UNITED STATES VOTES ITSELF DRY

SUPREME COUNCIL IS RE-CONSIDERING THE "SECRET SESSIONS" DECISION

ELABORATE CEREMONIES WILL MARK INAUGURATION OF THE VERSAILLES PEACE CONGRESS

Troops Will Be Drawn Up To Receive Delegations — President Poincare To Be President at Opening Session — Delegates To Sit Around a Horse Shoe Table.

Paris, Jan. 15.—The inauguration of the peace congress will be carried out with ceremonies befitting such an occasion. A detachment of troops will honor the arriving delegates, and Stephen Pichon, the French foreign minister, will receive the various delegations. The meeting will begin at 3 o'clock sharp. The plenipotentiaries will sit around a horseshoe table, the middle part of this table being reserved for officers. The delegations will be grouped by states in alphabetical order, as they appear in the Almanach. The American delegates will sit at one end, then those of the British Empire, France, Italy, and Japan, in the order named. After them will come representatives of other states, also seated alphabetically.

GOSSIP LIKELY TO BE SUBSTITUTED FOR NEWS IF SECRET PLAN STANDS

Paris, Jan. 15.—The decisions of the supreme council as regards both publicity and representation announced last night are freely criticized in the French newspapers of today. The principal criticism is directed against the proposal to substitute for the news of the day, fifteen votes out of the total, say, if the British dominions are represented separately, and the French, only and protectors not similarly represented.

DESTRUCTION OF BOLSHEVISM AND CREATION OF AN ARMY RUSSIA'S GREATEST NEEDS

Admiral Kolchak, Supreme Governor of Omsk, Proclaims an All-Russian National Election at the Earliest Practicable Moment.

Omsk, Central Siberia, Monday, Jan. 13.—(By the Associated Press).—The destiny of Russia can be decided only by a national constituent assembly. Whether the form of government be monarchy or the most radical republic does not concern the present Government. The first and most important duty of the present Government is to secure the restoration of the Russian Empire, and to create an army and a navy. The first step is to secure the restoration of the Russian Empire, and to create an army and a navy.

BLOOD POISONING CAUSES DEATH OF COL. "BOB" LOW

Underwent Operation When Stricken Suddenly Wednesday Afternoon.

BUILT CAMP BORDEN

Attained National Fame For His Ability in the Construction Business.

Ottawa, Jan. 15.—Col. Robert S. Low of the firm of Bate & McMahon, one of the best-known Ottawa builders, died at the Protestant General Hospital early this morning, after undergoing an emergency operation. Col. Low was stricken in the afternoon and taken to the institution in a critical condition. The operation was resorted to late last night, but all efforts to save his life were futile.

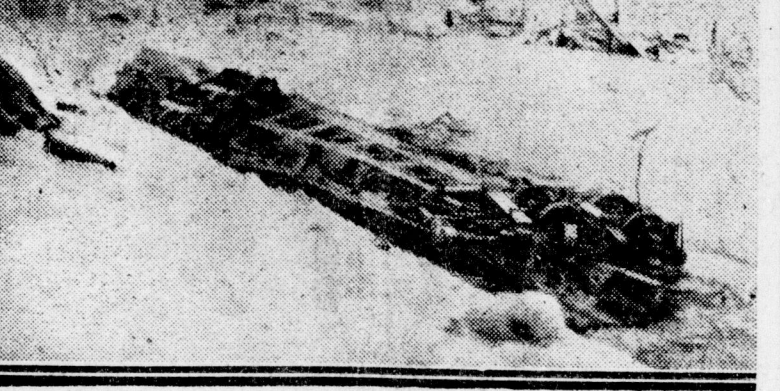

COL. "BOB" LOW.

Col. "Bob" Low, whose death is announced today, was well-known in the city, having paid several visits here recently in connection with the construction of the hutments at Carling Heights, for which he was the contractor. After undertaking this work, Col. Low paid visits to the Heights at frequent intervals, the last time being only three weeks ago. Superintendent Palmer, who is in charge of the work here, was notified of the colonel's death this morning by telegraph. The fatality was due to blood poisoning, which left an affection of the ear.

COL. LOW WAS MAN OF TREMENDOUS ENERGY, RESOURCE AND COURAGE.

WRECK OF TROOP TRAIN IN WHICH THREE MET DEATH

When an N. T. R. troop train, carrying returned men from Toronto military district, was derailed, and one coach turned over completely, while thirteen others piled up in the ditch, Sapper R. B. Donald, of R. R. No. 3, Thedford, Ont., was on board, and escaped without injury. He happened to have the camera with him, and took the above picture, which shows the overturned coach. The view was taken just after the rescue work was completed. There were fifty-seven persons injured.

1,500 Canadians Mourned As Dead Are Located In Germany

Ottawa, Jan. 15.—Fifteen hundred Canadian soldiers who were reported as missing and presumably dead have been located in Germany since the armistice was signed, says the Ottawa Journal. Many of these soldiers have been missing since the battle of Ypres, and have long since been given up as dead. The German authorities have never reported them and their mail was never received.

UNITED STATES GOES DRY ON JULY NEXT UNLESS PRES. NEBRASKA MAKES THE THIRTY-SIXTH STATE TO RATIFY FEDERAL PROHIBITION AMENDMENT—REGARDED BY PROHIBITIONISTS AS WORLD'S GREATEST PIECE OF MORAL LEGISLATION.

Chicago, Jan. 15.—The United States today completed the executive process of voting itself dry. When word was flashed over the wires that the 36th state (Nebraska) had ratified the prohibition amendment, prohibition leaders declared that the accomplishment was the greatest piece of moral legislation in the history of the world.

The amendment to the federal constitution prohibiting the manufacturing and sale of intoxicating beverages becomes effective one year after the date of its formal ratification. Meanwhile, the nation goes dry July 1 next, by presidential proclamation, as a war measure, until the president rescinds it before that date.

Congress passed the resolution submitting the amendment to the various state legislatures in the midst of the seething preparations for war in 1917. The Senate adopted the resolution August 1 by a vote of 65 to 20, and the Lower House on December 17 by 282 to 123. The Legislature of Mississippi was the first to ratify taking this action on January 8, 1918. Fourteen other states took similar action during that year, the last of them being Louisiana, which ratified on August 8.

On the fall elections the wet or dry question was paramount in most of the remaining states, but the vote no doubt that the United States was destined to be the first great nation to veto liquor. The ban on vodka in Russia was never completely effective, nor did it interfere materially with the consumption of more intoxicating beverages by those who export vodka. Russian advances now state that the Bolsheviks have restored the vodka traffic.

MICHIGAN FIRST TO RATIFY AMENDMENT. Michigan, having by a state law made itself dry in 1918, was the first state to ratify in 1919. The legislature worked rapidly. Five states ratified yesterday, bringing the number up to 35. Other legislatures worked at feverish speed to the 36th, with Nebraska and Minnesota contesting in the lead.

Meanwhile a distillers' committee, through Levy Mayer, chief of the counsel, has adopted the resolution August 1 by a vote of 65 to 20, and the Lower House on December 17 by 282 to 123. The Legislature of Mississippi was the first to ratify taking this action on January 8, 1918. Fourteen other states took similar action during that year, the last of them being Louisiana, which ratified on August 8.

NATION MAY GO DRY IN FEW MONTHS; POSSIBLY NOT FOR MORE THAN YEAR

Washington, D. C., Jan. 15.—National prohibition by constitutional amendment today, after the United States just thirteen months lacking one day after the joint resolution by Congress was submitted to the states for ratification. Fourteen of the 36 states which have approved the resolutions are now in the process of ratification.

England Will Help Save Europe From Famine and Chaos

George H. Roberts, New British Food Controller, Outlines Plans For Future.

Rationing was more drastic here than in any other allied country, he said. "This was the direct outcome of ever-increasing calls upon British tonnage caused by the needs of the Allies for munitions, clothing, food, coal and other materials. Great Britain, of course, takes her share with the United States, France and Italy in the necessary financial arrangements. My duties are thus not limited to this course, and as England helps to save Europe from starvation and chaos, she will have her part in helping to save Europe from chaos."

Western Ontario Butter Needs Improvement and Ideas Heading To This Are Brought Forward

Great Opportunity Now Before Dairymen To Make Name in World's Markets, If Only Best of Cream Is Used and Best Quality of Butter Produced — Grading Not Well Patronized As Yet.

That Ontario butter, while the average quality is good, is not up to the high standard which it ought to attain, and that one of the principal requirements of this standard is the use of a universal grading, was the text of a morning's session of the Western Ontario dairymen's convention based their addresses.

George A. Putnam, superintendent of farmers' and women's institutes and director of dairy instruction in Ontario, declared that the dairymen of Ontario had an opportunity at the present time to make a world-wide name for their product such as they had never had before.

Great Opportunity Now Before Dairymen To Make Name in World's Markets, If Only Best of Cream Is Used and Best Quality of Butter Produced — Grading Not Well Patronized As Yet.

That Ontario butter, while the average quality is good, is not up to the high standard which it ought to attain, and that one of the principal requirements of this standard is the use of a universal grading, was the text of a morning's session of the Western Ontario dairymen's convention based their addresses.

George A. Putnam, superintendent of farmers' and women's institutes and director of dairy instruction in Ontario, declared that the dairymen of Ontario had an opportunity at the present time to make a world-wide name for their product such as they had never had before.

HUNS MUST PAY DEPENDENTS OF U-BOAT VICTIMS

International Seamen's Union Will Memorialize Peace Table.

WILL NOT BE SLIGHTED

Chief Countries in the World Will Have Delegates at Convention.

LONDON, Jan. 15.—In the absence of a definite policy from the Allies concerning the manner in which Germany shall make compensation for the dependents of submarine victims among seamen, the executive council of the International Federation of Seafarers has evolved a plan which the officials hope to force the peace conference to accept.

