

AUSTRIA TO PUNISH WARMAKERS

The Bavarian Government Has Broken With Berlin

AUSTRIA TO PUNISH THE WARMAKERS

Will Bring to Trial All Those Responsible for the Hostilities

INVESTIGATION ON Counts Berchtold and Czernin to be Placed in Dock

By Courier Leased Wire. London, Nov. 28.—The Vienna government intends to bring to trial all persons responsible for the war, including Count Berchtold, Austrian foreign minister when the war broke out, and Count Czernin, foreign minister at a later period, according to an Exchange Telegraph company dispatch from Copenhagen today.

Recent revelations, he says, have been made to the effect that Emperor Charles had secretly drawn 1,500,000 crowns on the army account, while charges involving Archduke Frederick and other high officials in connection with army contracts are also to be looked into.

The diplomatic investigation will be directed chiefly against Count Berchtold, who was Austro-Hungarian foreign minister when the war broke out, and Count Czernin, later the occupant of that portfolio, the latter being accused of summarily rejecting alleged American peace proposals in the fall of 1917, and at the beginning of the present year.

The statement made in the Bavarian disclosures to the effect that the late Count Tisza, then Hungarian premier, was opposed to the hostile tone of the Austro-Hungarian ultimatum to Serbia, is said to conform with the facts Count Stuergh, the Austrian premier, on the other hand, is represented as having proceeded in the manner of a ruthless dictator.

CAN GET RAISINS.

The restrictions put on by the American government on fruit exportation has been relieved only to allow Canadian wholesalers to receive from 30 to 50 per cent. of their orders of certain kinds of raisins.

WEATHER BULLETIN

Toronto, Nov. 28.—A depression of importance which has travelled rapidly from Texas, is now centred in Illinois, indicating stormy weather over the Great Lakes and eastward. In the West the weather is fair and turning colder. Storm signals are displayed on the Great Lakes.

Gales, east to south and southwest with rain to-night. Friday—Gales, south to west, some passing showers of rain or snow, but partly fair and cooler.

ROSIKA SCHWIMMER. Who shared Henry Ford's notoriety in his "Peace by Christmas" voyage and who has now been appointed Hungarian ambassador to Switzerland, the first woman to hold such a post.

ARRAY OF SUBS OVER MILE LONG

Correspondent Tells of Visit to "U-Boat Avenue" Off Harwich

SUBS FLAG RED ONE

Bloodstained Cat o' Nine Tails Proof of German Brutality

By Courier Leased Wire. London, Nov. 28.—(Canadian Press despatch from Reuter's Limited).—A Reuter correspondent, who visited "U-boat avenue" off Harwich, where the surrendered submarines are lying, states that the avenue is over a mile long. The submarines are towed to either side in batches of three and four. Officers when asked the whereabouts of their flags said their flag was a red one.

FRESH PLEA FOR DELAY IN EVACUATION MADE

Solf Fears That Allies Intend to Annex German Provinces of Sarrelouis and Sarrebruck to Alsace-Lorraine

By Courier Leased Wire. Zurich, Sunday, Nov. 24.—Dr. W. S. Solf, the German foreign minister, has addressed the following note to the Allied powers: "According to an additional note sent to the armistice convention by the Allies, Belgium, France, Luxembourg and Alsace-Lorraine must be evacuated within a period of fifteen days. This retirement must be made in three stages, each being marked on the map. The third stage has already been reached, and encroaches upon the Rhine country to the west of Prum, between Merzig and Sarreguemines, and comprises Sarrelouis and Sarrebruck. It seems possible that this encroachment may have been made with a view to attending the evacuation of these territories to Alsace-Lorraine. The German armistice commission has again presented arguments supporting a delay in the evacuation of territories west of the Rhine, claiming that the economic situation there supports Germany's view."

MANUFACTURE OF FOOD STUFFS HAS INCREASED DURING WAR

Farm and Factory Production of Foodstuffs Stimulated Alike During Past Four Years—Memorandum from Bureau of Statistics.

By Courier Leased Wire. Ottawa, Nov. 28.—A memorandum issued to-day by the Dominion Bureau of Statistics relative to the increase in the manufacture of food products in Canada during the war period says: "How marked has been the expansion of Canadian farm production under the stimulus of the war is well known. That the same or relatively even greater expansion has taken place in the output of manufactured food products has not until recently been appreciated, in the absence of the necessary statistics.

ALLIES CAN EXTRADITE THE KAISER

Crimes of William Hohenzollern Not Excusable on Political Grounds

COMMON MALEFACTOR

French Professor Believes War Lord Can be Placed on Trial

By Courier Leased Wire. Paris, Tuesday, Nov. 26.—William Hohenzollern can be extradited, in the opinion of Professor Batteley, of the Paris law faculty, who explains that his guiding principle is that when there is an apparent conflict between law and common sense, the solution is always found by following the latter.

The theory that a political crime is any crime inspired by purely political motives, the professor declares, has long been abandoned. He notes that Belgium, in 1836 classed together among common law criminals. Crimes such as the assassinations of President Carnot of France and King Humbert of Italy, were inspired by political motives, he points out, and yet the authors of the crimes were executed.

The atrocities ordered by former Emperor William, the professor says, are condemned even in a state of war by international law, and constitute common law crimes. To maintain that they are not because the object for which they were committed was political, is, he argues, an absurdity.

LONGSHOREMEN IDLE

St. John, N.B., Nov. 28.—The Longshoremen here who are demanding 75 cents an hour instead of the 45 cents which has been paid, are still idle. A telegram from a delegation of the union who went to meet the shipping federation in Montreal yesterday announced that the delegation was leaving last night for home.

WAR'S COST TO BRITAIN

Nearly One Million of Empire's Troops Gave Their Lives

By Courier Leased Wire. London, Nov. 27.—(British wire-telegrams).—It is officially announced that during the war the forces of Great Britain actually lost nearly one million men, killed or dead through various causes. Recently it was stated that the British losses totalled 658,704, but this number did not take into consideration men who were reported missing, who actually lost their lives, but of whom there is no trace, nor did it account for men who died at the front from sickness.

MACADAM ROAD DOVER TO PARIS

High-Class Thoroughfare is Now Assured

As Result of Efforts of the Brant County Delegation

Before the delegates walked on the Ontario Ministers' yesterday in the matter of the Provincial Highway, Mr. A. E. Watts, County Clerk, waited on Mr. Hogarth, Chief Engineer of the Ontario Highways Department, and arranged for an interview between Mr. W. A. McLean, Deputy Minister of Highways, and the deputation from Brant County Council. The meeting took place at four o'clock and Mr. McLean was asked to give a definite answer to the request of the County Council that the road running from Port Dover through Simcoe, Waterloo, and Brantford, and from there north towards Galt should be designated and declared a Provincial County Highway. The Government to pay 60 per cent. of both cost of construction and maintenance. After going over the matter Mr. McLean stated that the request would be granted and that notification to this effect would follow in due course. The above action will result in a high class macadam road being constructed from the rear front at Dover to Paris, as the Norfolk portion of the road has already been designated by the Department as a Provincial County road.

PARIS WELCOMES KING

Paris, Nov. 28.—Dull, cloudy weather, with heavy rain at intervals, threatened early today to mar the reception Paris was prepared to give King George on his arrival from England. Nevertheless flags and banners were hung out everywhere by Parisians, not only on the route to be taken by the procession, but on streets in all parts of the city.

AUSTRIAN REPUBLIC NEEDS HELP

Can Rise From Its Present Position if Aided by the Allies

SAYS A DIPLOMAT

Dr. Redlich Hopes Entente Forces Are Not Vengeful

By Courier Leased Wire. Vienna, Nov. 27.—(By the Associated Press).—(Provided the Allies extend immediate help the Austrian republic will be able to rise from the position it is in at present," said Dr. Joseph Redlich, former minister of finance, to the correspondent to-day.

"We hope there is no vengeful desire on the part of the Allies to see us remain in poverty," he continued. "Our enemies should be generous and remember, at least that Austria did what she considered her duty to her ally and tried repeatedly to give up war. If we are helped, we will be able to help ourselves. Our people are farmers and men of the industrial classes, all willing to work and not inclined to Bolshevism. Our financial position looks like bankruptcy on paper, but we will be able to pay our war debts."

"Our gold reserves are small—perhaps half a billion crowns—but that is of no great importance, in my opinion. What I urge is that we be helped back to a productive basis. If we can get food now we will be able to keep order. If we can get coal we will begin working. If we can get cotton, metals and raw materials, production will go on. We will also be quiet politically, which is desired by America and the Allies. Whether we are tied up to the German federation or not, is an unsettled question, even among ourselves. It is my opinion that we must form a federation with the broken up parts of the former empire for commercial purposes."

ITALIAN SENATORS INVOLVED

Proof Implicating Several Statesmen in Conspiracies Obtained

ACTION DEMANDED

"No Traitors or Calumniators" Demands the Ex-Premier Giolitti

By Courier Leased Wire. Rome, Saturday, Nov. 23.—(Delayed).—Assertions were made to-day in the lower house of the Italian Parliament that proofs had been secured that several senators and deputies were involved in pacifist and anarchistic activities, which resulted in the Caporetto disaster. Amid great excitement, former Premier Giovanni Giolitti said "No traitors or calumniators" concerning the accusation of treason he demanded action by the chamber within 24 hours to determine whether the chamber contained traitors or calumniators.

"It is plain," he exclaimed, "that one of the other must leave this chamber."

WILL HOLD GERMANY AS A WHOLE RESPONSIBLE

Teuton States Must Pay Bill of Indemnity, Regardless of What Political Changes They Have Undergone

By Courier Leased Wire. London, Nov. 28.—German states, whatever their form, must pay the bill, Germany, as a whole, must be held responsible for the consequences of the war, says the Westminster Gazette in discussing the situation that has developed in Germany.

The newspaper admits that the Allies may find that the legal entity of Germany has undergone a complete change and that, like Austria it may burst into fragments before negotiations are completed.

London, Nov. 28.—(Canadian Press despatch from Reuter's).—In connection with the movement for the division of Germany into its various states to be ruled as republics, the Westminster Gazette refers to the possibility that in the course of peace negotiations the Allies may have to face a situation in which the legal personality of Germany may have undergone a complete change and Germany like Austria may have flown into fragments, says, "that cannot be allowed to alter the main fact of the situation, namely, that Germany as a whole must be held responsible for the consequences of the war and the German states whatever their form must pay the bill."

CIGARET COUPONS ACCEPTED AS PAPER MONEY IN RUSSIA

Capt. J.F.R. Wilkes Tells of Conditions There in Interesting Letter to His Father—Vladivostok City of Sights

Capt. J. F. Wilkes, now in Russia with the first Canadian Siberian expedition, in a letter to his father, A. J. Wilkes, K.C., says: "I am better able now to convey a few of the impressions of this gateway to the Pacific, this eastern port of Russia. The last week has been an intensely interesting one, every moment proving of peculiar interest. The types of people are legion and every one appears to be clothed in a different style than that of his other fellows. The streets and

GRAND DUCHESS MOVES Marie, of Luxembourg, following the demonstration in front of the ducal palace in Luxembourg, in which several hundred people demanded that the Grand Duchess should abdicate, that ruler has gone to her country place in Colmar, several miles from her capital city.

RELATIONS SEVERED BY THE FORMER

Efforts of Berlin to Withhold Truth About Conditions is Responsible

DECEIVING PEOPLE

Bavarian Premier Explains Reason Which Prompted Their Action

TROUBLE IN BERLIN

By Courier Leased Wire. London, Nov. 28.—Bulletin.—Bavaria has broken relations with the Berlin government, according to a Munich message transmitted by the Central News correspondent at Copenhagen.

