DEMORALIZED AIR
BRAKE RESPONSIBLE

Jury's Verdict—Over-
crowding and Exces-
sive Rate of Speed Were
Contributory Causes to
Death of Mrs. Deacon—
Several Recommendations.

The Verdict.
That Jessie Deacon came to her
death on Dec. 24 by being thrown
from and crushed under car No. 1502,
which was overturned at the corner
of King and St. Lawrence-streets, Tor-
onto. That said car was owned by
and operated by the Toronto Street
Railway Company. That the overturn-
ing of the said car was caused by:
(a) Being heavily weighted, due to
overcrowding; (b) By the excessive rate
of speed being caused by the failure
of the motorman to control said car owing
to the temporary demoralization of the
air brakes, the excessive rate of speed
being due to acceleration acquired by
motorman of the said car coming down
grade westward of intersection of
Queen and King-streets.

"We would strongly recommend that
the proper authorities take action at
once to regulate the number of passen-
gers allowed on the different types of
cars adopted by Toronto Street Rail-
way.
"We also do strongly recommend
that the switch at St. Lawrence-street,
facing westward traffic and all other
such switches except intersections be
provided with means to keep above-
mentioned switches safe to main line
traffic.

Recommend More Light.
"We also strongly recommend that
sufficient light be placed near St. Law-
rence-street switch to enable motorman
to ascertain the position of the switch,
so enabling the operator to control his
car.
"We also strongly recommend that
the said Toronto Railway Co. provide
printed rules and regulations for the
operation of the road, said rules and
regulations to be posted up and ac-
cessible to all motormen and conduc-
tors at any time.

"We, your jury, appreciate your ef-
forts and also the crown attorney in
supplying us with evidence, in detail,
in detail, to enable us to arrive at the
said verdict."

Deliberated Two Hours.
The jury was out two hours and 15
minutes, the coroner having finished his
address, placed the evidence in the
hands of the 12 men at 10.20, and it was
just 12.25 when they re-entered the
room. During this time all but half a
dozen of the spectators, including the
officers of the company and the law-
yers, made their way home.

Expert John Barry, who volun-
teered to give evidence regarding the work-
ings of air brakes, failed to enlighten
the jury to any appreciable extent. He
informed them that air brakes are
brought into commission by means of
compressed air. For an hour Crown
Attorney Greer and Coroner Graham
tried by all sorts of means to extract
some really vital information, but they
utterly failed. A sign of relief
popped over the entire room as the
coroner pronounced the evidence ab-
surd and a loss of time. Half an
hour afterwards relief came—Expert
Barry took a seat away at the back
of the room.

Coroner's Address.
In summing up the evidence Coroner
Graham pointed out that the witness
hears all witnesses in all. He emphasized
that the jury was empaneled to
bring in a verdict, but that Mrs. Deacon
was killed by being crushed under
car No. 1502. The mechanism of the
air brakes and other appliances was
explained as good as a brand new one
could make them. It had been taken
from the barns by Moore only a short
time before the accident occurred. This
should be kept in mind.

"More made the necessary steps up
to the top of the bridge and nothing
appears to have been wrong with either
motorman or car.
"The mode of instruction is very
primitive. Even the witnesses seem
somewhat at variance on some points.
"I think if these rules were printed it
would make them more binding.
"The car was crowded to great ex-
cess. The company has agreed that
the number of passengers should be
limited if the city will agree and I
know of no more opportune time than
now for those two corporations to get
together and agree upon this matter.

History of Trip
"Moore comes down King-street at
an excessive speed and passes the
white post without stopping. The
motorman said he knew that this
white post was a positive stop. The
I am not certain even yet what a positive
stop is and I think we should
not find the man to be wrong in pass-
ing this pole without applying his
emergency.
"Coming to the motorman's evidence
Moore must have either been mistaken
as to the rate of speed or in the dis-
tance he was from the switch at the
time he first saw it. I think Moore
came to Toronto yesterday morning
from Montreal, where he had run
away from home, after stealing enough
money from his mother to pay his rail-
way fare here.

King and Queen at Port Said

PORT SAID, Egypt, Jan. 17.—
(Can. Press.)—King George and
Queen Mary landed here to-
day and were met by Lord Kit-
chener, British agent to Egypt,
and other officials.
Their majesties held a recep-
tion for the native Shakhis,
visited Sidi Barrani, where they re-
viewed the Sudanese troops,
and returned here this evening
and re-embarked on the steamer
Medina for the homeward voy-
age.

WINSTON CHURCHILL

Whose determination to hold a home
rule meeting in Belfast is
causing a storm.

TO FREEZE OUT
HOME RULERS

Opponents Will Take Possession of
Hall in Belfast—75,000 Men to
Block Approaches.

BELFAST, Ireland, Jan. 17.—(Can.
Press.)—Arrangements made by the
Unionists to freeze out Winston
Spencer Churchill, first lord of the
admiralty, at his intended demon-
stration in favor of home rule, which is
to take place here on Feb. 8, include the
barricading of 5000 stalwarts inside
Ulster Hall some days in advance of
the meeting. They will have orders
to hold the hall against all comers.
Anti-home rulers are to be brought
in the city on special trains on the
day of the meeting and it is anticipated
that 75,000 of them will be available
for picket duty in order to block all
the approaches to Ulster Hall or any
other possible meeting place.

EDDYS CONSTRUCTING
HUGE NEW POWER PLANT

Present Buildings Will Give Way
to Modern Plant, Utilizing
All Water Available.

OTTAWA, Jan. 17.—(Special.)—Speak-
ing to a World correspondent, W. H.
Rowley, president of the Eddy Co.,
said today that there are to be great
changes and big improvements of the
water powers at the Eddy works at the
great Chaudiere Falls.

The power that now drives Eddy's
pulp and paper mills, saw mills, match
factories, mill shops, etc., as operated
at present, is the outcome of additions
to the plant when reconstructed ten
or twelve years ago after the Hull-Ot-
tawa conflagration, and of a constant-
ly growing business.

It was not contemplated when the
works were rebuilt in 1900, that the
company's business would so rapidly
increase, or that the output would be
so great so soon, nor was it expected
that the future requirements of power
would be so great as is now needed,
consequently, water wheels have been
added from time to time in the first
convenient places without so much re-
gard to ultimate results so long as the
factories got the power quickly and
where it was most needed at the time.

The whole power system is now to be
reconstructed so as to get the best re-
sults reasonable to be looked for to
secure a central, constant supply of
power for the needs of the company for
the next quarter of a century or more.

Building Power Plant.

Work has now begun on the re-
construction of new reinforced steel
concrete bulkheads and side walls to
surround and deepen the present fore-
bay, and supply greater head and more
water to the turbines.

A power house of such height and
strength as to utilize to the fullest ex-
tent, even at its highest floods, all the
water flowing on the north side of the
Ottawa river at the great Chaudiere
is also being built. In this way there
will be a general gain of 6 or 8 feet
of water when the waters of the Ot-
tawa are normal, and the full head
can also be had and used at the highest
pitch of spring water.

The present water wheels, some of which are ob-
solete, and some of which are old, will
be replaced and new wheels put in to
take every advantage of the increased
head.

The hydro-electric plant will have

MANY BURIED IN DEBRIS
AFTER GAS EXPLOSION

Five Families Caught in Burning
Wreckage of Cincinnati House—
Taking Wounded to Hospital.

CINCINNATI, Jan. 17.—(Can. Press.)—
An explosion of gas wrecked and set
fire to a tenement house on McLean
avenue, in this city, to-night. Of the
seven families who occupied the build-
ing, only two are accounted for, and
it is believed the others have been
buried in the ruins.
One hour after the collapse of the
building, the fire, which started in the
ruins, was subdued by firemen.
One body has been recovered, while
a woman and a child have been taken
from the debris and hurried to a hos-
pital. The dead man is Joseph Hoff,
Cries of the injured buried in the
ruins can be heard by firemen and
police who are making frantic ef-
forts to rescue them.

The building was a three-story brick
structure. Six families lived in the
house, but Edward Heckman, one of
the tenants, and his family were out
at the time of the explosion. In all
about eighteen persons were caught in
the collapse.

SHOT ON DOORSTEP.

GRAND VALLEY, Jan. 17.—George
Sime, while entering his house this
morning with a gun in his hand, slip-
ped on the step, causing the gun to
go off and inflicting such serious
wounds that he died in a few min-
utes.

Julian Eltinge Next Week.

Julian Eltinge, who comes to the
Princess next week in "The Fascinat-
ing Widow," has been known for some
little time as an extraordinary artist
in his particular and unique specialty
of doing things which would be im-
possible, various types of femininity.
He first discovered he had the faculty
of doing things when taking part in
amateur theatricals during his col-
lege days and it is now said that he
is the only real feminine impersonator.

Henrietta Grosman.

