## OPPOSITION AT OTTAWA TO C.P.R.'S APPLICATION FOR \$60,000,000 ISSUE

### Railway's Request Has Uncertain Outlook, Particularly If It Is Sought to Give Shareholders Subscription Rights Much Below Market Quotations—Shareholders to Meet Oct. 2.

OTTAWA, Aug. 15.—(Special.)—The government of Canada is now faced with the responsibility of authorizing a proposed increase of \$60,000,000 in the ordinary capital stock of the Canadian Pacific Railway. This is the amount which the shareholders will be asked to sanction at the thirty-first annual meeting of the company at Montreal on Oct. 2.

Formal notice of application has been made to the government, and an order in council will be asked for ratifying the wishes of the directors.

Up to Government.

The adoption of a bylaw will, it is stated, be necessary to enable the directors to give effect to the proposed increase, but full and final responsibility of authorizing the increase would appear to rest with the government. The last increase of the kind made was in 1908, when the company increased its authorized capitalization from \$150,000,000 to \$200,000,000. This was authorized by order in council, and the same method, it is understood, will be used in connection with the present application.

Will Be Opposition.

While it is difficult to gain any expression of opinion from members of the cabinet, the general sentiment at the capital appears to be that the proposed increase will meet with considerable opposition, especially if any considerable percentage of reduction in the purchase of the new issue is granted to present shareholders. In any case, nothing will be done to decide the matter for some time, and certainly not till the return of Premier Borden.

## Prince Arthur Goes to Tokio

LONDON, Aug. 15.—(C. A. P.)—The son of the Canadian governor-general, Prince Arthur of Connaught, has been selected by the King to represent His Majesty at the funeral of the late Emperor of Japan. He will be accompanied by Lord Methuen, Admiral Edmund Pei, Miles Lampson of the foreign office, and Captain Bonham, Prince Arthur's equerry.

## PINNED BENEATH SUNKEN SCOW AND KILLED

### Edward West of Port Huron Died Instantly, and Another Diver Was Probably Fatally Injured When Sunken Vessel Flopped Over on Its Side, Near Port Burwell.

PORT BURWELL, Aug. 15.—(Can. Press.)—Pinned beneath a sunken scow about 100 feet out of Port Burwell, Edward West of Port Huron, Mich., was killed, and another whose name has not yet been ascertained, lies here in a precarious condition.

The men were divers in the employ of the Great Lakes Towing Company of Cleveland, Ohio, who had been engaged to salvage a scow, the property of the Hogan Company of Port Colborne, which was wrecked here some time ago in forty feet of water with a heavy load of stone.

The men had donned their suits and descended to the floor of the lake directly after dinner. Air was being pumped into the sunken scow. Suddenly heaving, the cumbersome vessel flopped over on its side, pinning the two men like rats in a trap. A rescue party was soon on the scene when informed of the accident, and although the unknown diver was pulled out by his lifeline, every effort to rescue West proved unavailing. The line about the suit of the latter had been snapped in the heaving of the vessel, and the location of the disconnected body could not be ascertained up to a late hour to-night. The rescue party is still on the scene.

The other man was badly crushed and the still unconscious hope is held out for his recovery.

## NAT GOODWIN INJURED WHEN SKIFF OVERTURNS AND PROBABLY WILL DIE

### Well-Known Actor Was Thrown From Rowboat Near Los Angeles, and Heavy Sea Caused It to Strike Him, Inflicting Injuries From Which He Is Not Expected to Recover.

LOS ANGELES, Aug. 15.—(Can. Press.)—Nat C. Goodwin, the actor, was seriously and probably fatally injured about noon to-day at Rocky Point, 12 miles south of Hueneme, by first being thrown from a skiff on the rocks by the breakers, and then being struck by the boat itself as it was dashed ashore.

Goodwin and a woman of his company, engaged the launch Nora, Capt. Albert Hyder of Santa Monica, to make a trip up the coast to-day with a view of locating some land which Goodwin said, he wished to buy and convert into a summer resort.

The woman had a note, which she told Capt. Hyder was for an Indian who lived near Hueneme, and when a spot 12 miles south of that place had been reached, she espied an Indian hut and demanded that Capt. Hyder take her not ashore and give it to the Indian. Hyder refused because of the strong tide and rough breakers, but Goodwin, taking off his coat and vest, grabbed the note and jumped into a rowboat. As the boat reached the breaker line, it was overturned. Goodwin was thrown on shore, and stunned. With the next roll of breakers, the boat was thrown upon Goodwin.

Hyder got Goodwin into the launch and hurried to Santa Monica, where the actor was placed in a hospital.

His physician said to-night that the patient's condition was critical.

## NO INDICTMENTS UNTIL SCHEPPS IS HEARD

### Charges Against Murderers of Rosenthal to Be Strengthened Before Grand Jury—District Attorney Whitman Offers \$5000 Reward for Gunmen.

NEW YORK, Aug. 15.—(Can. Press.)—At the request of District Attorney Whitman, the grand jury to-day withheld the filing of its pending indictments against the murderers of Herman Rosenthal in order to hear the testimony of Sam Schepps, now on his way here from Hot Springs, Ark., in the custody of Assistant District Attorney Rubin. While the county prosecutor believes that the evidence thus far submitted to the jury is sufficient for the purposes of indictment, he advised the jury to-day that it would be best to hear the testimony of Schepps, in order to further strengthen the evidence.

The district attorney expects that Schepps, who is said to have been a passenger in the "assassination car" while the murderers of Rosenthal were being rounded up, will add interesting details to the manner in which the murder was planned, which will strengthen the true bills contemplated against "Gyp the Blood," "Dago Frank," "Crook," "Whitey" Lewis and "Lefty" Louie, the alleged murder crew.

Becker the Paymaster.

Mr. Whitman also believes that Schepps will be able to throw light upon the manner in which the alleged murderers were paid, which will corroborate the testimony of Jack Rose and "Bridgie" Webber, that Lieut. Charles Becker, charged with investigating the murder, was responsible for the payment.

Schepps is expected here on Saturday and will go before the grand jury on Tuesday as a material witness, unless in the meantime he disappoints the expectations of the state by refusing to tell his story. In that case one more indictment will be handed down that day and the name of the man it would accuse of complicity in the murder would be Schepps.

Reports were current that Webber, who with Rose and Valon were witnesses before the jury to-day, and given testimony which conflicted with his previous stories, but it was learned that Webber steadfastly stood by all that he had said regarding Lieut. Becker and the other defendants in the murder.

Whitman to Offer Reward.

Impatient over what he regards as the "peculiarly unprecedented" failure of any city authority to offer a reward for the capture of "Gyp the Blood" and "Lefty" Louie, who to-morrow will have been at large one month since Rosenthal was slain, District Attorney Whitman declared to-night that he himself would offer a reward of \$5000 for the capture of the two men, dead or alive. "Altho the two men are wanted for the most sensational murder in the history of the city—a murder that has led to revelations of organized graft in the police department—no reward such as is commonly offered for the capture of criminals by the small-country communities, has thus far been offered. It was pointed out by the county prosecutor to-night, for the arrest of these two alleged murderers, either by the police or any other authority representing New York City.

Citizens to Provide Sineas.

While the district attorney's office is not provided with funds for this purpose, Mr. Whitman said that he expected to obtain the \$5000 from certain public-spirited citizens, which he would normally offer next week if the city authorities do not in the meantime offer a reward.

Detective William J. Burns saw the district attorney to-day, but has thus far, it was learned, turned up no evidence of importance. He told the prosecutor, however, that he was on a trail which he predicted would lead him to a high city official in connection with police corruption. He also said that he expected to "get" three men known as the "disorderly house triumvirate," one a lawyer, one a police inspector and the other a hotelkeeper. The detective also gave assurance to the district attorney, it was learned, that he would find "Gyp the Blood."

