HAMILTON HAPPENINGS

DENISON ON RECIPROcity

Toronto Magistrate Can't Understand Loyalists Favoring It.

HAMILTON, Oct. 21.—(Special).—These men who talk reciprocity cannot be true Canadians or loyal subjects of the King," said Col. Geo. T. Denison of Toronto, to-night in an address to the Sons of England at their concert in celebration of Trafalgar Day. He would not oppose a lowering of the tariff, but he did not believe in Canada getting tangled up with a country that had failed in a good many cases to live up to its agreements with other countries. Things were very quiet in the city to-night, but whether the absence of the local newspapermen from the city, attending a Press Club supper in Toronto, had anything to do with it or not, it is difficult to say. The police did not have one prisoner in the cells even.

The last stage in the probate of a will in the chancery courts in England has been reached, and word was received by five well-known Hamilton people that they will share to the extent of \$100,000 in the estate of an unmarried aunt of their father, who lived in luxury near Hull, England, on some of the richest land in the country, and owned many shares of Grand Trunk rail way stock.

The lucky local beneficiaries under the old lady's will are: William H. Thompson, 22 North Queen-street; Thomas Thompson, 9 Tom-street; Mrs. William Fraser, 46 Peter-street; H. N. Thompson, Grand Rapids, Mich.; Mrs. John Murray, Chicago, Ill. Magistrate Jells adjourned for a week the cases against five moving show picture proprietors of exhibiting films depicting crime.

Works of Art. Attention is directed to the advertisement in another column of a sale of paintings and water colors to take place at 65 East King-st., on Tuesday next. Mr. Townsend always has "something worth while," but this collection which he recently received from England, in his opinion, is the best he has ever shown. Our old friend F. A. Verrier has several examples including a famous Buffalo winter scene. There are also some good examples of the old Dutch masters, Woutermaert, Du-sard and Mueliner, and some dainty little water colors of the style of Har-very White, by E. A. Krause, which are very pleasing. Some splendid marines by T. J. Aldridge, which are strong and vigorous, and at the same time beautifully executed. There are also water colors by Frank Wasley, which are perfect dreams. We specially mention Windsor Castle, and a lugger in a storm. Also a capital moorland scene by Paul Bertram, and some cathedral interiors by Van Stoppan.

BAPTISTS GIVE \$45,000 TO MISSIONS

Continued From Page 1.

move had not been started for the benefit of removing the deficit from the Home Mission Board. The other amount having been more than subscribed, a new list was opened and many who had already given liberally responded a second time. The following cablegram was then framed up by James Ryle and John Firstbrook and sent to John Craig, president of the convention at Coxsand: "The \$45,000 pledged to-day for forward movement, great enthusiasm, proceed immediately with work."

It is also likely that considerable discussion would have taken place in regard to the adoption of the report in regard to the basis of union and the formation of the new Canadian Baptist Foreign Mission Board, if the delegates had not still been in their very liberal spirit. The report was moved by Dr. S. S. Bates and seconded by J. A. Gordon. To make the necessary change and formulate the new board an amendment to the Church Act will be required. J. G. Scott and D. E. Thompson were appointed to act with the present committee on constitutions to look after the making of the necessary changes, and to interview the officials in the provincial legislature.

The new organization will be known as the Canadian Baptist Foreign Mission Board, and will have charge of all the foreign enterprises now operated by the Baptists in Canada. It will be composed of the Baptist Convention of Ontario and Quebec, the United Baptist Convention of the Maritime Provinces, and the Baptist Union of Western Canada. The local district shall be allowed a membership of twelve representatives, and the other two bodies shall be reckoned on this basis each year.

Moral Reform Report.

The report on moral and social reform moved for adoption by the Rev. J. B. Kennedy was referred back in order that certain phrases to which certain members of the convention took objection might be changed. Rev. E. P. H. King of Thurso took objection.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble, Mrs. M. Summers, Box W. 65, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

AN INTER-PROVINCIAL CONFERENCE HERE TO-DAY

Many Important Matters to be Discussed, Including the Parliamentary Representation.

The rights of the provinces to incorporate extra-provincial corporations, which is involved in a reference by the Dominion Government to the Supreme Court of Canada, will be the subject of a conference of representatives of the several provinces at the parliament buildings this morning. While the question is of several years' standing, the concrete issue arose in 1906 out of the celebrated case of C.P.R. v. Ottawa Fire Insurance Co., in which the railway company sought to recover the amount of premiums paid in respect of certain lands in or near the Maritime Provinces.

The various provinces will be represented as follows: Quebec, C. Lanctot, deputy attorney-general; Eugene Lafleur, K.C., Montreal; A. Geoffroy, Montreal; New Brunswick, Hon. J. E. Hazen, premier and attorney-general; Prince Edward Island, Hon. F. L. Hazard, premier and attorney-general; Nova Scotia, S. Jenks, K.C., deputy attorney-general; Manitoba, Hon. Wallace Nesbitt, K.C.; Saskatchewan, T. Colclough, K.C.; Alberta, S. B. Woods, K.C.; British Columbia, Eugene Lafleur, K.C., who is also associated with the Quebec representatives. Ontario will be represented by Sir James Whitney, Hon. J. Foy, attorney-general, and Edward Bayly, K.C., deputy attorney-general.

WHOLE FAMILY WAS AFFLICTED

But Dodd's Kidney Pills Restored All to Perfect Health.

Father, Mother and Daughter after years of suffering are made healthy and happy by great Canadian Kidney Remedy.

ST. LEON STANON, Dorchester Co., Que., Oct. 21.—(Special).—That Dodd's Kidney Pills have no equal as a family medicine is proved conclusively by the statement of Mr. George Leduc, a well-known resident of this place. His statement given for publication is:

"For twelve years I had pains in the small of my back. My head would ache and my muscles would cramp. Dodd's Kidney Pills cured me. My wife was troubled with Kidney Disease. Dodd's Kidney Pills cured her."

"My little girl had nervous trouble. She was so bad that she could not keep her hands and feet quiet. Dodd's Kidney Pills cured her."

ODDFELLOWS' BANQUET

Centenary of Manchester Unity Celebrated by Over Two Hundred.

In celebration of the hundredth anniversary of the organization of the Manchester Unity of the Independent Order of Oddfellows, the local district held a banquet at the Arlington Hotel last night, at which there was an attendance of about 225. The occasion was one which marked distinctly the force of the association of men as brothers in society.

The chair was occupied by Provincial Grand Master W. C. Cook, and the guests of honor were Mayor Gandy, Robert Fleming, grand secretary of the Canadian order, Br. Powley, grand master of the Ontario order, W. C. Schunck, provincial secretary of the I.O.O.F., Dr. W. J. Fletcher, who replied to the toast of the King; Wm. Irving, P.P.G.M., C. W. Steel, P.P.G.M., and Wm. G. Veal, P.P.G.M., all of whom replied to the toast of the Ontario district.

A Hint to Aspirants.

Twenty months ago aviators were congratulating themselves that such rapid progress was being made in the art of flying, with relatively so few disasters. During the past few weeks there has been a deplorable increase in the number of accidents, a large proportion of which have been fatal.

LOCAL OPTION IN N.S.W.

(Canadian Associated Press Cable.) SYDNEY, N.S., Oct. 21.—(C.A.P. Cable).—The local option referendum has resulted in favor of no license. No constituency was in favor of the reduction of license and 15 constituencies supported the present system.

TROOPS PARADE SUNDAY ROUTES TO BE FOLLOWED

Soldiers Will Leave the Armories at 2.45 p.m.—The Marching Order.

The fall parade of Toronto garrison will be held to-morrow, and, if the weather is favorable, the streets along which the soldier boys will proceed to and from the service in Massey Hall will be lined with tens of thousands of interested spectators.

The parade will leave the armories at 2.45 p.m. and will move up University-avenue and along the east driveway to Queen's Park to Grosvenor-street, along Grosvenor-street to Yonge, and down Yonge-street to Shuter-street, thence to Massey Hall. Leaving Massey Hall about 5 p.m. the return parade will be by way of Yonge, King and Simcoe-streets and University-avenue.

The order will be: 1st Battalion, Lieut.-Col. Galloway and Bruce and staff. Cavalry Brigade, under Col. Clarence Denison. 1st Squadron, Royal Canadian Dragoon. Right Half 2nd Fortress Co., Canadian Engineers. Governor-General's Body Guard. 1st Regiment, Royal Grenadiers. 9th Battery, C.F.A. Second Field Company, Canadian Engineers. Navy Target Practice Costs Fortune.

Aside from the question of inhumanity in war, nations of the world are considering it because of its immensely increased cost. Merely to fire broadsides from the guns of a first-class navy for a week is sufficient to bankrupt the treasuries of many of the smaller countries of the world.

CARLINGS GOLD MEDAL ALE & PORTER

A Bulletin From the Ribbon Section

Glowing masses of color and a splendid variety of fancy patterns accompany, if they do not explain, the growing popularity of ribbons in every kind of use, from millinery to hair bows and pillow frills.

Ribbons for your Christmas gifts should be purchased as soon as possible, for the assortment is immense. The choice is best now.

For Monday there's a special display of pure silk taffeta ribbons, of Dresden and floral designs, exquisite combinations of color on contrasting grounds, some of the very richest tones being used. These ribbons are especially adapted to use in fancy work, dress accessories and millinery trimming; 6 inches wide. Monday, per yard **.33**

Black Velvet Ribbons in Bunches at one-third the regular price. Elegant ribbon for trimming, making small rosettes, etc., pure silk with heavy satin back 1/2-inch wide. Black only. Monday 5 yards for **.15**

New Cedric Taffeta Ribbons—A full color range is shown in the wanted width for millinery purposes, sashes, etc., including cardinal, wine, red, rose, old rose, pink, grey, taupe, navy, royal, Copenhagen, sage, sky, champagne, tan, brown, olive, myrtle, emerald, reseda, eucalyptus, prunelle, cream, black and white. We recommend it strongly for any use when a long wearing ribbon of superior finish is required. Note the remarkably low prices.

4-inch, .15; 5-inch, .20; 6-inch **.25**

—Main Floor—Yonge Street.

Note and Comment

The Lord Gray Cup Steeplechase yesterday was to satisfy everybody, but the rule it was a mere procession, except for the brush for fourth position, wherein J. H. Hall on Potent, tipped Lord Percy on Uncle Reuben at the wire. The field started struggling and finished still strung out. Tho the course was three miles, Bilberry, the winner, must have finished a good third of the distance ahead of Citreanlan, No. 7, and last. However, as the racing reporter says, it was a grand sporting event and the gentlemen in pink are to be congratulated on their splendid performance, also the several hundred spectators who went and saw a horse race when there was no prospect of betting.

Judging from past games, so far this season, Montreal should defeat Argos today at Rosedale, but as Argos are working well, a much closer contest may result than some people think. Hamilton Tigers appear to be the improving team of the season, and with their fast back division and heavy wing line, should defeat the Rough Riders. Variety, the somewhat crippled, will undoubtedly defeat McGill, and Queens should have no trouble disposing of Ottawa College. In the O.R.F.U. senior games, what is home will win, with odds slightly in favor of the Colts, on account of playing together for two seasons. The best boxing gloves in the city will be used at the forthcoming amateur tournament in the Mutual-street rink. That is the opinion of the committee after a round of inspection, the order going to the sporting goods department of the T. Eaton Co.

Chicago had their first luck of the world's series yesterday—rain, and they could not lose. If it were only a turn in the fortune needed, this might bring the belief that the Cubs could start a winning streak. The original opinion of the committee after a round of inspection, the order going to the sporting goods department of the T. Eaton Co.

Pop Anson advises that the logical man to pitch for the Athletics and to clinch the world's series is Bender, but he continues, however, that he has already played, it does not make much difference who goes in for the pitcher, suggesting they will win, with any of their staff doing a good job for that matter. King Cole is the last hope for the Cubs and although on the one hand, a different condition, their pitchers and batters having unlimited confidence in their offensive and defensive ability; their work perfect, and the players imbued with the idea that they are fully capable of pulling off any intricate play on the field.

So far in the three games the Athletics have shown wonderful ability, reeling off play after play with precision and perfect control. However, the club which turns this remarkable baseball machine into its offensive or batting strength, and which has won their games on this score alone, and would not have needed the co-operation of their machine-like fielding and their pitching.

In reviewing the Cubs' play, I cannot help but think of Tinker's fine fielding and batting. A good criterion of his wonderful hitting is his average to-night for the series is .545.

Of the Cub pitchers, Brown and Pfister have shown the best. The highest class pitcher to have been used by Zimmerman of the Cubs in accepting all his chances without error, his percentage being 1.000. Barry of the Athletics has a perfect average, after gathering in many hard swats. Of the feature fielding that has been pulled off, Collins, Murphy, Barry and Baker for the Mack men, and Zimmerman and Tinker for the Cubs, have been the ones to stab ticketed safe drivers.

Tinker and Zimmerman deserve all the more credit for their classy work with every-thing going wrong against them. One bad feature is that the Cubs' supporters have shown that they are not very loyal in their praise of their players for the Cubs when they are winning, and shocking the true supporters and fans by being loud in hurling words of denunciation against the club now that it is losing. They certainly lived up to the reputation of the baseball fans for fickleness.

