RAILWAYS EARN 32 PEOPLE LOST BIG RETURNS WHEN STEAMER FOUNDERED

Figures Presented by the Government in Western Rates Inquiry Showed Operating Expenses of C. P. R. Lighter and Earnings Larger Than in the East.

OTTAWA, Jan. 7.—(Can. Press).—Presenting statements which showed that whereas operating expenses on western divisions of the C.P.R., except for the mountainous section of British Columbia, were lower than those on many of the eastern divisions, the average earnings per mile in the west were higher, the government this afternoon commenced the presentation of its case in the western freight rates enquiry which has now resumed before the railway commission.

The afternoon was mainly taken up with the presentation of these statements and the examination of a C.P.R. witness as to the methods used of arriving at the information therein contained. It was urged that whereas in the present hearing the railways had not furnished certain information as to expense distribution between passenger and freight, they had themselves completed it in the Vancouver rate case some time ago, and they were now questioning its value.

W. H. Whittle, K.C., commenced the government case by reading a statement containing returns produced by the C.P.R. pursuant to the request of the government council. These returns dealt with such matters as the average tons of revenue freight per loaded car mile, average distance of each ton of revenue freight hauled, divisional and other earnings, land sales, operating expenses, etc.

Operating Revenue.

Among the matters on which Mr. Whittle laid particular stress were the total operating revenue for the different divisions since 1907.

Calculated per train mile the statement indicated that the Alberta, Manitoba and British Columbia divisions earned the largest amounts per train mile. This was also largely true of freight revenues.

As regards operating expenses per mile of line, however, the eastern and Ontario divisions were higher than any of the western sections except the British Columbia division.

The figures were as follows:

Imperial Conference Not Urgent

LONDON, Jan. 8.—(C. A. P.).—Premier Borden's statement to the effect that the Imperial Government and leaders of the opposition had accepted the principle that the overseas dominions should be entitled to a share in the direction of the imperial policy, was raised by Duncan Pirrie in the commons today, when he asked Premier Asquith whether, in view of the desirability of obtaining a settlement by the consent of constitutional changes involved by the Home Rule bill, the government would summon a conference.

Pirrie asked further whether he was aware Premier Borden had said that this was a question which most closely affected the future destiny of the empire, and that, however difficult the task might be, it was not the part of wisdom or statesmanship to evade it?

Premier Asquith: "I entirely agree with that. Pirrie: 'Is it not then the clear duty of the government to undertake this step?'"

"Not this particular step, at this particular moment," replied the premier. "No question requires more careful consideration."

HYDRO-ELECTRIC COMMISSION HAD GOOD SURPLUS FOR YEAR

After Paying Interest and Maintenance Charges, Fifty-Five Thousand Dollars Remains to the Credit of the System—Annual Financial Statement is Issued.

The soundness of the Ontario Government's hydro-electric policy as a business proposition for the people of the province is strikingly evidenced by the figures set forth in the commission's financial statement for the past year, issued yesterday, pending the publication of the annual report, which has been delayed on the press.

During the past year the entering power of the present gradually enlarging system has shown a corresponding increase, and the commission reports a surplus of \$55,000 after paying operating expenses, cost of maintenance and interest on bonds and sinking the system have been charged to capital account, which now amounts to \$4,158,829.24.

Following is a summary of the statement on the commission's finances for the fiscal year ending Oct. 31, 1912:

Table with columns: Expenditures, Receipts, Reserve, and Surplus. Rows include First quarter, Second quarter, Third quarter, Fourth quarter, and Total.

Summary of the capital cost of the Niagara system to Oct. 31, 1912: Right of way, \$542,085.85; Transmission lines: Steel tower lines, \$1,537,977.72; wood pole lines, \$498,037.99; telephone lines, \$129,666.95; relay system, \$45,387.25; conduit and cable system, \$40,907.88; total, \$2,256,129.86.

Transformer stations, \$1,322,808.73; distributing stations, \$37,898.0.

Grand total, \$4,158,829.24.

WOMEN CALLED TO MILITARY CONFERENCE

Hon. Sam Hughes Sends Out Invitations to Various Organizations Interested in the Cadet Movement and Other Activities—Means New Note in Deliberations.

OTTAWA, Jan. 7.—(Special).—Col. Sam Hughes, purposed introducing a new element into military movements, Col. Hughes has expressed his desire that at his coming militia conference in February, representatives of various women's associations shall be present to give their opinions as to various phases of military work.

The minister of militia has issued invitations to branches of the W.G.C.A., The Daughters of the Empire, and several other women's organizations, to send representatives to the conference.

Col. Hughes specially desires that the fair sex will be heard with regard to the question of the Currier Memorial and more especially with regard to the cadet movement, for the success of which the minister realizes, that Canada's mothers, sisters and daughters hold a somewhat strong and influential voice.

It is expected, therefore, that the presence of several representatives of such organizations as have been mentioned, will add a new feature to the coming militia conference, and will supply a new note in the military deliberations.

WHEN TURK MEETS BULGAR.

CONSTANTINOPLE, Jan. 7.—(Can. Press).—Nasim Pasha, the minister of war, and Noradunghlan Effendi, minister of foreign affairs, went today by special train to meet the Bulgarian commander-in-chief, Gen. Saroff. They returned to Constantinople this evening. The object of the meeting has not been divulged.

WESTERN COLD WAVE PASSING.

DENVER, Colo., Jan. 7.—(Canadian Press).—With slowly rising temperatures reported from all over Colorado, it is believed that the cold wave which has prevailed over the Rocky Mountain region has passed its crisis. Today the mercury touched zero, for the first time in Denver since 6 a.m. Sunday.

Profitable Competition Impossible. This is the sixth day of Dineen's sale to clear out thirty thousand dollars worth of furs, from their regular stock, at prices that will make the movement of the goods certain within thirty days from January 2. The unusual feature of the sale is that the entire quarter million stock is available for selection at prices which make competitive selling on a profitable basis impossible. W. & J. Dineen Company, Limited, Manufacturing Furriers, Cor. Yonge and Temperance Streets.

"Man and Superman" is Superior. The comedy by George Bernard Shaw, "Man and Superman," which is at the Playhouse Theatre, is one that appeals to people of more than average intelligence. In fact, it is a very superior play and is presented by a special committee on business and will report on the tenders.

Financial Problem. In view of the increased appropriation required for the financial aspect will be a problem for the finance committee. The fact that the plans have been officially approved by the Ontario Education Department renders the committee confident that the money will be available.

TWO MILLION DOLLARS NEEDED FOR THE NEW TECHNICAL SCHOOL

Original Estimate Only Half the Amount Required to Erect Buildings in Conforming to Plans Approved by the Government.

Two millions will approximately be the cost of the new central technical school building. Toronto's record for a gathering of contractor agents was probably broken by the throng at the meeting of the advisory industrial committee of the board of education yesterday afternoon at the city hall.

The place was crowded almost to suffocation and the windows had to be raised to afford sufficient air to breathe.

Chairman McTaggart had on the table before him a pile of bulging envelopes. When they were opened it became clear that the building would cost about double the amount originally anticipated. The project was to have been a \$900,000 building on a \$100,000 site. The plans adopted by the committee were on a much more ambitious scale, but were based on what the committee regarded as moderate in view of the rapid increase in the requirements of the city.

Agents Protested. Before the tenders were opened two of the agents protested against the specifications as being unduly favorable to American brick makers.

Chairman McTaggart assured them that in awarding the contracts the purpose would be kept in view of allotting the work in a manner to secure the employment of the largest proportion of Canadian labor possible.

Thirty-two Tenders. Thirty-two firms tendered. Of the total five wanted the contract for the whole of the work. The tenders were numbered and no names were made public.

The five tenders for the complete building quoted the following figures: \$1,429,532; \$1,281,553; \$1,220,170; \$1,193,000; \$1,132,000.

Each of the five sent in a marked deposit cheque for \$5000. A tender which started the committee quoted \$93,900 for wiring.

Fancy Figures. Fancy figures were sent in the quotations of \$1,997 for marble, the usual mosaic work.

One tenderer asked \$95,000 for the roofing.

The committee referred the tenders to the architects and superintendent of buildings for classification.

PARCELS POST LEGISLATION LIKELY TO BE INTRODUCED EARLY IN COMING SESSION

Hon. Mr. Pelletier's Bill to Be Followed by Organization of System Which May Possibly Go Into Effect in Six Months—Six Zones Are Contemplated, Excluding the Yukon Territory, and Rates Will Be Based on Distance.

OTTAWA, Jan. 7.—(Special).—The World is informed that upon the reassembling of parliament a bill will be introduced by Postmaster-General Pelletier, providing for the establishment in Canada of the parcel post. It is understood, however, that the government will take at least six months for the legislation is passed before inaugurating the system. Indeed it is not impossible that the formal inauguration of the system will be delayed until Jan. 7, 1914.

This will be following closely in the footsteps of the precedent set by the United States. The Bourne bill, which established the present parcel post in the United States, did not take effect upon its passage by congress last summer, but a considerable period of time was given the postoffice department to organize the system and its inauguration was postponed until Jan. 1 because it was feared that the great rush of Christmas holiday business would be too severe a test upon the parcel post system until it had been tried and perfected by long experience.

DISTANCE TO FIX RATES. The Canadian system will be modeled closely upon the British parcel post, with the exception that the rates will vary with the distance. In the United Kingdom the parcel post rate is a flat rate, as in the case of letters and other mail matter. A tentative map dividing Canada into zones for parcel post purposes has already been submitted to the postmaster general and is now under consideration. There is reason to believe, altho no official announcement could be obtained, that the plan now under consideration in the United States. These will include a local zone embracing a city and its suburbs, or a town and contiguous free mail delivery routes, and five territorial zones as follows: 1. The Maritime Provinces; 2. Quebec; 3. Ontario; 4. The Prairie Provinces; 5. British Columbia.

No decision has as yet been arrived at as to the rates within a zone or between different zones.

The announcement that legislation will be asked may come as a surprise to the country, because it has always been understood that the parcel post could be established by a departmental order.

PLAN UNDER CONSIDERATION. The World representative today interviewed Postmaster-General Pelletier, Dr. R. M. Coultter, deputy postmaster general, being also present. Dr. Coultter had nothing to say, and Mr. Pelletier was quite reticent. He said, however, that the department was at work upon a plan which would not be announced until it had been submitted to and approved by the cabinet.

Asked if he did not have the power himself to put the parcel post into effect, Mr. Pelletier replied that he would not think of taking so important a step without the knowledge and approval of his colleagues in the government.

The World, it was suggested, is anxious to see the parcel post established.

"The World is not singular in that respect," the minister responded smilingly. "I am deluged with applications for the parcel post from all over the country."

CHANGE MADE IN INSPECTORS ARE HOME RULE BILL NOT COMPETENT

Harmless Amendment Affecting Representation in Certain Constituencies Is Accepted by Asquith.

LONDON, Jan. 8.—(C. A. P.).—The home rule bill was further considered in the commons yesterday, when seven clauses were disposed of by means of the closure. A proposal by Sir H. Currie to amend clause 8, by providing that the Irish senate should consist of 100 members instead of 40, was rejected by a majority of 122.