## NEW WING READY AT PARLIAMENT BUILDINGS

### Education Department and Provincial Library Will Be Located in More Commodious Quarters, and Normal School Museum Will Be Moved to Provincial Building

As the government intends to sell the Normal School property, the education department will have its headquarters at the parliament buildings. On September 1 the new north wing of the parliament buildings will be about ready for occupancy, and it is understood that this section of the government buildings will be partly taken up by Hon. Dr. Prynne's department as well as the provincial library.

There is a merry juggle was going on among the department heads, it is said, as to what offices will be given accommodation in the new wing. At present many departments are cramped for room, among them being the agriculture department, whose offices are spread on different floors, and the provincial secretary's branch. It is possible that some of the branches in the old building will be moved into the new wing so as to provide adequate space for several departments.

Others to Move.

Besides the need of room in the parliament buildings there are several government offices down town that will likely be found in Queen's Park when the north wing opens, such as those of the Ontario Railway and Municipal Board and the municipal auditor. There has been some talk of the T. and N. O. Commission and the Hydro-Electric Commission locating in the buildings, but this is hardly likely, as both concern do most of their work in the commercial centre of the city.

In the disposal of the Normal School property it is thought the government intends to move the museum, which is situated there, up to the new provincial museum building on Bloor-street, just east of McMaster University. This building belongs to the university, which receives a museum grant of \$10000 a year from the government, but it is likely that all the museums in the several colleges and the Normal School will be placed in this building.

## THEORISTS WITH REMEDIES OF QUACKS

### President Lynch of Typographical Union Received a Demonstration When He Scored Alleged Autocracy of the Administration.

CLEVELAND, O., Aug. 15.—(Can. Press.)—A bold attack was made by the progressives in the International Typographical Union's convention to-day upon alleged autocracy of the administration. Unlike the move of yesterday, directed by the anti-administration forces against the proposal to make the term of office of the international officers four years, the attack failed.

President James M. Lynch himself took the floor in opposition to the "progressives" proposal to appoint a board of 15 directors who would be given much of the power now wielded by the president and the executive council of three. Turning the gavel over to Vice-President George A. Tracy, Lynch, in a fiery speech, condemned the anti-administrationists as "theorists with quack remedies" for imagined ills of the organization. He declared that every so-called progressive measure that has yet been offered would, if adopted, mean \$50,000 or \$60,000 a year greater expense.

Altho the proposed legislation contemplated the elimination of autocracy, Lynch said that if it were passed and he could not build up "the most complete autocracy in existence" he would renounce all claim to the ability.

For fifteen minutes a demonstration for Lynch continued on the conclusion of his speech, and shortly after the convention defeated the board proposition overwhelmingly.

Still in Turmoil.

The ladies' auxiliary of the union is still in turmoil. To-night the main body is awaiting the return of the books by Mrs. Frank W. Long, secretary and treasurer, who walked out of the convention followed by a small coterie because her choice for stenographer was not that of the auxiliary. To-day a registered letter was sent Mrs. Long demanding the return of the books and records. The only acknowledgment was the receipt of her letter. The auxiliary has consulted a lawyer and also has advised its bank to honor no drafts made by Mrs. Long upon the body's funds.

Probing Ottawa's Water Scandal.

OTTAWA, Aug. 15.—(Special.)—The city council to-night placed City Solicitor McVety in full charge regarding the judicial enquiry to be held concerning the causes leading to a leak in the waterworks pier. He can summon any city employees and engage any assistants he considers necessary.

Suicided in Husband's Presence.

NIAGARA FALLS, Ont., Aug. 15.—(Special.)—Because her husband accepted a position traveling with a theatrical troupe, Mrs. R. Johnston committed suicide at her Main-street home to-day by taking carbolic acid. Her husband witnessed the woman's act.

## WEST TO FIGHT C.P.R. DEMANDS

### Attempt to Distribute Surplus at Expense of Shippers Sets Prairies Afire With Indignation.

WINNIPEG, Aug. 15.—Application of the C. P. R. for authority to increase the capital stock by \$60,000,000 has aroused tremendous hostility throughout Western Canada and pressure is being brought on the government to prevent the issue. When the rumor first circulated a month ago, the press generally pointed out it was another case of megalomania since the huge surplus piled up by the company has been causing the officials so much uneasiness to know what to do with it.

There was an impression in Western Canada that freight rates admittedly excessive as compared with those in the States would be reduced. Instead of reasonable reductions the company has fought every effort in this direction, yet their surplus is piling up so fast that they are allowing super-tendents at different points to come to five in at the expense of the company, costing in some cases a minimum of \$5,000. A point the west remembers first is that provision in the charter which exempts the company from taxation until it is earning ten per cent. net on all investments. Obviously this has been exceeded, but the company finds ways to divert earnings to confuse assessors.

## TWO MAY DIE FROM INJURIES

### Mrs. Wm. Johnston and Mr. Pill Are in Precarious Condition as Result of Whitby Motor Car Wreck.

Neither of the two most seriously injured ones in the motor car accident which occurred a mile and a half west of Whitby, Wednesday afternoon—Mrs. Johnston and Mr. Pill—is much better. The authorities at that institution said last night the condition of both the man and woman was very serious. It is very probable that one or both may die if a turn for the better does not soon set in. Wm. Johnson, who suffered a crushed foot and ankle, has recovered sufficiently to be out of danger.

## EASTERN RADIAL SERVICE ASSURED

### Toronto-to-Bowmanville Line is More Than Half Graded, and Cars Will Run Early in 1913.

The residents of Bowmanville are now assured a radial service between there and Toronto early in the new year. The Toronto and Eastern Radial Line, which will run between Bowmanville and Cherrywood, where it will connect with the Canadian Northern Railway thru to Toronto, is now more than half graded. The ties have already been laid thru Bowmanville, ready for the laying of the rails, and the present staff of between one and two hundred men now working on the line is to be at once increased. This will be done in order that there will be no failure to have the line completed before the end of the year, as called for in the contract.

## TO BE REARED AS CATHOLICS

### Judgment at Dublin Affecting Children of Mixed Marriage, an Important Pronouncement.

DUBLIN, Aug. 15.—(C. A. P.)—The matter of the re-education of a considerable number of children of a mixed marriage, the father, now dead, having been a Catholic, and the mother, who is alive, being a Protestant. It was alleged by the step-sister of the children that they had been brought up in accordance with the father's wish as Catholics, but that recently, owing to the influence of the mother and other persons in the City of Waterford, they embraced the Protestant religion.

In the case of the two eldest girls, aged 19 and 17 respectively, they expressed a determination to become Protestants, and his lordship made no order in the case. The three younger boys, aged from 13 down to 9 years, he directed should be brought up as Catholics.

## TIED KNOTS TO ENTER AMERICA

### Two Norwegian Couples Overcame Immigration Laws by Getting Married at Quebec.

QUEBEC, Aug. 15.—(Can. Press.)—A double wedding took place at the immigration buildings this morning. The principals were Norwegians who out as stowaway passengers on the steamship Royal George.

One couple, bound for the United States, was handed over to the American immigration inspectors, who learned of the course of examination that the two were sweethearts and the man had already lived in the U. S., but had gone to Norway for his fiancée, whom he said he intended to marry when they reached their destination across the border.

### STRUCK BY TRAIN.

O. P. Knight, 988 Lansdowne-avenue, driving a team belonging to Coleville Carriage Co., was struck by an east-bound G.T.R. freight train at 12:30 last night. He escaped practically uninjured. One horse was killed.

