Malcolm Bruce Is in Toronto

Malcolm Bruce, radical labor man, whose arrest is sought in connection with alleged seditious utterances to the striking workers of the British Empire Steel plant at Sydney, N.S., appeared unexpectedly at a political convention of the Independent Labor Party in the Labor Temple and was nominated to contest one of the southwest Toronto seats in the Provincial election. Bruce, who is the editor of a Labor paper in Toronto, disappeared after a brief stay.

Alleged Plot To Kill Ismet Pasha

In consequence of reports of plots against the life of Ismet Pasha, chief of the Turkish peace conference, the Swiss police have requested Ismet to aid them in protecting him by

continuing his custom of eating in the public dining-room of the hotel where he is residing.

Therefore, Ismet, all unwillingly, is practically a prisoner in his room when he goes to the sessions of the conference he is strongly guarded. The Japanese delegates is surrounded by an additional force of detectives as Switzerland wants no repetition of the Verovsky tragedy.

WEDDINGS

PARKER-BELL

At the residence of Mr. and Mrs. Wm. J. Bell, Derby, N.B., on Thursday evening, May 24th, a quiet yet beautiful wedding took place, when their only daughter, Ruby, Marguerite, was united in marriage to Mr. Merton B. Parker of Derby. The ceremony was performed by Rev. W. McN. Matthews in the presence of a few friends and immediate relatives. After the wedding a delightful lunch was served

KING GOVERNMENT TO GO TO COUNTRY?

Brockville, Ont., May 25—The Recorder and Times which is close to ministerial circles, says today, that it has been informed on reliable authority that it wouldn't be surprising if the Federal Government decided upon dissolving Parliament and going to the country in view of the popularity of Mr. Fielding's "middle of the road" policy.

Ottawa, May 25—Premier King declined tonight to comment upon the despatch in the Brockville Recorder that the Government might dissolve Parliament and go to the country "in view of the popularity of Mr. Fielding's 'middle of the road' fiscal policy."

Final Session League Convention

The Catholic Women's League Convention, which was held in Chatham, concluded its final session about 3 o'clock Wednesday afternoon. Most of the delegates left on the afternoon train for their homes.

The officers for the next year are: President—Mrs. J. P. Byrne, Bathurst.

1st Vice President.—Mrs. W. F. Cassidy, Chatham.

2nd Vice President.—Mrs. W. F. Bourgeois, Campbellton.

3rd Vice President.—Mrs. H. Flaherty, Loggieville.

Recording Secretary—Mrs. R. D. Walsh, Chatham.

Corresponding Secretary—Mrs. (Dr.) F. J. Desmond, Newcastle.

Treasurer—Miss M. E. Farrell, Dalhousie.

The members of the Diocesan Council are: Mrs. H. McKendy, Chatham, Mrs. Murdoch, Loggieville, Mrs. James Nowlan, Nelson, Miss M. Godin, Dalhousie, Mrs. G. F. McWilliam, Newcastle, Mrs. Madgen Campbellton.

The convention proved to be a very successful one. It is not decided where next year's convention will be held. The matter was left in the hands of the president.

WOMEN MEET AT CONVENTION

The second annual diocesan convention of the Catholic Women's League of Canada opened at Chatham on Tuesday. The delegates were welcomed by Mayor Hickey.

Addresses were given by Mrs. Donald Fraser, President of Chatham Sub-Division and Mrs. J. P. Byrne, of Bathurst, Diocesan President. After transacting business, the delegates enjoyed a motor ride through the town and later visited St. Michael's Academy, the Hotel Dieu Hospital and St. Michael's Cathedral. Then they went to the Knights of Columbus building where a delightful tea had been prepared for them.

A programme was carried out at the evening session when addresses were delivered by His Lordship Bishop LeBlanc, and Rev. Father Meader, Rector of St. Thomas College. A paper on Catholic Organization was read by Miss M. E. Farrell of Dalhousie. Miss Irene Savoy of Chatham read a paper on Social Service.

The orchestra of St. Michael's Academy was in attendance during the evening and rendered several selections.

The delegates who registered were Mrs. J. P. Byrne, Mrs. B. C. Mullins, Mrs. J. J. Melanson, Miss Bridget Power, Mrs. O. J. McKenna, Mrs. H. A. Melanson, Mrs. Theriault of Bathurst; Mrs. Daniel Madden and Mrs. Burgald of Campbellton; Mrs. F. J. Desmond, Mrs. G. F. McWilliams, Mrs. A. L. Barry, Mrs. C. J. Morrissey of Newcastle; Mrs. James Nolan Nelson, Mrs. A. J. Murdock, Mrs. H. E. Flaherty, Miss Fraser, Loggieville; Miss Audrey Troy, Miss M. E. Farrell and Miss Godin of Dalhousie; Mrs. H. McKendy, Mrs. D. Fraser, Mrs. W. F. Cassidy, Mrs. C. P. Hickey, Mrs. E. Troy, Mrs. F. E. Aube, Mrs. D. Bohan, Mrs. R. D. Walsh, Mrs. P. Donovan, Chatham.

State Convention Knights Of Columbus

The State Convention of the Knights of Columbus opened in Campbellton, Wednesday and the delegates were welcomed by Mayor Mackay.

On Thursday morning Rev. Fr. Melanson celebrated Solemn High Mass, assisted by Rev. Fr. LeBlanc and Fr. Hartt. Fr. Melanson welcomed the Knights to the town, and Fr. Hartt preached the sermon.

The following officers were elected:—B. A. Bourgeois, Moncton, state deputy; F. J. McDonald, St. John, state secretary; Geo. M. McDade, Chatham, state advocate; Henry J. Dube, Campbellton, state treasurer, and Wm. F. Skidd, Chatham, state warden.

The delegates to the Supreme Council, Montreal, are: Dr. W. P. Broderick, Past State, Deputy, and State Deputy Bourgeois.

The convention closed with a banquet in the evening.

The next convention will be held at Fredericton.

WOMEN'S AUXILIARY

The Annual meeting of the Diocesan Women's Auxiliary takes place this week in Fredericton. Delegates from St. Andrew's Church, Newcastle, are: Mrs. W. J. Bate, Mrs. Walter Morrell, representing the Juniors, Miss Bertha Copp. Representatives from St. Mark's Church, Nelson, are: Mrs. Josephine Sargeant, Miss Annie Flett and Miss Mabel Hubbard.

MEMORIAL WINDOW UNVEILED IN MILLERTON

An interesting and inspiring service was held in Grace Church, Millerton, on Thursday evening, May 24, when a memorial window lately installed was formally unveiled and dedicated.

The window is a good example of the work of the artist in stained glass and was executed by the N. F. Lyon Glass Co. of Toronto. It is a beautiful representation of the Good Shepherd and near the bottom is this inscription: "To the Glory of God and in grateful remembrance of, George Peterson, Beverly Barron, and Arthur Perley, young men of Grace Presbyterian Church, who laid down their lives in the Great War, 1914-1918." At the base is this verse of scripture, "Greater love hath no man than this that a man lay down his life for his friends."

The window is the gift of the Ladies' Aid of the Church and at this service it was formally handed over to the charge of the church authorities by the president of the Aid, Mrs. Albert E. Coldrick and was formally received by the Minister, Rev. W. McN. Matthews, acting on behalf of the authorities.

Miss Daisy Peterson, a member of the Aid and a sister of one of the deceased soldiers pulled the cord which unveiled the window, which up to this point had been obscured by a large Union Jack; and the Minister solemnly dedicated the memorial, "To the Glory of God and as a tribute to the noble and devoted lives to whose memory it is set up."

During the service appropriate hymns were sung under the leadership of a strong choir. Special musical features consisted of a solo by Miss Janet Stymiest of Newcastle, "I know that my Redeemer Liveth," and a male quartette, "The Wayside Cross," rendered by Messrs. Albert Hill, W. H. Campbell, Rev. W. McN. Matthews and Alward Crocker.

The Church was beautifully decorated for the occasion with flags, cut flowers and potted plants.

In addition to the war memorial the Ladies' Aid at the same time installed six other windows of amber tinted glass of simple but beautiful pattern thus completing a scheme of stained glass windows for the whole auditorium of the Church. Two other beautiful stained glass windows were placed in this church a few years ago, one by Mr. J. C. Miller in memory of his wife, and a large one, in the southern elevation by Mr. and Mrs. James Robinson in memory of their daughter, Irene.

There was a very large congregation present on Thursday evening. The service was in charge of the Minister who had the assistance of Rev. F. W. Thompson of Loggieville and Rev. Capt. Thomas Harrison of Black River. The address of the evening was delivered by the latter who spoke in an effective and inspiring way out of the fulness of his war experiences.

NEW STORE FOR NELSON

Mr. E. J. Morris, the popular local druggist, has opened a drug store in Nelson, with his brother, Charles Morris, in charge. The new store will fill a long felt want in this community and no doubt will be liberally patronized.

NEWCASTLE TENNIS CLUB

At a public meeting held in the Town Hall on Monday, May 23rd, it was unanimously decided that the Newcastle Tennis Club be formed.

Mr. H. H. Ritchie occupied the chair and the following officers and committees were appointed:

Honorary President—R. C. Clarke
President—D. S. Creaghan.
1st Vice Pres.—W. H. Davidson.
2nd Vice Pres.—Miss L. Manny.
Sect. Treas.—D. W. Petrie.

Membership Committee—D. W. Petrie, Miss Lottie McWilliam, Miss Annie Armstrong, Miss Mona Lindon, Mr. J. Miller (with power to add)

Executive Committee—H. P. Zinck, S. V. Sisson, W. H. Davidson, T. C. Creaghan, P. R. Giberson
Bye Law Com.—Miss L. Manny, H. H. Ritchie, (with power to add)

Holding Trustees of property: President, Vice President and Secy. Treasurer.

The Club has secured from the Board of School Trustees a five year lease, with a five year renewable option of enough land in the Farrell Field to build four playing courts and a clubhouse.

This year the building of two courts will be undertaken.

A drive for membership will be started at once, and it is hoped that it will receive the support of this community.

A meeting will be held on Friday June 1st when all final arrangements will be made.