Sir A. Mond moved to amend clause 9 by providing that in any constituency which returned three or more members, the Irish house of commons, an election should be held, on the principle of proportional representation, and each elector should have one transferable vote. Redmond gave the proposal his assent on the ground that it was a temporary experiment and that it would give representation to the Unionists in the southwest of Ireland.

Mr. Asquith also accepted the amendment as an attempt to deal with a particular case and only as regarded the inception of the Irish parliament. The amendment was passed by a majority of 230.

That 90 per cent of the scales used by cheese exporters in Ontario give wrong weights, and that because of this the farmers of the province have, during the past ten years, suffered to the extent of nearly a million dollars.

The above are some of the more interesting points in a decidedly critical report just placed into the hands of the government by the commission appointed to investigate certain charges and grievances of the farmers and dairymen of the eastern counties of the province.

This commission was appointed by Hon. Martin Burrell, and its chairman was A. W. Pringle K.C. of Ottawa. It held a number of sittings throughout the province and at Montreal and some startling evidence, disclosing peculiar conditions in the inspection of weights and measures by government officials, was heard.

Coupon for The Toronto World EVERYBODY'S CYCLOPEDIA DAILY COUPON. This coupon, if presented at the Head Office of The Toronto World or at the Branch Office, 15 Bath Street, East, Hamilton, on FRIDAY, JAN. 10TH, or SATURDAY, JAN. 11TH, will entitle the bearer to one five-volume set of Everybody's Cyclopaedia (regularly selling at \$12).

SHOULD BE A LAW TO PROTECT GIRLS

Miss E. C. Elwood Protested Against Conditions Which Forced Long Hours on Factory Workers.

INDUSTRIAL QUESTION

Wage Problem Is Driving Girls to Hell on Earth, Says Dr. T. Albert Moore.

Two interesting addresses were heard last night at the Fred Victor Mission, when Dr. T. Albert Moore spoke on "Methodism and Her Social Work," and Miss E. C. Elwood presented an address on "The Home in Relation to Social Welfare."

It was Miss Elwood's opinion that if all homes were ideal, there would be no need for social duty. She touched upon various social questions. The house problem was a very important one and should engage the attention of the people. Houses of poor people should not be located in the congested areas of the city, but they should be built in the outskirts in order to bring about such a scheme it would be necessary to have rapid transportation facilities.

The health of the child is one of the most important questions that should engage the attention of social workers, she said. This fact is being appreciated as shown by the decrease of infant mortality. She protested against child labor. There were a great many children who were taken out of school at a too early age and sent to work. She strongly protested against the conditions which forced young girls who labored in factories to work all day and overtime two or three nights a week. There should be a law which states, not that girls may work so many hours a day, but that girls must not work more than a certain number of hours each day, she said.

Members of Churches. Kenneth Douglas declared that in 29 factories which employ girls, the owners, with two exceptions, are members of churches, and it was his opinion that this question should be preached from the pulpit.

Dr. T. Albert Moore gave a resume of all the social work done from the time of John Wesley, the founder of Methodism, up to the present time. As usual, he was strong in his denunciation of the liquor traffic. "There is no one more pleased than the Methodists that 70 bars were out of yesterday," he said. "We look forward to the day when there will be total prohibition."

Throbs With Pain. "The industrial world is one that throbs with pain and we must do something to relieve it," he said. "This wage problem is driving young girls down to hell on earth."

It was his opinion that the average girl factory worker in Toronto was saving of a character was far more important than the saving of cash. "The great trouble with social workers is that they do not know what they are going to reform," he said. "They see the evil, but they do not comprehend it. Therefore, we should have a continuous social survey of the city in order that we may become intimately acquainted with all the facts connected with social conditions."

ESTATES PROBATED

Late Mrs. Schonberger Left Large Amount.

Emily S. Schonberger..... \$149,061 Frederick W. Smith..... 54,798 James Mitchell..... 27,463 G. R. R. Cockburn..... 12,438 The foregoing estates were among those filed in the surrogate court yesterday. The late George R. R. Cockburn was formerly identified with the Ontario Bank, now defunct. Under his will the whole estate goes to the widow, Mary Eliza Cockburn, who is sole executrix. The inventory shows: Stocks \$257,550; property at Humber and Mimico, \$5442; other real estate, \$2000; life insurance, \$156,333; cash in bank, \$183.75.

"RUBBISH" SAYS COCHRANE. Has No Intention of Resigning from Cabinet.

OTTAWA, Jan. 7.—(Special).—"I have never heard of such a thing, and I know nothing whatever of what you tell me. It's pure rubbish." In this characteristic fashion Hon. Frank Cochrane, minister of railways, said of the rumor that he is to be made Lieutenant-Governor of Ontario. The suggestion apparently was not even pleasing to the minister of railways, who is evidently well satisfied with the more arduous duties of his present office.

Weak Blood Made Strong

NOT BY STIMULANTS, BUT BY SCIENCE.

How do you think weak blood should be made strong? Well, when you come to think of it, common sense seems to say, weak blood is made strong by having fed to it the elements that it is composed of, so that when the blood cannot get the proper nourishment it is made up of, this feeding of the elements proper will supply the blood-making properties that are ordinarily lacking. It is composed of the elements of iron, etc., etc. that the life-giving red corpuscles are made of.

No false stimulants used to whip the heart into increased activity and make you think your blood is getting stronger, only to find out after you have stopped taking the remedy that you are as badly off as before. There is not a particle of alcohol in Sanguinol, not a trace of harmful drugs, stimulant or otherwise. It is the red blood corpuscles and the phosphates of which your nervous system is built. Is not this an ideal tonic? Isn't it worth a trial?

Get Sanguinol today at any of the Owl Drug Stores and know again the joy of perfect strength and health. 70 Queen East, 1501 Dundas Street, 481 Parliament Street, 282 College Street, 990 Balfour Street, 1215 Bloor Street, West, 282 Dundas Street, West, 282 Dundas Street, West, and E. A. Legge, College and Ossington.

The WORLD'S BARGAIN BOOK OFFER

EVERYBODY'S \$12.00 CYCLOPEDIA For the Five Vols. \$1.98 For the Five Vols.

THE \$10.02 SAVED

on the purchase price of the set would pay for The Daily World for three years and four months. It pays to be a reader of

THE WORLD

These sets are not to be had at bookstores, nor are they advertised in the magazines. They can only be acquired in this city thru The World.

Friday, January 10, and Saturday, January 11, are the days of the sale. Bring to The World Office one coupon, printed on page 1 of this paper daily, and you will be entitled to take one of these 5-volume sets for \$1.98. Our order for these books was large, but they will go fast.

GREATLY REDUCED ILLUSTRATION OF THE \$12 SET.

REMEMBER the DAYS OF SALE, NEXT FRIDAY and SATURDAY

CLIP THE COUPON. We expect a big rush on the days of sale, Friday and Saturday of this week. Be among the first to secure one of these sets. We placed the largest order ever given a publisher, but are unable to say how long they will last if the demand is as great as we have reason to think it will be.

MAIL ORDERS

The sets are too bulky to be sent by mail, but out-of-town readers can have them for one coupon and \$1.98, the set to be sent by express, shipping charges to be paid by the receiver.

This wonderful set of reference books, printed to sell at \$2.40 PER VOLUME, \$12 PER SET, can be had next Friday and Saturday at LESS than 40 cents per volume, which is but a few cents more than the cost of a high-grade magazine in paper covers.

Important to World readers in Hamilton. Distribution of Cyclopaedia Sets will be made from The World's Branch Office, 15 Main Street East, Hamilton.

CANADIAN SHIP-OWNERS CANNOT GET REDRESS

Act Passed in the United States Protecting Exporters Stirs Up Protests--No Remedy in Sight.

OTTAWA, Jan. 7.—(Special).—The recent amending by the United States authorities of the Harter Act, which sought to give greater protection to United States exporters against carelessness or negligence on the part of shipping companies and masters, has brought a loud protest to the Canadian Government from the Canadian shipping industry on the great lakes. The Harter bill was introduced in the United States Senate some years ago. It provided more just protection especially when it could be shown that the loss was entailed through the negligence of the part of the shippers. It also provided that if the goods were shipped in foreign bottoms the claim of the shipper must be settled according to the laws of the United States as embodied in the Harter Act and not by the laws of the country to which the vessel carrying the freight belonged or was registered in.

No Action Likely. Owners of Canadian vessels on the great lakes have protested to the government that all claims against them for losses should be settled in Canadian courts and according to Canadian laws. Hon. J. D. Hazen, minister of marine and fisheries, has the matter under consideration. It is believed, however, that Canada can take no action in the matter, and that the Canadian shipping men's claims are not upheld by either right or international law.

A bill almost identical to the Harter Act and with the same object in view with respect to Canadian shipping was introduced in the senate by the late Senator Campbell three years ago, but it was killed by the Liberal majority in the commons.

Where to Buy Victrola Records. In the Victrola Parlors of the Old Firm of Heintzman & Co. Limited, 183, 195, 197 Yonge street, you will find an assortment of Victrola Records, covering every field of music. You are sure of finding everything the latest in the stock, as well as hundreds of old-time favorites.

GOOD PROGRESS MADE BY GERMAN EXPLORER

Lieut. Filchner, Back From Antarctic Regions, Reports Discovery of New Land.

BERLIN, Jan. 7.—(Can. Press).—Lieut. Wilhelm Filchner, the German Antarctic explorer, returned with his expedition today to Buenos Ayres, after an absence of 15 months in the southern seas. Lieut. Filchner cables from Buenos Ayres that the expedition has been most successful. He discovered new land, which he named Prince Luitpold Land, and also an ice barrier which he named K.W.I. Wilhelm I. continuing his explorations.

It was not Lieut. Filchner's intention to attempt to reach the south pole. His declared purpose was to learn if possible the character of the land in the Antarctic circle and whether it was really a continent or consisted of islands divided by frozen arms of the sea. His vessel was equipped with wireless telegraph apparatus. He carried a number of hardy Khirgiz ponies for work on the ice and the expedition was also provided with motor sleds. He was to follow the route marked out by Sir Ernest Shackleton and to form a depot at the half-way point to Shackleton's winter quarters.

R. T. WOODSIDE DROPS DEAD. Mills Superintendent at Cornwall Ruptures Blood Vessel.

CORNWALL, Jan. 7.—(Special).—R. T. Woodside, superintendent of the Stormont mills of the Canadian Cottons Limited, dropped dead on the way home from the mill shortly after 6.30 o'clock tonight. He was in his usual good health and worked all day today. It is probable that death occurred from the rupture of a blood vessel in the brain.

Mr. Woodside came originally from Milltown, N.B. He went to Hamilton and then to Merriton, Ont., and came here nearly eight years ago. He leaves a wife and six children, one an infant of only a few days.

Dr. Hamilton, coroner, decided that an inquest was unnecessary.

MANY CHINESE STUDENTS ARE COMING TO CANADA

Seven Hundred Now on Way to Enter Schools in Canada—Some Coming to Toronto.

REGINA, Jan. 7.—Fifteen hundred Chinese students left Hongkong two weeks ago, and are now on their way to North America to enter schools in Canada and the United States. Of the total number about 700 will come directly to this country, according to Mr. Geryee, Chinese agent here, and will take up courses of study at the big schools in Toronto and other educational centres.

