

HAMILTON HAPPENINGS

AN ELECTRIC RAILWAY FROM HAMILTON TO GALT

May Be Extended Ultimately to Waterloo—Will Mediate Ironworkers' Strike.

HAMILTON, May 17.—(Special).—That an electric railway will be built from Hamilton to Galt by the Dominion Power and Transmission Co. was announced here today by officials of that company.

The expected garment workers' trouble in the Thornton and Douglas factory has been averted by a conference between Organizer Sam Landers and Geo. H. Douglas of the firm.

Hazing in Public School. That hazing is a common practice in the St. Lawrence school is the statement made today in connection with the case of 13-year-old Jack Dodds, who is suffering from brain fever, caused, it is alleged, by a beating he received at the school.

The parks board to-night considered the matter of bringing Professor Davey, the noted tree surgeon, here for a lecture on tree culture.

The promotion of Major F. B. Ross, second in command of the 13th Royal Regiment, to the rank of major, lieutenant-colonel, was announced here today.

It was announced this morning that the Dominion Power and Transit Inc. was making arrangements to run an electric line from Hamilton to Galt.

The company will use its present track from Hamilton to Brantford and then cut across country from there to Galt. The company also intends to construct a road which John Patterson, local financier, is trying to build from Hamilton to Waterloo and Guelph.

The company is largely extending its generating plant at Decew Falls in preparation for these lines, and also for large extensions it contemplates making to its other electric suburban and interurban lines which run into this city.

FANDOM TAKE NOTICE. A group view, together with special portraits of Kenney, Kolsch, Knotty Lee and F. Barton of the Hamilton Baseball Club of the Canadian League, appears in this week's Sunday World. For sale by all newsboys and newsdealers.

TREPANIER WILL HANG. THREE RIVERS, Que., May 17.—(Special).—Trepazier, found guilty on Saturday last of the murder of Maurice Plouffe in March last, was today sentenced to be hanged on July 21.

Will Address Ladies. Hon. I. B. Lucas will speak on reciprocity before a meeting to which all ladies interested are invited at the Conservative club rooms, 1814 Simcoe-street, at 3.30 this afternoon.

HAMILTON HOTELS. HOTEL ROYAL

WATROUS' FINE FUTURE ITS RESOURCES UNIQUE

As a Health Resort It is Attracting Notice—Land Values Soaring.

WATROUS, May 17.—One of the most ideal townships along the line of the Grand Trunk Pacific Railway is the Township of Watrous, in eastern Saskatchewan. This thriving town is but a little over three years old.

Watrous is known all over Canada, and town lots are selling rapidly. Located in one of the richest agricultural districts of Saskatchewan, its well-known natural resources are its best recommendation to investors.

Watrous is located most picturesque. Little Manitou Lake is directly to the north, leaving sufficient space between the railroad and the shore of the lake, for the town to grow.

Watrous is a beautiful and healthful summer resort. It is 15 miles long and two miles wide. It contains a wonderful medicinal water, an analysis of which shows that it contains a high percentage of salts, and closely resembles the famous Hunyadi Janos.

It is highly valuable for the treatment of skin diseases and rheumatism, and of great value for many medicinal purposes. Some wonderful cures have been effected by the use of this water, and it is highly valued and recognized by physicians as a stimulant.

A syndicate of citizens of Winnipeg are about to erect a large sanitarium on the banks of Lake Manitou. Plans for this sanitarium are now being considered, and it is hoped that the work of construction will commence soon.

With the excellent railway accommodations afforded by the Grand Trunk Pacific Railway, a more desirable and ideal spot for a sanitarium could not be found. With the advantages afforded by a growing town like Watrous, this certainly constitutes a most excellent and convenient summer resort.

INVESTIGATED BEFORE Sir Sanford Fleming's Charges Same as Made Last Year, Say Directors.

MONTREAL, Que., May 17.—At the regular meeting of the directors of the Canada Cement Co. which was held here this afternoon, the sensational charges recently made by Sir Sanford Fleming were brought up.

With regard to the charges made by Sir Sanford Fleming, these are the same as he made last year. The meeting then had Sir Sanford's charges investigated by a committee of his own choosing, and also by two prominent counsels, one of whom was nominated by Sir Sanford Fleming himself.

Mr. Levee last night refused to state what stand he will take at the meeting. "The more said, the more controversy," he explained.

Mr. Levee refused to divulge anything relating to the report he will present this evening. He stated that he was very much amused by the statements of an evening paper last night. He thought they were "very crude."

EVANGELICAL ALLIANCE DON'S ARMOR FOR BATTLE

Rev. Dr. Hincks Urges Need of Fighting Spirit Towards Papal Decree.

"Within a few hours the Evangelical Alliance of Canada will take its place on the firing line, as the Evangelical Alliance of Great Britain is doing with respect to the Ne Temere decree," said Rev. Dr. W. H. Hincks at a crowded mass meeting in Bond-street Congregational Church last night.

But slanders suits were very costly and out of the question in many cases. The Emperor of Germany has set the right example in refusing to allow the Ne Temere decree to be promulgated in Germany, and Italy had resented the decree by making it a priest to attack the morality of a civil marriage.

