New Drive To North; All Well On The Vesle

Germans Attack Heavily on Latter Front But Fail To Disturb Allies—Importance Attached To Fighting North of Montdidier — German Junction Point Menaced

Paris, Aug. 6.—Determined attacks which the Germans have been delivering against the Allied advanced guards north of the Vesle have failed to disturb the temporary stabilization of the Vesle front. The Allied command is retaining the initiative in this operation.

FRENCH REACH THE AVRE

Paris, Aug. 6.—North of the Vesle the Germans have been repulsed in efforts to dislodge French and American units which crossed from the north bank. The official statement from the war office today also reports a French advance to the Avre, north of Montdidier. They have reached the river between Broches and Morisot.

Prisoners were taken by the French in the repulse of a German raid south-east of Montdidier.

BRITISH HOLD THEM

London, Aug. 6.—German guns were active last night in the region north of Villers-Bretonneux, on the front north-east of Amiens. They threw gas shells in the British lines. The Germans attempted to pick off a British post in the district northeast of Marris, on the Flaners front, but failed under a British counter-attack. The British captured a few prisoners and machine guns last night in the Nieppe Forest sector (Flaners front).

"The hostile artillery has shown activity also about Bucquoy and north of Bethune."

ANOTHER IS SUNK BY THE SUBMARINE

Shooner Gladys J. Holland Is Attacked

REWARD FOR INFORMATION

Halifax Papers Make Offer—Sinking of Ambulance Ship—Chief of W. A. A. C.'s Loses Her Life

A Canadian Atlantic Port, Aug. 6.—The crew of the British schooner Gladys J. Holland have landed on the Atlantic coast, reporting their vessel sunk by an enemy submarine yesterday morning.

Halifax, Aug. 6.—The Halifax Herald and the Evening Mail today offer a reward of \$8,000 to any person who will supply information of the location of a base on the Nova Scotia coast, or the seaboard of the Bay of Fundy, used by the German submarines now operating in the north Atlantic waters and which information will lead to the seizure and destruction of said base or bases.

Halifax, Aug. 6.—The Halifax Herald and the Evening Mail today offer a reward of \$500 to anyone giving information that will lead to the first arrest and proper punishment of "any" of the enemy agents who it is alleged by the Herald, infest Halifax.

Ambulance Ship Sunk

London, Aug. 6.—As the ambulance transport Warilda was returning from France a German torpedo struck her, penetrating the ward room where patients were accommodated. It is not known definitely what the loss of life was, though 122 were later reported missing.

After being torpedoed the ship remained afloat for two hours and a quarter. Five boats were launched, but before they could be cleared they were smashed and many of their occupants were drowned.

Destroyers rushed to the spot where the submarine was seen to submerge and dropped depth charges. More than 650 survivors have been landed at a British port.

Chief of W. A. A. C.'s Loses Life

London, Aug. 6.—One of the women lost in the torpedoing of the ambulance transport Warilda was Mrs. Violet Long, chief controller of the British Women's Auxiliary Corps, better known as the "Tommy Waxes." With her sister, Mrs. Long started the work of the corps early in the war.

Mrs. Long, witnesses say, became entangled in ropes as she was being placed in a boat and was caught between the boat and the side of the ship. She was injured seriously and begged to be released, but there was no way to help her. Finally the small boat went adrift and Mrs. Long disappeared into the sea.

A Canadian Atlantic Port, Aug. 6.—Two additional boats containing members of the crew of the Imperial Oil Company's tanker Lux Bianca, which was torpedoed yesterday afternoon were towed into port today. The captain of the steamer is J. Thomas, of Newport, Penna. Among the other members of the crew was W. McLaren, of Georgetown, P. E. I., second engineer, and J. McDonald, Charlottetown, P. E. I., boatswain.

The German Morale Is Badly Shaken

London, Aug. 5.—(Through Reuter's Montreal Agency)—The ebbing of the German morale under the influence of recent events is very real and is somewhat widespread among the rank and file. The high command is paying the penalty of its policy of concealment and misrepresentation of facts. Prisoners are unanimous in discrediting Ludendorff's statements and generally agree that 60,000 prisoners and 800 guns have been captured since July 12.

PLANNED TO MAKE A STAND SOUTH OF VESLE

Allies Come Across New Trenches and Emplacements STIFF FIGHTING AHEAD

Resistance Between Rheims and Fismes—From American Headquarters Comes Intimation of "Decision of Intense Significance" Drawing Near

London, Aug. 5.—Reuter's Limited correspondent at American headquarters in France in a despatch timed 1 o'clock Monday says: "The rapid advance of the last two days has become slower and steadier, not only owing to the fresh show of enemy resistance, but from the necessity of getting the implements of battle again into their proper positions."

"The German retirement throughout has been conducted with the greatest skill and not a single man or gun has been used to delay our advance that was absolutely necessary for the purpose. Consequently only a very small force of the enemy was left facing us when the final order came to them to withdraw to the Vesle, and this force, with a few hours' start, had no difficulty in eluding us."

"The most interesting fact of the pursuit was the discovery of defensive positions, indicating the intention of the Germans to hold an intermediate line south of the Vesle. These trenches were in newly turned earth and had not been occupied. The gun emplacements and sand bag revetments had just been finished and the blockhouses were of concrete only recently set."

"Although we are practically along the Vesle, we are not actually there at all points. The enemy is making a resistance between Fismes and Rheims, treating the hills between the Ardre and the Vesle as the outwork of his positions northward of the Vesle, from which he doubtless intends, if only temporarily, to oppose our progress."

"This country between the rivers is as difficult as any our advance has encountered and doubtless there will be some sharp fighting before the Rheims half of the river is actually in our hands."

"It is not likely that the Germans intend to incorporate the long level ridge between the river in their final line, since it has weak points on either flank, to say the least of it. Their old line north of the Aisne is very much stronger."

"We are nearing a decision of intense significance for the future, but the few days probably will be occupied in operations which will only clear the way to it."

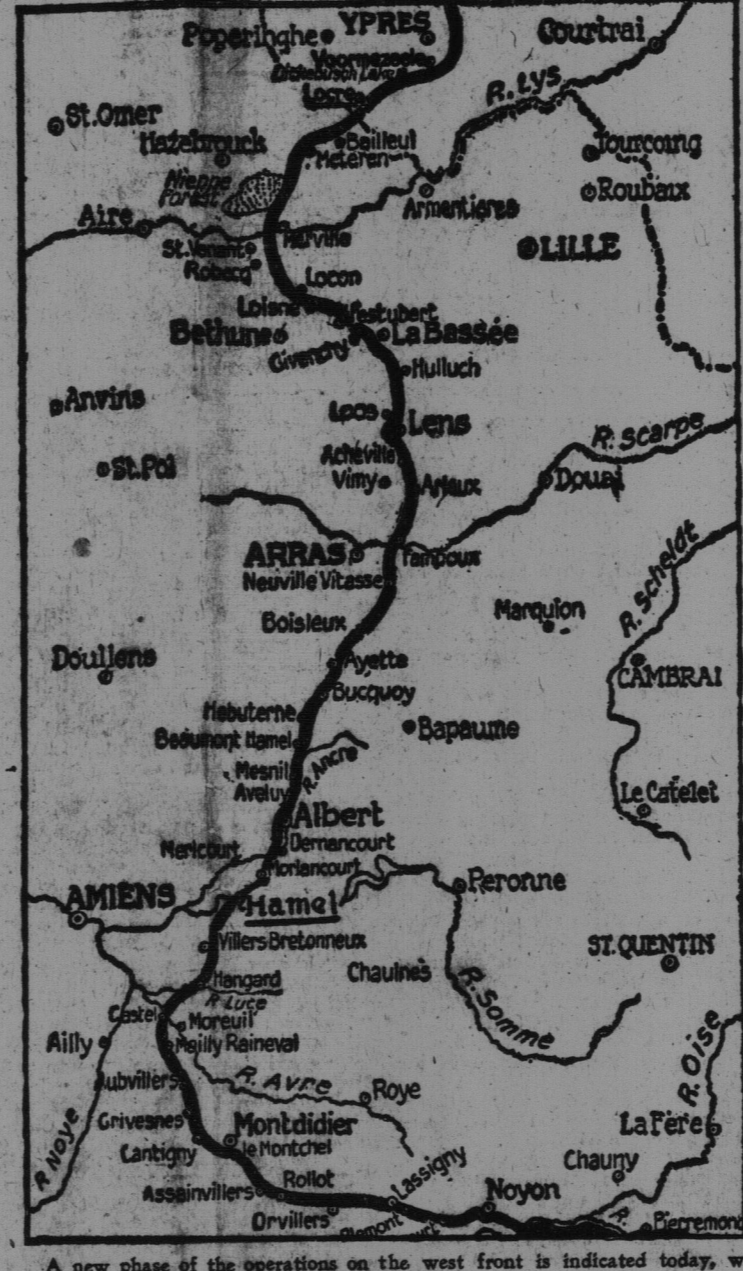

LOSE ZEPPELIN IN ATTEMPTED RAID ON COAST OF ENGLAND

London, Aug. 6.—Five hostile airships approached the east coast of England about half past nine o'clock on Monday night and were attacked while still at sea. The enemy aircraft did not penetrate far inland. One of the enemy craft, a Zeppelin, was brought down forty miles from the coast. Another airship was damaged, but probably succeeded in reaching its base.