J. Havelock Wilson, international president, said to the Associated Press today: "It seems that the British statesmen and those of other nations have been too busy to think of the seamen in preparing for the conference, so we will take the matter into our own hands in the hope of emphatically bringing to the notice of the peace delegates the necessity for providing that the seamen will not man any ships going or coming from an enemy country until the proper compensation is agreed upon."

The leaders of the seamen, including Andrew Furuseth, of the United States, expect that the February conference will adopt a general wage scale. The leaders hope that this question will not be taken up by the peace conference or that wages will not be mentioned in the peace treaty. After the seamen have been in conference four days they will be joined by representatives of the engineers, stewards and officers for a discussion of subjects in which they are interested.

Mr. Wilson said that all of the chief countries had promised to send delegates to the conference.

GIRL'S NECK BROKEN WHEN SLEIGH SKIDS AND STRIKES BRIDGE

Miss Mabel Mills of Milton Meets Tragic Death at Galt.

GALT, Jan. 15.—Miss Mabel Mills, aged 27, daughter of Mr. and Mrs. John Mills of Milton, had her neck broken in an accident at Milton today and died shortly after being admitted to the hospital.

With her sister, Miss Clara Mills, and Miss Alice Atkinson and several other students from the school she was riding home on a sleigh driven by Clarence Clark, King street. As the sharp corner at Water street was approached the driver slackened on the reins and the sleigh jumped into a gulch, with the result that the sleigh skidded, and striking the superstructure of the bridge, the sleigh was hurled into the air.

Four of the passengers, the deceased young woman, her sister, Eddie Dowler and Louis Bryant, were picked up unconscious and carried into a hospital. Doctors were called and Miss Mills was rushed to the hospital, but died before her coat was removed. The other three victims suffered only from shock and bruises.

Miss Mills had been a resident of Galt for four years, and at the time of her death was assisting in the operation of the Getty & Scott shoe factory. She was an exceptionally popular young woman. The remains were taken to Milton tonight for burial. Besides her parents there, survive four sisters and three brothers.

The authorities decided not to hold an inquest, deeming that Miss Mills' death was purely accidental.

HALIFAX ASKS GOVT. TO MAKE RESTITUTION FOR EXPLOSION HAVOC

HALIFAX, Jan. 15.—The mayor and board of council have addressed to Sir Thomas White, acting premier, a lengthy communication on the question of the restitution for the injuries inflicted on Halifax by the explosion of the munitions ship Mont Blanc in this harbor on December 6, 1917.

The letter, which was made public today, asserts that the funds of the Halifax relief commission are insufficient and requests that the Government make complete restitution to both the city as a corporation and to the inhabitants of the city.

Retribution for Murder and Ill-Treatment of the Allied Prisoners, Demand of Foch

LONDON, Jan. 15.—British Wireless Service.—The new armistice terms to be presented to Germany by Marshal Foch are unofficially stated to include the following: First—Retribution upon the Germans for the murder and ill-treatment of Allied prisoners.

Second—The machinery and goods stolen by Germany from France and Belgium to be at once given up. It is pointed out that France alone has 500,000 men who will be out of work unless this machinery is returned.

Third—German gold, amounting to more than £100,000,000 to be moved from Berlin to a safe place, probably Frankfurt, and protected from Bolshevism in Germany en route. Certain other property to be surrendered.

Fourth—Germany to give over her shipping, of which she is believed to have four million tons, to carry food supplies to countries in Europe in need of them.

Fifth—Any U-boats on the stocks to be handed to the Allies for their disposal, or to be destroyed, and no more submarines should be built.

170 U-BOATS HAVE BEEN DISCOVERED IN GERMAN YARDS

Foch's Demand That Be Destroyed Is a Vital Point, Says London Daily Mail, Commenting on New Armistice Terms.

LONDON, Jan. 15.—The Central News declares that as a result of the Allied discussions in Paris the whole aspect of demobilization has undergone a sudden and vital change, this being shown in the drastic conditions demanded of Germany for a renewal of the armistice.

On authority of an unimpeachable character, the Daily Mail characterizes this condition as a vital one. "Some 170 boats have been discovered in German yards," says the paper, "and these must obviously be dealt with. Mankind would not be safe if they were left in German hands."

ONLY OFFICIAL PEACE REPORTS FOR THE PRESS

French, Italian and Jap Delegates Put Lid on Free Publication.

CORRESPONDENTS ANGRY

British and American Newspapermen Will Force the Issue.

PARIS, Jan. 15.—The question whether the peace conference is to be secret or wholly open to the eyes and ears of the world, the settlement of which has been long awaited, was brought to a focus today when it was announced that an agreement had been made to confine the information given to the public to a daily official communiqué, and that a gentleman's agreement prevailed among the delegates not to discuss on any way give information of the meetings in the foreign office.

No written official announcement of this purpose was issued, but word was passed around to this effect and it was followed by an explosion from the newspapermen, quite drowned out by the doings of the peace commissioners.

The understanding is that the American and British delegates opposed this decision, but that the French, Italians and Japanese, voting together, prevailed.

Correspondents Protest.—The British newspaper correspondents immediately joined in a memorial of protest, which they put before Premier Lloyd George and the American newspapermen united in what is virtually a round-robin to President Wilson, in which they protested in various ways against the decision, and reminded the president that one of his fourteen points specifies "openness of peace negotiations."

There is every reason to believe that such a storm has been raised as will force the question before the meeting again before the next session of the peace conference begins Saturday morning.

GOVERNMENT WILL ASSUME CHARGE OF LIQUOR TRADE

Business Will Be Taken From the Hands of Vendors.

NO VOTE IN JUNE

Abuses Under Present System Given as Reasons For New Step.

TORONTO, Jan. 15.—The Ontario Government has decided to take over the liquor business of this province. The seven liquor agencies that are now in operation under the auspices of the Government will be abolished and the Government hopes that this change will do away with present abuses, while under the new plan customers will be insured of a supply of pure liquor.

At the same time, private gain will be eliminated. Sir William Massey, premier, made this interesting announcement today. At the same time he made it clear that it is not the intention of the Government to take a vote on the temperance act in June of this year, as the recently passed act is practicable after the return of the soldiers.

The Government has reached the conclusion that the methods provided for the sale of liquor for medicinal purposes through licensed vendors have not proved satisfactory during the past year. "A number of causes have contributed to this result," Sir William said, "and the prohibition of importation by the Dominion order-in-council, the unprecedented demand for liquor for medicinal purposes arising out of the epidemic influenza that spread over the province last fall, and the loss of a few medical men in the province."

The Government is determined to do away with the present abuses that exist. To that end legislation will be introduced at the coming session abolishing the sale of liquor by private vendors, and providing for the handling of this business directly by the Government.

To Overcome Abuses.—"In this way it is hoped to overcome abuses as far as possible in the giving of prescriptions; to prevent unnecessary inconvenience to those legitimately requiring liquor for medicinal purposes; to eliminate all private gain and insure a supply of pure liquor to those who are entitled under the law to purchase it."

With reference to a vote on the Ontario temperance act, the premier said: "The Government proposes that as soon as practicable after the soldiers' return, a vote shall be taken, and the whole electorate of the province given an opportunity to say by their ballot whether or not they desire the Ontario temperance act to be continued in force. The necessary amendments to the act will be made at the coming session."

Pensions

CANADA'S yearly pension bill is estimated by the Minister of Finance at \$30,000,000. This is a minimum figure. How is this vast fund to be administered? To whom will pensions be paid? Everyone is asking these questions. Here is the official answer.

The Organization.—A huge organization has been built up to handle pensions promptly, smoothly, fairly.

At its head is the Board of Pensions Commissioners. This Board is to be developed as a civil rather than as a military body. It consists of three men, each appointed for ten years, each devoting his whole time to his duties as a Commissioner.

The Head Office of the Pensions Board is at Ottawa; and there are seventeen branch offices in the principal centres throughout Canada. An important branch is in operation in London, England.

These local branches receive applications from soldiers' dependents for pensions; send "Visitors" to call on pensioners in their homes; hold medical re-examinations; handle complaints.

The Board keeps a representative travelling from coast to coast interviewing pensioners and addressing organizations interested in their welfare. He has already conferred with more than 30,000 pensioners.

At present 60,000 pensions are being administered by the Board.

A Pension—What it is.—A pension is not a gift, gratuity or reward for service done. It is compensation—money paid as a right by Canadians, through their Government, to offset in a measure the handicaps suffered in war by their fellow-citizens—a debt that the country owes to our returned men, and to the dependents of those who have fallen.

It is in this spirit that Orders-in-Council governing pensions are framed. It is in this spirit that the Board of Pensions Commissioners administers these Orders-in-Council.

To Whom Payable.—Pensions are not awarded for service. Broadly speaking, any soldier or sailor who was disabled during his service is entitled to a pension—provided medical treatment fails to restore his full normal capacity.

A complete schedule of the pensions granted to disabled soldiers and sailors, and to their dependents, will be sent to anyone interested. Apply to Board of Pensions Commissioners, Ottawa.

Mine Sweeping in Baltic Suspended by German Strike

BERLIN, Monday, Jan. 13.—Associated Press.—The crews of the German mine sweepers, according to the Berlin Volks Zeitung, are refusing to serve unless they receive increased pay and a new scale calling for sums as high as 190 marks daily, exclusive of the insurance guarantee. The increase would amount to 400,000,000 marks.

Mine sweeping in the Baltic and North Sea has ceased, and the fishing industry has been suspended.

HENSALL REAL ESTATE CHANGES

HENSALL, Jan. 15.—On Tuesday evening Miss Lottie Kaiser died. Her death is made more sad from the fact that only a week ago her mother passed away, and Miss Kaiser was then very ill. She had been very poorly during the past year, and a recent attack of influenza in her weak condition made her strength considerably stand more than her strength could stand. She was highly respected for her many good and amiable qualities.

