

SHE IS WANTED BY THE CZAR.

Woman Refugee From Russia Betrayed in Philadelphia.

Killed Sergeant While Trying to Arrest Her Husband.

She Then Flew to Canada and Later to the States.

Philadelphia, April 20.—Betrayed by a fellow countryman, Felix Bekire, a Russian woman, 43 years old, was arrested last night on the charge of killing a sergeant of the Russian army six months ago in St. Petersburg.

The police, hearing of this, sent a squad of soldiers to seize Bekire. His wife seized a rifle and shot the sergeant three times. She then escaped from the house and succeeded in reaching Canada and later came to this city.

Yesterday a Russian named Theodore Buzick came into the office of Captain of Detectives Gallagher, in the city hall, and said:

"There is a woman in this city who is wanted by the Czar."

He accompanied two detectives to the house where Mrs. Bekire and her husband were living, and the woman was arrested.

BUSY PLACE.

City Dock is Now the Scene of Much Activity.

That the steamship freight business is on an upward trend in evidence yesterday at the dock of the Mutual Steamship Company, as lorry after lorry disposed of its contents on the company's large freighter Wasaga, which left last evening with a cargo of 1,000 tons of package freight for the Northwest.

FINED TEN CENTS IN ASSAULT CASE.

No Right to Lay Hands on Another in House of a Third Person.

"You are fined 10 cents," said Magistrate Jells, as he disposed of the case of John O. Ryckman, 97 Leeming street, who was charged with assault by Harry S. Webb. The cause of the trouble, according to Webb, originated in Ryckman's refusal to pay him for services rendered, and when he, Webb, insisted upon being paid his money, Ryckman, he said, had thrown him from the house.

Webb again took the stand, and, remarking on his physical smallness as compared with Ryckman's bulk, asked whether it was likely that he would tackle him with such a small chance of success. The complainant continued to dwell on his own infirmities, and tried to make them a point in his favor. "It was all so trumping sily that he would hurt any person."

TURNT THEM DOWN AGAIN.

North Wentworth Commissioners Listened, But—

North Wentworth license commissioners held their annual public meeting yesterday at Dundas, and passed upon the licenses for the year.

The six Dundas licenses were all renewed. The license held by Thomas Connors at Hayesland was out, and one was granted to Arthur Nicholson, formerly of Hamilton, for Clappison's Corners.

A deputation was present representing the temperance people of Dundas to urge for a reduction in the town. The speakers were cordially received, listened to attentively, and their request was promptly refused.

A deputation was also present from East Flamboro, to oppose the granting of a license for Aldershot.

Mr. Ryan, who keeps the Bay View Hotel, was given a three months' extension, the understanding being that he is to sell out.

DOING WELL.

Man Who Was Stabbed Is In No Danger.

The chances for the recovery of Ross Wallace, the victim of the stabbing affray at 22 Hunter street east on Sunday morning, are bright. He has been sleeping well, and this morning his condition was somewhat improved. The hospital authorities report that no signs of blood-poisoning have developed, and that he is doing as well as can be expected.

INTERVIEWED BY PINKERTON MEN

But They Seem to Have Been on Wrong Track and Got No Light on the Kinrade Murder Mystery.

Much Sensational Stuff Being Written in Outside Papers That Has Its Foundation Only in Street Gossip.

The Kinrade murder inquest on Thursday night may furnish the sensation which the local police have hinted at, but it certainly will not be provided by the prominent Hamilton man who has been frequently referred to in the newspapers of late. This clue, which at one time, it was alleged, would provide a sensation, eclipsing in interest and dramatic effect anything that has yet developed in this remarkable case, has been so effectively disposed of that it will probably never be heard of again.

One of the two Pinkerton detectives, employed by the Ontario Criminal Investigation Department, who conducted the investigation in the United States visiting Virginia and other points, interviewed this prominent man recently. They questioned him for three hours, bombarded him with all sorts of questions, made all kinds of insinuations and at the end of that time were obliged to confess that they were hopelessly beaten and satisfied beyond a doubt that he knew nothing whatever about the crime. He will not be called at the court and the public, which has so eagerly awaited his name, will be disappointed. The mere mention of his name in connection with the case would probably provide a sensation that would make the town ring.

to adjourn for one month, it was largely with the intention of giving his lieutenants an opportunity of locating "Colonel Warburton" and "Miss Elliott." Great importance appears to be attached by the crown to this point. The two Pinkerton detectives who interviewed the prominent local man told him that they had run down every clue that might lead to the identity of these people, and had utterly failed to find any trace of them. They expressed the opinion that they were mythical persons, despite the fact that Florence Kinrade's father said he knew Miss Elliott, who was an elderly lady and a good Christian, and despite the fact that the family lawyer showed the newspaper men a clipping from a Virginia paper, including these two people in a list of guests at a social function in honor of Miss Kinrade.

There was a sensational statement this morning in a Toronto paper which said that \$50,000 would be used to clear up the murder mystery. Whether there is any foundation for some of the sensational statements made in this despatch the local officers refuse to say. It is not improbable that the Kinrade family will have some surprising evidence to spring. It is said that the lawyers employed by them have been busy, and that they will be heard from at the inquest. In connection with this report there is a rumor that Clare Montrose Wright, the Toronto divinity student, and fiancée of Miss Florence Kinrade, is in Virginia hunting up evidence. The Toronto News investigated this report, and it prints the following:

The News' correspondent at Richmond, however, was unable to locate any Clare Montrose Wright at Richmond, his nearest approach to it being

"M. W. Clare," registered from Washington, D. C. An inquisitive one might naturally ask the question, Is M. W. Clare Clair Montrose Wright?

When asked regarding the Kinrade case "Mr. Clare" said he had read something about the latter, but that he knew really but little about it other than what he had read. "Mr. Clare, I am directed by the News to ask if you have lived in Toronto?" "I have not lived in Toronto; I am from Washington," was his reply. "Mr. Clare, have you a personal acquaintance with anyone by the name of Kinrade?" was asked. "No; I do not recall that I have ever known such a person," was his deliberate reply.

After the correspondent had made known the object of the call, Mr. Clare, who was courteous and affable in every way, inquired if "that case had been ended" and in doing so evinced no more interest than the ordinary stranger would in a good news story. If he has any knowledge of persons connected with the information to the newspapers, a Toronto despatch says:

On Tuesday night or Wednesday Mr. Clair Montrose Wright, the Victoria College divinity student, who during the inquest into the death of Miss Elhel Kinrade, was continually at the side of his fiancée, Miss Florence Kinrade, left the city without giving any of his friends definite information where he was going. It now appears to be generally believed that he has gone to Richmond, Virginia. What prompted the young man to take this step, if indeed, he has left for the Southern city, is at the present time the cause of a good deal of speculation among the Victoria College students.

TEN CHARGES.

Case of John Hyde Stands Until Thursday Next.

At the request of his counsel, the case of John Hyde was remanded at Police Court this morning until Thursday. Hyde is accused of absconding with money belonging to the T. H. & B. There are four indictments against him, three of which contain three charges each, the remaining one, making in all ten charges. Hyde has been in jail ever since his arrival here, after being dumped over the border by the United States officers. The Magistrate's intimation that bail would have to be very substantial resulted in no application for bail being made.

BOYS AGAIN.

Believed to Have Entered Mr. McMillen's House.

Some time between seven and a quarter to eight last night a burglar went into the back yard of the residence of Alexander McMillan, 47 Ferguson avenue south, and entered the house. Mr. McMillan was away at the time, and when he returned he found that a light of glass had been cut from the back window, and \$6.80 was missing. It is thought that the theft was committed by a gang of youngsters. The police have been notified, and are working on the case.

NEW STORE.

Bowles Brothers Syndicate Ready to Open in Hamilton.

Hamilton is to have an up-to-date five, ten and fifteen cent store. Mr. H. W. Bowles, of the Bowles Brothers' syndicate stores, has been in Hamilton establishing a branch here. He secured the premises No. 9 Market square, and has had a new front put in, and the place stocked and equipped ready for an immediate opening. The firm carries on two similar stores in Toronto and one in Owen Sound. The Hamilton business will be managed by Mr. J. W. Bowles, of Toronto. In the course of a few days the firm's advertisement will be seen in the Times.

TROOPS TO ENTER CONSTANTINOPLE.

Will Take Possession of the City on Thursday—British Battleships on Guard.

Constantinople, April 20.—Further proof of the unlikelihood of resistance to the Young Turks' army and of the desire of the authorities to appease the Salonikans is found in the orders issued today for the preparation of military trains for the transport of the 6,000 troops of the Constantinople garrison to Anatolia. This will mean the removal from the capital of all participants in Tuesday's revolt. It is expected that the invading troops will enter the city to-morrow or Thursday, the right wing by way of Stamboul, seizing the War Office, the Porte and Parliament; the left wing crossing the Sweet Waters to secure the heights above the Yildiz Piera and the Bosphorus, while the centre will devote itself to maintaining order and preventing any attempt at pillage.

PASHAS RESIGN. Constantinople, April 20.—It is understood here that Tewfik Pasha, the Grand Vizier; Edhem Pasha, the Minister of War; and Nazim Pasha, commander of the force in the capital, sent in their resignations to the Sultan late last night. The Sultan thereupon summoned Hilmi Pasha, the late Grand Vizier, but Hilmi hesitated to resume office. His Majesty then called Tewfik Pasha to the palace, and the Grand Vizier has been closeted with the Sultan since can early hour this morning.

It is expected that the outcome of this conference, which is taken to portend a momentous decision, will be announced speedily. All forts surrounding Constantinople, the Sea of Marmora and the Black Sea are now occupied by the troops and soldiers supporting the Young Turks are advancing upon the capital. No definite information as to when they will enter Constantinople can be obtained. BERLIN, April 20.—A despatch to the Lokal Anzeiger, from Constantinople says that it is rumored Mehemmed Rehad Effendi, the heir apparent to the throne, has been acclaimed sultan at Saloniki. The Lokal Anzeiger's Saloniki correspondent says that it intended to establish the provisional seat of government at that place. 1,200 MASSACRED. Berlin, April 20.—A despatch received here from Beirut to-day says the Adana massacres resulted in the killing of 1,200 persons, including some Europeans. British warships have reached Merzina according to this information and 800 men from them have been sent ashore. MISSIONARIES SAFE. New York, April 20.—American missionaries in Meszina are safe, according to a cable despatch received early today by W. T. Miller, treasurer of the Board of Foreign Missions of the reformed Presbyterian church. The despatch which was from Latakia, Syria, read merely "Meszina safe," but this is regarded as satisfactory by Mr. Miller. MAY BE MUCH BLOODSHED. London, April 20.—"Should fighting occur on the streets of Constantinople, the loss of life among the civilians would be enormous," is the opinion of an American army officer, who witnessed the revolutionary outbreak at the Turkish capital of last Tuesday. "As an instance," the officer continues, "there was a clash Tuesday night (Continued on Page 10.)"

JUDGE GARRET J. GARRETSON. He is presiding at the trial of Capt. Peter C. Hains.

HAINS' TRIAL.

Commission of Lunacy May be Appointed To Examine Into Prisoner's Mental Condition.

Flushing, N. Y., April 20. A speedy conclusion of the trial of Capt. P. C. Hains, jun., for the killing of Wm. E. Annis, and the appointment of a commission to inquire into the defendant's sanity, was predicted to-day by counsel for the defense. "This case will never reach the jury," said Daniel O'Reilly, one of the attorneys for the defence, "and the appointment of a commission in lunacy to determine the prisoner's sanity is in my opinion inevitable."

