PETROLEA. An inc town 160 mls west of Toronto, located on Bear creek, a tributary of the Sydenham river, in the heart of the oil producing region of Canada. The Petrolea brs of the GW div GTR, and of the C div MCR both terminate here. It is in Enniskillen tp Lambton Co, 16 mls s-e of Sarnia, the co seat. The oil producing belt, so far as proved, extends from the n-w to the s-e for about 20 mls, with a width varying from 1 to 4 mls, and an immense quantity of oil is obtained from this area, of which Petrolia occupies the centre. There are 14 large refineries in the vicinity of the town which produce about 3,500 barrels of refined oil per week. Ample facilities are provided for storing the crude oil by several companies, who have storage for upwards of 500,000 barrels in underground tanks. The total amount of capital invested in the oil industry in its various branches is estimated to be but little short of $10,000,000. It was inc as a town in 1874. It has 3 foundries and machine shops, 2 boiler works, flour, planing and saw mills, etc, numerous churches, high and public school, 2 banks, a public hall, a town hall, Masonic Temple and 2 weekly newspapers, the *Advertiser* and the *Topic* and a Mechanics' Institute. Petroleum is the chief shipment. Assessed valuation of real and personal property . Bonded indebtedness . Rate of taxation. It has a good volunteer fire department. Pop, 4,357. Tel, GNW and CPR. Telephone connection. Exp, Can. Mail daily. Patrick Barclay, p m.

Lake Superior. It is on the main line of the CPR, and is the headquarters for the PAD & WR running from here south-westward via Whitefish Lake to the international boundary line at Gun Flint Lake. An electric tramway also connects it with Fort William. It is in the district of Thunder Bay, of which it is the judicial seat, and is distant from Toronto 856 by rail, 983 by water via Owen Sound, 430 from Winnipeg, and 180 by water from Duluth, Minn. The steamers of the CPR make tri-weekly trips between here and Owen Sound, and steamboats of the North West Transportation Co call here regularly, and the steamship Cambria of the Port Arthur & Duluth Steam Packet Co makes tri-weekly trips from this port to Duluth. Running through the town is Current River, a small but rapid stream, furnishing excellent water power. It is the headquarters for the mining industry of the district of Thunder Bay, and the location of the Ontario Government mining school. It contains Anglican, Pres, Meth, Bap and Cath churches, and high, public and separate schools. It has a chartered and a private bank, an elevator, saw mills, machine shop, two newspapers, the *Sentinel* (daily and weekly), and the *Herald* (weekly), a handsome court house, and in course of erection a post office and custom house and municipal buildings. Stage tri-weekly from Murillo on the CPR, 17 miles west to Beaver Mine, Badger Mine and Silver Mountain, fares $1, $1.25 and $2.50 respectively. Pop, 2,698. Tel, CPR. Telephone connection with Fort William. Exp Dom. Mail daily. Frederick Jones, p m.

Cowan John, blacksmith and general store

PURTORAH. A recently established town 5 miles east of Sault Ste Marie and 4 miles east of the International railway bridge on the banks of the St Mary's river. It is generally thought that Purtorah is destined to become a place of considerable importance, since it is the only spot on the route of the CPR Co's steamships from Owen Sound to the head of Lake Superior where a depot for the interchange of traffic from rail to ship can be established. The CPR Co, who have long felt the want of such a stopping place for their Lake Superior steamers, will build a branch from their main line to the water front at Purtorah, and thus an impetus will be given to this locality which must attract attention to its many natural advantages for a manufacturing centre, especially its facilities for importation and exportation.

PUSLINCH. Also known as Schaw, the ry name, is a village on the CV line O div CPR, in Puslinch tp, Wellington Co, 11 mls s-e of Guelph, the co seat and nearest bnkg point. Stage to Guelph, fare 50c, to Hamilton 75c. Pop, 150. Tel, GNW and CPR. Exp, Dom. Mail daily. John A Macdonold, p m.

RAT PORTAGE. An incorporated town at the north end of the Lake of the Woods where the lake empties its waters into the Winnipeg river. The water power at this point is second only to that of Niagara, and is used in the operation of several large sawmills, a flour mill with a daily capacity of 2,000 barrels, an elevator and other industries. It is a sectional division on the CPR, 297 miles north-west of Port Arthur, and 133 east of Winnipeg. It is in the district of Rainy River of which it is the district town. It has Catholic, Presbyterian, Anglican and Methodist churches, public and separate schools, a chartered bank, saw and planing mills, two weekly newspapers, the *News* and *Mining Journal* and the *Record*, and gold and silver reduction works. It is the head quarters for the mining industry of the Rainy River District. Communication with the country bordering on the Rainy River by steamboat in summer, and by dog trains and horses in winter. The principal shipments are lumber, furs, fish and berries. Large quantities of fur bearing animals, birds and fish abound in the district, and Rat Portage is fast becoming an important summer resort. Ferry communication every two hours during summer, with Norman, 2 miles, and Keewatin, four miles, west. Population, 2,500. Telephone connection. Electric light. Telegraph CPR. Express Dominion. Mail daily. A J Parsons, postmaster