ENTERED HIS 45TH BIRTHDAY FRIDAY

Lord Beaverbrook, formerly Wm. Maxwell Aitken, of Newcastle, New Brunswick, entered on Friday, his forty-fifth year. Beginning life as an office boy, he has long been a millionaire. Like Bonar Law, he is the son of a Presbyterian minister. In the early days of the World War he acted as Canadian "Eye Witness" at the front, and was responsible for the only official story of the heroic fighting at Ypres that furnished an adequate impression of the battle. Later he wrote a book recording the work of the Canadian forces in France. He was created a knight in 1911 and raised to the peerage five years later. Max's many Newcastle friends and acquaintances wish him many more happy birthdays.

Stanley Baldwin Is New Premier Of Great Britain

Stanley Baldwin is Great Britain's new premier, he having accepted the premiership offered him on Tuesday afternoon by King George.

Mr. Baldwin drove to Buckingham Palace immediately after lunch. At most at the same time, with no one doubting that the King had summoned him to offer him the highest post in the government, it became known that Conservatives had agreed upon Mr. Baldwin as their choice and selected Sir Robert Horne to succeed him as chancellor of the exchequer—the position that Sir Robert Horne filled in the last years of the Lloyd George ministry.

Sir Robert Horne, however, would not agree to succeed Mr. Baldwin as chancellor of the exchequer.

STRAWBERRY CROP PROSPECTS NEW BRUNSWICK

Due to the unusually late season the plants are not yet sufficiently advanced to allow of a report on the condition being made. In the Gagetown, Fredericton and Woodstock districts the bearing acreage will be approximately the same as last year. The cover has just been taken off but from all indications the plants have wintered well.

Look to your eyes

MR. BONAR LAW RESIGNS PREMIERSHIP

London, May 20—Andrew Bonar Law, the Prime Minister, sent his resignation to the King to-night because of ill health; he was unable to present it personally. This ends his brief but eventful administration and it ends with important and perplexing problems, particularly Great Britain's relations with France and Russia unsettled.

The King will summon one of the Conservative leaders to form a new Cabinet. It is generally accepted that Marquis Curzon will be the next Premier.

The crisis comes upon the government in the midst of the holiday when Parliament is dispersed and few members of the government are in London.

Two days ago, when the result of Mr. Bonar Law's consultation with physicians in Paris became known, this end was foreseen, but the country was not prepared for it and will await developments with anxiety and regret over the untimely dropping of a trusted pilot.

One consolation, it is generally conceded, Mr. Bonar Law will have, is that he has no enemies and that no one will withhold from him sympathy. He accepted his high office with reluctance; he leaves it amidst unfeigned regrets on the part of both supporters and opponents.

Mr. Bonar Law's resignation was taken to the King at Aldershot by Colonel Waterhouse, the Premier's private secretary, and Sir Frederick Sikes, his son-in-law, who motored

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-lives" For Rheumatism

The Medicine Made From Fruit
There can be no doubt that "Fruit-a-lives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Guilderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back."

"In 1916, I saw an advertisement for 'Fruit-a-lives' and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since." 50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

from London. They had a lengthy audience with the King, who appeared much moved by the news of the aggravated condition of Mr. Bonar Law's health.

GERMAN FIRMS BUYING SHIPS

Purchase by German shipping firms of old steamships from countries has been going on at an amazing rate since January 1, a report to the American Bureau of Shipping from its Hamburg correspondent shows: In the first three months of 1923 more than twice as many ships were purchased as during 1922.

The period of increased activity in purchases coincided roughly with the French occupation of the Ruhr, but the report does not speculate on any possible connection.

During the first quarter of this year German firms bought thirty-two steamers of 98,850 gross tons, as compared with twelve of 44,568 tons during 1922. Building, however, did not show any commensurate gain. During the first quarter 29 steamers of 93,000 tons were turned out by German yards for German account, as compared with 116 of 478,732 tons during 1922.

The indicated addition to the German merchant marine this year through purchases and building is nearly 800,000 tons, or close to 60 per cent more than the additions last year. The country's fleet as of Jan. 1, was 1,967 vessels of 2,175,969 gross tons, as compared with 5,000,000 tons just before the war and about 500,000 tons just after the reparations deliveries. At the present rate the fleet will be entirely restored within three years.

The returns show that the Germans are building mainly medium sized freighters with a few passenger vessels of moderate tonnage. The largest turned out during the first quarter of 1923 was the Westphalia of 11,342 gross tons, bought by the North German Lloyd, its former owner, from the Shipping Board. Two Shipping Board freighters are also on the list. British marine publications make it plain that the boggy most feared is that of German, rather than American or any other sort of competition. Receiving freight and passenger monies in gold and paying his crews and other expenses in marks, the German ship operator is in a particularly favorable position.

CANADIAN RAILWAY TO RUSH PRINT PAPER TO NEW YORK

Montreal, May 19—A fast freight service for hauling newsprint from mills near Montreal to publishers in New York City will be started on June 1, the Canadian National Railway announced to-day.

The service, it was said, would enable New York newspapers to run the paper from their presses within three days of the time it leaves the mills at Shawinigan Falls and Grand Mere.

MORE N.B. FARMS ARE ABANDONED

A falling off in the number of occupied farms in the province of New Brunswick is shown by the census of agriculture which was taken in connection with the census of population in June, 1921. The number of occupied farms in 1921 was 36,655 as compared with 37,755 in 1911, and 37,006 in 1901. Farm acreage in 1921 was 4,269,560 as against 4,537,999 acres in 1911 and 4,443,400 acres in 1901. The average size of farms in 1921 was 116.4 acres as compared with 120.2 acres in 1911 and 120.1 acres in 1901.

Although there was a decrease in the number of acreage of occupied farms in New Brunswick, statistics show a marked increase in the value of farm property in 1921 as compared with 1911. The value of farm property in 1921 was \$131,825,675 as compared with \$84,895,906 in 1911, or an increase of 55.3 per cent. But in considering this increase the large difference between the price levels of 1911 and 1921 must be kept in mind, states the bulletin of the census bureau.

STANLEY BALDWIN NEW PREMIER

Stanley Baldwin, Chancellor of the Exchequer in the old Bonar Law Ministry has been made premier of Britain. Baldwin was summoned to Buckingham Palace by King George and after a conference with King George it was announced that he had accepted the invitation of the King to form a new government. The announcement was made at 4:30 p.m. The selection of Baldwin was made after the King had indirectly communicated with leaders of the Conservative party of which Baldwin is a member.

Serious Fire Averted In Miramichi Mill

A blaze was discovered early on Tuesday morning above one of the boilers in the fire house of the Miramichi Lumber Co's roasting mill. Owing to two alarms being rung in the firemen experienced delay in getting to the fire and the blaze had gained headway. After an hour's work it was finally extinguished. Fortunately there was little wind or the fire might have taken more serious proportions.

LIGHT-SIX
\$1375

A SAFE CAR TO BUY Backed by \$82,000,000 of resources

There is no element of chance in the purchase of a Studebaker Light-Six. Its satisfaction is backed by a concern with \$82,000,000 of resources and a seventy-one year old reputation for high quality and fair dealing.

Since the Light-Six was introduced, more than 100,000 have been sold. From the beginning, its remarkable performance, sturdy construction and unusual economy have been widely recognized. But today the Light-Six represents an even finer motor car than at its inception, for it bears the improvements that Studebaker's large engineering staff has been ever alert to adopt with a view toward making a good product better.

Studebaker's leadership in six-cylinder sales is further assurance of merit. Sales in 1922 totaled 110,249 cars valued at more than \$130,000,000. One buyer may make a mistake in the selection of a motor car, but not one hundred and ten thousand!

In fairness to yourself, you should see the Studebaker Light-Six before you buy any car.

THE ROYAL BANK OF CANADA

Made From The Mildest Cleansers

Palmolive contains Palm and Olive oils. These oils were the cosmetic cleansers used by Cleopatra and kept her skin fresh, smooth and youthful.

Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing finer, milder or more beneficial for the toilet than Palm and Olive oils.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness. But unless you cleanse the pores thoroughly every day with soap and water, blackheads, pimples and other blemishes are sure to result.

Some persons imagine that soap is too harsh for the face. They should try Palmolive. Its mild, smooth, creamy lather, when massaged into the skin, cleanses without the slightest irritation.

You can buy Palmolive Soap at all first-class dealers.

Made in Canada

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap.

SIMPLE MISTAKES MAGNIFIED BY EAGER CRITICS

Iowa Editor Explains Some Newspaper Intricacies For Benefit of Those Who Like To Poke Fun Whenever Errors Are Discovered

There seems to be a perfect epidemic all over the country of finding fault with newspapers for the mistakes that appear in print. People who can find a typographical error, a misplaced line, are rushing to the paper with the news of their discovery and chortling with glee at the embarrassment they cause, comments the Fairfield, Iowa, Ledger.

It doesn't seem to be understood among the laity that getting out a newspaper is a good deal like rolling a dollar along a fence post, with many more chances of going astray than of getting a thing right.

We once heard a preacher say that the charge that righteous persons were narrow was well founded, that the truth was narrow and straight with more room all about it than along its way. The marksman who hits the bull's eye, he pointed out, had hardly any margin at all, but had to keep within very narrow limits.

Nobody realizes better than a newspaper man who is familiar with the operations of a modern newspaper, which calls for large

RICH IN VITAMINES

MAKE PERFECT BREAD

output and much speed. The newspaper employs all the most modern and intricate machinery and highly trained specialists are required in their operations. Striking the right key on a linotype is a matter of skill and precision, and the operator who sits the day through and turns out lines of type by the hundreds, is on a constant strain.

It takes but a fraction of an inch and the merest touch of a finger to go wrong, and a second's distraction the least lapse of attention, means a mistake that must be hunted down and corrected, and every hand and every eye throughout the force is strained to catch these mistakes and make the corrections.

It is a marvel that more errors do not escape even the vigilance that is spent upon them, and every body about the place heaves a sigh of relief when the paper's out, if nothing more than a few misspellings appear.

The urge of every newspaper is to accuracy, and it seems to those engaged in making the paper that every man's hand is against them. The most by-and-large statements are made to reporters as the solemn truth, names are misspelled, facts omitted, wrong initials given, the vaguest rumors magnified into importance.