Opening to-night at the Princess, the
distinguished actress, Henrietta Cros-
man, will begin a short engagement
in "The Real Thing," a delightful
comedy, which comes direct from the
Elliott Theatre, New York, where it
where it was conceded to be one of the
biggest of recent Broadway successes.

CANADA NOT RIPE FOR
OLD AGE PENSION PLAN

Hon. W. T. White Considers
Government Annuities Fill
Present Needs—Burnham's
Resolution to Follow in
Britain's Footsteps Stirs Up
Debate on Important Question
of Policy.

OTTAWA, Jan. 17.—(Special.)—Old
age pensions formed the principal sub-
ject of discussion by the house of com-
mons this afternoon. The matter was
brought up by J. H. Burnham (W.
Peterboro), who moved a resolution
calling for a special committee of en-
quiry. He stated that only 80,000 per-
sons would be under the provisions of
such a scheme in Canada.

Hon. W. T. White was sympathetic
towards the object, but doubted the
wisdom of the inauguration of such a
system at the present time. He of-
fered government annuities as a sub-
stitute.
W. F. Nickle (Kingston) in his mad-
dened effort in the house lived up to
the reputation for clear and thoughtful
expression that he attained while a mem-
ber of the Ontario Legislature.

Owing to the centralization of indus-
try in the cities, he argued, a condi-
tion was being developed rapidly in
Canada, which had grown up gradually
in England. In the country for a man
who had become old and no longer able
to work there was always a bite to
eat and a seat by the fire, but condi-
tions in great cities were harder.
Individualism Dead.

"We have got beyond the days of
individualism," declared Mr. Nickle.
"This is the day of a so-called social-
ism. Not the socialism that takes from
a man what he has, but which guaran-
tees for every man a chance."
Dr. Clarke (Red Deer) was afraid
pensions would undermine the vitality
of the people.

"If you reject old age pensions in
Canada," said J. H. Burnham (W. Peter-
boro) in introducing the matter, "you
reject a modern, progressive, scientific
substitute for indiscriminate charity
and poor relief." The children's aid
movement had met with all sorts of
objections of similar character to those
which were being urged against old
age pensions. They said: "Why not
let the people alone?" and complained
that it meant spending a vast amount
of money. This objection ignored the
offset of relief from the enormous bur-
den of indiscriminate charity which
now rested on the people.

Only Thirty Thousand Eligible.
In Canada, said Mr. Burnham, no
more than 30,000 persons would come
under an old age pension scheme.
There were, of course, more than that
number over 70 years of age, but no
old age pensions system would com-
pensate payment to persons who were
not in need of it.

Such a scheme, he urged, could only
be worked adequately and without

WILL NOT EXPAND
S.S. SERVICE NOW

Canadian Northern's President
Says They've Been Talking
About Electric Road Mer-
ger, But Nothing Has
Been Done.

The completion of the Panama Canal
will likely play a large part in the fu-
ture development of Port Mann, the
new Pacific terminal of the C. N. R.,
according to Sir William Mackenzie,

day. Rumors of the proposed loca-
tion of different large manufacturing
firms in Port Mann have been confirm-
ed from time to time, and no doubt the
completion of the canal will have a

we should extend it considerably, but
we will do nothing at present, as we

the tunnel will give us an excellent en-
trance."

"The C. N. R. is doing exceptionally
well," stated Sir William, "and will no
doubt extend its business considerably
on the completion of the lines at present

crop was very large last year, and the
railway was kept very busy handling
its large share of the traffic. This year,
from all appearances, promises to out-
do last."
Continued on Page 8, Column 4.

BOARD OF TRADE FUNCTION.

Mr. R. S. Gourlay, the retiring presi-
dent, entertained his associates in
office, the mayor and board of control,
the harbor board and the city press at
the National Club last night. The
keystone of the talk was a bigger Tor-
onto.

DAWN OF PEACE IN CHINA
PRINCES BOW TO PEOPLE

Document on Which Settlement Depends is Ready and
Manchus Are Willing to Accept Terms—Dr. Sun Yat
Sen's Unwillingness to Accept Presi-
dency Only Drawback.

NANKING, Jan. 17.—(Can. Press.)—
It is believed that the negotiations
looking to a peaceful settlement are
approaching a conclusion. The formal
document has been drawn up for sig-
nature, and Tang Shao Yi has been ex-
changing telegrams with President Sun
Yat Sen. It is understood that they
have finally agreed concerning guaran-
tees.
Certain Republicans positively decline
to accept Yuan Shi Kai as president
of the republic in place of Dr. Sun,
but the former may hold the presi-
dency in the provisional government,
and, when peace is restored and the
constitution drawn up, Yuan Shi Kai
may have an opportunity to secure his
election. Dr. Sun, however, is per-
sistent in his determination to re-
turn.

The president-to-day declared that
he no longer had been contracted by the
Republicans.
Princes Give In.
SHANGHAI, Jan. 17.—(Can. Press.)—
Tang Shao Yi has received a telegram
from Peking that as a result of to-
day's discussions the Imperial princes
are unanimously in favor of the accept-
ance of the Republican terms. The
Mongolian contingent raised some dif-
ficulties which, however, are thought
to be surmountable. It is reported that
the Republicans hope now to raise a
loan in the United States on security of
various Wu Chang properties.
Five steamers with troops aboard are
lying at Woosung above Shanghai, un-
der orders to proceed to Chifu.

LEGISLATURE
OPENS FEB. 7

Premier Makes Announcement,
But Does Not Name Speaker
—Many Big Issues Will
Make Session Busy.

Wednesday, Feb. 7, is the date of the
official opening of the Ontario Legis-
lature. Sir James Whitney made the
announcement yesterday afternoon.
The premier did not give any intima-
tion as to who the new speaker will
be, but it is expected that the mantle
will fall upon William H. Hoyle, M.
L. A. from North Ontario. Mr. Hoyle's
home is in Cammington, and he has
been a member of the legislature since
1888. A lot of interesting legislation,
or would-be legislation, will be under
discussion at the coming session. Red-
hot arguments and rapid-fire pas-
sages-at-arms are anticipated. The
political issues before the two parties
in the recent election will be compar-
atively fresh topics for debate on the
floor of the houses. Among the ques-
tions that are to be threshed out will
be: Bilingual schools, the daddies of
'em all; the hydro-electric policy, the
No Temperance, temperance issues,
immigration, good roads and coloniza-
tion roads, and the bill to provide
compensation for injured workmen.
Looming up larger and larger as the
days go by is also the big question of
the development of New Ontario, a
proposition second to none in impor-
tance. To deal adequately with this
question there will have to be more
than politics. It will require states-
manship of the highest order.

NOVA SCOTIAN HONORED
IN CARNEGIE HERO FUND

Henry S. Martin Receives Silver
Medal and \$2,000 for Heroic
Rescue.

PITTSBURGH, Jan. 17.—One Cana-
dian's name appears in the list of heroes
and heroines who have received medals
and substantial cash donations from
the Carnegie hero fund as announced
to-night.
The recipient is Henry S. Moore, who
is honored with a silver medal and
\$2,000 for the education of his child-
ren.

Moore, aged forty-four, hoist opera-
tor, saved Neil F. Campbell, aged nine,
from drowning, Sydney, N.S., Feb. 7,
1911.
Moore broke thru the thin ice on
Sydney harbor as he crawled toward
Campbell, who, unable to swim, had
broken thru where the water was over
ten feet deep.
Breaking the ice for a distance of
fifteen feet, Moore swam to Campbell,
who was beneath the surface. He
caught hold of Campbell, who by this
time was unconscious, and swam to
the edge of the hole, but as he tried
to support himself the ice broke sev-
eral times. Finally an overcoat was
thrown to him and he and Campbell
were pulled to solid ice, and out of
the hole. Moore suffered no ill effects.
Campbell was revived.

SIR WILLIAM IS BUSY.

Sir William Mackenzie left last night
for Ottawa. It is understood that he
purpose leaving there for a trip to the
Canadian west.

MILDER WEATHER.

It may be mild weather
this morning, but believe
us there's a whole lot of
zero temperature coming
to you before the 24th of
May looms up. Anyway,
it's the hour in which you
should buy furs, because
of the big January sale
now on at Dineen's. A
sale of furs which has
nothing like it in the his-
tory of Dineen, the furrier, or of any
other furrier.

A NEW GAME IN WEE YGRK.

Jeff: This game o' Bridge that The World
is talkin' as to play is somethin' new-fangled for Wee
Yorky, eh John.
John: Yes; And all we can do is bluff. And I
guess he's called us!

HAMILTON HOTELS. HOTEL ROYAL Largest, best-appointed and most centrally located in the city.

HAMILTON HAPPENINGS

EVIDENCE CONFLICTS AS TO MOTOR'S SPEED

Witnesses Unable to Agree on Critical Point in Manslaughter Case.