The Munich dispatch states that a message has been sent to the Berlin foreign office by Kurt Eisner, the Bavarian premier, owing to the efforts of Berlin to deceive the people by withholding the truth about conditions.

"HAS SOFT QUIT?" In connection with reports that the resignations of Dr. Solf, the German foreign secretary, and Matthias Erzberger, another member of the cabinet are expected after the severe attacks made upon them at the federation congress in Berlin, it is stated in a Copenhagen message that documents are to be published containing many compromising facts regarding the activities of Herr Erzberger during the earlier years of the war.

"Appeal Through Prisoners" Hull, Wednesday, Nov. 27.—British civilian prisoners arriving here from Rusehleh, Germany, say that when they were leaving the prison camp there, a long written document was handed them by the Germans, appealing to them to intercede with the British people in behalf of the people of Germany, who have freed themselves from the chains of a barbarous system and "not to hold the Germans responsible for the deeds of the former autocratic rulers, who are now utterly powerless."

alloys ways are of course filthy, that being no civic power to enforce cleanliness. The few cafes, however, run by Chinese, are comparatively clean and there is no evidence of food shortage. Prices are very reasonable, especially food prices. One can order a luncheon for some 70 rubles (about 70c). The paper money is the most pathetic thing in the world. Postage stamps, cigar wrappers, cigarette coupons and anything denoting figures is negotiable and one usually carries the greatest amount of truck in one's pocket for purchasing purposes.

There are some very charming American and English people here. I am sharing a room with a chap by the name of D. E. Sherburn, who is serving in the capacity of liaison officer. He was born in Petrograd and left for Canada when five years of age. He speaks the language quite fluently and consequently I am making strides myself. I have been appointed secretary of the mess, and as a result most of my time has been occupied in purchasing various articles therefor. It has proven rather difficult to obtain office accommodation, but yesterday we secured a theatre, which is being renovated to suit our requirements.

You would die of laughter at some of the sights here. Without exaggeration one sees a full sized play wherever one looks. Yesterday Colonel Barclay and I conducted a tour through the market place where is sold everything from a

NORFOLK NEWS

ORDER NON-WORKER TO LEAVE SIMCOE

Acting Police Chief in That Town Declares War on Loafers

OTHER SIMCOE NEWS

(From our own Correspondent.)
 Simcoe, Nov. 28.—Acting Chief of Police Nelson determined last night that he would give certain prominent loafers a lesson to-day to get out of town and failing to do so is determined to lay a charge against the offender for vagrancy. He is quite a young man, ambitious, and a young wife has been supporting him. He is a well-known character to all employers of labor, and at present has suddenly mistaken the daily growing corporation wood pile for a charity supply. This development bears out our contention that Simcoe's reputed charity will be nothing to build upon for easy going this coming winter.

The chief has too a weather eye for the boys with stone. Yesterday, a little lad received a severe gash in the face with a missile of this description thrown by a vicious youth, and the force has determined to cut out these throwing. Rather good news for those behind plate glass windows. And children of civil deportment may feel relief that the bullying ones seen on the street most any where is taken cognizance of.

R. E. Gustin began yesterday to repair the damages by fire at the Ford garage. The loss was fully adjusted as regards the building. Roofing is being forwarded by express from Montreal, and part of the lumber is already on the ground. The walls are intact, and the premises will doubtless soon be ready for occupation.

Princess Mrs. Jamieson.
 Miss Herliam, missionary to India, on Tuesday, left Simcoe yesterday to fill an engagement in Hamilton. "A pretty place, Simcoe," for the retired minister, was her remark. Yesterday morning, Miss Herliam called on Mrs. Jamieson and the Taylor children, some of the latter having been known by her in their childhood, in India. This seasoned Scottish missionary to India informed the writer that our towns-lady Mrs. Jamieson has won a continental reputation as possessor of rare ability in producing bible stories for juveniles in Sabbath school and that her work as editor of the international primary leaflet, has endeared her to children throughout the land.

Death and Birth in Same House
 Gwendolyn Niedrauer, 5 year old daughter of the late Leighton Niedrauer, and of Mrs. Leighton Niedrauer, died on Tuesday evening. Just before midnight, the stark victim of the home and left another girl. The home is under quarantine for diphtheria, although the older child died of some other ailment.

Press Photographs.
 Miss Alice Butler, who spent the week-end with Adjutant and Mrs. Wiseman, en route from Newfoundland to Florida, delighted many of Simcoe's musical folk while in town with her splendid rendition of vocal gems. The young lady's contributions to the program at St. James' Church on Monday evening were not more appreciated than the young lady's private contributions to groups of friends met while in town.

 Telephone 390; Nights 356-3

and many of those who had the pleasure of hearing Miss Butler look forward to another treat when the gifted singer is returning from her southern sojourn.

Miss Butler left for the South yesterday afternoon.

Adjutant and Mrs. Wiseman leave for Orillia to-day.

High School Leaders.
 The monthly honor roll for the High school contains 24 names from Form I, with Mildred Wilson (87), Eva Cropp (86), David Selby and Katharine Botes (85), leading.

Form II, 17 names with Fern Hyde (89), Kathleen Snider (88), and Margaret Tisdale leading.

Form III, eight names, Dorothy Smythe (84), Francis Reid (82), Bert Quance (78) leading.

Form IV, 14 names, Amy Robinson (81), Rhea Snider and Angela Beal (85), Margaret Sharp (82) leading.

The list in full appeared in the Canadian yesterday, and the country pupils have apparently taken their full share among the leaders.

Several High school students have this week but one or two evenings for home study. It is presumed that when the rink opens there will not likely be a general danger of breakdown through over study.

Regarding the Home Coming.
 It is quite probable that Simcoe will be called upon within a very few days to receive more soldiers from overseas. If the town hall rings forenoon about 10.30 and there is no fire, it should be taken as a signal that some of the boys are nearing home.

Relatives who have advice in advance will please report to phone 390 at once, failing connections try 356-3.

The Courier agency would appreciate very much a single sentence from each of the first fifty letters from overseas written since the armistice was signed. We promise not to publish the names. Select the sentences and let's have 'em.

The Courier Service.
 Up to the present we have had no advice regarding increase in subscription price of The Courier delivery service. After December 1st, however, we are obliged to adhere strictly to the advance payment. When desired the service is cancelled at once and unless arrears are paid the account is handed over for collection. There is no profit to the publishers of the agency from the Simcoe circulation, not even enough to pay the expense of sending out notices.

Our delivery boys are strictly delivery boys. Business is transacted at the office.

Later we expect to be able to make a pleasing announcement to our Simcoe readers. The time, however, is not yet quite ripe.

Press Photographs.
 Miss Lou Dixon has gone to Colorado for the winter.

Mr. and Mrs. H. Carr are spending the former's fortnight of respite from the exchange desk, enjoying November motoring in Southern Ontario. Mr. and Mrs. Charles Martin and little daughter are all simultaneously

ly confined to the house by the prevalent indisposition.

The seven-year-old son of Mr. and Mrs. W. H. Abney is very ill of pneumonia.

D. A. Austin brought over from Toronto yesterday a new motor hearse complete but that the body had only the priming coat applied. The painting will be done locally. This is the third motor hearse in town.

The funeral of the Hedraner child was held yesterday.

Odd Ends of News.
 Dogs among Charlotteville sheep cost the township \$130 recently.

H. S. Falls contradicts rumors by announcing that the stock in the big store was not damaged to the extent of \$1.00 by the fire next door last week, and that no claim was made of the insurance companies.

St. Paul's will hold thanksgiving service on Sunday and will unveil an honor roll to 94 members and adherents of the congregation who enlisted.

Windham Township Council at last meeting paid \$149 for damages to sheep caused by canines.

Prof. A. T. McNeill of Woodstock College will preach at the Baptist Church Sunday evening.

The local postoffice will receive no more individual parcels for prisoners of war. Orders have been issued to intercept and return all found in transit.

Rural delivery mail boxes about Simcoe are despoiled out of condition as to lettering.

APPOINT COMMITTEES.
 By Courier Leased Wire
 Paris, Nov. 28.—(Havas Agency).—At a meeting preliminary to the sitting of the delegates to the peace conference, it is announced, committees will be appointed to study different phases of the problems, which will be involved and present reports to the conference, whose deliberations will by this means be of a more definite character. The conference, it is believed, will last for three months and it is not expected that a treaty will be signed before April.

David Lloyd George, British premier, will arrive in Paris at the same time as President Wilson.

REID & BROWN

FURNITURE AND UNDERTAKING

To Subscribers in Arrears

Paper Controller Orders Cutting Off of Unpaid Subscriptions!

Mr. R. A. Pringle, K. C., the Paper Controller of Canada, has issued an order, effective January 1, 1919, which says:

"2. Discontinue sending paper within three months after date of expiration of subscription, unless the subscription is renewed and paid for."

There are many other restrictions imposed, but this one is the most important. Therefore, between now and the end of the year The Courier's subscription list must be overhauled and put on a paid-in-advance basis, in order to comply with a governmental order.

Accounts have already been sent out to those in arrears, but subscribers do not need to wait for a "dun" to spur them to action. The date on the label affixed to the paper sent to mail subscribers tells the story. City subscribers can learn how their subscription stands by referring to their last receipt.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspaper until ordered stopped, and this practice frequently means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacturer of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved, and proposes that only those who pay for their publications shall receive them.

Under these regulations The Courier will have no choice in the matter of dealing with subscriptions in arrears for over three months.

Send in your subscription at once. Do not delay, the collectors call regularly on city subscribers. Keep your account up-to-date.

THE WIFE

BY JANE PHELPS, AUTHOR OF "MARGARET GARRETT'S HUSBAND," AND OTHER NOTABLE STORIES.

CHAPTER LXXXVI

Mrs. Clayborne Decides to Prolong Her Visit

Ruth was surprised at her aunt's attitude. Surprised and pleased, she had expected she would be so opposed to her going to work that it might make her visit unpleasant. She welcomed the change without in the least appreciating the cause. Her aunt had come north with the sole intention of seeing if she could not persuade her niece to give up her work and return south with her. Her meeting with Arthur Mandel, her quick appreciation of his feelings toward Ruth had caused her to change her mind, and also to desist from disparaging remarks about women who went out into the world and worked.

In general she had in no wise changed her deep-rooted opinion; or dismissed her prejudice against women working outside of the home. But her clever wit had seen at once that for Ruth to continue, was in time to become discontented with Brian, and to realize Mandel's superiority—at least she persuaded herself that this would happen. Not that she disliked Brian Hackett for any particular thing he had done; but because of his failure to succeed financially, she looked upon him as almost a nonentity, one not to be considered in her plans.

When Brian heard that Mrs. Clayborne was to extend her visit, he groaned inwardly. He was not unaware of her attitude toward him and although he resented it, he did not allow himself to show that he did. She was a relative of Ruth's, almost the only one she had. He would be as gracious as he could for Ruth's sake. But the very next day he called Mollie King up and asked her to lunch with him and confided to her sympathy and the way he felt because of his inability to be with her as often as he had been of late.

"I shall have to walk a crack while the old lady is here," he complained. "She's as sharp as a steel trap. No one could put much over on her. And she'd be sure to make trouble if she thought I as much as spoke to another woman. Ruth isn't at all like her," he explained, flushing a little because of what he had said, "not a bit. She never has asked me not to see my old friends, not that it would do her any good if she did," he added. "She does as she pleases. I do the same. But you see this aunt brought Ruth up. She's as rich as mud. But for all the good it does us she might as well have nothing. What she has sticks like mud too—sticks to her. Not that I want it for myself, but had she not been such a tight-wad, Ruth would not have gone to work."