The Cubs have been good today, and have shown that they can be that as well as good winners, which they were in 1907 and which has been handed to them since the game yesterday. A team of men are only human and cannot stand the strain of the great work of the series. In coming back after one day's rest and a night of humbling defeat, they were in shape. The game was played over again and again, the hitting was discussed, and the victory was analyzed from beginning to end.

They are figuring on what Bender will do in the next game, and whether Thomas Collins, Dave Barry, Baker and Murphy will continue their wonderful offensive work. In hustling to get it written, I left out of the story of yesterday's game—I having been at it two hours, since I don't claim to be a finished journalist yet—a tribute to the work of "Young" Harry Davis, the Mack first-sacker, whose hitting of his own peculiar style was one of the bright features of the Athletics' victory. Harry is one of the fast-fading type of sluggers of the olden days, who grips the bat at the extreme end and swings a healthy swing, with every ounce of his strength. This is the type of slugger who entertained the ball fans of the great past and twenty years ago. His ability to bat so effectively in this present day and time, when the slugger type of batsman has found it difficult to cope with the present-day pitcher, is all the more to his credit. Here's hoping for his future success.

The fans are all anxious for a clear day to-morrow, and here's hoping that their wish will be gratified. I feel confident that my prediction of yesterday, that the Athletics would make it four straight, will be fulfilled.

TY COBB SAYS FOUR STRAIGHT

Champion Batsman Digresses on the World's Series and Incidentally Roasts Chicago Fans—Bender and Cole To-day.

By TY COBB
Champion batsman of professional baseball—Copyright by The Press Publishing Company.

CHICAGO, Oct. 21.—(By Ty Cobb, copyright by the Press Company, The Philadelphia Press.)—The honor that I predicted would befall the Athletics today—that of being the world's champions of 1910, an honor that will have been attained in four games, something that no team ever accomplished in previous series, was denied Mack's men, owing to rain. One of those dark, dreary, murky days, that one can only find in Chicago, which has the postponement. During the morning everyone was besieged with questions from anxious fans as to whether the game would be pulled off or not. Along about noon a bulletin was sent out from the Congress Annex Hotel, the palatial headquarters of the National Commission, which has the jurisdiction of declaring world's series games off, that the postponed fourth and deciding struggle would be pulled off tomorrow, instead of returning to Philadelphia, as per the previous schedule.

The logical pitchers for to-morrow should be Bender for the Athletics and Cole for the Cubs. Thomas and Kling will be the catchers, with a possibility of the surprise pitcher, the surprise pitcher of the fourth and deciding game.

My reasons for saying that this will be the fourth and deciding game are plain to be seen with a little mental study of the opposing clubs. One soaring high in the atmosphere of success; the other cast into the deepest gloom by being so decisively humbled in the three games already played; their team work shot to pieces; their pitchers with their confidence lost; batters out of their stride by being so completely crossed by the Athletic batteries.

The Athletics on the other hand, are in a different condition, their pitchers and batters having unlimited confidence in their offensive and defensive ability; their work perfect, and the players imbued with the idea that they are fully capable of pulling off any intricate play on the field.

So far in the three games the Athletics have shown wonderful ability, reeling off play after play with precision and perfect control. NEW YORK NATIONALS

Defeat Highlanders 6 to 3 and Win Series by 4 Games to 2.

NEW YORK, Oct. 21.—With Christy Mathewson in the box, the New York National League team won the baseball championship of Manhattan for 1910, today by defeating the American League team 6 to 3, thereby taking four out of seven games, the game stand: nationals won 5, Americans won 2; one game tied. The Athletics won their rivals today, but played poorly in the field, their errors enabling the nationals to get three runners. Doyle's home run in the third inning, with two men on the bases was the feature hit of the game and of the series. The score:

CUBS SHOULD HAPPEN TO WIN

CHICAGO, Oct. 21.—Wet grounds and a drizzling rain caused postponement today of the fourth scheduled world's championship game between the Philadelphia Athletics and Chicago Nationals. It will be played off here to-morrow. Should Chicago win to-morrow, the fifth game will be fought out on the local grounds on Sunday. The national commission decided that in the event of it being necessary to play a sixth game it should be played on Tuesday at Philadelphia, allowing Monday for the clubs to make the trip from Chicago.

SIDELIGHTS

A meeting of the assistants of the Business Men's League will be held to-night at the Toronto Bowling Club at 5 o'clock on the local grounds on Sunday. The national commission decided that in the event of it being necessary to play a sixth game it should be played on Tuesday at Philadelphia, allowing Monday for the clubs to make the trip from Chicago.

Charley Knowles of the Telegram had his whole team to carry (Irving Robertson not even excepted) in order to win the Special, but Charley was there with the wallop, and much to the chagrin of Bobby Robinson of the Mountain Town sheet.

The C. B. A. executive meets to-day at 1 o'clock at the Athenaeum alleys.

Ladies' Paper Chase. To-day University College girls will hold their annual paper chase, ending up with a tea at Queen's Hall.

HAMILTON ALDERMEN AND SCRIBES SPILL THE PINS

Tommy Church Totals Thirty-three—Great Afternoon's Sport on T. B. C. Alleys.

Part of the entertainment accorded the Hamilton civic dignitaries and war correspondents on the different daily papers of the Ambitious City yesterday by the Toronto City Council, was a little game of teapins on the Toronto Bowling Club alleys. Both Mayors Geary and McLaren participated in the frolic, whilst our own "Tommy," Controller Church, was much in the limelight with a 33 count at the finish. Aid. Sam McBride, however, who manipulated the crayon on score sheet, besides bowling, was held responsible for the worthy controller for the frame-up, but whether "Sam" slipped a cog or not nobody seemed to know, but the count stands, and Tommy new holds the record. Some of the prominent present from Hamilton were: Mayor McLaren, Controller Gardner and Allan, Fire Chief Teo Byck, and City Engineer MacCallum. From Toronto: Mayor Geary, Controller Church, Aid. McBride, O'Neill, Maguire, Spence and Phelan. One game sufficed for the three five-pin games, from each city interested, and, with the homesters getting the decision in two out of the three, an adjournment was made to the St. Charles for dinner at 4.30, with Aid. Maguire, chairman of the reception committee, in charge.

The scores were as follows: Hamilton Herald—Morgan 30, Chieholm 105, Byers 77, Hamra 75, Mayor Geary 111, total, 456.
Toronto—Hilton 100, Ardagh 110, McCausland 141, Thompson 101, Maguire 123, total, 485.
Spectator—Dodsworth 114, Holmes 96, McKenty 46, Peebles 73, Robinson 109; total, 448.
Toronto Telegram—McKay 92, Lewis 83, Bowles 88, Robertson 128, Knowles 121, total, 610.

P. W. Ellis & Co. Tournament.

On the Athenaeum alleys last night, the P. W. Ellis & Co. bowlers rolled a match game for a supper at the expense of the losing team, which happened to be the side calling themselves the Cubs, as was quite natural to expect when they selected such a hoodoo name. Marsh of the losing side was high man, with 31. Following are the scores:
Athletics—1 2 3 T L
Marsh 145 164 118-427

JARVIS AND PARKDALE JUNIOR HIGH SCHOOL GAMES

Scores Were 9-1 and 13-1—Jarvis Cinch Group A Championship—Rugby Gossip.

Jarvis clinched the championship of Group A of the High School League yesterday afternoon when they defeated Technical, 9 to 1, on Varsity campus. The game was the best of the season, and there was very little to choose between the teams, and, if anything, Jarvis had a shade in weight on the line. Both teams' tackling and running was of the best order, and the whole Jarvis team played excellent ball. Davidson's kicking was exceptionally good, while Ritchie put up a star game all through. Smith, Jarvis' liner, with his running, was very much in the limelight. The teams lined up as follows:

Jarvis (9)—Full-back, Ritchie; halves, Dopp, Davidson, Small; quarter, Mills (captain); scrummage, Weekes, Allen, Gregory; wings, Ramsden, Clingan-Smith, Peckin, Braithwaite, Murray and Adlard.

Technical (1)—Full-back, Douglas; halves, Smith, Simpson, Weber; quarter, Lyons; scrummage, Swift, Boyd, Nelson; wings, Neilson, Hamner, McKnight, Flood, Kellogg, Webb (captain). Referee—Dick Harcourt. Umpire—Mr. Alexander of Varsity.

At Willowvale Park yesterday afternoon, Parkdale won their Group A, High School, fixture, from Harbord, by 13 to 1. It was another case of the heavy against the light, and the wind materially aided the victors. The teams lined up as follows: Parkdale (13)—Full-back, Scott; halves, Spiers, Barrow, Clark (captain); quarter, Treaslock; scrummage, Lee, Stone, White-law; wings, Norwich, Dallyn, Bowles, Lowrie, Hughes and Rankin.

Harbord (1)—Full-back, Coburn; halves, Teppell (captain), Price, Bickell; quarter, Cameron; scrummage, Pedwell, Jones, Broad; wings, Stevens, Heakes, Priestman, Hagarty, Shortill and Finlaybrook. Referee—Mr. Dunkley, Harbord.

Varsity will hook up with the strong McGill team in an intercollegiate fixture this afternoon in Montreal. The blue and white will have the hardest battle of the season, and should they beat the easterners on their home grounds should just about land the Canadian honors again. The McGill squad are surely going strong, and expect to lower the colors of the Varsity boys.

The Capitals play Kew Beach in the Senior City League at Jesse Ketchum Park, at 2 p.m.

The following Argos II leave on the C.P.R. train to play Intermediate Tigers at Hamilton: Joliffe, Corkery, Patterson, Parsons, Awrey, Kerland, Costello, Livingston, Gregory, Lyall, Kennedy, Kent, McCree, Wood, McCreary, Knutson, Treleven, Dixon, E. Kerland, Sprague, Van Buskirk and Nightingale.

Ottawa College Team to Play Quins. OTTAWA, Oct. 21.—(Special).—Alto they are not counted upon for the championship group this year, the Ottawa College team left for Kingston yesterday morning, one of the strongest teams that have ever represented the local institution. The team did not hold a practice yesterday, having put in a week on the gridiron. The players are all in good shape, however, and ready for the game of their lives. Further details will be given as they come.

Baras senior team will meet All Saints in a league game this afternoon at three o'clock on the University grounds, north of College street. Baras will have a strong line-up, as follows: Hardy, Attwood, Bingham, MacGregor, Peake, Blair, A. Watsam, Dalsell, Apptson, Pratt, Scott, L. Watsam.

Broadview Intermediates, who are running strong in their section, will meet Garrets on the same grounds at 2.15, and they should be two good games.

Baras Intermediates will not go to

Osgoode Hall to Play in Ottawa. OTTAWA, Oct. 21.—Should arrangements be completed in time, the university authorities will bring the Osgoode Hall football team here for an exhibition match on Thanksgiving Day at Varsity oval. The college management are now in communication with the Osgoode Hall fourteen, and there is every probability of their being brought to the capital.

With the Ottawa set for a game in Hamilton on the feast day, the Rugby fans will hunger for a Rugby game, and with the all-star combination that the Toronto law school Rugbyists present, their game with the garnet and grey fourteen would draw a big crowd.

George Ballard, the Montreal Hamilton quarter-back, captains the Osgoode team, while Lajole, Smith and a couple of other Ottawas also wear the Toronto uniform. A definite decision will be arrived at in a day or so.

Argos and Montreal at Rosedale. After much wrangling Argonauts and Montreal agreed upon Hayes and Robbins of Hamilton as officials for to-day's game at Rosedale at 2 o'clock, in the opening match of the Interprovincial League here this season. Montreal come here to-day with a big reputation, but Argonauts say they are going to spoil their clean sheet of victories. The plan for the game has sold well and everything points to a large crowd, many of whom will go to the game to-day for the purpose of getting a line on the easterners, in order to compare them with the Intercollegiate and O.R.F.U., which unions will figure in the Canadian championships, along with the winners of the Big Four. There is keen rivalry between these two clubs, and it is not at all friendly, the trouble originating in the first game at Montreal, where the Argonauts consider Montreal did not do the right thing by them in the official matter. Then for this game to-day Montreal tried to force two men on the Argonauts and they were promptly set upon, and it was only for fear that the appointment would be put up to Clancy, that the easterners came down and agreed to Robbins and Hayes. The plan for the game to-day will remain on sale at 180 Yonge-street till noon. The teams are as follows:

Montreal: Full, Stinson; halves, Hastings, Williams, Craig; quarter, Baillie, scrummage, Kells, MacAllen, Ryan; sides, Kelly, Egan; middies, Taylor, McMurty; outsidies, Savage and Cameron. Argonauts: Full, Moore or Treard; halves, Murphy, Binkley, Patterson; quarter, Disette; scrummage, W. Brown, Russell, H. Brown; insidies, Wigles, Barroff; middies, Sinclair, Meegan; outsidies, Brockbank and MacMurray. Referee, Robbins; Hamilton; umpire, Hayes, Hamilton.