REPORT OF BRITAIN NOT BUYING MEAT MAY BE AN ERROR

Sir Thomas White Cables For Information—Credits Not Involved.

OTTAWA, Jan. 15.—Some misunderstanding, it is thought, may have arisen in respect to reports of the cessation of British buying of Canadian meat products. When the reports came to hand yesterday Sir Thomas White immediately communicated with the British authorities in New York and called London. No notice of any such cessation had been received by the Dominion Government.

Further information will be available later. The reports intimated that the reason for discontinuing the buying was the large reserves of meats accumulated by Great Britain in the closing period of the war. The question of credits is not involved.

HAMILTON WANTS HYDRO TO RUN SUBURBAN RY.

HAMILTON, Jan. 15.—The city of Hamilton today fell in line with the town of Burlington, when the controllers of the hydro-electric power commission take over the radial railway from Hamilton to Burlington. There has been no service on the line for some weeks, the company declaring itself insolvent and stopping the cars when the two municipalities refused to sanction an increase in fares.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate To Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing sagging hollows and angles, the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is a phosphate of lime sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food element, bitro-phosphate quickly produces a welcome transformation in the appearance of thin and weak people.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

CAUTION—Although bitro-phosphate is unexcelled for its ability to increase weight and general weakness, it should not be used by anyone who does not desire to put on flesh—Advt.

The Easiest Way to End Dandruff.

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely destroy and entirely remove every single sign and trace of dandruff, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail—Advt.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins, before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, before putting more food into the system.

CANADIANS AT NEW FRONT FIND WAR IS NOT HALF BAD NOW

Sleep Between Linen Sheets or Wool Blankets.

IN BEAUTIFUL COUNTRY

Watchfulness Is Never Relaxed, Though All Seems So Peaceful.

OTTAWA, Jan. 15.—The following dispatch has been received from Fred James official correspondent with the Canadian Corps, dated from Bonn, Germany: Canadian front line east of the Rhine is threaded through a section of remarkably beautiful country, so peaceful and prosperous in appearance that it is hard to reconcile it was war, and yet in a semi-circular belt measuring approximately 20 kilometers from the Hohenzollern bridgehead at Cologne a state of war does exist and much of the machinery for waging war is distributed over the area.

Howitzers Ready for Action. The territory that borders on the neutral belt which extends for about six miles in width is held by armed patrols whose presence is maintained on their hill and down dale, through woods and open farm land. At strategic points a machine gun, or more, covers all approaches, and behind them batteries of field guns and howitzers lurk, ready for immediate action if need be.

A policy of watchfulness is maintained day and night, as in the old days of actual fighting, battalions in the line are supported in their rear by divisions.

The troops are billeted in the villages scattered across the country, some in humble houses, others in pretentious establishments.

Sleep in Real Beds. Some of the privates tell of having camped beds to sleep in, with real linen sheets and all-wool blankets to cover them, so naturally after a long period of life in vermin and rat-infested dugouts, too often pile-deep in mud, with water oozing through the roofs, they say it isn't such a bad war now.

In contrast with Bonn, there seems to be no lack of food out in the settlements where it is visited. Geese, fowl and ducks are plentiful at every farm house, and I saw good horses everywhere, and herds of cattle grazing in the pasture lands.

WILSON IS HAVING A SURVEY MADE OF WAR'S DEVASTATION

Has Well-Defined Views Regarding Indemnities To Be Exactod.

PARIS, Jan. 15.—(By the Associated Press.)—President Wilson will have before him an independent estimate of the actual physical damage suffered by France and Belgium during the war which the peace congress reaches the stage of discussing indemnities. The survey is now being planned and will probably be completed in more than 200 American army officers, especially for the work. President Wilson's attitude toward the question of what indemnities are to be exacted from Germany has been made plain on several occasions.

He believes that damages should be restricted to restitution, reparation and restoration and should not be extended to financial punishment of the German people.

BURGESSVILLE LINEMAN IS KILLED AT NIAGARA

NIAGARA FALLS, Jan. 15.—Herald Lineman Blake Hilliker was instantly killed when a strap he had attached to the top of a pole broke under his weight. The body will be shipped to Burgessville, Ont., this morning.

THORNDALE LEAGUE

THORNDALE, Jan. 15.—A meeting of the members of Thorndale League Church was held on Monday evening to discuss the proposed formation of a new church in the village.

Four Deaths on Trip

Two discharged soldiers and two dependents died on board. Col. Tremaine states, "was untiring and kept the situation in hand, preventing a possible catastrophe." That paragraph of the report concludes with the significant statement that "the hospital accommodations were too small."

He Didn't Wait for Rest of Shave as Barber Was Busy

Thorndale Officer of Peace Gets Into War With Tonsorial Artist.

THORNDALE, Jan. 15.—The coming village election is causing considerable excitement here. This afternoon Constable Fred Stanyor stroled into Robt. McRoberts' barber shop to talk over the election.

Hot words ensued, and the barber, who is also returning officer for the election, ordered the constable out of the shop. He refused to leave and Mr. McRoberts became infuriated and knocked the constable down, dislocated his shoulder, scratched his nose, and blackened his eyes.

The candidates for police village trustees are: H. Logan, W. J. Jamison, Wm. Williamson, W. E. McCutcheon and R. H. Harding. The election will be held next Monday.

GOOD REASONS FOR COMPLAINTS AS TO CONDITIONS ON THE S. S. SCANDINAVIAN

Conducting Officer Bears Out Men's Statements.

DEPENDENTS' BAD PLIGHT

Misled Before Booking—Women and Babies Not Properly Cared For When Sick.

OTTAWA, Jan. 15.—Complaints that conditions under which the dependents of soldiers traveled on the Scandinavian were not satisfactory, and that there was much regrettable confusion and distress on the other side before the party sailed, are well borne out by the report of Col. H. R. Tremaine, M. P. for Hanis, N. S., who was the conducting officer on that ship.

The Scandinavian sailed from England on December 31, last, and the troops embarked that afternoon. Dependents came aboard earlier, but there was much confusion as to berthing them.

Certainly Misguided. Among the dependents there was a great deal of misunderstanding and confusion. Some had booked third-class with the understanding they would travel first; others booked first-class and were put in the third-class.

Soldiers Fill the Lack. The situation was partially relieved by details from other ranks. This arrangement was not altogether satisfactory, as the men were called upon to look after women whose condition demanded the full attention of the nurse.

Two discharged soldiers and two dependents died on board. Col. Tremaine states, "was untiring and kept the situation in hand, preventing a possible catastrophe." That paragraph of the report concludes with the significant statement that "the hospital accommodations were too small."

As a possible preventive for the recurrence of conditions obtaining on the Scandinavian, Col. Tremaine makes three suggestions, as follows: Fuller details in reference to traveling, embarkation and disposition of dependents should be given to the men in England.

There should be an increased staff of nurses, stewards and stewardesses on all the boats carrying dependents. Special preparation should be made for the accommodation and feeding of children.

REMISSION OF DUTY ON CHEAP TRACTORS TO EXPIRE FEB. 7

Question of Extension To Come Before the Cabinet Within Few Days.

OTTAWA, Jan. 15.—Remission of duty on farm tractors under \$1,400 in value ceases on February 7 unless the order-in-council granting the remission is further extended. The question of extension has been given some consideration, and it is expected will be officially before the cabinet within a few days.

It is understood that the Canadian Manufacturers' Association is making arrangements of sending a delegation to Ottawa on the subject.

\$861,000,000 BUSINESS BY ARMOUR & CO. IS RECORD FOR 1918

CHICAGO, Jan. 15.—The annual report of Armour & Co., packers, issued today, showed a record volume of \$861,000,000 for the fiscal year of 1918, compared with \$775,000,000 in 1917.

The report declared that notwithstanding high prices for the company's products and a record volume, record low profits were produced.

KOREANS PROTESTING ANNEXATION BY JAPS

WASHINGTON, Jan. 15.—Resolutions protesting against the annexation of Korea by Japan and asking President Wilson to take the American delegates to apply the principle of self-determination to that country have been sent by the new Korean Association to the president and members of the foreign relations committee of congress.

NEUSTADT'S REEVE GAVE \$3 DURING WAR FOR PATRIOTIC WORK

Father of Alleged Deserter Helped But Little.

DENIES HE IS DISLOYAL

Effort to Get Exemption For Son Raised Ire of Father of Heroes.

TORONTO, Jan. 15.—The examination of Joseph Wever, reeve of Neustadt, Grey County, father of Elmer Wever, who is under arrest and on trial as a deserter from the army, was continued today before court-martial here. Mr. Wever absolutely denied that he had ever made unpatriotic remarks about the British army. He admitted that he had proposed a proposed grant by the county of Grey to the British Red Cross fund, but had given \$3 to the fund himself.

Elmer Wever, the accused, in giving evidence on his own behalf, swore that neither he nor any member of his family, so far as he knew, had made unpatriotic remarks about the British army.

In four and one-third years of war Mr. Wever, a farmer, and his wife, F. Davidson, K.C., counsel for minister of justice, that he had only contributed to patriotic and war relief work.

"Was it in 1915 that the British people of Neustadt refused to contribute to the British Red Cross fund through you as reeve, because of your nationality?" "No—I don't know," replied Mr. Wever.

"You know they sent it direct to Dr. Abbott?" "Yes."

Opposed Patriotic Grant. "Isn't it true you opposed the grant of the county council to the Canadian patriotic fund?" "Yes, in 1916 I did. But other grants I supported."

"Because you saw the majority supported it," commented Mr. Davidson. "Will you tell me what you, your son and your wife have done for the war?" "No—I don't know," replied Mr. Wever.

