## WHITNEY GOVERNMENT HAS MAJORITY OF 60

### ONTARIO HAS FAITH IN WHITNEY OPPOSITION NUMBERS ONLY 23

Majorities—Some Stal-

Among Fallen.

#### STUDHOLME BACK BY LARGE MARGIN

Sir James Whitney has gone back to power with a majority big enough for all "practical purposes," in fact, a lot of his friends believe it is still too large, but a great many of them did not have the heart to help reduce it. The prime minister will have a majority of 60, whereas, in the last house the Conservative majority was 68 including the Speaker.

At midnight, with the returns practically complete from every part of Ontario, the standing of the parties was:

CONSERVATIVES ..... 82  
LIBERALS ..... 22  
LABORITE ..... 1

The Conservatives made 7 gains, including North Renfrew, which went by acclamation. The Liberals made 11 gains.

Some of the Conservative members of the last parliament who went down to defeat were: Phil Bowyer in East Kent, where local considerations entered largely into the fight; Charlie Calder in South Ontario; A. Aubin in Sturgeon Falls, who was opposed by a very strong and popular man, Mageau, and where patronage did Mr. Aubin more harm than good; and Col. Craig in East Wellington, a valuable man.

The Liberal Fallen.  
On the other hand the Liberals lost such stalwarts as Jas. McEwing, who was one of the strongest characters on the left hand side of the house; Daniel Reed, South Wentworth, and Valentine Stock of South Perth. The last named will long be remembered as the Liberal who was carried from Tavistock by special train at night, when Beattie Nesbitt kept the house in session by a ruse which completely convinced Sir George Ross that he was in the minority, when as a matter of fact he had a majority, and could have carried the house at any time during the night. The session was brought to a close on the arrival of the Valentine Stock special with Valentine Stock aboard, and the government of the day was saved.

The bilingual question did not help the Conservatives much. In the French counties they lost Glengarry (formerly Scotch), Prescott and Sturgeon Falls, while on the other hand the Conservatives won in the French counties, Stormont and East Ottawa; the latter could be accounted for by the candidature of L. J. Kehoe, an Irish Roman Catholic, from whom the French expected very little consideration on the question of the bilingual schools.

Can't Beat Studholme.  
The election of Allan Studholme, the Labor representative from East Hamilton, did not surprise those who knew the situation. Mr. Studholme has been a faithful tribune of the people, thoroughly honest in his views and independent. He was of course sometimes a thorn in the flesh to the government, and Premier Whitney made a special trip to Hamilton for the purpose of bringing about his defeat. Studholme comes back with a largely increased majority, showing that not only the labor men stood by their old representative, but many Conservatives as well cast aside party considerations. Mr. Studholme is a loquacious old gentleman, and was somewhat of a nuisance during his earlier political career, but he is breaking into the game nicely, and his presence in the legislature is not going to injure, but, on the contrary, will benefit, the people.

Local interest also ran to Glengarry, where Lieut.-Col. D. M. Robertson of the 48th Highlanders took up the fight on behalf of the Conservative Party in opposition to Hugh Munro, a big contractor. This seat was a gain for the Liberals.

Few Changes Likely.  
At dissolution eleven seats in the house were vacant, by reason of the resignation of eight members to run for the federal house. It was because of the necessity of holding by-elections in so many ridings that the Whitney government announced that it would dissolve the house, the general election by effluxion of time being due before another year. Two of these seats were held by Conservatives, North Wentworth and Centre Bruce, which have returned Liberals.

Owing to some of the northern sections being almost inaccessible returns were unavailable last night, and it is

### Magnificent Endorsation Says Premier Whitney

Sir James Whitney, when asked last night to give an opinion on the election result, was in prime good humor. There was a reason. His brief statement was as follows:

"At this moment, it is difficult for me to choose proper language in which to express the heartfelt appreciation of my colleagues and myself, and our thanks for this magnificent endorsement by the people of Ontario of the course pursued by us. The endorsement is phenomenal indeed. It will certainly encourage the government to continue its best efforts for the advancement and prosperity of the people of the province, who have again given us such signal evidence of their confidence."

### Big C. P. R. Elevators At Owen Sound Prey to Flames

Loss Will Be Over \$1,000,000  
—887,000 Bushels of  
Grain Destroyed—Gov-  
ernment Lighthouse and  
Auxiliary Train Burned  
—Big Steamships Had a  
Narrow Escape.

OWEN SOUND, Dec. 11.—(Special.)—One of the most devastating fires that has ever visited the port of Owen Sound, took place this evening, resulting in the total destruction of the two big C. P. R. elevators with their contents, consisting of 887,000 bushels of grain, of which 129,000 bushels was wheat, the balance being principally oats and barley. The loss will run over \$1,000,000.

The fire, which broke out at 8:45 o'clock, and at midnight was still blazing furiously, is believed to have been caused by the dropping of a cigar or cigarette butt on the dock close to the elevating leg of No. 1, the southern of the two elevators. The capacity of this elevator is 250,000 bushels, and that of No. 2, the northern elevator, 800,000 bushels. It was discovered shortly after by Harbormaster Maclean and Wm. Hartford, who promptly turned in an alarm.

Flames Spread Quickly.  
Like a lightning flash the flames sprang up the main elevating leg, which furnished a great draft for their progress, and quickly spread over the entire building.

Then by means of the grain-conveyor they spread to the other elevator, 100 feet to the north, which was soon enveloped in flames. At midnight, this elevator was still burning fiercely.

An auxiliary train, which was standing on a nearby track, also fell a prey to the flames before it could be got out to safety. Four cars were burned.

Two of the big C.P.R. steamers, the Keewatin and the Athabasca, which were tied up close to the elevators, had a narrow escape. The Keewatin was able, however, to get away under her own steam, but the Athabasca had to be pulled along the dock by lines.

Lighthouse Burned.  
The government lighthouse also fell before the flames.

At midnight No. 3 C.P.R. freight-shed, which runs along the south side of No. 2 elevator, was still in danger, as was also the immense coal pile which the C.P.R. had stacked on the dock between it and the elevator. So far, however, all the C.P.R. freight-sheds had escaped.

Strike Breaker Was Murdered  
Street Cleaner Was Struck on Head  
With Cobblestone in New York.

NEW YORK, Dec. 11.—(Can. Press.)—Another murder growing out of the recent strike of street cleaners occurred late to-day, when William Sweeney, driver of a street cleaning cart, was hit on the head with a cobblestone thrown from the roof of an east-side tenement and instantly killed.

Sweeney was bending over a pile of rubbish, shovel in hand, preparing to load his cart, when, without warning, the piece of granite came down from the roof of a five-story building and struck him at the base of the brain, crushing his skull and breaking his neck.

