SENSATIONAL RESCUES MARKED NEW YORK FIRE

Thirteen Story Building Burned and Three Lives Lost.

Property Damage Will Reach \$6,000,000 --- Firemen Besieged by Flames on Upper Stories Slide Down Slender Rope to Safety.

NEW YORK, Jan. 11.—With the first streaks of dawn this morning scores of firemen began the task of searching the ruins of the Parker building, 19th and 20th streets, for the bodies of the three firemen who were reported missing after the calling of the roll of the companies that took part in fighting the fire that destroyed the thirteen story building last night, causing a loss estimated at about \$6,000,000.

Although accounted proof, the great building burned almost like tinder, the fire in the upper stories gaining great headway unchecked. It was far beyond the reach of even the fire department's water towers. Sensational rescues were the feature of the fire. Five men who were cut off from rescue from below and sought the roof on which they stood subsided against the flames which had broken through the roof. From the top of an adjoining building, several stories lower than the blazing one, a line was shot up from a mortar and with this line the beleaguered crew a rope which they fastened to a chimney, sliding down to the lower roof in safety.

Three firemen were caught in the sixth story when a floor below them dropped, and they were forced upward to the seventh and then to the eighth story of the blazing building. From below it seemed that rescue was impossible, until several firemen, seizing scaling ladders, began to swing themselves up the face of the towering wall. Climbing to the eighth story, the leader, with his great hook, was drawn up and swung to a higher ledge, the men worked heroically until their endangered comrades were reached. Down the scaling ladders the men came slowly until they were near enough to the ground to drop into their comrades' waiting arms.

So narrow was the escape that the leaders themselves were burned where they hung, when the men dropped from their rungs. But even the rescue of these men was not complete for three went up into the building failed to return. The other three disappeared in the mass of falling concrete and twisted steel beams. It is their bodies that rescuing comrades were searching for in the smoking ruins this morning. In addition to the missing a score or more firemen were hurt, their injuries ranging from painful bruises to burns which may prove fatal.

The fire department has been dreading a fire in a skyscraper and although the Parker building was only 13 stories in height the fire of one of the modern buildings of twice that height is easily imagined, as even when augmented by the force of the largest engines in the department, they were unable to raise the water to a point anywhere near the top of the building. When the new salt water high-pressure mains are completed, officials say, the fault will no longer be so prominent.

The fire was officially declared to be under control soon after seven o'clock this morning, but Deputy Chief Binns warned the police to keep the crowd as far as possible away from the wrecked building, as there was still great danger that the entire building might collapse as a result of the contraction of the steel girders as they cooled. The police lines caused a complete tie-up of the fourth Avenue trolley line, and the cars would go over the 18th Street Crossing during the day. It is believed that the fire was in progress fully an hour before it was discovered.

Superintendent Fullerton of the American Lithographic Co., directly across the street from the burned building, said today that an hour before the alarm was given he smelled smoke, and had a thorough search made on every floor of his building. An hour later the firemen were in possession of one of the upper floors of the American Lithographic Company's building turning a flood of water on the Parker building through a big pipe fed by six lines of hose. The great stream of water shooting across the street in the glare of the two big searchlights, presented a spectacular sight. The falling spray covered the men and fire apparatus in the street, below with coats of ice. Inefficient water pressure is blamed by Deputy Chief Binns for much of the damage done to the building. "The fact that the fire gained great headway was due entirely to the lack of water," he said, "at the present time in New York the water towers cannot reach above the eighth floor. Because of the poor water pressure, the three water towers which responded to the five alarms had to be tempted to do good work with them."

Robert Beyer, a printer employed on the fifth floor of the Parker building, was reported missing to-day. He was at work in the building when the fire started, and has not been seen since. At an early hour this morning orders were issued closing the subway which runs past the burned building. The thorough service was resumed during the early rush hours, but was suspended shortly after 9 o'clock, owing to fear of the officials that the wreck of the Parker building might collapse. John river, Shackle has been built near Indian Island, Charlton's Flats, and other points up river. The catch from these is brought to the city daily. Hake are also quite plentiful.

No. 8 section T. H. met in the vestry of Tabernacle church last evening and spent a pleasant evening, there being a short programme consisting of readings by Stirling Stackhouse and Master Kenneth Blair, and short addresses by members of the section.

SKATED INTO AN AIR HOLE

Charles Tapley Had a Narrow Escape From Drowning in the Kennebecasis.

Charles Tapley, son of Edward Tapley, Holly street, had a narrow escape from drowning in the Kennebecasis near Indian Island, yesterday afternoon, and it was with great difficulty that he was saved. He with others, had been fishing hake through the ice. With a considerable catch, the result of the morning's fishing, Mr. Tapley and his companions started to skate back to the city. When near Indian Island Mr. Tapley skated through an air hole. Fortunately the ice about the hole was firm so his friends could reach Mr. Tapley who was soon struggling in the water. After several efforts he was hauled out on an exhausted condition and very much chilled. It was necessary for him to come all the way to the city in his wet clothes.

GOOD LUCK AT HAKE FISHING

Party From the City Caught 31 On the Kennebecasis Yesterday Afternoon.

There was a slaughter of hake on the Kennebecasis river yesterday afternoon, when a party of well-known city merchants, known as the Kennebecasis River Hake Fishing Club, drove out to Renforth, and after cutting holes in the ice, landed 31 good sized hake with their lines. As the fishermen were engaged only about two hours in their operations, their luck is considered exceptionally good.

Those in the party were Joseph H. Noble, John Lipsett, George W. Colwell, Chesley Colwell, William Izard and Ald. J. W. Vanwart.

Following the session on the ice, adjournment was made to Mr. Lipsett's cottage, at Renforth, where the evening was very enjoyably spent.

The members of the club elected Mr. Noble president, and the general "Joe" made fitting acknowledgments of the honor. The party returned home late in the evening well satisfied with their catch and the good time they had had.

GOVERNMENTS SHOULD PROVIDE THE MONEY

This Is the View of the London, Ont. Canadian Club On Earl Gray's National Park Project.

LONDON, Ont., Jan. 11.—(Special)—The Canadian Club at a meeting last night adopted a resolution expressing sympathy with Earl Gray's project for preserving the Plains of Abraham for a national park, but expressed the opinion that the local and provincial governments should provide the funds. Senator Coffey and Major Beattie, M. P., were named as a delegation to the Ottawa meeting.

DR. PARKER COMING

Rev. Dr. Lindsay Parger To Lecture In the Opera House On Feb. 6th.

It will be learned with pleasure by many lovers of good lectures that Rev. Dr. Lindsay Parger, chaplain of the Royal Kennebecasis Yacht Club, will lecture in the Opera House, on Thursday, February 6th, on "Bright Days Ahead." His lecture will be another one of those delightful travel talks in which Dr. Parger excels. His previous lectures here have always been greatly enjoyed and there will be equally so enjoyable. The lecture will be under the auspices of the R. K. Y. C., and tickets may be obtained, in advance, from the flag officers of the club or members of the executive committee.

