TAKE ISSUE TO HIGHER COURT

Ontario Government Joins in Protest Against Long Sault Power Scheme and Demands Submission of Plans.

It became apparent at the sitting of the International Waterways Commission at the Queen's Hotel yesterday morning that the Long Sault Development Company will not be able to get away with their power scheme without first satisfying the provincial government on a number of important points.

By skillful questioning Irwin Hilliard, appearing on behalf of the Ontario Government, drew from Chairman Gibbons the admission that there was no intention of submitting complete plans and details to the opponents of the scheme until a report had been made by the commission to the two governments, concerning the feasibility of the plans.

"At a previous meeting of the commission," said Mr. Hilliard, "it was announced that full and complete details would be demanded. I VIEW WITH GREAT ALARM THE CHANGE OF FRONT, SPEAKING FOR THE PROVINCIAL GOVERNMENT."

"I am not the whole commission," said Chairman Gibbons, "but my impression is that the details should not be considered now. If we decide that the scheme is feasible without hindrance to navigation we will then take the public into our confidence regarding the plans, providing the details are given to the public in the form of approving or disapproving of those plans."

"But will you not take the public into your confidence before making your recommendation to the government of the general feasibility of the scheme?" asked Mr. Hilliard.

"That is a question that I am not going to answer," replied Chairman Gibbons.

"How can you report on the feasibility of the scheme without full details?" again asked Mr. Hilliard.

"The government and the commission have engineers who seem to think they have information," reported Chairman Gibbons.

"The public has been led to believe that they would have access to those plans and details which apparently have been so convincing to the commission's engineers," continued Mr. Hilliard.

"Before proceeding to the commission's report on the feasibility of the scheme, I think, very discourteously to the people here that one side is given information which is withheld from the other side."

"What I have said does not perhaps go very far into details, but I feel, both personally and as representing the province, very strongly on it in deed."

"I was glad to see that the National Commission of which Mr. Hilliard is chairman, have taken a stand against this scheme. One remarkable feature in it is the fact that no one seems to be able to get their hands on the detailed plans or maps of the proposed scheme."

"The entire session was taken up with the submission of evidence in opposition to the approval of the plans of the Long Sault Development Company, the meeting coming to a close about 1:30 p.m. The navigation interests of the lake and the River St. Lawrence were largely represented, as well as the commercial interests of Toronto, Montreal, and intermediate cities."

"Before proceeding to the commission's report on the feasibility of the scheme, I think, very discourteously to the people here that one side is given information which is withheld from the other side."

"The time was then given over to the airing of views against the company's plans."

Premier Whitney to See That Ontario's Rights Are Guarded

Sir James Has Strong Views on Proposal of Long Sault Development Company to Dam St. Lawrence River.

Sir James Whitney, Premier of Ontario, has strong views on the proposal of the Long Sault Development Company, to dam the St. Lawrence near Cornwall for the purpose of power production.

"I have spent the greater part of my life along the St. Lawrence River," said Sir James yesterday afternoon, "and I am personally quite familiar with the situation at the Long Sault. It is out of the question that I should be able, at this moment, to give a detailed exposition of my views in this matter. Of course, as representing the province, we will have to see to it that all provincial rights are protected."

"If this scheme is allowed to be put into operation, I suppose to similar schemes will at once be attempted at the rapids of the St. Lawrence lower down. In this way the Province of Quebec will become an interested party."

"IT IS NECESSARY FOR US TO SEE TO IT THAT THE RIGHTS OF THE PROVINCE, WHATEVER THEY MAY BE, WITH REGARD TO THE BED OF THE STREAM AND IN OTHER RESPECTS ARE CAREFULLY GUARDED. Further, that I do not see how I can say more on this point at present."

"Now in regard to the merits of the scheme, there has been for several years a large canal or intake on the New York side at practically that point on the river where the proposed work is to be carried on. I have been given to understand that by means of it the American owners have at their disposal now an immense amount of power."

"To go back to the situation on the Canadian side, there have been several cases of an ice-jam. Unless the cutting out of the rapids, the islands and the rapids, it will perhaps be difficult to understand the effect of an ice-jam, but those who have seen the last 20 years have been familiar with, and had personal knowledge of these effects, have very little doubt as to the effect of the proposed dam."

"The ice-jams I have mentioned took place late in January or early in February. Now, suppose a dam were built across the river. The water immediately above being still and practically stagnant would freeze, and freeze to a considerable thickness. The front of the dam and January, I am bound to say, having regard to the experiences of the past, that it would be impossible for any man to get definitely what the effect would be."

"The engineers, of course, could give us a great deal of authoritative information with regard to the subject, but I think we who have seen the effect of the ice-jams know no further information on that point."

"I was glad to see that the National Commission of which Mr. Hilliard is chairman, have taken a stand against this scheme. One remarkable feature in it is the fact that no one seems to be able to get their hands on the detailed plans or maps of the proposed scheme."

PEOPLE TO HAVE CONTROL OF RATES

Sam Charters, M.L.A., Will Give Notice of a Bill to Clip the Wings of the Telephone Monopoly.

Sam Charters, M.L.A., for Peel, is on the trail of the telephone monopoly. He will give notice of a bill by which it is hoped to chain up the forces which for so long have had control, to by no means an undisputed control, of the situation. The long-suffering public will watch the outcome with interest.

The act will be known as the Ontario Telephone Act. It places the control of the telephone systems of the province under the Ontario Railway and Municipal Board. Under the bill the board will have jurisdiction to inquire into, hear and decide all complaints and matters, whether of law or of fact, affecting the local and municipal telephone systems act, 1908, or this act, or of any special act, make orders and regulations, to prescribe penalties for violation of the provisions of any of these acts.

Control of Rates. The board shall also have power and right to approve of all tolls to be charged by any company or person. Every company shall file with the board tariffs of any telephone tolls to be charged, and the board may determine the manner and form in which any tariff or tariffs of telephone tolls shall be published or kept open for public inspection.

Subject to the approval of the board, every company shall have power to enter into an agreement with any other company to provide for connection, joint operation or interchange and transmission of business between the systems owned or operated by such companies and make arrangements for the proper apportionment of expenditures and the exchange of messages and profits or other arrangements which may be necessary under any such agreement.

Where telephone systems or lines are adjacent to those of another company which refuses to enter into agreement the board has power to issue order providing for connection, joint operation or interchange of lines or lines on such terms as it may deem advisable.

All contracts, agreements and arrangements between companies, and other companies having authority to construct or, no matter whence their authority is derived, operate a telephone system or line, for the regulation and control of such systems or lines or division of tolls, or in relation to the management, or operation of the systems or lines shall be subject to the approval of the board and shall be submitted to them before such contracts or agreements shall have any force or effect.

People to Be Supreme. No company or person shall have power to enter into any contract or agreement with any other company or person having authority to construct or operate a telephone system or line, no matter whence the authority is derived, which shall increase the cost of telephone service to the public or restrict competition unless or until the executive committee of the day at the time of the meeting of the board of directors of the company or person shall be required to furnish telephone service in cases where the cost of installing same exceeds \$500.

FLOODS SERIOUS AGAIN. Inhabitants in France Forced to Leave Home.

PARIS, Feb. 9.—Flood conditions in the eastern sector are becoming worse. The Marne, near Rheims, has risen about fifteen inches to-day and the inhabitants of the valley are fleeing with their belongings. The River Aisne rose three feet within a few hours.

It is estimated that the Seine at Paris will remain stationary until Monday. Among subscriptions received for the flood fund to-day was \$100 from the French colony at Montreal.

In Belgium, Too. The River Meuse has overflowed its banks. More than 200 houses are under water at Namur and Jemeppe, while the suburbs of Liege are inundated.

PRIZE FOR BEST ESSAY ON THE Y.M.C.A. The World will give a cash prize of ten dollars for the best one hundred word essay on the advantages of the Young Men's Christian Association.

In this way The World hopes to get in terse form the best argument to place before the public in connection with the campaign to raise \$250,000 for the erection of four new buildings.

The Y. M. C. A. offers educational, moral, physical, social and other advantages and the prize will be awarded to the essayist who sums up these advantages most adequately, with due regard to literary form.

The contest will be open until Feb. 14.

NEW SPANISH CABINET IS QUICKLY ORGANIZED

Internal Dissensions Lead to Resignation of Premier and Ascendancy of Monarchical Dems.