JUDGMENT ON AUG. 13

The police magistrate this morning rendered judgment in the case of John Hold and Robert London, charged by John Kenney, factory inspector, under the Factory Act, with operating a boiler and engine in the Marine Construction Company's plant without having a license. As neither one of the defendants was present, the magistrate set the case over until August 13. In the meantime Mr. Kenney is to visit the plant and report how things are being conducted. D. A. Saker, manager of the plant, and Kenneth MacRae, lawyer for the defence, were present in court.

FIGHTING SWINGS TO NORTH

A new phase of the operations on the west front is indicated today, with fighting in the vicinity of Montdidier and Amiens.

IN MEMORY OF OUR GALLANT DEAD

Impressive Scene in France as Graves of Soldier Heroes Are Decorated

LACEY AMY, Special correspondent of The Evening Times with the Canadian forces in France.

NO ALLIED FORCE WITH RICHER SHARE OF HONOR THAN OURS

High Tribute Paid to Canada By London Telegraph—"Reservoir of Magnificent Manhood, Indispensable Base of Supplies"

London, Aug. 6.—(Canadian Press from Reuter's Limited)—Referring to the British cabinet in August, 1914, pledging Canadian assistance, and which was mentioned by the Duke of Connaught at the Canada Club, the Daily Telegraph says:—"It is well to be reminded that this statesman, whose recent speeches among us have so clearly rang with a resolve that is still unshaken among the free communities of the empire, was among the first to proclaim that solidarity of the dominions with Great Britain in the struggle against the enemy."

The part played by Canada has been completely worthy of the high confidence which dictated Sir Robert Borden's message. Canadians have made for themselves an imperishable name in the history of arms and there is no allied force with a richer share in honor."

Only recently Canada set the seal on her military undertaking by receiving Sir Robert Borden in an election nomination by the question of compulsory service. He will return home with the knowledge that Great Britain stands unmoved in resolution and is not unworthy of the devotion and loyalty which his country, with the rest of the empire, continues to prove on the battle field and not less in the farms and

work-shops. The Dominion of Canada has been not only a reservoir of magnificent manhood, but an indispensable base of supplies."

Maritime—Moderate northwest to north winds, generally fair today and on Wednesday. Superior—Moderate winds, local showers, but partly fair and warm. Manitoba—Local showers today, Wednesday fair. Saskatchewan and Alberta—Generally fair and moderately warm today and on Wednesday. Washington, Aug. 6.—Forecast: New England—Generally fair tonight and Wednesday; continued warm, moderate winds.

MYSTERY SHIPS OF BRITAIN TOLD OF

Cunning Methods of Dealing With The Submarines THE GERMANS TRAPPED

"Woman and Baby" Sink One of the U-Boats—A Hay Stack That Proved a Surprise to The Huns

London, Aug. 6.—(Canadian Press despatch from Reuters Limited)—Interesting revelations regarding the work of British mystery ships which have played an important part in anti-submarine warfare are made by the naval correspondent of the Times. They show how British seamen have met German craft and cunning. Until this week the public has known nothing about the mystery ships, known in the navy as the "Q's," although several officers, notably Captain Gordon Campbell, have been decorated for their services on these vessels. Details now can be made public, as the Germans are becoming aware, through bitter experience, of the methods used against them.

(Continued on page 2, fifth column)

VON CAPELLE TO GO

German Minister of Marine Reported About to Resign

Zurich, Switzerland, Aug. 6.—Admiral Von Capelle, German minister of marine, will resign soon, according to Berlin despatches.

Von Capelle succeeded Admiral Von Tirpitz as German minister of marine in March 1916. His reported resignation may have some connection with the retirement of Admiral Holtzendorff, head of the naval general staff, announced on August 2. Several days before his announced retirement, Von Holtzendorff had apologized for the failure of German submarines to sink transports.

NO NEW BRUNSWICKERS IN TODAY'S OFFICIAL LIST

Ottawa, Aug. 6.—Today's list of ninety-two casualties includes sixteen killed in action, one died, one missing, seventy-five wounded, five gassed and four ill. Those from the maritime provinces follow:—

INFANTRY. Wounded. Lieut. C. A. Evans, Halifax. H. Smith, Yarmouth, N. S. H. A. Dickson, Dartmouth, N. S. S. Haves, Westville, N. S. F. Nicholson, Baddeck, N. S. Gassed. F. Snow, Canso, N. S. ENGINEERS. Wounded. W. F. French, Bay Roberts, Nfld. J. D. McCormack, Launceston, P. E. I.

WATCH YOUR STEP—ALSO STAMPS

A man in Kingston, Ont., was fined \$5 and costs on August 1 for omitting to affix a war tax stamp on a check which he made on a bank. The check was for \$100. The officer in St. John says that up to date no such offence has been reported at his office. The recipient of a neglected check or note usually affixes the stamp, but a bank official or any person in whose favor an uncancelled check is made out is quite within his rights to lay a charge for such omission and the fine will be imposed. The maximum penalty is \$20.

In the Upper Canadian case the man who got the check and laid the charge was getting the "G. B." from the school official and the check represented his discharge money. Noticing that it did not have a war stamp he reported the matter and got \$5 worth of sweet revenge. In court he said he did not do it for spite, merely in support of union government, which caused a smile, as the stamp order was issued prior to the last general election.

THE DORNFONTEIN

G. Heber Vroom of the firm of Vroom & Arnold, left this morning for a place on the coast where the hull of the ill-fated schooner Dornfontein is lying. He expects to arrive there this evening or tomorrow morning and will then make a thorough inspection of the hull.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

REALLY GOOD BILL AT OPERA HOUSE

The Opera House vaudeville programme for tonight includes Chester Kingston, surprise contortionist and a good one he is too; Donny and Lynn in songs, dances and witty sayings; Mildred Hayward, singer of good songs; Boston and Vaughn in a most laughable comedy skit, and the spectacular scenic novelty, The Girl in the Moon, twice in the evening—how it is done is a mystery and everybody has a chance to go on it. With the vaudeville tonight will be seen the current chapter of the serial, "Vengeance and the Woman."

CIVILIZATION AT GEM FOR A NICKEL OR DIME

Everybody will wonder when they see "Civilization" at the Gem tomorrow, Thursday and Friday, how it can be shown for only five and ten cents. It is one of the most stupendous pictures ever made and has commanded prices all the way to \$2. Eight reels of mammoth picture, amazing and wonderful. See page 7 for more details and fix your time for seeing it. Remember, only five and ten cents.

ANOTHER PICTURE LIKE "THE PRICE OF A GOOD TIME"

The splendid jewel production, "A Soul for Sale," now showing at the Imperial, is of the type and character of "The Price of a Good Time," which created such a furore a short time ago. It is a sociological story and features Dorothy Phillips, the beauty queen, and Albert Roscoe, the doctor, in "The Doctor and the Woman." For elaborateness and intensely absorbing story, the picture is truly remarkable and brings the two questions of protecting a thieving mother or abandoning a happy future with the boyancy which brings contrast. The Imperial was packed yesterday, and this evening's clear weather will doubtless induce big attendance again tonight.

SEAT SALE FOR "EVERYWOMAN" THURSDAY

The seating plan for the Henry W. Stage production of "Everywoman" at the Imperial on Friday and Saturday, the 10th and 11th next, with Saturday matinee—will be placed on display this week, starting at 10 o'clock. The identical company that presented this great show last year is to come here again. There are sixty-five people in the troupe and three cars of impedimenta. Prices are \$1.50, \$1.00, 75c. and 50c.