MONTREAL STOCKS

MONTREAL, Jan. 11.—(Special)—Prices of stocks were firm today at recent advances but buying was light. The favorites were Detroit, 38 1/4; Power, 87 1/2; Dominion Steel, 16 1/2; Soco, 92 3/4; Rio Ronds, 74; Bell Telephone, 130; Shawinigan, 90.

KILLED BY A CAVE-IN PRINCE ALBERT, Sask., Jan. 11.—(Special)—Matthew Burns and Morris Klein, were killed yesterday by the cave-in of a gravel pit in which they were working. Both men were dead when the excavators got to them. Burns was unmarried and came from Nova Scotia. Klein was married and leaves two children. He had been only a week out from Austria.

DR. ANGLIN SAYS DAVID WAS NOT RESPONSIBLE WHEN HE KILLED HIS WIFE

Expert Opinion Helps To Build Up Insanity Plea Offered by Prisoner's Counsel—Evidence Finished This Morning and Argument Will Be Heard This Afternoon.

FREDERICTON, N. B., Jan. 11.—(Special)—The evidence in the David murder trial was all in at one o'clock today, and this afternoon the counsel will address the jury. Before the court adjourned for dinner the judge intimated that possibly he might defer his charge to the jury until Monday morning.

Dr. J. W. Anglin was on the stand for two hours this morning and his evidence supported the plea of insanity set up on behalf of the prisoner. He said an epileptic would be more likely to commit an act of violence when in a passion than a person not predisposed to insanity. He thought David, when he killed his wife, was in a temporary frenzy of an insane character. Several hypothetical questions were addressed to the witness and ruled out by the judge, but afterwards allowed in a modified form. The witness said that attacks of transitory mania might last a few days or only a short time. After the attack passed off a person would have no recollection of his actions while in that state. Temporary insanity might be brought on by intense anger and jealousy and a person in that state might act without any recollection of what he did afterwards.

To the solicitor general the witness said that the statement made by David in Woodstock that he would give his wife a 20 did not indicate transitory mania at that time. An epileptic would be more apt to commit a terrible act than an ordinary man. The prisoner was a man of average intelligence considering his standing. The judge consented to admit Mr. Hazen's hypothetical question, previously ruled out, and in reply the witness said that David when he shot his wife was in a state of frenzy and in his opinion was responsible for his conduct, being insane at the time.

To the solicitor general the witness said that leaving the prisoner's story out and accepting the other facts in evidence there would be no ground for believing the prisoner insane when he shot his wife. To the judge the witness said a man of weak mind would be thrown in a passion much more quickly than a man of strong mind. Mr. Hazen rested his case for the defence at the conclusion of Dr. Anglin's testimony. N. Foster Thorne of Woodstock was called in rebuttal to tell of a conversation with David at the jail three days after his arrest. Mr. Hazen strongly objected, but was overruled. Mr. Thorne said that David appeared cool and talked rationally. He told him his name and speaking of his wife he said "She was a woman, man, with another man," or words to that effect. Policeman Gardiner who made the arrest corroborated Thorne's evidence and told of the conversation which prisoner had with Jack Power on the train after the arrest. The prisoner did not appear excited. Harry S. Mulren, a barber of Woodstock was called but his testimony was of no importance. Dr. Anglin was recalled by the crown and asked what he thought of David's condition of mind after the shooting in view of his conversation with Thorne and Power. He said he saw no reason for altering the opinion previously given. If the prisoner was not excited after the shooting it suggested an unhealthy mind. Dominque Stevens a Syrian was called by Mr. Hazen and told of a conversation with David at the jail three days after his arrest. He said he did not remember having shot his wife. Court adjourned until 2.30 o'clock.

MR. TILLEY EXPLAINS HIS ATTITUDE

He Favors Prohibition—But Wants Existing Laws Enforced.

ST. JOHN, N. B., Jan. 11th, 1908. Editor Evening Times: Sir,—Reading the morning papers containing the temperance committee's report, I am struck by the opinion of all present was not united on the question of prohibition. Such is not the case. Personally, I am strongly in favor of prohibition, but I am not in favor of passing a provincial prohibition act, until it appears in my opinion, assisted by public opinion, will enforce such an act, when passed. Until such a time arrives, I, for one, am not going for prohibition, but will endeavor, along with a number of other temperance workers who think as I do, to better existing conditions, both in the enforcement of the Scott Act in the counties were passed and a proper enforcement of the Liquor License Act until the same is repealed.

No one will deny that the local government can materially assist in the cause of temperance and effectually assist it by first curtailing the number of licensees; second, preventing, through its proper officers, the sale of intoxicating liquors after legal hours, on Sundays and to minors; third, taking away the licenses of those who violate the act. Temperance sentiment is strong, but so far, not sufficiently effective to force the local government to see to the proper enforcement of the License Act, so that I, for one, am not promising the committee that next year he would see to the proper enforcement of the License Act, so that I, for one, am not promising anything by his interview. If, however, the question were submitted to the people tomorrow, I would be found working on the prohibition. Let there be no misunderstanding on that point.

Yours truly, L. P. D. TILLEY.

The funeral of Mrs. Eleanor Harrington took place this morning at 8.30 o'clock from her late home Acadia street to St. Peter's church where Requiem High Mass was celebrated by Rev. J. J. in the presence of a very large number of friends.

The I. C. R. police are attired in double-breasted winter coats similar to those worn by the city police. Officers John Collins and Scovell Smith wore their new coats today for the first time and their naty appearance occasioned favorable comment on all sides.

Alex. Rubins, who has been in jail on remand for some little time for beating his wife, was this afternoon sentenced to two months in jail.

POLICE COURT

The "Human Arsenals" Were Before the Court and Remanded—The Theft Case.

Frederick Jensen, of Denmark, and Fred. Erik Smith, of London, who were arrested last night by Deputy Chief Jenkins and Detective Kilhen, were before Judge Ritchie this morning on charges of being unable to give a satisfactory account of themselves to the police, and having in their possession three shot guns and two revolvers, supposed to have been stolen. The prisoners said they got the property referred to, in their own countries, and in reply to a query as to where they bought them, said they had no fixed place of abode. Both were remanded.

