### Town and County News

**COMING.**—La Rue's Minstrels will be in Guelph on Thursday evening, Oct. 29th.

At the sale of stock at Bow Park, a Mr. Porter, of Alexis, Illinois, bought 13 head, and three extra good animals were bought for the Model Farm, Guelph. Mr. J. Hobson, Guelph Township, also purchased a very fine cow.

**FINNAN HADDIES.**—Mr. Hugh Walker has received a lot of prime finnan haddies, large, well cured and as "sappy" as any that could be got in all broad Scotland.

**LETTERS.**—As will be seen by an advertisement in another column, Mr. Jas. Fahey will lecture in the Town Hall on the evening of Tuesday, 20th inst. His subject will be "Oliver Goldsmith—The Good-natured Man." The proceeds to be in aid of the Charity Fund of the St. Paul de Vincent Society.

**LITERARY CLASS.**—It is the intention of the Young Men's Christian Association to organize a literary class under the auspices of the Literary Committee, and a meeting, with that as one of the items of business, is to be held this evening in the Rooms. Those interested are requested to be present.

**CONCERT AT ROCKWOOD.**—Miss Jeanie Watson and Mr. Hardy gave a concert at the Town Hall, Rockwood, on Wednesday evening, to a large audience, who were delighted with the exquisite singing of Miss Watson and Mr. Hardy, and who were enthusiastic in applauding every piece in the programme.

**SERIOUS ACCIDENT.**—On Monday, as Mr. Hamilton Laird was driving home from Guelph, he was thrown out of his buggy, it is supposed by the horse starting out after the pin had accidentally come out of the vehicle. He was found shortly after, and taken home, and Dr. Herod was sent for, who thinks that he must have been struck by the horse, or fallen on his head, which has rendered him partially insensible ever since. He now lies in a dangerous state.

**MAPLE LEAF B. B. CLUB.**—The Annual Meeting of the above Club was held in the Queens Hotel last night as announced, at which there was a good attendance. Mr. Stecman, President, in the chair. The champion nine were presented with \$25 each by the Club for their very efficient services during the past season. There being a handsome surplus in the hands of the Treasurer, Mr. John Anderson with which to start the season of 1875.

**CANTATE DOMINO.**—We have received a copy of this work—comprising a number of hymns and chants—composed by the late Rev. John Black, of New Brunswick, and now published by his daughter Mrs. Mauger. We noticed this work some time ago, and spoke of it in the highest terms of praise. It contains a great many hymns and chants—the music of which is beautiful, and the words are no less appropriate. Dr. Strathy, of Trinity College, the accomplished musician, revised the work, which is published in handsome form by Hunter, Rose & Co., of Toronto. Orders for the work can be sent to Mrs. Mauger, care of Hunter, Rose & Co., or to Mr. John Anderson, Bookseller, Guelph.

**ARRESTED ON SUSPICION.**—A man apparently about 45 years of age, and giving his name as Thomas Anderson, was arrested in town on Wednesday by Chief Constable Kelly on a charge of having stolen certain goods which he had in his possession. The articles referred to are a silver spoon valued at \$5, with a crest on it, representing a griffin's head rising out of a crown, and a gold brooch in which are set three stones. The brooch is valued at \$6. The man has been in town for a couple of days, and had succeeded in disposing of the brooch for 50 cents. Yesterday he offered the spoon for sale, at Mr. Savage's jewelry store, asking for it a trifling sum. The police authorities were made acquainted with the case, and hence his arrest. He was brought before the Police Magistrate this morning, and was remanded for eight days in order to obtain information regarding the ownership of the property. The articles are now in possession of the Chief of Police, and any person having lost articles similar to those mentioned, may by calling upon that gentleman see those in his possession.

**PRESIDENTIAL COLLEGE, MONTREAL.**—The winter session of this College was opened last week, the Rev. Donald Fraser, of London, giving the introductory lecture on "The life and times of Richard Baxter." At the close of the lecture the Rev. Principal McVicar said the College was prospering; twenty-two new students will be added this session to the former members; certain improvements were effected in the College; and a considerable amount added to the building fund. There was a valuable addition made to the library, and the receipt of a legacy of \$400 from Rev. Dr. Boyd, of Prescott, was acknowledged. There was a want of room for students, and while 32 lived in the College, nearly as many were lodged in the city. They looked to their friends in the Montreal Synod to give what was needed under such circumstances.