ST. CATHARINES. An inc city on Twelve-Mile creek, and the principal place on the Welland canal, which unites lakes Ontario and Erie, and from which excellent power is obtained, in Grantham tp, Lincoln Co, of which it is the co seat. It has good railway facilities, being on the main line of the GW div and on the Welland ry of the GTR system, the latter road running from Pt Dalhousie, Lake Ontario, to Pt Colborne, Lake Erie. The St C & NCR, is now in active operation, 12 mls of road being completed. It was inc as a city in 1876 and has several extensive manufacturing industries, flour, cotton and planing mills, saw works, furniture factories, ship-building yards, foundries and machine shops, axe and edge tool works and wine manufactories, 3 Anglican, 3 Cath, 4 Meth, 3 Pres, 2 Bap and a Cong church, a collegiate institute, public and separate schools, a free library, an opera house, 3 chartered banks, court house and co buildings, custom house, 3 daily newspapers, the *Standard*, the *Star* and the *Journal*, having weekly editions. Flour, fruit, grain, produce, stone and the products of the various manufacturing establishments are shipped. Assessed valuation of real and personal property $4,600,00. Bonded indebtedness $820,000. Rate of taxation 17 8-10 mills. The city is lighted with gas and electric light, has an excellent system of water supply owned by the city, a fire department and an electric street ry, which runs to the neighboring towns of Thorold and Merritton. Extensive quarries of excellent stone are worked in the neighborhood. It contains a general and a marine hospital, an orphan asylum and other charitable institutions. During the season of navigation there is steamboat communication with all parts of the lakes and the St Lawrence

BISHOP RIDLEY COLLEGE

ST. CATHARINES, ONT.

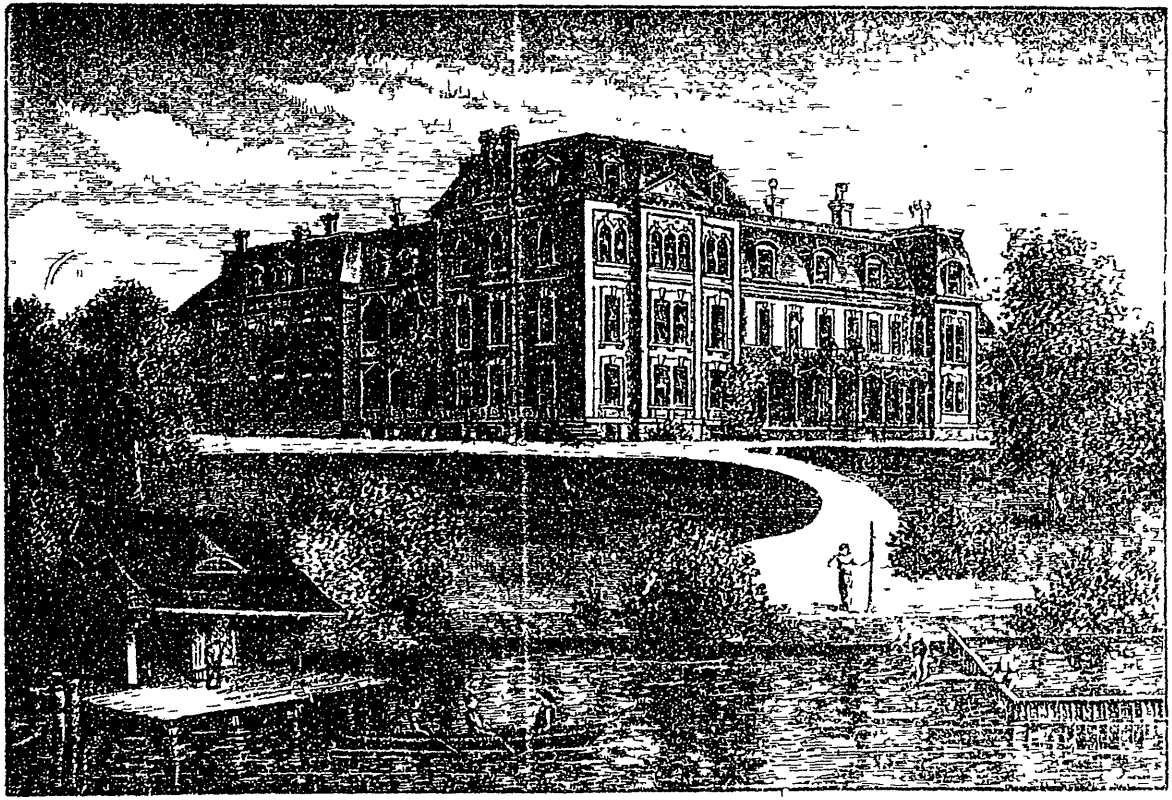
A High Grade School of the First Class

- FOR BOYS -

Visitors—The Bishops of the Province

This School is noted for the thoroughness of Instruction given, for the unrivalled advantages in the way of games and exercise, and for the careful moral training of the boys.

