

# The Waterdown Review

THE BIGGEST LITTLE PAPER IN ONTARIO

VOL. 4.

WATERDOWN, ONTARIO, THURSDAY, APRIL 13, 1922

NO. 49.

## Waterdown Seniors in City League

Six teams are entered in the City Intermediate Baseball League—Harvesters, Imperial Cotton, Beavers, V. Y. C. Dundas and Waterdown. The league will get under way about May 13, and a fifteen game schedule will be played. At the meeting held in the "Y" last Saturday Mr. Geo. Nicholson was elected Vice-president of the league.

Manager Torrance will have his hands full selecting a strong team to compete in this fast company. However Waterdown has the men if they will only get out and practice. Defensively they are a strong team, but offensively they fall mighty flat, and this is where they should put forth every effort to strengthen, and they should put forth more serious effort than they do in a game. At times they grow mighty languid, but if they use the pep that their present manager has and learn a little of his batting ability all will be well.

## Minstrel Choral

The practices for the big minstrel choral are coming along famously. Every one connected with it are giving their time and talents with gusto, and it is sure to make a big hit. All the choruses, solos, duets, quartettes, octettes and jokes are being handled with zip which spells success. Apart from the object of the choral many are receiving instructions which will be a vast benefit to them on many occasions in their future musical life. Notices of the big event will soon be out. Keep the date open April 21st and you will sure see the tidbit of the season.

## Notice to the Public

The dumping of rubbish and garbage of any description on my property on Mill street, is hereby prohibited. Anyone disregarding this notice will be prosecuted.

D. S. ATKINS.

## Clouds

To the Members of Grace Church:

Sorrow, disappointment, pain or an uneasy conscience, all or any of them cloud our lives. There are days of cloud because of unrepented sins, there are days of sunshine because we have turned to the sun of righteousness. To go into sin or to neglect the call of God shall bring "the cloudy and dark day". Look, this Eastertide, one and all to Him and live. Let the sunshine of God's love find entrance into humble and contrite hearts. Sorrow with thousands of christians throughout the world, at the foot of the Cross. "Look and live". Then on Easter morning rise with gladness to meet your risen Lord. Clouds have come. Perhaps your hearts may nearly stop beating. There seems no rift in the clouds. It is fearsome gloom. To all such the Good Friday Easter messages come with glorious meaning. To careless, giddy souls, souls whose aim is inclined only to gain or pleasure, the message comes as a solemn warning. Be warned by the Word of God and the lives of men around you. The pillar of a dark cloud will descend upon you. The days come when you have no pleasure in them. The greatest riches and doubtful pleasures become burning pains and shameful sorrows. An uneasy conscience comes as a fearsome cloud. How many such sinners fill dishonored graves. In trumpet tones we would arouse all to better and better lives. The sound rings in your ears. The winds of God pass over you. Look, then to the Son of righteousness, who arises with healing in His wings. Let the wind of God's spirit pass over your souls. Winter then will give place to summer, clouds to sunshine.

H. J. LEAKE.

## Carlisle

The Carlisle L. O. L. 358 has organized a baseball team, secured a dozen new uniforms and are hoping that a league will be formed. However the manager, Tom Gregston, has already received invitations for one or more Garden Parties, and is now ready to book for any events of this kind during the coming season. The Maple Leafs of Guelph has been secured to play an exhibition game here before the season is far under way.

The management has 18 players signed up. A good pitcher must be secured. Vern Hood, the old reliable will hold down second sack. Jack Alderson will do the receiving, with his cousin, J. E. Alderson, on the initial sack. Manager Tom Greyston and his brother, Stanley, for the field. Stanley was tooted last season as one of the best fielders in the league. With eight or ten recruits such as Stanley Livingstone, Chas. Harper, Harvey Binkley, H. W. Alderson, Geo. Hamilton and a few more, to fight it out for other positions, makes it look good for one of the best teams that has represented the town for a long time.

