Transport Men Join Miners; Premier Asks for Conference

POWERFUL FEDERATION THROWS WEIGHT INTO STRUGGLE ON SIDE OF COAL WORKERS

Mine Workers and Owners Accept Call of Premier for Resumption of Negotiations—Some Disorders in Scotland and Men in Angry Mood in Wales.

London, April 6—Decision to support the British miners in their strike was reached by the transport workers' federation at a meeting held here this morning.

The vote taken by the transport workers was unanimously in favor of lending aid to the miners.

It was decided to meet in conference immediately with delegates of the national union of railway men and the miners' union for the purpose of securing action on the strike situation by the Triple Alliance.

LLOYD GEORGE ASKS CONFERENCE. London, April 6—An effort to bring the miners and the employers together again was made by Lloyd George, the premier, this afternoon.

It was announced he had written to the president of the mining association and the secretary of the miners' federation asking them to meet and resume negotiations.

The premier's letter called attention to his speech in the House of Commons with regard to the desirability of the negotiations being resumed, and concluded: "I desire to repeat that the government tenders the use of its good offices for the purpose of bringing the parties to gether."

MINERS ACCEPT. London, April 6—The executive body of the miners' union this morning accepted the government's proposal that the miners' delegation meet representatives of the owners and the government for the re-opening of negotiations with a view to a settlement of the coal strike.

The mining association, comprising the owners of the mine, also accepted the proposals of the prime minister.

The Triple Alliance. London, April 6—At the conclusion of their conference, Robert Williams, secretary of the transport workers, said: "On recommendation from the executive committee, the conference has decided to give all assistance in our power to whatever extent necessary to help the miners and at once to enter into negotiations for the purpose of taking joint action throughout the remainder of the contest."

The executive committee went from the conference to the headquarters of the federation to put this decision into effect.

The National Union of Railwaymen held a conference this morning and adjourned at noon until later in the day when it will hold a joint meeting with the miners.

It is probable that following this meeting there will be a full conference of the triple alliance.

After the meeting J. H. Thomas, general secretary of the railway organization, said: "We are still considering the whole situation."

RAILWAY MEN'S OFFICIAL STRONG FOR THE MINERS. London, April 6—J. H. Thomas, secretary of the national union of railwaymen, spoke yesterday strongly for the workers. He asserted that the wages offered the miners were the equivalent of eighteen shillings a week below the war.

"There is a deliberate and unanimous opinion in the mind of the workers," said Mr. Thomas, "that this is only the first of a determined effort to reduce the level of the standard of life. The railway men said today:—If the miners go under, we are the next line of defense, and we will follow."

"The odds are overwhelmingly in favor of this dispute spreading, and those who grudgingly talk of a fight to a finish may find their bitter experience find out what fighting it out really means."

"The government would be deceiving itself if it did not clearly understand that the figures offered the men are figures which would justify them in saying:—We prefer to starve to death. Under these conditions it is no good talking about sacrifices of the war and paying tribute to our million dead, if the workers are to be rewarded with starvation wages."

"He will not accept it and he ought not to and we will support him in not accepting it."

U. S. MAY BENEFIT. New York, April 6.—The United States bids fair to win the English coal export trade, if the present strike in Great Britain lasts any length of time, says the wholesale trade coal association.

"Foreign buyers have been much displeased by the recurring troubles in the British coal mines and the subsequent interrupted shipments on contracts," read the statement. "United States exporters are very anxious to secure this business."

"This increased demand, if it materializes, will enable the bituminous mines of the eastern part of the country to operate with more regularity, and thus make it possible to keep their organization together, so that when the expected demand from industrial consumers of bituminous coal in this country materializes, as it probably will within the next thirty days, the mines will be able to take care of it."

DISORDERS AT SCOTISH MINES. London, April 6—Disorders which began yesterday in the coal mining town of Cowdenbeath, in Fifeshire, Scotland, became more serious at midnight and in a series of riots with the police several men were wounded.

The message states that several policemen were wounded. The rioters repeatedly broke through the police cordons, and succeeded in cutting electric light wires, throwing the town into darkness. Police reinforcements are being rushed to the scene.

Lanark, Scotland, April 6—Disorders were reported from many districts in Lanarkshire this morning. At many mines the striking workers interfered with pumping operations. Several arrests are said to have been made.

CHANCELLOR ON THE SITUATION

Labor Chairman in Commons Also Heard

Views of Papers on Coal Strike—All Leave From the Army is Reported to Have Been Stopped.

London, April 6—Sir Robert Horne, the new chancellor of the exchequer, speaking in the house of commons yesterday concerning the stoppage of coal mining, said:

"A result of the last strike was to rob us of many markets to which our coal used to go. For the first time in history American coal came to Europe in large quantities. Ten million tons of United States coal came to Europe last year, and in October one million tons went to France alone. Already, as a result of the present threat, orders are being eagerly sought from the United States and some have been placed."

Sir Robert declared the miners' representatives told him last week the only solution was a government subsidy. Such a subsidy might cost ten million pounds yearly. Nothing, the chancellor asserted, would be so pernicious for industry as a whole than to begin the granting of subsidies and further burden the already overburdened taxpayers. He voiced a plea for the opening of negotiations for a peaceful settlement without involving the government.

John R. Clynes, chairman of the parliamentary labor party, spoke in a concluding address. He defended the miners' action and the government's action in giving up control of the coal mines. Mr. Clynes said that the government's action in giving up control of the coal mines was a necessary step in the negotiations between the owners and the miners. He argued that it would have been better for the government to have retained control of the industry for two or three months.

London, April 6—Hope for a peaceful settlement of the coal strike has been abandoned in responsible quarters. Vernon Harshorn, M. P. and the leader of the Miners' Union, took a pessimistic view last night of the situation.

"Premier Lloyd George," he declared, "has banged the door against an agreement. There will be no meeting of the miners and the owners on the lines he has suggested."

The general tone of yesterday's debate in the House of Commons, however, was interpreted as suggesting that the government and men directly involved in the strike were trying to find a way to bridge the gap between the miners' union and the government.

The Daily Mail today said that if the government would resume control of the mines for a limited period and would help the owners and the miners by relieving the admittedly essential wage cuts throughout the country, the threatened industrial paralysis could yet be avoided.

"What the railwaymen, miners and all workers feel about without a strike," said C. T. Crump, president of the railwaymen's union to the Daily Mail, "is a level below that enjoyed in 1914."

Food centres will be kept in Hyde Park, Regent Park, and Battersea Park. The government has stopped all leaves of absence from the army.

Loss to Owners. Finlay Gibson, secretary of the South Wales Miners' Association, said the amount spent on wages only greater than the total proceeds of the industry. Notwithstanding the reduction of the output bonus wage from three shillings and six pence, the showing in February was even worse than in January.

The aggregate loss, he pointed out, was £2,082,000, compared with £1,969,666 in January. The output in February was 2,689,000 tons, compared with 3,166,000 tons. This amounts to a loss of seven pence, the minister of justice last night said in a telegram from Chief Justice.

"Your wire received. Impossible for me to give instructions. Proceedings instituted by you entirely under your control, subject to provincial authorities. Action must be on your and their responsibility. Constitutionally, administration of justice rests with province. We have no authority to interfere."

HERRICK AGAIN U. S. AMBASSADOR TO FRANCE. Washington, April 6—Myron T. Herrick, has decided to accept appointment as United States ambassador to France.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Horne, "I am perfecting a plan of city government that will be absolutely graft and job-proof, guaranteed never to fail in an emergency, and running as smoothly as maple honey down a boy's throat."

"It's ketchin'—aint it?" said Hiram. "You're about the fourteenth man that told me the same thing today—an' about as many more as all ready to talk on it, but I said I was in a hurry."

"You surprise me," said the reporter. "I thought they were all waiting for me to furnish them with a plan."

"You orto know better'n that," said Hiram. "I hed a barn to move one time an' every man in the Settlement come over to tell me how it orto be done."

"Up there to that Commercial Club the other night the was as many schemes as the was nash in the hall. You take my advice—Mister, if you want to be a whoburner better than you hev—figger out fast how you're gonto git the right men to do the job—an' don't take your own head for the guide. The was a feller out to the Settlement one time he hed a nuth thrashin' machine an' then he hed a feller to run it that couldn't run it. He hed to make all over agin after the fast week. That feller didn't go back to the fall—he jist got a man that could run the machine—yes, sir."

MEIGHEN'S STATEMENT ON THE GRAND TRUNK MATTER. Question of Traveling Expenses of Judges—No Income Tax on Salary of Canada's Chief Justice—Estimates to Cover Civil Service Bonus.

Ottawa, Ont., April 6—(Canadian Press)—Yesterday in the House of Commons Sir Henry Meighen, minister of finance said that he could not name a definite date on which the budget would be brought down.

Premier Meighen said that the government was not officially informed that the Grand Trunk railway company defaulted its interest payment in April, but that this was not improbable. Owing to dilatory methods employed in connection with the arbitration proceedings the government felt there should be no further extension of time for making the award involving further financing of the Grand Trunk by the government, possibly, unless control of the road was handed over to the government within the time contemplated in the original agreement.

First reading was given bills approving the trade agreements with the West Indies and France. After considerable criticism the House approved the resolution exempting the salary of the chief justice of Canada from the income tax.

The House also approved the appointment of an additional judge of the court of king's bench for Saskatchewan and the non-payment of traveling allowances to judges of the supreme and superior courts in seven provinces.

On motion to go into supply, Hon. A. K. MacLean, Halifax, moved an amendment to provide for a special committee on government railways and shipping.

Hon. A. K. MacLean withdrew his resolution after a lengthy debate. Sir Henry Drayton tabled supplementary estimates of \$2,375,000, providing for the bonus to civil servants for the year ending March 31, 1922. The premier gave notice of a motion to create a standing committee on national railways and shipping. The House adjourned at 1 a. m.

In the senate Senator Casgrain gave notice of a resolution to call attention to railway matters, with particular reference to the Grand Trunk.

The House gave first reading to a bill providing for the transfer of Canadian and the West Indies. Discussion was deferred until the second reading.

A resolution for ratification of the trade agreement between Canada and France was moved by Sir George Foster and carried. He explained that the bill would be exhibited and moving pictures of the country and its industries would be shown. The cost to the government was very light. Similar facilities were being provided for Canadian demonstration trains in France.

The House committee of railways, canals and telegraph lines, has reported a bill authorizing the C. P. R. by a vote of at least two thirds of its shareholders, to issue bonds, debentures or other securities collateral to consolidated debentures of the same amount. The bill was amended to leave out that provision providing that such securities might be raised in lieu of debenture stock or upon the company's income.

MAY RECOVER. Leg Cut Off, He Drags Himself Along With It Under Arm.

Montreal, Que., April 6—William Hopkins of Farnham, who on Saturday night severed himself to the platform of the station there with his severed right leg under his arm, and who was then said to have died, was yesterday reported to be in an improved condition and may recover.

In addition to losing his right leg his left foot was crushed.

PHILIX and PHOENIX. WEATHER REPORT. Issued by authority of the Department of Marine and Fisheries. Prepared by the director of meteorological services.

Synopsis—Pressure remains high over the eastern portion of the continent and is increasing in the far west, while the southwestern disturbance is moving slowly towards the Great Lakes. The weather is very cold with light snowfalls in the western provinces, fine and warm in Ontario and cloudy and quite cool in the maritime provinces.

Clear.

Maritime—Moderate easterly winds; cloudy and cool. Thursday, easterly winds and clear.

Gulf and North Shore—Fresh easterly winds; fair and cool today and Thursday.

New England—Fair tonight and Thursday; continued mild temperatures; moderate to fresh winds, mostly southerly.