THE GEM-TONIGHT "A Camouflage Kiss," five glowing reels with June Caprice, and "The Eagle's Eye," last time Gem tonight at 7:15 and 8:45. (Open) Only five and ten cents.

IN WALL STREET.

New York, Aug. 6.—Stocks relinquished at the irregular opening of today's trading much of the buoyancy which marked the final hour of yesterday's session. Leaders, including U. S. Steel, were hesitant or slightly reactionary, while specialties in the several groups represented by Baldwin Locomotive and American Can, tobacco and oils, were lower by large fractions to a point. The only noteworthy movement among rails was the decline of a substantial fraction in B. & O. Noon Report.

LIQUOR CASE

The case of Edward Burks, charged with supplying liquor to William Padlock, a returned soldier, on May 5 and 6, was before Magistrate Ritchie this morning. William M. Ryan appeared for Burks. As the charge read to the effect that this was a second offence, Mr. Ryan took objection until a first conviction was proven. Mr. Henderson, the police clerk, went on the stand and proved the first conviction. Burks then admitted supplying liquor to Padlock on May 5 but denied selling him liquor on May 6. The case was set over until the latter part of the week.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

MacKinnon—On Aug. 5 to Mr. and Mrs. D. T. MacKinnon, 52 Brussels street, a son.

DEATHS

McANULTY—In this city, on the 5th inst. at her residence, Mary Emma, beloved wife of James McAnulty, and daughter of the late Hugh and Ellen Gillen, leaving her husband, three sons and one daughter, one brother and three sisters to mourn.

AUSTRIANS SEE THAT DEFEAT IS COMING

Washington, Aug. 6.—That man-power will be the determining factor in the war and that the numerical superiority of the Entente is increasing daily are two admissions publicly made in Austria which have caused great despondency throughout the empire, according to advices reaching Washington today. The Arbeiter Zeitung, of Vienna, states that the French and allied victory on the west front has visibly produced a profound impression among the

THE ALLIES MAIN TROOPS AT ARCHANGEL

Russian People Greet Them With Enthusiasm

Japanese Reported Ready To Go Further in Combating Hun Menace in The Far East

London, Aug. 6.—Official announcement of the landing of Allied forces, naval and military, at Archangel on Aug. 2 was made today. The landing was in concurrence with the wishes of the Russian population. It is said, and created general enthusiasm.

Tokio, Saturday, Aug. 3.—(By the Associated Press)—Premier Count Teruchi, in a statement concerning Allied action in Siberia, said the Japanese government would take further military measures in case the position of the Czech-Slovaks demanded it. The premier also indicated that if the chaotic situation in Siberia continued the government might find it necessary to adopt suitable military measures to combat the Austro-German menace in the Far East.

Washington, Aug. 6.—Czech-Slovak forces in Siberia will remain there and co-operate fully with the Allied forces being sent to their assistance.

Amsterdam, Aug. 5.—Government circles in Moscow are agitating for a "temporary union" with Germany, according to a letter from that city, dated July 26, which is printed in the Frankfort Gazette.

Amsterdam, Aug. 6.—Delegations from the governments of Russia and Finland have opened conferences in Berlin for the conclusion of a peace treaty between Russia and Finland, according to advices received here.

London, Aug. 6.—The western Chinese frontier authorities have reported that the rebellious Tibetans against China.

ORANGE GRAND LODGE OFFICERS

Charlottetown, Aug. 5.—The following are among the new officers of the Orange Grand Lodge of British North America:

Grand master, H. C. Hocken, M. P. Toronto; deputy, G. D. Wright, Charlottetown; grand chaplain, Capt. (Rev.) Wardlaw, Lunenburg, N. S.; grand secretary, William Lee, Toronto; grand treasurer, Jos. Thompson, Saskatchewan; grand lecturer, W. G. H. Armstrong, Saskatoon; grand D. O. C., William Crawford, Toronto; deputy grand lecturer, Francis Kerr, St. John, N. B.; Geo. T. Crawford, Charlottetown; Neil Stewart, Sydney, N. S.

At the meeting of the Ladies' Grand Orange Benevolent Association Miss G. Starkey, St. John, was elected M. W. grand mistress; Sister Woodland, St. John, M. W. grand D. O. C.

DIVORCE JUDGMENTS

Fredrickton, Aug. 6.—Judgments were given this morning by Judge Crockett in the divorce cases. Two decrees of divorce a mensa et thoro were granted and two decrees of absolute divorce. In a fifth case his honor granted no decree, leaving the case open for presentation at the November sitting, if so desired by the plaintiff, of evidence to corroborate that of the sole witness produced to prove the charge made.

In the case of Eleanor Louise Cunningham vs. William Henry Cunningham a decree of divorce a mensa et thoro was handed down. This case was for alimony to stand. This case was from Lorneville, St. John county.

In John Malloy vs. Alberta Beat Malloy, a case from Kings county, stands to give the plaintiff an opportunity to produce corroborative evidence.

In Mary Louise Gormley vs. William Gormley, a St. John case, divorce a mensa et thoro with costs, was granted. In the case of Maria Hatheway vs. Rainsford Hatheway, a divorce with costs was granted. This case was from Victoria county.

CORN AND OATS

Chicago, Aug. 6.—New advances in the corn market today resulted from the heat wave, but were not maintained. The irregular rally at midday was led by United States Steel, which recovered much of its decline. Columbia Gas and Ohio Gas were exceptionally strong. Liberty 3 1/2's again sold at par.

Provisions were steady with a light trade.

Automobile Parties. Fredrickton Gleaser.—Automobile arrived at the Queen Hotel on Sunday. One from St. John included Mr. and Mrs. H. P. O'Toole, E. P. Scully, and Miss E. K. Cotter. Another included L. R. Ross, Audrey Ross and C. E. Lordy, St. John, and Miss Doris Walker, Fredrickton; A. B. Cummings and wife, and N. W. Coates and wife, Havelock, and A. J. McKnight, Boston, came to town yesterday from Havelock. Among those who motored from St. John yesterday were E. W. Bonnell and C. J. Grant.

Washington, Aug. 6.—That man-power will be the determining factor in the war and that the numerical superiority of the Entente is increasing daily are two admissions publicly made in Austria which have caused great despondency throughout the empire, according to advices reaching Washington today.

The Arbeiter Zeitung, of Vienna, states that the French and allied victory on the west front has visibly produced a profound impression among the

WHEN A SOLDIER IS DISABLED

It is not always from wounds. A great many men are disabled through foot trouble. Even the bravest man cannot "carry on" if he is suffering from sore feet. Hence the necessity for Zam-Buk to keep the soldiers' feet in good condition.

A military authority in "The War Office Times" says: "If every man in the service were supplied with a tin of Zam-Buk it would, in my opinion, greatly add to the efficiency of the army."

For blisters, cuts, scratches, burns and sores of all kinds Zam-Buk is unequalled. All dealers 50c. box.

MYSTERY SHIPS OF BRITAIN TOLD OF

(Continued from page 1) How a "woman and baby" accounted for a U-boat is told by the correspondent. The submarine ordered a vessel to surrender, and fired a few shots into her. The boats then left the ship, leaving on board a woman who ran up and down the deck with a baby in her arms as if mad. The U-boat came alongside the vessel and the woman hurled the "baby" into the open hatch. The "baby" exploded and blew out the bottom of the submarine. The woman was decorated with the Victoria Cross.

The correspondent says that the first mention of a mystery ship was the case of the Baralong, which on Aug. 19, 1915, sank a U-boat after the torpedoing of the British liner Arabic. It will be remembered, he says, that the German government protested that there was nothing to indicate the Baralong's warlike character. The Baralong case was probably not the first in which a ruse was used, and since then the disguising of armaments as innocent merchantmen for dealing with submarines has attained considerable dimensions.

"Howls and moans," adds the naval correspondent, "went up in Germany about treachery of British seamen, but the German allegations curiously ceased at the beginning of 1916. These allegations were a typical example of German mentality for they ignored the fact that in every case the U-boat was an actual or potential assailant and any ruse of war is considered legitimate by them except when employed against Germany."

It should not be forgotten, he continues, that the Germans designed mystery ships for commerce destruction. The British commanders showed much ingenuity in devising plans for trapping submarines. The American lines also were subjected to a heavy fire from German 100's and late in the afternoon the enemy raked the hill tops with various kinds of gas shells. The big gun duel soon became so violent that observations were difficult and maps had to be used.