It was different in the old days of weekly newspapers when an editor put into his newspapers in a week about a third of what goes on to the newspapers of to-day. He had leisure to read proofs, time to corroborate statements, some opportunity to go about and check up his facts.

But in these days of telephone and telegraph and an attempt to cover a whole country every day, to go into the details in the complexities of a life that would have made the men of affairs of a quarter of a century ago dizzy, the chances for mistakes multiply, despite all efforts to obviate and correct them.

And it really is not a difficult matter to find them, and the discovery does not entitle anyone to a distinguished service medal. They are there for anyone to read, there despite the fasting and prayer of the whole force, there as a necessary accompaniment of the speed and extent of modern newspaper work. Every newspaper has them, and if the paper were held up until it could be turned out in perfection it would be a historical document and not news.

MEIGHEN RAPS BUDGET; ASKS MORE DETAILS

Ottawa, May 22—Resuming the debate in the House this afternoon, Lt. Hon. Arthur Meighen, leader of the Opposition said he was disappointed in the budget both as to the policies it adopted and those which it abandoned. He did not think the budget presentation had been sufficient in its details.

It should have shown a careful examination of the whole financial condition of the country and should be both introspective and retrospective. It should contain a thorough examination of the sources and currents of trade and the policies to be applied for the betterment of trade together with a careful survey of conditions in Canada as compared with those in countries similarly situated. Starting with 1914, he claimed there had been more reduction of the national commitments in one year than all the aggregate reduction during Mr. Fielding's whole 15 years of office previously.

Last year \$18,000,000 had been added to the debt and this year there was an addition of \$57,000,000. He combated the assertion that the late government had not pressed taxation during the war and gave instances to show the charge was unfounded.

Great Britain, said Mr. Meighen, continued to reduce her debt while Canada, with a new government, continued to increase hers. In regard to Government reductions in expenditure, he said that "in all the services where it took strength of character to reduce, the Government made additions."

"Let the Government balance its budget and we'll all welcome reductions," said the Opposition Leader, "but don't let us have reductions at the expense of credit abroad."

Referring to tobacco duties, Mr. Meighen charged that the Government's action of a year ago had in one year reduced the tobacco trade of the country by 22 per cent and depleted the country's treasury by \$1,327,000. This was in spite of the fact that just as much tobacco was used. Such was the serious price, he declared, that the country had to pay for having the present so-called Liberal reforms. What was left, he asked, of the many reforms in last year's budget? Economy had gone, cigarette reform had gone, sugar duty reform depreciated, currency reform, dumping reform, marking reform had all gone and by the time another year went round, if not within the next three weeks there would be just as little of this year's reforms left.

Dealing with British preference he claimed that the Government had damaged the woolen industry of Canada which was anything but a monopoly, its factories all being small ones and scattered all over the country. Last year the Government had reduced the general tariff by 2 1/2 per cent on farm implements and to show the fallacy of the government's action he quoted an advertisement from a Yorkton, Sask. paper which told of increased prices for implements. "Protection will be the law of Canada for many years to come," he declared.

In regard to reciprocity Mr. Meighen said that if Canada had an equal chance with the United States in the matter of population or trade there might be something to say for reciprocity, but the great thing necessary was permanency and this was entirely missing. The United States reserved the right at any time to cancel the agreement and always would do so.

DEATH WARRANT OF JESUS?

Document of Wonderful Importance, if Genuine, is Hidden Somewhere in City of Rome.

Somewhere secreted in Rome is a document that if genuine, is to Christian people the most interesting and impressive legal document in the world.

It is the death warrant, served on Jesus Christ, and rendered by Pontius Pilate, acting governor of Lower Galilee, stating that Jesus of Nazareth shall suffer death on the cross.

In 1810 workmen, while excavating in the ancient city of Amiteum (now Oquilia) in the kingdom of Naples, found an antique vase in which lay concealed a copper plate, bearing on one side a long inscription in the Hebrew tongue—this, when translated, was said to be the death warrant of Jesus.

On the reverse side were these words, "A similar plate be sent to each tribe."

Faithfully transcribed it read as follows:

"In the year seventeen of the Emperor Tiberius Caesar, and the twenty-seventh day of March in the city of the Holy Jerusalem—Annas and Calphas, being priests sacrificators of the people of God, Pontius Pilate, governor of Lower Galilee, sitting in the presidential chair of the praetory, condemns Jesus of Nazareth to die on the cross between two thieves, the great and notorious evidence of the people saying:

"Jesus is a seducer.
"He is seditious.
"He is the enemy of the law.
"He calls himself falsely the Son of God.

"He calls himself falsely the king of Israel.
"He entered into the temple followed by a multitude bearing palm branches in their hands.
"Ordered the first centurion Quillus Cornelius to lead Him to the place of execution. Forbids any person whomsoever, either rich or poor, to oppose the death of Jesus Christ."

The witnesses who signed the condemnation were: Daniel Robania, a Pharisee; Raphael Robania, Joannus Robania, Capet, a citizen.

It was also stated that Jesus should go out of the city of Jerusalem by the gate of Stryenus.—Los Angeles Times.

He and She.

"There are three stages in a man's infatuation for a woman: Making his way, having his way and going his way."

"The reason that a love affair so seldom ends happily is that one of the lovers is generally unwilling for it to end at all."

"It is probable that if a woman cannot see the point of her husband's jokes she will see very little indeed of him."

"A woman cares most for a man when their love affair is over; a man cares most for a woman before their love affair has begun."

"It is the man who has no right who generally comforts the woman who has wrongs."

"It is more or less true that an attractive woman has no friends. The men are more and the women less."

"Oddly enough, the woman who looks most self-possessed generally belongs to some man."

"Men always say that they loathe being flattered, but don't take any notice—no man has ever known that he was flattered."—From "Tattlings," by Sidney Tremayne.

Cards by the Thousands.

More Christmas cards, probably, were posted by Dr. Theodore Maxwell of Woolwich, than by any one individual, says London Answers.

He had been engaged for a long time in medical missionary work in India, and for some years before his death, which took place in 1914, he made a hobby of printing these cards in various languages, and sending them all over the world to people who he thought would appreciate them.

Altogether he sent out, during the last ten years of his life, some 80,000 cards, inscribed with seasonable greetings in more than 30 different languages and dialects, and mostly printed by his own hand.

For several years past a charitable lady residing in New York has posted 5,000 Christmas cards to as many poor children; and there is a philanthropic society, whose headquarters are in South London, which annually dispatches between 30,000 and 40,000 Christmas cards to prisoners all over the world.

Breeds New White Carnation.

Crossing the American carnation known as "Mrs. T. W. Lawson" with English plants has produced, after twenty-four years of selective breeding, a dazzling white variety, the first of a new race of disease-resisting flowers, which is described as a triumph of horticulture.

Its breeder, Stuart Low, who is showing his novelty, named White Pearl, at the Royal Horticultural hall, London, has succeeded in retaining the old carnation fragrance, which in many modern varieties has almost vanished. It is stated that the new pedigree carnation has gone through all disease tests and has come out unscathed.

Not in Those Days.
Mrs. Nixdore—Your boy threw a lump of coal at our cat.
Mr. Nixdore—I'll attend to the young rascal. Not that we care anything about your cat, but no boy of mine is going to waste coal in that manner.
—Boston Transcript.

SATISFACTION

A seemingly low price for an article is always attractive, but unfortunately frequently misleading. How often is heard the remark—"I would rather have paid a little more and got the quality I wanted."

As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good.

There are cheaper teas than "KING COLE"—but would you be satisfied with their quality?

"You'll like the flavor"

More Hebrideans Canada Bound

Life will not be a bed of roses for those who have newly arrived and they will have to work, and hard; but this they can do. They are the descendants of the "lords of the isles" who by strength of arms repulsed the invasions of the Scandinavians and Scots. Social and industrial development was retarded to a great extent by the clan system, but those who have adopted Canada are well educated and a simple life of toil in adversity through generations has given them a splendid physique and simple dignity. Although forced by hard times to leave their homes to make new ones, most of them are in sufficient funds and not a few families aboard the Montcalm were possessed of over \$1,000. Some have stopped in Ontario but the larger proportion of them have gone to Red Deer, Alberta, where they will form a small colony.

THE Hebrideans are a home loving race of people not much given to wandering from their native hearts, but the arrival at St. John aboard the Canadian Pacific steamships Marloch and Metagama of over six hundred sturdy men and women of the western isles, forced by stern necessity to seek their fortunes in the land of promise is not without precedent. In the year 1808 a contingent of 111 was brought from the Isle of Mull by Lord Selkirk to develop the sheep industry on St. Clair Plains, Kent County. If times were hard when these people left home,

Rumor That Churchill Would Take Welsh Seat

Winston Churchill's early return to the political arena is being speculated upon. It is said if a vacancy should occur in a Welsh seat, he would offer himself as a Liberal candidate for the seat, but there is no immediate prospect of such a vacancy occurring.

LIFE'S MIRROR

When a man becomes bitter and sour and begins to think and feel that everyone is against him he will inevitably begin to treat them in such a manner that they will be. If he thinks and acts as though everyone is a friend unconsciously he will so conduct himself that all will be his friends. If we put into our relations with our fellow men a full and over-flowing measure of cheer and good will we may rest assured that even so will it be returned unto us.

Sincerity is the very foundation stone of true friendliness. It is also a human trait that is hard to counterfeit, as the sincere friendly impulse comes from the soul of a man and not from the calculating mind. Think kindly and friendly thoughts. If you have a heart and a soul, why be so ashamed of them? Bring them into the shop, the office and your daily life.

The hand may be cunning and the head may contain the brain that can conceive the most brilliant thoughts, but every good and worthy impulse comes from the heart. Strengthen your faith in men, think kindly of them and believe that they are your friends and in the long run they will be.

ORGANIZATION

Sam was driving along a country road, when a horse fly started digging in on one of his mules. Out flickered his long "black-snake" whip and the fly passed into oblivion.

A little further on, and Sam spied a tiny lizard scuttling up a tree. Out went the whiplash again, and the lizard ceased to take interest in world affairs.

"Sam", suggested his white companion, who had been admiring his skill with the whip, "see if you can bring down that hornet's nest up there."

