BRITISH PARLIAMENT OPENS FOR AN EVENTFUL SESSION

ATTORNEY-GENERAL DISCLOSES CAMPAIGN OF LIBERTY LEAGUE

Raney Opens His Fight for a Seat in East Wellington Riding.

THE RACE TRACK ISSUE

Special to The Toronto World.
Fergus, Feb. 10.—Attorney-General Raney's surprise attack in opening the by-election campaign in East Wellington here tonight was the following letter, which he read to a crowded audience in the town hall:

"Dear Sir—In view of the coming election, in which Mr. Raney, I believe, will seek to obtain a seat somewhere in Ontario, this league has taken into account his continuous and uncompromising attitude towards race tracks, and his stand on prohibition, and we have decided that we must oppose him at the polls. This will entail an expenditure of about \$20,000, and we are asking our friends to help. We will appreciate it if you can see your way to contribute. Thanking you in advance,
Yours very truly,
(Signed) "L. C. Carruthers,"
"General secretary."

"I have no knowledge," continued Mr. Raney, "whether a similar letter was sent by the Liberty League to the distillers and brewers. Neither have I any knowledge whether a similar letter was sent to the race-track people and the brewers and distillers with respect to the premier's candidature in Halton. But Premier Drury is much the same sort of a man, and you can draw your own inference as to those things, and particularly from what is happening at this moment in Halton.

Stands Behind O.T.A.
"I would be quite willing to assume full responsibility for the advance of prohibition legislation in Ontario, but I am compelled to admit that my share has been a very humble one. The simple question for the electors of East Wellington is: Does the fact that the attorney-general is in sympathy, very hearty sympathy, with the objects of the O.T.A. disqualify him for that office? That is the issue raised by Mr. Carruthers' letter."

Silk Valued at Seven Millions Passes Thru Port of Prescott

Prescott, Ont., Feb. 10.—Seventeen carloads of silk passed thru this port yesterday. The consignment is valued at \$7,000,000. Ten carloads of eggs to the number of 1,440,000 also were shipped at this port from China. Both consignments are being shipped to New York. Three detectives accompanied the silk passing thru this port.

FELL OFF ROOF

John Couter, aged 55, 252 Eliauwathin avenue, sustained a fractured skull yesterday afternoon when he fell from the roof of a house in Bedford Park. He was removed to the general hospital, where it was reported last night his condition was serious.

OFFERS HIMSELF AS SUBSTITUTE

Ex-Crown Prince Willing to Represent Compatriots Demanded by Allies.

Washington, Feb. 10.—President Wilson had before him tonight the telegram from Frederick Wilhelm, former crown prince of Germany, suggesting that the allies take him as a "victim" instead of the 900 Germans demanded for trial. The official attitude of the president was not disclosed.

The text of the message, which was sent to the kings of Great Britain, Belgium and Italy, the emperor of Japan and the president of France, is as follows:
"The demand for the delivery of Germans of every walk of life has again confronted my country, sorely tried by four years of war and one year of severe internal struggles with a crisis that is without precedent in the history of the world as affecting the life of a people. That a government can be found in Germany which would carry out the demanded surrender is out of the question; the consequence to Europe of an enforcement of the demand by violence are incalculable and revenge would be made eternal.
"As the former successor to the throne of my fatherland, I am willing at this fateful hour to stand up for my compatriots. If I am permitted, I would like to represent the German people as a victim, let them take me instead of the 900 Germans who have committed no offence other than that of serving their country in the war."
(Signed) "WILHELM,
Weiringen Island, Feb. 9, 1920."

COMPLETE TIE-UP OF U. S. RAILWAYS IS NOW THREATENED

If Trainmen Walk Out, the Effect on Transportation Will Be Serious.

WILSON TO TAKE HAND

Washington, Feb. 10.—President Wilson is expected to make an effort to avert the threatened strike of railroad employes of the country who are pressing the railroad administration for further wage increases. The entire situation was placed before the president today in a long memorandum from the director-general of railroads. It is expected here that he will back up Mr. Hines.

Officials of the railroad administration felt tonight that the situation was extremely critical, not only as regards the shippers, who have decided to go out on strike Feb. 17, if their demands are not met, but also with respect to 2,000,000 railroad employes throughout the country. Renewed conferences tomorrow with union leaders are expected to have some definite result.

Most insistent among the union leaders here is W. G. Lee, president of the Brotherhood of Railroad Trainmen. He has impressed upon officials the imminence of a trainmen's strike if a settlement is not reached. The administration has been given notice of cancellation of their present contract by the trainmen Feb. 23. A strike vote is said to have shown a large majority in favor of drastic action.

Will Get Backing.
Detroit, Mich., Feb. 10.—Failure of the railroad unions and the government to reach an agreement at the Washington conference may result in a general walkout of railway workers, according to Allen E. Barker, president of the Brotherhood of Maintenance of Way Employees.

DEMAND ACCUSED IN NAME OF LEAGUE

If Refused, Keep Holland and Germany Out, Says French Legal Expert.

Paris, Feb. 10.—The only way out of the present extradition tangle is to demand the delivery of the accused Germans in the name of the league of nations and refuse Germany and Holland admission to the league until the persons demanded are delivered, according to the view taken by Georges Scelle, of the law faculty of the University of Dijon, in an article in L'Information.

Professor Scelle declares it is his belief that Germany would yield if her immediate entry into the league were conditioned upon compliance with the entente demand, and that Holland's compliance in the case of the ex-emporer would likewise be secured. Such moral isolation would be more effective than a blockade, he says.

Will Renounce Assembly.
Berlin, Feb. 10.—The government does not expect the allied supplementary note in reply to the German communication of January 25, asking the allies to renounce exception of the extradition article of the peace treaty, by the middle of the week. As soon as it is received, the national assembly will be convoked and will co-operate with the cabinet on the whole extradition situation.

PLOT TO GRAB BONDS AND FLEE TO CANADA

Ring of Wall Street Messengers Had It Fixed to Seize Five Millions' Worth.

New York, Feb. 10.—After the arrest today of three young men charged with the theft of \$2,500 in securities from a messenger, the police gave details of a plot to steal \$5,000,000 worth of bonds in a single clean-up to be followed by a flight to Canada and lives of luxury for the plotters.
The plot involves a "ring" of dishonest Wall Street messengers. The plotters were to wait until large sums of securities were entrusted to their care, pool them and then dash across the international line. How all the dishonest messengers were to get large amounts of securities into their possession simultaneously was not disclosed. The detectives declared the plotters had spurned one opportunity to get away with \$500,000.

SPRING NOT YET HERE
Spring bonnets, which usually herald the early approach of spring, will be kept under cover for some time to come.

February and March, according to custom, are two of the coldest and roughest months in the year, and it is likely that 1920 will be no exception. This is just a reminder that the W. & D. Dineen Company, 140 Yonge street, have reduced the price of all Men's Fur Coats and Men's Heavy Winter Cloth Coats—a very heavy reduction. This is just the right time to buy, with two months of cold weather ahead, and the prices for next year's supply soaring upwards. Next fall you will pay double the price asked by Dineen & Co. during this February sale.