BRITISH MAIL SERVICE FOR RUSSIA RESUMED. London, April 6—It is announced that a mail service for European and Asiatic Russia will be re-opened on April 7. All mails are to be forwarded to Moscow for distribution.

NO WORD YET OF BUDGET DAY

MEIGHEN'S STATEMENT ON THE GRAND TRUNK MATTER. Question of Traveling Expenses of Judges—No Income Tax on Salary of Canada's Chief Justice—Estimates to Cover Civil Service Bonus.

Ottawa, Ont., April 6—(Canadian Press)—Yesterday in the House of Commons Sir Henry Meighen, minister of finance said that he could not name a definite date on which the budget would be brought down.

Premier Meighen said that the government was not officially informed that the Grand Trunk railway company defaulted its interest payment in April, but that this was not improbable. Life In Prison For Drew; Four Years And Lash For Nearn

Former Faces Court and Protests Innocence—Extra Police on Duty as Prisoners Are Escorted Back to Jail.

Two severe sentences were imposed this morning by Mr. Justice Crocket in the circuit court upon George Drew, found guilty on a charge of rape, and William Nearn, found guilty on a charge of attempting to know carnally a girl under the age of fourteen years, and guilty on his own admission on a similar charge with another child.

Life imprisonment was the sentence given Drew, and four years with one whipping, consisting of eight strokes of the lash, was the sentence awarded Nearn.

Nearn took his sentence very quietly, having nothing to say, but Drew protested his innocence and cast reflections upon the court and upon the conduct of his trial. He was at last ordered to remain quiet, and his obedience to this command saved his being removed from the court room before his honor passed sentence upon Nearn.

Judge Crocket said to Drew that he had been convicted of a most heinous and brutal crime. He had very grave doubts, much mistaking in fact, since the finding of the jury, as to whether or not he should sentence the prisoner to the maximum penalty allowed—death, but after much deliberation he had decided that the ends of justice would be served and it would be a lesson and example to others by a life sentence in Dorchester penitentiary.

When asked if he had anything to say as to why sentence should not be passed upon him, Drew stood boldly before the court with both hands in his trousers pockets, no sign of emotion upon his face, and strenuously protested that he was innocent of the crime. When sentence was pronounced he said he would sooner be hanged than take the imprisonment for life.

To Nearn, also, His Honor spoke of the odious nature of the crimes in which he was involved. He did not think the sentence allowed by law was quite severe enough. The nature of the evidence given in his case was most degrading. He had come to the conclusion that he would give as many years as the law allowed, two in each case, and would also instruct the prisoner to be once whipped, the whipping to consist of eight strokes of the lash.

There was a very large crowd in the court room and a squad of policemen took extra precautions against a hostile demonstration as the prisoners were being taken back to jail in the patrol wagon.

CHARES LEAVES; TRAIN HELD UP. Threatening Attitude of the Workmen of Bruck

Former Emperor Moist-Eyed as He Bids Farewell to People He Claims as Subjects.

Budapest, April 6—Former Emperor Charles went to the Steinmanger station on foot yesterday, accompanied by His High Miklos and several officers, says a telephone message from that city. The entire party boarded a special train, which was to take Charles back to Switzerland. The former monarch was nervous, pale and haggard.

A local military band played the Hungarian national anthem and the crowd uncovered and sang the hymn with faltering voice. Charles descended from his train and stood, moist-eyed, among people whom he claims as his subjects.

When the guards on board the special train gave the signal for starting, Charles re-entered his car, waving farewell, calling out:—"Au revoir, my faithful!"

The message received here stated the crowd shouted back at a house party on the city of Bruck, about twenty-five miles north of here, making the immediate continuation of his trip inadvisable. The train was stopped at Frohneiten during the night and reports received here stated that negotiations which would enable Charles to proceed were going on.

Frohneiten is a small village about thirteen miles north of this city.

PAY MEN'S WAY TO PRAIRIE PROVINCES. Vancouver, B. C., April 6—On receipt of information 500 men out of work here could be placed in Alberta, Saskatchewan and Manitoba, the city council voted \$5,000 towards transporting them there. The cost will be about \$15,000, and the balance, it is understood will be provided by the provincial and federal authorities.

HEAVY DAY IN LIQUOR FINES. Winnipeg, Man., April 6—Offenders against the Manitoba Temperance Act predominated in the city police court yesterday, and fines totalling \$1,885 were collected.

FOUR INDIANS OUT OF THE GAME. Speaker, Nunamaker, Wamby and Joe Wood

Pratt Likely to Join Cincinnati Team—Scottish Football Team in Montreal on May 24—Late Sport News.

Cleveland, O., April 6—Four of the Cleveland baseball team are on the ailing list. The latest to join the hospital ranks is Tris Speaker, who was spiked in a game in Mobile on Monday. Catcher Nunamaker is nursing a wounded ankle. Second Baseman Wambaugans is out with a fractured arm, and Joe Wood has an aching shoulder.

Cincinnati, O., April 6—Ray Fisher, Cincinnati National League pitcher, is thinking seriously of leaving the team to become baseball coach at the University of Michigan. He would take the place of Derrill Pratt, formerly of the New York Americans, who has left the college to join the Red Sox.

This dispatch contains the first intimation that Pratt has definitely decided to leave the University of Michigan position to re-enter big league baseball.

Montreal, April 6—At a meeting of the Province of Quebec Football Association last night the dates for the games with the Scottish team were decided on. The Scots will play an All-Montreal team here on May 24, and an All-Canadian team here on July 9. The fourth division of the league was inaugurated with eight teams, as follows: Grenadier Guards, H. Buffalo, Royal Montreal Regiment, Motor Gun Corps, Corinthians, Northern Electric, Royal Canadian Dragoons, Tretreuilville second team.

Boston, Mass., April 6—The Boston Braves arrived today at Columbia, Tenn., for an exhibition game between the regulars and yanigans. The Red Sox were scheduled to play the Rochester club of International League, at Charleston, S. C., today.

Chicago, Ill., April 6—With Kokher and Hill still one lap behind the other in the six day bicycle race, they had covered 306 miles, 4 laps, at 7 o'clock this morning, the 62nd hour. Corry and McBeath, the Australian team, were far in the lead in the point score.

Detroit, Mich., April 6—Preparations for the gold cup and Harmsworth regattas were begun here today. They will be contested the last week of August and the first week of September. A proposal that the Harmsworth trophy races be run over a course in the Canadian channel of the Detroit river is under consideration.

New York, April 6—Lou Bogash of Bridgeport knocked out Jimmy O'Gatty of New York, in the thirteenth round of a fifteen round match here last night. Bogash weighed 151 and his opponent a half pound lighter. The match was scheduled as an elimination, the winner to meet champion Jack Britton.

New York, April 6—Chaiky Beecher of New York received the judge's decision over Freddy Jacks of England after a fifteen round bout in Brooklyn last night.

SCHOOLMATES SEE THEIR CHUM DROWN. Canoe Trip at Week-End Party, Taken as Dare, Ends in Tragedy

Dowagiac, Mich., April 6.—Twenty high school seniors, guests at a house party near Indian Lake, saw Samuel R. Pace, Jr., aged seventeen, of Three Rivers, drown before their eyes Saturday afternoon when a canoe upset. The high school seniors, sixteen, and Lyle Humble, seventeen, were saved. Humble held Miss Ellsworth above water until a fisherman reached them in a small boat. When Miss Ellsworth was lifted aboard, Humble struck out for Pace, who had lost his hold on the canoe. Pace sank when his friend was within a few yards of him.

The three students went canoeing on a dare. Pace's body sank in twenty feet of water and has not been recovered. His parents are visiting in New York city.

PROPOSE \$25 LABOR TAX. Montreal Port Workers Want This Imposed on Outsiders.

Montreal, April 6—The federation of port workers has asked the city to impose a labor tax of \$25 on all workers coming into the city during the season of navigation to work on the harbor front. They say St. John, Halifax and Lewis imposed a similar tax.

Chairman Deary of the administrative commission provided that the request would have consideration.

TWO BILLS GET HOIST IN NOVA SCOTIA HOUSE

Halifax, N. S., April 6.—In the House of Assembly yesterday, a bill introduced by Joseph Steel, (Labor member for Cape Breton) asking that a commission be appointed to inquire into the necessity of old pensions, health and unemployment insurance, was given the three months hoist. The House expressed sympathy with the principles of the bill, but confined such principles as matters for federal consideration.

A bill introduced by Mr. Way (Labor, Cape Breton) for an amendment to the Coal Mines Regulation Act, came up for second reading, but the speaker ruled that several sections constituted a charge upon the public revenue, and unless the member introducing it had the sanction of the crown it was out of order. It was given the three months hoist.

IDENTIFIED BY LETTER

London, April 6.—Only by a letter and a few other articles was it possible to identify the mutilated body of the well-dressed woman who fell in front of the "Southern Belle" express at East Croydon station.

She was Miss Agnes Hart, fifty years of age, who came from abroad about eight weeks ago, and stayed in a Croydon boarding house near a relative.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

JOSIE HEATHER SCORES BIG HIT AT OPERA HOUSE

Has a Charming and Winsome Manner and Has a Voice of Charm—"Dippy" Diers Amused All With His Clever Antics—A Good Bill.

That Josie Heather is deserving of the title of "England's foremost comedienne," was the unanimous opinion of the large audiences that enjoyed her feature offering of the new mid-week programme at the Opera House yesterday afternoon and evening. Her charming and winsome manner would alone have won the hearts of her audience, but combined with a musical and clear speaking voice, a singing voice of exquisite charm and acting of an artistic nature she made one of the biggest hits of the season. The audience refused to allow the performance to continue until she had appeared time after time and added some other little touch to her already generous offering. Her pianist, John MacLaughlin, is a regular artist and his playing was an attraction in itself. His good work was fully appreciated by all. Bobby Heather in his dance also shared in the vaudeville triumph.

"Dippy" Diers, who for six seasons starred at the New York Hippodrome, was a popular favorite. His antics kept the house convulsed with laughter and his table "stunts" were brilliantly executed. Rounds of applause greeted his performance. He was ably assisted by Flo Bennett, who is also a clever performer.

Marr and the Dwyer Sisters appeared in a dainty singing and dancing offering and regaled all present with a "kash" performance. The Dwyer Sisters are a dainty and clog dancers and Miss Marr a pleasing singer. Their efforts won responsive applause.

Nelson and Madison offered a rural comedy singing skit "A Rub and a Ruby," which was especially written for them by George M. Rosner, and the comedy was well handled. The male member gave an exceptionally brilliant interpretation of an old man and the character seems typical of the style of the famous writer, who has appeared in the Opera House.

SMALLPOX PATIENT DEAD

Henry Hicks, a farmer of Alberta, and one of the quarantined passengers from the steamer Scandinavian detained on Partridge Island, succumbed yesterday afternoon to smallpox, which he contracted in a severe form last Friday. He leaves a wife and three children, all of whom are under quarantine on the island. He was buried at once on the island in a plot of ground set aside for a cemetery. As any minister who came to the island would have to stay there until the quarantine was lifted, it devolved upon Dr. Brown, the quarantine doctor, to read the burial service, which he did in the presence of only the immediate members of the bereaved family. The balance of the passengers seem to be enjoying good health, and take a good deal of pleasure out of the impromptu football games they have been having since the crew of the steamer Empress of Britain presented to them a football.

LOCAL NEWS

Plans for the observance of Empire Day were discussed at a meeting of the Seven Seas Chapter, I. O. D. E., held last evening. It was decided to join with the other chapters in celebrating the day. A sum of money was voted towards the free milk distribution stations. Miss Zella Lamoureux was appointed a delegate to the national meeting to be held in Toronto in May.

