TROOPS ATTACKED IN ARMORED CARS ON CORK STREETS

Much Firing on Both Sides, but No Casualties Are Reported.

MAGISTRATES RESIGN

Dublin, Aug. 3.—Collisions between Sinn Féiners and troops in armored cars occurred in Cork Monday night, and there were clashes with patrols in the suburbs of Blackpool. There was considerable firing by both sides, but no casualties have been reported. Disorders also are reported to have taken place in Londonderry and other places. More barracks and court houses were burned. Two mail trains bound for Dublin were held up near Athlone today. All the magistrates removed, presumably for examination and the abstraction of official despatches.

During the last three weeks of July 132 magistrates in Ireland resigned their commissions, according to a story published tonight giving a list of the names of the magistrates and their reasons for relinquishing office. The resignations are attributed to protest against the present methods of British administration.

On the other hand the authorities assert that the resignations were due to Sinn Féin terrorism.

To Honor Mannix Landing.

Cork, Aug. 3.—A resolution urging that the landing of Archbishop Mannix of Australia in Ireland be signalized by bonfires and general illuminations next Saturday night and that meetings of protest be held against British tyranny and an insult to a great Catholic prelate, was passed at a joint meeting of the Cork urban district council and the Cork city Sinn Féin executives today.

It was announced at the end of the meeting that the freedom of Cork for Archbishop Mannix would be proclaimed at a meeting of the Cork corporation Friday.

The arrest and imprisonment by the United States government of James Larkin, the Irish labor leader, is decried to be "a gross outrage and a violation of the right of freedom of opinion and speech" in a resolution adopted unanimously by the British Trades Union Congress today. His immediate release is demanded in the name of the workers of Ireland.

CANADIAN-WEST INDIAN TRADE PREFERENCE NOW MATERIALLY INCREASED

In Some Cases Advance is Made From Present Twenty Per Cent. to Fifty Per Cent.—Steamship Service to be Enlarged as Soon as Possible.

Ottawa, Aug. 3.—(By Canadian Press).—The new trade agreement concluded between Canada and the British West Indies was made public today. It increases in certain instances, the present mutual preference of twenty per cent. to fifty per cent.; it extends the free list; it provides for an increased steamship service—with a weekly service between Canadian ports and the eastern group of the British West Indies and a fortnightly service between Canadian ports and the western group. The weekly service is to come into operation "as soon as possible, and in any case within three years"; the fortnightly service with the western group is to come into effect not later than January 1, 1921. The agreement provides that the various governments of the British West Indies will contribute towards the necessary subsidies.

In the case of the fortnightly service to the western group—the Bahamas, British Honduras and Jamaica—the vessels are to be provided by the government of Canada. Here, if the service proves unremunerative, the three West Indian colonies mentioned will contribute twenty-five per cent. of the loss within certain restrictions.

British Owned Cables.

The agreement concludes with a declaration that the representatives of Canada and of the British West Indian colonies will recommend for the consideration of their respective governments that British-owned and British-controlled cables should be laid as soon as possible without waiting for the termination of the agreement with the West Indian and Panama Telegraph Company to connect Bermuda with Barbadoes, Trinidad, British Guiana, the Windward Islands, the Leeward Islands, and Turks Island or Jamaica.

The agreement recites that a conference was held in June between the government of Canada and the governments of the British West Indies. (Continued on Page 6, Column 3).

GOVERNMENT TAKES CIVIL PROCEEDINGS IN TIMBER CHARGES

Action Also to Cancel Patents Granted Russell of Port Arthur.

PULPWOOD SEIZED

Civil proceedings will be instituted against Walter H. Russell of Port Arthur, charged with cutting timber in New Ontario on lands to which he had no right. Attorney-General Raney announced yesterday afternoon. At the same time, action will also be taken with a view to cancelling the patents granted to him.

The suit will be conducted, Mr. Raney said, by G. W. Mason of the legal firm of Donald, Mason, White & Funnell, Toronto.

The attorney-general declined to state the amount of the government proposed to sue for.

"It will be for a large amount, but I cannot tell you now, even approximately, how much," Mr. Raney added.

Meanwhile the government has seized from the Russell interests a large quantity of pulpwood, out and ready to float down stream. It is estimated at between 15,000 and 25,000 feet.

Recommended by Commission.

The action taken by the government is the result of the interim report made a few days ago by Judges Hiddell and Latchford, who have been inquiring into the timber situation generally in northern Ontario, in which they say:

"The business of Mr. Russell and his companies has been, since 1907, the exploitation of the pulpwood resources of the province."

PEACE NEGOTIATIONS OF THE POLES AND REDS HAVE BEEN BROKEN OFF

Soviet Declares It Was Due to Misunderstanding and Proposes Conference at Minsk Wednesday — Bolsheviki Everywhere Are Pressing on Their Attacks.

Warsaw, Aug. 3.—The breaking off of the negotiations between the Poles and the Bolsheviki, out of which it had been hoped would come an armistice and the early cessation of hostilities, was due to a misunderstanding, according to the contention of the Russian soviet authorities, in a wireless despatch received here today.

The latest communication from the soviet suggests that negotiations both for an armistice and for peace be held in Minsk Wednesday.

It asks that the Poles send a delegation to Minsk invested with all the necessary credentials to negotiate for peace.

The Poles contend that it will be a physical impossibility for them to comply with this proposal.

While the Polish delegates are retracing their steps homeward from Baranovitch, where the conference with the Bolsheviki ended so abruptly, the Bolsheviki troops are reported everywhere to be pressing their attacks on the entire battlefield from the east Prussian front on the north to the region adjacent to Lemberg, in Galicia, on the south.

Inside the great battle area the Poles are hurriedly preparing defenses, particularly trenches and barbed-wire entanglements in front of Warsaw.

Activities on the northern front indicate that the Bolsheviki plans include an encircling movement against Lomza, which is of strategic importance in connection with the defence of Warsaw.

According to last accounts, the soviet forces were endeavoring to drive directly west along the Prussian frontier, and if the drive is continued it would endanger Warsaw's main line to Danzig, over which war materials are being brought in.

The Bolsheviki in the region of Ostrolenka are less than 50 miles from Miava, which is situated on the Warsaw-Danzig railway, about 60 miles north of Warsaw.

Poles Refused Suggestion.

London, Aug. 4.—When the Bolsheviki suggested the negotiation in Minsk Wednesday, they proposed, in order to save time, that the Polish government should notify the Russian government by wireless that a courier would be despatched to The Herald, the labor organ, from Christiania.

"To the surprise of the Russians, the Polish delegates refused the suggestion," (Continued on Page 6, Column 4).

POLAND HOPEFUL OF LENIENT TERMS IN PEACE TREATY

Presence of Soviet Premier in London Held to be Good Sign.

MUST PLACATE ALLIES

London, Aug. 3.—The presence in London of Leo Kamenetz, president of the Moscow soviet, and acting premier of soviet Russia, and Leonid Kraasin, Bolsheviki minister of trade and commerce, who are to confer with allied representatives here, is regarded in Polish circles as having a most important bearing on peace negotiations between Poland and the soviet government. In this connection the following statement was made by a Polish official to the Associated Press today:

"If economic conditions in Russia are still as bad as we have reason to think, it would be foolhardy for the soviet government to antagonize the allies by trying to impose drastic peace conditions on Poland. I believe that the allies, thru Kamenetz and Kraasin, can exert sufficient pressure on the Moscow government to secure terms which Poland can accept."

British officials, who expect the Bolsheviki to deal leniently with Poland, are terming absurd reports emanating recently from Russian sources that Moscow's first requirement of Poland would be the establishment of a soviet form of government.

Fighting Will Continue.

The military action is regarded by some as distinctly favorable to the Polish forces. It is believed, however, that fighting will likely continue until an armistice is actually signed. "The Bolsheviki will be under no obligation to cease hostilities until an armistice has been perfected with the Poles," said a British officer today.

He pointed out that the allies continued their attacks against the Bolsheviki up to the last minute before the armistice in the war became effective. "The Moscow report that armistice negotiations with the Poles have been delayed because the Polish delegates were not authorized to negotiate for peace, as well as an armistice, is taken to indicate that the Bolsheviki are adopting the same procedure in coupling armistice with peace negotiations as they did in dealing with the Estonians last winter. It is also recalled that the soviet forces continued their attacks on the Estonian front with increasing force during the last part of negotiations until the conclusion of peace."

AUGUST 26 DATE FOR NEW RATES

U.S. Commerce Commission Will Ask Them to Apply to Canada.

Washington, Aug. 3.—New freight rates and passenger fares will be made effective on August 26, instead of on August 29 for passenger fares and August 25 for freight tariffs, United States railroad officials announced tonight.

At the same time it was announced that the United States railroads would ask the Canadian railway commissioners for permission to make the new rates effective on transportation from the United States to the Dominion.

Decision to postpone the putting into effect of the advanced changes, authorized last Saturday by the Interstate Commerce Commission from the dates announced yesterday was reached tonight after tariff experts of the carriers had been heard by I.C.C. Then, general counsel for the Association of Railway Executives, that it would be impossible to have the blanket schedules ready before August 21. Under the orders of the commission the new schedules must be filed five days before they become effective.

Application of the new schedules to transportation to Canada, officials said, will mean that shippers will pay freight charges under the new tariff for their classification territories unless the shipment passes thru more than one group before crossing the line, in which case the inter-territorial rate, which is to be advanced 33 1/3 per cent, would apply.

Canadian railways, it was said, will apply to the Interstate Commerce Commission to make the new charges effective on transportation from the Dominion into the United States.

British and U.S. Subjects Enlist in Polish Volunteers

Warsaw, Aug. 3.—Many British and United States subjects, including a number of former officers, are reported by the recruiting offices to be enlisted in the Polish volunteers.

OTTAWA STILL MUM ON RUM-RUNNING

Ontario Government Continues to Receive Applications to Join Police.

It looks as if Ontario will have to depend upon its own officers to enforce the O.T.A. The attorney-general, Hon. W. E. Raney, has requested the assistance of the Royal Canadian Mounted Police, but so far the Dominion authorities, beyond acknowledging the attorney-general's letter, and saying that the request would be considered, have remained silent.

"I have nothing to say, beyond the fact that Ottawa is considering our request," said Mr. Raney to The World yesterday.

Sources of applications were received yesterday, many from returned soldiers, by Chief Rogers of the provincial police force, for positions as preventive officers. They will be considered, and those applicants regarded suitable will be attached to the license department's forces.

"GROSSLY EXAGGERATED."

New York, Aug. 3.—Returning from an inspection tour up state, James S. Shevlin, supervising director of prohibition enforcement, declared yesterday that the reports that large quantities of whiskey were being smuggled from Canada into New York were grossly exaggerated.

"In the vicinity of Buffalo, he said, automobiles from over the border were stopped recently and examined, and but one quart of whiskey was confiscated.

Around Conestoga, Ganansburg, Chateaugay, St. Corrington, Malone and denburg and other communities close to the international line local officers have virtually broken up the smuggling trade in alcoholic drinks. Mr. Shevlin said.

AWAIT REQUEST OF ONTARIO.

Ottawa, Aug. 3.—(By Canadian Press).—"If they will tell where the actual trouble is we will soon have action down there to clean it up," said Hon. J. A. Calder this afternoon, when shown a despatch from Toronto commenting on the condition of affairs in Windsor, Ont., and vicinity. "We have told Mr. Raney that we are willing to do this, and it is now up to the Ontario government to co-operate," added the minister. He explained that, as in the case of the Winnipeg strike, the R.C.M.P. can only be used on request from the provincial authorities. "We cannot issue a blanket order," he added, "and so far as customs officers go we have special police on the job there."

GAELIC LEAGUE WAS UNMOLESTED

Organization Last Year Was Proclaimed Illegal—Penalties for Attendance.