ABUNDANCE IS THE WEAPON FOR FIGHTING BOLSHEVISM, DECLARES LOYD GEORGE

Premier, at Opening of Parliament, Speaks on Policy Toward Russia—No Information Regarding Ireland—Urges Increased Production—The King's Speech.

London, Feb. 10.—The speeches which the new session of the house of commons was launched today will not make history. Mr. Lloyd George, William Adamson and Sir Donald Maclean spoke for the government. Laborites and Liberals, respectively.

The premier gave a long explanation of the government's Russian policy, but refused to be drawn by the other speakers on the topic of revising certain "workable" features of the peace treaty.

Dealing with the burning question of economy, the premier recommended the familiar expedient of increased production. His remarks on Ireland gave no new information regarding the measure which is soon to be introduced.

Colonel Sidney Peel, Coalition Unionist, who made the reply to the address from the throne, said: "One of the essentials of the opposition is that the signature of the president of the United States should be appended. It does not now look as though this is going to be honored. I only hope I am wrong," he added, as Mr. Lloyd George indicated his dissent.

Must Express Discontent.
Replying to general criticisms of the government's policy made by William Adamson, Sir Donald Maclean and others, he demanded especially the revision of the Versailles peace treaty. Premier Lloyd George declared that it would be impossible in a single speech to deal with all the questions raised. He said, however, that he would speak after the excitement of the great war nobody could expect anything but the plainest and most direct content, and even a certain measure of disaffection.

Alluding to Ireland, the premier asked, "Mr. Adamson meant by 'self-determination' that the majority of the Irish people demanded a republic he would give it. Unless Mr. Adamson meant that, said the premier, his talk of self-determination was dishonest. There were murders and assassinations 'of the most cowardly and despicable kind in Ireland' and the premier told his audience he asked whether the member thought the government should withdraw its troops and leave the assassins in charge in Ireland."

Declaring that the duty of the government was to maintain law and order in Ireland, the premier turned to the high cost of living. He said, was attributable to the depreciation of money and not to profiteering. The only remedy was to increase production, he declared.

Replying to Sir Donald Maclean's inquiry, the premier said he was glad to be able to say that the coming year would balance, and more than balance.

Cannot Crush Bolshevism.
Dealing at length with the situation in Russia, Mr. Lloyd George said he agreed with the view that Russia could not be restored without putting Russia, with all her strength and resources, into circulation.

Bolshevism was possibly efficient, said the premier, but it was not democracy, and Russia must be restored under an anti-Bolshevik regime.

"Bolshevism cannot be crushed by force of arms," continued the premier. "I held that opinion a year ago, but my advice, tendered on that assumption, failed. The war was decided. It was necessary to give the anti-Bolsheviks a chance to recover Russia, but they failed. The failure was not due to lack of equipment, but to more fundamental causes."

NEED \$20,000,000 MORE FOR GOVERNMENT SHIPS

Ottawa, Feb. 10.—(Special.)—To complete the government shipbuilding program under contract will require \$20,000,000, making a total expenditure for merchant marine of approximately \$70,000,000. When the program is complete the government will have a fleet of sixty merchant ships of a total tonnage of nearly 400,000 tons. The first 45 ships were contracted for at an average of \$199.63 per ton and the remaining 15 at an average of \$173.15. The government has not reached a decision on the tonnage subsidy request by the various shipbuilding concerns.

U. S. MUST CHOOSE PATH FOR HERSELF

Great Deal of Treaty May Have to Be Rewritten and Revised.

London, Feb. 10.—Baron Charnwood, recording the address of thanks in the house of lords for the King's speech, expressed approval of the recent letter of Viscount Grey, British ambassador at Washington, with regard to the American position on the peace treaty. He said:

"We must allow the American people to choose their own path. I am convinced, despite recent misleading appearances, that we may confidently anticipate increasing participation by the United States in the world's affairs."

Baron Charnwood, secretary for foreign affairs, concurred with Baron Charnwood, and said that also Viscount Grey had acquainted him with his intention to publish the letter, it was neither inspired by nor submitted to the government.

"I consider that the letter did not favor our interference in the domestic affairs of America, and I feel no sentiment, but thanks to Lord Grey," he declared.

Baron Charnwood thought that the Marquis of Crewe was right when he said that a good deal of the peace treaty might have to be rewritten and revised. None of its authors claimed that it was sacrosanct.

"If Germany shows a disposition faithfully to carry out her obligations, she will do our best to aid her in fulfilling them and re-estimating her place among civilized communities."

Settlement With Turkey.
Alluding to the delay in the peace settlement with Turkey, he referred to European anxiety that the United States share in the settlement of these regions.

"This anxiety," said Earl Curzon, "is quite unfeeling and sincere. I believe that everyone of the great powers would have abandoned the greater part of its individual ambition if it could be persuaded that America would come in and bear her share of the burden as mandatory for the whole Turkish Empire."

able to supply, but cannot supply with containing armies moving across her borders.

"The dangers are not all in Russia, they are here at home. I speak with knowledge, with apprehension and responsibility, and I warn the house that in the face of things which may happen we must use every legitimate weapon. We must fight anarchy with abundance."

Before the debate began, Premier Lloyd George announced that he would at an early date ask leave of absence to attend to the peace-time regulation of the sale and supply of alcoholic liquor.

Among the bills which the King said would be introduced were measures for the after-war organization of the army and the navy, for the creation of an adequate supply of cheap electric and water power, and a bill dealing with the reform of the house of commons.

An Imposing Ceremonial.

The full ceremonial attending the opening, the first since 1914, was witnessed by many thousands of people who lined the streets through which the King and Queen and their suite passed.

The route of the royal procession thru the Mall and down Whitehall for more than a mile, was lined by military in khaki, the guards regiments not having as yet resumed their scarlet uniforms. The gathered state coach in which the King and Queen rode was drawn by six black horses, with postillioned outriders, while the five state limousines followed carrying private secretary, equerries, the comptroller, treasurer and other members of the royal household. Each landau was drawn by six bays.

Half an hour before the procession passed thru the streets, the crown state of state were borne in the royal carriages surrounded by life guards, from the lord chamberlain's office at St. James' Palace to the office of lords. There were two squadrons of horse at Buckingham Palace, and another guard, with the state colors and a regimental band, outside the parliament buildings, from the tower of which the royal standard was raised when the sovereigns entered.

A large group of state dignitaries, in regalia and bearing emblems of their offices, were gathered at the royal entrance beneath Victory Tower to receive the King and Queen. As the procession proceeded the royal salute of 21 guns was fired by a battery of the Royal Horse Artillery, stationed in St. James' Park, close by.

The King's Speech.

King George, in opening the speech from the throne, said: "My lords and gentlemen, this innovation being necessitated for the first time at the promotion of parliament in December by the election of Lloyd George to a seat in the house of commons.

Serious consideration of economic conditions in the country was urged in the speech. The King, however, counseled patience in the passage of far-reaching reforms, which, he said, were necessary to meet abnormal conditions.

Better educational facilities, settlement of the Irish question, adjustment of coal mining controversies, an ending of the liquor trade, and the regulation of the liquor trade, were among the subjects which the King mentioned.