Pupils prepared for Matriculation at the Universities, and for Entrance to the Professions of Law, Medicine, the Royal Military College, and the Schools of Science.



A feature of the School is the good health of the boys. The City has the lowest death-rate of all Cities in the Dominion. The College grounds are extensive, and afford opportunities for more varied means of recreation than any other Canadian School.

For Calendar, List of Boys, etc.,

Apply to

REV. J. O. MILLER, M.A.

Principal.

SAUGEEN. (See Southampton.)

SAULT STE MARIE. An inc town 440 mls n-w of Toronto, on the CPR, and on St Mary's river (which furnishes power), in Algoma Dis, of which it is the judicial seat, and the location of the court house, jail and registry office for that section, is situated at the foot of the rapids, which obstruct the river navigation between lakes Superior and Huron—there being a descent of 22 feet in less than 1 ml. A canal on the United States side of the river enables the traffic to be carried on, and a canal is in course of construction on the Canada side. A water power canal on this side is now nearing completion, with a capacity of 10,000 horse power, soon to be enlarged to 30,000. It has Anglican, Cath, Meth Bap and Pres churches, 2 chartered banks, public and separate schools, 2 newspapers, the *Algoma Pioneer* and the *Sault Express* are published weekly Assessed valuation of real and personal property $1,181,000, bonded indebtedness $260,000, rate of taxation 24 7-20 mills. Steamboats of the CPR Co. from Owen Sound to Port Arthur, call here tri-weekly, and all vessels passing to and from Lake Superior pass here. Ferry communication with Sault Ste Marie, Mich. Pop, 3,600. Tel, CPR. Exp, Dom. Maily daily. Mrs M C Pim, p m.

SHALLOW LAKE. Keppel tp Grey, Co, as its name implies, was a shallow sheet of water, 2 mls from Allenford Station, on the GTR, and 8 mls of Owen Sound. The water has been recently drained off with the intention of converting it into pasture land, when it was discovered the bottom was covered with a deposit of clay, which by a careful analysis has disclosed all the the necessary ingredients for making a very high grade of Portland Cement. The owner soon realizing the value of such a deposit, a joint stock company was organized, known as Owen Sound Portland Cement Co (Ltd), with a capital stock of $100,000, divided into 200 shares of $500 each. The company as organized H B Harrison, pres, John Lucas, vice-pres, John Corbett, secy-treas, R P Butchart, mngr, W A Pearson, Saml Loyd, Wm Manders, directors. The promoters of this

enterprise, being satisfied of the great value of this deposit, have erected kilns for burning the material, and have been rewarded with the greatest success, viz: manufacturing Portland Cement of the highest quality. The company have had their raw material and the cement produced from it tested by experts, who have pronounced it superior to all the best brands of English, French or German Portland cement. It is estimated that this material is in sufficient quantities to produce 100 tons per day for sixty years, the market value of the daily out-put contemplated by these works being not less then $1,000 at wholesale prices. The object of this company is to manufacture cement, puty, whitting, brick, drain and other tiles, and barrels, boxes and other packages for their manufactures, and such other articles of commerce as shall be decided upon from time to time. Campbell Alexander, Blacksmith
Robinson Robert, veterinary surgeon
Watson Walter, justice of peace

TORONTO. The largest cit and the capital of the Province of Ontario, is beautifully situated on the shore of a spacious bay of Lake Ontario, in York Co, of which it is the county seat. Toronto has an excellent harbor, accessible to the largest crafts navigating the lakes, and which is perfectly sheltered by a long narrow island extending about five miles along the front of the city, at a distance of about one and a half miles from the shore, forming a safe anchorage ground. It was incorporated as a city in March, 1834. The city is laid out with great regularity, the streets running n, s, e and w.

The growth of Toronto may be seen from the following table of its population at various periods, viz:

1836	9,652	1881	87,000
1842	15,336	1886	124,000
1845	19,706	1888	153,000
1850	26,000	1889	171,822
1856	45,000	1890	216,066
1861	48,000	1891	226,000
1871	59,000	1892	229,512
1875	74,000		

Mr Van Horne, no mean authority, has stated that within twenty years Toronto will have a population of 500,000. It is true Toronto is to some extent prospering at the expense of surrounding towns and villages. This, of course, we cannot help. It is in the natural order of things, and it is our duty to take advantage of the situation.

In addition to its facilities for communication by water, Toronto is the centre of an extensive ry system, the following rys either running through or having one of their termini in the city: The main line of the GTR, with its Mid, Nip, N & NW and GW divs, and the CPR, with its divs of the CV, the TG & B and the O & Q lines.

It has excellent hotel accommodation, among the best being the Queen's, Rossin, Arlington, Kensington, Walker, and Palmer Houses.

QUEEN INSURANCE CO. OF AMERICA | H. J. MUDGE, Res. Manager, MONTREAL
Losses Equitably and Promptly Adjusted
P. M. WICKHAM, - - - Inspector

Manufacturing of almost every description is extensively carried on, and a glance through the directory following will show desiring purchasers that their wants can be supplied with any article used in their respective trades.