The Windsor chapter of the I. O. D. E. met last night at the residence of Miss Marion Burley, City Line, West St. John, with the regent, Miss Gertrude Lawson, presiding. It was decided to join with the other chapters in observing Empire Day and to support British films by attending performances to be given shortly. The sum of \$15 was voted to the Grenfell Mission in Labrador.

The Senior Mission Band of Central Baptist church met last evening at the residence of Mrs. Hurd, Garden street. The programme, which was in charge of Miss Eudora Brown, was as follows: Piano solo, Miss D. Witty; vocal solo, Miss Larkins; reading, "The Princess Willard of Japan," Miss Eudora Brown. Arrangements were made for a party and the members were served by the hostesses and a pleasant social hour spent.

The prize winners at the Golden Rule Lodge I. O. O. F. fair in the Market Building, West St. John, last night were as follows: Door prize, a bag of flour, ticket, 75, Mrs. William Adams, excelsior, suit case, William Lunerzan; bagatelle, silver spoon, William Lunerzan; ladies' bean bag, aluminum tea pot, Mrs. William Gray; gent's bean bag, flash light, Hedley Northrup; gent's air gun, thermos bottle, Clifford Seelye. The door prize tonight is a load of coal.

The church wardens of St. Luke's church and the members of the vestry were entertained at dinner Monday evening at the rectory by Rev. R. P. McKim. A pleasing feature was the presentation to G. D. Martin, clerk of the vestry, of a beautiful copy of the new Canadian prayer book, bound in morocco. W. S. Cronk and H. G. Harrison, who made the presentation, referred feelingly to the services which have been rendered by Mr. Martin.

At a special meeting of the St. John presbytery, held yesterday afternoon, Rev. W. H. Spencer accepted by letter the invitation of St. Matthew's church to assume the pastorate. The church has guaranteed to Mr. Spencer a salary of \$1,500, together with a grant from the Home Mission Board of \$300 in lieu of a manse. The installation will take place on April 21 at 7.30. Rev. W. J. Bevis will preside and induct the minister, Rev. Mr. Moorhead Legate will address the people, and Rev. F. S. Dowling will deliver the charge to the ministers.

At a well attended meeting of the Victorian Order of Nurses in the Carleton street Home last night reports of an exceptionally busy month were received. Hon. J. G. Forbes presided. During the month six nurses had been working in the city and two in West St. John, and visits had exceeded 1,800. The six students in the course of training for public health and district nurses were making satisfactory progress and would complete their course on June 1. A fair attendance at the well baby clinics was reported.

Your Dentist Will Tell You it is a SAFE Dentifrice—  
COLGATE'S RIBBON DENTAL CREAM  
Good dentists will tell you that a dentifrice should be used as a cleanser—NOT as a medicine. That is why dentists recommend Colgate's—a safe, wholesome dentifrice for every man, woman and child. When your teeth need treatment, go to a dentist—don't trust risky drugs or "cure all" dentifrices. Good Teeth mean Good Health, and you should use Colgate's twice a day, and see your dentist twice a year.

CANADA PARADISE COMPARED WITH NATIONS OVERSEAS  
Newfoundland Minister on Way Home After Fish Marketing Mission.  
Sydney, N. S., April 6.—"The countries of continental Europe are in a frightful state of depression. Great Britain is the one bright spot over there, and Canada is Paradise compared with any of them." So declared Hon. W. F. Coaker, member of the Newfoundland government, who passed through the city yesterday en route home to St. John's after a tour of Europe, seeking new markets for the fisheries of the ancient colony. Mr. Coaker said he could say nothing as to accident. Beyond the fact that he has been supplied with a support for his neck, there is little other evidence of the man's abnormal condition. The case is rendered the more remarkable by reason of the fact that Mr. Meunie is over seventy years of age.

LOOKED UPON AS IMPORTANT EVENT

Reconstruction of Superior Court in Palestine—Certain Reforms Suggested.

Jerusalem, March 6.—(A. P. by mail.)—Opening of the rabbinical congress for the reconstruction of the old superior court, which will deal with all Jewish religious questions, is regarded throughout Palestine as the most important event since the destruction of the Sanhedrin in the fourth century.

The congress will elect the members of the new high court composed of eight members, four chosen from among the Sephardim and four from among the Ashkenazim. There will be two presidents.

Norman Bentwick, the legal secretary, presiding at the first meeting of the congress, gave a historical account of the development of Jewish law and the constitution of the rabbinical courts throughout the centuries.

The Sanhedrin or Beth Din, which appears to have begun in the time of Ezra and Nehemiah after the return from the Babylonian captivity, enjoyed a period of great authority under the presidency of the important officials commonly called "Patriarchs of the West" in contradistinction to the religious chiefs of the Mesopotamian Jews, descended from those who did not return to Palestine and who were called the "Princes of the Captivity" or "Ezbarches."

The Sanhedrin came to an end under Roman persecution in the fourth century. Its duties were to decide questions of religious law, to arrange the calendar and to provide the kings with correct copies of the Torah. The Sephardim are the Latin-speaking Jews of Spain, Tunis and Sallowia, while the Yiddish-speaking Jews of Poland and Germany belong to the Ashkenazim. Both parties will find a common tongue in modern Hebrew, which is now one of the official languages of Palestine.

LONGEST TELEPHONE CALL

(St. Catharines Standard) When a man at the Chateau Laurier, Ottawa, called up and talked to a lady in Vancouver the other evening, he held what is said to be the longest talk over wire in the history of the telephone.

Nothing could make possible such a feat but the application to the long distance lines of all the results of scientific research of the past quarter century; these include various amplifying devices known only to telephone engineering experts, but the fruits of inventive genius are available and being used every day in just such wonder-provoking ways.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist) An exchange speaks very flatteringly of the services held on Easter Sunday on the Cambridge-Waterville field by the Acadia Evangelistic Band.

At a recent meeting of the Tabernacle church of St. John showed its appreciation of its pastor, Rev. A. L. Leonard, by unanimously voting to increase his salary by \$600. Mr. Leonard is held in high esteem by his people and is doing constructive work in an important centre.

We have heard indirectly that Rev. A. S. Lewis of Regina has declined the call to the church at Sydney.

Rev. A. H. Whitman of Dorchester has received a unanimous call to the Lawrenceton church. We have not learned, as yet, his decision in regard to it.

The many friends of Rev. G. M. MacDonald will regret to learn that he has met with a serious loss in a fire that totally destroyed the barn and part of the parsonage at Mar's Hill. He had been packing up his goods preparatory to leaving for Halifax to assume the pastorate of the West End church. His valuable library and many of his household effects were entirely consumed.

Rev. E. A. Kinley has entered upon his work as pastor of the Prince street church, Truro.

On Thursday evening, March 24, Mrs. E. Stillwell, B. A., and her mother, Mrs. M. F. Churchill, reached Toronto from India. Rev. H. E. Stillwell met them at Boston at the end of his eastern tour and accompanied them to Toronto, where he resumed his office activities.

Rev. A. T. Dykeman closed his work with Zion church, Yarmouth, on Easter Sunday, and on Monday, with Mrs. Dykeman, left for Fredericton to visit their daughter, Mrs. G. C. Warren. The strain of that important pastorate, together with the continued illness of Mrs. Dykeman, has proved too much for his strength, and, acting on the advice of his doctor, he has given up all work for the present in order to prevent a permanent breakdown.

CONDUCTED 10,000 INQUESTS

(London Daily Chronicle) Dr. Charles Webb, who practiced medicine in his native city of Coventry for more than half a century and was the last of Warwickshire Coroners chosen on the old freeholders' franchise, died at his residence, near Coventry, in the 77th year of his age. In 1881 he was elected Coroner, and in his 40 years' service conducted between 10,000 and 11,000 inquests.

GROCERY REPORT

The following comment on the market situation as regards foodstuffs appeared in Canadian Grocery last week:—

The striking feature of the grocery markets is the advance of fifty cents a hundred on refined sugar. This increase in prices on sugar did not come as a surprise to the trade, and fairly heavy purchases had been made in anticipation of the advance and there are indications that the higher price will be maintained.

The primary markets for practically all commodities show little change, remaining with the firm tone that has been prevailing for the past few weeks. The observance of the Easter holidays has also had a quietening effect upon the markets, and a slow movement prevailed over the week-end under review.

Dried fruits are showing a firmer tone. Prunes and apricots at the coast are higher and raisins and currants have also a stronger tone. Some heavy export business on prunes has transpired during the week, including 7,000,000 pounds of the smaller sizes to Germany and 680,000 pounds of prunes and apricots to Copenhagen, which is the first instance of any such business with that port from California. This resuming of export business on prunes has greatly strengthened the market. Prices on spot are unchanged at present, but a slight increase can be expected.

The production of maple sugar in the Province of Quebec is not turning out as large as at first anticipated. Prices, however, are considerably lower than last year.

Teas, coffees and shelled nuts continue to hold a strong position with spot stocks fairly low. Canned goods generally show little change except in Montreal and Toronto, where apparently there is another wave of price-cutting manifest.

Live hogs on the Toronto and Winnipeg markets are easier and lower, but on the Montreal market hogs are holding a strong position with prices somewhat advanced.

Eggs are weak and lower. Butter is fairly firm although there are indications for easier tendencies in the near future. Cheese continues to rule in a

NEWS AGENT CONVICTED.

Cornwall, Ont., April 6.—Julius Bornstein, news agent on the C. P. R. main line from Montreal to Toronto, was arrested Friday by Provincial Officer Frank Stick, and was brought to Cornwall on the evening train and lodged in the cells. On Saturday afternoon he appeared before Police Magistrate Cline on a charge of selling liquor.

The only witness produced for the prosecution was William MacNeill, who acts as driver for the McCluskey Hotel at Chesterville. He testified that on Thursday he went on board the train and Bornstein sold him three bottles of rye whiskey, for which he paid \$4 a bottle. In reply to a question by J. G. Harkness, county crown attorney, the witness said he had bought one bottle from accused two weeks previously, for which he also paid \$4.

The magistrate gave Bornstein an opportunity of asking questions, and the accused replied: "No, he has said enough." The magistrate found Bornstein guilty and sentenced him to one month in jail at hard labor, and to pay a fine of \$350, with the alternative of five more months if the fine was not paid.

A Good Plan.

"Disraeli used to say that although he was always forgetting their faces and never remembering their names, he had no difficulty in being pleasant to his followers in the house of commons. When I meet somebody in the lobby whom I don't know from Adam and I see he ex-

FATES TOYED WITH MISSING MILLIONS

Total of \$8,000,000 Involved in Three Remarkably Lucky Discoveries

Chicago, April 6.—How the fates played with missing millions and then delivered them safely was recalled today with the announcement of the engagement of Miss Marian Stewart, of the Blackstone Hotel, to Robert B. Honeyman, jr., of New York. The announcement came from Mr. and Mrs. Leander H. LaChance. Mr. LaChance is an uncle of Miss Stewart and her guardian.

Miss Stewart and her sister, Jeanne, are daughters of the late John K. Stewart, the founder of the Stewart-Warner Speedometer Corporation. They inherited from him about \$7,000,000. Mr. Stewart died June 1, 1916. Mrs. Stewart died nine months later. A few days after Mrs. Stewart's death, Mr. LaChance received an old valise which she had sent to Chicago a few days before her death, from Acton, N. C. When the valise was opened after being carefully tossed about for a few days, it was found to contain more than \$800,000 in cash and convertible securities.

A short time later Mr. LaChance received a bill of \$7,497 for the rental of a safety deposit box, the existence of which he had not known. In the box he found a quarter of a million dollars in cash.

At about the same time the clerk in Mr. Stewart's New York office run through an old desk for some papers. He came upon some old deposit slips, which looked significant to him, and forwarded them to Mr. LaChance. Investigation disclosed almost \$2,000,000, of which nothing had been known, deposited in seven Chicago banks.

