DAZED GERMANS FAIL SO FAR TO COUNTER-ATTACK

Get Into French Lines But Soon Driven Out—Saturday's New British Push Effective—The Situation in Russia—Enemy Abandoning Use of Port of Ostend

Another day has passed without the demoralized Germans along the Ypres front making an effort by counter attacking to regain the ground they lost in the drive of Field Marshal Haig's men on last Thursday.

There has been no fighting along that part of the line where the French are facing the Germans rising above the character of small surprise attacks.

In the Austro-Italian theatre the fighting is being done entirely by the artillery wings of the opposing armies.

In the situation at Kronstadt, where the council of workmen's and soldiers' delegates is still defying the provisional government, remains tense.

The situation in Spain which resulted in the resignation of the ministry is still acute.

ABANDONING OSTEND As a result of the recent bombardment of Ostend and probably in fear that another operation of a similar character might be carried out against the port, the Germans have removed all the large ships from the harbor.

## Some Transactions Very Bad; Others Were Worse

### SPECIAL AUDITOR APPOINTED BY OLD GOVERNMENT REPORTS ON DEALINGS OF FARM SETTLEMENT BOARD

### Board Made Practise of Buying Farms for Cash and Reselling to Same Persons on Long Time Terms—E. S. Carter's Charges Regarding Fullerton Farm Fully Upheld—Methods Condemned

Following is the report of T. V. Williams, the special auditor appointed by the old government to investigate the accounts of the Farm Settlement Board. It was laid on the table of the legislature on Friday, and it should be read by every elector in the province, for it shows the manner in which the affairs of the board have been mismanaged, particularly with respect to the farms which have been bought and resold to the same parties, or to parties bearing the same name, or to others whose names were so similar, that there is a clear indication of close relationship.

The report also makes it clear that the facts in connection with the Fullerton farm in Albert county are exactly as E. S. Carter declared they were, notwithstanding the emphatic denials of Hon. J. A. Murray at the time. Mr. Carter, it will be remembered, submitted proof to show that this farm was not sixteen acres but one-half an acre, and that the late ex-Governor McClellan held a mortgage on it for \$200. Read what the special auditor has to say about this farm.

Mr. Williams began the report for Hon. J. A. Murray and completed it for Hon. Mr. Foster after the defeat of the government. From the portion of the report to Mr. Foster it will be seen that in the absence of Hon. Mr. Murray in England, the acting minister of agriculture, Hon. B. F. Smith, sold some farms in Carleton county, which sales were apparently countermanded by Mr. Murray on his return.

The auditor strongly condemns the methods of bookkeeping used.

The report mentioned above referred to the fact, now verified, that the financing was arranged as to \$100,000 loan by letter from J. K. Fleming to the bank, and the \$30,000 by letter from H. F. McLeod.

You were also informed that thirty-seven farms, valued at \$81,611.48, had been purchased and were still on hand at the date of the report, May, 1914, adding considerably to the interest charged by the bank, \$5,540.81.

In my interim report, dated July 25, 1916, I confirmed the foregoing report, and added that several more farms had been purchased under the same methods, that of paying off mortgages or loans, and reselling to late owners, wrongfully applying terms of the act.

The attached statement sent with the auditor-general's report in May, 1914, shows that a number of farms had been purchased from certain persons and resold to them, or to relatives, on the easy payment plan, which, however, was not contemplated by the act of the legislature.

The following names were reported to you as selling and re-buying on this head:

John Babinou, of Kent county, sold his farm for \$200 to the board; Frank Babinou, also of Kent county, on the same date sold his farm for \$300 to the board, the latter farm being sold again to John Babinou as above on the terms provided under the act. C. P. Bull, of Carleton county, sold his farm for \$700 cash to the Farm Settlement Board in May, 1913, the board reselling it to C. P. Bull without any initial payment, but in May, 1914, the latter paid the board

\$105—(\$70 on principal and \$35 on interest for one year).

**Very Bad All Through.**

In verifying the report concerning Walter Leitchford, I find this transaction is very bad from beginning to end. Walter Leitchford, of Lake Edward Settlement, Victoria county, was granted ninety-nine acres of crown lands on FEB. 27, 1914, this land being sold to the Farm Settlement Board for \$500 in cash on DEC. 1, 1913, virtually three months before the lot had been granted to Leitchford. As reported to you there was no documentary evidence to prove payment of \$500 to W. Leitchford, the check not being endorsed and no deed given for the land. On March 27, 1914, the board made another payment of \$400 to W. Leitchford for which there is no voucher and no deed. Then, after paying W. Leitchford the two sums in cash totaling \$900 the board sold W. Leitchford the Stroud Lowly farm for \$1,000 on easy terms under the act. So that, whilst six per cent was being paid by the Farm Settlement Board to the bank for loans, this money was lent at five per cent, part of it without any security whatever. In this particular case was commented on by the auditor-general when forwarding J. H. Maxwell's report, and also by Special Auditor Dunlop very strongly. I am confining myself to facts and figures without further comment.

A check for \$1,500 issued to the Royal Bank at Bathurst for the Knowles brothers' farm, but the deed in possession of the Farm Settlement Board is from the Royal Bank to J. H. Stewart for \$1,500, as suggested in the report in May, 1914, a deed should have been in the hands of the board for \$1,500. This latter, however, having been the subject of an investigation, and now a matter of history, I am making no further comments on the transaction.