## HARVESTERS IN WESTERN FIELD

### Pioneer Detachment Now at Winnipeg Ready for Distribution Over Prairies.

WINNIPEG, Aug. 15.—(Special.)—Twenty-seven hundred harvesters, the advance guard of the army of over 50,000 required to gather the crop of the Canadian prairies, arrived to-day from the Maritime Provinces. The men detain here and spread farwise across the prairie.

More than two thousand harvesters have already been sent out from the local offices of the Dominion immigration department. Special rates west of Winnipeg have been placed on order of application, which have mostly come from central and western Manitoba and southern Saskatchewan. But already there is quite a demand from northern Saskatchewan and Alberta.

The men already sent have been distributed along the Grand Trunk as far as Biggar and district, on the C. P. R. to Battledore, and along the main line of the C. P. R. in west central Manitoba and a few to Alberta. The first contingent of harvesters from the east arrived here from the Maritime Provinces.

## CANAL BILL IN FINAL STAGE

### Conferees' Recommendation Before Both House and Senate—Some Ingenious Compromises Suggested

WASHINGTON, Aug. 15.—(Can. Press.)—The Panama Canal bill agreed to yesterday by the conferees of the house and senate will be pushed for final action in both bodies to-morrow. Opposition is expected from those who oppose free tolls to coastwise ships or who object to other provisions of the bill, notably the railway and anti-trust sections.

Senator Brantford, Progressive, was the only representative of the Republican forces of the two bodies who signed the conference agreement. He will join with Senator Simmons, Democrat, in urging approval of the agreement by the senate. Senator Brandegee, who declined to approve the completed bill, in conference, is expected to lead the fight against objectionable features of the agreement.

Patchwork Agreements.

It is understood that Senator Brantford has made it clear to Republicans in the senate who oppose the bill, as now agreed upon, that he will object to any temporary resolution that would carry final approval of the bill over until December. One plan suggested was to give President Taft authority to begin an organization of the canal forces, leaving the general subjects of tolls and railroad control of steamship lines to be settled at the next session.

Representative Adamson, who framed the original canal bill, is expected to have the support of the Democratic forces in the house in approving the conference agreement.

Representative Stevens, the Republican house member of the conference committee, declined to sign the report.

## WANT TO UNSEAT ENTIRE COUNCIL

### Ratepayers of Lachine Have Taken Action to Straighten Out Complicated Municipal Affairs.

MONTREAL, Aug. 15.—(Can. Press.)—The affairs of the Municipality of Lachine are apparently in a complicated position, for proceedings have been entered in the courts by ratepayers of the town to unseat the entire council, including the mayor. Gross irregularities in the conducting of the town business and the expenditure of the town's funds are alleged.

## NO CLUE TO MURDERER

### Jury at St. Kitts Urges That Reward Be Offered for Slayer of Tarpinian.

ST. CATHARINES, Aug. 15.—(Special.)—An open verdict was returned this evening by the coroner's jury which has been investigating for the past four weeks the death of Araki Tarpinian, who was found murdered at his boarding house on the morning of July 15 last.

No new evidence was adduced at this evening's session and the jury decided that, from the medical evidence, Tarpinian had been wilfully murdered by a party or parties unknown.

The jurymen commented on the unsatisfactory nature of the evidence, there being an apparent desire to shield the murderer. A recommendation was made that the government offer a suitable reward for the conviction of the guilty party.

## CANADA HAILS BRITAIN'S SONS

### Hon. R. L. Borden, Confronted With Oft-Mentioned Advertisement, Denies Englishmen Are Unwelcome.

LONDON, Aug. 15.—(C. A. P.)—Hon. R. L. Borden, questioned regarding the advertisement, "No English need apply," reported as having appeared in the western Canada press, declared, "I know of none. Emigration from the British Isles is hailed by Canadians and there is no reason why they should not succeed in the Dominion. Men and women were not lost at the pier when they emigrated to Canada, where opportunity walked side by side with every capable industrious man. Men were needed to-day to settle on the land, while agricultural laborers and domestic servants were in great demand."

The premier yesterday visited the steel and ordinary works of Messrs. Armstrong and Whitworth and was dined by the company.

### FALL COMING THIS WAY.

This is the good time to purchase your new fall hat, because the Dinesen Company have the advance blocks by the world's greatest makers now on sale at 140 Yonge-st. The Dinesen Company is sole London, Eng., who make hats exclusively for His Majesty, and for nearly all the other crowned heads of Europe. The advance London blocks are now on sale. Christy's new hats are also in, and those by Stetson of Philadelphia.

FRIDAY MORNING

EVERY MINUTE SETS WORLD'S RECORD

Winner of Free-for-All Pace Steps Fastest Two Heats in a Race Recorded—The Results.

BUFFALO, Aug. 15.—Evelyn W., winner of the free-for-all pace, the closing feature of the Grand Circuit this afternoon at Fort Erie, broke a world's record for the fastest two heats paced in a race. Evelyn W. won the first heat in 2:03 flat. In the second heat Bert Shank was forced to urge the mare to overhaul Vernon McKinney, who got away flying, the time of the mile showing 2:02 1/2.

It was an easy win for the Shank mare. In the first heat Bramham Baughman held the lead to the turn into the stretch. Shank then shook the whip at the mare and she crossed the wire with plenty to spare. In the second heat, the leaders of the Ohio mare had quite a scare. Vernon McKinney, who was a bad late in the first heat, assumed the lead and was racing towards the wire with plenty to spare when he broke at the distance pole. Evelyn W. won flatly in the pools with Vernon McKinney second choice.

On the Indiana pacer, won the Laurier Stake, \$200, for 2 1/2 miles in straight heats. The third mile was covered in 2:02 1/2. The owners of the light harness horses were treated to another six-heat race in the 2 1/2 class trot. Major and favorite in the pool:

Table listing race results with names like Evelyn W., Bramham Baughman, and various stakes.

FELKER AT FIRST DEFENCE AGAINST IRISH SATURDAY.

Tempehse put a final touch to their preparations for the Irish-Canadian race on Saturday afternoon. The entire squad will be held at the club. The fact that the race has not been weakened for this game has not discouraged the red-tailed warriors. Instead making a big effort to pull out of last place. To do so they must win tomorrow's match from the Irish.

Parkdale School Old Boys' Association.

CHICAGO WINS FROM N.Y. 5-1

Cubs Drive Marquard From the Mound, While Richie Holds Giants Safe at All Times.

CHICAGO, Aug. 15.—Chicago won the opening game of the series from New York, 5 to 1, driving Marquard out of the box in the fifth and reducing New York's lead home to the National League pennant to five games. It was estimated that 20,000 persons witnessed the contest. The available seats in the grandstand were occupied and the thousands had to be denied admission to the park for lack of space. Marquard's debut was in the fifth inning. With Archer out, Richie singled and Howard walked. Marquard got Schulte's fly. Tinker drove a shaming double into the right field crowd, scoring Marquard and leaving the bases loaded. On Murray's throw to the plate, he took third on a wild pitch. Slater walked and sending Marquard to third. Manager McGraw then sent Crandall into the game to replace Marquard. Archer lifted a fly to Murray, ending the inning.

EATON'S

Horse Collars Made to Measure From the many good values in our Harness Department, we have chosen for special mention for Saturday selling these Team Collars, which are exceptionally high grade, of the very best quality, and will give the best of satisfaction. They are made entirely in our own factory, full hand made, long strap pipe collar, harness leather, and good quality leather or cloth facings are used in every one. They have solid rims and full steel in throat. This insures comfortable wear without winding a horse while at work. We make these Collars to fit your horses, and guarantee them in every respect. Bring your horses and we will measure and make the Collars. Price, each... 4.50 Plain Long Straw Collars, without pipes. Each... 3.50 Other Grades of Work Collars. Each 2.75, 2.65 and 2.25 -Harness Department--Basement.

