SOUTHERN CROSS NOT DEAD LOSS OF 170 MEN IS FEARED U. S. CUTTER TO AID IN SEARCH

Seventy-Seven Members of the Newfoundland's Crew Known to Have Perished and Others May Succumb—Rescue Ship Will Reach St. John's Today.

Canadian Press Despatch.
ST. JOHN'S, Newfoundland, April 3.—As the hours went by tonight without word from the sealing steamer Southern Cross, fear grew that her crew of 170 men had been added to the toll of Tuesday's blizzard in which men of the sealer Newfoundland lost their lives. The number of the Newfoundland's dead, was placed definitely at 77 late today, with the further possibility that several of the 112 who were rescued would succumb to the effects of the 48 hours exposure. Arrangements were made tonight for the reception of the rescue ship Bellaventure, which is expected to arrive tomorrow, bringing most of the dead, and many of the survivors.

Cutter Will Search.
In an effort to solve the mystery of the disappearance of the Southern Cross, the Newfoundland Government asked the American revenue cutter Seneca to leave the ice patrol and search for the missing sealer. The coastal steamer Kyle, which has a wireless equipment, was fitted out here for a cruise along the southeastern coast off which the Southern Cross was last seen on Tuesday morning, a few hours before the three days' blizzard set in.

QUEBEC TO SELL TIMBER LIMITS

Gouin Government Makes Important Departure From Policy to Encourage Pulp Industry.

Canadian Press Despatch.
QUEBEC, April 3.—Departing from the rule which it has observed for eight years the Quebec Government has decided to open new districts to the lumber and pulp industries and will auction off limits in the Abitibi and Lake St. John districts during the months of August and October. In the Lake St. John region the territory to be opened is north of the lake and in the basin of the Mistassin and Rat Rivers. In the Abitibi it is situated south of the Transcontinental, but on the north slope in the basin which empties into James' Bay. This tract is traversed by the Poison, Blanc, Harricana and Belle Rivers. Both limits have been most carefully surveyed by the forestry service. This concession will call for the development of the water powers in the districts and will carry the obligation to construct pulp mills of a specified capacity within three years.

FEDERAL LOSS HEAVY.
EL PASO, Tex., April 3.—Federal sympathizers in this city tonight claimed information to the effect that the rebels who escaped from Torreon last night numbered 3,500. As they estimated Velasco's force at 2,000 this would indicate the dead, wounded and prisoners of the Huerta forces numbered about 5,500.

FEDERAL REVENUE TO SHOW LITTLE CHANGE
Increase in Postoffice Receipts Offsets Decline in Customs

OTTAWA, April 3.—While the final figures of revenue for the fiscal year just ended are not yet available from the finance department, it is estimated that Hon. W. T. White in his budget speech on Monday will be able to announce a total of just about the same as last year. With a slight falling off in customs receipts and inland revenue due to the money stringency which has been felt in this country, there is still a grand total of close on \$170,000,000. Postoffice receipts, have increased by about a million dollars.

Major Leonard's Offer Regarding Military Training Not Yet Accepted
KINGSTON, April 3.—The offer of Major W. R. Leonard, chairman of the Transcontinental Railway Commission, with reference to the establishment of military training schools for Queen's University has not yet been accepted by university authorities. There is still a hitch as to the question of control. The present offer of Major Leonard is a board consisting of three members appointed by the department of militia and three appointed by Queen's trustees. The university authorities cannot see their way clear to accept the proposition, as they feel they should have control.

GOVERNMENT IS BOUND TO GIVE AID TO C.N.R.

Report That Serious Hitch Has Occurred in C. N. R. Negotiations Not Accepted as Inspired—Obligation to Finish Both Transcontinental Systems Made Clear.

OTTAWA, April 3.—Rumors are flying again of a block in the negotiations between the Canadian Northern and the government: that Minister of Finance White is making demands that Sir William Mackenzie will not concede. Notwithstanding these rumors, however, the best opinion is to the effect that Mr. Borden, in concluding his speech on the transcontinental debate on Thursday night, meant to convey that while the policy of Sir Wilfrid Laurier had saddled two transcontinental railways on the country, yet the present government recognized its responsibility for the commitment of its predecessors, and that it would live up to that responsibility, whatever it might entail, and that as a consequence substantial aid will be forthcoming to complete the Grand Trunk Pacific and the Canadian Northern as well.

It is uncertain whether any reference to the project will be contained in the budget speech of Hon. Mr. White on Monday. It is nevertheless likely that some settlement will be reached to the negotiations that were carried on today and will occupy most of tomorrow—Saturday.

REPUBLICANS TO OPPOSE REPEAL

Minority in Senate Lining Up Against Wilson in Hope of Party Advantage.
WASHINGTON, April 3.—In the Panama Canal toll exemption controversy two salient points were emphasized in the under current developments of the day. WILL FRAME BOYCOTT.

Several prominent Toronto residents were interviewed by The World last night in an endeavor to test the feeling of the people. All of them agreed that if the telephone company were to raise its rates, they would be inclined to take action to force the company to reduce its rates. The scheme is to induce all the citizens of North Toronto who are telephone subscribers to discontinue the use of their phones for a stated period or until such time as the telephone company decides to lower the rates. In proposing such a scheme, the interested citizens claim that the citizens of North Toronto have a great moral canvas on the telephone usage in order to find out their opinion on this question and to act accordingly.

THEY WANT TO KNOW.

W. G. Ellis, 2708 Yonge street, said: "The citizens have sufficient cause for such action as is proposed. North Toronto has not received proper treatment at the hands of the Telephone Company or of the Railway Board, whose report has much in it that is deserving of criticism. In giving judgment on the board has apparently not appreciated the fact that North Toronto is no longer a separate municipality. The people want to know how much business the Telephone Company requires before they will erect a telephone exchange. The Telephone Company, however, does not appear willing to give this information. The citizens have no interest in the manner in which the Bell Telephone Company conducts its business. It is a hot, then, affair whether that company builds an exchange in this district or not. What they want is service, and at the same rates as it is enjoyed in other parts of the city."

CLAIM DISCRIMINATION.

"The people at the Beaches and West Toronto and other points more distant from the central exchange than North Toronto are receiving service at the same rates as it is supplied to the citizens of older Toronto. North Toronto people claim that they have a right to an equally good service on the same basis. The whole matter is at present in the hands of the railway board, and we have apparently failed to convince them of the validity of our claim. The method to be adopted in order to obtain redress might form a subject for debate. The boycott, if it could be carried out, would probably expedite matters."

SOONER THE BETTER.

Alexander Bryce, Alexandra boulevard, stated his willingness to "take part in the boycotting scheme, no matter how much inconvenience it caused him. He could not understand how the Ontario Railway Board had arrived at its decision in view of the evidence submitted. "What the people want is service, no matter how it is given them, and they want it at the same rates as it is given to citizens of central Toronto. If the Telephone Company must have an exchange in this district why do they not build it? They have the land. If, as Mr. Dunstan states, we will have to wait until 1916 for a reduction of rates we should take some action and the sooner we take it the better. Gentlemen who are behind this movement have my hearty support."

NORTH TORONTO MAY BOYCOTT TELEPHONES

In Effort to Obtain Equitable Basis of Rates, District Will Be Canvassed—Citizens Would Force Company to Build Exchange This Year—Meeting Tonight.