One drunk was fined \$4 or ten days, and two were remanded. The case against William Baker and Edgar Burnett, charged with breaking and entering Magee & Sons' tin shop, Germain street, on Tuesday night, was resumed this morning, when Patrolman James McCollum was examined, and told of the burglary. He said he was on duty with Lucas to the corner of Church and Canterbury streets, and while there, some two men came out of an alley near the head of Church street, and ran along German street, pursued, but did not catch them, on returning to Church street, he found a till leaning against a window near the head of the street, and took it to Water Street lockup, where he and Sergt. Campbell again searched Baker, finding in his possession a black cloth case, five revolver cartridges, a blank charge, a small tub of oil, tin keys, and a key. Both the till and mask were produced in court. The prisoners were remanded until 10 o'clock Monday morning, when further evidence will be taken. Mr. Baxter applied for bail for the prisoner, but was refused until Monday.

EXCHANGE OF PULPITS

The following is the monthly exchange of pulpits in the Baptist churches tomorrow: German street Rev. A. B. Cobbe; Brussels street Rev. M. E. Fletcher; Waterloo street, Rev. B. H. Nobbs; Tabernacle street, Rev. J. J. in the West End, Rev. W. W. McMaster; Charlotte street, West End, Rev. F. E. Bishop; Main street, North End, Rev. E. C. Jenkins; Victoria street, North End, Rev. J. W. Kientstead, Fairville; Rev. Gideon Swin.

Resident Engineer Shewen, of the dominion public works department stated this morning that the notice displayed near Partridge Island, giving warning to mariners not to anchor vessels near the water pipe system, had been washed away during last Tuesday. It will be replaced as soon as possible.

THE TIMES NEW REPORTER

JAMESIEY'S QUEST.

Our esteemed fellow citizen, Mr. Jamesiey Jones is a much disappointed man. Jamesiey has flattered himself that he is in the confidence of the provincial government, and undertook a couple of days ago to enlighten a select coterie of friends concerning the date of the elections. They were greatly in doubt, and Jamesiey assured them that if he could get the ear of the premier for a few minutes, he would get for them the required information.

Yesterday Jamesiey sought out the premier. He was received with great cordiality, and urged to tell all about his rheumatism, and also to express his views with regard to political sentiment in St. John. He did so, his rheumatism is a favorite topic, and no man knows more about the political sentiment of the people than Jamesiey. He was very eloquent on the subject of the elections, and seven times the premier called his attention to something else. At last he put the question straight: "When are we to have the elections?" The premier looked carefully around to see that no one was listening, and getting close to Jamesiey's ear made this reply: "The province of New Brunswick is on the eve of a great industrial development, amounting almost to a revolution. There is little reason to doubt, it seems to me, that we shall soon be having 'em."

FELL DEAD INTO DAUGHTER'S ARMS

Death Came Suddenly to Mrs. Mary Williams of Moncton

MONCTON, N. B., Jan. 11.—(Special)—While watching a train go by, Mrs. Mary Williams dropped dead in the kitchen of her home here this morning. She had just eaten breakfast, and was looking out the window, when she fell to the floor and expired a minute later in the arms of her daughter. She was seventy-five years old, a widow, and came here from Kent county, Ontario, about a year ago.

The Scott Act case against a well-known city drug store, was postponed in the police court this morning until Monday.

TEMPERANCE IN SYDNEY

(Sydney Record.) Objections have been filed by a committee representing the extreme temperance party to each side every petition for liquor license now in the hands of the inspector. Mr. C. W. Totten, one of the more active of the very industrious members of the committee, expressed himself as fully confident of a successful outcome of the matter. "There is not a single application," declared Mr. Totten, "that conforms with the provisions of the act, and the city council will find it extremely difficult to entertain any with impunity."

PERSONALS

No change is reported to-day in the condition of George V. McConway. Judge Truman is reported much improving to-day, having spent a comfortable night.

Mrs. George Mowse, of Edmonston, Alberta, who has been visiting her parents Mr. and Mrs. A. C. Vanwart, Fredericton, is spending a few days with Mrs. George T. Polley.

MR. BINKS'S VIEWS.

Mr. Peter Binks says that if the city council carries out the recommendations of the committee on reorganization of the departments, it will have to open an employment bureau where men can get light jobs, or it must establish a large pension list. "For," said Mr. Binks, "when a large number of men who have been doing very little more than draw their salary find their salary cut off, they cannot easily adjust themselves to new conditions and work for a living."

WEATHER ITEM

During the mild weather of the past month or so, the hopes of the curlers were below zero. There is now a prospect that the conditions may be reversed. A gentleman of Scotch extraction was heard this morning to exclaim with much fervor: "Hoot, moon—soo'er up!"

WINTER PORT BUSINESS NO DATE SHOWS BIG GAIN

HAS BEEN GOOD TOURIST YEAR

Encouraging Reports Will Be Presented to Tourist Association Next Week.

The annual meeting of the New Brunswick Tourist Association will be held at the board of trade rooms, Fredericton, on Thursday evening next. Mrs. Scovell, the secretary speaking of the work said today that the past season has been a most successful one. The New Brunswick exhibits at the sportsmen's shows in Boston and New York were instrumental in bringing a large number of tourists to the city and province. The game season has also been above the average, the receipts for game licenses being ahead of last year. The camps in various parts of the province were occupied the greater part of the season and the guides are well satisfied with the season's work. Ten of the executive will be elected on Thursday night and at a meeting which will probably be held the next day members will be elected and committees appointed.

DOG WATCHED OVER HIS BODY

Pathetic Incident in Connection With the Death of John Kindness, a Young Ontario Farmer.

INGERSOLL, Ont., Jan. 11.—(Special)—John Kindness, a young farmer who resided alone near Bennington was found dead in his stable yesterday. His body was badly frozen and keeping watch over it was Kindness' dog. No marks of violence could be found on the body. The young man was a son of Alex. Kindness of Embro.

THE BOISDALE ELECTION CASE

Judge McKenzie Gave His Decision This Morning In Favor of Mr. McKinnon.

BYDNEY, Jan. 11.—(Special)—Judge McKenzie of the county court gave his decision this morning in the Boisdales election case of McKinnon vs. McNeil. His honor found that McKinnon should have been declared elected by the presiding officer also by County Clerk Curry. The judge held that the clerk should have counted three ballots which he had in view of this he thought that McKinnon was entitled to a seat in the council. D. Ahearn asked for an order for McKinnon's election. Finally McDonald served notice of appeal and asked the judge to stay proceedings with regard to the order. The application was refused. McKinnon had written his decision in full and filed it in order to facilitate appeal proceedings. The judge's order will instruct the clerk and warden to seat McKinnon. Charges of bribery and corruption brought forward by both sides were dismissed by the judge. Judge McKenzie stated that in view of the stories which were circulated after the election the petitioner had good and sufficient reason for his action.

THE CANADIAN CLUB

One of the most interesting addresses yet given before the Canadian Club will be that of Principal Magill at the luncheon at 6.15 p. m. on Tuesday. Principal Magill is one of the most interesting speakers in Canada, and his subject, The Industrial War, is one of great importance. Members of the club should secure their tickets at once at E. G. Nelson & Co's. The question of the action of the club relative to Earl Gray's plan for the consecration of national battlefields is also to be considered at this meeting.