The wedding of Miss Stewart and Mr. Honeyman will take place in New York the latter part of this month.

MORAL DEGENERACY

The Evening Times and Star

ST. JOHN, N. B., APRIL 6, 1921.  
The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted), by The St. John Times Printing and Publishing Co., a company incorporated under the Joint Stock Companies Act.

A GRIM STRUGGLE.

Great Britain faces an industrial crisis of the first magnitude. The transport workers have unanimously decided to support the striking miners. This suggests that the railway men may do the same, in which case industry and transportation would be paralyzed.

SEEKING A WAY OUT.

A Fredericton despatch to the Standard says:— "Members of the provincial opposition party's executive throughout the province have been summoned to a conference to be held here on Thursday evening. It was said by opposition members of the legislature, this morning, that the meeting was called to discuss organization matters."

THE COMMUNITY SPIRIT.

According to an address delivered before the Kiwanis Club of Ottawa last week by Mr. G. N. Gordon, M. P., the town of Peterboro presents an example of progressive citizenship which is worthy of emulation.

"With regard to Peterboro's development, Mr. Gordon declared that special attention had been given to public health features that efforts had been guided to insure the balancing of a demand for labor and that prominent business and professional men of the city had been encouraged to hold public office.

Of continuation schools a manual issued by the New York Board of Education says: "The continuation school is, above all, a social laboratory in which the vocational, mental, physical, moral, and social equipment of the working boys and girls is analyzed, with a view to the development of such special abilities as are revealed, and to the correction of deficiencies.

There are now more than one hundred and sixty boys in the South End Boys' Club. It has outstripped the older club in that respect because it has better quarters. It is a fine thing to have a well-equipped boys' club linked up with a neighborhood playground, as in the south end of the city.

Halifax Chronicle: "New York despatches report that large orders are being received in the United States for American coal for shipment to Great Britain. If the British coal miners' strike continues for any length of time there ought to be an opportunity for our own coal operators to secure profitable contracts, which, however, emergency they might be, would at all events assist in relieving the present situation.

Before the wholesale house of Turnbull & Co. ceased to do business in Ward street, and for years afterward Mr. Joseph F. Merritt was a familiar figure in the neighborhood of South Wharf. Mr. Merritt was also interested in the building of vessels at Moss Glen, and a number of citizens still recall a pleasant day when they went on his invitation to the launching of the barkentine Antila and voyaged on her down to the lovely Kennebecasis to a wharf at the head of the harbor.

It is now settled that a plebiscite will be taken soon on the question of the importation of liquor into New Brunswick. That it will result in a large majority against such importation is certain, if the friends of prohibition recognize their duty and go to the polls.

The paving this year of Douglas avenue, Brussels street and the Marsh road to the One-Mile House will add immensely to the comfort of the citizens and at the same time add very materially to the mileage of paved streets in St. John. This work has long been deferred. It is important that the great roads entering the city should be in good condition.

Many of Vancouver's unemployed are being sent to the prairie farms where men are needed. This helps the city and the country at the same time. Farmers should have less difficulty in getting help this year, even at a reduced wage.

The Catholic societies of Gloucester are not satisfied with the enforcement of the prohibitory law there, and will pay the salary of an inspector of their own if the town council will give him the necessary legal authority.

The outlook for building operations in the United States shows some improvement. Whether there will be any improvement in the demand for lumber remains to be seen.

Let us hope the erection of a new municipal building in St. John, if it cannot be done this year, will not be long delayed.

THE DANCER

In a rounded dell like a woodland well, Shut in by a wall of trees, Where the turf is laid like a carpet made To capture the roaming bees.

On the glistening green where the sun is seen The brighter for circling shade, A dancer turns like a flame that burns

In a fretted chalice laid, White as a pearl are the robes that whirl Round her rosy limbs and breast; So swift and fleet are her dainty feet.

They scarce break a daisy's rest. One moment she stands with outstretched hands, A figure of frozen spray Then away she goes on her silken toes.

To some unheard roundelay, The spluttering trees turn in the breeze, The flowers tiptoe, glancing With faces shy, and wondrous eye, To watch Spring's darling dancing.

—Carolyn M. Lewis in The New York Times.

IN LIGHTER VEIN

Two salesgirls in a department store were discussing life in general. "What do you suppose is the matter with me, anyway? I'm just sick of livin'," said one. Said the other: "I am too. Take it from me, we need something artistic in our lives among which he loved to spend long hours in country rambles.

"The trouble with the motion picture," said the critic, "is that it does not bring out the thrilling power of the human voice."

"It doesn't," exclaimed the eminent producer. "You ought to come over to our studio and hear the stage director and the stars bawling one another out."

Necessarily So "I wonder if they take children in these apartments."

An Easy Solution "You could get your money without love, could you now, Daphne?" "—No. But I love money."

Who's To Blame? "Mrs. X—Good gracious! Our daughter has eloped with your typewriting young man."

Like the Dodo. "Yes," remarked the high-brow caller, "I rather pride myself on the discovery of another hypothesis."

"Indecisively," Mrs. Newrick, a little reproachfully, "I had an idea they were quite extinct." — Boston Transcript.

GRAMPIAN SUNK AT ANTWERP DOCK

Recent Fire More Serious Than Was Indicated By First Reports

The fire which recently broke out on the C. P. O. S. liner Gramplan while in port at Antwerp was more serious than was indicated by first reports received on this side. According to "Canada," published in London, the fire was not extinguished until much damage had been done and the vessel was eventually sunk alongside the wharf.

The Gramplan of 10,955 gross tons, was built at Glasgow in 1907 for the Allan Line, later automatically becoming a unit of the Canadian Pacific Railway's fleet. This liner had already suffered a serious accident on July 8th, 1919, when on a voyage from Montreal to Liverpool she collided with a large iceberg 45 miles off Cape Race.

MORNING NEWS OVER THE WIRES

A conference of the Canadian Council of Immigration was held in Ottawa yesterday with Rt. Hon. J. A. Calder, president of the privy council, in the chair. The meeting dealt with the proposals affecting immigration of women from Great Britain to Canada. No decision was reached. Other matters discussed were the imperial government's scheme of assisted passages to the women of Great Britain and the questions of grants to hostels and of possible changes in the hostels themselves.

THE LATE JOHN BURROUGHS

(The Daily Mail and Empire.) John Burroughs, who died on Tuesday, was the richest man in the world, according to his own estimate. He had no desires that could not be satisfied, and this rather than great possessions constitutes riches. One of his friends, Henry Ford, said that if you offered Burroughs a million dollars in one hand and the sight of a new kind of bird in the other he would choose to see a specimen of the new bird.

Friend of the Great.

It seems to have been the lifelong experience of this man to be known rather to his friends than to other men than for his own merits. He was a friend of Lincoln's. He was a friend of Walt Whitman's. The poet and the man were later to take his true place in the succession of Thoreau, Agassiz and Audobon, lived in Washington at the same time, and when he was a most of his Sunday with the Burroughs. He used to roll into the little home soon after breakfast, and talk with Burroughs while Mr. Burroughs usually wanted to talk about poetry, but Whitman preferred that his young friend should tell him about the birds and the flowers among which he loved to spend long hours in country rambles.

Wrote Like Emerson.

John Burroughs would have been eighty-five years old had he lived another week. He was born in New York state, the son of a farmer, and he himself was a farm boy until in thirst of education he became a school teacher to earn the money for a university course. He showed an intense interest in nature from the time he began to notice any thing, and as a lad he was locally noted for his understanding of bees and frogs.

An Interpreter of Nature.

But thinking it over, Burroughs concluded that he would have to get "Emerson" mused out of his clothes, and thereafter instead of discussing abstract notions he wrote about things he knew. He wrote about the habits of chickens. He made the discovery, which every other author has made, that it doesn't matter so much what you write about as it matters how you write about it. People may not be interested in spiders, for instance, but few people who ever pick up Fabre's book on spiders will fail to finish it. The book is as fascinating as any novel.

A Strong Anti-German.

When told of his death, Henry Ford said that he never ever had heard credited to Henry Ford. "Well," said Henry Ford, "he used to wonder what it was like beyond, and I suppose he will be present here being keenly interested in other things. No American more quickly perceived the implications of the Great War than Burroughs. He was not a voice for the Allies. In 1917 he wrote a letter to the New York Tribune in which he said: 'I will never again see an article in a modern German paper if I know it. I will favor the exclusion of the German language and literature from our schools and colleges. I would expel every untrained German from this country. We do not want their ideas or their methods.' These words became nationally famous as 'John Burroughs' words' to which many thousands of Americans subscribed. There was no better American than John Burroughs. He was not an American in the writer whose works, so far as one is capable of judging, are destined to be longer remembered."

DIOCESAN W. A.

At a meeting of the diocesan W. A. in Trinity church schoolroom, yesterday, Rev. Canon R. A. Armstrong gave an inspiring address on the Easter message that was first given to women. Mrs. W. J. Roberts, recording secretary, submitted a report, and the resignation of Mrs. Charles Coster, who has been leaflet secretary for twelve years, was accepted. It was announced that Miss Harris of Chiro, Egypt, will be the missionary speaker at the annual meeting. Mrs. G. C. P. McIntyre, treasurer, reported, and Mrs. W. D. Forster announced two new life memberships, Miss Muriel Fairweather of Rothesay and Miss Mary G. Otty of Gagetown. The Dorcas secretary, Mrs. John Hay, told of a box of supplies having been sent to an Indian school. Miss Portia McKenzie reported for the Little Helpers. Mrs. Clara Schofield as E. C. D. treasurer, and Mrs. W. D. Forster as Helen Vroom also submitted reports. Mrs. J. L. Harrison told of arrangement of the annual meeting programme. Mrs. G. A. Kuhring presided.

The W. C. T. U. meeting yesterday was opened with a devotional service led by Mrs. Mary Seymour, provincial secretary of Dorchester, provincial "y" secretary, suggesting that the young people's work of the society should be linked with the C. G. I. T. work and Mrs. J. D. Seely and Mrs. R. D. Christie were appointed a committee to bring the matter before the C. G. I. T. secretary in St. John. The meeting voted \$10 to the fund for milk for needy mothers and children. Mrs. Seymour reported on visiting the Home for Incubiles.

SPENDING ON DRESS UNDER CRITICISM

Young Women's Expenditures Equal What Grandmothers Spent on Household—Men and Marriage.

"Our young women are spending as much today on personal dress and decorations as their grandmothers spent upon the household, and their demands are becoming so great that young men are unable to contemplate marriage. The rate of living is high, by reason of prices, but because of the standard of living has gone up that there is nothing left for the works of charity and helping the poor, or for the spread of Christ's kingdom," said Bishop Farthing, in the course of his Easter message in Christ Church Cathedral, Montreal, which was crowded to capacity.

Bishop Farthing, who made a call to personal service and greater zeal in place of prevalent laxity, spoke in part as follows: "The Christian religion is eminently a religion of life, and it is that which differentiates our religion from all others," said the Bishop. "We rejoice today because God in Christ has raised our manhood above sin and death, and has brought us to life over which sin and death can have no power. We thank God in these days for the thousands of people amongst us who are striving to reach out to attain life and are giving themselves to serve others. There are many thousands amongst us—and in increasing numbers—who are consecrating their gifts to that service and using their position as stewards of God. Yet on the other hand, it is not a sad fact that there are thousands amongst us who, in spite of all that we have passed through in the last few years, are not living or trying to live the Christian life, who profess and call themselves Christians, but Christ has no power over their lives. Instead, they are serving and ministering to self and seeking their own profit and pleasure. The ordinary pleasures of life seem upon such people, so that they must seek something more sensational, something startling, bold and out of the conventional.

