EXPLOSION OF THE RYAN BUBBLE.

Mr Ryan has created several sensations of late in the Local Legislature, and his love of notoriety is so very great, his desire to be talked about so very strong, that he will resort to the most questionable ways to accomplish his purpose: and reminds us of the noble character who set fire to the Parthenon, that posterity might hear of his name. Last winter Mr Ryan created a very great sensation, an actual hurricane in a teapot, when he charged Hon Surveyor General Adams with corruption as head of the Crown Land the American bummers came in and department, but the public are sold their goods on the thresholds of able to judge just what his profits are out of the notoriety he acquired by that transaction. HOW THE N. P. CRUSHES NEW His disgraceful failure last winter however, has not taught him a lesson, and still hungering for notoriety, and burning to tionists in New Brunswick make be talked about, he has just against the Government is, that while created another sensation. But other provinces reap some benefit for had heard the news of his under that New Brunswick reaps none, and taking, came also the news of that the taxation now is nearly a hunhis collapse. HON. MR. WEDDERBURN'S SPEECH. Hon Mr Wedderburn congratulated the House on the fair and moderate way in which the leader of the Opposition to diminish the expense of legislation and treated the resolution. He thought that administration, and members would acquit the leader of the Government with ever treating any peror contemptuous way. The leader of al, or too expensive, or unadapted to th the Opposition made it a charge against circumstances and needs of the country, the Government that they made no reply General answered the leader of the Opposition point by point. The Surveyor General in a most conclusive manner answered the gentleman who preferred charges against him and his department. When the gentleman from Sunbury moved his want of confidence resolution the government felt that that they were in a position to answer the charges by keeping silent when the only charge was that they were lawyers. Their friends, speech, but unfortunately for himself, however, defended the government and every time he rises he becomes a target the vote was such a one as acquitted the for all honest and straightforward public Government of any charges against them. Regarding the resolution all must be struck with the fact that the difference without everyone knowing who he votes and were not committed to the abolition chimed in "and also making magis-Gillespie opposed the bill--"too much of the Government, and every member "and unmaking magistrates too," which in favor of abolishing the Legislative expense. Improvements of the Horse Shoe Bar. etc. by the Government steam dredge St Lawrence was of great importance. without detention. As far as we can duties are merely on the scale of the again at the lump buoy a short channel Hon Mr Landry followed in a lengthy large Municipal Council; they move requires to be dredged, to make the outer bar correspond with the horse shoe. Yet there may be greatmen among This would take about a month. The dredge therefore is required here about "Full many a gem of purest ray three months to complete the work of deepening the mouth of the river. She should be sent, however early in the Full many a flower is born to blush season. The channel from Grandown Island to the horse shoe should be follow the same channel. This would No,-the Plain Dealer ought to prove a deep channel as the bottom is turn to Ottawa, and looking in a soft mud. A few picket buoys are all field which gives scope for statesman- that is required for this purpose. When ship, from those it finds there belong- this is done, and the dredging coming to Nova Scotia pick men to compare with Howeand Uniacke and the at the mouth of the river, will be avoided, and the character of our port cornow as she has ever had-and that respondingly raised. We trust to see the Dredge at work here not later than the middle of June. The placing of the buoys in the channel "through the The Halifax Chronicle looks fitty Ray" should be attended to by the years ahead and reads the story then Harbor master, who, no doubt will give

The Smelt Harvest.

The season is at an end for taking Station for the year were about equal to Here lies a columniator of his city and last years shipments although the cate! on the main river was not above 50 per cent, as much as last years. The difference was made up from Kent, Gloucester and the smaller towns in our own County; but the proceeds from the sales were immensely greater than last years. This was almost entirely due to good management-first by the shippers, and second. ly by the M. & F. Department. We advised our shippers all along to distri bute their shipments properly; they did so, and thus kept the several markets merely, never over, supplied. When all the markets taken together could not use Editor of the St. John Globe the the fish sent, they were held over. In this way good price was kept up all the time, and the shipper and the fisherman reaped the results. Again Parties handling freight at Weldford the purchasers in out markets knew the station, the other day, let some of time had been shortened, and were more the stuff handled, smelt boxes, fall: ambitious to buy, and therefore gave beta and when the fish fell out about the ter prices; while our shippers he'd back ground lo! it was discovered the sun- till the season closed, what otherwise posed smelt were young bass. It is a would have swamped the markets an! crying shame that any fisherman would destroyed the price. Had the other 3 steal and ship such fish as these. It is days been granted no one would have held would have s vamped the markets, and buyers in anticipation for long before would have kept down the price. The tetal shipments from Chutham and New-At St Andrew's Church. Chatham, on thing over 700 tors of frozen sacit, and