Altho Manager Dunstan of the Bell Telephone Company has assured the citizens of North Toronto that a telephone exchange will be erected in that locality in 1915, and that they will then be given telephone service at the same rate as that which prevails in Toronto proper, the citizens are not satisfied. They claim that as North Toronto is now a part of the city they have the right to enjoy telephone service at the same rates as is enjoyed in the older sections.

It is over a year ago since North Toronto was annexed to the city, and it was understood at that time they were to have the same conveniences as are supplied to other portions of the city and at the same rates. Nevertheless they are paying at the present time much more dearly for their telephone service than are the other citizens. Some time ago the Bell Company was requested to give them service at city rates, and when this was refused the matter was laid before the Ontario railway board, which decided in favor of the company. When the report of the board was issued the majority of North Toronto's citizens claimed that it was not fair to them and failed to see upon what grounds the board had reached its decision.

In view of these facts a movement is now afoot in North Toronto to force the company to reduce its rates. At the head of it is John McConnell, president of Canada Glass Makers and Tiles Test. The scheme is to induce all the citizens of North Toronto who are telephone subscribers to discontinue the use of their phones for a stated period or until such time as the telephone company decides to lower the rates. In proposing such a scheme, the interested citizens claim that the citizens of North Toronto have a great moral canvas on the telephone usage in order to find out their opinion on this question and to act accordingly.

YORK COUNTY AND SUBURBS

DISTRICT VOTERS HAD BUSY SESSION

Discussed Financial Relations of the Three Civic Car Lines.

CONSTITUTION ADOPTED

Want Red Lights Placed Over the Fire Alarm Boxes.

A meeting of the executive committee of the Eastcourt District Voters' Association was held in Dominion Bank Chambers at 4:30 last evening. President Holmes occupied the chair. The chairman of the committee on bylaws and constitution of the association submitted the report of the work of the committee, which was approved of, subject to the ratification of the general meeting. A discussion as to the auditing of the accounts of the civic cars and the methods adopted by the city in the bookkeeping of the three lines, Gerrard street, Danforth avenue and St. Clair avenue, and whether the St. Clair avenue line is paying or not making a profit received considerable attention. It was moved and seconded that the secretary write Commissioner Harris in this regard and ask for all information available.

Fire Alarm Lights.
It was resolved that the civic authorities be written with reference to the placing of a red light on the fire alarm boxes in the Eastcourt district as done in the other portions of the city. The secretary was instructed to write to Mr. P. H. Drayton, Dominion Railway Board, Ottawa, in reference to the delivery of freight and parcels in the district to the city limits, and to ask what progress is being made in the matter by that body.

Car Connections.
The following communication was read from Commissioner R. J. Harris regarding complaint that St. Clair avenue car did not wait for the Avenue road Toronto Street Railway night car on March 17.

"I am in receipt of yours of the 30th inst. addressed to Mr. Power regarding night cars of the Toronto Street Railway Avenue road night cars of the Toronto Street Railway Company. Our schedules are arranged as follows: The St. Clair avenue car meets the Avenue road car on the particular occasion which you mention in your letter. The Avenue road night car was some minutes late and although our crews are instructed to wait for the Avenue road car for a reasonable length of time even though it may be late, in this case our instructions were not carried out. For this reason, and also an accumulation of other reasons, the motor-man who was in charge of the car which did not wait on the night of the 17th has since left our service."

General Meeting.
A general meeting was arranged to take place on Thursday, April 15, when the members of the association will be given in the interval during the evening by P. E. Coucher of The World, a member of the association.

LAKE SHORE ROAD TO BE REPAIRED

Commissioner Harris to Make It a Dustless Avenue for Trade.

Commissioner Harris will tackle the Lake Shore road at one of his meetings from a box to a dry, oiled, dustless avenue for trade and for joy-riding. He will this-again the road. Only by the dust-drawing can the problem be solved. A spell of dry weather would give a hard surface, but just about the time the harbor commences will have the sand pump making territory between the sea-wall and the roadway. The new territory will be higher than the roadway, and the water that will accompany the sand will get on to the roadway, and would change it into a canal if it were not tide-drained. The tide-drains can discharge into the sea, and that will carry all sorts of traffic during all seasons.

RUPTURE SPECIALIST HERE

Old-fashioned, ready-made truss torture and other barbarous methods of treating rupture, once thought necessary—but now your search for relief is ended—stop wearing old-style, hard rubber, and leather-covered steel trusses, fitted with out-of-date pads under new names. J. Y. Egan, the well-known rupture appliance specialist, is now at his Toronto office, Suite 206, 14 King street east (near Yonge street). Telephone Main 5672. Mr. Egan's latest invention, the "Curative," and the "Curative" form, as now used and prescribed by many of Canada's leading physicians, will not only retain rupture perfectly, affording immediate and complete relief, but also nature to close the opening in a very short time. These new appliances entirely differ from anything else in the world, and not only relieve the highest awards, who have received, and are the only appliances good and reliable enough to stand a trial. Mr. Egan gives a signed guaranty, contract with each appliance, permitting each person afflicted to a trial test or money refunded (as per contract), and positively guarantees you will not find it necessary to wear any other make of appliance. Mr. Egan has testimonials from our own citizens and physicians for inspection. Results are accomplished without drugs, injections or any other so-called foreign curative. Immediate relief guaranteed. Why continue to experiment elsewhere and pay high prices and duty on goods from foreign lands, when you can obtain better service here, in your own city? Try reliability for a change. Do not lay this aside, but test this out now for name and address. Write to above address if you live outside of Toronto. D. World.

MEANEST MARKET ON TOP OF EARTH

Old Scarboro Pioneer Condemns Toronto Market Accommodation.

AT OLD BOYS' BANQUET

Men of Scarboro Held Annual Reunion at Clyde Hotel.

Fully a hundred people were present at the ninth annual banquet of the Scarboro Historical and Old Boys' Association, which was held in the Clyde Hotel, King street, last night. President Dave Beidam, in the opening address, referred to the loss Scarboro had sustained in the death of Wallace Thompson, license inspector for East York.

Old Pioneer Speaks.
W. Milliken, one of Scarboro Township's grand old pioneers, replied to "Scarboro, Our Township." Mr. Milliken wondered how many of the old families such as the Johnstons, Thomsons and Weirs were present. "I mean the pioneers, the real old boys of Scarboro," Mr. Milliken, who, although over eighty years of age, plowed in a match at Agincourt last fall, referred to the days when Scarboro was little more than a village. "My grandfather opened up a part of Youngs street, he said, and he was the old gentleman then scored the St. Lawrence market. 'I am not a farmer now,' he said, 'but I stand with the farmers. It is a long time since I did business in the market, but I think that this city with a population exceeding 500,000, has the meanest market on the face of the earth. Our aldermen ought to go to Buffalo and see what they are doing over there.'"

Sure Winners.
W. Purvis also replied to the toast and recalled old times. He said he went to Scarboro School when John Muir, John Muir, was master. Jokingly he asked why Scarboro Township boys were not turned out good. "The answer lay in the fact that they were Scotch," he said, "but those of English birth, he hastily added, also make good."