Some people were saying that outside of Quebec it was a private matter, but in the country it was an insidious attack upon the civil law of the state.

Violation of B. N. A. Act. Bishop Faucher, a valiant Anglican Bishop of Montreal, had pointed out that the legislature of Quebec, in making the civil law regarding marriage there, was in violation of the Roman Catholic Church instead of the common law with regard to mixed marriages, was violating the British North America Act, which only left regulating of the solemnization of marriages to the provinces.

Aroused in Britain. In England, Scotland and Ireland, monster mass meetings of protest were being held against the Ne Temere decree. The Evangelical Alliance of Great Britain had notified the Pope that, unless the decree was lifted before the coming autumn, the most representative Protestant delegation that ever assembled within the British Empire would be convened in London, and would carry the protest to the foot of the throne.

IN "EMPEROR" LARGEST STEAMER The name of the largest ship in the world, now building for the Hamburg-American Line, at Hamburg, tentatively called S. S. Emperor, has been changed to S. S. Imperator. The Imperator will be completed in 1912.

Executive for Playgrounds. A definite plan of executive for the supervised playgrounds was decided upon by the board of control. Up to date the city council, the Toronto Playgrounds Association, and the board of education have all had a hand in the management of the playgrounds.

WEST TORONTO, May 17.—(Special).—The first annual field day of the Humberdale Collegiate Institute will be held next Friday afternoon on the school campus. There will be seven events, and the company are anxious which will be track. There will, however, be hurdles and a few jumping events. Medals will be given to the winners, and those in second place will probably receive the crest of the school about the association.

WEST TORONTO, May 17.—(Special).—The condition of ex-Mayor John Fisher is practically unchanged, and no serious apprehensions are experienced by his many friends, although unconsciously many of these in their anxiety to keep in touch with the venerable ex-mayor cause undue strain on the latter and his immediate relatives.

While real estate is moderately steady and active, there is no undue boom in town, and everything points to a year of substantial growth and progress.

The induction in the Epiphany Baptist Church last night of Rev. Thomas Wearing was a notable event in Baptist circles in town, and one that will long be happily remembered.

While real estate is moderately steady and active, there is no undue boom in town, and everything points to a year of substantial growth and progress.

EARLY CLOSING

During May, June, July and August Store Closes SATURDAY at 1 P. M. No noon delivery.

HUMBER PLAN OPENS WAY FOR GREATER TORONTO

Annexation of Territory West of the Humber Assured—Botanical Gardens.

The Humber Valley boulevard and park scheme, launched by R. Home Smith on Tuesday, has already "caught on," and the proposition outlined in that gentleman's letter to Mayor Geary has already been drafted into a larger and more pretentious scheme. If the amplified plans are carried to fruition the city and province will unite to establish botanical gardens along the river, as it is reported that the government is willing to appropriate \$100,000 for such a purpose. This, with the work of Toronto University, this would undoubtedly make the city a center for gardeners and horticulturists from all sections of the province. Already Prof. Zavitz of Ontario Agricultural College is carrying on a similar work in connection with tree-planting in North York County.

Mr. Home Smith appeared before the board of control yesterday morning to explain the nature of his offer, and extended an invitation to the mayor and aldermen to visit the locality next Thursday, which has been accepted. Mr. Smith urged upon the board the necessity for speedy action in expropriating the Watson and Kennedy lots at the mouth of the Humber River. The former, he pointed out, was mostly swamp and unavailable for residential purposes.

"But the Humber is going to be the boating centre of Toronto and you will some day want to build municipal bathhouses there. This would be a fine site," he said.

The board agreed to advise the council to expropriate the Watson lot, and will get a report on the 17-acre Kennedy lot, near Dundas-street. A further suggestion was to expropriate 100 feet west of the Humber along the lake front.

A Greater Toronto. The board also decided on the policy of annexing to the city all the district between the western city limit and the Humber, which includes Swansea, and a report will be had to show how far west of the Humber the city boundary should extend in order to have both banks of the river under the control of the city.

Sentiment in Swansea appears to be in favor of annexation. There is lack of school accommodation; the Humber needs policing, and there is room for improvement in the postal delivery. R. C. Smith, chairman of the public school board of Swansea, expressed the view yesterday that the scheme would tend to increase land values. "The township has increased our assessment to four or five times what it was, so we are right upon a level with west end city values right now," he said.

New Car Line to Humber. "If this plan is approved, it will probably mean that a street car line will be laid right out Bloor-street, past High Park, bridging the big ravine and extending to the Humber. Then when the city takes over the Lake Shore-railroad line to a point 600 feet west of the Humber, next January, we should have a one-fare car service on the south, too. This territory is not a newly annexed district, and it is likely that under the agree-

ment the Toronto Railway Co. would have to operate their cars on it. Whether they are forced to or not, it would be policy for them to do so. Another improvement the Swansea people may ask for is an extension of Grenadier-road eastward across the north end of Grenadier Pond and thence crossing High Park, to connect with Howard Park-avenue. This could be made a pretty carriage drive at small expense.

REV. MR. SEAGER'S QUANDARY

Called to Grace Church After Accepting New Westminster's Invitation.