HAMILTON, Jan. 17.—(Special).—The Waters' manslaughter trial proceeded slowly today. Fourteen witnesses in all were examined today, six of these being called by the crown, and eight by the defence.

Going Twenty-five Miles an Hour. Harris Inglis, 72 Sanford-avenue south, saw part of the accident from the veranda of his home, 300 feet away.

Struck at East Crossing. Herbert Boyce, a brother of the victim, testified positively that his brother was run down on the east side of Sanford-avenue and Main-street, and not on the west side as the defence suggested.

Many of the fine furs we see in a sense artificial. The fur itself is natural, but the skin on which it grows is rather unmechanical process.

WOMEN'S AILMENTS CAUSED BY NEGLECT Are Quickly Cured and Robust, Sound Health Restored by Dr. Hamilton's Pills.

WHERE CANADA HEARS THE LIST Some Canadians are unfortunately inclined to favor imported articles, fancying that such may be of better quality than Canadian production.

STINGING TREES. In the southern part of Formosa grows a tree about ten feet in height having long leaves that possess the property of the nettle and produce a maddening irritation of the skin.

Waiting for Mordkin. The Silverick v. Rabinoff case, in which Robert Silverick is suing for \$25,000 damages for injury inflicted on plaintiff, when a sword in the hands of Mordkin Nordin, the celebrated Russian dancer, flew from his belt and struck the plaintiff, was a spectator at a performance of the Imperial Russian Ballet in the Grand Opera House here last January.

HUSBAND PROVED FICKLE Marriage Thru Matrimonial Agency Luckless for Bloomingdale Woman.

BELMONT, Jan. 17.—(Special).—A young lady from Bloomingdale has reported the loss of a husband to the local police. Some time ago she made the acquaintance of a young man thru a matrimonial advertisement, and which resulted in a marriage by a lo-

cal preacher of the nuptial pair. However, the honeymoon did not last long and a few days later she gave him some \$18 to pay for some jewelry being repaired in Berlin.

She reported the loss to the chief of police, who advised her to issue a warrant, which she did, and the chief located the hubby in a Michigan town, but as extradition papers are necessary, she may let him hide a wee, as she is doubtful if it would be worth her while to have him back.

Bibles for Berlin. BERLIN, Jan. 17.—(Special).—A representative of the Gideons' Society of the Continental Travelers' Association was in the city to-day and placed in the nine hotels two hundred copies of the Bible.

STANDARDIZING THE WORLD'S MAPS. The idea of a standard map of the world was first proposed by Professor G. H. Peck at the International Geographical Congress, Bern, in 1891.

The idea of a standard map of the world was first proposed by Professor G. H. Peck at the International Geographical Congress, Bern, in 1891. The project was heartily approved by this and other later congresses, and was appointed to promote the movement.

Little practical progress, however, was made till after Dr. Gannett reported that the U. S. Government could not publish an abstractly large scale map of the world. No general plan had been adopted for the uniform production of these map sheets.

Controlled Church thought that it was time the matter was laid before the railway commission, and he advocated that the city should present its case to the Dominion Parliament.

SOCIALISTS SEEK TO SWAY MINE WORKERS Bitter Discussion at U.M.W. Congress Follows Attempt to Draw Party Line.

INDIANAPOLIS, Jan. 17.—(Can. Press).—After the convention of the United Mine Workers of America had gone on record for the first time in support of the industrialists, the socialists among the thirteen hundred delegates launched a resolution on the afternoon session, and the question was over until to-morrow.

Other Parties Faithless. Should you suppose that William Hines of Fayette City, Pa., Adolph Germer of Belleville, Ill., and other Socialist orators as they charged the Republican and Democratic parties with faithlessness to the miners' cause.

WOMEN ASKING EVERY MAYOR FOR VOTING RIGHT On Monday next a deputation from the Toronto Suffrage Association will wait upon the city council to urge the passing of a bill which is now before them to allow married women, who are property holders, the right to vote in city elections.

RECEPTIONS. Mrs. Julius Miles, 160 Cottingham-street, on the first and third Fridays.

THE DAILY HINT FROM PARIS. The sixth annual dance in aid of the Children's Aid Society will be held in the Temple Building at 8:30 this evening, under the patronage of T. R. E. the Governor-General and Duchess of Cornwall.

MECCA SALVE Best on Earth 25¢ all Druggists. (National Hygienic Review). "When you try to conceal your wrinkles, you deceive yourself, not me. Let a defect, which is possibly but small, appear undisguised. A fault concealed is presumed to be great."

Dr. Martel's Female Pills. Nineteen Years the Standard Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth.

WHO IS POLY PRIM? GENTS' SCARS CLEANED. When dry cleaned by us they look like new. Prices—\$1.00 to \$1.75. Stockwell, Henderson & Co., Limited, 78 KING STREET WEST.

ORDER SUBURBAN SERVICE ON RAILROADS

City Will Petition Dominion Railway Board to Provide Rush-Hour Trains to the Outlying Parts of Toronto.

Toronto should have a general steam suburban service on the board of control, who at their meeting yesterday morning instructed the city solicitor to draw up a petition to be presented to the Dominion Railway Commission, asking that the C.P.R. and G.T.R. be compelled to give such a service for the benefit of the eastern, northern and western portions of the city and the adjoining districts.

A letter from W. F. Maclean, showing the necessity of such a service, resulted in the board taking this action. The letter suggested that the board of control ask the G.T.R. to operate a suburban service on the old East Line route.

Controlled Church thought that it was time the matter was laid before the railway commission, and he advocated that the city should present its case to the Dominion Parliament.

Miss Elfrida Bowles leaves to-day for Niagara Falls, to visit Mrs. Carl Rose, Lt.-Col. E. C. Ashton and the officers of the 10th Regiment, Duke of Edinburgh's Canadian, who have issued invitations to a ball to be given under their auspices.

Stevenson Lodge, A. F. and A. M. will hold their annual at home on Friday, Jan. 25, in Temple Building.

The Canadian Motherhood Protective Association announce a special meeting to be held at Central Y.M.C.A. Hall on Friday, 18th inst., at 8 p.m.

The marriage of Miss Kate Archer, daughter of the late Mr. J. H. Archer, of Mrs. Martha S. Archer, to Mr. Harold A. Finlayson of Halifax took place at half-past four o'clock yesterday afternoon at St. Augustine's Church.

Mr. and Mrs. William C. Bailey of the King Edward leave on Saturday for California.

Mr. H. G. Wilkes is spending the week in Hamilton.

Miss Daisy Chrysler gave a luncheon in Ottawa this week for Mrs. Sanford Smith.

Mr. S. L. Barrowclough, president of the Winnipeg branch of the Columbian Conservatory of Music, is at the King Edward, Mr. Barrowclough will be remembered as conductor of the Winnipeg City Band, which played at the Toronto Exhibition several years ago.

Miss Cashmer of England is expected in town next week to be the guest of Mrs. Percy Beatty, Louthavenue.

Mrs. H. O. Richardson, Campbell-st., Ont., is the guest of Dr. E. M. Richardson, Ossington-avenue.

The Odd Nine Club is giving a dance at Aura Lee to-night.

THE TORONTO WORLD

THE DAILY HINT FROM PARIS

The tenth annual ball under the auspices of the Jews, will be held at the King Edward at 8 o'clock this evening. Dr. Schwartz, secretary.

Mrs. W. B. Maclean gives a bridge this afternoon.

The president and members of the Literary Institute of Trinity College have issued invitations to their annual conversation at 8 o'clock on Thursday evening, Feb. 8, under the patronage of Lady Whitney, Lady Pellett, Mrs. Sweeney, Mrs. Lloyd, Mrs. E. M. Broth, Mrs. Kammmerer, Miss playster, Mrs. Cartwright and Miss Strachan.

Mr. T. B. Revett is in town from Niagara, en route to New York.

Hon. Sam and Mrs. Hughes are entertaining a dinner party on Saturday evening.

Miss Elfrida Bowles leaves to-day for Niagara Falls, to visit Mrs. Carl Rose, Lt.-Col. E. C. Ashton and the officers of the 10th Regiment, Duke of Edinburgh's Canadian, who have issued invitations to a ball to be given under their auspices.

Mr. Sidney Small has returned from a visit to her people in Washington.

Sir Lyman and Lady Melvin Jones entertained at dinner on Tuesday night in honor of Lady Jones' niece, Mrs. E. J. Davis, Vancouver. Covers were laid for 23 guests and the table decorations were of purple orchids.

Mrs. H. C. Osborne has asked for Europe.

The marriage of Miss Kate Archer, daughter of the late Mr. J. H. Archer, of Mrs. Martha S. Archer, to Mr. Harold A. Finlayson of Halifax took place at half-past four o'clock yesterday afternoon at St. Augustine's Church.

Mr. and Mrs. William C. Bailey of the King Edward leave on Saturday for California.

Mr. H. G. Wilkes is spending the week in Hamilton.

