SIXTEEN PAGES—ONE CENT

GRADUATES AT KING'S TODAY

John Well Represented at the Exercises
Sketches of Students From Here Who Get Degrees—Corner Stone Laying—The Alumni Oration.

Nine graduates of the King's College school today received the degree of Bachelor of Civil Laws which was conferred at the University of King's College.

Cecil Rhodes Merceon is a native of Latham, N. B., and received his early education at the public schools there.

Miss Muriel Corkery received her early education in the St. John public schools, including St. Vincent's High School.

George Thomas Mitton was born at Steeves Mountain, Westmorland, educated at the public school there and at the Acadia Collegiate Academy.

Vineyard Haven, Mass., May 12.—The schooner John A. Beckerman, bound for Shelburne, N. S., for New York, ran ashore at East Chop early today in a light wind and strong tide.

SIR DAVID WATSON
Chairman of the Montreal Harbor Commission, showed a parliamentary party that visited the harbor the splendid facilities for handling western grain at the Transcontinental.

LABOR MATTERS

Cincinnati, O., May 12.—Structural iron workers and rood men, on strike since last November have agreed to return to work at reduced wages.

Buenos Aires, May 12.—Virtually all the demands made by port workers here were granted in an agreement reached by the U. S. embassy and Argentine authorities for the solution of difficulties which caused the stoppage of the Marconi liner Martha Washington, which has been tied up in this harbor since March.

Green Bay, Wis., May 12.—Officials of the Northern Paper Mill, announced yesterday making machine started yesterday making three more in operation.

Moncton, N. B., May 12.—The trial of O. Galus Steeves, charged with the murder of his wife, was resumed this morning at Hopewell Cape.

Moncton, N. B., May 12.—The residence of Hon. O. M. Melanson, Sheriff, was partly destroyed by fire early this morning.

New York, May 12.—(10-30)—Virtually every division of the list, excepting copper and utilities, contributed to the irregularly lower range of prices at the opening of today's stock market.

Moncton Transcript.—F. A. McCully, in a post card written from Geneva, Italy, writes: "Having spent ten days in London, ten days in Paris, three weeks in Nice, I am now in Geneva en route to Rome."

SEVEN NAMED FOR POSITION OF MODERATOR

General Assembly of Presbyterian Church in Toronto Next Month—Church Union.

Toronto, May 12.—There may be seven stalwarts of Canadian Presbyterianism in the running for the moderatorship of the Presbyterian general assembly, which will open on June 1 in St. James' Square Presbyterian church in this city.

London, May 12.—Doubt as to whether the Cunard steamer "Acadia" for New York, has been removed says the Daily Mail, through the office staff of the Cunard.

London, May 12.—Acquaintance with the Cunard steamer "Acadia" for New York, has been removed says the Daily Mail, through the office staff of the Cunard.

London, May 12.—Acquaintance with the Cunard steamer "Acadia" for New York, has been removed says the Daily Mail, through the office staff of the Cunard.

As Hiram Sees It

"I see," said Mr. Hiram Hornbroom to the Times reporter, "that a preacher down there in Brussels street, don't want no kids playin' in that Catholic school yard this year."

"Well, sir," said Hiram, "I just want to say this—there may be more good for the world stored up in the noisiest dirtiest little kid that plays in that yard with the teachers in July an' August than there is in any cantankerous feller that wants to shut 'em up. We're just beginnin' to find out how much the world is made up of neglected children. Somebody neglected that preacher, or he'd be one of the fust to welcome a playground for the little folks right under the windows of his church—yes, sir, Mister—I guess I better not talk no more about it. I'll be makin' a commandment myself in a minute. I will—by Hen!"

GUIDE SAYS THE DEAREST HONEY LETTERS FAKED

Beauvais Promises Some "Surprises" in New York Society Divorce Case.

Montreal, May 12.—Aroused by the publication of "dearest honey" letters he is alleged to have written to Mrs. Ann Urquhart Stillman, wife of the ex-president of the National City Bank, Fred. K. Beauvais, a guide whom the banker asked to investigate the circumstances surrounding the public trial of the divorce case, detrimental to the cause of Mrs. Stillman, received recently, so the Tribune learned today.

According to the Tribune, it is the belief of counsel associated with the defence that a person desirous of advancing the cause of Mrs. Stillman and injuring that of his wife made public evidence of a character to promote this design, regardless of the fact that the evidence had been sealed by the court.

HEAVILY TAXED BUT IS CHEERFUL

Italy's Position Set Forth By Premier

Rome, May 12.—Italy looks to the future with confidence, in spite of the losses she sustained in the war and the burdens her people are suffering at present, said Premier Giovanni Giolitti to the Associated Press last night.

"Before the war, her national income amounted to the equivalent of four billion dollars, from which the government received in taxes five hundred million dollars, leaving her with a surplus of three hundred million dollars."

ASQUITH ON IRISH MATTERS

Says Only Indictment England Need Fear

Declares Difficulties From Military Standpoint Grossly Exaggerated—Weekly Report Issued on Disturbances in Ireland.

London, May 12.—(Canadian Associated Press)—Right Hon. H. H. Asquith delivered a long speech last evening, and took occasion to remind his hearers that just a year ago he had been an advocate of the plan of giving Ireland the same status as that enjoyed by the self-governing dominions.

CLOSE GUARD ON THESE PRISONERS

Toronto Takes Precautions Against Escape of Two Men Charged With Murder.

Toronto, Ont., May 12.—Guarded by the heaviest armed escort of detectives and sheriff's officers ever employed for such a purpose here, Roy Holman and William McFadden, were taken from the city jail to court yesterday to answer a charge of murder in connection with the death of Leonard Cecil Sabin, a druggist, who was shot while defending his store against hold-up men on the night of March 5. This armed escort is being kept up to prevent a break for liberty and guard against any weapon or communication being tossed to them.

Words of Praise And Cheer Today in U.N.B. Encænia Exercises

This is the Big Day at Fredericton Institution; Speeches of Professor Pulling, Lt. Col. W. H. Harrison, Rev. R. A. Armstrong and Valedictory by R. K. Wills; Association Meetings

Fredericton, N. B., May 12.—This is the big day, Encænia Day, at the University of New Brunswick. At 2:30 o'clock this afternoon the proceedings began. As before announced the graduates are Charles Clifford Atkins, John Fitzpatrick, Babbitt, George Roland Barnes, John Gifford Bruce, Bert, Ira Burgess, Norman Eisenstadt Cass, Katharine Mabon Jarvis, Edith Maude Jones, Barbara Nickerson, Ronald Taylor Pike, Ernest George Saunders, Joseph William Sears, Jessa Prescott Skillen, Whitney Waters Stevens, Lorne Ray Whitaker, Robert Kenneth Wills.

The addresses of the day were as follows:— In Praise of Founders. The faculty oration in praise of the founders was delivered by Arthur Van Sellen Pulling, B.S., Professor of Forestry, who dealt with the subject which comes nearest to his course at the university—forestry as it affects the province of New Brunswick.

Prof. Pulling said that, in accordance with custom, the praise of the founders of the university was to be expressed. Frequently it was praise of those who had long finished their work. As forestry was to be his subject he could directly congratulate the founders of the forestry department, the majority of them in their prime and still within the range of the department, forty-four graduates in forestry would be the principal executives on one-half of the forest supply of the dominion.

The purpose of the address, however, was not to dwell at too great length upon success of graduates and founders, but to deal with forestry as it applied to the wood industries of Canada, in which two hundred and fifty million dollars are invested and the product of which reaches the annual value of two hundred and four million dollars.

Forestry, although an old profession, he said, did not develop until the nineteenth century and only in the last twenty-five years has it made material progress on the American continent. It is based on silviculture, which is similar to agriculture. It is closely allied to engineering, particularly the design of machinery, which has not reached the stage in which the growing and marketing of timber is the first task of the forester.

Prussia is an outstanding example of forest development. At the beginning of the nineteenth century that country from its state lands received an annual income of about twenty-five cents per acre. One hundred years later the annual income was six dollars per acre. New Brunswick, although in the front rank of forestry, does not receive a net income of twenty-five cents per acre per annum. Five million acres of crown lands producing one million dollars in revenue would be but twenty cents per acre.

The record of each European country (At the Narrows, Queens Co.) To re-open May 30 under the management of Mr. and Mrs. E. F. Jones. Terms Reasonable. For Reservation apply to above at Cambridge, Queens County.

transitory periods. Sweden in 1847 passed a law to provide for the planting of two trees where one was cut. Such regulations would be ineffective because each square mile and each twenty-five acres presents its own problem. Not by inflexible laws but by flexible intelligence will the conservation problem be solved.

money upon armaments, though we all realize that if half this money had been spent upon education and the propagation of Christianity the necessity for armaments might have disappeared, and at the least the world would be generations ahead of its present state of culture and civilization.

BIG SALVAGE MONEY.
\$112,500 Divided Among Crew of U. S. Tug.

New York, May 11.—Word was received in the offices of the Newtown Creek Towing Company at Pier 5, East River, that the tank steamer Delmira, which their tug Victory salvaged off the Florida coast, has been ordered sold by the United States District Court, and as a consequence the crew of the Victory will receive half of the \$225,000 for which the Delmira was libelled.

In the sale of the Delmira the third event which supports the claim made during the war that this tanker is too lucky to be destroyed, occurs. The rescue of the tanker by the tugboat took place February 15 this year, when the tanker was forty miles south of Sand Key, Florida, bound from Palo Blanco, Mexico, to Carteret, N. J., with 30,000 barrels of crude oil aboard.

When the Victory came alongside the tanker had been adrift for more than a day, the fire having broken out in the coal bunkers, and was confined there through the strenuous work of the crew. The captain and crew of twenty-six men and the captain's wife and small child had been taken off by the steamship J. O'Neil before the tug reached the Delmira.

PARLOR CONCERT.
A parlor concert was held at the home of Mrs. H. Bernard, 98 Britain street, last evening. Musical set, Miss Henderson, Roy Henderson and Geo. Wallace; solo, Miss M. Irvine; reading, Miss A. Wilson; solo, Mr. Reid; reading, Miss P. Taylor; violin solo, Geo. Wallace; duet, Mrs. Taylor and Mrs. Bernard; solo, Mr. McAuley; piano solo, Miss R. Henderson; quartette, Mrs. Bernard, Mrs. Taylor, Mrs. Wallace and Mr. McAuley; solo, A. Wilson; solo, H. Bernard. The concert was brought to a close with the singing of the National Anthem. Refreshments were served by Mrs. Bernard.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MAY 12, 1923

The Evening Times and Star

ST. JOHN, N. B., MAY 12, 1923. The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE HIGHWAYS. The Good Roads convention in Halifax should be of nation-wide benefit, bringing together as it has done representatives of the different provinces to discuss questions of common interest in regard to the extension of an improved highway system, which not only benefits each province but links up each one with its neighbors, and encourages a more general and intimate communication.

THE FINANCIAL SITUATION IN COBA IS STILL VERY SERIOUS. More banks have closed their doors, and great uneasiness is felt. Hope is expressed that a loan may be placed in the United States to relieve the tension. When sugar was king immense fortunes were made in Cuba, and recklessly spent. Today the conditions are reversed, and the process of readjustment is severely taxing the resources of the island.