Rev. A. C. Seager of St. Cyril's Church, has been invited by the congregation of Grace Church, Elm-st., to accept the rectorship of that church. Canon G. L. Starr of Kingston, accepted the call to Toronto, but later changed his mind. This prompt action was taken as Rev. Mr. Seager is now considering an invitation to New Westminster.

The new Grace Church is to be located on College Heights, where many of the congregation have lately moved. The building on Elm-st. will be sold, and the proceeds, with some subscriptions, will go towards the erection of a new edifice.

Mr. Seager is in a quandary as to what course he will take. A week ago he decided to go west, on the invitation of the Bishop of New Westminster, and accepted the terms offered. Since then the Bishop of Toronto has ordered him Grace Church, but he is in honor bound to accept the call to New Westminster, unless the western bishop releases him. Mr. Seager has called the facts of the case to the Bishop of New Westminster, who is at present in England, and will wait to hear from him before he takes any definite action.

REV. DR. YOUNG ACCEPTS.

MONTREAL, May 17.—At a private meeting of the ministers of the Montreal northern district of the Methodist Church, Rev. Dr. W. R. Young announced his decision to accept a call to Broadway Tabernacle, Toronto, as soon as his term expires in Douglas Methodist Church here. He will go to Toronto in the third week in June, 1911.

THE HAMILTON TRIPS.

Commencing Saturday, May 20, the steamer Macassa will make a round trip daily out of Toronto, leaving at 9 a.m., returning leave Hamilton at 5:30 p.m., arriving at Toronto at 8:15. This service will give Toronto citizens the benefit of a five-hour stay in Hamilton. The 50-cent return Saturday rate will be in commission for Victoria Day, and with the Macassa will furnish a special holiday service.

Hull Wants Printing Bureau. OTTAWA, May 17.—Hull wants the new printing bureau, and it is going to move heaven and earth to get it. The board of trade, the city council, and all the influential people of the Trans-Canada City are into the campaign, and Hon. Chas. Murphy, the secretary of state, is going to be subjected to a siege of deputations.

The funeral of the late Roman Catholic Archbishop McEvay, and the incidents connected therewith, are aptly pictured in this week's Sunday World. The numerous views and portraits reproduced will form a fitting souvenir of this sad event.

GIVEN SEVEN DAYS TO RAISE BROKEN INTAKE

Job May Cost \$30,000 Say Contractors, Who Will Be Allowed Free Hand.

Contractors may now put in their tender for the work on the intake pipe, but they will have only seven days in which to do it. The terms are left wide open, and the tenders can either go on the percentage which have been prepared by Waterworks Engineer Fellows, specifications prepared by themselves, or tender for the job as a whole, or on the percentage basis. This was the way Controller Church's motion ran, and it appeared satisfactory to both the board and the contractors.

The contractors wanted to know if they could use the city's equipment to explore the depths and see how long it would take to do the work. Mr. Fellows readily agreed to this. The specifications ask a \$10,000 bond from the tenderers, but the board lowered this to \$5000. If a perfectly satisfactory tender is made by any one it is possible that this will be taken off altogether.

BIG CONVENTION OF VETS

Twelve Hundred Delegates Expected Here in August.

The 48th annual meeting of the American Veterinary Medical Association will be held in this city Aug. 22, 23, 24, and 25. Dr. E. A. A. Grange is chairman of the local committee, Dr. D. King Smith, treasurer, Dr. J. S. O'Lea, secretary, the other members of the committee are: F. C. Grimside, J. A. Campbell, J. P. Bond, Wm. Cowan, T. E. Hurd, W. J. D. Fowler, Chas. Elliott with H. J. P. Good as business manager.

It is anticipated that there will be from twelve to fifteen hundred delegates with their friends in the city during the convention. The meeting will be held in Convocation Hall, University of Toronto, which President Falconer has kindly placed at the disposal of the local committee. The 47th annual convention was held at San Francisco last year, there being between six and seven hundred delegates in attendance.

As Toronto is so much nearer the greater cities of America, it is expected that the number in attendance will be easily twice as large as at San Francisco. In previous years the average attendance of delegates at these meetings has been nine hundred to one thousand. Geo. H. Glover, Fort Collins, Colo., is president.

In connection with the convention an exhibition of surgical appliances and other articles used by the veterinary profession will be held in the hall. Dr. Grange has been engaged with Dr. King Smith in making the local arrangements for some time past, and says the convention will be the largest and best attended the association has ever had.

South Ontario Liberals. South Ontario Liberals will hold a convention at Whitby on Saturday afternoon next, to be followed by a reception at the city.

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also enclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person. This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. The size is 8 1/2 x 11 1/2. It is substantially bound in oiled muslin and is designed for utility. Caution—Not more than one coupon bearing the same date will be accepted.

The Toronto World Cook Book. MAY 18 1911. Void if presented after June 27 1911. Be sure to write your name and address plainly in the lines below on at least one of the certificates, if you wish the Cook Book sent by mail. Name Address

PEOPLE'S RAILWAY EXTENDED

Understood Intention is to Push Line Thru to Detroit.

It is reported that the People's Railway, on which construction work has been done from Guelph to Berlin, will be extended from Toronto to Detroit. A contract was signed at Toronto yesterday between a Mr. Van Norman, representing Michigan capitalists, and the company.