"She went to work then because she wanted more than you could give her?" Mollie asked. She wondered what Ruth expected. Brian seemed to have enough money to do lots of things the rest of the crowd couldn't do. He must be making money. But some women never were satisfied. "Of course she had been used to maids to wait on her, butters to pass her food and all sorts of things like that. The flat we could afford, and the one maid, didn't appeal to her." Brian forgot that they had no maid at all until Ruth took her position, and then paid for one—at least, he forgot to mention it to Mollie.

"Poor Brian!" and her hand crept across the table and rested for a moment upon his. The sympathetic gesture affected Brian almost to tears. Mollie was such a good sort; she understood a fellow. "I should think almost anyone would be happy with you even if you couldn't give them anything." "I had of bread-and-me didn't appeal to Ruth. I don't blame her, mind you, but it makes it darned lonesome, especially when she is away."

Why he should be lonely when she was not at home (inasmuch as she never had left him save when out of town), he did not explain.

"Of course it does! Men always want their women folks at home when they get there. It isn't quite fair, though, Brian. You men think you can stay out as much as you please, but none of you want us to do so."

"A woman's place is in her home," he returned almost so savagely that Mollie laughed a rippling little laugh and then told him to pay the check and go back to work.

Brian did as he was told. He loved these little domineering ways of Mollie's; so different from Ruth's desire to defer to him. Mollie bossed him so prettily.

"I can't take my lesson to-night," he told her as they left the restaurant.

"No."

"That aunt is going to the opera and I have to act as escort," Brian knew that the seats had been sent by Mandel, but he had no intention of taking Mollie into his confidence on that subject.

"My, but you are the swells," Mollie replied.

"Have to be when the old lady is around." Had the old lady heard, she would have had further cause to dislike Brian.

BERLIN WORKMEN DEMAND WAR WAGES

Strikes Have Broken Out in Several of the Large Plants

Berlin, Nov. 27.—Disorganized strikes have broken out in several of the large plants around Berlin. They are wholly local in nature, and are the result of demands made by the workers for a fixed rate of daily wage instead of a piece schedule. Former workers in the munition plants are insisting upon the continuance of the "prosperity" wages paid during the war, whereas the employers are now starting a piece production and are striving to realign the wage conditions. Several of the plants have shut down. The workers are threatening to socialize the plants.

Getting Back Three Million Dollars

THE PAPER CONTROLLER for Canada a few weeks ago added \$12 a ton to the price of news print paper—the kind used in printing the Courier. This addition, following closely upon several previous increases authorized by the Paper Controller, has meant to Canadian newspaper publishers a total increased publishing cost, in the matter of paper alone, in the past eighteen months, of three million dollars. This very considerable sum Canadian publishers must recover from their customers, their readers and advertisers.

In connection with the earlier increases the readers of many daily newspapers have been required to pay \$1 or more per year for their newspapers, while the subscription price of very many weekly newspapers has been increased from 50 to 100 per cent. In many cases still further increases will be necessary.

But all the three million dollars increase in paper costs cannot be loaded on readers; some of this sum must come from the advertisers—this in the form of increased advertising rates. Advertising rates in Canada are, generally speaking, much lower per thousand in circulation than in the United States. Speaking on this point the editor of Marketing, a Canadian advertisers' newspaper published in Toronto, says in his last issue: "In meeting the Canadian publishers' calls for higher rates, advertising buyers should not fail to recognize that for years they have benefited by the publisher's undervaluation of his space, and should be the more willing on that account to recognize the present necessities." To all of which The Courier agrees.

Now Is The Time to Buy FARMS
Here Is One Which Must Be Sold In Thirty Days

5460—Township of Burford, 66 acres, soil clay loam. On the premises is a two-storey frame house containing 11 rooms, hard and soft water in sink, frame bank barn with stone foundation, new galvanized roof, another barn 30 x 35, drive house 30 x 40, hog pen 14 x 25, water in barn, cement floor, stabling for 25 head of cattle, litter carrier, water boyls and silo. A THREE-CORNERED FIGHT.
 At present writing there are three candidates in the field to fill the vacancy for the Ontario House in North Huron—two Conservatives and one Liberal. The riding was carried last election for the Government by 130, so that it can readily be seen what is likely to happen if the trio go to the polls.

Dr. Case received the straight party nomination with Mr. Spotton as the runner-up. The latter now claims that the officers of the association should not have been permitted to vote and that even allowing their ballots he had in reality a majority of one. Accordingly he has decided to run anyway.

Mr. Fraser, a farmer, is the Liberal candidate and makes the statement:

"There would never have been an election had not Mr. George Spotton, the Independent Conservative, declared he was going to contest the seat. I did not want to run now, but when I saw that an election was inevitable I decided to accept the nomination of the Liberal convention. Even on nomination day I agreed to drop out if Mr. Spotton would quit, and told him so, but he would not do it."

Spotton in this matter has shown himself to be the type of man who does not want anyone else to have what he can't get himself.

THE ROAD DECISION

The decision of the Ontario Government with regard to the route to be pursued by the Provincial highway in the section of Ontario from Hamilton to London, will be generally approved except of course by those others who were pulling in two other directions. The central plan was, as a matter of fact, the only course to pursue, presenting as it did the best physical features, serving a vastly greater number of people and linking together important and thriving industrial centres.

Speaking from a local standpoint, the highway is going to prove of importance to Brantford and Brant. This county has long enjoyed the doubtful distinction of having about the worst roads in Ontario, so bad in fact as to be black listed in the motor route maps across the border, and with the establishment of an up to date trunk system, there will assuredly arise several adequate thoroughfares as feeders. This is going to mean very much to the agricultural community in the matter of easier haulage, and in other directions, and will render farm lands very much more valuable than at present.

As far as the city itself is concerned, the new road will be of more importance than even the construction of another main line of railway would prove. This place is already adequately served by a number of steam and radial lines, and the Provincial highway will prove to be the one thing needed to still further enhance the already splendid inter-communication of the city with outside points.

LAURIER'S CONTRADICTIONS.

F. D. Smith points out in the Toronto News that some months before the outbreak of war, Sir Wilfrid Laurier said:

"There is one fact in the situation which I think shows that there is no intention on the part of Germany to attack England, and that fact is the German Emperor. The German Emperor is undoubtedly one of the great men of the age. By intellect, by character, by moral fibre, he has shown himself wonderfully endowed."

Speaking in London last week the same Sir Wilfrid Laurier declared that he did not consider the German people responsible for the atrocities committed by their armies. He believed that the blame rested with the commanders of the German armies. In saying this he, of course, included the Kaiser himself as All Highest War Lord. The Opposition Leader proceeded to describe the German people as "one of the noblest races in the world."

Was Sir Wilfrid right in 1914 or is he right in 1918. Is it not a fact beyond peradventure that he was absolutely wrong four years ago and that he is equally wrong to-day? Of the Kaiser's overwhelming guilt there can be no manner of doubt. Of the German people's complicity in crime there is indisputable proof. The German nation as a whole went mad with rejoicing over the murder of women and children on the Lusitania and a hundred other undefended passenger ships. Millions of

SHIPBUILDING IN CANADA.

The above pictures represent actual scenes in the shipbuilding work at the Collingwood Shipbuilding yards at Collingwood, Ont., with a portrait inset of Hon. C. C. Hallantyne, Minister of Marine and Fisheries.

Thirty-one ships are now under construction at Canadian Vickers, Montreal; Collingwood Shipbuilding Company, Collingwood, Ont.; Port Arthur Shipbuilding Company, Port Arthur, Ont.; Kingston Shipbuilding Company, Kingston, Ont.; Tidewater Shipbuilders, Three Rivers, Que.; Davie Shipbuilding Company, Lauzon, Lewis, Que.; Halifax Shipbuilding Company, Halifax, N.S.; Wallace Shipyards, Vancouver, B.C.; and the Victoria Machinery Depot, Victoria, B.C. In addition a shipbuilding plant is to be erected at New Glasgow, N.S., and the shipyard of the Polson Iron Works at Toronto will also be utilized.

As a corollary, steel rolling plants for the manufacture of steel plates and shapes (hitherto manufactured exclusively in the United States) will be erected at Sydney, N.S.; New Glasgow, N.S.; Hamilton, Ont., and Sault Ste. Marie, Ont.

men and women throughout the German Empire were openly exultant when Zeppelins and aeroplanes dropped death from the clouds upon peaceful British and French cities, towns, villages and Red Cross hospitals. The German people were guilty of bestial outrages at the expense of British, Canadian and other Ally prisoners of war. German women placed fifth in the foot of our gallant men. German Red Cross nurses spat in their faces. The politician who, in the face of such unquestioned facts, still calls the Hunnish people "noble" has either taken leave of his senses or he is playing for the votes of the men and women from enemy countries for whom he demands immediate enfranchisement.

WANTS LIBERALS TO BREAK UP UNION GOVERNMENT

Hon. Walter Scott—Scott who used to be Premier of Saskatchewan—has resumed the editorship of the Moose Jaw Times, and he has signalized his re-entry into newspaper ranks by a signed editorial in which he calls upon Liberals to end the Union Government. As Sir Richard Cartwright used to say with regard to the abolition of protection, he cares not whether the creature is killed by decapitation at the head, or the tail, or in the centre, so long as the thing is done.

Mr. Scott, who asserts that he has loyally supported the Union Administration during the period of the war, says that he has taken his present course because he considers that Borden has failed to meet Canada's problems, and that he should not be absent from the country to attend a peace conference which has not even yet "been called." As to that, Scott knows as well as anyone that prior to such gatherings, the most vital work has first to be accomplished of settling upon details, and he must also be aware that Premier Lloyd George especially asked Sir Robert to come over in order to help in the discussion of matters from a Canadian as well as an Empire standpoint.

Scott further remarks with the modesty for which he has always been so noted, that he has thus far kept "a curb" on his tongue—terrible things would certainly have taken place if he hadn't—and he concludes:

"If many men who, as Liberals, upheld Union Government, have minds that work like I find my mind working, then Messrs. Calder, Carvell, Crerar, Mowburn, Rowell, etc., will 'come out from among them' without loss of time or—they may as well, so far as I am concerned, stay with their Tory associates for 'keeps.'"

What the German submarines did to the ships of the ocean will be a mild affair alongside of what this man Scott will accomplish if he actually does cut loose.

NOTES AND COMMENTS

At last, Brantford and Brant county threaten to get on the good roads map.

The Kaiser in Holland is a menace that should be removed.

King George is now on a visit to pay Paris, the place in which the ex-Kaiser proposed to have a scrumptious dinner some months ago, instead of splashing around as now, in the soup.

With a macadamized road straight to Port Dover, that spot will more than ever become the summer resort of Brantford citizens.

Wonder if there'll be any Rogers cutlery at that banquet in Toronto to-night.

Hon. Walter Scott will resume the editorship of the Moose Jaw, Sask. Times.

It is expected that Parliament will be summoned on or about Thursday, January 16.

Your Problems Solved
 By Rev. T. S. Linscott, D.D.
 (All rights reserved.)

Dr. Linscott in this column will help you solve your heart problems, religious, marital, social, financial and every other anxious care that perplexes you. If a personal answer is required, enclose a five cent stamp. No names will be published; if you prefer sign your initials only, or use a pseudonym.

Bad sons; Anxious Mother states that three out of four brothers turned out bad, and she is anxious to train her own two little boys right. You can train your boys to be whatever you wish, if you take the right steps. The first essential is that you be what you want them to be. Your boys will unconsciously imitate what you are rather than what you say. The matter of supreme importance is that the father and the mother are what they ought to be. Give your boys the very best possible education and teach them in early life to pray and to depend upon God. The rest will be easy.