THE EMERGENCY TARIFF BILL IN THE UNITED STATES, to be in effect for six months, now awaits joint conference of the senate and house, and the signature of President Harding. It will materially affect Canada's export of farm products to that country.

HON. P. J. VENIOT TOLD THE CANADIAN GOOD ROADS ASSOCIATION YESTERDAY THAT NEW BRUNSWICK IS READY TO CHANGE THE RULE OF THE ROAD AS SOON AS NOVA SCOTIA MAKES THE CHANGE. The sister province should promptly accept the challenge.

THE FREDECTION MAIL ASKS WHY HON. MR. WIGNOME IS NOT TAKING A HAND IN THE YORK-SUNDAY CAMPAIGN. He might at least send a letter.

RADIO INFORMS FARMERS. The recent expansion in wireless service by which daily agricultural market reports are now despatched to farmers in ten eastern and twelve central states has proved, in the opinion of government officials who are intent upon still further development of the system, that the project once regarded as visionary is entirely practicable.

A FANCY FROM FONTENELLE

(By Austin Dobson.) The Rose in the garden slipped her bud, And she thought of the pride of her youthful blood, As she thought of the Gardener standing by "He is old—so old! And he soon must die."

THE COMMON MAN. He lived just a common, everyday life, With his own children and only one wife. Never was known in the news of the day, Worked all the while without stopping to play.

MOTHERS' PENSIONS SUBJECT OF REPORT

Nova Scotia Commission Recommends Passing by the Legislature of an Act Dealing With Problem. The report presented in the Nova Scotia legislature last week of the commission appointed under the acts of 1919 to consider schemes providing mothers' pensions or allowances for dependent widows has been considered in this province, in a very interesting manner.

WHERE ARE THE ROMANOFF JEWELS?

The mystery of the disappearance of the famous jewels of the Czar and Czarina of Russia is as yet unsolved. The gem experts of London, Paris and New York have been seeking them for some time, but have been unable to locate them.

HOW IT WAS DONE

(British Weekly.) When things looked black in March, 1918, Lord Reading, at the instigation of the prime minister, sent Sir Joseph MacKay, shipping controller, a memorable telegram, stating the necessities of the Allies.

NOVEL HOUSING EXPERIMENT

London—Hope that the use of Sunday school premises might help to solve the problem of housing is not encouraged by the result of the American troops in Bolton. The members of the Claremont Baptist church set aside part of their school premises to accommodate men, and thus relieve the housing congestion.

MOTHERS' PENSIONS SUBJECT OF REPORT

The report presented in the Nova Scotia legislature last week of the commission appointed under the acts of 1919 to consider schemes providing mothers' pensions or allowances for dependent widows has been considered in this province, in a very interesting manner. The commission, Messrs. John McKen (chairman), E. H. Bliss, A. T. MacKay (secretary) and Isaac B. Wiseman, find that the system of granting governmental aid to indigent mothers with young children, dependent on a father's support, is universally approved, and already in five Canadian provinces, Manitoba, Alberta, Saskatchewan, British Columbia and Ontario, a system is in operation, as well as in thirty-nine states of the American union and in the territories of Alaska and Hawaii.

THE COST OF ADMINISTERING THE ACT TO BE BORNE BY THE PROVINCE. Allowances shall be payable on the recommendation of the advisory commission, on the order of the minister from the annual appropriation made by the legislature for this purpose. Of such amount 80 per cent. shall be a charge on all the municipalities of the province the following year in proportion to their total population, the municipalities to assess and collect the same in the usual manner.

AUTHORS AS LECTURERS

(Manchester Guardian.) The constant turning of the wheel of history is illustrated once more in the "Chat" by Authors' scheme just devised by a big London firm. In the Victorian era lectures by authors of all kinds—novelists, poets, essayists—were a well-recognized means of bringing handsome salaries to authors of all kinds.

POOR DOCUMENT

M C 2 0 3 5

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MAY 12, 1921

LETTER WRITTEN BY THE LATE REV. J. C. BERRIE

Arguing a Better Understanding Between Capital and Labor—Justice, Not Charity, the Watchword.

89 Carmarthen Street, St. John, N. B., May 10th, 1921.

The Editor of The Times:

Father wrote the enclosed letter before he became ill, when there so much talk of reducing wages, but prices had shown any signs of going down.

Through my work in the mission, he learned of the awful conditions existing among some of our people, and how difficult it was to lead a better life when they had so much to call home. With his love and sympathy, he held services in my house, and he sent some of the ideas out by Miss Hissam in our church last Friday, when she said that we needed some place to put our tiny children from disease and suffering, as spoken about in the letter. Then the emphasis on the need of good housing is opportune. If a man who was thought to be from active work, took the time to read and delve into the needs of the times, surely those who are in charge of the activities and anxious to do something worth while will see that every provision is quickly established, give every one born into our world a chance to be the very best he or she can be.

Letting this may be a message that carry with it the sweet influence of the ever lived to make others better and happier.

Yours faithfully,
JOHN C. BERRIE

RECENT WEDDINGS

The marriage of Miss Nettie L. Vanwart and Percy W. Holder was solemnized yesterday morning at the residence of the officiating clergyman, Rev. George D. Hudson of the Victoria Street Baptist church. The bride is the daughter of Mr. and Mrs. Sylvester Vanwart of 106 Adelaide street, and the groom is a son of Robert C. Holder of 20 City road. The wedding was a quiet one. The bride wore a becoming gown of navy blue tulle with hat to match. After the ceremony Mr. and Mrs. Holder left on the Boston train for a short trip through the border towns. On their return they will make their home in Moncton, where Mr. Holder is employed with Scovill Brothers. They have the good wishes of a host of friends.

RECENT DEATHS

A wide circle of friends will be deeply grieved to learn of the death of Peter Chisholm, a highly respected and well-known resident of this city for many years, which occurred yesterday at the residence of George E. Elliott, 24 Celebration street. Mr. Chisholm was born in Picot county (N. S.), and came to St. John when he was eighteen years of age. He engaged in the mercantile business and later opened a grocery store in Charlotte street, from which business he retired some years ago. He was an active member of St. David's church for the last sixty-seven years. He was ordained to the priesthood in December, 1868, and for more than twenty-five years had been clerk of the session of the church after having been assistant clerk for some time. He was probably the oldest official, in point of years, of the church. He was a man of sterling uprightness of character and was very highly regarded and loved by those who knew him. He was of a quiet nature but forceful and also had considerable literary ability, having compiled a history of the church which has not yet been published. He spent much time and labor in this work in which he was much interested. He was twice married and is survived by his second wife, who was formerly Miss Elliott.

The death of Joseph Sears occurred very suddenly on April 15, at his home in Berkshire, Eng. Mr. Sears was a native of England, but for the last eleven years had resided at Lakeville.

Carleton county and returned to England last November.

Many friends will regret to learn of the death of Andrew G. O'Dell, which occurred on May 5 at his home in Kings county. He is survived by his wife and five children. Mrs. W. R. Erb of this city is a daughter.

ST. PAUL'S GIRL GUIDES IN FIRST ENTERTAINMENT

St. Paul's troop of Girl Guides, in its first public entertainment yesterday, showed its members to be most capable hostesses and adept saleswomen. The troop held a tea and sale in the school room of the church yesterday. It was very successful financially and was a delightful social event, and was also its first money-raising effort. The tea and sale was largely patronized and everything offered for sale was readily purchased. The tea arrangements were most attractive and the decorations in green and gold were tastefully displayed. Mrs. Murray MacLaren, the president of the local association, and Mrs. A. H. Crowfoot presided for the serving of the tea and coffee. During the afternoon Miss Bessie Writen delighted the guests with some Scottish dances gracefully given. She danced both the Highland fling and the sword dance. Her brother, Alfred Writen, played her accompaniment. Miss Irene Barber, the leader, and Mrs. G. L. Short were in charge and were assisted by Mrs. F. N. Woodley and Miss Dorothy Hickson. The Guides served the refreshments. The proceeds of the tea and sale will go towards the purchase of equipment and it is expected that they will amount to a satisfactory sum.

AMATEURS IN WEST ST. JOHN

The dramatic club of St. David's church scored another big success with its presentation of "Very Much Married," given last night in the City Hall, West St. John, under the auspices of St. George's Athletic Club. There was a big crowd and the players received a hearty welcome. While all carried their parts well, Ronald Shaw and Miss Phyllis MacGowan were exceptionally good. Miss Gladys McMillan appeared for the first time and took the part of Daisy Machum. Between the acts, Charles

Manchester Robertson Allison Limited

KING STREET GERMAIN STREET MARKET SQUARE

Crowm put on a variety entertainment that delighted the audience. He sang, danced and gave some fine drills. The young ladies of St. George's church sold candy during the interval and the whole event netted a tidy sum. The proceeds will be divided between the athletic club, the St. David's club and the building fund of St. George's church.

Ladies' suits greatly reduced. See service to Italy.

SERVICE TO ITALY WILL BEGIN SOON

That the new direct steamship service between Montreal and Genoa will soon be an accomplished fact was announced by the C. P. R. this week. The 9,362 gross ton liner Montreal, which has been assigned to the run by the C. P. R., will make her first sailing from Antwerp, May 31st, via Havre, for Montreal, arriving June 11th. She will leave again on the 18th for Havre and will be placed permanently on the Montreal-Genoa service, carrying both passengers and freight. The Navigazione Generale Italiana, of Genoa, with whom the C. P. R. entered into an agreement last fall, will place their 8,528 ton liner Coert on the run in conjunction with the steamer Montreal, the two vessels providing a monthly service out of that port.

The Montreal, formerly the German liner Koenig Friedrich August, built in 1906, at Hamburg, by Blohm & Voess was purchased early last December by the C. P. R. from the British government, to whom she was assigned by the Reparations Commission after the armistice, and has since been undergoing reconditioning for her new duties at Antwerp. She is 476 feet in length, fifty-five in breadth and has a thirty-one-foot deck. Originally she was built with the usual three classes, but the second class has been cut out. The Coert, which is 420 feet long, was built at Newcastle in 1904 by Armstrong, Whitworth & Co., Limited.

THE STEEVES CAST.

At yesterday's session of the trial of Oliver Galus Steeves, charged with the murder of his wife, which was continued at Henslowe Court, evidence was given by Charles Mellich, Alfred Crossman, Mrs. Florence Jones, Walter Champel, Charles McCie, James C. LeBlanc, John Collins, M. V. Paddock, Inez Horseman and Curtis Steeves. It is expected that the prosecution will finish its case today.

Montreal Gazette: John Doughty, convicted of abstracting \$105,000 of Canadian government bonds from the safety deposit box of Ambrose Small, has been sentenced to six years' imprisonment. The real mystery of the case remains. A man with a million dollars in the bank and a hundred thousand in his strong box should not be lost without trace.

Special Reduction Sale Women's Spring Model Suits

A limited number of high class spring model suits will be offered tomorrow at sharp reductions to clear.

They are all single suits, no two alike and all from the very best makers.

Words of Praise And Cheer Today in U.N.B. Encœnia Exercises

(Continued from page 2) The subordination of the individual for the good of the army, or the community or the nation to which he belongs. The war was also a destroyer of provincialism. Our own Canadian boys saw and appreciated the fighting qualities of the French and our other allies. They saw the farms, the towns and cities of other countries with an older civilization than ours, and noted wherein they excelled our own.