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowdays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyneth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyneth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. HUMBERSIDE SOCIETY PRESENTS PLAYLET

Young Actors Displayed Much Talent at Closing Meeting

The Humberside Collegiate Institute Literary Society held their closing meeting and entertainment last night in the auditorium of the school. Following the time-honored custom, the dramatic powers of the society were on display, and a playlet in three acts, entitled "Riverside Farm," was produced by the young actors. Amusing Sketch. The sketch, which dealt with some exceedingly perplexing and amusing situations in the lives of certain citizens of a rural district in the vicinity of Spruceville, was remarkably well given, and the members of the cast exhibited themselves in their portrayals of the characters they assumed. The cast was as follows: Titus Trent, Mr. Clarence Atwell; Maurice Van Der Zee, Mr. Harry Clarke; Harry Lithrop, Mr. Simon Joyce; Zenas Bradley, Mr. Dwight Kayler; Elsie Danemore, Mr. James W. Fulton; Miss Lavinia Battles, Miss Marion Stewart; Lucy Roy, Miss Marion Chisholm; and Madeline Bradley, Miss Marie Evans. The scene was the postoffice at Spruceville, and Miss Lavinia's home. Presentation Made. After the playlet a presentation of a large bouquet of roses was made on behalf of the cast to Miss H. Charles, B.A., in appreciation of her efforts in directing the play, and the young ladies' bouquet party was also presented with flowers. A social evening, with refreshments and dancing, closed the 1913-14 season of the society, which, the president stated, had been the most successful in its history.

FAIRBANK

A letter was read at the meeting of the North Eastcourt and Fairbank Ratepayers, held in the public school, Vaughan road, last night, from Reeve Syme in reference to the proposed tour of the York Township Council thru the district. The reeve stated that the council had been unable to fix a suitable date, but would do so at their next meeting. It was decided to ask the council to visit the district on April 11, and Messrs. Brown, Hood, Hill, Badams, Swaby, Lyons, Hewitt, Lucas, Gihara and Harmon were appointed to meet the council and point out the improvements necessary. A report of the meeting of the central body of the Ratepayers' Association was given by Charles Badams and Secretary Swaby read the constitution of that executive.

PEOPLE USE DEATH-TRAP ON YONGE ST. DAILY

A sidewalk is urgently needed on the west side of Yonge street, from the Village of Thornhill, to the top of Long staff Hill, as pedestrians are forced to use the Metropolitan track in order to keep out of the mud, and accidents are liable to occur every day. In stepping off the track to avoid a passing car people are in danger of being run down by motors, which increase in number every month. In fact some time ago a man was killed in this way. The matter has been mentioned by residents to the Township Councils of Markham and Vaughan, but has still to be dealt with and those who have to use the track are hoping that something will be done before another accident occurs.

GRAND VIEW DOCTOR CHARGED WITH FRAUD

Said to Have Sold Land to Brampton People Under False Pretences

Dr. Charles W. Burns, a physician of Grand View, Manitoba, is held in Brampton on a charge of obtaining money under false pretences. In the year 1912 Dr. Burns came to Brampton and called on Dr. Brydon, a local physician and told him that he had a quarter section near Prince Albert, Sask., which his uncle, Mr. Vine of that city, had sold to him at the cost price, \$200 per acre, although it was now worth much more, but that he needed the money. Dr. Burns claimed to take over the section. As a result Dr. Brydon, Judge McLaughlin, B. F. Justin and J. E. Dixon agreed to purchase 117 acres at \$200 an acre. Eight thousand dollars was paid as part payment, and it is alleged that Dr. Burns presented what purported to be maps of the district, one and a half miles from the centre of Prince Albert. Becoming suspicious Judge McGibbon visited the district and found the property absolutely useless for any purpose. An agent was made to locate Dr. Burns and when eventually found at Grand View he was contacted and arrested. When the warrant was presented Dr. Burns was taken to the police station, but not arriving, he was brought before the magistrate yesterday and committed on a charge of fraud.

BATHURST HILL RATEPAYERS MET

At a meeting of the Bathurst Hill Ratepayers last evening in Hillcrest Public School, Chairman J. M. Warren presiding, the matter of improvements for Hillcrest School was discussed. It was pointed out that there is no outside entrance to the girls' basement, and should fire occur the only exit is by the staircase to the front of the building. Another grievance is that the use of the front doors continually prevents the proper heating of the school. A resolution was passed that the board of education be approached, and the following committee was appointed: Messrs. Brimley, Hredshaw, Irwin, Stranger, Tibbs, Boxall and Warren. A Firetrap. The attic room of the school, which is used as a classroom, is said to be a fire-trap, and this will also be dealt with. A resolution deploring the unsuitability of Hillcrest for public library purposes, and urging the necessity for a library building being built on the site owned by the city at the corner of Bathurst street and St. Clair avenue. The association also decided to ask the city to lay car tracks from the C.I.R. tracks to St. Clair avenue prior to the laying of the pavement of the road. Names Changed. The name of the association, after much discussion, was changed from its present title to the Hillcrest Ratepayers' Association.

REPLENISH YOUR BLOOD IN THE SPRING

Just now you are feeling "out of sorts"—not your usual self. Quite exhausted at times, and cannot devote real energy to your work. Sleep does not rest you, and you wake up feeling "all tired out." Perhaps rheumatism is flying through your muscles and joints, or maybe your skin is disfigured by rashes, boils or pimples. Headaches, twinges of neuralgia, fits of nervousness, irritability of temper and a disordered stomach often increase your discomfort in the spring. The cause—winter has left its mark on you. These troubles are signs that your blood is poor and watery, that your nerves are exhausted. You must renew and enrich your blood at once and restore tone to your tired nerves, or there may be a complete breakdown. The most powerful remedy for these spring ailments in men, women and children is Dr. Williams' Pink Pills for Pale People, because these pills cleanse bad blood and strengthen weak nerves. New, rich, red blood—your greatest need in spring—is plentifully created by Dr. Williams' Pink Pills, and with this new, pure blood in your veins you quickly regain health and increase your strength. Then your skin becomes clear, your eyes bright, your nerves strong, and you feel better, eat better, sleep better, and are able to do your work. These pills are a tonic treatment today for the blood and nerves with Dr. Williams' Pink Pills—the pills that strengthen. These pills are sold by most dealers, but do not be persuaded to take "something just the same." If you can't get the genuine pills from your dealer, they will be sent you by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and leggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, also you have backache, sick headache, dizzy spells, your stomach roars, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scolds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

READ HIS POEMS AT CLUB DINNER

Alfred Noyes Made No Speech, But Held His Audience With Poesy.

LIBELED BY PHOTOS

English Visitor is Broad Shouldered. With Strong, Live Features.

Alfred Noyes did not preach any gospel to the Canadian Club yesterday. He did not make any address at all, but recited four of his poems to the large audience, and made such an impression on the crowd of business men that it was quite clear poetry was still a living influence.

President Bone introduced the poet as the only one since Shakespeare who had been able to make a living out of poetry, whose ability might be judged accordingly. Mr. Noyes, alluding to this, said:

"I should like to sweep away at one blow what the reporters have said about the financial side of my poetry," and the good-humored laughter which followed put the poet and his audience in instant touch.

Mr. Noyes' portraits do not do him justice. They represent him as rather weak in features, almost effeminate. On the contrary, he is a well-built, well-set up young man of 33, with a strong oval face, almost heavy but for the vital flash and play of emotion and intelligence. His eyes are large and blue-gray, and there is a wonderful depth of earnestness and tenderness and sweetness. Then he has the divinest gift of all, divine as poetry, diviner than eloquence, diviner than beauty, the gift of humor.

Not a Mandolin Poet. He read the "Admiral's Ghost" and "The Forty Singing Seamen" as Tennyson might have read "The Northern Farmer" or "The Spinster's Sweethearts." Noyes is no mandolin poet, but a big broad-shouldered west countryman, with a man's view of life and an Englishman's view of the world.