British United Notes. The British United play Westwood to-day. All players who are signed on are requested to meet at the corner of Bathurst and Dupont at 2.30 p.m. Owing to the action of the A.A.U. of C. in refusing the club a sanction for the smoking concert on Saturday, the concert will be postponed until after the city boxing tournament, when added attractions will be put on. A special meeting of all club members is called for Sunday, Oct. 23, at 2 p.m. Every member and also old members are requested to attend, as there is some urgent and immediate business to be dealt with.

INTERCOLLEGIATE SOCCER

McGill Play at Varsity Field This Afternoon—T, and D. Games.

Toronto will get its first taste of intercollegiate soccer this afternoon, when McGill will play Varsity on Varsity campus. The McGill team will be a strong team and lovers of Association football who journey up to Varsity oval this afternoon should see a hard-fought game.

Baras senior team will meet All Saints in a league game this afternoon at three o'clock on the University grounds, north of College street. Baras will have a strong line-up, as follows: Hardy, Attwood, Bingham, MacGregor, Peake, Blair, A. Watsam, Dalsell, Apptson, Pratt, Scott, L. Watsam.

Broadview Intermediates, who are running strong in their section, will meet Garrets on the same grounds at 2.15, and they should be two good games.

Baras Intermediates will not go to

Mimico, as reported, as Mimico team has a game with another team.

All athletes are invited to attend the meeting on Sunday afternoon at Knox College, at three o'clock, and every player and supporter of the Baras being athletes Sunday. Special soloist and speaker. Everybody welcome.

The Broadview Intermediates will play Garrets this afternoon at 2.30 on Varsity campus. The Broadview team will be picked from the following, who are requested to be at the clubhouse not later than 1.30: Dawson, Dickson, Bell, Kimber, Wells, McDermott, Cochen, Heiston, Bell, Campbell, Nichols, Restor.

Moore Park A.A.C. will meet the Devonians to-day at Moore Park in their return game in the T. and D. League. All signed players of the Baras are requested to be at the clubrooms at three o'clock sharp. Game called for 3.30. A good turnout of members is expected.

The Grip football team will play the Pioneers to-day at Dovercourt Park. Kick-off at four o'clock sharp. The following players are requested to be on the ground not later than 3.45 p.m.: Tindell, Ferr-

day, Elliott, Buchanan, Hall, Taylor, Flayer, Evans, Elliott, Hodggets and Simpkins.

Clinton and Queen football teams clash for the first time this year on Dovercourt Park to-day at 4 o'clock. Clinton request all players and supporters to be on hand early.

The home teams are requested to have grounds ready, so that games may start on time in the M.Y.M.A. League to-day.

To-day at the Pines, corner Bloor and Dundas, the Thistles meet Broadviews in the Senior League, and a splendid struggle is expected. Both teams play fast ball, and are out to win, as the league championship practically depends on this one game. The great rivalry that exists should tend to draw a big crowd. This should tend to draw a big crowd. This should tend to draw a big crowd.

Thistle Intermediates meet Stanley Baras at the Pines previous to the big game. The following players are requested to be on hand at 2.15: Shedding, Crawford, Winston, Russell, Buchanan, Hall,

Parker, McLaren, Patterson, McIlroy, Ross, Walker, Grant.

Quakers Coming to Y. M. C. A. Meet. Philadelphia is to have a team of quarter-milers in the relay race, which is one of the feature events of the indoor athletic meet to be held in the armories next Saturday, evening by the Young Men's Christian Association of North America. Yesterday Dr. John Brown of the international committee, who is giving his whole attention to the approaching carnival, received word from the Philadelphia Association to this effect. This will add considerable to the international side of the event. Other teams are coming from the United States, and the track men of the local associations will have to look to their laurels, or have the relay honors go abroad.

Edisons and St. Marys. Edisons and St. Marys wind up the local baseball season this afternoon at the island, when they play the final game in the city amateur championship series. Hickey and Tolley and Downs and Downey will be the batteries. The game will be called at 3 o'clock. There will be a special twenty-minute ferry service.

SATURDAY MORNING, OCT. 22, 1910. PROFITS AND RAILROAD CAPITALIZATION.

Railway magnates openly declare their right to accumulate huge surpluses out of road earnings. This, of course, can only be done by charging heavy freight and passenger rates, which equally, of course, are paid by the public customer. The great question on this side of railway policy is what should be done with these surpluses collected ultimately from the people. If they were properly dealt with they would be returned to the people, or if that be impossible, they should be devoted to the improvement of the service and the reduction of traveling and freight charges.

Professor Ripley in an article which recently appeared in The Atlantic Monthly clearly explains the nature and effect of this official policy. "After liberal dividends have been currently declared," he says, "and all the risks of bad years have been insured against the stockholders' sole right to the balance would seem to be neither absolute nor clear. Or, otherwise stated, the stockholders' right to a maintenance of the existing rates is called in question."

All this has become plainly apparent at the enquiry now in progress by the interstate commerce commission of the United States, consequent on the attempt to increase all round the freight rates charged by the western railroads. The witnesses, officials high in authority, who have been interrogated, have had to admit that they consider that surplus profits employed to improve buildings and equipment justify additional capitalization, and they have also admitted that the profit between the issue and the market price goes to the stockholders. In effect this means that "undue surpluses have been transmogrified into undue capitalization, thus giving to original theft the quality of permanency."

FOREST CONSERVATION. No branches of the work devolved upon the conservation commission are of greater importance than those that have to do with water powers and forests. Water powers are necessarily continuous in their nature. Forests are not, but can be made so by careful husbanding. For this latter reason the safeguarding of Canada's forest resources is an absolute duty, all the more imperative since immediately south of the line is planted a nation of nearly 100,000,000, and rapidly increasing, whose timber supplies have been wastefully depleted and whose needs are growing ever greater. It is not surprising that in these circumstances United States manufacturers and consumers of wood products are turning with longing eyes to the forest reserves of the Dominion.

In his address to the Empire Club on Thursday, Mr. Clifford Sifton, chairman of the Canadian Conservation Commission, showed himself keenly alive to the situation as it now presents itself, especially as regards the country's forest wealth. Danger to our forests comes in two forms—wasteful methods of utilization and fire. The States have suffered chiefly from willful destruction; Canada, as yet, fortunately, has had to regret only the lack of efficient fire protection. The commission hopes to remedy this, but the time has come, too, for regulating the harvesting of forest lands and for securing that Canada's timber wealth shall be employed in developing national industries. This has been done

RECIPROcity NEGOTIATIONS.

Canadian free trade organs wax eloquent over the movement in the United States for tariff reduction. They never tire of picturing the hardships which the high tariff of that country inflicts on the mass of the people, and to it they attribute in large measure the extent of the insurgent revolt within the Republican party. More than this, they confidently anticipate that the growing volume of public sentiment against the present tariff will compel considerable reductions at no distant date. Yet, holding these views, they at the same time support a reciprocity agreement, which to be of any practical account must assume the existing schedules as the basis for negotiation.

President Taft is naturally and necessarily anxious about the future of the Republican party. It was handed over to him strong and confident, although, no doubt, held within itself the living seed of the discontent, which threatens to split it in two. His failure to fulfill the official pledge that substantial tariff reductions would follow a Republican victory, and his alliance with the reactionary element gave insurgency its opportunity. It is not only possible but probable that the president's anxiety over the adjustment of a reciprocity treaty with Canada is directly traceable to the internal troubles of his party and to the hope that it will, to some extent at least, pacify the popular call for tariff reduction. Canada ought not to allow herself to be utilized in this way. It should be made a condition precedent to the negotiation that the United States tariff be lowered to a parity with the Canadian, and further, that it be understood that the only basis of negotiation is equality of benefit.

THE MAKING OF CITIES. Talking the other day to the Baracca class of the First Baptist Church at Calgary, on the making of the ideal city, the Rev. F. W. Patterson of Edmonton urged that now was the time for the young cities of the Canadian West to build themselves on a definite plan and so avoid the mistakes made by older centres. Incidentally he declared himself as a strong advocate of publicly owned utilities, greater hygienic instruction in schools, municipally owned hospitals, strict legislation to maintain the public health, and stringent punishment for breaches of sanitary ordinances. This kind of advice is of great value at the present stage of western progress, and it is good that there are public men in these new communities who are alive to the requirements of the future.

At the international conference in London on town planning, Mr. W. H. McLean, the municipal engineer of Khartoum, in the remote Sudan, gave an account of the new city rising on the banks of the White and Blue Nile, which may well make envious the dwellers in the western hemisphere. Victoria-avenue is 150 feet in width, while Khedive-street, which crosses it, is 150 feet wide. The other main streets are each 120 feet wide, and the secondary thoroughfares each 80 feet. Fifteen feet of the width of all footpaths is contributed by the owners of abutting properties, who are, however, permitted to build arcades over this portion, a valuable concession in that torrid region. In the neighboring and crowded City of Omdurman, vast improvements are in progress, and it may afford an example to proprietors nearer home to know that the natives thoroughly realize their value, and even before it becomes necessary, hasten to build on the new alignment as soon as it is set out.

Admiral Bridge pays tribute to Canadians' heartiness in singing the national anthem. Evidently he has never seen them hustling from a theatre as the orchestra strikes it up.

"NEW" METROPOLITAN CHURCH

Great Improvements Have Been Made—Re-opening on Sunday.

For the past twenty weeks the congregation of the Metropolitan Church have been worshipping in Massey Hall while extensive repairs and improvements have been made to their church edifice, which was dismantled on Monday, May 23. A flight of marble steps now adorns the entrance to the church, and the vestibule floor has been covered with white marble tiles. The walls and ceilings have been cleaned and decorated with graceful stencil work giving the vestibule a cathedral-like appearance.

On entering the auditorium one notices that great improvements have taken place. The old steps leading into the pews have been done away with, necessitating the laying of a new floor. This has a slope of some 18 inches from rostrum to entrance, bringing the pulpit in plain view of those at the back of the church. The pews have been re-arranged with a centre aisle, covered with a noiseless cork carpet, and the whole interior of the church has been tastefully decorated.

The comfort of the members of the congregation seems to have been uppermost in the minds of those to whom the task of renovating the church was entrusted. Not only has new oak seating been provided, but the old hot-air heating apparatus has given place to a new system of steam heating and new ventilation shafts have been constructed; the lighting system has been entirely transformed and the church has been piped for gas to serve in case of emergency. The foundations of the building have been strengthened, a new drainage system has been installed, while the basement has been lowered and a concrete floor laid.

The estimated cost of all these alterations is \$35,000. The trustees of the church are responsible for the foundation, the basement, and the new lavatories, but the cost of the improvements from the floor of the church upwards has been borne by two generous and devoted members of the congregation. Services in the Metropolitan Church will be resumed on Sunday morning when the Rev. Prof. T. B. Kilpatrick, D.D., of Knox College, will preach, his evening service will be at seven o'clock instead of at 7.30, as formerly, and will be conducted by Rev. S. P. Rose, D.D., pastor of the Sherbourne Street Methodist Church.

Before Riddell, J. Meekins v. Meekins.—J. G. O'Dono-

shue for solicitor. F. McCarthy for client. An application under C.R. 1129 by a solicitor, Martin A. Malone, for a charging order on a fund in court and upon certain land for his costs. Judgment: Plaintiff to have claim against defendant in respect of a trust deed. An action was brought and at the trial he admitted that the deed had been claimed to be fraudulent and void had been prepared by his own solicitor. A reference was made to the master at Hamilton to take the accounts under the trust deed. The master found that the defendant had \$306.52 of the plaintiff's in his hands. By order on further directions the defendant was allowed to retain his solicitor and client costs out of this sum, and he was ordered to recover the property to the plaintiff and to pay the balance of the sum of \$306.54 to the plaintiff. The solicitor applied for a charging order, and an order was made that defendant pay the balance of \$290.39 into court, and the deed be retained by his solicitor pending taxation of solicitor's bill, which was referred to the master at Hamilton for that purpose. The costs of this order reduced the fund in court to \$212.82. The solicitor's bill was taxed at \$436.75. In the conflict of testimony I am bound to hold that the plaintiff has not met the onus cast upon him. Upon the material before me I must hold that the solicitor has made out the case for costs and may add the costs of the present motion to his costs as taxed. An order will go for the payment out to him of the money in court with any accrued interest to be applied for to the plaintiff, and he will be declared to have a charge upon the land referred to for the balance. If any special or further order be required I may be spoken to.

Re Armstrong.—F. W. Harcourt, K.C., for infant. Motion on behalf of infant for an order authorizing payment of money to infant. Order made.

Schneider v. Schneider.—A. Cohen for purchaser. H. S. Price for plaintiff and one/defendant. Motion by purchaser at a court sale for a vesting order and for possession. Motion adjourned until 25th inst.

Re Cramer.—C. G. Jones for inspector of prisons and public charities. Motion by the inspector of prisons and public charities for an order for payment of money out of court. Order made.

Re Niagara Lumber Co.—T. F. Battle (Niagara Falls) for creditor. J. E. Nages for the company and for liquidator. Motion by creditor for a winding up order. Order made. J. D. P. Rothwell appointed interim liquidator. Reference to master at Welland.