This railway was originally incorporated under a provincial charter, but was recently granted federal incorporation, and will use hydro-electric power. It is expected that the line will be in operation in five years.

SON OF ALD. CHISHOLM DEAD.

Sympathy is with Ald. Chisholm from his wide circle of friends in municipal, business and private life, over the loss yesterday of his little son, William Douglas, who passed away after a short struggle with a complication of diseases. He had been ill with diphtheria and heart trouble coming on, made a consultation of physicians on Tuesday necessary. Their efforts availed little, however, for the 5-year-old constitution could not stand the strain and he gradually sank until last night, when the end came. The funeral will be strictly private.

Objects to Level Crossing. From another source comes combat to the C.P.R.'s plan of crossing Spadina-avenue on a level crossing. Dr. J. O. Orr, manager of the exhibition, declared yesterday that if the idea went thru it would put an end to all hope of rapid transit from the Union Station to the exhibition grounds.

Mrs. Fraser in Town. Mrs. Michael Fraser, of romantic fame, was in the city yesterday. She declared that her husband had not been in very good condition of health since his trying interview with the judges and doctors.

INSUFFICIENT FIRE PROTECTION.

MONTREAL, May 17.—Chief Tremblay appeared before the board of control to-day and deposited his report upon the inspections the fire captains have made of all the apartment houses in the city and moving-picture shows. In regard to the apartment houses, the chief states that "in nine cases out of ten the houses are not provided with proper or sufficient protective apparatus against fire, and in many instances there are no fire escapes at all."

The reports show need for improved fire protection in many of the moving-picture shows in the city.

BOURASSA'S CAMPAIGN.

QUEBEC, May 17.—It was announced to-day that Mr. Bourassa will inaugurate his Nationalistic campaign on May 31, by mass meeting and demonstration in the Ontario Skating Rink. Mr. Bourassa, Mr. Monk and Mr. Armand Lavergne will be the chief speakers.

Some Big New Buildings. Building permits for three big buildings were granted yesterday by City Architect McCallum. They were to Mr. Rawlinson for a \$30,000 warehouse on St. Nicholas-street, the Western Baptist Church, Queen and Callendar-street, for a \$40,000 church and Sunday school, and the Toronto Carpet Co., Mowat-avenue, a five-story factory, \$20,000.

WILL INSURE MUNICIPAL BUILDINGS.

MONTREAL, May 17.—Following yesterday's fire, which destroyed the civic water-works shops, the board of control has decided to insure all municipal buildings in the city against fire. The value of the buildings, exclusive of land and furniture, owned by the city, is entered in the city assessor's books at \$3,272,535, of which \$31,800 is put down as the value of the city hall.

Sound Argument. You can't feel energetic unless you are well and you can't feel well unless your stomach and bowels are well looked after. St. Leon is a natural spring water, heavily charged with iron, sulphur, magnesia and a dozen other minerals. You get it just as it flows from the black rocks in the north country, in all its sparkling purity. From dealers, or Main 1321.

UNDERBID CANADIAN FIRMS

Big Contract for Bank Steel Vaults Goes to York, Pa.

The contract for the construction of the steel vaults for the new Bank of Toronto building at the corner of King and Bay-streets, has been awarded to the York Safe and Lock Co. of York, Pa. The contract price is said to be about \$150,000, and the difference in favor of the American builders was \$30,000. A representative of the J. & J. Taylor Safe Works said that there was room for a large difference in tenders for lock work, as the specifications were loosely drawn, and vault workers usually specified a certain size and class of vault built for the amount named. Protection, he explained, the nominally 30 per cent, was actually only 15 per cent, as a duty of 15 per cent, is levied on steel imported for the manufacture of vaults.

The economies which an elevator effects in a factory

Probably in no department of industrial activity is the need for economical production more urgent than in the factory. Competition, keen and perpetual, drives prices to the smallest margin of profit. Careful restriction of overhead expenses, therefore, is vitally essential. Take, for example, a machine shop where "parts" are stored in a flat above. If there is no other means but the stairway, of transferring "parts" from one floor to another, think of the tremendous amount of labor thus involved. Time spent on this work by workmen who might be more profitably employed at something else. Money spent on wages that would otherwise be counted as profit. Excessive hand labor for work which

OTIS FENSOM FREIGHT ELEVATORS

could do, far more expeditiously and economically. With an Otis Fensom Elevator raw materials and "parts" may be stored in the flat above, the ground floor being kept for manufacturing purposes only. Also the work of storing and collecting can be accomplished in one-half the time and with one-third the labor required by the old slow method of carrying the load up and down stairs by hand. The initial cost is light, and your regular line shaft can be used if an Otis Fensom is installed. For those who do not require or cannot use a belted elevator, there is our latest improved design of Hand Power Elevators. These elevators are constructed throughout in a thoroughly substantial and workmanlike manner, and are equipped with our improved steel roller bearings, which run with the least possible friction and without oiling. The brake is a new design of very powerful cam, which will stop and hold the car with its heaviest load at any point. It has also other special features which commend it from a safety point of view.