There was a roar of applause after he finished the poem of the reincarnation of Drake. His pirates with their crimson doublets and jeweled swords, after they buried him at sea, took home his drum and "they hung his drum by the old seawall." And when the drum beat Drake came back. They knew he'd come when England called.

And they know that he'll come again. Nelson was just a ghost, the Devon tradition goes. "The fishes had taken an arm and a leg, but he swept Trafalgar Bay." In introducing "The Forty Singing Seamen," Mr. Noyes said of his poems: "I try to give them exactly as they occurred to me to write them, without an attempt to elocutionize them." His voice is robust and manly and his accent is without local tendencies. His delivery altogether is prepossessing.

That Irish Woman. After this poem he remarked: "I am glad I have an expert on Greek mythology on my right (Principal Fulton). After I read 'The Forty Singing Seamen' to a woman's club in the United States a lady came up and asked me, 'Can you tell me where I can read some more of that delightful Irish woman, Polly Famous?'" Mr. Noyes also read "The Highwayman" with fine but quite simple dramatic effect, and closed with the bewitching lyrical melody of "The Barrel Organ."

Best Money He Has Ever Spent

Was What C. Hansen Paid for Dodd's Kidney Pills.

Had Been Ailing for Six or Seven Years, When He Took a Neighbor's Advice and Found a Complete Cure.

MONA, Man., April 3.—(Special)—Mr. Cornelius Hansen, well known and highly respected here, is telling his friends of his simple but complete cure from a protracted illness. The facts, in brief, are: He had kidney disease; he took Dodd's Kidney Pills; they cured him. But let Mr. Hansen tell his own story.

"I was troubled with my kidneys for six or seven years," he says. "My back would not hold up, and I got out of bed in the mornings. I tried medicines, but they did me no good. Then I met a neighbor, and he advised me to try Dodd's Kidney Pills. He said he had used them in his family for a long time, and they were a great medicine. 'I bought six boxes of them, and by the time I had taken three, of them I was feeling much better. Now I am quite well, and I think the best money I ever spent in my life was what I paid for Dodd's Kidney Pills.' Dodd's Kidney Pills are no cure-all. They simply cure sick kidneys. But they do all that is claimed for them."

MONTREAL, April 3.—A tenth of the people of Montreal will be changing their residences or places of business on or around May 1. This is the calculation made from the number of orders received by the Bell Telephone Company for alteration of numbers, transferring of equipment, and the other necessary work entailed by the change of address of subscribers. In reality the number of people who will be moving on that day will be even greater than 10 per cent. for a vast number cannot afford a telephone, and will not be able to afford one for the coming year. EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL

DOMESTIC SCIENCE LECTURER

Easter Monday

CHILDREN love to exchange colored eggs, fluffy ducklings and other season indicators on Easter Sunday, so that Easter Monday finds a collection of gay, hard-boiled eggs in evidence wherever there are kiddies.

For many years the City of Washington solved the question of what to do with them by having a game of egg rolling on the gentle slope of the White House lawn.

The children start all their eggs rolling downward at a given signal, some are side-tracked, some crushed, but always some get to the bottom safely. Then there is a wild scramble among the children, and those lucky enough to get a whole egg are allowed to roll again.

Easter Monday parties are in vogue among people of all ages. Invitations for these affairs are sent on egg-shaped cards or hand-decorated ones. This year such cards have been more beautiful than ever before, and all stationers show a great profusion of them.

Those guests who do not insist on such or what may take part in an indoor egg rolling match. A path should be drawn with chalk from the front door thru the house; it may lead into the basement or the attic, and be as intricate as you please. Furnish each guest with a long-handled spoon and a hard-boiled, colored egg. The eggs are coaxed along the chalked path by the guests with their spoons.

For very young guests a revised "donkey game" will furnish sport. In the place of a tailless donkey have a motherly hen painted on a paper or sheet. Instead of pinning on the donkey's tail have little yellow paper chicks to pin up. Blindfold the players as usual, but give prizes for the chicks pinned in the most unlikely position.

A menu for informal entertaining is always easily planned, particularly when there are ready prepared favors to be had in shops. A dainty Easter conceit is the Easter menu card; these are held by furry little Easter rabbits, or ducks or chickens perched on the edge of the sandwich platters or at guest's place at table.

PROVINCIAL SEAT FOR WINDSOR IS SOUGHT

City Points With Pride to Rapid Increase in Population.

Canadian Press Dispatch. WINDSOR, Ont., April 3.—The city council tonight adopted a unanimous resolution to present a claim for a separate member of the provincial legislature in the next redistribution of seats. The last government census showed the population to be 19,000, but it has grown, and now has reached the 25,000 mark.

TACTICS UNFAIR SAY UNIONISTS

Asquith Trying to Make Capital Out of Situation in Fife.

LONDON, April 3.—The Morning Post says the Liberals are now trying to make all possible capital out of Premier Asquith's bold appeal for a vote of confidence from his own familiar friends in East Fife, because the Unionists have not at once decided that they are afraid of challenging the verdict of the electors.

As a matter of fact, in view of the strong feeling in the constituency, it is by no means certain that there will not be a fight. A contested election would serve a useful purpose even if its result were wholly unfavorable to the Unionist candidate.

It is the Liberals who have whirled and who continue to shirk a fair and open trial at the bar of public opinion.

ARE YOU GOING WEST THIS SPRING?

The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg-Saskatoon-Edmonton, with smooth roadbed, electric lighting, and through the new and rapidly developing section of Western Canada.

At Meeting of Women's Historical Society, Held Yesterday Afternoon.

Extracts from the diary of W. Elliot Wright were read by Miss McCallum in the absence of Mrs. Gardner at the last meeting for this year of the Women's Canadian Historical Society yesterday afternoon.

The poem, which is in the possession of Mrs. Duckworth, is printed on pink satin scroll carefully laid on paper. The delegates suggested to attend the convention at Ottawa in June were: Miss Hill, Miss Pierce, Miss Loeche, Mrs. Corley and Mrs. Strath.

The president, Mrs. Hynes, announced that the annual elections would take place at the May meeting.

BABY'S OWN TABLETS USED FOR YEARS

When a mother uses only one medicine as long as there are little ones in the home, it certainly bears grand testimony to the value of that particular remedy. Thousands of mothers use nothing else but Baby's Own Tablets. Concerning them Mrs. M. L. Blanc, Newmarket, West, N. B., writes: "I have used Baby's Own Tablets for my little ones for the past ten years, and know of nothing for colic, constipation and indigestion. All my neighbors who have used them think as I do." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brookville, Ont.

Can "Dead Love" Be Revived?

By WINIFRED BLACK

Copyright, 1914, by Newspaper Feature Service, Inc.

Winifred Black

If your husband's love is dead—let him go! says a clever woman writer. A woman in New Jersey did that the other day. The New Jersey woman's husband fell in love with another woman and the New Jersey wife let her husband go to Reno and get a divorce from her on technical grounds.

"Duty" More Than a Word.

Is there nothing to love but passion? Must we rely upon the most fleeting thing there is for a lifelong foundation, for the one thing that holds this cruel world of ours together at all—the family? Is there no such thing as duty? What does a promise mean, anyway, if you're going to feel free to break it the very minute you get a trifle tired of keeping it?

Not Floatable.

