HEALTH MINISTER FOR SASKATCHEWAN

Regina, Sask., Dec. 1.—From the public health bill which was explained in the house by the attorney general, it looks as though the cabinet of the Saskatchewan government would soon be enlarged.

It is stated that the mill men will lose \$75,000 a week in wages while the mills are closed and that the loss of business to the milling concerns will amount to \$200,000 a day. At the head of the lakes, where the most important industries are directly dependent upon traffic conditions, a continuation of the present congestion for a few days will force 10,000 men out of employment.

**RICKARD'S BID IS ACCEPTED**

New York, Dec. 2.—Rickard's bid for the Jeffrey-Johnson fight accepted.

Because two men on the tugboat "Cap-sin" feared that she was sinking, as she lay in the "bedroom" at Tapley's wharf, his morning about 4 o'clock an alarm was given from box 122. No. 5 engine and boiler were quickly on the scene. It was a case where they could be of no service, and with the assistance of others the boat was pumped out by her own pumps. In some manner she had sprung a leak. Repairs were made and the tug returned to Indiantown harbor as usual this morning.

**NO MORE SUNDAY FUNERALS; DECISION IN BRANTFORD**  
**Oldest Postmaster in Canada Dead, Aged 106—Kelch May Succeed Walbank—A Chapter of Fatalities**

Brantford, Ont., Dec. 2.—(Special)—Sunday funerals were soon the thing of the past in Brantford. All the city ministers have passed a formal resolution, and have asked undertakers to co-operate with them, while the city council will be requested to close the cemeteries on Sundays.

St. Louis, Ont., Dec. 2.—(Special)—John P. Hassay, postmaster here for nearly 50 years, and probably the oldest postmaster in Canada, is dead, aged 106.

Montreal, Dec. 2.—(Special)—It is probable that the city council will be requested to close the cemeteries on Sundays.

There is a little more attention for money and the bank statement outlook, but we shall soon leave these adverse features behind it is concluded that the return of the year will bring greater ease and the market always discounts these things ahead of their appearance.

A Washington special says that will try to introduce a law to restrict the banks from speculation, which might not be a bad idea, as the insurance investigation accomplished a great deal of good in this connection, so far as insurance companies are concerned. The northwestern strike may become a market factor, specifically unless the compromise proposed by the companies meets with the approval of the stockholders. It seldom pays to sell on strike news, however.

The general run of market literature today is conservative and press commentaries disposed to adopt a waiting attitude, which has been assumed by a number of stock traders.

**IS PROTECTION FOR THE PUBLIC**  
**Why The Openings For Letters in Post Office are Fashioned as They Are**

The brass plates recently installed on the drop letterboxes in the post office have been the subject of comment. The plates are on the front of the letter boxes, into which mail is dropped, have a lip on the inside which slants upwards, while some people contend it should be just the reverse, slanting downwards.

However, there is a good reason for the plates being fashioned as they are. Now, when a letter is put in, it is inserted upwards and then drops into the basket below, on the inside and persons outside cannot see where the letters go.

If the lip slanted downwards it would be a comparatively easy matter for anyone to put in a stick with a sharp hook on the end and abstract letters from the basket. It is at present, however, there would be no possibility of this being done, so that the present idea is a protection to the public.

**THE FERRY**

There is a general demand for a better ferry service in rush hours but Ald. Potts points out that there are difficulties. The ferry has been run at an annual loss of \$10,000, and it is not possible to run it on a profit basis.

The ferry committee has been asked to consider the possibility of a better ferry service. The committee has been asked to consider the possibility of a better ferry service.

**LIFE LOST IN FIRE EARLY TODAY**

On the arrival of the department the firemen were told by Mr. Jamieson who was in a dazed state, that he believed that the fire had caught about the grate in his bedroom. Hurrying to that room they groped about but were unable to find any fire there, then it suddenly dawned upon the husband that his wife had gone to the basement and the efforts of the firemen were then made to get into that part of the burning house.

Found Dead.  
Foreman John Bond, No. 4 Company, with Firemen William Hazlett, Fred Heas and Andrew Chamberlain found the door leading from the street and Hazlett, who was in the lead, was horrified on entering to find the body of a woman against the door. By the aid of lanterns, it was soon ascertained that it was Mrs. Jamieson. She was buried about the fire and her body was found in the night clothes she was wearing when she died. Her body was found in the night clothes she was wearing when she died.

Dr. D. E. Berryman was called but nothing could be done as life was extinct. Coroner Roberts was notified.