Table of scores for the Ontario Cup tournament, listing names and scores for various participants.

PORT DALHOUSIE IS NEXT

ST. CATHARINES, Aug. 15.—(Can. Press).—A hydro power question has considerably enlivened the otherwise quiet little village of Port Dalhousie. On Monday next a by-law will be submitted to the ratepayers of the village asking approval of disapproval of the establishment in the village for lighting purposes of a hydro-electric system. It is understood a majority of the residents are in favor of the establishment of the hydro, but some are opposed to such a move.

'Wild Bill' Loses His First

PROVIDENCE, Aug. 15.—With 'Wild Bill' Donovan, the new manager, on the mound, the Grays went down to a 1 to 0 defeat at the hands of the Tigers today. Donovan was hit safely 11 times, including a double, a homer and two triples. Quinlan pitched a brilliant ball for the winners. Score: Grays, 0; Tigers, 1.

Highlanders Stop Jean Dubuc's Streak

New York-Toronto defeated Detroit 4 to 2, and broke the winning streak of Dubuc, who up to yesterday, had won eleven straight games. The New Yorks won by running wild on the bases. They were credited with eight steals, five of them coming in the ninth. The game was poorly fielded. Score: Yankees, 4; Tigers, 2.

Veterans Beaten In Peasopville

MONTREAL, Aug. 15.—The all-Montreal cricket team won a victory from the New York team today after two days' play. The local batsmen made only 18 yesterday, while New York put together 138 for the loss of five wickets, but this morning the New Yorkers completed their first innings for a total of 154, while the locals made 124 against the visitors 48 in the second innings. It is the first game in which the New Yorkers have not proved victorious.

WARNING TO SHIPPERS

Great Car Shortage on Canadian Railways Threatened. A circular is being sent broadcast to the shippers of the Dominion by Manager J. E. Walsh of the transportation department of the Canadian Manufacturers' Association, calling attention to the fact that a great railway car shortage is threatened this year. The shippers are being appealed to to assist as much as possible to minimize the evil by expeditious loading and unloading of cars; also postponing, as much of the bulky freights as possible until the close of the Northwest season.

Royals Win Again

BALTIMORE, Aug. 15.—After playing Chinese baseball for four innings and allowing the Montreal an eight run lead, the Royals made a hard finish, but were too far behind. Score: Royals, 8; Montreal, 4.

At Philadelphia-Philadelphia 2-0

At Philadelphia-Philadelphia 2-0. Philadelphia won the game against the visitors.

THE POPULAR CHOICE

The thirsty bowler after a strenuous day in the August sun makes a wise choice when he selects REINHARDT'S 'SALVADOR' CANADA'S MOST FAMOUS BEER. Call for 'SALVADOR' at your club-house and hotel, or order a case from the nearest liquor dealer for home use.

SOCCER FOOTBALL HAMILTON v. TORONTO

Varsity Stadium, Sat., Aug. 17. 8.00 p.m. Admission 50c and 25c.

### FAVORITES FAIL AT HAMILTON

Only Two Public Choices in Front — Jacquellina Wins Feature Over Turf Course — The Results.

HAMILTON, Aug. 15. — Only two favorites caught the judges' eye to-day out of the seven races — Farrier in the first race and The Welkin in the second. The feature race for the day was the Brantford Selling Handicap at one mile over the turf course. This race brought out a fair lot of racers. Hamilton was made the favorite, but ran poorly and was outside the money, the race being won by Jacquellina, who came from nowhere in the stretch, and just got up in time to nose out Isabel at the wire. Joe E. Seagram won his second race for the year when Kate Kittlerberry

### Queen City Regatta Saturday Has Big List of Entries

Saturday will be the banner day of the summer at the Queen City Yacht Club, as that is the day set apart for the annual regatta. The committee in charge have spared no efforts to make this the "biggest and best" in the history of the club. In the afternoon the Grenadiers' Band will play from 2 o'clock till 6 on the customary float in front of the club. The racing program is as follows: Class A, start 2:15, around the island; Class B, start 2:30, around the island; Class C, start 2:45, bay course; Class D, start 3:00, bay course; dinghy, start 3:15, bay course; motor boats, start 3:30, around the island. During the afternoon a series of swimming events will take place in front of the club, consisting of fancy diving, high diving, 100 yards dash, walking, greasy pole, burlesque race, and also arrangements are being made for a tug-of-war between teams representing the Royal Hamilton Yacht Club and Queen City Yacht Club, which promises to furnish quite a lot of amusement. The respective teams will be placed

### Peaches Still Hunting.

Catcher Graham is scouting for Toronto in the New York State League. President McChaffers joins him tomorrow on the trip. Catcher Fisher will probably finally be sold. Toronto purposes putting in drafts for a couple of Canadian League players. The local club will sell none of its regulars, taking a chance on one being drafted at the fixed price of \$2250. If they sold one then the draft would take another, making a hole just twice the size.

### Racing in England.

LONDON, Aug. 15. — The St. James Stakes was run to-day, as follows: 1. Lomond, 6 to 5. 2. White Star, 9 to 2. 3. Stedgar, 5 to 2.

### THE WORLD'S FORM CHART

Baldy	102	12-1	11-1	11-1	Dante	12-1	11-1	11-1	11-1

36 SEVENTH RACE—Mile, on turf, purse \$200, for 2-year-olds and up.

Ind. Horse	Wt.	St.	Str.	Fin.	Jockeys	Op.	Cl.	P.	Sh.
Jacquellina	113	9-5	8-5	8-5	Martin	9-5	8-5	8-5	8-5
Common	113	10-1	9-1	9-1	Hopkins	10-1	9-1	9-1	9-1
Hamilton	113	11-1	10-1	10-1	McCahey	11-1	10-1	10-1	10-1
Pertham	113	12-1	11-1	11-1	Teahan	12-1	11-1	11-1	11-1
Rebound	113	13-1	12-1	12-1	Schuttlinger	13-1	12-1	12-1	12-1
Surfrast	113	14-1	13-1	13-1	Byrne	14-1	13-1	13-1	13-1
Pertham	113	15-1	14-1	14-1	McTaggart	15-1	14-1	14-1	14-1
Leopold	113	16-1	15-1	15-1	Adams	16-1	15-1	15-1	15-1

On foals and the winning team pulls the other one into the bay. After the presentation of prizes luncheon will be served in the main room and the day will conclude with a dance, for which Stapella's Orchestra has been engaged.

Besides the usual double-header at Dufferin Park to-morrow, a baseball field day will be conducted on that field under the auspices of the Senior City Amateur League. Many prizes have been received for the different events, and a strong card has been provided.

Old Country Cricket. Yorkshire made no mistake in their match with Middlesex, which concluded on Wednesday, defeating them by 107 runs. The broad-armed county thus strengthened their position at the head of the county championships, although Northampton and Kent are treading closely on their heels.

Less Than the Maker Sells Them For

# Electric Fans \$8.45 INSTEAD OF \$14.00

Blame, or thank the railroad company for this opportunity to get an Electric Fan for so little, for this lot of 100 fans, which were to reach us over a month ago, only came to hand this week.

These fans are made by one of the most reliable electric appliance manufacturers in America, beautifully finished black enamel body and stand, with heavily nickel plated 8-inch fan and wire guard.

The construction of motor is 110 volt alternating or direct current, adjustable to any position. They are all nicely boxed, so that you can send one away if you wish to make someone a real nice present.

Duke of Connaught Pleased by Tribute Sends Cable to King

HALIFAX, Aug. 15.—(Can. Press.)—His royal highness, the Duke of Connaught, on the occasion of the dedication of the memorial tower yesterday, and today sent the following message to His Majesty:

"To the King, England: 'On the occasion of the dedication of the tower, commemorative of the first overseas legislative assembly, I send you in the name of representatives of Canada, of its provinces, of Australia, Newfoundland and England, dutiful expressions of loyalty.' (Signed) Arthur.

