Sir.

In reply to yours of the 9th inst. requesting me to furnish a detailed Statement of items of my Claim presented to the Department against the Six Nations Indians I beg leave to state that I am unable to furnish the same in consequence of Thirty Six years in business I never heard of an account of items being kept in preparing an Order —

The Order always speaks for itself as to Amt and date

In sending in my Account to the Department agreeably to the Hon'ble Secy's letter to the Hon'ble E.B. Wood I then read the Accounts I wish to send to you for your approval, and of course investigation there and then I expected to prove my claims

I have but very few claims against Individuals. Under the Agents. then I am prepared to give the items. but did not —

And you will no doubt wonder how I have been so foolish as to allow them to get so large but the fact is that the most of those parties have been dealing with me for a number of years. Sir,

I have the honour to report upon the state of the Bridge over McKenzies Creek on the New Credit Settlement and found the same in a very dilapidated condition. The Abutments on the North side of the River are in a very bad state, and require to be rebuilt, and the Bridge itself is much out of repair. The Abutments on the South side are also much out of repair, and require to be rebuilt. The Bridge is 60 feet long, and 12 feet wide, and requires to be repaired throughout. The Abutments on the North side require to be rebuilt from the foundation, and the Bridge to be repaired throughout. The Abutments on the South side require to be rebuilt from the foundation, and the Bridge to be repaired throughout. The Bridge is 60 feet long, and 12 feet wide, and requires to be repaired throughout. Dear Sir

As you requested Chief Sawyer and myself to inspect the Boston Creek Bridge in their Settlement and found the North End of it in very bad repair, also dangerous one of the stringers rotted down the other part of it might be made pretty safe for a - bably, for two years more, At the same time I would recomend that the bridge should be put in repair at once for fear of accident, If you see fit to appoint Sawyer and myself to superintend the repair of the bridge we should do so as reasonable and as much economy as any one else, the present old plank pro - perly in their place pind down and covered over with two inch plank on top of them say eight feet long spiked to the under ones, I would advise after another year that the old bridge should be pulled down altogether, only across the bed of the creek and also a small part at the south end; and that an embankment be made in its place which will be permanent and not liable to rot down the Statute labour would keep it in repair always, if this should meet your views, we would require an order from you to get the plank from Mr Stewart and draw ourselves to the spot, the bridge is 598 feet long 14 ft wide or nearly 40 rods, you reckon for yourself how many feet of plank it would take to cover it I think about 6000 ft plank measure or 12000 B.M. measure the planks 16 ft long each plank to make two pieces 8 ft long. if you should approve of this please let us know with as little delay as possible as the bridge is so very dangerous, I was not aware of it being so bad, in the mean time we ordered the Road Master to call upon some of the men

James A. Wood is to reopen the Town Line school
next Monday as I am informed by the Chief I
hope he will be able to give general satisfaction
but there is one thing great ly against this school
we cannot keep it locked they are broken open they
come there to hold singing school and instead of
going or asking for the key the door is burst open
and the school room left in such a filthy condition
with tobacco chews and spit it is disgusting I hope
you will put a stop to it Saunders and his gang
coming one every week to sing the door is always left
wide open so that sheep go in and dirty

I have to acknowledge the receipt of your letter of the 17th Ultimo in which you set forth that the Mississaguas of the New Credit Settlement are discontented with their Chief David Sawyer, and among other things it would appear that they attribute to him the responsibility of Daniel & Nicholas Macdougall being reinstated as Members of the Band.

Sir,

I am in receipt of your letter of the 9th Inst. and in reference to the Minutes of Council of the Mississagua Indians Enclosed by you, I have to remark that you should Carefully scrutinize such charge as that of Mr Shore & Warden McLean of $20 00 for Special Services. — Mr McLean receives a Salary, and participates generally in all advantages which the Indians enjoy: and he should therefore willingly give his time & attention to Indian affairs without being paid for them. The same remarks will apply to Chief David Sawyer's Charge for Special Services of $8 00 — The Chief has also a liberal Salary. —

With the Exception of these two items the Accounts Sent in are approved & will be paid.