## BY TELEGRAPH TO THE MERCURY

Bismarck's Letter to Regnier.

### Spain and Her Troubles.

#### A Grandson to the Queen.

London, Oct. 15th.—The Times publishes a letter from Regnier, an absconding witness in the Bazaine trial, asking Bismarck to clear him of the imputation of being a spy. Bismarck replies under date of the 2nd instant, "That he fears the existing irritation against him in France will nullify his evidence in favor of Regnier, nevertheless he does not hesitate to repeat that Regnier was actuated in his negotiation before Metz, to other motives than courageous devotion to the interests of his country, which he believed to be identical with that of the imperial dynasty. Bismarck says that he favored the execution of Regnier's project with the view of hastening peace, by enabling the Imperial Government to communicate with the army of Metz. In case the proposed relations were established, the Germans would have been placed in communication with an established government, which was authorized to conclude peace in the name of France." Bismarck concludes his letter to Regnier with the following affirmation, to the truth of which he pledges his honor:—"You never received any personal advantage from me. In allowing you to enter Metz I believed that you could promote patriotic and useful action in the interest of peace."

London, Oct. 15th.—A special dispatch from Londage to the News says that seven pieces of artillery and three thousand rifles, recently landed for Carlists, from a steamer, which is reported to be an English craft.

London, Oct. 15th.—The Spanish Consul at Bayona has had the steamer Niess seized at St. Jean de Luz, on a charge that she is laden with contraband ware. General Loma, commanding Republican troops, has captured the heights of Ordiz.

Paris, Oct. 15.—The Journal de Paris contains an article attributing the Spanish complaints of breaches of neutrality against France to the instigation of Prussia.

London, Oct. 15.—The Duchess of Edinburgh was safely delivered of a son at 2.45 this morning.

**The Mounted Police.**  
Despatches have been received at Ottawa from the North-west Mounted Police Force, giving detailed information regarding their movements since August 12th. The Indians are represented to have been afraid at first, but became reassured and friendly when the mission of the force was made known to them. The horses suffered greatly from the inabundant grass and bituminous water, and 60,000 pounds of oats had to be procured for them from the B. and N. Commissioners. On the 19th August seven sick men and twenty-eight sick horses were left at Cripple Camp to recruit with the necessary provisions.

On Sept. 2nd, buffalo were met on Cypress Hills, and rather improved, but the grass continued poor, the nights and mornings became cold and frosty, with storms of rain and sleet; the horses suffered severely. Fair pasturage was found in the neighborhood of Three Butte Mountains, whither Col. French diverged some 70 miles. American whiskey sellers have been in that quarter, but expelled across the border. Deputy-Commissioner McLeod, with a large detachment, will winter at the trading post known as the Whoopup, at the junction of the Arrow and Belly rivers, where there is good pasturage and plenty of coal. The remainder of the force commenced to march eastward to Fort Ellice on the 27th, where preparations are being made for them. The health of the men is excellent, but many horses have died. The supply, however, has been made up on the territory.

**The Prize System at Exhibitions.**  
The propriety of giving prizes in money at our Exhibitions has lately engaged considerable attention. We find a timely letter on the subject in the London Advertiser. The writer says:—"In view of the unsatisfactory manner in which the decision of the judges in almost every department, and at all our Exhibitions, is given, I believe an increasingly large majority of exhibitors are in favor of the entire abolition of the 'prize system.'"

While it is true that it is often very difficult to decide as to the merits of articles exhibited, it is notorious that at every Fair, prizes are awarded to inferior articles in one or more classes by judges either interested in the articles themselves, or in those exhibiting them. The result has been that a great many have ceased to exhibit at all; and in a few classes, in which competitors were few, so that it was possible for them to meet and cause their voice to be heard, prizes have, at their request, been discontinued. I believe that before long this matter will force itself upon the attention of the Directors of our Exhibitions, and that they will realize that it is not the few who crave for a few dollars in prize money, that make the display necessary to the success of the Exhibition, but the many who exhibit because they want to advertise or sell their stock or goods, and are willing to bear some little expense. When, therefore, the new system is introduced, as I believe it will be, I venture to predict that a host of new exhibitors will introduce themselves at our Fairs and make themselves an hundred fold more successful.