MADRID, Feb. 9.—The Spanish cabinet, headed by Premier Moret y Prendergast, resigned this afternoon.

The ministerial crisis was brought about by the right wing of the Liberal party protesting against the premier's alliance with the Republicans.

Jose Canalejas y Mendes, leader of the Monarchical Democrats, has been named by the king with the task of forming a new cabinet.

This he has done, the ministry being constituted as follows: Premier—Jose Canalejas y Mendes.

Foreign minister—Garcia Prieto. Minister of the Interior—Senor Sagasta.

Minister of war—Gen. Aznar. Minister of marine—Arias Miranda.

Minister of finance—Senor Cobian. Minister of justice—Riz Valarino.

Minister of public works—Senor Calbeton. Minister of public instruction—Count Romanones.

The dissolution was the outgrowth of the premier's intended appointment of a minister of the interior and the old Conservative wing of the Liberals that Senor Morie's catering for the support of the Republicans tended to imperil the monarchy.

The climax was reached when the executive committee of the Liberal party, headed by Count Romanones, resigned, and a majority of the Liberal ex-ministers advised the king that if a radical change in the cabinet were imposed, Premier Moret should be superseded in the interests of harmony, and the cabinet reorganized.

HOLD UP THE ESTIMATES IN THEIR NAVY CAMPAIGN

Tactics of the Opposition Which May Be Employed to Force an Issue at Ottawa.

OTTAWA, Feb. 9.—(Special.)—Regarding the rumor that the debate on the naval bill may lead to a critical situation, and possibly a dissolution of parliament, the Conservative leaders are noncommittal to-night.

The story is that "the government is in need of supplementary estimates to carry on the administration of the department for the current year, and that the opposition is likely to take advantage of this circumstance to press its views on the naval question."

The board is stated that they will refuse to allow these supplementary estimates to go thru unless the government modifies its policy in the way of providing for an emergency construction.

However, it is stated to The World by those in authority in the Conservative party, that the matter has not been considered.

On the other hand, it is undoubted that there is a good deal of trouble within the ranks of the Liberal party, particularly on the part of those from Ontario, who agree with Mr. Borden's policy and feel that there should be a referendum to the people upon the issue.

B.C. RAILWAY CHARTER WILL NOT BE RENEWABLE

Premier McBride Says Only Special Cause Will Change Ruling—Amendment to Game Laws.

VICTORIA, B. C., Feb. 9.—(Special.)—In the legislature to-day announcement was made by Premier McBride, after this session, the government will refuse renewal of any railway charters except for special cause.

Many complaints have been received of public interests in various parts of the country being adversely affected by non-completion of projected avenues of transport and speculation in railroads. For this reason, he said, the government would oppose all charter renewals in future.

Hayward withdrew his resolution to invoke Dominion legislation prohibiting Asiatics from becoming property holders in Canada. This resolution has not been abandoned, but will be brought forward later in another form.

In a same act amendment provision is made for protecting the provincial game from anticipated invasion by American sportsmen during the centennial, especially of the close season in Washington. A general license of \$100 is prescribed to be paid by anyone shooting or angling in British Columbia who has not been domiciled within the province at least six months.

U. S. SENATE ENQUIRY TO HAVE BROAD SCOPE

Will Not Only Investigate Increased Cost of Foods, But Clothing, Salaries and Tariffs.

WASHINGTON, Feb. 9.—As finally determined upon to-day, the investigation of the increase of prices of necessities of life, which the senate is about to enter upon, will cover a broad field. The measure providing for such investigation was passed to-day with comparatively little discussion.

It authorizes an enquiry by a special committee of seven senators into the general enhancement of values, covering not only food and clothing, but many other articles used in everyday life. The investigation also will cover the questions of salaries, earnings and the tariff. Not only will prices in the market be included, but also those of the farm and the factory.

Senator Lodge is slated for the chairmanship of the select committee.

PETERBORO STRIKE ENDED

Men to Get Increase—Morning Times Suspends.

PETERBORO, Feb. 9.—(Special.)—The printers' strike is over in Peterboro, and papers being issued as usual. The \$2 a week increase in wages was granted the printers, to take full effect in two years, the first part of the raise, which is \$1.50, being granted this year.

Organizer Kinsley of Buffalo, who has been here since the strike, says he is well satisfied with the arrangement effected.

The local paper, The Morning Times, has temporarily suspended publication, and is pending a reorganization, and the pending of its office have been released.

DOCTOR INDICTED BY JURY

For Causing Patient's Death, But Intent Not Declared.

KANSAS CITY, Mo., Feb. 9.—Col. Thomas H. Swope came to his death by reason of strychnine administered in a capsule at the instance of Dr. B. C. Hyde, husband of the dead millionaire's niece, according to the verdict of today's coroner's jury in Independence to-day.

Whether the drug was administered with felonious intent the jury was unable to determine. The jury was out a little more than an hour. But one ballot was necessary.

TEST IRISH PARTY BY VOTE ON TARIFF

Austen Chamberlain Will Move an Amendment to the Address in Parliament to Find Out What is Trump.

LONDON, Feb. 9.—The tariff reformers are determined to put the alliance of the Liberals and Nationalists to the test at the earliest opportunity. They believe that the Irish electors are overwhelmingly in favor of tariff reform, and that the Redmondites cannot be depended upon to support a free trade government.

Accordingly, Austen Chamberlain will move an amendment to the address in parliament, raising the whole question of the existing fiscal system, in the hope that the Nationalists will either vote against the government or abstain from voting.

Premier Asquith returned to London last evening. He has called meetings of the cabinet for both Thursday and Friday and it is expected that he will go to Brighton on Friday to confer with the King. It is practically certain that the first business of parliament will be the reintroduction of the budget, which the chief Liberal whip now predicts will be passed within a fortnight.

The two sections of the Irish party are already coming to grips. John W. Redmond, leader of the Nationalists, having called a party meeting at Dublin for to-day, Timothy Healy, M. P. for the North Division of Louth, wrote a letter to Mr. Redmond, challenging his action and claiming that every member elected, including himself, was entitled to be invited to the meeting; that Mr. Redmond had no right to discriminate between the members, and that his action nullified the party pledge.

Redmond was to-day re-elected leader of the party.

Resolutions were also adopted to-day which will give new power to the disciplined refractory members. Hereafter a defiant Nationalist could be dealt with only by a two-thirds majority, and if he refused to resign, he still could claim membership and share in the party fund. Now the party is empowered to expel a member by a bare majority, and thus exclude him from the benefits of the fund.

No anti-Redmondites recently elected to parliament will be admitted to the party without special vote.

The meeting adopted a resolution thanking friends in America for their splendid contribution to the party fund.

ASQUITH'S CALL

Notice to Followers Intimates Matters of Urgency.

LONDON, Feb. 9.—The prime minister to-night issued the customary letter to his followers, asking their attendance at the opening of parliament, "as matter of urgent importance will immediately arise."

Mr. Asquith's letter disposes of the rumor current recently that the question of the lords' veto might be proceeded with even before the address, by explicitly stating that the address will be moved immediately the king's speech is delivered.

Senator Lodge's quarters it is stated that the king's speech will refer to no legislative proposals whatever except those for limiting the veto of the house of lords, that the veto bill will be largely based on Sir Henry Campbell-Bannerman's resolution and that no separation will be made between the financial and legislative veto.

A BAD HABIT

For Seventh Time Trolley is Derailed at Same Old Spot.

YONKERS, N. Y., Feb. 9.—Seven persons were hurt to-day when, for the seventh time at the same spot, a heavy trolley car jumped the rails and plunged down hill into the house of Albert N. Garthwaite.

In four of the six previous accidents, Garthwaite has been awarded damages aggregating \$4000. His house was wrecked to-day, his wife badly injured and her mother frightened into collapse. Owing to her advanced age she may not recover.

The others injured were passengers on the car. None was dangerously hurt.

FAST TIME AT DUFFERIN HAL O. MILE IN 2.19 1-4

Perfection Best Stayer and Wins in Five Heats—Minnie W. Wins 2.23 Race.

The opening day of the ice meet under the auspices of the Dufferin Driving Club was a decided success.

In the 2.15 pace there were four starters out of seven entries, and they were all evenly matched; in fact, no one horse had any walk-over.

In the second heat, Perfection went to a bad break and was out of the heat, Hal D. winning with Tom Dillard second and Perfection third.