In the matter of education Toronto takes a high rank, having located within its boundaries the following educational establishments: The University of Toronto, University College, University of Trinity College, Knox College, Wycliffe College (Protestant Episcopal Divinity), the Baptist College (McMaster Hall), St Michael's College (Catholic), the Bishop Strachan School for Ladies, the Upper Canada College, the Toronto Collegiate Institute, the Royal College of Dental Surgeons, the School of Dentistry College of Physicians and Surgeons of Ontario, Ontario College of Pharmacy, School of Practical Science, Ontario Veterinary College, Women's Medical College (in affiliation with the University of Trinity College), Toronto School of Medicine, Trinity Medical School, Ontario School of Art, to which may be added a number of convents and private schools, musical conservatories etc, all first-class in their several appointments.

The schools, etc, belonging to the city comprise a model school, a normal school, a collegiate institute and 60 public schools, the total number of pupils being 31,315, of teachers 528, and the value of the school property $1,403,236, and 17 separate schools. The Department of Education is situated on Gould street between Victoria and Church streets, and has a library of 8,500 volumes. The public buildings connected with the Government, comprise the Parliament Buildings, interesting mainly from their associations (new stone buildings on an elaborate scale are now being constructed at a cost of over $2,000,000); a valuable library of 35,000 volumes is kept here; the Government House, the official residence of the Lieut-Governor; the Custom House, cor Front and Yonge streets, and the Post Office building, on Adelaide street, both handsome cut stone structures; the Asylum for the Insane; the Central Prison; the Mercer Reformatory; and Osgoode Hall, containing the various superior Law Courts of the Province with a magnificent law library of 20,000 volumes, the property of the Law Society of Ontario. There is an interesting museum attached to the Normal School containing specimens of school apparatus and furniture, a valuable collection of Dutch, Flemish and Italian paintings, etc. There is also the magnetic observatory and the principal meteorological office for the Dominion of Canada located in Queen's Park, and a public library containing 60,892 volumes and about 10,000 pamphlets, being constantly added to as occasion offers. The principal civic buildings will be the new Municipal and County Building, soon to be erected, to cost about $2,500,000, situated on Queen street w, at head of Bay street. The Canadian Institute on Richmond street is an important scientific institution, with a library of 4,000 volumes. The public buildings to be especially noted for their beauty of architecture, etc, are: The Bank of Montreal and the Board of Trade Building, cor Yonge and front; the British American Assurance Co's Buildings, cor Scott and Front streets; Building and Loan Chambers, 13 and 15 Toronto street; Canadian Bank of Commerce, cor King and Jordan streets; Canadian Institute, cor Richmond and Clare; Canadian Life Assurance Chambers, 44 King w; Canada Permanent Building, 18 Toronto; Central Prison, Strachan av; Confederation Life Building, cor Yonge and Richmond; Custom House, cor Front and Yonge; Dominion Bank, cor King and Yonge; Educational Buildings, St James' square; Imperial Bank, Wellington e; Knox College, Spadina crescent; McMaster Hall, Bloor w; Manning Arcade, 22-28 King w; Mercer Reformatory, King w; North of Scotland Chambers, 18 King w; Ontario Bank, cor Scott and Wellington; Osgoode Hall, Queen head of York; Provincial Parliament Buildings, Queen's Park; Post Office, head of Toronto; Quebec Bank, cor King and Toronto; Queen City Buildings, 24 Church; St Michaels College, St Joseph street; School of Practical Science, Queen's Park; Toronto Arcade, Yonge opposite Temperance; Toronto Bank, cor Wellington and Church; Toronto General Hospital, Gerrard e; Toronto University, Queen's Park; Traders' Bank, 61-63 Yonge; Trinity College, Queen w: Freehold Loan and Savings Co's Building, cor Adelaide and Victoria; Western Assurance Co's Building, cor Wellington and Scott; Wycliffe College, Queen's Park, and numerous private buildings that will compare favorably with those of any other city on the continent. The city is well provided with charitable institutions, having a large General Hospital, the Girls' Home, the Boys' Home, the Home for Incurables, Infants' Home and Infirmary, the Hospital for Sick Children, the St Nicholas Institute for boys, the House of Providence, the Notre Dame Institute, etc, etc. The Queen's Park, the Horticultural Gardens, the Island, the Exhibition Park and several other parks of lesser note furnish the citizens of Toronto with ample places for recreation. There are three opera houses, the Grand, seating 1,850; the Toronto Opera House, seating 1,800; the Academy of Music, seating 2,000; and the Pavilion Music Hall, seating 2,200. There are 14 chartered banks doing a general business in the city and 15 savings banks, also a number of loan and investment companies. Six daily newspapers are published and 48 weekly, 11 bi-weekly, 55 monthly, 3 quarterly and 3 yearly papers and magazines are issued from the presses of the city. The assessed valuation of real and personal property for 1891 is $147,032,589, and the bonded indebtedness: Gross debt $17,044,183.08, general debt $10,092,373.28, local improvement debt $6,951,809.80 and sinking fund $1,650.000. The city has an excellent water supply pumped from the lake (from outside the island) into a large reservoir, situated at Rosedale, 216 feet above the level of the lake, and 9½ acres in extent, containing 33,473,000 gallons; an efficient fire brigade located at 15 stations furnished with fire alarm telegraph and all modern appliances for fire extinction; a police patrol wagon system, making the police department efficient in every respect. The city is lighted with gas and has the electric light in addition; telephone facilities and an excellent well arranged street car service. During the

ONE MOMENT!!!