Parties on Sunday

"Youth brought up under these influences," continued Bishop Farthing, "knows nothing about God beyond what he may read in a newspaper or magazine." The speaker mentioned certain instances of this type, and said that those brought up in such religious ignorance were the first to say they did not believe in religion and that it was old-fashioned. Someone in conversation had recently declared that no one dreamed of keeping Lent nowadays and that no one thought of going to service in the evening. "Parties are given on Sunday at the very hour of church services, which shows that there is no thought of going to church that evening," said the Bishop. "Or they flock to the theatres and shows, anywhere for amusement, and I venture to say that the greatest ignorance of the fundamental truths of our religion is to be found amongst those supposed to be educated, but who are simply seeking their own selfish desires.

"Let us look at the world around us, the call of the day," concluded the Bishop. "The world is facing what I feel is one of the gravest crises, one far more perplexing than that we faced six years ago. Unless the world accepts and puts into action the principles of Christ, there will be great changes around us. If the people of Christ will today heed his call and give themselves to doing his will and fulfilling his purpose, then the world will be saved by the gradual changing of men's minds, and a brighter day will be ushered in by evolution and not by revolution."

Canadian War Hero Killed

(Canadian Press Despatch.) Ottawa, April 5—Captain J. A. Leloyer, M.C., of Ottawa, has been killed in an aeroplane accident at Camp Borden, according to information received here today. Details of the accident are lacking.

GIRL ARRESTED

Margaret Long Taken to Fredericton by Sheriff Hawthorne.

Miss Margaret Long, wanted in York county on a charge of infanticide, was arrested here yesterday by Sheriff J. B. Hawthorne of Fredericton, and taken to Fredericton last night. On Monday of this week Sheriff Hawthorne went to McAdam to take her into custody, only to find that she had left the evening before for St. John. He arrived here on the noon train on Tuesday and, with the aid of Detective Patrick Biddiscombe, Miss Long was located at the home of a relative on the West Side and placed under arrest.

A SCIENTIFIC FARMERETTE

Guelph, Ont., April 5—Miss S. L. Chase, of Greenwich (N.S.), who will be graduated with a full B. S. A. at the end of the present college term here this spring, will be the first lady student to obtain the degree of Bachelor of Agriculture at the Ontario Agricultural College. Miss Chase took two years of her course at the agricultural college at Turo (N.S.). She has specialized in horticulture.

ELOPEMENT DELAY IMPELLED SUICIDE

Young Man Held For Murder, Says Girl Drank Poison in His Presence

Corunna, Mich., April 5—That Lucy Whitburn, 19-year-old Durand girl took her life when told her marriage was to be delayed last Wednesday, was the statement made to Shuswasse County authorities by Forest Higgins, 22, who held her on a charge of murder in connection with the girl's death, according to R. E. Matthews, prosecutor. Higgins and Miss Whitburn had met at the favorite trysting place, he said, and he had told her that their planned elopement would have to be delayed, when the girl became dejected, thinking his interest in her had waned.

"In the darkness of the night, just after I had climbed the fence near our favorite trysting place, I could see her place a bottle to her lips," Higgins quoted. "I ran to her side and knocked the bottle from her hands, but before I could kick it beyond her reach she had picked it up and drained its contents. In another instant she had fallen to the ground face downward. I felt her still, warm body, and satisfied she was dead, ran home."

Higgins declared he was convinced suspicion would rest upon him had he reported the affair to the police and that fear of the consequences impelled him to run from the scene without offering assistance to the girl. She was found, still alive, it was said, some time later, by the crew of a passing train. County authorities declared that had medical aid been obtained earlier, death might have been averted. Prosecutor Matthews declined to say tonight what effect Higgins' statement would have on the investigation. His arraignment had been set for tomorrow.

RECENT DEATHS

Many friends will regret to learn of the death of William H. Cox, who occurred at the residence of his son, A. E. Cox, 281 Ludlow street, West St. John, on Tuesday evening at 7:30, after two weeks' illness of heart trouble. He leaves two sons, William H. of West Medford, Mass., and A. E. of West St. John, and one daughter, Mrs. George M. Smith of Providence, R. I.

The St. John-Carleton ferry Ludlow, on its 540 trip from Carleton on Monday evening ran into Thorne's wharf, causing damage to one of the knees on the starboard side of the boat, while the force of the impact tore away some of the timbers from Thorne's wharf and broke several cabin windows. The cause of the collision was the failure of the engines to reverse at the required time.

Established The Year Before Confederation

House of Manchester, Robertson, Allison, Limited, Founded in 1866, Though Attaining the Dignity of Over Half a Century of Growth and Strength Has Lost None of The Enthusiasm and Vigour of Youth

Over half a century of activity in the business life of St. John; a rise from a small beginning to a position of commanding influence, and a business which today ranks as one of the leaders among the bigger Canadian houses, wholesale and retail; such is the record of the firm of Manchester Robertson Allison, Limited, which now is celebrating its fifty-fifth anniversary.

Fifty-five years ago, in 1866, one year before Confederation, a modest store with a thirteen foot frontage, was opened in Prince William street. An equally modest sign in the front window informed the passing citizen that three young men, who were already known as men of experience in the dry goods business, had embarked on a venture of their own and were prepared to provide their customers with merchandise of the highest quality.

This was the inception of a business which, during the last fifty-five years has grown to such proportions that the firm's name is a household word throughout Eastern Canada, for the three young men who on that day opened their first store were James Manchester, James F. Robertson and Joseph Allison.

So well did the firm prosper that in a short time it was decided necessary to move into more commodious quarters and larger premises were secured in Market Square. A business in which expansion seemed to be the order of the day, soon demanded even more space and a more commanding location, and so it was that a third move was made, and the firm entered the principal business district on King street, and took over what is still the main building of their establishment.

The great fire of 1877, which wiped out nearly the entire city was stopped but a few yards to the south of the M. R. A. establishment, and their business communication was still undeveloped, young clerks fifty-five years ago, starting in such a modest way, eventually young men would pay a visit to the store added to their stock, and, for this a

large building in Market Square was purchased. Warehouse accommodations became a necessity and a building on Prince William street was taken over.

The retail departments also kept calling for more room and the large building two doors above the main entrance, so well known in earlier days as housing the T. B. Barker drug business, was secured and incorporated in the establishment. Very soon after the building on King street, which for many years had been occupied by C. Flood & Sons, was purchased and remodelled to suit their purpose, being connected in the rear with the other buildings. Another addition was made by the construction of a very large building fronting on Chipman Hill, which contains offices and most of the shipping and packing departments, greatly facilitating the handling of goods and giving practically an unbroken connection from Germain street to Prince William street.

Customers Semi-Annual Visits. The record of the firm has been one of continued progress. The house has grown with the city. In the old days of sailing vessels and when railway communication was still undeveloped, goods were slow in arriving and country customers would pay a visit to the store added to their stock, and, for this a

but twice a year. The facilities gained by the extension of railways and, later, the founding of the winter port, with the consequent development of water transportation in all directions, have benefited none more than Manchester, Robertson, Allison, Limited, in the extension of their trade.

Invested in Local Industries.

Other causes than these, however, have contributed to give the big mercantile house the prominent and almost unique position it occupies today in the maritime provinces. The men who founded it, by their sterling character, industry and sound business methods, won the confidence of the public and this has proved one of their greatest assets. This attitude has been mutual and as the firm prospered they invested heavily in local industries, in this way helping to build up the province which has made their business. The house has always been to the front in all good works for the uplift and benefit of the community. Today the name of M. R. A. Ltd., is a household word throughout the lower provinces and the business stands as one of the city's finest monuments to the value of clean business methods and the soundness of the principle of the square deal.

About thirty years ago, when the business was incorporated, the senior partner, James Manchester, retired from the firm and at that time a few of the older employees were given an interest in the business.

To have arrived in 1916 at the golden anniversary of the founding of the business with the three original members of the firm still alive and two of them still actively engaged in the management of its affairs was a record most unusual and probably without parallel in the history of the mercantile life of the Dominion.

Only within the past few weeks the passing away of one of the founders, Mr. James F. Robertson, brought about the first break in the almost lifelong association of the three men, who as young clerks fifty-five years ago, starting in such a modest way, eventually young men would pay a visit to the store added to their stock, and, for this a

Our Annual Celebration Saturday, April 9th, to Saturday, April 16th

MRS. AKERLEY ON WITNESS STAND

The case of Johnston Lodge, L. O. B. A., vs. Mrs. Grace Akerley was resumed before Chief Justice H. A. McKeown, yesterday, and after several days' evidence was adjourned until this afternoon. Mrs. Akerley went on the stand and testified that she did not owe Johnston Lodge a cent. She had gone away, she said, not for the purpose of defaulting but because she had been advised by a detective to go to the States until the forgery matter was straightened out. She explained why she signed Mrs. Curtis' name. Regarding the statement of claims against her, Mrs. Akerley swore that she did not owe the lodge a cent, and that she had accounted for all the money it was alleged she had received, with the exception of \$175 alleged to have been paid her by Mrs. Francis Kerr, which Mrs. Akerley maintained never was handed over to her, and another sum,

AFTERNOON BRIDGE AND-EVENING DANCE

The Royal Standard Chapter of the Imperial Order of the Daughters of the Empire, gave two delightful entertainments yesterday at the residence of Mrs. H. A. McKeown in Mount Pleasant. In the afternoon a bridge was held and there were forty tables of players. In the evening a successful dance was given and more than 200 guests were present. The double entertainment was a pleasant social occasion and the means of adding appreciably to the chapter's funds. Yellow daffodils in great profusion were used effectively to decorate the spacious rooms and the prettily appointed refreshment tables. Mrs. J. Pope Barnes, the regent, with Mrs. McKeown presided. The conveners for the bridge were Mrs. Ernest Bowman, Mrs. H. Filding Rankine, Mrs. Gordon Sanction and Mrs. Frederick Harting. The tickets were in charge of Mrs. William Foster. The refreshment committee consisted of Mrs. C. B. Allan, Mrs. H. A. McKeown,

COLLIERIES IDLE

Sydney Mines N. S., April 5—Owing to a dispute over prices which makes uncertain the renewal of a C. N. R. contract usually signed up on April 1 of each year, public colliery of the Scotia company is idle and there is some uncertainty as to when work will be resumed. The Scotia management has also closed down Number 4 colliery for an indefinite period.

Mrs. G. D. Scarborough, Mrs. John E. Moore and Mrs. W. B. Tennant.

Mrs. Fenwick Fraser was the convenor for the dance arrangements and an orchestra of four pieces provided an excellent programme. Presiding at the pouring in the afternoon were Mrs. J. Pope Barnes and Mrs. J. H. Frink and in the evening Mrs. E. A. Schofield and Mrs. R. H. Anderson. The bridge prizes were won by Mrs. Harold Mayes, Mrs. Harry Robinson, Mrs. R. deB. Carritte and Miss C. O. McGivern. All the members of the chapter were active in making the double event splendidly successful.

COMMON COUNCIL

Water Rates Fixed - City Will Pay Both Brussels Street and Marsh Road.

It was decided that the water rates for the city and for the parishes of Simonds and Lancaster would be the same this year as last, at the regular weekly council meeting of the common council, held yesterday afternoon.

mitted to the council for approval and that all others be removed. Mr. Frink pointed out that the companies had certain established rights and the city would have to assume a conciliatory attitude until the present legislation had been changed.

FREDERICTON LODGE, K. OF P. ENTERTAINED

Fredericton Lodge, No. 6, paid their first fraternal visit to St. John Pythians last evening, when they met with the city lodges in the Pythian Castle, and the attendance was so large that the upstairs auditorium was used.