**THE FARMER'S ALLIANCE.**—This annual publication is now so well known as to need no further remark than that Josh Billings has lost none of his originality. The humor in the issue for 1875—being 39 years since the great American eagle was first hatched out—is irresistible, and calculated to tone down the sentiment expressed in Josh's motto that "Life is phull or kare and trubble, whether you go it single or double." Price reduced to five cents. For sale at Anderson's.

## The Crops.

The following report of the crops of 1874 in this section of the country, is from the annual report compiled by the officers of the Grand Trunk Railway.

**BRESLAU.**—Crops in this neighborhood are considered to be all above an average yield except potatoes, which have been considerably destroyed by bugs; spring wheat will yield fully 25 bushels to the acre; fall wheat about 30; peas, 45 to 50; oats from 50 to 60; barley gives about 60 bushels to the acre; hay and flax are also considered to be very heavy, but tree fruits are not so abundant as in some former years.

**GUELPH.**—The harvest in the neighborhood of Guelph is as nearly as possible as follows:—Fall wheat, 13 bushels per acre; very much winter-killed in many places; spring wheat, 20 bushels per acre; very good; barley, 30 bushels per acre; oats, 50 bushels per acre; peas, but not much grown here; rye, 25 bushels per acre; very good; potatoes, very light crop; hay, 1 ton, moderate; root crops, turnips, not large, and only very ordinary crop.

**ROCKWOOD.**—The crops in the vicinity of this station may be considered a failure, the grain in many places having been severely injured by grasshoppers, especially the spring crops, which in some places have been totally destroyed. The yield of wheat will not exceed 20 bushels to the acre, and other grain in proportion; hay is scarce, and the grass is still very dry, owing to the drought in the spring and summer months. Although there have been a few good showers of rain lately, still it is feared it came too late to do much good this season.

**ACTON WEST.**—Fall wheat, 20 bushels per acre; winter-killed; spring wheat, 15 bushels per acre; late dry spring; peas, 25 bushels per acre; late dry spring; oats, 45 bushels per acre; late dry spring; barley, 30 bushels per acre; late dry spring; turps, 300 bushels per acre; drought during August; potatoes, 175 bushels per acre; drought during August; hops, splendid crop, very little being rusted.

**Guelph Rifle Association Matches.**

**GRAND CHAPTER.**—The Grand Chapter of Royal Arch Freemasons of Canada opened their Annual Convocation at Ottawa on Wednesday afternoon. About 100 delegates were present.

Among the distinguished visiting Brethren was M. E. Comp. D. B. Tracy, C. G. T. G., 33<sup>rd</sup>, of Michigan. After the Grand Chapter was opened in due and ancient form, the minutes of last annual convocation were read and confirmed. Communications were received and referred to committees. Warrants for representatives given the Grand Chapter of Canada from various Foreign Grand Chapters, were referred to the Committee on Credentials. The Grand Chapter then called off till 2 o'clock, p.m., when the Grand Z delivered an annual address. The following Grand Officers were elected: Jas. Seymour, of St. Catharines, M. E., Grand Z; Wm. H. Weller, Cobourg, R. E., Grand H.; Dr. R. Kincaid, of Peterboro', R. E., Grand J.

**THE TREATY WITH THE INDIANS.**—Hon. Mr. Laird has arrived at Ottawa in six days from Fort Garry, and is in his usual good health. He states that the treaty was concluded with the Indians after some little delay and difficulty, owing to having to deal with two distinct tribes, and to the efforts of some half-breeds to throw obstruction in the way. It is likely to give satisfaction. An address was presented to the Commissioner by the Indians, expressing their satisfaction at the result, and praying to be protected in the occupation of their territory. Hon. Mr. Laird remained eight or ten days at Winnipeg, and speaks of the signs of vigor and progress apparent at that point as well as all through the Province. He says the work on the Penitentiary and Pembina Branch Railroad is being vigorously pushed.