Mr. O'Reilly's statement was made shortly before the convening of court for the second day of the trial before Supreme Court Justice Garretson here. Two jurors in the box were the net result of the first day's session, and to-day the work of examining additional talesmen was at once taken up. If the expectation of Capt. Hains' counsel is realized the trial will not last more than a day or two after the jury box is filled. When the presentation of the people's case is concluded it is believed by Capt. Hains' attorneys that the District Attorney will ask for a commission.

BEER WAR.

To Try to Force Local Brewers Into Combine.

The action of Berlin and Guelph breweries in opening agencies here for the distribution of beer has caused quite a stir amongst the hotel keepers and liquor dealers. One of the local brewers said to-day that the action was simply a move on the part of the promoters of the Ontario brewery merger to force the local brewers to "come in." He said that the agents of the merger are selling beer here at \$1 a barrel less than they are selling it at in their own cities or in Toronto. The price here has been \$6, while in Toronto and other cities in this part of Ontario it is \$7. The droguery we call a drag may rise. So many things happening in Hamilton

Tragic Suicide

(Special Despatch to the Times.) Woodstock, Ont., April 20.—While apparently insane, Peter J. Duget, county registrar for Oxford county, committed suicide in his office this morning by stabbing himself through the heart with a surgeon's knife about six inches long. It is believed that he went to the registry office, with the intention of taking his life, about 8.30. He hung up his overcoat, his undercoat, and vest, and then apparently, while standing, stabbed himself through the heart and fell forward on his face. He had been subject to insanity at times, the mania taking a melancholy and at others a very cheerful turn, and there is no doubt he was mentally unbalanced when the deed was done. He was found about 10 o'clock by one of the registry clerks. Mr. Duget had been deputy registrar for upwards of twenty-five years. He was a well-known citizen and highly respected and his tragic death has cast a gloom over the community. He was a prominent member of St. Paul Anglican Church.

THE MAN IN OVERALLS

Times' new story to-morrow. Look for it.

How would the corner opposite the King William street police station do for a Public Library site? Central and away from all railways.

Did you notice, ladies, that the women and girls were fined, but the men were allowed to go? It seems to be the law, too.

You better tie up your dog for a short while until the scare works itself out.

Now please keep quiet. Too much talk just worries the police. The jury will look after their end of it.

The Mayor may be right in his line of talk about the Art School. But his way points to the closing of its doors, and I believe that would be a calamity. If the School Board got it it would only be to write its neck.

Hamilton can only be made greater by every one of us doing something to make it so. Are you helping?

I have an idea that the set-servers to the Patriotic Fund would be pleased to receive some kind of a statement from the trustees as to what is to become of their money.

Mrs. Fay would lift a load from some people's shoulders if she would kindly say what fate has in store for the Art School.

No man is so selfish as to want to keep all his popularity to himself.

JOHN F. MCINTYRE, Chief counsel for Capt. Hains.

ton lately, that the churches appear to have overlooked the fact that this is the Lord's Day Week. It's a pity, because Sunday is one of those things we would hate to have to do without.

Our new story begins to-morrow. Business is beginning to boom again. Quite a few of the city factories are working overtime, and gradually everybody is getting back to work.

It may be too late to think about a military demonstration here on Victoria Day, but not too late to get up a Dominion Day one, is it?

We may not all agree with Mr. Sealey's argument on the Canadian hog, but we can admire the way in which he looks after the farmers' interests.

Although Toronto is hump-backed carrying its load of civic debt, its Mayor is over in the old country trying to borrow some more money.

I hope the Greater Hamilton enthusiasts will give some of those projected railway schemes a boost. One around the north shore and one along the mountain brow would be a big thing for this city.

Keep off the boulevards. This is "Lord's Day Week" but Hamilton doesn't seem to know it.

The Old Age Annuity scheme is worth looking into. You can't very well lose by taking it up. You know Robbie Burns says something about old age and poverty being an ill-matched pair.

The grand opera at the Grand last night was grand.

Bain & Adams' List Ripe strawberries, butter beans, spinach, new potatoes, endive, cauliflower, green peppers, Malaga grapes, Bermuda onions, Spanish onions, pineapples, rhubarb, Boston head lettuce, celery, Neufchatel, square cream cheese, English Stilton, Roquefort, Gorgonzola, Oka, Swiss, Edam, pineapple limburger, Holland, Camembert cheese, Bain & Adams, 89, 91 King street east.

Sweet Cherry Pipes. Genuine cherry pipes make the cleanest and sweetest pipes to smoke. They are sold in all sizes for 5c, 10c, 15c and 25c, at pence's pipe store, the headquarters, 107 King street east.

No man is so selfish as to want to keep all his popularity to himself.

PRESERVATION OF TIMBER.

The British Admiralty Somewhat Anxious About It.

Restrictions as to Carrying Offensive Weapons. Crime to Have Indecent Pictures or Post Cards.

(Special Despatch to the Times.) Ottawa, Ont., April 20.—Canada need have no fear for her timber supply if the present rate of domestic consumption and of export is maintained, but there is every prospect that in the next few years the demand from Europe and the United States will be so heavy that the timber supply of Canada will be threatened. This statement was made to the Commons Committee on Forests, Waterways and Water Powers by Mr. H. R. Campbell, head of the Dominion Forestry branch. Mr. Campbell told the committee that it was time Canada took stock carefully of her timber resources so that plans for the future might be wisely made. The United States had made a most careful estimate of the timber resources there, and his department was organizing an inquiry of a similar nature. There was a widespread interest in the timber resources of Canada. The British Admiralty had recently inquired of him why their supply of timber from Canada had been growing poorer in quality, higher in price and less in volume. Mr. Campbell said there was need for a reform in lumbering operations in many places, as present methods involved great waste in stumps and tops of trees. In one area in British Columbia an examination had been made after a lumber man had gone over it, and it had been found that there had been waste of \$9,012 a mile, and of this the Government had been a loser in due to the amount of \$263 a mile.

Hon. A. B. Aylesworth has given notice of a bill to amend the Criminal Code, the chief amendments being designed to stiffen the law with respect to the carrying of offensive weapons and in regard to prosecution and indictment of literature and photographs. The present penalties for these offences are increased in each case, and the wording of the Act is changed in some of the clauses in order to make enforcement more easy.

It is made an offence to have indecent post cards, pictures or literature in one's possession for sale, whether a sale is effected or not.

WILL MOVE.

Skedden Building Being Prepared For Walter Woods & Co.

The Walter Woods Company has taken possession of the Skedden building on the north side of the wood market and this morning began alterations, preparatory to installing broom manufacturing plant here. The Skedden Brush Company, which erected the building but a short time ago, took the old premises of the Hart Emery Wheel Company on Hunter street, west, secured a lease of the west portion of its former building before the Walter Woods Company purchased it, and has moved in.

The Earl's Mistake

No one seeing the Carrie who stood ready dressed for Lady Fitz-Harwood's evening would have recognized in her the pale, little girl who lay back, inert and lifeless, in the donkey-chaise at Sandgate. That Carrie Harrington had disappeared, please Heaven, forever, and in her place was the Carrie of old, full of life and manifold virtues, of ready laughter and pretty defiance.

"Don't you think we had better go down, dear?" asked Philippa, who, as of old, was dressed and waiting. "The maid tells me that the room is full now. It is a great occasion! You ought to be a proud and happy girl to-night, my child!"

"Do you think I am not?" said Carrie, flashing round upon her with a light in her eyes that was eloquent of both pride and happiness. "I do not think, Philippa, that there will be any one here to-night, let us say one-half so happy as I shall be!"

"Excepting Cecil," she said. "No, not even excepting Cecil," she said. "To Cecil his fame is of little consequence; there is no vanity, no self-love in him, not a particle. I do not feel that he is anything but the world—all his world—is talking of him as the coming man. I could almost believe that he has forgotten that he made the speech of the season! Whereas I glory in his success; I think of it every night; I go to sleep glowing with pride of him, and I dream of him and what he has done. That is why I am happier than he is Philippa."

"He looks happy enough, at any rate," said Philippa. "There is only one thing he wants to make his cup overflow."

"What is that?" asked Carrie, innocently, then her face flushed a deep crimson, and she turned her face away from Philippa's gaze. "There is no hurry," she said; "he must be patient."

"And so must I, I suppose," said a voice, and Mr. Harrington entered. "Are you girls going to keep me all night?"

"Girls!" said Philippa. "There is the culprit," and she pointed to the tall, slim figure dressed in one of World's most artistic efforts. "Did you ever know her to be punctual?"

"Never," said Mr. Harrington, going up to the sinner, and taking her face in his hands—"never. I pity poor Neville!"

"Papa, you will rub all the pain and powder off!" she exclaimed, and she put her arm round his neck.

"And you will crush that lace to simple ruin!" cried Philippa. "Do not put her away, papa; it has taken me half an hour to arrange those flowers, and you will put them all out of place."

But Philippa, with all her mildness, would not stand this. Stepping in between them, she crossed her hands over her fan and dropped Lady Bellairs a stately courtesy, as one who had been scouted by a perfect and objectionable stranger might have done.

The onlookers stared; some smiled at the speedy discomfiture of the vulgar intruder, and if Lady Bellairs had possessed half as much sense as impudence, she would have taken the repulse and fallen back.

"But she was not easily balked," said she. "Ah, my dear Miss Harrington!" she exclaimed. "And how are you, too? It is ages since I saw you and your charming sister."

"Yes, Lady Bellairs, the last meeting was in Malfield churchyard," said Lady Bellairs went flame-color.

"I am so delighted to see your dear sister looking so well. We heard the most shocking accounts of her where I have been, sitting at Belkiss as her dear Lady Catesby's place in Scotland, you know!"

Philippa inclined her head. "You have been to Scotland, Lady Bellairs? No doubt you have returned with good stock of Scottish sayings!" sweetly.

Her ladyship, all unsuspecting, smiled inanely. "Yes! Perhaps you have heard this one: Never grasp the stag by the horns until you are sure he is dead! Yes, my sister is quite recovered, Lady Bellairs; but her medical advisers have strongly cautioned us against permitting anything of an irritating nature to approach her."

"And with another courtesy Philippa, the gentle, the sweet-natured, turned her back full upon the wretched woman."

What became of her ladyship and her daughter no one quite knew. Her disappearance was as mysterious as her entrance; Lord Kenworth, who had been an amused and delighted spectator of the scene, declared that she had invoked the gods to open the earth and swallow her, and the gods had granted her prayer.

"I always understood, Miss Harrington," he said, gravely, "that you were all heart, that you would rather walk a mile than tread on a wounded fly!"

"But she said," said Philippa, flush, and panting a little, "but I would walk two miles to step on a wasp disguised as a blue-bottle. Lady Bellairs once stung my sister, and I vowed, Lord Kenworth, that I would one day crush her in return."

He looked at her in silence for a moment, with a strange light in his eyes, as if he had never really seen Philippa before, then bowed and walked away. But before the evening was out he came up beside her.

GRAND NEWS FOR OLD FOLKS

What Dodd's Kidney Pills Did For Hiram Brown. Cured His Aches and Pains and Gave Him Restful Slumber—Known as the Old Folks' Friend.

East Mapleton, Cumberland County, N. S., April 19. (Special.)—Through well past the allotted span of life Mr. Hiram Brown, of this place, is still one of the grandest sights in a hale and hearty old gentleman. And like many another Canadian veteran he gives Dodd's Kidney Pills the credit for his abundant health.