"Do you ever cast bread upon the waters?" "Well, I gave a fellow a dime the other night to buy him coffee and sinkers."

Broken.

"If you are not home early," said Mrs. Peck, "I shall give you a piece of my mind."

Not Right

"He is the most irregular man I ever saw."

A Graceful Substitute.

"She danced the man she married was not quite as she supposed, but she was dancing master."

Useful Hints for the Housewife

By Ann Marie Lloyd

THE wise housekeeper co-operates with her marketman. She lets him know that she knows when she is getting her money's worth and that she intends to have the best she can get for every cent she spends. At the same time she makes it apparent that she welcomes any suggestions which mean a quality and price help to her.

Glory-of-the-Snow—Chionodoxa. Its name describes it far better than any pen can possibly do, because its name tells that it is able to live and flourish amid the snows.

Very Latest Fancies of Fashion

Newest Dress Furbelows Easily Copied at Home

By MADGE MARVEL

FURBELLOWS and furbelows are charming. They are of all styles and colors and materials and lengths. The newest are narrow strips of silk made into tube-like strings and finished with three-inch bead ends, the beads being of moderate size and gay colors, and crowded together on the string so they hold the necklaces straight.

The making of these is very simple. A bias strip of silk the desired length is taken and folded as if to make a fold sewed "blind stitch" into a tube about three-eighths of an inch wide. On a pink silk necktie, carved green and yellow beads were used. The ones which have the graduated size of beads are the most attractive.

Flowers may be embroidered in the center of the furbelows. A blue silk strip of the desired length is taken and folded as if to make a fold sewed "blind stitch" into a tube about three-eighths of an inch wide. On a pink silk necktie, carved green and yellow beads were used.

Good Friday Concert. Mr. Campbell is confident that the program he has arranged for his annual Good Friday concert in Massey Hall on April 10th will prove one of the best, as well as one of the most suitable for this season, that he has ever presented. He is bringing a celebrated contralto, Miss Florence Mahalland, from New York to take a leading part, and he has also secured Mr. Frank Phillips, basso of the Manhattan Conservatory, a gentleman who has distinguished himself in the concert world.

CAREER vs LOVE

By E. N. Phillips

Dainty Helen had her feet tucked beside the flowers and with a trowel dug in the moist earth, and the Man Who Many Years Ago placed Carter ahead of her passed by and stopped. "Why," said he, leaning over the gate, "have you such a lonely garden, one Pansy bloom, one Snowdrop, one Lily of the Valley, a sprig of Mignonette, one Violet, one or two Bleedinghearts, and so much space between?"

ONE LOVE THAT LIVED.

And the banker's wife? What became of her? Oh, she's abroad somewhere, spending her alimony as fast as she can wandering from one resort to another, restless, miserable, unsettled; a poor ghost of a woman, not a wife, not a maid, not a widow.

LEAVES MONEY WHERE FOUND

MONTREAL, April 3.—Fifty dollars in bills having been left on the desk of H. M. Necker, city superintendent of motive power, as he believed for the purpose of corrupting him in connection with the purchase of automobiles, the board of control this morning decided to leave the money where it was found.

Contributed Ideas

A little girl had beautiful curls, but she dreaded the task of having them curled each morning. At last her big sister originated the idea of the Snarl Family, and we all became so interested in it that the hair combing was almost a pleasure.

At every tangle some member of the Snarl Family came to life and activity, and Big Sister was really clever at thinking up new doings for each one every day. "Why," she would exclaim, "here is Johnny Snarl! I wonder what he's doing! How he runs. I guess he's going fishing." At another tangle she would say: "Well, did you ever? Here is Mary Snarl and she has a beautiful doll and they are going to have tea."

"There, that makes a hundred," said a little girl last April, and she stepped aside, to let her little playmate take her place in the rope-skipping contest she fell dead on the sidewalk before the eyes of her mother, who sat at the curb. It was not the fault of the child, who knows no discretion, but she is so young that it was the fault of the mother, who had ignorantly and selfishly allowed her little playmate to put forth its supreme effort, to which it was unprepared. Apparently few parents are aware of the danger of this kind of thing, and it is a very common cause of death.

Secrets of Health and Happiness

"Common Sense" Is a Gift of True Physical Health

By DR. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins)

FOOLS are my theme; let satire be my song. Why is a fool and his money soon parted? Have you ever thought that this placid life is true? Why? Even a fool must now and then be right by chance. There may be fools who hang on like leeches to their money. They escape by virtue of the inaccessibility that happens to be theirs.

Answers to Health Questions

Tilla Rochester—Can you give me a remedy for liver trouble? Liver trouble is not a disease. If you say you have had trouble or foot trouble, it would be just as clear.

L. Pierrot, Philadelphia—I'm 30 and very habitual, especially when I am dancing. How can I be less unhappy? Mingle more with the opposite sex. Study, read, exercise and travel. Visit another city for a while and meet a number of new people.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice in individual cases. Where the subject is not of general interest letters will be answered personally if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care of this office.

Plants for the Window Garden

SOMETIMES it is possible to raise sweet peas in the window garden and have splendid success. But these lovely flowers need depth for roots, which is not easily obtained in the average window box. There is a plant known as agathes, which has a blue, daisy-like flower, grows about a foot high, and is excellent for indoor culture. The marguerite, either in white or in the larger yellow variety, makes a satisfactory plant for window culture. Myosotis, the modest little forget-me-not, is also easily grown, and planted with sweet alyssum makes a charming combination.

As a Clown Sees Us

By Harry La Pearl

Mexico! Mexico! MEXICO is geographically and climatically a wonderful land. Its chief trouble lies in its population. This consists of mesters, Indians, burned heads, Gila monsters, rattlesnakes, tarantulas, scorpions, "soldiers of fortune," cactus plants, alligator, peart, phobos. Any single item is deadly and terrible, but fancy the combination! Mexico is strong on politeness and politeness. A business man starts to sell his goods by shouting his hand over his head and waving the prospective buyer. A prospective buyer who is waiting to see the goods is a constant in facing up to the customer. If the buyer is especially lucky he may escape with the remainder in the declining days of the afternoon when I was clearing up my store. I was clearing up my store when I was clearing up my store. I was clearing up my store when I was clearing up my store.

PUBLIC UNDERTAKINGS A BUSINESS.

No exception can be taken to the principle laid down by the board of control in dealing with the waterworks undertaking that all public services of a revenue-producing nature should be self-supporting.

But if the waterworks department is to be made to pay its way, much more should other public services pay their way also.

The principle applies again in the case of the street railway. The percentage which comes to the city from the company runs up to about a million a year.

All these services are organized on the credit of the ratepayers as a whole who, for the loan of their credit, at the end of a term of years, should receive the whole plant, all liabilities discharged, as a possession in fee simple.

BY CONTRARIES.

Principal Hutton has pointed out that there should be no politics in the university, and that if the students join any party it ought to be the opposite party to that which they eventually expect to be allied with.

CIVIC SERVICE REFORM.

It is wholly unnecessary to emphasize Judge Denton's report. It shouts for itself. The evidence of Mr. Horn at the Woodbine Hotel inquest would under a rigid system of government almost involve a charge of manslaughter against the three controllers of last year's board who were mentioned. We do not wish to press the point, but the citizens, the electorate, the taxpayers, should wake up to a realization of the obligations they are under to themselves and to their city.

business-like men. There has been a marked improvement this year. But the elements of inefficiency and slackness are struggling for their lives, and they may be recognized by their wild and incoherent outcries against every progressive movement.