The police, who are still sent out in some sections to guard the street cleaners, rushed to the roof, but could not find the man who threw the stone. Later, however, they arrested a man who is being held as a suspect, in the belief that he knows something about the murder.

TAXI RUNS INTO MAN  
DRIVER IS ARRESTED  
William Stewart Lies in Hospital  
and May Die—Frank Hasel  
in Police Station.

William Stewart, 146 Jarvis-street, 69 years of age, lies in St. Michael's Hospital with a fracture at the base of the skull.

Frank Hasel, 24 years, 112 Coxwell-avenue, a chauffeur for Taxicabs Limited, is held at the Court-street police station charged with criminal negligence.

Stewart was crossing the roadway at Jarvis and King, when he stepped back to avoid a street car at 10:15 last night. The taxi was running east and struck him.

The chauffeur stopped and was helping the old man into the cab to take him to the hospital when Detective Taylor, who was on his way home, came along. He went to the hospital, where he learned that Stewart's recovery is doubtful. He then arrested the chauffeur.

Hasel says that he did not see the old man until he was directly in front of his machine.

### FAT STOCK SHOW BEST SEEN IN CITY

Abundance of Splendid Cattle,  
Sheep and Swine on View at  
Union Stock Yards—Large  
Attendance Expected To-  
day—The Judges and the  
Awards.

The second annual Toronto Fat Stock Show commenced yesterday at the Union Stock Yards, West Toronto, and will be continued again to-day. Big strides have been made since a year ago, and altho the exhibition is as yet only in its infancy in point of numbers, it has already passed its competitors.

General Manager Ashcraft was pleased with everything yesterday except the weather. He is hopeful, however, that this will improve to-day, and that a large attendance will witness the splendid free exhibits.

"We have gone some this year," Mr. Ashcraft told The World, "but we are not easily satisfied and you may expect a yearly improvement. To widen the public interest we have added a poultry exhibit, and this has been favorably accepted."

Splendid Exhibits.  
But the great appeal yesterday came from the magnificent specimens of cattle. Huge steers and heifers weighing in some cases almost a ton delighted breeders, farmers and drovers, and were a source of interest to the many novices who took occasion to see part of the successful labors of the real Ontario farmer. The docility of the animals would almost indicate that they had been farm pets, while their glittering coats indicated the stable care which had been bestowed upon them.

One very fine animal had already passed the scrutiny of American judges at the Chicago show, and in this wide competition he had secured fourth place. He was much admired by home critics yesterday and was justly entitled to the award bestowed.

Competition was exceedingly keen in the single classes, but scarcely more so than in the car lots of butchers and exporters.

Sheep and Swine.  
In the sheep and swine the entries were well proportioned, and the judges had no trouble in classifying the exhibits.

ANOTHER BIG DEAL.  
The two stores immediately west of the Mail building, namely, 88 and 88 West King-street, have been leased for a period of years, at a rental of \$7000 per year and taxes, with option of buying within two years at \$200,000. A well-known lawyer, who buys a lot of real estate, is the purchaser. It is not known whether it is in connection with a large bank at The Mail corner or whether it is an independent proposition.

Toronto yesterday refused to break thru the hidebound Conservatism with which she has clothed herself from infancy, and elected every candidate of the Whitney government to the legislature.

The election was remarkable only for one thing—its lack of interest, its apathy. Not one of the political organizers, who are in close touch with conditions than anyone else, expected for one moment to get out a normal vote, because the indifference of the electorate was very marked from the beginning and until the close of the campaign. But when the dull, drizzling rain set in in the afternoon, to cap-sheaf the whole affair, it was known the vote would be extremely light.

Foy's election in North Toronto was the event which excited most of the interest last night. During the day the Liberal workers in the north end felt varying sensations of hope and doubt creeping up and down their spines, but after 5 o'clock, when the first returns began to come in, the feeling of doubt for a victory was much in the ascendant. The earliest returns gave the majorities to Hon. Mr. Foy, and this kept up till Mr. Oliver's chances became practically hopeless.

At 9 o'clock last night Hon. Mr. Foy's majority was given at 684, which is a slight gain over that accorded John Shaw, the Conservative candidate at the previous provincial election. Mr. Shaw's majority was 632. Mr. McNaught's majority yesterday

HAMILTON HAPPENINGS

STUDHOLME'S VICTORY A T.R.U. JPH FOR LABOR

Beat His Opponent Out Even in the Latta's Cw. Ward—Big Parade and Celebration.

HAMILTON, Dec. 11.—(Special.)—Allan Studholme (Labor), East Hamilton, Col. J. S. Stirling (Conservative), West Hamilton; J. T. H. Regan (Conservative), South Wentworth, and Dr. McQueen (Liberal), North Wentworth, were the candidates elected in the County of Wentworth at today's elections. Col. Hendrie is the only one of the four whose election was conceded before the polls were closed. His majority is 1464, the balloting being: Col. Hendrie 2312, Dr. Russell (Liberal) 1118.

The result in South Wentworth was a distinct surprise, as it was thought that Dan Reid, the Liberal candidate, would win out on account of the presence of Wm. Barrett, the Labor candidate, in the constituency. Mr. Regan's majority is 176. Dr. McQueen, the Liberal standard bearer, wins from Wm. Lawson by the small majority of 26 votes.

The most important victory of the lot was, of course, that of Allan Studholme, the Labor candidate in this constituency, and no less an influence than the personality and prestige of the premier himself was injected into the campaign by the Conservatives in their determination to wrest the seat from Studholme. Under the circumstances the result is a most decisive victory for the Labor party, and it establishes it as a political factor in this city at least.

The labor people were naturally elated over Studholme's splendid victory, and celebrated the event to-night with a big parade thru the principal streets of the city, led by the band of the 11th Regiment.

City Council. The election excitement did not prevent the city council holding a brief session to-night, at which a number of members were present. Conspicuous among the absentees was Controller Cooper, the defeated Conservative candidate in East Hamilton.

Nothing of any great importance transpired at the meeting. A passage at arms between Aldermen Birrell and Wallace, however, relieved the monotony of the proceedings to some extent. The former, on a question of privilege, asked what was going to be done by the board of works, of which Ald. Wallace is chairman, about an impassable portion of Wentworth street.

The chairman replied that nothing would be done this year so far as his knew and anyway his committee was merely a legislative body, and could only recommend work to the board of control. Ald. Birrell said he was surprised at such a reply, and observed that the work committee was lying down "holus bolus" to the board of control.

A resolution from the board of control was passed asking permission from the city and municipal board to issue debentures for \$127,282 for water mains and other improvements to the waterworks.

HELPING THE HELPLESS AT THE INFANTS' HOME.

OLIVER CHEERFULLY ACCEPTED HIS DEFEAT

From First, Returns Were Against Him—Liberals Lost Strenuous Fight.