"I am seventy-two years of age," Mr. Brown said in an interview, "and I want to say that Dodd's Kidney Pills cured me of Gravel and Kidney Trouble. I was troubled with Backache, Headache and Dizziness, Cramps in the Muscles and Stiffness of the Joints. My sleep was broken and at times my limbs would swell."

"But since taking Dodd's Kidney Pills all these troubles have gone. I consider Dodd's Kidney Pills a wonderful medicine."

The aged man or woman who has healthy Kidneys can afford to laugh at the ills of life. For healthy Kidneys keep the blood pure and ensure good restful sleep. Dodd's Kidney Pills always make healthy kidneys. That is why they are known as the Old Folks' Best Friend.

NO PROHIBITION.

Resolution in Provincial Legislature of Nova Scotia Voted Down.
Halifax, April 19.—The prohibition resolution introduced in the Provincial Legislature ten days ago and which has been the subject of almost continuous debate since, was put to a vote this afternoon and lost by 23 to 8. The five members of the Opposition voted for the resolution, and three members of the Government party came over, making eight all told.

The resolution not only asked for a local prohibitory law, but that the machinery for enforcement be enacted and that the Federal Government be memorialized to amend its legislation to prevent the importation of liquor into the province.

MONTREAL ENQUIRY

Judge Cannon Will Insert First Probe in a Week.
Montreal, April 19.—The formalities of opening the Royal Commission, which is to make a general and complete inquiry into the administration affairs of the city of Montreal, took place this morning in the Court of King's Bench before Mr. Justice Cannon, who in an important declaration, made it plain that all witnesses will be protected by law as to the statements they make, and that no citizens will be condemned to pay costs if they act reasonably and in good faith in making special charges.

Mr. Justice Cannon said he was ready to summon witnesses for Tuesday in next week if a list of names were given to him. All applications made on behalf of citizens by counsel must be made in writing.

CHAUDIERE FLOODS

Cattle Drowned, Fences and Out-buildings Carried Off.
Quebec, April 19.—The unprecedented rise of the Chaudiere River consequent on the ice shove has caused considerable damage in Beauce county. The water commenced to recede yesterday, and to-day had almost resumed its normal condition. The most of the damage done is located at St. Joseph, St. George and Beauceville, along the branch line of the Quebec Central Railway. The roadbed of this line will require a thorough going over. A number of cattle were drowned, and fences and small outbuildings floated away by the rushing waters.

The wooden bridge at St. Joseph de Beauce has been moved three feet from its position, and is now considered dangerous to cross. A washout also occurred at St. Mary's, on the main line of the railroad, but it is not serious.

SEALERS COMPENSATED.
Men Captured by Russian—unbaited to Receive Wages and Interest.
Vancouver, April 19.—As a result of the decision of the Supreme Court in Chambers this morning, the seamen and seal hunters who sixteen years ago sailed north in the Vancouver Belle, a schooner belonging to a Vancouver shipbuilding company, and were captured by a Russian gunboat, their ship confiscated, and themselves suffering detention and hardship, are to be paid wages with interest at the rate of six per cent per annum since 1893. Last year the Russian Government paid \$46,000 compensation. The interest amounts to \$21,000.

KILLED BY FOLDING BED.
Man's Neck Broken—His Wife Escapes With Light Injuries.
New York, April 19.—James F. Maher, fifty years old, a feather curler, of 220 Spencer street, Williamsburg, was killed by the closing of a folding bed in which he and his wife, Mary, were sleeping. Mrs. Maher was awakened by the rising of the bed. The room was dark and Maher was deep in slumber. When Mrs. Maher succeeded in arousing him the bed was almost upright.

Maher tried to sit up and clutched at the bedclothes, which were sliding up around his head and neck. He tore at them, but even with the aid of his wife could not free himself from the covers. Then with his feet and arms he tried to force the bed back to its original position. When this proved futile he

changed his position slightly to enable him and his wife to get air and cry for help.

A son sleeping on the floor above heard his parents' cries and ran downstairs. By the time he had reached their room the bed was closed upon them. He heard faint groans made by his father and mother. For ten minutes he tried to open the bed, but failed. Then he summoned assistance from the Cumberland Street Hospital. Dr. Pierce responded and helped to open the bed. The physician found Mrs. Maher unconscious, but little injured, and her husband dead. Maher's neck was broken.

LYNCHED BY MOB

CATLEMEN TAKEN FORCIBLY FROM JAIL AT ADA, OKLA.

Lynchers Nearly All Citizens of the Better Class—Disgusted at Easy Way in Which Criminals Escaped Punishment in State.

Ada, Okla., April 19.—Two hundred citizens of Ada, nearly all of them of the better class, thoroughly disgusted with the justice meted out to criminals in the smaller towns of Oklahoma, early to-day took from jail and hanged four weakly land owners and cattlemen for the murder of Deputy United States Marshal A. L. Bobbitt. The lynched men were: B. Miller, Fort Worth, Texas; B. B. Burrell, Duncan, Okla.; Jesse West and Joseph Allen, of Canadian, Texas.

Shortly after 2 o'clock this morning the lynchers shut off the electric street lights, cut the telephone communication and gathered near the jail, crowd stopped at his request. Attorney Robert Wimbish, who had received word that the mob was forming, the crowd stopped at his request. Attorney Wimbish said: "Men of Ada, you are disgracing this community in the eyes of the world. Think this matter over calmly and let the law take its course. I appeal to you as an officer of the law to return to your homes."

"This is no time for speeches," said the leader of the mob, and the men moved silently toward the jail door. Only Guard McCarthy was on duty. He tried to protect his prisoners, but was knocked senseless with a revolver bullet. The four prisoners were quickly taken out, although West fought desperately. The mob led the four men to a barn, a few hundred feet away, and stood them in a straight line. They refused to say anything about the murder and were carried to a beam and strung up in a row. Just before the rope was placed about his neck Miller calmly removed a diamond from his shirt front and requested that it be sent to his wife in Fort Worth. From his neck he drew out a diamond scarf pin, with the request that it be given to Guard McCarthy for his kindness to him. As soon as the men were dead the mob disappeared. At daylight the bodies of the lynched men were cut down.

The coroner's jury this afternoon returned the following verdict:—"We find that Jim Miller, B. B. Burrell, Joe Allen and Jesse West met their death by being hung by a mob, and that the death of each was caused by strangulation produced by the ropes placed about their necks by parties whose names are to the jury unknown."

The County Attorney to-day declared that he would investigate the lynching, but asserted that there was no evidence of the identity of the lynchers, and that there probably would be no prosecutions.

While he bore the reputation of a "bad man," J. J. Miller, of Fort Worth, one of the four men lynched, was popular among the best class of citizens. His widow and three children are held in high esteem. Reports vary as to the number of men Miller killed, estimates placing at anywhere from ten to thirty.

Most of his victims were either cattle-thieves or men whom he shot in self defence. He was one of the last of the old-time Texas cattle "kings," among whom it was a custom to use the six-shooter in defence of personal and property rights. Burrell, another of the four lynched, while his home was at Duncan, Okla., had many relatives in Texas. A brother and his mother live at Weatherford. He owned many cattle, it is stated. Joseph Allen and Jesse West, of Canadian, Texas, were wealthy and owned tracts of land and numerous herds of cattle.

There was an old feud existing between these last two men and former United States Marshal Bobbitt, and years ago, it is said, Bobbitt forced Allen and West to flee from Texas because of alleged highway robbery and cattle thefts. Burrell and Miller were both arrested in Texas following Bobbitt's death. Miller is said to have done the murder and to have been paid by the others.

United States Department of Agriculture officials inspected the Ontario Veterinary College on Monday.

CONMEE'S BILL GIVEN HOIST.

Premier Moves That Committee Rise and Report.

Sir Wilfrid a Strong Upholder of Provincial Rights.

The Waterways Treaty and the Canada Life Bill.

Ottawa, April 19.—When Mr. Foster proposed that to-day's session of the Commons should be set apart for the discussion of the New Brunswick Royal Commission's report he reckoned without Mr. James Conmee. With private bills having precedence over any other business, the member for Rainy River and Thunder Bay seized the opportunity to proceed with his much-discussed project to incorporate the Ontario & Michigan Power Company, with the result that the intended attack on Hon. Dr. Pugsley was crowded out. Of the proposed piece of legislation the House is heartily tired, and it was with a palpably bored expression that the members listened to the reiteration of the old arguments in favor of a course which public opinion has so unmistakably stamped with its disapproval. When it was apparent that the promoter of the bill intended to proceed with it, Mr. Lennox suggested that it would be interesting to know what attitude the Government proposed to adopt.

MR. AYLESWORTH'S VIEW.

This suggestion drew Hon. Mr. Aylesworth to his feet with an exposition of his own view. Making it clear that he spoke for himself alone, the Minister of Justice discussed the question of the constitutional power of the Dominion Parliament to pass legislation such as that proposed. He thought the British North America act was very plain in its intention and expression in regard to the incorporation of companies. It contains subjects which it declared to be within the inclusive legislative authority of the Dominion Parliament. Certain other subjects were declared to be within the legislative jurisdiction of the Provinces. While it was of the utmost importance that the Dominion Parliament should not overstep the limits which the British North America act had assigned to it, it was of at least equal importance to the body politic that the Provincial Legislatures should not on their part overstep their limits. The practical question for consideration was whether or not the Dominion Parliament ought to exercise the power which in his judgment, if any place in Canada and the United States. He thought it went without saying that no Provincial Legislature had power to incorporate a company with the right to do the business specified in the question as to the propriety of the Dominion Parliament taking the action desired by the promoters of the bill was a question of policy, but he submitted

that the committee having reported the bill, it was only fair to assume that it was the honest intention of the promoters to transmit their product across the international boundary. On the other hand, he saw no reason for the inclusion of the clause "for the general advantage of Canada." He could not see how an undertaking which appeared to be entirely local, so far as the area of operation was concerned, could be truthfully said to be for the general advantage of Canada. It was his opinion, however, that the British North America act intended that any company formed for the express purpose of transmitting its product to a foreign country should be incorporated by the Dominion Parliament.

MR. MIDDLEBRO AND THE GLOBE.
Mr. Middlebro challenged the position taken by the Minister of Justice, contending that the transmission of power did not affect the jurisdiction of the Province over a company which was purely local. He was proceeding to quote The Globe editorial of April 1 last, when the Chairman of the committee (Mr. McIntyre) ruled that it was out of order to quote anything reflecting upon the action of members.

MR. CONMEE'S ARGUMENT.

Mr. Conmee then took up the cudgels on behalf of his bill, and, armed with a varied assortment of authorities, ancient and modern, labored for over an hour to persuade the House that the legislation proposed was of a most innocent character, and that the rights of the people were absolutely safeguarded. He took a different ground, however, from that adopted by the Minister of Justice, claiming that legislation affecting navigable waters was entirely under the control of the Dominion Parliament. He quoted from a decision of the Privy Council that while at Confederation the Provinces were given certain proprietary rights, the Dominion Parliament retained legislative authority. As to conserving the rights of the people, he contended that the Railway Commission could be depended upon in that respect as much as the Hydro-Electric Commission of Ontario. Referring to the Globe, he asked Mr. Middlebro to look over the Globe file to see what it had to say about Kakabewa Falls on the Kaministiquia River, and declared: "I deny that the opinions of a man sitting behind a desk in a small office, either in the editorial building of the Globe or any other newspaper, are better in regard to a great question of public interest than the opinions of representatives of the people in Parliament."

including the Globe, was being aroused to the fact that the Dominion Government were retreating very far from their old declaration as to Provincial rights, and that even Liberals were becoming alarmed at the attitude of the Government.