Re Fox.—F. W. Harcourt, K.C., for infant. Motion on behalf of infant for an order for payment of \$50 out of court for maintenance. Order made.

Stavert v. Holcroft.—A. C. Macdonnell, K.C., for plaintiff. J. G. Smith for defendant. Motion by plaintiff for judgment for an order for payment of defendant for unsatisfactory answers on examination. Reserved.

Ferris v. McMurrich.—F. Arnold, K.C., for defendant. F. Aylesworth for plaintiff. An appeal by defendant from the order of the local judge at Windsor. Order made striking out paragraphs 4 and 5 of local judge's order. Defendant to file defence within three days. Costs of this appeal to be disposed of by trial judge or by the local judge in chambers.

Re Forcott Contracting Co.—J. A. Macintosh, for a creditor. J. W. Payne for the company. Motion by creditor for a winding-up order. Order made. J. P. Langley appointed interim liquidator. Reference to J. S. Cartwright, K.C.

Mulligan v. Doyle.—J. E. Day, for defendant. Kearwin (Day & Co.), for plaintiff. Motion by defendant for an order striking out statement of claim. Motion refused. Statement of defence to be delivered by 24th inst. Costs in cause to plaintiff.

G. T. Max Morrell.—F. Aylesworth, for owner. F. McCarthy, for the railway company. Motion by the owner for an order appointing an arbitrator in proceedings under the Railway Act, motion made appointing Sidney Adams arbitrator, etc.

Single Court. Before Johnston, J. Re Henderson and Watson.—J. M. McEvoy (London), for applicant. T. G. Meredith, K.C., for the township. An application by James Henderson to discharge by No. 208, passed by the Council of West Nisour, for the purpose of raising upon the rateable property of the township a certain sum of money for the purpose of building and maintaining a continuation of the street of the township of Ontario. The effecting of No. 208, sec. 4, is to continue all districts which were in actual operation for three months before the passing of the act in question. All districts not organized and actually maintaining schools were suffered to perish as the result of the repeal of the former legislation. To attribute any other meaning to the expression "existing in fact" would be to render the statute meaningless. It is intended to contrast the actual living working districts from those that exist "in law" upon paper or as a matter of theory only. The intention was to have a clean slate and start anew with the real as distinct from the imaginary, as well as to remove any stigma attaching to the origin of the survivors. Motion dismissed with costs. The money paid in will be applied in payment of these and the balance returned to the applicant.

Cost of Appeal. Before Moss, C.J.O., in Chambers. McCarthy v. McCarthy.—J. G. Smith, for plaintiff. F. Aylesworth, for defendant. Motion by plaintiff to dismiss defendant's appeal for want of prosecution. Enlarged until the first day of the November sittings. To be disposed of then according to position of appeal.

Wilson v. Hicks.—H. S. White, for plaintiff. W. Proudfoot, K.C., for defendant. Motion by plaintiff for an order extending time for giving security, delivering case and reasons of appeal. Order made extending time. Security to be given on or before 22nd inst. Appeal to be entered for hearing in due course at next sittings, unless appeal to be dismissed with costs. Costs of this motion to defendant in any event. Balance of motion to be spoken to on 14th November.

People Who Work Indoors With Their Hands

Seamstresses, watch-makers, artists, draughtsmen, and many others, cannot properly handle their tools with cold, stiff hands. Many a lost hour or two on cold winter mornings results from the delayed heat of furnace or stove. The Perfection Oil Heater in a few minutes gives the temperature that assures the worker warm hands and pliable muscles. The Perfection Oil Heater is absolutely smokeless and odorless. It has a damper top and a cool handle. Indicator always shows the amount of oil in the tank. The filler-cap does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the front by a chain, and cannot get lost. The burner body or gallery cannot become wedged, because of a new device in construction, and consequently it can always be easily unscrewed in an instant for reworking. The Perfection is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental. Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the Queen City Oil Company, Limited.

DISOWNED BY RELATIVES

Insane Woman is Not Wanted by Canada or United States.

NIAGARA FALLS, Ont., Oct. 21.—(Special)—Chief Kimmins this afternoon learned the facts in the case of cruelty to Miss Madge Cochrane, a young woman whose mind is unbalanced.

The New York City police a week ago arrested Miss Cochrane on a vagrancy charge. She told them she was born in Paisley, Ont. She was turned over to the immigration authorities at Ellis Island, after being pronounced mentally unbalanced by the police surgeon.

The immigration department sent the woman to Canada in charge of the matron. They entered Canada at Bridgeburg, but the matron failed to report to the Canadian immigration authorities upon entering the country.

At the home of her relatives in Hamilton, Miss Cochrane was refused shelter. Miss Cochrane told her keeper she once lived in Niagara Falls, and the couple then entered Canada, where the matron awaits instructions.

Mrs. Maude Washington, who was shot by an unknown man Wednesday night, was conscious for a few minutes to-day. Her mind is blank.

The body of an unknown woman, apparently nearly sixty years old, was found this morning in the river below the falls. A portion of the body is missing from the hips down.

Athletic Records at McGill. MONTREAL, Oct. 21.—At the annual sports of McGill University, held to-day at the M.A. grounds, two universit records were broken and one equalled.

Dowie and McDougall were the record breakers. Dowie's record in the 100 yards race was 16 1/2 seconds, 7 1/2 inches better than the record of 1904. McDougall won the 100 yards in 17 1/2, equalling the record made by J. D. Morrow six years ago.

Dowie made a 4-way race of the 120 yards hurdles event. Dowie struck one of the hurdles, but this will not prevent the record from standing, also it would do so according to rules in the intercollegiate sports.

Major Geary will extend welcome, refreshments will be served in the main corridor. Three thousand invitations will be issued.

Dr. Harley Smith announced that requests had come in from forty churches that they would be filled by Y.M.C.A. men on Sunday, Oct. 30. Only accredited delegates will be admitted to the ground floor of Massey Hall during the convention, the galleries being open to the public.

Reports Received by Committee on Arrangements Most Cheering

That the International Y.M.C.A. Convention which opens here next week will be the greatest in history was the jubilant feeling which pervaded the committee on arrangements which met in Central Y.M.C.A. last night, when reports of sub-committees came to hand.

Over 1000 applications for hotel accommodations have been received, stated John Turnbull, who predicted five times that number later on, while G. Tower Ferguson reported that the requests for financial assistance were being met through the city in a gratifying manner.

Arrangements for the formal reception of the delegates at the city hall on Friday, Oct. 23, were reported after the reception in the council chamber, at which the lieutenant-governor, Sir James Whitney and Mayor Geary will extend welcome, refreshments will be served in the main corridor.

Three thousand invitations will be issued.

A branch postoffice will be established in the hall and telephone and telegraph services installed.

TORONTO HUNT KEEPS THE GOV.-GEN.'S CUP

Bilberry and Viking Run 1-2, But High Flyer of No. 1 Team Does Not Finish.

Does Not Finish.

Apart from the stiff breeze, the weather was ideal for the second running of the cup presented by the Governor-General of Canada for hunt or military teams of three at three miles. A year ago Toronto brought the trophy from Ottawa.

The hunt and Viking teams were the only ones to start the race, and the local gentlemen in pink repeated over the course at the Halfway House yesterday afternoon.

There was a distinguished attendance, including his excellency and party from Ottawa. It was a true sporting gathering, and a goodly number of spectators.

There was no admission and no prize save the cup.

The automobiles began to gather shortly after two o'clock when Mr. Bob Montgomery sent the field of nine away, Viking, High Flyer and Bilberry showing at the first jump.

Frank Proctor stayed there right to the finish, except when Sweeter cut the corner, leaving the cornfield, and went at a jump at a dangerous angle, which he negotiated.

However, Sweeter's lead was momentary, and the No. 1 pair started about four o'clock when Mr. Bob Montgomery sent the field of nine away, Viking, High Flyer and Bilberry showing at the first jump.

Lord Percy (in hunt attire), Earl Grey and Capt. Douglas Young as interested spectators.

memory of men still young that era passed away.

"Kipling said that there are certain places where you may see almost everybody that has made any mark in the world—such places as the verandah of Shepherds' Hotel in Cairo; the Buez Canal; the steps of the National Gallery in London; certain hotel rotundas in New York and San Francisco.

"With your Algoma Central Railway completed, and your other undertakings launched, the Sault will well aim to one day be counted one of these crossing places," said Mr. Hanna. "No one can look at the map of America and fail to recognize the destiny of this neck of land. Standing at the junction of the two largest inland seas of the world; witnessing the passing of a waterborne trade more than equal to that of the Suez Canal, and so on, it is not surprising that the railroads can cross between 15 degrees of longitude, it needs no one here to predict the possibilities of the future."

McGill Not So Sure. MONTREAL, Oct. 21.—(Special).—When McGill held Toronto to a 10-0 score in the first game of the Intercollegiate series, it looked like a safe bet that McGill would win in the return game here, scheduled for to-morrow. Injuries to players, however, have to some extent demoralized the McGill squad, and with four of the players who put up the hard fight in Toronto missing, McGill's chances do not look so bright. It is a case of McGill being comparatively weaker and Toronto at least as strong as when the teams met last time. The score will depend a good deal on how the McGill backs acquit themselves. Toronto University has averaged a sure, faster lot of back-field players in the last few years than any club in either the

Interprovincial or the Intercollegiate. They will probably outpace and outrun the McGill ball division. McGill followers look to the wing line to outpoint Toronto's forward division, and they will probably do so. Their work will not count for a great deal, however, unless the backs play steady, if not brilliant, football.

RACING IN THE RAIN AT LOUISVILLE AND PIMLICO

Prince Gal Wins Churchill Downs Handicap—Pimlico Steeplechase for Duffield.

WHO PAYS THE DUTY?

You or our foreign competitor? You pay. About that there is no room for doubt. And it's more than likely you believe in the necessity of the tariff. But—of what earthly good is it if you pay the duty? The foreigner laughs at duties imposed by our government as long as you are willing to cash up. Take beer, for instance.

Salvador

The Famous National Drink

is the purest and best beer brewed on this continent. The formula and entire process of brewing "Salvador" is a secret and absolutely controlled, on this side of the Atlantic, by Reinhardt's of Toronto.

Beer, almost as good as "Salvador," is brewed by the big American brewers and sold in the States at exactly the same price as "Salvador" in Canada.

But—when you order an American beer in Canada there's 34% extra to pay—the duty—plus extra freight charges.

Is it rational to pay that duty—when you can get a better beer at the normal price? "Salvador" beer is rich in flavor, sparkling and charged with invigorating properties.

Cure Your CATARRH Now!

Take it in hand at once. If you don't get rid of Catarrh now, in the fall, there's certain peril ahead, for you'll meet the extreme cold weather coming with your system terribly weakened and underrunning. Remember—if you keep on neglecting Catarrh, later on it's sure to mean danger—disease—perhaps Death itself.

It's a horribly loathsome disease—Catarrh. It makes you an object of disgust to your friends—how they're usually too kind to tell you so. As a matter of fact, your hawking and spitting and constant nose-blowing fairly make them sick. They turn away nauseated by your foul, fetid breath. Such things hurt you tremendously, not only at home, but also with outsiders—with the people you meet in daily life.

But Catarrh is more than a loathsome trouble—it's a fearful danger to you. People make a terrible mistake in saying "Only Catarrh." It isn't "Only Catarrh's" CONSUMPTION, if you don't stop it in time. Once the minute, abnormal mucus is formed in the lungs, there's no home whatever for you. You're doomed to a Consumptive's grave—there's no escaping it.

Cure your Catarrh now before it becomes Consumption. Don't be discouraged if other doctors or the widely advertised so-called "Catarrh Remedies" have failed to help you. Seek aid at once from one who thoroughly understands all about Catarrh and its cure. CRIPPEN STOOD 4 HOURS OF SHARP QUESTIONING

Maintained Composure and Was Flippant at Times—Can't Explain Presence of Buried Flesh.

LONDON, Oct. 21.—Dr. Hawley H. Crippen, accused of the murder of his wife, known to the theatrical profession as Belle Elmore, matched wits today with Richard Muir, one of the cleverest criminal lawyers in England. Crippen was under cross-examination for practically four hours. Throughout that time he was the personification of coolness.

The defence, as soon as Dr. Crippen left the stand, began examining various medical experts, each of whom swore, without qualification, that the alleged scar found on the piece of flesh in the Crippen home was not a scar, but a gland formed on the skin, yet such a growth had formed on the alleged scar. Barrister A. A. Tobin immediately thereafter began addressing the jury for the prisoner. King's Counsel Muir replied to the jury to-morrow morning, and Lord Alverstone, the lord chief justice, who is presiding at the trial, will charge the jury immediately after lunch.

When Crippen was escorted to the witness-box today, he rested his elbows on the railing, clasped his hands and looked enquiringly about the court room. Mr. Muir, losing no time in preliminary questions, asked Crippen whether he had seen or heard anything of his wife since early on the morning of February 1. He replied in the negative, and in answer to further questions that he could not prove any fact showing that she left the house alive. He supposed that she had gone to Bruce Miller, her professional acquaintance, who lives in Chicago.

and dress herself as a boy?" asked Muir.

