AN ACT to amend an Act intituled, "AN ACT for the construction of WATER WORKS in the City of Hamilton."

[Assented to 19th May, 1860.]

WHEREAS the Water Commissioners for the City of Hamilton by petition have prayed for the amendments hereinafter set forth, of the Act passed in the Session of Parliament, held in the nineteenth and twentieth years of Her Majesty's Reign, and intituled: "An Act for the construction of Water Works in the City of Hamilton;" and it is expedient to grant such prayer: Therefore, Her Majesty, by and with the advice and consent of the Legislative Council and Assembly of Canada, enacts as follows:

1. The Water Commissioners for the City of Hamilton shall, in addition to the powers conferred upon them by the said Act, have full power and authority to levy and raise such a yearly or other rate or assessment or water rent on all and singular, the real property within the said city, whether owned by private individuals or bodies corporate, by, near or contiguous to which the water pipes may pass, and upon the stock in trade, household furniture and goods and chattels belonging to or in the possession of the owners or occupants of such real estate, (save and except always the real property and other effects of any Railway Company) as shall, in the opinion of the Commissioners, be sufficient to pay the yearly interest, at a rate not to exceed four per centum per annum, on the cost of the said Water Works and the yearly expenses thereof, or such portion of such interest and expenses as, in their judgment, should be levied and raised in each year, and be borne by such owners and occupants; and the Commissioners shall have power and authority, from time to time, to fix the rate

or rates such owner or occupant, or both such owner and occupant, shall pay, having due regard to the advantages derived by such owner and occupant, or conferred upon him or her or their property by the Water Works, and the locality in which the same is situated; and so much of the said water rate or rent as shall be assessed or levied upon the real estate, shall become a continuing lien, unless paid, upon such real estate, any thing in section ten of the said Act to the contrary notwithstanding; and the Water Commissioners shall also have power and authority, from time to time, to fix the rate or rent to be paid for the use of the water by hydrants, fire plugs, public buildings, and street watering.

2. The Commissioners shall have full power, from time to time, to make and enforce all necessary by-laws, rules and regulations for the collection of the said water rate and water rent, and for fixing the time and times when, and the places where, the same shall be payable, for allowing a discount for pre-payment; and, in case of default in payment, to enforce payment by shutting off the water, or by suit at law before any Court of competent jurisdiction, or by distress and sale of the goods or property upon which such rates shall have become a lien;—provided that such distress and sale shall be conducted in the same manner as sales are now conducted for arrears of city taxes; and provided further, that the attempt to collect such rates by any process hereinbefore mentioned, shall not in any way invalidate the lien upon the said premises.

3. The Commissioners shall have power to employ collectors, assessors, and such other persons as in their opinion may be necessary to carry out the object of this Act, and to specify the duties of such persons so employed, and to fix their compensation; and all such persons shall hold their offices at the pleasure of the Commissioners, and shall give such security as the Commissioners shall from time to time require; and such collectors and assessors shall have as full power as the collectors and assessors in the cities of Upper Canada do now possess and enjoy.

4. If any person or persons shall lay, or cause to be laid, any pipe or main to communicate with any pipe or main of the said Water Works, or in any way to obtain or use any water thereof, without the consent of the Commissioners, he or they shall forfeit and pay to the Commissioners the sum of one hundred dollars, and also a further sum of five dollars for each day such pipe or main shall so remain; which said sum, together with costs of suit in that behalf, may be recovered by civil action in any Court of Law in the Province, having civil jurisdiction to that amount.

5. If any person shall bathe or wash, or cleanse any cloth, wool, leather skins, or animals, or place any nuisance or offensive thing in any of the reservoirs, cisterns, ponds, sources or fountains, from which the water for the said Water Works is obtained,—or shall convey or cast, throw or put any filth, dirt, dead carcasses or other noisome or offensive things therein, or cause, permit or suffer the water of any sink, sewer or drain to run or be conveyed into the same, or cause any other thing to be done whereby the water therein may be in any wise tainted, every such person shall, on conviction thereof before any Justice of the Peace, on the oath of one credible witness, be by such Justice adjudged and condemned to pay a penalty for

10. The Water Commissioners are hereby empowered to arrange with the Corporation or with individuals, for the extension of pipes in suburbs or partially-built portions of the city, by allowing a deduction from the price charged for the water, to such extent as the Commissioners shall see fit, on the cost of the said pipes when laid by the parties under the direction

of the Commissioners, and subject to their approval; or the Commissioners may lay the pipes, charging the said parties, in addition to the usual water rate, a yearly interest upon the cost of such extension, which interest, or such portion as shall then be due, shall be paid at the same time and collected in the same manner as the water rates.

11. In all cases where a vacant space intervenes between the line of the street and the wall of the building into which the water is to be taken, the Commissioners are empowered to lay the service pipe across such vacant space, and charge the cost of the same to the parties liable for the water rate for the premises, such charge to be payable with the first payment of water rates, and to be collected in the same manner.

12. The service pipe, from the line of the street to the interior face of the outer wall of the building supplied, together with all branches, couplings, stop-cocks, and apparatus placed thereon by the Commissioners, shall be under their control; and if any damage be done to this portion of the service pipe or its fittings, either by neglect or otherwise, the Commissioners may repair the same, and charge the expense to the premises; the stop-cock placed by the Commissioners inside of the wall of the building shall not be used by the water tenant except in case of accident, or for the protection of the building or the pipes, and to prevent flooding of premises.

13. All parties supplied with water by the Commissioners may be required to place only such taps for the drawing and shutting off the water as shall be approved of by the Commissioners.

14. Neither the Water Commissioners nor the Corporation of the City shall be liable for damages caused by the breaking of any service pipe or attachment, or for any shutting off of the water to repair mains or tap the pipes, provided notice be given of the intention to shut off the water, when the same is shut off more than six hours at any one time.