Shortly after the closing of the polls at 5 o'clock, Joseph Oliver, Organizer A. E. Hacker, and the Liberal cohorts of the north riding, gathered in their headquarters in the Forum Building, to await the result. From the start Mr. Oliver was not confident of success. "I have one chance in a thousand," he told a friend in the morning.

Let the election swing which ever way it might, Mr. Oliver was not going to let the inner man go unsatisfied, and sandwiches and cigars were sent for. Eating and smoking, all waited for the first news. The first subdivisions heard from bore out Mr. Oliver's morning prediction that his chances were slim. The majorities for Foy in most subdivisions were not large, but, it was the regularity with which they appeared in the Conservative column, the steady and persistent aggregation of small fractions that made the outlook dark from the beginning. There would be an occasional rift in the clouds however, when some subdivision would throw twenty-five or thirty majority to Oliver, but these occasions of encouragement were few.

With thirty-three sub-divisions yet to hear from and Foy in the lead by 230, Mr. Oliver gave up his last hope. "Well, I am beaten by about 500 majority," he said. "Boys, we can all go home. They couldn't pile up a thousand against me, at any rate, so it's all right."

"The vote was very light," he continued, "and if those stay-at-home Liberals had come out and voted, the result would have been different. But we can go home and sleep on our past laurels."

"Do you think you will every make a try for it again?" Mr. Oliver was asked. "May Try Again."

"Oh, I can't say as to that," he replied laughing. "This is my first attempt, and politics don't hold a very strong attraction for me."

Before leaving for home, Mr. Oliver strongly expressed his appreciation to his friends. "I want to thank you, boys, one and all," he said. "We'll all eat good suppers just the same," he remarked just before he left.

If Local Organizer Hacker was discouraged by the result, he did not show it. "We can try again," he declared. "I cannot say that Joseph Oliver has not put up a good fight in North Toronto, and Local Organizer Hacker did all that was possible to bring out a full vote, and considering the odds, I think he did mighty well. Mr. Oliver's friends counted a number of automobiles for the day, and these were pit to yeoman service. The north riding was the only one in the city at which certificates went to the booths for both parties. The fight was a clean one by both parties, though no instance could be found where even a voter was challenged."

"I was not called on through the day," said Returning Officer W. R. Cavel. "I have not heard of a single case where and trickery was attempted." This expression was general in all parts of the city.

W. R. Smyth was counsel for and also a witness in the case of N. Gottesman, who is suing Chas. Werner for the specific performance of an agreement to exchange 221 Richmond-street, owned by Werner, for property at 185 Lisgar-street. Mr. Heyd, the counsel for Gottesman, said: "I want to be perfectly fair, but I object to Mr. Smyth appearing both as counsel and witness. Mr. Heyd could do so to pronounce his name properly, and also that he could not see how his learned friend could object, unless his reasons were purely personal. His lordship said that it was very unusual for a lawyer to appear both as counsel and witness in an action, and adjourned the case to allow Mr. Werner to get over counsel. ## Newsy Lalonde Talks Hockey and Lacrosse

Newsy Lalonde, famous as a lacrosse player and as a fast hockeyist, had a busy day in Calgary on his way to the coast, where he is to play with Frank Patrick's seven in the new Pacific Coast League, and he talked to the weekly paper there.

Newsy was just about chock full of gossip of the recent happenings in the athletic world of Eastern Canada. He believes strongly that the new Dominion Lacrosse Union will prove the savior of the national game, and fails to see where the old clubs can in any way combat it.

"Lacrosse has been going steadily back in the east," says Lalonde. "The teams have been below strength and the public has tired of going out to see mediocre clubs at play, and are demanding their money's worth. It is rather hard on the Eastern and Capital teams, which have in the past kept alive the interest in the game when the other clubs were practically dead, but the good of the game makes it imperative that the play should be of a very high standard in the big league of the east. The league will be a success, as the matches in only Toronto and Montreal are games are assured, and then the benefits of games in the home city without the expenses of traveling will help the men who are financing the clubs."

"I have received a handsome offer from George Kennedy, who is behind the Irish-Canadian aggregation of Montreal, but so far I have not entered into any agreement. I will wait until the spring, when I will talk business with him."

In answer to a query, Lalonde stated emphatically that he was not under contract with Con. Jones, and that he was not going to play with him. He admitted that he would very much like to play at the coast, as he was much impressed with the country.

Turning to hockey topics, Newsy stated that matters in the east were in a state of upheaval. He was sure of the admittance of the Toronto and Teanahoc clubs and by the inroads made by the Toronto club into the territory of the Teanahoc club.

"I believe that all the teams with the exception of the Ottawa will be weak, and I expect that the Stanley Cup holders will retain the trophy without any difficulty."

The Wanderers will be very weak, as the only player of prominence that is left them is their goal tender, Elmer. The strength of the Toronto club is problematic, and while there are many good amateurs taking the jump, yet it will take at least a year for these men to class up to the players who have had the experience of the fastest hockey in the world. Taylor will have to play with the Wanderers or not at all.

"The hockey in the Coast League should be the fastest in the world this year, and any of the teams will be able to shade most of the clubs in the east. I look for a good season this year, and that in the following year the rink will not be able to accommodate the crowds that will desire to witness the matches. I expect that the fever will spread from Calgary to Edmonton, and that the Western League will show the National Hockey Association."

Athens Marathon Tournament. The most successful tournament pulled off in one night took place at the Athenaeum on Saturday night, when 24 of the best tennis players in Toronto lined up for the 12-game grid. The arrangements of details were perfect, and the affair was run off with the smoothness of a well-oiled machine. Fred Fryer won an average of 198-14 for the night, carried off the first prize of \$200.00. The second money fell to the old reliable, Andy Sutherland, who totaled 200, receiving \$100.00, while brother Elmer and Dick were tie for third and split the third and fourth money, each receiving \$75. Bob Stewart grabbed off the fifth \$25, his prize being \$4; the sixth and last prize went to Bill Stanley, one of the Athenaeum B League bowlers, who took a chance against the cracks. Bill received \$3 for his score of 215.

The tournament was full of life from start to finish, every man was there to roll his head off, and the way they dug in right from the start made the large gallery of spectators sit up and wonder if they could keep up the pace for the big grid. They certainly did and the scores were even better than the usual ones. At the start and when one considers that every player changes after every game and never rolls two games on the same alley, it must be admitted that the scores were remarkably good. Fryer was over the 200 mark in seven of the twelve games, while several others put in three and four games over the same mark.

The success of the affair goes to show that events of this kind should be held more often for the larger and lesser competition the better the bowlers seem to like it. The scores: Fryer 220, G. Sutherland 200, E. Sutherland 200, G. Vick 227, R. Stewart 218, W. Stupley 215, F. Wilks 217, C. Maxwell 216, G. Robinson 214, G. Black 213, A. Johnston 209, K. Legge 207, J. Galloway 205, E. Heuchan 204, L. Springs 204, Dr. Carrauth 200, G. Armstrong 200, V. Wallace 199, J. Smith 190, J. Hull 173, R. Atkins 173, B. Moffatt 166, F. Blacklock 152, P. Gallagher 138.