Dublin, Aug. 3.—No attempts were made by the government to interfere with the convention of the Gaelic League today, altho the organization last year was proclaimed illegal and attendance at its branches was announced as punishable by imprisonment. Delegates were present today from all parts of Ireland, among them several for whom warrants had been issued.

While the majority of the Irish people are enjoying summer holidays and Dublin especially is engrossed in sports, the Sinn Féiners are continuing their campaign against what they describe as the "invader." Reports show there has been no diminution in the number of hold-ups of mail trains and cars.

TO DECIDE ALLOTMENT OF GERMAN CABLES

Washington, Aug. 3.—The International Communications Conference, called under the auspices of the league of nations, it was announced today, will be held in Washington September 15.

The principal business of the conference is expected to concern the allocation among the allied and associated powers of the German cables confiscated during the war.

ACADEMIC HONORS TO NEWSPAPER MEN

General Sir Arthur Currie Presides When McGill Confers Degrees.

Montreal, Aug. 3.—(By Canadian Press).—It was typical of the first occasion on which General Sir Arthur Currie presided over a public convocation of McGill University as principal and vice-chancellor that the function should be one of empire in honor of the conferring of the highest academic honors within the gift of McGill upon four newspaper men, representing Great Britain and other far-flung dominions, delegates to the Empire Press Union, to meet this week at Ottawa. Sir Arthur was quick to grasp this evidence of imperial solidarity in this unique function. He expressed his pleasure that at the universities were recognizing the value of the profession of journalism, and especially that of the far-flung dominions, which as Canada's imperial university should take the lead in impressing on the public mind the university's appreciation of the services to the empire of the fourth estate.

A Wealth of Ceremony.

The ceremony of presenting the degrees of LL.D. to Viscount Burnham, Sir Henry B. Brittain, British delegate; R. S. Ward Jackson, South Africa, and Thomas Wilson, Leys, New Zealand, was carried out with a wealth of academic ceremony and color. The special convocation was presided over, for the first time, by Sir Arthur Currie, with the full representation of the faculties and governors, wearing their scarlet robes of office.

CALL FOR IMPEACHMENT OF WINSTON CHURCHILL

London, Aug. 3.—A remarkable motion, demanding that the government arrest and impeach Winston Churchill, secretary for war, at the bar of parliament, "for violating the constitution by using British military resources to assist reactionary elements in Europe to make war against soviet Russia without the consent of the British parliament or people," will be submitted by the Independent Labor party at the annual conference of the Scottish Labor party in Glasgow, Sept. 25. This announcement was made by officials of the Independent Labor party today.

WILL TURN ISLANDS OVER TO GREECE

Italy Will Ask Only Modification of Plebiscite Anticipated in Rhodes.

Paris, Aug. 3.—It is hoped that an agreement between Italy and Greece, relative to the Dodecanese islands, will be reached in time for the signing of the Turkish treaty without delay on Thursday, says The Temps today.

It appears the Italian government is disposed at present to turn over to Greece without delay all the little islands of the Dodecanese, and will ask only a modification of the provision for a plebiscite anticipated for the island of Rhodes, the newspaper adds.

TURKS ARE UNEASY

Constantinople, Aug. 3.—The Turks are manifesting uneasiness over the disagreement between Italy and Greece regarding the Dodecanese Islands. They fear it may result in Italy obtaining the Adalia district absolutely, instead of a zone of influence, or that the Greeks may take the Meander valley.

Some of the Nationalists are delighted at the disagreement between the Constantinople government and the more thoughtful Nationalists are anxious lest the differences be settled at a further cost in Turkish territory.

PONZI CONFIDENT MILLIONS BEHIND

Boston, Aug. 3.—The hundreds of investors who besieged the offices of Charles Ponzi, the foreign exchange financier, today, had dwindled to less than a dozen when closing time marked the end of the largest Ponzi run since he discontinued receiving deposits. In the seven days' run Ponzi claims to have returned to depositors between \$5,000,000 and \$4,000,000.

Ponzi, smiling and seeming confident of the outcome of the federal audit now being made of his books, declared that he had \$7,500,000 in banks in the United States, which would more than cover all his liabilities.

Speculators did a brisk business during the day buying notes at from 10 to 20 per cent. discount from those who tired of waiting in line. The market also much larger than yesterday, was more orderly, and it seemed that they were being paid at a faster rate than on any previous day.

ALCOHOL SEIZED IN RAID MYSTERIOUSLY DISAPPEARS

St. John, N.B., Aug. 3.—The mysterious disappearance of several thousand dollars' worth of alcohol, after it had been seized by the chief inspector's department here, has had a new twist today. It was learned tonight that seven casks, containing 210 gallons of alcohol, which had been taken in a raid on a hotel in St. Leonard's, on the upper St. John river last Saturday, had been stolen and are now, it is presumed, on their way to Bangor or some other point in Maine.

HAIL FALLS IN WINNIPEG.

Winnipeg, Aug. 3.—A very heavy shower fell over Winnipeg this afternoon, accompanied by some hail. If the rain is at all general it will prove a great benefit to the crops.

EDDES TAKES A HOLIDAY.

Herbert M. Edde, Aug. 3.—Sir Auckland Geddes, the British ambassador arrived here from Washington late today for a three weeks' vacation at the summer home of Mrs. Auckland. He was met at the airport by a public reception and Sir Auckland made no statement other than that he had dismissed official cares for an absolute rest.

Winnipeg, Aug. 3.—D. B. Hanna, president of the Canadian National Railways, sought to justify the applications for increases in freight and passenger tariffs today by stating that 80 cents out of every dollar earned by the Canadian National Railway is absorbed by wages and at the present time it costs the company more than a dollar to earn a dollar. Mr. Hanna arrived in Winnipeg this morning from the west, accompanied by A. J. Mitchell, vice-president in charge of finance and accounts. In company with Hon. J. D. Reid, minister of railways and at the present time he is touring the western lines of the company and reports that the road is in excellent condition. One of the purposes of the trip was to look into co-ordination of the C.N.R. and G.T.P. Must Meet Wage Award. In speaking of the application for a 30 per cent. increase in freight rates at present before the board of railway commissioners, Mr. Hanna said that a further increase was imminent to meet the wage award, which, if accepted, would be made to Canadian employees, but that he was not aware of the amount of the increase to be asked for by the railways.

Economic War in Ireland Between North and South

Dublin, Aug. 3.—Indications of an outbreak of economic war between North and South Ireland are increasing as a result of the expulsion of Catholic workmen from shipyards and other industrial concerns in the north by their Protestant fellow workmen. It is thought in some quarters that this will be the next move to add to the already great embarrassments of the country.

Some western towns already are threatening a boycott against Belfast goods, it is said, and there is danger of this policy spreading to other trades, including the banking system, which hitherto has been one of the few bonds between the north and south. Ulster especially fears this action as much of the capital which supports northern industry comes from the south.

The Irish Times points out that such a boycott is quite possible, as southern and western Ireland are better organized now than at any other time in their history. "The boycott," says the newspaper, "would induce political strife and would beggar many departments of industry. It would prove that the rest of Ireland cannot dispense with Belfast any more than Belfast for all its pride and self-dependence, can dispense with the rest of Ireland."

TRIAL IN IRELAND BY COURTS MARTIAL

Provision in New Bill for Excluding Ulster From Working of Law.

London, Aug. 3.—Duties of crown tribunals in Ireland will be taken over by courts martial, even to the extent of settling civil disputes, infliction of fines and binding of accused persons over to keep the peace, under the terms of the new Irish bill, which was made public this morning.

Military courts will also take over the duties of coroners, and will have the power to decide cases without jury. In trials for crimes punishable by death, however, one person who need not be an officer shall sit as one of the judges. He must be appointed by the viceroys from a list approved by the Lord Chancellor of Ireland or the Lord Chief Justice of England. The courts will be given the power to compel witnesses to attend hearings and enforce orders for the presentation of documents. Persons convicted by them may be imprisoned in any part of Great Britain.

The bill makes provision for excluding Ulster from the working of the law by stipulating that it shall be effective in the whole or any part of Ireland.

The government proposes to allow only four hours' discussion in the second reading stage of the new Irish crimes bill Thursday, and expects to force by closure all the remaining stages by six p.m. Friday.

A. CHRISTIE, OTTAWA, EXPIRES SUDDENLY

Was Prominent Contractor and Former President of Builders' Exchange.

Ottawa, Ont., August 3.—Alexander Christie, a prominent Ottawa contractor, head of the firm of Alex. Christie and Sons, general contractors and builders, 23 Frank street, died suddenly at Norway Bay, this morning.

Mr. Christie, accompanied by his wife and two daughters, was walking to the railroad station to board the incoming train to Ottawa, when he pitched head foremost to the ground. Life passed out a few minutes later as he lay on the station platform, where two physicians, Dr. Winter, of Ottawa, and Dr. McNaught, of Montreal, did everything in their power to aid the stricken man. He was 53 years of age, and a former president of the Builders' Exchange in Ottawa, and of the St. Andrew's Society. He constructed many of the large residential and mercantile buildings of the city.

JAILED FOR DRUNKENNESS.

Brantford, Ont., Aug. 3.—(Special).—The last time Miles Lacey appeared, charged with being drunk, he was told that if he appeared again before September 20 the law necessitated his getting a sentence. Lacey got two months this morning, without the option of a fine.

PEDESTRIANS IN ELORA RUN DOWN BY MOTOR

Guelph, Ont., Aug. 3.—(Special).—Alex. Cordiner, Derry Street, was the victim of an unfortunate accident in Elora when, with other pedestrians, he was run down by an auto which turned onto the crowded pavement to avoid colliding with another motor car. Mr. Cordiner received a nasty cut on one limb, while his foot was very badly crushed. His injuries are considered of a serious nature. Mr. Scott of Elora, who was beside him, had both legs broken, and is in the hospital at Fergus. His recovery is doubtful.

CROP CONDITIONS IN CANADA GOOD

Harvest Will Be Earlier Than Usual in Manitoba.

Ottawa, Aug. 3.—Telegrams on crop conditions throughout Canada at the end of July have been received from the provincial departments of agriculture and the Dominion experimental farms and stations by the Dominion bureau of statistics.

Reports from Quebec and the maritime provinces are, on the whole, excellent. Other reports are, in part, as follows:

Ontario: Hay crop light. Fall wheat harvest rushing. Fair yield rye. Good barley and oats, promise well. Straw long, but soft. Spring wheat poorer. Corn looks late, but will improve. Early potatoes yielding well. Sugar beets and turnips look well. Mangolds poorer. Intures good. Milk slow, but good for season.

Manitoba: From the Manitoba department of agriculture—Reports generally are satisfactory. Good rains fall practically everywhere about July 20. Condition of all crops fair to good. No rust damage so far. Grasshoppers being held in check. Harvest will be earlier than usual. Fall rye being cut July 31. Wheat cutting likely to commence by August 10.

Saskatchewan: From the Saskatchewan department of agriculture—Heavy rains during week ending July 24 greatly improved crop conditions. Wheat especially late crops. With more rain and cool weather expect an average yield.

Alberta: (Lacombe)—Grain crops on the whole good. In central Alberta some late crops suffered slightly from drought. Damage from hail is not extensive.

(Lethbridge)—Rais has been fairly general in Alberta, during July, consequently districts not suffering from drought during June are in good condition.

British Columbia: Rains during middle of July helped all field crops. Weather generally settled now. Crops in general look promising.

JAPANESE FAVOR U. S. FRIENDSHIP

Much Opposition 'Noted to Increased Japanese Military Expenditures.