The Duke of Connaught, who was kept busy again today, in the forenoon he visited the dockyard where his brother, the late king, landed in 1859. In the afternoon he laid the corner stone of a new science building for Dalhousie University, for which Andrew Carnegie has promised \$40,000. Then he unveiled a corner stone marking the place where Sir John Moore had his quarters in Halifax. The site is now occupied by the Bank of Nova Scotia. To-night he attended a state banquet at Government House. To-morrow he goes to Windsor.

The following reply, dated Bolton Abbey, England, was received this evening: "To H. R. H. the Duke of Connaught, Halifax: 'Will you convey to the representatives my sincere thanks for their message and assure them that I much appreciate their expressions of loyalty.' (Signed) George R. L."

TO PROTECT SEALS United States Senate Ratifies Treaty Affecting Pribiloff Islands.

WASHINGTON, Aug. 15.—(Canadian Press.)—After four hours' debate the senate today passed a bill putting the seal to the fur seal treaties with Japan, England and Russia, for the protection of seals in the Pribiloff Islands. The measure prohibits peacable sealings, and by a vote of 42 to 18 the senate placed "in it a provision prohibiting land-killing on the islands for ten years."

An ineffective fight against the ten-year closed season provision, which was embodied in a senate committee amendment, was made by Senators Lodge and Root. Senators Nelson of Minnesota, Hitchcock and Shively supported the amendment.

LABORER INJURED

Morris Kearney of 381 East Queen street was taken to St. Michael's Hospital yesterday afternoon in a paralyzed state. He is said to be about 48 years of age, but how he suffered the accident that caused his paralysis is not known. He is a laborer. Other men that nothing is known of him, as he is still unconscious.

FREDECTION SAWMILL BURNED

FREDECTION, N.S., Aug. 15.—(Can. Press.)—Durham Bros' sawmill was totally destroyed by fire to-day. The loss is \$5000, with no insurance.

Mint Perfecto The Big Value Cigar 3 for 25c

35 in box \$1.75 50 in box \$3.50

A. CLUBB & SONS TORONTO

THE WEATHER

OBSERVATORY, TORONTO, Aug. 15.—(8 p.m.)—The shallow depression which was last night over the Gulf of St. Lawrence is moving slowly eastward, and the western high area is now centered over the great lakes. Showers have occurred in the maritime provinces and in British Columbia, while in the other parts of the Dominion, the weather has been fair. It has been a warmer day than yesterday, and a little cooler today in Ontario and Quebec, and somewhat warmer than yesterday in Manitoba.

Minimum and maximum temperatures: Victoria, 54-78; Vancouver, 54-78; Kamloops, 58-79; Calgary, 44-74; Moose Jaw, 46-73; Winnipeg, 44-70; Port Arthur, 56-64; Parry Sound, 56-72; London, 56-74; Toronto, 56-74; Kingston, 56-68; Ottawa, 56-64; Montreal, 58-68; Quebec, 54-66; St. John, 48-74; Halifax, 44-76.

Lakes and Georgian Bay—Northernly to southerly, fair and cool. Ottawa and Upper St. Lawrence—Northernly winds; fair and cool. St. Lawrence and Gulf—Northernly and northwesterly winds; fair and cool. Marquette—Northernly and northwesterly winds; mostly fair and cooler. Superior—Moderate easterly winds; fair and cool. Manitoba—Easterly winds; fair and moderately warm. Saskatchewan—Easterly winds, becoming showery. Alberta—Unsettled, with showers.

Table with 4 columns: Time, Bar., Ther., Wind. Rows for 8 a.m., Noon, 4 p.m., 8 p.m., Mean of day, Range.

STEAMSHIP ARRIVALS

Table with 3 columns: At, From, Date. Rows for Montreal, Quebec, Halifax, Liverpool, London, New York, etc.

Street Car Delays

Thursday, Aug. 15, 1912. 11:15 a.m.—Laying water main, Front and John; 6 minutes' delay to westbound Bathurst cars. 11:38—Fire, Wilton and Parliament; 40 minutes' delay to Parliament cars, both ways. 1:26 p.m.—Holding station at C. P. B. Building, King and Yonge; 5 minutes' delay to northbound cars on Yonge-st. 3:27—Horse on track, King and Yonge; 4 minutes' delay to eastbound King cars. 4:40—Hold by train, G.T.R. crossing; 5 minutes' delay to King cars.

BIRTHS

CALDWELL—At Cottage Hospital, Toronto, Aug. 15, 1912, to Mr. and Mrs. T. R. Caldwell, a daughter.

DEATHS

JOHNSTON—On Thursday, Aug. 15, 1912, at his home, 13 Yorkville-avenue, John, beloved husband of Ellen Jackson, in his 82nd year. Funeral on Saturday, the 17th inst., at 2:30 p.m. to Mount Pleasant Cemetery. Friends will kindly omit flowers.

MITCHELL—At Toronto, Aug. 15, John Wesley Mitchell, druggist, of 809 King-street west, aged 39 years. Funeral on Monday from Omemee to Emily Cemetery. Service at 809 King-street west on Sunday evening at 8:30.

ROWNTREE—At 119 Tyndal-avenue, Toronto, on Thursday, Aug. 15, 1912, at 4 p.m. Ellen Slater (Nelle), beloved wife of George Edward Rowntree, in the 39th year of her age. Funeral will be held on Saturday, the 17th inst., at 2:30 p.m. to Prospect Cemetery.

MEMORIAL TO MAYFLOWER

Interesting Ceremonial at Southampton Has International Flavor.

SOUTHAMPTON, Eng., Aug. 15.—The laying of the foundation stone of a memorial tower to be erected on the spot where the Mayflower was moored prior to her departure for America, with the heroic band of pilgrims which set forth from this port 300 years ago in search of religious liberty, marked the second annual observance of Pilgrims Day to-day.

The functions opened with a luncheon presided over by the mayor of Southampton. The toast of "The Immortal Memory of the Pilgrims Fathers" was proposed by Sheriff Hallett of Southampton and acknowledged by Arthur Lord and Joel H. Seaverns of Boston.

A visit was made to the West Gate, thru which the pilgrim fathers passed to the Mayflower on Aug. 15, 1620.

OXFORD GRAD. HIRES OUT

Son of English University Professor Takes Premier's Advice.

Among those who registered at the Dominion Immigration Office at the Toronto Union Station yesterday was Charles E. Sowers, aged 25, an Oxford graduate, with an M.A. degree, and a son of one of the professors of Oxford University. He has \$5000 to invest in an Ontario farm, but declares he will work here as a farm hand for a year before making a purchase. He was sent to the farm of Richard Blain, M.P., near Edmonton. Mr. Sowers met Premier Borden during a recent visit of the Canadian premier to the historic university. At the time the prime minister of the Dominion strongly advised Mr. Sowers to come to Canada. It is as a result of this advice that the young man has taken work on the farm at wages of less than a dollar a day.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

Money in Old Tin Cans

MONTREAL, Aug. 15.—The board of control to-day received an interesting communication showing how to convert Montreal's garbage into a mine. The communication was from Francis Hankin & Co., with offices in Montreal and Toronto, and stated that if the tin cans were systematically sorted out of the garbage they could be made to yield \$3000 over and above all expenses annually.

The communication included an offer to purchase all the tin thus obtained.

LOOK INTO NEEDS OF NEW ONTARIO

Three Ministers of Government Will Make Thoro Tour of Western Portion of the Province.

Three Ontario cabinet ministers will tour the entire western portion of New Ontario this month. Their mission will likely have an important bearing on the future colonization and development of this country.

