BOER CAPTIVES GIVE TROUBLE

Two Escape From Bermuda Camp, But One Is Caught.

Hamilton, Bermuda, June 29.—Two Boer prisoners who were in the camp at Burr's Island have succeeded in escaping, but one of them has been captured. Some of the Boers on Darvel's Island who refused to muster for inspection were turned out by force. As a result of a subsequent row Commandant Milan was badly beaten by other prisoners on this island and was removed to the hospital today. Leave of the prisoners on both islands has been stopped and the Boers have been placed on prison fare.

Island of St. Helena, June 28.—The first consignment of Boer prisoners, numbering 478 men, sailed from here yesterday for South Africa. After taking the oath of allegiance to Great Britain, the prisoners marched to the boats singing the National Anthem.

SOCIETY IN THE HIGHLANDS

Summer Season Opened on Saturday Night with a Dance at Royal Muskoka Hotel.

PASSENGER AGENTS IN SESSION

Guests of the G.T.R. on Trip Through the Lake Regions—Visitors Are Arriving.

Royal Muskoka Hotel, June 28.—What is possibly the initial event of society's season through the Muskoka Lake resorts was the dance held at the Royal Muskoka Saturday evening. The large rounds of the hotel was cleared and thrown open for dancing, which commenced about 9:30 p.m. Many of the prominent persons who have summer houses in the vicinity were present.

The rotunda presented a beautiful appearance with its tall palms and beautiful costumes. Many were the expressions of appreciation of the manager's foresight in inducing the residents of this part of the lake to enjoy the hotel's hospitality. Late supper was served. The orchestra of the Toronto, who have been engaged for the season, furnished the music.

The Buffalo Passenger Agents' Association and the Michigan Passenger Agents held their annual and semi-annual conventions on the north bound Muskoka Express to-day. These gentlemen were W. D. Davis, passenger traffic G.T.R.; George T. Bell, general passenger agent, G.T.R.; J. E. Quirk, Toronto, general baggage agent; G. W. Vaux, Chicago; Charles L. Coon, Buffalo; George W. Watson, Detroit; and H. R. Charlton, advertising agent, Montreal.

Lady Thompson joined her daughters in their beautiful summer home, 21st Street, to-day. Mr. Bisbee of Hamilton joined his family at their summer home at Muskoka. Mr. Bisbee will spend a few weeks at Bohemia. Mr. George E. Forman of Buffalo is spending a few days on Lake Ontario. Mr. Blachford of Toronto is now settled at his summer home, Maszenah. Rev. Mr. Gillespie and family of Toronto are at the Craig Lake Rosseau.

RAIN INTO A CABLE. Pante on a Richelieu Line Steamer at Rapids de Plat.

Ogdensburg, N. Y., June 28.—The Richelieu Line steamer Hamilton, carrying a large number of passengers, had an exciting experience at the head of the Rapids de Plat to-day. Wrecking crews working on the stranded stern steamer Minniewaska had stretched cables across the channel with which to draw the boat into deep water. A watchman was placed at the upper end of the cables, which were bound down to take the canal below the rapids, but forgot to notify the Hamilton's captain, Joseph M. Rapin, of the cable and great expense was incurred in a five-inch cable, hanging a foot under the water. The Hamilton was lifted by the cable and turned almost around in the current, which was running twelve miles an hour. The steamer listed so that the water washed her decks, causing a panic on board. The cable broke and the steamer righted before entering the rapids. Prompt action in cutting loose the other cables crossing the channel prevented a recurrence of the accident. The Minniewaska has been released and taken to Quebec to have her sections joined in dry dock.

MARLBOROUGH FOR AUSTRALIA.

London, June 28.—The Sunday Special this morning says the Duke of Marlborough is mentioned as successor to the Marquis of Hopetoun in the governor-generalship of the Commonwealth of Australia. The government. The Sunday Special says, is experiencing considerable difficulty in filling the place in Australia, recently occupied by the marquis.

Holiday Boat Races.