It is expected that a bowling league will be started at Black's alleys on Tuesday evening next. The following teams are likely to enter—Beavers, Iroquois, Newmans, Electric, and a fifth.

Fifteen deaths were reported at the office of the board of health for the week ending today, as follows: Heart disease and pneumonia, three each; cancer, drowned, paralysis, peritonitis, consumption, premature birth, congestion of lungs, tuberculosis, hip joint and general debility, one each.

THERE WILL BE NO SAW-OFF IN YORK COUNTY FIGHT

Sun's Report of a Deal Between Local Government and Opposition Parties Absolutely Denied.

The Sun this morning quotes a statement from the Fredericton Herald to the effect that the York county opposition are making overtures to the provincial government supporters for the election by acclamation of a split ticket—two government and two opposition. The Sun makes this statement the basis of a beautiful article on the government chances in York. In reply to an enquiry over the telephone, Mayor McLeod of Fredericton told the Times this morning that the Herald story was absolutely false. "Had it only appeared in the Herald,"

Exports Are \$1,500,000 Greater Than Last Year.

Increase is Very Largely Due to Record Grain Shipments But the Outlook for a Banner Year is in Every Way Bright.

The winter port business up to date shows a gain in valuation of over \$1,500,000 more than last year. The export of wheat is greater than ever before. Up to date nearly 1,500,000 bushels have been taken away, which is greatly accountable for the gain. The outlook is bright for a banner season.

The following is the valuation of twenty-four steamships that have made their port calls to the customs to date:

Table with 2 columns: Steamship Name, Value. Includes 18 steamers up to Saturday, January 4, 1907, and Canadian goods, Foreign goods, Total.

The first twenty-four steamships last year took away goods valued at \$3,545,378. Gain for 1907-8, \$1,500,887. Up to date, 40 steamships have arrived with a tonnage of 145,000 tons. Same date last year, 39 steamers, 152,731 tons. The following are some of the articles that have gone forward in the above twenty-four steamers:

The EDISON PHONOGRAPH

NO one need be barred from owning an Edison Phonograph because he has not the entire purchase money in hand at once. Nearly every dealer in every town can make an arrangement whereby, after paying a small amount of money, you can have the Phonograph delivered at once and the proper number of records, and so

begin to enjoy it at once paying the rest in easy instalments. It requires almost no self-denial on your part to own a Phonograph, and it will more than make up its cost to you. The amount of the instalments will be less than you pay for an evening's entertainment at the theatre.

If you have not heard the new Edison model with the big horn, go to the nearest Edison store and hear it, or write to us for descriptive booklet.

We Desire Good, Live Dealers to sell Edison Phonographs in every town where we are not now well represented. Dealers having established stores should write at once to National Phonograph Company, 100 Lakeside Ave., Orange, N. J., U. S. A.

To Suffer From Headaches Makes Life Miserable.

It takes a person that has had and is subject to headaches to describe the suffering which attends them. The majority of cases are caused by congestion and dyspepsia. The dull throbbings, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, rarely indicates that there is something the matter with the stomach or bowels. To the fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headaches. It has proven a specific for the malady in all its forms.

DR. WILLIAMS' PINK PILLS CURE ANAEMIA

Pale Faces, Dizzy Spells, Palpating Heart, Headaches and Shortness of Breath Are Symptoms of Anaemia.

Watery blood is an open invitation to disease to take possession of your system. Watery blood is responsible for nearly all the headaches and backaches and side-aches that afflict wretchedly. Watery blood is responsible for the dull eyes, salivary cheeks and the listless, dragged out feeling that is found in so many growing girls. Good blood means good health, and good blood actually comes through the use of Dr. Williams' Pink Pills. Weak, ailing, dependent women who use this medicine are made active and strong; listless pale-faced girls are given new health, rosy cheeks, bright eyes and a new sense of happiness and security. Mrs. E. S. Nightingale, Chesley, Ont., says: "My daughter was ill for a long time with anaemia and would often be confined to bed for three or four days at a time, and we feared she was going into a decline. A lady friend advised the use of Dr. Williams' Pink Pills and I got a half dozen boxes. By the time these were used there was a marked improvement, and I got a further supply for her. The change these pills have wrought in her condition is so great that you would not think that she was the same girl. It will always have a kindly feeling for Dr. Williams' Pink Pills."

You can get these pills from any medicine dealer or mail at \$2c a box, or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

ST. LOUIS ROCKED BY TERRIFIC EXPLOSION

ST. LOUIS, Jan. 9.—A terrific explosion which rocked buildings in St. Louis, East St. Louis and Belleville, occurred about 11 o'clock tonight at Edgemoor, Illinois, 9 miles south of East St. Louis, at the Phoenix Powder Company's mills. Despite the tremendous force of the explosion, which was evidenced by the breaking of plate glass windows here, no one was killed or injured, according to telephone reports.

FRANK GOTCH LOST

BALTIMORE, Md. Jan. 9.—Frank Gotch the American champion wrestler tonight failed in an attempt to throw Gus Schoenlein of this city, twice within an hour. By a croch and half-Nelson hold, Gotch won the first fall in 41 minutes, but was unable to secure another fall within the time remaining to him. Gotch weighed 226 pounds and Schoenlein 175.

DELMONT AND WAGNER DRAW

PROVIDENCE, R. I. Jan. 9.—Albert Delmont and Joe Wagner fought fifteen rounds to a draw at the Rhode Island A. C. of this city tonight. Delmont had all the better of the arguments during the first few rounds. Wagner became stronger in the middle of the bout and towards the finish was clearly superior to his opponent. Stanton Abbott acted as referee.

CHARLOTTE, N. C., Jan. 9.—A long distance telephone message from Solina, N. C., reports the lynching, at Pine Level, Johnston County, of a strange negro, by a negro mob. The strange negro, purporting to be the advance agent of a "big show" destined negro residents into attending what turned out to be a one-man performance by the negro himself. With their heads covered with guano sacks, the mob entered the negro's boarding house early Tuesday morning and took him forcibly to the woods. His body was found at daylight on the railroad tracks.

