers flying out. Kopp's hitting was the feature. He got a double and two singles out of four times up. Wright's fielding was brilliant. Score: Brantford ..... 0 2 1 0 0 0 0 5 St. Thomas ..... 1 0 1 0 1 0 0 1

Even Break at Peterboro. Peterboro, June 27.—The Petes and Guelph divided a double header, the visitors winning the first game by 5 to 2, and the Rovers the second by 4 to 1. Dorbeck deserved a shut-out in the first contest, as all hands should have been out when Hillard came to bat and made two runs with a homer. The first here this season, Umpire Daly banished Fryer from the game. Sterling who finished the initial game, returned for the second, and a scratch hit was the visitors' best. Schuler was inclined to be wild, and the hits were timely.

#### HAMS BEAT LONDON.

London, June 28.—London lost the first game of the series with Hamilton yesterday afternoon at Twickenham Park by the score of 5 to 3 in an 11-inning battle, which lasted nearly three hours. Hitting in pinches won the game for the visitors, while the inability of Deaneau's clouters to connect when hits would have meant runs sufficient to win two or three ball games like yesterday. Fourteen men left on bases let the tale too well and the fine-mound duty done by Pitcher Smith for the visitors.

Fitzpatrick started for London and did well up to the seventh, when the Hams worked across two runs on one lucky hit, which bounded over Dunlop's head, a clean single and an error by Dunlop. The score at this time was 3 to 2, with the visitors in the majority, but London tied up the game in the eighth, and Chisput looked as if he would pull the game out of the fire, since the Hams could do little with his offerings, but the fall 11th, when three hits and another error by Dunlop allowed two runs to score in the ninth. Let derrickied Smith when he passed Reidy, who went to bat instead of Mattoon and sent in Doanhu, who retired the London batters in succession and won out.

## BERLIN COULD NOT SCORE

Ottawa Shakes Schaefer's Jinx and Wins by 2 to 0

Ottawa, June 27.—In the third inning of the game to-day the Ottawas got to Schaefer hard and scored two runs, enough to win the game. Rowe walked and scored on Bullock's three-bagger. After Shaughnessy and Bullock had been retired Rogers singled and scored when Lage drove one past shortstop Gestel. These were the only tallies of the match, and Ottawa won by 2 to 0. Kubae outpitched Schaefer, holding the Berlin team to four hits, while the Ottawas broke through Schaefer's guard for eight, which included a three-bagger by Bullock and a double by Lage.

Berlin threatened several times, but could not get a man past third. In the first inning they had three on bases with no one gone, but Kubat tightened up and pulled himself out of a dangerous position. In the seventh inning Keenan drove a long fly to left field, which Rogers caught after a beautiful run. He vi Avery doubled off second, but Robertson dropped the throw. Umpire Evans had several clashes with both teams, but his work throughout was

Italian Workmen Perish in Explosion Near Parham, Ont.

Contractor's Camp on C.P.R. Is Scene of Terrible Disaster When Spark Is Generated Unawares and Heavy Blast Bursts Laborers Under Tons of Debris—Italian Consul to Investigate.

KINGSTON, June 27.—Ten Italian workmen were killed yesterday morning in the construction camp of the C.P.R. railway, ten miles out of Parham, on the line of the railway, and 46 miles from Kingston. They were working in a cut, when a premature explosion of dynamite occurred.

Michael Gurrey, foreman of the camp, with a fellow workman assisting, had all preparations made to let off a heavy blast, when in some unknown way a spark was generated, causing the explosion. Some of the bodies were buried under tons of debris, and searching was continued all day. Last night all but two had been recovered.

Johnston Bros., the contractors, stated that the exact cause of this accident would never be known, as the foreman had met death. The names of the Italians could not be secured. One of the Italians who had a narrow escape went temporarily insane, and it required three workmen to keep him from doing himself bodily harm.

Dr. W. W. Sands, coroner of Kingston, will hold an inquest. It had been the intention to open it yesterday afternoon, but owing to the instructions of Dr. Harley Smith, the Italian consul at Toronto, it was held over. Dr. Sands conferred with J. L. Whiting, the county coroner, who instructed him to comply with the Italian consul's instructions. The firm of Denton, Grocer & Field, Toronto, will send a lawyer down in the interest of the consul. The C.P.R. will also be represented.

In view of the frequent fatal accidents to foreigners at railway construction camps in this district, the Italian consul would be represented at investigations into any future fatalities.

Brand as Fallacy Report Concerning Prevalence of White Slavery.

HALIFAX, N.S., June 27.—The white slave traffic held the attention of the chief constables of Canada yesterday morning.

The secretary submitted a lengthy report on the subject, in which he deplored the exaggerated statements concerning the prevalence of the evil in Canada, which was constantly being set forth. The statement that the Dominion was furnishing the United States with 200,000 girls each year for immoral purposes was branded as an absolute fallacy.