No doubt many will take advantage of the low rates offered by the Niagara River Line, and spend the coming holiday with their friends across the border. To Cleveland, Buffalo and the Falls, special reduced rates have been given. These rates are in force from June 28 to July 2 inclusive. Reduced rates are also quoted, good going and returning on Dominion Day.

Fatal Head-On Collision.

Marlboro, Mass., June 28.—In a head-on collision between two heavily loaded cars on the Hudson division of the Marlboro Street Railway this evening Motorman John H. Harris received injuries which caused his death, and about 35 passengers and employees were injured, several of them to such an extent that they were removed to hospitals for treatment.

ESTATE NOTICES.

A ADMINISTRATOR'S NOTICE TO Creditors.—In the matter of the estate of J. D. Woodbury, Ontario, deceased, the City of Toronto, in the County of York, Esquire, Deceased.

Notice is hereby given, pursuant to the Statute of Ontario, 1897, Chap. 126, that all creditors and claimants against the estate of the said J. D. Woodbury, who died on or about the 14th day of May, 1902, are requested to send by prepaid mail, or to deliver to the Toronto General Trusts Corporation (the administrators of the said estate) or to the undersigned, a statement of their claims, duly verified, and the nature of the security, if any, held by them.

And notice is hereby further given that after the 15th day of July, 1902, the said administrators will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which notice has been received, as above required, and the said administrators will not be liable for the assets so distributed, or any part thereof, to any person or persons of whose claims notice shall not have been received prior to the time of said distribution.

MADOC MAN DROWNED.

Daniel Canniff Walked Off a Float to a Watery Death.

Rat Portage, June 28.—Daniel Canniff, aged 26, employed in Mackie's log camp on the lake, was drowned Thursday evening. Canniff accidentally walked off a float into the water and never came up. The body was found yesterday in 27 feet of water and brought to the town this morning. Deceased came from Madoc, Ont., where his family reside.

ARRESTED AT PISTOL POINT.

Ontario Police Officer at Niagara Falls Does a Daring Deed.

Niagara Falls, June 28.—Three tough rascals, giving their names as George Devery, New York City, birth-place, London, Eng.; James Perry, Baltimore, Md.; and Victor Wild, Brockton, Mass., were hauled in about noon to-day. It seems one of their number, Devery, has been trying to dispose of some silver spoons and knives bearing the stamp G.A.R., Buffalo, at the house of Mrs. Harry Smith, River Front, and when challenged by Mrs. Smith where they got the silver replied they were got five hundred miles from here. After Devery left the house he journeyed to the police station. Officer McCallie went after the trio and arrested them. The officer was driven off by a revolver dropped on him. He returned to get assistance. In the meantime the trio started up the river to the upper bridge, where Ontario Police Officer A. D. Turner was telephoned the description of the men. He walked down the river and met the trio face to face about half way between the bridges and got the top of them. They informed him they had been held up by an officer a few minutes ago and passed the silver spoons and knives, pointing his revolver to the spokesman, and commanded them to throw up their arms, which they obeyed. He shackled them together and marched them down to the lock-up. They were up before P. M. Logan this afternoon and were remanded until Monday. The silverware was found on the riverbank, where they had thrown it away.

BREAD BASKET OF THE WORLD.

American Capitalists Proclaim Our Canadian Northwest.

Prince Albert, N.W.T., June 28.—The Saskatchewan Valley Land Company's special train, with President A. Davidson, the directors and their guests, numbering 150 all told, arrived here last night. The visit to the Canadian Northwest has delighted and impressed the American capitalists on board. The unlimited possibilities of the country and its wonderful fertility as evidenced by growing crops en route have been the means of opening the eyes of the visitors who are surprised and pleased with what they have seen. Several stops were made on the run up from Regina, where the capitalists got off the train and dug holes in the ground to ascertain the depth of the surface soil. They found several feet of soil and pronounced it excellent. They are most optimistic in prophesying rapid settlement and a great future for the country. They concede that it has great advantages over the Southwestern States and remark that it will be the bread basket of the world.