The King's speech was well received by the people of the world, but I am glad prices in these islands are appreciably lower than elsewhere. This is due to the fact that trade with the outside world, especially of export trade, serves to show my people are proving no less successful in dealing with the troubles we left behind than they were in enduring the war itself. If, however, we are to insure lasting progress, prosperity and social peace, all classes must continue to throw themselves into the work of reconstruction with good will for others and with energy and patience. In addition, legislation providing for large and far-reaching measures of reform must be passed in a compatible with the home rule bill.

Condition of Ireland.

"The condition of Ireland causes me grave concern, but a bill will be immediately laid before you to give effect to proposals for a better government of the country, which was outlined at the end of the last session of parliament. A bill to make further provision for education in Ireland will also be introduced. The provision of education for considerable part of the child population of certain districts, makes the question one of urgency, but care will be taken to make the measure compatible with the home rule bill.

"Despite increasing agricultural production during the war, the population of these islands is still dangerously dependent upon supplies of food from overseas, and the financial burden of purchasing such supplies in foreign markets against the adverse exchange is very great.

"Uneasiness is also being caused by the unprecedented sale of landed property since the war. A measure will accordingly be proposed to limit the any hardship which this operation may cause those who occupy the soil, and to stimulate and develop production of essential foodstuffs within the United Kingdom."

After briefly referring to the peace conference, His Majesty said he intended shortly to ratify peace with Bulgaria and Austria. The negotiations for peace with Turkey, he added, were "being pressed forward with all possible speed." Referring to the recent conference in Paris and London, he said:

Full Peace Must Be Restored.

"I earnestly trust that as the result of these meetings a settlement of the long-continued Adriatic dispute will shortly be reached. In order, however, to assure the full blessings of peace and prosperity to Europe, it is essential that not only peace but normal conditions of life should be restored in eastern Europe and in Russia, so that all those vast regions should hold their full contribution to the stock of commodities for general consumption, the cost of living can hardly be restored to the level of the pre-war period.

"The imperative and difficult problems which have arisen in the coal-mining industry should be settled on an enduring basis. You will be asked to consider a proposal for the acquisition of coal royalties by the state, for the improvement of conditions in the mining areas and for the future ordering of the industry."

His Majesty's reference to the liquor regulation question was: "Experience during the war showed the clearly inju-

rious effects upon the national efficiency of the excessive consumption of strong drink and the amelioration, in both health and efficiency, which followed appropriate measures of regulation and control. A bill accordingly will be presented to you, providing for the development of a suitable system of the peace-time regulation of the sale and supply of alcoholic liquor."

Among the bills which the King said would be introduced were measures for the after-war organization of the army and the navy, for the creation of an adequate supply of cheap electric and water power, and a bill dealing with the reform of the house of commons.

SCHLESWIG DANES EXPECT VICTORY

Parades, Flags and Bands in Demonstrations Preparing for Plebiscite.

CHILDREN IN CLASH

Copenhagen, Feb. 11.—The results in the North Schleswig plebiscite up to one o'clock Wednesday morning show Danish majorities in all except six of the 150 districts. The aggregate vote was 20,763 for Denmark and 12,756 for Germany.

Apenrade, Schleswig, Feb. 10.—(By the Associated Press.)—A Danish official, with whom the correspondent of the Associated Press motored yesterday thru the first zone of the plebiscite district, pointed to the beautiful countryside and exclaimed: "All this will be Danish tomorrow. It will be a great day for Denmark."

This official's confidence in the outcome of today's plebiscite in the northern zone is shared by all the pro-Danish population, and few Germans dispute the claim of victory, though they are unwilling to accept the Danish estimates of their majority.

Beyond Flensburg, after crossing the zone frontier, almost every farm house along the route to Apenrade displays flags, usually Danish, but in Apenrade the German and Schleswig-Holstein colors compete with the Danish flag in every street. Apenrade, a city of 10,000, in the heart of the zone, is believed to be almost equally divided in sentiment, and if trouble occurs in connection with the balloting today this is the logical place for it.

Both factions are staging big demonstrations, welcoming the incoming voters, 1,100 of whom came from Germany and another 1,000 from Schleswig. There is a sufficient German majority, one Danish elector admitted, to turn the balance of the city's vote in Germany's favor.

The rival processions equalled each other in numbers of marchers and in the volume of sound their bands and singers made. Detachments of sailors from a French battleship in the harbor, and British troops kept a careful watch for disturbances, but the only clash occurred when a band of German children attempted a counter-demonstration at a pier on the arrival of a Danish ship. The Danish children charged them and there was a free-for-all fight with much hair-pulling, which drew the attention of the police, who intervened and separated the youthful combatants.

The streets of Schleswig towns are literally swarmed with excited youngsters. All the processions are largely made up of boys, young men and school children, despite the order prohibiting their participation in the demonstrations. Veterans of the war of 1864, some dressed in their faded uniforms, stand in groups about the corners smoking long porcelain pipes.

In all parts of Apenrade the Danes have erected arches of evergreens which served as a guide to the voters. Thru these the parades march.

Beginning last evening and continuing until the polls close at eight o'clock tonight the sale of intoxicants will be forbidden. The weather outlook is unfavorable, but even torments which would be unlikely to deter any voter, however aged. The commission hopes to announce the result by midnight.

WENTWORTH COUNCIL FEBRUARY SITTING

Ontario Plowing Association to Hold Annual Matches in County.

Hamilton, Feb. 10.—Wentworth county council held its February sitting today. Council to experiment with snow fences, on the Brock road. It was reported that the Ontario Plowing Association would hold its annual matches in this county in 1920. The necessary financial arrangements were made. A committee was appointed to wait upon the board of trade and the board of conservation, with a view to co-operation in a matter. The special committee appointed to deal with the request of the any hardship which this operation may cause those who occupy the soil, and to stimulate and develop production of essential foodstuffs within the United Kingdom."

PREMIER BORDEN VISITS THE BRITISH COMMONS

London, Feb. 10.—Premier Borden, walking rather feebly but looking well in the face, was in the distinguished strangers' gallery at the house of commons tonight, when the prime minister replied to the Independent Liberal and Labor leaders in the debate on the address.

"I am getting on very well, indeed," remarked Borden in reply to the Canadian Press correspondent.

Coroner's Jury Inquires Into Finding of Child's Body

Hamilton, Ont., Feb. 10.—The jury empaneled by Judge O'Connor to inquire into the circumstances attending the death of an infant whose body had been found near the "H. & B. tracks on Young street on Feb. 2, returned a verdict this evening that the child had never breathed, and that they were unable to determine the circumstances of its birth or how it came to be thrown on the tracks.

HYDRO RADIALS BYLAW PASSES

Quick Work by City Council—Meeting Over in Twenty Minutes.

Hamilton, Ont., Feb. 10.—Controller Jutten, acting mayor, presided at the city council tonight, thru the shortest regular meeting in the recollection of the oldest alderman. The business was disposed of in 20 minutes.

F. H. Rutherford, retiring secretary of the cemetery board, was appointed member of the board of governors, to succeed S. L. Landers, new secretary superintendent. Other names were presented to the council.