"No, suh, boss! No, suh!" Sam objected vigorously, urging his mules to a faster pace. "Ah ain't monkeyin' wif no hornets. Dem dawggone bugs is awganized."—The 'Old-Day.'

BUILD UP THE SMALL TOWN

It is high time that all of us paid more attention to the building up of the small town and less to making the overgrown city larger. The little town is home, or should be. It needs our support and we are the people who must give it life and power if it is to have either. The big city cares nothing for us. It will if it can pull our dollars away and lure our boys and girls into its whirlpool, but that is the only use it has for us. The little town needs us and we need it. Hall's Corners may not make as large a dent on the map as New York, but it really means more to us; we ought to help make it something to be proud of.

Thanking you, Mr. Editor for your co-operation in this important undertaking.
Sincerely yours,
R.E. Armstrong,
President of the N. B. Division of the Navy League of Canada.

Why not give over the idea that the bright future of America lies in the cities, its shopworn, smoked, dirty and unclean. The true future lies in the towns. Back them up and make them grow.

A WAY AND A WAY!

To every man there openeth
A Way, and Ways and a Way,
And the High Soul climbs the High Way,
And the Low Soul gropes the Low,
And in between in the misty flats,
The rest drift to and fro.
But to every man there openeth
A High Way and a Low,
And every man decideth
The Way his soul should go.

—John Oxenham

ANTITOXIN

Diphtheria antitoxin was first used in Toronto in 1896 when the deaths from that disease per 100,000 were 75. In 1910 the rate had fallen to 45.3 per 100,000 and in 1922 it was 11.77 per 100,000 of the population. These facts are contained in the monthly report of the city medical officer of health, just issued and presented to the local board of health this week.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication) must always be sent. Correspondence should be as concise as possible.

To the Editor of Union Advocate,
Newcastle, N. B.

Loyal men and women of New Brunswick who recognize the great things that British sea rule has accomplished for the world at large, and what its possibilities are so far as Canada is concerned, will doubtless appreciate the action of the Dominion Council of the Navy League of Canada in deciding upon amalgamation with the Navy League of Britain.

This decision was reached at the recent Dominion Navy League meeting at Port Arthur, following the visit of President Harris of the Motherland, where he addressed over fifty meetings in England and Scotland, and where he discussed with the heads of the Navy League of Great Britain the pressing needs for Britain's sea supremacy being maintained, and also for the awakening of a spirit of close co-operation on the part of all citizens of Canada.

That such a spirit is necessary is being impressed upon those who have been keeping a close watch upon the situation at home and abroad.

British sentiment must be strengthened in Canada, British immigrants must be given a preference over foreign immigrants, British commerce with Canada must be increased, British and Canadian sea ports must function together closer if real results are to be achieved.

As President of the New Brunswick Division, I would respectfully urge upon the men and women of the Province, upon the Daughters of the Empire, and kindred organizations the need of a close linking up with the Navy League, in the great purpose it is seeking to accomplish in the way of Empire union. Membership in the League will undoubtedly prove helpful in the promotion of British-Canadian interests.

I would also take the opportunity to extend the hearty thanks of the Navy League to all those New Brunswick organizations that have been assisting the League, and the Seaman's Institute in looking after the sailors from overseas who enter our ports.

Thanking you, Mr. Editor for your co-operation in this important undertaking.
Sincerely yours,
R.E. Armstrong,
President of the N. B. Division of the Navy League of Canada.

GRENIER GAINS 18
LBS. ON TANLAC

Says Famous Medicine Ended Long-standing Dyspepsia And Restored Perfect Health

"The Tanlac treatment not only ended my stomach trouble, but it built me up eighteen pounds, and I never felt better in my life," is the positive statement of Armand Grenier, 250 Marquette Street, Montreal. "Dyspepsia had me in such awful shape I scarcely dared to eat, knowing the misery I would have to suffer. My nerves were shattered, I would lie awake sometimes all night, and once I woke up from a doze feeling like I was about to smother, and thought my end was near. Then for months I was mighty careful about my eating, but I didn't seem to get any better until I took a friend's advice and started taking Tanlac.

"Every day I got better, till now I enjoy tip-top health. I have a ravenous appetite, perfect digestion, and can sleep like a top every night. Tanlac gets my best word every time."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

SPEED EXPANSION

A writer who is in touch with the development of aviation, declares that the aerial "fiver" has arrived. In ten years time he adds, the sky route may be thick with them. He is led to this conclusion by the announcement that a "baby" aeroplane with a motorcycle engine has crossed the English Channel both ways at an operating cost of \$1.38 and has made the 200 mile trip from Calais to Paris for \$1.19.

Those engaged in commercial aviation in Europe are making great headway, and plans have been completed to cover the northern part of the continent with a regular network of air routes. Several international companies are working together as announced some time ago, and of these services, perhaps the most important, will be provided by an air express leaving London at 9:30 a.m. every day and going straight through to Berlin, where the night train will be taken for Koenigsberg, there to connect with the air route to Moscow. In this way passengers leaving London will arrive in Moscow the next day. Between London and Amsterdam there will be three services a day, and it is explained that three different types of machine will be used. On the London-Berlin service, Napier-DeHaviland aeroplanes will be employed each capable of carrying 10 passengers. On other routes there will be all metal German monoplane and wooden winged monoplane of the Royal Dutch Air Service.

Close connection will be made between the continental services and the London to Manchester service. A business man, it is said, may leave Manchester at 9 a.m., be in London before noon and, leaving London again at 4:15 p.m., be back in Manchester about 8 p.m. The fare from London to Berlin has been placed at £6 10s. All of which would seem to justify the prediction that the next decade will see an enormous expansion in commercial aviation.

"See America First
Car" In New York
On Way To Canada

George C. Masters, of Fort Worth, Tex., his wife and his 7 year old boy, Gill who have been travelling continuously since 1914 in all parts of the continent by motor car, stopped here yesterday, en route to Nova Scotia. They camped at the foot of the Hudson, near the West 177 street police station.

The car in which the family travels is equipped with pneumatic beds, screens, water tank and cooler, oil stove, icebox and chiffonier. It also contains a tent large enough to spread out over the four-ton truck, with space left over for the occupants.

Masters is sixty-two years old and devoted the early years of his life to saving enough money for the trip he is making. He has automobile licenses of thirty-five states on the car, and souvenirs as well from all parts of Canada and Mexico.

His present car is the fourth since he started his travels. His motto is "See America First."

Game Refuge In
Restigouche County

Preparations are being made by Chief Game Warden, L. A. Gagnon, of the Department of Lands and Mines, for the installation of two game wardens for the new game refuge created in Restigouche County by an Order-in-Council passed at the last meeting of the provincial government. This refuge is considered as ideal in its location, being established entirely on Crown lands and occupying 320 square miles, enclosed within natural boundaries. The southwestern boundary runs from the junction of the Kedgewick River with the provincial boundary line between Quebec and New Brunswick, which forms a portion of the northern boundary of the refuge along the Kedgewick River to a junction with the Restigouche River.

Thence the boundary of the refuge turns northeast following the Restigouche River to its meeting with the Metapedia River and northwestward along the latter until meeting the provincial boundary. The area enclosed is an excellent moose and deer hunting ground and contains large quantities of fur-bearing game animals. The two wardens who will be placed in charge of this refuge, which is the second game refuge to be created in the province, will take up their duties about the first of June.

Additional wardens will be placed if required. The other existing refuge is located on the Canaan River in Westmorland County and contains sixty-seven and a half sq. miles. Efforts were made to establish a refuge last year in Northumberland county, but were not successful.

AGRICULTURAL
STATISTICS

Annual Agricultural Statistics
Of Canada, 1923

Ottawa, May 23, 1923. The Dominion Bureau of Statistics announced the completion of its arrangements for collection next month of the annual agricultural statistics of Canada. Following plans begun five years ago in cooperation with the Provincial Governments, the returns are collected annually by means of a simple schedule, calling for a statement of the areas sown to field crops and of the numbers of farm animals alive on June 15.

Men's Hats

SPECIAL PURCHASE SALE

—OF—

Fine Felt Hats in assortments of Shapes and Colors--We have included in the lot a quantity of broken sizes from our regular lines. Reg. \$3.95

Special \$2.50

When completed they are compiled into totals by the Dominion Bureau of Statistics, and the areas as finally estimated, form the basis for the estimation after harvest of the yields of field crops.

In all save three of the provinces, viz., Prince Edward Island, Quebec, and British Columbia, the cards will be distributed next month as in previous years, through the agency of the rural schools. In British Columbia the cards are mailed direct to farmers. This year for the first time, the plan of mailing direct will also be applied to Prince Edward Island. In Quebec, a modification of previous plans is also this year being put into operation by the Quebec Bureau of Statistics. Instead of the cards being issued through the rural schools as heretofore, they will be distributed by local agents under the direction of the agronomists or district agricultural representatives.

In view of the special importance of the cereal crops of the Prairie Provinces, it is proposed this year to give them separate precedence of compilation, with a view to publication of the estimates for wheat, oats, rye, barley and flax, earlier than is possible when the results depend upon compilation of the whole work.

Early and trustworthy estimates of the field crops of Canada are urgently required by all interests connected with the national basic industry of agriculture, including those of the elevator companies, transportation companies, bankers, insurance societies, grain merchants, millers, and a large number of other mercantile concerns, whilst such information is essential to farmers themselves, in order that they may be placed upon a level with traders in the grain markets, and not be prejudiced through ignorance of actual facts.

In connection with wheat, of which Canada is now the world's second or third largest producer and the world's second largest exporting country, it is of the highest importance to obtain early and accurate knowledge of the world's total output, and this can only be done if Canada fails not to contribute timely statistics to the International Agricultural Institute, of which she is an adhering country.

The Bureau appeals, therefore, to all farmers who receive the schedule to return it duly completed without fail. Should they not receive the card by the middle of June, they should apply for one, either to their local school teacher, their local Department of Agriculture, or the Dominion Bureau of Statistics at Ottawa. Farmers are positively assured that the returns collected have no connection with taxation. The officers of the Bureau are all sworn to secrecy, and no individual returns are divulged, the estimates based upon the added totals alone being published.