TO MEET NEXT IN TORONTO

Tenth International Sunday School Convention Being Held Now in Denver.

CLASS GRADUATION RECOMMENDED

Six Years' Attendance in Each Grade—Primary, Intermediate and Senior—Dr. Potts Speaks.

Denver, June 28.—The tenth international Sunday-school convention to-day chose N. W. Hartshorn of Boston chairman of the Executive Committee, and the Executive Committee re-elected Marion Lawrence of Toledo general secretary of the convention. The Executive Committee also appointed a committee to find a suitable person to act as field worker among the colored people of the South. The following cablegram was received:

"London, June 28.—'Chairman International Sunday School Convention, Denver. 'Many thanks for your telegram, which will be laid before the King. Queen thanks you for kind sympathy. I wish to express my most grateful thanks for the progress of the convention. I am glad to hear that the student body is progressing most satisfactorily. (Signed) Potts, Dr. Potts." At the morning session of the Sunday school convention Rev. N. E. Dunning of Exeter, N. H., chairman of the Lesson Committee, the suggestion that the lesson text be not printed on the lesson leaflet but that the student be referred to the Bible for the text was applauded. The most important innovation recommended was a graduation of classes in Sunday schools. The plan proposed was that primary, intermediate and senior classes be formed, with a special course in study provided for each class, a period of six years' attendance in one class being required for advancement to another. The present course shall be the one for study for the intermediate class.

The report was adopted. Rev. John Potts of Toronto, chairman of the Lesson Committee, aroused the greatest enthusiasm with a statement that the rumor to the effect that there was a plan in the Lesson Committee to do away with the quarterly temperance lesson was untrue. Among the members of the new Executive Committee from British North America are: British Columbia—Blachford of Toronto; N. P. Wilson; Newfoundland, Dr. N. D. Frazier; New Brunswick, E. R. Machum; Nova Scotia, Walter James Moulton; Ontario, J. MacLaren; Prince Edward Island, B. McLeod; Quebec, S. P. Leet. Toronto was chosen as the next place of convention.

Huron Old Boys.

Great preparations are being made at Seghor's for the reception of the Huron Old Boys from Toronto on July 5. Some of the attractions are: a cross match, football match, county cup of war, relay race of four pupils from each school in the county. A Pill For Generous Eaters—There are many persons of healthy appetite and poor digestion, who, after a hearty meal, are subject to much suffering. The food of the stomach is not properly digested, and their stomachs, headache, depression, a smothering feeling follow. One so afflicted is unfit for business or work of any kind. In this condition Parmentier's Vegetable Pills will bring relief. They will assist the assimilation of the aliment, and used in the proper direction, will restore healthy digestion.

Twenty Thousand Tons of Steel Rails Have Been Purchased in Canada.

Montreal, June 29.—Messrs. Wm. Mackenzie and D. D. Mann left to-day for Nova Scotia to begin work on their new railway between Halifax and Yarmouth. Work will be begun at Mahone Bay. The sixty miles between that place and Halifax will be the first section built.

Mr. Mann also states that passenger trains would be running over the Canadian Northern between Port Arthur and Winnipeg in two weeks' time, all the cars and equipment being complete. About 200 miles would be built this year, altho he did not think the Saskatchewan would be reached before 1903.

They had also purchased ten thousand tons of steel rails from the Cooper of Montreal and the same quantity from the Clergue works at the Soo, which in all would lay 200 miles.

John Sullivan, 68 years of age, fell down stairs at the King-street Mission on Saturday night and suffered a severe injury to his back. Yesterday Dr. E. E. King was called in and Sullivan was taken to St. Michael's Hospital in the police ambulance.