The Hydro radial bylaw, held up at the last meeting, was given its final reading without comment. Engineer F. A. Gaby had apparently satisfied the council that there was nothing to worry about.

Pass Sewer Bylaw.

The third reading was given the bylaw to construct sewer well and pump on Simcoe street, to treat the sewer now emptying into the bay. Alderman Ferris stated the only dissenting voice.

A grant of \$250 was authorized, to defray the cost of the sewer. The fire and jail committee recommending against it.

A grant of \$250 was made to the Victoria Yacht Club, to defray the expenses of moving the club house to another site.

HONORARY ANNIVERSARY LANDING IN FRANCE

Gen. Currie Speaks at 2nd Brigade Artillery Montreal Banquet.

Montreal, Feb. 10.—(By Canadian Press.)—Speaking tonight at the dinner given by the Second Canadian Field Artillery, in commemoration of the fifth anniversary of their landing in France, Gen. Currie, C.B., C.M.G., C.D., a number of officers who had commanded overseas would still continue to command the reorganized artillery units in Montreal.

The dinner was an impressive function, with over thirty officers present, including members of the Canadian Field Artillery, from Nova Scotia, New Brunswick, Quebec, Toronto and other points in Ontario, as well as officers from the reorganized artillery units in Montreal.

APARTMENT GAMERS BOTH FOUND GUILTY

Judge Gault Finds They "Unlawfully Cheated"—Sentence Later.

Hamilton, Feb. 10.—The closing chapters of the famous crap game staged in an apartment at the corner of Sherman street and Burlington street a week ago Saturday, were played out today. Judge Gault today at the weekly session of the criminal court sentenced John Droz and Steven Joseph each to a term of imprisonment for a year, and fined each \$100. Steven Joseph, the first prisoner called, denied the charge of cheating, and stated that he was not a professional gambler. He admitted, however, he had once in jail in Buffalo for playing poker.

Played for a Year.

John Droz, who started to cross-examine, stated that he had learned to shoot crap in the army, and that he had been playing the indoor game for about a year. He admitted owning the suitcase, but denied owning its contents.

Judge Gault then found both men guilty and remanded them for sentence. Noun Cheruk, who was tried a week ago on a charge of assaulting and wounding, and remanded until today for sentence, was sentenced to a term of six months in jail. Judge Gault in passing sentence stated that in his opinion the man would not have committed the crime had he been under the influence of liquor at the time.

MEIGHEN ADVISES COURSE FOR CANADA

Says Reduce Imports, Increase Production, Consume Less.

Montreal, Feb. 10.—(By Canadian Press.)—Speaking at a banquet tendered him tonight by the South Shore Board of Trade, Hon. Arthur Meighen, minister of the interior, pointed out that when demands for public works were made on the government there should be borne in mind the fact that Canada would have to provide not only \$325,000,000, but also the interest on such public works expenditure as well. Canada, he argued, had ceased to be a borrowing country.

The usual advice of the minister was to reduce imports, increase production, and consume less, and this he offered as the best remedy for the present situation.

To Try J. Farnell, Winnipeg, For Alleged Seditious Talk

Winnipeg, Feb. 10.—The trial of John Farnell, charged with seditious utterances, will come up before Mr. Justice Prud'homme in the assizes on Thursday.

In the indictment Farnell is alleged to have made seditious utterances in a speech in the city hall park the day preceding the march of the "silent parade," which precipitated the riots on Main street. About twenty-five witnesses are expected to be called.

Defers Date of Commencing Occupation of Rhineland

Paris, Feb. 10.—Premier Millerand yesterday sent notice to Germany that the date from which the Rhineland occupation period is to be counted has been deferred. The action was taken, the premier said, because Germany's failure to execute certain clauses of the peace treaty.

OFFERS TWO SOLUTIONS OF TURKISH PROBLEMS

Paris, Feb. 10.—Premier Millerand told the chamber of deputies foreign affairs committee today that the Turkish problem which still remains to be settled, was capable of two solutions. The first, he said, provided for the taking of Constantinople from the Turks; the second would permit the Turks to retain control over the city under certain international guarantees. The premier declared that France preferred the second arrangement.

Will Be Asked to Supply Money to Feed People They Have Impoverished.

ATTACK ON HOOVER

Washington, Feb. 10.—Altho it was laid aside for further discussion in the senate next week today the peace treaty "would not down." Some of the irreconcilables among the senators insisted upon expressing their views of the pact, after it had been decided to place the document in storage for a while.

"Crude" and "murderous" were among the adjectives employed by Senators Borah and Knox to describe the effect of the treaty on Germany and Austria. They declared its effect would be to impoverish Germany and destroy the cornerstone on which rested the financial stability of Europe.

"We are asked," said Senator Borah, "to agree to a treaty that will impoverish millions, and then we are asked to appropriate money to feed the people we have impoverished."

Democratic leader, suggested that Mr. Lloyd George had been led to make impossible exactions from Germany by promises given in the heat of a political campaign. He said the United States could best exert its influence for alleviation of the peace terms by making a loan to Germany.

Herbert Hoover, who is being boomed in many quarters as "business" candidate for president, was assailed by Senator Borah, who demanded that Hoover come out into the open and state his position on the treaty reservations.

Montreal M.O.H. Optimistic Regarding Flu Situation

Montreal, Feb. 10.—With 132 cases of influenza reported today, the total number of cases for the past three weeks to date in Montreal is officially placed at 891, with twenty-eight deaths. It is pointed out that the death rate is low, and Dr. Chabher, medical health officer, is optimistic in his view of the situation here.

Raymond Poincare Commended For His Work as President

Paris, Feb. 10.—The chamber of deputies today adopted a formal declaration commending Raymond Poincare for his work as president of the republic during the war, and referring to the president as "deserving well of the country."

AIM TO ESTABLISH CAUSE OF STRIKE

Leaders' Defence Claim Right of Collective Bargaining is Reason.

Winnipeg, Feb. 10.—(By Canadian Press.)—Vigorous efforts by R. A. Bonnar, K.C., counsel for the defence, to establish the meaning of collective bargaining and to show that the general strike of last summer was called in support of this principle and not because of seditious conspiracy, featured the afternoon session of the trial of the seven strike leaders today.

Counsel's action drew from Mr. Justice Metcalfe a pronouncement as to the meaning of the word "strike." He said, "I would administer the law as they found it. Public opinion had nothing to do with the case and public discussion as to what was right or wrong had nothing to do with it. Whether collective bargaining in some sense ought or ought not to have been recognized by law, the jury had nothing to do with."

Upon Mr. Bonnar pressing his point the judge said he would stop counsel from discussing it if it were thought the accused would derive some benefit from his doing so.

"I only want the jury to not be taken off their feet by what they may think was a sense of natural justice," his lordship advised.

The discussion arose shortly after Mr. Bonnar started to cross-examine William Percy, who had been a member of the strike committee. The witness accepted this definition of collective bargaining put to him by counsel:

"The right of the workers to negotiate thru their chosen representatives." The only collective bargaining he knew of as being practiced, he said, was that put into effect on the railways, where the appointed representatives of the men are the employees of the companies and members of unions.

Witness declined to admit that outside people could act on the committee of men's representatives, as was suggested by Mr. Bonnar.