Tells How to Prevent Throat Weakness, Bronchitis

How many thousands are there who would gladly pay any sum to be cured of bronchitis or consumption. Many could be cured—cured today—cured if they would just use common sense in selecting their remedy. Bronchitis of course is an inflammation of the bronchial tubes. These tubes were made for the passage of air alone, and neither the noise of an atomizer nor the liquid of a cough syrup can get where the trouble really is. The diseased parts can only be reached by a remedy that can force its way through all the breathing organs. Doctors who have used "Catarhose" say it is the only rational cure for bronchitis. It cures by inhalation. You breathe in its healing balsam,

Today We Start The Greatest Clothing Sale Of the Season

This is the sale you've been waiting for—our January clearance of our Factory, Wholesale and Retail Stocks. In every way it will be our greatest sale. The values surpass any we've yet been able to give. Remember, our own prices have been reduced about a third for this sale, and when you consider that as makers we are able to sell clothing at least 25 per cent under others, you can judge how great the savings are. In scarcely any instance is the saving less than half of the generally prevailing retail prices and in many cases it is more. Every man, young man and boy can be fitted and every taste pleased.

ENDS OF THE DAVID CASE APPEARS TO BE IN SIGHT

It Should Be In the Hands of the Jury by Monday Afternoon At the Latest—David Claims He Did Not Know He Shot His Wife.

Frederick, N. B., Jan. 10.—The end of the David murder trial, which has been engaging the attention of the circuit court since Tuesday, is in sight. If nothing unforeseen occurs, the case will be in the hands of the jury by Monday afternoon, at the very latest.

David has been under the doctor's care since yesterday, and two constables were called to assist in his removal. Today he was driven to and from the court in a hack. He seems to be considerably improved since he was taken to the hospital in his own behalf today, being on the stand over two hours.

THE TEMPERANCE FEDERATION DELEGATES MEET GOVERNMENT. And Ask That a Prohibitory Law Such As P. E. Island's Be Introduced in New Brunswick—Other Delegates and the Requests They Made.

At a meeting of the local government yesterday afternoon a delegation from the New Brunswick Temperance Federation and others interested in temperance were heard.

Mr. Willard Smith in speaking of the meeting stated Mr. Tilley had accompanied the delegation as a representative of the Temperance Federation.

Mr. Tilley in speaking at the meeting in advocacy of the strict enforcement of the license law, offered if the government would give him \$200 to show that the law at present was flagrantly violated.

Mr. Smith wanted it understood that the federation was not in accord with Mr. Tilley's views.

Besides the temperance matters the local government heard a delegation in reference to the March bridge abridges. The delegation was composed of Recorder Skinner, Director Murdoch of the water department, and Thomas Pitt of the marsh commission.

CIVIC REFORM The re-organization committee of the city council will recommend a clean sweep in all the civic departments, and re-organization of the whole system with one director, a number of competent foremen. This is a scheme which, if properly carried out, would probably result in a great improvement in the various services, but there is little hope that it will be adopted by the council. It affects too many persons who have friends to set upon the scheme. Moreover, there is the question of a commission to be considered. The outcome of the whole discussion may be of small value as to render it largely useless. And yet practically a clean sweep must be the preliminary to any effective scheme of civic reform. The citizens generally should give some thought to this matter, in order to give an intelligent verdict when called upon to do so.

TEMPERANCE REFORM The members of the New Brunswick Temperance Federation were given a more attentive and sympathetic hearing by the government yesterday than some previous experiences with governments had perhaps led them to expect. It is clear that even the members of the government are being impressed by the wave of temperance reform that has been sweeping over the continent, and has produced such marked results during the past year. The Sun this morning makes much of the remarks of Mr. Tilley in favor of a well enforced license law, but Mr. Tilley was not a representative of the temperance federation, and stated merely his personal views. The province of New Brunswick is on the eve of a great struggle over the question of the restriction or the prohibition of the liquor traffic. Every thoughtful man sees the signs multiplying from day to day. The politicians are taking note of the fact and are weighing the chances. St. John will be the chief centre of the conflict, for so long as liquor can be freely shipped from St. John, there will be difficulty in enforcing the Scott Act or local option in the counties. If the government should decide not to submit the question of prohibition to the people, there would still be the opportunity to apply the Scott Act to St. John, or to apply throughout the province the license law, and reduce the number of saloons in some of the wards, as provided for but ignored under the present law. Both political parties will be making a great mistake if they think or speak lightly of the public sentiment that is steadily rising all over the province in favor of reform, largely as a result of the shameful disregard of existing laws by so many of those engaged in the liquor traffic.

AN IMPORTANT MATTER In parliament on Thursday, Hon. Mr. Foster urged the conservation of forests in Canada, and dwelt upon the importance of action by the federal government for this purpose. This subject was brought before the Canadian Club of Toronto in a striking way on Monday last by Mr. O. W. Warner, traveller and journalist, in an address on The Protection of the Wild and the Attitude of the W.B.L. Referring to the attitude of the Americans toward Canadian pulpwood forests, Mr. Warner said: "Senator Beveridge, of Indiana, has the innocence to suggest that if you will let American machines in free Uncle Sam will do as much for your pulpwood. The senator neglects, however, to state that your Uncle Sam have the wood, but you can get along without American machinery, simply by compelling the factory to come across. President Roosevelt suggests a reduction in the tariff on pulpwood and that Canada refrain from imposing an export duty. Congressman Littlefield, of Maine, makes a good guess when he predicts that Canada will not follow the president's suggestion." After remarking that other provinces should follow the example of Ontario, and require American lumbermen to manufacture on this side of the border, the speaker went on: "Having solved the saw-log problem, you will have to do something soon to protect your pulp wood and tie-timber. You own railways—national and provincial—you are paying forty cents for ties that could be had three years ago for 20

cents, because of the American demand, and instead of diminishing the demand is increasing, for there is no panic on this continent—only a slight attack of commercial hysteria, aggravated by the approach of a presidential election. Up here it's a sort of 'sympathy strike.' Certainly it is good business to cut and market your merchantable timber, but the cutting should be done intelligently, and all brush and debris burned as the cutting proceeds, which reduces the danger from forest fires. Limits that are sold are sold. What has been done is done—but from this day forward there will be no excuse for any government that sells 'timber' without reserving its right to boss the job of cutting." To strengthen his argument, Mr. Waldman quoted the following from Forestry and Irrigation, a journal published in Washington: "It is very much to be hoped that the Canadians will not allow us to cut their timber without regulation, however eager we may be to buy it. This would be for their benefit, and likewise for ours. For the sake of a permanent supply, we should wish that Canada or any other country from which we may have to import lumber should put its forests under the same careful administration that now is given to the National Forests in the United States." This subject is of increasing importance in New Brunswick. The despatches stated one day this week that the Miramichi Lumber Co., an American concern, has which the International Paper Co. has a controlling interest, is cutting nearly forty million feet of logs this winter, most of which will go as pulp wood to American mills. The company claim that they are cutting with great care, in order not to destroy the value of the property, but to leave sufficient young growth to provide a continuous supply. The government should be certain that this is the case, whenever any cutting is done on crown lands in any part of the province.