Tokio, Aug. 3.—(Special).—This being the week in which the Japanese mission of friendship for an understanding with the United States has arrived in the east, many friendly expressions are appearing in the press here. More important, for example, such an item of news as that which indicates the presence in Japan of a large party opposed to any race of armaments between their country and the United States. Speeches made in the diet when a naval and military appropriation bill was up to a total of \$150,000,000 show that this party is not to be despised, and inasmuch as the armaments bill would have to be met by increased income tax, a distinct movement against it is being led by owners of both small and large fortunes. The two sources are powerful influences for peace, especially with the United States.

FIND BODY NEAR SUDBURY, MURDER BEING SUSPECTED

Sudbury, Aug. 3.—The badly decomposed body of an unknown man, found in an isolated spot near Sudbury last evening, has been identified as that of Anton Laroque, said to be a resident of St. John, Que. He had been missing since July 22. Murder is suspected, as deceased, fellow-workmen state, had considerable money when last seen alive. This is missing. A rifle was found near the body, with an empty shell in it.

FOURTH ALASKA FLYER WRECKS PLANE IN RAIN

Edmonton, Alta., Aug. 3.—A special to The Edmonton Journal from Prince George, B.C., says:

"Captain St. Clair Street, in command of the New York to Alaska flying expedition, arrived here from Jasper at 4.45 Monday afternoon, to rejoin the rest of his squadron who had preceded him. Captain Street arrived during a terrific storm and driving rain. He overshot the landing field, wrecking his machine. It is not certain whether he can repair the aeroplane or not. All members of the party are well at Prince George."

BIG PACKING FIRM INCREASES CAPITAL

Springfield, Ill., Aug. 3.—Armour and Company, meat packers, Chicago, certified to the U. S. secretary of state this morning an increase of capital stock from \$10,000,000 to \$40,000,000. Their tax on the increase amounted to \$105,627.

FACES B.O.T.A. CHARGE.

Hamilton, Aug. 3.—George Jarvis, Fruitland, is under arrest, charged with having violated the Ontario temperance act.

APPROVE HIGHWAY ENTRANCE SCHEME

Action of Hamilton Council Regarding Ontario Government's Plan.

Hamilton, Aug. 3.—The provincial government's scheme for a western entrance to Hamilton was approved by the city council tonight. Further details regarding the costs which Hamilton will be called upon to meet will be secured from the deputy minister of works, this step being taken upon the suggestion of P. B. Waddell, K.C., city solicitor. Mr. Waddell explained that if satisfactory arrangements could not be made with the government, the railway board would appropriate the costs.

Access to Trustees' Wish.

The council reversed its decision regarding purchase of the David property on Main street by the bureau of education, voted to issue the necessary debentures.

Ald. Fearnside gave notice that at the next meeting he would move that Victoria avenue, Emerald street, Sherman avenue and Kenilworth avenue be opened thru to the harbor. As it was a special meeting, the notice was ruled out of order. Further, the alderman was tipped that it would cost about a million dollars to acquire the valuable industrial property at the harbor ends of the thoroughfare mentioned.

PEACE OVERTURES ARE SUSPENDED

SOVIET FORMED IN POLAND. Manifesto Issued By Russians Exhorting Laborers to Rise.

London, Aug. 3.—A provisional Soviet has been formed in the parts of Poland that have been occupied by Soviet troops according to a wireless message received here from Moscow today.

Julian Maslkevsky is chairman of the newly-formed body, adds the despatch.

The new Soviet has issued a manifesto to the laborers of Poland, exhorting them to drive away Eilensky's bourgeoisie, landowner government.

The manifesto declares that a stable peace between Russia and Poland is only possible thru soviet of the workers.

The works and mines must be wrested from the hands of the capitalist speculators and money lenders and become the property of the people in the persons of the workers' committees. The land and forests must be handed over as the property of the people and be managed by the people. The land must be driven away from the property managed by the poor peasants committees. The land of the working peasants will remain unalienable.

"In the towns, authority will pass into the hands of the workers' committees. In the villages, temporary soviet will be formed.

When through Poland and the bloody government, which dragged the country into the criminal war is overthrown, the soviet of workers' deputies will be formed, and will lead the Polish socialist soviet republic."

ASSASSIN OF TISZA GIVES DETAILS OF PLOT

Budapest, Aug. 3.—The trial by court martial of the persons under suspicion in connection with the murder of Count Stephan Tisza, who was shot and killed in November, 1918, began here today.

Likewise important in the defendants, admitted the charges against him. He declared the murder had been prepared by a group of journalists belonging to the Keresztely party, with the connivance of Stephan Friedrich, the former premier, who paid the expenses of the assassination plot, amounting to 150,000 crowns, the witness asserted.

SIX MONTHS IN JAIL FOR WHISKY-RUNNER

St. Catharines, Ont., Aug. 3.—Six months without the option of a fine, was the sentence imposed by Magistrate Campbell today upon Luigi Silvestri, of Thorold, whose car came to grief last week on St. Paul street and 120 boxes of whiskey rolled out on the pavement. The booze was being transported from Guelph to Thorold. Frank Pedro, of Guelph, who was in the car with Silvestri, was fined \$500.

Western Train Bandits Still Elude the Police

Lethbridge, Alta., Aug. 3.—The police declare they have a good description of the three amateur bandits who held up Crow's Nest Pass passenger train No. 48 at Sentinel, Alberta, on Monday, and that they even know their names, none of the possess in pursuit have been successful in the hunt up to noon today.

Fernie, B. C., Aug. 3.—Passengers reaching here last night after being held up and robbed by three armed men on train No. 48 yesterday, estimated that only \$800 in cash and two watches were secured.

U.S. NOW DOING BEST SHOWING IN BELGIUM

Deve, Belgium, Aug. 3.—Canadiana shooting in the Olympic stadium in the 1200 yard, in which the United States won the majority of the events. The U.S. team, including rifle, pistol and revolver contests, the United States team won seven first places, and were second in the other. In the seven individual events the United States won four firsts, two seconds and four thirds.

The only points gained by the British Empire, as the result of the shooting events were two which were won by South Africa.

The final standing of points is as follows: United States 43, Sweden 11, Norway 9, Denmark 7, Switzerland 5 1-2, Brazil 3, France 4, Greece 2, South Africa 2 and Finland 1 1-2.

Third place was divided between Switzerland and Finland after they had failed to break the tie.

Canada was represented by G. M. Leblanc and J. E. B. whose performances did not reach the expectations of European target experts.

FIRE CHIEFS HOLD DOMINION MEETING

Gather in St. Thomas—Critique Chief Russell on Holiday Act.

St. Thomas, Ont., Aug. 3.—One of the biggest and most important conventions ever held in this city opened here today, when about 200 fire chiefs, delegates to the big Dominion fire chiefs' convention, representing cities from the Atlantic to the Pacific, met at the city hall for their annual gathering.

Addresses of welcome were made by Mayor Brinkman and ex-Mayor F. A. Horton, president of the board of trade.

The mayor presented a handsome silver key of the city to President Berthelme.

Distinguished visitors were present at the afternoon session in the person of Chief Percy Hark of Cheyenne, Wyoming, the millionaire fire chief; Chief John F. Healy, new president of the international association, and wife of Denver, and Chief Oscar Hiestand of Casper, Wyoming.

As long as we have Labor-U.F.O. combinations running our affairs, we will have to put up with such legislation as this," declared Chief Grange of Toronto, discussing the latest bill of the Ontario government, which compels fire departments to grant at least one-day holiday to each man, each week.

The bill imposes a fine of \$10 and costs for every day in which the chief of the various departments fails to live up to the new act. The matter was discussed at some length, and it was finally laid over for tomorrow's meeting, when Chief Russell will be asked to explain the reason for the act being passed.

Chief Russell of Toronto, it is stated, was responsible for the act being passed. The general opinion of the meeting, was that the bill is a gross injustice to the fire chiefs of Ontario, and it was felt that some action should be taken.

WILL INCREASE DISCONTENT

Cork, Aug. 3.—That the home rule bill now before parliament would, if passed, only increase discontent in Ireland, and that the only acceptable solution of the difficulty lies in the immediate granting to Ireland of dominion status within the empire, is the substance of a resolution passed at a meeting of commercial, industrial and professional men here today. The gathering, for the most part, was composed of Unionists.

RESPECT GERMAN FRONTIER

Berlin, Aug. 3.—Special advices received from Marienwerder, West Prussia, state that the Lithuanian Fourth army, which is operating near the East Prussian frontier, is continuing its flanking operations, moving mainly to the southwest. Several squadrons of Bolshevik cavalry are reported to be proceeding along the frontier army, and the Russians occupying Lomza are massing forces before Ostrolenka, an important railway center on the Narew River.

Soviet army leaders are said to have decreed the death penalty for violation of the German frontier. As a result of this order the populace shows no alarm.

Large stores of military supplies and food are reported to have fallen into the hands of the Bolsheviks who have entered Minsk, from which the Poles retreated in haste bordering on panic. The freight yards were congested with huge government and private property, which could not be moved. Polish officials had let the water out of the locomotives.

A special despatch to The Zeitung Am Mittag from Marienwerder, West Prussia, reports that the intention of the Bolsheviks to enter the Polish corridor at its southeastern outlet. The frontier here, it says, is only indifferently protected by Polish guards, and has placed the frontier is forging ahead un molested.

Russian officers are quoted by the despatch as declaring that Soviet Russia proposes to restore the old Russian boundary and drive out the Poles from the corridor.

Messages received here concur in reports that rigid discipline prevails in the Bolshevik army, looting being punished by death, while for other offences hard labor is the penalty.

OCCUPATION OF WARSAW

London, Aug. 3.—The occupation of Warsaw by the Bolsheviks has been fixed for August 9, says a despatch to The London Times from Berlin, quoting a wireless despatch received by The National Zeitung.

The Polish government, the despatch adds, is taking the necessary measures and has placed the fortifications of the capital under command of French engineer officers.

The defence of Warsaw has been entrusted to the northern army under General Haller.

"The Polish northern front," says The National Zeitung, "has been completely smashed. Russian troops will reach the southern corner of the Polish corridor in a few days and endanger railway traffic between Warsaw and Danzig so that the Poles will not be able to count upon the armament supplies arriving and being unloaded at Danzig."

NIAGARA BOOTLEGGERS PAY SOME HUGE FINES

Niagara Falls, Ont., Aug. 3.—(Canadian Press).—Strong efforts will be made to prevent this district from getting into the state prevailing at Windsor and district. A large number of bootleggers appeared before Magistrate Fraser today and were fined from \$500 to \$1000, and warned that strict measures will be taken to stamp out the traffic in the district. Several other arrests are expected shortly.

FEW ARE STRIPPED OF RIGHT TO VOTE

Naturalization Act is Chief Disqualification Under New Franchise Measure.

Ottawa, Aug. 3.—(Special).—Under the new franchise act, there are few persons directly disqualified. The chief disqualification comes from the naturalization act. Alexander Smith, barrister, of this city, points out that while the percentage of those not entitled for some years yet to apply for naturalization is small, there is a very large number of persons registered in Canada for an average of from 30 to 50 years who cannot vote without first receiving naturalization. In addition to this, the number of those born outside of Canada and under 21 years old, and resident with their parents at the time their parents were naturalized, and thus were themselves naturalized by process of law, cannot vote, although many of them are now 50 years old or more, unless they obtain a special certificate to allow them to vote. It is pointed out that there are some restrictions on Germans, Austrians and others who fought Britain in the great war, and that any real subject of a country at world war with Britain at any time since August, 1914, cannot be naturalized in Canada until ten years after the war. This restriction, however, does not apply to a member of a race or community known to be opposed to these enemy governments. These people are free to apply for naturalization in the usual period. The restrictions, Mr. Smith says, are further modified by the fact that persons of enemy alien blood, Austrians, Germans and others, who have been resident in Canada for ten years previous to July 7, 1919, may be granted naturalization.

New Act Works Out.