THE PREMIER'S SUGGESTION.
Rising at 10 o'clock, Sir Wilfrid Laurier suggested that the committee should rise and report progress. They had been engaged for about six hours in discussing the bill and blocking the passage of other bills, and it was evident from the temper of the House that it would not go through to-night, if at all. The bill had been carefully considered by the Private Bills Committee, and as a rule he had always deemed it his duty to support the finding of a committee; not that it was a law absolute, but that unless there were strong reasons to the contrary, the finding of a committee should be followed. In the present instance, however, there was a very strong reason why they should question the finding of the committee.

The question of jurisdiction had been brought to the attention of the House, and had been argued with great force that the Dominion Parliament had no jurisdiction, and that jurisdiction belonged to the Provincial Legislature. It had been argued with no less force by the Minister of Justice that not only had the Dominion Parliament jurisdiction, but that it alone had jurisdiction. At the same time the Minister of Justice had stated that, although that was his own personal opinion, there was a good deal of conflict as to what was the law in the matter. Personally he (Sir Wilfrid Laurier) would be disposed to follow the opinion of the Minister of Justice in a matter of that kind, but the question of jurisdiction was not really the kernel of the matter. It mattered not whether the Dominion Parliament or the Local Legislature had jurisdiction. The point was that there were provisions in the bill which affected the powers of the Local Legislature. In passing he reminded the Opposition that the declaration "for the general advantage of Canada" was not invented by the Liberal party.

The discussion had been directed to one point alone; that was the power of expropriation. "I have been much struck," continued Sir Wilfrid, "by the argument put forward on the other side of the House and by some of my friends, that the Local Government of Ontario have a policy upon this question; that they have adopted a certain policy referring to the expropriation of local water powers and refusing to give them to local companies. If we pass this bill we will interfere directly with that policy, and, therefore, under such circumstances, holding as I have always held to the sacredness, if the word is not too strong, of Provincial rights, although we have power to evade those rights, it is a question whether or not we should do so, and it is a question which I would commend to the consideration of the promoter of the bill." Sir Wilfrid pointed to the fact that clause 13 of the bill provided that the company should be prepared to furnish for use in Canada one-half of the power developed. That was to say that the power could be divided into two parts, one part for expropriation, and the other for local consumption, "I would be disposed to go farther than that," declared Sir Wilfrid, amid general cheers, "and say we ought to reserve not one-half of the power, but the whole of the power."

Mr. Conmee pointed out that the provisions of the electricity and fluid expropriation act would apply.

Sir Wilfrid thought it should be made

clear that there was no conflict on that point.

Mr. Conmee—I have no objection. Sir Wilfrid Laurier concluded by stating that there was a very serious conflict of opinion as to the powers of expropriation of Provincial property. He moved that the committee rise and report progress. The motion was at once agreed to, and the committee proceeded to the consideration of other bills on the order paper.

THE WATERWAYS TREATY.

Replying to Mr. Borden, Sir Wilfrid Laurier stated that the Government had not yet finally concluded as to whether or not they would accept the waterways treaty as amended by the United States Senate. The Canada Life Assurance Company's bill was, on motion of Mr. Clarke (Essex), referred back to the Committee on Standing Orders, to consider whether sufficient notice of the legislation had been given to the policyholders and the public.

Tomorrow Hon. Mr. Fielding will present his budget.

A NEW LINE FENCE

To be Put Up Between Canada and United States.

Washington, April 19.—The boundary line between the United States and Canada is to be surveyed again and re-marked during the coming summer. The work is to be undertaken by O. H. Tittmann, Superintendent of the Coast and Geodetic Survey, in conjunction with Dr. W. E. King, the astronomer of the Dominion of Canada. Dr. King is here arranging with Mr. Tittmann for the undertaking and for the sending out of parties to survey and re-mark six sections of the line. All of the extensive boundary line comes under the jurisdiction of the two boundary commissioners with the exception of that part running along the St. Lawrence River and through the great lakes, which is within the Province of the International Waterways Commission.

Mr. Tittmann and Dr. King are also to undertake the staking of the boundary line between Alaska and Canada from the southernmost point to the Arctic Ocean. The work will occupy several months.

Want Disqualified Members Back.

Montreal, April 19.—The City Council met this afternoon and passed a resolution asking for remedial legislation and also to justify the expenditure of money. They ask that the disqualified aldermen be reinstated, and point out that at present they have no Finance Committee in the city.

MAY HANG THE SULTAN.

Report That He Has Already Fled From Constantinople.

Macedonian Army of 30,000 Men Closing In on City.

British Fleet at the Entrance to the Dardanelles.

Constantinople, April 19.—The Macedonians have arrived. The city is surrounded. The trains have been seized. The officerless soldiery here are in a blue funk and say they won't fight.

I attended a secret Young Turk convulse last night. They are determined this time to hang the Sultan in front of his own palace and take no more chances. There is to be no mistaken clemency now. The arch-plotter will pay no more. The crowned assassin will assassinate no longer.

The Sultan's complicity in Tuesday's mutiny has been overwhelmingly proved. The reactionary Mohammedan Society which caused the mutiny was founded by the chief of the palace eunuchs, and included among its members the Sultan's son, his chamberlain and many of the old regime spies, all living in the palace.

The mutinous troops in St. Sofia square on Tuesday were well provided with gold pieces, and on being questioned said, "Our grandfather gave them to us." These facts are conclusive.

There is no fear of a Christian massacre here, as the Christians are well armed. No man is so poor that he hasn't got a revolver, while powerful Armenian secret societies possess an astounding accumulation of the deadliest bombs.

Besides the Russian Black Sea fleet at the entrance to the Bosphorus and a British fleet at the entrance to the Dardanelles, the Bulgarian army, despite official denials, is massed on the frontier awaiting word from Europe to march to Constantinople.

A sinister fact is that when the leader of the advancing Macedonians wired the embassy here to fear nothing, he ignored the Turkish Government, which he doesn't recognize. The Austrian Ambassador conveyed his message to the Sublime Porte.

The Macedonians' demand is the restoration of the Young Turk Ministry and the status quo ante.

A FORCE OF 18,000.

London, April 19.—A Times special from Constantinople says: The advanced patrols of the right wing of the Macedonian forces have reached San Stefano, while part of the left wing are reported to be moving forward in the direction of Kiatkhaneh. Telegrams from Salonica state that Mahmud Mukhtar Pacha arrived yesterday, and immediately proceeded to repair to take command of the army operations. The Tchataldja force is reported to have reached 18,000. Parliament met in secret session this morning, and it is understood the question of whether the deputies should continue their deliberations in the capital or repair to the Macedonian camp at Tchataldja was laid before the House, which decided to remain. It is also believed to have decided that the deputies should inform the Grand Vizier that the House considered that a statement of policy would be inopportune at the present juncture

and the statement should, therefore, be postponed till Saturday.

The Armenians probably in consequence of the massacres in Cilicia, appear to have veered round towards the Committee of Union and Progress. The approach of the Salonica and Adriatic forces and the steady growth of their numbers committed at their instigation to the House to adopt a temporizing attitude.

SULTAN WANTS TO ABDICATE.

Rumors of the deposition of the Sultan are widely spread, and telegrams recommending it have been received from the north. Well-authenticated reports continue to arrive from the outposts pointing to the determination of some of the Macedonian leaders to insist on the abdication of His Majesty as a preliminary to negotiations with the local forces and the Government. It is even rumored that the Sultan, who is said to be completely prostrated by the events of the last few days, has expressed a desire to abdicate in favor of Reshad Effendi.

The activity of the reactionaries during the first three days of the revolution was of a shocking character. Several murders committed at their instigation undoubtedly predisposed large sections of the public, even those inclined to favor a movement against the committee, to assume that the Yildiz Kiosk had played a larger part in kindling the outbreak than was at first believed, while among the strongest partisans of the committee, both here and in Macedonia, the idea is accepted almost without discussion.

WILL ENTER CITY THURSDAY.

A Daily Mail special from Salonica says that the constitutional army is now at Makrikeni, seven miles from Constantinople. It will not enter the city until its force is sufficiently large to average all opposition, protect thoroughly Pera and the Europeans, disarm and guard all reactionaries and provide against any possible outbreak. My opinion is that the entry will probably take place on Thursday.

RUMOR OF ABDUL'S FLIGHT.

Constantinople, April 19.—(A. P. Dispatch).—The most important feature of the situation in the Turkish capital to-day was the report that Sultan Abdul Hamid had abdicated. It caused the greatest excitement in the lobbies of Parliament, and spread with lightning rapidity throughout the city. A rumor of the flight of the Sultan on a warship followed closely on that of his abdication, but neither could be confirmed. Large crowds gathered at the British Embassy, where other reports had it the Sultan had taken refuge, and there were also scores of inquiries at the Russian Embassy concerning the truth of the protection of Russia on one of its guardships.

At both of those Embassies all knowledge of the Sultan's movements was denied, and the Foreign Office also gave a strong denial to one and all of these rumors. The abdication of Abdul Hamid, however, appears not to be improbable, and it is believed that within a day or two the Constitutionalists may accept as his successor Prince Yussuf Izzedin, the eldest son of the late Sultan, who is second in line, as they are strongly displeased with Abdul Hamid's attitude. The palace to-day was under stout guard, and even high officials were not permitted to enter it.

BEFORE THE CAPITAL GATES.

The advance of the constitutional forces began this afternoon. Small parties were sent out to reconnoiter, and at 7 o'clock in the evening they were in sight of the gates of Constantinople. They encountered no resistance, nor does any resistance seem likely, unless at the palace. The headquarters of the Constitutional army are at Deagatch, and General Husni Pacha's

forces, which now number between 20,000 and 30,000, occupy a range of hills about 20 miles from the capital. Every hour reinforcements are adding to their numbers.

STEAMER STONED.

Took a Non-Union Crew Out of Cleveland.

Cleveland, April 19.—The first lawlessness in connection with the mariners' strike occurred here this morning, when the steamer Walsh left port. The Walsh, with a non-union crew, took on a cargo of coal at Irishtown dock. Crowds gathered along the docks and the big freighter was stoned from the time she passed Main avenue bridge until she reached the piers. Aside from a number of broken windows, no damage was done aboard the ship. The Walsh sailed to-night.

Shipping masters and officers of transportation companies have had considerable trouble getting sailors aboard the boats, but it is claimed that eighty-four men were shipped here since Saturday. Arms were placed aboard the steamers Garry, Fitch, Carnegie, Yosemite, Paine, McGean, and Walsh. The officials of the cooks' union say all their members will leave the boats as soon as the seamen strike, and the sailors expect to get orders in the morning. The men are very confident of winning and predict that more owners will break away from the Lake Carriers' Association and the contract system before the first of the week.

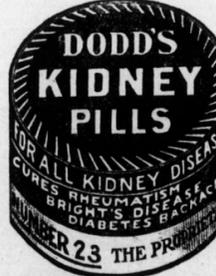

No Appetite

Your Food Disagrees. You're Tired—Lifeless. Skin Is Yellow.

You'll Feel Worse Every Day Unless You Brace Up Quick. The best Treatment is Ferronose.

Every day comes the good news of wonderful cures with Ferronose. In Peterboro' it worked marvels for Louis Meehan—put him right on his feet—made him entirely well. "About three years ago," says Mr. Meehan, "I had the grippe, which left me in a very run-down condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferronose. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferronose as an ideal restorative." Ferronose gives you force, energy, vim. It strengthens the stomach, cures indigestion, prevents headaches—guarantees good health. Thousands use Ferronose—they all improve—get better health—look better—feel better; try it yourself—sold in 60c. boxes by all druggists.

