

DEATH OF PIONEER MINISTER OF WEST

REV. ALEXANDER McDONALD PASSES AWAY IN STRATHCONA HOSPITAL.

By the death of Rev. Alexander McDonald which took place Saturday evening in the Strathcona hospital, the Baptist denomination loses the oldest of its pioneer missionaries in the west. Coming to Winnipeg in 1873 when there was no railway and Western Canada was but little known to the world, this grand old man entered upon a work which in the succeeding thirty-eight years has left its imprint for good on many portions of the three provinces. Up till less than a month ago he has been engaged in ministerial work and with the iron constitution and great energy with which he was endowed he has been able to minister to his brother ministers of the gospel. On Christmas day he was taken ill with inflammatory rheumatism and this was followed later by typhoid pneumonia, which soon overtook him. Slightly after seven o'clock on Saturday evening the end came and a faithful servant willingly laid down the burden which he bore for many years.

Native of Russell Co., Ontario. The late Rev. Mr. McDonald was a native of Russell County in Ontario near Ottawa. He was educated at Woodstock College, and what is now Colgate University, New York. After a few years ministerial work in Ontario he started for Manitoba as representative of the Baptist Convention of Ontario and Quebec. The journey which now is made in hours in palatial cars then occupied weeks in the old fashioned ox carts.

There at the age of 35 years he entered upon the missionary work to which he has since devoted his life. In Winnipeg he was the founder of the First Baptist Church, which started with seven members. For nine years he was pastor. During this period and for years after as general missionary he covered much of the province by team and performed his duties only a man of iron constitution could endure.

In North Dakota. With the opening up of North Dakota by the railway of J. J. Hill, Rev. Mr. McDonald moved across the border and organized a Baptist church in Grafton, N. D. He remained there for ten years and was succeeded by a younger man. In the exception of a few months in Brandon, building up the denomination in that newly opened up portion of the central American west.

Resigns from Active Service. After the death of Mrs. McDonald, who had for many years been his helpmate in the arduous work of the pioneer, he resigned the pastorate there, about fifteen months ago, and removed to Strathcona, taking up his residence with his son, J. Hamilton McDonald, with whom he has since lived. Though retired from active service his energy was unabated and he rendered much assistance to the pastors of the Baptist churches in the Twin Cities.

On Christmas eve he was around as usual in good health, but on the following day he was stricken down and gradually sank until the end came. A Farewell Visit. A year ago at the conclusion of his labors in the active ministry he visited relatives in Ontario, Pennsylvania and also at the Coast. There was a pathetic interest in this trip which took the character of a farewell to the friends of his early years. On his return, little by little his energy began to wane almost imperceptibly at first. He realized, as others did not, that his labors were drawing to a close and it was with resignation that he finally laid down his burdens, happy in the assurance that he had accomplished the task which had been given him. Peacefully the end came and from the tempestuous seas of life he passed to that haven of rest which comes to the faithful.

The Family Who Survived. Three brothers and three sisters as well as two sons are left to mourn. The brothers include Peter R. McDonald, of Regina; the sons are J. Hamilton McDonald, editor of the Plaindealer, Strathcona, and Prof. R. A. F. McDonald, classical master at Woodstock, Ontario. These three will be at the funeral which will take place on Thursday afternoon in Strathcona cemetery from the residence of his son, Mr. J. Hamilton McDonald, editor of the Plaindealer, Strathcona, and Prof. R. A. F. McDonald, classical master at Woodstock, Ontario.

ULSTER BLUSTER IS A FABRICATION

REPORT THAT PROTESTANTS ARE ARMING DISCOVERED TO BE FALSE.

(By T. P. O'Connor.) London, Jan. 25.—The meeting of the first cabinet council yesterday marked the real beginning of active business in the great political battle which will come to a crisis in the next Parliament. This entrance of realities into politics has done much to end the era of wild speculation and double-dealing by the Tory party. Already the situation is much modified. For instance, the Ulster bluster about armed resistance to Home Rule is a deadly blow through the special correspondent of the Daily Mail revealing that all of the stories about the purchase of arms on the continent were fabrications.

The signs indeed multiply all around that Home Rule is inevitable and that the chief business of the Tories will be to arrange such terms as will secure equality and justice to the Protestant minority. No such guarantees are necessary, as a matter of fact, but the Irish are ready to accept any proposal in their desire to reconcile all of the Irishmen and to begin Home Rule with a united national effect to rebuild the Irish nation.

The most remarkable incident of this week was the letter of Lord Courtney, former deputy speaker of the House of Commons, and one of the most important of the Tories, who split with Gladstone on Home Rule. Courtney now accepts Home Rule as near at hand, and only stipulates that proportional representation, his favorite doctrine for many years, should be given an experiment.

Redmond Accepts Idea. Redmond, speaking at a great banquet in Dublin, given to celebrate the twenty-first anniversary of the success of his mission to America, gave a cordial reception to this suggestion. He is remarkable also, that next to the man who is burned at the stake for his beliefs, I should like to see the man who burns him for his Liberal and Irish leaders having convictions. There is today a broad consensus of opinion in Ireland that the Home Rule bill is not merely a matter of expediency, but a matter of principle.

The next element of the Ulster bluster is the story of the Ulster men who are said to be arming. This is a story which has been circulating for some time, but which has now been completely disproved. The Ulster men are not arming, and the story is a fabrication.

Has Difficult Phases. The negotiations are not without difficulties, especially in reference to the new financial arrangements between the two countries, but with good will and good sense on both sides and the immediate bond of the common domestic and open till the Tories there is little doubt that the two sides will find a satisfactory settlement. The end aim of the Tories has reached a somewhat stage, and the immediate acceptance of the Home Rule bill is a matter of time.

THE MARKETS

EDMONTON MARKETS.

Jan. 25.—Weather conditions have at last brought up the price of beef and pork; as high as ten cents was asked for hams on the market yesterday. Pork is now bringing 12 cents. My Own Son Was A Martyr to Dyspepsia "Fruit-a-tives" Completely Cured Him

INKERMAN, ONT., SEPT. 21, 1910. "Fruit-a-tives" is the best remedy I keep for sale, I am in the General Store business, at the above address, and have been a resident of Inkerman for thirty-seven years, and since I started this store, (four years ago) I have found your remedy the most satisfactory one I have used. Many of my customers having used them with the most beneficial results, and I can truthfully say that I know of two particular cases, among my patrons, that have been completely cured of Dyspepsia. They had previously been treated by physicians without being cured, but I advised them to try "Fruit-a-tives," and since taking that remedy their troubles have vanished.

ALEX. LARUE

My own son was a martyr to the same complaint, Dyspepsia, and after a short course of "Fruit-a-tives," he is enjoying the best of health. I recommend "Fruit-a-tives," on every possible occasion, who stocks medicines, would keep "Fruit-a-tives" prominently displayed, he would increase his business many fold. You have my authority to publish this letter along with my photo, if you think it would aid the sale of "Fruit-a-tives". (Signed) ALEX. LARUE.