The big scraper will be on the field this week getting it in fine shape so that the boys can get on it at once. In all probability a grand stand will be built before the 1st of July. Any communications will be received by the secretary, Charles Harper, Harpers Corners, or the treasurer, A. E. Blagden, Carlisle.

## Village Council Meeting Public School Festival

The village council met in the old school house on Monday evening, April 10th for general business, the Reeve and other members all present. The minutes of the meeting of March 13th was read and adopted.

Communications were read from the Legislative Assembly re balance due for Private Bill; from Amusement Tax Branch, Toronto, re places of entertainment, and one from the Provincial Secretary re billiard room licenses.

On motion of councillors Speck and Nicholson the following accounts and bills were passed and ordered paid.

To S. Weaver for fumigating \$5.  
To Municipal World for supplies for council, \$37.26.

To Waterdown Review, printing Financial Statements and advertising, \$39.50.

To John Smiley for clearing away brush after ice storms, \$39.90.

To Wm. Attridge, loan to High School for maintenance during March \$950.

To Royal Bank to pay interest on the \$20,000 debentures re Public school for half year, \$682.93.

To Clerk of Legislative Assembly balance for Private Bill re Memorial Hall, \$33.40.

To R. C. Griffin, salary as collector \$85, postage \$3, total \$88.

### HYDRO ACCOUNTS

To H. Nicol for repair work after ice storm at Waterdown \$97.80, at Plains Road \$11.40, total \$109.20.

To Jacob Metzger, paying freight on and cartage of meter, \$1.50.

To Hydro Electric Commission for Feb. power bill \$282.36, cut-outs, etc \$57.75, total \$340.11.

To H. Lutz, for inspecting meters \$2.55.

To A. Featherston, for auto hire for Plains Road line on repairs after ice storm, \$26.

On motion the council adjourned to Monday, May 8th.

J. C. MEDLAR,  
Village Clerk.

## Letter to the Editor

To the Editor,—

The writer in last week's Review, unknown to some, who merely signs himself a ratepayer is not expressing the wishes, or opinions, of the majority of the ratepayers in this village and vicinity, but of just a handful who want to say how this hall shall be built, what it shall be called and who it shall be governed by after it is built.

The G. W. V. A. of this district did not make a request, but were asked to find out the feeling of the members regarding the name of this hall. This branch of the G. W. V. A. may be newly organized, but the G. W. V. A. is far from being a newly organized association, and we are very sorry that the returned men of this village were not organized soon enough to have a voice in such matters as the playing of a memorial to our dead comrades.

Undoubtedly "ratepayer" knows nothing of what the war meant to those who were there and saw and were through the horrors of it. We know how our comrades died, and we do not want to forget them, or as ratepayer lightly puts it "to look on the dark side of life altogether". We want to remember them as long as we live, and to let our children know that we remembered them by erecting a memorial with a suitable name.

L. GAUTBY,  
Sec. Treas. G. W. V. A.

The first annual musical festival of the East and West Flamboro district was held Wednesday afternoon, April 12th in the assembly hall of the new school. Mr. Bruce Carey, Supervisor of Music in the Hamilton Public Schools, for several years has held a musical festival for the children of the city. He thinks that music taught towards an end, as afforded by competition, is thoroughly taught. He now proposes to affiliate the surrounding townships, and the event of April 12 was the first in this new enterprise. In the future he hopes to send supervisors throughout the rural districts, feeling that in this way he will broaden the heritage of our children and stimulate the grown folk to an appreciation of good music.

There were six numbers on the program. A Junior chorus, "The Little Fiddle". An Intermediate chorus, "The Seed and the Weed". A Senior chorus, "The Minstrel Boy". A Girl's solo, "The Children's Home". Boy's solo, "The Lass of Richmond Hill". Piano solo, Prima Stella.

Four schools entered the contest, Maplehurst (East Plains), Fairview (West Plains), Strabane and Waterdown. Waterdown pupils won four out of the six numbers. Much of this success was due to our talented music conductor, Miss Hamilton. She is to be congratulated on her signal success along this line. The Piano solo was won by Grace Rutledge. The success of the Junior chorus was due chiefly to the dramatization. Jack Sheridan won the Boy's solo and the Senior chorus charmed us all. The Maplehurst school won the remaining numbers.