WAR MATTERS OVER STOCK BROKERS WIRE. (J. M. Robinson & Sons, Private Wire Telegram.) New York, Aug. 6.—On British front enemy gives up section near La Bassee. Penna. R. Swift & Company, Armour & Company, indicated charged with giving and receiving rebates.

Premier George on fourth anniversary of England's entrance into war asks people to "hold fast" and promises victory near. Allies military experts in Washington believe Foch will order offensive on all fronts before winter.

BURIAL TODAY. The funeral of Mrs. Florence Steele took place this afternoon from her late residence, Loch Lomond road. Services were conducted by Rev. G. A. Kahring. Interment was made in Fernhill.

Captain Gordon O. L. Campbell, then a commander, was decorated with the Victoria Cross and the D. S. O. in 1916, being the first to receive these orders without the nature of his heroic deed being made public.

NEW DRIVE TO NORTH: ALL WELL ON THE VESLE

(Continued from page 1) At the moment, therefore, it would appear that the Germans do not contemplate any offensive on these parts of the line, at least for some time to come. The German troops, released by the shortening of the line may be destined to be transferred from the armies of Crown Prince Rupprecht to those of the German Crown Prince. Incidentally, it is reported that another division from Rupprecht's forces was identified yesterday in the fighting south of Soissons.

PULLING HIS FORCES TOGETHER. With the French Army in France, Aug. 6, Morning—(By the Associated Press)—The German Crown Prince is now reconstituting his shattered divisions behind the lines with the aid of the remainder of the 1919 recruits, in the opinion of General Mangin.

Some of the German divisions which took part in this battle had their company strength reduced to fewer than fifty men, some of the companies even still further depleted. In addition, some of the best divisions of Crown Prince Rupprecht of Bavaria were used, having been loaned the Crown Prince from the armies further north.

TRY TO STAND FOR TIME AT VESLE. Paris, Aug. 6.—German resistance north of the Vesle is being continued, the enemy rear guard standing determinedly along the heights overlooking the river crossings, where the French light elements have passed beyond the river are encountering them, says the Havas Agency. The Germans are trying to prevent further Allied crossings.

There is general agreement among the military critics that the Germans will not be able to remain long in the region between the Vesle and the Aisne, where their position is considered untenable.

FISHES FIGHT HOTTER FOR AMERICANS. With the American Army on the Vesle, Aug. 5—(By the Associated Press)—American troops today held on to Fismes and all other gains, notwithstanding terrific artillery action by the Germans and in the face of every opposition, threw patrols across the Vesle at several places. French troops to their right and left also only went about the completion of their plans and also moved patrols across the river, the German artillery failing to stop them.

The American lines also were subjected to a heavy fire from German 100's and late in the afternoon the enemy raked the hill tops with various kinds of gas shells. The big gun duel soon became so violent that observations were difficult and maps had to be used.

WAR MATTERS OVER STOCK BROKERS WIRE. (J. M. Robinson & Sons, Private Wire Telegram.) New York, Aug. 6.—On British front enemy gives up section near La Bassee. Penna. R. Swift & Company, Armour & Company, indicated charged with giving and receiving rebates.

Premier George on fourth anniversary of England's entrance into war asks people to "hold fast" and promises victory near. Allies military experts in Washington believe Foch will order offensive on all fronts before winter.

BURIAL TODAY. The funeral of Mrs. Florence Steele took place this afternoon from her late residence, Loch Lomond road. Services were conducted by Rev. G. A. Kahring. Interment was made in Fernhill.

CONDENSED NEWS. At a conference held by the generals of the northern Chinese army it has been agreed to nominate Hsu Shih Chang, former vice-president, for the presidency.

PROBATE COURT. In the matter of the estate of Orland Padlock, letters of administration have been granted. Kelley & Ross are executors.

REGISTRATION FIGURES. Ottawa, Aug. 6.—Practically complete returns of the man and woman power of the dominion were announced today by Senator Gideon Robertson, as the result of the registration taken on June 29.

With returns from a few points to come in, 4,811,646 people have registered. This would indicate the present population of Canada more than eight and a quarter millions, exclusive of those now overseas.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief

Verona, Ont. "I suffered for a number of years with Rheumatism and severe Pains in my Side and Back, caused by strains and heavy lifting.

When I had given up hope of ever being well again, a friend recommended "Fruit-a-lives" to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine."

"Fruit-a-lives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. — sent in postpaid by Fruit-a-lives Limited, Ottawa.

PAID MURCHIE TO REDUCE THE RETURN OF CUP

(Continued from page 1) To Mr. Copp the witness said that from 1909 until W. H. Berry retired from the government service the latter looked after the arrangements for the stumpage. Afterwards they dealt with Murchie again. When the company was sold to the Calligans, the lumber was sold on the basis of the mill scale, but stumpage was paid on Murchie's scale.

Mr. Baxter objected, but questions to show the loss to the provinces through Murchie were allowed.

In the winter of 1916-17, the witness said, their cut was 3,546,000 feet and Murchie's returns totaled 2,999,000 feet. No payment was made to Murchie in that year and no attempt was made to influence him. To the chairman the witness said that in 1916-17 they paid stumpage on half a million feet less than their cut, but the cut included refuse and ends. After they made the payment to the Calligans in 1918, Mr. Berry, the chief scaler, took the matter out of Murchie's hands and they settled with him.

Wanted to "Down Currie." John McKinnon, a game warden, said that he had known Alexander Murchie and remembered a conversation with him in March or April of this year. Murchie told him that he was going to swear an affidavit on account of moose meat being sold to Currie's camp. The witness said in that case there might be other affidavits and Murchie seemed uneasy and followed the witness up, saying that he had nothing against him. Murchie told him that he did not care anything about governments, so long as he could down Currie.

Mr. Currie Recalled. Hon. Mr. Currie, recalled, testified that he owned no stock in the Richards Lumber Company. To Mr. Baxter he said the capital stock of the Continental Lumber Company was \$100,000, all issued. He held \$12,000 and the balance was held by the Richards Lumber Co.

—Has the Continental Company yet paid stumpage on the lumber cut on the Richards Lumber?

—We paid on the Murchie scale. Chairman—We finished the witness Frederickton. The Richards cut appeared in the scale as the Henry Giroux cut. Mr. Baxter—The Continental Company has not yet made restitution?

—We are waiting for the general restitution.

AMERICAN CASUALTIES

Washington, Aug. 6.—United States casualties in the Marne-Aisne salient, made public today, numbered 408—358 soldiers and 140 marines. This brought the total since the toll of victory began to arrive yesterday to 1,213 and the number of casualties since American forces first landed in France to 16,409.

"Wear-Ever" Aluminum Preserving Kettle for only \$1.39. The ad also mentions a "Wear-Ever" Coupon and provides contact information for W. H. Thorne & Co., Limited, 21 King St., St. John, N. B.

GROCERY MARKETS

The following comment on the market situation as regards foodstuffs appears in the Canadian Grocer this week: Like a bolt from the blue to the trade was the advice that the United States government placed prunes and dried peaches on the conservation list, thus prohibiting the export of these to Canada. Canada has been in the habit of receiving these about the same basis as domestic buyers, and depending altogether on the United States market for supplies. From this it can readily be seen that the outlook for the future, when present stocks are absorbed, is not encouraging. Whether any modification of the order will be considered cannot be determined yet, though representations have been made to the Canada Food Board and War Trade Board in an effort to secure at least partial shipments. Montreal.—It is evident that the wholesalers are doing their best to supply the trade with their requirements. Supplies are sometimes temporarily short, and then new arrivals serve to relieve this trouble. Just now a good deal of activity is noticeable in canned goods. There is also a good movement of dried fruits, notwithstanding the fact of their being more plentiful. The prices of the latter run so high that many will not buy in large quantities. The flour situation is steady, and some supplies are still available. Winter wheat flour is firm and has advanced all around thirty cents per barrel. The temporary embargo against shipments of flour to points east of Montreal has been lifted. Some special mill feeds have been advanced slightly in price. New jams, fruits and canned vegetables are beginning to arrive, and the prices are high. This applies also to jams just received. Self-raising flour is up ten cents, and five cents on the six-pound and three-pound sizes, respectively. One of the most important features of the week is that of the United States War Board's order prohibiting export of prunes and peaches, and this may be extended to take in apricots, raisins, figs, etc. The sugar situation is steady and unchanged. All refiners are selling at \$9.10, excepting the Canada Sugar Refineries, their price being \$8.65 still. Toronto.—Occupying the centre of interest this week is the announcement that prunes and peaches have been placed on the conservation list by the United States government and export trade here, and an effort to have the order modified will be made. Apricots have advanced two cents per pound in some sections over opening prices named. The feeling exists that the use of substitutes for wheat and flour will continue, even after the new crop is available. At the imperial conference of food dictators, being held in Great Britain, the question of building up reserves against all possible contingencies has been brought up, and action along these lines will very likely necessitate a continuation of restrictions to some extent at least. The outlook in almonds is higher

ALWAYS of One Uniform Standard of Goodness

ICED TEA for Torrid Days.

