Successful Students.

The telephone was busy while the threshold of "the den" was kept pretty warm last week by the anxiously anxious pupils who had been taking their "Exams" for Standard 5, 6 and 7. It will be remembered that one year ago all the standard 7 pupils were successful. We are quite as lucky (or clever if you will) this year, for the contesting quartette passed without a discord. They are: Misses Hilda Peterson and Birdie Hydon and Messrs William Woolf and Sheffield.

In Standard 6 there were nine contestants and seven of the number passed. They are, Miss Mary Smith, George Parker, Vere Olsen Joseph Earl, Golden Woolf, Rose Archibald and Osborn Wright.

Out of ten in Standard 5, we have the following successful ones: Vernon Coombs, Ralph Jenkins, John Blackmore, Viola Bevans, Sarah Spence and Clara Sloan.

The Star congratulates Messrs Low and Woolf for the good work shown in the excellent results above published and also the successful pupils for their study and application. Let not the "ones omitted" give up in despair for there is no defeat only to those who lose hope.

"I'm going to Cop The Whole Thing."

He said that he would and he did. Here are a few of the prizes captured by Thomas Woolford at the Lethbridge Fair which closed yesterday. 1st on winter wheat and 1st for best 10 bushels; 2nd on Rye Rowed Barley, 1st on Bromé Grass, 2nd on Alfalfa, 1st on Clover, 1st on Red Top, 1st on Orchard Grass.

Here are a few other prizes which Cardstonians collared; James Hansen, team to wagon, 2nd on Stallion any age, and Harker brings back, Best yearling, Best foal, while Fry lands best brood mare, best roadster Stallion, best carriage brood mare, and Woodruff captures, 2nd on thoroughbred stallion, 1st and 2nd on Thoroughbred Stallion two years old. This will suffice to show that Cardston was there and aptly represented: Nearly everything that left this district captured a prize. Magrath fared well too and gathered in everything on sheep, 50 per cent on cattle and first prize for apples. Don't forget that Magrath is in the Cardston Electoral District. James Hanson also received 2nd on station 4 years old and 2nd on Sweepstake.

Musical College Soon.

A college of Music will be inaugurated at Cardston in the early autumn. Courses leading to diplomas, etc. will be arranged for all desirous of pursuing the study of music. Competent teachers are being secured. The College will be run on undenominational lines.

At Hymen's Altar.

BLACKMORE - WILSON

At the Presbyterian Manse, Cardston, July 29, by the Rev. A. W. R. Whiteman, Mr. James Blackmore was united in the bonds of matrimony to Miss Edith Wilson of London, England.

Trouble at Taber.

It would appear from the following clipping out of the Taber Free Press that there is trouble brewing for someone in Taber:

Early Tuesday morning, in fact before nine o'clock, the members of the new council were sworn in. They then appointed R. P. Wallace, clerk and treasurer protem.

Mr. David Burbank who has been the Overseer of the village of Taber presented the books, papers and cash in his possession to the council. These were carefully gone over and were found satisfactory. The Trustees of the village not being present with their books, papers, etc., the Mayor, Mr. Barton and Mr. Wallace were appointed a committee to wait upon Mr. W. F. Russell, the secretary of the Trustee Board to request that a statement be presented and that all books and papers be turned over to the Council forthwith. We understand that Mr. Russell said that he had no statement to present and that he was going away for three weeks when he would be back. Mayor Truswell then advised him that he was not to leave the country until he had presented the statement and the books and papers relating to the village. The council then met and decided to take action to prevent the Trustees from leaving the country. The Attorney General's department at Edmonton was communicated with and the result was that Mr. Russell and Mr. VanOrman were put under bonds not to leave the country and Mr. Probert who had gone to Raymond to spend a day before going to Taber, was also put under bonds. We understand the preliminary hearing will take place here on Monday.

Passenger Rates Reduced

It will be remembered that in our last issue we spoke of the visit of Messrs Woolf, Jelliff and Woolford to Lethbridge on the occasion of the Sitting of the Royal Railway Commission at that point. As a result of the same the Commission has issued orders (which are now in effect) that the passenger rates on the Alberta Railway and Irrigation Company's Line shall be reduced from 5 to 4 cents per mile with the usual reduction for the purchase of Round Trip tickets. It is also ordered that the local freight rates shall be the same as those on the Mountain Section of the C. P. R. The mandate of the Commission is to the effect that another reduction may be made in the passenger rate provided that it can be found that the earnings of the Company warrant the same.