Retailers, do you know what is eating the heart of your business and making a loop-hole through which the profits escape? It is the constant forgetting to "**Charge Credit Sales,**" neglecting to keep a record of **MONEY PAID OUT**, and mistakes in making change.

A National Cash Register will Prevent this

We manufacture 34 different kinds of Registers ranging in prices from $15 upwards—all styles and kinds. Autographic Machines, Detail and Total Adders, and Check-device Machines issuing consecutively-numbered checks, giving amount of each and every purchase.

It will pay any merchant one hundred-fold to examine our system of keeping track of the details of his business. Send for circulars or call at any of our Offices and we will be pleased to explain everything to you.

CENTRAL Business College
LOCATED IN
IDINGTON'S BLOCK AND IN ARCADE BUILDING
Market and Erie Streets, Stratford, Ont. Cor. Gerrard and Yonge Streets, Toronto, Ont.
Offers to all intending students the highest advantages to be secured in this important line of educational work. There are special Departments in **English, Commercial Science, Shorthand** and **Typewriting** and **Penmanship** in both Colleges, which are under specially qualified teachers in each College. Both Colleges are under the same management and afford the students of both schools the opportunity of **Interchange of Actual Business Practice,** an advantage not enjoyed in any other Canadian College. Students may enter at any time. Full particulars freely given by addressing as above.

Dominion Brewery Company

[LIMITED],

ROBERT DAVIES, Manager.

The Ales and Porter of the Dominion Brewery Co. Ltd., are known from the Atlantic to the Pacific as being the FINEST MANUFACTURED IN CANADA or any other Country. All first-class houses keep them.

The brand known as the **White Label** is extra choice. The public can rely on our goods to contain nothing but malt and hops. See that the cork has our stamp on.

WM. ROSS,
Secretary and Cashier.

Eureka Refrigerator

AND

COLD STORAGE HOUSE

(Patented May 29, 1886)

REFRIGERATORS FOR

Families and Private Dwellings
Butchers, Grocers, Milk Dealers
Dairies, Saloons, Hotels, Restaurants
Produce Dealers and Game Dealers

The principal points in the Eureka are the Dryness of the Cooling Room in all kinds of weather, and the easy way in which it can be regulated

To show that the Eureka Patent is perfect I guarantee this test When your Refrigerator is properly filled with ice, wet matches thoroughly, place them in cooling room over night, or from ten to twelve hours, and they will be found perfectly dry and can be ignited anywhere in cooling room.

MANUFACTURED BY

The Eureka Refrigerator Co.

OF TORONTO

Office and Showrooms, 52 NOBLE ST., one block from North Parkdale Station

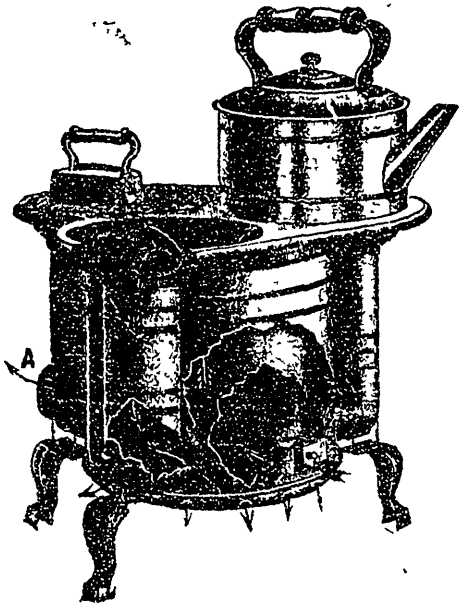
The COLLINS Mfg. Co.

14 Lombard Street, TORONTO

Manufacturers - OF - **Specialties & Novelties**

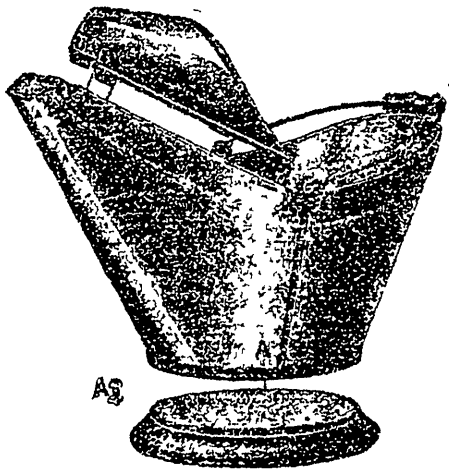


PATENT ASBESTOS
Fire-Proof Stove Pipe
THIMBLE

Endorsed by all the Architects, Builders, Insurance Companies. Placed in position in quarter of the time it takes to place any other. Light in weight. Will not break in handling, nor crack with the heat.