Send for our illustrated book, "Freight Elevators and Their Uses." Please send me a copy of your book. Name Address

3. Capt. Nelson, 108 (Orlene), 108.

4. Almitos, 109 (Editor), 110.

5. Lucky Boy, 109 (Terrible Dan), 110.

THE TRACK AT WOODBINE NEVER IN BETTER SHAPE

Railbirds Enjoy the Trainers Derby That is Won by Ondra—Horses From Baltimore.

So far the rain that has fallen has only benefited the Woodbine track. It is hardly a whit slower than it was at its best.

From continual pounding the track was loosing its spring, but now it is regaining it. A better made track, according to an experienced trainer, there never was than at Woodbine.

It had been made and his response was that all he could say was that extra-ordinary care must have been taken of it.

Yesterday morning was a field day with the trainers, who were all abroad putting finishing touches on the horse intended for Saturday's racing. The program for that day is an exceptionally good one, including, besides the King's Plate, the Minto Stakes, the Scarborough Steeplechase, the Woodstock Plate, second only in fame to the King's Plate and three purses, each of the value of \$500.

Altogether the O.J.C. adds \$900, upwards of \$180 sterling, to the purses and stakes for the first day.

Yesterday morning the trainers had what they were pleased to call their Derby. It was really only a work-out, but for the spectators, who were fairly numerous, it possessed considerable interest, especially for those who can see in a horse's striving the highest pitch of an animal's peaceful effort.

There were five starters and running bunched most of the way they finished with Harry Giddings' Ondra, a rare good one by the same token, in front. Detroit secured a nose away, with Sight practically on a level, and Incitatus and Leonard Barry secured up on trailing. The time of the leaders for the half mile was 49 3/5, and it was good and might have been better, for the leaders had something left.

The Woodstock Stakes, Lady Lorne gave a taste of her quality by getting a mile in 1:45, the fractional times being: Quarter 33 4/5, three-furlongs 36, half

WHAT HAPPENED AFTER THE MEETING

"Good Luck" according to Mr. Price Collier, an American writer, is not the accident most people think it is. It is often what happens when Opportunity and Ability Meet

There was a demand for a better 10c Cigar. S. Davis & Sons, with fifty years' experience, were able to meet that demand. Opportunity and Ability met, and the result was THE DAVIS "PERFECTION" 10c CIGAR

"PERFECTION" is not a "caprice," a "chance" or a "stroke of good luck."

"PERFECTION" was thought out before it was brought out. It contains a blend of the world's choicest tobaccos.

MILD, YET EXQUISITELY FRAGRANT.

S. DAVIS & SONS, LIMITED, MONTREAL.

Makers of the famous "NOBLEMEN" 2-for-a-quarter Cigar.

THURSDAY MORNING, MAY 18, 1911.

UNITE TO FIGHT CONSUMPTION.

We have been charged by The Evening Star with misrepresenting criticism of the medical health officer's campaign against tuberculosis.

We do not wish to begin a campaign on a question which we believe can best be settled to the advantage of the citizens generally, the stricken patients, the National Sanitarium Association, and the city health department.

We are satisfied that co-operation is possible and desirable, but it is not to be brought about by acrimonious newspaper controversy.

If the city can add to what is being done, and if the present work can be made more effective small objects than diphtheria, scarlet fever, smallpox, typhoid, cancer, appendicitis, meningitis and influenza, all combined.

Consumption kills more people than diphtheria, scarlet fever, smallpox, typhoid, cancer, appendicitis, meningitis and influenza, all combined. No one who knows the conditions can dream of duplication of effort.

cap, and ponder over the possibility of improving the situation. Toronto ought to be able to accommodate its market business at least as well as Hamilton.

THE ONTARIO RAILWAY BOARD.

In the early stages of the career of the Ontario Railway and Municipal Board, while so to speak it is finding itself, and while the various bodies with which it has to deal are unaware of the extent of its jurisdiction or the principles animating its rulings and policies.

In the recent misunderstanding with the city, for we believe it to be no more, there was a very natural and a very proper jealousy on the part of the city to protect those rights which the authorities of wider jurisdiction have often seemed willing to arrogate to themselves.

On the other hand the railway board, under the act, is given the authority formerly exercised by the Lieutenant-governor-in-council in certain respects, and must necessarily acquit itself of its responsibility.

These things pertain not only to Toronto in its relation with the railway board, but to all other municipalities and the board, and it is of as much importance to them as to Toronto to have a correct understanding of the application of the act regulating the board's jurisdiction.

There appears to have been a misapprehension in connection with a remark dropped by the chairman of the board relative to the control of the policy of the city in laying water mains or street car lines or carrying out any other scheme desired by the city.

If we laid undue emphasis upon the remarks of the chairman, we are glad of the opportunity to correct a false impression. It would be intolerable to the citizens of any municipality in the province if any outside authority should be able to dictate what they should do or not do after a vote of the citizens had decided upon a certain course.

The functions of the board are usually and necessarily employed in deciding whether work that has been determined upon is well and truly done, and that the money the citizens are supposed to be spending is actually spent.

Under the act, a ratepayer is entitled to ask at the board's office for such information as this, and the board must be in a position to give it. Naturally the board requires to get it from the municipal authorities. We believe an understanding of the position will remove any danger of friction.