After Judge Denton's report reform of the architect's department is imperative. Those who think otherwise label themselves without hope of escape.

CO-OPERATION AND MARKETING.

In the third number of the Agricultural Gazette of Canada, published by the Dominion department of agriculture, there is much to interest all concerned in the cultivation of the land. Under the section headed "Co-operation and Marketing," reference is made to a clause in the agreement made by the Ontario minister of agriculture for the expenditure of a portion of the federal grant made in 1913.

Farmers have been slow to realize the advantage of co-operation, not only in marketing but in purchasing. This trait has been as noticeable in the old country as in the premier Dominion, Australia and New Zealand have proved more receptive to new ideas, and even in Ireland, under the guidance of Sir Horace Plunkett, the Irish farmer, long one of the most conservative of men, has become keenly alive to the advantages of co-operation.

SPELLING REFORM.

Without noise or observation, the simplified spelling movement is continually gaining ground. This is not surprising when it is remembered that it appeals primarily to members of the teaching profession, who, more than others, realize the waste of time entailed by the present chaotic and illogical system of spelling.

No one who studies the question impartially, but must be convinced that the facts and the weight of argument are wholly on the side of the reformers. The judgment of Viscount Bryce, better known as Professor James Bryce, late British ambassador to the United States, must be taken as that of a man accustomed to estimate the relative value of educational methods.

Teachers everywhere not only recognize, but are individually up against the present obstacle created by an absolutely indefensible and really artificial system of spelling English words. A favorite defence is that the spelling indicates the origin and derivation of the word.

Principal Hutton has pointed out that there should be no politics in the university, and that if the students join any party it ought to be the opposite party to that which they eventually expect to be allied with.

NEW COAL AREAS TO BE OPENED ABOVE MINTO.

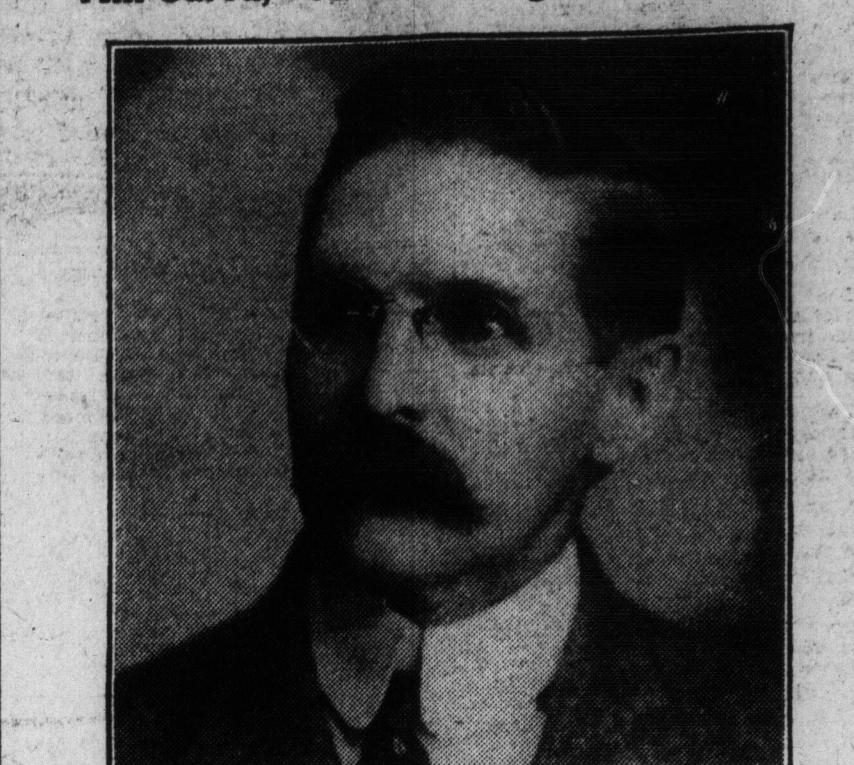

(Special Correspondence.) FREDERICTON, N.B., April 3.—Sir Thomas Tait is considering a proposition to open up new coal areas above Minto, where it is estimated there are over 6,000,000 tons of coal. The output of the Minto Coal Company mines in January was about 7,000 tons. Five shafts were in operation. In the district which operations have so far been confined there are about 800 acres of coal lands, the amount of coal per acre averaging some 4,000 tons.

TO TEST THE ACT.

A writ was issued at Osgoode Hall yesterday morning on behalf of Martha Broad, 602 St. Clarence avenue, 17, for a declaration that her marriage, contracted on March 25th, 1914, to William McKee, 236 St. William street, was null and void. Both parties in the case are infants in the eye of the law. The attorney-general will be notified of this case, and the act permitting the

Superintendent of Sunday School in Toronto Says, "I Am Pleased to Tell You That I Am Cured," After Taking "Fruit-a-tives."

R. A. WAUGH, ESQ. 55 Dovercourt Road, TORONTO, Oct. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy, 'Fruit-a-tives.' You may publish this letter, whole or in part, if you wish to do so. I have lived in this city for more than twelve years, and am well known.

"I suffered from Rheumatism, especially in my hands. I have spent a lot of money without any good results, until I used 'Fruit-a-tives.' I have taken 'Fruit-a-tives' for eighteen months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands, and perhaps never will, but the soreness is all gone, and I can do any kind of work. My bowels and improve the digestion and skin action. 'Fruit-a-tives' cures Rheumatism because this wonderful fruit medicine gives new strength and vitality to the stomach, liver, bowels, kidneys and skin—purifies the blood and prevents the formation of an excess of uric acid. HE WANTED THE WINNER.

A famous financier was dining at his favorite restaurant. When his grilled lobster was brought to the table, the keen-eyed financier noticed it was minus a claw. The attendant explained that in a fight with another lobster, he had lost the misfortune to lose its claw.

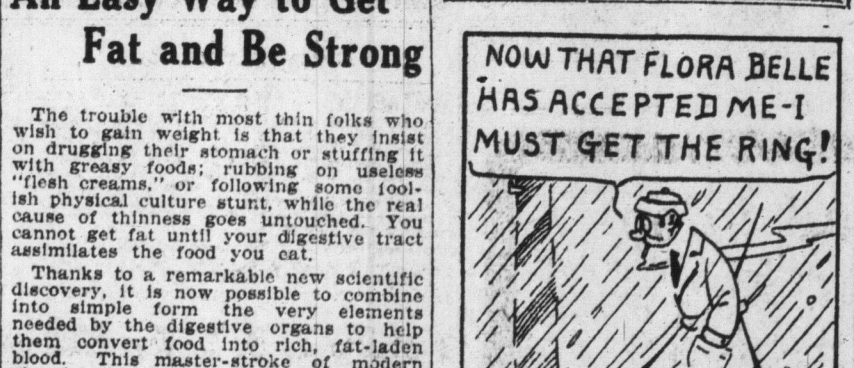

"Take it away," came the curt command, "and bring me the WINNER!" "It's human nature," murmured the waiter. "We all prefer the victor to the vanquished. Be it horse, yacht, or motor car, the winner commands attention—the medal of honor due to superiority. It has achieved the hitherto impossible—accomplished what others dared not undertake.

Medical practitioners will not be supplied directly, but may obtain supplies from local boards of health.