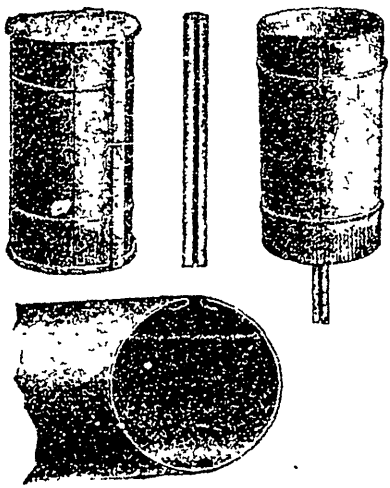
The Dome Tea Kettle

A Kettle that will heat water in about half the time it takes to heat in the old style Kettle. As there is about ⅓ more heating surface, being convex shape the fire protrudes up into the water. With the same quantity of water the depth is less on account of more surface. The gas from a coal fire rises to top of dome and reburns itself.



THE LITTLE
DAISY
STOVE

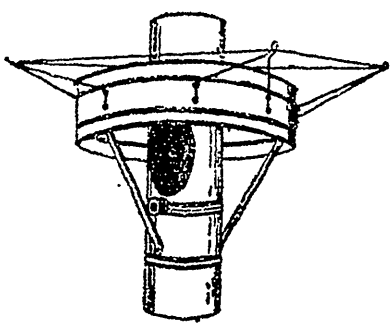
THE GREAT HEATER



FUEL ECONOMIZER

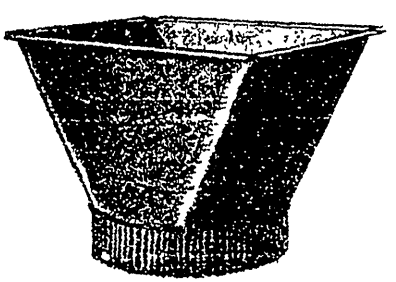
It will burn soft Coal, Coke, Charcoal, small Wood; do all ordinary cooking, ironing, etc., etc. No gas bills to pay. No explosins. Sits on the Cook Stove over the hole, and the smoke descends into the Cook Stove and out.

THE NESTABLE COAL - SCUTTLE



The only Coal Scuttle made that can be nested or packed one inside the other. One dozen packed in about the same space as ¼ dozen : also a saving of about 50 per cent. in freight charges. No marring or scratching of the varnish.

SIMPSON'S ECLIPSE



Pipe Lock

The Latest and Best Stove and Furnace Pipe Lock in the market. Neat, Simple, Durable and Effectual. Easily locked. Nice, smooth uniform Seam. No Gas or Smoke can escape. The only Lock made where Pipe can be cut in two without affecting Lock.

Simpson's Combination, Ventilation Damper, Tea Pot or Plate Warmer and Clothes Rack - - -

Takes up all the smell from cooking. Absorbs all the impure air in the room. Checks the draft to any degree, keeping warm any article of cooking while meal is in preparation, as well as a first-class drying rack for towels, dish cloths, etc.

Eclipse Nestable Hot Air Register Box

Collar and Box stamped out of the same piece Any size made to order. We also make Hot Air Pipe with our Patent Lock Nestable. The above packed nicely and shipped to any part of the Dominion. Agents wanted in every District.

To the Dry Goods, Woollen, Silk, Carpet, Gents' Furnishing, Haberdashery, Fancy Goods and Merchant Tailoring Trade of Canada:

In our Warehouses on Wellington and Front Streets East, Toronto, you can see one of the best assorted stocks of the best value in Canada. From the volume of business we transact, and having expert Departmental Buyers, buying for cash, we are enabled to purchase from the best manufacturers in the Canadian, British, European and American markets, at the very lowest prices; we therefore show extraordinary value.

DEPARTMENTS

In Staple Department we show
Linens, Prints, Cottons, Flannels, Blankets, Etc.

Silk and Dress Department
Black and Colored Silks, Velvets, Plushes, Ribbons, Embroideries, Laces, Veilings, Frillings, Shawls, Mantles, Dress Goods, Hosiery and Gloves.

Woollen Department
Suitings, Trouserings, Coatings, Mantlings, Tailors' Trimmings, Moleskins, Corduroys and Velveteens.

Carpet Department
Carpets, Curtains, Mats, Rugs, Floor Oilcloths, Linoleums, Piano and Table Covers, Quilts, etc., etc.

Gents' Furnishing Department
Underwear, Ties, Handkerchiefs, Collars, Cuffs, Rubber Goods, Umbrellas Valises and Travelling Rugs.

Haberdashery Department
Dress Buttons, and Buttons of all kinds, Dress Trimmings, Dress Ornaments Combs, Brushes, Small-wares, Wools and Fancy Goods.