"Writing in Anger" is a fitting pseudonym for a man who writes about the wrong doings of a public man. Whatever truth there may be in the accusations which you make, you are in no condition of mind while angry to correctly judge another. An angry man is an insane man. The opinions which he forms while angry will rarely harmonize with the opinions of men in a normal condition of mind. Put yourself right and then take the matter up with me again.

MARK AND CROWN LOWEST SINCE WAR

The German and Austrian Money Continues to Fall in Value

Geneva, Nov. 27.—Wealthy Germans and Austrians, headed by the former royal families, are selling their stockholdings at any price fearing that the revolution will result, as it did for the wealthy families in Russia, in the loss of their private fortunes.

German and Austrian money has fallen considerably in value on the Bourse during the past few days. The German mark was quoted at 60 francs per hundred to-day, and the Austrian crown at 20 francs per hundred. These prices are the lowest since the war began.

Spies bankers believe that the mark and crown will continue to fall as long as the wealthy Germans and Austrians dispose of their holdings.

ALLIED SERVICE CLUB ORGANIZED

Representatives From Various Churches to Aid Religious Work

The spirit of real service was strongly manifested in the Y. M. C. A. last evening when the "Allied Service Club" completed its organization. There was a large and representative attendance of key men of the different churches. Alex. Lockington, chairman of religious activities, presided. Vice-President Ruddy spoke on behalf of the board of directors.

S. S. H. Jones presented the report of the committee on constitution, changing the name of the club to "Allied" instead of "Home Service," as well as other amendments which were adopted. The report of the nominating committee was unanimously adopted, the officers elected being as follows: Hon. Pres.—Alex. Lockington; President—R. W. McFadden; Vice-Pres.—P. H. Whitaker; Secretary—Frank Nichols; Treasurer—Wilson Babcock; Social Secy.—D. E. Thompson; Disciplinary Leader—Geo. H. Williamson.

Chairmen of committees: Religious Meetings—Evangelism—J. L. Arford; Church Relations—H. A. Chrysler; Visitation and Membership—S. S. H. Jones.

Co-operative Service—E. C. Barnes; Industrial—W. J. Telford; Rev. S. E. Marshall was the speaker of the evening, and gave a strong address on "Prayer in Warfare." He was tendered the hearty thanks of the club by the president.

Rev. L. Chafer of New York has been invited to be the guest of the club next week.

CIGARET

(Continued from Page One.)

needed to a hay stack. Indians, Chinese, Japanese, Czechs, Europeans, Turks, etc., thronged the place and it was a sight to remember for all time. These are several motors at our disposal, and the day after I landed a British motor car at my disposal for the afternoon and I drove several officers about the town.

Barracks extend for a distance of some ten miles outside the city which apparently used to house the Russians in the Russo-Japanese war. The Czechoslovaks are splendid fellows, well disciplined and excellent physical specimens. The Japs overrun the place and are generally unpopular. The Canadians are the most popular as our men are going up the line before the others.

Our quarters are comfortable and roomy and we can subsist on Government rations. The weather so far has been glorious, there being sunshine every day. Winter will set in toward the end of November.

LAI D AT REST

LILY WINTERMUTE
 The remains of Lily Wintermute, infant daughter of Mr. and Mrs. Edgar Wintermute, River Road, were laid tenderly to rest in Mount Hope cemetery, the funeral taking place from Beckett's undertaking establishment. The services were conducted by the Rev. S. E. Marshall of Wesley church.

CANADIAN CASUALTIES

By Courier Leased Wire
 Ottawa, Nov. 23.—To-day's casualty list follows:

Infantry:—
 Killed in action—G. Shawfelt, Kingston; J. Simon, Hamilton; W. McArthur, Hamilton; D. McConachie, Hamilton; J. MacPherson, Ingersoll; D. M. Shannon, Mount Forest. Presumed to have died: A. Walker, Guelph.
 Prisoner of war: W. Turner, Hamilton; J. McKee, Hamilton; A. Lowell, Niagara Falls.
 Prisoner of war, repatriated: R. Mooney, Thorndale.

BRITISH PEACE STAFF.

By Courier Leased Wire.
 London, Nov. 23.—The British government will have a staff of 400 persons in Paris for the peace conference, assistant secretary Towle of the Food ministry, informed the correspondent yesterday. He said the government had taken the Majestic hotel for this staff and would have a corresponding force of servants. The Paris hotels, added the secretary, were expecting fabulous prices, hence the food ministry had undertaken the catering for the delegation and the House of Commons had lent many of its help for this purpose.

RETURNED SOLDIERS

By Courier Leased Wire
 Halifax, N.S., Nov. 23.—The giant Cunard liner Aquitania, 46,000 tons, reached here to-day with 4,000 returned Canadian soldiers on board.

The Aquitania gave splendid service during the war, said naval men here to-day. She has been used entirely for troop transport, flying the Cunard flag, but under the control of the Admiralty. After the United States entered the conflict the steamship, which had been used for transport work in other waters, came to Halifax for American troops and made several trips from here to England.

The Aquitania had a number of interesting encounters or near-encounters with U-boats, but on no occasion was she hit.

Belgium Needs Your Help MORE THAN EVER!
 As Homes are Freed from Grasp of Germans New Horrors Revealed.
 Belgium! Belgium! Belgium!—the papers are full of heart-rending news-items from Belgium. Dismal with joy at being rescued from the hellish tyranny of the Germans, yet the poor Belgians are in large measure in the last stages of want.
 Every cent you can send to them NOW will help to feed a famished patriot or clothe one whose meagre rag will never keep out this winter's cold.
 Raise Your Fund and Send It In!
 Perhaps you cannot spare as much as you would wish, but go around among your friends, plead Belgium's cause, collect all you can in every possible way, and turn it in: QUICKLY to your local Committee or to Headquarters.
 Picture these hungry and stricken people, of whom the Master said, "Inasmuch as ye have done it unto the least of these . . ."
 This is an imperative call for HELP!
 Make cheques payable and send contributions to

CHRISTMAS CANDY
 For the KIDDIES and GROWN-UPS
 Christmas without Candy would be a dull Christmas indeed.
 Every piece of it should be pure and wholesome, yet there must be the gay colors and fancy shapes that help to make Christmas the greatest time of the year.
 Many of the same flavors and shapes children have always known and love, and many new varieties to please both young and old.

Local News

WATER COMMISSIONERS.

The Board of Water Commissioners met in regular session this afternoon, when a report from Lea and Lea, consulting engineers, was considered.

AT HYDRO CONVENTION.

Mayor MacBride and Ald. Clement Hill and Baird are in Toronto attending the convention of the Hydro-Electric Railways Association, which opened yesterday.

LOOKED FOR THE BIRDIE.

At the close of the hearing of the highway delegation in Toronto yesterday, the majority of the delegates assembled outside the Parliament building and faced the camera of a press photographer.

IMPROVEMENT SOCIETY.

The proposed extension of city boundaries will be one of several important questions taken up by the South Brant Improvement Society to-night. The condition of the River Road dyke and the toll road will also be discussed.

432 DISCHARGED.

Demobilization in this military district continues gradually, the total reduction since the signing of the armistice now reaching 432. It is believed that headquarters that 1,000 men will be required in the A.M.C. alone to take care of demobilization work.

DEMobilIZING.

Demobilization of Category "B" men among the Canadian forces in England will begin at once. About 10,000 of these will be returned to Canada within a short period, and transportation facilities have been secured to continue this work on a large scale.

HIGH SCHOOL SUPPER.

The High School Club will open its winter season to-morrow night, when officers for the coming year will be elected at a supper in the Y.M.C.A. An address of welcome will be delivered by J. M. Young, Y.M.C.A. president, and will be replied to by M. Overholt, principal of the Collegiate. G. H. Williamson, general secretary of the Y., and A. W. Burt, of the Collegiate, will also speak. A committee of ladies will be in charge of the supper.

BLAZE IN BARN.

The central fire department yesterday afternoon had a call to extinguish a blaze, which had started in a barn at the rear of Dr. Sagar's residence, 41 Sheridan street. The origin of the fire is unknown, but it is thought that children playing around the barn with matches accidentally set fire to it. A quantity of wood, and some excelsior in the barn proved a ready prey for the flames. When the firemen arrived there was a considerable blaze, but with the use of one stream of hose it was quickly extinguished. One side and part of the roof was burned, however there was very little damage done.

FRM our experience.

based upon years of observation in examining the eyes, we have learned that serious eyestrain could easily have been prevented in many cases if the eyes had been examined when trouble first appeared and the right glasses prescribed and fitted.

Consult at once and profit by it.

RE SOLDIERS' AID.

Secretary George MacDonald of the Soldiers' Aid Commission, is in Toronto to-day on business connected with that organization.

CALLED TO HARTFORD.

The ambulance this morning received a call to Hartford, some 14 miles distant, to remove a patient to the General Hospital in that city.

WINTER SESSIONS.

Several civil cases have been entered for a hearing before His Honor Judge Hardy at the general sessions of the peace which are to be held on December 10 next.

LAI D UP.

While working in the mow at the East End firehall, Captain Crooker slipped from a bale and catching his foot, sprained an ankle. As a result he will be laid up for a few days.

SENT TO HOSPITAL.

A local man suffering from cancer was taken to the Home for Incurables, Toronto, yesterday by Health Inspector Glover. The city will pay for his upkeep while in that institution.

BUILDING PERMIT.

A building permit was issued in the city yesterday for the erection of a frame verandah, estimated to cost \$125.

ORDER-IN-COUNCIL.

J. A. Smith, clerk of Brantford township, is in receipt of a copy of the recent order-in-council which forbids action on the part of any group of persons, tending to limit the manufacturing, storing, or transporting of any necessary of life.

CERTIFICATES WANTED.

The city received a letter from a resident of Dresden, Ontario, yesterday requesting that the birth certificates of four children be sent to her. Without these certificates, a pension, which the writer is desirous of obtaining, cannot be drawn.

TANK UNIT RETURNS.

The Second Canadian Tank Battalion is now on its way home. The First Tank Battalion is not coming at present. In returning the Second Tank Battalion, the Militia Department is following its policy of clearing up certain troops in England before the real demobilization of the C.E.F. starts.

"SHAG" A CASUALTY.

Frank Shaughnessy, former manager of the Ottawa Ball Club in the Canadian League, is in the Canadian casualty list. A horse named "Shag" and broke a bone in his left hand at the New Westminster Camp recently. Lieut. Shaughnessy was laid up for several days. His return is no yet decided upon. "Shag" also was laid up for three weeks with a severe cold while at the coast.

VICTORY LOAN.

In view of the very large over-subscription of the loan, the Minister of Finance has had to give special consideration to the question of allotment to subscribers. The plan of allotment arrived at is as follows: 1. Subscriptions of \$500,000 and under allotted in full. 2. Over \$500,000 and up to and including one million dollars, \$500,000 in full and 80 per cent. of the balance. 3. Over one million dollars, the same as No. 2 for the first million and 80 per cent. of the amount in excess of one million dollars.

Canada Food Board License No. 6-1124.

NO LOCAL CASUALTIES.

A short casualty list was issued from Ottawa to-day, but as there were no local names in it there is reason to hope that Brantford's casualties are at an end.

TECHNICAL EDUCATION.

The Hon. H. J. Cody, Minister of Education, will be in Brantford under the auspices of the Board of Trade, for a whole day on Tuesday, December 17th, in the interests of education, chiefly technical education.

