BOMB IN CAR ON ENGLISH TRAIN

Suffragettes Cause Terror Among The Passengers

THE FUSE WAS LIGHTED

Car Was Attached to Loaded Passenger Train, But Bomb Seized by Workman—Death Dealing Instrument Filled With Cartridges, Bullets and Steel

(Canadian Press)

London, April 10.—The suffragettes continue their campaign of destruction. An empty passenger car on a train proceeding from Waterloo to Kingston-on-Thames, was destroyed by fire last night. The other cars on the train were filled with passengers, who were greatly alarmed and indignant at the danger to which they were exposed.

Among the debris a canister such as was used by the women in a recent bomb outrage was found. Just before the train reached Kingston, a loud explosion occurred.

A workman passing through an empty car attached to a loaded passenger train, discovered a bomb which was attached to a lighted fuse. He extinguished it. The bomb consisted of a canister enclosed in a box in which were sixteen loaded gun cartridges, pieces of jagged steel, bullets and scraps of lead. On the box was painted:

"More to come. Votes for women. Give us the vote."

Dr. Mansel-Moulton, suffragette's medical man, declared this morning in discussing the health of Miss Zelig Emerson, a militant suffragette, that:

"Miss Zelig Emerson's nervous system is completely shattered. She is almost unable to sleep and even when she is sleeping she does not rest, owing to horrible dreams. Her digestive system has been seriously impaired and she suffers great pain above the appendix, which will effect the removal of the organ."

EASY MATTER TO DREDGE THE NAVY ISLAND BAR

Favorable Report From Engineer—His Work Completed by Tomorrow

The harbor borings in the vicinity of Navy Island, which have been carried out during the last five months under the direction of A. W. Gregory, C.E., of the Dominion Department of Public Works, will be completed tomorrow. The results have been most satisfactory, as it has been found that the proposed dredging operations easily can be carried out. The entire Navy Island bar can be removed by easy dredging and the approach to the foot of King street, West End, where it is proposed to establish new ferry floats, also is without any material which will effect any difficulties. Some rock was found at the immediate site of the proposed new ferry terminals, but this will not interfere with the plans as the floats can be extended somewhat farther into the river than was intended and thus overcome this difficulty.

Mr. Gregory will leave tomorrow for Bathurst, where he has work of the same character to undertake. It is understood that H. M. Davy, who has directed several important undertakings in St. John harbor, will return soon to arrange for further harbor development work. Mr. Davy is now in Ottawa, having returned a few days ago from Vancouver.

MAY BE WAR IN COURT OVER FRIEDMANN CURE

St. Louis, Mo., April 10.—Dr. Albert Von Hoffman, of St. Louis, yesterday directed an attorney in New York to apply for an injunction to restrain Doctor Friedmann, of Berlin, from using a vaccine prepared by him for the purpose of his infectious vaccine, in case Doctor Friedmann should attempt to put his remedy on the market.

Doctor Von Hoffman, contends he has a prior contract with Doctor Friedmann for the commercial rights to the vaccine.

A STRIKE. Some of the men employed about the pond with the Partridge Pulp Co. went on strike yesterday afternoon for higher wages. Their demands were not granted and they did not return to work today. The temporary strike did not shut the plant down, as others filled their places, or some of them.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis.—The depression which has been hovering in the vicinity of Texas has now moved northward to Iowa, while the accompanying rain area has spread into northwestern Ontario. Fine weather prevails in the west.

Sea.—Tomorrow. Maritime—Fine and cool today and on Friday.

CUNARDERS TO CUT THE RATES ALSO

C. P. R. Hamburg-American and Austrian Companies Fail To Reach Agreement

LONDON, April 10.—The Times' correspondent in Berlin says representatives of the C. P. R. and the Hamburg-American and Austrian companies have separated without coming to an agreement. A further meeting will probably take place in Hamburg next week.

Owing to the reduction in the storage rates, made by all three companies engaged in the Trieste-Canada service, the Cunard line announces they also will be compelled to lower rates.

BRITISH ATTACKED BY CHINESE AND INDIA HILL MEN

Attack Repulsed But British Sustained Some Losses

Calcutta, India, April 10.—A detachment of Chinese troops today attacked a battalion of police attached to a British surveying party on the frontier of Burma. Hill men in considerable numbers joined forces with the Chinese.

The British column repulsed the attack, but sustained a few casualties. Among the wounded was Sir Charles Bernard, chief commissioner and head of the surveying party.

ORANGEMEN RAISING FUND TO CARRY ON MARRIAGE CASE

Members of the Orange Order throughout the province of Quebec and in other parts of Canada are subscribing to a fund for the carrying out of the Tremblay-Depeste marriage annulment case to the privy council, and prominent members of the order today said that there was no doubt that the amount necessary would be forthcoming.

Of the \$200 necessary for the security, the sum of \$150 was placed in the hands of the Rev. J. J. McCaffrey of St. John's, N. B., and the Rev. J. J. McCaffrey of Fredericton, N. B., who are acting as trustees for the fund. The Rev. J. J. McCaffrey of Fredericton, N. B., is understood to be the principal donor of the fund.

SAYS BRITAIN WILL FORMALLY PROPOSE SHIPBUILDING HALT

Berlin, April 10.—The British government intends after the conclusion of the Balkan war, to approach Germany with a definite proposal to drop the naval shipbuilding programmes of the two countries during 1914-15, according to the Telegraph.

SALE OF FARM

The sale of the Kirk farm at Sargison, about a mile from the Central Railway line, was purchased by Alfred Burley & Co. The farm consists of 175 acres with farm house, large barn and outbuildings. It was sold two years ago by Mr. Burley to E. S. Haines of Fredericton, now engaged as a contractor on the Valley Railway. The new purchaser is Thomas Thomson, a native of Scotland, who has been in this country for a couple of years and is familiar with farming here as well as in the old country. He has left, with his family, to take immediate possession. Mrs. Thomson's mother and four of her grown up brothers will sail from Glasgow on May 31 to join them on the farm. The value of the farm shows an increase of about one third since the last sale.

THE ALBERTA CONTEST

Medicine Hat, Alb., April 10.—George Howson, immigration agent, has given Hon. Mr. Mitchell notice he must either retract a statement which he is alleged to have made about Howson or face a \$10,000 libel suit. The libel candidate is alleged to have said Howson was trying to influence voters by promising home-stead titles.

Calgary, April 10.—There will be no postponement of the Alberta election. Justice Walsh handed down his decision yesterday dismissing the application of the conservatives for an injunction.

THE FLEMING FORTUNE

The death of Captain William Fleming, formerly of Truro, removed a promising and interesting figure. Captain Fleming left Truro early in life and went to Boston, afterwards removing to the middle west, where he engaged in lumbering, milling, steamboating and railway operation. He sold out his interests about ten years ago and since then divided his time between New York and his old home in Truro. He leaves an estate estimated at \$100,000.

Of this he gives \$10,000 to establish ball grounds in Victoria Park, Truro, and after various bequests to his relatives leaves the residue to the children of his brother Albert. He was eighty-two years old at the time of his death.

APPROVAL OF LAURIER'S POLICY IS GROWING WITH EVERY DAY

LONDON DAILY NEWS READS OPINIONS OF CANADIANS ARIGHT

Critical of The Scheme Borden Would Foist on People—Toronto Paper Says Borden and all With Him—Senate Will Kill Naval Bill, Says Ottawa Conservative Paper

(Times' Special Cable)

London, Eng., April 10.—London papers are handling the Canadian situation with caution and reserve. The Times, while printing two columns from its Toronto correspondent, strongly taking the government's side, makes no editorial comment. The Pall Mall Gazette treats the debate as the principal item of the day's news, describing as the greatest party struggle in the history of the dominion and depicting that a great party conflict should have come on an issue so important to imperial interests.

The Daily News says editorially:—"It is hardly a pleasant anxiety for the promotion of imperial unity when the first result of the proposed contribution to its cost is a domestic crisis of the most acute description. It is clear that the more it is discussed the more the advantages of Laurier's alternative are approved in Canada. It avoids the constitutional problem both here and in the dominion. Borden's plan weakens the already imperfect control of the British Parliament over armaments and withdraws from Canadians the management of their own ships."

"Obviously, there is no element of permanence here, but rather an impulse of expediency. Even though it is the only way remaining whereby the majority may enact particular legislation according to its will and desire, the permanent principle is greater than the immediate need."

The Senate. Ottawa, April 10.—The Citizen says:—"If the naval bill is passed through by closure, on the assumption that the privilege of free speech and minority rights is sacrificed, it will have the effect of giving the Senate no reason for existence and for exercising the veto power for which it was originally intended."

The closure negates a dangerous revolution in Canadian parliamentary methods. Its perils are clearly apparent to both parties alike. It might develop into a tool which, in the hands of a less scrupulous principal, would be used to the detriment of the country. Even though it is the only way remaining whereby the majority may enact particular legislation according to its will and desire, the permanent principle is greater than the immediate need."

BASEBALL OUTLOOK

The Meeting in Fredericton—Rev. Mr. Cohoe to Preach Baccalaureate Sermon

Fredericton, N. B., April 10.—A meeting of the New Brunswick and Maine Baseball League is being held this afternoon. Those in attendance are D. B. Donald and Frank Leonard of St. John; Ernest W. Doyle of Biddeford, Me.; W. S. Hooper, J. H. Calder, T. S. Wilkinson, J. P. Farnham, J. J. McCaffrey of Fredericton. It is understood that the matter of salary limit will be re-opened and a schedule drawn up for the season's games. Mr. Donald said this morning that a communication was received from Secretary Farrell of the National Association of professional clubs stating that the league application for membership had been received and would be acted upon just as soon as certain formalities were complied with. Bob Ganley, who was captain of the Fredericton team last year, arrived today from Lowell.