A striking feature in our business is the remarkable growth of our **Letter Order Department**. Since we adopted our new system of filling letter orders the business therein has increased greatly. By constant attention, care and promptness in the filling of all orders, we anticipate a still greater increase.

You are cordially invited to visit our Warehouses and inspect our stock.

Your orders are solicited.

WALKERVILLE. A town on the Detroit river, in Essex Co, 4 mls n-e of Sandwich, the co seat, and bounding the town of Windsor. It is one of the termini of the LE & DRR. By the opening of this line (in January 1889), Walkerville has secured excellent shipping facilities, having direct connection with the GTR, MCR and CSR, in addition to its unsurpassed water communication. Numerous factories have been established during the past year, and with others in contemplation the indications point to this being one of the most important manufacturing points in Canada. The town takes its name from Mr Hiram Walker, who founded in 1858 the extensive distilling and malting business of Hiram Walker & Sons Ld, besides which the Messrs Walkers carry on many other industries, including lumber yards, planing mills, cooperage, brick yards, copper and blacksmith shops, hop and tobacco farms, in addition to which they practically own the town, have the controlling interest in the LE & DRR, Walkerville and Detroit Ferry Co, Ontario Basket Co, and are large shareholders in the Walkerville Malleable Iron Co and the Globe Furniture Co, The Walkerville Brewing Co (Ltd). There are also the large foundry and engine works of The Kerr Engine Co (Ltd). The town is lighted throughout with incandescent electric lamps, and has an excellent water supply, both from the plants of Hiram Walker & Sons, who maintain also an efficient fire brigade, staff of night watchmen and a telephone office, open day and night. It contains a commodious music hall, a water-side club house, churches and public schools and a chartered bank. The station of the LE & DRR is a fine specimen of architecture. Assessed valuation of real and personal property $1,555,666, bonded indebtedness $10,000, rate of taxation 5½ mills. Pop, 1,000. Tel, GNW and CPR. Exp, Can. Mail daily. N B Vrooman, p m.

WINDSOR. An important inc town on the bank of the Detroit river, immediately opposite to the city of Detroit, Mich, in East Sandwich tp, Essex Co, 2 mls n-e of Sandwich, the co seat, with which it is connected by a street ry. It is the western terminus of GW div GTR and of the C div MCR and S div of the CPR, all these lines having powerful steam ferries for conveying their cars across the river, which is thus kept open during winter. It is connected to Walkerville and Sandwich by the finest electric street ry on the continent, and the company intend extending it to Amherstburg. It was laid out in 1834, and has several important manufacturing industries, and contains Ang, Cath, Bap, Meth, Pres and Bible Christian churches, model, high, public and separate schools, a convent, an opera house and town hall, 3 banks and 7 weekly newspapers, the *Windsor Record*, the *Essex Review*, the *Clarion* and *Le Progresse*, *Windsor Sentinel*, *L'Independent du Canada* and *Pythian Record*. The town is lighted with electric lights and gas, has an excellent water supply, a fire department, and telephone communication with the Ontario and Michigan systems. During navigation it has daily steamboat communication with all parts of the lakes and river systems and ferries to Detroit run every 5 minutes during the day. Assessed valuation of real and personal property $5,023,766. Bonded indebtedness $731,413. Rate of taxation 17½ mills. Pop, 11,372. Tel, GNW and CPR. Exp, Can and Dom. Mail daily. Distance from Toronto 225 mls, from Montreal 558 mls. Alfred Wigle p m.

ALL SENSIBLE PEOPLE TRAVEL BY THE Canadian Pacific Railway

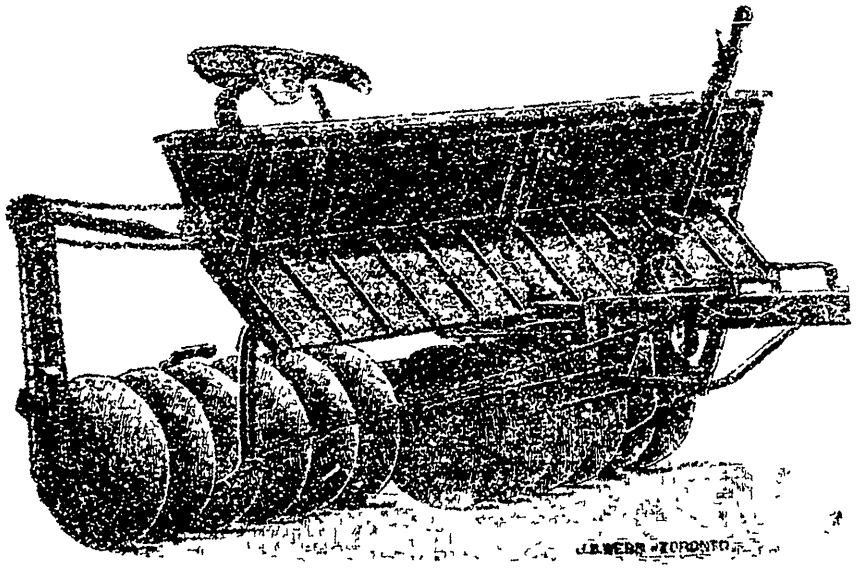
THE CORBIN

FARM TOOLS.