"Have I not just explained to you, I explained to her what the statement involved, in describing, as it did, that she had lived with me, and that there was a man named about it, and her folks would turn against her. I also told her that Dew had said that there would be trouble for me if I did not produce Mrs. Crippen, and the only way was to go to another place where we would be alone, and could start a new life. That is all I told her."

Referring to the card upon which Crippen had written his attention to the police at Quebec, counsel asked Crippen whose idea it was that should be written, and Crippen said, "The quartermaster suggested to him that he must leave behind something to show that he was going to jump overboard."

A Mysterious Note.
Crippen said the quartermaster spoke to him July 20 just behind the captain's cabin, and in the afternoon he handed him a letter in the wheelhouse in which he said that the man knew the man who he (Crippen) was, and that the police would arrest him at Quebec. If he liked, however, he would stow him away and smuggle him ashore at Montreal. The letter was signed "Crippen," and the quartermaster took it away from him directly he had read it. "He seemed afraid to trust me," added Crippen.

During the four hours on the stand Crippen did not lose his composure, but he was deathly pale when he left the chair and appeared on the point of collapse.

Addressing the jury Mr. Tobin reviewed the evidence at length, contending that in view of the conflicting testimony of experts, it was impossible for the jury to find a verdict of guilty.

He said that it was inconceivable that if Crippen murdered his wife and mutilated her body that he should invite Miss Leneve to sleep in the house with her, and that he should go to the night of Feb. 1 in which to dissect the body, bury the flesh and get rid of the head and limbs. He must have seen the risk of such a visit as Miss Leneve's.

After the Quartermaster.
Regarding the non-appearance in court of the quartermaster of the S.S. Montrose, counsel said that the man would be rendered liable to a charge of impeding the police if he corroborated the testimony of Crippen, to the effect that the quartermaster and he had arranged for the pretended suicide of the doctor.

Christmas in England.
The bookings to England this year promise to be as heavy as ever, if one is to judge from the number who have already engaged their berths.

Most of the lines are putting on their big, fast steamers for the Christmas trade, and are filling very rapidly. People who have traveled before, are, as usual, reserving their passage a long time ahead, and, consequently, are getting the best berths.

A. F. Webster & Co., general ticket agents, will be glad to make the necessary arrangements for intending passengers.

Broke Into Sweetheart's House.
Frank Pringle, a painter, 28 years of age, was arrested yesterday by Detective Montgomery, charged with breaking into the house of his sweetheart, Lillian Pink, 28 Trinity-square, where she was in jail, and stealing clothes and jewelry.

CAUSE AND CURE OF RHEUMATISM

Due to Impurities in the Blood—Cured by Dr. Williams' Pink Pills.

The most noticeable and immediate result of rheumatism is a marked thinning of the blood, and in no disease does it develop more rapidly. Not only does the blood become weak, but it is soon filled with impurities, which the different organs of the body have been unable to throw off. One of the most harmful of these impurities is uric acid, which is formed from the waste products of the body. In health it is readily passed off by the kidneys with the help of oxygen from the red corpuscles of the blood. When the system of this acid and it is retained in the blood and distributed to all parts of the body. The weak back, pains across the neck, and thin, watery, highly colored secretions, which follow, show that the acid is already in the blood and often leads the sufferer to think he has kidney trouble. If the disease is not cured, the impurities in the blood can never be cured, and the sufferer will always be subject to attacks, whenever exposed to damp or cold. With each return, the attack is more severe and more complicated, and the sufferer is obliged to use of habit-forming drugs to relieve pain.

It is readily seen that the only way to cure rheumatism is through the blood. Dr. Williams' Pink Pills afford such a treatment, as they contain all the elements necessary to build up the blood. They increase and purify the carrying capacity, enabling the kidneys to pass the uric acid from the body and the other organs to do their work. In cases of rheumatism arising at its root and permanently cured. Dr. Williams' Pink Pills are absolutely free from all habit-forming drugs, and are not an experiment as the following case will show.

W. W. Studley Lewis, Pilot Mound, Man., says: "I am a firm believer in Dr. Williams' Pink Pills and always keep some by me in case of need. A few years ago, while on a boat, I suffered much with rheumatism in my arms and shoulders that I had the greatest difficulty in writing on the blackboard, and after trying a number of remedies without benefit, I was almost in despair, and felt inclined to abandon teaching. But one day I happened to pick up one of Dr. Williams' almanacs, and read of the cure of a number of severe cases of rheumatism through the use of Dr. Williams' Pink Pills. This decided me to give the Pills a trial, and I had in fact much better in the course of a few weeks more the pains and stiffness had all left me, and I had no more difficulty in doing my work. I cannot say enough in praise of Dr. Williams' Pink Pills for they and they alone cured me of my rheumatism."

HYDRO-ELECTRIC LINE PIERS SOLID AFFAIRS

Quick Construction, is Another Feature of Work That is Going On in Parkdale Just Now.

Altho scarcely two weeks have elapsed since the contractors commenced work on the construction of the hydro-electric transmission line across Humber Bay, over the city's property at the foot of Dowling-ave. and on thru the exhibition grounds to the transformer station at the foot of Strachan-avenue, a great deal of progress has been made.

In company with F. A. Gaby, assistant engineer of the hydro-electric, a World man went over the ground yesterday. Starting from the transformer station, along Strachan-ave. to the eastern entrance to the exhibition grounds, the concrete footings for all the towers have been completed. These footings are like piers, four to a tower, and stand fifteen feet out of the ground, or when the lake is reached, fifteen feet out of the water. The position of every tower has been located, and, save in the case of half a dozen towers between Dufferin-st. and Dowling-ave., the forms or moulds for casting the footings are all placed ready for the concrete.

Work Day and Night.
As the time is short before severe frost is likely to come, every effort is being made, with a good chance of success, to have the concrete work finished early in November. A staff of about 200 men are busy, working in three shifts night and day. A large amount of equipment has been procured and

gasoline burners are employed where electric illumination is not available. The concrete footings for each tower are no small affair. Each footing contains 64 tons of concrete, making 250 tons for every tower. The forms rest on a bed of planks and are sunk into solid rock. Into the rock eight steel rods are driven, around which the concrete settles, tying the mass together. At each corner, the towers are bolted to a bed plate by two long steel bolts, which are securely fastened into the concrete base, and this is protected against the action of the ice by a steel angle bar.

The towers used are of a special design. The height of one hundred feet will enable the wires to be strung to give a clearance of over fifty feet above the houses, and over thirty feet above the large telephone poles. Special precautions are being taken to provide for wind pressure, and the specifications have been drawn up to give a safety factor of ten times the actual strain.

Expensive Footings.
The footing of each tower will cost about \$2000. In the exhibition grounds the base of the towers will be decorated with designs wrought in staff, which will relieve the bare concrete and steel.

The towers, as placed, will be no impediment to the construction of the pier wall. They are located in a position that will bring them on the boulevard, when this is constructed, between the driveway and the lake promenade. The linemen are near the Humber, ready to carry the wires on to the towers as soon as they are in a position to receive them.

DUNSMUIR ISSUES WRIT AGAINST WM. MACKENZIE

Puts Forward Claims Aggregating Million Dollars, Arising From Sale of Collieries.

VICTORIA, B. C., Oct. 21.—(Special.)—James Dunsmuir has brought suit against William Mackenzie of Toronto on claims which will aggregate in the neighborhood of a million dollars.

The trouble arises out of the recent sale of the Dunsmuir Coal properties to William Mackenzie. It appears that the transaction was completed June 17 last, on which the price fixed, \$11,000,000, was paid, and the property duly

Dr. McTaggart's vegetable remedies for the liquor and tobacco habits are healthful, safe, inexpensive home treatments. No hypodermic injections, no loss of time from business, and a certain cure. Consultation or correspondence invited.

ROSEDALE REALTY DEAL.
The property at No. 7 Beaumont-road, belonging to the F. B. Polson estate, has been sold to a Vancouver party for \$15,000, or at the rate of \$150 a foot. This is a record, or nearly a record, price for residential property in Toronto. The lot is one of the finest in the city, facing the northern end of Rosedale Ravine and overlooking the Don Valley.

TWO SHOPLIFTERS ARRESTED.
Florence Meade, 128 Rose-avenue, and Mary Slevert, 135 Seaton-street, were arrested yesterday in the Eaton store by Detectives Twigg and Sockett, charged with shoplifting. They admitted stealing two handkerchiefs and a shirt which were found on them.

A MOTHER'S ADVICE TO OTHER MOTHERS

Mrs. Nicholas Breaux, Rogersville, N.E., writes: "I can highly recommend Baby's Own Tablets to all mothers whose little ones are constipated. I gave my little girl the Tablets and I gave my little girl the Tablets and she sleeps well, eats well, is fat and good all the time. I am really delighted with the Tablets and I always keep them in the house and as soon as my little girl becomes troubled or feverish I give her the Tablets and she is soon well again. Please send me another box for they are the very best medicine I know of for little ones." The Tablets are sold under a guarantee to contain nothing injurious to even the youngest child. Sold at 25 cents a box by all medicine dealers or from The Dr. Williams' Medicine Co., Brockville, Ont.

"FEEL IT YOUR DUTY"

To Give You a Statement In Regard To 'Fruit-a-tives'

Hardwicke, Miramichi, N.B., Jan. 17th, 1910.
"I feel it my duty to give to you and the world an unsolicited statement in respect to the wonderful cure I received by taking 'Fruit-a-tives.' Chronic Constipation was the complaint I suffered with for years. My general health was miserable as a result of this disease, and I became depressed and alarmed. I was treated by physicians without the slightest permanent benefit, and I tried all kinds of pills and tablets but nothing did me any good.

"I saw the strong testimonial in favor of 'Fruit-a-tives' by New Brunswick's Grand Old Man, the Hon. John Costigan, and I knew that anything he stated was honest and true, and given only to help his fellow-men. I tried 'Fruit-a-tives' and the effects were most marvellous, and now I am entirely well from all my Chronic Constipation that I suffered from for many years. My general health is once more excellent, and I cannot say too much to express my thanks for the great benefits derived from taking 'Fruit-a-tives.'"

A. G. WILLETON.
'Fruit-a-tives' is not gotten up by druggists or expert chemists—who know nothing about disease and the needs of the human body—but is the scientific discovery of a well known physician, and is the only medicine in the world made of fruit juices.

AT THE THEATRES

"The Arcadians"—Princess Charles Froelich's production "The Arcadians," has been a success for many musical comedy successes, but in the latest of his musical productions it is said that he has given the public a musical comedy which has real music, refreshing humor, magnificent costumes and a finely balanced cast and company, which should prove a welcome relief after such a season of the tawdry Broadway song-smiths and trashy vaudeville comedy.

The story of "The Arcadians" is as follows: James Smith, a London restaurant keeper and amateur actor, falls from his aeroplane into the grassy glens in Arcadia and the simple folks of this land of imagination welcome him. He is caught telling a fib and he is ducked in the "Well of Truth." He comes out transformed as a youth and they call him "Simplicious." These strange people have never heard of London and when Smith describes the city, they conclude to go there with him and try to reform the city.

The second act takes place at the Arcadian race-track. Smith as Simplicious is invited to ride a horse whose viciousness has pretty nearly crippled all the jockeys near London, but he rides and comes out a winner, thus saving Jack Meadows, who is in love with the beautiful Ellen, his fortune and the right to marry her. Smith in his garb of Simplicious has been able to disguise his identity. Mrs. Smith falls in love with Simplicious who is her husband, but he does not know it now. She agrees to open an Arcadian restaurant in London if Simplicious will go there.

The third act takes place in the Arcadian restaurant, with Sombra and Chrysea, two of Arcady's fairest maidens. Simplicious and Peter Doody, the reformer jockey, and the other two of London's fashionable set are attracted by the novelty of the new restaurant, which gives an opportunity for good action of the play. Charles Froelich's production of one week, with matinees Wednesday and Saturday.

"The Third Degree" Coming.
Among the coming attractions at the Princess Henry B. Harris production of "The Third Degree," here week of October 31, is expected to receive an unusual endorsement. In the volumes of favorable criticism that have been devoted to the cleverness of Charles Klein in writing the play, as well as the cast and production, almost everything in the form of compliment has been uttered. The author is said to have displayed a wealth of originality in his choice and treatment of the theme of the story, which depicts a method of police investigation and its resulting evils on present social circles.

"The Yankee Girl"—Alexandra.
Blanche Ring will come to the Royal Alexandra Theatre Monday night when she will inaugurate a week's stay in Toronto in "The Yankee Girl." This is Miss Ring's first visit to Toronto in many seasons and the brisk demand for seats for her engagement would seem to prove that local theatregoers were eager to welcome her back warmly. In "The Yankee Girl" Miss Ring has recently terminated a lengthy and prosperous run at the New York Herald Square Theatre.

At the Majestic Theatre.
Malone, Jacob and Co., comprising ten clever performers, will be the headline attraction of next week's vaudeville bill at the Majestic Theatre. Among those on the bill are: Hummel and Brown, the "Elite Entertainers"; Raymond and Scanton, refined singers and dancers; Howell and Barlow, comedy equilibrista, who perform hilarious feats on a perpendicular ladder; Rice and Rice, a classy sister team, who promise an unique performance, and McCartney, a monologist. In addition, there is a special feature, the "Elite Entertainers." Four performances are given daily at popular prices.