In the third heat Perfection got away well, with Hal D. and Tom Dillard right behind him, the three-mile race had to be called off owing to lack of entries.

The summary follows, also entries for Thursday:

Table with 2 columns: Name, Time. Includes entries for 2.15 pace, 2.23 pace, and 2.30 pace.

No Hopples to Be Used After 1915 Other Changes NEW YORK, Feb. 9.—Beginning with the season of 1915, no hopples shall be used on pacing horses and in the interim the device is to be gradually eliminated.

This decision was reached by the 25th congress of the National Trotting Association at a meeting in New York to-day.

"Hoppies," said a new rule, "shall not be used in races or performances against time on two-year-olds or under in 1915; on three-year-olds or under in 1916; on four-year-olds or under in 1917; on five-year-olds or under in 1918; on six-year-olds or under in 1919; after which time hoppies shall be barred."

No action was taken on the request from the stewards of the Grand Circuit that horses shall be eligible to start on half-mile tracks in classes four seconds slower than on mile track records. It was decided that trotting associations in Ohio might join either the National Association or the American Association, as they desire.

Section 1 of rule four was amended as follows: "In all purse five entries are required, and two to start, unless otherwise specified. The old rule that three entries and two to start. It was also decided that if only one of the horses entered shall be entitled to his own entrance money and to one-half of the entrance money received from the other entries for said purse."

Representatives of 281 tracks that are interested in trotting horses on the Grand Circuit attended to-day's meeting. President P. H. Johnston of Lexington presided. Johnston was re-elected president and the association adjourned until its next biennial session in 1912.

Fight Referee's Life Insured for \$10,000. SAN FRANCISCO, Feb. 9.—For the first time in the history of the prize fight, the life of a man selected to referee a fight will be insured to protect the fight against loss. According to Battling Nelson's manager, a policy calling for the payment of \$10,000 to Battling Nelson and Eddie Smith of Oakland, in the event of the death of either pugilist as a result of the fight, will be issued by the Metropolitan Life Insurance Co. of New York. The title of the policy is "Sunny Side of Ireland."

Artie Edmunds Loses. WINNIPEG, Man., Feb. 9.—(Special.)—Artie Edmunds lost his title of champion lightweight wrestler of Canada here last night when Ernie Sunberg, this city, defeated him in two straight falls in 7 and 8 minutes. Edmunds showed the performance of the Winnipegger surprised the crowd. He went after the champion from the start, and the latter was on the mat most of the time. Edmunds said after the match that Sunberg was the cleverest wrestler he ever met.

Young Man Confesses to Crime—Was in Love With Woman. CLEVELAND, Feb. 9.—John Janowski and his comely young bride, found murdered in their beds to-day, died in satisfaction of a debt of \$80. This is the story told the police in a statement which they say was made to them by George Boscardo, 28 years, arrested on the charge of murder. He had lent the money to Mrs. Janowski to secure her love, but had found himself unable to realize on the investment. Boscardo tells of waiting for the couple Sunday night, of demanding the money, and, failing to get it, killing the woman with a blow from a section after a struggle. For three nights and three days the bodies lay in the house.

Little Girl Slain. NEWARK, N. J., Feb. 9.—The brutal murder of a five-year-old girl was revealed by the finding of her mutilated body in an old, broken-down barn here to-day. The discovery was made by the child's father, Harry Fishkowitz, with neighbors, who had been scouring the neighborhood all night and day.

Shoots Wife and Self. Galician, Whose Wife Had Renounced Him, Ends Lives of Both. Among those who attended the funeral of Mrs. Stewart Houston, which took place yesterday afternoon at St. James' Cemetery, the service was conducted by Rev. Canon Cayley, first at the family residence, 5 Cluny-avenue, and afterwards in the chapel of St. James' Cemetery, in the presence of a large number of friends.

Winnipeg Man. Feb. 9.—A double tragedy took place about nine o'clock this morning in the north end, when Henry Schwartz, Galician, 46, shot and killed his wife as she opened the door of their former home to him, and then sent a bullet into his own heart. Schwartz returned from a visit to Galicia last night, and while there he discovered that his former wife had succeeded after he deserted her to come to Canada. Last night his Winnipeg wife, Katrina, aged 28, refused him admittance to their old home, 473 Stella-street, and the shooting followed this morning.

Ladies' Wrestling Bout. Toronto may boast of a new champion Thursday night if Miss Edna Thompson, the local wrestler, succeeds in besting Laura Bennett, who holds the title of champion female wrestler of the world. The match is the result of a meeting between the two ladies when Laura failed to show up at the Star Theatre Tuesday evening, at the specified time limit of 15 minutes and forfeited the \$25 offered to any female wrestler who succeeds in staying Edna out of the ring for a full length of time without a fall. Schwartz returned from a visit to Galicia last night, and while there he discovered that his former wife had succeeded after he deserted her to come to Canada. Last night his Winnipeg wife, Katrina, aged 28, refused him admittance to their old home, 473 Stella-street, and the shooting followed this morning.

Motor League Banquet. The Ontario Motor League at its meeting yesterday decided to hold its annual banquet at the King Edward Hotel on March 2. The secretary, E. M. Wilcox, reported that about forty different makes of automobiles will be exhibited at the show, which will open at the St. Lawrence arena on Feb. 24.

THE ROOT OF MUCH OF THE DISCONTENT.

"People discussing the unusual conditions, political and economic, which prevail to-day, bring up as main factors the increased cost of living and the demand for an increase in wages consequent thereon. There is a third question of equal or perhaps greater importance, and that is the part that watered stock and stock gambling play in the economic disturbances of to-day. If the watered stock were squeezed out of all the great propositions that have been incorporated into companies, a lot of the money now set apart for dividends on said watered shares could be devoted to an increase in wages, and a reduction in the price of commodities, and especially the necessities of life.

What Wall Street is fighting for is against remedial legislation is the right to continue this watering of stock, to cut melons in the interest of shareholders, to use the savings of the stock of the United States for stock gambling and things of that kind. Take that one thing of stock gambling in Wall Street; for a moment consider what it costs the people of the United States and Canada. It is the most expensive machine that is absolutely non-productive that was ever known to human history. It costs millions and millions every week out of the hard earnings of the people to maintain that machine and all its accessories. It supplies extravagance in living for thousands; it antagonizes every idea of public service and public rights; it is built up on deceit, on cheating, and most of all on dishonest conduct toward the public who supply the regiments of clients. It is an enemy to all the people.

In a word, then, what helps to make the condition of affairs to-day discouraging is the existence of graft in politics, of loot in the stock market and especially of Wall Street, and the payment of immense sums out of the earnings of the people as dividends on watered stock in public propositions. It is to cure these conditions that a great movement is now under way in the States. If it doesn't succeed the greatest social disorder is in front of the people of the United States within a very few years.

GETTING NERVOUS.

It is easy to see that some of the shareholders of the Toronto Electric Light Company were more or less nervous at the annual meeting as reported in yesterday's papers. They wanted to know what were the chances of selling out to the city. These chances grow decidedly less as the municipal system is nearing the delivery stage. The directors also broke the news, gently, of course, that a reduction in charges to customers would have to be made. Why? The coming competition. But the shareholders were assured that their company would always be ahead of the city, and the hydro-electric power service. Perhaps! It has long been apparent to us that the men who controlled the company had, by their association with other concerns, an interest altogether different from that of the ordinary shareholder. For instance, those of them who were also in the Electrical Development would like to keep the Toronto Electric Light Company, irrespective of the interests of the shareholders, tied up to that greater concern. Some day soon the owners of Toronto Electric Light shares will be looking for the men who made the improper and imprudent sew-up bargain with the Electrical Development. So also will the shareholders in the Toronto Railway. When they find this they will also find a lot of newspaper chloroform.

MAKING GOOD.

There are several encouraging signs these days in the matter of public ownership; first, a steady increase in the proofs of the soundness of the principle, as applied to public franchises; an improved attitude of an increased number of people in favor of the conservation of public resources; an increasing number of public men prepared to fight for public rights. Municipal public ownership propositions all thru Ontario are making good, by showing profit, improved service and honest administration; the great hydro-electric power distribution scheme is about to deliver the goods; the conservation commission at Ottawa is already moving to hold the balance of the public resources for the benefit of the people.

IN MEMORIAM.