**The Fullerton Farm.**

The Renforth Fullerton Farm of presumably 16 acres, Chester, Albert county, was purchased by the Farm Settlement Board for \$200 and sold to James Wilson, who made an initial payment of \$50 to the Farm Settlement Board. LALIBRICK, ANSPERED, HOWE, THAT INSTEAD OF 16 ACRES THERE WAS SCARCELY HALF AN ACRE AND A MORTGAGE WAS HELD BY MR. McCLELLAN FOR \$200. HAD THE TITLE IN THIS CASE BEEN LOOKED INTO PROPERLY BY THE FARM SETTLEMENT BOARD AND A CERTIFICATE OBTAINED, NO DIFFICULTY WOULD HAVE ARISEN. Fullerton has since refunded \$150 of the money paid to him, the remaining \$50 having been paid to the Farm Settlement Board by J. Wilson. Fullerton now apparently holds the farm. In this connection the matter of the proper examination of titles and certificates from the lawyer employed by the Farm Settlement Board, or registrar of deeds, should be a subject for serious consideration. If ordinary care had been taken by the board or the secretary, no time need have been lost or expense incurred as the area and mortgage could have been found in the record office and the misrepresentation by the vendor at once disclosed. Such misrepresentation in this case should not have been allowed to pass without some reference to the attorney-general, who would have naturally inquired into the matter.

James Horton bought of the Farm Settlement Board the Mary Chapman farm, Carleton county, the deed showing value of \$600. A check was issued by the Farm Settlement Board for \$400 only, whereas it appears that \$550 passed from Horton to Mary Chapman as initial payment. Therefore, with no documentary evidence on record and no instructions from the board to the book-

keeper, \$100 only was recorded in the ledger, the transaction thus standing incomplete and not in agreement with the books and deed.

**Says Bookkeeping Bad.**

As to the method of keeping accounts and records, it seems unfortunate that the bookkeeper was not procured that could understand how to make the necessary entries, but in this connection it would appear to me more to be regretted that a secretary was appointed that had no knowledge of bookkeeping or of keeping accounts, therefore utterly unable to supervise the work of the bookkeepers engaged at different times. And it should be borne in mind that the secretary would necessarily have to deal with accounts and finances both as to purchases and sales, and should at least be competent to examine into details as to titles, acreage, repayment of vendors' farms, and finally to see that a certificate of title was received from the lawyer or record office. Had such a man been appointed and had he intelligently dealt with these matters, none of these difficulties would have arisen in connection with the purchase of farms.

I regret very much that on placing all these matters before you and exhibiting the books and cards from the St. John office, that trouble should have been brought on the head of the secretary, but the general state of the books and records was so bad that it was compelled to do this, and to prevent further trouble on the same lines suggested that you take the work of the weekly report sheet and details of keeping the card system to date out of the hands of the secretary.

The bookkeeper had been permitted to take the books home for night work, and without any knowledge of the daily happenings, made entries for the interest on the debtor side, without any regard to the receipts given by the secretary, or even to the payments made, whether on principal or interest, and dates to or from, so that when it became necessary to check up the interest and deduct it from the principal paid, no agreement could be made between the cards and ledger, and the receipts could not be reconciled with the entries made. I was therefore compelled to revise and rewrite a new card for every purchaser of farms, and work out separately every item of interest received during the four years from October, 1912, to October, 1916. I have caused to be printed a form of weekly report, which is sent to me from St. John, every transaction being recorded thereon, and all in agreement with the card system on file, both as to interest and principal. The books are now kept in Fredericton and the card system in St. John. I am attaching herewith four statements.

**Important Records Lacking.**

Since writing above I find that the statements may have to be held for the moment, as the Farm Settlement Board account in St. John contains no record of \$20,008.71 remitted from Fredericton in 1914; neither can a warrant for payment to the bank of \$14,967.88 in June, 1914, be located, and as this amount includes the interest charged by the bank at six per cent, for about eighteen months, and all in agreement with the above three statements, I am unable to complete these statements without these data. To this difficulty may be added the fact that the bookkeeper in St. John

AT OTTAWA

If Sir Robert Borden could have gone on with a purely partisan administration, under which the Liberals were called upon to make as great sacrifices as the Conservative-Nationalists, while the latter enjoyed the patronage and the profits, he would never have called Sir Wilfrid Laurier into conference. Let that fact be kept clear on the record. Neither would any Conservative paper have ceased its denunciation of the Liberals or suggested that any one of them was worthy of a place in the Borden cabinet. All the hysterical outbursts of the Tory press today must be measured by their attitude during nearly three years when recognition of the loyal support of the Liberals throughout the country might have been accepted as an evidence of a real desire for national unity.

THE DEADLY STRUGGLE

The war drags on from week to week without the slightest indication that it is soon to end. On the contrary, there is every evidence that it will be a long war. The British have and are gradually forcing the enemy back, but preparations must be made on a colossal scale before a drive is begun, and the area of territory wrested from the enemy is small. Russia is still out of the fighting, and the outlook in that quarter is not reassuring. It will still be a long time before the United States can place an effective army in the field. The Germans are still confident. Neither France nor Italy is making substantial progress, and there is no news of importance from the Macedonian front, where a large Allied army must be kept in the field with apparently little hope of decisive action. The gravity of the situation, when we consider the tremendous strain of keeping such huge armies in the field fully equipped and fed, ought to impress far more seriously than it does the majority of the people of Canada. It ought to sober the politicians at Ottawa, and lead them to make any sacrifice to ensure the largest measure of national unity, in order that the strength of the country may be thrown into the struggle. We are not yet near the end of the sacrifices to be made. Thousands of Canadian lives must still be given up that the world may be made safe for democracy; and if men's lives must be sacrificed at the front it is surely time the people at home were seized of the consciousness that they, too, must lay more and more of their substance and their service upon the altar of their country.