Miss Daisy Chrysler gave a luncheon in Ottawa this week for Mrs. Sanford Smith.

Mr. S. L. Barrowclough, president of the Winnipeg branch of the Columbian Conservatory of Music, is at the King Edward, Mr. Barrowclough will be remembered as conductor of the Winnipeg City Band, which played at the Toronto Exhibition several years ago.

Marriage Valid In Noted Case

Judgment in Dublin in Effect Over-rides Marriage Laws of Roman Catholic Church.

LONDON, Jan. 17.—(C.A.P.)—Dublin matrimonial court, to-day gave judgment in the Usher marriage case, Judge Kenny holding that the marriage was valid. Usher, a Galway landlord, was married late at night in his bedroom to his housemaid by a Roman Catholic priest, in presence of one witness only. Justice Kenny, delivering judgment, said that the marriage was invalid in the eyes of the Catholic Church, yet it was capable of being validated at any time. It was, however, already absolutely valid according to the marriage laws of Ireland. It would have been invalid by the penal law up to 1870, because Usher had been a Protestant within the previous twelve months, but that law was repealed in 1870; the petition therefore was dismissed with costs. The judge said he found nothing in common law or church law nullifying a marriage between Catholics by a Catholic priest because of the absence of witnesses except the decree of the Council of Trent, which had no legal effect in Ireland. The result of granting such a petition would be to make a child illegitimate and degrade the mother, but that was their present position in the eyes of the Church of Rome, which had the decree of Trent and the Six Tenets against clandestine marriages.

EXHUME CHILD'S BODY.

Charged with the murder of her nine months infant, Maud Gilbert appeared in police court yesterday morning so weak and nervous that she could scarcely stand. She was remanded a week pending the exhumation of the body and the holding of the inquest.

Americans Give Nobly To Laymen's Missions

Secretary Caskey of the Laymen's Missionary Movement received word yesterday of some munificent gifts to the cause. Rev. Chas. H. Pratt, secretary, Presbyterian Church South, wrote inviting Mr. Caskey to a convention next month at Chattanooga, Tenn. Mr. Pratt announced that one of the laymen of the Presbyterian Church had agreed to contribute \$10,000 a year to defray the total expenses of a foreign mission station in Korea, and that the writer, Rev. Mr. Pratt, was resigning his position as secretary to go to Korea to establish the new work.

Another Southern Presbyterian layman has just given \$4000 a year for the support of four missionaries to Korea. A North Carolina Presbyterian layman is paying the whole of the salary of the international secretary, J. Campbell White, who introduced the laymen's movement in Canada, in addition to \$1000 a year towards Mr. Campbell's travelling expenses.

CAR JUMPS TRACKS.

A Parliament car jumped the tracks at the intersection of Gerrard and Broadview about 8.30 last night, blocking the Parliament, Broadview and Carlton cars till 9 o'clock. It is getting to be a frequent occurrence for cars to jump the tracks at this corner.

Died Pauper's Death.

BROCKVILLE, Jan. 17.—(Special.)—Wm. Curran, a familiar figure about the streets of Brockville, was found dead in his cell at the county jail to-day. At his own request he was sentenced in November last by the police magistrate to six months' imprisonment on a charge of vagrancy. Curran was forty years of age. No relatives can be found to claim the body.

COULDN'T FIND WORK ALMOST ENDED LIFE.

Walter Bowers, living at 53 Frederick-street, the Workmen's Home, attempted to end his life yesterday noon by cutting his throat. Other inmates were attracted by his cries and found him lying on the floor with a great gash across his throat. Medical aid was called and he was hurried to the General Hospital, where he is expected to recover. Despondency because he has been unable to secure employment appears to have been the cause of his rash act.

DISLIKES WORD "COLONIAL"

LONDON, Jan. 17.—(C.A.P.)—Arthur Hawkes, emigration commissioner, told a Colonial Institute gathering to-day he had rather be called a German than a colonial. This was in depreciation of the idea sometimes apparent here that there is an inferiority in the overseas government compared with the home government, which was especially resented in Canada owing to the proximity of the United States, where the boast of emancipation used to be heard. Mr. Hawkes urged the need of some system of imperial education here for that proportion who would eventually emigrate to Greater Britain.

THERE

will appear in an early issue of The Toronto Morning World and daily thereafter a new humorous pictorial feature that will evoke a laugh from the most pronounced pessimist on the bluest Monday in January.

YOU

can have The Toronto Morning World delivered before breakfast to your address in Toronto, Hamilton or suburbs for Twenty-Five Cents Per Month. Fill out the following Order Form or telephone M. 5308.

Name
Address

Special Laymen's Meetings Sunday

Three large central laymen's meetings will be the feature in Toronto of the inter-denominational Canadian day of prayer for missions, to be observed throughout the Dominion on Sunday. The local committee of arrangements met yesterday. W. D. Gwynne is chairman and H. K. Caskey and W. C. Selmer, joint secretaries. The meetings will be for men only. The three central ones will be: First Avenue Baptist, led by Rev. Principal Gandler; Bloor-street Presbyterian, led by N. W. Rowell, K.C., M.L.A. and North Parkdale, led by S. J. Moore, chairman Dominion council laymen's missionary movement. In addition to the central meetings, one each will be arranged for the north, east and west Toronto districts. Any addresses will be very brief, the services being specifically intercessional in character.

Olympia's Rough Voyage.

NEW YORK, Jan. 17.—(C.A.P.)—Rough weather during practically her entire passage was reported by the steamer Olympia, which arrived to-day from Europe. During a heavy gale last Sunday one enormous sea curled over the bows, lifted the big forward hatch, weighing four tons, about ten feet above deck and carried it against a ventilator which it demolished. The hatch then fell into the well forming the foredeck.

Westport's Troubles Over.

BROCKVILLE, Jan. 17.—(Special.)—The Village of Westport has at last a municipal council to serve for 1912. Following the December nominations the councillors elected refused to accept office and resigned, because it was alleged, on account of the choice made for reeve. The council just returned by proclamation is as follows: Reeve, M. E. Mulvihill; Councillors, H. W. Lockwood, James Conroy, C. J. Speagle and J. Botting.

LOCATION FOR STORES

Where the Semi-Ready Company Will Place Selling Rights.
O. M. Thomson, special representative of the Semi-Ready Tailoring concern, who intend a broad expansion of their trade in Toronto this year, and who is now at the Queen's Hotel, says that merchants in the following shopping centres will be allowed the first opportunity to look into their plans for expansion:
Near Yonge and Bloor.
Near Yonge and College.
Near College and Spadina.
Queen west, in Parkdale, arranged for.
Queen west, near Bathurst or Spadina.
Queen east, near Sherbourne.
Queen east, across the Don.
King west, near York-street.
Floor-street, near Bathurst.
Dundas-street, in Junction.
It is the policy to arrange each point so that none will conflict or compete unduly with another. Already some of these points are partly arranged for, and Mr. Thomson expects to place the rest before he returns to Montreal. The special order department, where in suits are made to measure in four days, and delivered on the morning of the fifth day, is an attractive supplement to the Semi-ready business.
Unite All Mine Workers.
INDIANAPOLIS, Ind., Jan. 17.—One great union of coal and metal miners in Canada and the United States must be formed if mine workers are successfully to combat mine operators' corporations, declared Edward Young of Great Falls, Montana, representing the Western Federation of Miners, who addressed the United Mine Workers of America to-day.

THE HIGHLANDS

Toronto's New Suburb. J.C. HAYES CO., LIMITED, 154 Bay Street, M. 7140.

REPLIES TO HIGHER CRITICS OF BIBLE. Was Not Formed by the Church, But Grew With It, Says Rev. J. Patterson Smyth.

PEKING, Jan. 17.—(Can. Press.)—The revolutionary movement in Mongolia is making considerable progress. According to consular despatches received here, the seizure of the Manchurian Town of Kharlar by the revolutionaries and the proclamation of autonomy of Mongolia of that region are confirmed.

The Russian railway guards, who have formed a cordon around the Russian settlement and railway station in Kharlar for some weeks past, have permitted some of the Manchus to take refuge there.

Frequent reports reach Peking that the Mongols have taken cities sometimes with and sometimes without opposition.

The attitude of the republicans in connection with the loss of provinces hitherto attached to the empire is being watched with considerable interest by foreign observers.

Danger of Modern Army. In Russian circles it is contended that there is danger of a great and really modern army being organized by the republican government, but doubt is expressed by military attaches of other foreign nations that the Russian statesmen really fear such an occurrence.

There seems to be a desire on the part of the British and Japanese governments to prevent any anti-Russian press campaign at the present moment in view of the possibility of a restriction of China, but in diplomatic circles here it is generally recognized that China has lost the right to retain vast territories which she has proved herself incapable of developing.

Princes Sell Valuables. At its next gathering, the conference of the princes of the imperial clan and the emperor dowager will call into consultation the members of the cabinet.