Hon. W. H. Hearst, minister of lands, forests and mines, mapped out the trip early in the summer, which undoubtedly has something to do with the spending of the five-million-dollar grant passed by the government at the last session. He will be accompanied north, it is expected, by Hon. Dr. E. Duff, minister of agriculture. The latter two will look into the needs of the territory in carrying out the work of their departments.

J. W. Mitchell, Local Druggist, Is Dead

John Wesley Mitchell, a well known Toronto druggist, and proprietor of a drug store at 809 West King-st., died yesterday at 8:30 a.m. after a long illness of an attack of peritonitis, from which he had for the past two weeks been suffering. He was in his 39th year.

The late Mr. Mitchell was a graduate of the Ontario College of Pharmacy, Toronto. He is the son of the late J. J. Mitchell of Omemee, Ont., and has been a resident of this city for the past ten years. He was a member of St. George's Anglican Church.

He is survived by his wife, Mary Robson, daughter of the late Wm. Robson of Milton, Ont., a daughter, Ruth, aged 8, and a son, John, aged 4. The funeral will take place at Omemee Cemetery on Monday. Service will be held at the Toronto residence at 8:30 Sunday evening.

SEPARATE NAVY PROGRAM

This Is Rear-Admiral Tate's Idea of Canada's Duty.

OTTAWA, Aug. 15.—(Can. Press.)—"What the Canadians do ought to be in addition to our own naval program," asserted Rear-Admiral Tate, superintendent of the British naval dockyard at Portsmouth, who arrived in the city this evening. Further than this he would not comment on naval matters. "I will say, tho," he added, "that the Canadian ministers' visit was a huge success and should be fraught with the most far-reaching result towards the strengthening of the British empire."

JOHN JOHNSON IS DEAD

Was an Old Resident of Toronto and Retired Farmer.

John Johnson, one of Toronto's oldest citizens, passed away at his residence, 15 Yorkville-avenue, yesterday morning, in his 90th year. He had been in failing health for several months, and death was wholly unexpected. The late Mr. Johnson was the son of the late Thomas Johnson, who, coming from Ireland, settled as a farmer in York County. He was himself a prominent York County farmer, retiring forty years ago and coming to Toronto, where he had resided since. He was a member of Bloor-st. Methodist Church, and in politics was a life-long Conservative. Three sons, all growers, and one daughter and his widow survive him. Herbert, 32, Dawson-park; S. W., 16 Dundonald-st.; J. D., Yonge and Bimarc-sts., and Louis, a daughter.

MAY YET SAVE "ERIC"

Wrecking Equipment Being Hurried to Sable Island.

HALIFAX, Aug. 15.—(Can. Press.)—The British steamer Eric, which was on her way to Sable Island, taking with her anchors, lines and wrecking appliances to help pull off the steamer Eric, which is stuck on the rocks, is expected to arrive at Sable Island, and an operator is also on the ship. This is for the purpose of keeping in touch with the life saving crew in case they should be needed and to be ready in case of an interruption of communication.

Cargo for Kingston Firm.

KINGSTON, Aug. 15.—(Special.)—The British steamer Eric of Cardiff, bound from Rosario, Argentina, for Quebec, had a cargo of 250,000 bushels of wheat consigned to James Richardson & Sons, Kingston, and was to be unloaded at their elevator in Quebec. It was the first cargo to be sent to Canada.

Day's Doing in York County

West Toronto North Toronto East Toronto

CHIEF COLLINS TAKES NEW POST

Head of the North Toronto Fire Brigade Has Been Appointed District Chief Superintendent of the St. John's Ambulance Brigade, and His Resignation Was Accepted Last Night.

Having been appointed district chief superintendent of the St. John's Ambulance Brigade for Canada, it is an imperative condition that I resign my position as head of the North Toronto Fire Brigade, and in connection with the Orchard View Hospital. It is a matter of deep regret that I have to resign my appointment as chief of the fire brigade and to relinquish my position as head of the North Toronto Fire Brigade. My resignation is being accepted by the members of the board and likewise the loyalty of the members of the fire brigade.

Chief Collins' Post. Chief Collins later addressed the council of the St. John's Ambulance Brigade, and extended on behalf of the fire brigade, the best wishes of the members of the fire brigade to the new chief of the St. John's Ambulance Brigade, and expressed his confidence in the success of the new chief.

Chief Collins' Post. Chief Collins later addressed the council of the St. John's Ambulance Brigade, and extended on behalf of the fire brigade, the best wishes of the members of the fire brigade to the new chief of the St. John's Ambulance Brigade, and expressed his confidence in the success of the new chief.

Chief Collins' Post. Chief Collins later addressed the council of the St. John's Ambulance Brigade, and extended on behalf of the fire brigade, the best wishes of the members of the fire brigade to the new chief of the St. John's Ambulance Brigade, and expressed his confidence in the success of the new chief.

Ward Seven

During the first fifteen days of August building permits to the number of twenty were issued in Ward Seven, with a total value of \$127,320. This list includes 41 dwellings, the only large item being those of the Harris Abattoir, refectory, engine and boiler house and executive office, which will cost \$20,000. This is a large increase over the corresponding period of last year and August promises to be another record month.

The Royal Templars held a social evening in St. James' Hall last night. Mr. W. W. Buchanan of Winnipeg, Man., Past Dominion Councilor of the order delivered an address on the work being carried on in the west.

The city fire chief has taken up the matter of lights in Runnymede-road with the hydro-electric commission and before long this street will be illuminated as brightly as any street in Ward Seven. The C. P. R. subways at Jane-street and Runnymede-road will also shortly receive adequate lighting.

Postmaster Kirkwood of Station D and Mrs. Kirkwood are spending a few weeks at their summer home at Point St. Charles.

The death occurred yesterday of Norman, the infant son of Mr. and Mrs. Brockbank of 129 Fairview-avenue. The funeral will take place this afternoon at Prospect Cemetery.

Ald. Sam Ryding of 104 Dundas-street leaves to-morrow to visit his daughter, Mrs. T. H. Wynn, at Port Arthur, Ont.

Mr. Irwin, assistant pastor of Victoria Presbyterian Church, will conduct his services on Sunday in the absence of the pastor, Rev. D. T. B. McKerrill.

Maxwell, who has been in the city for some time, is expected to leave for his home in the west.

HARVESTERS FROM ONTARIO WILL LEAVE IN THOUSANDS

Railway Officials Say That All Previous Records Will Be Broken—C.P.R. Expects to Carry 25,000 and G.T.R. Has Arranged for as Many More.

Railway officials now state that there is not the least doubt but that the number of harvesters leaving Ontario for the west this season will exceed all previous records. The Canadian Pacific Railway, in conjunction with the Canadian Northern Railway, predict that between twenty and twenty-five thousand farm laborers will leave for the west on the four-harvester special trains which the C.P.R. are to run from Toronto this month. This will compare very favorably with the fifteen thousand carried on these trains last season.

MEETING CALLED FOR MONDAY IN PROTEST

Retail Merchants Will Discuss Recommendations of City Architect Regarding Overhanging Signs—Claim is Made That Toronto Streets Will Be Dark.

"Are Toronto's business thoroughfares to be made as dull and unattractive at night as these streets appeared five or ten years ago?" This is what the retail merchants and business firms of Toronto claim will be the result should the Toronto City Council adopt the recommendation of the city architect and abolish all overhead projecting signs. This would include practically all Toronto's electric signs, which, together with the cluster-lights of the hydro-electric system, have given Toronto first place among the cities of Canada as an attractive appearing city at night.