Beside the body which found lay the broken lamp and the mat on which the unfortunate woman lay was burning, as were her night clothes. The fire seemed to be around the doorway. From appearances, Mrs. Jamieson ran toward the door after the fire had caught about the clothing, but, overcome, sank to the floor as she reached it. The walls in the dining room were scorched and the flames, gathering headway on the stairs and getting into the hall on the first floor, worked into the bedroom of the Jamiesons.

The house is badly gutted on the first floor but the fire was stopped at the second floor by the good work of the firemen though it was necessary to do a lot of cutting and use considerable water. Much of the effect of the Jamieson family were removed, the Salvage Corps placing covers over them. It was not necessary to take out all the effects of Mr. and Mrs. Carlos.

A particularly sad feature of the occurrence was that Miss Olive Jamieson who was attending a party last night and remained over night with some friends, was met by the news of her step-mother's fearful death and the wrecked home, as she returned this morning. Mr. Jamieson is confined to bed at the home of Charles H. Gibbons and is quite ill.

Mrs. Jamieson, who was Mrs. Jamieson's second wife, was Miss Jennie Anthony, of Red Head. She was about forty-eight years of age and is survived by her husband, Mrs. George E. Fairweather, Jr., Miss Olive Jamieson, Miss Eva Jamieson and Clifford Jamieson and John L. Jamieson, the latter an I. C. R. fireman, are stepchildren.

Just how much the monetary loss by the fire will be, could not be ascertained. The house is partly covered by Knowlton & Gilchrist. Mr. Carlos has 100 furniture insured with Wm. Thomson & Co. his piano with Tilley & Fairweather.

**Y. M. C. A. MATTERS**

The members of the Y. M. C. A. are looking forward with considerable expectation to the turkey supper to be held tomorrow night in White's restaurant. L. P. D. Tilley will preside.

A meeting is to be held this afternoon to complete arrangements for the bowling, which will be held on Monday evening. The alley will be ready for use about the first of the week. They will be confined to seniors and it is likely that a league will be formed.

The members of the association are going in for volley ball. Eleven teams have been formed. The first game will be played tomorrow night.

A stamp and coin club has also been formed and has quite a large membership. The officers are J. C. Bullock, president, F. Manning, vice-president, and Paul Short, secretary.

REPORTS AND DISASTERS.  
Beaufort, N. C., Nov. 30.—With hold filling with water through holes punctured in the bottom by the severe pounding on the rocks last night, the German nit steamer Brewster, which stranded on the treacherous Diamond Shoals, off Cape Hatteras, Sunday night, and whose crew was rescued by life-savers, was at noon today given up by the rescuers as a hopeless wreck.

The bow of the vessel was then beginning to sink into the waves. Her cargo of bananas and coconuts is also a total loss, as salvage steamer could not approach near enough to lighter the fruit.

**LIFE LOST IN FIRE EARLY TODAY**

On the arrival of the department the firemen were told by Mr. Jamieson who was in a dazed state, that he believed that the fire had caught about the grate in his bedroom. Hurrying to that room they groped about but were unable to find any fire there, then it suddenly dawned upon the husband that his wife had gone to the basement and the efforts of the firemen were then made to get into that part of the burning house.

Found Dead.  
Foreman John Bond, No. 4 Company, with Firemen William Hazlett, Fred Heas and Andrew Chamberlain found the door leading from the street and Hazlett, who was in the lead, was horrified on entering to find the body of a woman against the door. By the aid of lanterns, it was soon ascertained that it was Mrs. Jamieson. She was buried about the fire and her body was found in the night clothes she was wearing when she died.

Dr. D. E. Berryman was called but nothing could be done as life was extinct. Coroner Roberts was notified.

READY NOW FOR THE HERRING RUN A Big Catch is Expected at Nanaimo This Season

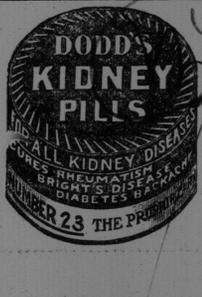

Nanaimo, B. C., Nov. 30.—Preparations on a huge scale to handle the herring run, the first of which is expected early next month, are about complete.

The Nanaimo Herring & Packing Company's cannery is rapidly approaching completion, and they expect to have their plant in operation by the first week in December.

The company has also received letters from a ship brokers' firm in Vancouver, asking to be supplied with herring this year for shipment to Australia.

The herring in the new cannery company have been taken off the Nanaimo wharf, the amount allotted to this city evidently having been all taken up.