RICHARDS—In loving memory of our dear mother, Mrs. J. Richards, who died Feb. 10, 1909.

We miss thee from our home, dear mother.

We miss thee from thy place.

A shadow o'er our lives is cast.

We miss the sunshine of thy face.

We miss thy kind and willing hand.

Thy fond, sweet care, are dark without thee.

We miss thee everywhere.

Weep not, dear children, be content.

For I was only to you, I left.

The Lord has only his due.

And very soon may call for you.

But, oh, dear mother, you have left us.

And our hearts have grown so sore.

But we hope some day to meet you.

Then we'll meet part no more.

Salary and Song.

"Why can't that prima donna sing more than twice a week?" "Unless you answer the Canadian Senate," answered the English freemason, "I will sing with you, arguing with me about salary."—Washington Star.

MORGAN'S SHARE IN HOME DEAL

Attempt to Show That He Was Acting for Monopoly in Buying Out Independents.

NEW YORK, Feb. 9.—J. Pierpont Morgan may testify voluntarily in New York in a few days concerning the recent purchase by his firm of a controlling interest in the American Telephone and Telegraph Co. Cleveland and the Telephone Co. of the same state.

Protesting minority stockholders of the companies are in New York taking depositions to be used in the Ohio courts in suits to check consummation of the purchase, maintaining that J. Pierpont Morgan and the American Telephone and Telegraph Co. acted for the American Telephone and Telegraph Co. in acquiring the independent companies in Ohio and Indiana; and that competition between the companies in that territory, hence the illegality of the action, Morgan & Co. held all the shares of the companies, and that they were simply an investment of the firm.

H. B. McGraw of Cleveland and Samuel H. Jeffries of St. Louis, representing the minority stockholders, said this afternoon that J. Morgan had volunteered as a witness, and that he would be called.

The hearing is being held by a notary general, deputized by the Ohio Supreme court, where the original suit was brought. The American Telephone and Telegraph Co., which controls the Central Union Co. in Ohio and Indiana, contends that it does not now know who and that it does not now know who owns the independent companies, and that it has no interest whatever in them. It further asserts that competition in that territory is as strong as ever.

Evidence taken to-day shows that the American Telephone and Telegraph Co. negotiated with R. L. Day & Co. to acquire the controlling interest in the Ohio and Indiana companies, on the understanding that the American company would take these companies, and that the latter would hold the stock if it found it could do so legally. R. L. Day & Co. acquired the holdings and later disposed of them, but the American company asserts that it was not the purchaser.

A member of the firm of R. L. Day & Co. will take the stand to-morrow, when the minority stockholders hope to show that J. P. Morgan & Co. were the purchasers, acting for the American Telephone and Telegraph Co.

The American company admitted to-day that it loaned Day & Co. more than \$7,000,000 to acquire the major holdings, but that when Day & Co. were released from their contracts the loan was paid.

Solidifying the interests.

CINCINNATI, Feb. 9.—Reports that J. Pierpont Morgan is extending his recent buying of independent telephone stock in Kentucky were partly confirmed here to-day. George E. Cox, president of the Cincinnati Trust Co., acknowledged that a considerable purchase had been made by his institution.

It is stated that the plans for acquiring Ohio and Indiana companies, which were revealed to come here in the state courts, Cleveland, O., and St. Louis, Mo., have been extended and that efforts are to be made to solidify into practically one company the independent telephone companies in the Ohio Valley.

ALBERTA LEGISLATURE

Outline of Some of the Measures to Be Considered.

EDMONTON, Alta., Feb. 9.—(Special.)—The speech from the throne, at the opening of the legislature to-morrow refers to impending legislation as follows:

"There will be submitted to your consideration a large number of important measures. First among these are four bills for the better management of municipal affairs in cities, villages and local improvement districts. The work of governing and directing the affairs of the provincial university has rendered necessary the introduction of a university bill for further regulation.

"Bills will also be introduced looking to the prevention of corruption in municipal elections, the regulation of traffic on highways, which has hitherto been a matter of custom, the securing of a fair share in their deceased husbands' estate to the married women, the systematization of the law in regard to the reception of evidence in courts of law, the protection of public officers in their discharge of duties, and lines of common law in England, and the relief of creditors in regard to the estate of absconding debtors. A uniform system of dealing with loans authorized by the province will also be submitted."

Various important and necessary amendments to and modifications of the statute law of the province will also be submitted.

RIVAL TO GOVT. SITE HAS MANY ADVANTAGES

Unnamed Townsite is Easy of Access—Great Movements Going On at Porcupine.

PORCUPINE LAKE, Feb. 5.—(Special to The World.)—The month since I made my first trip to Porcupine has greatly changed the appearance of the camp. Log buildings have taken the place of tents and shacks, and have been put up at several points around the lake, where there were not even clearings when I was there before. The settlement of the northeast end of the lake (Golden City), which we reached first in driving from the railroad, is still the largest, but the southwest end settlement is rapidly gaining. There are now between 20 and 40 log buildings at Golden City, and some of them are two storeys high. The majority are offices of surveyors and lawyers, and one very large building, tent and frame combined, is occupied by Gibson and Sterling, general merchant and contractor. The other settlements or "camps" are some distance away. About half a mile across the northeastern bay much building is going on. Its chief attractions are the government postoffice and Golden City, both in the course of construction. The rest of the tents and shacks are stores and sleeping houses. Along the shore of the lake about 400 yards from the shore, there are a number of buildings, and here there is another cluster of buildings. I do not know what will make the town lots in this latter settlement sell, except the fact that it is on the line to the railway, and the north corners of Bannerman and Davidson, which are the stage drivers' camp early in the afternoon of the day he leaves the railroad, and he is able to get to his claim early the next day. There are nearly as many buildings here at the Golden City, and the same is true of the other settlements. It is not yet justified.

The activity of Porcupine generally tends toward the consolidation of the town into a single townsite, and the great bulk of the supplies and tools are taken in from the railroad by the men themselves. The prospectors are beginning to stand trial for keeping blind pigs. Liquor is being seized daily, both before and after it reaches its destination at Porcupine. Yesterday a load of 150 bags of oats was seized at Matheson. The bags contained two and three bottles of liquor each, carefully packed—for the horses.

The camp is going ahead and the gloom that was caused by O'Brien's action with regard to the Miller claim, if there was any, is all gone. It seems that the buyer and seller were not of the same mind as to what was reasonable, or else one of them did not want to be reasonable. The option that the seller was willing to give, I like a great many options in this country, did not give the buyer "his money."

The news of O'Brien taking the Davidson and other options, and the report of the Wilson sale, has made everybody optimistic. The prospectors are raising the price of their options when the buyers have to renew, and they are not showing much anxiety to give options.

Staking is still being done and the ground for a radius of 12 or 15 miles rapidly taken up. New finds are being reported daily, especially in the Timamami reserve. The assessment work necessary to hold claims is being done, and the amount of dynamite going in seems to indicate that the men are not afraid of destroying their showings.

Public Amusements

"Is Matrimony a Failure?"

No comedy in the history of the stage has enjoyed so large a measure of artistic and financial success as "Is Matrimony a Failure?" It has been the attraction at the Belasco Theatre, New York, since last August, and was compelled to vacate the theatre while doing a capacity business, in order to make room for Eugene Walter's new play, "Just a Wife." Mr. Belasco having entered into a contract with the playwright to give this play a New York hearing in his theatre on or before Feb. 1. The comedy is an adaptation from the German, "Die Thuis Freie," by Blumenthal and Kadelburg. Seats for this engagement went on sale this morning, and can be procured either at the box office of the Royal Alexandra or at the downtown ticket office, Bell Piano warehouses, 146 Yonge-street.

"Penelope."

Miss Marie Tempest, who comes to the Princess Theatre next week in "Penelope," has crossed the Atlantic twenty-three times, a record even for a popular actress like Miss Tempest. On the last trip Miss Tempest brought with her the entire English production of "Penelope," with the London cast that had played in the metropolis for two years, and the scenery, property and entire equipment. Much interest will be taken in the presentation of "Penelope" here, it being the first of the Somerset Maugham comedies to be produced in Canada, although it has been in the repertoire in England. The sale of reserved seats opens this morning at 9 o'clock at the Princess.

"Beverly" at the Grand.