The Board of Trade is to be complimented for their aggressive and prompt action in the matter and the delegates, Messrs Martin Woolf, L. H. Jelliff and Thomas Woolford, should receive a hearty hand shake for the good work performed.

Anthrax and Blackleg

The disease known as blackleg in cattle, although entirely unknown in many extensive agricultural sections of Canada, and not at all wide-spread in any district or province, annually causes quite extensive losses to cattle raisers. Anthrax, which is quite a different disease, although frequently confused with blackleg in the minds of many cattle raisers, is also the cause of serious loss of stock. The former disease is almost entirely confined to cattle under three years, and is generally fatal. The latter attacks other classes of farm animals and the human subject is not exempt from its infection

which generally results seriously. cents per dose for anthrax vaccine. By the aid of science cattle raisers It is due to the fact that these are now enabled to protect their preparations are now being made stock against these maladies, at the biological laboratory in connection with the Health of Animals Branch that they can be supplied at 5 cents per dose. The vaccine for blackleg may be administered by any intelligent person by means of an instrument supplied by the department at 50 cents. Anthrax vaccine, which is also supplied at 5 cents per dose, is more difficult to administer, requiring a qualified veterinarian to treat an animal. Cattle raisers who have fear of an attack of either blackleg or anthrax would do well to apply to the veterinary director general at Ottawa for the proper dose for blackleg vaccine and 14 preventive treatment.

DAVID H. ELTON,
Editor and Proprietor.

Cardston, Alberta, Canada.
Friday, August 9, 1907.

Cardston is also to have a conservatory of Music. This should be the nucleus for the establishing of a large up-to-date University at this end of the line. Located among a music-loving people, there is no question as to its liberal and popular patronage. It is a good move and one destined to bring Cardston to the front in the Music world. Necessarily it will have a small beginning and the first few months will no doubt be somewhat hard and trying but success will attend the institution and satisfaction crown the efforts of those who are fostering the same. This is the wish we have for the new College of Music at Cardston.

Look on the front page and then smile. Cardston is bound to keep up her good luck. There is no place in the east or in the west or any other old place that can down us for "Prize Winning Wheat." It just seems like we got to win anyhow. On account of the busy season it was only possible to send a very few samples of our grain and live stock from this district. But they proved winners, just as they always do. We congratulate Messrs Woolford, Hanson and Harker for the interest they have taken in the district and in their own produce and stock to be represented at the Lethbridge Fair.

The 100,000 Club of Calgary spent a day at Lethbridge this week. Mr. J. W. Woolf, M. P., made arrangements with Mr. Naismith to bring them to Cardston on Thursday morning but they flew the coop for home. We regret they did not visit the best district in the south while they were away from home. They might just as well as not for the A. R. and I. were quite willing to extend their courtesies and the Cardston people would have taken good care of their friends from the Elbow. However we may get a chance to "rub Elbows" with them at some future time and show them the district that the people are reading about—THATS CARDSTON.

In speaking to THE STAR yesterday, Mr. J. W. Woolf stated that he had visited some seven states since being absent and nowhere has he discovered better crops than in the Cardston District. He says that grain is just as far advanced here as it is in Cache County, Utah which is considered one of the best grain producing sections in the west.

"This is one to wet the new boy's hair," said our jovial friend Joseph Steed as the boys reached their hands out for the mugs of SODA WATER—last Wednesday. We understand that Leader S. S. Newton had to go "one" too to a whole choir-load of folk on the same day for the arrival of a fine baby-girl at his home.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the First M. E. Church, Little Falls, Minn., writes: "we have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists and dealers.

At the regular meeting of the Alberta Farmer's Association held in the Assembly Hall last Saturday, the resignation of Mr. E. N. Barker as the Secretary was read and accepted and his friend, our friend and the farmers friend, Mr. H. A. Donovan, was elected in his stead. There is a splendid chance now to sell the Association a good up-to-date typewriter and we have a great big notion to put in a bid for the same if it ever becomes our happy (?) lot to decipher the hieroglyphics which Donovan is capable of making in wielding the mighty pen of the Secretary.