ANOTHER WITNESS To what the Toronto Globe and News have to say about saloons and local option may be added the following from an editorial in the Mail and Empire of that city: "In twenty-two municipalities in Ontario local option was carried on Monday, and in only one out of five in which a repeal-by-law was submitted did it meet with defeat. This indicates that the idea is growing in favor. Localities that have not experienced local option are inclined to try it; those that have it are not disposed to dispense with it. Many reasons combine to make the public favorable to the prohibition principle. The desire for sobriety, the yearning for the reform of friends who have fallen, the feeling that the neighborhood will be better without liquor are among the sentiments that bring people to the polls to vote against the licensing system. A very strong influence, however, is the presence in a community of the hotel of the lower class, kept by the man of bad principles and of bad habits. Such an establishment will do much harm, because of its indiscriminate selling of liquor and its inducement to the sale of liquor to youths. When a place of this kind is doing its destructive work, what wonder is there that the people of the municipality should rise up and sweep the entire business away?"

Under the heading "political gossip," the Montreal Herald has this item:—"The movement for the introduction of an Irish Catholic from outside of Parliament, into the Laurier Cabinet has attracted considerable attention in Toronto, and a counter-move from the Western Ontario is reported in favor of the candidacy of a Western man rather than an Eastern. Dr. Tom. McMahon and Senator Coffee of London have been mentioned, but the proposal is obviously of the most indefinite kind. There is, however, talk of a meeting of Western Ontario Irish Liberals in the near future to discuss this and other topics. A considerable part of Western Irish Liberalism is understood to be prepared to favor Charles Murphy, of Ottawa, who has been most conspicuously mentioned in connection with the project in the east."

HIBERNIANS EXCLUDED Rev. McDermott Would Not Hold Funeral in Their Presence. PHILADELPHIA, Jan. 10.—Members of the Ancient Order of Hibernians were greatly stirred up through the refusal of the Rev. D. J. McDermott, rector of the St. Mary's Roman Catholic church in this city, to permit a funeral service over the body of John Daly, a parishioner, because a Hibernian lodge had been invited to attend the obsequies. The funeral was to have been held on Tuesday, and because of Father McDermott's opposition to the Hibernians, it had to be postponed. He agreed to permit the funeral to take place from St. Mary's only on condition that the invitation to the Hibernians be revoked. The widow of Daly agreed, and in the funeral notice printed yesterday it was stated that "the invitation to the Ancient Order of Hibernians to attend the funeral is hereby revoked." The funeral was held from the church yesterday without the presence of the Hibernians.

TO A GREEK STATUE (Found in Herakleum.) What eyes have worshipped thee, O passion-Cold stone, thou dar'st beauty of dead days when And buried worlds! What hearts in those days when Beauty was not have longed for thy career, As 'mid voluptuous feast and wild excess, They saw the dawn-light of the Eastern skies. Crisp that, brow and kindle in those eyes, And felt their gladdened passion's smiles, And still thou mockest us, O cruel stone, And still these eyes are gazing far away, Drawing out man's love that loves thee all in vain. WHY NOT? The head of a certain Pittsburg manufacturing concern is an old gentleman who built up his business from nothing by his own dogged and persistent toil, and who has never felt that he could spare this time for a vacation. Not long ago, however, he decided that he was getting along in years, and that he was entitled to a rest. Calling his son into the library he said: "Tom, I've worked pretty hard for quite a while now, and have done pretty well, so I have about decided to retire and turn the business over to you. What do you say?"

PRIDE OF BIRTH. The young Duchess of Marlborough during her recent visit to the Tomb said of pride of birth: "The English aristocrat is very proud of his lineage, but not nearly so proud as the German. "The German as soon as he came up yelled haughtily to the sailor: "What do you mean with your 'Man overboard'?" "Gert Hermann Von Finkersheim, Duke of Sinsin, and Prince of the Holy Roman Empire, is overboard."

REORGANIZATION OF CIVIC DEPARTMENTS

Committee Met Last Evening and After a Lively Session Made Several Recommendations.

The committee of the common council appointed to consider the reorganization of the departments held a lively meeting yesterday afternoon, and contrary to the opinion expressed in an afternoon paper that they were going "up the spout," proceeded to recommend to the council that the three directors should be reappointed and that the offices of superintendents of streets and of ferries, together with the board of assessors, with the sole exception of the chairman, should all be abolished.

The meeting was private and the debate is said to have been a decidedly animated character. The right around the question of displacing the superintendent of streets resulted in a tie vote as Alder Frink was not present.

In dealing with the recommendation relating to ferries, superintending the streets it was proposed that the city should be divided into districts and each foreman should be responsible for one section.

The proposal to make considerable changes in the board of assessors is not new. It was understood last year that Richard Farner, the oldest member, would retire when the time arrived for a change, and the plan now proposed is to reappoint Uriah Drake and add three members to the board, bringing the number of assessors up to five, including A. W. Sharp, the chairman.

The committee will meet again at an early date in order to perfect the scheme of reorganization on which they started yesterday and have it in readiness for the February meeting of the council.

NEW BRUNSWICK BIBLE SOCIETY SHOWS PROGRESS

Encouraging Reports Read At 89th Annual Meeting in St. Andrew's Church Last Night

The 89th Annual meeting of the New Brunswick Auxiliary of the Canadian Bible Society, held in St. Andrew's church last night, was largely attended, and much interest was shown in the work of the society.

The chairman's remarks were brief, and he referred to the interest taken in the distribution of the Bible, which is now printed in 400 languages.

George A. Henderson, secretary of the New Brunswick Auxiliary, read his report which showed that the migration work carried on on the west side was encouraging, and had been in charge of Dr. Heine and Miss Wesley.

The treasurer's report was also read by Mr. Henderson. It showed:

Table with columns for Receipts and Expenditures. Receipts include Balance, Remittance to Canadian Bible Society, etc. Expenditures include Remittance to Canadian Bible Society, etc.

Remittance to Canadian Bible Society, Toronto, \$2,000.00. Remittance to Bible in this city, \$41.87.

Salaries, \$1,787.50. Bibles sold in city, \$50.00. Printing reports, circulars, insurance and other expenses, \$97.42.

Balance on hand Dec. 31, '07, \$1,183.01. St. Martin's and Upland branches will contribute as well as last year which was \$122.50.

Rev. W. W. McMaster spoke on the Bible Society as the World's Evangelist. Rev. E. Bertram Hooper delivered an address on the Bible, God's Messenger to a Perishing World.

Rev. Dr. Campbell also delivered a brief address, putting forward the claims of the Canadian Bible Society.

Before the close of the meeting A. L. Law moved a resolution to the effect that the executive be reappointed with power to fill vacancies.

Other resolutions, which also carried, were moved by Rev. Mr. Hooper thanking the choir for their services and another introduced by Rev. James Crisp thanking the speakers of the evening.

THE U. N. B. ALUMNI

Three Honorary Degrees Recommended for the U. N. B.