One of the strongest book plays to visit the Grand Opera House this season is George Barr McCutcheon's "Beverly," which begins a week's engagement at this popular house next Monday. "Beverly" is a dramatization of Mr. McCutcheon's "Beverly of Graustark," by Robert M. Baker, who has adhered very closely to the story contained in the book, with the result that he has succeeded admirably in retaining the atmosphere of the delightful little principalities. There are more than a score of prominent players in the cast.

New Majestic Music Hall.

Joe Welch, better known as the original refined Hebrew comedian, and one of the most popular and talented performers in vaudeville, will be seen as the headliner and chief fun-maker of a first-class vaudeville bill next week at the new Majestic Music Hall. The character which Mr. Welch portrays gives him ample opportunities to display his talents, and his songs, parodies and stories surpass anything he has ever accomplished as a vaudeville star. Other stellar features on the program will be Redway and Lawrence, whose sketch, "The Bellboy and the Maid," is full of music and situations of a light and amusing character; Tambo and Tambo, in a novelty tumbourne spinning act; The Three Rich-ardines, Roman ring artists; Lillian Wright and the Young Boys, refined singers and dancers, and four other novelty acts.

Irene Franklin Coming.

Irene Franklin, the popular "queen of vaudeville" is the regular headliner at Shea's Theatre next week. She is living up to her title in a truly regal fashion and her domain now extends over every city in which she has appeared. She is assisted by the composer, Bert Green, who presides at the piano. Other attractive vaudeville features included in next week's bill are: The Three Lingerie, "A One Night Stand in Minstrelty." The Italian Trio vaudeville's best singing act; Lew Anger, the German soldier; Frank Scott, the spinning cyclist; Al Raynor's famous bull dogs and the kinetograph.

Rose Hill Folly Company.

The Rose Hill English Folly Company, which comes to the Gaiety Theatre next week, is an entirely new departure in musical comedy this season, in having a plot or a puzzle whichever way you regard the show together, used to hold the audience's attention. "Madam Tickle's Seminary," an amusing story is told and many funny situations are cleverly brought out. Mrs. Elizabeth Pitcher, who has been engaged, and by a chorus of twenty-four of the prettiest girls ever carried off by one company. There is a large male chorus which is something very new.

Crippled with Lame Back

THIS RESULT OF LONG-STANDING KIDNEY DISEASE WAS OVERCOME BY

DR. CHASE'S KIDNEY-LIVER PILLS

This letter gives you some idea of the definite and certain results you obtain by using Dr. A. W. Chase's Kidney and Liver Pills for kidney disease.

This medicine is very prompt in action and very direct in effecting cure. You do not need to keep up the treatment long before you find most marked improvement.

Mrs. Richard Patterson, Haldimand, Gaspe Co., Que., writes: "I want to tell you that I was cured of kidney disease by using Dr. A. W. Chase's Kidney and Liver Pills. I was used to suffer a great deal, not knowing just what was the cause of the trouble, and got so bad that I was almost crippled with lame, sore back. I had used two boxes of these pills I found my back better and less than three boxes made the cure complete. I have never had a sore back since and believe the cure to be lasting."

Backache, headache, bodily pains, scanty, painful urination, deposits in urine after standing, tickle appetite, indigestion and irregular bowels are among the symptoms which warn you of serious trouble from kidney disease.

You can be practically certain that Dr. Chase's Kidney and Liver Pills will help you and help you quickly. Make the test for yourself to-day. One pill a dose, 25 cents a box, all dealers; or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

Still Looking for "Signs"

Keep in mind the dominant fact that mankind from its first appearance on the earth has been schooled by nature to look for signs; For invitations to taste; For suggestions as to what to wear. Tell your story briefly, forcibly, truthfully, and address it through the proper media and you can successfully apply advertising as a means to increased distribution.

The advertising earnings of The Toronto World in December, 1909, were over forty per cent more than in the same month in 1908—as a live business man do you need any surer "Sign" that the brightest in the morning field is every day becoming a more potent factor in trade development—"increased distribution."

Ludwig Wullner.

Of Ludwig Wullner, the great actor singer at Odessa, who will appear at the Massey Hall Friday evening, Feb. 18, Ripley D. Saunders, St. Louis Post-Dispatch, says: "And behind these elements of the night's assemblage, enveloped by them, confronted by the majestic audience, eventually wrapped in the fine atmosphere, created by the orchestra's crowning achievement of the evening. Finally dominating all was the remarkable figure, the giant actor-singer of German songs, an amazing factor in such an offering, never to be forgotten by those who retained the spell of his singular personality."

Imperial Burlesques.

The attraction at the Star next week in the famous Watson's Imperial Burlesques, which is said to be one of the largest shows on the western wheel. The chorus have been especially engaged for their roles and it is claimed that this is the most beautiful chorus in burlesque. Special attention was also paid to their gowns. They are all special Parisian creations.

Women to Wrestle To-night.

Miss Edna Thompson, the 145-pound wrestling dame, who gave Miss Laura Bennett, the lady champion thrower of stars, other stellar features on the program will be Redway and Lawrence, whose sketch, "The Bellboy and the Maid," is full of music and situations of a light and amusing character; Tambo and Tambo, in a novelty tumbourne spinning act; The Three Rich-ardines, Roman ring artists; Lillian Wright and the Young Boys, refined singers and dancers, and four other novelty acts.

Mark Hamburg's Recital.

Mark Hamburg's program next week evening will contain several numbers that are new to a Toronto audience, while he will be heard in works that show him in new moods, doubtless all that Titanic force and magnificence for which he is distinguished will show out forcibly in this artistic program: 1. (a) The Harmonious Blacksmith, Handel; (b) Sonata, op. 2, No. 3, Beethoven, allegro assai edagio; Scherzo in F major, op. 3, No. 1, Chopin; Final, 2. (a) Ballade F major; (b) Two Studies, G flat, B minor, (c) Preludes, D flat, F major; (d) A minor, (e) Ballade, G major, (f) Lotus Land, (g) La Soire, Leschetzky; Midsummer Night's Dream, Mendelssohn-Liszt. Subject to alteration.

G.T.R. INTO RHODE ISLAND
NEW CHARTER ASKED FOR

Southern New England Railway Co. To Give the System Its Means of Entrance to New Field.

PROVIDENCE, R.I., Feb. 9.—A definite move by the Grand Trunk Railway to secure an entrance into Rhode Island will be made this week, and it is claimed that John S. Murdock of this city. Mr. Murdock announced to-night that he would file a petition to-morrow with the Rhode Island state board of public utility commissioners, asking that a charter for a company to be known as the Southern New England Railway Company, and to be operated as a branch of the Grand Trunk system. He stated that Grand Trunk officials had authorized this action.

By the terms of the proposed charter the new line would start at Palmer, Mass., thru which town runs the line of the Central Vermont Railway, controlled by the Grand Trunk. It would pass thru Webster, Mass., and cross the Valley Falls, Sayreville and Pawtucket, R.I., ending at Providence.

PROPOSED NEW TORONTO GENERAL HOSPITAL

TORONTO'S NEW HOSPITAL AN ELABORATE AFFAIR

Task Before Trustees is to Raise Another Million Dollars From Public.

Plans have been completed for the new \$2,500,000 Toronto General Hospital, which will occupy the block bounded by College, Elizabeth, and Christopher-streets and University-avenue.

The hospital block cost \$608,615. As offset to this cost, namely, \$38,425 for net rentals before the buildings were torn down, and \$11,023, the amount received from the sale of the buildings, making the net cost of the hospital block \$559,167.

The out-patient department, the gift of Mr. Cavithra Mulock.

Building for private and semi-private patients.

Nurses' Home, with accommodation for 174 nurses.

Burnside Building for obstetrical cases.

Servants' quarters, to accommodate servants.

Central power house, which will supply light and heat for the entire plant.

Pathological building, to be built and maintained by the university, in addition to the cash grant of \$90,000 which they have made to the enterprise.

The public wards of the hospital will contain 449 beds. The private and semi-private wards will be in a separate and distinct building in a capacity of 98 beds.

In the public wards will be accommodation for 36 semi-public patients, a provision arising out of the understanding reached with the City Council at the time the original grant of \$200,000 was made by the city.

The eye, ear, nose and throat department will have 36 beds; gynaecology, 29 beds; general surgery, 145 beds; medicine, 150 beds; emergency, 9 beds; and obstetrics, 36 beds.

This provides for 124 more beds in the public wards than in the present hospital, and for 22 more in the private and semi-private wards.