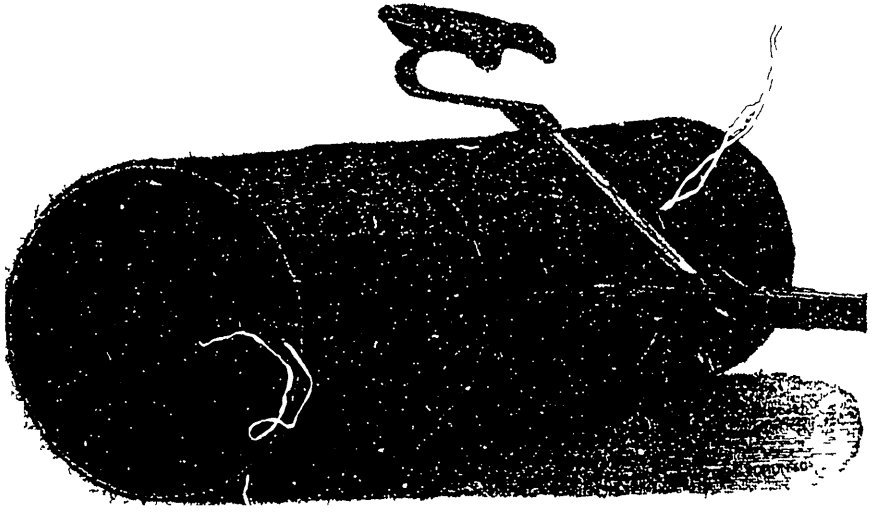
The Corbin Non-Reversible Steel Beam Harrow.



This is unquestionably the leading Disk Harrow in Canada. Its sales vastly out number those of any other Disk Harrow. None other has its gangs flexibly jointed so that they fit the inequalities of the surface None other has a steel beam. None other has its draft rods adjustable at their front ends to balance the gangs. None other has a flexible seat spring with both vertical and side motions, making it by far the easiest of any. None other has both scrapers and cleaners None other can be taken apart or set up so quickly. None other is built almost wholly of steel and iron. None other has a lock nut upon the gang axles, preventing the disks from getting loose None other has the Slicer disk Finally, none other is fitted with ball boxes, which relieve the draft and make the box capable of wearing as long as the rest of the harrow.

We guarantee the draft of this harrow to be 15 per cent lighter than any other. We guarantee it to leave no spot untouched between the gangs We guarantee it, when used to cover grain sown by hand, to cover every kernel, and at an even depth We guarantee it to do the work on fifty acres per year for a period of twenty years. Finally, we guarantee it to be capable of doing more work in going once over than any Spade Harrow can do at twice; any Spring Tooth at three times, or any Scotch Drag at four times over.

The journal boxes are chilled The spools between the disks are made true, so that the disks run true We manufacture the disks ourselves. The frame is thoroughly braced The lever is within easy reach. The scrapers are steel and are applied by a down pressure of the foot The parts are fewer in number than in any other disk harrow. Agents are instructed to seek competitive trials with any and all other implements used in cultivating the soil.



The Corbin Reversible Steel Beam Harrow.

This Harrow has all the features and will do all the work of the Non-Reversible, shown in the cut, together with the ability to be reversed, so that it throws the soil outward from the tongue instead of inward It is used by fruit growers and in vineyards, or in any kind of rowed cultivation where the hills are 6 feet or more apart. It can be used as a cultivator by reversing it only two or three times during the whole season. The rows can be kept level between the rows, or if desired, the rows can be hilled, by throwing the soil continually outward toward them. It is the only Disk Harrow that can be reversed.

THE CORBIN DISK DRILL.

This Drill consists of an agitator feed seed-box, mounted on the Steel Beam Reversible Harrow shown on the preceding page. It is entitled to be called a Drill because seeding done with it is in drill or rows three inches wide, with three inches space between the rows. This practice is better than sowing in a narrow drill or row one inch wide and with a five inch space between the rows, because the ground is shaded quicker by the growing grain and the growth of weeds hindered, while the drying out and crusting over of the surface is prevented. It is warranted to sow as evenly and correctly as any force-feed. The cost of this Drill complete is but about one-half of that of a force-feed drill. It has far less machinery about it, only half as heavy, runs easier, can be ridden while sowing and is a complete Harrow when the seed box is removed

THE CORBIN SUSPENSION DRUM LAND ROLLER.

This is an entirely new invention. It is built on the principle of the bicycle wheel and is therefore light and extremely strong. It is the only frameless Roller made—the only one with ball bearings—the only one with steel drums reinforced by tires shrunk on—the only one with a removable weight box—the only one handling so well—the only one with draft direct from the axle. It can be shipped long distances without the freight absorbing the agent's profits.

Agents wanted in unoccupied territory everywhere.

The CORBIN FARM IMPLEMENTS are made only by

J. S. CORBIN,
PRESCOTT, ONT.