At the time of the election, for the purpose of the election act, any person, unless he acquires some other nationality, will be considered a British subject who

(a) Was born in any of His Majesty's dominions, no matter what was the nationality of his parents, or

(b) Was born in a foreign country of a father born in any of His Majesty's dominions, provided that his father did not, during the child's infancy, surrender his British nationality by becoming a citizen of some other country, or

(c) Was born in a foreign country of a father having British nationality by virtue of the rule in paragraph "b," provided that his father did not, during the child's infancy, surrender his British nationality.

(d) Has been personally naturalized, or

(e) Is the wife of a person naturalized in Canada before Jan. 1, 1917, provided she was born on the continent of North America, or

(f) Is the child of a person naturalized in Canada before Jan. 1, 1918, and was, at the time his parent became naturalized, under 21 years of age and resident with the parent, provided he or she was born on the continent of North America, or

(g) Has obtained a certificate from a judge under section 28 of the act.

Certificates Required.

In addition to the foregoing, and as illustrating paragraph G, the following persons become naturalized by the operation of law without any effort on their part, but they cannot vote in the next federal election without obtaining a certificate as required by section 28 of the election act, as above stated.

1. The child (no matter where born outside of North America) of a person naturalized in Canada before the

She Was Sick and Nobody Came

It was a cheap room—that's why she took it.

But at that it cost her five dollars a week. And her salary was only ten.

So she had to economize on food. And she had little to spend on boots.

That's how she caught cold, probably—her feet got wet.

She tried to get up, but her head swam dizzily. So she just lay there.

Nobody came. If she had died nobody would have known it.

A rooming house is no place in which to be sick.

That's what the landlady said when she found out finally. So the ambulance came, and she was taken to a public ward in the hospital.

Willard Hall maintains a dispensary. If a girl gets sick she is "mothered" and cared for.

If she has to go to the hospital, arrangements are made. If she has no money, the Women's Christian Temperance Union pays the expense. While she is convalescing she is cared for at Willard Hall. The girls carry trays end help.

But Willard Hall can accommodate so few after all. The new extension, when it is built, will accommodate 300 more.

AUCKLAND GEDDES LOOKING FORWARD TO TORONTO VISIT

Exhibition Offices Inundated With Inquiries From the United States.

KEEN LOCAL INTEREST

A letter from Sir Auckland Geddes, British ambassador at Washington, in which he accepts the invitation of the directors to open the Canadian National Exhibition on Aug. 28, was received yesterday by J. G. Kent, general manager. Sir Auckland's secretary, in concluding the letter, says: "And I have to add that his excellency is very much looking forward to his visit to your great city."

Several from American tourist bureaus, which intend including the Canadian National amongst the attractions to be visited by their personally conducted tours. This, it is expected, will bring a number of continental visitors to the city.

As regards Canadian patronage, Mr. Hay stated that the Canadian public is surpassing even its keen interest of former years. Entries are, he stated, considerably in excess of those recorded at a similar period last year, and inquiries regarding boarding accommodation are being handled in great volume.

"If ever the Canadian railways have been taxed to accommodate the traffic, we expect that this year they will require even special efforts," Mr. Hay declared.

As far as taking action against any contractor is concerned, if money was lost, it was money of the board of education, and the board of education is the proper party to sue to recover same. I am advised by the secretary of the board of education that action has been taken on several of the contracts, and that the solicitor has been instructed to report in reference to any matters referred to in the investigation which have not been satisfactorily settled.

"With regard to the prosecution of the persons who are alleged to have defrauded the board of education, I may say that the report of Judge Lennox makes no definite finding on which proceedings could be taken, and the only thing that can be done in this regard is to have someone go thru the immense volume of evidence with a view to taking out any items of same which would seem to indicate fraud, and later making an effort to lay these items of evidence before the crown attorney, with a view to having him take action."

IMMIGRANTS WILL LOCATE IN TORONTO Three hundred immigrants who crossed the Atlantic on the Anchor-Dalton liner Casandra, which sailed from Glasgow, Scotland, July 23, arrived here yesterday morning from Quebec. One hundred were booked to Hamilton and other Ontario points, 70 for Winnipeg, Edmonton and the west, and the remainder for Toronto.

Traffic on the railways was about normal yesterday, except during the early morning, when there was a slight increase, due to the return of holiday excursionists.

Matter for Board of Education to Deal With, Says City Solicitor.

Replying to a recent request for a report as to the reasons why action had not been taken to prosecute the persons who are alleged to have defrauded the board of education in connection with building operations, City Solicitor Johnston replied to the board as follows:

"As far as taking action against any contractor is concerned, if money was lost, it was money of the board of education, and the board of education is the proper party to sue to recover same. I am advised by the secretary of the board of education that action has been taken on several of the contracts, and that the solicitor has been instructed to report in reference to any matters referred to in the investigation which have not been satisfactorily settled."

WORKERS ENJOY PICNIC

Painters and decorators on Saturday enjoyed a picnic at High Park, which was more largely attended than any in 24 years, more than a thousand being present. Much credit for the success of the occasion is due to the untiring energies of the committee in charge, comprising John Neill, William Marley, A. E. Cook, James Black, William Hunter and John Hopkins.

Wash Out Your Pores With Cuticura Soap

And have a clear, sweet, healthy skin with little trouble and trifling expense. Contrast this simple wholesome treatment with strenuous massaging and other fads. On retiring smear the face with Cuticura Ointment on the end of the finger, wash off in five minutes with Cuticura Soap and hot water, using plenty of soap, best applied with the hands which it softens, and continue bathing a few moments. Rinse with tepid water and dry gently.

BOOTLEGGERS' WIDE SCOPE IN TORONTO

Police Court Yesterday Was Almost Monopolized by "Wet" Goods Providers.

In those strenuous days when the enforcement of the Ontario temperance act requires, apparently, the help of the Mounted Police to assist the local constabulary in Windsor to cope with the extraordinary state of affairs prevailing in that border city, the claims of the good city of Toronto are liable to be overlooked as providing ample scope for the activities of the ubiquitous "bootlegger." The police court yesterday morning was practically wholly monopolized by the providers of the "wet goods." In fact, there were 39 cases on the calendar, the big majority were charged with having imported rather freely, and these were soaked the usual \$10 and costs. But there were a number of sellers of the illicit liquid, and some stiff fines were imposed.

GIRLS AS DECOYS

Harold La Rose faced a charge of driving a motor truck thru the city en route to Windsor, having on board 13 cases, which contained 211 bottles of whiskey. Defendant alleged that he did not know what was in the bags; that he had been hired to take the load to Windsor, for which he was to be paid \$50, and that he had not told the police he had bought the goods. The case was adjourned for a few days so that further inquiries may be made. If the case is proved against La Rose he stands to have the liquor confiscated, as well as his auto, besides a fine and a term in jail, according to the crown. It was stated that defendant had a Michigan as well as an Ontario motor license.

ACTION AGAINST CITY.

Action has been entered at Osgoode Hall by Sidney G. Whaley against the city to compel the city architect to issue a permit authorizing the erection of a house on Duplex avenue. A by-law passed last week prohibits the erection of a house within a certain distance from the street line, and the city architect's department holds that the erection of the proposed house would be in contravention of this bylaw.

BUILDING WAS ACTIVE EARLY PART OF YEAR

The first part of the year 1920, up to the end of July was decidedly more active in the building department than was the corresponding period of last year. Following are the figures: Following are some of the items for the first seven months of this year: Total to July 31, 1919, \$5,518,287. Total to July 31, 1920, \$16,970,225. Following are some of the items for the first seven months of this year: 125 private dwellings, \$425,700; 5 frame, \$12,725; 5 factories, \$781,500; 28 factory alterations, \$128,000; 242 garages, \$78,745; 2 offices, \$96,000; 3 school additions, \$159,700; 10 stores, \$75,000; 1 theatre, \$118,000; 1 warehouse, \$28,000; 12 business buildings, \$184,180; Toronto Harbour Commission, \$200,000; addition to Hydro sub-station, \$50,000. The city architect issued permits yesterday for the following buildings: Cox and Cummings, detached dwelling, 54 Pine Crescent, \$8,200; Mrs. H. M. Seeley, detached dwelling, southwest corner Lansdowne crescent and Glenholme Blvd., \$7,000.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over fifteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which is a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetylsalicylic acid. While it is well known that Aspirin means Bayer, the name Bayer is used to protect the public against imitations. The Tablets of Bayer Aspirin may be changed with their accepted trade mark, the "Bayer Cross."

WILL BATTLE AGAIN ON HOUSING ISSUE

Board of Control Will Try to Agree Today on Recommendation to Council.

The board of control will make another brave attempt this morning to solve the housing problem. They will meet to talk the matter over. Mayor Church was in favor yesterday of sending on to council a recommendation that a commission of five be appointed to go ahead and build 600 small houses, and that the operations be financed by the city. Other members of the board, however, insisted that the matter should be thoroughly threshed out before any definite step is taken, and the threshing will, therefore, take place this morning. Controller Cameron said he was decidedly against the city going on with any house building plans at all. If the city would only let the private builders know that the corporation was definitely out of the house-building business, the private builders would soon take care of the shortage, and do it much more efficiently than the city. As matters stand, said the controller, they hesitate to move because of the fear of civic competition.

PUBLIC OPINION TO COMBAT DISEASE

Lady Visitor Tells Toronto Audience of Efforts Made in England.

Things done in England for combating venereal diseases were told by Miss Violet Trench, who was the guest of honor at a luncheon given at the King Edward yesterday by the Canadian National Council for Combating Venereal Diseases...

It was pointed out by Miss Trench that the medical profession had then much to learn. Among the things not then known was that the germ of the disease would infect and that perfectly innocent people might suffer from it...

On invitation from the chairman, Archbishop McNeill spoke briefly, expressing his satisfaction at what had been heard in the address, which was different to merely cold-blooded scientific teaching...

CLAIM FOR DAIRY MACHINERY

Claiming under an agreement the Standard Dairy Company has ordered action at Osgoode Hall against the Mutual Dairy and Creamery Co. to recover \$4,500 alleged due for the purchase of the dairy machinery at 402 Parliament street.

CROPS FEEL DRAINING BUT ACREAGE SMALL

Provincial Agricultural Department's Latest Reports Generally Satisfactory.

The provincial department of agriculture yesterday issued a report on the farm conditions in Ontario compiled from the observations of representatives in various parts of the province. The report follows:

"Wheat reports that oats, corn, etc., have recovered from the effects of the severe frost of July 23. The injury from Hessian fly has been serious in a number of the fall wheat counties in the southwest part of the province. The yield of some fields suffered from 40 to 50 per cent. of damage from the insect. Some representatives are of opinion that the work of the fly will be to limit the acreage of winter wheat planted this fall.

"Corn is very uneven this year and has not received as much cultivation as usual, owing to the long spells of broken weather. However, the main growing season is now on. Early potatoes are pouring upon the market. The yield of the crop is rather short, but oats (with more than double the acreage of all the other cereals), promises a general average of 100 bushels per acre. Spring wheat has not done so well.

"The assignment was made on the advice of A. C. McMaster of the firm of McMaster, Montgomery, Fleury & Company. Mr. McMaster stated that it was not a real failure, as there was a plan and considerable steel on hand, but no money to continue the business. No Labor Troubles. Magicians and others who were let out at the yards on Friday were told that they would be able to return to work on Tuesday morning. Yesterday they went to the yards in the hope that matters might have readjusted themselves. The gates were locked.

"The milk flow is good for the time of year. Production of the milk crop in the province during the week ending July 31, 1920, was 1,250,000 gallons, or 25 per cent. above the corresponding week of last year.