Add a little sugar and the squeeze of a lemon to suit your taste.

prices for the future. Latest reports estimate yield about 60 per cent of last year's total, and with transportation difficulties multiplying, or at least showing little improvement, the situation as regards this market is not hard to determine. Some doubt exists in the minds of importers as to whether the embargo against the shipment of walnuts from France will be lifted. The crop there is light, and stocks on this side are dwindling. That wholesalers may have to pay \$1 per pound for walnuts is now being hinted at. Canned fruits will rule high for practically all lines, it is thought. Jam manufacturers and canners are paying very high prices for the fresh fruit, and with all other costs mounting, there is no prospect of a low scale of quotations. Some jam manufacturers have withdrawn prices recently issued. This is felt in some quarters to be because new pack is sold up rather than pointing to higher prices, though the latter contingency cannot be overlooked. Sugar remains scarce and little opportunity for building up reserve stock exists. Refiners have again been asked by the Food Control Board to refrain from shipping straight cars to retailers. Owing to the restrictions placed on the use of sugar in the United States by householders, the feeling exists that similar action may be taken in Canada and supplies rationed. Winnipeg.—Sugar supplies are reported very good and equal to all demands now being made, this in spite of the fact that one of the refineries has withdrawn from the market. The trade are somewhat concerned over the very high opening prices on canned strawberries. Prices here are \$1 per dozen higher than last year. The delivery will run about 25 per cent. At present all lines of fruits and vegetables are reported to be selling well and bringing good prices. Speculation as to the interpretation to be placed on the United States government's restrictions on shipments of prunes and peaches is general. Some look for balance of 1917 crop to come through, while others think this will be absorbed by government's demands at once, and that some new crop may later be released.

How Cooking is Done in a Fireless Cooker. The principle of fireless cooking is simplicity itself. The heat that does the cooking is stored up in small discs called "radiators." These radiators can be heated over any kind of stove, any kind of fuel. As the heat from the radiators cannot escape from the fireless cooker, it is held imprisoned within the cooking compartment and penetrates the raw food that cooks it—will cook it in practically the same time as an ordinary stove. This Fireless Cook-stove will save 80 per cent of your fuel. Come in and see how the Fireless Cook-stove will cut your fuel bill in half. Devonshire CANADA. PROCLAMATION GEORGE the FIFTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India. To all to whom these presents shall come or whom the same may in any wise concern,—GREETING: A Proclamation of conditional amnesty respecting men belonging to Class I under the Military Service Act, 1917, who have disobeyed our Proclamation of 13th October, 1917, or their orders to report for duty, or are deserters or absent without leave from the Canadian Expeditionary Force. E. L. NEWCOMBE, Deputy Minister of Justice, Canada. WHEREAS considerable numbers of men belonging to Class I under our Military Service Act, 1917, called out on active service in our Canadian Expeditionary Force for the defence of Canada under our Proclamation of 13th October, 1917, although they have thus become by law soldiers enlisted in the Military Service of Canada, AND WE DO HEREBY STRICTLY WARN AND SOLEMNLY IMPRESS UPON ALL SUCH MEN, and as well those who employ, harbour, conceal or assist them in their disobedience, that if they persist in their failure to report, absence or desertion until the expiry of the last mentioned day, they will be pursued and punished with all the rigour and severity of the law, SUBJECT TO THE JUDGMENT OF OUR COURTS MARTIAL WHICH WILL BE CONVENED TO TRY SUCH CASES or other competent tribunals: and also that those who employ, harbour, conceal or assist such men will be held strictly accountable as offenders and subject to the pains, penalties and forfeitures in that behalf by law provided for their said offence. Provided however that nothing contained in this Our Proclamation is intended to release the men aforesaid from their obligation to report for duty as soon as possible or to grant them immunity from arrest or detention in the meantime for the purpose of compelling them to perform their military duty; Our intention being merely to forego or remit the penalties heretofore incurred for failure to report, absence without leave or desertion incurred by those men of the description aforesaid who shall be in the proper discharge of their military duties on or before the said twenty-fourth day of August, 1918. Of all of which Our loving subjects and all others whom these presents may concern are hereby required to take notice and govern themselves accordingly. IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. Witness: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquis of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwick, Baron Cavendish of Keighley, Knight of Our Most Noble Order of the Garter: One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor General and Commander-in-Chief of Our Dominion of Canada. At Our Government House, in Our City of OTTAWA, this FIRST day of AUGUST, in the year of Our Lord one thousand nine hundred and eighteen, and in the ninth year of Our Reign. By Command, Thomas Mackey Under-Secretary of State.

THE WAR SITUATION.

Stiffening resistance on the part of the Germans along the Vesle River marks the fighting today, and the enemy has even made some attempts to drive the Allies from points they had gained north of the river. These were repulsed, and the Allied forces have improved their position. Another division from Prince Rupprecht's army has been sent to the aid of the sorely pressed forces of the Crown Prince, and it is suggested that the shortening of the line by the German retirement in the region of Albert may enable more of Rupprecht's troops to go on the same errand. All the correspondents pay tribute to the skill with which the enemy conducted his retreat from the Marne salient, but they doubt if that retreat will be terminated until he reaches the old Aisne battlefield.

German airships visited the English coast again last night, and the long range German guns have again begun to bombard Paris. The enemy still appears to believe the Allies can be frightened by "handfulness." He should know better by this time. Moreover, all his airships and all his guns are needed just now on the western front. The destruction of the ambulance transport Warilda, and the killing of many patients on board is another crime worthy of the Hun.

The Allied advance on the Vesle River is slower for two reasons. One is that the enemy is fighting harder, and the other is that time is required to bring up guns and materials. It is clear from the gun-emplacements and trenches found south of the Vesle that the Crown Prince had expected to make a stand there, but the pressure was too great to be withstood.

PROTESTANT UNITY.

There was much food for thought in the address of Dr. Simms at the Chautauqua last evening, whether one regards the institutional church as the agencies for the ills of Protestantism or not. That there is something wrong with Protestantism in the United States is obvious from his statement that there are 164 Protestant denominations or sects in the country, and that there is an average of seven and one-half students to each theological teacher. He tells us that of three thousand people here there are thirteen churches, and he adds that the average of ministers' salaries the country over is little more than \$600 per year. In his view the people must come together in the spirit of loyalty to the Founder of the Christian religion, agreeing to differ in regard to non-essentials, but uniting to minister to the physical and spiritual life of the community. It was because the Protestant churches have not done this that the chaplain service in the Army camps had to be supplemented by the Y. M. C. A.; and in the lecturer's opinion the latter is as essential to the army in winning the war as munitions. That quaint poem by Sam Walter Foss, entitled "The Call Path," was made the text of a remarkably interesting and thought-provoking address. The speaker admitted that the present generation is not responsible for the origin of the sects that arose from the religious quarrels of our forefathers, but it is responsible for their continuance and the needless waste involved. We can well believe that such an address delivered in Chautauqua all over the country by a man who is a Presbyterian minister, has been the pastor of a successful institutional church, and has spent months at an army camp and is familiar with the Y. M. C. A. work there, must have a more than passing interest and influence. Some efforts have been made in St. John by brotherhood and other movements to unify the local churches for social service, but without the success the movement deserved. Dr. Simms tells us truly that what the people want is that the united congregations of the city could not make a brilliant success. And after all, as the distinguished lecturer observed, no one denomination can be singled out as producing a finer manhood and womanhood in point of conduct and Christian service than another; so why perpetuate as obstacles to united effort differences that are non-essential?

The Hun U-boat has destroyed a number of fishing craft, one schooner and an oil tanker off the coast of these provinces. The effect will be a stronger determination on the part of our people to prosecute the war to the bitter end. Lloyd George's admonition to hold fast receives a special emphasis hereabouts from the activity of this enemy craft.

Hon. Mr. Cartell announces that Canada will be represented in the Allied intervention in Russia. The Canadian people will heartily approve of this decision.

Some further evidence was taken at Campbellton today concerning Sealer Murchie's peculiar methods. It is very interesting.