RETURNED SOLDIERS.

Four thousand returned soldiers reached Halifax to-day aboard the Cunard liner Aquitania. It is expected that there will be a number of Brantford men among this number, and these should reach their homes next week.

FIRE PREVENTION.

The Ontario fire marshal, Mr. E. E. Weston, and the deputy fire marshal, Mr. Geo. F. Lewis, will attend a meeting of the Board of Trade and representatives of local organizations both men and women, in the Board of Trade rooms, on Friday, December 13th, to discuss the best means for preventing losses by fire.

LEATHER GONE UP.

A local shoe merchant stated this morning that there was no immediate prospect of the price of shoes coming down. The price of labor remained as high as ever, while only recently there had been an advance in the price of leather. The fact that there would be millions of pairs of army boots on the market in a short while had little to do with the situation.

NO MORE FLYING.

Orders were issued from R.A.F. headquarters yesterday afternoon closing Beamsville and Leaside flying camps, and the training of cadets in Canada has now practically ceased. There will be no more flights, except for a few days at Deseronto, and less than fifty pupils will be affected. Forty cadets at Camp Borden finished their work so far as that camp is concerned yesterday, and on four of them elected to proceed to Deseronto, the next stage of their training. The rest dropped out.

'FLU IN JAIL.

We've often heard of breaking out of jail, but breaking into jail is a new one. Yet it has been done, Governor Jones of the local wickup solemnly avers. For the past six weeks the governor has been going round with his chest out, boasting of the sanitary and healthful domain over which he presides, pointing out that there had not been a single case of flu among inmates of the jail. He should have touched wood before he commenced to boast, for yesterday a woman inmate of the institution was removed to the Emergency Hospital, suffering from the epidemic, and on influenza of Spanish extraction has broken into the jail. And then he's broken out in the jail. The present case is the first, and Governor Jones is fervently hoping that it will be the last.

BOYS' "STUNT" NIGHT.

The regular Wednesday evening stunt night was attended by about sixty-five boys, and was a great success. Every boy present secured a numbered ticket which he exchanged during the evening for a parcel with corresponding number. The contents of the parcels were then used in competitive games of a burlesque nature. The events began at 7.45 and finished promptly at 9.30. The events and winners were as follows: Driving race, Reeves and Field; top spinning Carter; ring toss, Sovereign; rifle drill, Heckley; riding race, Gizzy Coles; doll dressing, Lubyer; motor race, Noble; and Don. In addition, Messrs. H. V. Hutton, H. A. Chrysler, S. S. H. Jones, D. F. Thomson, E. Preston, H. Stanning, R. Allan, while the boys' work secretary, A. W. Geddes, was master of ceremonies.

BOWLING.

The Reavers beat the Brants in last night's bowling on the Assembly alleys.

A FORMER BRANTFORD WOMAN

Hears From Her Husband Who Has Been Prisoner in Germany

(Saratia Observer)
Whether or not Pte. William Lockley, husband of Mrs. Lockley, 241 Davis street, this city, formerly of Brantford, has been receiving mail sent him from Canada and whether or not he has been allowed to write regularly, he does not say in a letter dated October 7th at Minden prison camp in Germany, where he has been held in captivity. The letter received by his wife this morning, but he does state that his clothing is good and that he hopes the war will soon be over. It is over now, and no one is more joyous than she that, as it were, "the lost has been found," and that he is now on his way home somewhere near the frontier.

His letter follows:—
My Dear Wife and Family—I am still well, hoping you and the children are the same and quite settled and comfortable wherever ever it may be, well the summer is about through and winter nearly here, well I have some pretty nice clothes and shoes to wear which have been sent out by the Red Cross society. They are very good to us prisoners of war, so we owe a great lot to their many kindnesses. I wish I was at home, it's so wearisome being a prisoner, anyway I don't think it will last long. I have not at any rate for I am longing for home and you and the kiddies. We get a little news. By all accounts we are doing well, and maybe it will come to a speedy close. Can you give me any information as regarding a lot of the boys of our battalion. I hope Bob Plant don't lose his arm. I wish him every success. I hope Bill Gray is still alright; how is Crawford doing and Walter Mason? Geo. we suppose is waiting here, it's awful. I hope and trust it won't be long now any way. Well, I must close; it's getting on—my nerves, giving you all my fondest love from your ever loving husband. WILL

PRESBYTERIAN CONFERENCE ON

Three Sessions Held in Zion Church in Connection with Forward Movement

HELPFUL ADDRESSES

Presbyterians, lay and clerical, from every part of the Presbytery of Paris and many from outside points, were assembled in Zion church, when the one day conference of the Presbytery opened at eleven o'clock this morning. Principal Dyde of Queen's University, Kingston, was the principal speaker at this morning's session, delivering a highly interesting address on missionary work, and the future policy which must be adopted in connection with this important department of the church. This afternoon forceful appeals were made for resources for the ministry. Women's work among the young people was also discussed. This evening addresses of an inspiring nature will be delivered by several delegates.

The conference is under the auspices of the Forward movement of the Presbyterian church in Canada. A committee for this work was appointed at the last general assembly of the church in June of this year. It is expected that the Forward committee will give the necessary impetus to a great movement which will sweep over the entire Dominion within the near future.

OBITUARY

MRS. BICHAK.
Mrs. Magda Bichak, aged 23 years, passed away last night at the Emergency Hospital. The deceased resided at 53 Park street, and was left to mourn her loss a husband and a daughter three years of age. Mrs. Bichak was a victim of pneumonia following an attack of Spanish influenza.

MRS. E. HOFFMAN.
A sudden death occurred yesterday when Mrs. Elizabeth Hoffman, widow of the late Christopher Hoffman, was found dead in bed at her home, 179 Rawlin street. The deceased was in her 80th year. One stepdaughter, Mrs. Norris, of Rochester, is left to mourn her loss.

SPLENDID CONCERT IN OPERA HOUSE

Is Given Under Auspices of I.O.F. Local Courts

The Opera House was crowded last night upon the occasion of the complimentary concert given under the auspices of Courts Regina and Brantford of the Independent Order of Foresters. The officers of both courts occupied seats on the platform, and Bro. F. J. Waterson, Chief Ranger of Court Brantford, occupied the chair in an efficient manner.

Bro. Geo. A. Mitchell, Assistant Supreme Chief Ranger, gave a most eloquent and interesting address, dealing with the aims and the achievements of the I.O.F. He gave striking figures to show what had been accomplished in the matter of insurance, sick benefits, the care of beloved children and so on. Flu and kindred funds were not necessary for anyone identified with their order. Bro. Mitchell is a powerful and interesting speaker, and he brought home his points in a convincing manner.

There was a very delightful musical program. Miss Lina Craine is the possessor of a pure soprano of high range and her stage manner was very attractive. Mr. Donald McGregor, baritone, fully lived up to his well known popularity, and Harvey Lloyd demonstrated himself to be a genuine comedian.

Miss Martha Hogg, as piano soloist and accompanist, was entirely satisfactory. At the close, Mr. Lloyd got the audience going in popular songs, and the entire affair developed into a regular family gathering.

PERSONAL

Mr. W. L. Hughes is a business visitor in Toronto to-day.

Mrs. A. E. Watts and daughter have left the city on a trip south.

Capt. the Rev. C. E. Jenkins of St. Jude's church, is in Toronto to-day.

The Rev. J. B. Fotheringham of Grace church is a visitor in London.

Dr. J. A. Marquis has left on a trip to Atlantic City, New York and Philadelphia.

Brantford of Board Trade INVITATION
The Board of Trade invites those who are interested in all that concerns the future of Brantford to attend the meeting on Friday evening at 8 o'clock, in the Temple Building.
The object of the meeting is to hear General Foster, of the American City Bureau, New York, describe, from his experiences, how Boards of Trade have been, and can be, broadened out, under an old or new title, to be the greatest power in development and growth of cities.

Dr. W. L. Weekes, Ottawa, was found guilty on a charge of giving a prescription for intoxicating liquor for use as a beverage, and was fined \$50 and costs.
Brig.-Gen. A. C. Critchley, D.S.O., who went overseas in 1914, is welcomed back to Winnipeg. He was only 28 years old when given his high rank in a British aviation school.

AERIAL PHOTOGRAPHS AT R. A. F. CAMPS IN CANADA.
A portion of the \$30,000,000 to \$40,000,000 capital expenditure of the Royal Air Force in Canada. The pictures are taken from the air at a height of about 2,000 feet by pilot photographers of the force. At the top, a general view of Camp Borden. Lower right the hangars at Camp Borden, showing a number of planes on the ground. Lower left, a general view of Camp Mohawk. The question of what will be done with these camps is much discussed at the present.

THANKSGIVING IN U. S.
By Courier Leased Wire
Washington, Nov. 28.—Deep feelings of gratitude and thankfulness, greater than come to a nation through material prosperity, provided the observance of Thanksgiving Day in the United States to-day. Peace with victory after 19 months of war, gave the day much added significance.
Many celebrations of the day centred directly around the soldiers and sailors. Community thanksgiving services, community song services and "victory celebrations" were held in many parts of the country.

APPROVES THE CHANGE

"I think the plan is about the best which could have been devised to meet the situation," said J. W. Shepperson, chairman of the Board of Education, to The Courier to-day in connection with the decision of the Ontario Department of Education to hold the departmental examinations in July instead of June next, to make up for time lost by the closing of schools throughout the whole province during the influenza epidemic.
Mr. Shepperson points out that until a few years ago the departmental examinations were always held in July. The change to June was made in order to avoid the extremely hot weather, but in order to make up time lost Mr. Shepperson believes that next year all will be willing to bear the inconvenience of the heat.
When the exams are held in June, it means that the Collegiate Institute classes must end before the middle of June, whereas otherwise they could be continued until the end of the month. Mr. Shepperson believes that the department's project will work out with eminent satisfaction to all concerned. The local board was contemplating asking the department to take some such action, in fact. The Management Committee had already gone into the matter.

RETURNING FROM FRANCE
Rev. A. Logan Geggie, pastor of Parkdale Presbyterian church, Toronto, who went overseas some months ago on Y. M. C. A. work, writes to say that he is sailing shortly for home, and expects to arrive by the third Sunday in December. Mr. Geggie is well known in Brantford, where he has preached several times.

SENSIBLE CHANGE ASKED.
The Trades and Labor council want the street cars to leave the Dominion Steel Products plant at five minutes past twelve and five minutes past five, instead of on the hours as at present, so that the workmen will have time to catch the cars without having to run for them. A resolution to this effect was passed at last night's meeting.

MR. MOTORIST HERROLINE

Will clean your engine while it is running, and keep it clean, also adds from 15 to 30 per cent. to your gasoline mileage.
The leading chemists of the country say that it contains nothing that is harmful to your car. Come in and talk it over.

WARD SIMPSON
Druggist 28 Market St

LOCAL NEWS

FUEL DEPOT.
Business was still brisk at the city fuel depot in the old post office building this morning. Orders are coming in in larger numbers, and are being filled with all possible expedition.

RAIN, WET RAIN.
The rain which fell this afternoon had about it something of the quality which distinguishes spring showers. It certainly seemed more like April weather than late November.

ASK REFUND.
The city clerk has received a letter from Firth Brothers, asking a refund on the deposit which they made when they first came to Brantford. This money was to be refunded at the end of one year, if the firm kept their branch in the city for that period.

ECHO PLACE LIT UP.
Broadway's great white way had nothing on the streets of Echo Place last night, when the hydro lights were turned on in that suburb for the first time since their recent installation. Residents have nothing but praise for the illumination afforded by the system.