At an enthusiastic meeting of the U. N. B. alumni here last evening much important business was transacted. It was decided to recommend to the senate that the honorary degree of LL. D. be conferred at the next session on Edward Wetmore, formerly of New Brunswick, and now chancellor of the new university of Saskatchewan; LL. D. on Lieut. (Gov. Dulyes, of Alberta, formerly of Gagetown (N. B.) and M. A. on James Vroom, of St. Stephen, because of his excellent work on field botany and local history.

The alumni is to found and support two scholarships of \$50 each, tenable for three years, to be competed for annually. Particulars of these will be announced later.

WHAT SEMBRICH COSTS

Expenses of Montreal Recital On February 24 Will Be Between \$2,000 and \$3,000.

It will cost between \$2,000 to \$3,000 to bring Mme. Marcella Sembrich to sing here on Monday 24th February, a fact that will serve to suggest that the prima donna's engagement is an undertaking of unusual importance.

DIPHTHERIA OUTBREAK

Sussex, N. B., Jan. 10.—Diphtheria has broken out in a lumber camp back of Hammond, about twenty miles from here, one man by the name of Walker died this afternoon after having been seized with the disease only a few hours.

TRIED TO KISS HER.

Taunton, Mass.—The unwritten law of Ireland is cited as a defence for a policeman accused of attempting to kiss a pretty girl.

In certain parts of Ireland, it is the custom of a constable, after escorting a pretty girl to the end of his duty, to say, "Now, isn't that worth a kiss?"

Nine-tenths of the Taunton women are in sympathy with the policeman. A pretty woman is irresistible. It is easy to be beautiful—with well rounded figures, clear skin and sparkling eyes.

Mrs. Jackson, of Toronto, writes: "I have finished my second box of Fruit-tives," "and can say they were just what I needed. I never thought my health could be improved so much in so short a time. I feel better than I have for years." As a blood purifier—and general tonic to build up the whole system—Fruit-tives are wonder workers.

TERRORISTS IN BOMB OUTRAGE

They Loot Post Car Station in Warsaw and Kill Employes With Bombs.

WARSAW, Russian Poland, Jan. 10.—The terrorists of this city, who have been quiet for some time past, have resumed operations. This morning they made an attack on the post car station at Sosolow, on the Vistula railroad, threw a bomb at the car, killing two and wounding ten soldiers and railroad employes.

AT THE NICKEL

A Great Big Show For Children is the Feature Today.

Friday matinee are not nearly so well attended as those of Saturday as a usual thing, but yesterday the big Nickel Theatre was crowded all afternoon. Today, with the children free from school, the record of Friday will surely be broken to smithereens.

The show for the children today is going to be a grand one—three songs, a half hour of new motion pictures and special instrumental numbers.

A STRONG ENDORSEMENT OF NEWBRO'S HERPICIDE

"Having suffered for years with a very obstinate case of dandruff and falling hair, I had almost despairing when a lady friend induced me to try Newbro's Herpicide. Now after a thorough trial I cannot say enough in praise of it.

NEW YORK, N. Y., Ore New York Clipper. "As good as Herpicide" is the familiar claim that is made for many so-called germ-destroying hair remedies.

Why not get the original? Substitutes are always disappointing. Herpicide kills the germ that causes dandruff, itching scalp and falling hair.

WRECKING IS THE CHARGE AGAINST F. AUGUSTUS HENZE THE COPPER MAGNATE AND HIS TRIAL COMES ON JANUARY 20TH

New York, Jan. 9.—F. Augustus Henze, the copper magnate, was arrested by United States Marshal Henkel upon a bench warrant issued by the criminal branch of the United States Circuit Court as a result of an indictment charging him with having illegally credited a check for \$60,708, drawn upon the Mercantile National Bank of this city.

Edwin Gould, and William Nelson Cromwell, original owners of the shares, took over when Henze admitted his inability to take up the notes he had given in part payment. That completely eliminated him from the Mercantile National Bank. The Gould-Cromwell interests took their old place and will restore the bank to its former quiet, conservative standing.

Henze's bull-boned was examined and found to be operative until March 1, whereupon he was told to appear for trial January 20. He had intended starting yesterday for Butte, Mont., to take a hand in settling some involved financial interests there, but said that because of his coming trial he would not make the trip.

LATE LOCALS
Friends of George F. Calkin are urging him to offer as a candidate for alderman for Queens ward in the civic elections to be held in April next.

The executive of the Exhibition Association met last evening to prepare their report to be submitted at the annual meeting on Tuesday evening next. The report will include reference to the state of the buildings at present and will suggest improvements.

A citizen has complained to the Times that the iron covering over a coal hole in front of Hodge's barber shop, on Carterbury street is in a dangerous condition, being broken in two places, so that it yields when stepped upon. The authorities should see that it is made safe as an accident is likely to happen.

An interesting debate will take place Sunday afternoon at 2.30 by the Y. M. C. of St. John the Baptist church, which promises to be very interesting, the subject being: Resolved that Ireland should have Home Rule. J. McGrath and P. Irvin for the affirmative, M. O'Leary and E. Markey for the negative.

DIED IN BROCKTON
Frederick A. Belyea, Formerly of St. John, Passed Away There Last Week.

A St. John man who had met with much success in the United States died last week at his home in Brockton, Mass., in the person of Frederick A. Belyea. A Brockton paper contains the following notice of his death:

"Frederick A. Belyea, aged 35 years, a commercial traveler for the wholesale grocery house of Saville, Sonnes & Co. of Boston died at his residence, 79 Newbury street, following a short illness with pneumonia. His widow resides in a sick bed of three weeks to attend the last needs of her beloved husband. She is in deepest sorrow and many friends have tendered comforting words of sympathy and consolation.

"Mr. Belyea was highly respected by his fellow-traveling men for his sterling manly principles and he leaves a wide circle of friends and acquaintances. He was a member of Old Lodge of the Cape Cod Traveling Men's Association and the White Mountain Travelers' Association.

"The cold which led to pneumonia was contracted while on the road on a recent trip. He leaves, besides a wife, an eight-year-old son, Lloyd S.; two brothers, Bert D. Belyea, of the firm of H. C. Hansen & Co. of Boston, and Sanford H. Belyea of St. John, N. B., the old home of the deceased; his parents, Mr. and Mrs. A. Belyea, residents of the old home in St. John and one sister, Mrs. Theall of Chelsea.

"He was one of the most popular young traveling men who make their home in this city and had resided here for six years.

"The funeral was held Sunday afternoon at 1.30 from the family home on Newbury street, and interment was in Melrose cemetery. Very many beautiful floral tributes testified to the esteem in which Mr. Belyea was held."