LORD BEAVERBROOK
PAYS A TRIBUTE TO
ANDREW BONAR LAW

London, May 20—Lord Beaverbrook, writing in the Daily Express, says: No man ever made a more concentrated effort to throw off a serious disability than did Mr. Bonar Law, and yet no man was more determined to lay down his task should his efforts fail. He meant to recover and hold on, but in the final event he never contemplated for a moment, as a weaker man might have done, a period like that of Chatham's last administration, in which the Prime Minister reigned, but did not govern.

He sailed for Genoa fully resolved to get rid of the incapacity which had robbed him of his voice. Those who were most intimate with him never doubted that he would succeed. They felt, in fact, that the fence had been jumped the moment the Prime Minister consented to go. The difficulty had been to persuade him to resign the responsibility of presiding over the cabinet, to abandon the House of Commons, where after all, he was sitting voiceless, and therefore, impotent. Once this reluctance to leave responsibility to others had been overcome, the course seemed smooth, the prospect propitious. No one dreamed that the time of rest would not work a cure.

But when I joined him at Aix-les-Bains a fortnight later there seemed a cloud on the horizon. The will to recover was still there but the effort, so far from advancing the patient's health seems to have resulted in what was in effect a retrograde movement. Mr. Bonar Law's courage and persistence were the same, but his throat was worse rather than better.

Finally it became increasingly clear that there was nothing for it but a journey to Paris for further medical consultation. We still delayed some days, hoping the beautiful climate of Aix would bring healing advantages in its train; but finally it became useless to wait longer.

The time for waiting for the doctor's verdict was, of necessity full of tension and anxiety, but the moment the general tenor of that verdict was clear Mr. Bonar Law was as firm in his determination to retire as he had been resolute in the effort to recover his health. His supreme gift of character never failed him from first to last. In considering each alternative, he forgot himself and was actuated by nothing but the loftiest motives of duty.

His successors will reap where he has sown, but the new administration can never be quite the same as the old, for a certain glory has departed and cannot be replaced.

Here and There

Panama canal tolls for April amounted to \$1,878,957.

About \$2,300,000 is to be spent on the construction of roads and bridges in the province of British Columbia this year.

The Customs and Excise revenue for April amounted to \$20,600,000, an increase of \$5,000,000 over the receipts of April of last year.

Emigrants numbering 15,000 left Scotland for Canada during the first four months of the year, according to consular estimates in Glasgow.

Canadian flour has at last been placed on the Panama market. One boat has just loaded the first consignment of any size, 1,000 barrels being taken.

Seventy-five per cent. of the copper produced in Canada in 1922 was the output of British Columbia mines. The Canadian production for the year was 43,321,402 pounds, of which British Columbia accounted for 32,432,521 pounds.

The famous Chateau Frontenac husky dog team, remembered by visitors during last winter's sports season, is being perpetuated. One of the dogs has just given birth to three pups, and if the youngsters turn out to be like their parents the Chateau Frontenac team is likely to continue winning dog derbies.

Fishing licenses in the Maritime Provinces have been reduced. The special fishery regulations for Nova Scotia, New Brunswick and Prince Edward Island have been amended to provide that in many instances where the license has been more than a dollar it will now be one dollar.

No limit will be set to the help to be offered to new settlers in the agricultural sections of the province of Quebec, according to Premier Taschereau. The latest government provision is to pay colonists at the rate of \$4.00 per acre for land cleared on their colonization lots since 1920. \$7,000,000 have been voted for provincial colonization.

The decision of the Canadian Pacific Railway Company to scrap agreements of sale with 30,000 Canadian farmers in the west and enter into new contracts with them, extending over 34 years on an amortization basis, will affect agreements of a value of approximately \$100,000,000, and relieve many farmers of heavy, pressing debts.

The new motor ferry operated between Victoria, B.C., and Bellingham, Wash., develops a speed of 14 knots in adverse weather. This motor driven vessel, recently launched, is the first of its class to be used in this service and the first to be added to the Canadian Pacific fleet. It has a capacity for 50 automobiles.

Abraham Martin, first Scotch settler in Canada, first King's Pilot on the St. Lawrence and first farmer on the Plains of Abraham, which were named after him, has been honored by the Canadian Pacific Steamships, Ltd., at Quebec by the erection of a granite shaft. Athanasius David, Provincial Treasurer of Quebec, officiated at the unveiling ceremony recently.

Two thousand Canadian Red Men are expected to participate in the Calgary stampee and to move on to Banff for their celebrations and row-wow on the Indian Days, July 10th and 17th, during which the citizens of Banff will act as hosts. Pony racing, wrestling on horseback, shooting with the bow and arrow, tent-pitching and camp making contests are among the features.

On Crutches From Calgary To Ottawa

Many expeditions, delegations and veteran's hikes have been made to Ottawa within recent years, but the best "hike" on record is now under way with two members of the Calgary branch of the Amputation Association en route to the capital city. These are G.W. Hincks second vice president of the Calgary branch, and a companion, M. McDougall, leg amputation cases, who left the western city on crutches. They are reported to be averaging fifteen miles per day and on reaching Winnipeg will be given a reception by local members of the Amputation Association.

BANKRUPTCY ACT TO BE AMENDED

Leaving over a number of contentious clauses for further consideration early this week, the House of Commons made substantial progress on the Bankruptcy Act amendments in committee of the whole on Friday.

Sir Lomer Gouin, Minister of Justice, explained that the chief amendments was the abolition of the office of authorized trustee. Under the amendments voluntary assignments will be made to an official receiver who will appoint a custodian to take charge of the insolvent estate until the appointment of a trustee by the creditors. In the case of involuntary assignments the custodian will be appointed by the court and will give place to a trustee appointed by the creditors as in the other case.

Hon. J.B.M. Baxter suggested that the minister let those provisions alone where the system was working satisfactorily at present. New Brunswick appeared to be satisfied with the present provisions.

W. F. Carroll, (Liberal, Cape Breton,) said the purpose of the Bankruptcy Act had been to provide a uniform bankruptcy law for all provinces. This should be maintained and also landlords should have equal rights in all provinces. He said there had been many charges of trustees "drumming up" business and urging persons to make assignments. Trustees from Quebec had come to Nova Scotia and done this.

K. B. Hanson (York-Sunbury) suggested that there should be a limitation in the amount payable to authorized trustees and solicitors under the act. In certain cases the costs were sometimes larger than the amount involved.

The bill was given second reading.

Discussion of the bill continued in committee. Sir Lomer Gouin thought that it would be better to leave to the provinces the matter of privileges given to landlords rather than pass a federal law which would not be satisfactory to all the provinces.

Sir Henry Drayton asked if it would not be better to take steps to put the present act on a working basis in Quebec rather than to turn up side down all the other provinces. There was, he contended, as much right to interfere with the rights of a lesser as with the rights of any other creditor.

Sir Lomer believed that the provinces should retain their rights in such matters. By leaving the privileges of the landlord to the defendant parties, a great object to the act would be overcome. Proposing an amendment to the definition of what constituted bankruptcy he suggested that in order to land a man in bankruptcy he should fail to pay his debts "generally."

OBITUARY

BENJAMIN HOSFORD
The death of Mr. Benjamin Hosford, a well known and respected resident of Williamstown occurred at his home, Thursday, May 17th. Deceased, who was seventy-three years of age had been in failing health for several years. He is survived by his wife and two daughters, Mrs. John T. McRae of Blackville and Mrs. Ira Matchett of Williamstown, also one brother, Albert, of Williamstown and two sisters.

The funeral was conducted by the Rev. Mr. Scott and interment was in the Methodist Cemetery, Derby. The pallbearers were: Albert Bryenton, Duncan Parker, George Bell, Jas. Crocker, Wm. Quall, Robt. Hubbard.

Fire Hazard Increasing With Some Reports

The fire hazard in the forests of New Brunswick is increasing each day. Although the spring was late and the woods kept wet by rains which followed there are indications that the moisture is drying out rapidly and that conditions in regard to fire are becoming worse. At present fires do not run except in the afternoon. The highlands are the first to show the increased fire hazard as the swamps and lowlands still are wet. The King's Birthday with a week-end will be the next period of danger.

BURNING DWELLING REPORTED

The Department of Lands and Mines at about three o'clock Friday afternoon received a report from the Penniac lookout that there was a fire on MacLeod Hill, Douglas. Investigation showed that the fire had started at the farm of John S. Lint at that place and had spread to the woods. Mr. Lint was unfortunate in losing all his buildings including dwellings, barns and outbuildings. A crew from the mill of the Hawkins Lumber Co. at Nashwaakias went to the scene and put out the fire in the woods.

RESTIGOUCHE COUNTY FIRE

A fire has been reported at Tobique Settlement, Restigouche County some miles south of Dalhousie. The fire was on granted lands but adjacent to Crown Lands and the locality is dangerous. The Richards Manufacturing Co. is fighting the fire.

RAILWAY FIRES

A fire was reported one and a half miles south-west of Minto on the Fredericton & Grand Lake Railway. Sectionmen extinguished it.

Between Chipman and Pacific Junction a locomotive on the Transcontinental division of the C. N. R. started six fires in the grass. All were put out.

TO SPEAK UP NORTH

Rev. John Hardwick spent last week in visiting towns in the Eastern part of the province, in the interest of the Association for the preservation of the Presbyterian church. Mr. Hardwick will visit Moncton and the towns on the North Shore this week, addressing meetings in the various.

PERSONALS

Miss Glynn Saunders of Halifax is visiting Mrs. James Rundlo.

Mr. Claude Brown of Loggieville was a visitor to town on Friday.

Miss Annie Ashford of Toronto is home for the summer months.

Hammond Atkinson of U.N.B. is spending the summer vacation at his home here.

Austin Clarke is spending the vacation with his parents, Mr. and Mrs. T. A. Clarke.

Mr. Clarence Jones of Bathurst spent Victoria with Mr. and Mrs. Wm. Corbett, Jr.

Mr. R. H. Armstrong returned last week from a pleasant visit to New York City.

Mr. John Russel spent several days of last week on a business trip to P. E. Island.

Mrs. Wm. Ferguson and daughter Marjorie spent the weekend in Amherst, N. S.