In announcing the awards, Mr. Carey expressed his pleasure in being judge on such an occasion, at a place which held such pleasant memories of his own old school days. He said that the aim of the teachers should be to produce a flute like head tone which is the natural tone of the child. In old England the masters call this light high clear tone the cathedral tone. The lack of the foregoing points were the chief adverse criticisms Mr. Carey had to present. He warned the teachers against forcing this tone. Some of the good points he mentioned were manner of conducting, intelligent interpretation and distinct enunciation. Mrs. Maxwell Morrow, the assistant judge, remarked upon the excellent material we had in Junior music.

The winners of this district compete for the championship of the county, with the winners from other parts of the county at Dundas, Empire Day. Let us hope for even better results for this district, and let us consider it our privilege to give these little ones a better understanding of good music in the most plastic period of their lives. In this manner, we can give children the means of employing their leisure hours in a most profitable and entertaining way.

## Knox Choir Concert

The choir of Knox church are giving a Pie Supper and concert in S. S. room Wednesday evening, Apr. 26th. A good program of solos, duets, quartettes, choruses, violin and elocution numbers will be given. Refreshments served after the concert.

## Avonsyde Farms Dairy

Pure Ayrshire Milk of Quality

Drink More Ayrshire Milk — Free from Tuberculosis

Milk For Under Nourished Children

An average gain in weight of three pounds in forty days, as a result of milk feeding, was recorded in the Jesse Ketchum School, Toronto, where 48 under-nourished children were given half a pint of milk a day. The greatest individual gain was 8½ pounds. A marked improvement in appearance, disposition, interest and ability was noticed as a result of the milk diet.

"A pint of Ayrshire milk a day,  
For every child they say,  
Builds bone, tooth and muscle,  
Gives strength for a tussle—  
Of course such food will pay."

**CARD OF THANKS**

Mrs. S. Frank Smith wishes to thank the many friends for their kindness during her illness.

Mrs. Ellsworth desires to thank the Women's Auxiliary of Grace Church for their kind token of remembrance during her recent illness in the hospital.

**In Memoriam**

In loving memory of Ormand Skinner Mitchell, who passed away at Rochester, Minn. on Apr. 5, 1921.  
I cannot say, and I will not say,  
That he is dead—he is just away!  
With a cheery smile, and a wave of the hand,  
He has wandered into an unknown land,  
And left us dreaming how very fair  
It needs must be, since he lingers there.  
And you—O you, who the wildest yearn  
For the old time step and the glad return—  
Think of him faring on, as dear  
In the love of there as the love of here;  
Think of him still the same, I say;  
He is not dead—he is just away.  
Wife and family,  
Weyburn, Sask.

## The Farm

Timely Articles by the Ontario Department of Agriculture, Toronto

### BOOMING BETTER SIRES

Publicity Methods Used in Forwarding the Campaign.

Motion Pictures the "Reel Thing"—Lantern Slides Also Useful—The Use of Gate Signs Is Becoming Popular With Breeders—Can't Have Eggs and Mites, too.

(Contributed by Ontario Department of Agriculture, Toronto.)

The ultimate object of the campaign for better sires is to improve the quality of the beef and dairy herds of the country. To achieve the object it is necessary, first, to create in the minds of farmers an interest in and a desire for a better class of cattle. This cannot be done by writing and talking alone. The ideal way to create this interest would be to have the people see numbers of good cattle. As this is seldom practicable, the next best thing is the use of good pictures. It is in this direction that we have found motion pictures useful. If you can show an audience a number of reels of high class cattle, you secure their interest immediately, and when shown in pastures similar to the pastures in their own fields the appeal is very strong. Whenever such pictures have been shown, it has resulted in a number of the audience making enquiry about breeding, feeding and methods of caring for cattle to obtain the best results.

Motion Pictures Have Their Limitations.