Defines Bargaining.

Pressed to say what kind of collective bargaining the strike committee had voted for witness declared it was that as practised on the railways.

A. J. Andrews, counsel for the crown, contended that the accused were charged with entering into an unlawful strike and that all the talk about collective bargaining was irrelevant.

To this his lordship replied by stating that the accused had the right to take the stand that it was an honest strike; they might wish to impress upon the jury that they were running collective bargaining for innocent purposes and not for guilty purposes.

YORK COUNTY AND SUBURBS

YORK COUNCIL TO RATIFY RADIAL

On Condition Hydro Power Commission Indemnify Township Officials.

York township council decided yesterday to ratify the bylaw to guarantee the bonds of the Toronto-Bowmanville radial railway providing the Hydro-Electric Power Commission would sign an indemnity bond protecting the township and its officials in case their authority to ratify should be questioned.

According to the report of the returning officer the vote of the ratepayers in favor of the bylaw on January 17 was not sufficient, and the vote was 25 to 1 for the bylaw. His interpretation of the act was that a fifty per cent. vote of the ratepayers was necessary. It is understood that a move will be made at the next session of the legislature to amend the act to do away with its ambiguity.

Council voted to compensate the Misses Brown farmers of the township up to \$743 for the loss of sheep killed by dogs.

Engineer W. O. Wynne-Roberts submitted plans of the sewer proposed for the Oakwood district, but no action was taken.

Council will wait on the city board of control today and take up with them the question of securing a supply of water for districts adjoining the city which are clamoring for water.

TODMORDEN "MOONSHINE."

Todmorden is much concerned by the sales of "moonshine," locally known as "possepot wine." That a school teacher is actively at work in the district is suspected. Constable McCann is hard on their trail.

LATE E. LORNE COX.

The death of Edgar Lorne Cox, son of Robert Cox of L'Amour, East York, which took place at St. Andrew's Military Hospital, Saturday, has caused a feeling of profound sorrow in the township, also in the large circle of Toronto friends. He attended North Toronto Collegiate and his school career was marked by success and popularity. He was with the Bank of Hamilton when he joined the Canadian Field Artillery, 36th Battalion, in the fall of 1915. He served with distinction in France till he met with a serious accident, having been thrown from his horse. After several operations in England he was invalided home in July to St. Andrew's Hospital, where he suffered constantly from his injuries. A young man of sterling worth and splendid executive ability, he will be greatly missed.

EARLSCOURT VETERANS DISCUSS CLUB HOUSE

The matter of a new club house for the Earlscourt veterans was discussed at a meeting of the branch at Belmont Hall last night. The purchase of a club house for the returned men of Toronto. The sum of \$3,000 already subscribed by the public towards a new hall was a matter that could be dealt with by the trustees and a plan of action could be made to the public at the proper time.

SIDELIGHTS ON FORD.

The lecture by Rev. E. C. Crossley on "Ford and His Ford," which was postponed from last week, was delivered to a good audience at the Central Methodist Church last night. Many humorous incidents in the early life of the American inventor were mentioned by the speaker, who was some of his early struggles to attain the notoriety which came to him in later years.

NO PHONES AFFECTS BUSINESS.

Complaints are heard thruout York township of the loss of business due to the slow methods of the telephone company in not installing phones. Especially is this so in the sections of the township where new stores have been built, the progress of business being impeded by the lack of telephones. Contracts in many cases have been signed six months, nine months and as far back as a year, but there is no sign of the work being completed. Speaking to The World's merchant said: "It is not much use our starting up business in this section when we cannot get the phones in. My business, being a butcher, means that I must have a phone, otherwise two-thirds of the business is lost, but altho I have made frequent application I can get no satisfaction. It is a curious way of opening up new sections and to expect the same to expand when you cannot get the telephone in after you have paid for the service."

POULTRY FANCIERS PROGRESS

The regular monthly poultry show of the Earlscourt Poultry and Pigeon Stock Association was held in the basement of a store on St. Clair avenue last night and some excellent birds were on show. Judge Stevens of Whitrow ave. was the judge and a large number of exhibits were by the younger element of poultry breeders in this district. The Weekly Times silver cup for the best display was won by W. E. Walker. The association is growing and the interest is becoming widespread among young men and girls of the neighborhood.

EARLSCOURT FORWARD MOVEMENT.

**TECHNICAL SCHOOL
FEES DISCUSSED**

Advisory Committee Recom-
mends \$75 for Non-
Resident Pupils.

Among the things discussed at
the meeting of the advisory committee
of the board of education yesterday
afternoon, Trustees Mrs. W. E. Groves
presiding, was the matter of the fee
for non-resident pupils in attendance
at the Central Technical School. As
has been reported from former com-
mittee meetings, the sum favored by
the majority is \$75. At the meeting
yesterday Trustee J. S. Laxton was in
favor of charging the same fee as to
resident pupils, while R. J. Stevenson,
representing labor, was altogether
opposed to a fee of any kind. It was
pointed out that the number of pupils
from outside the city is very small,
being only 216 out of a total attend-
ance of 10,000. The discussion closed
with the matter being sent to the
board with a recommendation that
the fee should be only \$75.
Another discussion grew out of a
communication from the secretary of
the G.W.V.A., the communication set-
ting forth the contention that night
teaching might be done by returned
men. Speaking for the Technical
School, Dr. McKay explained that
every regular teacher had to give two
nights, in addition to day teaching,
the night work being included in his
salary. One of the dangers in connec-
tion with the work of technical teach-
ing is that the instructor may get
away from the industrial population.
This is guarded against by the above-
mentioned proviso.

Soldier Teachers.
Again it was pointed out by the
speaker that in many cases the night
teaching are returned men and he
was at present prepared to recom-
mend two to the permanent staff.
The matter was referred to the board,
with the understanding that the head
of the Technical School will again
explain the situation.
The death of Joseph E. White, en-
gineer and returned soldier, was re-
ferred to feelingly by Dr. McKay, Wil-
liam McMurdy, fireman, and a very
faithful workman, was recommended
for the position of engineer's assistant.
In recommending \$1,800 as the initial
salary under ordinary conditions, or
\$2,000 if general increase is granted
to John Fullerton, teacher of plumb-
ing, and Grenville Tomney, machinist,
Dr. McKay said that both are excel-
lent men and had taken pedagogy
under Dr. Merchant.

**GENERAL TRUSTS
SUES OCCUPIERS**

Defendants Claim House Fore-
closed for Less Than Value.

The Toronto General Trusts Cor-
poration, executors of the estate of the
late Hon. J. J. Foy; Gertrude Foy,
executrix of the estate of the late John
Foy, and Jane, Daniel and Olive
Rahelly, heirs of the late Thomas
Rahelly, brought suit before Mr. Jus-
tice Lennox in the non-jury assizes
yesterday against Mary, Bridget, Ellen
and Daniel Rahelly, children of the
late Gerald Rahelly, for a declaration
that they own the property at 100
O'Hara avenue.
The defendants claim that the prop-
erty was bought for \$130 in 1884 as a
home for the family by their father
and his brother Thomas, then living in
the United States, who held the prop-
erty as joint tenants. They also claim
that when the property was mort-
gaged to Hon. J. J. Foy in June, 1894,
their father was very old and incap-
able of realizing what he was doing.
When the mortgage was foreclosed,
in July, 1899, they aver that the prop-
erty was worth much more than the
amount due on the mortgage, and that
from time to time they were assured
by Mr. Foy that they could redeem
it. They have been in possession of
the house ever since the foreclosure,
have paid all the cost of upkeep, and
have expressed their readiness, they
allege, to pay off the amount due on
the mortgage.