PROVINCIAL FINANCES

The wisdom of any expenditure by the provincial government is determined, first, by the apparent necessity for it, and second, by the value received. It is very clear that the late government made unnecessary expenditures, and in the case of those of which there was an apparent necessity they did not get value. The province has not enough to show for the enormous increase since 1908 in the public debt. From less than \$6,000,000 to more than \$17,000,000 in nine years is a debt increase far and away greater than the added value of the public services. We have learned from reports of royal commissions how some of the money was squandered. The record is not, of course, complete; but enough has been revealed to warrant the assumption that graft and plunder marked the general administration of affairs since 1908. And yet this was a period of increasing revenue. No former government had nearly so much to spend. There was, therefore, the less excuse for deficits and an enormous growth of the debt. Hon. Mr. Robison, in his budget speech last week, expounded the happy-go-lucky methods of any department, and an utter carelessness in regard to the matter of sinking funds. The new government must not only provide for the ordinary expenditures, from a depleted treasury, but must reckon with a huge deficit and an enormously increased interest charge. It must, because of the state of the finances of the province, due to the reckless extravagance of the old government, devise means of raising more revenue. The public services must not be starved. Spending more rather than less money on the roads, and for education and agriculture. It should, in addition, enlarge the expenditure for the promotion of child-welfare and other humanitarian work. But first the financial situation must be cleared up, the deficits wiped out, business principles applied to the conduct of departmental affairs, and provision made to meet the growing interest charge resulting from the expenditure on the Valley Railway. That project has cost the province far more than it would have cost if there had been no favoritism and no graft. The task of Premier Foster and his colleagues is a heavy one. They have a right to the support of the taxpayers in whatever measures may be necessary to make the revenue meet the expenditure and place the finances of the province in a sound condition.

THE LAW ENFORCED

In view of a mild controversy just prior to the provincial elections, in which the Times ventured to assert that the Foster government would see that the prohibitory law was enforced, the following testimony from the Maritime Baptist is of interest and value: The remarkable change wrought in St. John by the coming into force of the prohibitory law is exciting much favorable comment and is winning many friends of the 'dry' regime. For months of May last year there were 101 arrests for drunkenness, while during the month just passed there were but twelve

CANADA NEEDS HER FARMERS

The Empire is looking to Canada for food, and the farmer is the chief factor in its production. In these days of scarce help every farmer must work his hardest, and every farmer knows from painful experience that it is his back that first feels the strain. Almost every movement, whether with the plow, the fork, the hoe or in the harvest field, tests the muscles of the back and kidneys. A pain in the small of the back is the warning that inflammation, although slight at first, but persistent, has started in the kidneys or surrounding tissue.

Farmers, if you only knew how quickly Gin Pills soothe and heal the overworked and strained kidneys and restore perfect harmony between the kidneys and the bladder, making both work as nature intended them to, and in the process also relieve you of rheumatism, painful urination or other troubles incident to impaired kidneys, you would not delay a moment in getting Gin Pills. They are also a gentle laxative and are wonderful, not only for their effect on the kidneys and bladder, but they keep the bowels in perfect condition.

We want every lame-backed farmer to try Gin Pills. Go to your dealer and buy a box. If you do not get relief, we will refund your money, or a free trial sample will be sent on request to National Drug and Chemical Company of Canada, Limited, Toronto.

LIGHTER VEIN

"Auntie, did you ever have a love affair?" "No, child." "Never had a romance?" "No. The nearest I ever came to having a romance was once when I went through a match factory."

"Bob," said Lily's small sister, who was entertaining him while he awaited the appearance of Lily, "do you love Lily?" "Er—" stammered Bob, "I—but why do you ask?" "She said she'd give a dollar to know," replied the little one, snuggling up, "and I want the money!"

Owner:—"Here, what are you doing? Don't you know you're not allowed to take fish out of this water?" Angler (three hours without a bite):—"I'm not taking them out; I'm feeding them."—Chicago Herald.

George was hampered by a mother whose idea of godliness was cleanliness. Notwithstanding the frequent baths to which he was condemned, George thrived exceedingly. One day a neighbor remarked on his rapid growth. "Yes," said George, "that's my fault. She waters me too much!"—Tie-Bits.

Editor:—"How's the new society reporter? I told him to condense as much as possible." "Assistant:—"He did. Here's his account of yesterday's afternoon tea. Mrs. Lovely poured, Mrs. Jabber roared, Mrs. Duller bored, Mrs. Rapping gored, and Mrs. Embonpoint snored."—Tie-Bits.

"So you have sent your boy to college?" "Yes." "You used to say that a college education didn't teach anything. Have you changed your mind?" "Yes." "Since when?" "Since he went to college." "Well, what does a college education teach that is really practical?" "It teaches a boy's father how to take care of his money."

Had Headache For Two Years

A Barrie Man Tells of Persistent Headaches and Indigestion—Finally Found His Way to Good Health.

Barrie, Ont., June 8.—For two long years the writer of this letter was subject to severe headaches. The nervous system got run down, digestion failed, and there was continued loss of weight. The use of Dr. Chase's Nerve Food changed all this, and now with scores of other Barrie people, Mr. Nader is recommending the use of this food cure as the best means of building up the exhausted nervous system and curing headaches, indigestion and all the annoying symptoms of a run-down condition.

Mr. John Nader, 88 Penetang street, Barrie, Ont., writes: "During the last two years I had an attack of indigestion, accompanied by severe headaches. I suffered from loss of appetite, and my system became run down. I also lost considerably in weight. I began using Dr. Chase's Nerve Food, and as they helped me I continued this treatment for some time. My condition is now greatly improved, my headaches are gone and my health in general is much better. I can cheerfully recommend the use of Dr. Chase's Nerve Food to those suffering from nervousness of any kind."

As a spring tonic and restorative to overcome tired, languid feelings and build up vitality at this time of year there is nothing to be compared to Dr. Chase's Nerve Food. Dr. Chase's Nerve Food, 50c a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

## VOTE FOR WOMEN IS JUSTIFIED

Winnipeg Free Press Points to National Council's Deliberations—It Now Has a New Meaning

(Winnipeg Free Press)  
A perusal of the subjects up for discussion before the National Council of Women meeting here this week reads of the methods of their handling bids fair to give the lie alike to those who hold or have held that women have not the capacity for consideration of questions of national import, and to that other section of extremists who expected drastic action the moment the power of the ballot was put into the hands of the feminine half of the community. Including as it does practically all the organized womanhood of Canada, and knowing in its ranks no distinctions of creed or caste, it may in all fairness be described as representative of the women of the nation. Indeed in the past it has won for itself the title of "Parliament of Women," and now that such polite phrases have been given a meaning in the five of the provinces of the dominion, the designation takes on an added force.