Fryer certainly showed his class by averaging 198-14 for the twelve games. Andy Sutherland was leading by 35 pins at the eighth game, when he fell down by only collecting 14.

Fryer took advantage of Andy's low game by slipping in a 77 count, which put him in the lead by 75 pins.

After Fryer assumed the lead it was all over but the cheering, his lead gradually increasing the further they went.

Doc Carrauth finished and had he not stayed on the right foot would have made them all hustle.

Bill Stanley had a busy time during the tenth game, when he fell to a 121 count. Bill deserves all kinds of credit for the showing he made.

Daddy Vick made a game effort after a poor start. Dad won the grid last spring. Bob Stewart showed a good performance after his tour with Joe West.

Maxwell was too busy keeping track of his hits to get in the money.

## What provoked the '85 Rebellion

Some unwritten history contained in Agnes C. Laut's article in CHRISTMAS SATURDAY NIGHT

NO record in the stirring pages of Canadian history begins to be as vital and interesting as the life stories self-told by the old frontiersmen. Their tales read like romance. With biting word and bitter scorn the Rev. "Jack" Matheson, sky pilot to the Cross, graphically recounts the events which led up to the Northwest rebellion. Incidents he relates which never saw the light of day in newspaper reports or Government Blue Books. Information which gives you an altogether new and different conception of this black chapter in Canada's history. It's a wonderful page, fresh-written of early Western life, long before the whistle of the train broke the silence of the plains, when stories of wealth and fame to be found at the foothills of the Rockies lured the immigrant and prospector, and on the virgin tract in the morning sun gleamed the slow-moving "sails" of grain schooners.

THESE were the days when the Hudson's Bay outposts fringed the edge of civilization. Before the period of romance had given way to an era of matter-of-fact progress. A great deal is already known about the early history of Western Canada. But it is safe to predict that this article of Agnes C. Laut's will supplement surprisingly the available supply of information on this subject. Her story will not only interest you but will give a new insight into the character of the Canadian West when it was "wild and woolly."

"The Dawn of HAJUBA," by R. Caton-Woodville, forms one of the three presentation plates of Christmas Saturday Night. It shows the Canadian troops at Paardeburg, in what proved to be one of the most decisive engagements of the war. The artist has chosen for his subject the moment of victory, when the Canadians are seen cheering, while a party of Boers advance into the foreground with a flag of truce. Here and there campfires burn brightly against the shadow of the hills. The picture is full of life and action; the figures are truthfully and boldly executed, and everywhere there are evidences of the grim reality of war.

"The Dawn of HAJUBA" will have a permanent interest and significance for Canadians, as it portrays a scene in which are shown for the first time in British History Canadians actually engaged in fighting for the Netherlands.

These plates will be available in the form of a book, "The Dawn of HAJUBA," which will be published by the National Book Company, Ltd., Toronto. The price of the book is \$1.00. The plates are available separately for 50 cents each. Write to your nearest National Book Company branch for more information.

Victoria Quilting Club Banquet. The annual banquet of the Victoria Quilting Club was held at the Hotel Balfour, when about seventy members of the club and their friends were present to enjoy the good things provided by Miss Hest G. Smith. The club orchestra played during the evening. Sister clubs were represented. The toasts were: To "Our King" by Mr. J. O'Neill; to the Queen by Mr. J. O'Neill and Mr. Rowland; "Our Club" was responded to by Mr. G. Gilmore and ex-Controller Tom Foster. The toast to "Our Country" was given by Mr. J. O'Neill and Mr. Rowland. "Our Club" was responded to by Mr. G. Gilmore and Mrs. Bond. Speeches were the general order of the evening, being given by Mr. Simpson Rennie, the veteran quilter, who gave an interesting talk on the notable game of quilts in his younger days; also by Mr. Joe Coleman, Mr. D. Cornish, Mr. D. L. Thomson, and the president of the club, Mr. C. B. Bell, and the past president, Mr. R. Cornish.

## Western Lacrosse Teams to Educate East in the Game

VICTORIA, Dec. 11.—That suggested international lacrosse tour of the American continent by the Vancouver and New Westminster lacrosse teams, during which they would play off league games for the British Columbia championship and the Minto Cup, has grown in 48 hours into a serious proposition with Con Jones, president of the Vancouver Lacrosse Club, and he is making an extended tour of Eastern Canada, and the States, starting the last of the present month, for the purpose of investigating the feasibility of the scheme. In case suitable arrangements for games can be made in various cities it is very probable that the trip will eventuate.

Charles Welsh, manager of the New Westminster Club, is inclined to the belief that the trip could be made financially successful, the trip will be the most expensive undertaken by the club, and will mean an expenditure by the clubs of about \$48,000.

Mr. Jones will leave Vancouver for Toronto on Dec. 27, and while there will have a talk with several players who are anxious to come west. He proposed to secure at least three new players for the Vancouver Club, and one of these will likely be Fred Scott, the dashing home fielder of the Montreal Club. Scott only wanted \$2000 to come to the coast this year, and then he signed up with Montreal to play for \$600.

Among the many events on the programme of the 74th Regiment games at Buffalo Saturday, December 10th, is a Rugby match between two American teams and a big dance after the game. George Gouling will walk from scratch in the mile handicap, and the Y.M.C.A. team will participate in all the open events. As a large crowd is expected from Toronto, the Y.M.C.A. have arranged a special excursion to leave Toronto on the 1:15 p.m. Canadian Pacific fast express. Fare is \$2.70 return, and tickets may be obtained from commencing at or any of the following ticket offices: Toronto, Nov. 30 to 33. The application of the rules has been such that the contestants and judges seem to be at variance with each other and it is expected that this meeting will eliminate a great deal of the misunderstanding and place fencing on a much higher plane than it has heretofore been in this country.

The Old Cure Catarrh in Any Stage by Breaking the Healing Balsam of Fumes of Catarrhos, and Here is Proof.

Mr. Udo Beault, a young gentleman who has lived for years in Sweden, Quebec, inherited catarrh from his mother. The disease spread through his system till he was a physical wreck.

"I was a child," said Mr. Beault, "I was afflicted with an ulceration of the mucous membrane of the throat and nasal passages. I grew pale and emaciated, lost all interest for food, and got into such a miserable condition that my friends said I was Catarrh was fairly eating me up."

"Every organ of my body seemed to be diseased, and the doctor said it was Catarrh, and he inhaled it for months at a time every few hours, and was cured in a few days by a wonderful improvement."