A carefully prepared estimate by the architects places the cost of these buildings at \$1,600,000, exclusive of the pathological building constructed by the university. To this is to be added the cost for equipment, estimated at \$150,000, and such extras as are inevitable.

When I say the Irish party are conservative, I mean that they are not extremists. Read Mr. Redmond's view of the present situation. Speaking at Bradford, he said: "All they asked under the name of home rule was that all purely Irish questions that would concern the national or imperial interests of Englishmen, Scotchmen or Welshmen—that in the management of these affairs the national or imperial should be the governing power. They had no imperial ambition or schemes. They simply asked that on all purely Irish questions they should be left alone to work out their own salvation. They were not asking for a sovereign parliament, but a parliament similar to those in Canada, South Africa, New Zealand and Australia. They were not asking for anything that would interfere with the continuance of the supremacy of the imperial parliament."

It would dwell upon the part of his speech in which he repudiates any idea on the part of the Irish people to separate. It is hoped that the suburb in Ireland to which is in possession of what a short time ago were termed tenant farmers, and to provide this land close on a billion dollars have been provided, together with the means to provide decent housing for 50,000 occupants.

Many things come to him who waits, and after seven centuries of waiting, a little while Ireland will have her due.

\$200,000 FOR HOSPITAL CITY MAY SUBMIT BYLAW

J. W. Flavelle Says \$800,000 Must Be Given Privately—Worried Over Bloor Street Site.

A bylaw to provide an additional \$200,000 for the construction of the new General Hospital, which, including land, will cost \$2,500,000, may be submitted to the ratepayers during the year, probably in June.

The board of control, after listening to the hospital board's statement of its needs, voted yesterday to send the bylaw on to council, but as the board is not united, Controllers Ward and Foster being opposed, the outcome is not certain.

J. W. Flavelle, P. C. Larkin and W. E. Rundle waited on the board. The first named said that, even with the city's further aid, there would be \$800,000 to raise by private subscription. He believed the ratepayers would approve the bylaw.

In the formal application, the hospital board says that when the city was asked to give \$200,000 toward buying a site, it wasn't thought the whole block bounded by College, University, Christopher and Elizabeth-streets would be needed. It was also thought that the building could be erected for \$1,000,000, it was later deemed wise, however, to get the entire block for a modern hospital, fully equipped. The block cost \$559,167, and the hospital and equipment is estimated to cost \$1,941,000 or \$2,500,000 altogether. As the university had doubled its original grant of \$200,000, the trustees thought the city should do likewise.

Bloor Street Site Muddle. A deputation from the board of education asked for permission either to retain the Bloor-street site, abandoned for a technical school location, for the erection of a collegiate institute to replace the one on Jarvis-street, or for power to sell the site and apply the funds to the building of the technical school.

The controllers advised the school trustees to come to a definite decision as to what they want done with the Bloor-street property, which cost \$62,500, and is now marketable at \$90,000. The controllers agreed to include in the new estimates \$28,399.14 for a public school on Logan-avenue, and to pass a bylaw authorizing the building of a new northwest high school on St. Clair-avenue.

Who Owns This Lot? It pays to call for tenders for civic projects. So the board agreed when the offer of the Milnes Coal Co. for a 21 years' lease of the city lot on the south side of the Esplanade, just west of the Frederick-street slip, was received.

The company previously offered to pay \$2000 a year and taxes. They now contract to pay \$2300 for the first five years, \$2400 for the second, \$2500 for the third five years, and \$2800 for the last six years, which means \$10,500 more than the original offer. However, the Polson Iron Works are starting a suit against the city to get possession, claiming the city sold them the lot in 1906 for \$17,500. While the deal passed through the city council in that year, the city solicitor claims it was never executed, not having been signed by the mayor. The death of F. B. Polson and the vicarious plans delayed the completion of the transaction. The company asserts that they made a payment on account, thus binding the sale, but the city's contention is that the amount was paid for the removal of wooden structures on the lot and wasn't advanced on the lot itself.

Could a Tale Unfold. Enveloped in an air of dark mystery, Thomas Matheson for temperance worker and erstwhile aldermanic candidate, advised the board not to write the Edinburgh Scotsman repudiating the statements of a local correspondent as to moral conditions in Toronto.

Mr. Matheson said there had been the worst case of white slave traffic known in America exposed in Toronto in the past week, and that the Scotsman had documents and papers to prove the assertions made. The mayor replied that he was not to be moved by threats, and Mr. Matheson, looking profound, departed.

Still After Joy Riders. A police court summons for civic offences lettered "City of Toronto," in which the name of the offender runs may read. This is the new proposal of Controller Foster.

Despite specific injunctions that the autos must be so plainly misused, some of the officials either misunderstood or else have a high opinion of the standard of public eyesight. He proposes that the maximum fine be \$10, and that, in the event of default, offending officials taste the hospitality of Gov. Chambers without leave of absence being granted.

"GET TOGETHER." Advice of Ministers to Power Company and Municipalities.

Application was made yesterday morning to Hon. F. Cochrane by the Minnesota and Ontario Power Company, for permission to export power. They at present have this power, but it is conditional on an order-in-council approving it.

Hon. J. J. Foy, Hon. F. Cochrane and Hon. Adam Beck advised the company and the municipalities who are opposing the application unless they are quoted terms for themselves, to get together and arbitrate the question. The municipalities ask that Canadian consumers be assured a fair share of the power generated.

Engineer Higginson of Ottawa, was present on behalf of the Dominion Government, as the company in question has a federal charter.

FARM LABORERS COMING. Ontario Government Assured of Large Influx This Year.

The provincial department of agriculture, in order to supply the pressing demand in Ontario for competent farm laborers and domestic servants, have, in addition to their regular staff of emigration agents in Great Britain, secured the services of a number of special representatives in England, Ireland, Scotland and the Channel Islands, who are now actively engaged in the work of promoting emigration of these classes to Ontario.

ASK \$100,000 FOR FAIRS. Deputation Waits on Hon. James Duff With Above Request.

Hon. James Duff, minister of agriculture, was besieged yesterday afternoon at the parliament buildings by a deputation from the Ontario Fair and Exhibitions Association. They were introduced by H. J. Gould, president of the association. The principal speakers were John Farrell of Forest, and R. E. Cowan of Galt.

The object of the visitation was to make the request that the governmental grant to the association be increased from \$88,000 to \$100,000. It was brought to the attention of the minister that there were now 850 associations in the province, while Mr. Cowan pointed out that according to statistics, which he found equal to the grant was much less than that given in a number of the states of the American Union.

Mr. Duff in reply remarked that the population of these states was much larger than Ontario. They could well afford to give more. He had no doubt that on a per capita basis the Ontario grant would be found equal to that of these. Moreover the provinces gave largely to agriculture in other lines. He promised consideration.

Hon. Dr. Reame, who was present, also spoke briefly.

MUNICIPAL AMENDMENT. A Deputation of Civic Authorities Wait on W. J. Hanna.

The executive of the Ontario Municipal Association had a long conference with Hon. W. J. Hanna yesterday morning with regard to the proposed amendments to the Municipal Act.

Changes advocated by the association deal with the better definition of drainage liability by the municipalities, the regulation of signs, electric and otherwise, and further power in dealing with emergencies, such as the present rabies case. Municipal commissions were advocated and the minister promised that this point should be looked into, and possibly a committee of investigation appointed.

The deputation included the Mayors of Ottawa, Brockville, Berlin, Hamilton and London, and municipal officials from other points.

Master Harness Makers. "The question that most of our outside districts split on, is the selling price of harness," said President J. B. Moat, in his address at the tenth annual convention of the Master Harness Makers' Association of Ontario, which opened in Williams' Cafe, yesterday.

He also thought that the districts which derived the most benefits from the association were those that made a practice of determining the actual cost prices amongst themselves, and leaving the selling price to be fixed individually.

Amongst the delegates present were: Mr. Brereton, for H. C. Barker, Stouffville; A. Thompson, Toronto; W. Hardy, Dundas; G. Hannon, Galt; C. F. Ottman, Wellesley, and G. B. Colthurst, Toronto, secretary. The meeting was presided over by the President J. B. Moat.

Verdict Against City. Joseph A. Reid, 43 Fern-avenue, entered an action against the city in the non-jury assize court before Justice Clute yesterday, in which he sues for unstated damages for injuries received thru tripping over an obstruction on Sorraire-avenue, on the evening of May 2 last. He was given judgment for \$650.

