## BEST DAY SO FAR IN THE CAMPAIGN

### Ontario Still Leads All the Rest of the Dominion.

SUMMARY BY DIVISIONS.

Toronto	10,598,650	55.58
Eastern Division	12,530,000	70.74
Central	10,348,400	53.81
Western	14,589,250	60.66
Hamilton & Niagara	17,315,200	82.74
London & Southern	15,611,800	68.78
Northern	8,827,650	84.27
Grand total for province	116,323,400	67.57

G. H. Wood, Ontario chairman, makes the following comment upon the campaign so far: "This is our banner day of the campaign so far, our returns tonight from 56 units giving us the magnificent total for this, the eleventh day, of \$21,406,750. We make another record. Our grand total to date passes the \$150,000,000 mark, or to be exact, is \$150,323,400. A year ago at this stage we had only \$38,541,200, which shows that we are now ahead of last year by \$111,782,200.

Ontario still leads the rest of the Dominion, our total being \$150,323,400 against \$139,891,000 from all the other provinces combined, but they are gradually catching up, and we are going to challenge that Ontario will take as much of the loan as all the other provinces put together. If Toronto can hold Montreal, I believe we can do it.

Hamilton gave us a fine return today of \$2,500,000; also Lincoln, with \$18,000 and Oxford with \$447,000. Three units passed the million mark for the first time, namely, Lanark, Hastings and Port Arthur. Four Ontario cities already exceed \$100 per capita as follows: Sault Ste. Marie, \$157; Toronto, \$122; Sarnia, \$108; Chatham, \$105.

Honor flags have been won by eighteen additional places—Brookville, Newmarket, Mount Forest, Harriston, Perth, Elora, Bothwell, Clifford, Drayton, Caledon Township, Kapuskasing & Line, Cochrane, Belle River, Portsmouth, Ridgewood, Guelphville, Eggleston and Wilberforce.

Among the organizations canvassed by West York is the Royal Air Force at Armour Heights. As a result of the campaign Captain Coates, O.C., has arranged that six airplanes will fly down Yonge street on Monday afternoon, bearing the honor flags which have been won by the different branches of the organization. The time of flight will probably be announced later.

## WAR SUMMARY

### The Day's Events Reviewed

While the allies are awaiting the decision of the German rulers at Spa to surrender or continue the war, two developments make the German action more doubtful. Chancellor Maximilian, the head of the German peace party, has handed in his resignation to the Kaiser, and the Kaiser has answered a Socialist ultimatum to abdicate with a flat refusal. He declares that on the making of peace he cannot take the responsibility of abandoning Germany to anarchy.

In the field the British, keeping up their advance, cleared a large section of France south of the Mons-Condé Canal from the invader. On their right, they captured on each side of the road to Maubeuge, near the railway west of Maubeuge, last night, the French town of Maubeuge. They are advancing along the Mons Canal. They are they began the work in the north in Belgium, the German line has become the salient from Mons to Tourcoing and Ghent, and in consequence the Germans have begun to withdraw from the region south of Journal. The British, observing this movement, attacked and captured Conde, crossed the river at a point south of Journal, and occupied the western part of Journal. The taking of 18,000 prisoners and 700 guns in eight days represents a big success in this open warfare. It indicates German casualties of about 50,000, or fully one-fifth of the German forces engaged. It further proves, but the seriousness of the fighting, the serious losses imposed on the Germans by their retirement.

On the French front the pursuit continues. On their left wing, the allies increased the pace of their advances in the region east of the Capelle-Avesnes road. Their advanced guards have reached a point near Hirson. In their center, they reached the south bank of the Thon River at many points, and crossed it. On their right they have reached the Meuse between Metziers and Basseilles. Besides, they took 2000 prisoners, probably by overruling and cutting off small rearwards. The allies have by now liberated all except two or three the chief assets of the enemy in the German cities approached to be mainly, namely, that the German armies have been fighting on foreign soil and protecting Germany from invasion, has almost gone. The Americans at Sedan are also laying siege to the German positions in the eastern part of the city, at Maubuisson. The German position has become precarious, for the British and French are both now exerting pressure against this strategic point.