At the Gayety.
The press agent of the Gayety Burlesquers, who are booked to appear at the Gayety Theatre next week, is announcing his attraction—merely stating that it is a revelation in the line of extravaganza. The production of the "Bowers," entitled "Too Much Leases" is more apt to be a high-priced entertainment than a vehicle for a "popular" play-house. Not only are the scenic embellishments equal to the best seen on Broadway, but the entire make-up of the production indicates that originally it was not built for the burlesque stage.

The play itself is a conglomeration of mistaken identity and extremely funny situations arise in the general mix-up. Ben James, who for many years has been identified as the "Bowers" trump card, and Lizzie Freigh, the fascinating leader of extravaganza, will again be seen in the principal characters.

A travesty of the famous courtroom scene in "Madam X" will be the special feature. Thirty beautiful young women represent the chorus.

"The Yankee Doodle Girls"—Star
When "The Yankee Doodle Girls" Company appears at the Star Theatre next week, it will be seen that the organization is one of the strongest ever sent out by T. W. Dinkins, the astute producer and manager. They are presenting two rollicking burlesques entitled "An Irish Boy" and "On the Road," the latter laid in an up-to-date Pullman palace sleeping car, which has been especially built for this production, and is sure to cause a great deal of comment for its elaborateness. The musical numbers have been staged by a well-known producer, all of which are of a most original character. An elite of strong vaudeville acts is also presented, including the "Tons, comicalians; Dixon and Collins, dancers; Valveno and Lamore, European comedians; The Gladstone Sisters, and the "The Big Show." One of the prettiest things ever seen on a stage will be "The Congress of Nations," El Korah, "La Mysterie," is also a feature.

The New Theatre Company's Director.
To command the greatest dramatic institution in the country and to make this the greatest success inside of one year—this is the program of the new company. Ames-director of the New Theatre. The results of Mr. Ames' labors will be seen at the Royal Alexandra Theatre, Oct. 23, when the New Theatre Company will appear in modern and classic dramas.

Winthrop Ames is the kind of man who was born to command and direct. He is a student at Harvard who has gained considerable prominence for his activities in the famous "Hasty Pudding Club." He directed several of the ventures of this organization. When he left college he devoted himself entirely to a study of the drama. Blessed with a large personal fortune he applied himself to study and research. He spent several years in Europe, and made a special study of the Comedie Francaise and the famous "Theatre de la Renaissance." Returning to Boston he leased the Castle Square Theatre, and for four years conducted it as the model stock company theatre of the country. Mr. Ames' labors will be seen at the Royal Alexandra Theatre, Oct. 23, when the New Theatre Company will appear in modern and classic dramas.

admission would not go a third of the way toward covering the expense, so the proceeds will be practically all to the furtherance of the Good Cheer Society. Sir Mortimer Clark, Hon. Dr. Pyne, Hon. Mr. Hanna, Mrs. R. A. Falconer, Mrs. Cavocka, Mrs. and Mrs. (Dr.) Harrington, besides other patrons are taking an active interest in the matter. The program includes the names of Arthur Blight, P. Redfern, Hollibaugh, St. Elizabeth Campbell, the Toronto String Quartet and the 49th Highlanders' Band.

"Checkers" Coming.
The famous racing play, "Checkers" will be the offering at the Grand Thanksgiving week, opening with a special holiday matinee Monday, Thanksgiving Day.

Thanksgiving Concert.
A rare Thanksgiving and Halloween program will be presented at the grand popular concert to be given in Association Hall, corner Yonge and McGill-streets, Monday evening, Oct. 21. The leading attraction will of course be the readings of Jessie Alexander, who will give some old favorites and one or two selections not given in Toronto before. The assisting artists will be Miss Rachel, a chequer, violinist, Rhyn Jarnison, baritone, and Miss Violet Grote, a noted pianist from the Royal Academy of Music. The plan will be opened at Northheimer's on Tuesday night.

Emilio Gogorza Coming.
The music lovers of Toronto will be pleased to learn that Signor Emilio Gogorza, the great baritone, who was here last March with Madame Emma Eames, will give a recital at Massey Hall on Tuesday, Nov. 22.

Generous Gift for Muskoka Consumptives.
A pleasant aftermath of the summer season at Muskoka is in order. The plan for Miss Ethel Cocking's recital opens at Mason & Risch's warehouse, 23 West King-st., on Friday next, 23rd inst.

The Progressive Thought Club will meet to-night in the Forum Building, Yonge and Gerrard streets, at 8 o'clock. A. Belcher is to lecture on "The Holy Grail," followed by discussion. The public is invited.

Family Cured of Eczema By Cuticura Remedies
"The Cuticura treatment has absolutely cured me and my family of eczema which I, my wife and two-year-old child had for months. It started with small pimples on the head of my child, and it was not long before I and my wife got the same. Our heads were one mass of sores, we could not sleep and the itching was terrible. We tried different kinds of ointments and medicines but it did us no good and so it began to break out on our bodies until a friend who had the same trouble told me about Cuticura. Of which I used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and I was surprised. After the first few days our heads began to heal and in two months we were absolutely cured of this terrible eczema."

Invitations have been issued by the Toronto College of Music for their annual concert which will be held in Massey Hall on Wednesday evening, November 10.

Good Cheer Concert.
No amount of pains or expense is being spared to make the "Good Cheer" concert in Massey Hall on Monday evening a success, for in the opinion of Miss Theora Carter, the founder of the movement, the recognition of the concert by the people of Toronto means much for the local branch of the society. The concert is purely of a philanthropic character. The low price of

SCHOOL MEDICAL INSPECTION
Journal of Medicine Says Board of Health Should Govern.
The Canadian Journal of Medicine for November, in an editorial headed "Should the medical inspectors of Toronto's public schools take orders from school boards?" says in part: "We were never aware, till recently, that physicians were ever expected to take instructions from nurses. Such, however, is the position in which Drs. MacMurphy and Graham now find themselves, unless they have self-respect enough to promptly step down and out."

Variety Alumnae Dance.

PEASE "ECONOMY" BOILER
California weather in every room the cold winter months
"Economy" Boilers combine comfort with low cost. They give out nothing but pure, clean heat, making every nook and corner of the home liveable and enjoyable. "Economy" Boilers put new life into old houses, and are the heart of the most modern heating system for new buildings. Easy and safe to operate, "Economy" Boilers embody special advantages which insure the greatest volume of heat from the smallest consumption of fuel. The frep, being corrugated, has one-third more live heating surface than ordinary firepots. This also provides a continual draft, insuring lively combustion where coals lie dead under the ordinary smooth interior—another proof of the perfection of "Economy" Boilers before investing in any heating system. \$30,000 OFF VALUATION OF UNION STATION SITE

Grand Trunk Pays on Assessment of \$575,000—Electric Light Shareholder's Protest.

The Grand Trunk railway will pay taxes on an assessment of about \$575,000 on the Union Station. It was so decided by the court of revision yesterday.

At the last quinquennial assessment, the value of the site on which the depot stands was fixed at \$30,000 an acre.

Real estate values have been availing, however, since then, and in consideration of the prices at which property in the vicinity has been changing hands, the city assessment department raised the assessment to \$50,000 an acre.

E. Donald of Montreal, tax and land commissioner for the railway, saw numerous reasons why this should not be so.

"Every time a sale is made of land in the neighborhood, we get the benefit of it," he complained. He pointed also to the advice being given the public by the C.P.R. to avoid the crush at the Union Station by entraining at the North Toronto depot.

This was not calculated to boost the value of the former station, he contended. Before the next five years had passed, the new station would be under way and this fact would reduce very largely the value of the present station site.

The court perceived force in the arguments sufficient to cause \$5000 an acre to be struck off. As there are almost six acres, the reduction is about \$30,000. The assessment of \$375,000 on the building was confirmed, making a total of \$375,000.

Victim of Power Policy. Because the hydro-electric policy adopted by the city had depreciated the value of his holdings of Toronto Electric Light Company shares, so that he had to mortgage his house to prevent being "wiped out," J. McCaffrey, a clerk in the customs house, objected to being taxed on the income he derived from the shares.

Mr. McCaffrey is assessed on \$1900 on income, \$1200 being salary, and \$400 dividends on electric light stock. He is exempt to the extent of \$1200, being a householder, leaving \$700 to be levied upon.

The appellant stated that he had bought 50 shares some years ago on margin. Then had come the cheap power movement, and a slump in the market "blue of the shares. Rather than lose all, he had put a mortgage on the house, and with the proceeds, bought the shares outright. It required \$420 a year to pay interest on the mortgage, and the \$400 did not quite cover the item. Mr. McCaffrey didn't think it fair that the city, which has forced him into the position, should tax him on his dividends, but was told that, under the Assessment Act, he had no redress.

Perseverance Pays. The persevering qualities of Louis Gurofsky enabled him to obtain a concession. He was appealing against the assessment on his house and land at 51 Simcoe-st., namely \$4000 on the land, and \$2500 on the house. He declined at first to state how much the property cost him, and the court ordered the next case. Mr. Gurofsky cover the item. Mr. McCaffrey didn't if he bought a lot on Richmond-st., and erected a little building in which to convert Christians to Judaism, he would get exemption. Then he announced that the property had cost

Street Lighting Policy. The board of control will consult Alex. Dow of Detroit, who is acting in an advisory capacity in the construction of the city's electrical distribution plant, as to whether the erection of street lighting poles should be rushed. Controller Ward pointed out that about 12,000 poles are needed. Mr. Dow will be here Monday. The plan is to place them on the city's poles are costing the city \$5 cents on opposite sides of every residential street at a distance apart of about 100 yards.

CANADA'S FAST CRUISER WELCOMED AT HALIFAX

Niobe is Enthusiastically Greeted and Captain and Crew Presented With a Number of Addresses.

HALIFAX, Oct. 21.—The Canadian cruiser Niobe, fresh from England, came up to the mouth of the harbor this morning and was met there by Admiral Kingsmill, who went on board and hoisted his flag.

Ever since the memorable arrival here on June 21, 1749, of His Majesty's sloop of war Sphinx, with Honorable Edward Cornwallis, bringing his commission as captain-general, and governor-in-chief of the Province of Nova Scotia, Halifax has had intimate and agreeable relations with the naval service of the empire.

When it was determined by His Majesty's government to establish a permanent settlement on the shores of the harbor, special encouragement was given through advertisement in The London Gazette to officers and privates, then lately discharged from the navy, to settle in these parts.

In succeeding years and until recently it was the principal station of the sea forces of Great Britain in North Atlantic waters. It is fitting, therefore, that the "Niobe," the first ship of the permanent naval force of Canada, should signalize her arrival in the Dominion by coming to Halifax.

We hope to see you often in this port. On behalf of the citizens, I bid you welcome. We feel that you will always maintain the noble traditions of your service, and we wish you all every prosperity and success.

(Signed) J. A. Chisholm, Chairman of Committee and Mayor of Halifax.

Sir Wilfrid Laurier, who had been invited by Mayor Chisholm, chairman of the celebration committee, to visit Halifax, sent a telegram of regret and of good wishes.

Immediately after the visit of the civic committee, Hon. Mr. Brodeur, minister of marine, and Mr. Desbarats, deputy minister, went aboard and were received with a salute of seventeen guns.

About 2 o'clock Governor MacGregor, General Drury and others went aboard, when addresses were presented and replied to. At this time also, the silver plate, given to the ship by the Province of Nova Scotia, was formally presented by the governor.

THE POWERS AND PORTUGAL

Why There Was No Intervention.

PARIS, Oct. 21.—The Temps publishes an interview with Senor Teixeira de Sousa, former premier of Portugal, who says that while the king and his cabinet were aware of revolutionary feelings, nevertheless the ministers voted that if a rising occurred they would not ask for foreign intervention, because that would be humiliating, and also because they were convinced that any power intervening in Portugal would decline to retire.

Papal Nuncio Recalled.

600 IN THIS DELEGATION

Will Present Western Views to Dominion Government.

WINNIPEG, Oct. 21.—(Special.)—Arrangements have been made by which 600 to 650 delegates, representing the organized farmers of Canada, will meet members of the Dominion Government, and of parliament, at Ottawa, to present their claims on tariff question and on other matters in which the agricultural classes are interested.

The executive of the Manitoba Grain Growers' Association has issued a call to each of 200 local associations to appoint one or more members of this delegation. Similar action will be taken in Alberta and Saskatchewan. The delegates are expected to meet at Winnipeg and proceed in two special trains to Ottawa.

THE GRAND TRUNK PACIFIC

Offers for Sale Lots in First Subdivision to the Original Townsite of

Watrous

The geographical centre of the great and growing Canadian West—The centre of the finest farming section in all Saskatchewan—The most attractive town of this new Golden Empire—The Central Divisional Point of the Great Western Provinces on the Grand Trunk Pacific Railway—In direct line between Regina and Prince Albert, and will be on line of railway when built between these two cities—The terminus of the branch line of the Grand Trunk Pacific to Prince Albert.