Finally, be loyal to your Alma Mater. She needs you. At her hands you have received at little cost an education which unfolds to you the great world of knowledge contained in books and fits you to take up your business or profession. She is now calling on her sons and daughters to provide another building and more equipment so as to keep pace with modern educational demands. I know you will give your help in this work and so keep your Alma Mater ever youthful and flourishing.

On behalf of the senate and this alumni I offer our most hearty congratulations and best wishes to each of you for a career of honor and success. Alumni Oration. Rev. Canon R. A. Armstrong of Trinity church, St. John, delivered the Alumni Oration on "The Present Duties of a Graduate." He said: "New occasions teach new duties." So says the poet Lowell and on that theme I will speak to you today. As graduates you are passing through the college portal into the great world and it is indeed for you a new occasion. Besides this aftermath of the greatest work of your life you will not forget also that you are privileged people. A full quarter of the population of the world are uneducated. At your age your childhood's playmate has been at his life work's end. Your education has cost four times as much as his education. You have had the benefit of the best branches of learning, your course then will be marked by intelligence. You have known moral discipline and good examples have been constantly before you. These classic halls are redolent of men, whose memory lingers. You then, will be men of principle. What religious advantages have been yours thinking God's thoughts after Him and seeing the wonders of His works. You have had ample chance to choose the better part and you are, I trust, full of faith. What then, are you going to do with your intelligence and principle and faith? Are they to influence your generation? Is your academic career going to deepen the mark you leave on your fellows? Without doubt, they will look to you for a lead. Will you be silent or will you lead them well? You may ever reflect credit upon your Alma Mater.

In this day your paramount duty is to make for peace. The armistice and the Treaty of Versailles proclaimed peace, but what means this settling of disputes, this clash of arms and rattling muskets? "Blessed are the peacemakers," said Jesus. You will observe He has nothing to say about the peace withers, the peace hoppers, the peace lovers, the peace eaglers, the peace sentimentalists—the blessing is promised simply to those who make peace, who work for it, who promote it, who by sacrifice and effort establish it in human hearts and political institutions. Peace is a gift, it is an achievement. It is not something to be sung about but something to be wrought out by the sweat and the process and the indelible labor of man. It is possible to make mischief in the world. Some men like to make it; they have made it; they are making it now. It is possible to make hate, to fan the flames of enmity and increase the volume of the notes of discord. Some men like to do that—they are doing it today. In a world so full of

passion and prejudice and hate as this one is, it is not difficult to make strife and dissension. Christianity calls on men to make peace, to antagonize the forces that make for discord, to say by their lips and by their lives that the peace-makers, the men who struggle and labor and sacrifice and suffer for peace, for they shall be called the sons of God. As graduates of this university, stepping out full of hope and aspiration into this troubled world, make your lives tell for peace. We are in a peculiar position here in Canada, and we of the maritime provinces have a wondrous opportunity along this line. We have been reared amid Loyalist traditions, where the marks of the past are very deep, and we are side by side with the New England states where the deep feelings of the past still run strong. It is therefore your peculiar opportunity as leaders of public thought in these parts to advance the cause of peace, and we for the friendship of the United States and Canada.

Suppose there is not one of us that would willfully say or do anything to shatter that cordiality, but we are so many thousands. We think a speech funny or smart and we utter it, little thinking of the sting it leaves and how it means to our influence. It is not for peace but for strife. Or perhaps it is not thoughtlessness on our part, we may be guided to it. Some citizen of the United States makes a speech more noted for zeal than culture, and we for the same level. One, who had been a school teacher in a land whose prophets are the new land in their pupils, its glories and its greatness, but never, never should they reflect in the least degree upon the fatherland of their pupils. It was wondrous advice and I give it you again. A teacher in a land whose prophets are the new land in their pupils, its glories and its greatness, but never, never should they reflect in the least degree upon the fatherland of their pupils. It was wondrous advice and I give it you again. A teacher in a land whose prophets are the new land in their pupils, its glories and its greatness, but never, never should they reflect in the least degree upon the fatherland of their pupils. It was wondrous advice and I give it you again.

Graduating at this time you must strive to achieve and help your generation to achieve the peace of the world. Beating the swords into ploughshares and the spears into pruning hooks. That is the hope and best of the world. See to it then that you make peace in that quarter. Graduating at this time you must strive to achieve and help your generation to achieve the peace of the world. Beating the swords into ploughshares and the spears into pruning hooks. That is the hope and best of the world. See to it then that you make peace in that quarter. Graduating at this time you must strive to achieve and help your generation to achieve the peace of the world. Beating the swords into ploughshares and the spears into pruning hooks. That is the hope and best of the world. See to it then that you make peace in that quarter.

One of life's greatest tasks is just to turn the spear into a pruning hook. Every man has his spear, and every man is forced to work great harm, but we have to transform them and compel them to do good. The passions and the appetites often plunge life into confusion and sometimes into ruin, but we can curb them and even transform them. How hateful a thing for example is passion, but how beautiful is love. Love may seem to the cynic not to lie far apart, but like the spear

and the pruning hook, they belong to different worlds. The one creates waste and desolation, the other feeds the world with gladness and peace. Now all our gifts and capacities may be deadly or beneficent as we let them. What a cruel instrument the spoken or written word has been—sharper than a two-edged sword. It has been used to cast reputations and it has torn many a sensitive heart. It has been used to distort the truth and poison the imagination. If the pen or tongue charged with malice and satire will lead to fraud words that will help and encourage we would all be nearer the golden days.

Indoubtedly one of the most powerful weapons in the world for good or evil is education. Often indeed the claim is made for it that it is a good thing in itself, but it is in reality a neutral instrument which may be employed by the man who possesses it, either for the blessing or the bane of society. The man with ample knowledge and training could do more mischief should he be so inclined than one whose resources and training are more limited. If he be selfish and unscrupulous, he can use his powers to deadly purpose. They will be used to the advantage of the world. Knowledge alone will never make a man good or a benefactor of society. It must have not only his mind but his affections cultivated and his heart set upon whatever things are honorable upon your share of the world's work.

Now that you have reached graduation and you step into your share of the world's work, you use your powers for the good of society, for peace. This is not easy. You observe that they are to "beat" their spears into pruning hooks, the process of transformation requires hard work. But it is well worth the effort. If only we learn to care more for the pruning hook than the spear, if only we prefer peace to strife, and if only we live as to promote good will among men, then we at least have done our part to achieve that grand consummation of the poet.

"When man to man the world o'er Shall brothers be for a' that." "When the war drum beats no longer and the battle flag is furled, In the parliament of man, the federation of free men, shall we be brothers, walking in His light and talking with Him by the way, till His Spirit be in us, and we are one, and we are all together content with the things that are well pleasing in His sight." "I would mention a service. It is not a new duty, but it is laid on us in our day with a new insistence. It means first not drunk, and second, not sober. Affirmatively it means peace, and negatively it means the absence of war. The statute of justice with her eyes scales is an illustration of the virtue. It is remarkable how frequently the exhortation to be sober-minded occurs in the pastoral epistles to Titus and Timothy. Old men are bidden to be sober-minded and so are the young men. Older women are asked to see to it that the younger women are sober-minded. It is his aim that he should be sober-minded. And certainly university graduates should be among the sober members of a community.

The amazing irony of life is that by far the largest share of men's eagerness, enthusiasm and vigor is spent for things that are not worth while. We do not like to confess this to ourselves, but to the value of all our struggle and purpose we may bring a simple truth: What will it do for us at the last? Nothing is more certain than that death lies at the end of the journey called life. Within its solemn shades the noise of all our struggles shall cease. And every man should be looked at in the light of the darkness—if you will be rich, that inexorable certainty.

We are striving to be rich, are we? Glad if the years see growing gains; and in the end we are selling our honor, our peace, it may be our honor. Yes, but O my soul remember, across the threshold of death shall carry neither gold nor silver nor goodly raiment, nor precious stones. "How much did he leave?" ask a friend of a rich man who had died. "Everything," was the answer. "Everything. Or are our hearts set on pleasure—whether the cruel pleasures that cost so dear, that waste our strength and burden our hearts and drag down womanhood, or the pleasures that are, not so guilty, yet idle and empty? The sphere of pleasure is great. I might dilate upon it, but the great lesson to be learned is, that the great service of humor in these trying times.

The longing for joy is implanted of God, and religion believes in recreation. Every sane man delights to have playgrounds in cities for children and have amusement provided for the mature. As the Apostle John is reported to have said, "The best law now is to be untrusting at times, else it will lose all its spring." It is the craze for excessive pleasure, however, that is to be burning out the fire of their life early, and they will have nothing left for their later years. The sweetness of family life is destroyed in many a home by the sentimentality that the supreme purpose of existence is amusement and that only as people are giving themselves to such amusement are they realizing the true opportunity of life. The time is being wasted, the money they are thus diverting the ideals they are thus lowering and the public welfare is being injured by the selfishness and very serious moment.

At the end of every hope we cherish and every ambition which we spend our strength in, we must face the judgment. They are like great mountain peaks which no traveler can miss who lifts up his eyes from the ground if but for a moment. And one glance every day at these massive certainties should sober his activity and teach him to sympathize with the man who deliberately pursues a purpose now, the memory of which will be a source of regret to his last conscious hours.

Would any man who had but the ordinary capacity for forecasting the future and counting the cost, so live that when he appears to the mountains to cover him and the hills to fall upon him? It is possible for us to be sober-minded, yet unfaithful; possible, however, only if all our life be a preparation for the day when we shall be called to account together content with the things that are well pleasing in His sight.

"I would mention a service. It is not a new duty, but it is laid on us in our day with a new insistence. It means first not drunk, and second, not sober. Affirmatively it means peace, and negatively it means the absence of war. The statute of justice with her eyes scales is an illustration of the virtue. It is remarkable how frequently the exhortation to be sober-minded occurs in the pastoral epistles to Titus and Timothy. Old men are bidden to be sober-minded and so are the young men. Older women are asked to see to it that the younger women are sober-minded. It is his aim that he should be sober-minded. And certainly university graduates should be among the sober members of a community.

They are like great mountain peaks which no traveler can miss who lifts up his eyes from the ground if but for a moment. And one glance every day at these massive certainties should sober his activity and teach him to sympathize with the man who deliberately pursues a purpose now, the memory of which will be a source of regret to his last conscious hours.

you who graduate today as you step out into life, put your force into the great moral and spiritual movements that are transforming the world. Spend yourselves for others and for God. Service is the sacrificial use of life, that is the divine use. The fact that such service as this is the divinest thing in the world is surely enough to persuade us to it. I came with the words of Professor Simpson, uttered to a graduating class in Scotland. In eloquent words he pictured them looking back on the scenes long years after and pondering his message. "He told us," so he forebears then, "that the great lesson to be learned on his way through life was the same that the disciples who leaned on the shoulders of Jesus and the last thereof, but that he doeth the will of God abideth forever."