WINDING UP AFFAIRS.
Iden Champion, secretary of the local Victory Loan organization, is still at work with his assistants in the former loan headquarters, winding up the affairs of the recent campaign. A final statement giving complete returns from every district will be issued very soon.

HONOR FLAGS.
The court house at the present time houses two Victory Loan Honor flags. The banner awarded the county is displayed in the county council chamber, while Brantford township's banner is in the office of the clerk of that municipality. The flag won by the city of Brantford has been deposited, at least temporarily, in the Board of Trade rooms.

POLICE COURT.
In the Police Court this morning Gordon O'Connell was charged with having liquor in an unauthorized place. The evidence was not sufficient for conviction, and as a result the case was dismissed. John Dolinsky made an infringement of the bicycle by-law and for this joyous participation parted with \$4.00 of his hard-earned wealth. Legat Stephen on a similar offence paid \$2.00.

FIXING PRICES.
A. H. Abott, secretary of the organization of resources, in writing to the clerks of the municipalities of Ontario, states that in accordance with the Order-in-Council No. 261, the city may appoint a fair price committee to exterminate any exorbitant prices which may exist, in food and other articles necessary to life. These steps are being taken in the United States by issuing pamphlets at intervals, which contain a list of the prices

considered fair under present conditions. The object of the writer is to inform the people of Ontario that such actions may also be taken by them.

SAND ON ROAD.
The central streets of the city became so slippery from the rain this afternoon that a liberal quantity of sand was spread over the streets as a safeguard for horses and vehicles.

THE SAME NUMBER.
The fuel depot in the old post office building will be open between 7 and 8 o'clock each evening for the future. The telephone number at the fuel office is 1000, which was the former Victory Loan headquarters number.

THANKSGIVING IN U. S.
Today is Thanksgiving Day in the United States, and is observed as a national holiday. The day is being observed with universal devotion to-day because of the victory won by the allied arms.

LOCAL MEN ARRESTED.
Two Brant county men, James White and John Creason, were arrested in Niagara Falls on Tuesday while in the act of burgling a shoe store. White, who comes from Paris, is a sailor. Creason's home is in Brantford.

CARS CRASHED.
An automobile and a motor truck crashed at the corner of Queen and Dalhousie streets early this afternoon. The former skidded across the pavement and came to a stop when it struck a hydro standard at the roadside. The standard sustained a broken globe, the car a blow-out, and the truck a bent windshield.

HELLO, MRS. SMITH!
I'm going to wait for the sale at 109 Brant avenue, on Tuesday, Dec. 3rd. This home is furnished with the very best of goods in every detail. Everybody is going. Watch for space in this paper on Friday itemizing the goods.

Auctioneer.

AT THE CLOSE OF THE WAR DON THE Clothes Of Peace
You have all admired the natty uniforms of the well-dressed officer, and noted his smart appearance.
Hundreds of these smart dressers have been flesh clad, and now that peace reigns again, our skill and resources will be devoted to the production of the finest quality suits in Canada. Quality is the big feature in Fitch tailoring. Quality of cloth; quality of trimmings; quality of workmanship; and quality of service are the features that have made Firth Bros., 120 Dalhousie street, Brantford's largest exclusive tailors. See our No. 37 suiting, neat brown check pattern tailored to measure and ready before finishing. Regular \$33, for \$27.75.

BURNED BY ACID FROM BATTERY
William McGill of the civic fuel depot, met with a serious accident on Tuesday night, when the car which he was driving along Pearl street, crashed into the curbing at the Bell Memorial corner and turned turtle. Mr. McGill was pinned beneath the car and was severely burned about the head and arms by acid from a storage battery which he had in the car with him. His clothes were also practically destroyed by the acid. The car suffered severe damage.
Mr. McGill is able to be in charge of the fuel office to-day, but is still suffering considerable pain. To a Courier reporter he expressed indignation at the condition of the road, where the accident occurred. The curbing of the memorial park extends far out into the road, and there is no light at the corner. There have been several mishaps at this spot, and Mr. McGill voiced the opinion that immediate action should be taken to render the corner safer for vehicular traffic.

GAS CONFERENCE

Following up the announcement of Hon. G. Howard Ferguson, of the Government's desire to have the assistance of an advisory committee of the interests affected in amending the natural gas legislation now on the statute book, Western Ontario municipalities will be represented by delegates at a meeting in Chatham Friday, at which two or three representatives will be named by each, from whom the Government may select one for each municipality to represent its interests on the Advisory Board. Ald. Montgomery, Baird and Simpson are representing Brantford at this conference.

HAMILTON, BRANTFORD, LONDON, ROUTE OF PROVINCIAL HIGHWAY

Premier Hearst and Hon. F.G. McDiarmid Promised Delegation That the Government Road Will Follow Central Course Through Those Cities--The Western Route Not Yet Finally Decided--Monster Delegation at Toronto Yesterday

TORONTO, Nov. 27.—By a Staff Reporter.—“After consideration, a favorable decision has been arrived at so far as the central route of the provincial highway from Hamilton westward through Brantford, Woodstock and Ingersoll to London, is concerned.” Cheers, to the like of which the storied walls of Ontario's parliament building have seldom re-echoed, greeted the above announcement made this afternoon by the Hon. F. G. McDiarmid, Ontario Minister of Public Works, to a deputation of over four hundred strong, who waited upon Premier Hearst and Mr. McDiarmid, asking the immediate designation of the central route for the provincial highway. W. S. Brewster of Brantford was the chief spokesman for the delegation, but some twenty other speakers were also heard briefly, after which the premier and Mr. McDiarmid replied, announcing their decision to adopt the central route through to London. Farther west, no decision has been made as yet, as a strong movement is on foot to have the southern route to Windsor adopted.

How Movement Started.

This is crystallized a movement of nearly two years' growth. It was in the early spring of 1917 that the Provincial Government, committed itself to the construction of a Provincial highway running from Niagara Falls westward. Three factions at once arose. Guelph, Galt and Kitchener advocated the adoption of a route through the north of the Province. Hamilton, Brantford, Woodstock and adjoining municipalities felt, with reason, that the central route through the Province should be designated, one which would extend through the Niagara peninsula, Ontario's scenic wonder garden and a fertile fruit growing district; thence through the most important manufacturing cities of the Province, to London. The third faction espoused a southern route, which would embrace Simcoe, Aylmer, St. Thomas and other municipalities. Delegations for each route were heard by the Government in the spring of 1917, but decision was reserved, as in any case it was not planned to commence the actual construction of the highway until the period of construction to follow the war.

Central Route the Logical One.

The champions of each route continued on the subject, however, and argument after argument was laid before the ministers. The merits of the central route became so obvious that for some months past it had been generally conceded that it was the one most likely to receive recognition from the Government. This recognition was taken yesterday, after the monster delegation had ably presented its case. The entire hearing consumed a period of only two hours, but within that period was announced one of the most momentous decisions ever made by the Provincial Government, and one which will have a far-reaching effect on all parts of the Province, one which will link the Niagara peninsula on the east to Windsor on the west, in one continuous stretch of Government constructed road.

The delegation which received a hearing yesterday included representatives from Niagara Falls and St. Catharines, Lincoln County, Wentworth County, Hamilton, Dundas, Brantford, Paris, Woodstock, Ingersoll, Tillsonburg, Middlesex County, London, Chatham, Kent County, Lambton County and other municipalities concerned. The decision of the Government relieves of anxiety all those from districts east of London, while the others are still hoping for the designation of the direct route west from London through Chatham to Windsor.

In point of numbers, yesterday's delegation was probably the largest ever received by the Government on any such mission. The chamber of the Public Highways Department, in which the hearing was given, was crowded to the doors, many standing around the walls, while others stood in the corridor outside, unable even to gain admission.

Vincent Sinclair, M.P.E. for Tillsonburg, introduced the delegation to Sir William Hearst.

Mr. Brewster, who had been the chief spokesman for the delegation, introduced the delegation to Sir William Hearst.

and the Hon. F. G. McDiarmid, Minister of Public Highways. Mr. Sinclair declared that the delegation was the most representative which had ever waited upon the Government. Its members represented one half million people. They were all devout believers in public roads, they all supported the central route, as the only logical route for the Provincial Highway. Mr. Sinclair felt that the ministers had had sufficient time to consider the situation, and now requested that they should definitely announce their decision, even if it were impossible to take over the roads concerned at once. Under the uncertainty which prevailed at the present time, road work was practically at a standstill in the municipalities which would be affected by the Government's decision.

Mr. Sinclair then introduced Mr. W. S. Brewster, K.C.

Mr. Brewster, as recorded in The Courier yesterday, pointed out that the government had expressed its desire to locate the highway where it would be of the greatest benefit to the greatest number. The central route, including the cities of Hamilton and London, served a population five times that of the northern route, although the municipalities along the latter line had included Owen Sound, eighty miles north, in their petition. Mr. Brewster pointed out that the central route was twenty-five miles shorter than the other. It was an old route which had been used since the days when the Indians and the central line was twenty-five miles shorter than the other. It was an old route which had been used since the days when the Indians and the central line was twenty-five miles shorter than the other.

Mr. Brewster, who had been the chief spokesman for the delegation, introduced the delegation to Sir William Hearst.

stretch from Windsor to the Atlantic Coast. He ridiculed the proposal made by St. Thomas to have the road built along the lake shore.

Mayor Booker of Hamilton declared that after Mr. Brewster's able summing up of the situation, verily on the part of any other delegates would be superfluous.

ers from supplying beets to the company.

Warden Mahoney of Wentworth County, first thanked the Government for the promptness with which they had taken over the road from Hamilton eastward. The continuation of that road westward along the central route was the only logical action, he felt, that the Government could take. He realized that the Government acted always in the best interests of the Province at large, and was confident that they would do so on the present occasion by designating the central route.

Warden Fleming, of Lincoln County, also thanked the ministers for the taking over of the Hamilton-Niagara highway. This would greatly facilitate the distribution of fruit from the Niagara peninsula. It would be a magnificent thing if the Government took over the continuation of the Niagara road west of Hamilton and through to Windsor.

Col. Atkinson, of Norfolk County, declared that the northern municipalities had no claim to the highway. He favored the southern route, through Simcoe and Aylmer, but was willing to see the road built through Brantford, Woodstock, Ingersoll, London and directly west. The southern route should then be the next to be built. A system of Provincial roads would enhance the value of land throughout Ontario by facilitating transportation from one point to another. He saw no reason why the central highway should not be at once designated.

“Every man wants good roads,” declared Allan Studholme, of Hamilton. The central highway must be the first constructed, and would form an artery for spur roads leading in other directions. The necessary expenditure would be more than justified by the importance of the work.

Reeve MacKenzie, of Thamesville, recalled the fact that his village had been the first municipality in Canada to raise its Victory Loan objective. Thamesville was united in support of the central highway, and of the direct route from London west. The country north of Thamesville would soon be a great producing district, if the central route were adopted.

Mayor Wiley of St. Catharines, stated that he was still interested in the central highway movement. The highway would connect all the leading centres of Ontario. The county roads already in construction would lessen the expense which the government would be put to if the central route for the provincial road were selected. The speaker expressed confidence that the government would grant the request of the delegation.

D. B. McArthur, of Thamesville, reiterated the contentions of the previous speakers, as did also Mayor Moss of Dundas, who lauded the praise of his home town. He pointed out the fact that the gas quarry would supply plenty of broken stone for the work.

Mayor Stevenson of Niagara Falls, heartily endorsed the central route. He touched on the importance of the city which he represented.

Mr. Kelly, in closing the hearing of the delegation, urged upon the ministers the desirability of their announcing a decision as soon as possible. All the municipalities concerned were anxiously awaiting the answer of the government.