Until the present the revolt in the German navy has not passed the comedy stage. The German sailors, in their Socialist cruise, are carefully avoiding the venture upon the deep, their navy will not consider the revolt so much in the line target presented. The riots in the German cities appear to be mainly Socialist demonstrations. The disturbances have not yet assumed the size of a revolution.

### In Flanders' Fields

Written by Colonel John McCrae, of Guelph, Ontario, Canada, Serving in France, 1917.

In Flanders' fields the poppies blow  
Between the crosses, row on row,  
That mark our place, and in the sky  
The larks still bravely singing fly,  
Scarce heard amidst the guns below.  
We are the dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders' fields.

Take up our quarrel with the foe,  
To you from falling hands we throw  
The Torch---be yours to hold it high;  
If ye break faith with us who die,  
We shall not sleep though poppies grow  
In Flanders' fields.

If we would be worthy of our noble dead---who died that we might live in freedom---the very least we can do is to

Written by R. W. Lillard and appearing in The New York Evening Post.

Rest ye in peace, ye Flanders dead,  
The fight that ye so bravely led  
We've taken up. And we will keep  
True faith with you who lie asleep  
With each a cross to mark his bed,  
And poppies blowing overhead,  
Where once his own lifeblood ran red.  
So let your rest be sweet and deep  
In Flanders' fields.

Fear not that ye have died for naught,  
The Torch ye threw to us is caught,  
Ten million hands will hold it high,  
And Freedom's light shall never die.  
We learned the lesson that ye taught  
In Flanders' fields.

### YORK COUNTY AND SUBURBAN NEWS

#### MANY WOMEN CREDITORS OF CORDWOOD COMPANY

Four Inspectors for Insolvent Concern Appointed at Meeting Yesterday.

Considerable excitement took place yesterday afternoon at the meeting of creditors of the Muskoka Cordwood and Lumber Company which took place at the Labor Temple. Over three hundred people were present, the large majority being women, from the suburbs of the city, who had paid deposits to the company's agents ranging from \$2 to \$40 on orders for future deliveries of cordwood. Alexander Macgregor, barrister, acted as chairman, and R. H. Price, assignee, W. M. Mogan of Holmes and Company, barrister, representing Roy C. Skene, proprietor of the insolvent company, were present, as also a representation of the city solicitors and a large number of solicitors, representing many of the 2000 creditors.

Trouble started when many depositors stated they were owed 50 cents and upwards by R. H. Price and Holmes and Company for making affidavits regarding their claims. One woman claimed she was charged \$150 and many stated they were charged \$100.

R. H. Price stated he received about \$75 and was willing to return the money, but pointed out that his claim would afterwards be paid out of the estate.

Alexander Macgregor pointed out that the law required that affidavits should be made. He realized it was very hard on the creditors, many of whom were soldiers' wives and dependents and offered, if acceptable to the meeting to give his service voluntarily. He thought that if four inspectors were appointed from the meeting, the affairs of the company could be gone into with as little expense as possible, and the best arrangements made for all concerned.

The following were appointed inspectors: Winfield Aston, John Hutchinson, G. E. Cross and John Lattimer. Alexander Macgregor was appointed solicitor with W. M. Mogan. It is expected that the assets will exceed the liabilities. Another meeting will be held within the next two weeks.

#### DELIVERY OF GIRDERS DELAYED A FEW DAYS

In connection with the steel girders for Glen road subway, George A. McCarthy, assistant city engineer, states that delivery will not be made by the contractors, Reed and Brown, before the middle of next week. Work on the subway has now advanced to that stage where immediate delivery of the girders would hasten the laying of the bridge deck and so complete the structure. Delivery of the girders was expected by the workmen on the job at the beginning of this week.