"The world of God which concerns us and comes home to us to-day is that which He has spoken to us and to the world in the unexpected and awe-inspiring Providence which has changed the aspect of our world in the past week. How crowded these past days have been with magnificent moral lessons! How dull the air around us had not heard God's voice speaking amidst all the noise and sudden surprise of their events. And how blinded the eyes that had not seen the hand of God, solemn and supreme in its working, as the plans of man on such a scale have been so sadly shattered. The soldiers of the greatest empire on earth had assembled for high service; the world was being fixed on the quiver and had been used as raw material to enlarge the fabric of the empire; peace had been won by victories which were proud trophies in the celebration of imperial unity when throne and crown were to be assigned to their monarch. The supreme hour was near, when preparations made on an unrivaled scale, and the eyes of the whole world were turned to the scene, waiting for King and Queen Consort to emerge and take their proud places on the throne. At that effective moment, as if a bolt had fallen from the blue sky, the world was startled because the King lay prostrate. It was as if the pillar of state had fallen and the sweetest ornament of the throne, the fairest Queen in consternation and sorrow, Mark these events and consider these days! They are memorable in the world's annals, and will be spoken of by our children's children."

if he expected to be recouped the \$50,000 deposited with the Canadian government at the time he attempted to float a Canadian fast line, and he replied that it would be a particularly hard case should a refund be impossible. When he put up the \$50,000 he did not declare that he had the \$2,500,000, but apart from the deposit in question, the spending of \$80,000 of his own money manifested his good faith, and he said his failure to float the enterprise had been brought about by circumstances absolutely beyond his control. This view he considered would be shared by the Canadian people. They had seen, in fact, Mr. Connors, an American gentleman, make a declaration that he would carry on certain improvements in the harbor of Montreal; the contract had also been signed and a deposit was made, and altho Mr. Connors failed to perform the work his money was returned; and in view of all this Mr. Petersen could hardly believe that he could not be treated differently from the one just mentioned.

ARBITRATION IS SUGGESTED

As a Means to Settle the Strike of Plumbers and Steamfitters. The strike of the plumbers, steam and gas fitters is still on. On Saturday afternoon a committee of the men and representatives of the employers held a conference with a view to arranging a settlement. Secretary Glicking of the Ontario Labor Bureau was also present. When the two committees failed to come to a decision Mr. Glicking suggested arbitration. The committee which report to meetings of their respective bodies to-day on the suggestion of Mr. Glicking.

MEIGH STARTS FOR LONDON.

Sileo, Ireland, June 28.—In accordance with the request of the select committee of the House of Commons appointed to inquire into the case of Patrick A. Meigh, Nationalist member of parliament for the North Division of Leitrim and proprietor of The Sileo Champion, who was committed to jail for three months, June 18, for contempt of court, owing to his failure to appear in answer to a summons on a bench warrant issued by the special court assembled under the Criminal Justice Act, Meigh started for London in custody this afternoon. He will be lodged in Holloway jail as a first-class misdemeanant.

Maina for Stealing Bicycles.

Nearby a bicycle thief yesterday was charged against Frances Tyndall, an 18-year-old girl, who was taken into custody on Saturday night by Detectives Forrest and Burrows. The girl had developed a remarkable liking for ladies' bicycles, and the reports made to the police kept the detectives on the move for the past three weeks. The bicycle was sold to various dealers in the city, and the stories told by the girl regarding her identity resembled a lot of respectable young women an amount of investment. The bicycles were mostly all stolen from in front of the Eaton and Simpson stores. The prisoner lives at 73 Hamilton-street.

PRAYERS FOR HIS MAJESTY

Toronto Church-Goes Unite in Prayer and Thanksgiving for His Partial Restoration.

EMPIRE'S CONCERN TOPIC OF SERMONS

Rude Shock of the Past Week Which Set Aside the Plans of Man.

In many of the churches of Toronto yesterday the services took the nature of supplication for the recovery of His Majesty the King and of thanksgiving for the partial restoration of his illness. Hymns of thanksgiving were sung and some of the pulpits were wholly on the all-absorbing topic of the empire's concern.

The Metropolitan Church.