Taylor's Infants-Delight-an altogether delightful Toilet Soap, mild, fragrant, refreshing—made with the careful attention that has earned confidence in the name "Taylor's" through the past fifty years.

MONCTON FOR THE SHIRETOWN

(Canadian Press Despatch) Dorchester, April 5.—At a special meeting of the municipal council this afternoon held for the purpose of considering legislation asked for by the city of Moncton providing for the separation of the city from the county, the council passed a resolution praying the legislature to amend the Moncton bill so as to make Moncton city the shiretown instead of making it a separate municipality.

WILL FIGHT ORDER TO DEPORT COUPLE FROM ST. JOHN

(Canadian Press Despatch) Winnipeg, April 5.—On the grounds that they are "undesirable socialists," the immigration authorities have ordered the deportation of Mr. and Mrs. Joseph Mallard of Edmonton, according to information received by James Law, secretary of the Canadian workers' defence league.

MISTRESS IN KITCHEN.

Judge on Servant's "Honest" Attitude to Employer. London, April 6.—A man servant and his wife, a cook-general who objected to their mistress being in the kitchen, were rebuked by Judge Harrington at Epsom county court today.

PRINCE NOT SLAIN

Paris, April 5.—The Greek legation here today denied reports that Prince Andreas of Greece, brother of King Constantine, had died from wounds received while fighting in Asia Minor.

The annual report of the commissioner for public safety, presented to the common council yesterday afternoon by Mr. Thornton, did not go closely into details, as the reports of the heads of the various departments under his charge gave complete information and he referred citizens to those reports.

The report of the chief of police showed the great amount of work done by that department and was considered most satisfactory by the commissioner. The force was now thoroughly equipped to carry on its work. It was thought essential that the policemen should wear badges in the future. Co-operation was asked of the citizens in assisting the police in carrying out the law.

Speaking of the city electrician's work, the report said the public was becoming educated to the necessity of this valuable work, which was eliminating many fires formerly caused by defective wiring.

In regard to street lighting, no contract had yet been made with the New Brunswick Power Company, the present arrangement being the same as last year. It was hoped that the city will procure lighting at a lower cost when the electrical development at Musquash has been completed. Additional lights had been placed during the year and there were

On the motion being put it carried that the rates be the same as last year. A letter was received from the Local Council of Women presenting to the city a drinking fountain at the junction of Brussels and Union streets. It was moved that the letter be acknowledged and the gift received. The city will maintain it but provision was made for moving the fountain to a different location in case of necessity.

C. S. Hanington wrote in regard to a property at Green Head. It was referred to Mr. Bullock to bring in a report. A request from the Victory Cafe to erect an electric sign at 70 Germain street was referred to Mr. Frink and the city engineer.

A request that the N. B. Rolling Mills be heard in regard to the assessment on its property was referred to the mayor with power to arrange a meeting. The changes in the motor vehicle by-law were given the first and second readings and passed and ordered.

Mr. Frink reported on the matter of poles in Douglas avenue and read correspondence with the various companies concerned. The telephone company had practically no poles in the avenue. The company pointed out that iron poles would be very expensive. The C. P. R. had no poles in the city limits. The Western Union said it would consider any changes that would tend to beautify the avenue. The street railway and telephone company used the telegraph company's poles in the avenue. The street railway was holding a meeting of the directors to consider the matter.

Mr. Thornton, at whose request the report had been made, said he did not think the matter should be allowed to drop. It was not necessary to use iron poles, he said, and told of the use of wooden ornamental poles in other places. Mr. Bullock said that the city should take a definite stand in the matter. It should give notice that all poles should be of an ornamental design. Mr. Frink should bring in a resolution making it compulsory that all poles in Douglas avenue be of a specific design and sub-

Mr. Jones moved that the water assessment rates of the city of St. John and the parishes of Simonds and Lancaster be the same as last year. Councillor O'Brien asked that the estimates for the assessment in Lancaster be made available. The city had made its own assessment there. He also drew attention to the fact that the contractors on the Spruce Lake job would not employ any residents of Lancaster who were out of work, saying that St. John citizens were the only ones who could be employed. He asked that this be changed. Mr. Jones promised to furnish the necessary information in regard to the water assessment.

Councillor Donovan said that more water was needed at East St. John and gave his ideas on the subject. Mr. Bullock said he had been in consultation with the fire underwriters and it was the opinion that the city ought to employ a capable water engineer. More revenue would be needed for this and he thought Mr. Jones ought to secure a comparison of water rates in other cities.

Councillor Dalzell said that the agitation seemed to be for water extension out the Silver Falls road. The people understood they could get the water if they would pay for it. In reply to Councillor Mosher, Mr. Jones said that the parish rates were somewhat higher than in the city owing to different conditions. Mr. Mosher said he understood the wells were not fit for use.

On the motion being put it carried that the rates be the same as last year. A letter was received from the Local Council of Women presenting to the city a drinking fountain at the junction of Brussels and Union streets. It was moved that the letter be acknowledged and the gift received. The city will maintain it but provision was made for moving the fountain to a different location in case of necessity.

**GERMANS AFTER SPANISH MARKET**

**Underbidding American Firms Nearly Twenty Per Cent. on Cement**

London, March 21.—(Associated Press by Mail)—George White, an American, writing from Barcelona to the Daily Mail, says the Germans are making "a drive to secure the Spanish market in practically every line of industry" and says they are quoting prices irrespective of value in order to capture the market. The writer gives several instances of the prices quoted by the Germans as compared with those quoted by firms of other countries. He cites the case where a big American firm offered a cement mill 1.0 b. New York for \$110,000; the Germans bid on practically the same machine £ 0. b. Hamburg for \$20,000 less.

The Germans, he says, are quoting cement delivered in any port in Spain at 100 pesetas, which is about twenty per cent below the standard price Spanish manufacturers ask. Tramway tickets they are offering at less than half the sum any of the local people can print them for and they guarantee delivery in four weeks as against three months.

The writer concludes that if the Germans continue their present program they are "going to drive many of the Spanish manufacturers to the wall."

**MY LADY ALICE A FINE SHOW**

**Presented at St. Vincent's Last Night by St. Rose's Club.**

The four-act drama, entitled "My Lady Alice," was presented in St. Vincent's Auditorium last night by the St. Rose Dramatic Club, under the direction of the veteran actor, J. J. O'Toole. A fairly large audience greeted the performers and they were pleased to be evident by the applause. Mr. O'Toole, who gave a clever characterization of an old hag, known as Mother Crippa, delighted the audience. Miss Alma O'Toole, who took the part of Lady Alice, Miss Dorothy Berry as Viola Vaughan, R. C. Mullaney as Armstrong Dale, and J. C. Callan as the inevitable villain, in the role of the bores count, deserve special mention. Harold Gillis and Miss Eleanor Mullin took part in the specialties between the acts. Others who took part were Miss Rose McFadden, as Lady Darrell, Rav's mother; Miss K. Crawford, as Martha Paisley; Miss Madeline Harney, as Kate; J. E. Fitzgerald, as Lord Ray Darrell; F. J. Gillis, as Sir Geoffrey Rawdon; J. P. Joyce, as Captain Lionel Wyndham; W. J. O'Leary, as Joseph Paisley; Eugene Gillis, as Job Trotter; J. L. Joyce, as Toby Bruce; James Conway, as Dalton, and Louis Reid and J. Gillis, as Steve and Mill, Mrs. Crippa's boys.

**300 GREEK BRIDES REACH NEW YORK**

**Photos and Letters Provided Sole Means of Courtship of Prospective Grooms**

New York, April 6.—Turkish light-house keepers and striking mariners have no appeal for Captain Hezappos, of the Greek liner Megali Hellas, arriving here yesterday with 300 Greek "picture" brides, who paused between his many duties to tell what had happened to his ship during the voyage from Constantinople and Piraeus. He said that on the night following the sailing of the Megali Hellas from Constantinople, when she was about to enter the Dardanelles from the Sea of Marmora, he suddenly found the vessel hard ground on a mud bank.

Investigation showed that two light-houses in the vicinity by which he had been guided were not functioning, and he communicated with Turkish officials. Next he wirelessed to Athens for assistance and was informed that a marine strike was in progress and no help could be sent.

Captain Hezappos said that he waited four days and on the morning of the fifth tugs were sent to pull the vessel off. Then a Turkish official came aboard and told him what had happened to the light-houses. The keeper of the one on the right bank, in a fit of anger, broke the lens and left. In the other case the keeper had gone on a visit home, leaving his cousin in charge. The cousin, forgetting the ties of relationship, argued with him all of the oil and supplies. The Megali Hellas was met down the bay by a fleet of motor boats chartered by the prospective bridegrooms, eager to see the faces of the young women whose photographs and letters had provided the only medium for courtship.

**USE RIVER ROUTE FOR MOVING COAL**

Edmonton, Alta., April 5.—A suggestion that the Saskatchewan river route be used for moving Edmonton coal eastward, enabling the cost of transportation to be greatly reduced, was recently made by R. Cunningham, assistant engineer of the Dominion public works agency here. He claims that the river route to northern Saskatchewan points, and even to Winnipeg, is not only feasible but would solve the problem of shipping light mined coal to the eastern markets.

The river is navigable all the way, states Mr. Cunningham, and contrary to the general impression, would give a channel with an average height of water. It would not be necessary to dredge the river, as the coal barges would be of light draft and the Saskatchewan is already a respectable stream in the same class as the Athabasca and the Peace.

As to the business that would offer for the Saskatchewan river route, Mr. Cunningham points out that there should be enough within the 410 miles to Prince Albert to pay the initial cost of a steamer and fleet of barges out of one year's coal profits. An estimate on the freight charges made a few years ago was based on 1 per ton, and even if this had now to be doubled, it would still be possible to deliver coal to Prince Albert at a cost away under that of the railway haul.

**THE NORE COMMAND**

**Admiral Evan-Thomas Succeeds Admiral Sturdee**

(Naval and Military Record)  
Admiral Sir Hugh Evan-Thomas yesterday succeeded Admiral Sir P. C. Dovecot Sturdee as Commander-in-Chief of the Nore. He was received by a guard of honour and band of the Royal Naval Barracks, as well as by flag officers in command and officers of the staff, to whom he was introduced by Admiral Sturdee, who later left with Lady Sturdee for London. Lieut. R. O. Fitzroy will be flag-lieutenant to the new Commander-in-Chief, and Paymaster-Com. J. B. Shettle will be secretary.

**ADM. STURDEE'S FAREWELL MEMORANDUM**

In a farewell memorandum, Adm. Sir P. C. Dovecot Sturdee said:—  
On completion of my time as Commander-in-Chief of the Nore, I wish to express my deep appreciation of the loyal and keen manner in which I have invariably been supported by all officers, petty officers, non-commissioned officers, and men who are now serving, or who have served in my command. Peace conditions having returned, great changes have taken place; bases have been closed and large numbers of men demobilized, involving many questions of complexity. The goodwill and co-operation of all concerned has enabled this transition to be carried out with great smoothness. I also desire to express to the officers and employes in all departments of Chatham and Sheerness Dockyard my appreciation of the services they have rendered during the period of my command. I take this opportunity to say good-bye, and to offer my good wishes for continued happiness and success to all in the Nore command.

Gillingham Town Council have passed a special vote of thanks to Adm. Sir P. C. Dovecot Sturdee for the valuable services he rendered in various ways to the borough during the time he held the office of Commander-in-Chief at the Nore.

**RECTOR OBJECTS TO STIPEND INCREASE**

Hamilton, Ont., April 5.—When a motion to increase his stipend \$400, making it \$4,000 per annum, was submitted at the vestry meeting of the Anglican Church of the Ascension, Dr. Renison, the rector, strongly opposed the matter. He felt it was not right that his stipend should be increased. The motion, however, passed unanimously.