This migration of students is the result of a promise made by the officials of the new government of China to the fathers of families prior to the recent war of independence. A man who enlisted and who had children, the father promised that if he was killed on the battlefield his children would be educated at the expense of the government, and his wife given an allowance until her death or re-marriage. The boys are to be maintained in good schools until they reach the age of 18 years, and the girls wish to attend school they will be maintained there until they are 20 years old. Altogether practically all the money is furnished in contributions by wealthy Chinese, the government has kept its promise, and the present seekers for those whose fathers were killed in the war against the old regime.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

WHY ACTON "WENT WET"?

ACTON, Jan. 7.—(Special).—Repeal of local option here is attributed largely to the influx of immigrants from Europe and to the activity of the head of a large manufacturing plant.

MUSICAL PRODIGY KILLS MOTHER

NEW YORK, Jan. 7.—When his mother refused to let him have his mandolin today, Harry Harrison, a young musical genius, jumped out of bed and slashed her to death with a razor. Then he locked himself in the bathroom of their apartment in Brooklyn and cut his throat. He cannot recover.

Important Luncheon. The conference committee of the board of trade will hold a luncheon at the St. Charles restaurant today at 12.45. A discussion will take place on assessment and parcels post.

1st Instalment of Correct Answers In The Toronto World's GREAT PROVERB CONTEST

The examining and checking of the Proverb sets submitted in The Toronto World's Proverb Contest was begun on Monday last, and the work is progressing rapidly. During the examination of the Proverb sets The World will publish, daily and Sunday, instalments of the correct Proverb answers. The first instalment is published today.

CORRECT PROVERB ANSWERS One to Four

- 1.—"The early bird catches the worm." —World's Proverb Book, Pg. 66
2.—"A new broom sweeps clean." —World's Proverb Book, Pg. 54
3.—"Too many cooks spoil the broth." —World's Proverb Book, Pg. 33
4.—"A man may lead his horse to water, but cannot make him drink." —World's Proverb Book, Pg. 8

The second instalment of correct answers will appear in tomorrow's World, and contestants who desire to compare the correct answers with their duplicate copies must

ADVANCE OF WOMEN TOWARDS FREEDOM

Arthur Hawkes Spoke on "Women and the Political Religion of Immigration."

THE PILGRIM MOTHERS

Plea Made That Canadian Women Meet Immigrants to Wish Them Good Fortune.

"Women and the Political Religion of Immigration" was the title which Mr. Arthur Hawkes gave his address before the University Women's Club last night.

"The advance of women towards freedom is not a new thing, but a thing which is as truly a religious work as the lighting of candles in long-drawn aisles or fretted vaults.

Mr. Hawkes said that in the new country it is comparatively easy to avoid the errors and littleness which disgrace the old, and we shall utterly fail if we do not keep open the door to character and ability wherever it may come.

"Get a conviction, as the quakers say, that the best place to start your imagination in regard to things about to come is in the place from which the immigrant comes.

Mr. Hawkes then said he would not presume to lay down any definite line of action, leaving the working of these to the members of the club.

The sufferings and often the death of unborn children, and the picture of a woman being a member of the proposed Central Board of Immigration.

Asked yesterday how he regarded the result of the local option contest in Ontario on Monday, Sir James Whitney said: "I have observed that the people have expressed their desire, and at this time, that is all there can be said."

Mrs. Alice Stebbins Wells Coming

Mrs. Alice Stebbins Wells of Los Angeles will be in Toronto next week, and will address an open meeting of the Women's Canadian Club Association Hall on Monday evening, Jan. 13, at 8.15.

The Toronto Local Council of Women is issuing invitations to a lecture to be given by Mrs. Alice Stebbins Wells, first policewoman appointed in the United States.

Senator Campbell's Funeral

Instead of being held from the Bloor street Presbyterian Church this afternoon, the funeral services of the late Senator Archibald Campbell will be conducted at the Victoria Presbyterian Church, West Seventh, at two o'clock.

AND HE CERTAINLY KEPT HIS PROMISE

Commissioner Harris Said He Would Give No Information on the Filtration Plant.

"I promised that I would be an oyster in regard to filtration matters," declared Commissioner Harris when asked as to the reports that some candidates for the board of control were warned not to defend slow sand filtration, "and I certainly did not say anything to anyone. I was continually asked many questions, but I suggested that they all wait until the report was ready."

The commissioner was non-committal on the question of the Toronto Street Railway running its cars on the St. Clair avenue car lines westerly to the St. Clair avenue fill. It is understood a suitable compromise could be effected, but the commissioner thinks that nothing will come of the correspondence between R. J. Fleming and himself.

Mr. Spence, of the harbor commission, and G. T. Somers, of the board of trade, will help Corporation counsel George Borden fight the case before the Borden cabinet on the viaduct question, which is appealed by the C.P.R. against the railway board's decision.

NIAGARA FALLS WAS BADLY STORMBOUND

NIAGARA FALLS, Ont., Jan. 7.—(Special).—Close on the heels of Friday's great storm, that isolated the twin cities of Niagara Falls, a severe sleet and rain storm struck the frontier today, tying up traffic and cutting off telephonic and telegraphic communication. The storm abated somewhat early to-night.

Not a wheel turned on the lines of the Niagara, St. Catharines and Toronto Railway from the time the storm struck the frontier till seven o'clock to-night, when the first car started from St. Catharines to this city.

During the storm the Ontario Electric Development Company being down. The electric service was resumed early to-night.

PHILADELPHIA, Jan. 7.—(Can. Press).—Independence Hall and children's playgrounds claimed the interest of the Countess of Aberdeen, wife of the Lord Lieutenant of Ireland, and Miss Violet Asquith, daughter of the prime minister of Great Britain, who arrived here today from Washington.

Man and Superman" is Superior. The comedy by George Bernard Shaw, "Man and Superman," which is being played at the Princess, is one that appeals to people of more than average intelligence. In fact, it is a very superior play and is presented by a superior company, headed by the great actor, Robert Loraine.

INCREASE OF LOCAL OPTION MEANS A CLOSER INSPECTION

More Vigilant Watch For Breaches of Liquor License Law Is Necessary in "Dry" Districts and Cost of Administration Will Be Increased Where Complaints Are Received.

The sixty-nine liquor licenses cut off by the ratepayers of twenty-five municipalities on Monday does not affect the license inspection department in any visible extent. If there is any effect at all it will be in the way of increasing the cost of administering this branch of the department.

The license branch at the Parliament Buildings is the headquarters for the receiving of complaints from unlicensed maneuverers. Many people gain information on unlawful sales frequently go with their story to the local inspector or police authorities, but a large percentage of their business can be connected with the prosecution, write direct to Toronto.

RAILWAYS EARN BIG RETURNS

Continued From Page 1. Atlantic, \$4325; eastern, \$6788; Ontario, \$7142; Lake Superior, \$6862; central, \$4479; western, \$5188; Manitoba, \$5515; Saskatchewan, \$4054; Alberta, \$6889; British Columbia, \$7485.

Similar statements covering the Grand Trunk Pacific and C.N.R. were held yesterday afternoon, at their clubrooms, 198 College street, with President Daniel Lamb in the chair.

After some objection by Hon. E. H. Phippen for the C.N.R. and F. H. Chrysler, K.C., for the C.P.R., on the ground that it was irregular for the railways themselves had not finished their case, Mr. K. Cowan, representing Saskatchewan and Alberta, was allowed to examine Mr. Mowat, assistant auditor of the C.P.R., a witness who had given evidence during the Vancouver rate case.

On Mileage Basis. The witness was examined by Mr. Cowan in regard to the method of arriving at earnings in Canada and expenses per train mile in connection with the C.P.R. statement presented by Mr. Whillie. They were appraised on a mileage basis with regard to some details and pooled with regard to others was Mr. Mowat's testimony.

The King Edward Memorial Fund is Climbing Up to Million Mark. The King Edward Memorial Fund, to help on consumption in Canada, and planned in behalf of the several aristaria, at Muskoka and Weston, has not yet fully reached the million dollars, the getting closely to the amount, Sir Donald Mann has sent his cheque for \$5000, which will bring the million nearer, and \$1000 has just been received from Mrs. M. J. Leonard.

PHILADELPHIA, Jan. 7.—(Can. Press).—Independence Hall and children's playgrounds claimed the interest of the Countess of Aberdeen, wife of the Lord Lieutenant of Ireland, and Miss Violet Asquith, daughter of the prime minister of Great Britain, who arrived here today from Washington.

Man and Superman" is Superior. The comedy by George Bernard Shaw, "Man and Superman," which is being played at the Princess, is one that appeals to people of more than average intelligence. In fact, it is a very superior play and is presented by a superior company, headed by the great actor, Robert Loraine.

Proposition Now is Made to Double Track the T. & O. Outlay of One or Two Million Dollars Would Greatly Assist in Development of Northern Ontario and Would Give Direct Double Track Connection With the National Transcontinental.

While those favoring the proposition claim the operation of such would pay, it is argued that it is exceeding doubtful whether the expenditure of so large initial outlay would be justified by the results that would be achieved.

Humane Society Buys Premises

To enable the Toronto Humane Society to enlarge their operations, it was some time ago decided that a building of their own, suitably equipped, was an urgent necessity. After looking over the available sites and properties, it was decided to secure the premises at 147 McCaul street, P. C. Laverton Harris said to "The World" that he considered the property well suited by its location for the Humane Society. It will be altered extensively for the work of the society.

MODERN STATION AND MODEL HOTEL

C. N. R. and Grand Trunk Will Spend Millions in Hamilton in the Near Future.

A large modern hotel, adjoining part of the new two million dollar Hamilton Union Station, to be erected jointly at the corner of James and Murray streets by the Grand Trunk Railway and the Canadian Northern Railway, was the plan outlined to "The World" yesterday by one of the leading officials of the C.N.R.

Begin This Year. The negotiations toward combining the passenger station facilities of these two railways in Hamilton have progressed considerably since their first announcement by the World several months ago and the favorable outcome has resulted in the joint hotel proposition being put forward.

The C.N.R.'s Hamilton plans have been formulated with the view of the new station and hotel with the Grand Trunk. The report published by one of the Toronto newspapers yesterday that the C.N.R. would amalgamate with some private interests in the erection of an uptown hotel in Hamilton, on a site already secured, was emphatically denied by the Canadian Northern officials, who pointed out that it was wholly contrary to the policy of the company to erect hotels in another part of the town from that in which the hotel was situated.

FINE RESULTS FROM SCIENTIFIC FARMING

GUELPH, Jan. 7.—(Special).—Massey Hall at the Ontario Agricultural College, was filled when the 34th annual meeting of the Ontario Agricultural and Experimental Union opened its session. Delegates to the number of 1000 were present.

Winnipeg, Jan. 7.—(Can. Press).—At an informal gathering of the "Old Boys" the arrest of Sam Griggs on a charge of bigamy was discussed, and the important question of the Griggs case was discussed.

The Canadian Ontario train No. 9 from northern Ontario was more than three hours late, not getting here until midnight.

STENOGRAPHER LOSES ACTION

Miss Agnes O'Connor Tried to Leave Street Car Before It Had Stopped.

With a limp that was easily noticed, Miss Agnes O'Connor, a young stenographer, stepped into the witness box yesterday afternoon, when her case, asking for damages of \$5000 from the Toronto Street Railway, was called, just after the January assize court had opened.