The Valedictory. R. K. Wills, valedictorian, spoke as follows: "Your Honor, Mr. President and Members of the Senate, Mr. Chancellor and Gentlemen of the Faculty; Mr. President and Members of the Associated Alumni; Fellow Students; Ladies and Gentlemen. Ninety-three years have passed since the first graduation class passed through the doors of this university and now the class of 1921 stands ready to take its small part in the world's great work. It is a pleasure to look forward to the work that is to be accomplished, but even now we cannot help but remember that we have acted as our guides along the path of learning. In the class room you have treated us as men and women. You have given us the best in culture and learning and your strong personality has won us to our highest endeavors. In your year to come, though of your Alma Mater will bring thoughts of you and what you have done for us."

To the Citizens of Fredericton we extend our thanks. With your proverbial hospitality you have entertained us in your homes, welcomed us into your churches, and smiled at our midnight rambles. Just one more favor we ask of you: When you hear the roar of yonder cannon during the small hours of tomorrow morning, please do not think harshly of the college boys, for it will be the last salute of the 1921 class to the Alma Mater.

To the undergraduates we must now surrender the helm. You have worked and played with us for the last three years and from our associations with you we know that we can leave the name of U. N. B. in no better hand. One word of parting advice: Remember, that many hands will make work easy. Divide the offices of your Students' Association amongst many, so that the work will rest on the shoulders of the many. We are certain that you will carry on to the glory of Old U. N. B.

Your Honor, just one last word, to the Chancellor and Gentlemen of the Faculty, to the citizens of Fredericton, to the undergraduates and to our Alma Mater—farewell. Fredericton, May 11—The associated alumni of the University of New Brunswick held its annual meeting here tonight. Officers were elected as follows: President, Wm. Brodie, M. A., St. John; vice-presidents, P. J. Hughes, B. A., Fredericton; W. J. S. Myles, M. A., St. John; H. H. Haggerman, M. A., Fredericton; secretary and treasurer, H. V. B. Bridges, M. A., LL. D., Fredericton; members of the council, C. D. Richards, B. A., M. F. P., Fredericton; C. W. Hall, B. A., Fredericton; C. J. Robinson, B. A., St. John; E. C. Weyman, B. A., St. John; Dr. W. D. Rankin, Woodstock; H. G. Carr, B. A., Campbellton; representatives of the senate, Dr. H. S. Bridges, St. John; Dr. W. C. Crockett, Fredericton.

President Brodie occupied the chair and was re-elected to office. The society held a lengthy meeting and dealt with important matters. The thirteen men of the class which will be graduated on Thursday were admitted to membership. Ten of that number had overseas service. On the report of the examiners in the competition for the alumni medal for Latin prose the award was made to Russell R. Sheldrick, of the junior year.

In athletics we think we have had a successful year; we think, we do not know, for the real value of sport is such that no measure for it can be devised. Football, basketball and hockey have all been well supported by the general student body. We think that we have the play it hard, play clean, and may be the best team in the province. Our debating society and dramatic society have passed through a successful year; a full bill of instruction, and we hope to those who have participated in this work. It is a deplorable thing not to be able to talk in this case. Seventy-five per cent of the male students in this universities are taking course in applied science. Of that number, twenty-five per cent have placed in the last four years only one man on the debating team. The "science" men that have received their degrees today realize that they have lost a great opportunity by not entering more enthusiastically into the work of the debating society.

Modern milling of the world's best wheat, naturally produces the world's best flour. Ask your grocer for the best and he will sell you PURITY FLOUR "More Bread and Better Bread"

of the last four years are not easily broken. To you, Mr. Chancellor and Gentlemen of the Faculty, we owe a great debt. As freshmen we entered these halls with the old, childish fear of an instructor and his rod. Instead of driving us you have acted as our guides along the path of learning. In the class room you have treated us as men and women. You have given us the best in culture and learning and your strong personality has won us to our highest endeavors. In your year to come, though of your Alma Mater will bring thoughts of you and what you have done for us.

To the Citizens of Fredericton we extend our thanks. With your proverbial hospitality you have entertained us in your homes, welcomed us into your churches, and smiled at our midnight rambles. THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MAY 12, 1921

2 BANDITS MAKE MIDDAY ROBBERY

Hold Up Detroit Street Railway Collection Car and Escape with \$28,800.

Detroit, Mich., May 12.—Two robbers armed with shotguns held up a Detroit United Railway collection car at 22nd and Illinois streets after 1 p.m. The two D. U. R. employees to take over the keys to the locks in the rear of the automobile, where the money secured, and stole boxes containing \$28,800 in cash and street car tickets at several hundred dollars. After getting the money and car tickets the bandits jumped into their automobiles and disappeared. Half an hour later the robbery, empty money boxes found lying in the street in front of engine house No. 30, Third and Ontario streets.

The D. U. R. collection car was in the care of Nelson Mitchell, who was a complete tour of all of the cars in the city and collected tickets taken in on Sunday by street conductors all over the city. The place Mitchell and Burch visited the Brush street car barns at Russell and Ferry avenue, and they driving down Russell street on way to the main offices of the D. U. R. at Jefferson and Bates street, three automobiles loaded with forms were taken into the curb at Illinois street.

Soon as Mitchell stopped his car, men, all armed with shotguns, pointed their weapons at Mitchell. Burch, the leader of the bandits, ordered Burch to give him the keys to the automobile.

The keys were handed over and others hurriedly unlocked the door of the automobile, and then the members of the gang who were not covered Mitchell and Burch with their own transferred the money boxes the collection car to their own automobiles, and when the transfer was all of the robbers jumped into cars and drove rapidly away, and Burch furnished the police a description of the robbers and the numbers of their automobiles.

DRIVING NEWS OVER THE WIRES

E. Northrup of Sussex, who was recently injured in Lawfield, Ga., while helping to move a large mill, has recovered sufficiently to go to his home. He was standing a stage and fell over backwards, striking his head, fracturing his back and breaking two ribs. He is still suffering from a defective vision.

Early this morning did considerable damage to the fine residence of O. M. McLean in Sidielias. The fire started in the kitchen and spread to upper part of the house. It was not until about 10:30 a.m. that a fire department found in the lonely woods of Colaraine, Quebec, has led the police believe that it is the bones of a man Lafrance, who disappeared last year in that vicinity. He was known to have considerable money on him at the time, and it is thought that he was upon and killed and his body was thrown into the bushes.

He broke out this morning in Sussex in the building which houses the shop of J. R. McLean. The alarm was rung in about one o'clock, and the fire quickly responded. Considerable damage was done to the stock and furnishings by water.

Those Nasty Little Pimples That Come On The Face Are Caused By Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles caused wholly by bad blood. Many a cheek and brow cast in the shadow of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimples face" rendered unappreciated.

Their presence is a source of embarrassment to those afflicted as well as a painful regret to their friends.

There is an effective remedy for these skin defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years. It drives out all the impurities from the blood, and leaves the complexion clear and healthy.

Mrs. James Williams, Waterford, Ontario, writes: "My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and said 'I should try Burdock Blood Bitters. I did so and used three bottles and found the pimples were all disappearing from my face, and now I have clear complexion again.'"

B. B. B. is manufactured only by the F. Milburn Co., Limited, Toronto, Ont.

PIMPLES ITCHED AND BURNED

Face Was Badly Disfigured. Cuticura Soap and Ointment Healed.

"Small red pimples and blackheads began on my face and my face was badly disfigured. Some of the pimples festered while others scabbed over and there were places where the pimples were in blossom. They used to itch and burn terribly. I saw an advertisement for Cuticura and I tried them. They stopped the itching and burning and I used four cakes of Soap and three boxes of Ointment which cooled me." (Signed) Miss V. A. Hayne, Stormont, N. S., Dec. 26, '18.

Soap 25c, Ointment 25c and 50c. Sold throughout the world. Cuticura Soap and Ointment, 15c. Cuticura Soap without name.

SIGNS OF RIFT

Improvement in Business Conditions in England and Italy is Reported.

Washington, May 12.—Some signs of a rift in the general cloud of business depression hovering over Europe were seen in England and Italy during April by United States economic observers, according to a monthly summary of world trade conditions issued by the bureau of foreign and domestic commerce.

In other European countries, however, and in South America with the exception of Peru, a continuation of the general industrial stagnation was reported. In the Far East, on the other hand, considerable financial and commercial activity was noted.

Except for the derangement of the industrial situation in Great Britain by the coal strike the business situation was reported as more hopeful. The financial situation was said to be improving and the cost of living decreasing.

The general condition of the Government finances in Italy was reported as more favorable with revenues increasing considerably. A decrease in exports was noted, but in view of recent price declines it was said that the volume of imports had probably increased. No improvement in France was reported, and in Germany an agitation was said to prevail for the boycotting of Eastern wares.

Depression of Scandinavian trade, both in manufacturing and in shipping was said to continue. Money was reported plentiful in China, as well as Japan. Belgian and German competition in paper, steel and hardware was said to be keen in Brazil, but little new foreign investment capital was noted as available.

Improvement in the Argentine market was observed, although stocks on hand are still very large.

CANADIAN SHOW IS BROADWAY HIT

New York Gives Good Reception to Dumbells' Biff, Bing Bang.

(N. Y. Times). Biff, Bing, Bang, a revue in two acts, presented by The Dumbells of the Canadian Expeditionary Force, at the Ambassador Theatre.

Principals—Ross Hamilton, "Red" Newman, Albert Plunkett, Jack McLaren, Alan Murexy, Arthur Holland, Fred Fenwick, Charles McLean, Bill Tennant, Frank Brayford, Tom Young, Ted Charters, Ben Allen, Morley Plunkett, Bobby Scott, Bert Wilkins, Percy Campbell, Arthur Witham, Arthur Nicholson and Captain M. W. Plunkett.

The Dumbells, one of the official entertainment units of the Canadian Expeditionary Force, brought their service show to New York last night at the Ambassador Theatre, after exhibiting it over a goodly part of the civilized globe. This sturdy group of performers—there are something over a score in the troupe—went overseas in the beginning for fighting purposes, but found themselves presently shunted into the entertainment division. They played their present revue, or much of it, through France, Belgium, England and Canada, and have found it so profitable that they have kept right on doing it, even though the immediate cause ceased long ago to exist.

Whatever they may have been in the beginning, the performers who make up the Dumbells have developed into successful actors, with plenty of assurance and sometimes a bit of space. Their

entertainment is called "Biff, Bing, Bang," and that comes pretty close to describing it. It consists of about fifteen musical numbers and two acts, played with plenty of dash and lightning speed. A lot of the show is excellent; most of the rest is good, and a little of it is not so good.

Nothing less than 50 per cent. deals with soldier life, and surprisingly little—considering that it is a Canadian entertainment—is local enough to mystify the Broadwayite. There are even indications that a bit of it was touched up for New York—there are references to Brooklyn, Yonkers and Babe Ruth, to say nothing of the fact that the curtain was raised twenty minutes late last night. Those parts that deal with soldier life are excellent—a song entitled "It's a Lovely War," admirably sung by one "Red" Newman, was one of the high spots of the evening, and a travesty on a garden party for soldiers was also highly appreciated by last night's audience.

The aforesaid Newman and a youth named Ross Hamilton are the most talented members of the company. Mr. Hamilton is a female impersonator upon whom Julian Edging has nothing at all, and Mr. Newman revealed a fine sense

of comedy. The remainder of the company are happiest when they are singing—there are a number of fine vocalists in the cast, and the ensemble work is of a high order. The show goes with a rush from start to finish, and the playgoer at large will enjoy fully 80 per cent. of it.