Such a memorial as that presented to the mayor, board of control and city architect by a general committee representing various technical and business organizations in support of the request for a revision of the Toronto building bylaw, is entitled on its merits to careful consideration.

Its subject matter is of great importance in the general interest of the public who should, of course, be properly protected in building construction. But it is right also that the regulations enforced should be reasonable and not exacting above what is necessary.

The objections to the present bylaw have been grouped under four heads—undue severity in many of its provisions, undue laxity in others, incompleteness and faulty editing and the memorial gives in detail the reasons for revision.

These will, no doubt, be given full weight by the city's technical advisers and it ought not to be difficult to reach an agreement which will conserve the interests of all concerned in building operations and provide adequate safeguards for the public.

If Brother Bryan is as much of a back number in his politics as he is in his theology, he will never lead a revolution.

There is a magnificent parody of Walt Whitman in Punch of May 3. Our magistrates should see that the police are instructed to prevent its circulation.

If Hon. Mr. Mabee should order a bridge at Sunnyside, as he ordered a viaduct on the esplanade, he may displease one or two gentlemen who are not specially concerned with the public convenience, but he will earn the regard of the people generally.

Killed by a Train. MONTREAL, May 17.—Struck by a Grand Trunk train at Valois, near Machine, this morning, Mr. Harry Hobman, aged 30, was almost instantaneously killed. He lived in Valois, and was on his way to take a train for this city.

Money deposited with this Corporation is always Available When Wanted. No depositor has ever been asked to wait an hour for any money at his or her credit.

A page from the new Encyclopaedia Britannica. India Paper:

A story told in five photographs.

1.—Tied in two knots.

It has been said that the employment of India paper has more than doubled the usefulness of the Encyclopaedia Britannica. The striking improvement is the more attractive since, in the reduction by two-thirds of its bulk and weight, the book loses nothing in the legibility of its pages and makes a distinct gain in strength.

2.—Passing through a lady's ring.

As a test of its wearing qualities, a page of the new Encyclopaedia Britannica was folded and tied into knots, passed through a small ring, crumpled into a tight ball. It was then opened out, when a few strokes from a hot iron brought the page back absolutely to its original state.

3.—Crumpled up in a tight ball.

4.—Partially smoothed out.

5.—Completely ironed out.

court the certificates held by counsel for Harris-Maxwell to be handed over to counsel for Goldfields, and judgment reserved on the motion. Re Imperial Land Co.—G. H. Kilmer, K.C., for town of Sturgeon Falls. S. H. Bradford, K.C., for the liquidator. An appeal by the town from the order of J. A. C. Cameron, official referee, dismissing the application of the town of Sturgeon Falls for leave to commence an action for a declaration that the said corporation has a lien on the lands of the Imperial Land Co. for amounts due for taxes, and to enforce such lien. Appeal allowed. Judgment: Appeal allowed and order made granting leave to town to sue the liquidator and the Trust and Guarantee Co. to declare the right of the town with respect to the taxes assessed on the lands of the Imperial Land Co. unless within three days to have or any relief enforced without leave. The town is granted leave to give notice under sec. 84 of the Assesment Act, unless within three days to the trustees for the bondholders file an undertaking to pay over to the town all rents received from this time on the order made on this motion. Costs of this motion to be added to taxes. Costs of former motion in cause in action to be brought.

Divisional Court. Before Meredith, C. J.; Teetzel, J.; Clute, J. Re J. S. Macdonald, Uppley v. T. G. G. T. Corporation—E. S. Uppley, for plaintiffs. S. Uppley and A. Pemberton, E. D. Armour, K.C., and R. Smith, K.C., for defendant. J. Langlois and G. Long, for defendant. E. F. Schauer, E. G. Long, for Toronto G. T. Corporation. B. Osler, for plaintiff. Louise Uppley and Adele Pemberton and the defendants, Josephine Langlois and George S. Macdonald, from the order of Middleton, J., of 15th January, 1911. The order complained of was made on a motion for an order constraining the will of the late Hon. John Sandfield Macdonald, and deciding that the representatives of testator's daughter Lilla were entitled to share in the distribution made by the executors subsequent to her death, and that the capital invested to produce the annuity payable to the widow upon her death fell into the residue and became a divisible part of the estate of the testator's daughters and son George. Judgment: Appeal dismissed.

Before Falconbridge, C.J.; Britton, J.; Riddell, J. Plunkett v. Toronto Railway Co.—A. J. R. Snow, K.C., for plaintiff. D. L. McCarthy, K.C., for defendant. General Trusts Corporation and Thomas Langton appointed joint trustees. Costs of all parties out of the estate. Rosevear v. Halliday—W. C. Hall for plaintiff. W. C. Prolego, for defendant. A motion by plaintiff for an order continuing the injunction restraining defendants from making holes, etc., in the wall of the station until trial. Order made that parties speed the trial. Statement of claim to be delivered in two days, statement of defence in two days, judgment to be pronounced on the day that the trial is to be joined at once, and action to be entered for trial within a week thereafter. Injunction continued to trial. Judgment: Judgment in fee and in disbursements to be entered for trial for the week after next.