Constable Davidson, acting for Scott Act Inspector Timmons, made an unusual report on the case of McGivern, a man who was arrested on the night of the riot. James Shanks and Miss Celia A. Scott, who were arrested on the night of the riot, were held last night by Rev. Dr. Smith.

The board of trade has taken a three week vacation. Capt. Schroeder is exhibiting on beans and sugar. Reports received here say the fish is falling off its hands and feet, and it is feared he will die if rescued and not reach his home.

None. Alsals, April 10.—The breakup of the ice in Belting Strait is preventing the rescue of Capt. Wm. Schroeder, master of the wrecked whaling schooner Morris, who is marooned in Big Horned Island, where he was left by other survivors of the wreck of the Morris and the schooner Kitta-Wake last fall.

Capt. Schroeder is exhibiting on beans and sugar. Reports received here say the fish is falling off its hands and feet, and it is feared he will die if rescued and not reach his home.

FORMERLY OF ST. JOHN, DEAD IN ARIZONA

The death of Bruce McLaughlin, a former resident of this city, occurred in Fredman, Arizona, on March 29. He had been away from his home city about thirty years. He was a son of the late Robert McLaughlin for many years in the post office here and is survived by one brother, Norval McLaughlin and one sister, Mrs. Eliza Richards of Boston.

WARE ICEBERGS!

London, April 10.—Next Tuesday, the Titanic anniversary, will be the date for liners this year to set a still further southerly course than that adopted last January. This decision was reached at a recent meeting of trans-Atlantic steamship companies in Brussels.

DECIDE AGAINST TARIFF HEARINGS

Washington, April 10.—The senate finance committee has determined not to have hearings on the tariff bill. They take the ground that the hearings conducted by the house ways and means committee in January were sufficient.

It is believed now that the tariff bill will remain in the committee more than ten days.

FREE SPEECH DENIED

(Sir Wilfrid Laurier)

"It is established by the unwritten law of all British parliaments that when the prime minister introduces an important measure, the opposition, through its leader, shall be heard upon it. In the innocence of my heart I rose upon that ground. You saw me, Mr. Speaker. In the exercise of that fair play which belongs inalienably to your office—that fair play which had been promised by the prime minister less than five minutes before—you called upon me to take the floor. In the spirit of that fair play, I promised so solemnly by the prime minister, his colleague, the minister of marine and fisheries, rose to ask you to take from me that privilege which was mine by constitutional right and give it to a member of the government. Every member on the other side of the house, from the prime minister, who had just made the promise, through his leader, to his humblest supporter, rose to say: 'I am sorry, you saw me, Mr. Speaker. In the exercise of that fair play which belongs inalienably to your office—that fair play which had been promised by the prime minister less than five minutes before—you called upon me to take the floor. Little Beauty Chats

By BLANCHE BEACON

Do You Wish to Be Plain?

ALL sure the answer to this question is "no" as I can hardly conceive of any woman desiring to be unattractive.

Do not allow your possibilities for feminine loveliness to become lost in a medley of trivial beauty defects. Throw off the ugly disguise which Fate has given you and resolve with all your heart and soul to be everything that a woman should be.

Sit down in front of your mirror and discover your various points of beauty. You haven't any? Nonsense! Of course you have beauty points galore, but the artistic part of it is that you do not know you possess them.

If the hair is not at fault, then make a study of your waist-line. Perhaps it is too long, or too short, or too fat. In any event there are many ways out of each of these beauty troubles.

As to your complexion, if it needs clearing, why not attend to the matter at once? A pretty complexion has been the making of many a woman.

Refuse to be plain a minute longer. Having discovered your beauty possibilities, make the most of them. In short, become the pretty woman that Providence intended you to be.

SHH! LADIES! SECRET TO DARKEN

FADED GRAY HAIR--USE SAGE TEA

Sage Mixed With Sulphur Restores Natural Color and Lustre to Hair

Why suffer the handicap of looking old? Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance.

Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly just a few applications of Sage Tea and Sulphur restores its appearance a hundred fold.

Either purchase the tonic at home or get from any drug store a 50 cent bottle of Wyeth's Sage and Sulphur Hair Remedy. Made to use: but listen, avoid pre-

parations put up by druggists as they usually use too much sulphur, which makes the hair sticky. Get "Wyeth's" which can always be depended upon to darken beautifully and is the best thing known to remove dandruff, stop scalp itching and falling hair.

By using Wyeth's Sage and Sulphur no one can possibly tell that you darkened your hair. It does it so naturally and evenly—you moisten a sponge or soft brush, drawing this through the hair, taking one small strand at a time which requires but a few moments. Do this at night and by morning the gray hair disappears; after another application or two its natural color is restored and it becomes glossy and lustrous and you appear years younger.

SALARIES OF MODEL SCHOOL INSTRUCTORS. Board of Education Fixes Scale—Government Business Here. Members of the provincial government were in the city yesterday to attend meetings of the government and boards of which they are members. At a government meeting in the morning routine matters were discussed. There was a session of the provincial board of education in the afternoon, when the resignation of Dr. D. W. Hamilton from the staff of the Normal school at Fredericton was accepted. He will take the place of the late Dr. Brittain on the staff of the Macdonald College at St. Anne de Bellevue. F. A. Good, of the staff of the Fredericton High school, was appointed to succeed Dr. Hamilton in the Normal school. The salaries of the teachers in the model school at Fredericton were rearranged. The principal is to get \$1,200. He teaches grades seven and eight. Miss Harvey, who has been on the staff for many years, is to receive \$700. The salaries of the others are to be as follows: Miss McLaughlin, \$700; Miss Golding, \$700; Miss Baxter, \$600; and Miss Wathen, \$700. The last two were assistants in the manual training department. A new school manual is to be issued in a month or two and arrangements are to be made by a committee appointed by the board. Other matters of a routine character were discussed. Dr. Cartier, chief superintendent of education, will remain in the city for several days. He is to address the Teachers' Association on Friday evening and will also visit the Boys' Industrial Home as well as several of the city schools. The director of the River Glade Sanitarium met last evening, but only routine business was transacted. There are now five patients in the pavilion and it is expected that several more will soon be received.

Fredericton Opera Great Success. The comic opera, Captain Ring, was repeated in the Fredericton Opera House last night in aid of the Fredericton Baseball Club, to another capacity house. At both performances people have been turned away and an extra performance will for that reason, be given tonight. In the Spring the Blood is Thin. The body of man can be influenced in health or disease only through the medium of two channels—the blood and the nerves. When the blood is thin and watery, as it usually is in the spring, the nerves are starved and depleted, and every organ in the human body is less capable of performing its natural functions. The action of the heart weakens, breathing is weaker, the gastric juices of the stomach do not flow regularly, the liver, kidneys and bowels are less active, and in fact the whole body falls in active condition.

Dr. Chase's Nerve Food. 50 cents a box, 6 for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Children's Go-Carts. The cut illustrates one of the famous "Tourist" line of Collapsible Go-Carts which are the strongest, and at the same time the simplest, carts on the market. The one illustrated, or any one of the dozens of styles and sizes we carry in stock, can be closed flat by one motion. It is the only cart made with braces directly opposite the hubs of the wheels, which is the point where there is the greatest strain, resulting, in most carts in wobbly wheels. Incidentally, the "Tourist" is as handsome as it is strong, and a look over our stock will convince you that it is the cart to buy.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT "DANDERINE"

Save Your Hair! Danderine Destroys Dandruff and Stops Falling Hair at Once—Grows Hair, We Prove It

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair fall out fast.

We sincerely believe, regardless of every thing else advertised that if you desire soft, lustrous, beautiful hair and lots of it --no dandruff--no itching scalp and no more falling hair--you must use Knowlton's Danderine. If eventually--why not now? A 25 cent bottle will truly amaze you.

Forty of women in the council of Tyro, a small town west of here, was assured by complete returns of this week's elec-

### GAG-RULE IN CANADA

Sir Wilfrid Laurier, to whom the Rt. Hon. Winston Churchill referred the other day as "that great imperial statesman" and who for sixteen years guided the destinies of Canada, was yesterday refused a hearing in the parliament of Canada, and one of the men actively responsible for this inquiry was Hon. J. D. Hazen, the member for St. John. The scene in parliament yesterday is without parallel in the history of this country. Premier Borden has consented to the adoption of the methods of Hon. Robt. Rogers, and to the lasting disgrace of the Conservative party. When at a later stage in the day Sir Wilfrid Laurier had an opportunity to speak, he described, in fitting language, and in a speech which will live, the conduct of the government and its shameful supporters in the house. Sir Wilfrid pointed out that so far as the ordinary business of the house was concerned the Liberals had done all in their power to expedite its transaction, and that whenever the government asked for supply it was cheerfully granted. The only measure to which determined and persistent opposition had been given was that relating to the naval contribution, which the Liberals believed was contrary to the spirit and aspirations of Canadians and inimical to the welfare of the Empire. The Liberals had opposed this measure believing also that it was opposed by the majority of the people of Canada, who ought to be given an opportunity to express their views upon a question involving so great a constitutional issue before final action was taken. The Times commends to every one of its readers the well reasoned speech of Sir Wilfrid Laurier, a partial report of which appears in this issue. The Liberal chieftain is at his best. He is a clear thinking statesman, protesting against the introduction into this free country of methods which might be adopted in Russia, but which certainly do not reflect credit upon a leader or a party in this British Dominion. The people of New Brunswick cannot but regret that their representative in the government, Hon. J. D. Hazen, took so prominent a part in planning and thrusting upon the great leader of the Liberal party so gross an insult as that of yesterday.