**A LIBERAL REVEREND.**—Among the scholars who Lang and Coleridge attended at school was a poor clergyman's son of the name of Simon Jennings. Of account of his dismal and gloomy nature, his playmates had nicknamed him Pontius Pilate. One morning he went up to the master, Dr. Boyer, and said, in his usual whimpering manner, "Please Doctor, the boys call me Pontius Pilate. If there was one thing which Dr. Boyer hated more than a false quantity in Greek and Latin, it was the practice of nick-naming. Rushing down among the scholars from his pedestal of state, with cane in hand, he cried, with his usual voice of thunder, 'Listen boys, the next time I hear any of you say 'Pontius Pilate' I'll cane you as long as this cane will last! You are to say 'Simon Jennings,' and not 'Pontius Pilate.' Remember that, if you value your hides.' Next day, when the same class were reciting the catechism a boy of a remarkably dull and literal turn of mind had to repeat the creed. He got as far as "suffered under," and was about popping out the next word, when the doctor's prohibition unluckily flashed upon his obtuse mind. After a moment's hesitation, he blurted out, "suffered under Simon Jennings, was—"

The rest of the sentence was never uttered, for Dr. Boyer had already sprung like a tiger upon him, and the cane was descending upon his unfortunate shoulders. When the irate doctor had discharged his cane-storm upon him, he said, "What do you mean, you booby by such phasphemy?"

## WELLINGTON HALL ASSIZES.

WEDNESDAY, OCT. 14.

**HOWITT VS. GREAT WESTERN RAILWAY CO.; LOW VS. GREAT WESTERN RAILWAY COMPANY.**—These cases were tried together, the same evidence applied to both.

The plaintiffs claimed damages from the defendants for the destruction by fire on 9th May last of the barn, stable, and other buildings and contents, on the farm belonging to Mr. Howitt, rented by Mr. Low, on the Waterloo Road, near the crossing of road passing between the properties of Mrs. Jackson and Mr. Chadwick, in Guelph Township. The plaintiffs charged that the defendants by their servants, had been guilty of negligence in setting fire to the grass on the railway track on a day when the wind was high and was likely to carry sparks, etc., to adjacent buildings.

The defendants denied negligence and alleged that they had used every care, and they contended that the buildings were burned either from accidental sparks from a passing locomotive (in which case they contended they would not be liable) or from some person about the barn who may have been smoking. The Jury, after addresses of counsel and an able charge from the Judge, returned verdicts for the plaintiffs in both cases, namely, in Howitt's case, \$600 damages, and in Low's case, \$853 damages. A large number of witnesses were examined on both sides.

The trial lasted part of yesterday and the whole of to-day. Mr. Guthrie appeared for the plaintiffs; Mr. M. C. Cameron, Q.C., for defendants.

**THURSDAY, OCT. 15.**

**HOOD VS. GOW.**  
This case was the first called this morning, and will probably occupy all day. The matter in dispute is between Mr. Geo. Hood, butcher, of Guelph, and Mr. Peter Gow, M.P.P. The plaintiff claims damages on account of injury to his property on the north side of the Eramosa branch of the River Speed, by the overflow of water said to be caused by defendant's mill dam, which is situated on the stream at some distance below. This overflow is alleged to have been commenced many years ago, and to have converted the plaintiff's land on the bank of the river into a swamp.

Mr. M. C. Cameron and Mr. Dunbar are counsel for the plaintiff, and Mr. J. K. Kerr, (of Blake, Kerr, & Boyd, Toronto) with Mr. Guthrie, appear for the defendant.

The case was opened by Mr. Cameron on behalf of the plaintiff. He briefly stated the nature of the case, and explained the position of the premises referred to, exhibiting maps which had been drawn by the engineers who had surveyed the land and taken the levels of the river.

Joseph Hobson, Civil Engineer, was the first witness called. He testified to having taken levels of the river in May, 1862, and in August, 1868, but his notebooks having

A Do-Nothing Policy.