Not Proper Time He Says. Acting City Architect Price stated yesterday that he did not approve of Judge Denton's action in mentioning the Woodbine fire case in his report on the city architect's department in investigation in view of the fact that the coroner's jury is still investigating the case.

AND HE DID

NOW THAT FLORA BELLE HAS ACCEPTED ME-I MUST GET THE RING!

AND HE DID

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "fish cream," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

EIGHTEEN MILL TAX RATE MOVED BY TOM CHURCH

But Other Controllers Referred to His Motion as Mere Gallery Play

"I move that the rate this year be 18 instead of 19 mills," Controller Church said in the books of control yesterday. Then Mayor Hocken, Controller McCarthy and Controller Simpson fell on him like an avalanche.

"To be all-bright," Controller Simpson declared with a snort of disgust, "in all our private meetings upon the estimates you never did a bit of constructive work. I see your two-faced position. You want the public to believe that you are trying to have a low rate."

"Withdraw," Mayor Hocken urged. "I take back the word 'two-faced,'" Controller Simpson said.

"I say 18 mills," Controller Church kept at it. "I can easily two-face off enough from the estimates. I moved 18 amendments when we were going through the estimates for the works department."

"And every one of those amendments had no reference to any specific item," Mayor Hocken added. "It is an absolutely financial impossibility."

The motion was lost. A 19-mill rate will be recommended and the estimates sent to council.

DALLAS, Texas, April 2.—Today Toronto lost the second of the series here, and tonight started for Texarkana, where they play on Saturday and Sunday. He was wild, however, in the last two innings, hitting one batter, passing two and giving them a run by a wild throw to third. For the remainder of the game Dallas was never dangerous.

TO CORRECT A WRONG IMPRESSION REGARDING GENTLEMEN'S CLOTHES
—75 YEARS IN BUSINESS—
MODERATE COST OF GOOD TAILORING NOT GENERALLY KNOWN

A friend the other day happened to say to us, "I did not know until I saw your advertisement that you people were making a suit of clothes for \$25.00."
In case there may be others who are under this same delusion, we wish the general public to quite understand that by consistent advertising we are overcoming the impression that the superior workmanship afforded by our Company does not place the price of a suit out of the reach of the ordinary man, and our Business Suits of Scotch Tweed or Genuine Irish Blue Serge at \$25.00, calls for a careful workmanship and attention throughout as the more costly garments. A suit of the finest cloth fitted to express your individuality, and cut from your own personal measure by expert cutters and fitters for \$25.00, destroys the last argument of those who are under the impression that we, R. Score & Son, Limited, are not meeting the demands of today for good tailoring at moderate prices.

Of course we never have, or never will attempt to compete on a basis of cheapness, but you can save money when dealing with us when it comes to a question of price and quality.
Certainly in lasting quality, the tailor-made suit offers every advantage. It becomes thread-bare before it will lose its shape, and no matter how much wear it receives, when pressed it looks like new.
If it pays to buy good clothes even if they cost a little more, but when you can come into a thoroughly reliable store like that of ours, and purchase a suit made to your individual measure at \$25.00, the advantages are quite obvious.

At the Rugby Rules Today in Kingston

Capt. Charlie Gage will represent Varsity at the Intercollegiate Rules Commission, which will meet today in Kingston, and must see some interesting changes made in the present playing regulations. The McGill representatives, according to instructions from Shaughnessy, will propose several changes, among which are the reinstatement of the dropping of the ball, the adoption of the "ten yard loss" rule for interference, and the reinstatement of the snap-back to replace the present method of helping out the ball.

CHANCE'S YANKEES TROUCE DODGERS

BROOKLYN, April 2.—The New York Americans evened up the exhibition series with the Brooklyn Nationals today by winning the second game, 6 to 1. Score: Nationals, 6; Americans, 1. Brooklyn: ... 0 0 1 0 0 0 0 0 1 5 0 New York: ... 3 0 0 2 0 0 1 6 5 8 2

At Louisville—Cincinnati, by taking the third game from Louisville yesterday, 6 to 1, made the count for the series two to one in favor of the American Association team.

NEW COMPETITION FOR LAWN BOWLERS

The Butt Challenge Cups, Seven-a-Side, for Toronto Clubs.
Toronto lawn bowling clubs have a new competition ahead of them during the season that is rapidly approaching. It is a seven-man affair of the challenge variety, and you wonder how they do it. When the Canadian team was abroad last summer they were presented with seven solid silver cups, valued at \$150, and these will be up for play as soon as the local greens are ready. Henry Butt of Weston-Super-Mere is the donor, and he has named R. B. Rice as trustee-in-chief. It is likely that Queen City will be the first holder.

ANNUAL WHIST CONGRESS STRONG TEAMS COMING

From London, Hamilton, Colingwood, Lindsay and Woodstock.
There is every indication that there will be a large attendance at the annual congress of the Canadian Whist League, which will be held at the King Edward Hotel on Thursday, Friday and Saturday of next week.
The competition for the Goodall Trophy for fours will be very keen, as strong teams will be present from London, Hamilton, Colingwood, Lindsay and Woodstock as well as a number of local teams. There is always a large number of members of the American Whist League who come over for the big international event on Saturday evening.
The average whist player will find that the compass games, which are held at every session, will afford him an opportunity to get practice with players of his own ability.
It is not necessary to have a partner, as the committee will find one when necessary. All whist players are cordially invited.

REPOSITORY RECORD.
The present week was the record one in the long history of the Repository. More horses, aggregating a greater sum of money were sold there since Monday than during any former week of the whole fifty-eight years; this establishment has conducted business. The horse business is plainly very vigorous.

Soft Hats Stetson, Crofat and Knapp and Battersby Blocks

Style leaders, every one; for these are names that create style in men's headwear. Here you may try on the latest and most exclusive blocks from these celebrated makers.
Stetson Hat, dressy fedora shape, in fairly large block; gray and brown shades. It is distinctly dignified—the ultimate of good taste. Priced here at \$5.00

McGill Rugby Club Will Miss Their Star

MONTREAL, April 3.—One of the biggest surprises that has been pulled off in rugby football circles since the closing down of the past season occurred yesterday, when George Laing, ex-captain of the Intercollegiate champions, and rated as one of Canada's very best outside wings, today announced his withdrawal from active participation in the great autumn sport. "I want to graduate next year," said George, "and my family have placed the ban on football, for this fall at any rate."

OTTAWA HAS MOTORCYCLE CLUB.

OTTAWA, April 3.—The newly formed Ottawa Motorcycle Club has planned a run to both Montreal and Toronto this season in which between 75 and 100 motorcycles will take part. The run will go in the month of August, when the roads are in the best shape.

Manager Wilbur Robinson of the Dodgers believes a linx is following his catches, three of whom are on the hospital list. The injured men are Tex Erwin, Lew McCarthy and Otto Miller.

Jackey Atz, former White Sox infielder, has been released by the New Orleans club. He will play second base for the Beaumont Texas League club.

T. AND D. INITIAL GAMES OF SEASON

Several Fixtures Postponed Because of Wet Grounds—Good Battles Scheduled.

Today, unless the weather man proves unrelenting, the local soccer season will get off to a good start, and the T. and D. will get down to real business. A few of the grounds are under water and unplayable, but the greater majority are bearing up well and should see some great games this afternoon.

Little yesterday afternoon Parks Commissioner Chambers forbade any games being played on the city parks, except High Park, practically disrupting the greater part of today's schedule.