TO MURRAY BAY

Via Canadian National-Grand Trunk. WILL OPEN HOME FOR AGED WORKING WOMEN

The Home for Aged Working Women at 32 River street, purchased by the King's Mission as the result of the tag day, will be formally opened tomorrow night. It is expected that the city will be officially represented at the function. The house will accommodate 20 women. It has cost \$23,873.84, and was paid for by cash, the sum of \$1480 being left over from the "tag." The tenants of the home will pay \$1 a week, bringing in \$1040 a year rental.

WORST IN TWENTY YEARS

"The situation in the boot and shoe industry is worse than it has been in twenty years," said Walter Brown, business manager for the union to the World yesterday afternoon. "Twenty-five per cent. of our members are off altogether, and 50 per cent. are doing half-time work. The other 25 per cent. are working full time. Two weeks hence, 50 per cent. of the whole will be practically off indefinitely. I say this advisedly, and after 30 years of experience in the trade."

WIND UP AFFAIRS OF APARTMENT CO.

St. George Mansions Property Acquired by Trinity University.

As a result of the recent sale of their property, at the corner of St. George and Harbord streets, the shareholders of the St. George Mansions, one of the old apartment houses of the city, have been notified of a meeting to be held on Aug. 18 for the winding up of the affairs of the company. Possession of the property is to be taken within the next few days by Trinity University, which completed the purchase deal on Saturday last paying in cash the contract price of \$194,650.

The St. George Mansions were erected about 18 years ago, and afford accommodation to approximately fifty families. The university, in acquiring the property, has also assumed the various leases, and will continue to conduct the establishment on its present basis until June or July of next year, when all leases will have expired. The building will be utilized by Trinity University as an important unit in the development scheme which it has planned on Hoskpin avenue. It is intended within the next few years to remove the college to new quarters to be built on Hoskpin avenue, adjacent to the University of Toronto and the present buildings of the St. George Mansions will be utilized for residential accommodation for the students and staff.

CITY HALL NOTES

Today being the sixth anniversary of the war, the mayor has requested the all flags on all civic and public buildings be flown at topmast. The mayor is requesting the board of education, the board of trade and other public bodies throughout the city to celebrate the day in this fitting manner. The staff of clerks who are handling the inflow of taxes at the city hall had a busy session yesterday. There were strings of people in front of all the windows nearly all day.

The number of births in the city in the month of July this year totaled 1,325, or 75 more than in June, and 446 more than in July of last year. Marriages also show an increase of about 25 per cent. The figures being: July, 1919, 592; 1920, 741. Deaths in July, 1920, totaled 368, and in July last year, 421. Six deaths in Toronto in July were due to flu, says the statement of the medical health officer, issued yesterday. Following is his comparative statement of deaths from communicable disease:

Table with 2 columns: Disease, 1919, 1920. Measles: 0, 4; Whooping cough: 0, 6; Diphtheria: 6, 4; Typhoid: 27, 18; Typhoid fever: 1, 0; Scarlet fever: 3, 0.

Mayor Without Report on Metropolitan Line Franchise

Controller George Ramsden asked yesterday at the meeting of the board of control whether any report had yet been received from the Provincial Hydro-Electric Commission concerning the progress of the negotiations to acquire the franchise of the Metropolitan Railway. Mayor Church replied that he had received no report from the commission. The board then instructed Mayor Church to write to Sir Adam Bevan for a statement. His worship renewed his criticism yesterday of the appointing of a commission to investigate the Hydro rail franchise. He also said he had received a request from the secretary of the Hydro-Electric Association to withdraw his resignation from the executive of the association. "I may have something to say about this matter later," concluded the mayor.

OBITUARY

As an indirect result of an accident which occurred three years ago, Robert Scott, 84 years old, and a veteran of the Rebellion of '66, died on Sunday at the home of his daughter, 17 Lee avenue. He is survived by three sons: William of Lindsay; Isaac and Robert, of Toronto; and four daughters, Mrs. F. H. Tortonson, of Youngstown, Ohio; Mrs. E. M. Wyles, of St. Wyles and Miss Rachel Scott, of Toronto.

CRITICIZES BOARD FOR MAKING GRANT

Council May Turn Down Grant of \$1,000 to Olympic Organization.

OVERDRAFTS PILING UP

In a communication to the board of control H. M. Alexander, secretary of the Victoria Cycling and Athletic Association, severely criticized the grant made recently by the board of \$1,000 towards the expenses of Fred Johnston. Mr. Alexander writes in part: "There should be some care exercised in handing out the ratepayers' money to individuals in this fashion without first looking into the methods of the organization of which he is the front wheel, back wheel, spokes, brakes and whole shebang."

"We have right here in Canada what is known as the Canadian Olympic Committee with J. G. Merrick as chairman, and this committee hold preliminary trials and select the Canadian representatives to the international games. This committee, if my figures are correct, get \$15,000 from the federal government and \$5,000 from the provincial government towards sending our Canadian teams to the games and if any application is made to the board of control it should come directly under the requisition of the Canadian Olympic committee, of which, as you are aware, Johnston is not even a member."

"I am enclosing a press clipping to show that the Olympic Committee would not send these riders and it was after this turnout that Johnston made his application to you for the grant. Apart from the aspect of this letter, the expense of additional cyclists to the games should not come out of the rates of the city."

Ready to Change Vote. After hearing the communication, Controller Hamden said he felt inclined to reverse his vote on the question of the grant. He had understood that the grant was to be used towards the general expenses of the tour instead of to only defray the expense of sending cyclists. Controller Maguire was of the same mind. Controller Maguire suggested that council be allowed to deal with the board's recommendation that the grant be made and that all the facts be laid before council. No further action was taken.

H. H. Stock, representing the residents on Moscow avenue, protested to the board against the issuing of a permit for a plumber to operate at 88 Moscow avenue. The property commissioner was asked to poll the district on the question of granting a license for a plumber's shop.

Re-Roofing the City Hall. The controversy over the wisdom of re-roofing the city hall will come to a head this morning when the board of control will hear directly from W. A. Carrick, who has been writing that the work means an absurd waste of money. Property Commissioner Chisholm contends that the work is urgent, and that the timbers and joists in the roof have all rotted.

A representative of the York Knitting Mills, whose railway siding, crossing Danforth avenue, east of Main street, is to be taken up by order of council, waited on the board yesterday and suggested a compromise. They are taking only about one car a week to their plant, and were willing to move the cars at any time of the day preferred by the residents. The question of noise, he considered, was hardly a serious factor. Declining to revise council's order, the board was informed that the company would protect their rights in the courts.

Too Many Overdrafts. Finance Commissioner Ross calls the attention of the board of control to the fact that overdrafts totaling \$318,477.89 have been authorized since the estimates were passed in March. About \$150,000 was for allowance of war bonus granted in 1918. Members of the board wagged their heads and said they guessed this would have to stop, but there the discussion ended.

On the recommendation of Works Commissioner Harris, the 15 tenders for the furnishing of motor buses for Toronto were referred to the newly-appointed traffic commission. The report of the property committee was approved, with the exception of the recommendation that permission be granted the United Auto Sales Company to erect a garage on East Church street.

The city solicitor's department was authorized to engage two real estate experts in connection with the arbitration proceedings to settle the question of damages between the city and Mr. A. Horton, who alleges that the building of the Bloor street viaduct has damaged his property east of St.

Beland, M.P., ex-postmaster, will speak at the Liberal held at the Island, Toronto, in honor of Hon. W. L. King, a telegram to this effect received last night by the secretary of the Liberal.

HARMONY REIGNS AMONG MUSICIANS

Toronto Artists Will Remain at Work Pending Conciliation of Grievances.

Members of the Musicians' Protective Association, at a largely attended meeting, decided to remain at work while their grievances were made subject of serious consideration between a committee of the union and one from the employing houses. Among the latter are several, such as the Allen, the Regent, and the Strand. These houses spend as much as \$50,000 a week in salaries and expenses. The Regent, for instance, which has one of the finest orchestras in the Dominion, spends now about \$65,000, and if the demands of the men were accepted this would reach a very much higher figure. Many of the musicians engaged at these theatres are men of the highest culture, as well as of more than ordinary musical ability, and it was stated to the board that they would undoubtedly do all in their power to control a wise course in the proceedings as between the houses and the union. But, the chief need of the moment was a living wage. It was believed that the grievances would be all satisfactorily met within the next few days. An agreement has also been reached between the union and the Leif Solman theatres of London and Toronto.

C.P.R. TELEGRAPHERS OPPOSED TO STRIKE

Likely to Accept Majority Award of Recent Board of Conciliation.

It can be safely stated that there will be no strike of telegraphers in Canada, at least no strike of C.P.R. key men. While this statement was not officially given out last night by officials of the Union of Commercial Telegraphers to The World last night, following the meeting held at Foresters' Hall, here in no doubt that there is not sufficient unanimity of opinion either in Toronto or in the west for a strike to warrant the men going out. Opinion in the east has not been ascertained. Ontario provincial voting recently favored a strike by an almost overwhelming vote, but as the vote in the west is not as overwhelming and that in the east is still unknown quantity, it may be safely stated that there will be no strike, and that in the last analysis the award (majority) of the recent board of conciliation will be accepted.

Another meeting is likely to be held today to make sure that both night and day men and women have every chance to place their vote in the hands of the entire membership in Toronto was present at last night's meeting, the fair sex being largely represented.

ORNAMENTALISTS RETURN TO WORK

Ornamentalists are back at work, the strike having been declared off. The men have received good increases, and helpers are now receiving a minimum wage of 60 cents an hour, mechanics 75 cents. All the large undertakings in the city, the Union Station, Loew's Theatre, Pantheons, the board of education and others are progressing very rapidly, and the management of Loew's Theatre is hopeful to have their fine new structure finished in excellent time for the opening of the ensuing season.

WHITE WILL SOON RESIGN LEEDS SEAT

Position as Grand Trunk Arbitrator Necessitates Step, He Says.

Sir Thomas White, who returned to Toronto yesterday after a holiday in Muskoka, intimated to The World that he would not attend the next session of parliament as his acceptance of the position of arbitrator for the government in the Grand Trunk arbitration was inconsistent with his retaining his seat in the house of commons as member for Leeds. His duties as arbitrator would also be such as to prevent him from giving proper attention to the representation of so important a constituency.

In the fall, Sir Thomas will fully explain to his constituents the reasons for his retirement from public affairs and formally resign his seat. Sir Thomas is suffering from a slight cold, but otherwise appears in excellent health.

THE WESTERN CROP.

It is estimated that about 20,000 men will be required to work as farm laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta. The Canadian Pacific has arranged and is advertising usual special fares of \$15 to Winnipeg, and will run special trains from Toronto, August 9th, 11th, 16th and 18th.

The Viscount and Viscountess Burnham, Lord and Lady Atchafalca, the Hon. Alice Graham and Lord Apsley will be the guests of their Excellencies the Duke and Duchess of Devonshire at the Government House, Ottawa, during the stay in Ottawa of the Imperial Press conference. Lord Richard Nevill was in Montreal last night for Lord Atholstan's dinner party.

Mr. and Mrs. H. S. Adam and their son Graeme have left for Lake Scugog. General and Mrs. Bickford, Mrs. Hume, Major Cole and Mr. and Mrs. William Doble, spent the week-end and holiday with Sir John and Lady Eaton at Kawassash, Muskoka.

Mr. Melville Clarke, Syracuse, is spending his holidays with Lady Eaton in Muskoka.

Mrs. Eaton and Mrs. E. Y. Eaton, accompanied by Sir John Eaton, made a trip with Col. Bishop in his hydroplane on Monday, and much enjoyed the experience.

Miss Marjorie Bonnard has returned from a stay in Boston, with Mrs. Payne, and a trip in her steam yacht to see the yacht race. Miss Bonnard and Mrs. Payne last night were rejoined her mother at the Bigwin, Lake of Bays.