The witness testified. "You were solicited as reeve of Neustadt council by the lieutenant-governor of the year of the war?" said Mr. Davidson. "The people could not afford it," said Mr. Wever.

"You took the position that your sons were better at home than in the forces?" "That's so."

"How did you help the cause of the Allies?" "I paid taxes of \$200."

Didn't Buy Victory Bonds. "You didn't buy Victory Bonds?" "No, I didn't. My wife bought Victory bonds."

"I never bought one," said Wever. "Any patriotic organization of any kind in Neustadt since the war?" "I don't know of any except some knitting club by women. There are some who contribute."

Written to Hon. J. C. Doherty, minister of justice, Ottawa, by Arthur Mutton of Mitchell, Ont., traveler for Maxwell's Sons, hardware merchants, for the understanding they would give exemption for his two sons. This I refused, on the ground that it would be interfering with the military service act.

A few days later I called at my home office in St. Marys, and Mr. Maxwell showed me a letter from Wever, offering some money for the exemption for his boys. Mr. Maxwell refused, and answered him to that effect the same day. Of this we have a copy, and also Wever's letter, which you can get by asking.

December 29, 1917, I called and got something which was hard to take. Wever called on me. He asked me to give exemption for his two sons. They knew it, and before either of his boys would go they would get the right there in the store. One of the young Wevers also said he would blow the whistle on the first man to put his hand in the store to take him.

"Now, this is hard medicine to take after my boy, Jim Wever, who died on October 30 at Passchendaele, and my other boy, P. H. Wever, who died on 727107, 58th Battalion, Canadians, was wounded the same date after having been in the trenches one year on his 19th birthday."

Yours faithfully, Arthur Mutton, Mitchell, Ont.

Rheumatism Every Winter

To be crippled by Rheumatism is to have life become an intolerable burden, especially in the winter, when the persistent cold and damp aggravate this complaint till it is almost unbearable.

Can you picture the dread that any man would hold winter in when all it meant to him was a yearly return of his Rheumatism and the agonizing pains that it brings?

Such was the case of Mr. A. Beaudry of Bedford, Que. Each winter he was forced to undergo the torture of Rheumatic pains, until he discovered Gin Pills. Read what he says about these little doctors:

"Every winter I suffered from Rheumatism, and this is the first season I have been able to go through without a return of my old trouble—thanks to Gin Pills. The pills are all you claim for them, and more."

Testimony such as this should convince even the most skeptical that Gin Pills do remedy kidney troubles.

If you have friends or relatives who suffer from this dread affliction, let them to try Gin Pills. So many people have written us stating in glowing terms how Gin Pills have relieved them of kidney troubles, that we are convinced that all any person needs to do in order to obtain relief is—try them.

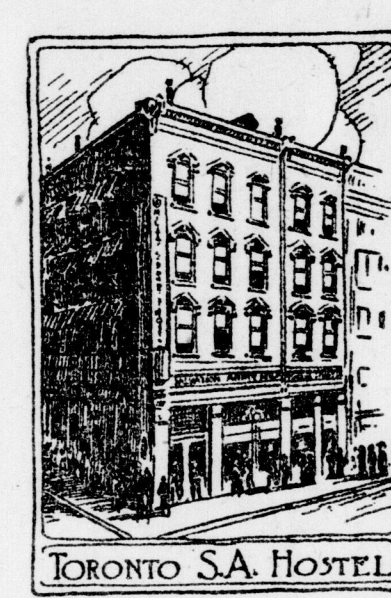

Sold in every town, village, city, or hamlet for 50c a box.

Soldiers Home Coming Campaign

The Boys Have Done Their Part

The boys have won a great Victory. Their banners are crowned with glory. But they won't all be home for many, weary months yet—perhaps 1920 will see some of them still waiting and longing—

The Salvation Army Million Dollar Fund

General Campaign - - - JANUARY 19 to 25
London City Campaign - - - FEBRUARY 11 to 15

"FIRST TO SERVE—LAST TO APPEAL"

Think what might happen to your boys with military discipline relaxed and no Salvation Army to furnish the fun and a song, to bake pies, fry the eternal eggs, mend clothes, provide a place to write to you, steer the boys out of graver dangers than German shells, and mother them in the hundred and one ways every man needs and never misses until he is away from his women folks.

Repatriation

Then think how vitally necessary it is that the Salvation Army should keep open the doors of its Hostels—yes, and open MORE Hostels—right here in Canada, for the returned soldier, from the moment he lands until he has settled down to civilian life again. Assure our boys Hostel comfort in Halifax, St. John, Quebec, Montreal, King-

ston, Toronto, London, Chatham, Winnipeg and Vancouver.

The Hostels are soldiers' hotels where the men can find a hearty, wholesome welcome, find good entertainment, home cooking, clean beds, and a bath,—all at prices they can afford to pay.

If they haven't the Hostels, where will they go? THAT is the problem. It is for you to answer by your whole-hearted help!

Remember how the boys went away with your promise ringing in their ears: "We'll keep the home fires burning till the boys come home." And we WILL too,—till the last boy is home and settled down.

DRIVER WHOSE AUTO RAN GODERICH MAN DOWN TO BE TRIED

Charge Is Manslaughter—Huron Poultry Show in Full Swing.

GODERICH, Jan. 15.—Everett Cross, whose auto ran down and killed J. S. Colborne on "The Square" on the evening of December 23, was up before Magistrate C. A. Reed this morning at 10 o'clock. No evidence was taken, but by consent of all parties concerned Cross was sent up for trial on a charge of manslaughter. The case will come up at the assizes on February 15. Bail was accepted at \$4,000 for his appearance at the time of trial.

Germany Is Fairly Free of Bolshevism Apart from Berlin

BERLIN, Monday, Jan. 15.—Associated Press.—The numerical unimportance of the Bolsheviki elements outside of Berlin has again been demonstrated by the city elections. At Chemnitz, a total vote of more than 11,000, the combined Spartacists and Independents polled 6,269, and the majority Socialists 4,534.

A comparison of the Wurtemberg results with the Reichstag election of 1912, shows the enormous growth of the democratic vote. Whereas the progressives polled only 18 per cent of the total vote in 1912, they received nearly a third of the whole vote Sunday last.

INGERSOLL FUEL CONTROLLER QUILTS; COUNCIL WILL ACT

Judgment Is Reserved re Charge Under Excoise Act.

INGERSOLL, Jan. 15.—James Striton, who some time ago was appointed local fuel controller by the council, has resigned. In accepting the resignation the council granted Mr. Striton the sum of \$60, and decided that the office be dispensed with. The whole council will in future act as a fuel committee, with R. A. Skinner as chairman.

Judgment has been reserved by Magistrate Paterson in a case in which Thomas Sherry, grocer was charged with violating the special war excise act. The charge was preferred by Isaac Newsome, an excise officer, whose home is at Brantford. It is alleged that he purchased a package of health salts at the Sherry store in violation of the act. The case will be heard at Brantford.

SAVE YOUR HAIR!

A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

This, brittle, colorless and straggly hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, for a few cents, and after the first application your hair will take on that life, lustre, and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what few please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to use hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

LIBERALISM'S OPEN DOOR.

THE SENTIMENTS expressed Tuesday at the convention of Eastern Ontario Liberals will work for harmony in the great Liberal party.

There are two kinds of "reds" in the world today. The one symbolizes the anarchist's terrorism. It is the "red" that flows from the side of nations that are struck from within.

The "red" of Liberalism stands for a healthy circulation of rich blood in the veins of the nation. It is the blood, if untainted, that will make for vigorous manhood in a nation.

In Canada "the buck was passed" to the municipalities in the matter of regulating prices. No municipality has been able to do more than antagonize farmers and drive them to other markets.

Liberal hopes must beat high in Canada today. The time was never more propitious for a return of honest, untrammelled rulership such as marked the day of Laurier.

A PERFECT MEETING.

THE MEETING on Tuesday night in the Masonic Temple on the occasion of the opening of the new Technical School, was a perfect meeting.

From the beginning to the end the Hon. Dr. Cody's address was of a high order of eloquence. The spirit and the principles advocated could not be improved.

One has only to think of "The Barefoot Boy" to understand why juvenile courts are not held in the country.

the boys had done abroad was, without saying so, an indorsement of the past. He spoke of Dr. Ryerson, a clergyman, the founder of our school system as the first superintendent of education.

Altogether the meeting Tuesday night from the music of the orchestra to the singing of "God Save the King," was perfect. Everyone present felt that in the hands of Dr. Cody the ideals of education in this province would be the best.

PRICES MUST COME DOWN. DISPATCH from Ottawa states that the Government will "do its best to bring down the prices of commodities."

The Government could, and should, give a lead in the matter of bringing down prices. Such special war taxes as the stamps tax, the tax on matches, tobacco and other commodities have a serious influence on the upward tendency of prices.

The prize for the best reason yet advanced for high cost of living should go to the Chicago meat packing concern which, in an advertisement, says: "The lowering purchasing power of the dollar has also caused the price of all commodities to increase."

CRIME DOES NOT PAY. A youthful burglar who had made only \$800 in his first year of crime had decided to quit it and follow an honest vocation.

A NATURAL REVOLUTION. The psychology of the "oppressed" is a chapter to be considered. Oppression breeds a variety of vindictiveness, exclusivism, intolerance.

ANOTHER CHANGE SUGGESTED. Mr. F. E. Hodgins' resignation from the department of civil re-establishment as a protest against the all-concerned widely scattered something going at Ottawa.

THE TEST. There is just one test that Hon. F. E. Hodgins should apply to the conditions disclosed in the Northland inquiry.

THE QUEER GERMAN. The Germans still hope to retain their colonies. Their optimistic stupidity seems unquenchable.

BEYOND THEM. What the Germans can't understand is how the Allies can get along without one of them attacking and murdering the others.