With submarine chasers on the job the U-boat off the coast will doubtless be more wary hereafter.

CHEERING FOOD SITUATION.

Along with the more cheering news from the battlefield, which leads us to hope if not actually believe that the initiative has been wrested finally from the Germans, comes the scarcely less gratifying assurance that the food supply is to be well maintained. The general summary of "Annual Crop Report and Business Review," of the Continental and Commercial National Bank of Chicago makes very interesting and pleasant reading. Assuming that it has made its estimates with care, the general crop situation in the United States is much better than it was last year. Here are the figures of estimated yields:

	1918	1917
Crop.....	Bushels.	Bushels.
Wheat.....	929,177,000	859,825,000
Corn.....	3,108,555,000	3,159,494,000
Oats.....	1,402,781,000	1,597,286,000
Barley.....	228,153,000	208,975,000
Rye.....	74,009,000	60,145,000
All cereals.....	5,698,756,000	5,698,725,000
Potatoes.....	399,820,000	442,536,000
Hay (tame and wild) tons.....	78,292,000	79,528,000
Hay (tame and wild) tons.....	108,000,000
Cotton, bales.....	14,083,000	10,949,000

Announcing that midsummer promises more than an abundance of food and feed stuffs, the report says of the wheat situation: "Dominating the crops this season in the increased yield is the wheat crop, which, practically made, indicates 288,000,000 bushels in excess of last year, or a total of 929,177,000 bushels. The early promise of a record-breaking crop was reduced by the persistence of the long drought over the southwest and the far northwest, the winter wheat suffering slightly and the spring wheat more largely. The staff of life, the chief food of this country and its allies, will be far in excess of the needs, and permit of the building up of a great reserve against any impairment in future crops. Conservation in the use of wheat flour permitted an export to our allies last season of 182,000,000 bushels. This year, with the continuance of conservation, there will be available 874,000,000 bushels for export, which is the total in excess of last year. With an increase of 120,000,000 bushels in Argentina, unchanged harvest indication in Canada, and with Australia's accumulated surplus of 300,000,000 bushels from three excellent harvests, the allied armies and civilians will not want for bread in the next two years. The government price for wheat will stimulate a large acreage to be seeded this fall. The quality of wheat was never better than this year."

With regard to corn, it is pointed out that while the quantity this year will be nearly as large as that of last year, the quality promises to be much better. "The corn plant is three weeks ahead of last year, and beyond the possibility of the great damage which occurred to the quality last season by the frosts of the latter part of September. The quality of the country, the actual feeding value being barely in excess of 2,850,000,000 bushels, while the quantity was 3,159,000,000 bushels. This season the outlook is for a crop of 3,100,000,000 of good quality, which will be equivalent to an increase of 700,000,000 bushels over last year."

While the oat crop shows a decrease of 180,000,000 bushels it is 100,000,000 bushels above the average. Last year 125,000,000 bushels were exported. Barley shows an increase of 15,000,000 bushels, and less of it will go to the brewers. Rye shows an increase of 14,000,000 bushels, and will all go to make bread. Potatoes show a decrease of 42,000,000 bushels, but 40,000,000 bushels greater than the pre-war average, and there was an excess supply and considerable loss last year through holding and the lack of proper storage. The bean crop is estimated at 20,000,000 bushels, or one-third more than last year. "A prodigious hay crop has been made this year."

"American farmers have made prodigious efforts to maintain agricultural production since the great war commenced, and their efforts in an increased acreage has offset the drought conditions and other crop impairments. The estimate of important products in 1914 aggregated 812,000,000 acres; the estimate this year is 860,000,000 acres, an increase of 15 per cent. This increase is marvelous considering the heavy drain upon farm labor by the attractive wages of the industrial centres, and the calling of the young men to the colors in the past year."

This crop news is as heartening to the Allies as it will be disheartening to Germany, which must also face the fact that its submarines cannot prevent the necessary supplies being carried to Europe.

BY DAY'S WORK.

Commissioner Fisher has decided to recommend to the common council at the next meeting that repairs to Ashburn bridge be done by day's work. He feels that this is a better way to complete the work than by tenders.

IRONCLAD High Pressure Gauge Glasses

THE most durable and toughest glass ever made for the high steam pressure of today—Ironclad is its name and ironclad it is in those essential qualities required in a gauge glass to give entire satisfaction.

YESTERDAY AT THE CHAUTAUQUA

Two eloquent addresses were delivered yesterday at Chautauqua on the Barack square. In the afternoon the superintendent, Miss Meddie O. Hamilton, gave a continuation of a lecture commenced on Saturday, the subject of which was "The Larger Democracy." She told why President Wilson had so long kept the States from active participation in the war, explaining that the sentiment of war was foreign to the American ideal of the larger democracy, also because the vast number of German citizens made the attitude of the people as a whole an unknown quantity and because America feared what her neighbors in South America might see fit to do if they thought her engaged in serious conflict elsewhere and unable to defend herself from their attacks.

In the evening Dr. P. Marlon Simms, a noted Y. M. C. A. worker, delivered a forceful address entitled "The Call Path," in which he exposed the folly of duplication and waste which occurs in the prevailing system of denominational divergence and difference of opinion.

Remarkable Soft Drink

W. C. GILLESPIE KILLED IN WAR; F. S. JOHNSTON WOUNDED

After fighting for four years in Mexico with the United States army and seeing much service there, William C. Gillespie, Jr., of this city and only son of William C. Gillespie, Sr., of 167 Charlotte street, has been killed on the western front, according to news which was conveyed officially to his parents yesterday.

The young man, after the Mexican trouble had ceased, went from the United States to Winnipeg where he joined the American Legion, then in formation there, and crossed to England in June of last year. Being a veteran he was shortly transferred to the firing line and has been there ever since until he was killed on July 27.

He was twenty-seven years of age and is survived by his wife and one child, also two sisters, one of whom, Margaret E., recently crossed to France with a draft of American nurses and the second, Alva, who resides in Rockland (Mass.).

He left St. John some years ago but is remembered by a large circle of friends who will deeply regret to learn that he has been killed in action but will be proud of his splendid record as a soldier in defence of the land of his nativity. The deepest sympathy goes out to his sorrowing family in the hour of their trial.

F. S. Johnston wounded.

Mrs. Fred Johnston, of 88 Harrison street, received a telegram yesterday morning notifying her that her son, Gunner F. S. Johnston, of the 7th Siege Battery, had been admitted to No. 55 General hospital at Boulogne, July 27, 1918, suffering from a gunshot wound in the right foot and buttock. The many friends of the wounded soldier in the city of St. John will learn with deep regret that he has been wounded in action.

Mrs. E. Hatfield Myers of Norton has been advised from Ottawa that her son, Private Percy Lawrence Myers, has been killed in action. He was reported missing on Nov. 6, 1917, at the battle of Passchendaele and since that time no information concerning him has been received. He was a member of the N. B. battalion.

Private cables from France announced the death in action of Lieut.-Colonel Bartlett McLennan, D. S. O., O. C. the 42nd Royal Highlanders of Canada. Prior to going overseas he was president of the Montreal Transportation Company. He was also director of the Williams' Manufacturing Company, the Royal Trust, the Bell Telephone and other important concerns.

Three Canadian officers have won the Military Cross—Lieut. George Murray, Halifax; Lieut. Arthur Nicholas, R. C. R., Halifax, and Capt. John McIntosh Millar of Valcartier.

At Camp Petawawa on Aug. 1 the military division was inspected by the lieutenant-governor of Ontario, Sir John Hendrie. In the afternoon the 68th Battery of Woodstock was selected by the camp commandant to fire a series

Brain Fag

You are mentally tired. The strain has been continuous. The supply of nerve force is running low.

You cannot leave for a long rest in the country, and it is therefore necessary that you have assistance where you are. Help awaits you in the form of Dr. Chase's Nerve Food.

This great restorative feeds the nerves back to health and vigor. It restores the energy and vitality that is necessary to success and the healthful enjoyment of life.

To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away your color and caused the skin to wrinkle and sag—or after a tedious or fretful day indoors, one often has urgent need for some quick restorative. Maybe there's a dance on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered saxolite and a half pint which hazel at the counter drug store. Mix the two and bathe the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have been rested and loose. Faded muscles have been rested and "firmed up." Marks of fatigue have gone, and you look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and saxolite being so perfectly harmless.

To Make Hairs Vanish From Face, Neck or Arms

Keep a little powdered delatone handy and when hairy growths appear make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is infallible, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.