Miss O'Connor's accident happened on the night of May 19 last year, when she was going home from work on an open Carleton car. Her right knee hurt, and she was out of work for a week. By the first of July she was still very weak, and was compelled to spend three months at her home in Orillia.

Miss O'Connor sat for a time as if she did not understand the proceedings, but she soon got on her feet and she explained everything to the expectant jury. A few minutes later she, too, got up and slowly left the room. Another witness being heard and no one seemed to notice or offer a word in sympathy.

Bringing Farmer and Customer Together

One of the chief objects of the parcels post is to bring the farmer in closer touch with the consumer. He has complained that the middleman gets a heavy toll, the producer getting only a fraction of what the householder pays.

But the producer must find his customers. When unable to come to the city and make a house-to-house canvass, how can he find his customers? The simplest way is to do so as other business men—advertise. In England, where the parcels post has been long established and is no more a novelty than railway freight, the newspapers print columns of small advertisements telling city dwellers they can buy fresh eggs, country butter, berries, milk, meats, fruits, and all kinds of products.

PARALYSIS COMPLETELY CURED

"Fruit-a-tives" Performs Another Miracle.

BRISTOL, N. E., July 25, 1911.—"I had a stroke of Paralysis in March, 1910, and this left me unable to walk or help myself, and the Constipation of the Bowels was terrible. 'Nothing did me any good and I was wretched in every way. 'I then took 'Fruit-a-tives' for the Constipation and it not only cured me of this terrible trouble, but gradually the fruit medicine toned up the nerves and actually cured the Paralysis. 'By the use of 'Fruit-a-tives' I grew strong and strong until the Paralysis and weakness left me. 'I am now well again and attend my studies every day. I say 'thank God for 'Fruit-a-tives.'"

"Fruit-a-tives" not only cured the terrible Constipation, but so toned up the nervous system and the general health as to completely overcome the paralysis. Truly, "Fruit-a-tives" is a wonderful medicine. 50c a box, 6 for \$2.50, trial size 25c. At all dealers, or sent by mail, at price by Fruit-a-tives, Limited, Ottawa.

ONE KILLED, MANY HURT WHEN CARS LEFT TRACK

Six Coaches Were Derailed Near Lafayette, Ind.—Three Injured Will Succumb.

LAFAYETTE, Ind., Jan. 7.—(Can. Press).—One person was killed, three others fatally injured, and thirty-three slightly hurt when six cars on train No. 15 of the Cleveland, Cincinnati, Chicago and St. Louis Railway, northbound from Cincinnati to Chicago, jumped the track at Stockwell, near here this afternoon. The train was running at high speed, when a wheel on the baggage car broke, throwing that car, the smoker, day coach, diner and two Pullmans into a ditch.

Edward Zuner, of No. 30 East avenue, Rochester, N.Y., was crushed to death. The seriously injured are: Reuben Akesson, Connersville, Ind., head crushed; Victor Nilsson, Chicago, rib back hurt and injured internally; Theodore Ingalls, poet, Chicago, ribs broken; injured internally. The day coach was demolished. Zuner was in the smoker and was so badly crushed as to make identification difficult.

**WALKS LIKE A MAN.**  
 Kipling had a warning in one of his poems some years ago against the bear that walks like a man. It is the old proverb respecting the wolves in sheep's clothing. Not infrequently in these modern days it is necessary to issue similar warnings against men and newspapers sewed up with the big corporations, who suddenly begin preaching the gospel of public ownership and operation of public utilities. A certain number of men and newspapers, notoriously hostile to government ownership, are now beating the drum and offering to carry the banner in the government ownership procession so far as the National Transcontinental Railway is concerned. They tell us in one breath that the Grand Trunk Pacific Railway Company will repudiate its contract with the government respecting the operation of the National Transcontinental between Winnipeg and Moncton, or between Cochrane and Moncton, and then hurry on to proclaim the great advantages which would accrue to the country by having the Intercolonial take over and operate the railway from Moncton to Winnipeg.

These same persons were violently opposed to government operation when the Grand Trunk Pacific scheme was before parliament. Why have they switched?  
 The explanation seems to be that the word has been quietly passed around that the Grand Trunk intends to jump its contract with the government and to refuse to take over the National Transcontinental east of Cochrane. The public mind is, therefore, being prepared for this breach of good faith by these intimations, and is being educated up to accept the same without complaint, and even gladly as a contribution toward public ownership and operation of the railways of Canada.

It may, after all, benefit the public to have the government operate the big railway between Moncton and Winnipeg as a public utility, even though it does compete for four hundred miles with another government railway. But the Toronto Globe and others who are just now acclaiming this prospect are less interested in promoting government ownership than they are in screening the Grand Trunk from criticism, and in withdrawing public attention from the grotesque contract which the Laurier government made with that railway company.

There is every reason to believe that the Grand Trunk Pacific will attempt to take over only that part of the line which ends to the east at Cochrane. But its action in that behalf will not be dictated by any earnest desire to advance the cause of public ownership.

**WOMAN SUFFRAGE IN BRITAIN.**  
 Soon after the resumption of the British parliamentary session, the franchise reform bill will come up for consideration. This measure provides that no person shall be registered or vote in more than one constituency; that an elector shall be qualified by residence or occupation and in no other way; that the value of property as an element of qualification shall be limited to any continuous period of six months. But what adds considerable interest and importance to the debate is the certainty that an amendment will be moved extending franchise rights to women. Before the militant suffragists developed, the violence that has marked their course since the early summer of this year the prospect that at least certain classes of women would be enfranchised had given a definite pledge that the House of Commons would be left absolutely free to express the individual judgment of the members, and that should such an amendment be made it would be accepted by the government as part of the bill.

Mr. Lloyd George, who supports woman suffrage, alluded to the question at a reception given in December by the Welsh parliamentary party to representatives of Welsh Liberal associations. Although an advocate of the movement, the chancellor of the exchequer was constrained to admit that the prospects of securing a majority in the house of commons for a woman suffrage amendment, were not altogether propitious. This he attributed to the action of the militant suffragists, whose action had made it very difficult for some members of the cabinet to continue their support of woman suffrage. "But for the fact," said the chancellor, "that

they knew the prime minister was a man of his word and would not be deterred by actions of a personal character, it would have been impossible for Lord Haldane, Sir Edward Grey and himself to have acted as they wished in support of the movement." Personally, Mr. Lloyd George did not think that it was possible to enfranchise all women over the age of 21, but he favored, in the first place, the Norwegian system, which conferred the franchise upon women householders and the wives of married electors. A week later, Sir Edward Grey, secretary of state for foreign affairs, another convinced supporter of woman suffrage, outlined his views in a letter read at a meeting in Glasgow. He pointed out that woman suffrage would have its chance in the government's reform measure, and gave his assurance that a suffrage amendment to the bill would not break up the government. The line of cleavage over woman suffrage extends to both parties and, indeed, a Unionist government would be even more divided over the proposals than the present Liberal government. Looking to the political situation in the mother country and the division of sentiment both on the government and opposition front benches, it certainly does look unpromising, on the part of the militant suffragists, to antagonize public sentiment, especially when Sir Edward Grey again pledged the government to support their franchise bill, even should woman suffrage be granted. In the circumstances, what more can be asked from a government with great measures on hand commending their united support, yet differing among themselves, as the opposition front bench also does, on woman suffrage.

**WHITNEY, PASTORIZA AND FORMAN.**  
 J. J. Pastozira of Houston, Texas, a man after Sir James Whitney's own heart. He decided he had all the powers under the act that he or the people wanted. He taxed all land 100 per cent. of its value, and buildings 25 per cent. He ignored all other sources of revenue. He raised the assessment roll to \$120,000,000, and he cut the tax rate from seventeen mills to thirteen. That is, practically what Sir James Whitney says the assessors can and ought to do. But do you think Commissioner Forman would do it? Not on your life. It takes a lot of red blood to do things like Whitney or Pastozira.

"Canada Forward" is the new rival cry to "Canada First." What has Mr. McConnell to say to that?  
 Ex-Alderman Hilton thinks the editors of the papers should be bigger and larger men. Now who was he hitting at? Does he want a white horse?

It is notable that, in spite of their typhoid epidemic, the electors of Ottawa refused to instal a filtration plant. Is it that they have had more information on the subject than those of Toronto—or less?  
 Mr. L. H. Pellett, who headed the poll among the five councillors in Toronto Township, is a bright young man who has found his opportunity early, and will no doubt make progressive use of it. He is to be congratulated upon the confidence he has inspired among his fellow-townsmen.

It is to be hoped that the temperance radicals will try to do justice to the three-fifths clause, even if it requires a momentary cessation in their wholesale denunciation. The three-fifths clause works both ways, and Galt would have been back in the "wet" list by a majority of 47 but for the three-fifths stipulation.

**ON WAY FROM FRANCE TO CLAIM PROPERTY**

PARIS, Jan. 7.—(Can. Press.)—The plaintiffs in a most interesting civil law suit in America, involving the ownership of a large quantity of real estate in Buffalo, New York, start from Havre for New York on board La Lorraine of the French Line on Saturday next.  
 The plaintiffs are three in number—Henry Le Couteux de Caumont, his brother Louis, both of whom are great-grandsons of the French pioneer and Louis Leconteux and Baron Emmanuel de Buis, a great-grandson of the pioneer. Only the first two of these, however, will go to America. Their object is to recover the land which is now the site of the Roman Catholic Church of St. Louis in the City of Buffalo.

The financier will remain in Nassau, it is understood, for some weeks. No intimation as to his intentions with regard to his appearances as a witness before the house "money trust" investigation committee at Washington can be obtained.

**Good Health will be yours if you drink**  
  
**"GOLD LABEL" ALE**  
 YOU can almost FEEL your strength coming back, as you enjoy a bottle of this rich, creamy, old ale.  
 Before meals, with meals and after meals—take it as you prefer. It will do you good anytime, and all the time.

**Back to Bytown**

Today the members reassemble, the men who make the nation's laws; and soon the capital will tremble from morn to night without a pause. The men in whom the country glories, the men who sell the ship of state, the men on whom we tack good stories, get back to business on this date. For days and days in all the papers no one has tried to circumvent some other member's wicked capers, and all has been a sweet content. When each for Christmas homeward wended, the country suffered no great ills, but the now the truce has once more ended, and they are at it clause and bill. Once more with ardent unabated the strife will rage both loud and long—the old performance duplicated from the early morn till evening. Anon each enterprising member, reflecting how it won him votes when they were needed in September, will add fresh stock to his arsenal, and standing on some busy corner will there remark to passers-by, "Ah, that reminds me of Jack Hornet, who had a nigger in the pie. Jack was a funny chap, and so on—we all know how these tales begin; and then from yarn to yarn he'll go on, till all the cows are gathered in, and you and I will hear the rumour of all these quips so apropos, and marvel at their deathless humor as we go home and shove snow, and add to the bowl of reason will doubtless cause a sultry storm suggestive of the summer season, the air will be so charged with wit and repartee, that you will be singing around its towers a glad refrain; the crocuses will soon be springing—but birds and buds are often wondrous, what sense there is in all the noise and outburst of rhetoric. We ask ourselves, What all this boya? Sherwood Hart.