ONE GOOD RESULT. The only blessing of a revolution and an extreme socialist government seems to be that in Berlin tipping has been absolutely banned.

FREEDOM OF THE SEAS. Whatever "freedom of the seas" may mean, it will not include the privilege of ordering non-combatants into open boats a thousand miles off shore.

COMPLETE REASSURANCE. London reports that the Hun is still working for a rift between England and America. That settles it. Whatever the Hun work for can't happen.

A MAGIC FLIGHT. The magic carpet of the Arabian Nights was used to transport the British officers who flew from Cairo to Damascus one day from Damascus to Bagdad the next.

TWO BORDERS. What a difference there is in neighbors! The past few years we had been compelled to police the Canadian border the way we are having to police the Mexican border.

WONDERFUL REASONING. The prize for the best reason yet advanced for high cost of living should go to the Chicago meat packing concern which, in an advertisement, says: "The lowering purchasing power of the dollar has also caused the price of all commodities to increase."

The Advertiser's Daily Short Story

Copyright, 1919, by The McClure Newspaper Syndicate. BILL AND BELLA By Jane Osborn.

Twelve-year-old Bill Burton kicked the large whitewashed stone that marked one side of the driveway that led into the Mapes farmhouse, and his cousin, a decade older, looking so little different from the fellow who was sitting in a stiff starched collar on the warm vacation day, patted the boy on the back.

"I didn't know—how could I know?" he said. "Things like that a fellow doesn't no doubt it changed when he died. I even seen Bella, had I?"

No, but if I had known you were going to get your vacation here, 'stead of telling them I'd share my room and everything.

"I thought you'd want to go fishing like you said you would, and everything, and here, after only a week, you're sitting here in a starched collar, smartly, I guess I can get along without you. Only, anyway, I think you might as well go with me, 'stead of springing it on him after I'd been digging bait and making an appointment in the pool, and everything."

The truth was that Bill Burton, once the youngest of the family, now, after having "arranged to spend his month's vacation at the Miller place," had paid an annual visit, had become first smitten with and then engaged to the blue-eyed daughter of a neighbor farmer, the Millers.

So they parted at the white stone that marked the driveway of a dozen years ago, and after trying to find sport in fishing alone and making up his mind never to "get silly about a girl," young Steve enumerated the Mapes farm by a back way and found a shady place beneath a lilac bush where he might nurse his resentment in the vicinity of his own dining and possible make observations of the charming Bella, it was all entirely inconceivable to him that any young man, least of all his cousin, Bill Burton, could find more satisfaction in the society of any girl than in his own.

He might have observed that Bella's blue eyes shone with unwonted quietness and that she was doctored out in her crispiest white frock, but Steve contented himself with watching her and he would never divulge to any one, whatever he might see or hear.

"But you really are the dearest, best, and I ought to know, because I have brothers and cousins, and I've always known lots of 'em, and you are, or, or, or good-looking, Bill. Truly you are, I never cared about a man's being so good-looking, but you are, and you are awfully well built, Bill. Why, Napoleon, was lots shorter than you, and you are, and you are, and you are a bit taller. It isn't as if I was a great tall girl!"

Steve listened more intently. Somehow this kind of talk interested him. It threw side-lights on this matter of courtship that he had never dreamed of. There was a lot of talk in between and then he listened attentively again.

Know you are going to make a great success, Bill. Men with foreheads shaped like yours always do if they are started out right. And you are started out right, because your hand shows that you have splendid talent for business, just as your feet show that you are going to make a great success. Oh, I am so proud of my Billy, he's just the dearest, best, and bravest man in the world.

At the next opportunity Steve crept out of the lilac bush and made tracks for home. Later he confessed to Bill what he had heard.

So it was now why you wanted to go and get engaged," he said. "I didn't know that was what it was like before—well, you tell me, but your girl, Gee, but she thinks you are just perfect, don't she? But I don't suppose she even noticed those freckles on your nose."

Those infinitesimal perplex me. I can say you're 'try jolice. But beyond that, my statement. All my (tense) don't agree. I can make the Boche "comprehen" when I meet 'em in a trench. But the softer things, excuse me. When I try to yap in French.

BLUE STAR TURNS TO GOLD AS POET DIES IN BATTLE. On Christmas morning the Tribune published the story told by Mrs. Ellen Flynn of Jersey City, who related how a blue star in the service flag displayed in her home turned to gold about the time Peter J. Kilmor, her nephew, was killed in France.

Bill was still, in the back of his mind, his "beau ideal." Then Steve got a little stenographer who was fresh from the country where she had taken a correspondence course. And she had nice blue eyes and hair as straight as Providence had made it and—well Steve had had her in his employ for a month before he ever thought of her as a possible Bella. Then one day absolutely sans coquetry, sans calculation this little Flora Graves said: "Mr. Miller, I never know a man with such a good business head as you, and I've seen a good many men, because I used to wait on the customers in my uncle's hardware store where I kept the books. I'm sure you're going to make a great businessman."

Bill looked up. He noticed that the girl's eyes were of a pretty blue and that they were round. "But I'm not very good looking," he suggested, and Flora surprised but still sans coquetry answered: "Well, you're not so very tall, but you're well built. Napoleon was small and yet he had ability. You've got a better shaped head than Napoleon."

There was little delay; and on their wedding trip they went to the western town where lived Bill and Bella. It was to be a surprise—Steve liked surprises—and they chanced to arrive in the town at the same train that Bill and Bella were taking from a little shopping trip to the nearest town. They sat behind Bill and Bella.

"But do you think this hat is becoming?" asked Bella, who was not longer quite so lithe as she had been a dozen years ago. "Perfectly charming, my dear," said Bill, wearily. "You are charming in everything. I often say that, with a wife as handsome as you—"

"That was rather poor, pie we had for dinner at the hotel," interrupted Bella. "I noticed you ate yours fast enough. I hope you didn't like it better than mine—"

"It wasn't a patch on yours," it was the tired reply. "You are the best cook in the world. I have often told you that I had a great deal more to be thankful for, I hope you know I appreciate—"

Steve and Flora just stayed right on the train when Bill and Bella got off, and when they got off at the next stop they turned around and went back. Steve told Flora he had changed his mind about stopping off there; that he had important business to attend to, and a week later when they took their beloved honeymoon they went far from Bill and Bella.

SUGGESTIVE QUESTIONS ON THE UNIFORM LESSON FOR SUNDAY, JANUARY 13, 1918.

ONE GOLDEN TEXT SUGGESTION. By Rev. T. S. Linscott, D.D. The Passover—Exodus xi: 1, xii: 36. QUESTIONS FOR TODAY.

11. Verses 14-20.—From that day until now, what has been the attitude of the Jews to this feast of the passover?

12. What has been the practical benefit of this annual memorial service? Is it of what benefit are memorials generally, and particularly of the sacrament of the Lord's supper?

Golden Text.—Our savior also hath been sacrificed, even Christ.—1 Cor. v.

WE MUST FORSAKE OUR SINS. The story of God's plan of salvation is told in the Bible under a great many different figures. Nearly all Bible language is symbolic and unless we know very apt to fall into grave error. When we get down to the actual meaning of Scripture and understand the plans of God for our salvation everything is very simple, although very vital.

secret of men, including those who are church members and profess Christians, but who are living in sin, may become the best of men if they but determine to forsake their sins and take upon themselves the nature of Christ through the grace which no doubt that "the wages of sin is death," but the death stroke is averted the moment we forsake our sins.

EDUCATING SCHOOL CHILDREN IN GREAT WORK OF THE NAVY

Miss C. Boulton Gives Her First Lecture.

INDORSED BY MINISTER

Hon. Dr. Cody Praises Idea of Campaign Started in City.

The opening lecture of the educational campaign to be conducted in this district by Miss Constance Boulton of Toronto was held Wednesday in the Tecumseh avenue school before a number of interested pupils. After the slides had been shown and the talk was over, Miss Boulton's question, "Do you like the children's theatre?" and "Do you like the show lady?" brought a storm of applause testifying to the popularity of these lectures which Miss Boulton will give in the various schools throughout the city. She comes here under the auspices of the Navy League and Daughters of the Empire, which organization are wholly financing the campaign to be conducted throughout Western Ontario.

The "Navy League of Canada is in the closest affiliation with the British Navy League, an organization of 50 years' standing, to which the upkeep of the British navy is largely due. The Navy League has kept the hands of politicians off the navy. Whenever an attempt was made by British politicians to get control of the navy, the Navy League said no. The object of the Canadian Navy League is to increase the interest in and build up the Canadian merchant marine, and to raise funds for the dependents of merchant sailors who go down," declared Miss Boulton.

Reasons For Love. The lecture itself began with a series of slides and explanation of why Canadians love the British Empire. The King and his very democratic personality, the identical scrap of paper which the German nation discarded and which shows the British as true to their promise, the loyalty of the colonists who looked to the flag of the Mother Country, even South Africa, so lately her enemy, and India, a land of millions of people belonging to another race, were all depicted vividly, with a view to thrilling the imaginations of the children and instilling in them an even greater loyalty for the Empire.

rushed to the colors and then fought out the weary fight in France for four long years under the leadership of Sir Arthur Currie, and the explanation of the gathering of "Kitcheners' mob" of untrained men to fight against the Prussian Guard are all told in a most graphic way and illustrated by interesting slides. Yesterday afternoon, Miss Boulton spoke in St. Peter's Parish Hall before the children of St. Peter's School, and her address dealt largely with the navy.