Re Goldfields and Harris-Maxwell Co.—G. H. Kilmer, K.C., for defendant. F. E. Hodgins, K.C., for Harris-Maxwell. Motion by Goldfields for a mandatory order to Harris-Maxwell Co. to register their shares. Order made by consent between parties approved by

subscribed for by and allotted to defendant. Defendant denied subscription and allotment, saying he withdrew his subscription before allotment, and charged fraud and misrepresentation on part of plaintiffs. At the trial the action was dismissed with costs. Appeal argued and judgment reserved. Govenlock v. Chesley—W. Proudfoot, K.C., for the plaintiffs. H. E. Rose, K.C., for defendant. An appeal by plaintiff from the judgment of the county court of Huron of Dec. 15, 1908. By direction of the court the argument of this appeal stands adjourned until after the decision of the court of appeal in the case of McCammond v. Govenlock.

Before Mulock, C.J.; Teetzel, J.; Middleton, J. Hamilton v. Perry—W. J. Clark for defendant. J. King, K.C., for plaintiff. An appeal by defendant, J. COUPON FOR THE WORLD'S THEATRE PARTY FOR CRIPPLED AND "STAY-AT-HOME" CHILDREN

LYMAN H. HOWE TRAVEL FESTIVAL ... ROYAL ALEXANDRA THEATRE ... SATURDAY, MAY 27th, AT 10 A. M.

This coupon, presented at the Theatre, entitles any DESERVING child to free admission. Doors open at 9.45.

HERE IS TICKET FOR TORONTO WORLD'S "KIDDIES" PARTY: A big theatre party for the little "stay-at-homes" of Toronto will be given by the Toronto World at the Royal Alexandra Theatre, Saturday morning, May 27th, 1911.

THE TORONTO WORLD WANTS EVERY CRIPPLED OR OTHER STAY-AT-HOME CHILD IN TORONTO TO BE INCLUDED IN THIS BIG FREE THEATRE PARTY.

The Toronto World invites the kiddies who want to be numbered among the thousands of more little ones who will go to the Royal Alexandra Theatre on Monday, and get ready to see the greatest picture show that has ever been given in a Toronto theatre. This coupon will entitle them to a seat and a sight of all the wonderful things Lyman H. Howe has been showing to hundreds of thousands in the big New York Hippodrome.

If you are crippled, write a note to the Toronto World and give your address. If you are able to get to the Royal Alexandra simply cut out this coupon and be at the theatre just before 10 o'clock Saturday, the 27th inst.

pector for the City of St. Thomas, the plaintiff having been injured by falling into the ash pit in front of the furnace of one of the public schools of St. Thomas, he having entered said building without the knowledge of defendant, the auditor, and the principal or caretaker of the school. Judgment was given plaintiff at the trial for \$1200 and costs. Appeal argued. Judgment reserved.

Moorehouse v. Perry—I. F. Hellmuth, K.C., for defendant. D. I. Grant for plaintiff. An appeal by defendant from the judgment of the county court of Oct. 12, 1910. This action was brought by plaintiff to recover \$3944.79 alleged to be the amount of various loans made by plaintiff to defendant, but which defendant denies. At trial judgment was entered for plaintiff for \$3944.79 and costs and dismissing defendant's counter claim with costs. Appeal partially argued and not concluded.

THE TUBERCULOSIS PROBLEM. Editor World: Along with many others I was pleased to see that you have taken a stand in favor of the plan advocated by Dr. Hastings, that there should be a hospital for consumptives owned and managed by the city.

Any such scheme is sure to call forth considerable opposition, partly on the ground of the expense and partly because of some interests that might seem to be affected thereby. But none of these considerations should be allowed to interfere with any advance towards the goal of 1909, that is, the death of 750 persons.

Dr. Hastings makes the statement that in the next ten years in Toronto there will die of tuberculosis 6000 persons. The committee of 129 that considered many points in the vital statistics of the United States concluded that every person, regardless of age, is worth \$138. This included children and the very old, who have a net value. As most consumptives die in the early part of adult life, the value of those who die of this disease would be much higher than the figures just quoted.

But not to strain the argument, allow that each life lost has the average value of \$125, the total value of the 6000 would be \$750,000. This is a very large sum as against the pauper's cost of \$25,000 asked by the medical health officer to help curtail the ravages of this disease by adapting the present isolation hospital.

In the Morning World of May 16 the statement is made that there have died of consumption by Toronto, under this year no less than 133 persons. This would represent a money loss of \$24,165, not including anything for the time lost through sickness of those who die and those who are ill and still living. At the same rate for the entire year the loss would be \$641,350, caused by the death of 750 persons.

The argument is advanced that it would tend to lessen private generosity. History does not bear this out. The city has given large sums to the hospitals of Toronto, and they continue to receive large private donations. The truth is more likely the other way. If the city, as a whole, will help the wealthy, it will be more likely to do their share.

There was some talk at one time that the Sanitarium Association would apply to the city for the location of the work that is being carried on at Weston. I am inclined to think that the most people in Toronto would favor the plan proposed by Dr. Hastings, and the city must give large sums of money for consumptive and new isolation hospitals, they should be given to institutions owned by the city, of easy reach by the people and where every physician may attend his own patients.