The case, however, included W. R. Payne, a contractor as defendant, on whom the city placed the responsibility, but Mr. Payne's defence was that he had no agreement with the city and was, therefore, not liable. The city's counsel argued that under the general law Mr. Payne was liable and his lordship reserved judgment on this point.

Our Next Governor-General. LONDON, Feb. 9.—(C. A. P.)—The Chronicle devotes an editorial to the next governor-general of Canada, and says he should be a man who would strike the imagination. It notes how greatly the imagination of Canadians has been struck by the rumor that the Duke of Connaught was likely to take up the post, but doubts whether the appointment is probable. It anticipates the government will appoint a statesman of personal prestige, who will maintain the traditions which have been enhanced by Earl Grey.

Wife Gets Alimony. Alleging that her husband had threatened to throw her out of a window and that he negligently left her in a vehicle, so that when the horse ran away she was badly injured, Mrs. Jennie Derrick entered action in the non-jury assize court yesterday to secure alimony from Martin R. Derrick. She asked for \$12 a week, but thru the advice of Justice Teetzel the case was settled, the defendant agreeing to give her \$10 a week and to pay \$200 costs. Mr. Derrick is a prominent Toronto manufacturer.

POPULATION OVER 400,000. New City Directory Contains Names of 146,388 Individuals.

Toronto's population is about 402,567, according to the figures of the new city directory which will be issued shortly. There are 146,388 individual names, exclusive of firms—an increase of 13,225. The aggregate population is arrived at by multiplying by 2 1/2 the number of buildings, 48,456, an increase of 7322. There are 3625 vacant buildings compared with 3035 of last year. There were only 7839 births last year, a small decrease, and 5188 deaths, an increase of 658. There were 492 more couples married than in 1908, the number being 3905. Bank clearings jumped from \$1,165,902,436 to \$1,437,700,477. The customs house collected \$2,673,315 more than in the previous year. The postoffice receipts were \$1,513,310 compared with Montreal's \$963,729. There were over 10,000 real estate transfers. Building permits numbered 5056 in value \$16,167,54 per cent. increase over the previous year. The increase in assessment was \$50,000,000. The Street Railway Company collected \$2,925,000, an increase of \$900,000. The number of passengers carried was \$7,199,151. The area of the city is 24.28 square miles.

ONE FLAG, ONE FLEET, TRUE IMPERIAL IDEA. Gospel of Self-Interest Expounded by W. F. Cockshutt Before Empire Club.

The gospel of imperial selfishness or self-interest was expounded with great force and much acceptance at the Empire Club yesterday by W. F. Cockshutt of Brantford. He had been a delegate from Toronto to the convention of the Chambers of Commerce of the Empire, at Sydney, Australia, last year, the seventh of these gatherings of which he had attended six, and was impressed with the growth of sentiment in favor of imperial preference or preferential trade. The other two outstanding questions discussed in Sydney were imperial defence, especially as affecting the navy, and imperial organization.

The empire was losing trade yearly to foreign nations, and always trade that might be retained at home. Canada had only three-quarters of one per cent. of trade going to Australia, and only one-fifth of one per cent. in return. Mr. Cockshutt advocated measures that would tend to increase inter-imperial business. There were 11 chambers of commerce represented at Sydney, and 61 of these voted for trade co-operation, seven against it, and three were neutral. Manchester was the only city of importance voting against it. The proposal had been carried in Montreal in 1903 by a majority, and again at London, in 1906, by an increased majority, with a majority of seven of the British chambers in favor of it. The proposal had been carried in a direct contribution of large vessels to the imperial navy. Tennyson's line quoted in all the school books, "One Flag, One Fleet, One Throne," had no allusion to many fleets, and he had placed himself on record at Sydney that one fleet for the empire, and that an invincible one, was the duty of the empire, and he believed that if we persisted in establishing small and weak fleets in different parts of the world, the destiny of the empire would be endangered. The British Empire was here to stay and to stay for all time, but it could only stay by the honesty and intelligence of the citizens in every capacity. To be effective they must do something that would help. Would a fleet, even if a good one, to be completed in ten years, fill the bill? The crisis would be come and gone before that time.

SETTLED OUT OF COURT. The dispute in the non-jury assize court over the \$10,000 residence at Scarborough, was settled without Justice Teetzel being called upon to give judgment.

The defendant, James Gillies, who the plaintiff, Ford Mansell, declared went into the house and lived since last July without his authority, agreed to complete the purchase of it. The plaintiff was willing to sell.

NEW GERMAN NAVAL BASE. BERLIN, Feb. 9.—Plans for the new great naval base of the German empire at the western end of the Kaiser Wilhelm Canal at Brunsbuttel, have been finished and work will begin immediately. The total cost will be in the neighborhood of \$7,600,000.

The harbor will extend from Brunsbuttel north-eastward to a small lake, which connects with the canal. It will be divided into harbors for the largest warships and for merchant vessels.

C. N. R. Earnings. The gross earnings of the Canadian Northern Railway for the week ending Feb. 7, were \$188,700, an increase of \$48,800 over the corresponding week of last year. From July 1 to date the earnings were \$7,750,800, an increase of \$1,469,200.

THE POWER OF THE PRESS. ST. JOHN, Feb. 9.—The editor of all newspapers in New Brunswick will be invited by the board of trade to meet in St. John the first week in March to discuss a forward movement for the whole province.

PLAINTIFF SIGNED IT WITHOUT KNOWING IN WHOSE NAME IT WAS.

John Lee of Balmy Beach sued J. E. Cook, a Toronto barrister, in the jury assize court yesterday, alleging that he holds a mortgage wrongfully and he asks for the assignment of the mortgage to himself and also for \$1000 damages.

According to the evidence Lee sold some property for \$200, \$500 down and \$30 quarterly on the mortgage. The purchaser was John Liberty, and Lee said that an agreement was drawn up whereby the money was to be paid to Cook as trustee, who was to divide it equally between him and his wife, who laid claim to half the amount. Three years later, he declared, he discovered at Osgoode Hall that the mortgage was in Cook's name, he had signed it without noticing in whose name it was. The defence was that the money had been equally divided, and that the plaintiff knew what he was signing. The case will be concluded this morning.

JUDGMENT RESERVED. Justice Teetzel reserved judgment in the action brought by James W. Moffatt, an engineer, against the Gladstone Mines, Limited, whom he sued for \$5000 damages. The plaintiff claimed that he prepared a report on the property for Alexander Warden, but that when it was issued in the prospectus other matter was added by the defendants so that on perusal it would appear that all therein was part of his report.

SETTLED OUT OF COURT. The dispute in the non-jury assize court over the \$10,000 residence at Scarborough, was settled without Justice Teetzel being called upon to give judgment.

The defendant, James Gillies, who the plaintiff, Ford Mansell, declared went into the house and lived since last July without his authority, agreed to complete the purchase of it. The plaintiff was willing to sell.

Hon. James Duff, minister of agriculture, was besieged yesterday afternoon at the parliament buildings by a deputation from the Ontario Fair and Exhibitions Association. They were introduced by H. J. Gould, president of the association. The principal speakers were John Farrell of Forest, and R. E. Cowan of Galt.

"GET TOGETHER." Advice of Ministers to Power Company and Municipalities.

Application was made yesterday morning to Hon. F. Cochrane by the Minnesota and Ontario Power Company, for permission to export power. They at present have this power, but it is conditional on an order-in-council approving it.

MUNICIPAL AMENDMENT. A Deputation of Civic Authorities Wait on W. J. Hanna.

The executive of the Ontario Municipal Association had a long conference with Hon. W. J. Hanna yesterday morning with regard to the proposed amendments to the Municipal Act.

FARM LABORERS COMING. Ontario Government Assured of Large Influx This Year.

The provincial department of agriculture, in order to supply the pressing demand in Ontario for competent farm laborers and domestic servants, have, in addition to their regular staff of emigration agents in Great Britain, secured the services of a number of special representatives in England, Ireland, Scotland and the Channel Islands, who are now actively engaged in the work of promoting emigration of these classes to Ontario.

POPULATION OVER 400,000. New City Directory Contains Names of 146,388 Individuals.