Dr. H. J. Cody, minister of education, has endorsed the educational campaign of the Navy League and Daughters of the Empire in the following letter: "I desire to express my warmest personal and official sympathy with your joint committee in your purpose of conducting a campaign of naval education by illustrated lectures and other suitable means among the schools of this province. 'Anything which informs the public and arouses the interest of the young, concerning the history, traditions, spirit and achievements of the navy and the mercantile marine, cannot but be of national and imperial benefit. The times demand a wider knowledge and a more vivid portrayal of the glorious record of the navy and merchant service. By them the very life of our Empire has been preserved and the real freedom of the seas maintained for all the world. I trust you will have the cordial co-operation of school boards, teachers and the public."

(Signed) "H. J. CODY," Minister of Education. Schools in Western Ontario wishing to have these lectures should address their communication either to Mrs. E. B. Leung, educational secretary, Navy League, Wortley road, London, or to Mrs. Macdonald, educational secretary, I.O.D.E., 240 Hyman street, London, Ont.

Lauds Work of the Private Soldier at Mothers' Meeting

Principal Wheable Tells of War Experiences at Empress Avenue School.

Principal Wheable of the Empress avenue school gave an interesting account of his experiences at the front, in an address before the Empress Avenue Mothers' Club on Tuesday evening.

Throughout his address he emphasized the brilliant work of the private soldier at the war. A musical program of great excellence followed. Miss Bertha Smith, child welfare nurse, was present and spoke briefly about the importance of the well baby clinics being established in the city during this week, and asked for the co-operation of the mothers present. Refreshments were served at the close of the meeting.

Live in the Watch-Tower

Do you live in the watch-tower or down on the dead level of the plain, with vision restricted, to the humdrumness and petty troubles of your own narrow circle? Are you one of those women who wash your children, cook their meals, or sound your typewriter, making a day-in and day-out round of it, keeping your face stubbornly turned down to your task and never rising up to look around you? If you are, then your troubles are as big as Mount Everest, and there's no use trying to wish them away. For after all troubles are not things, but your attitude toward those things. And their bigness or smallness is in relation to your perspective.

If you live away up in the watchtower, with big searchlight turned upon the whole world, then your own troubles seem very tiny in comparison to the great accumulation of trouble in the universe. And as soon as a trouble seems small, it really is small, for after all troubles are not physical but spiritual. If Mary and Martha both break an arm, and Mary bemoans her fate, while Martha looks upon the accident philosophically, rising above the level of the calamity, then Mary's is in reality the greatest trouble.

The watchtower existence is always the happiest. It has so many possibilities, especially if the great searchlight is kept at highest candlepower, so that so that we see farther perhaps than ever before. It has forced many of us up out of the dead level monotonous plain of a selfish existence, and we have had our moments of supreme exultation, as our gaze sympathetically wandered over the battlefield of France, and our hands kept pace with knitting needles, gloves and mittens. Let us not sink towards the plain. Let us continue to dwell in the watchtower as far as possible. Of course human life is not perfect happiness, and there must necessarily be part of the plain and part of the watchtower. But make it a great big bit of the watchtower, remembering the plain only as it will enable you to lift another troubled soul up into the watchtower with you.

MIDDLEMISS WOMEN'S INSTITUTE.

The Middlemiss branch of the Women's Institute held its last meeting for the year at the home of Mrs. Davis. Instead of the usual Red Cross work, the members are busy sewing for the refugees in France and Belgium. The society shipped to Hyman Hall during the year 250 pairs socks, 1 hospital shirt, 15 sheets, 15 towels, 1 sweater, and sent \$17 for Christmas boxes. The society also kept a prisoner in Germany. The January meeting will be held at the home of Mrs. Mullins. A good attendance is asked for. Although the war is over, there is still work to be done for the wounded soldiers.

MOORETOWN PATRIOTIC SOCIETY REPORTS.

The report of the sixth line of Moore Patriotic Society for six months, from June to December, 1918, is as follows: The receipts for the half year amounted to \$328.33, and the expenditures to \$329.69; at a lawn social held in June the gross receipts were \$55.22; at a concert in September the receipts were \$70.65, and the income from penny bazaars was \$39.35; \$55.10 was sent to the prisoners' fund. The shipments were: 61 pairs socks, 61 boxes overseas, containing 49 pairs socks, besides eatables; 1 parcel to Belgians, consisting of:

full sets children's clothes, 1 quilt, 1 boy's suit, 1 girl's coat and other garments. The supplies on hand are: 10 pounds yarn, 51 boxes, 15 yards cotton, 15 pairs socks. The society has two meetings every month, one for business and one for social. At each meeting letters are read from the boys overseas acknowledging the receipt of the boxes sent them, which they are always glad to get.

Big Welcome Arches Built at Bothwell Attract Attention

Lighting Effect at Night Most Spectacular—Admired by Passengers Going Through.

Much has been said about the welcome extended to the boys coming home from war, and in this connection Bothwell is well worthy of special mention. People passing through that town on the G. T. R. trains look directly down Main street and wonder what has been done. Passengers from almost everywhere say that the beautiful welcome decorations surpass anything seen in American or Canadian cities, and the boys themselves are very proud of this evidence of a real interest taken in the coming back of those who have given their best and proudly played the game.

On four different corners of the main street there are large arches covered with evergreens which at night are lit with red, white and blue electric lights. As these were built and decorated just before Christmas, from the centre arch in the midst of a large swinging green wreath appears a glowing red star. It is singularly fitting that it remains with the other lights throughout the home-coming days as a silent inspiration to the returning heroes to still "follow the gleam." These arches are strongly built, and the greens being of a durable nature, they will last if possible till all the sons of Bothwell and vicinity who want to war are home again.

SIMCOE HOCKEY TEAM PLAYS LOCALS FRIDAY

London Boys in First-Class Condition For the Big Match.

The London Intermediate hockey team will play the Simcoe Intermediate at the Jubilee Rink tomorrow night. The visitors have a strong lineup, and this match promises to be the most interesting O. H. A. game staged in this city this year.

Manager Ferguson has recovered from the "flu" and will likely be on the local team tomorrow night. If he does not go on the ice he will be there to coach the locals. The Simcoe team defeated St. Thomas last Friday in a fast game. The Forest City bunch took two games in a row from Ingersoll last week and stands a good chance for the championship of Intermediate O. H. A. Group No. 6.

KITCHENER JUNIORS DEFEAT GALT LADS

Union Jacks Win First Round of Double Schedule For Honors.

KITCHENER, Jan. 15.—The Union Jacks won the first round of the double schedule No. 7 junior group here this evening by defeating the Galt Juniors in a fast and cleverly-contested game by a score of six to two. The visitors made a desperate effort to tie up the round, but the Kitchener youngsters went out on their merits. There was no scoring in first period. Although play was mostly in Galt territory Koyes scored first goal of game six minutes after play opened in second period. But the Jacks came back with three before the end of the period. The goal was called, Gidner scoring two on rushes and W. Schnarr getting the third. In the final period Koyes and Schnarr added two more, Gerald Schnarr doing the scoring. The teams: Galt, Schnarr, Goal, Koyes, Skelly, Trushinski, R. Defence, Skelly, Gidner, L. Defence, Skelly, W. Schnarr, Centre, Koyes, Fritz, R. Wing, Schnarr, George, Schnarr, L. PANTHER FAVORITE IN ENGLISH DERBY THIS COMING YEAR

Sum of \$20,000 Paid For Horse Which Is Expected To Show Up Well.

LONDON, Jan. 15.—Although Derby betting on the old line is not at all likely, a little business may be anticipated, as interest in the racing classic is great, and in this the Panther is entitled to be made favorite. Nothing dominated the two-year-old position last season, the number of horses fared up only to the down again, notable among these being Bruce Bridge, Sir George, Noble's colt may revive again next year, albeit the probability or otherwise of his doing so is immaterial as regards the Derby for the reason that he was entered only for the substitute affair, and that of course will go by the board. In similar case is Iron Hand. There has been a limited fusion of interests as between Sir Alec Black and Mr. A. E. Barton, who have become partners in several yearlings. This no doubt explains the transference of the Panther and other horses belonging to the Glimsby Baronet from their old stable to the care of Mr. Barton's trainer.

LONDON CURLING BONSPIEL WILL BE HELD TONIGHT

A bonspiel will be held at the London Curling Club tonight. Play will begin at 7:15 o'clock. The regular Wednesday night bonspiel was postponed owing to the Asylum spiel, but the curlers will get on the ice tonight. CREWS ARE SET BACK

ST. THOMAS, Jan. 15.—Freight traffic on the M. C. R. has returned to normal again after several weeks of very heavy business. In consequence a number of local railroads, who were classified for general months as brakemen and conductors have been returned to the "spare list." Five train crews have also been set back. Similar conditions exist. It is reported, on each of the other roads, passing through here.

BASEBALL MAGNATES CUT HIGH SALARIES

The Average Pay Will Be \$5,000—Drastic Change in Drafting Regulation.

New York, Jan. 15.—National League baseball players will receive an unpleasant surprise with their 1919 contracts as a result of the magnates' action today in adopting a club salary limit of \$11,000 per month. This is the most radical financial retrenchment attempt by a major league in many years, and will prove a startling upset to those diamond stars who may have expected a continuation of the high salaries and long-time contracts of pre-war days. Under the new regulation, which was adopted by a vote with a majority of maximum monthly limit during the playing season must not exceed \$11,000, plus manager's salary. This will waive the seasonal payroll foot up approximately \$300,000 for a playing period of about five and a half months. With a club roster of 22 players, the average will be \$5,000 per player per season. The new rule also carries a penalty in the form of a fine of \$5,000 for every minor league club which fails to conform to the National Association, held a protracted session. They discussed proposed amendments which will be presented to the joint meeting of the National and American League clubs tomorrow night. A draft of AA players by major league clubs was discussed. The magnates disliked the word "draft" and suggested it be changed to "arbitrary purchase."

SEATTLE NOW LEADING COAST HOCKEY LEAGUE

Winning Team Stages Rally in Last Few Minutes of Game.