**Regina Rate Decision Reserved.**

OTTAWA, June 27.—The Regina rate case was argued before the Railway Commission yesterday morning and judgment reserved.

Mr. M. K. Cowan, K.C., who appeared for Regina, urged that though an order had been made by the commission that the rate be reduced against Regina be removed, the new rates put in effect had only partly done this, and he asked for a further order.

**New Railway for British Columbia.**

VANCOUVER, B.C., June 27.—Sir Richard McBride announced yesterday that he expected within two years arrangements would be made for the extension of the Pacific Great Eastern Railway into Alaska, making a through route north from Vancouver. Present construction plans of the Pacific Great Eastern will carry it north only as far as Fort George, 450 miles from Vancouver.

**Ten Thousand Inches Required To Patch Up Buffalo Victims.**

BUFFALO, June 27.—Over 10,000 square inches of skin must be given for grafting purposes if the victims of the Huested elevator explosion fire is to be kept from reaching far more appalling proportions, according to conservative estimates of physicians in attendance on the injured at the various hospitals.

To meet this demand the services of between 200 and 300 volunteers will be required. In individual cases a friend or relative has offered to make for the Huested catastrophe leaves no alternative but public appeal, which hospital authorities will be made as soon as the exact conditions are known.

**No more bodies had been recovered from the ruins yesterday and firemen were still pouring water into the wreckage.**

**Six Drowned at Edmonton.**

EDMONTON, Alta., June 27.—Roden C. Hooper, manager of Marshall Wells Co., and wife, Early Meredith, superintendent of Marshall Wells Co., and Mrs. Case, wife of Manager Case of the west end branch of the Imperial Bank, and mechanic, were drowned last night when a motorboat upset in the river. Mr. Case was saved.

**Incendiarism by Farmers.**

REGINA, Sask., June 27.—That incendiarism is rife in the rural districts of Saskatchewan is the statement of R. J. McLean, provincial fire commissioner. In many cases he believes incendiarism is due to the fact that farmers are short of money, and in order to collect some ready cash set fire to their own buildings.

**Boy Forger's Stiff Sentence.**

CALGARY, June 27.—One of the stiffest sentences known here was handed Frank Durne, aged 20, who was given ten years for forging checks to the value of \$140. The boy was out on probation after sentence for a similar offence and immediately started his old ways.

**NEW RAILWAY**

Engineer C. B. Brown Put at Head of Government Lines.

MONTREAL, June 27.—The appointment is announced of Mr. Collingwood B. Brown to the position of chief engineer of the Government railways in Canada. Since graduation in civil engineering in Cornell fourteen years ago, Mr. Brown has been in the employ of the C.P.R., filling various engineering positions from rodman to principal assistant engineer, a post to which he was appointed two years ago, and which he now resigns to become head of the Government railways engineering department.

Mr. Brown is very well known both in eastern and western Canada, having been in turn resident division engineer at Calgary, division engineer at St. John, N.B., and Montreal, before becoming chief assistant of the C.P.R. Although a graduate of an American college Mr. Brown is a Canadian. He was born at Kingston, Ont., thirty-six years ago, and is thus a comparatively young man. Later he resided with his parents at Oshawa and Ithaca, where he took his college course.

The management of the Intercolonial and Prince Edward Island Railways feel they have secured a particularly able and experienced man in the new chief engineer, who will take up his residence at Moncton on the 1st of July.

**THEY WAITED IN VAIN.**

After Assurances of Agent Land-seekers Lost Farms.

HEARST, Ont., June 27.—The treatment which the pioneer farmers of Hearst received from the crown land agent after waiting all night in a thunder and hail storm on the steps of the recording office to procure the homesteads is arousing indignation. It seems that the reason that they were unable to get the farms they were after was because they had already been applied for by letter, in some cases two or three farms having been applied for in this way at one time by people who are not known here.

They say they had been told repeatedly by the agent that the first man to file for a particular piece of land would get it and naturally they were dumb-founded when they found their patient waiting had been of no avail.

One case is particularly hard. A man named Smith Ballantyne, who has lived near Hearst for the past three years and had "squatted" there, clearing three acres, was turned down in this position, and there were seven other others in line behind him. The department in Toronto has been approached on the subject and Crown Lands Agent Anderson has been asked for an explanation.

**SUTHERLAND DEAD.**

Fourth Duke Passes Away at His Home in Scotland.

LONDON, June 27.—(C.A.P. Cable.)—Comaric Sutherland-Leveson-Gower, fourth Duke of Sutherland, died at one o'clock this morning at Dunrobin Castle, Sutherlandshire.

The Duke of Sutherland, who was born July 28, 1831, was with the exception of the Emperor of Russia, the largest land owner in Europe. His Scottish estates embraced nearly a million and a half acres. He owned 20,000 acres in Sutherlandshire, and Shropshire and much landed property in other countries.

He was noted as a sportsman and a fine yachtsman. His yachts included Catinus and Lisette.