It strikes us that the Council, or at least a majority of that body, are trying to solve the problem how not to do it. Some time ago the business of the Road and Bridge Committee got into the greatest confusion, and, but for the prompt action of the majority of the Council the reckless and loose system of doing the work, and of expenditure, followed by the Chairman, and carried out by the Inspector, might have gone on until we were landed in a heavy debt, for which no authority had been granted. The investigation of the special committee, and its report, condemnatory of the Chairman and the Inspector, and of the system pursued, which was adopted by the Council, put an end to this state of things, and all road and street work was stopped, until the affairs of the Committee could in some measure be re-adjusted. At the last regular meeting of Council the Committee after considerable delay brought in a report, giving a statement of their outstanding debts, and asking a lump sum of \$700 to finish work begun, or to defray the cost of work necessary to be done. The consideration of this report came up at the special meeting on Tuesday night, when a motion for the adoption of the report as it was introduced, was moved by the Chairman. Objection was taken to this course by several members, on the ground that the report should specify where the work was required, and should state also an approximate amount required for each particular job. An amendment to this effect was moved, but it, as well as the motion, fell to the ground, the Mayor voting as a member of the Council, and making the vote in both cases a tie. The question, therefore, remains in statu quo.

It seems to us that the condition embodied in the amendment is a just and reasonable one, especially when we take into account the way in which the affairs of the Road and Bridge Committee have been managed this year. The confidence of the Council and of the ratepayers has been shaken in its efficiency, especially as regards the Chairman, and as regards his desire to follow out instructions, and give that attention to details which it is his duty to do, as long as he holds his position as head of the Committee. In the face of past experience, therefore, we think that those who favor the amendment were quite justified in demanding to know where and how the money was to be spent, and they were only acting in the interests of the ratepayers in so doing. It would not have taken the chairman long to have given a detailed statement as to the specific work required, along with an estimate of the cost, which would have furnished the Council with sufficient data to warrant the expenditure. This, it is his duty to do so long as he holds his position as chairman, and if he fails in doing it, then he is not discharging the duty he imposed on himself when he accepted the office.

The Council is asked to go it blind just as the Committee has been doing for most part all the season. We have had enough of this sort of work, and the Council would be doing a wrong to the ratepayers if they allowed this very objectionable system to be continued any longer. Some may urge that those who supported the amendment were desirous of preventing any more expenditure this year. But the fact that they provided in this resolution for the immediate repair of the Eramosa bridge, and the laying of the sidewalk on Upper Wyndham street, showed that they were anxious to have the necessary work done at once, that their opposition was not of a factious character, and that they were simply contending for a principle right in itself, and which should have been acted on by the Committee all through.

While on this subject, we would call attention to the very disgraceful state of the sidewalk on Macdonnell street, adjoining Mr. J. D. Williamson's. For months and months, it has been almost impassable, and yet not a dollar of the \$100 appropriated to this street was laid out in its repair. Unless it is immediately re-laid, the Council will lay themselves open to an action for damages, for assuredly no taxpayer in the vicinity can be expected to put up with a sidewalk which is worse than none at all, and which will some day be the means of injury to some person.

CANADA THISTLES WANTED FOR MANURE. An old lady, not afraid of Canada thistles, writes as follows to the Country Gentleman of September 17th:—"In your paper of September 3, 1874, page 563, there is a way told us by W. J. F. how to kill Canada thistles. I bought part of this farm in 1821, it being nearly all woods. This timber was nearly all cut into cordwood for boiling salt at Sarnia. Of course the land was cleared slowly, and thistles got the start of me, but they are the poor man's clover. I wish I had every thistle in the state on this farm. I have turned under, I presume, five tons of them to the acre when they were in the bloom—summer following, and taking off 1,400 bushel of wheat the next year, from 35 acres, and not one bundle left unbound. This 1,400 bushels was put into shock in five days, with three oxen and hands to rake and bind. Those who dread thistles do not know how to get good out of evil. I have drawn wheat to Albany from this farm before the Erie Canal was made, this farm joining that ditch for a mile. A poor man must work and step quick to perform what I have done. I have sulk more

than 200 stones on this farm, some that would weigh more than twenty tons each, and in quite smart yet, for a man born before the nineteenth century.

PAYTON'S INDELIBLE INK is indelible still; it is plainly written on the minds of the public; after forty years' test it still holds its own and is the only reliable and standard marking ink in existence. It is used with a common pen for marking linen, silk and cotton, and will not wash out.

HORSE SHOELING. TWO FIRST PRIZES

For the best set of Light, and the best set of Heavy Horse Shoes, were awarded to DUNCAN MCKENZIE, Woolwich Street, Guelph.