Many of the treasures of the Peking and Mukden palaces are being offered for sale. Their value amounts to several millions of dollars. A number of American and European agents are here negotiating for their acquisition.

Mukden was the former Manchurian capital, and the palace there is a museum of the art and historical relics of the intrinsic value of many millions of dollars.

Many arrests have been made to-day of the officers of the conspiracy in the attempted assassination of Premier Yuan Shi Kai. This has caused the general public to feel that the official are generally powerless to protect Premier Yuan Shi Kai, who has ordered discrimination to be used in making these arrests.

Quebec Strong For Good Roads. Provincial Government Guarantees Loan of Ten Million Dollars to Municipalities.

QUEBEC, Jan. 17.—(Can. Press.)—This afternoon at the sitting of the house, Hon. Mr. Taschereau, minister of public works, outlined the system of public highways upon which the government proposes to guarantee a loan of \$10,000,000, which sum will be available for the towns and municipalities of the province.

The minister declared that the project included the macadamizing of highways between Montreal and Quebec, two on the north and two on the south shore, of a highway from Quebec to the United States by way of Sherbrooke and Beauce County, of a highway from Quebec to Gaspé, and of a highway from Quebec to Tadoussac.

Mr. Taschereau added that they contemplated a macadamized roadway from Montreal to Sherbrooke, one from Montreal to Ottawa, and another roadway from Montreal to the American border. He declared that the \$10,000,000 which was to be placed at the disposal of municipalities of the province would enable them to construct 3300 miles of roads.

FATALLY WEDGED. Brakeman Killed Instantly While Riding on Engine.

William Deacon, 40 years of age, a brakeman on the G.T.R., whose home was in Stratford, Ont., was crushed and killed between an engine and a freight car at a switch at the foot of Portland-street at eight o'clock last night.

Deacon had come down with his train from Stratford and after the passengers had been let off at the Union Station it was being hauled back into the yards. As it approached the switch, Deacon was standing on the side of the engine. The car, which stood on a track, which also ran into the yard, was sufficiently into its own track to let the engine pass, but not the man, who was crushed between it and the engine.

The body was removed to the morgue where Coroner J. M. Cotton will hold an inquest.

REBELS ACTIVE IN MONGOLIA

Many Cities Fall, and Russia is Said to Fear Development of Modern Army.

PEKING, Jan. 17.—(Can. Press.)—The revolutionary movement in Mongolia is making considerable progress. According to consular despatches received here, the seizure of the Manchurian Town of Kharlar by the revolutionaries and the proclamation of autonomy of Mongolia of that region are confirmed.

The Russian railway guards, who have formed a cordon around the Russian settlement and railway station in Kharlar for some weeks past, have permitted some of the Manchus to take refuge there.

Frequent reports reach Peking that the Mongols have taken cities sometimes with and sometimes without opposition.

The attitude of the republicans in connection with the loss of provinces hitherto attached to the empire is being watched with considerable interest by foreign observers.

Danger of Modern Army. In Russian circles it is contended that there is danger of a great and really modern army being organized by the republican government, but doubt is expressed by military attaches of other foreign nations that the Russian statesmen really fear such an occurrence.

There seems to be a desire on the part of the British and Japanese governments to prevent any anti-Russian press campaign at the present moment in view of the possibility of a restriction of China, but in diplomatic circles here it is generally recognized that China has lost the right to retain vast territories which she has proved herself incapable of developing.

Princes Sell Valuables. At its next gathering, the conference of the princes of the imperial clan and the emperor dowager will call into consultation the members of the cabinet.

Many of the treasures of the Peking and Mukden palaces are being offered for sale. Their value amounts to several millions of dollars. A number of American and European agents are here negotiating for their acquisition.

Mukden was the former Manchurian capital, and the palace there is a museum of the art and historical relics of the intrinsic value of many millions of dollars.

Many arrests have been made to-day of the officers of the conspiracy in the attempted assassination of Premier Yuan Shi Kai. This has caused the general public to feel that the official are generally powerless to protect Premier Yuan Shi Kai, who has ordered discrimination to be used in making these arrests.

Toronto String Quartet Recital. Few people of all who profess to be musically fully realize, the exceeding value of the string quartet.

Toronto has such an admirable combination in Messrs. Frank E. Blachford, first violin; Roland Roberts, second violin; Frank de la Roche, viola, and Frederic Nicolai, 'cello. It is the greatest pity a fuller appreciation is not accorded them.

At the Conservatory of Music last night at the second concert of the season, was an excellent one, however, and highly appreciated.

The program had a good list of novelty, and two of the numbers at least were of rare and sustained beauty.

It was an all-star concert. The program had a good list of novelty, and two of the numbers at least were of rare and sustained beauty.

MURRAY-KAY, LIMITED

The January Furniture Sale. Furniture of Quality and Distinction at Prices from 10 to 50 Per Cent. Below Regular.

Word comes from the principal centres of furniture manufacture that lumber and other raw materials have been steadily rising in cost, and that the price of Furniture for the coming season must also of necessity move upwards. This is another reason why those who intend furnishing in the spring should anticipate their wants and place their orders now at January Sale prices.

PRICE REDUCTIONS OF AT LEAST 10 PER CENT. ON ALL FURNITURE IN STOCK.

SPECIAL REDUCTIONS OF FROM 20 TO 50 PER CENT. ON A GREAT NUMBER OF ARTICLES.

These last are indicated by special tickets, and will be readily seen by those who look through the stocks on the four floors we devote to Furniture. A few examples of these special bargains are here listed:

U.S. Ready to Invade Cuba

Island is Well Mapped Out and Transportation Would Be Very Easy.

WASHINGTON, Jan. 17.—(Can. Press.)—While officials of the army do not expect actual intervention in Cuba as a result of the message sent yesterday, they are ready.

As a result of the painstaking work of American officers during the last period of occupation in Cuba almost every inch of the island has been surveyed and explored: every road and trail is known and mapped and it would be quite impossible for any guerrilla force to operate successfully against American soldiers as did the Cuban patriots against the Spaniards.

Outside of that special work the general staff has not found it necessary to prepare any plans for the despatch of a military expedition with Cuba as its sole objective.

Transportation Service for a preliminary invading army of approximately 4200 men is available for immediate use in the United States army transport vessels. Kiplatt, Sumner and McClelland. These vessels are now lying at Newport News in readiness for immediate service.

It would be necessary to charter merchant vessels for the transportation of horses to be used in a campaign. But officials of the army declare that they do not anticipate any trouble in obtaining ships for this purpose.

LET ANY JUDGE HOLD A CITY INVESTIGATION. At the meeting of the board of control yesterday morning J. B. Rogers asked that the city seek power to obtain some better means of holding civic investigations than the present method of sending them all to the county judge.

After some discussion the board agreed to seek legislation whereby they might have power to have one or any number of the county judges hold such investigations.

Control Church made a motion to the effect that the board instruct the city solicitor to apply for legislation which would enable them to call witnesses and take evidence under oath. It was decided to consider this matter at another meeting.

Control McCarthy asked for a three months' interim appropriation for the children's court, so that they could go ahead with their work. The matter was laid over till the board investigated the conditions.

DOMINION STEEL STOCK OPTION. MONTREAL, Jan. 17.—(Special.)—It was learned to-day that the option which Speyer & Co. have obtained on Dominion Steel common stock, in connection with the preferred deal, is not at sixty alone, but on a sliding scale.

It is understood that the first block of the stock goes to the foreigner at 60, but that subsequent blocks are at 65, 70 and 75.

This puts a somewhat different complexion on the situation, and will prove good news to the shareholders, who understood that the entire block of 50,000 shares had been offered at the low price mentioned.

Who is Polly Prim? Addressed Art Students at Knox College Dinner

H. Roswell Bates of New York addressed the art students of Toronto University at a dinner given in his honor in the dining hall at Knox College yesterday afternoon. He took for his subject: "The Practical Work of the Ministry." This is one of a series of six lectures which Mr. Bates will deliver, the balance of which will be given before the theological students of the college.

Rev. Dr. Grant, home missionary superintendent, addressed the students on the subject of their life work.

FOUR KILLED IN EXPLOSION. CENTRAL CITY, Ky., Jan. 17.—(Can. Press.)—Four persons are known to have been killed and another is believed to be dead as a result of an explosion in a mine of the Central City Coal and Iron Company about 5 o'clock to-day. Four bodies have been removed.

The explosion occurred just after the day men had come out. The cause is unknown. The mine is not badly damaged.

Bill of Fare. A Dainty Noon or Evening Meal served at Popular Prices at ALBERT WILLIAMS' 2 CAFE. A special 25c-30c Table d'Hôte Dinner served 5 days a week. Quick service. Pleasant surroundings. Popular Prices.

PRESBYTERIANS HAVE GOOD YEAR

Reports Are Decidedly Encouraging - Many Ministers Were Rewarded By Salary Increase - New Buildings Planned and Debts Decreased.