At the meeting of the I. L. & S. Soc. city last evening it was decided to have a prominent man brought here for the winter course. It was also decided to have assemblies and other entertainments commencing on Jan. 7.

SERG. HIPWELL GETS ANOTHER YEAR

Safety Board Recommends Director to Probe Into Condition of Fire Department

At the monthly meeting of the board of public safety yesterday afternoon it was decided to recommend that Police Serg. Hipwell, who has had leave of absence for a year on full pay, be given another year's leave on the same conditions.

Certain statements made by Ald. Edwards, Halifax, in reference to conditions in the St. John fire department were brought up by Ald. Hayes.

Ald. Vanwart presided and those present were Messrs. Spry, Kelley and Hayes; Chief Clerk, Chief Kerr, Director Wisely and the Common Clerk.

Chief Clerk spoke of Serg. Hipwell's record and services in the police department. He had been 39 years in the department and had always been a most efficient officer.

The board decided to recommend that Ellen McCormack be given a renewal lease of lot 816, Guyward, and Susan E. Hughes a renewal of a lot in Brooks ward after Ald. Kelley had moved that Mrs. Hughes' application be laid on the table for further information.

The tender of Frank E. Jones, of \$241.60 for wiring City Hall for electric light, was accepted.

Herbert G. Evans was granted a lease of lot in Lancaster street for \$20. It was decided that the committee on Lancaster lands visit Lancaster on Wednesday afternoon next.

The application of Daniel Coram for a lot in Protection street, was referred to the harbor board.

Friends of Serg. John Hipwell, of the St. John police force, and they are many, will heartily endorse the recommendation of the safety board yesterday afternoon in granting to the veteran sergeant another year's leave of absence with full pay.

Serg. Hipwell has a record for long service which cannot be excelled by any police officer in Canada. For fifty-eight years he has guarded the peace, being sworn in in July, 1851, under the name of George H. Schooler.

Although a very old man Serg. Hipwell still retains his faculties. He was in the front ranks during the Fenian raid in Toronto, and it was this fact that secured him a personal encounter with Reynolds, his successful handoffing treatment of Pape's Duricel, which any drugist can supply.

Your physician, pharmacist, banker or any reputable agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

PARTING OF THE WAYS REACHEP, CONSUL GIVEN PASSPORTS

United States Breaks With Nicaragua—Revolutionists are Recognized

Washington, D. C., Dec. 1.—Secretary of State Knox late today returned the passports of Felipe Rodriguez, charge d'affaires of the Nicaraguan legation, with a letter scathingly denouncing the Zelayan administration of the government of Nicaragua.

The letter is definitely declared to represent the views of President Taft and deal therefore announces that all parties to the Nicaraguan revolution are recognized as common malefactors.

Secretary Knox virtually announces the recognition of the Nicaraguan revolutionists and declares to be the conviction of the United States that the revolution represents the sentiment of a majority of the Nicaraguan people and that there is evidently no responsible government with which the United States can deal.

It exhibits the unique situation of one government holding the chief executive of another practically as a common malefactor. Zelaya is branded as a violator of solemn international conventions, a disturber of the national and international peace; a tyrant, whose administration has been a blot upon the name of good government.

LIBERALS ISSUE A MANIFESTO

People Must Repudiate Action of Peers or Lose Their Rights and Privileges

London, Dec. 1.—The National Liberal Federation issued a manifesto tonight to the country, which may be regarded as a party rally for the elections. It concentrates attention entirely on the constitutional struggle between the House of Lords and the House of Commons.

"If the present action of the peers is not repudiated swiftly by the people, the rights and privileges won so dearly by our forefathers in the great struggle for freedom are all surrendered."

The manifesto declares that the peers' power of veto must be restricted so that the last word on legislation and finance must rest with the House of Commons.

Otherwise, says the Liberal ministry can assume the responsibilities of office.

"In the fight fought upon us," the manifesto continues, "the electors will have to decide whether they wish to govern themselves or be governed at second hand by a few hundred hereditary peers, who have thrown the constitution into the melting pot, in order to shift the burden of taxation from wealth, land and liquor to food and the necessities of life."

WANTED THE JOB OF HANGING DILLON

Applications for the position of hangman are coming into the office of the clerk of the Recorder's Court, at least one this morning.

William C. Larrace, aged sixty-eight years, a former resident of Irishtown, died at his home in Moncton today after a lengthy illness. He is survived by his wife and family of ten.