Individually the gathering is a notable one, so much so in fact that any attempt at personal mention could only end in giving a list of the delegates. But, taken as a convention, some features are especially noteworthy. As might be easily prophesied, the questions under consideration will be found in their first or last analysis to have a profound bearing upon home life, varying from the desirability of union labels to child welfare. They all, no matter how far afield they may have got into the wastes of political economy, swing back like an iron to the magnet of the home life of the nation.

The women are not afraid to say that they do not know all there is to know about a subject and to ask for further light before they give an opinion. Coupled with this is the determination to follow out a question as far as possible without pausing because of the labor or trouble involved. The world has suffered too long from the crime of silence. No danger here of pressing for hasty or ill-considered legislation.

Abroad, too, is a manifest desire for fair play. Each is anxious, or appears to be so, of doing justice to the viewpoint of the other and when "Question" or "Division" is called the vote is taken accurately and with the minimum of disturbance. But underneath all other currents of feeling is one of solidarity. They may not see eye to eye on every subject, but each delegate seems imbued with the idea of service to her nation to womanhood, and to humanity. The National Council of Women of Canada is one of similar institutions organized in practically every educated nation in the world. The brotherhood of man has been preached for years, but its apostles are still crying in what today seems more than ever a wilderness of a world. Perhaps the ultimate friction of this tremendous ideal will dwell among us, when correlating with it comes the quieter but even more vital idea of the sisterhood of woman.

## Suffer With Heart For Ten Years

Would Nearly Smother  
There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety be comes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use them."

Milburn's Heart and Nerve Pills are 50c or three boxes for \$1.25, at all druggists or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## KILTIES QUICKLY FILLING RANKS

Have Secured 350 Recruits in Boston—Lieut. H. O. Evans Reported Missing

The latest word from Boston announces that the Kilties have secured 350 men and are now practically assured of full strength. This brings the total strength up to the 1,000 mark. The regiment was a little over 600 men after the final medical examination.

Lt. W. A. D. Anglin, son of Dr. J. V. Anglin, Lancaster Heights, and Lance-Corporal Howard B. Bustin, son of S. B. Bustin, both of the McGill reinforced draft, now ready to proceed overseas, were in the city on Saturday previous to their journey to England.

very touching memorial sermon and, at the close, the last post was sounded by Sergeant H. B. Sherman, late of the 115th Battalion. Gunner Allaby had been a faithful member of the church.

Corporal Edward McKinney, son of James McKinney of the customs service, in a letter home tells how he was wounded. He was attached to the mechanical transport and got orders to take eight motor lorries with loads of shells from the ammunition dump to a battery. While proceeding along the road shells began to fall around them and wires dropped and interrupted the progress of the second lorry. Corporal McKinney jumped off his lorry and held the wires up until eight lorries had got through the wires to safety. When Corporal McKinney went to get aboard his lorry again he was hit in the leg. He is at present in Brynlgas Red Cross Hospital, Newport, Mon., England.

Reported Missing  
Lieutenant Harold O. Evans, son of G. H. Evans, according to word received yesterday, is officially reported missing. His family is now very anxious about him and it is earnestly hoped by his many friends that word will come that he is a prisoner in Germany.

Lieutenant Evans went from here with the 115th Battalion, but was transferred to an Alberta unit which has been in very heavy fighting, chiefly about Lens.

## Be Young Looking Darken Your Gray Hair

Bring back the natural radiant color of youth. Remove every trace of prematurely gray and faded hair, easily, turn it an even dark, beautiful shade and keep it full of life, lustrous, healthy, soft, wavy and fascinating. Thousands of men and women are doing it every day permanently and naturally and without making themselves conspicuous either. You can do it, too, why not try it now and be convinced? Removes all trace of dandruff, too. No dye—harmless to use. 25c. 50c. and \$1.00 at your druggist's, who will replace if not satisfactory. Always ask for and get

DRIVERS OF CARS SHOULD DIM LIGHTS Since They Will Not do so Voluntarily They Should be Compelled, Says a Local Motorist

In an interview with the Times this morning a local motorist who is much on the roads, said:—"A letter appearing in Saturday's issue of the Telegraph signed 'Fair Play,' brings up a matter which is of serious interest not only to the drivers of horses, but to those motor drivers who attempt to obey the laws and who are themselves the sufferers from the actions of ignorant or careless drivers of cars.

"Undoubtedly 'Fair Play' has a just grievance and it is a great pity that he was unable to apprehend and bring to justice the bunch of joy riders who so nearly caused him a serious accident. I think that all fair minded car drivers will agree with me in saying that a law should be enacted and enforced which would prevent the use of the glaring lights of any automobile now-a-days if equipped with a double set of lights; one set is powerful and far reaching, and the others, known as 'dimmers,' are for use in well lighted streets and at times when the car is not in use but left standing on the side of the street after night-fall, or on well lighted thoroughfares.

"One has only to stand in King Square for a few moments after nine o'clock at night to realize how few drivers make use of the 'dimmers.' They go shooting around the corners with a full blaze of light on, when it is totally unnecessary. There is a lens or glass made now for the head lights, which replaces the plain glass, and if it were made compulsory for all cars to use these, the head light trouble is different, it comes as no blinding glare cap issue from a head light so equipped.