SOLD ADULTERATED BUTTER.

Roy Waldrop, 183 Woodbine ave-
nue, was charged in Magistrate King-
ford's court yesterday morning with
having adulterated butter by mixing
in oleomargarine, and with having
sold the same. L. H. Stinson, 151
Glenholme avenue, answered to the
charge of having sold some of the
butter. H. J. Dager, Dominion food
inspector, said his department had re-
ceived many complaints from this dis-
trict in regard to butter adulteration,
hence the prosecutions. Both men
were convicted. Waldrop was fined
\$100 and costs and Stinson \$25.

**SCHOOLS CALL FOR
OVER \$5,000,000**

Lowest Possible Figure for
Sites and Buildings
in 1920.

Estimates which will be presented
to the property committee of the board
of education on Thursday evening by
W. W. Pearce, business administrator,
will call for an amount which will
cover \$5,170,000, and which, according
to Mr. Pearce, are the lowest figure
possible in order to do the work in
connection with the program of sites
and buildings for the schools for 1920.
The things proposed to be done are
additions to Balmy Beach, Kew Beach,
Kimberley, Gledhill, Kitchener, Roden,
John Fisher, Huron Street Manning
Avenue and Runnymede schools, and
new buildings at Leslie Street, Duf-
ferin, Rose Avenue, Earls Court, Dew-
son Street, Ryerson, Queen Victoria,
Annette Street, Gunns' Road, and one
building to replace Brown, Hillcrest
and Hume Wood schools.

Costly Material.

The work begun in 1919 also re-
quires some financial backing due to
the cost of material and labor in-
creases of over 100 per cent. For this
the amount needed will be \$975,000 to
complete the following schools: Bed-
ford Park, Carlton, Duke of Con-
naught, Glenholme, John Ross Robert-
son, Keele, Norway, Wilkinson, Park-
dale, Earl Grey, Ogden and Brant.
The total for the public schools is
\$3,814,220 and a total of \$708,000 is
asked for the collegiate institutes,
which will include a new building for
Jarvis, additions to Malvern and
Riverdale, an appropriation for Park-
dale Collegiate, and the completion of
work on the North Toronto High
School. Other items of expenditure
are the Riverdale branch of the Tech-
nical School, \$25,000; site and build-
ing for high school, Commerce,
\$20,000; addition to workshop, \$60,000;
a new site, \$40,000; total for high and
public schools, \$5,170,000.

Among the imperative needs for in-
creased accommodation in the
schools, is that in many instances the
children have been occupying portab-
le schools, which cannot possibly be
made as sanitary and comfortable in
matters of ventilation and heat as
permanent buildings, and which are,
therefore, conducive to sickness. The
Technical School and High School of
Commerce are overcrowded, with a
waiting list in each case. High
schools, too, in some cases are holding
classes in portables, which, in addi-
tion to the detriment to comfort and
health, is a handicap to experiments
and demonstrations in connection with

of the Apostles St. Peter and St. Paul.
Refreshments were served at the close.

**DEPOSITORS SEEK
COMPENSATION**

Farmers Bank Losers Claim
Protection Under
Bank Act.

Depositors of the Farmers Bank,
which closed its doors ten years ago,
met in the Walker House yesterday
and decided to make another effort to
obtain compensation from the federal
government for their losses sustained
in the crash. They take the ground
that the charter was obtained by
fraud, and that they were denied the

protection afforded the public by the
bank act, owing to the negligence of
the government, and therefore they
should be recompensed.

The meeting was called by I. E.
Weldon of Lindsay, solicitor for the
depositors' relief committee, and dele-
gates numbering about twenty from
various parts of the province were
present. D. R. Ross, of Embro, was
chairman, and George Shore, of Dash-
wood, was secretary.

Mr. Weldon recalled that a bill had
been submitted to the house of com-
mons in 1914 providing a measure of
relief for the Farmers Bank deposi-
tors, and was passed by the house,
but was thrown out by the senate.

Assurance Given.

Premier Borden had given the de-

positors assurance that the bill would
be reintroduced, but the outbreak
of the war interrupted the plans and the
depositors decided not to press their
claims until the end of the war. They
expect now that the bill will be rein-
troduced.

R. H. Halbert, M.P. for North On-
tario, who was present, said he sym-
pathized with the objects of the meet-
ing, and promised to support their
appeal before parliament. He ex-
pressed the opinion that the useful-
ness of the senate was a matter of
some doubt. On motion of R. W.
Longmore, of Camden East, seconded
by A. L. Minthorne, of Oakwood, it
was decided to forward a petition to
Sir Robert Borden, asking that their
appeal for reimbursement be brought
before parliament for approval.

Some of the speakers at yesterday's
meeting were R. J. McLaughlin, K.C.,
Lindsay; W. C. Mikel, K.C., Belleville,
and A. L. Minthorne.

M.O.H. EMPHASIZES DANGER OF DANCES

Commends Action of Government House—Influenza Death Rate Light.

Also there is reported a slight increase in the number of deaths from the influenza epidemic, Dr. Hastings predicted that its peak would be reached some time this week, and from then on a general decrease would be noticeable.

Cheaper Than Funerals.

The M. O. H. again stressed his opinion that all private dances and parties should be postponed until after the epidemic had been controlled.

He was called up last night by a number of organizations who wanted to hold dances, he said. "Some of them told me that they had orchestra hired and would be out of pocket if they canceled these functions.

Action Commended.

The action of the government House and St. Andrew's College in postponing their dances after invitations had been given out was strongly commended by Dr. Hastings.

The doctor stated that no action would be taken to close up public dances, but would leave that matter to the good judgment of the people.

The Red Cross emergency branch at the city hall is still undiminished, and an appeal for more voluntary nurses is being made.

BY MILORED-MARSHALL.

ALICIA. This name is derived from the same root as Alice, and is pronounced an attempt at greater euphony.

The name is purely English, having, however, a slight Teutonic flavor. An argument is put forward by some experts that the name is derived from the Frankish Adalbert or Adelchen, meaning "daughter." Alik or Alisa in Lombardy was a name given to English women who married Henry I.

GRANGERS DISCUSS TRADE ACTIVITIES

Saskatchewan Grain Growers in Convention Find Report Satisfactory.

Saskatoon, Sask., Feb. 10.—(By Canadian Press).—Great interest has been manifested today by the delegates at the convention of the Grain Growers of Saskatchewan to the section dealing with the trading activities. By courtesy all delegates to the general convention of the grain growers or not to the trading convention, were permitted to be present with the result that considerable interest was aroused throughout the day in matters particularly pertaining to this section.