At a meeting of the finance committee of the city council tonight, the fees due the city from Police Magistrate Kay and not accounted for, also the fees collected by the police clerk for making copies in appeal cases, came up for discussion.

The city clerk reported calling on the auditor in connection with the fees, the magistrate said he wanted to be heard before doing anything. Mayor Willet took strong objection to reopening this mixed question, stating that the magistrate had agreed to refund as decided by the auditor, and should do so. It was finally decided to give him a hearing at a further meeting.

In reference to the question of fees for copying appeal cases, the city solicitor gave the opinion that he had doubts as to who the fees belonged to, as the duties of the clerk were not defined. He recommended defining the clerk's duties for the future, and this will be recommended to the council.

As a result of the big storm in the Straits, the steamer Empress did not cross to Point du Chene today.

ST. JUDES MEN HOLD RE-UNION

The first men's reunion in St. Jude's parish for the season was held last night and notwithstanding the nature of the weather there was a large attendance.

A. M. Bolding was present and delivered a short address on Social Work and Individual Responsibility. He gave a description of the work of the Every Day Club. Besides this address there was a fine impromptu programme in which the following took part: H. McDuff, flute solo; J. H. McLeod, bagpipe solo; Mr. Williams, banjo; A. Harwood, Mr. Lacey, vocal solos. H. Tapley contributed much to the enjoyment of the evening with his gramophone selections.

It is the intention to continue these gatherings during the winter when addresses on social subjects will be given. Rev. Mr. Scovill presided, last evening and the affair was a great social success. Refreshments were served.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, it swells and shuts out the sound, and when it is enlarged, deafness results. Therefore, you must have a remedy that will reach the mucous membrane and destroy the inflammation. It will also relieve the suffering caused by the deafness. Dr. Chase's Ointment is the only remedy that will reach the mucous membrane and destroy the inflammation. It will also relieve the suffering caused by the deafness. Dr. Chase's Ointment is the only remedy that will reach the mucous membrane and destroy the inflammation. It will also relieve the suffering caused by the deafness.

MONTE ATTEL AND DANNY WEBSTER ARRANGE BATTLE

Meet For Bantam Championship This Month - Former St. John Man Plans Regatta in Boston - General Sport News

San Francisco, Dec. 2.-A fight has been arranged between Monte Attel and Danny Webster to take place around the middle of this month. Fifty per cent of the proceeds are to go to Johnny Murphy, a former aspirant for lightweight honors who is reported to be dying of tuberculosis at Honolulu.

President Dan Johnson, of the American League had nothing further to say about the opposition of the organization of which he is the head to Ward as president of the National League. He simply declared that what he had said previously still held good.

President Herman of the Cincinnati club has denied the report that he intends to vote for Ward for the National League presidency. He also denies that there is any possibility of Cincinnati and Pittsburgh dropping out of the National League if Ward is elected.

The rumor of an American Association invasion of American and National League cities, and the precipitation of a baseball war is not a rumor, was given confirmation at Cleveland Tuesday by W. P. Elick, county commissioner of Cuyahoga county, who asserted he and his associates had the promise of a franchise from the American Association and were closing a deal for a park.

The Chicago Cubs may be without the valued services of their star pitcher, Morrice Brown, next season. The three-digit numeral says that unless Murphy pays him \$8,000 for next year's work he will not play. DANCING GIRL WHO SUES GOULD BRINGS ANOTHER ACTION

Bessie DeVoe Brings Suit For \$100,000 Against Slayback for Influencing Frank Gould Not to Marry Her

New York, Dec. 1.-Bessie DeVoe, the pretty dancing girl who is suing Frank J. Gould for \$200,000 "heart pain," has also begun an action for \$100,000 damages against William A. Slayback, a wealthy broker and clubman and close personal friend of Mr. Gould who, she alleges, influenced Mr. Gould not to marry her.

The detailed charges against Mr. Slayback are in the case against Mr. Gould, being kept a secret. A telegram received yesterday said that the basis of the action was "alleged defamation of character," neither Miss DeVoe nor Mr. Slayback would divulge the exact nature of the charges.

The Slayback suit is an outcome of the action against Mr. Gould and was filed at nearly the same time. Both are a sequel to the trial in which Helen Kelly Gould won a divorce.

Miss DeVoe, according to the cable dispatch, alleged that Mr. Slayback really prevented her marriage to Mr. Gould. Gross mistreatment concerning her are alleged to have been made, and were of such character that they influenced Mr. Gould's actions.

When asked for a statement in his home at No. 36 East Seventy-fourth street, Mr. Slayback said: "I think the less I say the better off I will be."