HARVESTER COMPANY.

A Prosperous Year in Spite of General Depression.

Provisions For the Benefit of the Numerous Employees.

Some Statistics About the Works at Hamilton.

Chicago, April 19.—The report of the International Harvester Company for 1908, made public to-day, is strong evidence of the prosperity enjoyed by the agricultural interests of the country during a year of general business depression. As the report shows, the sales of the Harvester Company during that period were reduced but a trifle over 7 per cent., compared with the previous year, as compared with \$72,541,771, as total sales with \$78,206,800 in 1907.

Notwithstanding the reduction in the volume of business, the net profits show a slight increase over last year, the earnings in 1908 being \$8,885,682, as against \$8,080,457 in 1907. This is a little more than 7 per cent. on the total paid up capital, a net reduction of \$5,443,290. It has continued its established policy of liberal expenditures for experimental and development purposes, repairs and maintenance. It expended \$1,839,844 for plant maintenance and repairs, and \$743,557 for expenses, patents, etc., to increase the efficiency and durability of the implements manufactured.

The report indicates the very large working capital required in the manufacture of agricultural implements and similar appliances, and the liberal terms of credit extended to farmers. Of its total assets on December 31, 1908, \$36,311,230 were in farmers' and agents' notes and accounts, and \$47,987,056 in raw materials, finished products, etc.

Many improvements have been made in sanitation and ventilation at the factories, and the machinery is being constantly safeguarded to avoid accidents. Opportunities for instruction in practical mathematics, mechanical drawing and other useful technical subjects are afforded to the employees. Rest rooms are provided at the plants where women are employed.

The expenditures for these purposes during the year were \$73,750, besides an appropriation of \$250,000 as a nucleus for an employees' pension fund.

The Employees' Benefit Association, organized September 1, 1908, on very liberal terms, proved an immediate success, more than 76 per cent. of the shop employees having voluntarily joined the association within 90 days after its organization. The company's contribution to this association amounts to \$50,000.

The printed report, which contains illustrations of the various plants throughout the world, gives the following facts about the Hamilton works:

Area of real estate, 117.58 acres.

Floor area of buildings, 179,197 square feet.

Average number of employees, 1,600.

Annual capacity, 89,500 machines.

Manufactures binders, mowers, rakes, tedders, cultivators, harrows, grain drills, broadcast seeders, manure spreaders and land rollers.

THE LEPERS.

Interesting Address by Rev. W. P. Byers Last Night.

In Centenary Sunday school last evening an interesting and instructive address was delivered by Rev. W. P. Byers on the "Lepers of India." Mr. Byers is in the city in the interests of the local branch of the lepers' mission, and everywhere he has spoken so far he has been greeted with large audiences, which shows the wide interest taken in this work. There are over a half million lepers in India and the leper mission supports fifty asylums in that country and thirty in other parts of the East.

Mr. Byers spoke more particularly about the asylum at Asansol, Bengal, which has one hundred and twenty-five patients. The work began there with a band of these unfortunate people, who used to beg for their livelihood. This was in 1891, and since that time the institution has increased and greatly improved. Mr. Byers then went on to describe the conditions there, telling of the daily routine of the patients, etc. They are given medicines, which, though affording some relief, cannot cure them. A separate home is conducted for the untainted children of the lepers. They are given more freedom and sometimes marry among themselves. The work among the lepers, while it has its repulsive side, also has its rewards. They are very religious and spend much of their time in prayer.

A vote of thanks moved by Rev. Richard Rowe was heartily supported by the entire audience.

Rev. F. E. Howitt presided.

A SAD CASE.

Religious Worries Caused Insanity and Suicide.

Distracted as Between Her Husband and Her Church.

Toronto, April 20.—Supposed following over religious matters, following a mixed marriage she had contracted some four years ago, caused Mrs. Emma Bell on Saturday to take a dose of arsenic at her home, 169 Clinton street, and she died early in the same evening as a result. Although the husband and wife were much attached to each other, it is said that the differences of their religion weighed heavily on her mind, and for some time past she had not been very regular in her church duties.

Deceased was a French Canadian, and was married a little over four years ago to Lloyd S. Bell, at her home in Van-klee Hill, a town about half-way between Ottawa and Montreal. The girl's parents were much opposed to the wedding, as Bell was a Presbyterian, but despite the opposition, the ceremony was performed, and shortly after the couple came to live in Toronto, he securing a position with Parly, Mansell, Limited.

The woman was seen about Saturday afternoon, but nothing strange was noticed. Later on she was seized with a violent attack of vomiting. A doctor was sent for, but he could do nothing for her. Some time after her husband told the doctor that she was a Roman Catholic, and Father Minehan of St. Peter's Church, was sent for, but the woman expired just as he was entering the house. Coroner Johnson was notified, but decided an inquest unnecessary, and gave an order for interment. Besides her husband, she leaves a boy three years of age. The body will be taken to Vanklee Hill to-day.

SERIOUS ASSAULT.

Girl Was Kicked and Beaten by Supposedly Insane Farmer.

Harrison, Ont., April 19.—On Saturday afternoon at Miss Ethel Ellis, a daughter of James Ellis, a prosperous farmer of Normandy township, was walking home from Drew station, on the town line between Normandy and Minto townships, she was overtaken on the road by Duncan McKinnon, a neighboring farmer, on horseback, who asked her name. The frightened young lady climbed over a fence to run to a farmhouse, McKinnon, on horseback, leaped the fence, caught up to the girl, seized her by the hair, pulled a handful out, and kicked and bruised her in the face and body. Her life was saved by rescuing neighbors.

Constables Umbach and Kreller, of Axton, sought to arrest McKinnon at his home on Saturday night, but were driven away at the point of a shotgun. They returned yesterday afternoon, and captured him in his barn.

McKinnon is a well-to-do farmer of Normandy township, and was over a year in an insane asylum five years ago. Scurrilous and threatening letters have been sent to Miss Ellis signed by McKinnon, and over a year ago reported to the Attorney-General's Department.

The preliminary meeting was to take place at Axton to-day, before Police Magistrate Ryan, but was adjourned until to-morrow. Insanity is the plea put forward.

CHARGE MURDER.

Victim of a Brutal Assault Dies in Toronto Hospital.

Toronto, April 20.—When Saul Gagnon, the French-Canadian miner, now held at Cobalt on a charge of committing a murderous assault on two women in a lighthouse on the outskirts of Cobalt, is brought up for trial he will probably face a jury upon a charge of murder. One of the women, Mary E. Smith, whom Gagnon is alleged to have beaten about the head with an axe, died in St. Michael's Hospital Saturday evening.

The assault in which the Smith woman was the victim, the injuries took place several months ago. Gagnon, it is alleged, while under the influence of liquor broke into the house where Mary Smith and a companion named Ethel Crawford were living. He attacked and beat her about the head and body until she became unconscious. He then turned his attention to the other woman, who was also brutally maltreated. Gagnon then, it is said, robbed the women of their money and jewelry. While he was doing this the Crawford woman regained her senses and crawled through a window, intending to give the alarm, but dropped helpless on the ground. Gagnon, becoming alarmed, decamped.

The two women were found by neighbors in the morning and were removed to the Cobalt Hospital. The Crawford woman was not seriously injured, and soon recovered, but her condition grew steadily worse and died last Saturday.

Gagnon was not captured until two weeks ago, when Provincial Inspector Greer arrested him in North Bay.

SENT BOTH DOWN.

Men Who Accused Each Other of Theft in Belleville Court.

Belleville, April 19.—A very peculiar trial happened in a Police Court case here to-day. John Potts, charged with stealing valuable articles of wearing apparel from Mary Beth while engaged in moving her effects. Potts swore he did not steal the articles, saying they were given him to sell by Fred Renfrew, who also helped in the moving. Renfrew and his wife were in the court room watching proceedings, and he was arrested on the evidence of Potts. He denied the story told by the accused, who has been in jail since Saturday, but Magistrate Masson was so disgusted at what he called the perjury of both men that he sentenced each to three months in jail.

Ten freight cars were thrown off the railway track near Port Credit on Monday, the damage totalling \$1,000.

BRITANNIA.

New Good Templar Lodge Elects Its Officers.

The regular meeting of Britannia Good Templar Lodge was held last evening in the Salvation Army Hall, Barton street east. There was a good attendance of members and friends. F. W. Ambrose, chief Templar, presided, and was supported by John Forteous, D. G. C. T.

One candidate was initiated, and two propositions for membership were received. The action of the Hamilton Temperance Federation, in arranging to hold a monster picnic of temperance workers to Niagara Falls in June, was endorsed. The election of officers for the ensuing term took place, and after a keen contest for almost every office, resulted as follows:

Past Chief Templar, John McAngus.

Chief Templar, F. W. Ambrose.

Vice-Templar, Miss May Larner.

Secretary, George Austin.

Financial Secretary, Tom MacNaughton.

Treasurer, George H. Lauder.

Marshal, James Brown.

Chaplain, Miss Lizzie Taylor.

Assistant Secretary, Miss Mary Taylor.

Guard, Ray Thomson.

The lodge will henceforth convene regularly every Monday evening in the same hall, instead of every alternate one, as hitherto.

The programme for next Monday evening is in the hands of the newly-elected Financial Secretary.

A LARGE CHARITY.

Rev. H. T. Miller, of Beamsville, is permitted to rejoice in the growth of a good work which was started in Liverpool forty years ago—for the fatherless children of seamen. Mr. Miller was the first secretary and had something to do in its inception. A magnificent start at the beginning with plenty of children and money, it soon shot ahead of all the local charities, and one or two points are certainly unique. Mr. Ismay, the founder of the White Star line, said to the secretary, "You have started a new gold mine; you gather your children from the sea, and your money also, for you invite Atlantic passengers to contribute." Here is a grand advertisement and a service of considerable income. Last year 350,000 ocean passengers set foot on Liverpool and for the year 1908 no less than 1,278 children received the benefit of the institution. Color, creed or nationality stand not in the way; the only question asked, Did the father sail out of Liverpool? The total outlay for last year was over \$60,000—a sum of money well laid out.

The ship Halve Maan, which the Netherlands will present to the United States on the occasion of the Hudson-Fulton Centennial, was launched Saturday. She will be completed and sent to New York in the early part of July.

Points on which railway men and shipmen cannot agree as to a uniform bill of lading will be decided by the Railway Commissioners.

Fat is Dangerous

It is unsightly, uncomfortable, spoils the figure, causing wrinkles, flabbiness and loss of vigor.

Let me send you my ProoF Treatment absolutely FREE, and you will see how you can lose your fat in a pound a day.

Note what my treatment has done for others:

Mrs. E. H. Reynolds, Box 114, Lehigh, Va. writes: "I was 160 pounds, and never lost more than 10 lbs. I used your treatment, I used to have heart trouble and shortness of breath, and now I can walk and work with ease."

Mr. W. H. Wilson, Box 78, Franklin, Tenn. writes: "I lost 60 lbs. in four months and I feel like a new man."

I could fill every page of this journal with testimonials from grateful patients.

It is dangerous, unsightly, uncomfortable and embarrassing to be fat. Excess fat weakens the heart, the liver, lungs, stomach and kidneys, becomes diseased, the breathing becomes difficult and the end result is HEART FAILURE and sudden death. You can save yourself from these DANGERS.

I want to prove to you that you can lose your fat without a cent of expense, and without any dieting. Your figure will be beautiful, your skin will be clear, and you will feel like a new man.