HOW MANY LOTS IN WATROUS DO YOU WANT?

Are YOU going to purchase some lots in Watrous, and take advantage of the big increase in value which is practically sure to take place in this live and growing city in the next two or three years? Or are you going to procrastinate—hesitate—put off the matter until later on?

The money YOU make in Watrous will be through the ownership of lots YOU ACTUALLY PURCHASE, and not on the lots which you INTEND TO PURCHASE. Remember, "He who hesitates works for the other fellow."

Later on, when Watrous is one of the important and rapidly-growing cities of Western Canada, and real estate which is close in commands high and constantly increasing prices, will YOU then be pointed out as one of those who took advantage of a live opportunity, or will you be one of those who lament their conditions and discuss what "might have been"?

Will the opportunity now presented in a couple of years when lots in Watrous command high prices, be to you like "water that has passed over the mill-dam"? You cannot make a mistake if you buy lots in Watrous. It is a Central Divisional Point on a great Transcontinental line of railway, surrounded by rich agricultural territory and located near the banks of Little Manitou Lake, which will bring tourists by the thousands to Watrous to avail themselves of the benefits afforded by this wonderful medicinal water.

Being a Divisional Point on a great line of railway is usually alone sufficient to make a city of considerable importance, but Watrous, on account of its natural advantages and strategic position, would be an important inland city even if it were not a Divisional Point.

An investment in real estate in Watrous offers a splendid opportunity for large and certain profits. And no line of investment during the last few years has been so safe and shown greater returns than an investment in lots in the rapidly-growing cities of Western Canada.

History DOES repeat itself, and it is usually safe to judge the future by the past. Therefore, it will be well for you to ponder over this fact: The C. P. R. was the first of the great Transcontinental lines of railway.

Suppose you had purchased a few years ago lots close in at \$100 in any of the Western Divisional Points on the C. P. R. Your investment would have been safe and certain right from the start, and it would have been constantly and rapidly increasing in value.

Note the Divisional Points on the main line of road of the C. P. R. running west from Winnipeg, Brandon, Moose Jaw, Swift Current, Calgary, Medicine Hat, Revelstoke. If you had purchased lots in any one or all of these Divisional Points, when conditions were similar to those in Watrous to-day—when these young cities were about two years old, had a population of 1500, and choice inside lots could be purchased at \$100 each—there could be no doubt about the wisdom of your investment, which would likely be worth to-day not less than \$10 for each dollar you invested. This opportunity, however, was presented a few years ago, but is now a thing of the past.

You now have the same opportunity in Watrous that was presented in these Divisional Point cities on the C. P. R. The Grand Trunk Pacific is the latest and destined to become the greatest of all the Transcontinental lines. Traversing as it does a great and rich territory, there can be no doubt that the Divisional Points on the G. T. P. will in a few years be cities of equal size and importance with those on the C. P. R.

But let us carry this comparison a little further. Of the Great Western Provinces, Moose Jaw is the Central Divisional Point on the C. P. R., while Watrous is the Central Divisional Point on the Grand Trunk Pacific. Moose Jaw is now a city of 15,000 population and growing rapidly. It is but a few years since Moose Jaw was no larger than Watrous is to-day, and choice lots, close in, could have been purchased for \$100 each. However, lots which sold in Moose Jaw a few years ago at \$100 are to-day worth from \$1000 to \$2000, and they are advancing in price rapidly, just as the price of lots is advancing in practically all of the Western Canadian cities.

You can buy lots to-day in Watrous, close in, splendidly located, for \$100, and in five years these lots in Watrous should be worth at least as much as the same kind of lots in Moose Jaw to-day.

The "Ten Thousand Club" of Watrous is made up of the leading business men, and it is their ambition for Watrous to have 10,000 population by 1914. With a population of 10,000 in Watrous, lots which we are offering to-day for \$100 will easily be worth \$1000.

\$100,000,000 WAS MADE LAST YEAR

By Those Who Own Property in the Live and Growing Cities of Western Canada

WHAT PORTION OF THIS DID YOU MAKE?

From the most accurate figures obtainable, it is found that the assessed valuation of real estate in the live and growing cities of Western Canada last year increased more than \$100,000,000. This does not include improvements, but the actual increase in value of real estate in these cities. The Winnipeg Free Press, securing its figures from "records which have been gathered directly from original sources," finds that in eight Western Canadian cities the increase in real estate values of land alone, and not improvements, for the past five years has averaged 562 per cent., or an average annual increase of 112 per cent. for each of these cities during the past five years.

What Do These Figures Indicate? They indicate that an investment in the live and growing cities of Western Canada is as safe and sure as anything can be, and that your investment is almost certain to make you 100 per cent. profit each year.

What Does This Mean to You? It means nothing unless you participate in the profits, and you can do this only by buying real estate in these young and vigorous Western Canadian cities. The time to buy is when a new city has passed through the "seasoning" stage—when it is in the formative period—when its natural resources and strategical position assure the building of a big city, along broad lines.

Watrous has all the natural advantages that any new city could wish, and, in addition, is destined to be one of the most popular health resorts of all America.

Little Manitou Lake—"The Carlsbad of Canada"

THE WINNIPEG TELEGRAM, speaking editorially of Watrous and its wonderful mineral lake, has the following: "Little Lake Manitou, on the G. T. P., is beginning to receive the attention to which the wonderful medicinal properties of the water of the lake so well entitle it. The Indians called the lake Manitou, which means 'good spirit,' owing to the healing qualities they found the waters possessed. It is said that Indians came to this lake from hundreds of miles round, and on the shores are still to be seen circles of stones, which mark the Indian encampments. Though it is probable that the Indians for years have availed themselves of the curative powers of the waters of this lake, it was not until the building of the G. T. P. had caused the Town of Watrous to spring into being two years ago that the remarkable medicinal value of the waters of the lake began to be generally realized.

The power of these waters to cure rheumatism, eczema and skin diseases has been so positively and strikingly demonstrated as to attract considerable interest. Those who visit the lake are unanimous in declaring Little Manitou Lake as the coming Carlsbad of Canada. A chemical analysis of the waters of Little Lake Manitou shows considerable resemblance to the medicinal waters of the world-famous Carlsbad, which has for so long maintained the highest reputation. The beneficial results obtained from bathing in Little Lake Manitou are so positive that the good effect is beyond doubt.

What the Hon. Wm. Pugsley Says: "Hon. William Pugsley, Minister of Public Works for the Dominion of Canada, hearing of the fame of the lake, paid it a visit and bathed in its waters. The honorable gentleman, when interviewed at Watrous by one of our reporters, stated: 'I am not an authority on the medicinal qualities of water, but this I can say: Bathing in Little Lake Manitou is particularly pleasant; there is a property about the water that imparts a pleasant glow. I am somewhat troubled with rheumatism, and I am quite certain bathing in Little Lake Manitou has been very beneficial to me.'

Consider Watrous has a good future, the lake is a valuable asset to Saskatchewan, and it will become a resort patronized not only by people from all parts of this country but also from points in the United States. I have visited health resorts in California and England. Little Lake Manitou is unique.

"Yes, it is true we have bought four lots on the shores of Little Lake Manitou; my brother (Dr. P. A. Pugsley) intends to take treatment here for rheumatism, from which he suffers."

Where Anyone Can Swim. "The specific gravity of the water of Little Manitou Lake is 1.06. This is .04 heavier than the waters of Carlsbad. The human body cannot sink in water of this specific gravity. People who elsewhere have given up all hope of swimming, find it easy to swim in Lake Manitou."—From The Winnipeg Telegram, July 30, 1910.

Buy Lots in Watrous and Make Money

The more lots you buy in Watrous, the more money you will make. It is impossible to purchase lots in a live and growing young city of Western Canada and not make splendid and certain profits.

Lots in Moose Jaw that sold a few years ago at \$100 each are to-day worth from \$1000 to \$3000.

Lethbridge a few years ago was a small frontier town. Lots in Lethbridge now command fancy prices; \$10,000 to \$12,000 is sometimes paid for single lot.

Lots which sold in Saskatoon ten years ago for \$100 are to-day worth ten to fifty times that amount.

You could have purchased lots in Edmonton ten years ago for \$100, which are to-day worth \$1000 to \$10,000.

Those who purchased lots in Edmonton ten years ago are now possessors of property worth 1000 per cent. more than the price at which it was originally purchased—an average increase in value of 100 per cent. each year.

In Fort William the same rapid advance in values has taken place. Lots which sold at \$100 to \$200, even five years ago, have since sold for \$1000 to \$2000.

It is almost impossible to chronicle the rapid advance in property in Calgary, Regina, Winnipeg, Vancouver and other cities of Western Canada.

Buy lots in Watrous now while they are selling at the ground-floor prices, and hold them, and you are certain to make money. Buy a half-dozen or more lots, ride the wave of advancing values; \$10 for every dollar you invest is common in live towns of Western Canada.

Think what it means for the population of Canada to increase from six millions to thirty millions, and 80 per cent. of this growth will be in the West. There is no use living in a day of land and opportunity unless you are part of it. You doubtless have among your friends and acquaintances those who have shown their faith in Canada and the Canadian cities, and have become rich because they invested when these cities were young.

Buy lots and prosper with Canada. Buy in Watrous, and as Watrous grows the money you put into it will grow just as surely and certainly. Invest your money where the greatest activity is taking place, in the centre of rapid growth, where the greatest advances are realized. This centre is undoubtedly in Watrous, and Watrous is the pivotal point. You are taking no chances when you buy lots in Watrous at present prices. The future of Watrous is assured.

SATURDAY AND MONDAY

Last Chance to Buy Lots in the PARSONS ESTATE at the Old Prices and Terms

\$4 TO \$15 PER FOOT--\$10 DOWN, \$5 MONTHLY

Prices Go Up Monday Night, October 24th

LOCATION

These lots are the last 133 lots from an original 900 offered for sale a year ago this spring. They are located in a very desirable section, with a good surrounding country, good neighbors, good soil and good water, near cars, store and church. Near Canada Foundry and other factories. See the lots at north end of Dufferin street.

ATTRACTIONS

These lots are beautifully situated, where a wide view is had not only of the city and on a clear day the lake, but the surrounding country east and west. There is an institutional church on the property, for which plans are made, comprising reading rooms, bath rooms, gymnasiums and day nursery. There are relief societies organized for the poor and sick, and the community is inspired with a strong spirit of mutual help and loyalty.

PROFITS

Buying a lot in the Parsons Estate is a profitable investment. There would be money in it for anyone to buy lots there even at a higher price than we propose to raise the price to after Oct. 24th. So it is especially advisable to buy before that date and secure the additional profit value of \$1 to \$2 per foot. A person buying 50 feet would immediately be the owner of property worth \$50 to \$100 more than he paid for it. Scores who bought lots here have sold again at a very handsome profit. The same can be and will be done by many who are buying now.

COME AND SEE THE LOTS SATURDAY AFTERNOON

HOWITT BY ACCLAMATION FOR JOE DOWNEY'S SEAT

Joel Marvin Briggs Was Almost Nominated to Create Contest, But Neglected Necessary Formality.

QUELPH, Oct. 21.—(Special.)—J. Ranson Howitt was at 1 o'clock this afternoon declared elected by acclamation member for South Wellington for the Ontario Legislature. Howitt, who attempted to carry out his threat to contest the riding, he did succeed in getting two citizens of Guelph to sign his nomination papers, but when he presented the document to Returning Officer Col. W. W. White, his nominees were not present, and so the returning officer refused to accept his nomination.

Mr. Howitt and Thomas McCarry of Renfrew both addressed a meeting in the court house this afternoon. The new member expressed his pride at being elected a member of the Whitney administration, pointing out how the present government had kept every promise it had made to the people in the beginning, telling of its prison reform work, the smashing of the school book ring and its efforts along the lines of securing good roads and cheap power for the province.

Mr. Briggs said a few words, but declared he would not make a real address until the meeting had been opened with prayer by some minister of the Gospel. The audience treated Mr. Briggs in a joking way, and he left the meeting an irate man.

Fish Starving to Death.
From the Indianapolis Star.
The report has reached George W. Mites, state fish and game commissioner, that the fish in Tippecanoe Lake are dying by the thousands. Dead fresh water herrings are said to line the banks.

It was thought first that the garfish were killing them, but an investigation disclosed they are starving to death. Six years ago the state fish and game commissioner stopped netting and the herring have multiplied so rapidly that the lake is now literally alive with them. Their food supply is exhausted. They always remain in the deepest places and do not seek food along the shores or in shallow places. They cannot be caught with hooks and Mr. Mites may be compelled to permit netting under strict regulations in order to preserve a limited number of the fish.

HAD AN IMMENSE PLAN

But Leaves Edmonton With Police Enquiring After Him.

EDMONTON, Alta., Oct. 21.—(Special.)—The local police are looking for H. E. S. Davin of Pittsburg, on several charges. Davin is the alleged representative of the Great American Industrial College. Three weeks ago he landed in Edmonton and asked the city council for a permit to erect an eight-story fireproof building, to cost a million and a half. He said he was here for the purpose of opening negotiations to establish a great industrial college to cost \$4,000,000, to consist of 14 buildings, the whole having a frontage of 1000 feet. In addition there would be about fifty trade shops, each one being a small industry, where practical work would be taught, the college to occupy 1200 acres. According to the promoter, the college would accommodate 1500 students, boys and girls, who would be received for instruction and boarded without charge, the college to be self-supporting through revenue obtained from the marketing of products of apprentices.