"Catarrhos pleased me and the doctor so well that I used it continually, and took Fumose Tablets after each meal to build up my strength. In a few weeks I was quite recovered, and the doctor says no remedy but Catarrhos could work such a miracle."

"Everyone in town knows I was just about dead with catarrh, and my cure is an evidence of what Catarrhos can do. It is a pleasure to recommend Catarrhos."

Two months' treatment, large size, \$1.00, and guaranteed. Small size, 50c. All reliable. Write to Catarrhos Co., Buffalo, N.Y., and Kingston, Ontario. Beware of dangerous substitutes and imitations for "Catarrhos."

FOUR FAVORITES WIN ON COLUMBIA TRACK

Seneca II Wins the Feature—Jockey J. Williams is Suspended Indefinitely.

COLUMBIA, Dec. 11.—Only an ordinary card was offered in to-day's races, but a large crowd was in attendance. The talent kept up its onslaught on the layers, four heavily-backed favorites winning. Seneca II won the feature, the sixth, in easy fashion. Jockey J. Williams was suspended indefinitely to-day for riding Seneca II last week. Summary: FIRST RACE—Two-year-olds, five furlongs, selling: 1. Seneca II, 106 (Bruce), 3 to 1, even and 2 to 1.

LOTS OF GOOD HORSES AT MAHER'S EXCHANGE.

There was a very large number of fine horses offered by auction yesterday at the exchange. There was a large attendance present when auctioneer Jackson took the stand, but the bidding was very poor. The sale opened with a consignment of horses from the late Mrs. L. J. Maher, which were all sold, the bidding being fairly spirited, but there was very little demand for the good country horses.

The following are some of the sales: The Hendry Co., city, a chestnut gelding, \$200; a bay gelding, \$100; a brown gelding, \$80; Mr. Chodsey, Galliard, black mare \$100; Mr. Sparrow, city, a good work horse, purchased a carted for shipment west. Mr. J. A. McCabe, Colingwood, also purchased a carted for shipment. The Gordon Contracting Co., city, a brown gelding \$210. The Coleman Bldg Co., city, a good roan gelding for \$100. The Eaton Co. purchased three good horses for their Xmas delivery work. Mr. Lindsay Williamson, city, a good bay gelding, \$220. Mr. Casselman, West Toronto, a fine bay gelding, \$220. Mr. Chit, city, a couple of city workers. The Canada Bread Co., city, a good bay gelding, \$200, also a chestnut mare, \$210. Mr. R. Peters, city, a good worker for \$100. Mr. W. C. AFTER STEAMSHIP TRUST.

NEW YORK, Dec. 11.—Judges LaCombe, Cox, Noyes and Ward, sitting at a special session of the United States circuit court to-day, heard arguments on the demurrers interposed by the defendants in the government suit to dissolve the "Atlantic Steamship Trust" on the ground that it is an illegal combination and has monopolized foreign commerce. After the hearing by the full court, in the event of appeal, the case will go direct to the supreme court of the U. S. for final decision. The arguments will continue tomorrow.

STATISTICS OF INSANE

One Person Out of 367 in Ontario Mentally Deranged.

Statistics for the insane in Ontario for the past year are somewhat alarming, according to Dr. Struthers, chief medical inspector of city schools. It appears that one out of every 367 in the province is insane, and about one-eighth of the total expenditure of the Dominion Government is for the insane.

Dr. Struthers says there are facts which indicate that at least one-half of the number of cases of insanity in this province could have been avoided if the patients had received proper care in childhood.

To Postpone Richeson Trial.

BOSTON, Dec. 11.—An effort was made to-day by the attorneys for Rev. Clarence V. T. Richeson, charged with the murder of Miss Avis Linnell, to have the trial postponed from January 15, the date fixed by the court, until later in the winter, and on Wednesday next Judge Sanderson of the superior court will hear arguments on the question.

Belleville Man Raised Cheque.

BELLEVILLE, Dec. 11.—(Special).—A young man named Wilfred Young was to-day convicted of raising a cheque from \$25 to \$50. Sentence was deferred for a week. Young worked two days for a concern here and was paid by cheque. When the cheque came back to the concern it had been raised. Young was apprehended, tried and convicted.

COAST HOCKEY LEAGUE PLAYERS AND SCHEDULE

New Westminster Has No Rink and Will Play at Vancouver—First Game Jan. 2.

VANCOUVER, B.C., Dec. 11.—The Pacific Coast Hockey Association, composed of teams representing Vancouver, Victoria and New Westminster was thoroughly organized last week officers elected for the season's schedule, drafted and the stage set for the opening of the championship series on the coast on Jan. 2. Representatives were present from the three clubs, and after electing officers the schedule was adopted. The season's games will be played during the season extending from Jan. 2 to March 15. As New Westminster will not have a rink in operation this season, the home matches of the Royals will be played on the local ice. It was decided to send the winning team in quest of the Stanley Cup the latter part of March, and also it was decided to adhere to the old formation of seven players, it is not anticipated that any difficulty will be experienced in connection with the challenge, despite the action of the N. H. A. in reducing the teams to six men.

The officers: President, W. F. Irving, Vancouver; vice-president, P. W. Luce, New Westminster; secretary, A. J. Small, Vancouver; directors, Dr. DeBertny, New Westminster; Lester H. Patrick, Victoria; W. C. Moreby, Victoria; Frank A. Fallick, Vancouver.

The personnel of the teams announced follows: Vancouver—Goal, Bun Clark; point, Patrick; cover, Si Griffo; forwards, T. Phillips, Newy Lalonde, J. Disette, S. Nicols. Victoria—Goal, Bert Lindsay; point, Lester Patrick; cover, Walter Small; forwards, Tommie Smith, Tommy Dunderdale, Skinner Poulin.

New Westminster—Goal, Hugh Lehmann; point, Ernie Johnson; cover, Jimmy Gardner; forwards, H. Hyland, Frank Glass. Negotiations are pending with two other eastern players.

The schedule: Jan. 2—Westminster at Victoria. Jan. 5—Vancouver at Westminster. Jan. 8—Victoria at Vancouver. Jan. 12—Victoria at Vancouver. Jan. 15—Westminster at Vancouver. Jan. 18—Westminster at Victoria. Jan. 22—Victoria at Westminster. Jan. 25—Vancouver v. Westminster.

Feb. 6—Vancouver at Westminster. Feb. 9—Vancouver at Victoria. Feb. 12—Victoria at Westminster. Feb. 15—Westminster at Victoria. Feb. 20—Westminster at Vancouver. Feb. 23—Victoria at Westminster. Feb. 27—Vancouver at Victoria. Mar. 1—Victoria at Vancouver. Mar. 5—Westminster at Vancouver. Mar. 8—Westminster at Victoria. Mar. 12—Victoria at Westminster. Mar. 15—Vancouver at Victoria.