BOY THIEVES.

Two North Bay Youngsters Sentenced to Industrial School.

North Bay, April 19.—Sam Hanley, aged ten, and Justin St. James, aged nine, two boys who have been giving the police and their parents much trouble, were to-day sentenced to terms in the Industrial School. Hanley, for four years and St. James for two. Their latest escapade occurred last night, when the store of Brennan & Company was robbed, and watches, jewelry and other articles stolen.

Policeman Cusson discovered footprints in the soft mud near a basement window which had been forced, and on searching the boys at their homes found the stolen articles. One week ago these boys ran away from home and were brought back from Ottawa. The week previous they had been caught robbing a store, which they had broken into, and Magistrate Weegar had no recourse but to pass sentence.

Going to the office of Dr. Wylie at Queen street and Spadina avenue, Toronto, yesterday afternoon, Andrew Graham, aged sixty-four, of 17 Royal street, announced his intention of cutting his throat with a razor.

TEMPERANCE HOTELS

Government Preparing Official Parchment Permits.

Toronto, April 20.—The new Provincial license for temperance hotels, provided for under the legislation of the recent session, will be known as the "inspected hotel permit." The form of the permit has, the Globe understands, been drafted and will probably be approved under the order in council this week. Unlike liquor licenses, these hotel permits can be secured at any time during the year on application to the commissioners, approval of the hotel and payment of the \$5 license fee.

The standard of equipment and sanitation required from the temperance hotels will be the equal of that called for on licensed premises. The applying hotel will be inspected and required to come up to the standard. This being done it will be entitled to be advertised as a Provincial inspected hotel. A list will be made public of these places in order that the travelling public may be assured as to comfort, cleanliness and equipment.

The temperance hotel license is experimental, but the indications are that a number of places throughout the Province will seek its prestige and guarantee. Two hotels in Owen Sound, one in Flesherton and several others scattered throughout the rural districts have been making inquiries from the department concerning the new permits. The first of these will be ready for issue at the beginning of next month.

KENT MURDERED.

Verdict of Coroner's Jury in Moose Jaw Poisoning Case.

Moose Jaw, April 19.—The Coroner concluded the inquest in the Kent mystery here to-day, but beyond establishing the fact that murder had been committed, no new light was thrown on the case. The jury returned the following verdict after being out two hours: "We hereby agree that Mrs. J. A. Kent came to her death by strychnine poison given or sent to her by some party or parties unknown to the jurors, with intent to kill."

NEARLY A RIOT.

A Canadian Raised Union Jack at Pittsfield, Mass.

Pittsfield, Mass., April 19.—There was almost a riot at the Kilowatt, a boarding house for Stanley electrical engineers on North street, to-day, when Jack Islesworth, a Canadian, hoisted the Union Jack over the Stares and Stripes. A school teacher, Miss Margaret Riley, who noticed it first, notified the police, who told the engineers to place the flag right. In fifteen minutes a hundred persons threatened to tear down the British flag. Islesworth got busy and hauled it down, but only after a threat was made to Captain John Nicholson to call out the militia. The Canadian said he wanted to help celebrate Patriots' Day.

A wash-out sent a Grand Trunk freight train from Grand Haven, east-bound, into the ditch one mile west of Grand Rapids on Monday. Three men were killed and one was seriously injured.

Table of New York Stock prices including Atchison, Am. Copper, Am. Fidelity, Am. Loco., Am. Sugar, etc.

TORONTO EXCHANGE

Monday Morning Sales. Temiskaming—1,000 at 1.25, 1,000 at 1.20, 1,000 at 1.20, 1,000 at 1.20.

Other Markets. NEW YORK SUGAR MARKET. Sugar, raw, steady; fair refining, 3.42c; centrifugal, 90 test, 3.32c; molasses, sugar, 3.17c; refined, steady.

WINNIPEG WHEAT MARKET. Wheat—April 21-23 bid, July 12-14 bid, May 12-14 bid.

BRITISH CATTLE MARKETS. London—London cattle for cattle are steady, at 12 1/2 to 13 1/2c per pound for Canadian steers, dressed weight.

MONTREAL CATTLE MARKET. Montreal—At the Montreal Stock Yards, West End Market, the receipts of live stock for the week ending April 17 were 1,280 cattle, 182 sheep and lambs, 3,104 hogs and 2,510 calves.

PRICE OF SILVER. Bar silver in London, 239.16d. oz. Bar silver in New York, 61 1/2c. oz. Mexican dollars, 44c.

TORONTO HORSE MARKET. The horse market is good for good animals, but the quality of choice animals are bringing high figures, as was evidenced this week at the Union Stock Yards at West Toronto, when J. Herbert Smith sold a handsome black gelding weighing 1,600 pounds, to Mr. Bain, of Montreal, for \$3,500.

Wm. Bailey, a Toronto horse dealer, sold from these yards one pair of grey mares, weighing 2,000 pounds, to James Lochrie for his brick yards for \$325; a pair of ponies, 14 hands high, for \$300, and two other geldings for \$225 and \$150. Mr. Bailey feels highly delighted at his success at the Union Yards.

The stock at Grand's repository have been good also, and there has been a big demand for car loads to go west.

Wm. Bailey, a Toronto horse dealer, sold from these yards one pair of grey mares, weighing 2,000 pounds, to James Lochrie for his brick yards for \$325; a pair of ponies, 14 hands high, for \$300, and two other geldings for \$225 and \$150.

The quality generally of butchers' cattle was good, but there were few finished heavy weight export steers, such as the load bought by George Rowntree last week; in fact, there were none of that class, or they would have brought just as much money.

Judging from sales given below, we would think prices were a little lower. Exporters—Export steers sold from \$5.40 to \$5.70, the bulk going at \$5.50 to \$5.00; export hogs sold at \$4.25 to \$5.00 per cwt.

Butchers—Prime picked lots of butchers' stock sold from \$5.20 to \$5.50; export hogs sold at \$4.25 to \$5.00; export lambs sold at \$4.25 to \$5.00 per cwt.

Milkers and Springers—Fred Rowntree bought all the milkers and springers on sale, 11 in number, at \$40 to \$60 each.

Sheep and Lambs—Receipts light. Prices were, if anything, a little easier. Export ewes, \$4.50 to \$5; rams, \$3.50 to \$4.25; yearling lambs of good quality, \$7 to \$7.50; common, \$5 to \$6 per cwt.; spring lambs, \$3 to \$6 each.

Hogs—Prices unchanged. Selects, fed and watered, at the market, \$7.50 and \$7.25, f.o.b., cars at country points.

Owing to the wet morning and bad roads, receipts of grain and hay were nil to-day. Prices are purely nominal. Dressed hogs are unchanged at \$20.20 to \$20.75 for heavy, and at \$18.35 to \$19 for light.

Wheat, fall, bushel... \$1.15 to \$1.18. Do, goose, bushel... 1.00 to 1.10. Oats, bushel... 0.95 to 0.99.

Barley, bushel... 0.75 to 0.78. Rye, bushel... 0.65 to 0.70. Peas, bushel... 0.96 to 0.97.

Buckwheat, bushel... 0.63 to 0.65. Hay, per ton... 12.50 to 14.50. Straw, per ton... 7.00 to 8.00.

Dressed hogs... 20.20 to 20.75. Butter, choice, dairy... 0.22 to 0.25. Do, inferior... 0.18 to 0.20.

Eggs, new laid... 0.20 to 0.25. Chickens, dressed, lb... 0.17 to 0.20. Fowl, lb... 0.13 to 0.14.

Turkeys, lb... 0.22 to 0.28. Celery, per dozen... 0.40 to 0.50. Potatoes, bag... 0.25 to 0.30.

NOTICE TO CONTRACTORS.

Tenders for Station Buildings, Section and Tool Houses, between Lake Superior Junction and Winnipeg. EALED TENDERS addressed to the undersigned, marked on the envelope, "Tender for Station Buildings," and received at the office of the Commissioners of the Transcontinental Railway at Ottawa, until 12 o'clock noon of the 25th of April, 1909, for the construction and erection complete, in accordance with the plans and specifications of the Commissioners, of station buildings, section and tool houses, etc., as follows, viz:

- Section No. 1—From Mile 162 to Mile 172 (N. E. of Renelle). 1 No. 1 Station Building. 2 No. 2 Station Building. 3 No. 3 Station Building.

Section No. 2—From Mile 172 to St. Boniface. 1 No. 1 Station Building. 2 No. 2 Station Building. 3 No. 3 Station Building.

Section No. 3—From Mile 178 to St. Boniface. 1 No. 1 Station Building. 2 No. 2 Station Building. 3 No. 3 Station Building.

Tool houses will be required at all section houses, and at such other points as may be designated by the Engineer. Each tender must be for all the buildings on any one section, and separate tenders must be made for each section. The work on each section must be completed on or before October 1st, 1909. Plans and specifications may be seen, and full information obtained, at the office of Mr. H. B. Lumsden, Chief Engineer, Ottawa, Ont., and Mr. S. R. Poutin, District Engineer, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or the District Engineer at Winnipeg. Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, for a sum equal to ten per cent. (10%) of the amount of the tender.

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the Receiver General of Canada, and security for the due and faithful performance of the contract according to its terms, will be required by the Commissioners. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the opening of the tenders. The right is reserved to reject any or all tenders.

By order, P. E. RYAN, Secretary. The Commissioners of the Transcontinental Railway. Dated at Ottawa, April 16, 1909. Newspapers bearing this advertisement without authority from the Commissioners, will not be paid for.

SPORTING NEWS

(Continued from Page 9.) try to get it when the match is on, but there is nothing that will stir up the golfers more than to have a photographer snap his machine while the former is on the downward stroke.

The result is usually this: The player hears the click and realizes what it means, then, of course, good-naturedly kicking between the cover off or "Let's see you drive the green," are usually well received, although many shots are spoiled by just this good-natured remark.

It is one time when applause or encouragement is appropriate and that is after the shot is played or after the hole or match has been completed.

When a player steps up to drive it is not like going up to the bat in a ball game and seeing or cheering at the time, but, on the contrary, if you have never been out on the links to follow a match, remember these things and you will always be welcome and never disturb anyone.

Never stand directly in back or in front of a player. Never speak when a shot is being played. Do not move when a player has taken up his distance, or even get ahead of the ball farthest away from the hole.

KNIGHT IS BOLD.

A Toronto Wrestler's Defeat by Berlinghoff and Others. Toronto, April 20.—Jack Knight, who claims the English bantam wrestling championship, has issued a challenge to the world at 122 pounds, and offers to take on Artie Edmunds, the present holder of the Canadian title, at 125 lbs. in three weeks' time. He posted \$100 with the Star's sporting editor to bind the match.

ROGERS AND THE TURK. Buffalo, April 20.—A sensational wrestling bout was witnessed at the Lafayette Theatre, when Fred Ulrich, of this city, and Hassan Abdullah, the Arabian champion, met on the mat at that hour last night. Hassan is meeting all comers and agrees to throw anyone in fifteen minutes or forfeit \$500. Ulrich put up a game fight throughout and was on top at the finish. Hassan threw Ulrich all around the stage, but could not put his shoulders down. Abdullah was not satisfied and will again meet Ulrich in a finish match on Saturday night.

To-night another good bout should be seen when Yankee Rogers and the Arabian meet. These two met in Canada several months ago, and Hassan broke two of Rogers' ribs. Rogers has fully recovered and is out to not only get the \$50 offered by Abdullah, but to wipe out the old score.

TORONTO DISTRICT Will Remain With Ontario Football League.