#### BUY ANOTHER PROGRESS WAS SLOW.

With the exception of work on the Broadview street car intersection, which is being rapidly completed, very little progress was made on other sections of the floor street viaduct yesterday. The Glen road structure is awaiting the steel girders, which have not yet been delivered, and work of grading the new road has not yet commenced.

#### MRS. ELLEN GOSTLYN DEAD.

#### LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe, and Nobody Will Know.

The use of sage and sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of Wynn's Sage and Sulphur Compound, you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

### Will Wonders Ever Cease?

Finds Cure for Rheumatism After Suffering 50 Years. Now 83 Years Old—Regains Strength and Laughs At "Uric Acid." Goes Back to Business—Feels Fine!

#### HOW IT HAPPENED

"I am eighty-three years old and I doctor-ed for rheumatism ever since I came out of the army over fifty years ago. Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and aches I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

#### HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT.

These statements may seem strange to some folks, because nearly all sufferers have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Abraham fifty years to find out this truth. His learned how to get rid of the true cause of his rheumatism, other diseases and recover his strength from "The Inner Mysteria," a remarkable book that is being distributed free by an authority who devoted over twenty years to the scientific study of this terrible trouble. If any reader of the World wishes a copy of this book, that reveals startling facts overlooked by doctors and scientists for centuries past, simply send a stamped letter to H. P. Clearwater, 137-F Street, Hallowell, Maine, and it will be sent by mail without any charge whatever. Send now! You may never get this opportunity again. If not a sufferer yourself, it may be of good news to some friend who may be afflicted.

Fred Hubbard reported that on Oct. 12, the railway had 506 cars running during the rush hours. Due to the epidemic the total was lowered to 465 on Oct. 16, but by Nov. 5 had increased to 584.

#### BUY ANOTHER VALUABLE ASSISTANCE DURING "FLU" EPIDEMIC

Mrs. MacLean French presided at the meeting of the St. Elizabeth Visiting Nurses held at St. Michael's Palace yesterday afternoon. Reports showed that during the "flu" epidemic the visits of the nurses had been doubled. A letter from the Neighborhood Workers' Association was read expressing high commendation for the assistance given. Mrs. W. A. French told of the devotion of the nurses had come under their observation.

# What will you say?

When the war is over and won,  
—when the war worn soldiers come back to Canada and home,  
—when the cost is counted, the cost in precious lives, in the limbs, eye-sight and shattered health of our noble fighters in the battle lines—the cost in money, in sacrifice and in self-denial—  
What part will you have played?  
Will you have the right to cheer and say:—  
"I did my best—I saved and denied myself—I lent every cent I could rake and scrape to help my country and our fighting boys—I can claim a full share in the glorious Victory because I did everything I could"  
—Or, will you have to slink shamefaced and conscience-stricken away from the cheering crowds to your own mean solitude?  
If you buy Victory Bonds—the duty of to-day—now—to the limit of your ability with every dollar you can raise—then—and only then—can you say:

#### SURPLUS FLAX SEED HAS BEEN COMMANDEERED

Ottawa, Nov. 8.—Surplus fibre flax seed has been commandeered. The seed, the order-in-council intimates, is needed for growing fibre flax needed in Great Britain and Ireland for the manufacture of airplane cloth for the allies. The amount commandeered is "over and above such quantities as will be needed to seed an area for each mill in 1919, equal to the area seeded in 1918." ### SERIOUS MENACE TO CITY'S RIGHTS

#### Leaside Munition Company's Request for Privileges is Turned Down.

#### "MIGHT BE ALIVE NOW" Soldier's Wife Complains of Treatment of Her Dead Husband.

At a meeting yesterday afternoon of the civic works committee the Leaside Munitions Co. made application for permission to build a three-phase transmission line of 12,500 volts from Davenport road across the city to the Town of Leaside. The company proposes to derive electric supply from interlocking electric interests identified with the Toronto & Niagara Power Co., the Electrical Development Co., the Toronto Electric Light Co., the Toronto Railway Co., and the Toronto Power Co.