OWNERS OF HORSES Who wish to have their horses' feet kept in good condition for travelling should give me a trial, as I devote my whole time and attention to this branch of business. Nothing but horse shoeing is done in my shop. This enables me from my long experience in this branch to do horse shoeing superior and quicker than can be done in shops where all kinds of jobs are done. Horse shoeing should be kept entirely by itself. Thinking my customers for their very liberal support since commencing business I hope by strict attention to my business to have a liberal share of public patronage. I am, Yours Respectfully, D. MCKENZIE, Woolwich Street, Guelph.

FOR SALE—TYRCATHLEN LOTS.

The Venerable Archdeacon Palmer has placed in his hands for sale the Lots in his new survey, immediately in rear of his residence and lying on the north side of Grange street. The situation cannot be surpassed in the town—convenient to Market, Post Office, Church and Schools, commanding a magnificent view of the town and surrounding country. The lots are of different sizes, and well suited for private dwellings, with a first-class soil for gardening.

Those lots on Tyrcahlen Terrace are well adapted for genteel residences, (and will only be sold to those who will bargain to put up good buildings). Plans of the Lots can be seen at my office and particulars for particulars.

Terms very liberal. Purchases made this Fall, interest on balance of purchase money will not commence until 1st April, next. If desired, the lots will be pointed out on the ground.

Also, 17 other lots lying to the north of Palmer street, in Macdonnell's survey, and on Queen and Arthur streets. A very early notice.

**North Waterloo County Show.**  
The Fall Show of the North Waterloo Agricultural Society was held at Berlin, on Tuesday and Wednesday the 13th and 14th inst. The following account of the show is from our special correspondent.

The first day is taken up with the Domestic manufactures. The ladies' work of which there is a fine display, is shown in the Town Hall, as are also the roots for table use, apples, flowers, etc. The square at the back of the Town Hall building is enclosed for the show of implements, horses, cattle, sheep, and pigs, while round one side the turnips, potatoes, mangolds, and other roots are exhibited. The day being cold there are very few visitors, the great rush being expected to-morrow, which is really the show day. The number of entries is fully up to last year, and the articles are equally good in quality. As there are no names on the ticket in the majority of cases, your correspondent could not get the names of many exhibitors, while some things that were exhibited and which deserved special notice could not have justice done them without the name.

E. Brown shows four Johnson single reapers, a Cayuga Chief single mower with back cut, and a Warrior single mower with front cut. Having knives with sections only 2 1/2 inches wide, the guards in this machine are very close, so that the knives are not so apt to be injured by stones. He also exhibits a straw cutter and general purpose plow, manufactured by Brown & Patterson, Whitby, also one of Thain & Elliott's celebrated seed drills, R. P. Calton's scarifier or horse hoe and an iron harrow with concave steel pointed teeth, by the same manufacturer.

W. W. Cowan, Berlin, shows his celebrated iron harrow, which takes a first prize, two iron plows, one of which takes a second prize, and a set of horse shoes.

R. Leighton, Crosshill, exhibits an iron harrow which takes the second prize, and a cultivator on a new principle, which takes a first prize.

A. Bardwell, Eramosa, has two broad-cast sowers on exhibition. These machines are from the Joseph Hall Manufacturing Co., Oshawa.

J. O. Wisner & Son, Brantford, have a grain drill.

Nicholas Kuller exhibits a single reaper, also a mower, manufactured by Harris & Sons, Brantford.

W. & J. F. Maude, Berlin, exhibits some fine machinery, consisting of a double heading jointer, heading turner, heading planer and a well got-up drag saw, for each of which he takes a special prize.

Ziegler Bros., Berlin, exhibits three splendid buggies, one of their celebrated road waggon, which took the first prize at the Central Exhibition, Guelph, an extra prize at Toronto and an extra at Berlin to-day. They also take a first prize in a top buggy, having taken the second with the same vehicle at Hamilton Show last week. Their other buggy was not shown for a prize.

F. Merner, New Hamburg, exhibits a very fine phaeton buggy and takes a first prize.

Oberholtzer & Co., Berlin, exhibit two of W. Bell & Co's, celebrated organs, and take a first prize, also a Weber piano, which takes a special prize.

A. Webster, Berlin and Crosshill, exhibits three Osborn Family Sewing Machines, manufactured by the Guelph Sewing Machine Co., and take a first prize, one of these is a very fine machine with an extension table, silver mounted. These machines do very fine work and have been awarded over fifty first prizes, and have taken the first prize for three years in succession wherever exhibited.

