FORT WILLIAM. An incorporated town in Neebing tp, on the north bank of the Kaministiqua river, one mile from where it empties its waters into Thunder Bay, and stretching westward along the river for about three miles. This river is navigable for ten miles and for four miles for boats drawing fifteen feet of water, and wide enough for the largest lake vessels to turn easily. On the bank of this river are the three elevators of the Canadian Pacfic Railway Co, having a united capacity of 3,800,000 bushels. Eighteen miles up the river are the picturesque Falls of Kakabeka, 110 feet high. It is in the district of Thunder Bay, on the CPR, and on the PAD & WR running from Port Arthur south-westward to the international boundary line at Gun Flint Lake. It is also connected with Port Arthur three miles east by an electric tramway. It is distant from Toronto 860 miles by rail, 983 by water via Owen Sound, 427 from Winnipeg, 180 from Duluth Minn, by water, and 40 from the international boundary line. It is the eastern terminus of the western division of the CPR, which company has a good station, round house and machine shop, hotel, freight sheds 500x80, two coal docks 1000 feet long each, three large elevators, stock yards etc. It has Baptist, Catholic, Anglican, Methodist and Presbyterian churches, public schools, a weekly newspaper, *The Journal*, a sawmill, a private and two chartered banks. The magnificent steamers of the CPR make tri-weekly trips from this port to Owen Sound, and steamers of the North-West Transportation Co call here regulary. Incorporated 1892. Assessed value of real and personal property $890,000. Tel CPR. Exp Dom. Telephone connection with Port Arthur. Pop, 3500. Mail daily. Miss Christina McVicar, postmistress.

CONFEDERATION LIFE | A POPULAR PRUDENTIAL, AND PROGRESSIVE CANADIAN COMPANY

HAMILTON. The second city in the province in respect to pop and business importance, is situated on the s-w shore of Hamilton Bay, at the extreme western end of Lake Ontario, and occupies a commanding position on a slightly elevated plain, at the foot of what is locally known as the "Mountain," a range of hills that nearly encircle the city, in Barton tp, Wentworth Co, of which it is the co seat. It has besides the water routes of the lakes, the main line of the southern div of GTR, running to Suspension Bridge, and the GW div to Windsor, the Toronto line of the same road, and the N&NW div, giving access to Lake Erie, the Georgian bay and the Muskoka and Parry Sound Dis, affording direct transport for its manufactured products to all important points of the railway and steam navigation systems. The city has a large number of manufacturing establishments of various descriptions, the products of which form the staple of her export trade. On Main street is located the court house, a fine building erected by the county in 1879, at a cost of $120,000, and on James st n the newly erected and handsome city hall. The Provincial Asylum for the Insane, on the Mountain, is the finest building of that description in the Dominion, and has accommodation for 920 patients. It is reached by a railway running up the Mountain, from the foot of James street. A magnificent building for the use of the P O, Customs and Inland Revenue departments, is situated on King street. The churches are in general handsome specimens of architectural skill, there being Anglican, Cath, Pres, Meth, Bap, German Luth, Cong, Plymouth Brethren, Bible Christian, Ref Epis, Hebrew and African Meth Epis. The school system is very complete, and comprises 18 public and separate schools and a collegiate institute, also a number of private educational establishments. The city has recently erected a handsome building on Main street for the use of the Free Public Library. It contains an opera house, seating 1,200 persons, a new one to cost $100,000 with a seating capacity of 4,500 will soon be erected; 6 chartered and 1 private bank, 3 daily newspapers, the *Times*, *Spectator* and *Herald*, the two former issue weekly editions. The assessed valuation of the real and personal estate is $23,614,530, and the bonded indebtedness $2,996,626. The city is lighted with electricity and gas, has an excellent water supply, the water being pumped from lake Ontario, about 5 mls distant, to a large reservoir on the mountain. An electric r r will soon be built connecting with Beamsville, a distance of 22 miles. The Bell Telephone Company have their headquarters here. During navigation, daily lines of steamboats and propellers connect Hamilton with all the ports of the great lakes and the river St Lawrence. The Desjardins canal gives water communication from Hamilton Bay to Dundas. Pop, 48,980. Tel, GNW and CPR. Exp, Dom and Can. Mail daily. Distance from Toronto 39 mls, from Montreal 372 mls, from Detroit, Michigan, 187 mls, and from New York City 488 mls. Adam Brown, p m.