Mr. Adkin Gremley of Amherst, N. S., arrived in town on Monday to spend a vacation here.

Miss Elizabeth Nicholson of Mt. Allison Ladies' College is spending her vacation at home.

Mrs. Austin MacNeill of Newcastle is visiting Mr. and Mrs. Havelock MacNeill of Dalhousie.

Mrs. Wendell P. Jones and Miss Marjorie Wethore of Woodstock are guests of Mr. and Mrs. H. H. Ritchie.

Miss Louise M. Parks of Upper Derby, was one of the seven graduate nurses at the Victoria Hospital, Fredericton.

Mrs. Everett McDonald and Miss Josie Jeffrey attended the closing exercises of Mt. Allison, Sackville on Tuesday.

Mr. and Mrs. Robert Lingley, who spent the winter in North Carolina and New York City returned last Wednesday.

Mrs. J.P. MacRae and little son, Frank have returned from Montreal. Mr. M.H. McCurdy of Old Barns, N.S. spent Monday in town.

Among this year's graduates of Mount Allison University are Herbert Elmer Dickson Ashford and William Kay Ashford, sons of Mr. and Mrs. John Ashford of this town. Both graduated with the B. A. degree. Mayor D. S. Creaghan and W. J. Maloney were in St. John last Thursday in conference with architects, who are preparing plans for the erection of the new school, in connection with St. Mary's Convent.

Dr. H. Sproul and daughter Damey spent the week-end in Sussex, N.B. Miss Evelyn M. Coughlan, of the C.N.R. offices, Moncton, spent the holiday at her home at Derby Junction, N. B.; Miss Coughlan left on Saturday for Montreal where she has been transferred.

Mr. and Mrs. John H. Ashford visited Sackville last week attending the closing exercises of Mt. Allison University, where their sons, Ray and Herbert received their B.A. degrees this year. Ray has gone to Mt. Unacke, N.S., to preach for the summer, while Herbert is spending a month in Newcastle, prior to his departure, to take up his church in the Montreal Conference of the Methodist church.

Has Invested In Canada \$2,500,000,000

The United States has invested in Canada \$2,500,000,000 according to the Bankers' Trust Company of New York which has just completed a survey of Canadian industry and the amount of United States capital invested.

A great increase in the amount of the United States investments in the Dominion has taken place since 1915 the survey shows. At that time the United States was estimated to have \$750,000,000 of Canadian investments.

Of the total sum invested \$1,200,000,000 is in bonds and the remainder, in farms, industrial enterprises, mortgages, small business banking and private loans.

It is computed that more than 200 branch factories were opened in Canada by United States concerns in 1919 and a great number in 1920 and 1921 and that late in 1922 the number of these came to 700.

AUCTION SALE

On Saturday Evening June 2nd, I will dispose of my entire stock of Boots, Shoes and Rubbers by auction sale

Sale begins at 7 o'clock p.m., and continues until all stock is disposed of.

T. S. J. MARTINEAU

\$5000 and Costs

You have your car insured against fire probably —perhaps you have not. You figure it cost \$1000. Well, if she burns \$1000 won't jar me much.

Suppose you were to knock out another man of your own financial standing, say \$100,000, and you were requested to pay compensation according to his means.

The result would be serious. A verdict of five or ten thousand and costs is something no individual can afford to have hanging over his head. The Ocean Accident and Guarantee Corp. will assume all responsibility if you see

LORD BYNG HERE EARLY IN JUNE

The date of the visit of Lord Byng, of Vimy, to New Brunswick will be early in July, according to advices received by Premier Veniot. The expectation is that the Governor General, Lady Byng and their official party, will reach Fredericton about July 3rd on a tour which is to embrace the three Maritime Provinces.

Laying the corner-stone of the new Memorial building at the University of New Brunswick will be one of the public functions at which the Governor General will officiate.

Apparent Cure For Cancer Reported

An apparent cure for cancer, consisting of a solution of colloidal lead, which is an enemy of diseased tissues, has been discovered by Professor Blair Bell, Liverpool University, according to Dr. L. E. Houghey, Concordia, Kansas, who returned on the President Adams after studying surgery abroad for several years.

Not Always What They Are Called

It is curious—how certain expressions are now accepted without question by everybody and are even frequently used in writing, when in reality they are most misleading. For instance, galvanized iron, is not galvanized but is merely iron coated with zinc; German silver is not silver at all and was invented in China; catgut has nothing to do with cats but comes from sheep; the Welsh onion is not an onion and it comes from Liberia; Brazilian grass is not grass but comes from Cuba; moles are not blind; Irish stew is almost unknown in Ireland; kid gloves are made of sheepskin; Baffin's Bay is not a bay; sealing wax contains no wax; whalebone is not bone; the titmouse is a bird; and Prussian blue does not come from Prussia. So that it is not wise to take the book by the cover, as it were, in all things.

Miss Canada On Fishing Trip To Cain's River

Miss Canada, accompanied by her mother, Mrs. F. R. Blair, Mr. and Mrs. W. H. Golding, St. John, and W. G. MacLaughlan, Halifax, representing a moving picture company, were met by W. H. Allen, who will conduct the party on an eight days salmon fishing trip on Cain's river.

HOW TO GO TO SLEEP
The best way to learn to sleep is not to care if you do or not. Nothing could be better than Du-Bols's advice: "Don't look for sleep; it flies away like a pigeon when one pursues it." Attention to anything keeps the mind awake, and most of all, attention to sleep. We cannot, however, fool ourselves by merely pretending indifference. The only sensible way is to get the facts firmly fixed in our minds so that we actually realize that we do need more sleep than our bodies take. As soon as it is realized that insomnia is of no importance, it tends to disappear.

A GUIDE TO ROSE GROWING

Although most persons who love flowers desire to grow roses, any who have planted a few bushes have been unsuccessful and have become discouraged. To assist in overcoming the difficulties that gardeners sometimes find in growing roses, the Dominion Horticulturist has prepared a bulletin that deals with practically all phases of rose culture in Canadian gardens. The bulletin is entitled Hardy Roses, Their Culture in Canada, and bears the official number 17 of the Department of Agriculture at Ottawa.

The observation is made that certain species of roses are very easy to grow and that those who are not prepared to give the finer types the attention their beauty merits, will find in the Rugosa hybrids, the Austrian briars, the Provence or Cabbage and the Damask roses a very good assortment of roses that are hardy and of easy culture, requiring but little pruning, and not being troubled by insect and fungous enemies.

It will be of interest to learn that the Experimental Farms have succeeded in producing a very beautiful rose of unusual hardness. It is a cross between Rugosa and Persian Yellow and has been named Agnes.

Besides giving complete instructions as to soil, planting, pruning cultivation, winter protection, and insect enemies, the bulletin gives lists of various classes of garden roses that have succeeded in Ottawa. The following varieties of Hybrid Perpetuals and Hybrid Teas have been selected as a dependable collection of reasonably hardy roses: Frau Karl Druschki, white; General Jacquemiot, scarlet crimson; Her Majesty, pink; Hugh Dickson, crimson; Mrs. John Laing, pink; Mrs. R. G. Sharman Crawford, pink; Ulrich Brunner cherry red; Caroline Testout, pink; General McArthur, bright crimson; Gruss an Teplitz, bright crimson; Lady Ashtown, pink; Lady Pirrie, coppery pink; Madame Edouard Herriot, coral red; Madame Ravary, yellow.

Recommended climbers are American Pillar, Dorothy Perkins Hiawatha, Tausendschon. This bulletin which is generously illustrated, is available at the Publications Branch, Department of Agriculture, Ottawa.

British Embargo Will Affect Prices Here

Montreal, May 22—The raising of the embargo on Canadian cattle in England is having an adverse reflection here, where the price of meat has been increased two cents—and in some cases four cents—a pound. The reason given is that the supplying of the English market has had the corresponding effect of decreasing the available supply for the Canadian domestic market with the result noted. Whether the increase will be temporary or permanent, local wholesalers do not at the moment indicate.

American Women Burn German-Made Poppies

Cedar Rapids, Iowa, May 22—"Poppies made in Germany are not fit to honor our boys who perished on Flanders Field," said the women of the American Legion Auxiliary to day. They voted last night to burn ten thousand cloth poppies in a public bonfire on the Municipal Island Friday night. The poppies had been purchased to sell on "Poppy Day" which falls on next Saturday. Later it was discovered they were German made.

FOREST FIRES AND THE CITIZEN

Forest fires have made such inroads upon Canada's forests, that no citizen having the country's interests at heart can refrain from adopting every sensible precaution in his personal conduct. Unextinguished camp fires, lighted matches and tobacco have robbed the nation of millions of dollars in public-owned property. To leave a camp fire burning while in or near standing timber is a plain invitation to a disaster. The lighted match and the cigarette are in the same category.

AN INTERESTING REPORT REGARDING THORNTON

A report that Sir Henry Thornton, President of the Canadian National Railways had been elected a director of the Canada Steamship lines was called to the attention of the government in the House of Commons by H. A. Stewart, Conservative member for Leeds. He wanted to know whether the information was accurate and if so, whether the government approved of his becoming a director of a corporation that competed with the Canadian National Railways and the Canadian Government Merchant Marine.

Hon. George P. Graham, Minister of Railways, replied that the government had no other information than that contained in the press but that he would enquire.

ANTS ON MARCH

Seeming Proof That Instinct Is
Not Infallible.

Small Creatures Dragged Themselves
to Death Because No One of Them
Had Any Initiative.

At six o'clock in the morning I was
starting for a swim in a British
Guiana jungle when, at the foot of the
laboratory steps I saw a swiftly mov-
ing, broad line of army ants on safari,
passing through the compound to the
beach. I traced them back under the
servants' quarters, through two clumps
of bamboos, to an outhouse.
Later, I followed along the column
down to the river sand, through a
dense mass of underbrush, through a
hollow log, up the bank, back
through light jungle—to the outhouse
again; and on a large fallen log, a few
feet beyond the spot where their nest
had been, the ends of the circle actu-
ally came together. It was the most
astonishing thing, and I had to verify
it again and again before I could be-
lieve the evidence of my eyes.