VICAR-GENERAL IS APPOINTED BISHOP

Rome, May 11.—Pope Benedict XV has appointed Very Reverend Thomas M. O'Leary, vicar-general of the diocese of Manchester (N. H.), to be bishop of Springfield (Mass.), in succession to Thomas D. Beaven, who died last year.

MUST FULFIL DUTIES.

All Classes of Bulgarian Society to Do Civic Work.

London, May 11.—All classes of society in Bulgaria have been called upon to fulfill their civic duties under the provisions of the compulsory labor law, which was adopted a year ago. The law provides that men who had attained the age of twenty years, and girls who were sixteen years old, were to be called upon for a certain amount of compulsory labor for the state. Men were to work twelve months, and women six months, and none was allowed to emigrate until duties imposed had been performed.

The number of persons coming within the scope of the law was 700,000, of whom 600,000 have been at work, the labor done comprising road making, sanitary services, digging of canals, street paving and the building of schools and reading rooms. At Sarghara several villages united in the work of draining a pond. Two bridges were built over the Topolnitsa River, while at Etropole an aqueduct had been prepared, several streets paved and four bridges constructed. These details are taken from a report issued by the International Labor Office.

POLICE COURT.

The case of Emmet Burke, charged with allowing a man to remain in his store with liquor in his possession, was taken up in the police court yesterday afternoon, but was postponed until Friday morning for judgment.

Matthew Ramsay pleaded guilty to having liquor in his possession other than in his private house. Inspector Thompson gave evidence of finding the bottle on the defendant, who had dumped something from a glass into a pail of water. The case was postponed until Friday.

The case of Albert Dougherty, charged with obstructing the police in the performance of their duty, was also postponed until Friday morning, and the case of Alexander Demerson, charged with running an ice cream parlor and

confectionery store on Sunday, was postponed to allow the prosecution to obtain further witnesses.

The executive of the N. B. Pharmaceutical Society held a meeting yesterday when arrangements were made for the annual meeting of the society, which will be held next month. The president, Stanley M. Wetmore, was in the chair.

There is Strength in Every Tablet

One dose often helps commence to enrich your blood and revitalize your worn-out, exhausted nerves—Nuxated Iron is organic iron, like the iron in your blood and like the iron in spinach. It is so prepared that it will not injure the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two Nuxated Iron—three times per day, after meals for two weeks. Then test your strength again and see how much you have gained. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

LOCAL NEWS
ENGAGEMENT.
Mr. and Mrs. Harry Chase of Central Waterville announce the engagement of their eldest daughter, Ada E., to Robert W. McElwain of the same place. The wedding is to take place in June.
BANK CLEARINGS.
Bank clearings here for this week were \$3,143,030; last year, \$3,821,965; in 1919, \$2,902,150. In Halifax this week the clearings were \$2,177,288; in Moncton, \$1,149,081.
NOVELTY SHOWER.
About thirty friends of Miss Ollie Harding gathered last evening at the home of Miss Nina Lewis, Mecklenburg street, and tendered her a novelty shower in honor of an event to take place in the near future.

AN HONEST MAN.
A citizen went into the United Cafe in Charlotte street last evening and in some way lost his pocketbook, containing a large sum of money. Today the proprietor, a Chinese, returned the pocketbook to its owner and declined to accept any reward.

FREDERICTON MARKETS.
In Fredericton market yesterday the prevailing prices were: Potatoes, per barrel, \$1; butter, per pound, 50 to 55 cents; eggs, per dozen, 80 to 85 cents; salmon, per pound, 40 to 45 cents; smoked gaspareaux, per dozen, 40 cents; seed beans, or quart, 80 cents; hay, per ton, \$80 to \$82.

BLIND CHICKS.
A hen owned by Fred Hector, Spar Cove road, hatched thirteen chickens. Six of the number were born blind, which is considered quite unusual. All are living, but the question worrying the owners is how the chicks will be able to get along without eyes.

NO MOVE EXPECTED.
S. S. Wetmore of Halifax, director of administration for the D. S. C. R. in New Brunswick and Nova Scotia, passed through the city today on his way home from Fredericton. He said he did not expect that the local office would be moved to Halifax and amalgamated with the office there, as had been reported some time ago.

ON HYDRO BUSINESS.
C. O. Foss, chief engineer of the N. B. Electric Power Commission, returned to the city yesterday from Newcastle where he, with other commissioners, was looking into the question of power possibilities on the Miramichi. He visited the Musquash site yesterday and this morning left for Fredericton.

MARRIED IN THE WEST.
Announcement of the marriage of Miss Mary Johnston, daughter of Mr. and Mrs. J. V. Johnston of Nashwaakia, and James A. Lane of Bashaw has been received. They were married in Bashaw, Alberta, on May 3. The bride is a graduate of the Provincial Normal School and for the last year has been teaching school in Alberta. The groom is the manager of the Bashaw branch of the Manning Sutherland Lumber Yards.

NORTH END FIRE.
Fire broke out about 12:30 o'clock this afternoon between two houses at 187 and 189 Main street, occupied by W. J. Savage and L. J. Hodd. An alarm was rung in from box 128 and the fire department quickly responded. The blaze was a hard one to get at and considerable damage was done. The parties in Mr. Hodd's residence suffered the most, as the fire worked up to that section. Mrs. Hodd, who was ill, was removed from the house.

AFTER FIFTEEN YEARS.
Charles Simpson and his son, Raymond, of Providence, R. I. are visiting Mr. Simpson's sister, Mrs. W. B. Campbell, 82 Leinster street. Mr. Simpson has not visited St. John before for fifteen years, and finds that many of his old friends are gone. He visited New Brunswick Lodge, K. of P. last evening. He is a past deputy grand chancellor of that order. Thirty years ago, Mr. Simpson was a brakeman on the St. Martin's and Upland railway and he will pay a visit to St. Martin's. He is employed with one of the largest produce firms in New England.

CAMPBELL-BROWN.
Last evening at the home of the officiating clergyman, Rev. Geo. D. Hudson, pastor of the Victoria street Baptist church, Miss Julia A. Brown, daughter of Mr. and Mrs. Frank Brown of Cumberland Bay, Queens county, was united in marriage to Charles M. Campbell of West St. John. The bride was attractively attired in a navy blue suit with hat to match and carried a bouquet of bridal roses. She was attended by Miss Glennie Buckley, and the groom was supported by Harold J. Clark. After ceremony Mr. and Mrs. Campbell left on a honeymoon trip through the province. On their return they will reside in West St. John. They will have the hearty good wishes of many friends for their future happiness.

WILLIAM MCCOLLUM.
Many friends in the city and vicinity will regret to learn of the death of William McCollum, which occurred at eight o'clock this morning at his residence, Eastmount. Mr. McCollum had been ill for a very short time, and his sudden death came as a great shock to his relatives. He leaves to mourn three daughters and three sons. The daughters are Mrs. J. S. Thorne, 37 Gilbert's Lane; Mrs. Mendall Morrell, Eastmount, and Miss Sarah, at home. The sons are John of Fredericton, Ernest of the R. C. G. A. and William at home. One sister, Mrs. Frederick Watson of 119 City Road, also survives. The funeral will take place from his late residence at Eastmount on Saturday.

HURT AT QUARRY.
An accident occurred to R. B. Smith of Hampton yesterday afternoon about 4:30 o'clock, at the Provincial Lime Co. quarry, Brookville. It was reported that Smith, who is an employee of the company, was standing on the run near the pulverizer at the quarry, and not seeing the engine approaching, he stepped between it and an upright deal. The engine ran into him and crushed him against the deal. He received the force of the impact in the region of the stomach and the pain was so intense that he lost consciousness. Mrs. Smith had him released, but it was some minutes before he regained consciousness. He was able to walk to the station and he was taken by train to his home at Hampton. He was not able to return to work this morning, but officials at the quarry said that from reports they had received they believed he had suffered no serious injuries.

An Attractive Showing of Dining Room Furniture
The three primary elements which most vitally interest the prospective buyer of dining-room furniture are paramount here at Everett's.
SCOPE FOR SELECTION—Although you will not find the commonplace here you will find within the range of your price limitations very extensive selections. **THE BEST STYLES** and designs are especially featured although selection is by no means confined to these.
IN WOODS—the beautiful mahogany, the rich walnut and attractive oaks predominate. The price range is so broad that almost every requirement can be met.
CORRECTNESS AND QUALITY—This store puts as much care and thought into the selection of every piece of furniture in its stocks as you would put into the selection of an individual piece for your home.
PRICE AND VALUE—Only upon the basis of values that are at least as good as you can get anywhere, under any conditions does this store expect your patronage. Your comparison of values must be the answer. Those who actually compare values almost invariably find that they can actually do better at Everett's. We invite your inspection of our offerings and your comparison of the values offered.

EXPECT SOMETHING SOON ON POWER COMPANY MATTER
Mayor Hopes for Word Within 24 Hours—More Work Suggested for Unemployment Relief—Repairs to the Exhibition Building.
Expectation of something tangible on the power company matter was expressed by Mayor Schofield at a committee meeting of the common council held this morning. The session was a brief one. The mayor presided, and all the commissioners were present except Dr. Frink, who is in Halifax attending the Good Roads Convention.
Commissioner Thornton was authorized to make repairs to the exhibition building and the fence surrounding the grounds at a cost not to exceed \$2,754, this amount being the unexpended balance of a sum paid last year by the militia department for repairs.
On the recommendation of Commissioner Bullock it was decided to sell to Thomas McCreedy, lot No. 2, Park Place, Manawagonish road, Lancaster, for \$500.
To Relieve Unemployment.
Commissioner Bullock suggested that a road be built running through Park Place, according to a plan prepared when the townsite was laid out. He said this would tend to open up the property for sale of lots and also provide work for some of the unemployed in the city.
The mayor commended the move, and on his suggestion Mr. Bullock agreed to take the matter up with the city engineer and bring in a resolution with plans, Douglas Avenue paving.
The mayor said that he had a report from the road engineer on the Douglas Avenue paving matter, but on account of the absence of Commissioner Frink and the fact that he expected to have something tangible on the whole power situation within twenty-four hours, he would not present it to the meeting. The road engineer reported, he said, that according to the law, the city could take the rails up for paving and could then refuse to allow the power company to replace defective or poor ties or rails. The mayor said that the city could fill in the track section temporarily until the matter was settled.
The mayor asked the commissioners to accompany him on welcoming the arrival of H. M. S. Valerian on Saturday. He said he had asked the commandant to advise the probable time of docking.

DISPOSE OF ONE PROBLEM, ONLY TO MEET ANOTHER
When Commissioner Frink announced that he was on the trail of the wanderer, it was heavily commended and expressed by the majority of the taxpayers. Then, when it was announced that a hater was on the job and that he was keeping the squares clear of the four-legged mendicants, the opinion was sunned up in two words, "big game stand".
But now comes the rift in the lute. Three meandering specimens were rounded up during the week and confined in the improvised pound in the city yards, Carmarthen street, where their howls of resentment and whines of anger have sadly disturbed the slumbers of the residents in the vicinity. Reports to this effect reached the authorities today.
Now the city is faced with the question, as to whether it is more profitable to impound the dog and preserve the flowers, or spare the dog and guarantee peaceful sleep to all the people. Verily, this is an exacting world!