Toronto, April 20.—The proposed amalgamation of the Toronto and District Football Association with the Niagara and District and Hamilton and District Associations is off.

At a meeting of the Toronto and District last night the proposition was fully discussed and the discussion at times was something more than warm, but it was decided to affiliate with the Ontario Football Association.

Another Meeting Here. A special meeting of the Executive Committee of the Hamilton Soccer League will be held at J. W. Nelson's store to-morrow night at 8 o'clock. A representative of each league club is requested to attend. Business of importance.

MARKET EXPERT'S TALK.

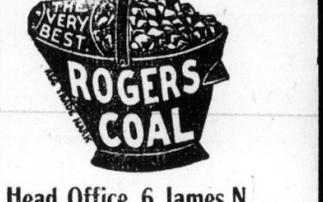

Topics—We see nothing to prevent a further rise to-day, and should Turkish developments prove nothing more serious, prices should be considerably higher all around during the week. Consequently we favor buying good stocks on all reactions for turns. Heavy foreign buying reflects confidence in the political situation and very cheap money. Lower rates are expected in Paris and Berlin before long, and B. & O. N. P. O. & W., N. F. K. and Steel are among the stocks which we think specially prominent. Coalers promise further improvement. Reading and D. H. are the best in the active hard coal issues. Reading tipped for 150, when accumulation is finished in B. & O. that stock should move up as rapidly as any of them. Just now N. P. and C. P. R. are strong, preparatory for a sharp advance. P. A. more expected later. Steel ought to reach a new high figure for this movement before next week's report. We strongly favor continuing on the long side of A. N. S., J. M. O. P. H., U. S. Steel, B. R. T., A. H. and A. F. P. Buy wheat only on breaks.

Summary—Americans in London irregular, with small changes either way. Young Turk party in control of situation in Turkey, and peaceful settlement expected. Senator Aldrich says his tariff bill will obviate necessity for special taxes. Senate tariff debate continues to-day. This is the last day for subscription to S. P. bonds. U. P. expected to earn 20 per cent. on common stock this fiscal year. All railway steel springs shops are running, but orders are still from hand to mouth. Anthracite trade slightly more active, but demand partly speculative.—Dow Jones.

Keep long on A. & W. Do not disregard C. & O. and B. & O.—Joseph.

Synopsis of Canadian North-west Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duration—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live on the land for a limited period on a farm of not less than 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

Conditions—Certain conditions a homesteader in good standing may exempt a quarter-section homestead from the usual regulations. Price \$200 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to clear homestead) and cultivate fifty acres extra. A homesteader who has homesteaded in certain States and cannot obtain a pre-emption may take a purchase of 80 acres in certain States six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

WILL FIGHT C. A. A. U. CHANGES IN THE BASEBALL RULES.

Tom Flanagan is on the Warpath.

He Has Been Badly Treated, He Thinks.

His Club Refused a Sanction.

Toronto, April 20.—The first shot in another athletic war was fired by the C. A. A. U. this morning...

Hostilities first began when certain gentlemen in the local sporting world matched up Longboat and Shrub to run at the island or Rosedale...

Since then they have been after the scalp of the Irishman, and it looks as if they have swung influence enough to forestall Flanagan's permit for an amateur Marathon on May 22 in aid of Rev. J. D. Morrow's church.

If the C. A. A. U., however, imagine Flanagan is going to play good dog and tray and allow that excellent body of hard thinkers to waltz all over him...

What would the C. A. A. U. have encountered had it not been for Tom Flanagan's backbone, coupled with Longboat's pedal extremities? The union was being built up at that time, and what would they have had to offer in the way of an attraction had it not been for Flanagan with the Indian? Nothing, absolutely nothing.

Flanagan, with the American Athletic Union, and the mighty Sullivan behind him, can give Toronto something in the way of athletics it has never had before. There is nothing in this country the big Irishman cares to tuppence for.

When I was spending my money and time here, the C. A. A. U. fighting like a tiger for the C. A. A. U. was a good fellow and they patted me on the back, but now I want them to do something for me, they turn me down," said Flanagan today.

The younger of the two, who threatened to break into this exclusive set is Ted Easterly, who last season was the star backstop of the Los Angeles team. He is the most promising young backstop in the majors to-day.

Easterly joined the Cleveland club and faced strong opposition in Harry Bemis and Nig Clarke, regular backstops, and Groved Land, the husky Kentuckian secured from Toledo last summer. Despite this trio, Easterly has, by sheer ability, forced recognition of the veteran Jim McGuire, he will be the sensation of the league.

Easterly hit more consistently than any Nap during the training season and will be used by Jajoie as a pinch hitter more than once before the snow flies. Although a little fellow, he gives every promise of becoming a wonder before he is much older.

CHANGES IN THE BASEBALL RULES.

JEFFRIES WILL RETURN TO THE SQUARED CIRCLE.

He Will Fight Winner of Johnson-Ketchell Bout.

New York, April 20.—Jan. J. Jeffries, the retired heavyweight champion will announce to-night that he has re-claimed the title of heavyweight pugilist of the world and will be ready to defend it against all comers in ten months or a year.

Jeffries has been out of the ring for four years and during that time has taken on flesh. Until up to the time Johnson captured the title of champion from Tommy Burns the return of Jeffries to the "squared circle" had not been thought of either by the retired champion or the pugilist fraternity.

Jeffries now believes that he can fit himself for a championship battle. Jack Johnson is now touring the country giving sparring exhibitions. He weighed here to the other day and tipped the scales at 210 pounds. He is matched to fight Stanley Ketchell at Colma, California, on Oct. 12. Jeffries weighs about 250 to 260 pounds.

GOLF AND ITS DEVOTEES.

Boston, April 20.—Most of the sports warden a little or a lot of rooting, but not so with golf. Golf, like chess, requires a great deal of thinking and a concentration of mind that is easily disturbed by what an outsider would consider a very trivial occurrence.

Consequently your mental poise is scattered along the line of putt and to the object in back. If you miss your putt you turn to some confidant and say, "I knew I was going to do that. I could see that fellow all the time."

TO PROTEST AT TORONTO

The Moving Picture Men Have Objections to the Regulations. Talk of No Site For Car Sheds. Cataract Contract to be Submitted in Form of By-Law.

Tomorrow afternoon the aldermen appointed by the Markets Committee to make an inspection of the moving picture show houses before a by-law is passed regulating the limits within which these places of entertainment may be established will go over the ground. The question has been raised as to whether the city has any status in this matter in view of the action of the Ontario Government in passing rules regulating these places and arranging for a Provincial officer to make a regular inspection.

The Power Committee has decided to submit the Cataract contract to the people in the shape of a by-law with the new clauses, including the one providing for a ten per cent. reduction for power users over other municipalities embodied. It has not been decided yet whether the people will be asked to vote on the Hydro contract again.

The reason why the Dominion Power & Transmission Company is delaying the building of its car sheds and sheds is said to be because the officials are considering the advisability of selecting another site. Arrangements were made last year to build the sheds on the site bounded by King street, Sanford avenue, Wilson and Wentworth streets.

This morning the Street Railway Company began actual operations on the construction of the roadbed on James street. A dozen men were placed at work installing a cross over at the corner of James and Hunter streets. It is understood that a large gang would have been started had it not been for the drop in the temperature.

The Fire and Water Committee tomorrow night will accept the resignation of Captain Gilbert and Fireman Thimblet and make new appointments to the department. Gilbert leaves to become chief of the Saskatoon departments. There is considerable other business, the most important of which is the report of the sub-committee on the proposal to put the fire alarm and police signal service underground. The committee is said to be in favor of the city having its own underground system.

The intention of the Markets Committee is to have a special meeting before the council to recommend the by-law providing for the muzzling of all dogs that run at large, so that it may become operative on May 1. There is a proposition on foot to raise the license fee to \$2 and \$5. People who take out the tags before the change goes into force will get the reduced rate this year.

The committee appointed by the council to select a new hospital site talked the matter over yesterday afternoon, and decided to make a tour of inspection on Friday afternoon.

The Street Railway Company had its two new cars on the Barton and King street east route to-day. The cars have cross seats along one side and lengthwise seats on the other side, are single trucked, stylish and roomy, being in size, between the ordinary single truck and the double truck sizes. They make a fine appearance.

NEW DOCK.

Hamilton Ferry Company Began Construction of One To-day.

This morning the Hamilton Ferry Co. began the work of constructing its city dock at the foot of Hughson street, near the old Street Railway power house. It has organized its own construction gang, and the foreman has instructions to hustle the work as fast as possible, so that the dock will be ready when the service around the bay is inaugurated, about May 10th. The intention is to complete the Hughson street dock and then rush the work on the docks to be built along the north shore as rapidly as possible. A deal is said to be in progress by which a hundred semi-portable shacks will be built on the north shore this summer. The vicinity of the powder magazine promises to be a favorite spot for campers and many have already arranged to pitch tents there.

BERESFORD TALKS.

Condition of Navy Such as to Cause Panic.

London, April 20.—"If the country knew the real truth regarding the present condition of the navy there would be a panic," is a striking sentence in a letter from Admiral Lord Charles Beresford read at a meeting of the navy league, held at Bournemouth last night. To Lord Charles added: "I wish you every luck in trying to rouse the people to the grave danger arising from our unpreparedness for war."

NEW STORY

A Fair Invalid

In To-morrow's Times

TEA TABLE GOSSIP.

New story to-morrow.—St. Catharines Star-Journal: Rev. John Young, of St. John Presbyterian Church, Hamilton, delivered two excellent sermons in Knox Church yesterday. "A Fair Invalid" is the title of the Times' new story, which will be begun in to-morrow evening's Times. It is a bright little tale that goes right to the heart.

Mrs. R. Dilke and two sons, Harold and Henry, 301 Bay street north, who have resided in this city for two years, leave on Friday, the 23rd, for their old home in Jersey, Channel Islands, England.

A host of friends will regret the departure of Mr. and Mrs. Frank Clark, 47 Pearl street south, who have gone to Mr. Clark's former home in Bay City, Michigan to take up an important position.

Mr. W. M. Vale, formerly of this city, who has for the past six years been accountant at the Toronto Church street branch of the Home Bank of Canada, has been appointed manager of the Belle River branch.

Rev. Mr. Moore leaves on Wednesday for the west. He will spend some time in Winnipeg, Edmonton and Calgary. It is understood that the secretary will conduct a strenuous campaign against those breaking the Lord's day act in western cities.

A Montreal despatch says: Rev. Dr. Milligan, of Toronto, opened the fine new St. Andrew's Church in Westmount yesterday, preaching both morning and evening. The church is one of the largest and finest in the city, and is in a rapidly growing residential section. Rev. Dr. W. J. Clark, late of London, is pastor.

ROBBED HIM.

One Legged Man the Victim—Two Arrests Made.

James Phillips, a well-known one-legged citizen, who took care of Thomas McNeil at the jail up to the time of his death, on Sunday, and received one dollar a day for the same, got in bad company last night and some money he had recently received disappeared. Phillips claimed that two men held him up on Vine street and took \$45 from him. This morning, about 11 o'clock, Detectives Campbell and Sayers walked into the Union Hotel and arrested John Walsh and William Hildreth, charging them with highway robbery. The men were lodged in the cells and will appear before Magistrate Jelfs in the morning. Both have records and are well known to the police.

MET TO-DAY.

Open Meeting of License Commissioners a Quiet Affair.

From all appearances the annual meeting of the License Commission will be a tame affair, this afternoon. So far as is known there will be no deputations to plead for a reduction in the number of licenses. Chairman Callaghan maintained a sphinx-like silence when asked if there would be any cuts. He would not say what would be done this afternoon, but on his advice he would offer to be on hand and see what was doing.