Motion pictures are not well adapted for making studies of type. It is in this connection that we have found lantern slides valuable. The slides we have used have included close-up pictures of ideal representatives of all breeds contrasted with slides of undesirable and unprofitable types. One of the most interesting is a series showing a number of scrub cows, the good bulls to which they were bred and the resulting calves. This is the next best thing to having the animals actually there. In brief, motion pictures secure the attention of the audience and create a desire for more information; lantern slides illustrate types and methods. Motion pictures made on Ontario farms have been used to illustrate the leading beef and dairy breeds. Wherever possible, groups of animals by one sire are included to show uniformity and high standard of breed type.

It is proposed to prepare a picture of market animals showing different grades. Some examples of grade cows

of poor to fair quality with their calves by high class bulls, showing marked improvement in one generation by the use of a good sire, have been secured. It is hoped to secure more of these as they are the very best of object lessons.

The Use of Gate Signs.

In an educational campaign there are a number of essentials, one of which is to create an interest in the minds of those you wish to influence. It is not an easy matter to reach the man who most requires instruction. Bulletins and other literature sent to him often find their way into the waste basket unread. He is not easy to get out to meetings where the matter is to be discussed. The main object in using these signs is to reach the man who does not read bulletins or attend meetings. When he sees a sign on his neighbor's gate announcing the fact that a pure-bred bull is kept on that farm, it starts him thinking. If every farm where a pure-bred bull is kept is indicated in this way, natural curiosity will as a rule lead a man to make inquiries. Such an individual will probably have been claiming that his grade bull is just as good as the pure-bred, but he soon realizes that if he keeps a bull and has no sign up stating that it is pure-bred, the inference is that it is inferior.

The spirit of "Keeping up with the Joneses," while it may in some cases cause discomfort, is a real factor in human progress. When you get a man in a receptive frame of mind, you have accomplished considerable, in other words, you have fertile soil. The mission of the gate sign is to create interest, and in this it is succeeding in a great measure. —J. E. Rottie, Assist. Live Stock Director, Toronto.

Can't Have Eggs and Mites, Too.

Hot weather brings the roost mites. They multiply so fast that the hen-house is swarming with them and the egg yield has dropped to almost nothing, perhaps, before you realize what is the cause. Therefore, don't wait for them. Make the house disagreeable to these pests before they show themselves. The process of keeping out the mites is one of the simplest in poultry culture. Kerosene will do it. It is easily applied, either by a broad flat paint brush or a spray. The paint brush will save kerosene, but takes time. The spray will save time and use kerosene. Take your choice, but paint or spray the roost and supports with kerosene before the mites put in an appearance. The morning is the best time, as the roosts will be dry and much of the odor from the oil will have disappeared before the hens return at night. Spray or paint every two weeks during warm weather. A good-sized egg check every month keeps the ball rolling. Don't let the mites get it.

### EFFECTS OF CROPPING

Sure to Exhaust the Best Soil in Time.

Plant Food Must Be Supplied—Mother Earth Has Her Limits—Seven Rules for Poultry Raisers—Breaking Up Broody Hens.

(Contributed by Ontario Department of Agriculture, Toronto.)

Lands that have been farmed for half a century usually show a decrease in crop production. A few farms that have been well managed in the various sections of Ontario are still very productive. Some have been so depleted of the plant food materials that were accumulated during the period of forest development as to be unprofitable under tillage today. Previous to clearing and cropping the process was accumulating fertility. Since cropping has been practiced the process has been reversed and supplanted by one of expenditure. Under a farming practice that exhausts the humus and returns no vegetable matter the soil hardens quickly, dries out and becomes non-productive, simply because there is neither food nor soil life to release such to growing plants.

Mineral Elements Become Exhausted.

Frequently one of the mineral elements—lime, potash or phosphorus—is exhausted by cropping or leaching. Nitrogen exhaustion is a very common condition noticeable in lands that have been cultivated for more than twenty-five years. After all, the soil is only a storehouse for those elements required in the life processes of the food plants that the farmer grows. In that storehouse various forms of life are at work converting the unusable to a usable or food condition for the plant. If we crop for years and exhaust the nitrogen or the potash or the phosphorus to a point where any of such could not be supplied in quantity sufficient to meet the full demands of the growing plant then we have a condition of plant mal-nutrition or starvation.