"If the law which now causes a man to be summoned and fined for not having a rear light powerful enough to show up the rear license number plainly at sixty feet, could be changed to one which would prevent his blinding people at sixty yards, the change would certainly be welcomed by all concerned, including pedestrians, drivers of teams and motor car drivers. Possibly the attention of the authorities has not been attracted sufficiently to this head-light nuisance, but I think I would like to see them to name certain streets in the city on which the use of the large lights would be forbidden under a penalty. Any well lighted street, such as Charlotte, King, etc., does not necessitate the use of the head lights, and it would be a simple matter for the police to enforce the by-law if it were enacted. This in itself would bring the attention of the careless drivers to the fact that they possess two sets of lights and that they must be the means of making them more generous toward those they meet, by the frequent use of 'dimmers.'

MARKED SUCCESS ATTENDS NEW POLICY AT THE GEM THEATRE

Clever Stock Comedy Players Have Audiences Convulsed With Laughter—June Caprice in Fine Picture

The Gem made a ten-strike in organizing and bringing here from the United States its stock comedy company of clever players for a season of farces and fun, singing and dancing and general jollity. The audiences of Saturday afternoon and evening took most kindly to the new form of entertainment and, judging by the continuous laughter and the hearty applause, there is every promise that the hopes of the company will be fulfilled and their stay here will be a long one.

There were six members of the aggregation—three young ladies, three men. In their initial offering, "Dr. Dippy's Sanitarium," they show themselves to be clever entertainers. The playlet is written for fun making alone and has to do with the troubles of Mr. McHenry as a tramp, who is engaged as a keeper at an asylum. His troubles are not long in beginning but they are long continued and his time is a strenuous one.

The most laughable complications arise and the funny situations, witty sayings and humorous actions of the comedians kept a wave of laughter almost steadily sweeping over the house.

There was a merry jingle to it all, with a number of catchy songs sung in solo and concerted. A sextette proved the ability of all in this form of entertainment.

"Such laws are in force in other centres where a large number of cars are in use, and they are of very great assistance to every one concerned. Practically every automobile now-a-days is equipped with a double set of lights; one set is powerful and far reaching, and the others, known as 'dimmers,' are for use in well lighted streets and at times when the car is not in use but left standing on the side of the street after night-fall, or on well lighted thoroughfares.

"One has only to stand in King Square for a few moments after nine o'clock at night to realize how few drivers make use of the 'dimmers.' They go shooting around the corners with a full blaze of light on, when it is totally unnecessary. There is a lens or glass made now for the head lights, which replaces the plain glass, and if it were made compulsory for all cars to use these, the head light trouble is different, it comes as no blinding glare cap issue from a head light so equipped.

"If the law which now causes a man to be summoned and fined for not having a rear light powerful enough to show up the rear license number plainly at sixty feet, could be changed to one which would prevent his blinding people at sixty yards, the change would certainly be welcomed by all concerned, including pedestrians, drivers of teams and motor car drivers. Possibly the attention of the authorities has not been attracted sufficiently to this head-light nuisance, but I think I would like to see them to name certain streets in the city on which the use of the large lights would be forbidden under a penalty. Any well lighted street, such as Charlotte, King, etc., does not necessitate the use of the head lights, and it would be a simple matter for the police to enforce the by-law if it were enacted. This in itself would bring the attention of the careless drivers to the fact that they possess two sets of lights and that they must be the means of making them more generous toward those they meet, by the frequent use of 'dimmers.'

"Some auto owners and drivers seem to think that once they are seated in their auto the rest of the people can look out for themselves. The higher powered their car, the more the confidence and security they feel, and they proceed to display the light to those on foot or in teams.

"It is at least a cowardly attitude and one which I am happy to say is not supported nor condoned by the large majority of St. John car owners. The head light trouble is different, it comes from carelessness and is common to fully 90 per cent of our drivers.

"I have motored over many portions of the United States, and over practically every part of Canada, from Toronto east during the past ten years, and I am safe in saying that night in this city of St. John there is a smaller percentage of drivers who show courtesy in the matter of dimming the head lights than anywhere else.

"As a concrete example let me say that about a week ago I motored to Rothesay and back after nine o'clock one evening. We kept account of the number of cars we met during the entire trip. They numbered thirty-seven and only two of them made any attempt to dim their lights on meeting my car, although I dimmed mine on every occasion. I have found in many instances that when I dim the lights on meeting a faster driver will call out and thank me for so doing.

"The evil is so easily remedied by a little courtesy on the part of all concerned that it seems a pity the attention of the authorities should be needed to direct to it. However, one thing is certain; if the drivers won't dim their lights voluntarily they must be made to do so, and it is up to the authorities to get after them before serious accidents occur."

A Poor Tube is Expensive

The price of a tube is comparatively small. But poor tubes may easily become the most expensive item in your motoring cost.

Not that the cost of tubes may mount unusually high. But a poor tube can ruin an expensive casing. The greatest cause of tire failure is under-inflation. Slow seepage of air through poor tubes causes inconspicuous and insidious under-inflation. To prevent this dangerous fault we use the lamination process in making Goodyear Tubes.

Rubber of the highest quality is rolled out tissue-thin. Only in such thin rubber can careful inspection detect and eliminate every flaw, every bit of foreign matter.

Layer on layer, Goodyear Tubes are built up from this inspected rubber. We make them extra thick by using extra layers. They are extra pure, extra durable, air-tight. They are well light perfect.

When you buy tubes say "Goodyear." Because as tubes, they give longer service. Because, as tire savers, they are worth many times their price.

The Goodyear Tire & Rubber Co. of Canada, Limited

Goodyear Tubes, along with Goodyear Tires, and Tire-Saver Accessories are easy to get from Goodyear Service Stations everywhere.

RECENT DEATHS

**George Soucie.**  
Fredericton, June 10—(Special)—Geo. Soucie, of Hanwell, passed away yesterday morning at his home at the advanced age of ninety-eight years. The deceased is survived by five daughters. Mrs. Julia Collins, at home; Mary, in Maine; Mrs. Victoria Fisher, of South Kingsclear, and Miss Margaret. One son, James F. Soucie, of Hanwell, also survives.