**Inexpensive to Winter in Florida.**  
 Few people realize that one may spend a few weeks of a winter season reasonably among the flowers and sunshine of Florida or California away from the ice and snow of the north, for no greater cost than living at home. Round trip tickets are issued by the Grand Trunk Railway System at exceptionally low rates, giving choice of all the best routes via Chicago, Detroit or Buffalo. Fast trains are the only double-track line, making connections with through trains for the month.

**ADRIATIC HAS BEEN FLOATED.**  
 NEW YORK, Jan. 7.—A wireless message from the commander of the Adriatic, shortly before 7 o'clock tonight reported that the steamer had floated and proceeded to an anchorage off Liberty Island, whence she would proceed to sea as soon as the fog lifted.

**Wedding Rings**  
 Get one of our marriage rings when your time comes. They are solid gold throughout, made to fit comfortably and are thick and strong. Prices run from \$4 to \$10.

**LOCAL OPTION GETS SETBACK IN GALT**

**While Repealers Were Not Successful, They Take Encouragement From Majority Secured.**  
 GALT, Jan. 7.—(Special.)—On the local option issue the manager of the repeal campaign claims a moral victory, saying: "We won out by a straight majority, but the fruits of the victory are taken from us by the three-fifths clause. It is right that there should be a three-fifths clause attached to the submission of the summary law, because a summary law can never be successfully carried out unless it is backed up by an overwhelming majority of the people. Whether the three-fifths clause should be a repeal of such summary law is a debatable question. Galt during the past three years was ruled by a large majority. During the next three years he will be ruled by a minority of its citizens."  
 The chairman of the optionist publicity committee accounts for the setback in this way: "Had our people been wise in time there would undoubtedly have been a large majority vote in our favor. Our opponents, aided and strengthened greatly by outside influence, were busy for months. They saw to the voters' list while our people were asleep."

**WILL RENEW FIGHT IN BARNIA.**  
 SARNIA, Jan. 7.—(Special.)—Local option for Sarnia has been given a death blow for the next three years, but the local alliance has stated that they will not give up the fight until the battle has been won. The election was conducted in a very quiet way and without any trouble.

**Special Around the World Cruise—Canadian Pacific Expresses of**  
 An unusual opportunity for a around the world cruise, all under the Canadian Pacific flag, with its consequent standard of service, is offered with the advent of the great new quadruple screw turbine engine steamships "Empress of Russia" and "Empress of Asia." The "Empress of Russia" will sail from Liverpool April 1 and will call at Gibraltar April 4, Villefranche April 8, Port Said April 12, and will proceed via Suez, Colombo, Penang, Singapore, Hong Kong, Shanghai, Nagasaki, Kobe, Yokohama, and arrive at Vancouver Saturday, June 7. From Vancouver to Toronto passengers may travel via Canadian Pacific main line, or Crow's Nest Pass line, and may also travel from Port William or via Great Lakes route to Fort McNicoll.  
 Vessel remains 16 days at Hong Kong.  
 The most direct connection to make for the sailing from Liverpool April 1 is via "Empress of Britain" from St. John, N. B., March 21, 1913.  
 The rate for the entire cruise is \$633.10, exclusive of maintenance between arrival time in England and departure of the "Empress of Russia," and stopover at Hong Kong.  
 A similar cruise will be made by the "Empress of Asia," sailing from Liverpool May 27, 1913.

**HAWTHORNE TRIAL NEARS END.**  
 NEW YORK, Jan. 7.—(Can. Press.)—The government rested its case today in the trial of Julian Hawthorne. Josiah Quincy, Dr. Win. J. Morton and Albert Freeman, accused of using the mails fraudulently to promote Canadian Mining claims. Counsel for the four men outlined their defence to the jury, in effect pleading justification of the defendants' efforts to promote their mines. Adjourning was taken until Thursday.

**At Osgoode Hall**

**ANNOUNCEMENTS**  
 January 7th 1913.  
 Motions set down for single court for Wednesday, 8th inst., at 11 a.m.  
 1. Forcible Entry.  
 2. Standard v. Hudson Bay.  
 3. Re-Maclean Estate.  
 4. Abell v. City of Toronto.

**Masters' Chambers.**  
 Before J. S. Cartwright, Esq. Master.  
 Weaver Coal Co. v. Swastika Mining Co.—Jarvis (Rowell & Co.) for plaintiff. Motion by plaintiff on consent for an order dismissing action without cost and vacating certificates of lien and its pendency. Order made.  
 Gage v. Sprague—Dillon (Briggs & Trevel) for defendant. Motion by defendant on consent for an order dismissing action without cost and vacating certificate of its pendency.  
 Tremble v. Britton—J. R. Code for plaintiff. A. H. Britton for defendant. Motion by plaintiff for a final order of foreclosure. At defendant's request motion enlarged for one week.  
 Schoenfeld v. McMillan Cartage Co.—Miller (Parker & Co.) for defendant. Motion by defendant on consent for an order dismissing action without cost. Order made.  
 Douglas v. Fawcett—O. H. King for defendant. Motion by defendant for an order for the issue of a third party notice. Order made.  
 Vine v. Vine—A. F. McMichael for plaintiff. N. E. Phelan for defendant. Motion by plaintiff for an order for interim alimony and disbursement. Order made for \$50. Interim disbursement, and that case be set down on the general list forthwith thereafter.  
 Anglo American Fire Insurance Co. v. Bulgaria—H. C. Macklem for plaintiff. Motion by plaintiff for an order for the issue of a writ for service out for jurisdiction and for service out of same and of statement of claim. Order made.

 Foster v. C.P.Ry. Co.—C.W. Livingstone for defendant. H. M. East for plaintiff. Motion by defendant for an order for medical examination upon plaintiff. Order in terms agreed upon. Costs in cause.  
 Ruter v. C. P. Ry. Co.—C. W. Livingstone for defendant. T. M. East for plaintiff. Motion by defendant for an order for medical examination of plaintiff. Order made in terms as agreed. Costs in cause.  
 Shayne v. Ball—E. C. Ironside for plaintiff. Motion by plaintiff for an order dismissing action and vacating certificate of its pendency. Order made.

**TARIFF ON CHEMICALS TO BE LITTLE CHANGED**

WASHINGTON, Jan. 7.—(Can. Press.)—The chemical schedule of the revised tariff legislation to be enacted by the coming extra session of congress was closed to-day so far as public hearings are concerned. The indications are that the Democratic majority of the house committee on ways and means will sustain almost intact its chemical schedule as embodied in the separate bill that passed both houses, although vetoed.  
 It is possible that there may be some modification of the rates on spices, which several members of the committee favor, but this is uncertain. Democratic and Republican members alike are expecting the schedule to emerge from committee in almost the identical form in which it was put up to the last session of congress and the president.

**Electricity is easily put in**  
 It costs very little to have electricity installed in your home. The wiring is not a difficult task, and the confusion you may anticipate is largely, if not altogether, insignificant.  
 You may have a vague idea that to wire an already constructed house involves a great deal of trouble, that the walls, ceilings and floors may be disfigured, and that all your carpets and furniture must be moved. Such is not the case.  
 If you will look far enough into the matter and send for a Toronto Electric Light Company specialist, you will learn how easy it all is, and how cheaply a reliable contractor will do the work for you.  
 Write a note now, or call up

**CLOTHING STRIKE TO BE PROLONGED**

**Both Sides Preparing For Bitter Struggle at New York—Employers Take Firm Stand.**  
 NEW YORK, Jan. 7.—(Can. Press.)—Both sides in the garment workers' strike drew their lines closer today in preparation for a protracted struggle. The employers who belong to the Clothing Trade Manufacturers' Association met and voted not to recognize the closed shop, nor to deal with the workers' union. Some 75,000 members of the International Ladies' Garment Workers' Union began voting tonight on the question of whether they should join the United Garment Workers in their demand for higher wages and better working conditions. Leaders of the International predicted that the strike would be called, but said it would take probably until Saturday to poll the whole vote.  
 Seventy-five manufacturers of children's clothing met this afternoon and arranged to organize. A strike fund was raised and the manufacturers announced that they were ready to fight to a finish.  
 Thirty-three of the 37 strikers arrested during recent riots in Brooklyn were fined \$10 each today for disorderly conduct.

**OVERCOME BY COAL GAS.**

WOLSELEY, Sask., Jan. 7.—(Can. Press.)—The home of Thos. Taylor, 12 miles south of Wolseley, was the scene of a tragedy last night. Mrs. Taylor was found dead, her husband, her two boys and a servant named Mrs. Fox, unconscious, and the house full of coal gas. Mrs. Fox is out of danger, Taylor and the eldest boy have rallied somewhat, but Robbie, the youngest boy, has not recovered consciousness.

**SUFFRAGETTES LOSE GROUND.**

Elections in Norway Distinct Setback to Cause.  
 CHRISTIANIA, Jan. 7.—The best Norwegian Suffragette will contain a woman member or alternate, it became apparent today; and opponents of equal suffrage are gloating over the unexpected poor showing made by the suffragettes in the recent parliamentary elections.  
 Three years ago three women ran for seats in the storting and six alternates. This time there were no women candidates for seats; and the seven women who ran for alternates were overwhelmingly defeated. The last legislature contained one woman member.

**Look for the Mark Behind the Wheel!**

Appears With Her Husband—Toronto Symphony Orchestra on Saturday Night.

## THE STERLING BANK OF CANADA

### THE DOLLARS THAT COUNT

Eventually, the only dollars that count are those that have been saved. A realization of this should make you a depositor.

Head Office, Cor. King and Bay Streets, Toronto

Branches: Adelaide and Simcoe streets. Queen street and Jameson ave. College and Grace streets. Brantford and Wilton aves. Dundas and Keele streets. Wilton ave. and Parliament at Yonge and Carlton streets.

The following shall have the honor of being invited to dine at Government House last night: Mr. and Mrs. R. Lord Somers, Mr. and Mrs. James Scot, Mr. and Mrs. W. D. Matthews, Dr. and Mrs. E. A. Anderson, Dr. and Mrs. Grassie, Mr. and Mrs. Victor Campbell, Mr. and Mrs. R. J. Christie, Mr. and Mrs. Somers-Cocks, Mr. and Mrs. Mortimer Bogert, Mrs. Fisk, Montreal; Mrs. Mackenzie, Mrs. E. V. Ray, Montreal; Miss Mackenzie, Miss Robertson, Miss Plummer, Miss Mortimer Clark, Mr. G. Hamilton, Mr. Hope, Hamilton; Lt.-Col. Stinson, Mr. Clarence Bogert, Mr. T. Plummer, Mrs. W. H. Brouse, Lt.-Col. Carpenter, Major Caldwell, Mr. L. M. Rathbun, A.D.C.

### The Daily Hint From Paris

Mrs. Gerhardt Heintzman is arranging the program and will act as the hostess at the W. A. Warren Tea. Musical entertainment will be given by Miss Marjorie Harper, Miss Beatrice Wellington, Miss Atkins Buckley, Mr. Joseph Sheard and Mr. Henry J. Lauts.

BLACK OR GREEN... PRESERVED AND SOLD ONLY IN SEALED LEAD PACKETS.

MISS FRANKIE HEATH, the star with F. W. Starr's own show, "The Big Review," at the Star next week.