The New Farm House and Trees.

When planning to build a farm house it is well to select a location near good trees, so that their shade may be used and enjoyed by the family every day during the summer. It takes so long to grow good trees that existing ones should be cherished and utilized to the fullest extent. If trees must be planted they should not be placed directly in front of the farm house, but should be put somewhat to each side so as to make a frame through which a view of a portion of the front is obtained.

Head lettuce requires cool moist weather to head well. The loose leaf sorts are best for warm weather.

Prepare orchards for spraying for San Jose Scale and other pests by pruning and scraping off loose bark. Be sure that all seed corn and root seeds are secured from the best sources available, and are in ample quantities for spring seeding.

## For Mud and Slush You Need these Rubber Boots

Every farmer—every member of his family—every man who works out-doors in all kinds of weather—needs the dry, foot-comfort given by Ames Holden Rubber Boots.

For use on the farm, Ames Holden Rubber Boots are easy to wear because they're ounces lighter in weight, but they have the toughness that only pure rubber—pressure-cured—

and years of experience in making rubber footwear can give.

Ames Holden Rubber Footwear is built for long wear, otherwise the iron-clad guarantee couldn't be tied to each pair. We stand behind it because it means full value for your money.

The next time you need rubbers ask us for

## Locals

Master Hilton Slater of St. Catharines is visiting his grandmother.

Mr. John Kitching has had an electric range installed in his home. Mr. A. Newell did the installing.

Mrs. Leslie Peart of Hagersville spent a few days last week visiting her aunt, Mrs. W. S. Griffin and other relatives in the village.

Mr. Chas. Prudham who has been spending the winter with relatives at Beachburg, Ont., returned to the village on Thursday.

Mr. Wm. Thompson, Jr. won the first prize at the live stock judging contest held at Freelon, March 30th under the auspices of the Junior Farmers' Association. Mr. Thomas Organ was the winner of the second prize.

The regular monthly meeting of the Mission Circle will be held Sunday afternoon at 2:30 in the school room. As this is the annual election of officers it is urgently requested that all members be present. Kindly remember to bring your mite boxes and Easter thank-offering envelopes.

## Memorial Service

The first annual memorial service and church parade of the Waterdown Branch of the G. W. V. A. was held at Knox church Sunday afternoon at 3 o'clock, and was well attended. The Dundas Bugle Band headed the parade to and from the church. The services were conducted by Rev. J. F. Wedderburn, who delivered a very impressive sermon on "Our Honored Dead." The boys desire to thank the bugle band, Mr. Carson and all others who assisted at this their first memorial service.

## SWEEPING REDUCTIONS IN BOOTS AND SHOES

We have just gone through our shoe stock and have made sweeping reductions in most lines of boots regardless of our original loss, and they must be cleared out. The prices are equal if not better than present day prices.

Men's Heavy Work Boots. A specially good line of black or brown grained boot extra quality and heavy weight, made to wear and an easy fitter

**\$5 a pair**

Men's Split Leather Work Boots. An easy fitter and good weight

**\$4 a pair**

A Clearing Price on Men's Fine Quality High Grade Dress Boots. 14 round or recede toe, calf or kid leathers, made by reliable makers and all good styles and shapes. They must be cleared out now at a big sacrifice to make room for new goods. The regular prices were \$9 to \$11. Sale Price

**\$6.98 a pair**

All lines of Women's Boots greatly reduced. Let us show you.

## Boy's Bloomers

Made from heavy striped tweed in grey or brown. A very heavy cloth made for strong wear, and the price is right, sizes 26 to 35.

**\$1.35**

Boy's Dark Tweed Wool Bloomers, neat striped patterns and good wearing quality.

**\$2.50 a pair**

## DeLuxe Electric Irons

A guaranteed Electric Iron, well made and well finished in every respect.