It was a strong column, six lines
wide in many places, and the ants
fully believed that they were on their
way to a new home; for most were
carrying eggs or larvae, although many
had food. For an hour, at noon, during
heavy rain, the column weakened and
almost disappeared; but when the sun
returned, the lines rejoined, and the
revolution of the vicious circle contin-
ued.

Careful measurement of the great
circle showed a circumference of 1,200
feet. We timed the laden ants and
found that they averaged two to two
and three-quarters inches a second. So
a given individual would complete the
round in about two hours and a half.
All the afternoon the insane circle
revolved; at midnight, the hosts were
still moving; the second morning many
had weakened and dropped their bur-
dens and the general pace had very
appreciably slackened. But still the
blind grip of instinct held them. On,
on, on, they must go! Always before
in their nomadic life there had been
a goal—a sanctuary of hollow tree,
snug heart of bamboo; surely this
terrible grind must end somehow.

Through sun and cloud, day and
night, hour after hour, there was
found no ant with individual initiative
enough to turn aside an ant's breadth
from the circle that he had traversed
perhaps 15 times.

Fewer and fewer now came along
the well-worn path; burdens littered
the line of march, like the arms and
accoutrements thrown down by a re-
treating army. At last, a scanty single
line struggled past—tired, hopeless, be-
wildered, idiotic and thoughtless to the
last.

Then some half-dead ant straggled
from the circle along the beach, and
threw the line behind him into con-
fusion. The desperation of total ex-
haustion had accomplished what ne-
cessity and opportunity and normal
life could not. Several others fol-
lowed his scent instead of that lead-
ing back toward the outhouse; and
as an amoeba gradually flows into one
of its own pseudopodia, so the forlorn
hope of the great Ecliton army passed
slowly down the beach and on into the
jungle.

Would they die singly and in be-
wildered groups, or would the rem-
nant draw together, and, again guided
by the supermind of its mentor, lay
the foundation of another army, and
again come to nest in my outhouse?
William Beebe in the Atlantic Monthly.

Knew Him Well.
One summer I visited in a fashion-
able little town in the West. I went to
a tea one afternoon, and while there
met a woman who said she knew
some one who lived in the town in
which I also lived. She asked me if
I said: "Yes, I know who he is.
And I remember that at one time he
took a lariat rope and tried to lariat
a well-educated and charming school
teacher because he wanted her to
marry his son. She did not seem will-
ing, so he used these measures to
force her to do so."

After this explanation of the knowl-
edge I possessed of the man she
added: "Well, my dear, he is my
brother."
I sought another part of the garden.
—Chicago Tribune.

King Abandons Chapel Royal.
It is reported in English church cir-
cles that the king is thinking about
unburdening the civil list by ceasing
the use of the Chapel Royal, St. James'
palace.

The king and queen never attend
services at St. James', preferring the
private chapel at Buckingham palace.
Historical students and sentimental
Londoners will be much grieved, for
the service in that ancient building,
which belongs to the Holbein period
of the palace, with the boy chorists
—"the children of the Chapel Royal"
—in their beautiful uniform of scarlet
and gold, like pages of antique pat-
tern, is one of the most curious and
beautiful survivals of the time.

Easily Arranged.
"Did you make any New Year resolu-
tions?"
"Not for myself," replied Senator
Sorghum. "My constituents provide
me with resolutions ready made for
all seasons of the year. All I am ex-
pected to do is to write back and tell
them how much better they are than
anything I could think up on my own
account."

**THE FLOWER
GARDEN IN SPRING**

To all lovers of flowers the gar-
den in spring is a most enjoyable
place; here one meets old friends
among the spring flowering plants,
which, perhaps, one has watched the
development of for years. In
many gardens, however, there is a
dearth of spring flowers, but, as
there are so many hardy desirable
plants, this could easily be remedied
if there is a desire to do so.

As soon as the snow is gone one
may have the Snowdrop, Snowflake,
Crocus, Chionodoxa, and Scilla,
among bulbs, soon to be followed
by Daffodils and Tulips. Hardy
Primules soon mingle with the
bulbs, as do the Iceland Poppy,
Trillium, Trollius, Doronicum, Eri-
medium, and other early spring
flowers; while close behind are the
Columbines, Bleeding Heart, Sweet
Rocket and Irises, and many others.

As one looks at the garden as it
is one can picture how it would be
improved if, in another year, there
were flowers where there are no
flowers now; where yellow, red or
white would add to the general ef-
fect; where a low growing plant or
a tall plant would improve the
appearance of the border. As one
is liable to forget these things after
the spring has gone, a good plan is
to write on a label or small piece
of wood the kind of plant which is
desired in each place where improve-
ment can be made; then when the
proper time comes for planting, if
such a plant is put there, it will not
be long before a marked improve-
ment will be seen in the garden in
spring, and this method can be fol-
lowed with good results for the
whole season.

Let all who love flowers, then,
plan for improvement in the garden
next spring; a little improvement
each year would soon result in a
great change and make the home
grounds much more attractive.

**Ships Are Warned Of
Atlantic Ice Menace**

Warning that large ice bergs
have flowed directly in the path of
trans-Atlantic steamship routes
and that the drifts were farther
south than for several years, was
received in a radio message from
coast guard cutter, Tampa.

The liners Olympic and Maure-
tania and other vessels have been
warned the warning, the message
said and members of the interna-
tional ice patrol are on guard to
prevent disaster.

Attempts to destroy the larger
bergs by gunfire and wrecking
mines have been unsuccessful, the
Tampa reported.

**MRS. MISENER'S
ACHES AND PAINS**

Vanished After Using Lydia
E. Pinkham's Vegetable
Compound

"Branchton, Ont.—"When I wrote
to you for help my action was mostly
prompted by curiosity. I wondered if
I, too, would benefit by your medicine.
It was the most profitable action I have
ever taken, I heartily assure you, for
through its results I am relieved of most
of my sufferings. I have taken six boxes
of Lydia E. Pinkham's Vegetable
Compound Tablets and a bottle of Lydia
E. Pinkham's Blood Medicine, and I can
honestly say I have never been so well
before. I had suffered from pains and
other troubles since I was fifteen years
old, and during the "Great War" period
I worked on munitions for two years,
and, in the heavy lifting which my work
called for, I strained myself, causing
pelvic inflammation from which I have
suffered untold agony, and I often had
to give up and go to bed. I had doctored
for several years without getting per-
manent relief, when I started to take
your medicines."—Mrs. GOLDWIN MISENER,
Branchton, Ont.

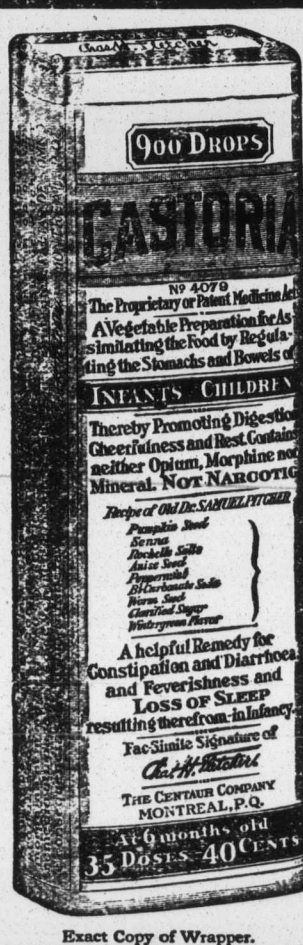

Write to the Lydia E. Pinkham Medi-
cine Co., Cobourg, Ontario, for a free copy
of Lydia E. Pinkham's Private Text-
Book upon "Ailments of Women." of

**SEED POTATOES
FOR THE SOUTH**

F. L. Estabrooks, M.L.A., of Sack-
ville, has returned from the south-
ern states, where he has been on
an extended trip in the interest of
the growers and shippers of New
Brunswick seed potatoes which are
very popular in the United States
and are recommended by govern-
ment experts.

Several consignments of New
Brunswick Geran Mountains were
shipped to the State of Maine, the
home of potatoes, where the state
government is distributing them
among the producers in several
counties, including Aroostook, Pisca-
taquis, Androscoggin and Sagadahoc.
Most of the Westmorland
County seed potatoes sent to the
republic will probably be shipped to
the southern states.

The Charlottetown Guardian says:
"Mr J. McIver, the potato king of
Kinkora, intends planting upwards
of 100 acres in seed potatoes this
spring and Murphy Bros. and J.W.
Fyfe, Emerald, will plant about
seventy-five acres in Irish cobbler
and green mountain potatoes. These
men have no intention of selling
their farms and removing to the
United States. They have been
there."

Three; thence running by the magnet
East Eighty-three chains of Four
Poles each; thence North Nineteen
chains and Twenty-five links; thence
West Eighty chains to the Eastern
side of the said River and thence
along the shore upstream in a South-
erly direction to the place of begin-
ning, containing One Hundred and
Fifty Acres more or less, and being

the same piece of land conveyed to
the said Michael Donohue by Peter
Campbell by Indenture bearing date
the day of A. D.
1915 as by reference to the said Deed
will more fully appear.

THIRD, ALL that lot or tract of
land situate, lying and being in the
Parish of Blackville in the said
County of North'd on both sides of
Renous River known and distin-
guished as Lot Number Nine origi-
nally granted to John Newman and
bounded on the Lower or Easterly
side by Lot Number Eight originally
granted to Thomas Sherwood and on
the Upper or Westerly side by Lot
Number Ten originally granted to
Jeremiah Newman and containing
Two Hundred and Fifty acres more
or less.

FOURTH, ALL that piece or lot of
land situate, lying and being in
Ellenstown aforesaid (formally Wil-
liamstown) in the Parish of Southesk
aforesaid and abutted and bounded as
follows, Viz:—Beginning at a maple
tree standing in the North Westerly
angle of the Lot granted to John
Tweedie on Tozer's Brook and on the
Southernly line of land granted to
Robert Tweedie thence running by
the magnet of the year 1856 South
42° West Thirty chains along the
North Westerly line of said John
Tweedie land to a Spruce tree stand-
ing in the South Westerly angle
thereof; thence South 84° West
Twenty chains to a spruce tree
thence North 42° East Thirty chains
to a spruce tree standing in the said
Southernly line of the said Robert
Tweedie lands, and thence along the
same South 84° East Twenty chains
to the place of beginning, containing
Fifty acres more or less and is known
as lot number Twenty-nine granted
to the Late Benjamin Hosford by
Grant bearing date the Twenty-eighth
day of March A. D. 1859 and was
conveyed to the said Benjamin Hos-
ford the Grantor by Albert Hosford
by Deed bearing date the second day
of May A. D. 1894.

the buildings and improvements
thereof, and the right, members, pri-
vileges and hereditaments and appur-
tenances to the same belonging or in
any wise appertaining, the same hav-
ing been seized by me under and by
virtue of several Writs of Fieri
Facias issued out of the Supreme
County Courts by various parties
against David A. Manderville.
Dated this Eighteenth day of April,
A. D., 1923.