The marriage of Miss Marie Eyre to Mr. Percival Fred Williams takes place in St. Paul's Church at 1 o'clock this afternoon.

The next concert of the Harbour Concert Society will be held on Monday evening, Jan. 13.

Mr. W. A. Warren is giving a tea at the Metropolitan on Monday, Jan. 13, for daughters-in-law, Mrs. Evelyn Warren, who is shortly going to reside in Welland, where Mr. Warren has been appointed manager of the Royal Bank.

Invitations have been issued by the president and members of the Toronto Hunt Polo Club to a ball on Wednesday, Jan. 15, under the patronage of His Honor the Lieutenant-Governor of Ontario and Lady Gibson.

The Flonzo Quartet is giving a concert in Columbus Hall this evening.

Mrs. Nellie and Miss Marie Rutherford are in Brantford.

Mrs. Ross Russell Hill Drive, is giving a small dance on the 29th inst.

Mrs. McGregor, Huron street, has issued invitation to a dance at the Metropolitan on the 14th inst.

### A WATER LILY NEGLIGE.

A piece of printed crepe pongee with a water lily design furnished the inspiration for this fanciful kimono. The left front is cut in a straight diagonal line from the shoulder to the lower edge at the neck and laps over the left under a carefully made satin lily. Low on the right side the points are crossed, the left overlapping with a lily and several buds effectively placed.

The folds which bind the edges are of leaf green satin, and at the sides on the sleeves the pongee is fitted a little by several tiny darts just above the satin folds.

The lily buds are weighted, and weights are placed around the lower edge inside the fold.

The Old Orchard parlors were the scene of a pleasant gathering on the occasion of the Terpsichorean monthly assembly. The numerous guests were received by the president and committee, Mrs. Buchanan, Mrs. Philippa, Miss H. Christmas, Miss E. Coak, Miss S. Hamer, Miss G. Lovelock, Miss M. Peel, Miss O. Williamson, Miss A. Wiman, Mr. G. S. Boyd, Mr. Brown, Mr. W. Hayward, Mr. F. C. Heintzman, Mr. W. G. Socon, Mr. C. Summers, Mr. E. H. Daley, Mr. R. A. Utley.

### MAKING EMBROIDERY EASY.

A simple little device economizing woman's time and woman's nerves has just been put on the market. Heretofore the most arduous part of the trying pastime for woman, embroidery, has been outlining and giving backing to the pattern by means of rough stitches.

### NEWLY-DISCOVERED YEAST FULFUR FOR DYING.

Kazuo Ando, a Japanese chemist, has announced the discovery of a Japanese breccia of a fungus closely related to the yeast fungi. It is remarkable not only on account of the fact that it does not cause fermentation, but also because it is a beautiful red in color, and because the extract from the yeast dyes silk a light rose color.

If these yeasts are grown in a solid medium, their cause it to turn into a liquid. At first it was thought that they might do considerable damage to hair, but now it is found that they are harmless in this respect. He has made many experiments with them as a dye, and there is no immediate prospect of their being commercially available for this purpose.

### Receptions Today.

Mrs. George McKinnon (nee Matheuson) 40 Binscarth road, Mrs. Roy A. Webster (nee Mackenzie) in Hamilton also on Wednesday, her mother, Mrs. Mackenzie, Toronto, with her, Mrs. Albert J. Broughton, 114 Beatrice street.

### Receptions.

Mrs. J. R. McCreary (Miss Adele Dwyer) post nuptial, with her mother, Mrs. Dwyer, 133 Carlton street, on Monday, Mrs. James Summers, 176 Crescent road, Monday, Jan. 13, Mrs. G. S. Abrey, 408 Indian road, on Thursday, Mrs. Blar Ripley, 354 Davenport road, for the first time since coming to Toronto, Friday, Mrs. David Brown and Miss Brown, at "Janine's," Chertown avenue, and not again this season.

### Canadian Institute.

The winter term of the 64th session of the institute begins on Saturday evening, Jan. 11, at 8 o'clock, when Dr. Gilmore, warden of the Central Prison, will give an address on Prison Reform. His subject is of vital interest to the province at the present time. The object of the institute is to provide for the education of Toronto interested in science and the welfare of the city with lectures bearing on the various scientific and important non-political questions of the day. The public are cordially welcome and are invited to take part in the discussions following the addresses.

### The Most Popular and Up-to-date Train Service to Montreal

Is via Grand Trunk Railway System. This line offers every feature pertaining to comfortable travel; it is the only double-track line and makes the fastest time, the only line operating electric-lighted Pullman sleeping cars between Toronto and Montreal. Three fast trains leave Toronto daily at 9:00 a.m., 8:30 p.m. and 10:45 p.m. The 9:00 a.m. train carries modern vestibule coaches, parlor-library car and dining car to Montreal, also Pullman sleeping car to Boston. The 8:30 p.m. and 10:45 p.m. trains carry modern first-class coaches and electric-lighted Pullman sleeping cars to Montreal also through Pullman sleeper to Ottawa on 10:45 p.m. train daily. Tickets, berth reservations and full information at city office, northwest corner King and Yonge streets, phone Main 4209.

### Incandescent Lamp as a Telephone Receiver.

The speaking electric arc has been known many years, K. Ort and J. Ridger, two Germans, have just made use of a metal filament incandescent lamp as a telephone receiver. A 100-candle Gram lamp was placed with a self-induction coil, in a 100-volt direct current circuit, and across its two terminals was shunted the secondary of a telephone transformer, the primary connecting with a storage battery and a powerful microphone.

The lamp reproduced words spoken into it, and it was supposed that the telephone current varies the heat of the filament, and that the resulting expansion and contraction of the bulb transmit the vibrations to the outer air.

social intercourse, in correspondence, in domestic life.

To teach a child simplicity and truth it is necessary to surround him with a world where simplicity and truthfulness are counted great. The religion that a child finds in such a home will last much longer and go much farther than that which one hears talked about in church and Sunday school.

There is a vast amount of true religion hidden away in the food we give our children, in the clothes they wear, in the amount of sleep that they get. But this is a religion which, because it has no name, seems foreign to the minds of many parents.

True religion expresses itself in our surroundings, and if we would be conscientious about the religious training of our children we should see to it that the home atmosphere assists in the work. We read Bible stories to the children, we send them to Sunday school, and in these ways we endeavor to impress on them the fact that religion is a simple and beautiful thing.

And then a great many of us proceed to forget the simple and the beautiful by allowing children to eat fancy and unwholesome foods, by allowing them to wear elaborate and costly clothes, by allowing them to be surrounded by a false and artificial domestic atmosphere, and allowing them to listen to exaggerated accounts of money affairs.

Henry Drummond, when asked how a man should begin to be a Christian, said: "Begin with the paper on the walls of your rooms; make that beautiful; with the air, keep it fresh; with the furniture, see that it be honest. Abolish whatsoever worketh abomination in your home—in food, in drink, in luxury, in books, in art; whatsoever maketh a lie—in conversation, in

### To Ward Off Winter Complexion Ills

(From The Queen)

To keep the face smooth, white and beautiful all winter, there's nothing quite so good as ordinary mercurized wax. Rough, chapped or discolored skin, inevitable in this weather, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax the latter being applied at bedtime and washed off mornings. Creams and powders and other cosmetics of this season, because of their expansion and contraction of the skin, due to changing temperatures, I advise you to try this simple treatment. Get an ounce of mercurized wax at any drug store and use like cold cream. This will help your skin at once, and in a week or so the complexion will look remarkably youthful and healthy. Windy and biting days often cause skin itching and other conditions which make wrinkles. You can quickly get rid of every wrinkle, however produced, by using a harmless face bath made by dissolving 1/2 oz. powdered saxatile in a quart which wash.

PATHETIC STORY OF TWO SISTERS

One Was Killed a Few Weeks After She Arrived in Toronto From Glasgow.

THE OTHER IS SUING She Earns Five Dollars a Week and Was Docked For Absence After Accident.

A pathetic story was heard in the civil jury case court yesterday when Miss Lizette Armstrong, a 19-year-old girl, who was born in Glasgow, told of how she and her sister, the late Mrs. Jane Spence, who was killed by a Bathurst car on Dec. 11, 1911, emigrated from their condition and see more of the story.

Mrs. Spence's husband was a worthless drunkard and would not support his wife, so she decided to leave for Canada, and was the first to arrive here. Lizette had saved money to pay for her transportation, but a few months after her married sister reached Toronto she sent home to Glasgow ten dollars on two occasions. With this money Lizette was able to join her sister in Toronto, but she had only been working for a few weeks when the street car raised her when she was returning from work to their boarding-house about 8 o'clock on the dark fall night. Lizette's right foot was struck by the car and for a moment she lost her senses. When she became conscious she saw her sister being carried into a doctor's office and at ten o'clock she heard that she had died.

Lizette is suing the Toronto Street Railway Co. for \$1500, while James Ramsey, administrator for the estate of Mrs. Spence, is suing for damages of \$5000. In the course of the girl's evidence Alexander McGregor, counsel for the plaintiff, asked her where she worked and what she got. The answer was that she worked in a laundry from early in the morning until 5.30 at night. Her wages were a week, and at that she was docked for the week during which she was idle owing to her accident and the death of her sister. Her sister worked in the same laundry, but no questions were asked as to what were her weekly wages. The girl was straightforward in her story and in answer to a question from her counsel, said that within a week she herself was perfectly well and her foot had not troubled her since.

"Can your mother and father write?" was a question asked at one period in her evidence.

"Just a little," was the girl's reply.

The case will be continued at ten o'clock today.

\$20,000,000 LOSS IN CALIFORNIA

LOS ANGELES, Jan. 7.—(Can. Press)—It is estimated that twenty million dollars worth of damage has been done in Southern California by the extreme cold weather. Practically every orange grove in the citrus belt has suffered. The loss to railroads thus curtailment will be \$5,000,000. The weather moderated considerably today, but the mercury began to drop at sundown, and it was expected that by midnight the fruit-growers would be in the midst of the final "killing frost" of the present cold snap.

Psoriasis All Over Body

Doctors Said Incurable, But Now There is No Sign of Disease, Thanks to Dr. Chase's Ointment.

Mde. N. Massey. Psoriasis is one of the most dreaded of itching skin diseases. It is a sort of chronic eczema. The itching it causes almost beyond human endurance, and doctors are accustomed to give it up as incurable.

But here is a case that was given up and pronounced incurable. The result proves that Dr. Chase's Ointment almost works miracles in curing the worst form of itching skin disease imaginable.

Stronger evidence could scarcely be given of the wonderful popularity which has already been won by the Na-Dru-Co. Almanac, now only in its fourth edition. This is due to the rich fund of useful information which it contains, and to its valuable hints on health and physical comfort.

Your druggist has a copy for you. See that you get it.

BRIEF LIBERTY FOR THAW NEW YORK, Jan. 7.—(Can. Press)—The dreary routine of Henry Kendall Thaw's life in an asylum, for the criminal insane, was broken today when he was brought here to appear as a witness in a suit against his mother, brought by Attorney John E. Gleason. Mr. Gleason sues to recover fees alleged to be due him for defending Thaw during his first trial, for the murder of Stanford White.