### HALIFAX STREET RAILWAY

There is a very interesting struggle in progress in Halifax over the question of the street railway. The company known as the Halifax Electric Tramway Company, in which a large amount of Montreal capital has lately been invested, is seeking wider powers, including the authority to develop hydro-electric power. It is claimed for the company that it can develop twelve thousand horse power at the Gaspeaux River, and that the present total power consumption of Halifax does not exceed six thousand horse power. It contends that if its bill passes the legislature it will be able to give an improved street car service, provide cheaper light and power, and provide additional power also at a low rate for new industries. Its bill, however, is bitterly opposed by the city council of Halifax, which is asking authority from the legislature to hold a plebiscite on the question of expropriating the street railway. The whole city is agitated over the controversy, and there have been debates, not only in the city council, but before the legislature, both sides being ably represented. It is contended on behalf of the city that the company cannot develop nearly as much power at the Gaspeaux River as it claims, and that the provisions of the bill which it seeks to have adopted would give it a great monopoly and do a great injustice to the city of Halifax. The sister city has not been so strongly agitated over any local question for a considerable period and the outcome will be awaited with general interest.

### ACTION IS NEEDED

The citizens of St. John will do well not to be scolded into inaction by the assurance of Mayor Frink that Hon. Mr. Hazen is doing his best for this port, or the eulogy of Mr. Hazen which the Standard bases upon the remarks made by the mayor. Even if we accept the statement that Mr. Hazen is doing his best for this port, it does not follow that additional steamship berths will be ready for business at West St. John next winter, unless the civic authorities and the board of trade press the matter strongly at Ottawa, making it clear to the government that the minister has behind him in this matter the solid support of the people. Some of us are old enough to remember another time in the history of this port when a Conservative government was in power at Ottawa and Mr. Hazen was one of the representatives from St. John. It was necessary on that occasion for Mr. Hazen and his colleagues to place their resignations in the hands of the government before justice was done to their constituency. History may not repeat itself, but the people should take no chances. They should give the government and the country to understand that this national port needs immediate attention, and that the appeal is made not merely in the interests of St. John, but of the country, and of the policy of conducting as far as possible Canadian trade through Canadian channels. The city council and the board of trade will not be doing their duty unless they press the matter with increasing energy until they get results.

There was a young Briton named Cholmondeley,  
Who pronounced his own surname so bombastically,  
That folks were amazed;  
They were thoroughly daft,  
And only could stare at him dolomondeley.

ON THE OTHER FOOT.  
"John, how much money have we in the bank?"  
"We? I have a few hundred dollars, Maria, why?"  
"Nothing, only I just got a letter today from the lawyer who settled up my father's estate. There was more property than anybody anticipated; a good deal more."  
"That's fine! How much do we get out of it, Maria?"  
"We? I got a few thousand dollars, John. Why?"

TWO VIEWS.  
He listened to a famous man,  
And heard the people chime the question of  
His presence to get heard.  
He saw them smile who'd grasped his hand,  
As though great joy was theirs;  
And then thought he, "It must be grand  
To lead in state affairs."

"Where'er he goes folks know his name,  
His face the globe to see  
It must be splendid to have fame  
And as great as he.  
It must be splendid to be cheered  
And nightly winned and dined;  
I wish men yelled when I appeared,  
In life some joy I'd find."

The famous man hiked home at six,  
And bolted down his tea.  
Then cried, "Good wife, my dress shirt  
fix.  
Get out my suit for me,  
It's handy, too, my tie of white  
And place my shoes in reach,  
I've got to hurry out tonight  
To make another speech."

"I wish that I could live unknown,  
Save only to the few,  
I'd give most everything I own  
To stay at home with you.  
My cup of joy would overflow,  
And men who cheer I'd mock  
If only some night I could go  
To bed at ten o'clock."

Will Raise More Potatoes  
Frederick Mail.—Ald. W. Boyce, the largest shipper of produce in this vicinity, states that in his opinion the change in the tariff of the United States which is contemplated and which will result in the placing of potatoes upon the free list, will be followed by a marked development in potato-growing in New Brunswick. The effect, says Ald. Boyce, will not be immediate and will be felt until the next shipping season but the tariff change undoubtedly will cause increased production of potatoes in this province, larger exports and higher prices. He bases his statement upon the fact that New Brunswick's soil is better than that of any other part of the dominion for potato raising and that there is an abundance of new land available. Freight rates also are favorable. He predicts a similar boom in Prince Edward Island.

**LONDON SOCIETY NEWS**

Marchioness of Salisbury Deep in Preparations For Wedding of Daughter—Several Crowned Heads to Visit London This Year

(Times' Special Correspondence)

London, March 29.—Everybody who has been amused at the reason given for the visit of the Prince of Wales to Germany. He will be away, at the most, for a few weeks, and it is said that the object of his tour is to "improve his knowledge of the German language." Nobody who has the slightest knowledge of the tongue of the fatherland knows that a stay of a "few weeks" in the country is not very useful. No, although the unfortunate student of the German tongue is but eighteen, it is another expedition on which he has set out. All the little German princesses have donned their most becoming frocks and put on their best smiles for his inspection, hoping that he will take a fancy to make one of them the future Queen of England any time in the next few years.

At the court of Wurtemberg the young "Prager Wagner," as he is called at Oxford, will enjoy the company of his six young cousins, and the eldest "duchess," Marie Annelie, is quite a good looking girl, taking more after her Austrian mother than after her German father. They are the children of the Duke of Wurtemberg and cousin of the present king of Wurtemberg. The king, too, is less stolidly Teuton than many of those lesser German royalties, and is enormously keen on aviation and everything to do with modern machinery. His young cousins live a free and simple life, which was a bit of an eye opener to young "Wales," whose existence has been much hedged in.

**To Wed in Abbey**

The Marchioness of Salisbury and her daughter, Lady Beatrice Cecil, are up to their eyes in preparations for latter's wedding to the Hon. William Ormsby Gore, which is to take place early next month in Westminster Abbey. The little bride one day will be Lady Harlech, and a Westminster Abbey wedding always excites a certain amount of interest, very few people being able to obtain the privilege of being married in the ancient pile. Three bishops, London, Oxford and David's, are to assist the Archbishop of Canterbury to tie the knot. Lord Harlech is a Welsh peer, and a strong pillar of the Welsh church, hence the presence of His Grace of St. David's at the ceremony.

Lord Harlech has presented to the young couple a town house, in Mansfield street, and they have been very busy buying furniture for it. No startling schemes of decoration or anything very novel will be found here; there are neither of the particularly artistic, nor, however, anything will be very good, it will all be rather of the solid order.

After their return the bride and bridegroom will reside for a time at the Salisbury town house in Arlington street. This is in keeping with the patriarchal customs of the family, rooms having been kept from time immemorial for the children even after they are married. It is sometimes as many as three generations were living under the same roof at all field and Arlington street.

There are rumors of visits from several crowned heads here this summer, rumors which are sailed with great delight by the society folk, for royal visits mean a big dinner party, receptions or royal balls.

The visit of the King and Queen of Denmark has got beyond the rumor stage, as a suite of rooms at Buckingham Palace is now being prepared for them. They will be here about the middle of May and will occupy the Belgian suite, the most handsome in the whole palace. It is on the first floor, giving on to the garden, and has a separate entrance. It is so called because it was originally prepared by the prince consort for the reception of the late King Leopold of Belgium, and is never used except by royalties of the highest importance. The whole suite was re-decorated soon after King Edward came to the throne, it being discovered that such a primitive necessity as a bathroom was wanting. Close by are rooms for the attendants of the royalty who occupy the Belgian suite.

King George and Queen Mary will dine or dance with several hostesses of high degree also this summer, so the prospects of a gay season are particularly bright. The Earl and Countess of Granard will entertain Their Majesties to dinner, and the Duchess of Roxburgh will give a big ball.

**Notions in Society**

There is some sign that little entertainments are to be among the novelties of the season. Do not be deluded into thinking that the little entertainments is easier to manage than the big one, because it is not so. This particular form of frivolity to be successful must be original, and it is not every one who can be that. At present it is the little tea dance that is all the go. You are invited to tea, and you find a hand—rather, you do not find it, because it is hidden away. But at the time it plays the most insidious of "rag-time," whenever you feel.

Lady Angela Forbes, too, introduced a novelty recently at one of her dances and appeals to the men especially, and it is absolutely obliges you to get on your feet and dance. But you do not dance all the time; you just get up and "one-step" whenever you feel inclined.

**A STEP AT A TIME**

Have you ever noticed how unreasonably the man at the bottom of the ladder envies the man at the top? Not until success has been actually attained does the man appear at the top, and the consequence is that he gets scant credit for the step at a time climbing which has brought him there.

That, at any rate, is the experience of the Midland Vinegar Company, of England, the manufacturers of H. P. Sauce. They are now at the top of the ladder—H. P. is an assured success—everybody who tastes it likes it, and recommends his friends to make a trial of it.

Amid the general buzz of success no one has leisure to imagine what a long time was given over by the Midland Vinegar Company to careful experimenting with different combinations of rich Oriental fruits and spices, before a perfectly delicious, rich, thick, fruity sauce like H. P. was arrived at and christened, and sent forth to win its way with the people. H. P. has been a success from the very first—but that is because its manufacturers did not want themselves as sauce manufacturers until they had a perfect sauce to talk about. You try H. P. You will like it—everybody does.