KINGSTON. Is one of the oldest settled portions of Ont, being the location of the fort constructed by Frontenac, in July 1673, to command the trade of the St Lawrence and the Lakes, and it was long known by his name. This fort stood on the site now occupied by the *Tete de Pont* barracks, and was captured from the French by Gen Bradstreet in 1758, the name being changed to Kingston about 1780. Its growth was slow as a trading town until 1842, when it became the seat of government and rose rapidly in population, being incorporated as a city in 1846. It is the fifth city of the province in pop, and is situated in Kingston tp, Frontenac Co, of which it is the co seat, at the head of the Thousand Islands and River St Lawrence—where it issues from Lake Ontario. The Rideau canal also enters the lake here, and furnishes direct water communication with Ottawa and intervening towns. Next to Quebec, Kingston is the most strongly fortified place in Canada. Kingston has good wharves and is well adapted for the building of ships and steamboats; the new government dry dock, costing $800,000 is a model structure. The GTR passes about 2 mls n of the city, and is connected by a br line, and the K & P R, starting from here, runs n until it forms a junc with the CPR at Renfrew, a distance of 104 mls, and with the O & QR at Sharbot Lake. In manufacturing Kingston takes a front rank for locomotives, cars, steam engines, agricultural implements, stoves, pianos, cotton, hosiery, etc. Iron ore is being extensively mined and shipped by the K & P Mining Co, whose general offices are here. There are also 2 breweries, 3 planing mills, 2 foundries, 1 broom factory, 4 saw and cottom mills, knitting works, tanneries and other manufactories of various descriptions. It contains Anglican, Cong, Meth, Pres, Bap, Cath Apostolic and Cath churches, the buildings being uncommonly fine, and has an excellent school system, comprising

ALL SENSIBLE PEOPLE TRAVEL BY THE Canadian Pacific Railway

Royal Insurance Co. of England | TRANSACTS ONE-NINTH OF THE ENTIRE FIRE INSURANCE IN CANADA

9 public and 4 separate schools, 6 private schools, 3 convents and several colleges, the principal being Queen's College, inc by royal charter in 1841, in connection with which is an observatory, a museum and a library containing 14,000 volumes, also the Royal College of Physicians and Surgeons, Ladies' Medical College, Royal Military College of Canada and the Dominion Business College. The public school library containing 5,000 volumes, and the library of the Mechanics' Institute 4,500 volumes. There are several handsome public buildings, the court house, custom house, city hall, post office, banks. It is the most charitable city of its size on the continent, having two large hospitals, two orphan homes and two homes for adults, all supported chiefly by donations from year to year. It has 4 chartered banks, besides private enterprises, and 2 daily newspapers, the *British Whig* and *News*, both of which publish weekly editions. *Canadian Freeman* and the *Queen's College Journal*, published weekly. The city is lighted with electric light and gas; has good waterworks and fire department, and is supplied with electric street ry, and during navigation steamboats for all parts of the lake system and the river St Lawrence call daily. Stages run daily to Newboro', fare $1, and Napanee, fare $1; and in winter to Cape Vincent, fare $1; twice a week to Sydenham, fare $1, and tri-weekly to Gananoque, fare 25c, and to Inverary, fare 25c. Pop, 19,264; with suburbs 22,143. Assessed valuation of real and personal property $7,877,730. Bonded indebtedness, $762,159. Tel, GNW and CPR. Telephone connection. Exp, Dom and Can. Mail daily. Distance from Toronto 161 mls, from Ottawa 115 mls, from Montreal 172 mls. James Shannon, p m.

CORRESPONDENCE SOLICITED SEND FOR CIRCULAR

Forest City Machine Works
LONDON, ONTARIO
GEORGE WHITE & SONS
Sole Manufacturers of the
Genuine White Threshing and Saw Mill Engines On trucks or skids.

With White's self-contained return tubular boilers from 6 to 35 H.P., the fire box and return chamber entirely surrounded by water, including water space at back end.