Thaw was in the United States district court room today awaiting for the case to be called. With him were his mother, Mrs. Mary Copley Thaw and his sister, Mrs. George Carnegie. Their case was not reached today.

Dr. H. B. Ross Dead. QUEBEC, Jan. 7.—(Can. Press)—Dr. H. B. Ross, chief surgeon of Joseph Hotel, died here today after a few days' illness of pneumonia.

MORE FACTS IF YOU WRITE TO

Authorized Agents Grand Trunk Pacific Townsites SWALWELL HUBALTA 121 Bay Street, Corner of Adelaide Phone Adelaide 658

SWALWELL is an official Grand Trunk Pacific Townsite on the Tofteld-Calgary line in Alberta.

SWALWELL is the market town and center of 400 square miles of thickly settled farm lands.

SWALWELL only requires the completion of the railroad to advance by leaps and bounds.

SWALWELL will be connected by railroad with Calgary in a few weeks.

SWALWELL is, right now, the lowest priced, highest class townsite investment on the market today.

ATLANTIC CITY HOTELS

Marlborough-Blenheim

Josiah White & Sons Company

the Leading Resort House of the World. is particularly attractive, with its two blocks of ocean frontage, facing south on the sandy Boardwalk, overlooking the Atlantic City, N. J. ATLANTIC'S FAMOUS SPRING SEASON, extending from JANUARY to MAY inclusive. It has 400 private baths, each with sea water, and its equipment is complete, every night throughout the year, with special solo week-end features, is justly celebrated. Waiter service is the order of the day. Theaters, Billiard Parlors, Golf and other amusements is full every evening. Ownership management.

IS AN AUTHORITY ON COMPENSATION

F. W. Hinsdale Will Give Facts and Figures to Sir Wm. Meredith at Today's Session.

F. W. Hinsdale, a noted American authority on workmen's compensation and employers' liability, will attend the conference to be held at the parliament buildings today under the guidance of Commissioner Sir William Meredith, who is engaged in formulating the act which is intended to submit to the legislature next session. Mr. Hinsdale is chief auditor of the Industrial Insurance Commission of Washington, whose report has given a great deal of prominence to this form of legislation. It was written by Howard L. Hindsley, secretary of the commission. It is expected in some quarters that the local legislation will resemble to a large extent the now in operation in Washington State.

A large saving is caused by the handling of the business by the state. This is shown by the difference in the figures, or results obtained. The private casualty company pays 80 per cent, whereas only 9.9 per cent is paid out by the state. The system is to group the employers into specific classes according to industry and impose a tax on the yearly pay roll.

38 Tons of Paper. This enormous quantity of paper was used in printing the 1913 edition of the Na-Dru-Co. Almanac, just off the press. As each almanac weighs a little less than two ounces, this means that 700,000 copies were printed—one copy for every 11 individuals, or for every two families in Canada.

Stronger evidence could scarcely be given of the wonderful popularity which has already been won by the Na-Dru-Co. Almanac, now only in its fourth edition. This is due to the rich fund of useful information which it contains, and to its valuable hints on health and physical comfort.

RETAIL MERCHANTS ASK CHANGES IN ASSESSMENT

Want Business Tax Lowered to a Flat Rate of Ten Per Cent. All Round.

The delegation from the Ontario Retail Merchants' Association, which interviewed Sir James Whitney yesterday afternoon, insisted that they see the premier by himself, and that no others, particularly newspaper men, should witness the affair. It appears, however, that no great spectacle took place, and that Sir James, on the other hand, promised "full consideration" to their demands.

The association asked the government to reduce the business tax from 25 per cent in the villages, 20 per cent in cities and 25 per cent in cities to be reduced to the flat rate of 10 per cent all round. The deputations argued that the present stipulation was extremely unjust to all mercantile interests and should be amended, at once.

The following were the special taxation committee comprising the delegation: A. Weseloh, Berlin; E. C. Matthews, N. C. Cameron, M. Moyer, E. M. Trower, J. C. Van Camp, W. G. Sheppard, W. G. Brinell, P. C. Higgins, W. Dineen, A. E. Rentrow, Ed Mack, A. M. Hobberlin, A. D. Adamson and T. Barmen.

WHY REMAIN WEAK?

Don't allow all the fresh young strength to go out of your life. If you are losing the strength of youth and can see evidence, from day to day, that your physical system is going to decay, you should, in common justice to your future happiness, take steps to check this.

MUSIC TAUGHT FREE HOME INSTRUCTION

Special Offer to Our Readers.

In order to advertise and introduce their home study music lessons in every locality the International Institute of Music of New York will give free to our readers a complete course of instruction for either Piano, Organ, Violin, Mandolin, Guitar, Banjo, Cello, Brass Instruments or Sight Singing. In return they simply ask that you recommend their institute to your friends after you learn to play.

You may not know one note from another, yet, by their wonderfully simple and thorough method, you can soon learn to play. If you are an advanced player you will receive special instruction.

The lessons are sent weekly. They are so simple and easy that they are recommended to any person or little child who can read English. Photographs and drawings make everything plain. Under the Institute's free tuition offer you will be asked to pay only a very small amount (averaging 14 cents a week) to cover postage and the necessary sheet music.

No one should overlook this wonderful offer. Tell your friends about it—show this article to them.

The International Institute has successfully taught others and can successfully teach you, even if you know absolutely nothing whatever about music. The lessons make everything clear.

Write today for the free booklet, which explains everything. It will convince you and cost you nothing. Address your letter or postal card to International Institute of Music, 85 Fifth Ave., Dept. 270 F, New York, N.Y.

**POWER TO STEPIN?  
GREY IS CAUTIOUS**

Subject Is Receiving Attention. He Says in Brief Message to the House of Commons.

**MUST GIVE UP SCUTARI**

Montenegro Threatened With Revolution Unless Demands Are Met—Less Fear of Austria.

LONDON, Jan. 7.—(Can. Press).—Sir Edward Grey, the British secretary for foreign affairs, made this statement in the house of commons to-day regarding the possibility of intervention by the powers should the peace plenipotentiaries fail to reach an agreement.

This subject is, of course, receiving the attention of the powers, but I cannot make any public statement as to their views or decisions, except as such as may be made by common consent.

The Balkan delegates were unofficially informed to-day that the ambassadors at Constantinople were continuing to exert pressure on the Porte in order to find the best way to come to terms with the Balkan States. Some difficulties are being met with at the ambassadorial conference in London, and the question of how to reconcile the desires of Austria for an extended Albania with the wishes of the Balkan States for narrowing the boundaries of the new state.

Future of Aegean Islands. The ambassadors to-day began the discussion of the Aegean Islands. They examined a long detailed memorandum presented by the Greek premier, M. Venizelos. In the memorandum he expressed the belief that the principal reason why the islands should be annexed to Greece is the fact that by this means it would be possible to conclude with Turkey a peace that was really permanent, and would not be disturbed by further Greek aspirations.

The Servians and Montenegrins also are preparing memoranda which will be presented to the ambassadors at the end of the week. Serbia will ask to be allowed to occupy the eastern part of the Sanjak of Novi-Pazar and the whole region eastward from the River Drin to Lake Ochrida, besides Montenegro, which they captured after a fierce battle.

Montenegro's memorandum will ask for a permission to occupy the western part of the Sanjak of Novi-Pazar, the districts of Djakovica and Scutari, and to the mouth of the River Drin.

Montenegro will declare that the permanent occupation of Scutari is a question of life and death. The memorandum will give the ambassadors an understanding that if Scutari is not awarded to Montenegro a revolution will follow, which will result in the fall of the monarchy and the union of Montenegro and Serbia.

The tension between Austria and Russia has lessened as a result of an exchange of explanations regarding the military measures both have taken. Austria is said to have convinced Russia that her present military situation is less than that of either Russia or Germany.

**The Real Value of Land Lies in the Demand for It**

All Western lands will sooner or later increase enormously in value, but, the investor wants something that will show a profit in a reasonable time.

**SWALWELL**

OFFICIAL G. T. P. RAILWAY TOWN

Is one of the really brilliant examples of land investments with a sure turnover at an excellent profit in a short time. It is in the center of the world's most prolific wheat lands, thickly settled, and requiring only the completion of the railroad to Calgary so that the produce can reach the nearest market. The railroad will be completed in a short time, and that will cause an influx of settlers. The town that is for sale is so small that even a small increase in population will cause a rise in value for the property. Lots are very low in price, and even their value today is higher than what we are asking. Get further information, maps and prices now.

**SAVE A COUPON AND GET SET OF BOOKS**

Next Friday and Saturday Are the Days of The World's Great Distribution.

Think of it—a five-volume set of modern reference books for one coupon and \$1.98! It doesn't seem possible; but leading newspapers throughout the country placed the largest book order ever given to a publisher, and The World will give its readers the benefit by distributing these sets on the popular coupon plan next Friday and Saturday.

This wonderful set of books is called *Everybody's Cyclopaedia*. Its pages are filled with ready reference information suitable for all purposes—science and art, biography, and all other encyclopedic subjects it is complete. Its chronological history begins with the first records known to man and is brought down through the ages to the important events of last year. It is illustrated as in no similar work, with full page and double page color plates and monotypes which cost thousands of dollars to prepare, and instructive text illustrations abound throughout the five volumes. Briefly, it is the latest, greatest, and best modern reference work extant, and is to be compared only to the highest price cyclopedias which sell on the installment plan at from \$50 to \$100 a set. All this useful information in these large and unwieldy volumes is set forth in readable form in *Everybody's Cyclopaedia*.

Read the display announcement printed elsewhere in this issue. Look for the coupon and clip it without delay. Only one coupon is required. Two million dictionaries were recently distributed to readers of leading newspapers, and here is even a greater bargain, as the regular selling price of *Everybody's Cyclopaedia* is \$12.

Mail orders will be filled as explained in the coupon. Cut out the coupon today and present it either next Friday or Saturday.

**Putnam's Corn Extractor Dispels Corn Soreness**

The real corn remedy, the one that always does its work, is Putnam's Corn Extractor, which makes corns and callouses go quickly and without the least bit of pain. Putnam's makes you forget you ever had a corn. Goes to the root of the tormentor, absorbs its roots, removes the cause, gives lasting relief. Putnam's quickly, safely and surely rids your feet of corns or callouses whether just starting or of many years' growth. Price 25c, at all drugstores.

**BELIEVES ENTRY WAS MADE TO HIDE FACTS**

G. T. Clarkson and Others Again Examined in Connection With Farmers' Bank Cases.

W. R. Travers, ex-manager of the Farmers' Bank, had another holiday yesterday, when Sir William Meredith held another sitting to clear up a few points dealing with the affairs of the bank.

The examination was directed to the method of raising part of the \$250,000 deposited with the treasury board, or borrowing on the notes that were given by subscribers for stock.

Mr. Travers said that all the provisional directors knew that part of the \$250,000 had been raised by discounting the notes, and Sir William then asked him how it was that in the minutes the organizing expenses were placed at \$44,068.55 and that in the report to the shareholders at only \$41,281 and in the books of the bank at \$32,127.

"I can't explain the exact figures," said Travers. "We thought that the \$10,000 paid to the provisional directors shouldn't go into the expenses."

The examination was directed to the method of raising part of the \$250,000 deposited with the treasury board, or borrowing on the notes that were given by subscribers for stock.