Thistles and Devonians have postponed their game, while the Eons have defaulted to Overseas, as they could not muster a team. Queen's Park and Wychwood, Dunlop and Elm Street, St. James and Ulster, Celtic and Earlscourt, Rangers and St. David's, Dunlops and Swanses, Bristolians v. Orchard, Bank of Commerce v. Swanses, Gurney v. North Riverdale, Toronto St. Ry. v. Stanley's, Euclid v. Robertsons, British United v. British Imperial have all been forced to postpone their games; but, as there is plenty of time in the season to make up, the early start will not be felt in the schedule. The following games will be played:

—Division I.—
Parkviews v. Baracas, 2.15 at Lappin avenue.
Old Country v. Sunderland, 3.45, at Stanley Barracks.
Davenport v. Pioneers, 3.30, at High Park.
Don Valley v. Caledonians, 3.00, at Woodville avenue.

—Division II.—
Hearts of Midlothian v. Christie, 2.30, at 1832 Yonge street.
Taylors v. Hiawathas, 4.15, at Harris Park, Coxwell avenue.
Sons of Scotland v. Fraserburgh, 2.30, at Harris Park.

—Division III.—
Rangers v. St. Cuthberts, 4.15, at 1862 Yonge street.
Gunns v. Lancasters, 3.00, at Scarlett road.

—Division IV.—
Russell Motor v. Jarvis, 3.00, at Lambton.
Cedarvale v. Runnymede, 4.00, at Danforth and Woodbine avenues.
Saladus v. Gerrards, 2.00, at North Toronto.
Consumers' Gas v. West Toronto U., 2.30, at Broadview and Danforth avenues.
Granadians v. Corinthians, 3.30, at Swanses.

—Junior.—
Overseas v. Parkviews, 3.15, at Little York.
Estons v. Ulster, 4.00, at Eaton Field.
O.C.C. v. Fraserburgh, 2.15, at Stanley Barracks.
Riverdale v. Riverdale Excelsors, 2.00, at Danforth and Colarvan.

Postponed Games.—
Thistles v. Devonians, Queen's Park v. Wychwood, Dunlop v. Elm St., St. James v. Ulster, Celtic v. Earlscourt, Rangers v. St. David's, Dunlops v. Swanses, Bristolians v. Orchard, Bank of Commerce v. Swanses, Gurney v. North Riverdale, Toronto St. Ry. v. Stanley's, Euclid v. Robertsons, British United v. British Imperial.

All players and referees are expected to be on hand early, as the new rule of starting the game fifteen minutes after advertised time will be put in force. All players on teams which have postponed their games are requested to meet for practice.

At Stanley Barracks a double-header will be staged by the Old Country Club. At 3.45 the seniors meet Sunderland, while before commencing at 3.00 the juniors will tackle Fraserburgh. The line-ups: Sunderland—Riddell, Stewart, Pillee, Brown, Simmons, Archer, Sturch, Roxborough, Hammett, May, Moffatt, Reserves, Hutchinson, O. C. C. seniors—Brownlie, McClymont, Hutchinson, Dierlin, Smith, Leys, Scott, Donnell, Eider, Reserves, Ross, Kennedy.

O. C. C. Juniors—Riley, Burnett, More, Chadwick, Morrison, Donnell, Dale, Thompson, Clewley, McCrone, Ridings, Reserves, Judd, McColl.

At the rear of 1862 Yonge street another double-header will be staged, when at 2.30 Hearts and Christie stack up, while at 4.15 Rangers entertain St. Cuthberts.

Christie—H. Williams, E. Williams (captain), Russell, Foxton, Finlay, Gent, Dimmock, Paton, Dimmock, Mackie, Field, Reserves, McCormack, Hutchin, Leach.

At Harris Park on Coxwell avenue two more good battles will also be seen. The first at 2.30 will see Sons of Scotland take on Fraserburgh, while at 4.15 Hiawatha will try conclusions with Taylors.

Sons of Scotland—Noteman, Templeton, Pundie, Gray, Hamilton, Thompson, Lindsay, Field, Young, Watt, McKee, McCurdie.

West End Y has just closed one of its best seasons of indoor athletics. The fact was, for the past season has not only made a big difference in attendance, but has created keen competition among athletes, with the result that many new records were hung up for the new gym.

The rivalry between the six teams was in doubt up to the very last event, when only six points separated the first two teams. Archibald, whose team was leading, felt confident of winning, but Wilson's team, who had a very bad start and had worked up to second place from the cellar position, were pressing their hard. In the last event, the 220 yard potato race, every man on these two teams worked harder than ever before, and up to the last man to run no definite winner could be decided.

The final standing gave Archibald a lead of but 19 points over Wilson. The results:

Archibald	2301
Wilson	2282
Hanna	2249
Phillips	2205

Former Middleweight Champion is Dead

The many friends of Jack Schmitt, head chef of the Queen's Hotel, will regret to learn of his sudden death on Thursday. Altho confined to his bed for the last ten weeks, the end was quiet unexpected. Sitting in an arm chair he complained of feeling tired and was helped into his bed, where he expired almost immediately. Identified with the Queen's Hotel for the last twenty years he succeeded his father Emil, as head chef four years ago. Jack was born in New York City, but spent the greater part of his life in Toronto. He was a member of St. Patrick's Club since its inception. Boxing was his particular hobby, and in 1899 he won the middleweight amateur championship of Canada. Jack Schmitt was quite reserved and unassuming and intensely popular with all who knew him. His early demise is a distinct loss to amateur sport in Toronto. His mother, two brothers, and three sisters, all residing at 883 Bathurst street, are left to mourn his loss. The funeral will take place from the family residence to St. Peter's Church at 3.30 Monday. Interment will be in Mount Hope Cemetery.

Here is THE REMEDY for You Just What You Need—Try This Cure

Cure Your Back Pain, Your Nervousness. Electricity is the most wonderful and mysterious element in the universe. From it all force seems to spring. An Edison only knows what electricity does—not that it is in the proper application of electricity to the human body we find the sure, natural restoration of the most baffling form of nervousness, headache, sleeplessness, neuritis, rheumatism, indigestion or constipation. Dr. McLaughlin's Electric Belt has made thousands of homes happy. It is as good for women as for men. Man and wife can use the same belt. The regulator makes it strong or mild to suit the wearer. It is the only Electric Belt in the world that can be regulated while on the body. You feel the power, but it does not burn and blister, as do the ordinary bare metal electrode belts. If you are weak or in pain it will cure you. Will you try it?

Poor Circulation—Rheumatism and Lame Back Cured. Dr. McLaughlin's Electric Belt. Dear Sir—I would have written you before but I think my case was worse than you really understood it to be, and I wanted to give you my full account, that is the reason I did not write before. I tell my friends, when they ask me what made me look so big and fat, that I am using your Electric Belt. I tell them all, if they have lame backs or Rheumatism, to get one. Hoping this will reach the eyes of my friends, I remain, Yours truly, James McKenna.

Nature will cure you if you give her the right kind of assistance. The reason your nerves are weak is because they are not properly fed. I don't mean that you do not eat enough. Nerve force is a food that comes from electricity. When your supply of bodily electricity has become depleted, your nerves do not get the proper nourishment and various complications result, kidney, liver or bowel troubles, you must not fall to eat my Belt. Don't wait another minute. It's as good for women as for men. Work while you sleep. It causes no trouble. You feel the gentle glowing heat from it constantly, but no stinging, no burning, as in old style belts.