COUNCIL BALKS AT REEDING PROPERTY

Refers Back Proposal to Turn Over Land to the Harbor Commission—Street Railway Expropriation Given Six Months' Hoist.

Fate in the shape of one vote gave this proposal to send to the people the question of expropriating the Toronto Railway Company a six months' hoist at the meeting of the city council yesterday. Ald. Graham moved an amendment to the amendment "that the motion be read six months hence," and the amendment was carried by a vote of 13 to 12. The same vote, numerically, sent the matter of lengthening the terms of the council two years to the people.

BLAZE OF GLORY FOR DURBAR TO-DAY

Celebration Will Be Much More Elaborate Than That Which Marked Late King Edward's Accession as Emperor of India—150 Ruling Princes Present.

DELHI, Dec. 11.—(Can. Press.)—The great Durbar, which will be held to-morrow to celebrate the accession of King George as Emperor of India, will far outshine the Coronation-Durbar in 1803, when King Edward was proclaimed. There will be a public holiday throughout India and the royal proclamation will be read in every town and village. Already King George and Queen Mary have taken part in many functions, and have received the homage of the princes. Delhi is overflowing with visitors from all lands, and it is expected that the magnificent spectacle will be viewed by hundreds of thousands.

HAVE IRON-WORKERS SURRENDERED BOOKS?

Erectors Say So, But Secretary of Labor Union Denies Statement—Rests With the Law.

INDIANAPOLIS, Ind., Dec. 11.—(Can. Press.)—That one or more officials of the International Association of Bridge and Structural Iron Workers are surrendering voluntarily to the government, information needed in the investigation of an alleged nationwide dynamiting conspiracy against structural iron-contractioners who maintain the "open shop," was declared to-night by representatives of the National Erectors' Association.

IRON-WORKERS DENY

In the face of the announcement of the Erectors' Association representative, Herbert S. Hockin, secretary of the Iron Workers' Association flatly denied to-night that any papers had been taken from his office. The Erectors' Association and the Iron Workers' Union stood now as antagonistic as they had for the last five years.

ROWELL TAKES HOPEFUL VIEW

Liberal Leader Regards Small Gain as Sign That Province is Tiring of "Unprogressive" Government.

WOODSTOCK, Dec. 11.—(Special.)—N. W. Rowell, K.C., the Liberal leader, gave a World representative the following statement at 8:30 o'clock tonight: "I look upon the splendid majority given me by North Oxford—

As far as can be learned South Oxford gives Mayberry a majority of about 300.

On the other hand, the government entered the contest with an overwhelming majority at its back, with the prestige of the Conservative victory on the 21st of September, with complete organization and an abundant supply of literature, and all the resources necessary to carrying on an aggressive and successful campaign.

the country during the next four years, we have every reason to expect that the country will by that time have wearied of the autocratic and unprogressive character of the present administration and will endorse our progressive policy.

The large majority which Mr. Rowell received in North Oxford to-day came as a big surprise to Liberals and Conservatives alike. At no time during the campaign was the Liberal leader conceded a majority of over 200 by his most optimistic workers.

Seat B Candidate Jumped His Majority to 1700—East Toronto Showed Little Interest.

To hear the results of the election in East Toronto, and to congratulate the two Conservative candidates whose election was considered as inevitable, a little group of friends of Dr. Pyne and T. R. Whiteside gathered at the chief committee rooms at the corner of Parliament and Gerrard streets.

constituencies, while Mr. Whiteside tilted his chair against the wall, pulled out a big briar pipe and smoked peacefully.

About 5:30 the first report came in. It was from subdivision 19, and the figures were: Bullock 2, Fyne 48, Reid 5, Stevenson 2, Whiteside 42.

At half past six the reports received gave Dr. Pyne a majority of about 1500, while Mr. Whiteside had something over 1100, which was somewhat of a surprise, as it was believed that more votes would be polled for the Independent Conservative, J. B. Reid.

Dr. Pyne thanked his supporters for electing him to the legislature for the fifth time.

"I am going to stick to you," he said, "because you have stuck to me. I hope we will never see a Liberal elected in Toronto, when they spread as large a vote as last time, but still there was a smaller vote polled, and the other fellows got almost nothing.

Mr. Whiteside spoke briefly, saying that the Liberal vote was just as great as in the previous election, and that he was very pleased with the results. They accounted for the small vote by the fact that the weather was bad, and both believed that the Liberal vote was not taken seriously by the electorate.

# YORK COUNTY

## ALL THE YORKS ELECT CONSERVATIVE MEMBERS

### Big Majorities in Every Riding—Lennox Polls Great Vote in Home Town.

WEST TORONTO, Dec. 11.—(Special.) Dr. Forbes Godfrey yesterday carried West York in the Conservative interest by a majority of 1365, with half a dozen or more places to hear from, which will materially increase that figure. West Toronto gave the doctor 41 of a majority.

The riding was almost in an impassible condition, and the vote polled was not a heavy one in the outlying districts. A good deal of difficulty was experienced in getting in the returns, and these will not be fully vouched for until to-morrow. Dr. Godfrey's victory was a very popular one throughout the riding. The vote in West Toronto was as follows:

### EAST YORK GOES McCOWAN.

Alex McCowan, for the third time yesterday received the approbation of his constituents in East York, carrying the riding by a majority of 783 against Reeve W. D. Amble of Scarborough, an admittedly strong candidate.

The vote polled was a light one, and it attracted largely from Mr. McCowan's majority, while, too, a feeling of indifference was the great measure responsible for the small vote.

In Scarborough Township Mr. McCowan carried up a majority of 107, the home of the Liberal candidate.

Mr. McCowan held few meetings during the campaign, and his own personal popularity and the splendid record of the Liberal administration were the dominating features in the campaign.

The vote by polling subdivisions is as follows:

### NORTH YORK ELECTS LENNOX.

Newmarket Gives Conservative Majority for First Time.

NEWMARKET, Dec. 11.—(Special.) One of the most hotly contested fights in the political history of North York was brought to a close to-night by the triumphant return of T. Herbert Lennox, the late member, by a majority of 351 with one place to hear from in King Township. When the returns were completed the enthusiasm of the Conservatives knew no bounds, and a torchlight procession was formed, which paraded the principal street.

After which the winner spoke to between 3000 and 3000 people in the market square, and later in the town hall. Hundreds were unable to obtain admittance, and jubilation were continued on the streets until a late hour.

Newmarket never before gave a Conservative majority in the legislature, nor did East Gwillimbury until to-day. Conservatives were present to-night

## FOY WAS ANXIOUS ABOUT MR. McNAUGHT

### But His Running Mate Got In All Right—Attorney-General Won by 700.

Compared with the recent federal elections, the voting in North Toronto yesterday was extremely light. During the forenoon, stragglers kept coming into the polling subdivisions, but it was not until nearly 2 o'clock that there was anything like a rush. And even then it only lasted a short time. Out of 123 votes in polling subdivision 73 of ward 3, only 67 votes were polled, and this was about the average all over the riding.