"Have you been served with a summons?" "I don't believe that I had better answer that question," he replied. "In fact, I don't want to answer any question until I have had a lawyer."

"Did you know that suit was filed against Mr. Gould?" "I didn't see Mr. Gould for three days before he left here, and so had no opportunity. I think that he is near Paris at the present time. What puzzled me is that news of these actions comes from Paris."

Mr. Slayback is a member of the brokerage firm of Slayback & Co., of No. 32 Broadway. He is about thirty-six years old and is a member of the Rockaway Hunt Club, the Richmond Country Club and other organizations of that character. He is an enthusiast over outdoor sports and devotes much of his time during the Spring and Autumn to active life in the hunting and fishing fields.

Miss DeVoe Non-Committal Mr. Slayback is a well-known figure on the Stock Exchange. He was elected a member of the Exchange in September, 1908, and is said to be "one of the largest

Pat was scheduled to meet the Turk, but in a practise bout last Saturday he sprained his thumb, so he says. Rather than disappoint the crowd of five hundred, Connolly begged to be allowed to replace Rogers and wipe out the blot on his excellent record by the recent fracas with Con O'Kelly.

The Turk agreed to throw Connolly twice within an hour or lose his match, and, also said that if Connolly got one fall the laurels would go to Pat. Reddy Pangel, the Turk, who hails either from Mulberry or Thompson street weighed 20 pounds more than Pat, but he made up for the handicap by his shortcomings in an exciting match that lasted twenty-two minutes of fun. In the next encounter they wrestled sparred ran and did acrobatic stunts for twenty-six minutes, when, like a flash, Pat managed to get the Turk down and then sat on him, thus perching himself on his alabaster brow.

Hockey An enthusiastic meeting was held last night in the Victoria Bowling Academy in the interests of hockey in St. John during the winter. BLOOD WILL TELL!

The Complexion Faithfully Mirrors Its Purity or Impurity

Massage, cosmetics and the like sometimes improve a good complexion, and occasionally mitigate the badness of a bad one. But there is only one way to get that clear, satin skin, with the rosy tint of health glowing through, and that is by keeping the blood pure.

Impure blood will show itself. It makes the skin "muddy" or sallow, with pimples, blackheads or boils breaking out. It takes away the clearness from the eyes, coats the tongue, makes the breath bad. It saps the energies and brings on headaches. It is fatal to good health or to the highest happiness or usefulness.

Purifying the blood is simply a question of keeping the four great eliminating organs—bowels, kidneys, the liver and the lungs—in good working order. These organs should throw off all the "junk" or waste matter up throughout the body, and all the waste matter from the food.

The failure of any or all of them to perform these functions should be remedied at once, and it can be, quickly and certainly, by the use of Dr. Morse's Indian Root Pills. One of the ingredients of these splendid Pills open up the pores of the skin, another regulates the bowels, a third gives ease and strength to the kidneys and a fourth clears the mucus membrane of the lungs so that the gaseous impurities in the blood can pass freely through into the air.

Thus whatever may be the cause of the impure blood, Dr. Morse's Indian Root Pills remove it, and the veins are filled with pure, red, life-giving fluid. Then, and only then, will you have a clear eye, a clean tongue, a sweet breath and a perfect complexion.

Mr. Richard Wilson, of Middlesex Co., Ont., writes: "For some time I have been in a low and depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine, but the blood and used many kinds of ointment, but without satisfactory results. What was wanted was a thorough cleansing of the blood. At last Dr. Morse's Indian Root Pills were brought to my notice, and they did the work. My blood was purified in a very short time, my skin cleared up, my indigestion vanished. They always give me a glow in my home and are looked upon as the family remedy."

BLIND, YET IS A BRILLIANT PIANIST

Francis Richter Speaks of Difficulties Which He Had to Overcome

London, Nov. 30.-Francis Richter, a young pianist, who was born in Minneapolis and has been blind since a few weeks after his birth, gave a brilliant recital at the Aeolian Hall, and obtained the success which he has since his debut here a year ago.

Richter has, of course, to memorize all his music, and his repertoire is extraordinary. He told a New York Times correspondent that in addition to his collection for the concert platform he knows his heart every standard overture in existence, and a great number of works for piano and orchestra. For nine years he has played in orchestras in America.

"This was produced at the age of 16. It bears the name of 'The Grand Alza,' and the theme is based on the wedding journey from 'Lalla Rookh.'"