Mr. and Mrs. B. Somers returned from New York last week and with Mr. Somers left on a trip down the Saguenay, stopping on the way back at the Chateau Frontenac, Quebec.

Dr. and Mrs. Charles Sheard, Col. and Mrs. Boyd Macke and Mrs. Claude Fox are at the Clifton, Niagara Falls, Ont.

Mr. Mary Hendrie, who has been visiting her aunt, Mrs. E. B. Smith in London, Ont., has returned to Hamilton, Col. and Mrs. Hendrie and their family leave this morning for their home on the French River.

Mr. and Mrs. F. B. Johnston and their two sons returned from the Queen's Royal, Niagara-on-the-Lake.

Mrs. M. B. Somers spent a few days last week with Mr. George Maris, Glen road.

Mrs. Gillespie and Miss Nordheimer are leaving this week on a trip up the Saguenay.

Mrs. Harold Parsons has returned from Scarborough to her home in Hamilton, Ont.

Mr. and Mrs. Wills MacLachlan have returned from a three weeks' stay at the Clifton, Point au Baril, Georgian Bay.

The marriage of Miss Elizabeth Campbell to Mr. Alan Archibald Bain, Winnipeg, will take place very quietly on Thursday at St. Andrew's Church.

Mr. and Mrs. P. J. Lyman have gone to the island for the week-end. Miss Pissette is at the island for a two weeks' stay.

Miss Rymal is leaving on Saturday for Parry Sound on a three weeks' holiday.

Mrs. Caroline Cornelius, Buffalo, is visiting Mrs. Edmund King. Mr. and Mrs. E. King and his family have gone to their country house at Hastings, Ont.

Mr. Mrs. Normal Wheeler and Miss Betty Wheeler have gone to Hastings on a visit to Dr. and Mrs. Edmund E. King.

Mr. Lotbiniere Panet is visiting Mr. Bob King in Hastings.

Mrs. F. Wakefield and Master Leslie Wakefield, Homewood avenue drive, have left on a motor trip to London and Detroit.

Mr. and Mrs. J. W. B. Walsh and Miss Margaret Walsh have left for Cape Cod. Captain and Mrs. Frank Smith spent the week-end and holiday at the Clifton Club.

Mr. and Mrs. Eric MacNeil and Mrs. MacNeil are on a trip down the St. Lawrence.

Miss Frances DuMoulin is spending some weeks in Port Hope.

Miss Muriel Goggin is leaving this week for the Georgian Bay.

Gifts to Women Who Use Jiffy Jell

Jiffy-Jell users should write to the makers for a list of aluminum molds. Molds, spoons and measuring cups are supplied to users free.

Jiffy-Jell is the one dessert which has the fruit flavors in vials. A bottle of condensed fruit-juice essence comes in the package. So a Jiffy-Jell dessert is a real-fruit dainty. The flavor is not artificial. The sweetening is sugar, not saccharine. Women who once try it will always get it. Your grocer has ten flavors. Try pineapple and loganberry first.

Sir George Foster Indignant At Request of Veterans

Provincial Organizer Fred March of the G.A.U.V., stated to The World last night that five members of parliament have replied "so far to the letters sent from G.A.U.V. headquarters requesting their resignation. Among them are Sir George Foster, who expressed his indignation at being asked to resign by the veterans, for whom he had done so much. Thomas Foster, M.P., stated that he would seriously consider the matter. H. C. Mowat argued that as he had been elected by Parkdale residents, they should be consulted before his resignation was demanded, and two others who promised to consider and reply more fully later.

Mr. March has just returned from a trip to the branches at St. Catharines, Kitchener and Waterloo, where he has been conducting successful meetings in connection with the membership drive.

A monster mass meeting is scheduled to take place in Trinity College grounds here on Friday when Comrade March will be in the chair, and the speakers will be J. Harry Flynn, Col. John L. Currie, M.P., and Mayor Church. This meeting is being conducted under the auspices of the Parkdale G.A.U.V.

YORK PIONEERS AT TORONTO REUNION

Professor Sees Big Future for Queen City—Mayor Church on Railway Problem.

York pioneers at their meeting at the Normal School yesterday, were favored with two interesting addresses. Mayor Church, who was scheduled to speak, was detained and Professor Keys of Toronto University was prevailed upon to fill the breach. The speaker told of visiting Toronto when a very young boy, of the long trip from Memphis by boat and train, and of the impression made on seeing the flower-decorated station at Hamilton, which struck him as a place that knew how to nurse beauty. Toronto was then a city of 50,000 inhabitants. There were three railways passing it, the Northern, the Great Western and the Grand Trunk. The station of the latter line in those days was typical of the future, being little better than a wooden shed at the foot of Simcoe street. The old parliament buildings and Government House made a block at Simcoe street, which the speaker always regretted had not been reserved for a city centre, about which all transportation and traffic might revolve. A great prospect for the future of the Queen City was foretold by Professor Keys, who pointed out the opportunities for manufacturers that Toronto possessed. He prophesied that there would be a million and a half population in the next 20 years.

Mayor's Appreciation. In his opening remarks Mayor Church expressed appreciation of the work of the Pioneers. His worship then outlined the beginnings and progress of the Toronto Street Railway to the present when it has 700 cars short of serving the public. In connection with the civic lines he pointed out that, altho last year there was a deficit of \$45,000, on the other hand the city had been opened up, a vote otherwise could not have been. Toronto was the only city on the American continent that had suburban car service, said his worship, and Toronto had a service covering 20 by 30 miles.

The value of the Hydro-Electric was referred to, and the statement made that electricity was to be the force of the future. The sum of \$9,000,000 has been spent on steam and yet there was always a deficit, said the speaker. A step in preparation for a time when the city would take over the franchise of the Toronto Street Railway was the appointment of three good men, Messrs. White, Ellis and Miller, and 600 cars would be built. A factory was always supposed to be operation, but the factory had been closed for ten years under the present management. His worship advocated the deepening of the St. Lawrence Canal and the taking over of the roads of the Niagara and St. Catharines districts by Sir Adam Beck as means to new development of the country.

In the absence of the president, Dr. James L. Hughes, who is in England, Ed. Galley was chairman. A vote of thanks to the speakers was moved by F. Jarvis and seconded by W. Crocker.

HAD NARROW ESCAPE IN FIGHT ON ROOF

New York, Aug. 3.—A policeman and an alleged burglar struggled on the edge of the roof of a five-story building on Third avenue tonight, while several hundred people in the street below held their breath and then gasped as the two men fell across the coping. Both were saved from falling to the street, however, by the timely arrival of a second policeman, who reached the roof just in time to pull the men back from their perilous position.

CANADIAN FISHERIES MAKE A GOOD RECORD

Ottawa, Aug. 3.—(Canadian Press.)—Canadian fisheries, both in amount of product and value, made a good record for the first six months of the year ending June 30. Sea fish landed on both coasts amounted to 2,837,424 cwt., valued at \$10,564,146. For the same period last year, the catch totalled 2,646,773 cwt., valued at \$9,328,450.

MOTOR BACK-FIRES.

Seven hundred dollars' damage, was caused last night when a motor car back-fired in the Consumers' gasoline station, St. Clair avenue and Vaughan road. The car, owned by Walter J. Smith, 19 Balmoral avenue, was damaged to the extent of \$600, while the service station was damaged to the extent of \$100.

LOCATION WRONGLY STATED.

Louis Turano, 814 St. Clair avenue, informs The World that an inaccurate statement appeared in columns that stolen tires had been recovered from a hiding place in the rear of his premises, where the thieves, now under arrest, had placed them. The tires were found some distance from Mr. Turano's establishment.

MINISTER OF LABOR GOES TO WINNIPEG

Winnipeg, Aug. 3.—Senator Gideon Robertson, minister of labor, is in the city today. James Law, secretary of the labor leaders' defence committee, would not say whether or not the visit was in connection with the release of the convicted strike leaders.

Paris Fashions In False Teeth

Paris, Mar. 8.—We may safely predict for the coming season that styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Corega, procurable at drug stores and dental dealers.

This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums.—Adv.

Premier Drury Should Kill His Own Snakes.

The World for years was ahead of the times when it insisted upon federal enforcement of law. Of late a good many people are getting to see the necessity for such enforcement. We are not, however, prepared to say that the Ottawa government should look after the enforcement of purely provincial laws. The Ontario government, we think, is responsible, and solely responsible, for the enforcement of the Ontario temperance act.

A good deal of bootlegging is going on in Essex county. The Ontario temperance act places no limit upon the amount of liquor that any citizen of Ontario can import for personal use or store in his private dwelling-house. Hence Essex county farmers import a great deal of whiskey, which mysteriously disappears in the night. About the same time these farmers find mysterious \$100 bills under the parlor carpet. It recalls some of the stories we used to hear when Cap. Sullivan was active and the Ross government was in flower. No sooner would a farmer turn his back to the window to attend to his devotions than money would slip in from outside and fall on the carpet.

Now, this bootlegging should be broken up, and by the Ontario government. Premier Drury can no more pass the buck to the prime minister of Canada than to the mayor of Toronto. Essex is an old, well-settled county, inhabited by loyal and law-abiding people. No one pretends for a moment that anything like open insurrection prevails. There are simply a few hundred farmers making money by buying whiskey lawfully and selling it unlawfully to persons who desire to smuggle it into Detroit. To talk about a few rowdies or a few roadhouses in a hamlet like Sandwich is a mere barefaced lie. Our board of police commissioners, with two or three hundred constables, keep perfect order in a city of five hundred thousand people.

Premier Drury, as an old farmer, should recognize the force of the maxim that enjoins every man to kill his own snakes. Painful as the duty may be, it is his duty to spy upon, surround, arrest, try, convict, fine and imprison farmers of Essex county who violate the law. The rowdies of the village are a mere by-product which any constable can disperse, and the roadhouses can be disposed of as summarily. But can the premier of Canada be seriously asked to concern himself with these matters? We think he will have his hands full to see to the enforcement of laws passed by the Dominion parliament.

It is said that Premier Meighen should call out the federal police to prevent the exportation of liquor from Canada. But there is no law prohibiting its export. The United States government should guard its own ports and the Detroit police should be on the alert, but no crime certainly is committed by the rum-runner along the Detroit frontier until he gets on the American side of the Detroit River except the violation of the Ontario temperance act.

The situation in Essex county is one for the provincial authorities to deal with, and the excuse that Premier Drury has not time to look after the enforcement of the Ontario temperance act does not merit a moment's consideration. If he takes some of the time he is devoting to fighting Sir Adam Beck and the Hydro to fighting the bootleggers and the illegal liquor traffic, he can easily become master of the situation. And, needless to say, The Globe wants Premier Meighen to rush in with the Canadian Mounted Police to close roadhouses, arrest rowdies and deal with the embattled farmers of Essex. Yet if he did so our neighbor would be the first to find fault, and the "Meighen millions" would be held up to hatred and scorn. In the very same issue in which the Dominion government is urged to take over the duties of the provincial government and administer provincial affairs that government is held up to public hatred and contempt as follows:

It has become difficult for the general public to take seriously anything that the existing ministry of office-holders says or does. The people know its record since the conclusion of peace. Moreover they are keenly aware that its mandate is at an end, that it no longer enjoys the confidence of the country, and that the electors are waiting impatiently for the opportunity to rid themselves of the whole crew, and baggage.

Going after the farmers is where the hooe pinches the Drury government. The Globe's suggestion that the Dominion government be used as a cat-paw is interesting, but not convincing. It would be nice to have the Dominion government take all the odium, do all the work, and then have Brother Drury and his associates sinning "Into

Us Be the Glory." But Premier Meighen has plenty of work to do in the federal field. He must attend to his own affairs, and Premier Drury must kill his own snakes.