Frederic Hearst, Premier of Ontario, in replying to the delegation, expressed his pleasure at the concise and able manner in which they had expressed their views. He pointed out the fact that the widespread interest being taken in good roads through Ontario and proving the public behind him in the policy of road construction to which it had committed itself.

Good roads were one of the greatest needs toward the advancement and development of the province. Good roads would help to reduce the price of foodstuffs, by facilitating transportation from country to city, and vice versa. Automobiles were an ever increasing factor in rural and urban life, so that any highway constructed to-day must be of sufficient strength for motor traffic.

The Government had not carried on any extensive road construction during the war, owing to the scarcity of men and money, and the abnormal high cost of all materials. With the cessation of hostilities, prices would likely be lower, although it was unlikely that there would be any marked change. Sir William declared it to be the duty of the federal and provincial governments and the municipal authorities, to see that industry was maintained and the wheels of commerce kept turning, that there might be no lack of employment for the men returning from overseas.

The Premier expressed pleasure at the spirit of optimism which had characterized the speeches of the delegates. Canada to-day needed men who had faith in the future, men who were not afraid to risk their capital that Canada might hold the place she should. If all had courage and faith, the country would pass safely through the trying days to come.

Road construction, the speaker pointed out, meant a general stimulus to business throughout the country. He felt that the Government would be justified in proceeding with road construction, as it had the mandate of the people of Ontario, who were prepared to back it up in the undertaking. The principle to be followed, in deciding the route of the highway, would be that of the greatest good for the greatest number. Research must be had for the population served, the agricultural production, the directness of the route and the cost of construction and maintenance.

“So far as a decision has been arrived at,” continued Sir William, “I do not know that it would be unpopular with this audience.” Vociferous cheers from the delegation interrupted the Premier, who proceeded—

“I am not in a position to state as to the route of the extreme western portion of the road. That is a problem at present engaging the attention of the Government.”

In conclusion, Sir William pointed out that the highways department was handicapped by having many of its engineers and workmen overseas. With their return the Government speaker predicted that in a few years Ontario's roads system would be

(Continued on Page 8.)

Are You Fat? Just Try This

Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription.

If too fat, don't wait for the doctor's advice. Go now to your druggist or write to the Marmola Co., 864 Woodward Ave., Detroit, Mich., and for 75c procure a large case of these tablets.

They reduce two, three or four pounds a week without exercise, dieting or any unpleasant effect whatever. If too fat, try this to-day.

At Prince Albert, Sask., Dr. Gervais, one of the Steep Creek gang, attempted to commit suicide in his cell.

Mrs. Anne Green, 52, was instantly killed when she fell headlong down the cellar steps at her home in Woodstock.

Edmonton reports since the outbreak of the influenza 1,550 persons have died in the province as a result of the epidemic.

THAT SON-IN-LAW OF PA'S (By Wellington)

“GUESS I'M HUCKLE-BERRY!”

“DON'T FOOL YOURSELF MISTER, I'VE MIXED WITH YOUR KIND A WHOLE LOT!”

“HA? WHAT? WHY?”

“PAW'S RAISED MULES AN JACKASSES, BACK ON TH' FARM, EVER SINCE I KIN REMEMBER!”

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast, hot water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

MANY GUNS TAKEN.

By Courtes Leased Wire London, Nov. 27.—(Canadian Press despatch from Reuters's Limited).—In the course of a second speech at Walverhampton, Premier Lloyd George referring to British enormous industrial effort, mentioned that the guns we had been using for the last two years were guns nobody ever dreamed would be taken except for siege purposes. He remembered how great soldiers had scoffed at the idea that such heavy guns could be dragged to battlefields. At the end of the war he had two hundred times as many of these guns as we had at the beginning. We captured sixty British and many German guns in the last quarter as we passed at the beginning of the war.

Dr. R. S. Brewster of Beeton was instantly killed when his car turned over, pinning him to the ground.

Hon. J. A. Calder gave an emphatic denial that W. D. Scott, Superintendent of Immigration, is to be superannuated.

HAMILTON, BRANTFORD, LONDON

(Continued from Page 7.)

Hon. F. C. McDiarmid, in outlining the route which had been decided upon for the highway, recalled that provision for a system of provincial roads had been made nearly two years ago. Since that time the Government had been investigating the various routes proposed. Extensive surveys had been carried on, but little labor had been employed. The eastern road, from Ottawa to Prescott, from Prescott to Toronto, had already been designated. After consideration, a favorable decision had been arrived at so far as the route from Hamilton westward through Brantford, Woodstock and Ingersoll to London, was concerned. Next week the Government would meet the delegates from the municipalities west of London and would then have heard the views of all parties.

Mr. McDiarmid did not agree with those speakers who had contended that there was nothing to be said in favor of the northern route. The responsibility for the work rested upon the Government, however, and the ultimate decision would be made in the manner that would afford the greatest good to the greatest number.

Start Work in Spring. No announcement was made by the Prime Minister or Mr. Macdiarmid regarding construction, but it is understood that work upon the highway will be regulated by the needs of the labor market. The Government recognizes the fact that the cost of road building may continue high for some time, is planning to proceed without delay in order to provide employment. The speed with which the men are brought back from overseas and returned to civilian life will have much to do with the amount of work the Government will undertake. At present about one-half of the mileage on the highway is made up of first-class roads, and comparatively little grading or new bridging will have to be done. No decision has been reached regarding the type of construction to be used, but it is not unlikely that in the sections carrying extra heavy traffic a permanent pavement may be laid.

Thirty-seven men in Winnipeg are out of duty owing to the flu.

Ald. N. Amussen has announced that he will be a candidate for the mayoralty of Kitchener.

Prohibition of the uses of platinum in the manufacture or repairs of jewelry has been removed.

LADY'S TUNIC BLOUSE

The long tunic blouse is very smart and it is also very practical, for it will lend excellent aid in freshening up a gown which is slightly out of date. The one illustrated in No. 8786 hangs straight from the shoulders, but it is held in by a soft girde at the natural waistline. The front is cut in a deep V, the point extending below the girde. A vest of contrasting material fills in the opening. A roll collar of white satin is attached to the vest. The lower part of the tunic is open at each side as far as the waistline. The sleeves are long and close fitting. Satin, Jersey, tulle or pongee may be used for this tunic blouse.

The lady's tunic blouse pattern No. 8786 is cut in four sizes—36 to 42 inches bust measure. The 36 inch size requires 3 1/2 yards of 36 inch, 3 1/2 yards of 44 inch, or 2 1/2 yards of 54 inch material, with 3/4 yard 9 inch material for trimming.

To Obtain This Pattern Send 15c to The Courier Office, or two for 25c.

See to the FOOTWEAR Children's

Don't wait until the last bell rings to get the children's school footwear—Destir yourself now. Stocks are larger and more complete and prices are lower than they will be later on.

Our Hard Knock Shoes for Boys and Girls have established a reputation for themselves and for us, and wise mothers in ever-increasing numbers are coming here for their children's footwear needs.

Again, we say—get the youngsters fixed up—DO IT NOW.

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Save your hair! Beautify it! You will actually see new hair—fine and downy at first—grow out from the scalp. If you care for pretty, soft hair and lots of it, surely invest a few cents in a bottle of Knowlton's "Danderine" at any drug store or toilet counter, and just try it.

Save your hair! Beautify it! You will see this was the best money you ever spent.

SHOP EARLY

CONSTRUCTION OF PUBLIC WORKS TO BE CONTINUED

Will be Pceeded With at Once, Says Hon. F. B. Carvell

LIVING COST TO DROP

Ottawa, Nov. 27.—Hon. F. B. Carvell, Minister of Public Works, was the guest of honor at the luncheon given to-day by the Canadian Building and Construction Industries in conference at the Chateau Laurier.

In regard to the housing problem, Mr. Carvell would not lay down any definite policy, speaking from a governmental point of view. The Public Works Department had in the past been putting on the brakes as hard as possible, as the Minister did not believe it was his duty to spend money, but to save it for the purposes of war. Now the problem had assumed a different aspect. The speaker stated that whenever the money could be spent on public works in Canada, he felt that the Government was fully justified in authorizing this expenditure.

"It would surprise you if I were to tell you the amount that is being spent by the Government in rents," said the speaker. "In Ottawa alone we have to give the landlords \$700,000 per annum, in every city the rentals amounted to more than the interest and depreciation would be on buildings and departments owned by the Government."

Mr. Carvell stated that his sole interest in advocating the construction of public buildings was to supply work for the labor class.

Taking up the matter of tenders, he stated that since he had assumed office all contracts except two had been awarded by public tender to the lowest bidder. He stated that he would like the work to be distributed but that those working on Government contracts persisted in getting into that "easy, comfortable, Government" feeling. If the Government could suggest some remedy to offset that feeling, he might consider the distribution of contracts.

No Concrete Policy Yet.

He said the Government had not yet been able to get down to any concrete policy. He, however, would couple the duty of the Federal and Provincial Governments and see that as much work as possible was supplied, as much business as possible carried on, and as much labor as possible employed.

He said that it was the duty of every employer to see that men were employed, and if it was necessary, under the circumstances to lessen the contractor's profits, that could be done. The contractors could afford to make some sacrifice to tide the nation over the danger period.

Commencing by next Spring, the speaker added, the cost of living would start to decrease. It would go down slowly and as a result the cost of labor would decrease just as slowly. It was the duty of the Government, the employer, and every individual to see that as much labor as possible was employed.

Following the luncheon the conference resolved into a general international discussion. Mr. Fred Armstrong of Toronto, in the chair.

Several new delegates, including the Mayor and city clerk of Peterboro, were introduced at the conference. The delegates registered to date number 162.

Association Changes Name.

At the morning session the report of the Committee on Organization contained a change in the name of the association to the "Canadian Building and Construction Industries."

The most important discussion of the morning centered around the action to be taken by the board of the committee on the building situation. It was decided to wait upon the Minister of Public Works, and to request the department to take action as follows:

"To advocate the use of Canadian materials wherever possible; raw or finished, on all public buildings;

"To commence operations as soon

CAPT. JERRY LAFLAMME

Of the Dental Corps team, who has declared his intention of retiring from hockey. Laflamme has been in O.H.A. hockey since 1904.

as possible on all delayed Government works.

"To call for tenders on all works let under the Drydock Subsidy Acts with plans and specifications instead of as at present."

"To grant aid for the purpose of constructing permanent national roads, such work to be let out by tender."

"That any work for Federal or Provincial Governments be executed under a statute form of contract."

The association to have representation upon any Federal housing commission.

"That the department consider the advisability of proceeding at once with the housing propositions now before the Government, with a view of providing proper accommodation for industrial workers and eliminating slum districts in large centres."

"To subsidize the development of Canada's natural resources wherever necessary to compete with foreign materials."

The sub-committee to wait on the recent feeling will be appointed by the Government.

Some interesting discussion followed the recommendation that the conference pledge itself never again to use German or Austrian-made goods.

Mr. Sommer, Montreal, said that this was going too far. He had no thought that the matter should be held until the action taken by the Old Country in this regard was known. Messrs. Ramsay, Montreal, and McLean, Winnipeg, concurred in this statement.

The question was shelved when Mr. Amussen declared that it was a matter for the politicians to decide.

Rippling Rhymes

THANKSGIVING.