MEXICAN CO. MAKES A BIG INVESTMENT

Messrs. D. E. Thomson, K.C.J. vice-president of the Mexican Northern Power Company, and W. D. Ross, one of the directors, have returned from Mexico. The company is making an investment of \$8,000,000, which will cover the construction of the dams, the erection of buildings, the installation of machinery, the provision of transforming stations, the stringing of wires and the creation of an auxiliary plant. It is estimated that the company will be able to develop 30,000 horse-power, and so good is the progress being made that it is expected power deliveries can be made next summer.

CAMPAIGN TO BOYCOTT U.S. GOODS UNTIL PANAMA BILL IS REPEALED

Montreal Business Houses Deluged With Circulars Urging Co-operation in Freeze-out Game—H. E. Macleod, the Author, Thinks Obnoxious Measure Will Be Rescinded in Two Years.

MONTREAL, Aug. 15.—(Can. Press.)—Montreal is being flooded with anti-American circulars. Practically every business house in the city has received a copy and storekeepers are urged to display cards reading "We do not use American goods" or "We do not sell American goods." The circulars are signed H. E. Macleod and further urge: "That all Canadians refrain from purchasing the products of American capital, whether employed in or out of the Dominion. That all stores displaying or stocking American products be boycotted. That postal cards be printed for the use of importers of American produce reading: 'Do not trouble to solicit business from us by mail or salesman until the United States senate repels its recent dishonest measure applying to Panama Canal tolls.'"

OUR STOCKS WERE STRONG IN LONDON

LONDON, Aug. 15.—Money and discount rates were quiet to-day. Apart from early firmness in Canadian Pacific, De Beers and American Eagle, the stock market developed a reactionary tendency to-day. Home rails and Kaffirs were the most affected on profit-taking, but consolals also lost three-fourteenths. De Beers were strong on dividend anticipations, and Grand Trunk shares advanced in sympathy with Canadian Pacific, which touched 290, a new high record. The advance in Canadian Pacific was due to the announcement that the company had made application to issue new stock.

TRACE OF FROST IN WEST

WINNIPEG, Aug. 15.—Despatches to-day show trace of frost in some sections of the west, but no damage to grain. It is clear and warm to-day all over the prairie provinces and harvest in general, with yield, height and quality good.

The Test of an Investment

Before a shrewd investor puts his money into any proposition, he asks regarding it three questions: 1st—Is it safe? 2nd—Will it yield a fair rate of interest? 3rd—Will it grow in value? The measure in which a security possesses these three factors—safety, yield and growth—has thus come to be accepted as the test of its investment value. Therefore, that you may be prepared to make this analysis yourself, we summarize these elements as applied to the Dominion Oil Company.

**SAFETY**—The Company own 240 acres of patented lands situated in Coalinga, California, the richest district in what is admitted to be the greatest oil fields in the world. The land has a value of about \$2500 per acre, which represents in fact \$340,000. The Company's well is drilled to a depth of over 2350 feet, and they now have an assured well of high-gravity oil, and with less than 100 feet additional drilling it is confidently expected that the well will be completed and will be a heavy producer. The investment offers in an unusually large measure the first essential—SAFETY.

**YIELD**—It is a conceded fact that no other industry pays the returns that are monthly being distributed by the producing oil companies of California. The Standard Oil Company, with its subsidiary companies, has paid in dividends to its fortunate shareholders nearly \$23,000,000 in the first six months of this year, and other oil companies are paying regular monthly dividends ranging from 1 1/2 p.c. to 3 p.c. The average yield of other securities at current prices is slightly over 4 p.c. At this time, when the cost of living is constantly increasing, this factor of income rate is of great importance to the investor, for if the net profit is less than 6 p.c. it is more than offset by the rate of increase in the price of commodities. The Dominion Oil Company should soon be on a monthly dividend-paying basis, and in a comparatively short time should yield a handsome income in dividends. The Dominion Oil Company's shares, therefore, provide in a large measure the second essential—YIELD.

**GROWTH IN VALUE**—That the property behind this stock, and, therefore, the stock itself, will constantly increase in value is a certainty, for the land owned by the Company is rapidly appreciating, and the Company is entering upon extensive plans for greatly increasing the efficiency of its drilling equipment, which means a still greater yield. OIL WILL SOON BE THE UNIVERSAL FUEL THROUGHOUT THE ENTIRE WORLD. At \$1.00 per barrel oil is a cheaper fuel than coal. Two and one-half barrels of oil are equal as fuel to a ton of coal, so that quantity of oil at \$1.00 per barrel, or \$2.50, is the equal of a ton of coal, which costs \$7.50, and will do the same work. The day is not far distant when a stove will be invented in which the householder will use oil for domestic purposes. Numerous inventions in this direction have been made, but have not turned out entirely successful. A fortune awaits the successful inventor along these lines.

California is now the leading field in the production of petroleum oil, having outstripped Oklahoma by over 10,000,000 barrels per annum. Prices per barrel are very good, and the industry is on the road-tide of prosperity and success, and the demand for oil to-day exceeds the supply and is daily increasing. These factors are naturally causing a brisk demand for oil securities, for the dividends paid by producing companies far exceed those of any other industry. Dominion Oil Company's shares, therefore, offer every assurance of early and rapid GROWTH IN VALUE. IN SAFETY, YIELD AND GROWTH IN VALUE, the three factors which determine every investment's value, Dominion Oil Company's shares meet the demand of the most conservative investor.

The shares of the Dominion Oil Company are selling at \$1.25 per share. Only a few months ago the shares of the Canadian Coalinga Company, whose property adjoins that of the Dominion's on the north, were selling considerably under par; that was before they brought in their big flowing well of high-gravity oil, producing over 7500 barrels per day, and netting that company over \$2,000,000 per annum. Over \$200,000 per share is now being bid for this stock, and from indications the Dominion should bring in a well at least equally good, if not better. The following telegram, received from the President, speaks for itself:

R. G. LIND, Secretary Dominion Oil Company, Gooderham Building, Toronto, Canada.

Well 2550 feet deep. In hard formation that is over big pay sands; drilling slow. Should reach sand this side of one hundred feet. Hole in good shape. Well looking fine. (Signed) WM. GRAY.

The shares may be advanced or withdrawn from the market at an early date, and you should not delay securing as many of these shares as you can carry. Illustrated prospectus and full particulars will be cheerfully mailed you on request, or, better still, call at the offices of J. A. MORDEEN & COMPANY, Suite 239, Confederation Life Chambers, Toronto, see the oil from the Company's well, and let them show you what an investment in these shares offers.

OUR STOCKS WERE STRONG IN LONDON

LONDON, Aug. 15.—Money and discount rates were quiet to-day. Apart from early firmness in Canadian Pacific, De Beers and American Eagle, the stock market developed a reactionary tendency to-day. Home rails and Kaffirs were the most affected on profit-taking, but consolals also lost three-fourteenths. The advance in Canadian Pacific was due to the announcement that the company had made application to issue new stock.

PUBLIC SCHOOLS AS CENTRES OF NEIGHBORHOOD INTERESTS.

That the school should be the geographical centre of every community, and that about it various public utilities should be grouped, is the idea advocated by Henry S. Curtis, writing in The American City for July. "In the olden days of New England the church was the rallying ground of the community's social life, and the theatre and the public institutions that may well become integral parts of every school, in the opinion of the author.

"The library is the people's college. It is the centre of the community, and it is needed at the moment to solve the problems of the moment. It stands for the public school, and it is needed in every community, because the people cannot have a better time or carfare to visit a distant library."

In the people of any section of the city in easy reach of the school, the library comes to have an attraction which the public school has not. The library is then a part of that particular community life and activity which is the summer vacation comes, the condition of poor children in the public schools is a matter of concern to the community. Hemmed in by high and dismal tenements, their only playground the public school, they cannot have a dig in the sand, or swim in the sea. The only form of healthful recreation for the public school is swimming pools in which swimming is taught to all pupils. The new public schools of Philadelphia, Philadelphia, and Denver. Everything seems to indicate that instruction in swimming is soon to become a regular part of our curriculum of physical training.