A patriotic service was held last night in the Metropolitan Methodist Church, having special reference to the illness of the King. The congregation was large and the spirit with which the hymns and supplications were entered into showed that the king was firm in the hearts of all. The National Anthem, the hymn and some of a patriotic nature, while the anthems were expressive of thanks to God that the aspect of our world had changed. They were: Hymn of Peace, by W. Buck; Blessed Be the Lord Thy God, which was sung by the choir; Frederick Bridges, organist of Westminster Abbey, and containing a chorale composed by Francis Albert; Our Country, our King, by Dr. C. C. Conroy; N. W. Rowell, K.C., gave the platform address. It dealt altogether with the aspect of our world of the sadness with which the King's subjects received tidings of his critical illness.

New St. Andrews.

Rev. Dr. Armstrong Black spoke upon the discipline of trial at the evening service at St. Andrew's Church. His text was: "These are which they come out of great tribulation." In the course of his remarks he said:

"The world of God which concerns us and comes home to us to-day is that which He has spoken to us and to the world in the unexpected and awe-inspiring Providence which has changed the aspect of our world in the past week. How crowded these past days have been with magnificent moral lessons! How dull the air around us had not heard God's voice speaking amidst all the noise and sudden surprise of their events. And how blinded the eyes that had not seen the hand of God, solemn and supreme in its working, as the plans of man on such a scale have been so sadly shattered. The soldiers of the greatest empire on earth had assembled for high service; the world was being fixed on the quiver and had been used as raw material to enlarge the fabric of the empire; peace had been won by victories which were proud trophies in the celebration of imperial unity when throne and crown were to be assigned to their monarch. The supreme hour was near, when preparations made on an unrivaled scale, and the eyes of the whole world were turned to the scene, waiting for King and Queen Consort to emerge and take their proud places on the throne. At that effective moment, as if a bolt had fallen from the blue sky, the world was startled because the King lay prostrate. It was as if the pillar of state had fallen and the sweetest ornament of the throne, the fairest Queen in consternation and sorrow, Mark these events and consider these days! They are memorable in the world's annals, and will be spoken of by our children's children."

Rev. Canon Welch spoke feelingly upon the illness of the King at the morning service at the same church.

Northern Congregational Church.

Rev. Thomas Hays, in the course of his sermon in the Northern Congregational Church in the morning, referred to the news of the King's illness. He said that the King's illness was a great illustration of the power of prayer in the hands of the Almighty to spare their ruler.

Bloor-street Congregational.

Rev. Mr. Wallace delivered an interesting sermon in the Bloor-street Congregational Church in the morning. The subject of which he dealt with was a great sorrow and grief caused by the illness of His Majesty. The nation had reason to be thankful, however, that the Almighty had heard the prayers of the people and was restoring their King to the usual health again.

FOUND HIM IN TIME.

Albert Hall Unconscious in Bed From Inhalant Gas. The police ambulance was hurriedly called at 6 o'clock yesterday morning to take a young man, from 159 Simcoe-street to the Emergency Hospital. Hall was unconscious and had been found in that condition by two other lodgers, who called the hospital. The man had been lying in bed for some time, and was found by the police in a state of unconsciousness. He was taken to the hospital and is now recovering.

DAVISVILLE PUBLIC SCHOOL.

Eighty candidates for promotion. Was Tortured by Eczema 30 Years. A Dreadful Case—Itching Almost Unbearable—The Flesh Raw and Flaming.

DR. CHASE'S OINTMENT.

Mr. G. H. McConnell, engineer in Fluvay, Ontario, writes: "I believe that Dr. Chase's Ointment is worth its weight in gold. For almost twenty years I have been troubled with eczema and could not obtain any relief. I was so unfortunate as to have blood poisoning and this developed into eczema, the most dreadful of skin diseases. I was so bad that I would get up at night and scratch myself until I was raw and flaming. The torture I endured is almost beyond description, and now I cannot say anything too good for Dr. Chase's Ointment. It has cured me, and I recommend it because I know there is nothing so good for itching skin."

Honor to Varsity.