Seattle, Wash., Jan. 15.—Seattle won a game from Vancouver last night by 3 to 1, thereby grasping a firmer hold on their lead in the hockey race. Staging their usual third period rally, Seattle broke the tie in the final frame and won. Capt. Arthur Duncan, hero of a score of air battles in France, played his first game here and worked well on the defence for the visitors. Jack Walker was the best man on the nets was up to his usual high standard. Neither Popston nor Riskey showed any effects of their hard game Monday, both working well all the way.

ST. ANDREWS TAKE GAME FROM ST. MICHAEL'S SIX

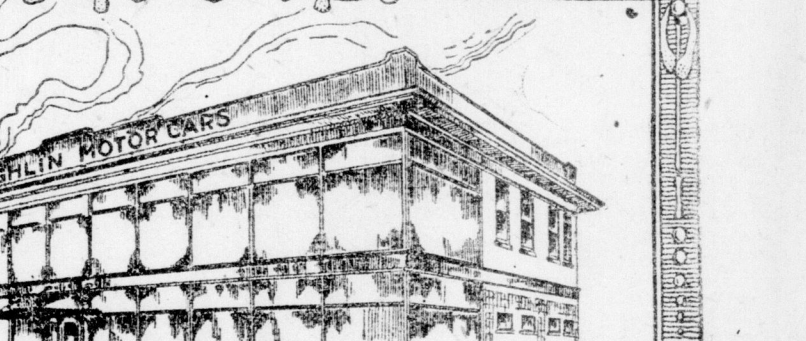

TORONTO, Jan. 15.—St. Andrews won the Junior O. H. A. fixture at the Arena this afternoon from St. Michael's by the score of 9 to 7 in a fairly well contested game.

INGERSOLL GOES BACK STRONG AND WINS

Defeat St. Thomas Intermediates by Score of 4 to 3 at Ingersoll Arena.

INGERSOLL, Jan. 15.—After blazing a trail for the first two periods St. Thomas intermediates went down to defeat tonight in a stubbornly-contested game by a score of 4 to 3. The visitors are the heaviest aggregation seen in action here in years and their massed formation style of blocking seriously interfered with the homester combination. At the end of the first period was 1 to 0 and 2 to 1 at the end of the second period. There had been only spasmodic open work. But in the third period the locals rallied with old-time ginger. Grievie opened the scoring. And the visitors were soon forced largely on defence. After much exciting work, Henderson found the net on a neat shot, and in the dying minutes Barrow scored another counter, making the score 4 to 2. Ingersoll's first center was notched by Gregory. Banter and Baldwin scored for St. Thomas. The teams: Ingersoll, Goal, Blackwell, Defence, Grievie, S. McLean, Defence, Barrow, Banter, Centre, Gregory, Tiffin, R. Wing, Mason, Baldwin, L. Wing, Henderson, C. McLean, Subs, Waiter, L. Doan, Subs, Richardson, Referee—Reg. Stone, Woodstock.

'DRACONIAN DECISION' MEETS WITH PROTESTS FROM BRITISH PRESS

London, Jan. 15.—Morning newspapers give much prominence to Paris dispatches referring to the decision that the proceedings of the peace congress are to be secret, and contrast it with the official statement that there would be no censorship, which was issued yesterday. They point out that it furnishes an indication of the attitude of the British government.

SOCIALISTS AND I. W. W. CONTROL LABOR CONGRESS

Chicago, Jan. 15.—Socialists and members of the Industrial Workers of the World, after meeting defeat today in the organization of the National Labor Congress, called to order a program for obtaining a new trial for Thomas Mooney and Warren Billings, made a determined attempt to capture control of the body later in the day. The credentials committee had reported tonight, making it impossible to see which faction is the winner.

There is one watch in our store that we are proud of above all others—the Waltham Opera Watch. You would be proud of it, if you owned it.

It is a Waltham, 17-jewel movement, mounted in an extremely thin gold-filled case. Besides being a very handsome watch, it is also an excellent time-keeper.

This and many other styles of watches from \$9.00 up to \$150.00 may be seen in our windows at all times.

It would be an insult to them if we were to say all these watches are guaranteed. If they come from "YOUNG'S" they are all right—guaranteed, of course!

J. H. SAUNDERS LIKELY TO BE CHAIRMAN OF THE BOARD OF HEALTH

The first meeting of the new board of health will probably be held on Tuesday of next week. It is generally expected that J. H. Saunders will be the chairman of the board this year. He held this position last year, but resigned from the board when appointed to the position of alderman holding a seat on the board was raised. Mr. B. Drake was also a member of the board who resigned for the same reason last year.

HERMITS USHER IN THE SOCIAL SEASON BY AN AT HOME IN THE CLUB

The Hermitage "at home" which was held last night in the club quarters over the Imperial Bank of Canada, ushered in the social season for that organization. This was the first dance held since the big patriotic ball in 1915. About thirty couples were present, but this small attendance was due to the fact that many of the club's members had the "flu." After a luncheon, a short program was carried out and the evening was varied and beautiful. The secretary reported that there are still 28 hermits in France and England or on the way home.

CHEAP BACON NOT LIKELY, ALTHOUGH HOG PRICES DROP

Pork Over Two Cents a Pound Lower.

As bacon for breakfast to take an immediate drop in price? Hogs have dropped from \$2 to \$2.50 a hundredweight on the Toronto market, taking its cue from the Toronto market and the Toronto market in turn from the Chicago market.

"That depends" is the view of local salesmen in bacon. A member of the firm of Andersons Meat Market, which is practically the only packing firm in the city, states that it is hard to say what is going to happen. It all depends upon how long the embargo lasts at the ports and the lower prices. The remainder is given that it takes about thirty days to properly cure ham and about two weeks for a side of bacon. Under the circumstances, even if the price of hogs does continue in the direction of normal and reachable, it is not likely the housewife will be able to afford to scorch the bacon without thrifty pangs for some days to come.

NEARLY \$900 SENT BY DISTRICT TO CANADIAN BIBLE SOCIETY FUNDS

Edward Towse, treasurer of the Western Ontario Bible Society, has remitted to the Canadian Bible Society for the year 1917, \$8,600, and shortly will send, by the order of the board, \$2,900 more, for the same period.

The British and Foreign Bible Society has completed a Bible so written that 200,000,000 of the common people of China can read and understand, and during the last eleven years it has averaged one new language every six weeks, and reduced to reading and printing.

The revision of the Chinese characters will be reduced from 1,000 to 30, by the wish and consent of the Chinese consul, under the guidance of a large staff of translators, employed by the British and Foreign Bible Society. This great work will assist, in a large measure, these heathens to read and understand the gospel, and thereby be able to accept Jesus as their Saviour.

At a dinner given to conference delegates by a Chinese publishing firm, the Commercial Press, the latter informed contained these words: "Ours is a non-Christian firm, nevertheless, we have been publishing a line in any of our books, derogatory to Christianity, and we never will." Are these facts not significant of Chinese attitude to the Christian religion?

Since the war began, new languages have been reduced to writing and printing and distributed by the British and Foreign Bible Society by their correspondents who are working under the direction of the missionaries in the foreign fields.

From the declaration of the war to the signing of the armistice, five copies, each contained in one or more complete books, have been delivered in the hands of the armies of the world for every minute of the day and night that the war raged, and these have been delivered in different languages, without cost to the men.

Gen. Fosh, Gen. Haig, Admiral Jellicoe, and Admiral Ingram were all spoken in highest commendation of the work of the Bible Society.

FIRST WOMAN HEALTH BOARD MEMBER HELPS AT WELL BABY CLINIC

Mrs. W. S. Partridge, London's first woman member of the board of health, yesterday afternoon assisted Miss Partridge at the first of the weekly "well baby" clinics, which will hereafter be held in the Children's Welfare School, for the benefit of little ones in that end of the city.

Dr. Lindsay, who took charge the earlier part of the afternoon, Dr. Tillman coming to his assistance after 5 o'clock. Though the hours announced were from 10 to 12, the clinic was so crowded that it was after 5 o'clock before the little ones brought by their mothers were admitted to the clinic. The children were all properly weighed, charted and examined and ready to see another day of first clinic day at Talbot Street School on Monday. No less than 50 children of pre-school age were present during the afternoon.

Friday afternoon, the inaugural "well baby" clinic was held at the Children's Welfare School in charge of Dr. J. I. Ferguson.

"FLU" SITHATION MUCH IMPROVED, SAYS M.O.H.

"It is considerably improved," said Dr. M. S. Downham, M.O.H., referring to the "flu" situation. There are not so many cases being reported to the doctors, and fewer cases are being received at the hospitals, he says.

A few cases of diphtheria have been reported, but there have been no deaths recently from this disease. There is also a small number of cases of chicken-pox in the city.

WOMEN ARE FACING SOME UNKNOWN DANGER

The women of the First Presbyterian congregation have had an announcement which has come to them like the proverbial "bolt from the blue." It is nothing more or less than an announcement that the men of the congregation will entertain them at a banquet Monday night. The plans are being kept a dark secret. Apparently the men are going to do the cooking, table setting, serving and dishwashing all by themselves. This is the only conclusion the invited guests can put upon the announcement.

WALKERVILLE GROWS BIG FOR CLOTHES; MAY EXTEND LIMITS

Mayor Urges Action in His Inaugural Address.

Walkerville, Jan. 15.—Mayor Charles S. King, in his inaugural address to the new council today, declared that an extension of the town limits had become an urgent necessity. The population was increasing rapidly. The increase is about one thousand annually. The present population is estimated at six thousand. The mayor pointed out that boundary extensions are only possible by Walkerville separate from the part of township of Sandwich east, as Windsor on the west side and Ford on the east prevent any growth in either of these directions.

The mayor also expressed the hope that the council would lose no time in taking the necessary steps to induce the Dominion Government to make Walkerville a separate town. At present all customs collected in the town are credited to Windsor.