And now comes The Toronto Star and says the Ottawa government is inefficient because it does not deal with the international gang of toughs who come to Windsor to attend the races, and do so the more gladly because the bootleggers are on the ground. Three race tracks, we learn, are located at Windsor. All of them no doubt are licensed by the provincial government, and the only federal legislation applicable to them is to be found in the various amendments to the criminal code. These amendments all had for their object the curtailment of racing.

But does it require the Dominion government or the Northwest Mounted Police to put down racing and race side betting in Ontario? The Drury government is already levying a large tax upon the racing associations; increase that tax sufficiently and the racing associations will go out of business automatically.

As we have said before, Mr. Drury should kill his own snakes. The real seat of the trouble in Essex county is to be found on the farm, where most of the bootlegging is done. Yet The Star is always eager to talk about the races, the roadhouses and everything else, and to describe unendurable conditions on the Windsor side of the Detroit River which may or may not be exaggerated. We have no doubt that twenty-five constables of the Toronto police force could preserve perfect order in Windsor and surrounding municipalities. And we think it is childish for the Drury government to confess itself impotent and implore Premier Meighen to take over the administration of justice in Ontario. Let Mr. Drury bring against the bootleggers and the race tracks some of the energy he throws into the fight against Hydro and Adam Beck, and the situation will be cleared up in a wonderful way.

GOVERNMENT TAKES CIVIL PROCEEDINGS

 sources of the province of Ontario in the district of Thunder Bay.

"The pulpwood which they there obtained has been for the most part exported to the United States.

"3. In order to secure certain valuable areas of pulpwood, Mr. Russell conceived and carried into operation a scheme for taking advantage of what he supposed to be the legal effect of the mining acts of the province.

"He caused a number of persons closely connected with him or in his employ, to take out mining licenses, nominally for themselves, but in reality for him and his companions, the fee being paid by him. A he himself says, the licenses were taken out and the locations selected and obtained solely for the purpose of stripping the properties of the pulpwood thereon, and it never was intended that any of the slightest development should follow the alleged discoveries of mineral.

"4. This was admitted by Mr. Russell to have been done maliciously.

"5. Very large quantities of pulpwood were wrongfully obtained in this way. The books of the Russell Timber Company show that in 1913-1919 there were so procured at least 73,350 cords.

"6. In addition to the above, Mr. Russell and his companies have trespassed for many years upon government lands without shadow of right and they have removed therefrom much pulpwood of great value, which they have dealt with as tho it had been cut upon mining locations.

"7. Our opinion, upon the admitted facts proceedings should be taken to cancel the patents improperly obtained, and also to recover the value of the pulpwood, and for damages generally.

An investigator of foreign university training describes a beer drinking contest between the Red Caps and the Blues. In his surprising account it appears that each student invited all the others to pledge his good health in flowing bumpers of beer. There were less than two dozen students present, and yet the Red Caps collectively drank 108 more steins than the Blue Caps.

Let us figure out how many bumpers were consumed at that intellectual contest.

Answer to No. 262.

There are 12 rows, and Hobbs and Snobbs each plant and cover six rows. Hobbs plants a row in 20 minutes and covers it in 60 minutes. Snobbs plants in 40 minutes and covers in the same time. As each earns the same amount for each row, they must do half the planting and half of the covering, as there is no way of determining the relative values of the two kinds of work. Each must therefore take this same time to plant and cover a row. As Snobbs takes 20 minutes more to cover than Hobbs takes to plant, Hobbs must take 20 minutes more to cover than Snobbs takes to plant, but Hobbs' time for covering is half as much again as Snobbs' time for planting, so that Snobbs' time for planting is 40 minutes per row.

LIQUOR RAIDING ALONG THE DETROIT

Madame Beauchemin: Did you get a hundred a case before you let that Detroit man raid your cellar? Madame Leblanc: He had to put one hundred and ten in Yankee greenbacks under the carpet in my front room before we hid in the barn so that he could lift the case on his motor laundry, you bet!

Madame Beauchemin: We're getting in for a hundred tomorrow, and it will be a hundred and twenty before we permit any more raiding. It's worth that to have to hear them firing their guns and threatening to kill one's husband! And it's got to be in greenbacks, too, on account of my nerves.

CANADIAN PACT WITH W. INDIES

(Continued From Page 1.)
 for the purpose of making trade relations closer and more intimate, and improving means of communication.

In regard to trade, Canada affirms the principle of granting a preference on all goods being the produce or manufacture of any of the British West Indies imported into Canada, which are now subject to duty, or which may be made subject to duty at any future time.

The Canadian customs duties on all goods (other than tobacco, cigars, cigarettes and spirituous liquors), being the produce or manufacture of any of the British West Indies, are not to be more than 50 per cent. of the duties imposed on similar goods when imported from any foreign country.

How Preference Works.

Special provision is made, however, in the case of the following goods: Sugar, according to the degree of polarization—preference ranges from cents 48-000 per 100 pounds to 80c; Oranges, free, as against a general tariff of 15.00; Limes, fresh, free, as against general tariff of 15 per cent. ad valorem; Arrowroot, per pound, a preference of 10c.

Cocoanuts, per 100 (imported direct to a Canadian port), free, as against general tariff of 75c.

Cocoanuts, n.o.p., a preference of 50c per 100.

Grape fruit, a preference of 50c per 100 pounds.

Rum, a preference of 80c per gallon of the strength of proof.

Wine, beer and ale: duty not to exceed 30 per cent. ad valorem.

A Reciprocal Pact.

The British West Indies also affirm the principle of granting a preference on all goods, being the produce or manufacture of Canada and imported into the British West Indies colonies.

Subject to special provisions cited below, the customs duties on all goods (other than tobacco, cigars and cigarettes), being the produce or manufacture of Canada imported into the British West Indies, which are now subject to duty, or which may be made subject to duty at any future time, shall not at any time be:

(a) In the case of Barbadoes, British Guiana and Trinidad, more than fifty (50) per cent.

(b) In the case of British Honduras, the leeward islands and the windward islands, more than sixty-six and two-thirds per cent. rate.

(c) In the case of Bermuda and Jamaica, more than seventy-five (75) per cent. and

(d) In the case of the Bahamas more than ninety (90) per cent. of the duties imposed on similar goods when imported from any foreign country.

The special provisions are in respect to flour, spirits, wine, beer and ale. In these cases, the preference to be granted by the British West Indies to the produce of Canada, will be as follows:

Flour: preference of not less than one shilling per barrel or bag of 196 pounds.

Spirits, brandy, gin, rum, whiskey, unenumerated, potable, if tested: preference of not less than 2-6 per gallon of the strength of proof.

Spirits, pertumed, unenumerated, potable, if not tested: preference of not less than 2-6 per liquid gallon.

Wine, beer and ale: duty not to exceed four-fifths of full rate.

In the case of the Bahamas the ten per cent. preference granted will not apply to wines, malt liquors, spirits, spirituous liquors, liquid medicines and articles containing alcohol.

Convey Direct by Ship.

The agreement contains a reciprocal provision that the governments of Canada and of the West Indies may provide, on giving six months' notice that to be entitled to the concessions granted the products of either shall be conveyed by ship direct. It is provided that should the discretion recognized in this article be at any time exercised by the government of Canada, provision shall be made in all contracts entered into with steamships subsidized by the Dominion and the British West Indies and plying between ports in Canada and ports in the British West Indies for an effective control of freight rates.

The agreement is not to interfere with any existing preference or with the granting of any future preference by the Dominion to any of the British West Indies or to any other part of

OPTIMISTIC REPORT ON CROP OUTLOOK

Deputy Minister of Agriculture Says Canada's Harvest Above Average.

Ottawa, Aug. 3.—(By Canadian Press).—With the danger period already past and cutting started in several western areas, the crop situation from end to end of Canada is today in excellent condition, according to Dr. J. H. Grisdale, deputy minister of agriculture, who is just back from the wheat field. "The crop will be well above the average," was Dr. Grisdale's comment.

Dr. Grisdale spent several days in the 500-mile trip which takes in Hearst and Cochrane, Ont. On the government farm at Kapuskasing wheat will go to nearly 40 bushels to the acre, and the same is true of the farms owned by returned soldiers who stayed there despite the exodus of their fellows some time ago. This land, Dr. Grisdale states, is turning out to be the very best in Canada.

FLYNN RESUMES WORK

J. Harry Flynn, who has been absent from G.A.U.V. headquarters for the last two or three weeks, on account of sickness, returned to work yesterday. Percy Ellis, the Dominion secretary, is away at present on extended leave, and Mr. Flynn is temporarily assisting with the secretarial work.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XIX. (Continued.)

Sandy Weaver, the bartender, looked at him curiously. A short, heavy, blond man was Sandy Weaver, who ran a fair house and gave his attention strictly to his own business, save when asked by a friend to do him a favor, such a favor as to keep an eye on another man.

"Hello, Bud," returned Sandy, putting out a red hand. All expression of interest had fled from his placid face. "Come in right away, eh? Hello, Carson. Have something on me, you know?"

Lee shook his head.

"Not tonight, Sandy," he said. "Thanks just the same." "I'll go you, Sandy, same thing—you know." Sandy shoved out whiskey-bottle and glass. Then he turned grave eyes to Lee.

"One of these fellers can tend bar while we talk if you want, Bud," he offered.

"You say Quininn has been talking?" asked Lee.

"Yes, considerable. All afternoon an evening, I guess. I didn't hear him until I called you up."

"Then," continued the man from Blue Lake ranch, "I don't see any call for you and me to whisper, Sandy. What did he say?"

"Said you was a liar, Bud. An' a skeer-of-your-life damn bluff."

A faint, shadowy smile touched Lee's eyes.

"Just joshing, Sandy. But that wasn't all, was it?"

"No," said Sandy, wiping his bar carefully. "There was the other word, Bud. An'—say, Billy, tell him what Quininn had to say down to the jailbird."

Lee turned his eyes to Billy Young. Young, a cattleman from the Up-and-Down range, shifted his feet and looked uncomfortable.

"Damn if I do!" he blurted out. "It ain't none of my funeral. An' if you ask me, I don't like the sound of that kind of talk in my mouth. Maybe I can't find my way to church of a Sunday for staggerin' with red-eyes, but I ain't ever drug a nice girl's name into a barroom."

"So," said Lee very quietly, "that's it, is it?"

"Yes," said Sandy Weaver slowly, "that's it, Bud. Us boys knowed of the Luke Sanford an' liked him. Some of us even knowed his girl. All of us know the sort she is. When Quininn started his talk—oh, it's a song an' dance about you an' her all alone in some damn cabin, trying to crawl out'n the looks of things by accusin' Quininn of tryin' to shoot you up!—well, folks just laughed at him. More recent somebody must have took him serious an' smashed him in the mouth. He looks like it. But," and Sandy shrugged his thick shoulders elaborately, "if it's up to anybody, it's up to you."

For a moment, Bud Lee, standing very straight, his hat far back, his eyes hard and cold, looked from one to another of the men about him. In every face he saw the same thing: their contempt for a man like Quininn, their wordless agreement with Sandy that it "was up to Bud Lee."

"Where is he?" he asked presently. "Most likely down to the jailbird," said Billy Young. "That's where he hangs out lately."

Lee turned and went out, Carson at his heels, all eyes following him. In his heart was a blazing, searing rage. And that rage was not for Quininn.

ROSS URGES NEW SYSTEM AT BIG PENITENTIARY

Kingston, Ont., Aug. 3.—(Special).—It will be several days yet before Colonel Biggar can come to Kingston to make an investigation into penitentiary conditions for the minister of justice, according to information received here today. General Ross, who asked for the investigation, states that while the treatment given a number of the officials was unjust, the whole system in vogue is shown to be wrong, and that changes must be made. Such a change can only be brought about by the appointment of two or three men, one of whom shall be a psychiatrist, and one an experienced prison man, but not a present employe of the justice department.