**LANDRY QUILTS L'EVENEMENT**

Retirement Causes Quite a Flutter in Quebec.

MONTREAL, Jan. 7.—(Special.)—There is a disturbance in conservative newspapers ranks in the city of Quebec, where Hon. Senator Landry, president of the senate and for ten years a member of the board of directors of L'Evènement, the one Tory organ in the ancient capital, has retired from the paper.

Rumor has it that Senator Landry's retirement was caused by a recent article in L'Evènement, criticizing the standing committee of the various matters placed before the board and referred to them for reports at the next regular meeting.

Separate School Board.

All the members of the 1912 separate school board reassembled for the inaugural meeting of the 1913 board last night, the retiring trustees having been re-elected by acclamation.

The standing committee of the various matters placed before the board and referred to them for reports at the next regular meeting.

**BUSINESS OPPORTUNITIES.**

HOTEL BUSINESS FOR SALE.—Situations at New Westminster, B.C. Owner wishes to retire. Brand new building in the heart of the city, half a block from the C.P.R. and interurban tracks; Chambers 45, all outfit, steam heat, cold water to all cells; fine and long garage burner and the finest and largest bar-room in the city. Price thirty-six thousand dollars (\$36,000). Terms: sixteen thousand (\$16,000) cash; balance in two and two (\$10,000) notes; balance in five and five (\$10,000) notes. Lease \$500 per month for five years, with option for one month for five years, with option for one month for five years by arbitration. These figures could be largely increased by a slight structural alteration to the building, a revenue could be obtained which in time would make the balance of mortgage. This is a chance to obtain a good income producing property which will net about 15 per cent. The business alone within three years will sell for fifty thousand dollars in Ontario county town; \$5 per month as is Vancouver, there being only ten miles between the cities and Westminster. Water harbor, when the Panama Canal is opened. For particulars apply to E. Sait, 315 3rd avenue, New Westminster, B.C. e7

## SHORTS IN BRAZILIAN GIVEN BAD DRUBBING

Stock Is Carried Up to New Record in Three Months Under Active Trading.

### INVESTMENT ISSUES FIRM

January Dividends Are Being Put Back Into Market—General List Merely Steady.

The Toronto Stock Exchange yesterday ran into one of those buoyant movements which are experienced now and then throughout the year, and which are generally viewed by "the street" as the effect of a running in of the short interest.

The Toronto Stock Exchange yesterday ran into one of those buoyant movements which are experienced now and then throughout the year, and which are generally viewed by "the street" as the effect of a running in of the short interest.

The gross earnings of the Canadian Pacific for the six months ending Dec. 31 present the splendid aggregate of approximately \$78,414,912, or within less than \$50,000,000 of the entire last fiscal year of the road.

## A MILLION OUNCES FROM CASEY COBALT

That Is Special Forecast For This Year—Britain Regains Confidence in the Camp.

COBALT, Jan. 7.—An official forecast of the Casey-Cobalt year places the production of this English company at a million ounces for 1913.

The best record of 214 tons of ore. One car of this, however, constituted a record for the camp until the McKillop Derragh lowered it so that the silver content of the tonnage was much higher than the weight would indicate.

This year the Casey can turn both their low grade and their high grade into cash, as a concentrator is running on the property.

### SIGNING OF PEACE WILL HELP STOCKS

Erickson Perkins & Co. wired: The negotiations would be resumed soon. Turkey is expected by degrees to yield most of the demands of the allies. Should peace be reached within a few days it would help stocks. Masses of hoarded money would be released. The low money rates are accompanied by rumors of pending gold exports.

### LIST INTERLAKE ON STOCK EXCHANGE

The officers of the Canadian Interlake Line, Limited, are making application to the managing committee of the Toronto Stock Exchange for listing of the preference and common shares. It is likely that these stocks will be "called" within a week.

### SENECA SUPERIOR AT A NEW RECORD

Seneca Superior was \$1.25 bid on the Standard Stock Exchange yesterday—a new high record. This is the company which has the lease on the Peterson Lake ground, where such remarkable values have been encountered. It is reported that it will pay a dividend in the near future.

Table with columns for Month (Jan to July) and Consols in London.

## Gambler Busy Again!

The small group, clustered around the ticker, watched Brazilian climbing above 38 to its highest level in three months and, as the quotation moved up an eighth at a time, waxed more and more enthusiastic. Each and every man had an explanation to offer, but the actual movement was too interesting to permit even the usual discussion, so all sat in silence, the clock struck three, the big man on the stool heaved a sigh and said: "The gamblers are busy again," said he, and the others nodded approvingly.

## EFFECTIVE ANSWER TO WALL ST. BEARS

Apprehension Over Situation in Canada Relieved by Action of U. S. Steel Corporation.

A lot of little Wall street bears have for a long time been talking in a serious way, and with grave shakes of their heads, about the conditions in Canada. They arrived at the conclusion long ago that how they do not know themselves—that the financial conditions in the Dominion were precarious, and that almost any slight breeze to the north of the great big bubble would blow it to the more favored status of the European situation.

## TASMANIAN LOAN FAILED IN LONDON

Underwriters Took Bulk of Six Million Four Per Cent. Offering—Stock Market Firm.

LONDON, Jan. 7.—Money was in good demand and discount rates were steady today. The suspension of the peace conference and the resumption of the stock exchange, but did not materially affect the tone, which was about stationary, with some nervousness when they were bought by Paris. Consols dropped when it was learned that the bulk of the \$6,125,000 four per cent. Tasmanian loan recently offered in London and shipping shares closed higher.

## MONTREAL MARKET WAS STATIONARY

Only a Few Issues Showed any Change—Specialties Came to the Front Again.

MONTREAL, Jan. 7.—Laurentide and Ottawa Power were among the few stocks to show gains in the local market today. The balance of the list was about stationary, with some nervousness when they were bought by Paris. Consols dropped when it was learned that the bulk of the \$6,125,000 four per cent. Tasmanian loan recently offered in London and shipping shares closed higher.

## TEN MILLIONS IN DIVIDENDS FROM COBALT CAMP LAST YEAR

New High Water Mark in Disbursements—Forty-Five Millions Paid Since the Discovery—The Most Remarkable Record in the History of North American Mining.

In addition to establishing a new high water mark in 1912, in the value of its silver production, the Cobalt camp also made a record last year in point of disbursements. The total disbursements which came out of that wonderful stronghold of the north amounted to \$9,722,550, which compared with \$5,896,588 in 1911. Thirteen companies contributed to the building up of this record, as against twenty in the previous year.

## NEW YORK EXPORTS GOLD

NEW YORK, Jan. 7.—Lazard Freres announce that they will ship gold to Europe this week. The movement may reach several million dollars.

## CONSOLS IN LONDON

Table with columns for Month (Jan to July) and Consols for account and money.

## FIRM TONE AT NEW YORK—NEW HIGH RECORDS MADE IN THE MINING MARKET

More Evidence Given of Scarcity of Stocks at Prevailing Level of Prices.

## HARRIMANS WERE STRONG

Union Pacific Rose on Covering of Short Sales—Few Weak Spots in List.

NEW YORK, Jan. 7.—The level of stock exchange prices crept upward today, and the demand for active market the tone was perceptibly better. In spite of the mixed and often contradictory movements of stocks today, and the lack of stability in the market, it has been apparent that the supply of stocks is not so plentiful as it was some time ago.

## UNCLE SAM'S BANK CLEARINGS LOWER

Last Week's Record Was Not Up to the Usual Standard.

Last week's bank statement of bank clearings in the United States displays a considerable contraction as compared with the preceding years. The total aggregating \$1,125,000,000, or a decline of 5.3 per cent. compared with the same week last year and 7.5 per cent. compared with the same week in 1911.

## EGYPT BUYS COAL IN THE UNITED STATES

CARDFIFF, Wales, Jan. 7.—Italy has followed the lead of the Egyptian railways, and has placed an order for 200,000 tons of coal in the United States, while she has also invited tenders for a large quantity from the Yorkshire mines. Italy has her own coal depot at Cardiff, and has hitherto ordered 2,000,000 tons of coal a year from the United States.

## WAS RECORD YEAR IN LIFE INSURANCE

According to the Insurance Press, accordingly in the United States in 1912, the life insurance companies did a record year.

## PROVING UP THE KING EDWARD MINE

Property Leased For Five Years to New Company—Diamond Drilling Already Under Way.

COBALT, Jan. 7.—Diamond drilling from the 600-foot level, which is the lowest depth of the shaft on the King Edward property, has been commenced by the York Ontario Mines, Ltd., which has taken a lease of this mine for five years.

## MONEY IS EASIER IN WALL STREET

Finley Barrell & Co. wired J. P. Bickell & Co. at the close today as follows: Our stock market was very strong and quite fully recovered its loss of yesterday. This was very encouraging to the bull element, as it indicated a technical condition that could withstand a great aggregation of various developments with equanimity.

BATTLE IN CHICAGO PIT BEARS FINALLY VICTORS

Advance on News From Abroad Turned Into Decline on Active Trading—Corn Goes Up.

CHICAGO, Jan. 7.—The contest over the price of wheat on the board of trade today looked like a draw most of the day, but the bears were on top at the close with prices 1-1/2c under yesterday. It took considerable loading by longs with profits in sight, and much pressure from short sellers to check a further advance in corn. Final prices were practically unchanged. Oats were quiet and close irregularly while provisions declined 1/2c to 1-1/2c.

Wheat started higher on an advance at Liverpool which market reports the higher range here yesterday, a decrease in the European visible and the political situation in the Balkans. A steady demand for flour, considering the season, was an additional bullish factor. These influences were short-lived, however, because of the liberal snowfall and moderate weather and May dropped to 91 7-8. Friends of the price rallied and succeeded in running it back to 92 3-8 to 92 1-2c. On this rise would-be sellers discovered that the demand had been pretty well satisfied, and the price sagged to the lowest of the day. The close was only slightly above this.

Rushed Up Corn Prices.—The aggressive buyers who sent corn prices up yesterday continued their tactics at the opening today and succeeded in pushing the price up to 1-1/2c. The advance was May up to 50 1-8c. The price of wheat up to 92 1-2c. On this rise would-be sellers discovered that the demand had been pretty well satisfied, and the price sagged to the lowest of the day. The close was only slightly above this.

Northwest Receipts.—Receipts of wheat at northwest points, with usual comparisons, follow:

Table with columns: Year, Yesterday, Today, Year Ago. Rows: Minneapolis, Duluth, Winnipeg.

European Markets.—The Liverpool market closed 1-8d to 1-3d higher on wheat, and 1-4d to 1-2d higher on corn. Berlin closed unchanged on wheat, Budapest 1c higher, and Antwerp unchanged.

World's Visible.—Broader trade weekly estimates show that the world's visible supply of wheat has increased 4,950,000 bushels during the past week, corn increased 935,000 bushels.

European Visible Supplies.—The visible supply of wheat in Europe this week is 74,450,000 bushels, against 74,550,000 bushels last week, a decrease of 900,000 bushels.

ST. LAWRENCE MARKET

On market yesterday there were about 300 bushels of wheat, each sold unchanged at 41c per bushel. Four loads of hay were on the market. This sold at recent prices of \$17 to \$18 per ton.