VOICE OF THE PEOPLE

COLONEL DENISON AND PRESIDENT WILSON

To the Editor of the Advertiser:

The Advertiser deserves commendation for its exceedingly foolish and ill-considered article entitled "Lillian Gish 'butting in' in the matter of settling the world's quarrel with Germany." Mr. Wilson as a general "civilian" who therefore should have nothing to do with the settlement of these who know Colonel Denison this latest will outburst of his against Americans and through a long list and blunders in the colonel's otherwise admirable article, they "butted in" and effectively in leading millions of dollars and sending millions of men of arms to the Allies. And when, last spring, the armies of the Allies were at their last gasp, the "butting in" of Colonel Denison, by his "butting in" to the French lines of the "Great Love" are the stars in "The Greatest Thing in Life" with others in important roles to give abundant measure.

2. It is not a war picture—it is the Victory picture.

3. Lillian Gish and Robert Harron, stars in "The Birth of a Nation," "Hearts of the World" and "The Great Love" are the stars in "The Greatest Thing in Life" with others in important roles to give abundant measure.

4. Many of the great scenes were actually photographed on French battlefields.

5. The "creeping barrage" is shown for the first time in motion pictures.

6. The actual bombardment and destruction of a French village by the Hun is shown.

7. Many of the scenes were taken on the battlefield of the Marne and Chateau Thierry, consecrated to America by American blood and heroism.

8. Photographic effects that are absolutely new to motion pictures are introduced in this spectacular release. These are the inventions of a crippled French soldier.

Synopsis of Play.

Edward Livingston, a young American, feels that he is socially superior to most people. When he meets and falls in love with Jeanette, who keeps a new stand in New York with her father, he fights against his passion. Jeanette's father's health demands that he return to France. Livingston, unknown, sends them money and they return to their home land. Soon after all arrive in the little French village, he overtakes them. Meanwhile Jeanette has fallen in love with Mons. LeBebe, an unscrupulous grocer. Livingston is a member of the American fighting forces. The Germans trace a secret telephone to the Perot home. LeBebe is wounded when the hiding place is discovered and Jeanette telephones to the French lines of her danger. Livingston receives the message. LeBebe dies of his wounds. Jeanette and her father are saved and the girl and Livingston plight their troth.

LILLIAN GISH WINS HEARTS OF ALL IN LATEST PRODUCTION

"The Greatest Thing in Life" at the Majestic Today.

LAST PRESENTATION HERE

Thousands Praise Griffith's Masterpiece, Now Showing at Popular Theatre.

"The Greatest Thing in Life" will be shown at the Majestic today for the last time. Thousands have witnessed this wonderful production this week, and are enthusiastic in their praise of it. Lillian Gish, the star, appears in a role that gives her wider scope to display her ability than any previous production. In this production she has ever been featured. Miss Gish puts more real "pepperness" into this production than any other picture in which she has appeared. Below are a few facts about this production:

THIS MAY SAVE SOME LIVES.

To the Editor of the Advertiser:

It is most important that you should date, to once more put in concrete form the simplest rules to be observed on precautions for us to "let up" on precautions on the "flu" situation. In a little community known to your correspondent, there is a very serious epidemic of the "flu" worse than the original outbreak. May we not avoid such an untimely loss of life by the "flu" epidemic if population by exercising every reasonable care, though it is natural for us to "let up" on precautions when we see the disease lessening in power? Let us fight this persistent Hun germ by the most effective means.

Therefore, may we—

1. Do nothing to weaken our vitality.
2. Cover up each cough and sneeze. If we don't we'll spread disease.
3. Do not wear a hat or a cold or feel feverish, or are unusually weak and tired, go home and go to bed. We may save our lives by doing so.
4. Call a doctor and follow his directions.
5. Keep the air in our rooms fresh and warm. Keep out of drafts and well covered up.
6. Buy medicine—even if ill. Our work will wait until we are well.
7. Stay in bed. It is not enough to get up. Many persons now in their graves would have been saved had they not left their beds for soon.
8. A re-statement of rule one. Even if we are well, but feel a little ill, or feel feverish, or are unusually weak and tired, go home and go to bed. We may save our lives by doing so.

WALKERVILLE GROWS BIG FOR CLOTHES; MAY EXTEND LIMITS

Mayor Urges Action in His Inaugural Address.

Walkerville, Jan. 15.—Mayor Charles S. King, in his inaugural address to the new council today, declared that an extension of the town limits had become an urgent necessity. The population was increasing rapidly. The increase is about one thousand annually. The present population is estimated at six thousand. The mayor pointed out that boundary extensions are only possible by Walkerville separate from the part of township of Sandwich east, as Windsor on the west side and Ford on the east prevent any growth in either of these directions.

The mayor also expressed the hope that the council would lose no time in taking the necessary steps to induce the Dominion Government to make Walkerville a separate town. At present all customs collected in the town are credited to Windsor.

QUERIES REGARDING MILITARY SERVICE

Address Your Problems to the Military Editor of the Advertiser and They Will Be Answered From Official Information.

DISABLED SOLDIER, Q.—I served five months with the 1st (Huron) Battalion, eleven and one-half months with the 26th Battalion overseas, and at the front, I drew 92 days' pay and allowances as post-discharge pay. Am I entitled to 122 days' pay and allowances under the new scale of war service gratuity?

A.— You are not entitled to 122 days' pay and allowances as post-discharge pay. Am I entitled to 122 days' pay and allowances under the new scale of war service gratuity?

2. I am receiving a pension for my wife and children, and understand that an increase has been provided in pensions recently. When will we receive the increase?

3. Does it date back to September 1, 1918?

4. Shall we have to apply for same?

A.— Yes. According to war service gratuity regulations, any officer, warrant officer or man who re-enlists shall for the purpose of determining the amount of the gratuity by reference to the length and character of his service be entitled to count his service in both foreign and home countries. Hence your period of service would count as one year's service and under two years, which, according to the new scale, entitles you to receive 122 days' pay and allowances under the new scale of war service gratuity.

The increase will be sent to you just as soon as the pensions board can adjust your allowance, and as all share the increase the task will be an enormous one and you may not receive your increase for some time.

5. Yes. The increased dates from September 1, 1918.

6. No. Those entitled to pensions are requested not to write regarding same which will serve to occasion delay. The increase will be automatic, and will be sent out as specified as the pensions board can cope with the situation.

SUBSCRIBER, Q.—I had a son who died in the service and was buried at Liverpool, England. I wish to have his remains brought to Amherstburg for interment. Would you kindly advise me to whom I should apply regarding same, and probable cost of returning remains to Canada?

A.— Full information and advice regarding the above case may be obtained by writing to District Intelligence Officer, Wolsley Barracks, London, Ont. It is possible to have the remains exhumed and returned to Canada, and full information regarding procedure for same will be given on writing to above address.

READER, Q.—Will a man who served in the Canadian Army for over two years, and who has not been overseas receive any war service gratuity under the new scale, passed by order-in-council recently, since he was discharged subsequent to the signing of the armistice?

A.— Yes. Any soldier serving in the Canadian Expeditionary Force on the date of signing armistice for under three years' service and over two years' service is entitled to 122 days' pay and allowances of rank as war service gratuity.

2. Is so, how much pay am I entitled to?

A.— No. Since you were discharged prior to November 11, 1918, you are not entitled to any war service gratuity under the new scale. Had you been in khaki on this date you would have been entitled to 122 days' pay and allowances under the new scale, but no provision has been made for men discharged before the signing of the armistice, including those who served in any actual theatre of the war under the new scale.

READER, Q.—I received a discharge and transfer from the Canadian Engineers for the purpose of re-enlisting in the Royal Air Force overseas, and at the front, I drew 92 days' pay and allowances as post-discharge pay. Am I entitled to 122 days' pay and allowances under the new scale of war service gratuity?

A.— Am I entitled to the \$35 civilian clothing allowance issued on discharge to soldiers at the present time, the said order not being in effect at the time of my discharge as war service gratuity?

2. No. This order is not retroactive, although there is considerable action among discharged soldiers at present regarding same, and steps are being taken to urge the government to make it become so.

SCOTT, Q.—I have served 18 months in the Canadian Expeditionary Force, six months of which was in England, but owing to a serious illness, I was unable to proceed to France, and was returned to Canada. I was discharged in May, 1917, and received three months' post-discharge pay. Am I entitled to war service gratuity?

BUNN THE BAKER

"Man wants the little here below,"
So ran the ancient rhyme;
But now he wants ALOAFA BREAD,
And wants it all the time.

Bunn the Baker of Bunn-Bun

Bread and Butter Pudding—a Queen's Dessert, When Made With

Neal's Aloafa Bread

Here is a simple, wholesome dessert dish that will appeal to every member of the family, and is inexpensive enough to eat often, besides using up stale bread in a most appetizing manner.

Take two slices of stale bread to each person, butter lightly on one side, and lay, butter side down, in a deep dish, with a row currants, raisins or sultanas sprinkled between each layer. Tuck sufficient milk to cover and beat in one egg to each pint of milk. Put in sufficient sugar to taste, and allow it to melt in the milk. Flavor milk with vanilla or grated lemon rind. Put last layer of bread, butter side up, and if desired, sprinkle sparingly with nutmeg. Pour in the milk and bake in a covered dish for 30 minutes in a slow oven, then remove cover and bake five minutes more in a quick oven.

Made with NEAL'S ALOAFA BREAD you will find this a most delightful dessert. The children will hardly be able to wait until you have saved up enough stale slices; in fact, we predict they'll be after you to make this pudding with fresh bread—and it's just as good and just as cheap. Custs are especially good for this dish.

To make it to perfection you need NEAL'S ALOAFA BREAD, so let the grocer send you some right away, or phone for one of our obliging salesmen to call.