Also boilers, alone, as above described, supplied, besides all styles and sizes of tubular and fire box boilers. We guarantee satisfaction with our engines and boilers. Examine into the principle and construction of our Portable and Semi-portable Engines and Boilers and you will find they are not equalled in durability and efficiency. Our new internal Straw Burner has proved a thorough success and is guaranteed unexcelled.

MIMICO. A P O on the T br GW div GTR, in Etobicoke tp, York Co, 7 mls w of Toronto, the co seat and nearest bnkg location. It contains Ang and Meth churches. The natural advantages of Mimico are great. Its adjacence to the lake and the gentle slope of the land towards the water affords every facility for draining. The railway facilities are great, bringing the place close to the city. The GTR have now laid a double track. The TH & BR, now under construction, will go direct through Mimico, midway between the GTR track and the Lake Shore road, and the CPR is to reach the factories by laying a track from Islington. The Pease Furnace Co is managed by John T Sheridan and his brother, and the fact of such concerns, which have a large business, being established in Mimico is an evidence of intended permanency. Already a number of lots have been sold for stores. Everything is laid out with a view to making it a beautiful town. There is a large park reserve, electric street railway and telephone connection with the city. Pop, 900. Tel, GNW. Mail twice daily. Robt Wixon, p m.

NIAGARA FALLS. An inc town, formerly known as Clifton, situated on the w bank of the Niagara river, and on the GW div GTR and the St C & NCR. The world-famed Niagara Falls are about 1½ mls above this point, and are annually visited by thousands of tourists from all parts of the globe. The steel cantilever bridge of the CS div MCR at this point has a clear span of 494 ft 9 inches, and a total length of 909 ft 9 inches. A suspension bridge for foot passengers and carriages, with a span of 1,268 feet, extends across the chasm about 500 yards below the falls. Niagara Falls was inc in 1856, and is in Stamford tp, Welland Co, 16 mls n-e of Welland the co seat. It contains Anglican, Pres, Cath, Meth and Bap churches, public and separate schools, a Mechanics' Institute, a town hall, one bank and one weekly newspaper, the *Niagara Falls Review*. Established in 1879 by its present prop and his brother, six rival newspapers have come and gone since that date, leaving the *Review* in full possession of the field. The assessed value of the real and personal property is $1,533,548, and the bonded indebtedness $98,403.59, rate of taxation 20 mills. The electric light is in use and the town has an efficient fire department and street ry to Niagara Falls South. Pop, 3,349. Tel, GNW and CPR. Telephone connection. Exp, Can. Mail daily. Distance from Toronto 83 mls, from Hamilton 44 mls. Walter W Woodruff, p m.

NORTH BARTON. A P O in Barton tp, Wentworth Co, 2 mls e of Hamilton, the co seat, nearest ry and bnkg point. Stage daily to Hamilton. Pop, 75. Mail daily. A W Swazie, p m.

NORTH BAY. An incorporated town on the north-east shore of Lake Nipissing, on the main line of the CPR, and the northern terminus of the N & N W div GTR, 227 miles north of Toronto and 362 west of Montreal, in Widdifield tp, the centre of the District of Nipissing of which it is the judicial seat. It is a sectional division of the CPR, has a fine station, locomotive and machine shops, extensive stockyards and several miles of side track. It is the centre of immense mineral, timber, and agricultural resources. A colonization road is being opened to Lake Temiscamingue, 80 miles north. It has a handsome court house and jail, erected of brick at a cost of $10,000, public and separate schools, also built of brick and costing $7,000 and $5,000 respectively, the former employing four and the latter three teachers, a registry office, seven licensed hotels, two of which are large brick structures, two saw mills, a sash and door factory, two weekly newspapers, the North Bay *Times* and the North Bay *Despatch*, a Mechanics Institute, four churches, Catholic, Anglican, Presbyterian and Methodist, the stand pipe system of waterworks, costing $34,000, and a volunteer fire brigade. Four miles north is Trout Lake, abounding in fish, game and beautiful scenery, and much frequented by Canadian and American tourists. Assessed value of real and personal property $313,000, bonded indebtedness none, rate of taxation, 12 mills. Population, 2,300. Telegraph GNW and CPR Express Dominion and Canadian. Mail daily. Wm McDonald, postmaster