FIGHTING CASE IN POLICE COURT
Nelson Nichols and Manser Eatman were before the police magistrate this morning charged with fighting in Main street and also with breaking a window in McColl's warehouse. Policeman Lindsay told of finding Nichols in the warehouse bleeding from a wound in the head. Sergeant Rankine said that from information he received from Nichols he and Policeman Lindsay went to Eatman's home and arrested him. Eatman, a colored man, had told the witness that Nichols had hit him for money and that Nichols abused him for not making it seventy-five, so he struck him. An eyewitness testified that the fight lasted for about fifteen minutes. Sergeant Rankine said that Nichols only got out of jail yesterday, having served a sentence for drunkenness. The two defendants were remanded. One of them first pleaded, not guilty but afterwards said he was mistaken and had made a "misword" as he meant to say he was guilty.

THE CADETS.
Lieut.-Col. A. B. Snow, officer in charge of cadets, returned last night after an inspection trip. He reported that at Sackville fourteen girl students had passed the examination and had obtained their certificates at the Provincial Normal School, Fredericton, where seventy students took the examination, the majority obtained "B" grade certificates, but some failed. Colonel Snow also visited McAdam, where he intended to establish a cadet corps. He held a conference there with Rev. D. McGuire and Rev. W. H. Lawrence, and it was decided that better results could be obtained if the organization of the corps were not commenced until the opening of school in September, as the boys were at present engaged with examinations for Boy Scout work. He found the people in McAdam very enthusiastic over the prospect of a cadet corps, however, and he feels confident that a large number of the boys will join the corps.

CLOSE TOGETHER.
A recent issue of the Canadian Railway and Marine Journal states that the birthdays of the manager of the Canadian Government Merchant Marine, St. John port agent and the marine superintendent fall on consecutive days. R. B. Teakle, born in Quebec, celebrates his on May 19; H. E. Kane, St. John port agent May 20; Captain E. E. Treford, marine superintendent, Montreal, on May 21 as the date.

THE EVENING TIMES AND ST. JOHN, N. B., THURSDAY, MAY 12, 1921

LOCAL MEN ARE BEST WORKERS

Tribute Paid to St. John Labor by Lock Joint Co. Manager

Three of Them Have Twenty-nine Children—1,000 Feet of Pipe Laid in Spruce Lake Main—Connection Made Yesterday—A Trip Through Yesterday—A Trip Through the Plant.

It is not often that one will find three men working together and representing as many as twenty-nine children in the three families, but such a case actually existed the other day on the work that is being carried on by the Canada Lock Joint Pipe Co., which is laying the new

84-inch reinforced concrete main from Manchester's Corner to Spruce Lake. The three family heads were working on top of the pipe forms; one had thirteen children, another nine and the third seven. They are all St. John men—in fact every one of the fifty-five men on the pay roll is a city taxpayer and many of them have wives and families. The work really affords employment to about seventy to seventy-five men, including the teamsters hauling the gravel, delivering the pipe and supplies, and the men working on the metal connections at the St. John Iron Works.

A representative of the Evening Times accompanied Charles J. Bruce, local manager of the company over the works yesterday afternoon and was shown the process of manufacture and placing of the pipe in the trench.

Process of Manufacture.

Every detail of the manufacture is carried out on the works. The reinforcement is made from half-inch square steel which is made into bands by being run through a set of rollers and is then tied with wire. Twenty-eight of these steel bands are placed in each twelve-foot length of pipe and are joined by six longitudinal five-eighths inch round steel bars, fastened on either end to the metal coupling bands. After assembling, the whole reinforcement is placed inside the concrete forms, made of steel, which stand on their ends, the inside form is placed and the concrete poured into it.

Twelve pipe lengths are made each

day. The concrete is mixed in two mixers operated by gas engines and is carried to the top of the forms by a derrick operated by a thirty-five horsepower steam engine. Left in the form for twenty-four hours the pipe is treated with steam, injected through a pipe running in at the bottom. The forms are then taken off and the pipes remain where they were cast for another forty-eight hours steam curing. They are then lowered on to their sides and rolled away for further seasoning in the open air.

Particular care is taken in the mixing of the concrete to see that the gravel and sand are fine and clean enough to give a good smooth finish. For this purpose motor-driven screens and cleaners are used to deliver the product to the concrete mixers. Each mixer has a capacity of eight cubic feet.

The delivery of the pipe from the factory yard to the trench is done with a three-ton motor truck which takes on length as a load. The pipe is loaded by means of an elevated platform, alongside of which the truck runs broadside.

Power is supplied on the plant by the thirty-five horsepower engine referred to before and six gas engines which run the screens, cleaners, mixers and the machinery used for the assembling of the reinforcement materials.

The men on the job, while all local men, do not have to return to the city each evening, but are supplied with quarters and rations at the rate of \$1.05 a day. The company erected a large frame dwelling for this purpose, the top floor being used as sleeping quarters and downstairs as cool-house and dining room. The office is also located in this building.

The culinary department is presided over by R. V. Mallet, formerly chef in the Victoria Hotel in Charlottetown. He cooks everything from pastry to potatoes. He has two assistants and the result of their endeavors is a well cooked, well served and nourishing meal. The Times man shared the meal with the men and gladly accepted the invitation to return some other day.

W. G. Chase, president of the Canada Lock Joint Pipe Co. was at the scene of operations yesterday and will remain for a couple of days. He is well pleased with the progress that is being made. Mr. Bruce, the local manager, said yesterday that the crew of men at work there are decidedly and without exception the best workmen he ever had with him on any job—and this union found that there were several applications for admission to the union. The president of the union, W. E. LeBlanc, occupied the chair.

The loading takes less than a minute and when it reaches the trench all that is required is to roll it from the motor to another elevated platform, raised on four wheels which span the trench and through which it is lowered to its position by a hand derrick. A lead gasket with a fibre core is placed in each joint, the joints are pulled together and the pipe is laid.

Nearly 1,000 Feet Laid.

Each joint weighs about three tons when completed and there will be 1800 of them used in the present job. About 350 have already been turned out, eighty of which have been laid. At the rate of twelve a day, it will require about four months more to complete the manufacture. The ditching is done by a Keystone excavator which does excellent execution in the gravel which is prevalent in that area. It might be of interest to know that this gravel makes excellent road material and the city has taken advantage of the fact and is using some of the spoil for surfacing on the Straight Shore road.

The Men's Quarters.

The men on the job, while all local men, do not have to return to the city each evening, but are supplied with quarters and rations at the rate of \$1.05 a day. The company erected a large frame dwelling for this purpose, the top floor being used as sleeping quarters and downstairs as cool-house and dining room. The office is also located in this building.

The culinary department is presided over by R. V. Mallet, formerly chef in the Victoria Hotel in Charlottetown. He cooks everything from pastry to potatoes. He has two assistants and the result of their endeavors is a well cooked, well served and nourishing meal. The Times man shared the meal with the men and gladly accepted the invitation to return some other day.

W. G. Chase, president of the Canada Lock Joint Pipe Co. was at the scene of operations yesterday and will remain for a couple of days. He is well pleased with the progress that is being made. Mr. Bruce, the local manager, said yesterday that the crew of men at work there are decidedly and without exception the best workmen he ever had with him on any job—and this union found that there were several applications for admission to the union. The president of the union, W. E. LeBlanc, occupied the chair.

He Wants all the World to Know

THAT IT WAS DODD'S KIDNEY PILLS THAT HELPED HIM.

Mr. Alfred Labbe, Who Suffered From Rheumatism and Backache, Tells Why He Recommends Dodd's Kidney Pills.

St. Honoré, via Armand, Que., May 11 (Special)—Mr. Alfred Labbe, a well-known and highly respected resident here, is recommending Dodd's Kidney Pills to all sufferers from rheumatism or backache. He has a reason.

"I suffered from backache and rheumatism," Mr. Labbe states. "I spent much money on other remedies. But it was Dodd's Kidney Pills that helped me. I work now and I am well. That is why I would like all the world to know about Dodd's Kidney Pills."

Dodd's Kidney Pills are purely and simply a kidney remedy. They strengthen the kidneys and enable them to do their full work of straining the impurities out of the blood. Healthy kidneys make a healthy body.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

PRICKS FINGER; DOCTOR IS DEAD

Needle Point in Operation in Philadelphia, Opens Way to Infection.

Philadelphia, Pa., May 12.—"This is the last of me" said Dr. Pierre Bergeron more than two weeks ago, when in the midst of an operation on a patient who had pleural pneumonia, he pricked his own finger with a needle. He continued to progress favorably since the operation. Dr. Bergeron, who was 51 years old, was born near Quebec and passed his early life there.

His patient, Thomas Boyd, an employe of the Metropolitan Opera House, has progressed favorably since the operation. Dr. Bergeron, who was 51 years old, was born near Quebec and passed his early life there.

See Lesser's adv. on page 7.

CRIME IN MONTREAL

One Company Ceases to Write Burglar Insurance Until Conditions Improve.

Montreal, Que., May 12.—The large increase in thefts in this city during the last year and the small percentage of goods recovered have led to drastic steps by one burglary insurance company which announced yesterday that it would stop writing burglary insurance until conditions improved. Several other companies announce that they are contemplating similar methods.

Chief of Police Bélanger, denying that a report that there had been 100 crimes committed this week within forty-eight hours he was true, admitted that there had been a large number. He said there were not enough men in the police department to cope with the present crime wave.

IN PARLIAMENT

Ottawa, Ont., May 12.—(Canadian Press)—Yesterday, in the commons, the Armistice Day bill, introduced as a private member's measure, was placed on government orders.

Hon. J. A. Calder, minister of immigration, brought down amendments to the immigration act. They place further restrictions on the immigration of Chinese.

Debate on the budget was continued by Hon. C. C. Bellantyne, Mr. Clark of Red Deer, Captain Manion of Fort William, Hon. Rodolph Lemieux and E. W. Nesbitt of North Oxford.

A resolution granting the request of the senate that permission be given to Hon. T. A. Cresser of Marquette to appear before the senate committee investigating diversion of Canadian trade was passed.

The house adjourned at 11:45 p. m. In the senate there was discussion of Lord Shaughnessy's letter on the railway situation.

Senator Power introduced a motion providing that in divorce cases the party whose misconduct led to the divorce could not re-marry. The motion was withdrawn after discussion.

RATIFY G. T. AGREEMENT

Railway Shareholders' Decision at Meeting in London.

London, May 12.—(Canadian Associated Press)—At a meeting of the shareholders of the Grand Trunk Railway Company, today, it was decided to ratify the agreement between the management and the Canadian government, which provides for the transfer of the control of the railway to the government this month.

Ladies' suits greatly reduced. See adv. on page 7.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives"

Little Mrs. Don, C. B.

"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-tives'. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous." ROBERT NEWTON.

50c a box, 6 for \$2.50, trial size 5c. (All all orders sent postpaid by Fruit-a-tives Limited, Ottawa.)

VICTORIAN ORDER OF NURSE

Progressive Legislation Has Been Recommended.

Ottawa, May 12.—Progressive legislation for the promotion of the Victorian Order of Nurses to become a legal factor in public health activities was recommended to the board of governors at the annual meeting Wednesday as a result of the conference of some five nurses of the order for the week.