Neither public or press were permitted to attend the sessions of the day, but it is known that the representatives of those locals interested in trading activities are satisfied with the year's operations. The financial statement, as issued to the delegates during the afternoon session, shows that on the year there had been a loss of some \$31,000. It is pointed out, however, by those in charge, that while this loss is shown, it is more than made up in the benefits received by members in the way of obtaining different classes of convention at a lower rate than they otherwise would have secured them. Regarding the loss of some \$40,000 last year, consequent on the carry-over of twine supply, the total deficit today would appear to be approximately \$70,000 from the balance sheet submitted.

During today's sessions such matters as a return policy of the department, commodities to be dealt in, warehousing and direct shipment, mail order and catalogue business, further sale of debenture stock were discussed and will come before the general convention tomorrow in the form of resolutions.

The School Building Program.

No better argument in favor of the report of Mr. Pearse concerning the building requirements of the board of education could be had than the health conditions of the city today. Overcrowding is very largely responsible for disease. The war has been responsible for this, and made overcrowding unavoidable.

What we desired in 1907 and 1908 and subsequently, still stands—due preparation for the future. School sites must be located ahead. Plans for expansion should anticipate, not await, the inevitable.

be hoped that the board of education will support it and send it on with hearty and earnest approval.

Rosedale Lacrosse Grounds.

"I say it is absolute rot that a man should get up here and say that council should do something because some irresponsible man said somebody said something."

This is how Controller Cameron adopts the Prussian method of dismissing a clear and definite understanding in regard to the Rosedale lacrosse grounds. There is a proposal now that it be turned into building lots, Controller Cameron will doubtless tell us there isn't even a scrap of paper to tear up. Nothing but an understanding. And who would waste time on that?

Teravay Street Extension.

Extending Teravay street from College street to Davenport road is going to be the most important improvement inside the Belt Line since the big fire. An immediate quickening of the building and business will be observed in the district affected.

One of the important phases of the new development will be the new front which is given the St. Michael's College property on Chapel Lane, which with St. Vincent and North street will be merged in the new Teravay.

ATTORNEY-GENERAL OPENS HIS CAMPAIGN

(Continued From Page 1.)...posed to any attorney-general who would be opposed to the keeping of common betting houses on their race-tracks. The question for the election for East Wellington is: Does the fact that the present attorney-general believes that there should be no exception to the section of the criminal code which makes it a crime to carry on a common betting house in favor either of the foreign professional race-track men at Port Erie and Windsor, who are carrying on betting houses there in violation of the laws of New York and Michigan, or even in favor of the eminently respectable public men who own one of the race-tracks in Toronto? I say the question is: Does his attitude on the part of the attorney-general disqualify him from office, or is it rather a qualification? My conception of the duties of an attorney-general is that he should strive to see that the law is applied alike to all, and (Prince Albert case, carrying on a common betting house on a jockey club race-track, has no more immunity under the criminal code than a Chinese man peddling over a man of fortune in the back room of his laundry. What do you think?)

PREMIER STEWART HAS FRANK REPLY

Tells Alberta Manufacturers Government is Down on Close Corporations. Edmonton, Alta., Feb. 10.—"Give us an even chance with everybody else and don't pass legislation that will be unduly severe on the manufacturing interests of Alberta. Let us at least know what legislation is proposed before it passes. We are not antagonistic to labor, but simply want to treat fairly and to be treated ourselves in the same way."

U. S. SHIPPING BULLION TO SOUTH AMERICA

New York, N.Y., Feb. 10.—Nearly \$7,500,000 in gold bullion had been assembled today for shipment to South America early next week. It is probable that the shipment will reach \$10,000,000. The consignment, which will tend automatically to stabilize exchange in Argentina where the American dollar is quoted below par, is in payment for commodities, largely wheat and hides, purchased in the South American market. Last week \$17,500,000 in gold was withdrawn from the sub-treasury for shipment to South and Central America.

POLISH COMMUNISTS FAIL TO START STRIKE

Warsaw, Feb. 10.—The efforts of the Polish Communists to bring about a general strike in Warsaw as a manifestation designed to bring immediate action by the government to start peace negotiations were without results yesterday. Pamphlets were distributed throughout the city, demanding that Communists and the working classes cease their labors for one day in order to show their strength to the military authorities. While a few crowds assembled, there was no trouble anywhere.

Wave of Liquidation and
Short Selling Sweeps Over
the Stock Market.

New York, Feb. 10.—Another wave
of liquidation and short selling swept
over the stock market today, carrying
prices far below levels reached last
week, when the slump in foreign ex-
change caused serious impairment.

Little attention was paid to free
offerings of call money at 10 per cent
and the January tonnage report of
the United States Steel Corporation,
confirming reports of mounting
business in that important industry
which was almost ignored.

In the further absence of construc-
tion leadership it was comparatively
easy to bring about additional shrink-
age of quoted values. This was espe-
cially true of stocks which are likely
to be most adversely affected by
marked readjustment of foreign trade
conditions.

Shares of leading shipping compa-
nies again reflected this prospect to a
considerable extent, but heaviness,
which later verged upon acute weak-
ness, was shown by stocks, oil, mot-
ors and specialties of all descriptions.

Rails of the highest grade also par-
ticipated in the decline, extensive
offerings of those issues probably re-
sulting in a large part of the threat-
ened walkout of one of the railway
brotherhoods.

According to trustworthy reports,
much of today's selling bore the stamp
of foreign origin, which was accepted
as an aftermath of the recent collapse
of international credits. Offerings were
unrestricted in the final fifteen min-
utes, when it was rumored that sur-
plus of the Curtiss-Wright was under-
way.

Net losses of five to almost twenty
points were made by general motors,
despite the fact that specialties, oils,
shipments, equipments, steels, textiles
and a wide variety of miscellaneous
issues, lowest prices ruling generally
at the feverish close. Sales amounted
to 1,650,000 shares.

Liberty bonds were heavy, but
weakness prevailed in the industrial
list and minor rails. Sales (par value)
aggregated \$14,450,000. Old U. S.
bonds were unchanged on call.

BEAR PRESSURE ON CURB.

New York, Feb. 10.—Despite a leas-
ing in the call money rate to 6 per
cent, bear pressure was exerted on the
curb right up to the close. There was
apparently numerous orders
reached which were placed just below
the market. This contributed to a
large degree to the general liquida-
tion.

General Asphalt was weak,
dropping about 9 points between noon
and the close to 84. Although Asphalt
was the weakest stock on the list,
there was apparently no market for
it, the company also being in the
decline and it was assumed to be the
result of a bear attack. Retail candy
was off fractionally, as were U.
S. Stearns and Indian Packing. Gen-
eral Motors new stock sold at 2 1/2%
a new low.

International Petroleum receded to
85, a loss of four points for the day.
Crown Oil was lower at \$3, while Salt
Creek producers was off at 49. Simms
Petroleum broke wide open, selling
down to 35 1/2. Caribb White Oil and
Marillit were also heavy.

The mining issues were quiet. Bos-
ton and Montana sold up to 69 near the
close.

**THE NATIONAL CITY COMPANY
OFFER FIRST INDUSTRIAL ISSUE**

The National City Company of Tor-
onto, Montreal, New York and other
cities are offering seven per cent
cumulative and participating preferred
stock in \$100,000, Limited.