OTTAWA. The capital of the Dominion of Canada, is situated on the south bank of the Ottawa River, and is the county seat of Carleton. The view from Parliament Hill reveals its commanding position as well as its interesting surroundings. On the opposite bank is Hull, the 3rd city of Quebec in population, and to the west the Chaudiere Falls, the central motive force of the lumber and other mills around. A fine new lattice-girder bridge connects Ottawa with Hull, below which the river is navigable to its junction with the St Lawrence, 87 miles east. The Ottawa is a large and important river of the Dominion, rises about lat. 48° 30′ N., long. 80° W., and flows 300 m. SW., then 400 m. SE., in a tortuous course, to the St Lawrence, which it enters above Montreal. During its course, it passes through several lakes, whose waters it drains; and it is augmented by numerous rivers and smaller streams, the principal of which are the Gatineau, 420 m long; the Riviere du Lievre, 260 m; the Madawaska, 210 m; the Coulonge, 165 m; the Petewawa, 140 m; the Black River, 120; the Bonnechere, 110 m; the Rouge, 90 m; the Mattawa, 44 m; and the Rideau River. The drainage basin of the Ottawa has an area of 80,000 sq m. It flows through a forest region, rich in red and white pine, and large quantities of timber are cut on its banks and on those of its tributaries. The city was found in 1727, and was originally called Bytown; it received its present name in 1854. To the north the country stretches away until lost in the gentle slopes of a branch of the Laurentide Hills, rich in phosphates and other mineral deposits. In 1858 Ottawa was selected as the seat of government for Canada, and the erection of the magnificent Parliament and Departmental buildings was at once commenced, the foundation stone being laid by H R H the Prince of Wales, in Sept, 1860. These buildings which occupy three sides of a quadrangle, are very extensive, and are handsome specimens of

pure Gothic architecture, being the finest examples of that style on the continent, and were erected at a cost of $4,000,000. Another block, The Langevin, said to be the finest in the province. The principal manufacturing interests in Ottawa, Hull and surrounding places is that of sawn lumber, the enormous output of which, together with vast quantities of square timber, deals, etc, is shipped by rail, river and canal to the United States, Great Britain and other countries. TheRideau Canal is a part of an inland system of navigation from Kingston through Rideau lake, and reaches the Ottawa River by a series of locks through the city, which it divides into "Upper and Lower town." This city with its unlimited and but partially utilized water power, together with its unrivalled water communication by river and canal, and ever increasing railway facilities, affords important opportunities for the establishment of a variety of manufactures, especially as it is now becoming one of the chief electric centres of America, for which it is again indebted to its magnificent water power as well as to its enterprising electricians. On the Hull side of the Chaudiere Falls are located the mammoth paper and pulp mills of the E B Eddy Co, which with their immense saw and planing mills, and manufactures of wooden ware give employment to a large number of hands. The city of Ottawa is lighted by electricity, well drained, has a magnificent water works' system and a most effective fire department. Its streets are broad and provided with the most perfect electric propelled car system on the continent. The educational advantages which the city possesses are exceptionally good. The University of Ottawa (conducted by the Oblate Fathers, assisted by a competent staff of professors), is beautifully located and is a very prosperous institution. the Normal and Model schools, Collegiate Institute, public, separate and private schools afford ample provision for the training of youth. Ottawa excels also as a musical centre, having the Canadian College of Music, in union with "The London College of Music, London, England," which grants diplomas to students, upon their passing the customary examinations. It has an opera house and other assembly halls; excellent libraries connected with the various literary and other societies; and a goodly number of fine church edifices belonging to the Catholic, Anglican, Methodist, Baptist, Presbyterian, Congregational, Reformed Episcopalian, Lutheran and Catholic Apostolic bodies. There are four daily, newspapers, three English and one French; three semi-weeklies, one weekly, and several monthly periodicals. The assessed valuation is $18,295,785, and bonded indebtedness $2,500,000. The city is easy of access from all points by the CPR, the CAR connecting with the GTR at Coteau, the St L & O div of the CPR to Prescott and Ogdensburg, 53 miles. Distance to Montreal 120, Kingston 115, Toronto 261, Quebec 292, Halifax 978, Winnipeg 1,304 miles. Population, 44,154. Express, Dom and Can. Tel, GNW and CPR. Mail daily. James A Gouin, p m.