Be thankful! For we've lived to see the dawn of worldwide liberty. The tyrant sees his throne upset— or 'till he's yet— and fettered nations break the chain they long have worn in tears and pain. The tyrant who ticked up the row that he might wear upon his brow the laurels of a conqueror, has got his stomach full of war. Be thankful that the tyrant's schemes have gone slipping down the slopes, be thankful that the washing, hopeful dreams. Be thankful that the Prussian sword, like Jonah, has gone overboard; no longer can the Prussian frown make any people kneel down. The bully of the world is licked; the bosom of his pants well kicked. Be thankful that we had our share in these great doings, ever there. Be thankful that our boys arose, just panting to get at the foe, and showed the world how we can fight, when we defend eternal right. Be thankful that you've had a chance to help our dauntless lads in France, and that you still may

LABOR DELEGATES ENDORSED ACTION TAKEN BY COUNCIL

City's Attitude re Terrace Hill Railway and Contract Work Approved

T. AND L. COUNCIL MET

Influenza Memorial and Educational Matters Discussed

PLAN PEACE PARADE

At the regular weekly meeting of the Trades and Labor Council last evening the actions taken by the City Council at its meetings this week were heartily endorsed, a very unusual thing for the T. and L.

The extension of the Street Railway to Terrace Hill was thoroughly discussed and the action of the Council was endorsed by motion.

Following this, the action being taken by the City Council in regard to voting in the Public Schools was also highly approved and a motion was passed accordingly to this effect. Mayor MacBride's plan for the handling of city work without contracts was also approved and another motion of approval was passed to this effect.

Delegate Armstrong, who was on the special committee to discuss the question of the erection of a memorial in favor of those who had made the supreme sacrifice in fighting the influenza epidemic, told of the work that had been covered by that body. He criticized the absence of the members of the Ministerial Association at the meeting.

In regard to this matter Delegate Kile expressed regret that the circumstances had transpired to give the Board of Trade entire credit for the movement.

The issues case, which had been under the supervision of Delegate Neal, is to be dropped, as Mr. Neal had left the Council for other purposes.

Educational Question.

The educational problem for the winter was again up for discussion. The matter will be settled by the members of the local unions being asked to contribute a capita tax in order to raise funds to hire a speaker.

The Peace Parade.

In the event of a parade and celebration on the day of the declaration of peace, it was decided that the T. and L. Council organize for participation.

give and give, that war activities may live. The Red Cross roll call soon will come and you should lay aside a sum composed of cart wheels and of seeds, to help the cause that helps our lads. It's good such causes to advance—be thankful that you have the chance.

TO USE AIRPLANES IN MAIL SERVICE

New York, Nov. 27.—Capt. Benjamin B. Lipsner, director of the United States aerial mail service, announced here to-night that the War Department had turned over to the use of the mail service, "hundreds of airplanes."

Capt. Lipsner said he was not in a position to announce the exact number, but that the machines would be used as rapidly as possible in extending the aerial mail service to all cities of the country. The service anticipated that it will be able to organize its personnel from hundreds of army aviators returning from the front.

Plans for the laying of new routes and the extension of the service on a nation-wide scale have not as yet been formulated, but it is expected that the extension will begin in the near future.

Winnipeg Board of Trade is offering \$50 for a slogan. One hundred have been submitted.

Economically clean

She saved work—Sunlight Soap washed the clothes without scrubbing. She saved time—the 45¢ other work while Sunlight did the wash. She saved money—Sunlight is an absolutely pure soap, therefore there is less soap used for washing than with ordinary soap, and less wear and tear of the clothes.

Sunlight is a day-time soap—it's an economical.

Save Sunlight Limited, Toronto.

ORDERS-IN-COUNCIL WILL DISAPPEAR

Federal Legislation to be by Act of Parliament Henceforth

Ottawa, Nov. 27.—There will be a tendency henceforth on the part of the Government to abandon the wartime method of legislation by order-in-Council and revert to the ordinary practice of legislation by Act of Parliament, Sir Thomas White, the Acting Prime Minister, assured the delegates to representatives of the Trades and Labor Congress of Canada which presented resolutions

passed at the annual convention of the congress to members of the Administration here to-day. Some of the labor delegates had voted objections to "Government by order-in-Council," and had also complained of some features of the order intended to put a stop to objectionable propaganda carried on by certain societies in this country.

On the general question of orders-in-Council Sir Thomas said that during the war it was necessary in Canada as in England that the Government should possess wide powers to permit of prompt action in emergencies. The signing of the armistice between the allies and Germany practically meant the end of the war.

The labor delegates had voted objections to "Government by order-in-Council," and had also complained of some features of the order intended to put a stop to objectionable propaganda carried on by certain societies in this country.

TAFT IS THE MAN TO HEAD BASEBALL

The Major League Magnates Should Strive to Get Him, Says Frazee

Boston, Nov. 27.—William How-... ard Taft is great enough to be Pre-... sident of the United States, Justice... of the Supreme Court, and all that,"... said H. H. Frazee, owner of the... Boston American baseball team, to-... day, "and he's certainly big enough... to be the supreme head of baseball... And now that he says he is willing... to consider such a proposition, I... can't understand why every man... who has a nicker in baseball is not... sitting up nights and figuring how... to get him into the national game."

Mr. Frazee announced that he... had sent telegrams to Ban Johnson, Garry... Herrmann and John Haydier, man-... agers of the National Commit-... tee, urging them to take immedi-... ate steps to obtain the consent of... Mr. Taft to serve as National Base-... ball Commissioner, with supreme... authority. The Red Sox owner be-... lieves that the selection of Mr. Taft... would revitalize baseball and give it... an impetus after a period of stagna-... tion as would nothing else. He said... there had been considerable misap-... prehension in regard to the action... of President Harry Hamstead, of... the New York Giants and himself in... approaching Judge Taft on the sub-... ject. They went to Mr. Taft, he ex-... plained with a view to learning if... the latter would consider such a... proposition, and, if he appeared to... be in a receptive mood, to urge the... two leagues to ask him to serve.

Music and Drama

AT THE BRANT.
Appearing in a remarkable role, or... rather, two roles, one of them... being a genuine spy, the other... sent as a "tiger woman" Pauline... Frederick, the beautiful star in... Paramount pictures, will be seen in... her newest photoplay, "Her Final... Reckoning," at the Brant Theatre... this Thursday, Friday and Satur-... day. In dressing this part, Miss... Frederick has shown discriminating... taste in the selection of costumes, and... one of her gowns is a clinging... robe marked like a tiger. The ef-... fect is said to be most startling in... the way of accentuating the feline... nature of her remarkable character-... ization. The wounded soldier does not... always find it easy to return to the... routine of civil life, and of civil... work. The difficulty is caused, not... always by the returned man's state... of mind (of which a great deal has... been said), but by the attitude of... the average civilian who is ready... enough to pat him on the back, but... generally lets it go at that, without... offering him any practical help.

In part two of the film serial, "Can-... ada's Work for Wounded Sol-... diers," entitled "Re-education of the... Disabled," the habits of the mov-... ing picture theatre will find much... to harvest, and make him of her... think. Part two is showing at the... Brant this Thursday, Friday and... Saturday.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time
Recipe that Anybody can
Apply.

The use of Sage and Sulphur for... restoring faded, gray hair to its... natural color dates back to grand-... mother's time. She used it to keep... her hair beautifully dark, glossy... and attractive. Whenever her hair... took on that dull, faded or streaked... appearance, this simple mixture was... applied with wonderful effect. But... brewing at home is messy and... out-of-date. Nowadays, by ask-... ing at any drug-store for a bottle of... "Wyeth's Sage and Sulphur Com-... pound," you will get this famous... old preparation, improved by the... addition of other ingredients, which... can be depended upon to restore... natural color and beauty to the hair. A... well-known downtown druggist... says it darkens the hair so naturally... and evenly that nobody can tell it... has been applied. You simply... dampen a sponge or soft brush with

it and draw this through your hair... taking one strand at a time. By... morning the gray hair disappears, and... after another application or two, it... becomes beautifully dark and glossy.
Wyeth's Sage and Sulphur Com-... pound is a delightful toilet requisite... for those who desire a more youth-... ful appearance. It is not intended... for the cure, mitigation or preven-... tion of disease.

MARSHALL PRESIDED PRO-TEM
By Courier Leased Wire
New York, Nov. 27.—George W. Wick-... ersham, attorney-general in the... Taft administration, in an address... here last night before more than a... hundred educators, lawyers, bankers... and mechanics gathered in interna-... tional trade who are members of the... Council of Foreign Relations, ad-... vanced the opinion that the qualifi-... cation makes it mandatory upon vice-... president Marshall to assume the... office of president, if Mr. Wilson... leaves the United States to attend... the peace conference.

HARD COLDS—People whose blood is... pure are not nearly so likely to take... colds as are others. Blood's purity... makes the blood pure, and this great... medicine restores the system after a... cold as by other medicine does. Take... Hood's pepsin and general debility. Take Hood's

Which of these World-Famous Proverbs fits this Picture?

The hypocrite's lips shall perish.
Hasty climbers have sudden falls.
He that sows misery shall reap sorrow.
Peace begins where ambition ends.
Where victory goes before, good peace follows after.
Peace comes at last to the furrier.
Big heads have big wishes.
Who rules, he has a sword shall perish by the sword.
Punishment follows close on the heels of crime.
To the wicked, misfortune comes triple.
Force can never destroy right.
The wicked shall not inherit the earth.
The righteous shall be in the midst.
Evil cannot lift the soul of misery.
Ill deeds bring forth evil.

FREE Our 48-page book of 1000 Proverbs and the selected 15 Proverb Pictures completing this contest.

The publishers of Canada's Greatest Weekly Magazine are proud to give the grand chance to every con-... tinent they have published a book of 1000 Famous Proverbs; and all the proverbs represented by the chosen... of twelve pictures have been chosen from this book. Answer... correctly and this fine book will be yours. The first... complete series of twelve proverb pictures which com-... plete the contest. Thus there will be no waiting or... delay, as the picture will be presented to you at once... and you can set to work to find the answers that are... the grand prize of these wonderful pictures.

WAR PROVERB EDITOR, CONTINENTAL PUBLISHING CO. LTD. 511 CONTINENTAL BUILDING, TORONTO, ONT.

NOTICE

Increase in Subscription Rates Commencing Dec. 1, 1918

The subscription rates of the Brantford Daily Courier and the Brantford Daily Expositor, commencing December 1st, 1918, will be as follows:

Delivered in Brantford and Vicinity, 45c. per month

By the year, Paid in Advance, \$5.00 per annum

By Mail, " " 4.00 per annum

Single Copies, 2c.

After publication of this notice, payments in advance on subscriptions will only be accepted to December 1st at the old rate, after that at the new rate.

This advance in subscription rates has been made necessary by the tremendous increase in the cost of white paper, the price of which has recently been fixed by the Paper Controller at Ottawa. By this one item alone thousands of dollars are added to our annual cost of production, and in addition, labor, presses, stereotype supplies, type and all other items of expense have enormously advanced in price during the last few years.

Even at the new rates the Brantford papers are only now charging prices which have been in force for some time back on almost all the other daily newspapers published in this section of the Dominion. In many cities the subscription rates are very much higher.

(Signed) THE EXPOSITOR,
THE COURIER.

November 1st, 1918.

The Want Ad To-day is One of the Things That Tends Most to Success!

YOUR ASSETS.

Have you ever taken careful stock of your assets to see how much you had in health, wealth and modern advantages to help you climb the ladder to better things?

Many people do not take the trouble to consider just what their assets are and, indeed, are never really aware of many of them. For this reason many can afford to overlook; namely, the Want Ads of the newspaper.

But there is one asset that is common to all people, and one that no one in these days can afford to overlook; namely, the Want Ads of the newspaper.

Take the time to think of the many ways in which the Want Ads can help you in your daily living. Then use them!