A TIME SAVING DEVICE
New Index in the Registry Office Will be Incon to Busy Lawyers

J. Vermer McLellan, registrar of wills and deeds has just completed an index which will be of great value to members of the legal profession, who are obliged to visit the registry office.

This new system of locating records of legal documents was recommended to the municipal council, by whose authority Alderman Baxter ordered the preparation of the specimen volume which has been examined by a number of prominent city lawyers, all of whom pronounce it to be most complete.

Under the old system, from two to three hours were frequently consumed in locating the same information which by the new method can be found in fifteen minutes.

This is accounted for by the fact that the names in the old index book are not alphabetically arranged, thus necessitating the perusal, in many instances, of hundreds of pages before locating the desired title. In the new volume, however, which combines twenty-six of the old indexes—not only the surnames, but the Christian names of the parties to conveyances are grouped and arranged in alphabetical order, which reduces the work of research to the minimum.

"If the municipal council can only see their way clear to complete the work," says a prominent lawyer, "we will have the most complete and up-to-date system in existence today."

The preparation of the new index book required months of toil and painstaking care and reflects a very great deal of credit on Mr. McLellan who has incorporated into the system many clever original ideas.

The completion of the work will mean the preparation of about nine more volumes and now that the first has been finished the task of preparing the others would not necessarily occupy a very great deal of time.

COUNCIL AND THE ASSESSMENT ACT
General Committee Considered It Last Evening and Adopted Several Sections.

The general committee of the common council resumed consideration of the assessment act last evening and adopted sections 11 to 19 which included the sections exempting from taxation small incomes, and machinery used for manufacturing purposes. The mayor occupied the chair and Ald. Frink, Baxter, Sprague, Vanwart, Lantulum, Lewis, Holder, Buskin, Sproul, McGoldrick, Kelley and McGowan, were present with the chairman of assessment and the common clerk. Mr. Frink, Mr. Sprague and G. Fred Fisher also attended.

The act was taken up at sub-section 5 of section 11, which provided for the exemption of the property of a widow or unmarried woman, when not exceeding \$5,000.

This section and sub-section 6 were adopted and a somewhat desultory conversation was in progress when Ald. Frink motioned rather abruptly the meeting by asking what was the purpose of the discussion.

The mayor explained that the act had been referred back at the request of the board of trade and numerous delegations with a request that it be adopted and they were now considering it.

Ald. Frink said it seemed they were apparently passing over sections of the greatest importance without knowing where they would land and the discussion was not being conducted in a manner conducive to the best interests of the city. He was convinced that not half the council had considered the act at all and had no idea of sending it to Frederickton. He was prepared to do his part but had they not better find out where they were? He would test the sense of the meeting by moving the adjournment.

As the motion was not debatable the mayor asked the alderman to make it applicable at the close of the next section to which he consented.

On the motion being put at a later stage it was lost.

There was quite a bit of discussion on the various sections but they were finally adopted as stated.

OBITUARY
Patrick Carroll

Chatham, N. B., Jan. 9.—The death of Patrick Carroll, eldest son of Matthew Carroll, of this town, occurred at Lincoln, New Hampshire, after a short illness of typhoid fever. Deceased was about thirty-eight years old and left here six years ago. He is survived by his parents, two brothers and one sister. The body reached here on Friday morning and the funeral was held Saturday morning at 9 o'clock. Interment in St. Michael's cemetery. Mrs. John Steele, of St. John came home to attend the funeral of her brother.

George F. Evans
George F. Evans, vice-president and general manager of the Maine Central Railway, died suddenly at Vanceboro yesterday morning. He was in Vanceboro on a tour of inspection and while about the station was stricken and died in a few minutes. He was a well known railroad man and was for a time superintendent of the Southern division of the Boston and Maine, with headquarters in Boston. Lately he had resided in Portland.

Mrs. Theodore Constantine
Sussex, Jan. 10.—(Special)—Mrs. Theodore Constantine died at noon at her home, Elgin, Albert county, aged 42 years, heart trouble being the cause of death. A husband, one son and one daughter survive. Deceased was a devoted member of the Methodist church. Mrs. Constantine was formerly Miss Barnes and a native of Sussex. The funeral takes place Sunday afternoon at 2 o'clock from her late residence.

Mrs. Mary Connell
Mrs. Mary Connell, who on Christmas day met with a terrible accident by which her clothing caught fire in her kitchen, 600 Main street, with the result that she sustained fearful burns, died last evening. Complications had set in which rendered it impossible to save her life.

Mrs. Connell is survived by four sons and three daughters. The sons are: John George, Frederick and Michael, all of St. John; the daughters—Mrs. Charles McCarty, Miss Mary and Nellie Connell. There are also four brothers—Capt. Patrick Gallagher, James Gallagher and Frank Gallagher, of St. John, and Arthur Gallagher of Fredericton; and one sister, Mrs. Wm. King, of St. John.

Very general sympathy will be extended to the bereaved family.

THE EVERY DAY CLUB
Ald. Baxter will be the speaker at the temperance meeting in the Every Day Club hall at four o'clock tomorrow afternoon. There will also be a programme of instrumental and vocal music.

At 8.30 in the evening the choir of Queen Square church will render sacred music and Mrs. R. T. Worden will also sing. Robert Maxwell, M. P. F., will deliver a short address on temperance.

These meetings, both afternoon and evening, are largely attended, and the discussion of the temperance question from various viewpoints is extremely interesting.

DEATHS
BAXTER—At her late residence, 388 Brunswick street, Friday, January 10, Margaret C., beloved wife of Henry Baxter, in the 21st year of her age; leaving her husband, father, would not necessarily occupy a very great deal of time.

A NEW LIMERICK
The novel limerick contest to be conducted by The Prince's Beach Company offers opportunity to secure a desirable lot for a summer home on the St. John river. The lots are at Harding's and Sand Point, two of the most beautiful spots on the river, and the prizes offered are unusually attractive. Everyone should read the advertisement in today's issue and then investigate the offer.

PRINCE'S BEACH LIMERICK.
That Ye May Know. We have been asked repeatedly—*What is the Half-Tone?* We have also been asked—*What is the Half-Ton? Is it Coal?* If it was possible for us to do so, we would be glad to give anyone a half-ton of coal for 25 cents, but the stringency in the money market prevents any such generosity.

The Half-Tone we sell you for 25 cents is a copy of the Oil Painting, "The Prince of Wales Elm." The size of the Half-Tone is 7x9 inches. We give you the Coupon, with every Half-Tone purchased, on which is printed the Limerick verse.

ANNUAL CLEARANCE SALE OF SUITS AND OVERCOATS FOR MEN AND BOYS.
This is an event brimful of the most attractive genuine values. We have exerted every effort to make this the most successful sale of the kind ever offered, and the magnitude of the offerings, the decisive, substantial savings make success a foregone conclusion.

Sale Starts Saturday Morning.