Bright Eyes

Indicate buoyant health. When the eyes are dull, liver and bowels need regulating. Quickly restore healthy conditions with a dose or two—in time—of

LINEN ROOM

RECENT WEDDINGS

Hobson-Beaumont. A wedding of interest was solemnized in Trinity church yesterday afternoon at 4 o'clock by the Rev. Canon Armstrong when Mrs. Frances Georgina Beaumont of England was united in marriage to William Hobson, chief engineer of R.M.S.P. Caraque. The bride, who was unattended, was given in a charming traveling suit of blue cloth with hat to match and was given in marriage by H. Walker, manager of the Seaman's Institute, St. John. The groom was supported by E. Robinson, of R. M. S. P. Caraque. The bride and groom left on the evening train for a short trip to Quebec, Montreal, Toronto and Niagara Falls. The groom was the recipient of a very handsome silver tea and coffee service with silver from the captain and his brother officers of the ship.

\$1,000.00 Reward Forfeited If Remedy Fails

We hope this notice will reach the eyes of people who are troubled with constipation and bowel trouble. Dr. Hamilton's Pills have been guaranteed to cure any case within three days, and the above reward will be paid for any case resisting the greatest of all remedies. No prescription ever written could surpass Dr. Hamilton's Pills of Man Drake and Butternut. For years they have been curing the most obstinate cases of constipation, biliousness, headaches and sour stomach. Here is your chance to test Dr. Hamilton's Pills. If you fail to get your money back for the asking, we will refund you the full amount. Be sure you get the yellow box, and insist on being supplied with only Dr. Hamilton's Pills of Man Drake and Butternut, 25c. at all dealers.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc. are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food remains, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases. You may do real harm. Try laying aside all digestive aids and instead get from any drugstore a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

RECENT DEATHS

Mrs. James McNulty. The death of Mrs. James McNulty occurred yesterday at her home, 249 Brussels street, following a short illness. Her many friends will learn of her death with deep regret. Besides her husband, she leaves three sons—Joseph and Charles, in France, and James Hasen, of this city; one daughter, Mrs. James Burgess, commercial agent, having been assigned to other duties, James Waugh has been appointed commercial agent in the Grand Trunk Railway system lines in Canada.

Rev. Robert Mitchell. Montreal, Aug. 5.—Rev. Robert Mitchell, a native of Linden (N. S.), and a Presbyterian minister, died here yesterday. He was fifty-six years of age.

MORNING NEWS OVER THE WIRES

That a fleet of submarine chasers from the United States and British navies have put off after the submarine playing havoc with shipping near the mouth of the bay was the news sent out from Ottawa yesterday.

After a three hours battle with a German submarine on the Atlantic coast the oil tanker Lux Blanca was torpedoed yesterday. The captain and crew of the tanker took to their boats after the ship had been struck and all reached port in safety.

Hon. Dr. Beland, it is said, will be offered a place in the dominion cabinet.

VETERANS TAKE A STAND AGAINST STRIKERS

Vancouver Soldiers Will Take Places if Workers in Essential Industries Go Out

Vancouver, B. C., Aug. 6.—A gathering of returned soldiers here have declared a policy of "no more strikes in essential industries during the war." They affirm that in future industrial plants so affected will be manned by returned soldiers, many of whom are skilled mechanics.

CROP PROSPECTS IN SASKATCHEWAN BETTER.

Regina, Sask., Aug. 6.—Crop prospects are much brighter at present than for some time past, according to reports received by the provincial department of agriculture from its correspondents throughout the province and issued yesterday in the form of a crop statement.

Is Your Blood Starving For Iron?

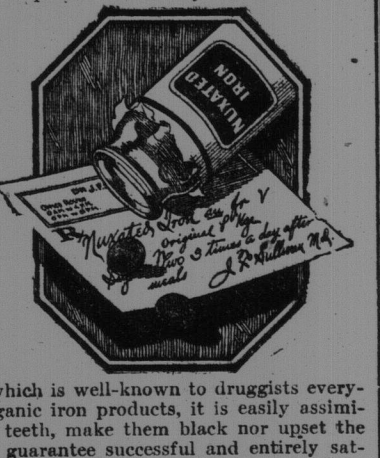

Iron Is Red Blood Food—It Helps to Put Strength And Energy Into The Veins Of Men And Women Into The Checks Of Women

Many a man and woman who ought still to be young in feeling is losing the old time vim and energy that make life worth living simply because their blood is starving for iron. Iron is absolutely necessary to enable your blood to change food into living tissue, muscle and brain.

When too much indoor work, lack of sleep, improper food and impure air makes you nervous and irritable, your digestion troublesome and you feel your strength is waning, it is time for you to get more iron in your blood.

A prominent New York Surgeon and former Adjunct Professor of the New York Post Graduate Medical School and Hospital, Dr. Kenneth K. McAlpine, says: "If people would only realize that iron is just as indispensable to the blood as air to the lungs and be just as particular about keeping up sufficient supply at all times there would, in my opinion, be far less disease resulting from anemic and weakened conditions. In my opinion, Nuxated Iron is the most valuable tonic, strength, and blood builder any physician can prescribe."

Manufacturers' Note:—Nuxated Iron, which has been prescribed and recommended by physicians and which is used by over three million people annually is not a secret remedy, but one which is well-known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money.

LOCAL NEWS

J. Allan LeBlanc, practising for some time with Hon. J. B. M. Baxter, left last evening for Dalhousie, where he will open an office.

Owing to the unfavorable weather conditions yesterday, the band concert to have been rendered by the City Cornet Band in King square was postponed.

Miss Jean Clark, daughter of Charles Clark of this city, has returned to Boston to complete her course at the Massachusetts Homeopathic Hospital. She has offered her services to the military hospital board here in next January.

MILLION FOR NAVY LEAGUE

Toronto, Aug. 5.—One million dollars was set by the Ontario provincial committee of the Navy League of Canada as the Ontario objective for Sailors' Week. This sum was decided upon at a luncheon at the Royal Canadian Yacht Club, which was attended by representatives from all centres in the province in which branches of the league have been organized. The week commencing Sept. 8 has been set aside for the raising of the money. Sir John Eaton is honorary chairman for the campaign.

LOCAL NEWS

NEW RATES ON AUG. 12.
The new freight rates on Canadian railways, which have been authorized by an order in council, will become effective on August 12.

ON VISIT TO SOLDIER.
Mr. and Mrs. H. Scovil, Mr. and Mrs. E. Holland, Everett Saunders and party of seven motored to Sussex on Sunday to visit Private Lorne Saunders of the depot battalion.

WELCOME MISSEIVES.
Members of the local customs staff yesterday received from Ottawa a quarter instalment of their bonus money recently voted by the Canadian government. The total varies—100 and \$150—so the sums received yesterday were \$28 and \$37.50.

THIS MORNING AT CHAUTAQUA.
This morning was observed as children's day at Chautauqua. They were in charge of Miss Frances Fricke, who gave out parts for a play to be presented by the children on the last day. A miniature town council was formed, after which members of the law commission gave their report and a thrift committee elected.

TOMORROW'S LAUNCHING.
When the schooner being erected for Hon. W. E. Foster and Stanley E. Elkin, M. P., at St. Martins will be placed in her element the seaside village expects to be in a state of excitement. It is understood Mrs. Foster will christen the craft as it starts to glide. Several automobile parties will run up to St. Martins for the event and the railways will have special arrangements.

WILL PROBABLY HOLD DOG SHOW.
The New Brunswick Kennel Club will hold a meeting in the near future to make plans for the annual dog show in St. Andrew's rink. The show will probably be held at the latter part of September or early in October. The prospects of an even better display of canines than last year are bright and owners of well-bred dogs seem to be growing enthusiastic over the friendly competition.

REV. MR. STEWART HERE.
Rev. J. Westra B. Stewart, Anglican clergyman, of Philadelphia, Anglian through the city today to meet some old friends in the Rothesay district before leaving for his home in Philadelphia. The reverend ex-St. John boy is in excellent health and speaks enthusiastically of his Pennsylvania home. He has been visiting his mother in Montreal while en route. The Rev. Mr. Stewart was cordially greeted on all sides.

DRY LAKE PIPE.
That work in connection with the installation of the large new water main at Dry Lake is progressing satisfactorily was a statement made by R. W. Wigmore, M. P., city engineer. He said that there are about forty men working twelve hours a day excavating and twenty more are making the large forty-inch main pipe. The work is at present about 600 feet of pipe constructed, while 800 feet of a twelve inch terra cotta under main has been laid. He considers that the work will be completed about the first of October.