CHRISTMAS STAMP CAMPAIGN

THE 1909 BATTLE AGAINST THE DREAD WHITE PLAGUE

Available Beds in the Muskoka Free Hospital for Consumptives Increased Three-Fold as a Result of Last Year's Sale of Christmas Stamps. The Number Can Be Doubled This Year If Everyone Will Help.

STIMULATED by the success of the year ago sale of the National Sanitarium Association, the Muskoka Free Hospital for Consumptives has issued a Christmas Stamp of 1909-10, in aid of the regular government postage stamp.

Nearly \$8,000.00 was netted from last year's sale, making it possible for the trustees to increase the available beds for needy patients from an average of fifty-five a year ago to one hundred and forty, the accommodation to-day.

The trustees are hopeful that they may bring the accommodation to 200 beds by the outcome of this year's sale of this little one-cent messenger of hope and healing.

The Christmas Stamp, as a means of fighting the dread white plague, had its origin in Denmark in 1904, the sale from which has financed a hospital for consumptives in that country. The idea was taken up by the Red Cross Society of the United States in 1907, and interest has grown each year.

A year ago a Christmas stamp of special design was put in circulation by the Muskoka Free Hospital for Consumptives with the successful result indicated in this article.

The price of the individual stamp is only one cent. But what wonderful things can be accomplished by so tiny an instrument. There is no reason why everyone who writes a letter, addresses a postcard, mails a newspaper or piece from the day out should not use one of these stamps.

The educational value of the stamp appearing on every piece of mail matter would be enormous. One can hardly figure up the material results. It would mean a routing of the enemy

of tuberculosis that would bring hope and light to thousands of homes and communities in all parts of Canada.

The stamp of 1909 is more beautiful than that of a year ago. The design shown in this article, but printed in red and green, and is of same size as the regular government postage stamp.

This Christmas stamp will not carry any kind of mail, but any kind of mail will carry it—and carry too the happy Season's Greetings from sender to receiver. The stamps will be done up in envelopes of ten, twenty-five, fifty and one hundred for ordinary selling, and large orders will be supplied in quantities. The price for ten or for one hundred is one cent each.

The banks, departmental stores, drug stores, book and stationery stores and many other stores will sell them. Women's clubs, church organizations, bible classes and Sunday schools, public schools, and many other organizations and individuals will help this year as last year.

There would seem to be no reason why everybody everywhere may not help in forming a "Army of Willing Workers" to sell these stamps all over the Dominion. The Muskoka Free Hospital for Consumptives is in the fullest sense a national institution caring for patients from every province in Canada.

The first issue of the stamp for this year is one million, and these will be put into circulation immediately, but there can hardly be any reason why the issue should not be increased many times over before Christmas.

The direction of the sale of Christmas Stamps is in the hands of Mr. J. S. Robertson, Sec.-Treasurer, National Sanitarium Association, 317 King Street, West, Toronto, who will give prompt reply to any enquiries regarding the stamp.

SHOT ENDS VETERAN'S SIGHTLESS TORTURE

Henry Metzshering, Unable to See Loved Sunset, Takes His Own Life.

(New York American.) "Sunset and evening light" are the words of a popular song. For Henry Metzshering, a veteran of the Civil War, the sight of a sunset was a torture. He was blind, and he had no one to describe the beauty of the sunset to him. He had tried everything, but he could not see. He had to take his own life.

CANANQUE MAN OUT OF TROUBLE

Had Rheumatism, but Dodd's Kidney Pills Cured it

Hugh Abernethy on his Feet Again—Cure is Easy, Simple, Natural and Permanent

Cananque, Ont., Dec. 1.-[Special.] "I had rheumatism and was cured, simply and permanently, by Dodd's Kidney Pills. I had been in bed for three weeks, and I was unable to get up. I had tried everything, but I could not see. I had to take my own life."

"I had suffered from rheumatism and stiffness of the joints," Mr. Abernethy says, "and I was unable to get up. I had tried everything, but I could not see. I had to take my own life."

Others who have taken Mr. Abernethy's advice and used Dodd's Kidney Pills, also laud in their praise of the old reliable Canadian Kidney remedy. For Dodd's Kidney Pills cure rheumatism and other blood diseases, curing the kidneys. Kidney Pills cure the blood free from impurities. And with no impurities such as uric acid in the blood, you cannot have such painful and dangerous diseases as Pain in the Back, Rheumatism, Lumbago, Neuralgia, and Heart Disease.

Keep your kidneys strong and well with Dodd's Kidney Pills and you can face the world with a full and hearty heart, free from a fear of Rheumatism.