**RHEUMATISM YIELDS TO ZAM-BUK**

Read This Lady's Experience

Just at this season many people find themselves suffering from aches and pains of rheumatism, sciatica, etc. For these Zam-Buk is a sure cure.

Mrs. Mary Harman, Wheatley, Ontario, writes: "I had rheumatism very badly. It affected my right arm and leg, and was so bad that I could not put my hand to my head or behind me. I was quite helpless, could not do my work, and could not even dress myself, but had to be attended to like a child. The rheumatism in my leg was so bad that at times I could hardly walk."

"Naturally I tried various remedies, but they seemed to do me no good. A friend advised me to try Zam-Buk. I obtained some, and had it rubbed thoroughly into the affected muscles. Before the first box was used I was very much better. I could move around the house with ease, and dress myself, and needed very little personal attention. I continued with the treatment, rubbing Zam-Buk in thoroughly every day, and in a few weeks time the rheumatism was driven completely out of my system. The cure was permanent too, and since that time I have never been troubled with rheumatism."

It is just as good for skin injuries and diseases, eczema, scald sore, eruptions, piles, cuts, burns, bruises, scalds, etc. All druggists and stores. See box or by mail from Zam-Buk Co., Toronto, for price.

**ZANGWILL SPEAKS AFTER TODAY THEY GO ON THE NEW JUDEA**

Solving the Problem of Jewish Homelessness

**TWO CONFLICTING THEORIES**

One Would Have New State in Palestine; The Other in Any Land—Great Difficulties Which Are in the Way

London, April 10.—While lecturing on the subject of a "New Judea" for the Jews, Israel Zangwill said the subject upon which he was engaged was that of solving the problem of Jewish homelessness by getting a new land, a new home, and a new Judea for the Jews, a land which would be their very own, and in which they would hold the reins of government as a majority of the population.

Two conflicting theories, it appears, are disturbing the Jewish universe, the one called Zionism, pointing out that as yet uncreated state must spring up in Palestine; the other, perhaps less visionary, called Holim, or Territorialism, declaring that the new Judea should be encouraged to spring up anywhere. Mr. Zangwill reviewed both these theories, and dealt with the difficulties attendant upon each.

The original object, he said, was child's play to the modern problem. Moses had to deal with a people already collected together, only 600,000 in number, that had merely to march out and train itself in the wilderness until it was ready to conquer the tribes that held the nearest country—which happened to be Palestine.—But to-day, with a race of 12,000,000 scattered in every country over the earth, speaking no common language, losing even their common religious expression, often mutually hostile, and the mass of them too poor to emigrate—or too rich—it was scarcely possible even to conceive a plan for a great gathering under one government (their own), with each citizen paying his shekel to the David Lloyd George of the new state.

Of course by far the most important side of the problem was the immediate fate of the 6,000,000 Russian Jews. The persecution of the race, he said, was always greatest where there was little or no surrounding civilization, and today it was in Russia in particular that the position of the Jewish peasant was intolerable. America at present was the land of refuge, but there was a great danger of the total absorption of the Jewish race in the states.

One of the greatest obstacles standing in the way of the Jews' dream of a "Holim" was the anti-Semitism of the Jew himself. Land had been offered to him several times—in Natal, Honduras, in New Orleans—but the English, German, and French Jews were afraid they would be distinguished from the English, German, or French (according to their country)—which, of course, they were not to-day. Jews, therefore, were suffering from the consequences of their own slackness.

**ALL THINGS OFF.**

It was on the Third Avenue Elevated Railroad, and the five figures of this tale were riding uptown. "I'll bet you five dollars," said Brown, "that that old chap over there in the corner is a Pole." He pointed to a long-whiskered foreigner sitting opposite, with a pedlar's pack between his feet. "I'll go you," said Smithers. "I've got five dollars that says he's an Armenian." "Let me in on this," said Phillips. "Five one-dollar bills in convention assembled in my vestpocket, decree that he is a Russian." "And I will build that pool up to twenty bones that he is a Hungarian," put in Robinson. "Don't mind the other; and Robinson, being the nervous member of the party, was delegated to put the question as to the nationality to the old man himself. "Vot, Me?" said the object of their interest, on hearing the question. "Vot, Me? Yy, I vas an Amerrigian—I only shoost tooo good dber papers."

The longest straight piece of railway line in the world is from Nyanza to Bourke, in New South Wales. This railway runs 130 miles on a level in a perfectly straight line.

**JUDGING OTHERS.**

No man can say in what degree any other person, besides himself, can be with strict justice called wicked. Let any of the strictest character for regularity of conduct among his examine impartially how many vices he has never been guilty of, not from any care or vigilance, but for want of an opportunity, or some accidental circumstance intervening; how many of the weaknesses of mankind he has escaped, because he was out of the line of such temptation; and what often if not always weighs more than all the rest, how much indebted he is to the world's good opinion, because the world does not know all. I say, any man who can thus think will scan the failings, may the faults and crimes of mankind around him with a brother's eye.—Burton.

**TO CALVIN CHURCH**

St. Andrew's Beacon.—Rev. W. M. Fraser, of Halifax, who has been supplying the pulpit of Greenock church for the last five months, concluded his engagement on Sunday and took his departure for St. John on Tuesday, where he is to fill the pulpit of Calvin church for a time. At the close of the Sunday evening service the clerk of the session, on behalf of the congregation, presented to Mr. Fraser an address, thanking him most heartily for his useful labors, and wishing him God speed.

**An Easy Way To Remove Superfluous Hair**

For the benefit of our lady readers who suffer from the humiliating disfigurement of hair on face, lips or chin, we publish herewith a formula which has the advantage of being simple and inexpensive, as well as marvellously effective. It is not claimed by our informant that one application will permanently destroy the hair roots, but it is claimed and the claims are borne out by actual tests, that one application completely removes the hair, and its regular use, one or two days apart, will quickly and permanently destroy the hair root itself. If you have hair which you wish PERMANENTLY REMOVED, ask your druggist to mix 4 1-2 drams Pulverized Sulphur Concentrate with 2 1-2 drams Zinc Oxide, and 1 dram of Powdered Oris Root, and put in a wide mouth bottle. For use, mix a little of the powder into a paste on a plate by adding a few drops of water. Apply with a narrow knife blade and remove at the end of two minutes with the back of the knife, when the dissolved hair will come with it. Repeat at intervals of two days. Each time the growth will be less, until it entirely disappears.

**CAUTION**—This must not be used as a substitute for shaving, as its repeated use completely destroys the hair roots.

Montreal Comment

Montreal, April 10.—The Gazette says:—Business in local stocks yesterday again lacked variety and the market as a whole was narrow and uninteresting. Transactions were slightly larger on the volume. Power and C. P. R. maintained their position as leaders without signs of contention from any direction. The slight demand that sprang up for Toronto rails and Textile in the afternoon offered some encouragement as to a broadening tendency. Textile, Detroit, Rich., Spanish and other stocks, will from time to time hold prominent in the trading, have been exceptionally quiet, and latterly the market has been little more than a two-stock affair. C. P. R. and Power. The firmness of these two leaders at all events has been a sustaining influence on the general level of prices, but money conditions apparently still operate against it being made the basis for a renewal of activity.

MONEY FOUND

Monday until noon on account of J. P. Morgan's funeral. Attorney-General McReynolds not likely to oppose the Union Pacific plan if the St. Louis court accepts it. Corn Prod. Co., in answer to government suit, says conditions of trade make it impossible to monopolize or establish prices. Gov. of Missouri vetoes bill allowing Standard Oil to continue business in that state. Steel tonnage statement at noon today 120,000 to 170,000 tons decrease expected. St. Paul and Penna. are now in the market at \$75,000,000. If other issues follow our money rates will not get down as low as looked for. Tariff talk will now be heard from on every side, likely to affect some special stocks, but not the general market as a whole just yet. London is a buyer here, some of it short covering. The public are getting interested. I look for a better market on the drive would buy Reading, Lehigh, Amn. Can. Copper and St. Paul. The Southern Railway stocks very slow.

LOST \$70 AND HER CLOTHING IN HARDING STREET FIRE TODAY

David A. McLaughlin's House Scene of Blaze This Morning

The fire department responded to an alarm from box 45 about 10 o'clock this morning for a blaze in a two-story house at 22 Harding street, owned and occupied by David A. McLaughlin. Mrs. McLaughlin left the house to do some shopping a little before the fire broke out and Mrs. Woodley, who lives next door, noticed smoke issuing from the windows in the top flat and sent in the alarm. The fire department were soon on the scene and found it necessary to force the front door.

The fire started in a bedroom at the back of the house immediately over the kitchen. A pipe from the kitchen ran down stairs through this room and the pipe, becoming overheated, is thought to have started the fire. In about half an hour the department had the fire under control but before considerable damage had been done to the bedroom and kitchen. Some of the other rooms and contents were damaged by water. The loss to the householder is estimated at \$70 and the furniture for \$800 with the London Assurance Company. Mrs. McLaughlin and her children and all her wearing apparel in the fire.

THE ALGONQUIN HOTEL

Beacon.—The finishing touches are now being put to the Casino, a striking looking building which has been erected on the Row, overlooking the Algonquin hotel. The building is of concrete, two stories in height, with broad, pillared verandahs. It is designed for amusement purposes. The company have added a two-story concrete tower to the Algonquin hotel, which will provide more dining room space. It is expected that this fall the task of renovating the wooden part of the hotel and erecting a concrete structure in its place will be begun. An addition is to be made to the hotel property.

THE SARDINE INDUSTRY

(St. Andrews Beacon.) The Canadian Sardine Company have shipped their first sardine manufactures. The company are producing a sardine of a particularly fine quality. Last week about 100 hogsheads of sardines were shipped. The fall season for sardines is plentiful, and the work-people more prolific, very much larger quantities than in the past.