It is essential that the Leaside Munitions Co. Ltd. be supplied with power," said Commissioner Harris, "to manufacture munitions of war, but having regard for the circumstance that they are to derive such power from the electric interests who so seriously menace the highways of this city and Dominion, I strongly recommend that the consent requested be denied."

their usual clean appearance after the previous day's celebration. The inquest on the death of Cadet Davidson, said Mayor Church yesterday, had done a great deal of good and would result in something being done towards reforming the medical service.

Mrs. D. M. Willis, 49 Ulster street, in a letter to Mayor Church, complains that her husband, Lance-Corporal Willis, who died from influenza at the Base Hospital, had not received prompt medical attention and when taken to the hospital "I begged to have him wrapped in our own blanket, knowing what a chill it would mean after getting out of a warm bed, but they paid no attention to me, telling me it would be all right."

The letter further says that she feels that her husband would have lived if he had received proper attention and prompt treatment.

Sir Robert Borden has been requested by the mayor to make arrangements whereby the municipalities will be notified when postage is declared thus preventing a repetition of premature celebrations.

## QUEEN STREET

## The Reasons Why—

- THIS is what war-time conditions have done in the case of the telephone business:
- Increased the cost of new telephone construction from 50 to 100 per cent or more—
- Doubled the price of steel, copper wire, platinum and lead—
- Increased the cost of all labor that goes into telephone plant and equipment—
- Made higher wages necessary for telephone employees—
- Increased the traffic so that a larger number of employees is necessary—
- Drawn to the colors a large proportion of skilled male employees, making ordinary upkeep both difficult and expensive.
- Made it necessary to give the subscriber more service to take care of his thriving business—
- And made it necessary also for us to get some increase in rates to cope with mounting costs.
- We are therefore asking for what is necessary. We can see no other solution.

"The Pilot and the Pilot's Boy."

The German Empire which Bismarck built up at the expense of so much blood and iron, and of which the Treaty of Paris (after the Franco-German war) was an expression, has been absolutely wrecked and scattered by the Kaiser in this world-wide war.

What Bismarck thought he had put upon the world, what the Kaiser thought he too, could repeat, are today dead sea fruit.

Everyone will be pleased that Sir Thomas White has been designated to act as premier during Sir Robert Borden's absence abroad.

Getting After the President.

The New York papers unmercifully flay President Wilson. The Tribune, always strongly Republican, finds that the president has placed himself in a humiliating predicament.

After the hurricane has passed the waves rise in greatest fury. It is the same with war, and especially may we expect this to be the case after the typhonic tempest which has beaten over Europe for four years and more.

Big Waves After the Storm.

After the hurricane has passed the waves rise in greatest fury. It is the same with war, and especially may we expect this to be the case after the typhonic tempest which has beaten over Europe for four years and more.

Another factor in the situation is the untrustworthiness of Prussia. Her name is treachery.

Even the report that the revolution-ary party had got hold of the German navy and that Prince Henry had escaped in a motor car, waving a red flag and been fired after by a party of marines, begets suspicions in the mind of those who know the military record of Germany and deceit. Is this not just such a scheme as the

Potsdam plotters might frame up to deceive the Kaiser and prevent the German navy falling into the hands of Britain and France?

It is not at all obvious that an army of occupation will be required to keep Germany and other countries in order. Russia is a mighty power, and the Bolsheviks are not less disconcerting.

The turbulence of this ocean of war and revolt cannot be expected to subside for some time to come. Peace will be the signal for the consideration of problems as important as, and no less difficult than those of war. In one respect they will be more difficult, for they will deal with living men—not dead ones.

As much food will be needed—in fact, more. Because we cannot expect to have the people of Europe continuing to starve on war allowances. Reconstruction work demands mobilization in all its forms, the provision of food, the preservation of peace, the creation of peace where there is no peace.

All these things require money. But over and above them, Canada needs the money, or she will be unable to bear her part in the pacification of the earth.

What Bismarck thought he had put upon the world, what the Kaiser thought he too, could repeat, are today dead sea fruit.

