The disastrous result to the English of the battle of the 20th is confirmed, although it is not quite so bad as at first represented. The great carnage was owing to the mis-construction of an order from the commander-in-chief...

Arrival of the Africa. New York, November 29.—The Cunard steamship Africa, Capt. Harrison, from Liverpool 18th inst. arrived at her dock shortly before 5 this afternoon.

A pause has ensued in the field fighting before Sebastopol. Despatches from both English and Russian sources say that the siege is proceeding with regularity, and that preparations are making for the assault.

The British were to lead the assault on the storming of Sebastopol, and eight thousand Frenchmen had offered themselves as volunteers in the assault, but only four thousand, under the command of Prince Napoleon, had been selected.

On the 4th of November the firing was slack on both sides. Preparations were actively made on that day for storming, and scaling ladders had been ordered up.

Confagration was on the increase in allied camp. The cold was severe at night. The Russians were preparing for street fighting, and posting cannon to sweep them, fortifying houses, &c.

The Russian man-of-war Abadische, of 80 guns, with the Turkish admiral and 700 men on board, had foundered in the Black Sea. An Egyptian frigate had also been lost.

Holloway's Ointment and Pills for the Cure of Ulcers and Venereal Diseases.—The daughter of Mrs. Fowler, town carrier, residing in Maiden-lane, Covent-garden, was afflicted for six years with ulcers on the right arm, and during that period she had the best medical advice that could be procured, but without deriving any benefit whatever; her health suffered, and her constitution became so impaired that she no longer was able to attend to her work.

Holloway's Ointment and Pills, and these unparalleled cures in a short time completely cured the child, and strengthened her so much, that now she enjoys the best of health.

HASZARD'S GAZETTE. Saturday, December 9, 1854.

OF PUBLIC AMUSEMENTS.

The mind of man is so constituted, that it requires relaxation from its severer duties equally with the body. What sleep is to the latter, amusement is to the former. It is a part of his nature to seek for both species of relaxation at the necessary times, and if denied or too long delayed, the consequences are fatal. Such is the absolute necessity for sleep, that men have been known in the intervals of torture, to sleep soundly. The mind is equally invigorated by the repose taken by the body, but if the former be kept too long awake, it re-acts upon the latter, and prevents it from enjoying that season of mental rest, and an abnormal state ensues which results in madness.

On the 4th of November the firing was slack on both sides. Preparations were actively made on that day for storming, and scaling ladders had been ordered up. Four Russian ships, one, the Twelve Apostles, the largest ship in the Russian navy, had been sunk.

Confagration was on the increase in allied camp. The cold was severe at night. The Russians were preparing for street fighting, and posting cannon to sweep them, fortifying houses, &c.

The Russian man-of-war Abadische, of 80 guns, with the Turkish admiral and 700 men on board, had foundered in the Black Sea. An Egyptian frigate had also been lost.

CAPTURE OF A HORSE.—Among the deeds of coolness I must mention that of a Light Division man. He was one of a picket, and seeing a gentleman in plain clothes riding out of Sebastopol, with a guard of three or four soldiers somewhat in his rear, watched him.

For Restoring Preserving and Beautifying the Hair.
This elegant preparation is an essential remedy for baldness, or falling out of the hair. It prevents the hair from becoming thin, and restores it to its natural state...

I SHALL NOT LEARN A TRADE

Shan't you? I should like to know why not. Hundreds and tens of thousands have learned one before you, and many more will do the same thing. A trade well learned may make a name and a fortune earned. If you ever get either without working for it, you will be either very "lucky" or very unfortunate.

I don't think much of a boy who says he is not going to learn a trade. If his place in the world is such, that he can learn a good trade and have a good situation, he will be very unwise not to seize the opportunity. A boy who goes to a trade determined to make himself master of his business, and to be a well informed and intelligent workman, will soon rise to the head of his profession, if he pursues the right path.

I know a boy who was too poor to go to school and college, although he would have liked that course very well. But he had to work. So he went to learn a trade. He tried to do his work always to the very best of his ability. He went to a place, and one day his master came to look at what he had done, and after closely examining it, he turned around and said to his foreman, "James, that is very excellent work for a new boy." Did not that little fellow feel as proud as if he won a triumph?

Learn a trade! Did you never hear of such a man as Ben Franklin, who learned the printing trade, and became one of the most distinguished men of modern times? Have you never heard of a carpenter named Rittenhouse, or a man who made philosophical instruments, and afterwards revolutionized the world with his discoveries in the steam engine? Have you heard of James Watt, or is it gotten not to know anything about trades or those who have learned them? Who was Arkwright, that followed the trade of a barber or Whitney, or Fulton? Who was Governor Armstrong, of Massachusetts, or Isaac Hill, of New Hampshire, who learned the trade of a printer. Did you ever hear of the man who swung his sledge at the anvil, and became the distinguished Elihu Burritt? Did you ever hear of a distinguished cobler named Roger Sherman? Or of the illustrious lame cobbler of London named John Pounds, who founded Ragged Schools, and put into operation one of the greatest pieces of moral machinery of the age?

A POOR BOY'S NOBLE RESOLUTION. I know I am poor, but I am not ragged, and I will try to be honest. I can go to Sunday School, and there I can get many a tract and pretty book, and my teacher says, if I get the knowledge of Christ, I shall be richer than many a man who owns a million of dollars. Yes, I am poor! But I am not poor enough to steal or to beg, or to lie. And I am not poor enough to sell on Sundays, or to go to grog shops. What if I am poor? My teacher says the blessed Saviour was poor. He says the Apostles were poor. And he says, God loves the poor.

I will sing a little before I work: He that is down need fear no fall, He that is poor, no pride, He that is humble ever shall, Have God to be his shield.

HOLLOWAY'S PILLS. SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING. The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Dear Sir, I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to sleep, I purchased a bottle of Soothing Syrup, in order to test the remedy, and when given to the boy according to the directions, its effect upon him was like magic.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE. Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

Dear Sir, I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever; and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I was treated by the best medical treatment the institution afforded, all of which proved of no avail, and I came out no better than I went in.