**Mary E. O'Brien.**  
The death of Mary E. O'Brien occurred Saturday last after a short illness. Both her parents have been dead some years and deceased has been a life-long resident of the North End. She leaves two brothers, Patrick, now with No. 9 Siege Battery on Paradise Island, and Frederick, of the North End. The funeral will be from the latter's house, 82 Adelaide street, to St. Peter's church for requiem high mass; interment at Chapel Grove.

**Captain John McNulty.**  
A sad occurrence was the death of Captain John McNulty at an early hour yesterday morning at his residence in Summer street, West End. He has for the last nineteen years been residing in Trinidad, where he was superintendent for the Trinidad Shipping & Trading Company. When the war broke out he went as a common sailor on board a British man-of-war and took part in the search for the German raider in the Caribbean. Unfortunately his health broke down and he was forced to come home to St. John about two months ago. His wife and family have been living in St. John for the last four years. His family consists of his wife and five small children; his father, John McNulty, of Musquash; his brothers, James, of the North End; Felix, of Lancaster; James of Brooklyn (N. Y.), and his only sister, Mrs. Joseph McCarthy, of Musquash.

**Mrs. Nellie McKenna.**  
Sussex, June 10—(Special)—Mrs. Nellie McKenna, wife of J. D. McKenna, editor of the Kings County Record and mayor of the town of Sussex, died in St. John on Saturday evening. Mrs. McKenna, who had been ill for some time, went to St. John about a month ago for treatment and was progressing favorably but on Saturday morning was stricken with paralysis and passed away that evening. She was a woman of splendid attainments and from the outbreak of the war until the time of her health breaking down was untiring in her efforts to provide comforts for the soldiers and further patriotic work of every description. The deceased who was 42 years of age, was the daughter of James S. McGivern, St. John, and is survived by her husband and four children—Olive, Kathleen, Doris and Louis; also her father, her sister, Mrs. Charles Knowlton, and one brother, R. J. McGivern, of Vancouver. The funeral will be held on Tuesday after the arrival of the C. P. R. train from St. John. A private service will be held at the home, after which the body will be taken to Trinity church, where service will be conducted by Rev. Mansel Sheehan. Interment at Kirk Hill cemetery.

**Sir Wm. C. MacDonald.**  
Montreal, June 10—Sir William Christopher MacDonald, chancellor of McGill University, director of the Bank of Montreal and the Royal Trust Company and creator and head of the MacDonald Tobacco Company, died Saturday afternoon in his 86th year, after more than three years' illness. During the last six months he had kept to his bed.

WINNIPEG MAN CURED

Says Dr. Cassell's Tablets Saved Him From Nervous Breakdown.

Mr. G. C. Inman, 380 Harcourt street, Sturgeon Creek, Winnipeg, for many years a well-known man in the business life of Canada, says: "I was terribly rundown and weak. I had no appetite, and I suffered if I forced myself to eat. My nerves were in a bad way, and my sleep very disturbed. Everything pointed to a nervous breakdown. Then I got Dr. Cassell's Tablets. The first result was that I could sleep, and then my health rapidly improved. It was really astonishing how my strength and fitness came back."

Mr. Inman is now in England, managing the well-known firm of A. W. Inman and Son, Printers and Publishers, Leeds. Letters will reach him there.

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: Harold F. Ritchie & Co., Ltd., 10, McCaul street, Toronto.

Dr. Cassell's Tablets are the surest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anemia, Nervous Ailments, Nerve Paralysis, Palpitation, and Weakness in Children. Specially valuable for nursing mothers and during the critical periods throughout Canada. Prices: One tube, 50 cents; six tubes for the price of five. Beware of cheap imitations that contain hypophosphites. The composition of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same.

The death of Charles W. Stewart took place at his home in Colling street on Saturday following an illness of only a week. He was sixty-eight years of age. He was manager of the Maritime Cornmeal Mills. Besides his wife, one daughter, Mrs. Robert Sims, survives.

The death took place at an early hour yesterday morning of Daisy, wife of Dr. Francis Teed, physician and surgeon of Dorchester, Ontario. She was forty-one years of age and is survived by two sons and one daughter. M. G. Teed, K.C., of this city, is a brother-in-law.

HOMESEEEKERS' EXCURSIONS

Via Canadian Government Railways, to Manitoba and the Canadian North-west

Second class reduced fare excursion return tickets will be sold from Maritime Provinces every Wednesday and from Province of Quebec every Tuesday up to and including October to Winnipeg, Regina, Saskatoon, Calgary, Edmonton and numerous other points in the Canadian Northwest. These tickets will be good for return within two months of date of issue and full particulars can be obtained from any Ticket Agent of the Canadian Government Railways. Holders of these tickets have the choice of different routes. They can travel via Quebec and Canadian Government Railways to Winnipeg—the route of the "Western-National" Express, or via the new "Transcontinental Line" via Toronto, North Bay, Cochrane, Ont., and Canadian Government Railways to Winnipeg. Home-seekers' tickets reading via Canadian Government Railways through Quebec will be good for stop-over at Stations, Doucet, Que., Hearst, Ont., and intermediate points, while tickets routed via "Transcontinental Line" will permit stop-over at Cochrane, Ont., Hearst, Que., and intermediate stations, with the additional privilege of side-trip tickets (if desired) from Cochrane to Canadian Government Railway stations east thereof, to and including Doucet, Que., at special low fare. The above stop-over and side-trip privileges are arranged in order to enable passengers for western points to inspect the famous "Clay Belt" of Quebec and New Ontario—a rich farming country opened up by the new line of the Canadian Government Railways. Those interested will be forwarded copy of booklet "Notes by the Way—Quebec and West," describing that territory. E.O.A.

Buried on Sunday. The funeral of Marjorie Helen Wright, infant daughter of Mr. and Mrs. W. L. Wright, took place yesterday afternoon from the parents' residence, 156 King street east, to Fernhill cemetery. Rev. W. R. Robinson conducted the services.