GOING TO MONTREAL

Amherst News.—The reorganization of the International Engineering Company necessitates the removal of George W. Cole from the local plant here to the head office in Montreal. Mr. Cole has been a resident of Amherst for nearly a quarter of a century and during that time has taken an active part in the civic, business, church and social life of the town, and has transferred his residence to Montreal. He is a well-earned promotion, but at the same time the citizens of Amherst will regret very much his departure and the departure of Mrs. Cole. As a member of the town council and as a member of the Amherst Board of Trade, Mr. Cole has in past years rendered faithful service to his town, and has been closely connected with many reform organizations that tended for the betterment of Amherst.

ENDOW ROOMS IN NEW INFIRMARY

St. Peter's Y. M. A. Decide To Provide For Two

THE ANNUAL RE-UNION

Prizes Presented, a Pleasing Programme Enjoyed and Good Advice to Young Men is Given—Night School Course Advocated

A large and jolly gathering of members of St. Peter's Y. M. A. assembled last evening in St. Peter's Hall, in Elm street, at the annual social reunion which this year took the form of an oyster supper, and proved distinctly enjoyable to all present. The gathering was presided over by W. J. Shea, president of the association, and he was warmly received in an able and practical address which he delivered dealing with the various phases of life in the organization.

Probably the most interesting feature of the evening's programme was the decision to endow two rooms in the new infirmary being erected by the Sisters of Charity in Coburg street. There also took place the presentation of the prizes won in athletic sports during the last winter by the society or its members, and in this connection they were very successful. The presentations were made by Thomas J. Coughlan, chairman of the sporting department, in an interesting speech in which he congratulated the members of the society for the manner in which they had conducted themselves, and upon their success.

The cup won in the inter-society skating championships was presented to the president in behalf of the relay team, while the trophies for leading honors in the bowling league were presented to Joseph Dever, captain of the winners, the Thistles. In sporting circles during the summer the association will again be the forerunner, and preparations for the formation of a baseball league are again under way. There is also a possibility of the St. Peter's entering a team in the City League should it again be organized. Plans are also being made for a series of outings at Chapel Grove during the summer months.

The literary and musical part of last night's programme gave much pleasure. The opening address given by the president was much appealing, forceful and dealt in a capable manner with the work of the association, and what might be accomplished, particularly in the literary field, with greater effort. He advocated the establishment of a night school with courses in practical and useful studies, and his delivery was excellent and he was warmly applauded.

Another interesting and inspiring address was given by the pastor of the parish, Rev. Charles McCormick, C. S. R., who touched upon many matters tending to the upliftment of the young men, to the development of their spiritual and temporal interests and their general advancement. He cited many instances wherein men young in life had become famous for some great act which has become a memory indelible, and which will well take pattern. Father McCormick was followed with close attention and was vigorously applauded at the close of his address.

There was also an address by the spiritist, Rev. H. Bergman, C. S. R., and he was accorded the usual hearty reception tendered him by the boys of St. Peter's, who he is so greatly revered and esteemed. He spoke upon the objects of the society, the success it had attained, and the reasons for its success, and the attention and to conduct themselves so that they could be regarded always as bona fide members of the society, and as a name of the society and taking an interest in its welfare.

Several nicely rendered selections were given by the orchestra under the leadership of John McBride. Readings were given by L. A. Conlon and J. H. McGeorge, reported by J. E. Dwyer, and songs by Harry McQuade. The closing number was Auld Lang Syne by the orchestra, and it brought to an end a very happy and enjoyable time.

PARIS POLICE FIND THE "SUFOCATING REVOLVER" IS EFFECTIVE WEAPON

Paris, April 10.—The "sufofocating revolver" has been found effective. The weapon was invented as a sequel to the motor bandit's siege, when it was realized that there was need for some method of overcoming the resistance of dangerous criminals, without so much risk to the police. The weapon was used in the Passy quarter, where a young Creole named Vialle Pothin, belonging to a wealthy family, had suddenly become mad. Armed with a revolver and several boxes of cartridges he had barricaded himself in his room, and for several hours had fired at anyone who had ventured to approach. Steel bucklers were fitted to two detectives, who crept up to a small window and fired the contents of their "sufofocating revolvers." The room was filled with acrid smoke, and Pothin, half suffocated, made a dash to the window, where he was captured.

MONTREAL WHITE SLAVE CASE

Montreal, April 10.—Charged with an attempt to induce Mary Muscovitz, wife of Antonio Marengo, to leave Montreal, Alexander Kolsky and Mike Martin of Valle street, were arrested by Inspector O'Keefe. They were taken before Judge Lanctot, pleaded guilty to the charge, and were remanded.

NEW YORK 'PHONE GIRLS, 500 OR 600, ON HAND IN CASE THERE IS BOSTON STRIKE

Boston, April 10.—Between 500 and 600 telephone girls called to Boston in anticipation of a strike among the operators here, have arrived, accompanied by a corps of detectives. The girls came from New York on a special train of six coaches, every girl with her suitcase or grip filled with clothing enough for an indefinite stay. A committee of four or five regular Boston telephone company members of the local union, sought to talk with the arrivals, but were prevented by the twenty detectives who came on the same train from New York and other detectives, said to have been employed by the local telephone company. The New York girls made for the street level of the Back Bay station and there formed in double file. At intervals along the feminine line were the detectives. About six policemen were also present to see that order was preserved, but there was practically no disturbance of any kind.

RECENT DEATHS

Friends of Mr. and Mrs. Arthur Love, of Exmouth street, will regret to learn that they have suffered the loss of their little son, Leonard David. Only a few weeks ago Mr. and Mrs. Love lost a girl and both children died from trouble which developed after an attack of measles.

E. Spurgeon Everett, of Fort Fairfield, Me., died last Sunday. He was about 56 years of age, went to Fort Fairfield from New Brunswick 21 years ago and for several years pursued farming but the last few years he had lived in the village. Quite recently he was appointed deputy sheriff. Mr. Everett is survived by one son, E. Roe Everett, and one daughter, Mrs. Hiram Towle, of Fort Fairfield.

The death of Mrs. Caroline Walsh, widow of Daniel Walsh, occurred at their home in Westport, N. S., yesterday. Death was due to paralysis. She was taken ill only three hours before her death. She was the mother of twelve children, nine of whom are living, and she also is survived by fourteen grandchildren.

Andrew McEwen, a native of New Brunswick, who left this city more than twenty years ago, is dead in Boston.

Captain Silas Mitchell of the government fisheries service, died recently at his home in Whitepool.

David Peacock of Inver is dead aged seventy-nine years. He was a native of St. Andrews and a shipbuilder.

Alice, daughter of the late Clement H. Bateson, is dead at Whitepool, Campbellton.

Mrs. Elizabeth Worrell of Rolling Dam is dead aged eighty-seven years.

Chas. E. M. Gloss of St. Mary's is dead, aged seventy-eight years. One brother, Henry, and two half-brothers, John and James Bizzard, live in St. John.

NEW TELEPHONE COMPANY.

The application for incorporation for establishing a telephone system connecting points between the St. John and Kennebecasis Rivers was decided upon yesterday at a meeting of delegates from Summerville, Holderville, Long Reach and Whitehead, which was held here. As soon as the letters of incorporation are granted the company will proceed with the erection of their lines. They will connect with the N. B. Telephone Company at Read's Point, but will be separate from that company in every other respect. Among those at the meeting were Joseph Sleep and J. Scallion, Summerville; S. McColgan, Holderville; Frank Gorman, A. D. Gorman, H. C. Williams, and David Williams, Long Reach; John Edwards and C. Fulton, White Head.

TO EXPLORE IN THE FAR NORTH

Professor McMillan To Sail From Sydney

START NEXT JULY

Object is to Hunt For Land Which Peary Said He Saw in 1906 And Called Crocker Land—Return in 1915

(Sydney Post.) Professor McMillan, who became famous in connection with Peary's expedition to the North Pole, is expected to arrive in the city soon to complete arrangements for the Crockerland expedition which is to leave here in July of this year.

As at first planned, this expedition to the far north was to have left Sydney on July 20, 1912, under joint command of Professor Borup and Professor McMillan, but owing to the former's tragic death by drowning it was necessary to postpone the trip for a year.

Up to last fall, when Professor McMillan was in this city returning from an expedition to northern Labrador, he had been unable to find anyone to take the place of his deceased partner, but it is understood, a prominent explorer scientist will accompany him, whose name is not yet learned.

While here last summer Professor McMillan, gave a very interesting interview to the Post on this expedition, explaining its purpose, etc. "The expedition," he said, "will leave Sydney in July of 1913, in the 'Diana', a sealer chartered from Job Ross, of St. John's, Nfld.

"Our party will include a geologist, a zoologist, and a hydrographer; about five scientists in all, and leaving here in 1913, will remain in the north till 1915 when we come back again to the south and civilization. The 'Diana' which is a very little smaller than Peary's 'Roosvelt', will drop us, a party of about seven or eight, together with five or six Eskimo dog drivers and their charges, in Crockerland, will come south and return for us in two years time.

"The object of the expedition," continued the explorer, "is to endeavor to rediscover so to speak a land in the polar region which Peary claimed to have seen in 1906, on two different occasions, and to which he gave the name that it now holds, Crocker Land. It is to verify this discovery that we intend going north, for of course you know that no new body of land is accepted by scientists until it has been set foot upon, and its exact location, as regards latitude and longitude, determined. This we will do if it really there, and place it on the map. We expect to find there many new species of animals, among them new varieties of the musk-ox, caribou, fox and Arctic hare.