All past records were eclipsed by the reports presented at the thirty-sixth annual meeting of St. Andrew's Presbyterian Church, presided over by Mr. George Smith, last night.

RIVERDALE PRESBYTERIAN.

The fourth annual meeting of Riverdale Presbyterian Church was presided over by the pastor, Rev. J. A. Miller, at a meeting held at the church hall.

PARKDALE PRESBYTERIANS.

Resolution regarding the public use of a playground on Sunday was passed by the congregation of Parkdale Presbyterian Church at its annual meeting last night.

AVENUE ROAD CHURCH.

The board of managers of the Avenue-road Presbyterian Church reported at the annual meeting last night that the year had been a successful one.

QUEEN-STREET EAST.

The Queen-street East Presbyterian Church reported at its annual meeting last night that the year had been a successful one.

COWAN AVENUE PRESBYTERIAN.

There was an optimistic note to all the reports presented at Cowan Avenue Presbyterian Church last night.

CHALMERS CHURCH.

Mr. J. B. Thomson, chairman of the board of managers of Chalmers Church, reported at the annual meeting of the church last night that the year had been a successful one.

GROSVENOR-STREET CHURCH.

Mr. G. W. White, pastor of Grosvenor Street Presbyterian Church, reported at the annual meeting of the church last night that the year had been a successful one.

DALE ATHLETE CHURCH.

Dale Presbyterian Church is progressing so well that the pastor, Rev. J. D. Morrow, announced at the annual meeting in the basement last night that he hoped to hold the next annual meeting in the completed new building.

DUFFERIN-STREET CHURCH.

Dufferin Street Presbyterians held their annual meeting last night, the second in the history of this thirty-year-old young organization.

WESTON PRESBYTERIANS.

The annual congregational meeting of the Weston Presbyterian Church, held at the church hall last night, was a most successful one.

WESTMINSTER PRESBYTERIANS.

The forty-third annual report of Westminster Presbyterian Church, East Bloor street, held last night, proved to be one of the largest and most successful in the history of the church.

AVENUE-ROAD CHURCH.

By the adoption of a very complete and effective plan the managers of Avenue Road Presbyterian Church were enabled to reduce the year's deficit to \$3000.

MORNINGSIDE CHURCH.

All branches of the Morningside Presbyterian Church reported at its annual meeting last night that the year had been a successful one.

ALHAMBRA PRESBYTERIANS.

The meeting in the Alhambra Presbyterian Church was the third since its organization, and the session reported that 87 members were received during the year.

ROYCE AVENUE.

The year's increase in membership in Royce Avenue Presbyterian Church was 102 members, 31 being received, present membership 982.

ST. GILES CHURCH.

St. Giles' Presbyterian Church of good work and excellent results during the year.

DAVENPORT ROAD.

Davenport-road Presbyterian Church reported at all sources last year that the year had been a successful one.

ANOTHER SPLENDID CURE BY DODD'S KIDNEY PILLS.

Mr. Ben Gauvang Had Backache So Bad He Had to Quit Work - Dodd's Kidney Pills Fixed him up.

ST. JOHN'S PRESBYTERIAN.

The substantial growth of St. John's Presbyterian Church in the past year was reflected in the increased receipts and the addition to the membership.

ROBEAUL PRESBYTERIANS.

Rev. Daniel Sturges's salary was increased from \$2500 to \$2800 at the fourth annual meeting last night.

NEW ST. ANDREW'S.

New St. Andrew's Church, Kingsley street, reported at its annual meeting last night that the year had been a successful one.

WYCHWOOD BAPTIST.

In all departments of the work at Wychwood Baptist Church progress was manifested during the year.

CHRISTIE-STREET BAPTIST.

The most successful year in its history was reported at the fifth annual meeting of Christie Street Baptist Church, held at the church hall last night.

JONES AVENUE BAPTIST.

The reports presented at the annual meeting of Jones Avenue Baptist Church held at the church hall last night, were all of an encouraging nature.

ZION CHURCH.

Very encouraging reports were given of the work of Zion Baptist Church, East Bloor street, at its annual meeting last night.

DAUFFERIN BAPTISTS.

Dufferin Street Baptist Church (Rev. J. R. Bolton pastor) held their annual meeting last night, during which 17 new members were added to the church.

BLOOR-STREET CHURCH.

Just as 1910 surpassed all previous records of the church, so did 1911 prove to be the most successful year in its history.

SOUTHSIDE PRESBYTERIAN.

Southside Presbyterian Church had a successful year, as shown by the reports at the annual meeting last night.

DOVERCOURT ROAD.

The total receipts of Dovercourt-road Presbyterian Church for the year were \$5800, the general revenue amounting to \$5000.

WILL NOT EXPAND S.S. SERVICE NOW.

Continued From Page 1. 1911, and if it does the C. N. R. will be kept very busy, indeed.

NOTHING DOING YET.

"Is it true that Mackenzie and Mann are forming a merger of electric railways in western Ontario?" Sir William was asked.

T. E. ... TO BOARD WIRE

Deputation From Larger Municipalities Interviews Ontario Cabinet—Conference To Be Called Shortly.

That the Toronto Electric Light Co. is not at all averse to the proposition to bury its wires underground was brought to light yesterday when two officials of the company made representations to Sir James Whitney.

Efforts to reach an amicable agreement in the matter will be made at a conference, which the premier indicated would be held shortly, attended by representatives of the city, and the electric light and telephone companies. The conference is to be called by the Right Hon. R. L. Borden.

A large deputation representing Toronto, Hamilton and London waited on Sir James Whitney and his colleagues to ask for legislation which would give the right to compel all telegraph companies, etc., with provincial charters to put their wires underground.

Major Less stated that it was especially in the business section of Hamilton that the wires would be a nuisance. He stated that the wires would be a nuisance in the business section of Hamilton.

Major Grey pointed out that the overhead wires in the city were carried on because of competition, but the spirit of Toronto was for underground wires.

Mr. Peacock of London stated that the Board of the N.W.V. companies in London endorsed the method, but refused to use it for reasons of their own.

Mr. Peacock of London stated that the Board of the N.W.V. companies in London endorsed the method, but refused to use it for reasons of their own.

CANADA NOT RIPE FOR OLD AGE PENSION PLAN

Continued From Page 1.

The press or elsewhere for old age pensions in Canada. In Great Britain the establishment of old age pensions was preceded by an agitation extending almost over a century.

Different in England. There was much to be said in favor of that legislation in England where unemployment was very precarious and where sweated industries and excessive drinking also were frequent causes of impoverishment.

Mr. White, "that if we admit that a pension should be given to the man who had served the state on one battle-field, that object who has lived a sober, honest, industrious life should be made an allowance sufficient at least to meet the necessities of existence, if the conditions warrant it."

In Canada, however, there was little or none of non-employment. The old were well cared for by their sons and daughters, there were very few sweated industries, and, with reasonable care, a sober and honest artisan could raise his family and provide for his old age.

He did not think that old age pensions had operated, in countries where they had been tried, to improve the condition of the laboring classes, but, however, to the government annuities system, which he thought, might result in the proposed pensions unnecessary.

Mr. White continued, "over half of the community were farmers, prosperous, industrious and self-reliant. He thought that there were many of them who would be inclined to look forward to old age pensions. However, he was glad that the question had been brought up. It was desirable to have it before them and they should collect all the available information on the subject."

Mr. White continued, "over half of the community were farmers, prosperous, industrious and self-reliant. He thought that there were many of them who would be inclined to look forward to old age pensions. However, he was glad that the question had been brought up. It was desirable to have it before them and they should collect all the available information on the subject."

It was desirable to have it before them and they should collect all the available information on the subject."

AWARDING CONTRACTS FOR THE BUILDING OF THE SAID BRIDGE

He read a newspaper despatch stating that the unsuccessful tenderers had objected that they were not given equal treatment with the firm to whom the contract was awarded in submitting their tenders.

Mr. F. D. Monk asked that the word "specifications" be placed after "plans," as it had been stated that a fixed price of nine cents a pound for the steel to be used in the bridge had been in the specifications, while the successful contractor was permitted to use steel costing two cents more.

Mr. F. D. Monk asked that the word "specifications" be placed after "plans," as it had been stated that a fixed price of nine cents a pound for the steel to be used in the bridge had been in the specifications, while the successful contractor was permitted to use steel costing two cents more.

National Trust Company LIMITED

ANNUAL MEETING OF SHAREHOLDERS

The Fourteenth Annual General Meeting of the Shareholders of the National Trust Company, Limited, was held in the Company's Board Room, 20 King Street East, Toronto, on Wednesday, the 17th day of January, 1912.

The President, Mr. J. W. Flavell, was in the chair, and Mr. W. E. Rundle, the General Manager, acted as Secretary to the meeting.

The Secretary read the Fourteenth Annual Report of the Directors and the Financial Statement, which was adopted by the shareholders.