IN THE CHURCHES

Bishop Richardson in a pastoral letter to his 30,000 churchmen refers to the high cost of living as a serious problem.

"Moral and Spiritual Aspects of America's Entry into the War" was the subject of Prof. W. F. Osborne's sermon in Centenary church last evening before a large congregation. Prof. Osborne is connected with the Manitoba University and is one of the foremost of Western educationalists.

Rev. George Scott occupied the pulpit of St. David's church at the morning service yesterday. Mr. Scott preached a well prepared sermon on "I saw a new heaven and a new earth."

D. C. Clark, Sunday school superintendent of the Charlotte street United Baptist church, St. John, West, yesterday afternoon made the recipient of a token of appreciation from the Sunday school scholars. Mr. Clark keeps a record of all the birthdays of each pupil of the school and, as his own falls this week, the teachers and scholars took occasion yesterday to remember him.

Met His Death By Feul Play

Fredericton, June 10.—The inquest into the death of Martin Thomas was concluded at Fredericton Junction on Saturday before Coroner John Murphy, of Blissville. The verdict brought in by the jury was that Martin Thomas came to his death by foul play at the hands of persons unknown to the jury, suspicious reading upon Frank Morey and Mary Thomas, who he deceased. Several other witnesses were recalled Saturday. Dr. George W. Bailey, of Fredericton

better known in the United States. A recent instance of happy co-operation in this respect, was the party of American writers who spent a few days in Montreal and then went on a salmon fishing trip in New Brunswick, under the joint auspices of the Canadian Pacific Railway and the Canadian Government Railways, the New Brunswick government and the New Brunswick Guides' Association. Outfitted at Fredericton under the expert advice of Harry Allen, the well-known New Brunswick guide, they boarded a fleet of canoes at the head of the Cains River, a tributary of the Miramichi and fished the pools for six days, camping on the banks of the stream each night. They were rewarded with eighteen fine salmon, one of which measured no less than forty-two inches in length, not to mention a very much larger number of trout.

The party included such well known writers as Hugh Fullerton, Jack Leigh,

Grantland Rice, Maxmillan Foster, and W. O. McGeehan, also L. O. Armstrong, of the Bureau of Commercial Economics, Washington, who lectures widely on Canada in the United States, and J. M. Gibson and A. O. Seymour, of the Canadian Pacific Railway. A motion picture operator from the Eassey Film Company, of Chicago, took pictures of the more exciting catches and expects to release through the United States one of the most spectacular fishing pictures ever taken.

**EDWINA MAXINE WILSON**  
Sympathy is tendered Mr. and Mrs. Edgar B. Wilson of Riverside, Albert county, in the sudden death of their little daughter, Edwin Maxine, who passed away June 6 at the age of ten months.

**THE POLICE**  
There are now about five vacancies on the local police force, and Chief Simpson said this morning that there was no little trouble in filling them up. One man was required to give up his position only one night.

**METHODIST CONFERENCE**  
Rev. George Steel, D. D., Rev. Thomas Hicks and Rev. Neil J. McLaughlin left at noon today for Moncton to attend the Methodist conference. Several Methodist ministers passed through the city today enroute to Moncton to attend.

**THEY DID WELL**  
Three little girls, Kathleen McArthur, Mildred Killan and Maud Bradley, residents of High street, held a bazaar on Saturday afternoon to procure funds for soldiers' comforts. Through the kindness of many donors, they realized the tidy sum of \$9.25.

**BURIED TODAY**  
The funeral of Miss Minnie O'Brien took place at 8.45 o'clock this morning from the residence of her brother, Frederick, 87 Adelaide street, to St. Peter's church, where requiem high mass was celebrated by Rev. J. McDougall, C. S. S. R. The body was then taken to Chapel Grove where interment took place in St. Bridget's Church cemetery. Relatives acted as pall-bearers.

**POLICE COURT**  
There was another sheet in the police court this morning with the word "nil" written across it. There were no arrests over the week-end. One man, Michael Flynn, Glendon street, was reported to appear before the police magistrate today on charge of non-support of his wife and several small children, and also for being cruel to therapy. The case stands until tomorrow at ten o'clock, as the man failed to put in an appearance.

**WANT POLICEMAN TO CHECK SPEEDERS**

**Movement On Foot To Meet Menace At Manawagonish Road**

For some time residents of Manawagonish road have been complaining about automobiles speeding along past the residential section from the head of Main street to Moore's hill, but no action resulted and now there is a movement on foot to have the warden of the county council place a policeman there to see that the law is enforced. During the last week small children narrowly escaped being struck by automobiles going at from twenty-five to thirty miles an hour, and parents are terrified lest their children stray out into the road and be killed.

One Fairville merchant speaking to a Times reporter today said he feared that unless something was done some innocent child would suffer. Yesterday he said, a dog was killed and pedestrians have had many narrow escapes. A member of a delegation which waited on the government last week protesting against the granting of bonds for the sidewalk extension in Lancaster, brought the matter before the house and some action may result.

**THAT FREDERICTON CAPTURE**

An officer of the Killies writes from Fredericton to The Times protesting against a report in the Standard on Friday concerning the capture of a soldier who had commandeered an automobile. He writes:

"Sergeant Phillips, the accused, had had this automobile in his possession for twenty-eight days in and around the city of Fredericton before we (his comrades) ever heard of it. During this time the police force of this city had failed to apprehend him. He had at 12 noon at MacPherson's garage in King street and filled his gasoline tank and journeyed on, up one street and down another. At 7 p. m. on the 8th I was informed of his misdemeanor and detailed two police, Privates Dempster and Hutchins of the 298th battalion police section, to round him up. They captured him in just thirty-five minutes and brought him with his car to our upper barracks, from there I took the prisoner to the Queen street guard room and locked him up. Chief Finley several hours later persuaded our commanding officer to hand the prisoner over to him as he was suspected of being an Austrian subject. The bicycle used by the chief in his daring capture was a swivel chair with four castors on it."