It is to be hoped that this broader policy may prevail. This would not in the least militate against the National Sanitarium Association, for which too much praise cannot be given, going on with his plan of raising a million dollars, the memory of King Edward. There will be ample need for every dollar that can be secured. The task of controlling tuberculosis is a Herculean one and will need every assistance, including the city's as well as the private benefactions.

John Ferguson. 264 College-street.

The members of the Toronto Club polo team, all mounted, appear in the Art Section of this week's Sunday World. Copies are for sale by all newsboys and newsdealers.

A Canadian in England. That famous mineral water, which bubbles out of the black rocks at St. Leon Springs, in Northern Quebec, is now being shipped to England. It is undoubtedly the greatest of all mineral waters and that is why its fame is becoming so world-wide. It is shipped to Toronto under seal direct from the springs, and if you want to feel energetic and keep well, then you can't beat St. Leon. From dealers of the company. Phone M. 132L.

Dr. Chase's Ointment is certain and guaranteed cure for such and every form of itching, bleeding and protruding hemorrhoids. You can use it and get your money back if it does not cure you. DR. CHASE'S OINTMENT.

CRIMEAN VETERAN DEAD. Came From Scotland to Canada at Close of the War. BROCKVILLE, May 17.—(Special)—Angus Shaw, a Crimean veteran, died at the hospital here of blood poisoning. He came to Canada from Scotland at the close of the war, and has lived at Brockville, Kingston and Lansdowne. He was well known as a horticulturist, and in this capacity has charged for several years of the Kingston Penitentiary grounds. He leaves one son, Dr. Shaw of Lansdowne. The funeral will be held in this city to-morrow, under the auspices of the Masonic Order, and the body will be taken to Cataragui Cemetery for interment.

RAILROAD TELEGRAPHERS' OFFICERS. The Order of Railroad Telegraphers' convention, which closed last night, elected the following officers: H. P. Perham (an old Toronto boy), grand president; J. A. Newman (St. Catharines), David Campbell (of Toronto also) and J. J. Dermody, vice-presidents; F. W. Quirk, secretary-treasurer. The ladies' auxiliary of the order elected the following: President, Mrs. E. B. Smith, Atlanta, Ga.; secretary-treasurer, Mrs. G. W. Malone, Galesburg, Ill.; first vice-president, Mrs. E. L. Mathers, Greenfield, Tenn.; second vice-president, Mrs. W. C. Bilson, Baltimore, Md.; third vice-president, Mrs. J. J. Campbell, Kilmory, Ont. Executive board: Miss D. M. West, Atlanta, Ga.; Mrs. C. P. Pierce, Baltimore, Md.; Miss A. Houston, Ontario; Mrs. H. Hefner, Monticello, Texas; and Mrs. L. E. Crandell, Christy, Iowa.

The Robert SIMPSON Company Limited

Goin' Fishin' To-morrow?

Before the days when we were interested in boots and suits, our Friday mornings were spent down by the brook, with line and hook.

But now men find the best Friday fishing at the corner of Richmond and Yonge. Here are some of the good ones for to-morrow:

Men's English Tweed Suits, in dark grey, brown and greenish grounds, with self and fancy colored stripes, 3-button single-breasted sack style, with slanting collar and extra long long shaped lapels, carefully tailored in every way and finished with best quality linings and trimmings, sizes 38 to 44. Regular \$9.00, \$10.00, \$12.00. To clear Friday at .65

Men's English Worsteds, in assorted, neat, dark stripe patterns, with self and fancy colored stripes, sizes 31 to 42, in waist. Regular prices \$2.75, \$3.00, and \$3.50. To clear Friday at .1.00

Men's Light Tawn English Panama Waterproof Coats, a light-weight single texture material, with self and fancy colored stripes, single-breasted style, cut long and roomy, with neat military collar and wide straps on sleeves, sizes 38 to 46, regular price \$3. To clear Friday at .675

Boys' Fancy Russian Suits, made from a Russian homespun finished tweed, in a rich dark grey ground, with self and fancy colored stripes, double-breasted style, with sailor collar, trimmed with fancy silk lining, detachable collar, and with silk ornament on front, pairs \$4.00. Regular \$4. To clear Friday .2.00

A clean-up of our Boys' high-grade Tweed Suits, broken sizes, made from extra quality English worsteds, with self and fancy colored stripes, imported American models, light and dark grey, fawn and brown grounds, with self and fancy colored stripes, single-breasted, Norfolk styles, with clean-fitting collar and extra long shapely lapels, tailored in the very best manner, with neat military collar and wide straps on sleeves, sizes 38 to 46, regular price \$3. To clear Friday at .675

5,000 Men's Neckties, in a good variety of patterns and colorings, regular 30c, 25c, 20c, and 15c. To clear Friday, each 20c, or 3 for .55

3,000 Men's Outing Shirts, made of fine quality stripes, sizes 14 to 18. Regular \$1.00. Friday bargain .59

8,000 garments of Men's Fine Quality Balbriggan Shirts and Drawers, made from Egyptian yarns, in shades of black, grey, blue, and white, sizes 34 to 44. Regular 50c. Friday bargain .39

A general clearance of Men's Old Suspenders, hundreds to choose from, in several different styles. Regular 30c, 50c, and 75c. To clear Friday .25

Footwear Friday Bargain