Everyone will be pleased that Sir Thomas White has been designated to act as premier during Sir Robert Borden's absence abroad.

CHAPTER LXXXIV.

Ruth hovered over her aunt's solicitation as she removed her wraps; then proudly led the way to the dining-room.

"I'll go!" the answer was grim. Ruth introduced her to Arthur Mandel, who was most deferential.

"He's in love with Ruth," I'll put nothing in the way of their being together. He's the sort of man she should have married, not an impetuous man like Brian Hackett.

"I don't know how I ever lived without her, the dear old soul. Although we had a very good woman before she came, but she was not what you call a 'fanny crier'."

"Of course we will! You need never worry about her as long as we have a roof over our heads." Then blushed as she thought perhaps her aunt might think the roof a dubious prospect for all.

"The next day Ruth and her aunt visited. They did not go out at all. Ruth told of her work, her employer, his kindness; and Mrs. Clayborne listened without remark.

"A very refined, pleasant couple," Mrs. Clayborne had remarked. Ruth was about to tell her aunt that Clara Roberts did her own work so Kenyon could get along, but caught herself in time.

"Monday Ruth went to work in the morning, as planned. Her aunt had said nothing when she explained. In the afternoon they did some shopping. Brian came up for dinner, but was excused himself immediately afterward because of his lesson. If Ruth had hoped he would remain at home for that one evening, she did not

TWAS BANNER DAY FOR OLD TORONTO

Over Fourteen Million Dollars Subscribed to the Victory Loan.

Table with columns: District, Amount. Rows include Toronto Totals, District, and various areas like St. Lawrence, St. Patrick, etc.

The banner day was reached in Toronto yesterday when a total of over \$14,000,000 was turned in as a result of the day's work. This grand result was largely due to the efforts of the special subscriptions committee, who reported a total of over ten millions. The teams, however, exceeded themselves, and the wonderful figures given by the canvassing districts showed a decided increase over previous days.

Objective Raised. As Toronto's objective was raised by 20 million dollars, the special subscription committee has raised its objective to 20 million. The first objective of 10 million was passed and J. H. Gundy, chairman of the committee, expressed the opinion that there would be no trouble in getting the added amount. Speaking to the teams assembled last night to give and hear returns, J. W. Mitchell said: "I spoke for the district canvassers when I said that we were willing that Toronto's objective should be raised to 10 million dollars, and we were right" and the answer came back strong: "Yes, we can do it."

MEMORIAL DAY IN SUNDAY SCHOOLS.

The Sunday schools of the Anglican, Baptist, Methodist, Congregational and Presbyterian churches are co-operating on a plan to buy bonds to present to their respective churches. "Every scholar a dollar" is the watchword of the campaign. The bonds thus subscribed will be devoted to the support of missions and will commemorate the noble sacrifice of those members of the Sunday schools who have fallen in the war. Tomorrow is war memorial day in the Sunday schools to promote the idea.

LOEW'S THEATRE.

The action of "Her Only Way," the wonderful "dream" film, featuring Norma Talmadge, next week at Loew's Theatre and Winter Garden, moves swiftly and there is never a moment that the audience is not deeply interested. Kemp and Rollinson; Leonora Simonson, late prima donna with Sousa's Band; Francis and Wilson, a variety of doings; the Lubars, "The Silent Clowns"; the Victory Loan picture, introducing Wm. S. Hart in "A Bullet for Berlin"; Loew's current war pictures, and "Mutt and Jeff" animated cartoons, round off the bill.

#### HYMN

"O God, Our Help in Ages Past."

Assisted by Choir of 350 Voices.

O God, our help in ages past,  
Our hope for years to come;  
Our shelter from the stormy blast,  
And our eternal home.

Before the hills in order stood,  
Or earth received her frame,  
From everlasting thou art God,  
To endless years the same.

O God, our help in ages past,  
Our hope for years to come;  
Be Thou our guard while life shall last,  
And our eternal home.

#### HYMN

"Onward, Christian Soldiers."

Assisted by Choir of 350 Voices.