"It is roughly estimated, as shown by a study of Arctic maps, that there are fully half a million square miles of territory in the great polar sea still unexplored. Peary, therefore, must have seen only a corner of this.

"The second year of the expedition will be consumed in penetrating to the center of Greenland. No man has really ever been there. Nansen explored the south and Peary the north, but the other portions of that continent in itself, are still unknown. In the spring of 1915 we will enter this part of Greenland, and endeavor to reach several of the high points, some of which are said to extend 12,000 feet skywards. Peary himself reached an altitude of 8000 feet.

"We will return to Sydney in the fall of 1915, if all goes well and hope by that time to have done a little more towards the cause of science."

**A Cause of Much Loss in Cattle Raising**  
Unfortunately for Canadian cattle raisers many calves are lost each year through the accident of premature birth. While no doubt many of these losses are due to injuries, a much greater number are caused by contagious abortion. When this disease obtains a foot hold in a herd the consequences are apt to be serious as it is readily transferred from animal to animal, making it almost impossible under usual farm conditions to raise calves for perhaps a series of years.

For the information of cattle raisers the Veterinary Director General has issued a reprint of a leaflet of the British Board of Agriculture and Fisheries on this disease, which is being made the subject of very careful study and experiment in the Old Country.

This reprint which constitutes a brief pamphlet of less than four pages, deals with the subject under the following heads:—Animals affected, The Microbe, Virulent Material and Method of Infection, Symptoms and Prevention. It is written in plain language and contains information of great value to all cattle raisers and persons who are studying the disease. It is printed for free distribution to those who apply for it, but it is not sent out to the regular mailing list of the Publications Branch of the Department of Agriculture, at Ottawa.

**L. O. B. A. TEA AND SALE.**  
A successful tea and sale was held last night in Orange Hall in Simonds street. It was liberally patronized and the ladies in charge feel highly gratified with the success attained. The affair was conducted by the members of Dominion L. O. B. A., No. 18. The sale will be continued this evening. Supper was served from six to eight o'clock, after which the various booths were thrown open under the charge of the ladies of the committee. The hall was nicely decorated and the booths looked very attractive.

ASSOCIATED CHARITIES

Project For Labor Bureau in St. John—Many Applications in February and March

The Associated Charities yesterday adopted a resolution calling upon the civic authorities and the Board of Trade to seriously consider the establishment of a labor bureau or some other means by which idle men might be introduced to vacant jobs.

The adoption of the Child's Protection Act by the legislature was referred to with expressions of gratification. In reply to the board's request that a course for playground teachers be established at the normal school, as asked for by the Playground Association, the chief superintendent replied that the matter had been carefully considered and the board of education was disposed to do something along this line, but the present facilities at the normal school were not such as would permit of the granting of the request.

The secretary's report for February and March showed 434 applications. Of these 136 were for employment, from 29 men, 78 women, seven young girls, four boys and eighteen maids. Twenty-nine were from out of town. There were 41 applications for relief; 59 persons were recommended to employers, and employment found for twelve men, fifty-nine women, two boys, four girls and three maids. Advice was given in thirty-nine cases, records in thirty-eight, relief in thirty-nine, forty letters written, thirty-eight visits paid, thirty-one cases investigated, ten of them on out of town inquiries, and clothing given to twelve persons.

Tubes For Toronto

Toronto, April 10—This year is likely to see the beginning of the construction of a system of tubes to serve the fast growing needs of the city, as well as the extension of the city car lines into the outlying districts. The solution of the rapid transit problem has been made possible by the most favorable demand in the United States for Toronto securities. The city bonds now on the market there are selling freely.

MT. ALLISON CAMPAIGN.

Arrangements for a three days campaign, commencing on April 21, in this city for the purpose of securing subscriptions to the \$250,000 endowment fund of Mount Allison University were made at a meeting of Methodist clergymen and others interested which was held in Centenary church last evening. On Sunday, April 20, addresses on the subject will be given by Rev. Dr. Graham of Toronto, Rev. Dr. Jordan and Rev. Dr. Campbell of Sackville.

MORE DANGEROUS HAT DECORATIONS UNDER BAN

Berlin, April 10—Following the prohibition of the long hatpins formerly worn by the women in their bonnets, the police are about to open a campaign against projecting feathers and trimmings when they are stiffened with wire or otherwise. Men have made complaints against these projecting ornaments, and recently the eye of a strap-hanger in a car was seriously injured by a wired feather. The prohibition has not yet been introduced, but it is understood that it is impending. The women are indignant over the matter, and talk of resisting the proposed order.

Gov. Post, of Massachusetts, has signed a bill compelling women to cover the projecting points of their hat pins under penalty of \$100 fine.

MY CORN DON'T HURT A BIT

Tired, Smelly, Sweaty Feet, Corns, Calluses and Bunions Cured by TIZ. Send at Once for Free Trial Package.

Say good-bye to your corns the very first time you use TIZ. You will never again have a corn, bunion or callus, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn-hammer in with your fat if you wish—no more pain after TIZ. Doesn't that sound good to you? Doesn't it? Then read this: "The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no excruciating pain. It's an up-to-date Godsend."—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous excretions which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There are a good many counterfeits of TIZ now being made by unscrupulous persons who think they can make a little money by fooling people once. Don't fall a victim. You'll have to get TIZ afterwards and they know it, and you might as well get it the first time and save the money on counterfeits. TIZ is for sale at all drug stores, department and general stores, at 25 cents per box, or direct, if you wish. Money back if TIZ doesn't do all we say. For a free trial package write today to Walter Luther Dodge & Co., Windsor, Ont.

Corns Ended Forever For 15 Cents

Then forget the corn. In two days take off the plaster and lift out the corn. This is the only scientific way made to terminate a corn, and you might as well get it the first time and save the money on counterfeits. TIZ is for sale at all drug stores, department and general stores, at 25 cents per box, or direct, if you wish. Money back if TIZ doesn't do all we say. For a free trial package write today to Walter Luther Dodge & Co., Windsor, Ont.

UNPARALLELED SCENE IN COMMONS AS TORIES FORCE THE CLOSURE BILL

Honored Leader of Liberals Howled at and Jeered by Tories Led by Rogers—Borden, Too, Forgets Himself—Sir Wilfrid's Dignified Presentation of Case For Rights of the People

Ottawa, April 9.—The threat of the Conservative government were put into effect today when Premier Borden introduced a resolution providing for the closure of debate by the vote of the majority, thus curtailing the right of discussion and enabling the majority to rush through any legislation they desire without fear of the publicity and explanations which debate involves.

When Mr. Hazen rose to vote he was similarly greeted. "Shame to the good old province of New Brunswick that she should be thus represented," exclaimed Frank Carroll, the militant Liberal New Brunswicker.

"Shame, shame," cried every Liberal in the house as the speaker was hurled across the floor, while the brute majority behind him cheered. The premier's face was flushed, and it was evident that he keenly felt the significance of his action.

myself of the realization that I had been called to represent the great Liberal party of Canada. My liberalism is perhaps of the old school, the school of Liberal traditions and Liberal fundamentals.

RHEUMATISM KEPT HIM IN BED Suffered Tortures Until "Fruit-tives" Cured Him

McMILLAN'S CORNER, Ont., Sept. 30th, 1911. "Your remedy, "Fruit-tives" is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time.

Indeed, this letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure.

Let me repeat to my right honorable friends, as you are fair, so shall you meet with fairness; as you are unjust, so shall you meet with injustice.

COMMUNITY WORK BEING DONE BY JOHN BRADFORD IN AMHERST Review of Portion of the Activities During February and March

The Amherst News presents the following review of a portion of the community work done in that town in February and March, under the direction of John Bradford.

Throat Was So Sore Could Hardly Speak. Mr. Gordon Murphy, Elliott's Mills, P.E.I., writes: "Too much praise cannot be given your valuable remedy, Dr. Wood's Norway Pine Syrup."

Cutlery Easily Quickly Thoroughly Cleaned with Oddrich Cleanser Do not suffer from itching, bleeding, or any other ailment of the Piles. No operation required.

Boy's teams in indoor ball, basketball and hockey. Games played. Enrolled on teams. In indoor athletic events.

RELIGIOUS WORK Two Mission S. S. conducted, eight sessions, eleven classes enrolled. Attendance. Six lectures in church. Graded series of lessons introduced into four Sunday schools.

SCHOOL WORK Four socials at West Highlands, school attendance. Two illustrated lectures, attendance 775. Story telling to 1860. Six assistance in arranging vocational talks for high school students. Fifteen health talks.

CIVIC WORK Meetings of Greater Amherst Committee on education, market, athletics, entertainment and executive. Six groups organized and leaders secured. Membership of groups, 72. Attendance at meetings, 230.

MEDICAL INSPECTION. Class inspection of. Physical examinations. Referred to physicians. Diseases visited. Clothing supplied.

In addition, Mr. Bradford visited Toronto, where the association had adopted the plan of work being carried on in Amherst, and has secured a secretary for the Toronto work; Miss Murray, of the Girls' work; has come to St. John for some weeks to assist in the work; and the secretary attended the meeting of the supervisory staff at Toronto, presenting community work to the secretary of the Canadian National Young Men's Christian Association.