**MILITARY NOTES**

The date in which the 296th Killie battalion will move from its present quarters in Fredericton to Valcartier Camp has been announced. It was the leave earlier, but owing to the success being met in Boston with the recruiting campaign of Lieut-Col. P. A. Guthrie, O.C., the permission for a few days of grace was granted. Twelve horses will be taken along with the regiment.

Col. Macneil will leave this evening for Newcastle, where he will inspect No. 2 Draft of the 12th Battery, C.E.F. The draft is now up to strength, the required number of fifty men having been secured. Lieut. J. A. McKenzie is in charge of this draft.

The recruits so far secured by the Killies in Boston will be brought at once to the present headquarters in Fredericton.

**Death of S. Hutchinson.**

Winning, June 11—Samuel Hutchinson, son of the G. N. W. telegraph department, is dead, aged seventy. He was born in St. Catharines and came here from Toronto in 1890, to take over the management of the G. N. W. telegraph.

**C. B. MacPHAIL DEAD OF WOUNDS**

**Soldier Was Only 19 Years Old**  
—W. E. Mills of Carleton is Wounded

Friends in St. John will learn with regret of the death of C. B. MacPhail, who is reported officially as having died of wounds. The gallant young soldier, who was only nineteen years of age, went overseas with the 160th Battalion and was transferred to another unit at the front. He was the son of Mr. and Mrs. William MacPhail of Bonaccord, Victoria county, a grandson of James Skene, woollen manufacturer of Penfield, Charlotte county, and a nephew of Alexander Skene, general merchant, McAdam.

**W. E. Mills Wounded**

The official announcement that her husband had been admitted to No. 14 General Hospital, Vimereaux, France, and which he was serving at the time he was wounded. In a letter received yesterday in a telegram from Ottawa by Mrs. W. E. Mills of 165 Guilford street, West St. John.

Private Mills had been engaged as a plumber with J. H. Doody for eleven years before leaving for Toronto to join the other side to an infantry battalion, with which he was serving at the time he was wounded. In a letter received by his wife on Saturday he announced that he had won his first stripe.

**LUDLOW STREET S. SCHOOL OBSERVES ITS 76TH ANNIVERSARY**

**R. H. Parsons is Superintendent**  
The Work of the Year—Enrollment is 336

The seventy-sixth annual meeting of the Ludlow street Baptist Sunday school, West St. John, was held yesterday afternoon following the regular classes. Statistics submitted showed that the school is flourishing and the various departments are making favorable progress. The patriotic work accomplished was also a matter of gratification to the workers.

The election of officers resulted as follows:—R. Hunter Parsons, superintendent; R. J. Anderson and Ernest Campbell, assistant superintendents; Miss Marjorie Fitzpatrick, recording secretary; Miss Mabel Wills, recording secretary; Miss M. E. Mullin, treasurer; Oscar Heade, guardian; Mrs. George Gibson, missionary treasurer; Mrs. Amos Horton, librarian; Miss Hazel Sharpe and Edgar Carvell, assistant librarians; Miss M. E. Mullin and Miss Jennie Colwell, pianists; Miss E. G. Cochrane, superintendent primary department; Mrs. M. E. Colwell, superintendent home department; and Deacon John P. Ring, honorary superintendent.

The school has an enrollment of 336 pupils with an average attendance of 260 for the year. The class over with Miss Sharpe presides supports a native teacher in India, while the men's Bible class and Mrs. Colwell's class are self supporting in the case of native students in India.

The total amount of money raised by the school during the year has been \$268.08. Of this amount the sum of \$190 was contributed for missions; \$50 for the Belgian Relief Fund, and \$100 for the Patriotic Fund. The sum voted for the latter cause was mostly raised by the Ladies' Sunshine class.

There are now twenty-two classes in the school and seven classes of the school are graded. Superintendent R. Hunter Parsons presided over the meeting.

It was brought to notice that some former attendants at the Sunday school are now fighting in France, and altogether that the patriotic showing of the school is a most creditable one.

**A BARBER'S PLEA**

**Suggests That Patrons Get Around Earlier in the Evening**

A city barber, who wants a little time to spend in his garden in the evenings said in The Times today:

"I am the proprietor of a barber shop. I am as anxious as other people, and I know my assistants are, to get a chance to enjoy the sunshine in the evening and also spend a short time looking after my garden. This is not possible at the present time owing to the hours which we must spend at our chairs. We are supposed to close at eight o'clock, but it is very often nine o'clock before we finish, as many customers have a bad habit of waiting until the last minute to come around for a shave or hair cut.

"If the patrons of barber shops would try to educate themselves to drop around earlier in the evening and give us an opportunity of closing at half past seven o'clock during the remaining summer months instead of eight o'clock it would not inconvenience them as they have ample opportunity to eat their supper and come around for their shaves or hair cuts earlier and give us a chance to get away from a stuffy store.

"Unless the public assist the barbers, there will be a day—and that not far off—when barbers will be so scarce that patrons will be compelled to wait a long time in order to get service. The reason of this is that boys refuse to learn the trade owing to the long hours. In St. John today there are only three apprentices, and unless the conditions shortens it is doubtful if conditions will be bettered."

**IN ST. PETER'S.**

The feast of Corpus Christi was commemorated in St. Peter's church yesterday. In the morning solemn high mass was celebrated and in the evening a procession of the Most Blessed Sacrament took place. Rev. Peter Costello, C. S. S. R., officiated last evening and was assisted by Rev. J. McDougall, C. S. S. R., and Rev. P. Gallagher, C. S. S. R. Rev. P. Coughlan, C. S. S. R., was in charge of the procession, which consisted of altar boys, members of the married and single men's branches of the Holy Family, children of the Sunday school and the officiating priests.