Tribesmen Handle Roughly British Column on Euphrates

London, Aug. 3.—Further troubles for the British in Mesopotamia were reported by the war office today. A strong British column on the lower Euphrates was attacked and roughly handled by tribesmen, it was announced, but succeeded in cutting its way back to Hillah near the site of ancient Babylon after sustaining 300 casualties and the loss of one gun and twelve machine-guns.

VETERANS TO ASK DRURY FOR GRANT

Criticism of Controller Maguire and Ladies Over St. Julien Day Fund.

That the matter of the disposition of the \$18,000 St. Julien's day fund be left in abeyance, and that the original intention of applying to the Ontario government for financial co-operation to make veterans' day a success was the decision arrived at by the Veterans' Reunion Council.

Will Wait Upon Drury. Major Morrison had a message from Controller Maguire to the effect that the reunion council would send down a budget any or all of the \$18,000 would be turned over.

GRANT METHODISTS' REQUEST FOR STAY

Lots Listed in Error as Vacant Land—Council Objects to Doctor's Bill.

At a meeting of York township council yesterday afternoon an application on behalf of the Methodist Church of Canada was made by Rev. Gilbert Agur for a stay of proceedings regarding the sale of three lots upon which Humbercrest Methodist Church, Baby Point, is built.

Residents from Greenwood avenue appeared, protesting that they were without house lighting, while other districts were being supplied with street lighting, reference being made to Woodbine avenue for the latter.

DUFFYITES LOSE TO THE BIONS

Buffalo Aug. 3.—Buffalo shut out Toronto today, the score being 1-0. The game was won in the first inning on Gimno's triple and Miller's double. After that Heaton held the Bionts safe. The nearest the Maple Leafs came to scoring was in their initial inning when Kauff reached third. Pat Martin twisted a great game. Kauff was sent from the field for throwing his bat against the screen when he fanned in the fifth. The score:

Hal Chase Now Knows the Way Of the Transgressor is Hard

San Francisco, Cal., Aug. 3.—Hal Chase, former Pacific Coast and major league baseball player, today was barred by W. H. McCarthy, president of the Pacific Coast League, from all the parks of the league. McCarthy, outfielder of the Salt Lake Club, at the same time, was released unconditionally by the league president of the Salt Lake Club. The action of the executives, it was announced, followed investigation of charges of gambling on the game.

SECOND CONNAUGHT CUP FINAL TONIGHT

The second game of the Connaught Cup final will be played tonight at Varsity stadium, when Britannias of Varsity will make their debut in the series. Their opponents will be C.P.R. of Fort William, who made such a great showing against the Westinghouse team on Monday. The Brits, however, will go on to play the "House" and will administer the first defeat to the railwaymen. They defeated the Regina team in Winnipeg, which was a considerable performance when it is taken into consideration that the Regina team was practically all new to the game. The game will commence at 8 p.m. and the popular price of admission, 25 cents, will be charged.

JUNIOR COUNCIL CENSURES PLAYER

The T. & D. Junior Council met last night and censured Secretary Brooke, of Crescents, who was charged with signing players who were not eligible to play for Crescents as was also the Kenwood-Linfield Rover club. Secretary Brooke was suspended until he appears before the council. The council also censured the players of Crescents who were charged with signing players who were not eligible to play for Crescents as was also the Kenwood-Linfield Rover club. THE BEAVERS BEAT HAMILTON TIGERS

Brantford Wins First of the Series From London.

Kitchener, Aug. 3.—The Beavers outplayed the Hamilton Tigers here in the first of the two-game series this evening by the score of 4 to 2. It was one of the snappiest and hardest fought games witnessed on the local grounds. Kitchener pitched good ball for the Beavers and received splendid support in the field. Morgan, at short, and Beatty at first, playing in great form. Hamilton Schwartz was hit at opportune times, three of four runs being earned. Two fast double plays by local infielders prevented whatever chances might have been of tying the score. Kitchener was shining stars in outfield. JUNO CAME FROM NOWHERE IN FIRST

Also Won Second Heat and Race, but Lost Third to Peter Look.

Toledo, Aug. 3.—Juno, the favorite, easily outclassed the field in the News-Bee 2:10 race, for a purse of \$3,000, the feature race of the second day's Grand Circuit racing at the Fort Miami track today.

In the first heat she "came from nowhere," passed the bunch, and finished ahead by two lengths. In the last heat Peter Look stuck his nose out in front just as they reached the wire and got the decision.

Dr. Nick, the black gelding that Tommy Murphy drives, won his first race of the season when he out-trotted the favorite, Peter L., in the 2:07 trot, and won in straight heats, but Peter L. battled him all the way.

Single G. and Grace Direct were not started in the free-for-all pace, which was won by Sarado in fast time. In the first heat they went to the half in 1:03, with Sarado leading, and bussed the rest of the way in 2:04 seconds.

Princess Mary took the third heat of the race, while Gladys B. tired badly and finished last each time.

Eliza Direct took the 3:15 trot in straight heats among a field of ten starters.

Summaries: 2:07 trot, three heats, purse \$1,200: Dr. Nick, blk.g., by Dr. Igoo (Murphy) 1 1 1; Peter L., blk., by Peter the Great (Edman) 2 2 2; Lou Todd, br.m., by Dr. Todd (Pleming) 3 4 8; Tommy Todd, blk.g., by Todd Mack (Braklin) 4 4 3; Time—2:04, 2:04, 2:04; Zomidotte, Jos. Jolly Bird, Hollywood King and Ben McGregor also started.

Wilkes Hal Wins THE FREE-FOR-ALL. Included in the Richmond Hill field day of sports at Richmond Hill was a race card, consisting of three events, that provided some of the best horseracing witnessed at this town in many years.

A large crowd swarmed the upper part of the track, many horsemen coming from Toronto.

A genuine surprise occurred in the free-for-all, when the brown stallion, Wilkes Hal (2:29), defeated the sensational Jimmie McKerron (2:34).

The latter won the opening heat handsly, but thereafter encountered the worst racing luck imaginable, breaking down twice.

As expected, Wm. Rose won the matinee trot with Peter H. the star, a formidable rival in Aylife Main. Rose scored a second victory with Melora, that headed the tripped one, Sir Wilfrid Laurier, three times to the wire in the classified event.

Free-for-all, purse \$200: Wilkes Hal, blk.g., by Star Hal (McDowell) 3 1 1; Jimmie McKerron, blk.g., by Jack McKerron (McLarty) 1 4 4; Mona Hal, blk.g., by Star Hal (Parker) 3 2 2; Stella Mac, br.m., by Mac counce (Foran) 4 3 3; Time—2:27, 2:28, 2:30, 2:30. WHOLESALE FRUITS AND VEGETABLES. Trade was drab yesterday, as usual after a holiday, prices on products which were shipped in large quantities showing a decidedly weaker tendency. Plums came in very freely and varied greatly in quality, and thus in price, ranging from 40c to 1.25 per six-quart, and 1.10 to 1.25 per 11-quart.

Tomatoes flooded the market, and prices again slumped, an odd-one selling at 1.75 to 2.25 in the morning, but the bulk going at 1.10 to 1.25 per 11-quart, with some better quality in six-quarts going at 80c to 90c.

Red currants and gooseberries are becoming quite scarce, some of the gooseberries shipped in yesterday being over-ripe and had to be sold at lower prices. Potatoes also declined again, selling at 35c to 40c per bushel.

Wholesale Fruits. Apples—Imported, 30c to 35.00 per hamper; Canadian, 30c to 35.00 per quart, 40c to 45.00 per 11-quart.

STOCKS ARE SLOPPY GOING DOWN IN DEMAND

ON LOCAL MARKET

Papers and Sugar Are Sharply Down on Canadian Exchanges.

STEELES ARE WEAK

Canadian stocks were sloppy yesterday and more inclined to act in conformity with world wide conditions than they have been in the past. The Montreal market was particularly weak. The prices for Canadian stocks were down. The market for Canadian stocks was weak. The prices for Canadian stocks were down.

LAKE SHORE WEAK

The economic change thought to be going into effect is getting its reflection in a rising market for gold stocks. This was seen in New York Monday and yesterday by Dome actually advancing while other stocks were tumbling in an automatic advance. The prices for Lake Shore stocks were weak. The market for Lake Shore stocks was weak. The prices for Lake Shore stocks were down.

LITTLE PROGRESS AT BOSTON CREEK

Only Four Properties Working and Showings Are Not Too Bright.

Boston Creek, Aug. 3.—(Special correspondence to The World.)—There are only four properties working in this camp, namely, the Pelee, Boston, Miller, and Kennedy-Boston and Miller-Independence. The plant at the Pelee is working down about a year ago and the Boston Creek-Gold still lies idle, a number of prospects in the vicinity of the Miller-Independence started in the spring but have not yet been developed. The Pelee was formerly known as the Pelee and carries bluish and silver as well as gold. It saw one very fine outcrop, but in the absence of the mill was unable to do anything to determine its extent. About 20 tons of high grade have been sacked and now awaits shipment. Twenty men are employed.

CHICAGO GOSSIP

A. L. Hudson & Company had the following at the close: Wheat—The foreign political situation has had something to do with a decline in wheat today. The market for wheat was weak. The prices for wheat were down. The market for wheat was weak.

NEW YORK CURE

New York, Aug. 3.—After a rather weak opening, the general market strengthened and with a few exceptions, the entire list closed fairly strong. Liquidation seems to be the cause of the advance in price caused withdrawal of foreign and local funds. The market for New York stocks was strong. The prices for New York stocks were up. The market for New York stocks was strong.

Her mother, Mrs. William McGreggor, widow of a former North Essex member of parliament, died two weeks ago Sunday.

The Midas Touch

Not long since, one could hardly give away Canadian pulp and paper securities. Paper? Money in pulp and paper? Who could believe it?

Very few people—very few—but their names are writ in Canada's industrial history, and wealth has come to them because of their faith and vision.

It has been our privilege to earn the confidence of many thousands of investors who have trodden the upward path to prosperity as the result of their early investments in these securities.

But so far they, and we, have only gone along the path. The broad highway is still before us. If you would travel it and share in its potentialities and profits—write and we will advise you when, and in what, securities to invest. Address:

CALL MONEY EASES; STOCKS HAVE RALLY

Railroad Issues Advance Sterling Exchange Off Nearly Nine Cents.

New York, Aug. 3.—Today's session on the stock exchange ended with a vigorous upward whirl of prices led by investment railroads after an interval of weakness in which new low figures for the current movement were established.

Early strength on seeming evidence of an oversold condition was most pronounced in the railroads, steel, snuffing, motor and oil, but many of these issues slumped badly later.

Pressure of stocks was traceable in part to the closing out of weakly-margined accounts. The activities of the bear faction were assisted by rumors of new financing, decreased earnings, uncertain business outlook for various commodities because of traffic congestion and fuel shortage, acute weakness of dollar and the unfavorable Polish situation.

Establishment of new low quotations for the current movement, and the fact that the market was not yet out of the doldrums, and that there was little concerted effort to stem the downward slide until the late afternoon when call money rallied and the market recovered.

This circumstance was taken advantage of to bid up prices. Rallies from the day's lowest were of striking proportions in many instances, investment railroad shares such as Canadian Pacific, Great Northern, Northern Pacific, Southern Railway, Southern Railway and Union Pacific, were purchased confidently. Total sales approximated \$11,500,000.

Sterling exchange dropped nearly 9c as the result of the unfavorable foreign exchange market, and the fact that the market was not yet out of the doldrums, and that there was little concerted effort to stem the downward slide until the late afternoon when call money rallied and the market recovered.

Railroad mortgages, particularly convertible and reorganization issues, moved up strongly, but foreign securities were lower and Liberty bonds little changed. United States old government issues were in demand. Sales per value were \$11,500,000.