Mr. Thomas Woolford leaves today to judge Fields of Growing Grain in the Medicine Hat, Lethbridge and Macleod Districts. He will be absent for something like two weeks time. On Monday, Mr. W. C. McKillican will arrive here to judge in the Raymond, Magrath and Cardston, Districts. We are pleased to say that Cardston has nearly 35 entries this year and the contest will be a close one. This is the first year that we have availed ourselves of the fields of Growing Grain Contest.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists and dealers.

M. I. A. Conference.

Our M. I. A. Annual Convention has been changed to this Sunday, August 11. Officers meeting at 10 a. m. and 2 p. m. in the Cardston School House and public meeting in the Assembly Hall at 7 p. m. All officers are requested to excuse themselves from all other duties on this day and attend the convention. There will be two representatives from each of our General Boards in attendance.

Woolford Whispers.

Both old and young gathered at the Schoolhouse on the eve of the 2nd from whence they proceeded to the house of Thomas Woolford for the purpose of "surprising" the newly arrived Missionary, Elder Ambrose Woolford. An excellent program had been prepared by the ladies of the Relief Society. This consisted of speeches, recitations, singing and games. All the parts were rendered with much credit and enjoyment. Then followed an appetizing lunch. Elder Ambrose was looking well and gave an excellent discourse on his Missionary Experience. We anticipate his help will be of great value to the various organizations in this ward.

Instructor in Irrigation (Crowded out of last issue)

Mr. D. E. Harris, Sr., has been appointed Instructor in Irrigation for the province of Alberta. Mr. Harris has already commenced a series of meetings at the suggestion of the Minister of Agriculture. Today he holds forth at Magrath and at subsequent dates will lecture in Raymond, Stirling, Taber and Lethbridge. The topics to be discussed are:
Principles underlying Irrigation.
Function of Water in Plant Growth.
Movements of water in the soil.
Advantages of irrigation in maintaining proper moisture relations.
Duty of water.
Preparations of land for Irrigation, (a) Land (b) Ditches.
Methods of application.
Treatment of land after Irrigation.
Mr. Harris is a capable man in every sense of the word, a thoughtful student and a forceful speaker. His appointment to this important position meets the general approval of the farmers of Southern Alberta.

CREAM SEPARATORS

The accompanying picture illustrates how one buyer of a "cheap" cream separator feels over his great "bargain" and how he has arranged to punish himself for so wasting his money, time, labor and product.

DE LAVAL CREAM SEPARATORS may cost a little more in the beginning, but they always cost less in the end. If you are thinking of buying a separator, you will never have cause to "sick" yourself if you select a DE LAVAL machine. Send for new 1907 catalogue.

J. R. C. Honeyman, Esq., formerly Deputy Minister of Agriculture for the North West Territories and also Recorder of Bands for the Province of Alberta and Saskatchewan, was in town last week.

Manager Gigot and the Bank Staff are now comfortably ensconced in the former's new home. We don't know whether they live entirely on "Angel Food" but they have a Celestial cook.

Mr. Frank Lamb will open up a first class Restaurant, Bakery and Confectionery in the basement of the Cahoon Hotel. It is expected that the same will be in operation by the time of the Fall Fair which convenes on the 26th and 27 of September.

Saturday's issue of the Canadian Gazette contains a proclamation calling parliament to meet on November 14.—This is in accordance with the expressed wish of the house to meet in the autumn so as to permit of prorogation early in the spring.

Mr. McKewen, the ever popular McClary Range man and father of one of the most popular young men in the news paper fraternity, at present manager of the Calgary Daily News, was a caller at the office yesterday and as usual with that smile of his that won't wear off and those infectious "good stories" left us all feeling good.

Among the rest of the good Cardstonians taking in the Lethbridge Fair was our friend, Mr. Alf. McCune. Alf. wasn't very badly smitten on the races and he didn't say that "they" were a rotten, putrid mess in the last stages of everlasting decay." He said that the Fair as a whole was a very good showing.

He is prospering very rapidly these days.

Mr. Woolford has been absent nearly three years and during that time has been actively engaged in proselyting in the British Isles. He returns to his home in the best of health and enjoying a good spirit as the fruits of a well-spent mission. The Prince Albert has been hung up—but not "laid aside"—and he has gone forth into the literal harvest field with that energy and "get" that is characteristic of his sire. Unknown Friends. There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists and dealers

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists and dealers.