Commenting on the report the Amherst News says: "What do you think of that? What do you think of it? What part have most of us taken to make the work a success? Have we in our worldly wisdom criticized or have we given sympathy and help? Really for our own part we rather ashamed that our part in the programme was so small. Most of us live our lives in very contracted environments. Our days are spent, many in the office, at our work bench or in our homes. We have a limited circle of friends whom we occasionally visit. On Sunday we go to our own church and perhaps, to prayer meeting or some fraternal society, during the week, with picture show now and then to spice out our existence. Sitting by our own registers or fire places, passing life comfortably and pleasantly, we sometimes have no sense of realization as to just what is going on in the town. What forces are at work for good and evil and what is being done to give the community a moral uplift or a downward pull."

Had Weak AND Dizzy Spells. Those feelings of weakness, those dizzy spells and "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded.

Those who are wise will start taking Milburn's Heart and Nerve Pills before their case becomes hopeless. They have no equal for reviving and strengthening the heart, and invigorating the nervous system.

WIFE'S HEALTH RESTORED Husband Declared Lydia E. Pinkham's Vegetable Compound Would Restore Her Health, And It Did.

Ashtand, Ky. "Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."

Read What Another Woman says: Camden, N. J. "I had female trouble and a serious displacement and was tired and discouraged and unable to do my work. My doctors told me I never could be cured without an operation, but thanks to Lydia E. Pinkham's Vegetable Compound I am cured of that affliction and have recommended it to more than one of my friends with the best results."

Health and Beauty Aids

BY MRS. MAE MARTIN

Ethel: I am glad you like my canthrox shampoo recipe.

Bertha: You ask why a woman in the twenties gets crow's feet and wrinkles and what to do to avoid them.

M. W.: Worry will not remove the fuff from your chin. Get a small, original package of detalone and with water mix into a paste enough of the powder to cover the hairy surface.

Lucile: Face-lotions or washes are to be preferred to ordinary face-powders. Your sallow, dark and oily skin can be made white and more youthful if you will use this recipe.

Blanch: If your eyes feel tired and are dull and inflamed, you need an eye-tonic. Dissolve an ounce of cytrate in a pint of water.

Mrs. T.: It is true that exercising and dieting have brought about satisfactory results to many who considered themselves too fat.

Ada J.: The best and cheapest shampoo I know of is made from pure, plain-canthrox. Simply dissolve a teaspoonful of canthrox in a cup of hot water and stir well until all is dissolved.

AQUATIC

French Race. Paris, April 9.—The winning streak which American owners set at Longchamps was maintained at St. Cloud. Entries of American stables finished first in three of the six races.

W. K. Vanderbilt's Sallia began the day's work by finishing in the very first race with a good lead. This was the Prix des Loges for 3,000 (800) Mr. Kohler's Clotilde finished third.

The second race, the Prix de la Pommeraye, for 6,000 (81,200), also resulted in Mr. Vanderbilt's triumph. He carried his colors to the front. O'Neill rode both these winners.

The third race, the Prix Simonon, for 8,000 (81,800), the biggest purse of the day was won by H. B. Duryea's Banabee, McGeue.

Entries from the Kohler, Gould, Wildner, Vanderbilt, Belmont and Thorne stables were replaced in various races. Showers fell during the afternoon and the course was heavy.

THE TURF

A Grim Challenge. Patrick O'Keefe, a Titanic survivor in New York has issued a challenge for a 100-yard swimming contest with any survivor of the Titanic disaster. He said he would like to have the contest held next Tuesday, the first anniversary of the sinking of the steamship.

BASEBALL

Juniors At It. In a four-inning game of ball last evening, the Royal Geese defeated the Blue Birds by the score of 5-0. The feature of the game was a home run by Campbell, who went to bat with the bases full.

New Pitcher for Royals. Henry Tappan, a young and promising pitcher of the Chicago Cubs, has been purchased by President Lichtenheim of the Montreal Royals.

Al. Matters and President Sam Lichtenheim of the Montreal Royals come together on the salary question. With matters in line at it hoped that Henry and Griggs will follow suit. With these two hold-ups on hand quite a different complexion would be put on the probability of the Royals making a good getaway from the start of the race.

Burch stands six feet in his socks, and has a build which seems to indicate immense physical possibilities.

The Big Ones. The Washington Americans defeated the Toronto Intermittents yesterday afternoon at Washington, 13 to 2. The Washington team made three home runs.

The Baltimore Orioles triumphed yesterday from the Philadelphia Athletics by a score of 5 to 3. Philadelphia took the first game in the National league yesterday, defeating Brooklyn, 1 to 0. Philadelphia scored the only run of the game in the first inning on an error by Meyer, a Buffalo recruit, who is in rightfield for the Brooklyn.

Bangor Keen For It. Bangor Commercial—An evidence that the summer season is at hand, and it requires some proof down this way in the opening of the baseball season next week. The teams of the two great leagues have been on their spring training trips in the south, something required nowadays for all well regulated ball players, and are ready to open the season.

The expert dopsters are inclined to think that the New York Giants will repeat in the National league, a prediction that looks good and seems likely to be undisturbed unless by Pittsburgh or Chicago, teams that will prove strong contenders. In the American league there bids fair to be a hot race between the Boston and the Philadelphia Athletics.

Washington will be well in the first half but seems too much of a one man team to win the pennant.

For the first time in some years Bangor is to have a ball team unless present signs fail and there seems no good reason why they should. Gentlemen from away have decided to invest their money in a ball team here and with the league of Main and New Brunswick towns as planned a league run along sensible and not too expensive lines should last the season out and return some money to its promoters. Bangor is keen for some good baseball and will give liberal support to a good team.

Chance Tells of Injury. "I never wrenched a tendon in my leg before and I can't understand now just how it happened," said Franke Chance. "My legs have been stronger than ever this spring and that is why I've been running so fast. Perhaps it was a soft spot in the ground near first base in which I stepped as I rounded the bag. Trainer Barrett tells me that I will be all right again in a day or two. I'll play against Washington on Thursday if I have to use a crutch.

"Derrick's injury was more serious. It could not be avoided, and we will miss him. He was just beginning to show real

NAVY SAYS HE WILL LET COBB STAY HOLDOUT

Detroit, Mich., April 10.—President Navin, of the Detroit American league baseball club, announced that Ty Cobb, the club's center fielder and champion batsman of the league, would not start the season with his team at St. Louis today. President Navin added that he intended to make no further inducements to Cobb, who is "holding out" for more money.

A GREAT MUTUAL BENEFIT SALE OF CLOTHING AND FURNISHINGS

Will Begin Tomorrow Morning at 8 o'clock. Forget About Real Estate, Gold Mines and Black Foxes for a Few Days and Invest Your Money in This Clothing

A short time ago while on his annual Spring trip to the Upper Canadian markets, our buyer received a proposition from a leading manufacturer to take his whole stock of Suits, Light-weight Overcoats and Trousers of his hands at a great sacrifice in price. After much dickering we bought these goods at OUR PRICE and now, we are prepared to throw on Sale Suits and Overcoats of the first water at prices that will astonish the most careful shoppers.

THIS WILL TRULY BE A MUTUAL BENEFIT SALE. We will benefit by making a small profit and hundreds of new customers as well as cementing our old friends firmer to this store. You Will Benefit by getting the Best Ready-to-wear Garments in the Dominion of Canada at a Saving of 25 to 50 per cent. right now when you can make good use of the clothes.

As well as securing this clothing snap we have gathered together the surplus stock of several Gent's Furnishing Houses to make this a regular Bargain Treat for men and boys. Do not mis-understand us, everything in the store is not reduced, we could not possibly cut our regular stock to such ridiculous prices, only the Special Purchase goods on Sale. But there will be plenty to satisfy the wants of the hundreds of men who will answer this advertisement.

THE STORE IS CLOSED TODAY TO PREPARE THE STOCK. We Will Have Extra Salesmen to Make Shopping Easy for You.

NOTICE---We Cannot Send Goods on Approbation During This Sale. HENDERSON & HUNT, 17-19 Charlotte St.

Young, however, is a fine fielder, and he will play shortstop until Derrick gets back. Lou Bader to the Dallas team of the Texas League. Diamond Sparkles. "Doc" Semmes, whose resignation as trainer of the Chicago Nationals was embellished by a blow to "Johnny" Evers' jaw, has signed a contract to train the Cincinnati team. The Red Sox, baseball champions of the world, are home after a month of training for the American League pennant race. It is said that Chicago has asked for watters on James Sheppard and Thomas Leach in order that they may be relegated to a minor league in case a trade cannot be made with them for other players of a major league club. The new Federal League will open its season on May 6, Indianapolis playing at Cincinnati, Cleveland at Pittsburgh, and Chicago at St. Louis. The managers will be: — George Schlei, Cincinnati; "Bill" Phillips, Indianapolis; "Cy" Young or "Bill" Bradley, Cleveland; "Chick" Fraser, St. Louis, and "Descon" Phillips, Pittsburgh. MORNING LOCALS. Hon. J. D. Purdy of this city, was in Fredericton yesterday and interviewed the city council in connection with improved accommodations for the Crystal Stream Co's steamers for the present season. Reports showing an expenditure of \$140,000 on the Valley Railway during February and about the same during March, making a total of \$1,300,000 so far, not including \$200,000 for rails, were submitted to the treasury board of the provincial government yesterday afternoon. A motor hearse was seen in the streets of London recently, and attracted a good deal of notice. Except that it was hung a good deal lower than the ordinary hearse, it was fashioned on conventional lines, the sides being constructed of glass, through which could be seen a wreath-covered coffin and the two undertaker's men, who were provided with seats inside. And the hearse was proceeding at a decidedly up to date speed. Ladies' Tailoring. The very latest Spring fashions already received. Call early and avoid the rush. LOCAL NEWS

MILL STARTED. The mill owned by John E. Moore at Pleasant Point, started operations this morning after being down for some little time on repairs.