W. F. CASSIDY,
High Sheriff of the County
of Northumberland.

Local and General News.

EMPIRE DAY
The usual exercises in honor of Empire Day were observed in the public schools on Wednesday.

LITTLE SEEDING YET
Reports from the country districts show that little or no seeding has been done yet, but plowing is quite general. The season is a fortnight later than usual.

CARD PARTY
The Lord Beaverbrook Chapter I.O.D.E. will hold a Card Party on Thursday evening at 8.15 o'clock. Prizes will be awarded to the lady and gentleman making the highest score.

GUNS IN PUBLIC SQUARE
New concrete carriages are being made for the guns in the public square. This will be quite an improvement over the old wooden ones, two of the guns having laid on the ground all last summer because the wooden carriages had been destroyed.

ON WAY TO MONTREAL
Saturday afternoon's Ocean Limited C.N.R. express north bound conveyed a number of C. N. R. employees to Montreal, to which place they have been transferred in the service of the railway. The majority of workers were those employed in the audit department, Moncton.

BLACKVILLE COMEDY DRAMA
The Comedy Drama "Wiggins of the Pop Over Farm" will be presented by Blackville local talent in the Town Hall, Blackville, on Thursday evening June 7th. Specialties will be shown between the acts and an evening of fun is in store for all who attend. The proceeds will be in aid of St. Andrew's Church, Blackville, N. B., and the price of admission is Adults 50c, and Children 15c.

SMALL BUDGET MAJORITY
By the narrow majority of eight the House of Commons adopted the seventeenth Fielding budget, on Wednesday, thus ending an eleven day battle in the Commons. The vote on the main budget motion that the House "do resolve itself into committee of ways and means" the House dividing:—For, 114; Against, 106. Government majority 8.

THE CHILDREN'S FRIEND
Mr. J. D. O'Connell, of New Brunswick and Cuba, is now in Jacksonville, Florida, and does not expect to reach this province until August. Mr. O'Connell has several "Orphan Picnics," to give in the Southern States. After finishing them, he is going West, through Denver, Salt Lake City, and Nevada to California, thence to Portland, Oregon, and Seattle, Wash. After a short stay there, he will go to Victoria and Vancouver, B. C., thence to Calgary, Winnipeg, Toronto, and Montreal to St. John. He will give General Orphan Picnics on his way and will give his usual picnics in the Maritime Provinces during August and September.

Card Party

The Lord Beaverbrook Chapter I.O.D.E. will hold a Card Party in the

TOWN HALL
Thur. Eve'g. May 31st.
at 8.15 o'clock

Handsome Ladies and Gentlemen's Prizes will be awarded to those making the highest scores.

TICKETS,..... 75c
Players will please bring their own playing cards

STARTED SEASON'S WORK
The D. & J. Ritchie & Co., Mill began cutting lumber yesterday.

DIED
Henry M. Williston son of the late Judge Williston passed away May 1st at the home of his daughter Mrs. Edward Blakie, Halifax, N.S.

NEW PLANS TO BE PREPARED
Although plans were completed for the new school to be built in connection with St. Mary's Convent, alterations had to be made to such an extent that it will be necessary to draw up a new set.

MIRAMICHI HOSPITAL
NURSES' HOME FUND

The Secretary begs to acknowledge the following donation:
Rev. P. W. Dixon \$20.00
Previously acknowledged \$4567.75
\$4587.75

BASEBALL
The Miramichi Baseball League games opened on Thursday. Nelson played Chatham in the latter town with the score 6-5 in favor of Chatham.

Newcastle was blanked 11-0 by Loggieville in the latter town. Both games were fairly well attended.

DOING WELL
The people of New Brunswick are doing very well in respect to the new rule of the road "Turn to the Right". So far very few accidents have occurred, which is fortunate, but all must be on the alert and keep their wits, as it is never known when some one will forget and a serious accident ensue.

At a tea party recently a woman was heard to say: "Oh Mrs. So and So, where do you get your tea, I think it is perfectly delicious." Mrs. So and So replied: "The tea I use is MORSE'S SELECTED ORANGE PEKOE. I have been using it for many years, and have always found it just as good as you have found it to-day."

HOLIDAY QUIETLY OBSERVED
Victoria Day which fell on Thursday was quietly observed in Newcastle. As the Queen's birthday during the reign of Queen Victoria it received a recognition, which seems to have made it impossible to do away with it. All places of business, banks and government offices were closed. The weather was delightful, but because of the backward spring weather, very few spent the day in the woods or along the streams in search of fish.

CASE DISMISSED
The case of Phillip Glencross, a C.N.R. employee arrested as an accomplice of Louis J. Cormier, a C.N.R. brakeman, charged with breaking into and stealing goods from a sealed car at Newcastle station on April 29th, was finished before Police Magistrate Lawlor on Tuesday, and Glencross was discharged, the only evidence against him being that of Louis Cormier and his wife, which was considered insufficient. Cormier pleaded guilty. The goods were the property of W. F. Cassidy in transit from Chatham to Amherst.

ANNUAL MEETING
MIRAMICHI HOSPITAL

The General Annual Meeting of the Hospital and election of officers will be held in the Board Room of the Hospital on Tuesday evening, June 4th, at 7.30 o'clock.

All Members of the Hospital Aid and its auxiliaries, in good standing, as well as all persons who have contributed the sum of \$5.00 or more to the upkeep of the Hospital during the past year, are entitled to vote for Directors at this meeting.

R. CORRY CLARK,
Secretary

SUPREME COURT
The Supreme Court, called for the 22nd inst was postponed until to-day 29th, on account of the holiday on May 24th.

JUST ARRIVED
CARLOAD HARDWOOD FLOORING
(Rhodes Curry Manufacture)
Now is the time to buy that Floor!
GEO. BURCHILL & SONS

BAND FAILED TO APPEAR
A large number of citizens expected the Band to give a musical concert in the square on Thursday, evening, Victoria Day, but the band failed to appear and all were much disappointed.

1923 LICENSES SLOW
General complaint is being made by motor car owners that they have not been in receipt of their 1923 license plates. In many cases the money for the license was forwarded weeks ago but no license has shown up.

DINNER AT SHARP SEVEN
Large numbers attended and enjoyed the Concert which was presented in the Opera House, on Tuesday evening by the St. Paul's and St. Mary's Club of Chatham, under the auspices of St. Andrew's Sunday School. The whole affair was most enjoyable and successful financially and otherwise.

TIMBER BERTHS SOLD
Two timber berths were sold on the Crown Lands Department on Wednesday by public auction at Fredericton. One, on Mill Brook, containing two sq. miles was sold to W. and R. Walsh at the upset price of \$20 per sq. mile. The other east of Bay Du Vin River, was sold to Fraser Companies Ltd., at \$21 per sq. mile.

BROKE RECORD
At the Maritime Intercollegiate track meet held at Wolfville, Saturday, R. Ashford, son of Mr. and Mrs. J.H. Ashford of Newcastle, a student at Mount Allison, broke the Maritime Intercollegiate record in the one hundred yards dash in ten and one fifth seconds. The previous record was ten and two fifths held jointly by the U.N.B., Mount Allison and Acadia. Ashford was high individual scorer, making fifteen points.

LOCAL TENNIS CLUB
At the meeting of those interested in the formation of a Tennis Club held in the Police Magistrate's room Friday evening, Messrs. Harold Davidson, S.V. Sisson, J.G. Troy, H.P. Zinck and D. W. Petrie were appointed a Committee to wait on the School Trustees at their next meeting and see what arrangements can be made for a tennis court on the field of Remembrance. At the next meeting on Monday evening, June 1, a report will be received from the Committee.

SWEET
On a farm near Brattleboro is a tree from which white men tapped their first Vermont maple sugar. That was in 1764. This old tree, still as erect as a steel spike, should have a monument when it dies. It started a big industry. Some 35 million pounds of maple sugar are produced in America, each year, a third of it in Vermont. What wonderful friends and benefactors the trees have been to us. Yet we continue destroying our forests—killing the goose that lays the golden eggs. Forest preservation is the greatest problem of our many national resources.

MILL SAW BILLS
We have just printed a large quantity of Mill Saw Bills, and can supply them to the different mills either singly or in quantities.
THE ADVOCATE

SEN. MCDONALD STRONGLY URGES MARITIME RIGHTS

Ottawa, May 24—The Senate kept on until midnight, Senator McDonald pressing for a division on freight rates. Senator Dandurand, leader of Government, said he was convinced of the needs of the Maritime Provinces but the Senate could not render a decision on such an important matter.

Senator McDonald claimed he was sent there to get action and he would stay until he got it or found out just who were opposed and their names. He said four Senators were as good as twenty-four if the larger number did nothing. He was followed by Senator Turgeon and Senator Black, of New Brunswick, Senator Murray of P.E. Island, Senator McLellan, of Nova Scotia, and Senator Reid of Ontario, former Minister of Railways, in a strong speech pleading eloquently for Maritime Justice.

On May 22 Senator McDonald ably seconded by Senator Kobertson, held the Senate until 12 p.m. pressing for a division on the freight rate motion. Senator McDonald claimed that the Maritime Provinces wanted to know just where they stood, that it mattered little whether there were twenty-four Senators from the Maritimes or four, if they did not fight for justice. He claimed he was sent there to get action and he wanted yes or no, and that one million people by the sea wanted to know who was for them and who against.

Senator Casgrain claimed Senator McDonald was embarrassing the government. He fully realized the needs and conditions of the Maritimes, but in twenty-five years he