The nurses ask that a centre be established where students will receive three months' intensive training, afterwards going to one of the branches a month's district nursing under supervision. The location of the centre is suggested, though it would probably favour Toronto in order to take advantage of the university facilities.

Report is made for a meeting on call to be composed of a representative from each nursing district to appear with the board of governors on provincial matters.

FAMOUS NURSE IS GIVEN HONOR TODAY

Washington, May 12.—The birthday of Florence Nightingale was celebrated today for the first time as "national hospital day" in nearly 8,000 hospitals throughout the United States.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MAY 12, 1921

ANNIVERSARY CELEBRATIONS IN THE TWO CHURCHES

The Boys' Athletic Association of St. Jude's church entertained the men of the congregation at a banquet in the school room last night, as a feature of the observance of the sixtieth anniversary of the church. The boys provided and served the banquet themselves and did it in excellent style. More than seventy of the men of the congregation were their guests. Rev. J. H. A. Holmes, the rector, as president of the association, as chairman and toastmaster. "The King" was given musical honors and Rev. Mr. Holmes then proposed the toast to "Our Parish of Victoria." He spoke

Produces a rich copious lather that actually softens the beard without "rubbing in"

MENNEN SHAVING CREAM

of the joy in celebrating the sixtieth anniversary and of pride in looking

back on so excellent a record. The senior warden, W. O. Dunham, replied in an appropriate speech. S. M. Wetmore, junior warden, proposed the health of "The Clergy." Rev. W. P. Dunham of Fairville, who was an old St. Jude's boy, in his reply spoke of the privileges of the vocation.

Frank Gardiner gave a reading midway in the programme of toasts and Rev. Mr. Holmes proposed the toast to the "Fathers." He said he recalled the word fathers, a signifi- cant not only the members of the congregation whose sons were in the church organizations but also the elder members of the fathers of the church had been the fathers of the parish. W. L. Harding replied in a fitting manner.

The toast to the "Boys of the Athletic Club" was proposed by Mr. Holmes, who told of the progress which the church had made in the course of its history. He spoke of the organization of young people which had marked the last year when the Girl Guides, the A. Y. P. A. and Boys' Athletic Club had all been formed. To this toast W. D. McLennan, captain of the track team, made an appropriate reply. He spoke of the coming McAvity meet and told of the part which the club members would take in the various events.

After the speeches a number of the men present joined the club as sustaining members.

An amusing comic sketch was put on by Preston Jennings, Harry Fowler and Allan Craig, and some clever tumbling was done by Preston Jennings and Allan Craig. A short programme of music was greatly enjoyed and when Auld Lang Syne and National Anthem were sung the party came to an end reluctantly.

In St. Mary's. The anniversary service held in St. Mary's church last night as part of the celebrations of the church's diamond jubilee was an impressive and stirring one. The clergy who took part in it were Rev. W. H. Sampson, rural dean; Ven. Archdeacon A. H. Crowfoot, Rev.

Canon G. A. Kuhring, Rev. W. B. Armstrong, Rev. Canon A. W. Daniel, Rev. R. Taylor McKim and Ven. Archdeacon W. O. Raymond. The choir led in the singing and also was heard in special music. The opening part of the service was read by Rev. Mr. Sampson and Ven. Archdeacon Crowfoot conducted the latter part. The first lesson was read by J. N. Rogers, who is the oldest lay reader in the Diocese of Fredericton. Stanley Olive, who read the second lesson, is now a member of St. George's church, but was formerly treasurer and overseer church warden of St. Mary's church. The whole tenor of the service was one of praise and thanksgiving.

Three addresses were given. Rev. Canon G. A. Kuhring, as the rector of the mother church from which St. Mary's was formed, spoke of the self-sacrificing work of Ven. Archdeacon Raymond and related how he had stepped into the breach when the smallpox epidemic scourged the city, how he had ministered fearfully to those afflicted at that time and how at all times he was on the lookout to care for the unfortunate. Canon Kuhring said that St. Mary's church owed its fine traditions to the splendid foundation laid by Archdeacon Raymond. He congratulated Rev. R. Taylor McKim also on the success of the church under his ministry and on its growth.

Rev. W. B. Armstrong gave an interesting sketch of the lives of each of the former ministers of the church, all of whom, except Rev. Joseph Williams, Mr. Armstrong had known personally. Canon Daniel spoke of the many links that bound him to St. Mary's church. It had been his father who had founded the Sunday school in the old Orange Hall in which the congregation originated. The first rector of St. Mary's, Rev. George Armstrong, had been his first rector and under his guidance Canon Daniel had been led to choose the ministry as his calling. The second minister of St. Mary's, Rev. S. B. Kellogg, had preceded Canon Daniel, as rector at Robb's Bay, and with the present rector he had this special bond of union that both were graduates of Wycliffe College.

Rev. Mr. McKim called upon Ven. Archdeacon Raymond to address the congregation and the Archdeacon heartily thanked those who had spoken so kindly of him. He congratulated the congregation on its record and its achievements. Each of the church organizations he

Makes light easily digested doughnuts

HUNGRY, romping children eat all the doughnuts they want—in homes where Mother uses Crown Brand Syrup when making them. It is a healthful, wholesome, highly nutritious food, recommended by highest authorities on diet. Fine as a spread, as a table syrup, for all baked dishes, icings and candies.

mentioned in turn and for each he had some particular commendation.

CARUSO IS RE-ENGAGED.

Will Appear in Metropolitan Opera Next Season.

New York, May 12.—The re-engagement by the Metropolitan Opera House of Enrico Caruso was contained in the announcement of the organization's activities for the coming season of 1921-22, made public this week. Five new operas

and four revivals are on the announced programme. The new operas will include Lalo's "Le Roi d'Ys," in French; "Die Hote Stadt," in German, by Erich Wolfgang Korngold; Rimsky-Korsakoff's "Siegfried," in French; Moser's "Cosa Fan Tutte," in Italian; and "Loreley," in Italian, by Alfredo Catalani. Revivals of Wagner's "Die Walkure," Massenet's "La Navarraise," and Verdi's "Traviata," and "Erman" also will be given with new settings.

Among the stars engaged are Amelita Galli-Curci and Titta Ruffo of the Chicago Opera, and Marie Jeritta, of the Vienna O. re. Manuel Salazar, a tenor well known in Canada; Louis Rossa, a baritone from the National Opera at Budapest; and two coloratura sopranos, Selma Kurz and Angeles Otberg, of the Buenos Aires Opera, conclude the list of foreign artists engaged for next season.

\$1,100,000 School for Deaf. Winnipeg, May 12.—Hon. Dr. R. S. Thornton, provincial minister of education, this week laid the cornerstone of the new \$1,100,000 Manitoba school for the deaf here.

In every room shared by two persons, Twin Beds, by all means! One sleeper does not disturb the other, or communicate colds or other infections.

THE "CAMBRIDGE" Design 1964—in Twin Pair. Aply named from its dignified design, recalling much of the very finest of New England architecture—Simmonds new Square Steel Tubing; seamless, smooth, beautifully enameled in the accepted decorative colors—Simmonds patented pressed steel Noiseless Corner Locks. Specially pleasing in Twin Pair.

If your dealer does not show you Simmonds Beds, Springs and Mattresses, you need only write to us. We will see that they are shown to you.

Free Booklets on Sleep!—Write us for "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep," and "Yours for a Perfect Night's Rest."

The Cattle Inquiry.
(Montreal Herald)

It is announced that the enquiry into the admission of store cattle into Great Britain free from the provisions of slaughter at the port of entry is about to commence. When the minister of agriculture lost his seat at a by-election over this question the government thought it advisable to dispose of it.

The terms of the reference to the commission are such as to indicate what the report will be. It is asked to ascertain whether abolition of the embargo would be a benefit to the country, and to decide whether it is advisable, having regard to the necessity for protecting the stock already here from disease, and restoring their numbers after the losses during the war period.

The terms are a pretty direct invitation to the commission to report against the lifting of the embargo. The Labour party is in favor of it on the point of cheaper meat, yet there is no representative of that party named on the commis-

WHITEWASHING
WHITEWASHING ORDERS promptly attended to. Phone Main 2698-5-13

Among its titled members there is not a single man who is engaged in the trade and who would know the difference between store cattle and fat cattle. The chairman is a lawyer. The Irish agricultural department is out with a pamphlet dead against the concession. It contends that it would not result in the cheapening of meat to the consumer, but by ultimate reaction would have, as one result, a shrinkage in home cattle-breeding. It is to be presumed that in some way the interests of Canada will be represented before the commission, but as yet no announcement of this kind has been made. The result is a foregone conclusion. In the face of an impending election the government must not afford to antagonize the cattle and dairy interests of the United Kingdom and it is quite evident they are taking no chances.

THREE STYLES BRIGHT NEW FOOTWEAR

For the Ladies, at Actual Manufacturing Cost, Plus the 3 Per Cent. the Government Takes

St. John, N. B., May 12, 1921.

To Our Customers: The new tax imposed by the government as a sales tax that the manufacturer must charge the retailers is three per cent. This means that when we buy a line of boots from the factory for \$5.00 we really pay \$5.15 for them. The \$5.00 goes to the manufacturer, the fifteen cents to the government. These boots come invoiced to us like this:

PERCY J. STEEL, ST. JOHN, N. B. TO BETTER FOOTWEAR MANUFACTURERS MONTREAL, DR.

| Sample No. | Quantity. | Description. | Price. | Total. |
|------------|-----------|------------------------------|--------|--------|
| A886 | 60 | Ladies' Calf Oxfords. | \$5.00 | \$300 |
| | | Government Sales Tax 3 p. c. | | \$9 |
| | | | | \$309 |

Now I am offering three lines of bright new Footwear to our customers at actual manufacturer's cost plus the government tax, so it will pay you to visit my store this week. My store is a nice place to do your Footwear buying. It pays you.

Ladies' Patent Leather One- Strap Slipper. Ladies' Mahogany Kid Oxford, A very neat one. It arrived in pure store Wednesday afternoon. It will cost you only \$3.65 a pair here.

Ladies' Black Kid Oxford, Medium Cuban heel. You will like this one. And the price is only \$3.65 a pair.

Better Footwear 511 Main Street, - St. John, N. B.

The volume of Reminiscences of the late Arthur Coleridge just published will appeal not only to those who knew and loved "A. D. C." but to all collectors and readers of good stories and anecdotes. His best stories are to be found under the heading "Circuit Reminiscences." Coleridge was for 64 years an official of the Midland Circuit, as Clerk of Arraigns and the Clerk of Assizes, and his personal experiences of judges and judges' clerks, counsel, etc., was exclusive and peculiar.

On Monday morning the ex-German Empruss Augusta-Victoria died of heart disease. She was one of the most colorless and uninteresting women who ever sat on a throne. She does not even seem to have been able to make very much of her dreary role of Imperial "Hausfrau." This was the part for which the Emperor, with the instincts of a theatrical actor, had chosen her. She did not even bring up her own children, and hardly even her own children, who had not enough to have drill sergeants. For her the Crown must have been a tragic ornament indeed. She lived the whole of her natural life with a haunting consciousness of her failure to live up to her position and effective, if showy, husband. Her failure to make any impression at all on her surroundings, her failure even to make an enemy, leaves one with a sense of abject pathos. As the world in complete and tragic ignorance that the world had changed beneath her. But, at any rate, if her life showed anything else it did show that despotism is an even greater tragedy for the despots than for the subjects.