Early returns at the Foy-McNaught committee rooms at 361 Yonge-street, looked decidedly dangerous for Hon. J. J. Foy and there was a good deal of head-shaking among the Conservative stalwarts who had gathered together to jot down the returns.

The first pleasant news to arrive was from another committee room, giving Foy 62 and Oliver 39 in one subdivision. Later reports from points further south in the riding, gave Mr. Foy a majority of 75 in 8 subdivisions.

When A. H. Birmingham came rushing into the committee room with the news that Foy was 110 votes ahead in the lower section of ward 4, the look of uneasiness disappeared from every face.

That was the beginning of the end—for Mr. Oliver's chances to represent North Toronto in the legislature. Later reports kept showing Mr. Foy

### CELEBRATED LACKNER'S WIN

BERLIN, Dec. 11.—(Special.)—With a reduced majority, Dr. H. G. Lackner, for the past fourteen years North Waterloo's representative in the legislature, was returned to-day by 227. Martin the socialist polled 409 votes. A general celebration was the result, the 23rd regiment band enlivening the proceedings.

The summary by majorities was: Bedlin, Lackner 554; Waterloo Lackner 165; Elmira, Lackner 87; Waterloo township, Euler 125; Woolwich township, Euler 30; Wellesley township, Euler 98.

### H. D. Lumsden, Harbor Engineer.

Hugh D. Lumsden was appointed chief engineer of the Toronto Harbor Commission yesterday. J. G. Sing will in all probability be retained as consulting engineer. Mr. Lumsden was formerly chief engineer of the C.P.R. Transcontinental Railway, but latterly he has been in the employ of the C. P. R.

Alex. McCowan—Elected in East York by 783 Majority.

## OWENS, GOODERHAM QUITE SATISFIED

### South Toronto Returns Conservative With Big Majorities—Liberal Prove Weak.

When sufficient returns were in to assure the Conservative candidates in South Toronto elected by a very large majority, E. W. J. Owens made a short speech at his committee rooms at 383 Yonge-st., to thank the people for their support.

"The fight is over and the Tories are ahead as usual," he said amidst great applause. "I thank you for your help, for by it we have won this great victory. The poll has been very small, but the result more than satisfactory. I am glad that the people have confidence, not only in myself, but in the Conservatives as a body. Again I thank you for your support."

George Gooderham, the other victorious Conservative in South Toronto, in thanking the citizens for their support, at 284 Spadina-st., said the poll testified to the good government Ontario has been enjoying for the past eight years, and he assured the people that even better administration could be looked for during the next few years. The Whitney Government has truly been a boon to the country and will continue to govern the province with sagacity.

"I know Mr. McNaught would be elected. There was no doubt about that," said Mr. Foy, "but he also worked on my behalf, tooth and nail. He even made it plain that he didn't want for himself the votes of any who refused to vote for Mr. Foy."

"I was backed in this contest," concluded Mr. Foy, "by a set of men greater than whom there are none in the Province of Ontario."

Mr. McNaught was also congratulated right and left.

"I need not say that I am more than pleased at my own election," said he, "and also Mr. Foy's. I would rather have been defeated myself than see Mr. Foy defeated, for a more lovable or public-spirited man is not in political life to-day than Mr. Foy. He has won out in spite of the fact that the Liberals were massed solidly against him, and if the day had been fine and less spathy about the election among a good many voters, Mr. Foy's majority would have been over 1000. (Applause.)"

"If the people in North Toronto had gone back on us it would have been a black eye for the government, the best government that Ontario ever had." In thanking everybody for their generous support, Mr. McNaught simply remarked: "I will try in the future as I have in the past to make good." (Applause.)

### SIR WILLIAM DEPARTS.

Sir William Mackenzie left last night for Montreal. He is expected to sail shortly for England, where he will spend Christmas.

### Mother and Two Children, All Three Patients at the Muskoka Free Hospital for Consumptives.

"Moving around among the patients of the Muskoka Free Hospital for Consumptives," said the reporter, "I found three of one family in residence in this institution. The mother was the chief sufferer from the trouble, but was doing well. With her was a little fair-haired girl of four and a half years of age, and a boy about ten years. Both had felt the effect of the contagion and were in the hospital hoping for a cure. I find as I move around the hospital that not a few children are at all times patients in the Muskoka, while the information was given me at the Toronto Free Hospital for Consumptives, near Weston, special provision is made for the care of children."

### How One Wreck Happened.

A train recently was wrecked by striking a bull. The engineer's story was that he saw the animal beside the roadway; that it started to run off, and then, just as the engine got almost opposite to it, turned and dashed upon the track. Investigation disclosed that the engineer, who was nearing the end of his run, desiring to clean up before reaching his destination, had got down from his seat, leaving his engine to run wild, and was washing his face and hands in a bucket of water on the floor of the cab when the bull was struck! He never saw it until the engine and cars had rolled into the ditch and he was pulled from the debris.—Railway Age Gazette.

"Yes! A Work Worth While."

## The Churches Co-operating

In the allotment of funds by the different organizations, the work of the Muskoka Free Hospital for Consumptives is remembered by many. A letter of the current week tells of a contribution of \$11.50 from the Ladies' Aid Society of the Salem Methodist Church, River Bend, Ont. The president in sending the amount says: "We are few in numbers, but gave freely what we could."

## A Christmas Gift for Suffering Consumptives

A letter dated from Fordwich, Ont., and headed "Christmas Month," contains a post-office order for \$20.00 for the Muskoka Free Hospital for Consumptives—"A Christmas gift to assist in caring for poor sufferers." The lady sending the contribution is herself an invalid, but her thoughts go out to others who are suffering and find demonstration in this practical way.

"Not a single patient has ever been refused admission to the Muskoka Free Hospital for Consumptives"—a ten years' record.

\$250.00 will endow a bed for a year, or \$5,000.00 for all time.

ORGANIZATION NEEDED LABOR LEARNS LESSON

Leaders Delighted at Local Showing—Will Spur Them on to Greater Efforts.

With the election returns from Toronto complete, great satisfaction is expressed around labor headquarters on the showing of their candidates.

Also no labor candidate was elected in Toronto, they are not looking on the dark side of things by any means.

As one candidate expressed it: "We have learned a great lesson from this election on the organization of the other parties."

This is the second time that the labor party has contested the Toronto seats, to any extent, and they feel very much elated to know that their candidates are meeting with better support than they did the last time.

NO FEDERAL CONTROL OF RAILWAY STOCK ISSUES

President Taft Concur in Finding of Railroad Securities Commission—Publicity the Remedy.