The net profit for the year, after deducting cost of management, was \$218,802.88. The directors have pleasure in submitting herewith their Fourteenth Annual Report, showing statement of the Assets and Liabilities of the Company as at 31st December, 1911, together with the Profit and Loss Account for the year ending on that date.

The net profit for the year, after deducting cost of management, was \$218,802.88. The directors have pleasure in submitting herewith their Fourteenth Annual Report, showing statement of the Assets and Liabilities of the Company as at 31st December, 1911, together with the Profit and Loss Account for the year ending on that date.

Sharp Advance in Wheat Prices Due to Change in Crop News

CHICAGO, Jan. 17.—With European markets showing more anxiety over future supplies than at any time since the Russian crop shortage was announced, wheat prices here advanced to-day 1-3c to 3-4c net. Corn gained 7-8c to 1-1c over last night, oats finished unchanged to 1-2c up, and hog products irregular, a shade off to 7-1c increase in cost.

Transatlantic countries gave plain evidence to-day of beginning to feel the effects of delay in the shipments of Argentine wheat. Among the first results were higher bids for round lots from Australia and from the Pacific ports of the United States. One of the contributing causes was the fact that the closing of the Danube to navigation was expected to mean greatly lessened forwardings during a long period from Southern Europe. The trade was largely in excess of current receipts. Many ranged from 50c to 49c 1/2c and closed 3-8c up at 49 7/8c.

Heavy buying of corn. A confident feeling developed on the buying side of the corn market because of the lightness of arrivals here and owing to a good catch of wheat and a decline in the price of wheat. Cash grades were offered on a limited scale. Ball leaders had full control in the cash trade. They were aided by the fact that sales made for shipment were largely in excess of current receipts. Many ranged from 50c to 49c 1/2c and closed 3-8c up at 49 7/8c.

European Markets. The Liverpool market closed to-day on wheat 1/4d higher than yesterday, and corn 1/4d higher. Buenos Ayres and Rio de Janeiro were 1/4c higher. Paris wheat closed 1/2c higher. Antwerp wheat closed 1/2c higher. Antwerp flour closed 1/2c higher. Antwerp flour closed 1/2c higher.

Winnipeg Grain Market. Wheat—Open High Low Close. Close. Wheat—Open High Low Close. Close. Wheat—Open High Low Close. Close.

London Wool Sales. LONDON, Jan. 17.—The offerings at the wool auction sales to-day amounted to 1,000 bales. The market was readily absorbed by home and continental spinners at firm prices. Americans paid 10c cent advance for suitable parcels.

St. Lawrence Market. Wheat, fall, bushels, 94 to 95. Oats, bushels, 10 to 11. Barley, bushels, 10 to 11. Potatoes, bushels, 10 to 11. Apples, bushels, 10 to 11.

Minneapolis Grain Market. MINNEAPOLIS, Jan. 17.—Close—Wheat—No. 1 northern, 1.07 1/2c. No. 2 northern, 1.05 1/2c. No. 3 northern, 1.03 1/2c. No. 4 northern, 1.01 1/2c.

Farm Produce Wholesale. Hay, car lots, per ton, \$16.00 to \$17.00. Straw, car lots, per ton, \$4.00 to \$5.00. Potatoes, car lots, per ton, \$12.00 to \$13.00.

Hides and Skins. Prices received by the Carter & Co., 35 East Front street, Dealers in hides and skins.

Ontario Grains At Higher Prices

Wheat, Barley and Rye All Advanced—Deliveries From Farmers Held Up—Manitoba Higher. The blockade of the country roads through the province and the consequent small deliveries of grain by the farmers, has given a decided flip to the domestic grain market, and yesterday quotations were again raised practically throughout the whole lot.

Ontario wheat was put up to 90c and 95c per bushel by local dealers, and showed a remarkably firm tone at that. There was, of course, decided little doing at the higher prices, as no one had any material stock to offer, and until the roads are cleared, so that the farmers can market their supplies, there is no possibility of any active trading being done. Barley was on the up-grade again, a further advance in quotations being made to 80c to 85c a bushel for the better lots. Rye made a sympathetic move to 70c.

Manitoba grain was a-little higher, following the turn for the better in the outside markets. Manitoba wheat advanced a full cent at round and oats were up to half that extent. The future trend of these prices depends altogether on the action of the local exchanges in Ontario, Spanish, large case, 3.00 to 3.50. Oranges, Florida, 2.75 to 3.00. Grapefruit, 2.50 to 3.00.

Toronto Sugar Market. Sugars are quoted in Toronto, in bags, per cwt., as follows: No. 1, 10 1/2c. No. 2, 10c. No. 3, 9 1/2c. No. 4, 9c. No. 5, 8 1/2c. No. 6, 8c.

Chicago Gossip. Strength in Corn Pit Benefits Whole Grain List. J. P. Bickell & Co. from Logan & Wheat—Strength which developed in wheat to-day was a little unexpected, and it is safe to say that much of the strength which established top quotations near the close of the session was influenced by a local white wheat, No. 2 local white, 45c. No. 4 local white, 42c.

Chicago Markets. J. P. Bickell & Co., Lawlor Building, report the following fluctuations on the Chicago Board of Trade. Wheat—Open High Low Close. Close. Wheat—Open High Low Close. Close.

Winnipeg Grain Market. WWINNIPEG, Jan. 17.—Grain options opened at higher levels to-day and an exceedingly brisk trade was carried on during the morning, some heavy contracts being made. A quiet feeling prevailed, however, holding a firm at the advance, with little business being done. Closing prices were 1/4c higher on the options and 1/4c to 3/4c on cash wheat.

Buffalo Grain Market. BUFFALO, Jan. 17.—Spring wheat, No. 1 northern, 1.07 1/2c. No. 2 northern, 1.05 1/2c. No. 3 northern, 1.03 1/2c. No. 4 northern, 1.01 1/2c.

Liverpool Cotton. LIVERPOOL, Jan. 17.—Cotton futures closed steady. Jan. 18, 1912. Jan. 19, 1912. Jan. 20, 1912. Jan. 21, 1912. Jan. 22, 1912.

Duluth Grain Market. DULUTH, Jan. 17.—Wheat—No. 1 hard, 1.08 1/2c. No. 1 northern, 1.06 1/2c. No. 2 hard, 1.06 1/2c. No. 2 northern, 1.04 1/2c.

Watch Welland Grow

Do you want a better job this coming summer? Would you like to get a good position where wages are high and living is cheap? If so, drop us a card to-day for our FREE illustrated circular about the fastest growing town in Eastern Canada, where 2000 men will be needed this summer in the new factories being built. We are not an employment bureau, but we may be able to help you get a better job.

Write us to-day, giving name, address and occupation. Canadian General Securities Corporation, Limited, 39 Scott Street, Toronto.

None know so well as those who live there how charming, healthful and convenient life is in LAWRENCE PARK. Street cars to the property every fifteen minutes. Land improved with lawns, flower beds, trees, boulevards, nooks, ravines, and a wide view. It is a paradise in winter.

Lots are \$20 per foot up. Send for colored book illustrating Lawrence Park. Dovercourt Land, Building and Savings Co., Limited, 24 Adelaide St. East, Tel. Main 7280.

Had a Record Year Net Profits for 1911 Show Big Increase—Deposits Now Exceed Fifty-one Millions. The annual report of the Dominion Bank, being for the twelfth month ending Dec. 31 last, was issued yesterday, and, as has been anticipated, indicates that the institution has enjoyed an unusually prosperous year. The net profits for 1911 were \$2,000,000, an increase of 7 per cent over the corresponding period of 1910, which compares with \$1,860,000 for the year 1910, or an increase of \$140,000.

Confidence Men Working Old Game. A report from Montreal states that it is understood that sales of Pay-as-you-Enter Car stock have been effected in the country districts at around \$25 a share. As the stock is quoted on the market around \$10 a share, it looks as if some enterprising artists were playing the same kind of a game that was worked in the case of Canadian Marconi, when stock quoted on the market at \$1.75 was sold in the hayseed belt at \$5.

EDMONTON PROPERTY. The counting city of Western Canada, call at our office write us for descriptive folder, as we make a specialty of Edmonton real estate.

Substantial Recovery in Mining Market--Sentiment Improves

Porcupine Stocks Are Erratic But Close Generally Higher

Violent Price Changes in Mining Markets, With Improved Tone in Evidence--Sharp Spurt in Hollinger.

World Office. Wednesday Evening, Jan. 17. The Porcupine stock market showed a tendency to sag, but the closing was generally higher. The market showed a tendency to sag, but the closing was generally higher. The market showed a tendency to sag, but the closing was generally higher.

Hollinger Report Due This Week

Long Anticipated Document Ready for Directors--Rumor Says on Friday.