FREDERICTON NEWS

Fredericton, N. B., Dec. 1.-Governor Tweedie presided at a meeting of the board of education this afternoon, and all the members were present. It was the first meeting of the board in several months and a lot of business was transacted, some of it being of considerable importance.

Miss Margaret Lynde, the efficient teacher of elocution and physical culture in the Normal School, had her salary increased from \$800 to \$900.

It was decided at the next examination for high school leaving and normal school entrance to add a paper on Mental Arithmetic to the list of subjects.

A committee composed of the premier, solicitor general and chief superintendent was appointed to represent the board in regard to the introduction of physical training in the public schools.

It was ordered that after the expiration of the present school year, the present regulations regarding grammar school licenses be rescinded, and that graduates of recognized colleges and universities be granted grammar school licenses, on passing the syllabus prescribed for that class.

The usual grant of \$25 was voted to the University Monthly.

The usual grant of \$100 was voted to the Dominion Teachers Association, which met this year in Victoria.

At a meeting of the Chief Superintendent Carter to a committee to bring the Boys' Industrial Home of St. John, under the control of the educational department, so far as its day school is concerned.

The chief superintendent was empowered to call the text book committee together at the usual time.

W. H. McGinn, of this city, has been engaged by Chief Commissioner Morrisey to superintend the wiring of parliament buildings for electric lights.

The wrecked steamer Hestia, which was on the Old Proprietor ledge, disappeared during last week's storm. Only a small portion of her cargo was taken out.

Important business will come up at the Kings Daughters monthly meeting in their rooms, on Friday afternoon at 3.30. Every member is earnestly requested to be present.

W. A. Mott, K. C., who represented the crown in the hearing held at Campbellton, into the I. C. R. collision at Nas's Creek, will submit the evidence and the verdict, to the jury. Attorney-General Hazen, who will decide what action will be taken. Suits for damages against the I. C. R. will, it is said, be commenced by the attorneys of John Morton and William Morrison.

The two legs of a man, probably from the steamer Hestia, were found at Sandford yesterday. Both boots were on the feet, but there was no mark of identification. It is thought the remainder of the body may be among the kelp on the shore, and diligent search is being made for it. Undertaker Stevens will have all that found laid beside the other graves in the Mountain cemetery.—(Yarmouth Times).

A report has been in circulation for several days to the effect that Captain John A. Richardson, the well-known Deer Island boatman, and his son were drowned during the recent gale on Pettit Manan, Me., their boat having struck on the point of that island while it was down with herring. Capt. Richardson has always been recognized as a very daring sailor. His famous "Deer Island" was one of the fastest of Quoddy boats and he sailed her through many a gale—St. Andrew's Beacon, Dec. 2.

**PETITION I. C. R.**

Ask For Extra Sleeping Car to Maritime Express Between Moncton and Campbellton

The commercial travelers in the maritime provinces are circulating petitions which will soon be presented to the I. C. R. board of management asking that an extra sleeping car be attached to the maritime express between Moncton and Campbellton. Under the winter timetable the maritime express is the only fast train between Moncton and Campbellton, and the time of its arrival and departure at Campbellton, it is claimed, is such as to make the through sleeper of little use to passengers between these points.

The train arrives at Campbellton from Moncton and points east at 3.15 a. m., and coming from Campbellton leaves at 3.15 a. m. What the commercial men want is a sleeper that they could enter at Moncton, which they leave about 10 o'clock and on arrival at Campbellton, have the car dropped off on a siding so that they could continue their slumbers undisturbed until 7 or 8 o'clock. In the same way if a sleeper was available at Campbellton they could enter it at night and when the eastbound express came along the car would be attached and the passengers could arise at a reasonable hour.

Under the present conditions many of the travellers patronize the day coaches, rather than bother with the sleeping cars, for the little time they have to occupy them.

The petitions will be presented through the Maritime Commercial Travelers' Association, and they are being signed by many Campbelltoners as the headquarters for the commercial men on the north shore, and it is a special sleeper was put on as they are asking for, they say it would be a paying investment, as for the changed arrangements practical by all the travelers would patronize it.

**STAND CLOSING**

**STATEMENT MADE**

Band Contributed \$554.92 in Cash Beside The Work And Worry—The Closing Subscriptions

The final statement of the City Cornet Band on the King Square band stand is issued today by James Connolly, president. It shows that, in addition to their work the band contributed \$554.92 in cash from their funds. The statement follows:

To the Citizens of St. John:  
Ladies and Gentlemen:  
We take this opportunity of making a closing statement to the public of the receipts and expenditures of the King Edward band stand, King Square, and in so doing we wish to thank all who so generously contributed to the same. Whilst all our expectations were not realized, we feel that the city of St. John has a creditable band stand that we hope will be both useful and ornamental for many years to come. Although the work of erecting the stand entailed much work and worry, we feel amply repaid by the fact that the stand meets with the approval of the citizens in general.