Davin left town last Monday without paying two board bills, draftsman's bill and several other items. According to papers found in his valise, the man has been operating at St. Paul, Minn., and Great Falls, Mont. He offered shares at ten cents each, but did not succeed in selling many here.

Supt. McQuaid of the Pittsburg police says the college is a "figment of imagination put forward by a man unknown in Pittsburg. He is either a crank or a criminal promoter. Six months ago the same man with the same proposition was reported to us by a small western town, with the same press agent story."

Clive Phillips-Wolley, orator, poet, ranchman, enthusiastic imperialist, naval expert, and sportsman, will address the Empire Club on Wednesday next.

Sir Wilfrid Laurier will vote in the by-election in Drummond and Arthurs in which Bourassa is taking an interest.

CHILD PLAYING IN ROAD IS KILLED BY AN AUTO

Four-Year-Old Edwin Spence of Manning-avenue the Victim—Chauffeur is Arrested.

Edwin Alexander Spence, 4 years old, 735 Manning-avenue, was instantly killed, and Whitney Argue, 6 years, 737 Manning-avenue, was severely cut about the head when they were struck by a large touring car while they were playing in Manning-avenue, near their homes, yesterday afternoon at 4 o'clock. A short time later, C. Jeffries, the chauffeur, 718 Manning-avenue, who drives for Dr. Macchell, 95 Belle-rue-ave., was arrested by Detective Murray upon a charge of criminal negligence.

The accident occurred before the agonized gaze of the mother of the lad, who was killed. The lads were playing with a little wagon in the roadway in front of the Spence home, and were pushing the wagon when the machine came south. It was not going fast, but was almost upon the children before the man at the wheel, who was alone, appeared to notice the children. He tried to stop, but could not bring the big car to a standstill.

Dr. H. Wales was called. He dressed the injuries of young Argue, while the body of the other boy was taken to the morgue.

The mother, who saw the accident, is prostrated. She was just looking out of the window to see that her boy was safe when the accident happened. He was the youngest of three children.

Coroner Clarke will hold an inquest next Wednesday night.

Human Electricity.
We call attention to an ad in another column announcing the sixth visit of Mr. Andrew McConnell to the city to deliver lectures on his system of self-treatment by Human Electricity. The reports that come from remarkable cases among the three hundred and fifty students who have taken the course within a little over one year, show that it is making good. Mr. McConnell teaches that the vital force is Electricity. Ill-health is the depletion of the electricity in the body. Good health is the production of more electricity. He teaches how this is done. If he is on the right track it means much for humanity. It is worth looking into.

"The company is prepared to bind itself to abide by the decision of a board of arbitrators as to the value of the plant if the city is also prepared to do so."

So said H. H. Macrae, manager of the Toronto Electric Light Company, last night, when asked on what terms the company would meet the board of control on Monday at 11 a.m. to negotiate as suggested in Mr. Macrae's letter last week. The company notified Mayor Geary yesterday that while Geo. T. Blackstock, K.C., could be

present on Monday, he would not be able to attend on a later day, and the board acquiesced in the arrangement. Sir Henry Pellatt, the president, is on the way to England, and will not be back for three or four weeks.

Asked whether the proposed arbitration would concern itself alone with the physical value of the plant and take no account of the outstanding stock and bonds, Mr. Macrae replied that only the plant itself would form the basis of valuation.

CITY HALL FOR WINNIPEG

Council to Consider Two Million Dollar Scheme.

WINNIPEG, Oct. 21.—(Special.)—The germ of an agitation for a new city hall is still working here. The proposal is for a structure involving an immediate expenditure of \$1,000,000, and an eventual outlay of \$2,000,000, and is to come before the city council at its next meeting.

A movement is on foot to change the present system of giving discounts on tax payments. The claim is that thru this method large sums are wasted annually, and that the burden is unfairly placed.

Weak Men! Wake Up!

IF YOU ARE NERVOUS AND RUN DOWN MY ELECTRIC BELT WILL CURE YOU

IT CURES NERVOUS MEN,
CURES NERVOUS WOMEN,
CURES STOMACH TROUBLE.

Dr. McLaughlin's Electric Belt has rescued thousands of men and women during the past year. Have you not heard your neighbors speak of it? There is not a town or hamlet in the country in which

Dr. McLaughlin's Electric Belt

has not restored health to someone. Write me. I will send you the names of some of those who are anxious to let anyone know just what my Belt has done for them—not that they wish to make themselves known, only out of gratitude for what I have done for them, they are willing to share their knowledge with you. I believe that the best argument which can be afforded in praise of a curative remedy is the word of those who have tried it and who say: "It cured me."

RHEUMATISM AND WEAKNESS CURED.

Dear Sir:—Your Belt has been a boon to me. The emissions have ceased. My Rheumatism in the shoulder has gone. I must say that I feel that life is now worth living. The most noticeable thing is the blood; it seems to have increased very much in circulation. Before using the Belt, if I took a swim in the lake I very soon got cold, but now I am in the water every morning about 6 o'clock, and don't feel the cold at all. I think your Belt will do all you claim it will, and then some more. I remain, yours truly,
A. D. ROFFEY.

If you haven't confidence in electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case, and you can

PAY ME WHEN YOU ARE CURED

The Dr. McLaughlin Electric Belt is a cure for all signs of breakdown in men and women. The vitality of the body is Electricity—the force in the nerve cells. My Electric Belt will give you back this power, and enable you to fight on in the battle of life.

Now, if you suffer, do not lay this aside and say you will try it later. Act to-day—NOW.

SAYS THAT BRITISH NAVY IS NOT READY FOR WAR

No Department in English Government to Frame Plans of Conflict—Need of Admiral Staff.

Altho the British public maintain an admiralty and a navy reputed the finest and strongest in the world, and spend some forty millions a year on their fleet, no organization in this country yet exists to settle how that navy is to be used in time of war.

In other navies special departments exist, known as admiral staffs, general staffs, or naval war staffs, for the special purpose of determining how these various fleets shall be employed in war.

A Body Without a Brain. For want of this organization the British navy has been compared to a body which has no brain. The comparison is a little unjust to a noble service.

For want of this organization the British navy has been compared to a body which has no brain. The comparison is a little unjust to a noble service.

That it should have been discussed, instead of being laughed indignantly out of court, is proof that there is something wrong with our ideas of naval war and the teaching of strategy.

Yet the principle which shines forth like a sun from the operations of all past wars is that you must destroy the armed forces of the enemy all other things shall be added to you.

Beresford's Charges. A third piece of evidence that there is no clear idea among naval officers as to the use of the fleet in war is given by the report of the cabinet committee which last year examined the charges brought by Lord Charles Beresford.

WHY DON'T YOU OWN A HOME? IN ALEXANDRA GARDENS?

Alexandra Gardens is situated in North Toronto, on the West side of Yonge Street, on the highest point of land overlooking the City from any direction.

Surrounded by a well built up high-class residential section, there is no question as to the future of Alexandra Gardens. The Yonge Street gates are at Stop 19 on the Metropolitan Line.

It is just 30 minutes' ride north up Yonge Street from the corner of King Street.

Home Building Plan.

A limited number of lots will be sold on our Home Building plan. You select a lot in the Gardens—provide your own plans and specifications (or we will supply you with suitable ones)—you pay a certain amount down—we will have the house constructed for you to suit your taste—turn it over to you on completion—and you pay for it in reasonable instalments.

Saturday afternoon is visiting day at Alexandra Gardens. Take the Metropolitan car up Yonge Street and get off at Stop 19. The gates are opposite Victoria Avenue, North Toronto, and immediately south of Glencairn Avenue. Fifteen minutes' ride from C. P. R. tracks.

Highlanders Inspected. Annual Presentation of Prizes and At Home Last Evening.

With a strength of 50 more than any previous parade this year, the 48th Highlanders were inspected by Brig-Gen. Cotton last night in the armouries. The function took the usual form of an 'at home' to give the friends of the regiment an opportunity of meeting C.O. Lt.-Col. Robertson and his officers.

The Passing of a Famous Paris Restaurant. The sale of the Cafe Anglaise of Paris revives memories of a hundred years of famous banquets, writes Rowland Strong in Harper's Weekly.

You Can See How It Heals No question or doubt as to the healing power of Dr. Chase's Ointment.

To people who have used internal treatment in an effort to cure eczema it is almost beyond belief what benefit can be obtained by a few applications of this soothing, healing ointment.

There will be many who will hold that evolution is better than revolution. There is no reason why a war staff should not be fitted into the present admiralty, or why under the first sea lord, and responsible to him, should not be placed the various sub-departments required, each under a direct intelligence of foreign navies, operations, history, strategy, material, in its relation to war, war college, &c.

Varsity "Lit" Opening Night President Wilkie Gives an Address on Value of Oratory. The Literary and Scientific Society of University College held its first meeting last night, in Convocation Hall, when the new president, G. A. Wilkie, B.A., made his inaugural address. The program had included a valedictory by T. A. Russel, B.A., last year's president, and a speech by Dr. Macdonald, M.A., both of which had to be omitted owing to the inability of these speakers to be present. After Principles Hutton had opened the meeting Arthur M. Blight sang, "Hail to King George." The president's inaugural address followed. This was taken up with a consideration of the value of oratory plays in life. Mr. Wilkie dwelling especially upon its importance to the lawyer, the politician, and the clergyman; while the important services which the "Lit" could render to undergraduates was also emphasized. Principal Hutton read an address

UNIONVILLE WAS SCENE OF A GREAT MEETING

Unionville Was Scene of a Great Meeting—Toronto Presbytery Ladies Hold Convention.

UNIONVILLE, Oct. 21.—(Special.)—Never in the religious life of the village, carried on by the several denominational bodies centered here, has greater enthusiasm and interest been manifested than in the semi-annual meeting of the Women's Auxiliary of the Toronto Presbytery Society, held in the local Presbyterian Church here to-day.

The attendance was so large that a special coach, placed at the disposal of the Toronto ladies on the morning of G. T. R. train from the city, was utterly inadequate to accommodate them, while at the church in the afternoon, every available seat was occupied, and numbers were unable to obtain admission.

The chair was occupied at both the morning and afternoon sessions by Mrs. H. R. Horne, the president, and reports were submitted by Mrs. Rev. R. C. Tibb, treasurer, Mrs. Langstaff, secretary, and Mrs. Keith and Miss Bradshaw, associate secretaries.

An address by Mrs. Livingstone of the Deaconsess Presbyterian Home, hearing on the early work of the society in the Northwest, was intensely interesting.

This Man Is Young at 55 Years

He is a "Health Belt Man," therefore has the vitality and hot, red blood of youth in his veins. He towers like a giant above the ordinary difficulties of life—be a "Health Belt Man" yourself—It gives manly strength; it makes you young and keeps you young all the days of your life; it takes all the outward of your make-up—Let Me Give You of This Abundant Vitality, Then Nothing Can Ever Conquer You But Death Itself—100,000 Men Have Taken My Advice, Why Not You?

The secret of life-long youth may be summed up in one word—Vitality. If you have this great natural power in abundance years count for nothing. I use no drugs, I recommend none. Just the Health Belt. No privations, no dieting and no restrictions, excepting that all dissipation must cease. Put the Health Belt on nights when you go to bed; let it send its power into your nerves, organs and blood while you are sleeping. It gives you a great flow of soft, gentle, galvanic vitality electricity during the entire night. One application and you are like a new being; it takes all the pain and weakness out of your back; it makes you answer the morning greeting with "I'm feeling fine." It is a great strength builder; it overcomes the results of earlier mistakes and indiscretions; it gives you a compelling power, so that you are attractive to all women and men with whom you come in contact. Three months' use is sufficient. F. A. Clarke, Port Hope, Ont., writes: "I am a man again, thanks to you. Nothing can discourage me now."

I TAKE ALL THE RISK. All I want is a chance to prove to you the truth of my claims. Write to me, or call at my office, and you can arrange to get the Belt and pay for it when cured. If not cured, send it back. If you prefer to pay cash down you get a discount.

Let Me Send You These Two Books FREE. They fully describe my Health Belt, and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc. The other, "Strength, the Glory of Man," is a private treatise for men only. Both sent upon application, free, sealed by mail.

GROWN-UPS are apt to forget at times that boys hold communication with each other, in the matter of clothes, much as their fathers and mothers do. They know what store the other boys go to, and if they like the other boy's clothes, they'll surely steer their parents to the other boy's store, the next time a suit or coat is needed.

It is in some such way as this that our trade in boys' clothing has reached its present large proportions. It happened so many times the neatest boy in the class got his clothes at Simpson's, that the store is as well-known round the average class-room, as the corner sweat-shop.

It is our constant endeavor to hold the good name and reputation the boys have given us, by such Monday offerings as those mentioned below.

Every item represents honest clothing that will stand the average boy's wear and tear without a murmur.