WASHINGTON, D.C., Dec. 11.—(Can. Press.)—The railroad securities commission, headed by President Arthur T. Hays Sulzberger, has reported that it would be practically impossible at this time to place issues of railroad securities under federal control.

The commission's report is a distinctly adverse to the legislation proposed in the railroad bill and President Taft, in transmitting the report to congress today, declared that he concurred in the recommendations.

The commission's principal conclusions are: That any attempt by congress to amend the policy of the federal regulation to the exclusion of state regulation would be premature.

That the present state authorities should make a concerted effort to harmonize existing requirements.

That congress should prepare for the future by giving consideration to a federal incorporation act which would permit the inter-state railroads to exchange their state charters for national ones.

The commission takes the ground that constitutional questions involving the scope and extent of federal authority are unsettled and will remain so for some time.

THE LAURENTIAN MOUNTAINS. The geologist tells us the rocks of the Laurentian are the oldest in the world. This great range is well known throughout Canada for its many peculiarities, but to the connoisseur the most vivid of the Laurentian brings to mind Radnor Water, as it is in the foothills of these mountains the Radnor spring occurs.

STOCK MARKETS SHOW ANOTHER GREAT SUCCESS

Large Attendance Appreciates Fine Aggregation of Live Stock at Toronto Junction.

Receipts of live stock at the Union Terminal were 233 cars, comprising 3402 cattle, 1078 hogs, 3366 sheep and lambs, 62 calves and 28 horses.

The quality of cattle was good to choice generally, with the largest number of Christmas steers ever seen on a market in the Dominion.

Considering the bad weather there was a fairly active trade, all offerings being disposed of at steady prices, but of course Xmas, quality brought higher prices. A few odd cattle brought up to \$7 per cwt. and one or two loads \$6.75.

Exporters. E. L. Woodward bought 100 export steers, 1175 to 1200 lbs. each, at \$5.20 per cwt.

Campbell bought for Morris & Co. 54 London steers, 1770 lbs. each, at \$4.75; one load London heifers, 120 lbs. each, at \$4.25; 30 heifers and steers for Liverpool, 1200 lbs. each, at \$4.25.

Alex. McIntosh bought eight car loads of exporters at \$4.50 to \$5.30 per cwt. Butchers. Xmas cattle sold from \$5 to \$7; good \$6.75 to \$4; medium, \$3.25 to \$5.75; common, \$2.50 to \$3.15; cows, \$2 to \$3.75; canners, \$1.75 to \$2.25.

Milkers and Springers. Milkers and springers sold at steady prices at \$4 to \$5.25 per cwt. Veal Calves. Veal calves sold from \$4 to \$8 per cwt. Sheep. Sheep sold from \$3 to \$3.75 with a few at \$4; lambs, at \$3 to \$3.25.

Hogs. Fed and watered, sold at \$4.50 per cwt. Representative Sales. Corbett & Hall sold 20 car loads as follows: Exporters, \$5 to \$5.25; butchers steers, \$4.50 to \$5.50; cows, from \$2.50 to \$3.25; 300 lambs, \$2 to \$2.25; bulls, \$2.50 to \$3.25; 500 hogs, \$2 to \$2.25; 1000 steers, \$4 to \$4.25; 15 milkers and springers, at \$4.50 to \$5; 15 calves, at \$5.50 to \$6; 15 Christmas steers, at \$4.50 to \$5; 15 Christmas steers, at \$4.50 to \$5; 15 Christmas steers, at \$4.50 to \$5; 15 Christmas steers, at \$4.50 to \$5.

CONCERNING THE DISTRIBUTION OF NATURAL LIGHT. The distribution of light about us and the effect upon the eyes have been investigated photographically by Ives and Luckiesh. The sensitiveness of the plates to lights of different color has been adjusted by the use of color screens, and in this way has been made to agree almost exactly with that of the eyes. Pictures of various street scenes and landscapes were taken. For each scene a second picture was made with a glass cylinder before the lens, this arrangement giving a vertical focus only, and showing in the photograph the average vertical distribution of brightness.

THE light of a cumulus cloud was found to be 100 times brighter than that of a sunlit cement pavement, 6 inches; and of the blue sky, 62 candles, falling to 0.1 candle on a dark overcast day. In the average landscape the ratio of the light of the brightest and the darkest points is about twenty to one.

ANCIENT ART RELICS DISCOVERED BY SPONGE FISHERS.

Among the numerous specimens of Greek sculpture and the bronzes and statuettes that have for several years been in course of recovery from the wreck of a Roman ship discovered by the sponge fishers of Melina, in Tunis, has recently been found an Attic relief, the latest object of the search.

The centre of the relief depicts Asklepios, the god of medicine, seated on a throne, with a snake coiled round his arm, and a woman, possibly Hygieia, standing before him. The relief is half ruined, but the upper part of his body, including the head, is well preserved.

At this point there was an Asklepieion frequented by mariners, and four stelae, some similar to this one from Melina, have been found upon its site. There can be little doubt that this relief also comes from the Piræus, because the sunken galley has among its cargo inscriptions carried off from the temples standing there. Moreover, the workmanship is not quite so good as was generally considered appropriate for the Asklepieion at Athens, so there is every reason to consider that it was taken from the shrine of the god of healing at the arsenal, among which emporium also were derived two bronze prisms belonging to the ancient galley's house, which have also been found at Melina.

SAWS SET WITH DIAMONDS FOR STONE CUTTING.

Circular saws set with seventy to one hundred diamonds in place of teeth have been used in stone-cutting, but they are adapted only for small work, and a new development is a diamond bandsaw, which can cut thru stone to a depth of four feet or more. This is now so perfected that it can saw marble or limestone at a speed of two inches per minute, and at a cost of working a steel plate on a damp bed of sharp sand or shot could not exceed six or eight inches an hour.

Some of these saws already in operation have cut thru stone to a depth of four feet or more, and alternate from side to side of the saw at intervals of two inches.

There are no projecting teeth, the diamonds being held by the finger only as a slight roughness of the steel. The diamonds are uncut, with no show of brilliance, and they are held in steel sockets, which they have been fixed by means of electric welding.

How Lobsters and Other Crustaceans Are Hypnotized.

The hypnotizing of lobsters and other crustaceans has been the curious subject of a special investigation in England by the Northumberland Sea Fisheries Committee.

It has been known that lobsters could be hypnotized, and the method of holding the head down and rapidly stroking the carapace, and one point to be determined was whether the blood in the head by the reversed position was essential. The horizontal position of lying on the back gave a same result, and a native lobster remained motionless three hours, and one from Norway fifty-five minutes, but it recovered when disturbed, and instantly was placed in water. Crabs became comatose in both the horizontal position and lying on the back. Respiration seemed to be unaffected.