This is the National City Company's
first industrial issue in Canada, its
activities during the year of its Cana-
dian operations having been confined
to government and municipal securi-
ties. The company is closely allied
with the National City Bank of New
York, with assets exceeding one billion
dollars, and any issue offered by the
company has first been purchased for
its own account after exhaustive
investigation.

The present issue, which is offered
at a price to yield 7.18 per cent, is
a specially interesting one, in view of
the fact that the company has been
reorganized financially since the re-
turn of Brigadier-General John H.
Gunn to the presidency of the com-
pany, and a large interest has been
acquired by the packing house of Mar-
rie & Co., Chicago.

Investors who purchased certain
Pulp and Paper securities at the
low price have realized handsome
profits through enhancement of
market value. The

WEAK WITH WALL ST.**

Cement Makes a Further De-
cline and Brazilian is Freely
Sold at Higher Prices.

With Wall Street pretty much de-
moralized, the Toronto stock market
yesterday gave a comparatively good
account of itself. The one strong fac-
tor in purely domestic issues was the
limited amount of offerings. Cement
was again pressed for sale in small
lots and a further loss of three points
was recorded with the last sale at 65.
Despite a steady decline in exchange
rate Brazilian was in free offering at
lower prices with the final sale at
41 1/2, off nearly two points from the
previous day. The Montreal Pulp
and Paper Co. was again pressed for
sale and prevented any immediate
rallying of these specialties.

The steel shares were without fea-
ture and developed in a quiet, ten-
sive manner. A report of a ten-
tative share of Maple Leaf caused a re-
cession of a steady decline in the
shares were slightly under pressure and
board lots had to be sold at
fractional concessions. The only dis-
cussion in the market during the day
was the inevitable decline in com-
modity prices and the possible effects on
the future earnings of industrial
companies.

**MONTREAL STOCKS
ARE LESS ACTIVE**

Quebec Railway Most Prom-
inent—Steel Stocks
Were Weak.

Montreal, Feb. 10.—Only one issue in
today's local stock market furnished
thousand shares to the trading, this be-
ing Quebec Railway which opened strong
at 3 1/2% with close at 3 1/2% after easing to
3%. Cement was also actively dealt in,
opened firm but sagged off some 2 1/2
points under the opening with a rally at
the close to 6 1/2%, a net loss of 1 1/2 points.
Sugar sold up to 86 in the morning, but
closed at a small reaction below 82 1/2%
and Penman was again strong, adding
three points at 120, making an advance
of nine points in two days.

Paper stocks were irregular, but
mostly inclined lower. Spanish River
common lost 1 1/2 points to 82 1/2% and
preferred gained a point at 122. Brompton,
Wayagamack and Riordon each lost a
point at the close. Laurentide and Beau-
ville were again strong. Elsewhere
in the list Carriage Factories
gained a point at 122, while
Tuckets common gained 3 points at 52.
Total trading—Listed, 7,879; bonds
\$163,000; unlisted, 128.

**FURTHER DULNESS
ON WINING MART**

Small Trading on Standard
Exchange, But Price Con-
cessions Are Limited.

The Standard Mining Exchange
lapsed into further dulness yesterday
and total sales were only slightly in
excess of 60,000. This exchange was
under the influence of the larger mar-
kets and there was, therefore, little
incentive to expect advancing prices.
Nipissing carried the trend of New
York stocks and sold down here to
\$12.00. There was a slight evidence of
firmness in Kirkland Lake and Beau-
ville, but with these exceptions the
various transactions showed either
steadiness or small losses from the
previous day. With clients interwoven
with other markets in which heavy
losses are impending some liquidation
has been expected in the mining
stocks, but that has not yet exhibited
itself. The most steady issues, such as
Hollinger and McIntyre, in the
mines, were quoted slightly easier,
but few offerings were presented.
This market is admittedly pretty
much sold out, and would be shorts
are timorous at offering prices down.

UNFILLED STEEL ORDERS

New York, Feb. 10.—Unfilled orders
of the United States Steel Corporation
on Jan. 31 were 2,285,441 tons,
according to the corporation's monthly
statement issued today. This is an in-
crease of \$1,020,075 tons compared
with the orders on Dec. 31.
This is the eighth consecutive month
to show an increase. The figures on
Dec. 31 were 3,265,366, and on Nov.
30 they were 7,128,330.

STILL OPPOSE FIREMEN.

St. Catharines, Feb. 10.—The city
council last night refused to recede
from the position taken two weeks
ago, when recognition of the firemen's
union was refused, and they were or-
dered to cease affiliation with the
Trades and Labor Council.

The Fascinating Tailored Frock

Fashion has decreed that Foulard shall be more to the fore than ever this season, and immediately launches the most fetching foulard frocks one could possibly imagine.

Not the foulards of olden days, but with new exclusive designs borrowed from Persian tapestries, Egyptian sarcophagi, Greek temples and other treasures of the East, to which designers are turning for inspirations this season.

The weaves, too, are surpassingly rich and soft, seen particularly in navy grounds, with lemon, white and parchment prints. Also black with white.

The following description tells the story of what frock designers are doing with this fashionable fabric:—

The Vogue of Black and White

is expressed in a beautiful frock in black, with large white squares, centred with a queer little oriental design in white. Broad accordion-pleated panels fall from neckline to hips at back and front, caught in with a wide buckled girdle. Price 53.00

A Very Novel Design

shows fine white lines printed in groups on navy foulard, to give the effect of long and short stitches. These in circular fashion on the applied tunic, which is caught in umbrella folds about the hips—and in vertical style on the simple bodice with its bit of pleated frilling on neck and short sleeves.

Truly a stunning frock. Priced at 69.75

The Popular All-Over Design

is carried out in elongated ovals of maize on navy. In the simplicity of the style lies added charm. The knee length tunic is slit at each side to the waist and bordered with ruchings of navy satin. These also appear on the long sleeves, and there is a broad navy sash. Price 87.00

For Very Dressy Occasions

is reserved the charm of another exquisite frock. The foundation is foulard in navy with white—this veiled with navy georgette, handsomely embroidered and beaded in navy, and caught up under the hem in harem effect. It is short-sleeved. Price 125.00

The Charm of Cut Glass

A Fine Display of Choice Designs at Reasonable Prices in the Basement

There is an irresistible fascination about cut glass. The sparkle of it in morning sunshine, sitting in the breakfast room, the design and clear cuttings have so powerful an appeal that the majority of homes boast at least a piece or two.

Whether you come in seeking a nice water set, priced from \$4.95 to \$40.75, as a wedding present, or for your own home; a Belgian bonbon dish of crystal clearness and delicate workmanship at \$5.95, or a tall decanter at \$10.00, you are sure to discover the piece that pleases you most.

Cut glass ware is a Simpson specialty. There is, for example, hived off in a glass house of its own, a massive and imposing punch bowl, perhaps the most distinguished piece of its nature in Canada. The price of this is \$225.00.

One great advantage is that you are enabled to equip your buffet by purchases from time to time. Two popular patterns are the Roden Aster and Sunflower, and these may be made up by purchasing from time to time.

The Normandy design also is obtainable in open stock.