Geo. Wright, Preston, exhibits two Royal sewing machines, manufactured in Hamilton by the Gardner Co's. The "Royal" is a new machine which has been lately introduced. All the movements are driven from the main shaft, this giving the machine great strength and durability. One of these shown has an extension table and is a well finished machine. At the South Riding of Waterloo County Show, held at Galt, the Royal took the diploma over the Osborn, Climax and Raymond machines.

C. R. Lunndy, Berlin, shows some very fine Photographs in a frame; also a large Photograph, which gives evidence of superior workmanship. His Photographs have a very fine finish, and display very creditable taste. He takes first prizes.

J. M. Staebler, Berlin, exhibits a very fine water color sketch of a basket of fruit, which takes a first prize.

There is an oil painting of a little boy, which is well executed; also some very fine pencil and pen and ink sketches.

There is very little competition in harness, only one set each of heavy and carriage, and one set single harness being shown.

In the boot line, one pair of fine felt boots, also several pairs of shoes and slippers, which are strongly suggestive of comfort in the coming cold weather. Some very fine sides of leather are shown.

In ladies' work the show is very good, there being 9 exhibitors of cushions, 7 of them being raised work in Berlin wool. They looked very pretty. In flower wreaths the show is good. The display of crocheted work, tating, braiding, letting and embroidery, is very creditable. In patched quilts the show is hardly so good, while the display of coverlets was splendid, both as regards quality and design. The rag mats exhibited are really beautiful. In home-made cloths, such as fulled cloths, shirting, flannel, blankets and vincer, the show is good. There are also stockings, socks and mitts, well finished.

The show of fruit, especially in apples, is very good, the size of those shown being especially remarkable. Pears are also good. A few grapes, plums and pears are also shown.

In garden roots the show is fair. Some very fine table carrots are shown; also some fine beets, citrons, onions, cauliflower and cabbage.

The show of house flowers is very good, considering the lateness of the season.

John Wittik, Berlin, shows some very fine Bibles, two of which are published by Mr. J. W. Lyon, of Guelph, and are splendidly got up, being gilt bound in Levant Morocco, and finished in the finest style of the art. All in want of a family Bible ought to purchase one of the above Bibles, which are printed both in the English and German languages.

Dairy products, &c., are shown in a separate room. The display of butter is very good, there being 17 entries for table butter and 12 for firkin butter. There is also a very good show of home-made bread. There are some very fine cakes of maple sugar shown, also drained sugar. The show of maple molasses is very good. There is only one exhibitor in honey.

**MANUFACTURE OF COCOA.**—We will give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Euston Road, London. See article in *Cassell's Household Guide*.

Remember the Store—THE GOLDEN LION—where the once wonderful John Hogg was, and where the now wonderful J. D. WILLIAMSON is. Although unprincipled men have been trying to impose on the people that the Lion has been moved up street, the Lion is still in the old spot, next door to Mr. John Horsman's, Lower Wyndham street. Where the Lion is, there the Bargains are.

**J. D. WILLIAMSON.**

Golden Lion, Wyndham Street, Guelph.

**THE NEW STORE**

**WONDERFUL ATTRACTION!**

**TREMENDOUS RUSH**

**JOHN HOGG**

Has now got his New Store, New Goods, and New Prices into full order, and his old Friends and Customers are pouring in to welcome him back again to serve them.

I wish it to be distinctly understood that I have no connection with any Golden Lion, in Guelph or elsewhere, as my New Store only contains New Goods fresh from the Looms. I have no old Shop keepers' to palm off. My prices for the Best and most Stylish, fresh and New Goods are 20 per cent under the old prices charged for Stuff in the other Stores.

**"DOWN WITH HIGH PRICES."**

Twenty-one years ago I commenced a War of Extermination against long prices and long profits—and I succeeded; but, alas, on my retirement from the Mercantile business four years ago, again the thirst for long prices and long profits began to show Signs of Life, and has continued up to this present time.

But, lo! what a Commotion there is now in the Camp of long prices and long profits, and well may there be that Commotion, because the WONDERFUL JOHN HOGG is up and at it again.

**CLEAR THE TRACK!**—Look at the immense throng about his Store. The Public appreciate an ENTERPRISING man and support him.