Toronto's population is about 402,567, according to the figures of the new city directory which will be issued shortly. There are 146,388 individual names, exclusive of firms—an increase of 13,225. The aggregate population is arrived at by multiplying by 2 1/2 the number of buildings, 48,456, an increase of 7322. There are 3625 vacant buildings compared with 3035 of last year. There were only 7839 births last year, a small decrease, and 5188 deaths, an increase of 658. There were 492 more couples married than in 1908, the number being 3905. Bank clearings jumped from \$1,165,902,436 to \$1,437,700,477. The customs house collected \$2,673,315 more than in the previous year. The postoffice receipts were \$1,513,310 compared with Montreal's \$963,729. There were over 10,000 real estate transfers. Building permits numbered 5056 in value \$16,167,54 per cent. increase over the previous year. The increase in assessment was \$50,000,000. The Street Railway Company collected \$2,925,000, an increase of \$900,000. The number of passengers carried was \$7,199,151. The area of the city is 24.28 square miles.

Dropsy Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle does not benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.

Dr. Chase's Ointment

Is wonderfully successful in the treatment of eczema, piles, and all itching skin diseases. 60c. a box at all dealers, or by mail, post paid, by EDMANSON, BATES & CO., Toronto.

Should you be offered something said to be "just as good," consider this a compliment to Dr. Chase's Ointment, which is the standard. You may find it necessary to be firm in order to get what you ask for, but you will be better satisfied afterwards and your intelligence will not be insulted next time.

Short Traders Are Trapped When Holders Are Sold Out

Wall Street Financiers Play Another Sharp Escapade on Outsiders—Toronto Market Improves as a Matter of Fellowship.

World Office, Wednesday Evening, Feb. 9.

A sudden change in the action of the New York stock market to-day had a good effect on the Toronto Exchange, all the dealings were still small.

Improvements occurred in most of the speculative stocks dealt in, but buying was sufficiently scared off to prevent any unusual demand.

It is now conceded that the floating supply of most of the local listed securities is too small to allow of any freedom of operations.

London buying of the Latin American stocks is still responsible and these stocks were steady to firm in to-day's market.

The upset condition of Wall-street had an effect upon investment purchases in this market and although prices of the better class of securities have not declined, the transactions have been reduced.

Opinions both speculative and otherwise had an optimistic tinge after yesterday's meeting, was of little effect, as the shares were offered to-day at 117 1/2, without bids.

WALL STREET POINTERS.

London market quiet but firm.

St. Paul's January earnings will show only a trifling decrease from those of last year.

International Smelters and Refining declares quarterly 2 per cent, making an eight per cent. basis, an increase of 2 per cent. per annum.

26 roads for fourth week of January show average gross increase of 20.86 per cent.

Pressed Steel Car Co. now operating at full capacity with good supply of orders ahead.

LARGE INCREASE IN STOCK ISSUES.

NEW YORK, Feb. 9.—Journal of Commerce estimates total issue of new securities in January at \$166,068,000, an increase of \$21,388,000 over January year ago.

MORGAN TAKES ON STEEL AT 75.

NEW YORK, Feb. 9.—It is rumored in "the board" that J. P. Morgan has taken over Frank Munsey's unsold U. S. Steel at 75.

WALL STREET ADVICES.

Joseph says: Great Northern preferred and Northern Pacific have been liquidated to a standstill. Cotton Oil in the present year is likely to pay six per cent., giving a return of ten per cent. at its present price.

Stock island issues will sell at 85. These are distinctly an attractive proposition. There is a lively short interest in Coppers, which should be bought for turns.

Specialist: For a long pull and a strong pull Reading is the stock to hold.

Considerable further irregularity is to be expected and we would take the short side on railroads in Copper, Smelters, Union Pacific, Southern Pacific and St. Paul. Especially the latter two are also good short sales, among them Reading, which is likely to break sharply, also Chesapeake and the Denver stocks, of which for the very long time we regard the preferred one of the best short sales in the list. Bears will try to raid these stocks and also Steel.

ANOTHER MEXICAN LISTED ON TORONTO EXCHANGE

Fifteen million dollars of the stock of the Mexico Northwestern Railway have been listed on the Toronto Stock Exchange. This is one of the organizations in which Dr. Pearson of New York and London is especially interested. Rumor has it that Dr. Pearson is going to make the Mexico Northwestern a continuation of the Rock Island system.

Associated with Dr. Pearson are Sir William Van Horne of the C. P. R. and E. R. Wood of the Central Canada Loan Co.

STANDARD BANK.

The profit and loss statement of the Standard Bank of Canada for the year ending Jan. 31, 1910, has been issued. It shows net earnings of 18.26 per cent.

STERLING BANK OF CANADA

Notice is hereby given that a dividend of one and one-quarter per cent. (1 1/4 per cent.) for the quarter ending 31st January instant (being at the rate of five per cent. (5 per cent.) per annum) on the paid-up capital stock of this Bank, has been declared, and that the same will be payable at the Head Office and Branches of the bank on and after the 15th day of February next. The Transfer Books will be closed from the 20th January to the 21st January, both days inclusive.

By Order of the Board,
F. W. BROUGHALL,
General Manager.

SPECULATORS CHANGE THEIR OPINIONS.

World Office, Wednesday Evening, Feb. 9.

Pressure on the Wall-street market was lifted to-day, and domestic securities, as was mentioned in yesterday's issue, responded immediately. While there was no wild scrambling for local securities, the market showed that buyers were more aggressive than sellers. The sudden change in the market's position was due to the purely speculative situation. Many shorts are desirous of getting even with the market in the active issues, and were desirous of seeing selling orders. Speculative sentiment veered several times to-day, but the preponderance favored purchases.

WHIP FOR SLANDERERS

This is Punishment Proposed by Rev. A. L. Geggie.

Whipping as a punishment for slandering Toronto was advocated by Rev. A. Logan Geggie, in an address at the meeting of the Caledonian Society, in St. George's Hall, Tuesday night, when he spoke of the evils of slandering and the Rev. Mr. Geggie, "If you slander a city there is no punishment, but the person who slanders Toronto should be whipped."

Speaking of slanders in general, he said he was proud of having a father who chased his landlord off his own land. The landlord tried to persuade Mr. Geggie, "to vote differently from the way he had decided. The tenant did not like the proprietor's arguments and commands, so he told him to get off and called the dogs."

The city's electrical department is satisfied that when the hydro-electric commission is ready to deliver power next fall, the city will be able to distribute it in the business section, or a sufficiently large portion thereof, to make a gratifying beginning. The laying of the conduits in the western section is progressing under contract, and no time is being lost in the installation of the electric pumps. While the city does not consider it good policy to make public the number of power contracts entered into, K. L. Aitken, electrical engineer, says the response by power consumers has been entirely satisfactory.

CHARLES COCKSHUTT DEAD
Member of Well-Known Brantford Family Succumbs to Anemia.

The death of Charles Cockshutt yesterday afternoon at his late residence, 462 Sherbourne street, from anemia, came as a great shock to his large circle of friends.

The deceased was in his 56 year, and had resided in Toronto for the past 37 years. He was born in Brantford in March, 1854, a son of Ignatius Cockshutt and Elizabeth Foster. The former came to Canada with his father, James Cockshutt, who was a native of Yorkshire, England, in the year 1821, and settled on the present site of the City of Brantford.

The late Mr. Cockshutt had a most enviable business career in Toronto. He was at one time a partner in the firm of Darling, Cockshutt & Co. and later entered the wholesale woolen business for himself, but sold out to Ogilvie & Co. after the big fire, when he retired from business.

He was subsequently elected a director of the Imperial Bank, and of the Niagara Navigation Co. He was also vice-president of the Cookshutt Flour Co. Brantford, a director of the Toronto Paper Co., and chairman of the directors of the General Accident Co. When the board of the Toronto General Hospital was reorganized four years ago, the late Mr. Cockshutt was appointed a member by the government. He proved to be one of the most energetic and useful members on the board and was widely known for his philanthropy. Among the many other institutions with which he was connected were the Victorian Order of Nurses, Home for Incurables, Working Boys' Home, Evangelical Settlement, and the Sick Children's Hospital.

The deceased survived his wife, who was a daughter of the late James Scott, Carlton street, some fourteen years. He was most prominent in club life and was a member of the Toronto Club and the Toronto Hunt Club. Brothers are: W. F. Cockshutt, ex-M.P., E. L. Harry and a sister is Mrs.