There will be sold at PUBLIC AUCTION at Chubb's Corner, Prince William Street, St. John, N. CHANGE IN RULE OF ROAD TALKED OVER AT HALIFAX

(Canadian Press Despatch)
Halifax, May 11.—The extension of an invitation to the Canadian Good Roads Association in Victoria (B. C.), by Mayor R. J. Porter, of that city, the passage of a resolution urging the federal government to increase considerably the federal aid highways grant, the appointment of a delegation to urge upon the Nova Scotia provincial government the desirability of changing the rule of the road, "drive to the left," the suggestion that a great national conference of motorists should be held next year at some central point in the dominion, and the election of officers, formed the business of the annual meeting of the Canadian Automobile Association held today.

Lieutenant-Governor MacCallum Grant of Nova Scotia, was elected honorary president of the association, Dr. E. Doolittle, of Toronto, was re-elected president, and V. G. Robertson, of Toronto, was elected secretary treasurer the second term.

The matter of the suggested national convention of motorists, at which it is proposed, among other things, to discuss uniformity of traffic laws, and the spreading of information as to the scenic beauties of Canada with the idea of attracting touring parties, was left in the hands of the executive committee.

Interest was added to the discussion on traffic regulations when Hon. P. J. Veniot, minister of public works in New Brunswick, found it necessary to explain that New Brunswick's stand on the rule of the road matter had been accentuated by no motive other than of the best interests of public safety. New Brunswick was ready to change her "drive to the left" rule just so soon as Nova Scotia passed the legislation necessary to change the law of the Blue-nose province, he said.

In the evening the delegates attended the annual dinner of the Canadian Good Roads Association at the Halifax hotel.

PHYSICIAN IS NOT GUILTY OF DEATH

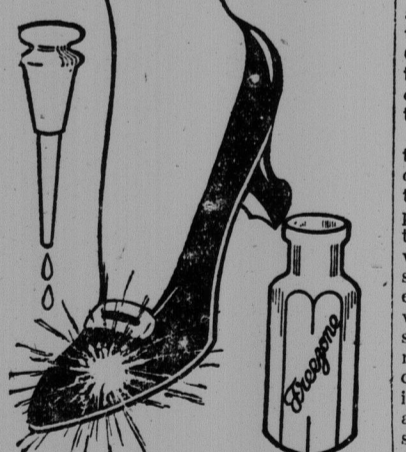

Toronto, May 11.—Dr. Percy Paed, charged with manslaughter in connection with the death of Miss Monica Kenney, of this city, on January 8 last, from the effects of a wrong drug administered by the accused, was found not guilty this afternoon. Another woman, Mrs. Emily Bond, died under similar circumstances about the same time and crown counsel Gordon Waldron, announced that in connection therewith a second charge of manslaughter would be laid against Dr. Paed.

How You Can Remove Every Trace of Hair

(Toilet Talks)
A stiff paste made with some powdered delatone and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed. Mix fresh as wanted.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between toes, and the calluses, without soreness or irritation.

Fixed-Income Securities

We can offer Government, Municipal and Corporation Bonds and also a few sound Preferred Stocks that will give investors a fixed income for short or long terms of years. Values of these securities will move up when interest rates move down, as they eventually will. The time to buy them is now. Write for particulars.

Ross Is Held For Trial In Perry Case

(Canadian Press Despatch)
Yarmouth, N.S., May 11.—Mansfield Ross, of this town, was today committed by Stipendiary Magistrate Petron, for trial on the charge of being an accessory after the fact in the murder of Captain George Henry Perry on February 26, last. Mrs. Perry, the captain's widow, is now in the Yarmouth jail, awaiting trial on the charge of murdering her husband.

GRATEFUL WOMEN

Gratitude and appreciation for health restored by that good old-fashioned root and herb medicine, Lydia E. Pinkham's Vegetable Compound, is what prompts many women from all parts of the country to write to the Lydia E. Pinkham Medicine Co. of Lynn, Mass., the letters of praise which we publish from time to time. Women who have always had their health cannot realize what it means to others, many of whom have suffered months and even years from such ailments, and are now well and happy through the use of this natural restorative, Lydia E. Pinkham's Vegetable Compound.

FOR APPOINTMENT OF MARITIME BOARD

Organization Which Would Look After Joint Interests of Three Provinces Urged in Resolution Adopted Here and Forwarded to Other Bodies.

The resolution adopted at the joint meeting of the Board of Trade and kindred commercial bodies of the city, on Monday evening last, has been forwarded to Hon. Clifford W. Robinson, acting premier of New Brunswick, and to the boards of trade of Halifax and Charlottetown, to be presented through them to the government of the province of Nova Scotia and P. E. Island respectively. It is as follows:

"Resolved that this joint meeting of the commercial organizations of the City of St. John, held under the auspices of the Board of Trade, does hereby approve the proposal to establish a Maritime Board of Industry and Commerce, with a permanent paid secretary, to be supported jointly by the provincial governments of Nova Scotia, New Brunswick and P. E. Island, the purpose of such board being to study all matters relating to the industrial and commercial interests of the maritime provinces, including policies relating to immigration and agricultural development; to obtain statistical information bearing upon these subjects; to advise and officially confer with the government of the province on the respective provincial governments and to promote uniform, harmonious and combined action for the development and furtherance of the interest of the maritime provinces as a whole, in whatever way may seem expedient."

"And further resolved that the premier and members of the government of each of the three maritime provinces be furnished with a copy of this resolution and requested to consider the appointment of such a board as herein suggested."

McGill graduates in medicine today include A. R. Parson, Bay of Roberts, N.B.

Recognition has been accorded the Oregon government of Mexico by the Austrian republic.

Better Suits

For Less Money

WHEN you look over the offerings of Men's Suits this season you'll find a bigger difference than usual between various stores, depending upon the extent to which they have liquidated and adjusted themselves to the new price level basis.

In this store you'll find that we have cleaned house; that we have swept out the old high prices; that we have new and attractive merchandise at the new low prices. And now to thoroughly convince you that our prices are down to bed rock, we have taken our readjusted prices and have made a further reduction. So that we are genuinely convinced that we are making the

BAN ON IMMODESTY.
French Minister of Justice Is Cleansing Stage.
Paris, April 27.—(By mail).—The after-war orgy of pleasure in cosmopolitan centres has developed so much during the license in Paris that the minister of justice has taken the matter in hand and called a sharp halt to the gradual shrinkage in the amount of dress worn on the stage and continual increase in looseness of speech.
Everything approaching obscenity must be cut out of stage representations, he declares, and dramatic artists and music hall singers must be clad. Otherwise, the artists and the directors responsible for the character of the attractions offered to the public will be prosecuted.
The press praises the minister for his courage and proposes a general movement in favor of the uplifting of dramatic productions.
TO ENCOURAGE HANDICRAFTS.
The Canadian Handicrafts Guild, Montreal, is again offering a large number of prizes for the best specimens of handicrafts of various kinds. There are classes for weaving, dyeing, design, lacemaking, embroidery, knitting, rugs, baskets, wood carving, pottery, metal work, bookbinding, sewing. No entrance fee of any kind. At an exhibition in the Art Gallery all the winning pieces will be shown, as well as all other entries that come up to the guild's standard.
Over \$400 prize money is offered.
The competition will be held in October, and prize lists are now available.
WRITE MORE LETTERS HOME.
This further decline in prices covers all grades of what are known as Bond and superfine line papers.

MUTT AND JEFF—JEFF GOES ON A QUIET HUNT IN SEARCH FOR TROUBLE

WHAT'S THE MATTER, OLD THING?
I WAS JUST THINKING, MUTT! I WAS JUST THINKING IF I HAD MARRIED FOUR OR FIVE YEARS AGO.
WHY CRY ABOUT IT?
WELL, I WAS THINKING THAT IF I HAD MARRIED AND BECOME THE FATHER OF A FINE BABY BOY! OH, DEAR! (SNIFF)
THAT WOULD HAVE BEEN FINE. LOOK AT ME! I'M THE FATHER OF LITTLE RICERD!
YES, BUT I WAS THINKING OF MY LITTLE SON WHEN HE WAS A YEAR OLD AND THE POOR LITTLE CHAD HAD GONE INTO THE KITCHEN—
AND CRAWLED INTO THE OVEN AND BURNED TO DEATH! JUST IMAGINE HOW I WOULD HAVE FELT! OH, BOO HOO HOO!
YOU POOR SAP!

INNOCENT SUFFER FOR OTHERS' CRIMES

A weakness in our social system which causes the innocent to suffer for the crimes of the guilty was exposed at yesterday's meeting of the Associated

Charities, when the story was told of the destitution of two wives and their children while their fathers are serving in long term in prison. The view was expressed that this province needs an industrial farm where such men could be set to work for at least a small wage to be given their dependents.

The secretary, Miss Grace Robertson, submitted her report for April as follows: Applications received, 162; requests for employment, 89; employment was found for 21; recommended, 41; asking relief, 21; Relief was procured for 20; records given, 20; visits made,

88; cases investigated, 18; clothing was given to 7.

Miss Robertson said there was still much unemployment and many families were in needy circumstances. She was given authority to give temporary relief in three urgent cases. The chairman, W. S. Fisher, remarked that conditions were far worse in many other cities than in St. John.

William Young, treasurer, reported a healthy balance on hand but said it would be necessary to raise more before next winter's work comes on. The board adjourned until October, the work meanwhile to be carried on by the secretary.

said, "to bring up a strong, active, virile population of our own born on the place, that is the surest way to develop this great land's resources. The organizations that help to that end are doing an enormous service for their country."

His excellency urged close co-operation between the order and the Red Cross Society. He suggested that the Red Cross use its prestige to develop public sentiment, and supply money for the work of the Victorian Order.

GOVERNOR-GENERAL GIVES ADVICE TO VICTORIAN ORDER

Ottawa, May 11—"The best immigration agent in the world is the cradle," said His Excellency the Governor-General, who occupied the chair at the annual meeting of the Victorian Order of Nurses board of governors in the Chateau Laurier, today.

"If we work together," his excellency

An interesting lecture on the Bible and how the authorized version was secured was given last evening in the Portland Methodist church by Rev. F. S. Porter, maritime secretary of the Canadian Bible Society. Views were shown of papyrus and old manuscripts from which the first versions were compiled. Pictures of Wycliffe and Tyndale were also shown on the screen. A large number of people were present and showed a deep interest in the subject. Mrs. Duncan Lingley was in the chair.

Ladies' suits greatly reduced. See adv. on page 7.

WANTS THE C. P. R. TO ABSORB C. N. R.

Ottawa, May 11—Consideration of Canada's railway problem occupied the senate today. Senator L. O. David drew the attention of the senate to the pronouncement of Lord Shaughnessy on the railway problem. Government ownership of railways had been proved in the United States, Russia and Canada to be a fallacy. Apparently Lord Shaughnessy had offered the only remedy for the railway muddle. The C. P. R. was an efficient organization and the effect of the scheme would be to amalgamate the bankrupt Canadian National system with a rich and powerful company. Senator Turiff opposed this idea.

Lady's dresses almost given away. See Lesser's adv. on page 7.