**QUEBEC HOUSING SCHEME PRACTICALLY ABANDONED**

Quebec, April 6.—The city of Quebec has practically abandoned all hopes of making a success of the housing loan. A decision recently taken to make loans to individuals brought from forty to fifty enquirers, but none of those who were given information would apply for the loans. They found that the conditions were too onerous as regards building and also found the rate of interest too high.

**Our Fifty-Fifth Anniversary Sale**

Is Proving a Most Out-of-the-Ordinary Value-Giving Event

Our best thanks go to those who responded in such a truly remarkable way to our invitation to partake in the unusual values announced for Tuesday and Wednesday. Thursday offers new attractions, some of which are listed below. Everything previously advertised is also included in the sale throughout its ten days duration.

King Square from Court House. As it was fifty-five years ago today.

Of local interest in this city fifty-five years ago today. As the Globe saw the situation:

18th inst., and will be in St. John about the 1st of June.

The Telegraph of this morning contains a paragraph in reference to the widening of Canterbury (Cross) Street, written in its own peculiar scribbling style, and with just its usual degree of approximation to truth. It finds fault with the recently-appointed Commissioners for not having the whole work already completed. That is apparently about the substance of its complaint. It may give our contemporaries some comfort to be informed that there has been no unnecessary delay in the proceeding. The Commissioners, who are having the requisite surveys and plans executed as rapidly as possible. The parties immediately interested are, we are told, fully aware of this. And now under the consideration of the House of Assembly, proposing to alter the proportion to be levied upon the owners of property in the neighbourhood, has to be disposed of.

Some persons belonging to Col. Thos. W. Peter's Battalion were recently fined before the

Of world-wide interest fifty-five years ago. You will recognize familiar characters of history:

The marriage of the Princess Helena and Prince Christian is to take place July 6th.

It is stated that two children died in Chicago last week from biting and sucking a card photograph.

The Prince of Wales has recently become a member of White's, one of the oldest and most famous of the London clubs.

Nearly every fowl exhibited in the poultry show at Worcester was sold during the exhibition, the prices varying from \$10 to \$20 for a trio.

A Philadelphia writer says that Mr. Jay Cook's new house "will contain fifty bed chambers, a chapel, a gymnasium, a library, and all the accessories to the palatial home of a Christian banker."

A letter from Florence Nightingale, dated at London, Feb. 23, speaks of her health as even more delicate than it has been. She says: "I am always and entirely a prisoner to my room, and lately to one position."

A steamboat is about to make a voyage from Pittsburg, Penn., to Fort Benton, on the head waters of the Missouri, a distance of 4600 miles. She will carry 5,000 number of passengers, bound for the gold regions of Idaho and

**LOCAL NEWS**  
**PRESENTATION TO TEACHER.**  
 A very pleasant evening was spent at the home of Mr. and Mrs. Ernest O. Arbo on Monday, when the Golden Rule Class met in honor of Mrs. Arbo's birthday. During the evening a large pyrex-baker was presented to her by James Northrup, on behalf of the class. After an interesting programme refreshments were served by the teacher.

**McKILLOP-OLIVER.**  
 David Walter McKillop of Sea street, West St. John, was united in marriage to Miss Ellen Elisabeth Margaret Oliver daughter of William R. Oliver of New River, Charlotte county, in St. John's church on Monday evening by Rev. J. H. A. Holmes. The ceremony was performed in the presence of immediate relatives and friends. Mr. and Mrs. McKillop will reside in Sea street.

**OIL CASE CONTINUED.**  
 The case concerning the landing of two barrels of olive oil from one of the steamers in the harbor without the formality of passing them through the customs, was continued before Collector C. B. Lockhart this morning. The captain and some members of the crew of the steamer, and the man who received the oil were examined. The case will likely be concluded this afternoon.

**ASSESSMENT OUT EARLY.**  
 Mayor Schofield said this morning that, from reports received from the board of assessors, he expected that the city assessment would be filed early this year. He found everything was going along smoothly and the new equipment installed in the assessors' office was facilitating the work to a great extent.

**DOMINION LODGE, L. O. B. A.**  
 The sewing circle of Dominion Lodge, No. 18, L. O. B. A., met last evening at the home of Mrs. M. E. Patiquin and a very pleasant time was spent. After supper was served, Mrs. Patiquin was delightedly surprised when the members presented to her several articles for use in her home. The presentation was made by the president, and Mrs. Patiquin made a fitting reply.

**FAIL TO GET SHIP FROM THE BLONDE ROCK**  
 Effort to Float Impoco Abandoned for Today—May Never Be Saved.  
 Yarmouth, N. S., April 6—A heavy southeasterly gale will interfere with the transfer of the crew from the oil tanker Impoco, schooner on Blonde Rock ledges, according to a report from Seal Island. Belief is expressed that the tanker, with one rock piercing her hull, will never be refloated.

**HALIFAX, N. S., April 6—**Hopes that the Impoco would be refloated today have been abandoned. The following radio from the scene was received a little before noon by the Halifax branch of Imperial Oil Company, Limited, owners of the Impoco:  
 "Weather conditions prevent anything being done on the Impoco today. Despatched Imperial to Halifax today. Loyalty standing by. Captain of the Impoco reports number four and five tanks, bunker, pump room still stand out. Engine room taking heading. Reeks sticking through number three tank."

**J. C. Chesley, local agent of the Marine and Fisheries department, received a radio this morning from the government steamer Aberdeen informing him that an effort to refloat the Blonde Rock yesterday afternoon had been unsuccessful. The message said that the Imperial Oil steamers Royalty and Imperial were standing by and that they would attempt to haul her off. The Aberdeen returned to Cape Sable, where buoys are being replaced and she is keeping in touch with the Impoco.**

**SUDDEN DEATH OF T. A. DUNLOP**  
 Stricken Last Night While at Post in Car Shed of N. B. Power Co.  
 Friends of Thomas A. Dunlop and they are many, will regret to hear of his death which took place suddenly last night while at his work in the car shed of the N. B. Power Company, Wentworth street. He was seventy-five years of age and was in good health until yesterday when he succumbed to an attack of heart failure and died instantly.

**Mr. Dunlop was well known in the city and will be remembered as conducting a grocery business on South Wharf, twenty-five or thirty years ago. He went to South Africa but returned to the city two years ago and had been employed with the N. B. Power Company.**  
 A large circle of friends and associates in the city and elsewhere will be shocked to hear of his death. Mr. Dunlop was unmarried. He leaves two nephews, John R. Dunlop and Dr. F. J. Dunlop of this city. The late John Dunlop and the late Joseph K. Dunlop were brothers. The funeral will take place from the residence of his nephew, John R. Dunlop, 149 Waterloo street tomorrow afternoon at 2:30.

**BANKRUPT BY MISTAKE**  
 Petitioner Finds Himself Able to Pay in Full.  
 London, April 6—At the Isle of Wight Bankruptcy Court, Ernest Lamb, of Burford House, Ryde, of no occupation, said he filed his petition on advice given under a misapprehension as to the provisions governing the income which came to him under his mother's will. When he filed the petition he believed he was insolvent, but he had since discovered that he was in a position to pay all his creditors in full. His statement showed a surplus of £200.

**TWO MORE RETAIL LICENSES HERE; ONE IN CARLETON**  
 Wm. Hawker & Sons and E. R. W. Ingraham to Be Vendors—Provincial Appointments.  
 (Special to The Times)  
 Fredericton, N. B., April 6—On the recommendation of John B. Hawthorne, chief inspector under the intoxicating liquor act, retail licenses are to be granted to William Hawker and Sons of St. John and E. R. W. Ingraham of West St. John.  
 Provincial appointments are gazetted as follows—Fred Haslam of Alma and Robert Smith of Elgin to be issuers of marriage licenses; J. B. Balldick of Elgin to be coroner.  
 Northumberland—Andrew L. L. Plett of South Nelson to be Justice of Peace.  
 Queens—F. McVicar of the Range to be Justice of Peace; H. Earle Wiggins of Yung's Cove to be provincial constable.  
 City and County of St. John—W. E. Anderson to be commissioner for taking affidavits to be read in supreme court; William P. Humphrey to be Justice of Peace.  
 Westmorland—W. L. Wilson, manager Crown Life Assurance Company, Moncton to be commissioner for taking affidavits to be read in supreme court.  
 Charlotte—Temple Lambert of Lords' Cove, Parish of West Isles, to be issuer of marriage licenses; Clarence Fisher of Elmsville, William B. Simpson of Wallace, Linton Little of Bayville and Henry Bartlett of Bayville to be Justice of the Peace.  
 Northumberland—Robert Murray of Cather's harbor, to be judge of probate pro hac vice, in the matter of the estate of Jane Hutchinson late of Douglas town.  
 Westmorland—George O. Ricker, police court clerk for Moncton to be commissioner for taking affidavits to be read in supreme court; M. Ricker and also Alva Spence of Bayfield to be Justices of the Peace.

**Variety of Charges Taken Up Before Police Magistrate This Morning—Two Robbery Suspects.**  
 Judgment in a case against Charles Duffy, charged with selling liquor unlawfully, was delivered in the police court this morning and a fine of \$200 or six months imposed.  
 A case against S. Levine, charged with having liquor in his possession other than in his home, was taken up, and the accused testified that he had the liquor for his own use. He said he bought it from a man who called at his residence to sell peash and who afterwards told him he could sell him some liquor for \$8 a bottle.  
 On cross-examination, the accused said he went to the home of Inspector Crawford this morning and told him that some men wanted money from him and if he did not give it to them they would inform on him. The inspector told him to tell the truth. Inspector Crawford was recalled and said that on the night in question the accused said, "Don't take me to court, Mr. Crawford; this will never happen again." The case was postponed until Friday at 2:30 p. m. W. H. Ryan conducted the prosecution in both liquor cases, and E. S. Ritchie the defence.

**Frank Mason was charged with trespassing on the C. N. R. property. C. N. R. policeman Barden said he found him in a box car, used as a shack, in the yard. He said there were two other men with him, but they ran away. The accused said he was called to the car by a man in overalls, who told him if he did not give him the fire in the shack. The magistrate ordered that he be examined by Dr. F. T. Dunlop as to his physical condition.**

**Two in Robbery Case.**  
 Arthur Kennedy and John Nickerson were in court on suspicion of acting together in robbing John Kelly of \$4 in a store in Hillyard street. Policeman Killen told of arresting one of the accused and he saw him in the vicinity of the store on the night in question. When arrested the man said that the dead had been done, but he did not do it. They were remanded.

**A juvenile was before the magistrate in camera this morning, reported for pulling down an awning in front of the store of Manchester Robertson Allison, Ltd. The lad was warned and allowed to go.**  
 Three men charged with drunkenness pleaded guilty and were remanded to jail.

**FREDERICKTON HAS SETTLED UPON DAYLIGHT TIME**  
 May 22 to Labor Day is Decision Despite Labor Delegation Protest.  
 Fredericton, April 6—Daylight saving on May 22, and continuing until Labor Day, was finally adopted for Fredericton by the city council last night despite protests of a delegation from the labor council.  
 One of the labor council's delegation threw out a bit that an injunction might be sought. Only one alternative present voted against the resolution.

**GREEKS PROMISE A COME-BACK**  
 Athens, April 6—Resumption of the Greek attack on the city of Eski-Shehr, Asia-Minor, will come in a few days, M. Gromaris, minister of war, said to a newspaper correspondent here yesterday. Telegrams to this city from Smyrna say that the second phase of the Greek operations east of that city will open soon.