NEVILLES UP.

His Lawyer Advised to Apply at Toronto For Bail.

John Nevilles, charged with attempting to disable a constable and do grievous bodily harm to P. C. Henry Smith, was before Judge Snider for election this morning. Through his lawyer, Mr. M. J. O'Reilly, K.C., he declined to elect and was taken back to the jail. Mr. O'Reilly asked for bail, and his Honor said he would have to read the depositions before arriving at a decision in the matter. He suggested that Mr. O'Reilly go to Toronto and apply for bail, as he might have to refuse the application.

CARBOLIC ACID.

Sad Death of Toronto Doctor's Wife This Morning.

Toronto, April 20.—Mrs. Elizabeth Thompson, wife of Dr. S. G. Thompson, of 239 Jarvis street, died in St. Michael's Hospital this morning from a dose of carbolic acid. Mrs. Thompson, who had been an invalid for the past four years, managed in some way this morning to get hold of a two ounce bottle filled with crude carbolic acid, and almost emptied the bottle before she was found. She was rushed to the hospital, where stomach pumps and every device known to medical men were applied, but without success. Death resulted soon after. Mrs. Thompson was 45 years old.

O. A. C. Butter is Good Butter.

It's a pretty broad statement to make, but the facts warrant the assertion, that O. A. C. butter excels all others. Made at the Ontario Agricultural College, Guelph, where no experts or expense are spared to produce the greatest butter fat; where the sanitary arrangements equal the best appointed city home, and where every scientific arrangement is at hand to produce a really fine article. Why shouldn't it excel? Have your article standing order for some? Peebles-Hobson Co., Ltd.

MR. COPPLEY; MR. LANDERS.

S. L. Writes a Letter on Importance of Clothing

To Which Mr. Copley Had Already Given Reply.

Firm Has Difficulty in Getting Experienced Tailoresses.

The Times to-day received a letter from Mr. S. L. Landers, and in an endeavor to secure the information which was asked for, found that he had previously written the same or a similar letter to Mr. G. C. Copley, and had received Mr. Copley's reply, which the Times was able to secure a copy of. The letters are:

MR. LANDERS' LETTER.

To the Editor of the Times: Sir,—I note in the press that next Thursday evening at a luncheon at the Royal Hotel, under the auspices of the Canadian Club, several local gentlemen, among whom is G. C. Copley, of the wholesale clothing firm of Copley, Noyes & Randall, of this city, will speak on the subject of "Greater Hamilton and Schemes of the Association to Boom the Interests of the City."

In view of Mr. Copley's statement at a recent public meeting of the Greater Hamilton Association to the effect that "what was needed was less importing and more manufacturing of goods right here in Hamilton," it would be interesting if Mr. Copley would tell the Canadian Club, and through them the people of Hamilton, how it comes that the firm of Copley, Noyes & Randall have been, and are at the present time, importing large consignments of ready-made clothing from Leeds, England, when many of the tailor shops in Hamilton, which could have done this work, have been closed from four to eight months during the past year for the want of something to do, and the girls and women in these shops been condemned to idleness.

S. L. Landers, Hamilton, April 19, 1909.

MR. COPPLEY'S STAND.

To the Editor of the Times: Sir,—I understand from you that a letter has been written for insertion in this evening's issue of your paper, which has already been forwarded to your correspondent. The letter which I now enclose is in answer to the letter which was written by him on March 17th, and is in full reply. On Monday last I received a further letter, but as I have been absent from the city, I had no opportunity of making full enquiries as to the matter contained therein. I intend doing so in a day or two and will reply direct to your correspondent, and not through the press. Yours truly, George C. Copley.

LETTER TO LANDERS.

Mr. Sam. L. Landers, Hamilton, Ont.: Sir,—Re Board of Trade meeting—I have yours of the 17th, and in reply to your inquiry as to whether I made the statement, "What was needed was to manufacture here, instead of importing," I may say that this is substantially correct, but had reference to the future of the city and the establishment of branches of United States manufacturers, whose goods are now being imported into Canada. Another speaker at this meeting spoke on similar lines.

With reference to your further inquiry, while I cannot concede your right to question me as to the business of this company, I may say that we can find employment for more labor than we can obtain, and we find it necessary at the present time to secure outside labor in some departments. There has been a shortage of experienced tailoresses in this city since 1906. We have trained a great many, but the supply is still inadequate. We look forward to the time when, with the establishment of new industries here, the steady employment of male operators of the factories will be available for the factories in this city. Belfast, Ireland, is a good example. The spinning and weaving employ the men, while their families find employment in the shirt, collar and clothing industries, and there is no more prosperous city in the United Kingdom than Belfast at the present time.

I presume your enquiries to be prompted not only by idle curiosity, but from a desire to co-operate with the manufacturers in the development of Hamilton industries, and thereby promote the welfare and prosperity of the Hamilton citizens. In furtherance of this idea, I ask you to furnish me with a list of the names of such who are now unemployed and experienced in the manufacture of boys' clothing. Yours truly, George C. Copley.

Hamilton, April 20th, 1909.

POLICE FUND.

Commissioners Looking For the Very Best Investment.

The Police Commissioners held a meeting in the Mayor's office at noon to-day to discuss how to best invest the police benefit funds. There is over \$10,000 to be invested, and a matter of only one-half per cent. means considerable sums of money. Several propositions were received from different trust companies, the rates of interest running between five and six per cent. It was decided to lay the matter over until the next meeting, and have the security and standing of the companies investigated in the interim.

MOTHER AND DAUGHTER DEAD

Yesterday the Times referred to the death in Toronto of one of the oldest and best known residents, Mrs. Anderson, widow of the late Thomas Winslow Anderson, which took place on Sunday, at the age of 91. Yesterday, Mrs. Anderson's daughter, Mrs. J. K. Leslie, died at her home in the same city, after a long illness, resulting from a fall last November. The Confederation Life Building in Toronto, and other valuable properties around, occupy the site of the old Anderson homestead. Mrs. Anderson, in her last illness, was not aware of her daughter's condition, and Mrs. Leslie could not be told of her mother's death. Relatives in this city extend their sincere sympathy.

WILL FIRE NO SHOT.

Constantinople, April 20.—The Sultan has issued orders that not a shot shall be fired by his household troops or the Constantinople garrison against the forces that have surrounded the city in the interest of the Committee of Union and Progress, and that threaten to occupy Constantinople within 24 hours.

CAFFEY.—In this city on April 19th, 1909, John Caffey, in his 73rd year. Funeral from his sister's residence, 152 Forest avenue, on Wednesday morning at 8.30 to St. Patrick's Church, thence to the Holy Sepulchre Cemetery.

TINNED MEATS

Shipped From Hamilton and Seized in Montreal.

Went Bad and Who Will be Held Responsible?

(Special Despatch to the Times.)

Montreal, April 20.—Some Hamiltonians are likely to get into serious trouble over the recent seizure of bad tinned meats. Dr. McCarrey, the chief food inspector, says it is the shipper and not the packer or local agents, who will be held responsible. The meat was undoubtedly good when it left the packing house.

The packers are Hammond & Co., Chicago, and Dr. McCarrey is trying to find out the reason of the wandering route it took while on the Canadian side. It first went to Halifax, then to Hamilton, from that town it came to Montreal. The Montreal agent for Hamilton is John Beard, who has informed Dr. McCarrey he was under the impression the meat was in good condition.

The consignment consisted of 210 cases, comprising 2,085 dozens of canned tongue, bacon, sausages and the like. The whole affair is being looked into, and the advice of the city attorneys is being obtained on the point whether the city has any legal recourse against the shippers, who, Dr. McCarrey declares, are in Hamilton.

PRINGLE TRAGEDY.

Wife Says Husband Had No Reason For Jealousy.

Port Huron, Mich., April 20.—"It was a quarrel three years old," said Mrs. Ralph Pringle, speaking of the trouble between herself and her husband, which culminated on Sunday morning in Capt. Pringle shooting to death Geo. B. McKinnon, of Mooretown, Ont., at St. Clair, Mich. "My husband had no reason to be jealous, but he accused me and for three years could not forget his suspicions. I had not even seen McKinnon for a year."

When Pringle was arraigned on Monday for the shooting of Brown said, "I was in a bad temper. He will be examined on April 23rd. An inquest will be held on Wednesday evening. Coroner Falke deeming one necessary. The body of McKinnon has been turned over to his relatives, and will be buried to-day in the cemetery at Port Huron. It is today that he would issue a warrant for the arrest of the proprietor of the saloon where the shooting occurred. Had not the closing hour been violated no murder would have occurred, the officials maintain."

TROOPS TO ENTER CONSTANTINOPLE.

(Continued from Page 1.)

between two small sections of soldiery. Three soldiers were killed and seven were wounded, whereas the casualties among the civilians amounted to 60. This is accounted for by the fact that the populace, apparently without fear, mingled freely with the troops and received a large number of the bullets intended for the rebels.

The officer estimates that at least 1,000,000 rounds of ball cartridges were fired Tuesday night to celebrate the success of the revolt and he believes that many women and children must have been killed or wounded in their homes, as the walls of the houses have no more resisting power than so much paper.

Continuing, the officers said that foreigners moved about the streets of Constantinople without the slightest interference by the soldiers on the populace. 5,000 PERSONS KILLED. Constantinople, April 20.—No less than 5,000 persons lost their lives in the massacres that have been going on in the village of Adana for the last eight days as a result of the Greek and Moslem fanaticism. Of this total 2,000 were killed in the city of Adana, and of this number more than 2,000 were Moslems. This information was received in Constantinople this morning through consular channels.

FOR TURKISH WATERS.

Malta, April 20.—Orders have been given for the British battleships Canopus and Ocean and the cruiser Minerva to leave here to-night for Turkish waters. EXCITEMENT AT ALEPPO. Constantinople, April 20.—Adana at present is quiet, but there have been renewed attacks on Christians in Marash in the village of Aleppo, about eighty miles northeast of Alexandretta. The Consul advises describe the situation as extremely precarious. The excitement at the port of Aleppo is intense, although the presence of the British cruiser Diadem in that port is expected to have a tranquillizing effect.

U. S. MISSIONARY KILLED.

Teheran, April 20.—A young American missionary, who recently joined the Persian nationalists, was killed while fighting for his newly adopted cause at Tabriz this morning. It has been impossible to obtain the name of the man. An American named Baskerville, a teacher in the Presbyterian Boys' School at Tabriz, who had been accused of complicity in revolutionary movements, was killed in battle to-day, according to a despatch from the United States Consul at Tabriz. The Presbyterian Mission despatched the acts of Baskerville, and he resigned from the mission.

with whom Mr. Wright has been most familiar. "Rosy" for so Mr. Wright is called at the college, "has not been around here for some time," said one of his friends. "He has gone to Virginia, I heard."

Although his connection with the Hamilton tragedy has necessitated Mr. Wright being out of college a good deal this spring, he has yet been writing on some theological examinations which are at present being tried by the professors for the Methodist ministry, but the latter part of last week it was noticed that Mr. Wright was not around the college. No one knew just where he had gone at first, but of late it has become rumored that he has taken a trip to the southern city, where his intended wife was living for some time before the tragedy occurred.

When seen this morning Mr. Wright's room mate could say nothing as to his companion's whereabouts. "He left here Tuesday night, and I think," he said, "he was going over to Hamilton. No, he did not tell me that he was going to Virginia." He said that he would likely be back either to-night or to-morrow.