For the first time in its history Toronto University has been privileged to send one of its graduates to the summer training school of The Equitable Assurance Society of the United States. The expenses in connection with the course in New York are borne entirely by the society. The representative selected is R. J. Hamilton, B. A., an honor graduate in the department of mathematics, who is well known in connection with the business department of the University Monthly. Mr. Hamilton leaves for New York on Monday. It is predicted that Varsity's representative will compare favorably with those of the leading American universities.

Attempted Robbery on Yonge-st.

Attempted robbery on Yonge-st. Toronto, Ontario, June 29.—A man named John J. Hamilton, who was seen in the vicinity of the bank on Yonge-st. at 5:30 o'clock last night. Two large pieces of glass in the rear of the premises were broken, but the shopkeepers got nothing for their money. Being frightened off by the approach of policeman Sanderson, Detective Harrison is investigating the case.

Masons Observe St. John's Day by Attending Divine Service in Annette-St. Church.

FIRE IN WAKEFIELD'S BRICK YARD

Union District L.O.L. Will Attend Church Next Sunday—Lacrosse Games Saturday.

Toronto Junction, June 29.—Stanley Lodge, A. F. & A. M., G. E. K., marched to Annette-street Methodist Church this afternoon where a service commemorating St. John's Day, was conducted by Rev. H. S. Matthews Past Grand Chaplain of the Grand Lodge of Canada. His text was taken from 1 Kings, vi., 37-38: "In the fourth year was the foundation of the house of the Lord laid in the month Zif, and in the eleventh year in the month Iar, was the house finished." This text following a description of King Solomon's Temple, was the basis of a forcible Masonic discourse upon the wisdom, splendor and wealth of King Solomon's court. He spoke of the irrigation system, the maritime fleet and the navy instituted by this great monarch, which destroyed 800 feet of lumber and several posts.

AT THE BEACHES.

Regular Weekly Hop Took Place at Kew Beach Saturday.

Saturday was the first lively day at both Balmy and Kew Beach. There were large numbers of visitors and picnickers down from the city, and weather was only fairly warm but there was a good wind. Several campers arrived, and now there are many more tents than at any previous time.

All the cottagers are down for the season and everything looks lively.

Another new resort that is getting more popular is Scarborough. There are some dozens of summer cottages out there, some of which were put up in the morning. There was a first sailing race of the Beach Sailing Association to have come off on Saturday, but the boats got only to the first buoy when the race was declared off, as there was no wind. It will take place at 9 o'clock on Tuesday morning. There was a large number of spectators, and they were somewhat disappointed.

KING'S OPERATION DESCRIBED.

22 Ounces of Pus Removed—No Second One to Get Appendix.

London, June 29.—A version of the operation on the King which is more hopeful than any yet given comes from a source which there is good reason to believe possesses positive knowledge on the subject. The operation itself occupied scarcely five minutes. It consisted of nothing more than the opening of the abscess within the abdominal cavity.

Stripped of technical language, what happened was this: Sir Frederick Treves made a quick incision about four inches long through the skin and a thick layer of adipose tissue to the abdominal muscles directly over the abscess, which had been correctly located by a digital examination.

An instrument resembling a blunt probe was then used to push through the muscles without cutting them, into the pus sac within. A large quantity of pus was immediately released.

An instrument resembling a scalpel, with the outside instead of the inside blades sharpened, was then slid along the groove on the side of the probe into the abscess. This instrument was kept closed until the probe was withdrawn.

Then the so-called scissors was opened, making a free opening within the sac. The pus released by this means amounted to almost twenty-two ounces. The wound was thoroughly debrided with antiseptic solutions and a drainage tube was inserted.

The wound was then closed with sutures and the operation was completed. There was not even a free opening of the abdominal cavity and no attempt was made to examine or remove the vermiform appendix.

It was taken for granted that the abscess itself practically destroyed it and that no subsequent operation would be necessary.

The doctors have had only one alarm since the operation. This was on Thursday evening, when the bulletin spoke of a recurrence of the pain in the wound. This was accompanied by a rise in temperature, which at the moment of issuing the bulletin the doctors feared might foreshadow septic poisoning, hence the warning sentence, which subsequently proved not to be significant.