Onward, Christian soldiers,  
Marching as to war,  
With the cross of Jesus  
Going on before;  
Christ, the Royal Master,  
Leads against the foe,  
Forward into battle  
See His banners go.

Chorus:  
Onward, Christian soldiers,  
Marching as to war,  
With the cross of Jesus  
Going on before.

Like a mighty army  
Moves the Church of God;  
Brothers, we are treading  
Where the saints have trod;  
We are not divided,  
All one body we,  
One in faith and doctrine—  
One in charity.

Chorus:  
Onward, Christian soldiers,  
Marching as to war,  
With the cross of Jesus  
Going on before.

#### HYMN

"Abide With Me."

Assisted by Choir of 350 Voices.

Abide with me, fast falls the eventide;  
The darkness deepens, Lord, with me abide;  
When other helpers fail, and comforts flee,  
Help of the helpless, O abide with me.

I fear no foe with Thee at hand to bless;  
Ills have no weight, and tears no bitterness;  
Where is death's sting? Where, grave, thy victory?  
I triumph still, if Thou abide with me.

#### DOXOLOGY

"Star-Spangled Banner."

Assisted by Choir of 350 Voices.

Oh, say, can you see, by the dawn's early light,  
What so proudly we hail'd at the twilight's last gleaming,  
Whose broad stripes and bright stars, thro' the perilous fight,  
O'er the ramparts we watch'd, were so gallantly streaming?  
And the rockets' red glare, the bombs bursting in air,  
Gave proof thro' the night, that our flag was still there,  
Oh, say, does that star-spangled banner yet wave  
O'er the land of the free and the home of the brave?

NEW YORK STOCKS RALLY AFTER DIP

Leaders Lose One to Five Points at Opening—U. S. Steel Irregular. New York, Nov. 8.—The stock market continued at the outset of today's moderate operations to reflect the disturbing influences created by yesterday's armistice hoax. Leaders lost one to five points, but soon recovered, in numerous instances being succeeded by material gains over the previous day's highest quotations.

War stocks were alternately heavy and strong, ending in the main at moderate gains on announcement of the principle of additional orders by the government for various supplies, especially railway equipment.

Restricted money conditions did not prevent a rally in oil, motors and in the later dealings in the American Car and various specialties, made substantial response to speculative buying.

United States Steel was consistently irregular in its less active movement between the low of 103 1/2 and high of 103 3/4, closing at a net gain of a small fraction.

Domestic as well as foreign bonds fell in varying degree or drum, the previous day, Liberty issues, however, displaying firmness.

Old United States bonds were unchanged on call.

MOLSONS BANK'S YEAR PROSPEROUS

President Macpherson Speaks on Post-War Problems at Annual Meeting. At the annual meeting of shareholders of the Molsons Bank, held at Montreal, a highly satisfactory statement, covering results of operations for the fiscal year ended Sept. 30 last, was presented.

The bank's general business has grown greatly, as shown in assets, which amount to \$77,638,020, an increase in the past seven years of thirty million dollars. Interest-bearing deposits have reached a total of \$12,194,559, the largest on record. Net profits for the year amounted to \$214,445, and after payment of dividends and making of various appropriations, including a credit of \$100,000 to the general fund, there was carried forward \$243,020 to the credit of profit and loss; as against \$182,824 a year ago.

In his address to the shareholders, Mr. Macpherson pointed out that the business outlook in Canada with the end of the war in sight, and that while the period of the post-war must necessarily cause some anxiety, he had every confidence that the development of the country's natural resources would enable Canada to return to a higher condition of business and production, with a view to increasing exports, thus making it easier for the country to bear the financial burden arising out of the war.

In the emergency of war the government exercised its power by regulating business, and that our citizens, in these times of stress, as the end of the war approaches, should be prepared to do their share in the reconstruction period will show sound judgment, and the result will be a new era of peace and prosperity.

The board of directors was re-elected, and the subsequent meeting of the directors Mr. Macpherson was re-elected president and Mr. H. Ewing vice-president.