But gymnasiums and baths should be in a separate building in the school yard, it is maintained, so as to have as wide a use as possible for both adults and children in a community. Furthermore, it is proposed to supplement the public school with a strong theatre for community instruction by a theatre, especially the moving picture form, which may become in a strong influence socially in any community. In like manner playgrounds and swimming pools should be grouped about school centres, thus this writer in American City.

Band Concert, Exhibition Park.

The band of the Royal Canadian Mounted Police, under the direction of Mr. J. Waldron, will play in Exhibition Park this evening, from 8 till 10 o'clock.

MOST UP-TO-DATE RAILWAY IN WORLD

C.P.R. Thus is Regarded in Europe, According to Johann Pappé of Hungarian State Railways—Benefits of Competition Are Seen in Canada, Where Companies Vie.

In Europe the Canadian Pacific is now regarded as the most up-to-date railway in the world. This is the statement of Johann Pappé, the director in charge of rolling stock, motive power and shops for the Hungarian state railways, who is now on a visit to Canada. "For that reason," said Mr. Pappé, "I consider it my duty as a railway man, as well as a great pleasure, to go over the system and make myself acquainted with it. That explains my presence in Canada."

Primarily Mr. Pappé's visit to this continent is to attend the annual congress of the International Association for Testing Railway Materials, to be held in New York on Sept. 3, but he has come a month earlier than necessary in order to tour the C.P.R. Mr. Pappé has come to inspect the locomotives and coach coaches on the railway systems of this continent were very impressive for the European railwayman. The difference in size could be imagined when he said that while the low axle here was 25 tons, that in Hungary was 16 1/2 tons, and in Germany is 10 tons. The accommodation for the traveling public here is more luxurious than in Hungary, the corridor system of coaches, with the plentiful supply of fresh air, and all the other conveniences, making railway traveling far less tiring.

Benefits of Competition. "Here," he said, "we see the benefits of competition. All the companies are vying with each other to give the public the benefit of new inventions and betterment in service. In Hungary, where all the railways belong to the state, we have no such spur to betterment. Consequently, we are much less ready to adopt luxurious innovations."

Greatly interested. Mr. Pappé said he and his fellow directors had been greatly interested in the experiment of the C. P. R. in starting a service of observation coaches on the Austrian railways, and if it were successful, they hoped to see this system extended to the Hungarian state railways.

HURLED TO DEATH BY FERRY WHEEL. MONTREAL, Aug. 15.—Joseph Dubord thought he saw a rope tangled in the paddles of the St. Helon's Island ferry while it worked near the flashing blades at noon to-day.

He reached out as the blades spun, by caught one and was hurled fifty feet into the water, describing an arc high in the air. He sank to his death while 200 passengers stamped to the front of the boat to see him drown.

Churchill or Nelson? No Definite Choice

Plans of Routes on Exhibition at Winnipeg—Waiting on Hon. Frank Coghane.

WINNIPEG, Aug. 15.—(Can. Press.)—Complete profiles of the Hudson Bay Railway to tide-water were put on exhibition to-day at the Dominion Government public works department here. Much curiosity existed as to how the rival claims of Fort Churchill and Port Nelson for the terminal would be dealt with, but the engineers show the lines to both ports. It can be definitely stated that no choice between them has yet been made nor will be until Hon. Frank Coghane returns from his trip north, the main object of it being to inspect both ports and come to a decision.

TORONTO CAN SYMPATHIZE

CLAREMONT, N.H., Aug. 15.—(Can. Press.)—A bolt of lightning paralyzed business of this town late to-day. Entering the power house of the Claremont Power Company, it started a fire which destroyed the switchboard and caused a loss of about \$5,000. The shutting off of the power forced a suspension of service on the trolley lines and stopped operations in numerous factories using electric power. The town was without electric lights to-night.

DEATH DUE TO SUN-BURN.

BAY SHORE, Md., Aug. 15.—(Can. Press.)—A bad case of sunburn is believed to have indirectly led to the death to-day of Winthrop Jordan, a summer visitor. Mr. Jordan was badly sunburned recently and a blister which formed became infected, blood poisoning setting in. Every known measure was taken to save his life, but none was availing.

Among the 30,000 Islands of Georgian Bay.

One of the grandest trips that Ontario affords is through the islands of Georgian Bay. There are more than 30,000 islands in this immense arm of Lake Huron. In general character they resemble those of the St. Lawrence River, but are infinitely more numerous and still retain their original wild picturesqueness. Fast express leaving Toronto via Grand Trunk Railway System at 10.15 a.m., daily, except Sunday, carrying first-class coaches and Pullman parlor car Toronto to Pennington, makes direct connection with steamer "Waubic" for points on Georgian Bay.

HURLED TO DEATH BY FERRY WHEEL.

MONTREAL, Aug. 15.—Joseph Dubord thought he saw a rope tangled in the paddles of the St. Helon's Island ferry while it worked near the flashing blades at noon to-day. He reached out as the blades spun, by caught one and was hurled fifty feet into the water, describing an arc high in the air. He sank to his death while 200 passengers stamped to the front of the boat to see him drown.

DIVIDEND NOTICES.

THE CANADIAN PACIFIC RAILWAY COMPANY. Dividend Notice. At a meeting of the Board of Directors, held this day, the following dividends were declared: The Preference Stock, two per cent. for the half-year ended 30th June 1912.

On the Common Stock, two and one-half per cent. for the quarter ended 30th June last, being the rate of seven per cent. per annum from revenue and three per cent. per annum from interest on the proceeds of land sales and from other extraneous assets. Both dividends will be paid on 1st October to Shareholders of record at the closing of the books in Montreal, New York and London, at 1:00 p.m., on Saturday, 31st August next. All books will be reopened on Thursday, 2nd October next. By order of the Board, W. R. BAKER, Secretary.

CANADIAN PACIFIC RAILWAY COMPANY.

NOTICE TO SHAREHOLDERS. The Thirty-first Annual General Meeting of the Shareholders of this Company, for the election of Directors to take the places of the retiring Directors, and for the transaction of business generally, will be held on Wednesday the second day of October next, at the principal office of the Company, at Montreal, at 12 o'clock noon.

SPECIAL MEETING. The Meeting will be made Special for the purpose of authorizing the issue of Consolidated Debenture Stock of the Company, to acquire the outstanding securities of the Canadian Pacific Railway Company, and also for the purpose of considering, and if approved, authorizing an increase of the present authorized Ordinary Capital Stock of the Company by an amount not exceeding \$5,000,000 for the purposes of the Company, such increase of Stock to be issued according to the requirements of the Company and as may be determined by the Directors, and of adopting such Resolution or Resolutions as may be deemed necessary in connection therewith in order to enable the Directors to give effect thereto. The Common Stock Transfer Book will be closed in Montreal, New York and London at 1 p.m., on Saturday, the 31st day of August. The Preference Stock Books will be closed in London at the same time. All books will be reopened on Thursday, the 2nd day of October. By order of the Board, W. R. BAKER, Secretary.

'Twas Quiet in Belfast.

BELFAST, Aug. 15.—(Can. Press.)—For the first time in many years there were no Catholic demonstrations here to-day in celebration of the Feast of the Assumption. This was due to a manifesto issued by officials of the Ancient Order of Hibernians advising the abandonment of meeting that had been arranged, and thus to avert the possibilities of conflict with the Orangemen.

Frontenac Dairyman's Grievances KINGSTON, Aug. 15.—(Special.)—The Frontenac Cheese Board has asked the royal commission appointed to hear the grievances of eastern Ontario dairymen to hold a session in this city early in September.