THE DARKENED CITY.
Speaking to a representative of the Times this morning, Mayor R. T. Hayes said that citizens have responded well to the desire of the authorities to darken the city. He said that it is the desire that they continue to do so until further definite announcement regarding the situation is made in a few days. In the meanwhile he wishes all those whose windows face seaward to be particularly careful to draw their blinds. With regard to store windows, he said, they should either be illuminated or else the blinds should be drawn half way down.

ROTARY CLUB PILGRIMAGE.
Rotarian Governor R. W. Wigmore says that the visit of St. John Rotary Club members to the one year old club in Charlotteville, E. L., on the 20th of this month ought to be a very enjoyable and helpful one to both branches of the organization. President Van Buskirk of Charlotteville promises a warm welcome. The visit of the St. John Rotary Club delegation will take place at the same time as the meeting of the Pythian Grand Lodge and several gentlemen who are members of both organizations will probably combine their trip.

SCHOOLS ONE MONTH FROM TODAY.
Already about half the public school vacation period has passed and boys and girls may make much of the remaining four weeks. On Tuesday, Sept. 3, exactly four weeks from today, the scholars will return to their studies. For the first time the Labor Day respite will be included in the general vacation, thus starting the schools off without the Labor Day break. So far the weather-man has been somewhat severe on the children but it is expected that the ensuing month will be doubly pleasant out of doors.

A GOOD RECORD.
The Frederick Gleason says: "Daisy E. E. Perley, daughter of Mr. and Mrs. W. E. Perley of Fredericton, establishes an enviable record in the annals of high school history. Not yet thirteen years of age, she entered the high school in the first division. During all her school career she has missed only one day and a half, on account of illness due to compulsory vaccination. She has never been tardy once. In all her school work the young miss has stood at the head of her classes. She is the youngest to pass high school examinations." This bright young miss numbers many St. John friends who will be greatly pleased to learn of her continued success.

HOME FROM CALGARY FOR BURIAL.
On today's western train the body of Mrs. W. R. Peck of Calgary, Alta., was brought to the city and this afternoon interment took place in Fernhill. Rev. Geo. Dawson of Exmouth street Methodist church officiating. The body was met at the train by a group of relatives and the young daughters of Mrs. Peck—Misses Gladys and Bessie Day—were affectionately greeted after their long sad journey. Mrs. Peck, who was the daughter of the late Oliver Pittfield, was also the widow of George R. Day, formerly of the public works department of N. B. and latterly located as resident engineer in Chatham. Mrs. Day re-married and went to the west to live.

ST. JOHN PUPIL IS SECOND; THREE MARKS BEHIND THE LEADER

Fred. McCormick Wins Lieutenant-Governor's Medal For St. John County

The following are the names of the winners of the Lieutenant-Governor's medals in the High School entrance examinations held in June in the various counties, together with the names of the school in which the examination was written:

Albert, Zeeda Copp, Riverside, Consolidated; Carleton, Edward Clark, Woodstock, Grammar; Charlotte, Alice McCarter, St. George, Superior; Gloucester, Jennie Meryl Forrest, Bathurst, Grammar; Kent, Osborne Bacon, Richibucto, Grammar; Kings, Arvilla Mosher, Sussex, Grammar; Madawaska, Rosalie Levesque, Edmundston, Superior; Northumberland, Anna R. Loggie, Chatham, Grammar; Queens, Laura Darrah Baird, Chipman, Superior; Restigouche, Vera McBeath, Campbellton, Grammar; St. John, Fred McCormick, St. John, Grammar; Sunbury, Gertrude Ball, Fredericton, J. C. Superior; Victoria, Elizabeth Barker, Grand Falls, Superior; Westmorland, Randolph Lutz, Moncton, Grammar; York, Margaret Wallace, Fredericton, Grammar.

The highest three in order of merit are Margaret Wallace, Fred McCormick and Randolph Lutz.

The York county pupil was only three marks ahead of McCormick.

Master McCormick is a son of Ralph McCormick of Bellefleur avenue. He was a pupil in St. Peter's boys' school and was the winner of the gold medal given to the one making the highest marks in the high school entrance examinations.

HARRY LAUDER FOR BRITISH PARLIAMENT; ANOTHER VISIT HERE?

The last issue of Variety, an authoritative theatrical publication, states that Harry Lauder intends standing for the British parliament in the constituency of Leicester and if elected will probably terminate his stage career. This announcement does not seem to coincide with a personal letter Mr. Lauder recently wrote to a St. John theatre manager in which he said he expected to have the pleasure of appearing in St. John again before his retirement.

Mr. Lauder is due in America next December for a definite farewell tour. He is practically booked for Montreal for January. When Rev. George Adam was in St. John some weeks ago in connection with the Y. M. C. A. campaign he said he and Mr. Lauder were intending taking an "Australian pleasure trip" together. Dr. Adam is Lauder's bosom friend and it was with him that the Scotch comedian visited the trenches last year. The Vallance family of Amherst, N. S., are Mrs. Lauder's own sisters and brother.

EASTERN BANK OF THE RIVER GROWS POPULAR

The advent of the Valley Railway on the western side of the St. John river is narrowing the undisputed sphere of the automobile somewhat along that popular scenic route and already autoists who like to journey in untraveled country are taking to the opposite side of the stream. This eastern bank of the St. John has always been a matter for second thought by automobilists as it is somewhat difficult of access from the city by ferry, but now this straddling of the Kemebecassis is getting to be a small matter at either the Millidgeville or Gondola Point crossing. Once on the other side the trip overlies through to Long Reach by short and the whole stretch of familiar river country—an entirely new auto route to many—is opened up. The Cedars and other popular points are very accessible. People motoring to places located beyond the Bellefleur branch of the river proceed to Norton and cut inland over a splendid system of highways, reaching the big stream in a surprisingly short time. St. John people are rich in auto routes and in this regard are the envy of our sister city, Halifax.

REAL ESTATE NEWS

Transfers in real estate have been recorded as follows:

St. John County.

Thomas Bowland to Horace Howe, property in Quaco road.

Isabella E. Gallagher et vir to Henry Lee et al, property at Loch Lomond.

J. S. McLean et al to Albert Norris, property in Loch Lomond.

Nan Smith et vir to G. E. Barbour, property in Carleton.

Oliver Sweet to Bessie L. Bradshaw, property in Beach street.

WHY HAY CROP IS LIGHT

The lightness of the hay crop this year is a matter of surprise and dismay to many farmers and for a time even the studious and scientific ones were at a loss to assign a reason for it. Now, however, there seems to be general agreement that the poor crop is due to winter-kill at the time of the first frosts last fall. It will be recalled that, following a heavy rain, a sharp spell set in and glazed the fields with ice. After this freezing snap an early snowstorm blanketed the country far and wide. This plentiful snow was considered a boon and everybody predicted a bumper hay crop. Now it transpires that the snowy covering was not such a help after all as the grass roots were injured before it arrived. At least this is the way it is being figured. Lowland hay has suffered greatly from excessive rains, too, especially intereries which were flooded to boiling depth.

Store open Friday Night until 10. Closes Saturday at One o'clock.

Be Prepared for Wet Weather

The wet weather man has seemingly been over generous to us this summer. Are you prepared to meet his whims? Here is one of the finest all round guaranteed waterproof coats on the market today. It is just the thing for motorists, drivers, farmers, will stand all kinds of hard usage and is exceptionally fine looking. It is a

Whipcord Rubber Interlined Coat

With white drill back, made in single breasted style with storm fly front, snap fasteners and deep storm collar. Although these coats have just been received, they were actually bought over two years ago so that we are able to offer them at a price that is far below the present day market value.

Special price \$9.85

Trench Coats with Belts all around \$15 to \$20
Silk Oil Coats, Khaki or Dark Grey \$22.50
Tan Paramatta Waterproofs \$6.50 to \$18.00
Fancy Tweed Waterproofs \$10.00 to \$20.00
Many other lines of Waterproof Coats \$5.00 to \$25.00

OAK HALL SCOVIL BROS., LIMITED
ST. JOHN, N. B.

Moderate-Priced Dining-Room Furniture

is a specialty with us, and we are showing in our windows at present several pieces in Golden Surface Oak which will furnish a very attractive room for a minimum outlay.

Prices marked are on a cash basis, and this method of selling enables us to serve you for the least possible profit. Let us show you just what we can do for you and how far we can make your cash go. You will be surprised.