Call at once at the New Store, Upper Wyndham Street, Guelph. Ask for John Hogg himself, as many who would like to be John Hogg do not hesitate to deceive strangers enquiring for that Wonderful Man.

All branches of the business carried on. Tailoring done to order. The finest assortment of all kinds of Coatings, Vestings, and Trouserings in the Dominion.

Ready-made clothing in Men's, Youths, and Boys' sizes, 25 per cent under anything in Guelph.

My general Stock of Goods is stirring up the Slow Coaches and making them open their eyes, saying "Hogg is losing Money."

REFORM, not only in the high prices charged, but in the quality of Goods offered to the Public.

The Public may at all times feel safe while I am in the business. I shall keep a watchful eye not only on the character of the Goods offered but on the prices charged.

**JOHN HOGG.**

Alma Block, Upper Wyndham Street, Guelph.

N.B. Mr. William Knowles, long and favorably known to the Public, is again with me and will be glad to see old friends and customers.

**MILLS & GOODFELLOW.**

Guelph, Sept. 9, 1874.

**AN ORIGINAL METHOD.**—The Menonite settlers in Manitoba do some queer things. One of them the other day, we are informed by the *Winnipeg Free Press*, purchased in the neighborhood of the city, a bull, a cow, and a calf. He tied the tail of the bull to the horns of the cow, and the tail of the latter to the neck of the calf. Then tying a rope to the horns of the bull, he fell in front, and commenced to tow. The scene was intensely ludicrous to spectators, but the proprietor of the cattle seemed to think it was all correct.

A part of the standard of weights and measures has been received from Europe by the Department of Inland Revenue, also regulation gas metres. The remainder are expected by the next steamship. There will not, however, be enough to carry the law into full force, owing to Tupper's Act making the districts too large for practical purposes.

**Commercial.**

**Guelph Markets.**

**MERCURY OFFICE, Oct. 15.**  
The market still continues brisk as ever. Every day the market ground is crowded with farmers' wagons. Barley still continues to take the lead, both as regards quantity and price. The daily receipts have of late been in the neighborhood of 1,000 bushels. The price has been steadily advancing since our last issue, and being readily affected at from 95c to 97c per bushel, while last week the quotations for barley were from 90c to 92c per bushel. In peas, the average daily receipts are about 2,000 bushels, with prices little changed. Oats are well supplied, at from 38c to 40c per bushel. In wheat there is little stir, and prices remain unchanged. Butter keeps rising in value. For dairy packed, from 26c to 28c per lb. is readily obtained. Dressed hogs bring from \$7.50 to \$8 per cwt., but there are only a few coming in as yet.

**Special Notices.**

**THE GREAT SUPERIORITY OF DR. Wheeler's Compound Elixir of Phosphates and Calaisa** consists in its being purely physiological in its action in restoring all forms of debility by supplying the waste of tissues resulting from mental and muscular exertion, and from the exhausting effects of nervous prostration and general debility. For building up constitutions of low vitality from nervous, or commencing diseases, or impaired by dissipation and bad habits, it is unequalled, as it immediately imparts energy to the digestive apparatus, and creates healthy blood, toning and vitalizing all the organs of the body in the same manner as our daily food. Phosphates are the only compounds of Phosphorus assimilated by the system, and are Nature's agents for maintaining the vital powers.

The Simplest, Cheapest, and Best Marking Apparatus in the World

For Marking COTTON, SILK, WOOLEN, and LINEN, is

PAYSON'S INDELIBLE INK.

Used with a Common Pen without a preparation.

This ink flows perfectly; will write as easily on the finest muslin as ink on paper. It does not dry up, and retains its virtues longer than any other ink known. It will not injure the finest fabric. PAYSON'S INK has endured the test of forty years, and is now the most popular ink in existence, and is unrivalled for uniformity of quality and durability. It will mark more neatly, quickly, and indelibly than any other apparatus. It requires no preparation of the fabric.

Which may be done at one-fourth the usual Expense, by Using

Glines' Patent

**SLATE ROOFING PAINT!**

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and NEVER CRACKS nor SCALES. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense. The Slate Paint is

**EXTREMELY CHEAP!**

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is Used in this Composition, therefore, it does not effect the water from the roof, if turned off from the easter before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.