ACCIDENT. Between 10 and 11 o'clock last night Robert Wear, a laborer, was quite badly hurt by being struck in the back by an upright on board the steamer Canada on the west side. He was taken to his home on Protection street.

COMMISSIONER IN BOSTON. Commissioner McLellan left last night for Boston and will return on Saturday. While away he will secure some information regarding fire department matters for use in connection with the local department.

GOOD DEAL OF ICE. Capt. J. D. Colwell arrived from Upper Jemseg yesterday and reports there is quite a large quantity of ice running in the river about Gagetown, and the water is falling quite fast. He ran through the ice with his steamer for some miles below Gagetown.

MRS. MARGARET AIDE DEAD. The death of Mrs. Margaret Aide, widow of Captain John Aide, occurred this morning at the Mater Mercedis Home. She was eighty-two years of age, and is survived by two daughters, Mrs. McAnley and Mrs. Brown, and one son, Samuel Aide, of this city.

TWENTY-SIX PASSED. The board of examiners for stationary engineers met in St. John yesterday and today and passed twenty-six candidates, rejecting several who were unable to meet the tests and others who had not had the necessary experience. The members will leave this evening for Woodstock, where they will hold examinations tomorrow. The board is composed of John Kenny, Jr., John W. Y. Smith and A. Alcorn.

DEATH OF MRS. HENRY MCKINNON. The death of Mrs. Henry McKinnon, of Perry Point, occurred in the General Public Hospital on Wednesday afternoon. She was sixty-one years of age, and leaves her husband, two daughters—Mrs. N. J. Hendricks and Mrs. James Doherty, of Perry Point and six grandchildren. The funeral will be held on Saturday at Kingston from her home, Perry Point. Rev. Frederick Ross, of Coburg street church, will officiate.

POLICE COURT. Five prisoners faced Magistrate Ritchie in the police court this morning, three of them charged with drunkenness. They were remanded.

Gilbert Lauckner, arrested last night, charged with breaking a window in the Salvation Army headquarters, Prince William street, pleaded guilty and was remanded.

Harry Tucker, charged with profanity in Water street last night also was remanded.

CITY SUPPLIES. Tenders for supplies for the water and sewerage departments, including special castings, lead pipe, stop-cock boxes, stop-cocks, catch basins, valves and frames, cement, terra cotta pipes, junctions, etc., were opened this morning by the city commissioners, but the contracts were not awarded, as considerable figuring is required to decide upon the lowest tenders. There were ten tenders. As Mayor Brink and Commissioner McLellan are both out of the city the meeting did not take up any other new business.

ASSEMBLY TOMORROW. An assembly is to be held tomorrow evening in Keith's Assembly Rooms under the auspices of the Public Landing Association. The proceeds are to be for the betterment of Public Landing, where it is planned to erect a pavilion during the summer. The government is about commencing the construction of a new wharf at this landing, and the place promises to be one of the most popular resorts on the river. Kelly's orchestra will furnish music for the dancing, and the place promises to be for what. The chaperones for the affair are Mrs. D. Corkery, Mrs. H. W. Belding, and Mrs. J. A. Murdoch.

FIRST STEAMER OF NEW AUSTRIAN SERVICE IN

Ruthenia Has 700 Passengers and Large Freight—Other News of the Port

C. P. R. liner Ruthenia, Captain Kendall, arrived in port today, and docked this afternoon, landing 100 cabin and about 600 steerage passengers. The Ruthenia is the first steamer of the Austrian service, plying between Trieste and St. John, and brought about 2,000 tons of freight, including a shipment of wines, Mediterranean fruits and Austrian toys and fancy smallwares.

C. P. R. steamer Mount Royal, from London and Antwerp, is expected to arrive tomorrow.

R. M. S. Victorian will also sail tomorrow and will take away about 600 passengers and a full cargo of general freight.

Burness liner Rappahannock arrived in Halifax last night from London with general cargo, and is expected to arrive at this port tomorrow.

Steamer Scyllian, of the Allan line, arrived in port this morning and docked about 12:30 o'clock. The steamer is from London and Havre and brought about 200 passengers and a large general cargo consisting chiefly of French wines.

The Pickford & Black liner Rhodanian, which arrived yesterday from the West Indies, encountered rough weather for twenty hours on Sunday was compelled to heave to, as she could make no headway against a hurricane that was blowing from the northeast. She rode out the storm without serious damage.

The Manchester Importer arrived yesterday with four passengers and a full cargo of general freight. One of the passengers was Dr. Waddy, Wexford, Ireland, who has several extensive properties in the west. The importer was delayed for four days at Manchester owing to a coasting vessel sinking and obstructing the canal. The steamer will leave here and go to Philadelphia for cargo.

JOIN IN TRIBUTE TO LATE JURIST

Bench and Bar, Pulpit and People Pay Respects

BARRISTERS' RESOLUTION

Many Citizens at Funeral of Hon. W. H. Tuck Today—Large Gathering Also at Obsequies of Thomas L. Hay

Citizens in all walks of life assembled today to tribute the late Esq. Chief Justice William Henry Tuck. His funeral took place this afternoon from his late residence, 80 Orange street. A brief service was conducted at the house by Rev. J. L. Dawson and the body was taken to Centenary Methodist church, where Rev. Mr. Dawson conducted the services, assisted by Rev. W. W. Brewer. As theasket was taken down the aisle scripture was read, followed by the hymn, When I Survey the Wondrous Cross. Then came prayer and the hymn, Crossing the Bar, then scripture reading and the hymn, Jesus, Lover of My Soul; address by Rev. H. Sprague, D. D., prayer, hymn, Rock of Ages and benediction. Rev. Mr. Brewer read the scriptures. The pall-bearers were: Hon. Josiah Wood, Judge White, Judge Landry, Judge McLeod, Dr. P. Carleton Allen, K. C., and Joseph Stone. The funeral was attended by a large number of friends and acquaintances and there were many floral tributes, including a large wreath of pink and white roses from the judges of the Supreme Court. Interment was in Fernhill. Rev. Dr. Sprague at Mt. Allison, in speaking at the funeral service, paid a high tribute to the late jurist.

The St. John Law Society met this morning at 10:30 in the Equity Court chamber to pay their last tribute of respect to the late former chief justice. A resolution embodying their sentiments was moved by A. H. Hinington, K. C., seconded by W. A. Ewing, K. C., and spoken to by W. H. Harrison, M. G. Todd, K. C., and E. T. C. Knowles, all of whom spoke feelingly of the late chief justice, of his qualities as a jurist and a man, and of their personal relations with him. The society decided to attend the funeral in a body, and for this purpose the members met at the Pugsley building this afternoon and marched to Centenary church. The resolution adopted this morning was as follows:

Resolved, that the members of this society learned with regret of the death of the Honorable William Henry Tuck, formerly chief justice of the supreme court and member of the bar, and that they deeply sympathize with the bereaved family of the late chief justice in the loss of a man of the highest importance, the duties of which he discharged in a painstaking, forceful and efficient manner. His prominence and despatch while presiding over the court of which he was a distinguished member greatly facilitated the transaction of public business. He also, by his genial disposition and accessibility at all times, particularly to the younger members of the profession, gained for himself the warm friendship of a large circle of acquaintances.

The members of this society also extend their sincere sympathy to his family in their bereavement and furthermore resolved, that these resolutions be entered on the minutes of the society and a copy sent to his widow.

The funeral of Thomas L. Hay was conducted this afternoon from his late residence, 41 Peddock street. After a short service at the house at three o'clock the body was taken to the Leinster street Baptist church where services were conducted at 3:30 o'clock by Rev. Wellington Camp, assisted by Rev. G. S. Porter. The order of service was as follows: Psalms, invocation, hymn, Nearer My God to Thee; reading of scriptures, prayer, hymn, Asleep in Jesus, address by pastor, Rev. Mr. Camp; hymn, benediction. John Bennett, James Gillies, S. H. Cosman, James T. Davis, George Mitchell, Ira B. Kincaid, and D. A. Vaughan, deacons of the church, acted as pall-bearers. Interment was in Fernhill. Many friends attended.

The funeral of Charles J. R. Kerr took place this afternoon at 2:30 o'clock from St. John's (Stone) church. Rev. G. A. Kuhring conducted the services and interment was in Fernhill.

The funeral of Leonard D. infant son of Mr. and Mrs. Arthur L. Love, took place this afternoon from his parents' residence, Exmouth street.

TREES, SHRUBS AND FLOWERS IN PLOT IN THE MARKET SQUARE

Outline of Further Work to Be Done By Arboriculture Society—An Appeal to Horse Owners

The directors of the Arboriculture Society met yesterday and outlined the plans for the year in regard to tree planting. About 200 new trees will be planted and 100 shrubs, a large proportion in the city square, while Wellington Row, Pitt street, Charlotte street, Queen street and streets in west end also will have attention.

Mr. Gould, the forester, reported that a great many trees are killed by horses of delivery wagons being allowed to nibble the branches and the directors urged all citizens to help them by seeing that their animals are not allowed near the trees. Any further cases will be prosecuted.

The plot on Market Square will receive new trees and shrubs and a few flowers round the sides. The directors are under heavy expense for new trees and guards besides the upkeep of 600 trees now in the streets and therefore appeal to all citizens to help them by joining the society at the fee of \$2. Mr. Gould has been re-elected as forester and will continue in charge of the work of the Arboriculture Society.

IN TWO SECTIONS

The Montreal train came to the city today in two sections, bringing a large number of passengers who will sail tomorrow for the old country. The first section was about twenty minutes late and the second about half an hour. The Boston train about twenty minutes behind time.