In 1884 he married Lady Millicent Fanny St. Clair-Erskine, daughter of the fourth Earl of Rosslyn, two sons and one daughter being the result of the union. In recent years the duke has been deeply interested in a colonization scheme for western Canada, and to that end has purchased vast tracts of territory.

**THAT STATION AT LAST.**

After Nine Year Dispute Toronto Settles Railway Trouble.

TORONTO, June 27.—At last the nine-year-old viaduct controversy between the railways and the city of Toronto has been settled. Three years from to-day Toronto is to have a new Union Station, with the tracks along the waterfront removed from the street level.

Something of a sensation was thrown into the civic camp yesterday when the agreement covering the construction of the much-delayed viaduct and new Union Station was handed to the mayor by the representatives of the C.P.R. and G.T.R. and the Harbor Board for approval by the City Council.

When the scheme is consummated the city of Toronto will occupy the unique position of owning the entire waterfront.

**Was Mis-quoted.**

TORONTO, June 27.—All duly qualified ministers resident in Canada possess the right to perform the marriage ceremony. Dr. J. W. S. McCullough, registrar of Ontario, stated last evening that this was the substance of the present marriage act, and that he had been misquoted in the press in a statement restricting the right to those of the province.

Injured In Ottawa Wreck All Progressing Except One.

OTTAWA, June 27.—Passengers injured in the wreck of the C.P.R. train near here Wednesday afternoon are reported to be progressing favorably, with the exception of James McNally, of Mrs. Jane McNally, one of the dead, who is said to be so seriously injured that he may not recover.

The eight passengers killed have now been identified without doubt. The corrected list of dead is as follows: Patrick Mulverna, County Antrim, Ireland, aged 25; John Moodie, Sanday, Orkney, Scotland; aged 17; John Hogg, County Derry, Ireland, aged 30; Mrs. Jane McNally, Glasgow, Scotland, aged 40; John Peace, Glasgow, Scotland, aged 21; Mrs. H. McClure, County Antrim, Ireland, aged 65; John McClure, aged 6; Matilda McClure, aged ten months. The two latter are grandchildren of Mrs. H. McClure.

# Pleasant Place

## The East Ward's Popular Workingmen's Residential Section

This is the chance of a lifetime to purchase a lot in the finest residential section in the City of Berlin at **ROCK BOTTOM PRICES**. Remember this beautiful property is fronting on King Street, with the street car service right at your door.

**Only Ten Minutes Walk From City Hall**  
And Right in Line for all Municipal Improvements

Every Lot will be in immediate demand for building purposes, and purchasers of these lots at today's prices will probably double their money inside of a year. If you do not credit these statements just get busy and look over the situation. Get in touch with practically the busiest ward in the city, and be convinced that here is a chance for investment that is unsurpassed by any other section.

## Handsome Residences are Being Erected All Over The East Ward

But the closer to King Street and the Street Railway, the greater activity is displayed in building operations, and the demand for lots from the investment standpoint. Do you realize what a value creator the Street Railway is? No! Then you have only to refer to the advertising matter of our esteemed competitors to realize what value they place on a prospective railway service within several blocks of the property they are offering for sale. Pleasant Place has a street car service that is practically the best in the Dominion of Canada, which will eventually be improved by a half hour service and Sunday cars. It would not require a great stretch of imagination to predict that inside of a few years the fine macadamized frontage between Berlin and Centreville will be solidly built up with handsome homes of greater Berlin's increase population.

**HOME BUILDERS AND INVESTORS!** Investigate the advantages of PLEASANT PLACE, Located at the corner of King Street and Natchez Road. Wide streets, fourteen foot alleys, and every lot inside the city limits, and a first-class building site. All the advantages of city improvements, and none of its disadvantages.

### Our Guarantee

Money refunded with six per cent. interest any time within six months from date of purchase if you are not satisfied with your investment.

Let me show you over  
this beautiful property

### Free Deed

In case of death of purchaser before he completes his payments, we will deed the lot over to his beneficiary without any further payments being required

## We Have Only 40 Lots, but Everyone is a Beauty

And we have no doubt all will be sold inside of 30 days. You may not believe this statement, but you had better take it from me that it is true, and act at once if you want to own a lot in Pleasant Place. Mr. Investor you cannot afford to miss this opportunity. Crescent Place sub-division was practically sold out before the plan was completed. Pleasant Place lots will sell even faster.

**THE TIME TO BUY IS RIGHT NOW. GET BUSY TODAY.**

Don't let your little pile rust on three per cent. in the savings bank, when you can make a hundred per cent. by purchasing Pleasant Place Lots. Come in and talk it over and if we can't show you that PLEASANT PLACE is the best Real Estate proposition on the market, then don't touch it. Whatever you do, don't procrastinate; life too short, and opportunities are too few to be lightly cast aside. The other fellow is going to buy. Why not you?

Price of Lots, from \$150 up to \$250. Terms--Quarter, Cash; Balance, 3, 6, 9 and 12 months.