Since our last statement, October 23, the following subscriptions were received:

Alderman Belyea	5.00
Alderman Frink	5.00
Alderman Potts	5.00
Alderman Sprout	5.00
Mrs. John Allen	5.00
J. F. Brown	2.50
Martin McGuire	2.00
B. Mansour	2.00
W. C. Broadbent	2.00
E. W. Paul	1.00
F. O'Leary	1.00
E. Wood	1.00
E. M. Smith	1.00
C. Boyle, Fredericton	1.00
Total	38.50

Total subscriptions previously acknowledged, including \$331.41 from band funds in 1908. . . . . \$1,990.71  
Present subscription . . . . . 38.50

Original cost of stand . . . . . \$1,882.26  
M. J. Shiny electric ornament and carves . . . . . 62.00  
Christie Wood-Working Co., felt floor . . . . . 32.00  
Cost of electric lighting May 18 to Nov. . . . . 21.00

\$2,105.77  
1,882.26

Money drawn from band fund this year . . . . . 224.17  
This balance, with the amount drawn from the funds of the band last year, makes \$554.92 contributed in cash by the band toward the stand.

With this final statement and the fact that the stand is now the property of the City of St. John, our work is completed and we remain,  
Yours respectfully,  
The Members of the City Cornet Band,  
JAMES CONNOLLY,  
President.

**DETECTIVE WHO SOUGHT READ WAS HERE TODAY**

A. E. Williams Formerly of I. C. R. Speaks of Strange Case of Missing New Brunswicker

A. E. Williams, formerly chief of the I. C. R. detective service, but now one of the managers of the Thiel Detective Agency in Montreal, arrived in the city at noon from Montreal en route east. To a Times reporter he denied that he was down this way on any other than a pleasure trip. He had, he said, with others of the Thiel service worked on the case of Herbert C. Read, who so mysteriously disappeared on November 3, but said that the matter had nothing to do with his trip here. The case (Read) was one of the most baffling that the agency had ever had to deal with.

"We have found absolutely nothing to work upon, and after running down every clue no theory suggests itself," he scouts the fond idea.

Taking up the suggestion that Mr. Read may have voluntarily disappeared Detective Williams said that where it had been taken up with his friends and relatives they would not hear of it. He believed in time, however, that the affair would work itself out.

**GEORGE E. BARNHILL WILL IN PROBATE**

Bequests to Employees and Friends—Present Estimate of Estate \$14,000

The will of George E. Barnhill, late of Fairville, lumberman, who died on October 26, was admitted to probate this morning on the petition of The Eastern Trust Co., presented by Barnhill, Ewing & Sanford, advocates for the estate.

The will is dated December 15, 1906 and makes the following bequests:

To George Rivers, a nephew of the deceased, \$100; to John Boyd, a friend who frequently accompanied the deceased on his trapping and trapping trips, all coats, traps and other outfit in the woods at his home; to Maggie Lynch, who was for many years in his employ, \$50; to Bee O'Connor, also a relative of his deceased wife, \$500 a year during her life and to Elizabeth Lewis, an aged aunt of deceased, \$50 a year during her life.

The residue is given in equal shares to the brother and sisters of the deceased. The estate is sworn according to present estimate at \$14,000, personal, and \$2,000 real, but mention is made that there are, in addition, some unlisted stocks the value of which cannot be determined at the present time.

Joseph McGregor was fined \$4 in the police court, this morning for being drunk in Water street. He had a ticket for Scotland in his possession, and was bound for his home in the old country when arrested. He will probably be allowed to go today.

**This is the Stove That Will Give You Heat!**

In getting a Heater you want to know whether it will give heat to the floor—if it can be shaken without covering everything with dust—if it is a Heater that is easy on fuel and above all, that it has some style about it that will make it an ornament in your parlor or sitting room. The Glenwood Oak has all these requirements. The Glenwood Oak shakes on the side avoiding the dust that always comes from a stove that is shaken in front.

The Glenwood Oak has removable bands that when on the Heater make it neat, throw the heat to the floor and can be removed to polish. You can get all parts of the Glenwood lines, for they are made in St. John by