Toronto brokerage circles were favorably impressed yesterday by the announcement that the long-expected physical report on the Hollinger property would be handed out on Friday of this week. There was nothing authoritative in the rumor, which came from Montreal, but it received a good deal of credence among investors in Toronto, who are in close touch with the company's affairs.

A BIG ERROR

The Cobalt Nugget calls attention to the fact that a typographical error crept into the paper regarding Timiskaming's rich carload of ore a week ago. The error was one which any person at all versed in mining would quickly detect as an error on account of the absurd nature of it.

Standard Stock Exchange.

Foley-O'Brien Mine Shut Down

Writes Used Against Parties Connected With Company Held to be Responsible.

Toronto brokers yesterday discussed freely the closing down of the Foley-O'Brien Mine at Porcupine, and the general idea was that the real reason for the suspension of business was the issuing of writs against promoters and others connected with the mine, charging misrepresentations in connection with the sale of the stock.

U. S. Steel Trade On Better Plane

Big Mill of the Trust to Resume Operations--New Business Heavy.

NEW YORK, Jan. 17.--The Sharon Mill of the U. S. Steel Corporation, which has been closed down for considerable time, will resume operations on Monday next. This plant includes one blast furnace, six open hearth furnaces, an angle mill, a blooming mill, and the last of the idle mills in the Sharon and Pittsburgh districts belonging to the Steel Corporation to resume operations.

Railroad Records Found Intact

Union Pacific Railroad Transfer List Not Injured in Equitable Building Fire.

NEW YORK, Jan. 17.--The Union Pacific Railroad this morning learned the removal of its records from its vaults in the equitable building, according to a representative of the company's transfer lists which it was feared had been destroyed by the fire.

These Directors Were Decapitated

Because they fought the sale of LaRivie Brick stock to the National Brick Co., Messrs. T. A. Trenholme and Paul Gilbert were decapitated at a recent meeting of the company in Montreal, and the National Brick interests now hold full sway over the LaRivie concern's affairs.

Men of the North.

Mr. Norman R. Fisher, who is in charge at the Timiskaming Mine in Cobalt, was at the King Edward yesterday, having arrived from Cobalt on the morning train.

THE RED WILLOW COAL CO. LIMITED.

Authorized Capital \$1,000,000. 400,000 7% Preferred Shares. 600,000 Common Shares.

Par Value \$1 Each. No Personal Liability.

We have underwritten and offer for sale a limited number of the 7 per cent. Preferred Shares of the Red Willow Coal Company, Limited, at par, which carry with them a bonus of 50 per cent. Common Stock.

Of the merits of the enterprise there is absolutely no question. The location of the 2720 acres of land which the Company has purchased could not be better. It is in the heart of the finest section of Alberta, about sixteen miles northeast of Stettler, on the Canadian Northern, Edmonton to Calgary branch.

It is a matter of common knowledge that with the growth of towns in the West (300 new towns having been started last year, and over 1500 in the past eight years) the obtaining of building material has been a serious problem.

A very important avenue of profit will be the sale of lots in the Town of Glen Hayes (\$25,000 worth of which have already been disposed of), which has been conservatively estimated to yield the Company a net profit of at least \$150,000.

A recapitulation of the profits to be derived from this extraordinary safe investment, which will be drawn from four magnificient avenues of business, namely, the land yielding at least \$200,000 per annum, the brick manufacturing plant at least \$30,000, the coal mines, taking out 500 tons a day, a net yield of nearly \$150,000, and from the sale of town lots \$150,000; we say this four-fold source of revenue absolutely guarantees the payment of the 7 per cent. dividend on the Preferred Stock, and a very large dividend on the Common Stock.

The Directors of the Company are all shrewd men, of unusual business ability, men of sterling integrity, men of the highest principles, men who may be trusted to the very limit in any and all business transactions. One has the assurance, therefore, that the affairs of the Company will be handled to the very best possible advantage.

The Red Willow proposition is an absolutely honest, straightforward, money-making, business enterprise for business men, and every man who has been over the ground says that this Red Willow proposition is the best he has seen, and we cannot too strongly recommend it to you as an AI investment.

Write us for Booklet and Prospectus of the Company at once, which will be cheerfully sent you without any obligation or expense on your part. The stock is now selling very rapidly, and we expect to have the whole subscribed and paid for before the end of the month.

Speculative Movement in Toronto Market Broadens Greatly

Listless Trading in Wall Street Stock Market Palpably Weaker

Union Pacific and C.P.R. Lead Decline in New York Exchange—Lethargic Price Movements Under Way.

NEW YORK, Jan. 17.—Altho there was no decided disturbance of the level of prices, the stock market to-day was appreciably weaker. The list lacked the undertone of firmness of the earlier days of the week. Stocks were under moderate pressure most of the day, but losses were small and Union Pacific and Canadian Pacific were the only prominent issues which receded as much as a point. The movement was listless, without aggressive action on either side. Towards the close the demand improved and the early losses were quite generally recovered.

The increased demand for investment issues was perhaps the most significant feature of the day. This demand was apparent in both bonds and the higher grade of investment stocks. Buysing in financial institutions which are unable to loan funds at profitable rates, owing to the condition of the money market, is a considerable factor in the situation.

Tobacco Stocks Strong. The tobacco stocks and bonds and Coopers, were again the strongest issues, altho their gains were smaller than on yesterday. The American Tobacco, preferred, old and new stocks, the Liggett and Myers issues, Lorillard preferred and American Snuff preferred, were again the strongest issues. The movement in the tobacco stocks was highly speculative, being attributed to manipulation in connection with the marketing of the new tobacco issues.

Announcement that the last of the idle mills in the Pittsburgh and Sharon districts of the U. S. Steel Corporation was to resume operations without effect on the steel stocks. Despite the reports that steel orders this month have not come up to expectations, the weekly reviews of steel trade indicated that most of the leading steel companies had received new business, as large in volume as the previous week. The lack of a better demand for rails continues to be the disappointing feature of the steel market.

The completed figures of the country's foreign trade for last year fulfilled expectations of an unparalleled showing, exports having advanced for the first time with an excess of exports over imports the largest since 1908.

New Canning Co. Have Five Branches

Favorable Concessions Obtained From Various Towns—Organization Nears Completion.

MONTREAL, Jan. 17.—The British-Canadian Canners, Limited, who were organized but a short time ago, have not long since completed their organization. They have already secured sites for the five factories they have planned to erect this year, and have obtained favorable concessions from the various towns. The sites decided on are located at Merlin, Highgate, Port Robinson, Bowmanville, and Cobourg.

It is announced that Mr. John Wall will be general manager for the new company. The directors comprise Sir Henry N. Bate of Ottawa, J. P. Black, H. A. Lovett, K.C., and R. Brumfit of Montreal.

ON WALL STREET.

Erickson Perkins & Co. (J. G. Beatty) wired: Traders made efforts all day to depress stocks, but they made little success. The general market, considered in the last hour, showing light supply of stocks. We think the shorts have sold into a bag. Some days ago we look for a sharp spurt, as a matter of fact there is little material with which to depress the market. The financial outlook is good and the public is tired of the excessive investigations of congress. Stocks are negotiating all right. Buy them on drives.

Charles Head & Co. to J. H. Osborne: Starting out quietly this morning the market showed some volatility and then lapsed into a state of stagnation that discouraged trading and depleted. The market is tired of the excessive investigations of congress. Stocks are negotiating all right. Buy them on drives.

European Bourses.

BERLIN, Jan. 17.—The bourse was firm to-day on declaration of the new French cabinet and higher steel prices.

PARIS, Jan. 17.—Prices were easy on the bourse to-day.

London, Jan. 17.—The market was listless, with a heavy tone, while such interest as has been shown has been in specialties. Coppers are steady, but dull, with a growing belief in future improvement. National Biscuit achieved a new record price of 145, rising three points. Closing was steady, but scarcely any change net for the day in the active stocks. We would still advise discretion in commitments and await favorable opportunities for buying.

OUTBURST OF ACTIVITY IN TORONTO MARKET

Speculative Issues Came in For More Attention—Rio and Sao Paulo Higher.

World Office, Wednesday Evening, Jan. 17. There was quite an outburst of speculation in the Toronto Stock Exchange today, the market showing more activity than in some time, and more scoring sharp advances in the particular instances where the movement was centered.

For the first time in about a week the South American Traction interests came in for some activity and both Rio and Sao Paulo made sharp advances.

The market was pretty well cleaned up of stock.

Industrials and Banks. The buoyancy in the industrial issues was again prominent, some of the more active stocks continuing their upward trend. Canada Steel, Cement and the Maple Leaf, common and preferred, gained a point apiece and firm quotations were in evidence elsewhere in this department.

The real feature of the day was the unabated strength in the Canadian bank shares. There was a consistent demand for these securities and prices were carried up sharply in special instances.

Domestic Investment. The market was pretty well cleaned up of stock.

Maple Leaf. The market was pretty well cleaned up of stock.