**Just a Moment of Your Time Mr. Property Owner**  
 With present day high cost of construction you cannot afford to allow that building of yours to deteriorate by neglecting to equip it with the necessary gutters and conductors to shield it from the spring rains. When the roof is not properly protected with FLASHING GRAVEL STRIP GUTTERS AND CONDUCTORS, the water is certain to work its way through into the interior between the joist and long before it can be seen on the inside of the building, it is rapidly decaying the most essential parts of the structure.  
 At no period in your time has the cost of such repairs been so low as they are today, when measured by present day replacement values, and the actual saving from further deterioration.  
 Immediately is the time to have this work looked after before the heavy spring rains set in, and before any further extensive damage has been done.  
 We manufacture all our own materials for this class of work and will be pleased to show you samples of same before it is made up. If you think your property requires such repairs, we will gladly submit estimates on cost of same. Phone us NOW—MAIN 1546—and we will go over the building with you.  
**D. J. BARRETT, 155 Union St.** Galvanized Iron and Furnace Work

Children's Haircutting Shop—4th Floor. April 6, '21.

TARGET PRACTICE AT NIGHT

An interesting picture of the guns of a great battleship being fired at night. The deck is brilliantly illuminated by the flash from the gun. It was by means of the flash this photograph was made possible.

NORTH SHORE LUMBER MATTER IN COMMITTEE

Bill Proposed in Amendment French Political Writer Declares it Presents Grave Attitude.

Fredericton, N. B., April 6—The committee on corporations met this morning. Mr. Robichaud was elected chairman. The committee considered a bill to amend the law relating to tolls of the Southwest Miramichi Boom Company, a bill to amend the Church of England Act, 1912, and a bill to incorporate the Sussex Amateur Athletic Club, and agreed to them same with amendments.

PARIS, April 6—A communication of considerable length from Charles E. Hughes, United States secretary of state, has been received by the French foreign department through the United States embassy here. The document, which bears the date of April 4, affirms the rights of the United States in all settlements arising from the treaty of Versailles or taken by the Supreme Council or by the League of Nations.

IDENTICAL communications were sent to the British and Italian governments, it is understood. "Pertinax," political editor of the Echo de Paris, who appears to have had access to the note, declares he considers it means that the United States declines to recognize any decision of the Allies in the treaty of Versailles or taken by the Supreme Council or by the League of Nations. He asserts that this is a grave attitude on the part of the United States.

IT was learned in official circles today that the communication bears principally upon the action of the council of the League of Nations last December in approving the mandates passed upon at that meeting, including the Japanese mandate over the north Pacific islands, taking in the Island of Yap, but that it also outlines the policy of the new administration regarding questions arising from the war and declares the approval of the United States to be necessary for a final settlement.

A disposition to give consideration to the United States' claim was indicated in official quarters, although with the reservation that it was scarcely possible to give the United States the right to veto in the settlement of questions which necessarily were discussed in the absence of representatives of the United States government.

TWO HOUSES ARE DESTROYED BY FIRE

A serious fire occurred this morning about 3.30 when two houses owned by Mrs. Sarah Senior Banaganawag road, Fairville, were burned to the ground. The loss is estimated to be about \$3,000. One Napoleon Pelchat, Andre Gauthier, Prosper Caron, Zeehrin Gilmont and Fred Gagnon, all of St. Quentin.

MARGARET LONG CASE POSTPONED UNTIL THE 15TH

Fredericton, N. B., April 6—Margaret Long of St. John appeared in the police court here this morning, charged with the murder of her infant child at the P. R. hotel in McAdam on March 12. Magistrate Limerick remanded her to jail until the 15th. She was unrepresented by counsel.

UNIFORM PRICE FOR HARD LIQUOR

Victoria, B.C., April 6—Under the new liquor control act for British Columbia there will be a uniform price for "hard liquor" all over the province, but it will not be possible for the government to pay carrying charges to points where persons are resident some distance from a government store. Excise duties will be paid by the consumer when they are deemed fair by the control board.

THE PRICE OF MILK

Amherst News—The News extends congratulations to those of our milk dealers who have set their sights on reducing their prices from 15 cents per quart to 12 cents, the reduction to go into effect from the first of this month. The new price is not quite so low as that of the Truro dealers, who in an announcement in Truro papers this week, stated that their price from now on would be 12 cents per quart.

LOCK-OUT IN TURIN

London, April 6—A lock-out has been declared by the factory owners of the Turin, an important Italian industrial centre and troops have occupied the factories there, says a dispatch to the Central News from Rome today.

CHICAGO GRAIN MARKET

Chicago, April 6—Opening—Wheat, May, 135; July, 109 1/2. Corn, May, 59 3/4; July, 62 7/8. Oats, May, 36 3/4; July, 38 3/4.

GRAND FALLS POWER CASE UP IN FREDERICTON

Delegation of 100 Opposes Extension of Time to the Company.

Fredericton, N. B., April 6—This afternoon some 100 residents of the upper St. John river valley from Edmundston to Woodstock, organized by the board of trade of Grand Falls arrived here to appear before the legislature in opposition to extend some of the rights of the Grand Falls Company Limited in the water power at the Grand Falls on the St. John river for two years.

The company asserts that just as business conditions are satisfactory they will proceed with the project. The opponents of the bill want the provincial government to take over the rights under legislation passed last year. P. T. Dodge, of New York, president of the International Paper Company, who are interested in the Grand Falls Company, is to present the case of the company.

NEW COMPANIES

St. John People Interested in One Concern Gazetted—New Telephone Companies.

(Special to Times). Fredericton, N. B., April 6—Clery W. Price and Minnie Sloan doing business at Andover as Sloan and Price, have dissolved partnership. The business will be continued by Minnie Sloan. James Bird and Roy Barker doing business at Riley Brook, Victoria county as general managers, have dissolved partnership. Rev. Alan Ritchie Koman of St. John, Church of England, has been registered to solemnize marriages in New Brunswick.

The International Rural Telephone Company Limited, with capital stock of \$5,000, and chief place of business at Kegedwick, is incorporated to operate a line of telephones from Campbellton to St. Leonard's. Those incorporated are W. F. Laroche, Maurice Laroche and J. B. Thibault, of Kegedwick, J. R. Martin of St. Quentin and Virginia Thibault of Edmundston.

Alexander W. Thorne, Abel Chapman, L. Ingewood Flowers, Robert M. McDonald and Jacob W. Carpenter, all of the parish of Cambridge, have formed the Cambridge Farmer's Rural Telephone Company Limited, with head office at Cambridge, and total capital stock of \$5,000. The company is authorized to operate a line of rural telephones in Queen's county.

Labor Temple Limited, with capital stock of \$25,000, and head office in Moncton, has been incorporated to acquire and hold real estate and transact other business. Those incorporated are: George A. Stone, Frank L. Barnes, Robert W. Nickerson, Laughlin McKinnon, and William R. Rogers, all of Moncton.

Central Insurance Agency, with capital stock of \$5,000 and head office in Moncton, has been incorporated to carry on business as agents and brokers in insurance, real estate, stocks, etc. Those incorporated are: A. L. Triles of Salisbury, C. W. Fawcett and Herbert M. Wood of Sackville, W. F. Ferguson, Reid McManus and E. A. Heilly, all of Moncton.

Investors Limited, with head office in St. John and capital stock of \$25,000, has been incorporated to carry on a general brokerage business. Those incorporated are John C. Belyea, an assistant, Truman and Winifred W. Upham all of St. John.

The Gritmer Settlers Company, Limited, has been incorporated to carry on a general mercantile and insurance business with head office at St. Quentin, Restigouche county, and capital stock of \$30,000. Those incorporated are Napoleon Pelchat, Andre Gauthier, Prosper Caron, Zeehrin Gilmont and Fred Gagnon, all of St. Quentin.

OPPOSE TAX ON PREMIUMS PAID TO UNLICENSED INSURANCE COMPANIES

Montreal, April 6—At a meeting of representatives of prominent firms of this city held yesterday, it was decided that members of all trade organizations in Montreal should be appealed to to lend their co-operation to oppose the proposition of Sir Henry Drayton, minister of finance, to amend the insurance act by placing a tax of fifteen per cent. on all premiums paid to unlicensed insurance companies.

CHICAGO GRAIN MARKET

Chicago, April 6—Opening—Wheat, May, 135; July, 109 1/2. Corn, May, 59 3/4; July, 62 7/8. Oats, May, 36 3/4; July, 38 3/4.

THE DOLLAR TODAY

New York, April 6—Sterling exchange firm. Demand, \$8.91 1/2 cables, \$8.92 1/2 Canadian dollars, 10 1/2 per cent. discount.

MASS MEETING IN THE OPERA HOUSE

Sunday afternoon at 2.30. Speakers of note. Subjects to be discussed are: Situation at Maritime Nail Works; Courtney Bay Shut Down, and other industrial conditions in St. John.

DOORS OPEN AT 2 P. M. All welcome. GEO. R. MELVIN, Secretary. Trades and Labor Council.

THE LEGISLATURE

Fredericton, April 5.—The legislature is keeping up its record in transacting business. Good progress was made today in voting the supply to the treasury.

The amount of \$80,000 to conduct the forest services was fully explained by Hon. C. W. Robinson, who pointed out that the loss by fire last year had been heavy.

Although federal authorities had offered airplanes for provincial forest patrols it was decided that the province could not undertake the expense this year.

F. W. Smith wished the stumpage increased to at least \$7 a thousand. He said as high as \$10 was paid on private lands.

Urges Support for U. N. B. Hon. Fred Magee gave an outline of educational work in other provinces and advised that a survey be made in this province with a view to bettering the system.

One item for subscriptions to a provincial farm paper caused extended discussion. Members of the opposition and leader of the farmers' group contended that this publication had been used for political purposes, but government members explained that agricultural societies had approved of the department of agriculture issuing information through this paper instead of printing pamphlets.

George B. Jones, in answer to a question, said the arrangement should be cancelled.

Hon. D. W. Mesereau showed that there was a great demand for crushed lime from the farmers of the province and for the three months of the present year more than \$400 had come to the province through the royalty of twenty-five cents a ton.

Three wheat mills in the province are to receive bonuses. A Chase Fawcett, leader of the farmer group, called upon the government to give greater support to schools in the remote rural districts.

Hon. Mr. Veniot said if the school and assessment acts were properly carried out the rural schools would be in better shape.

Hon. Mr. Roberts introduced a bill for the purpose of winding up the Association of United Baptist Churches of New Brunswick; also a bill relating to the general public hospital, St. John.

Hon. Mr. Byrne introduced a bill to amend the Schools Act. He also introduced that under the present law, trustees were authorized by school meetings to borrow money to an extent not exceeding ten percent of the assessable property in the district.

The object of the bill was to permit the amount to be increased to the chief superintendent to allow \$100 to districts which made provision for retarded pupils and for the allowance of \$100 to teachers who might take special training for the instruction of retarded pupils.

Hon. Mr. Foster introduced a bill to amend the act relating to the provincial hospital. He explained that it provided for an increase in the amount to be paid by municipalities for the support of patients in the provincial hospital. The rate at present was \$1 per week, and it was proposed to increase it to \$2.50, cost of caring for patients at the institution.

The house then went into committee with Mr. Hayes in the chair and took up further consideration of supply.

Hon. Mr. Mesereau on the item of \$4,500 contingencies for the agricultural department, stated in reply to Mr. Jones that it was an increase of \$1,700 over last year. Part of the increase was due to an advance in the postage rate, but he

would endeavor to keep the expenditure within the estimate.

Mr. Baxter asked for information with respect to the number of cars owned by the department.

Hon. Mr. Mesereau said that he believed there were six in all and they were used by district representatives and other officials. They proposed to get rid of three old cars this year and purchase two new ones, one for the apparatus and the other for the poultry superintendent.

Mr. Pinder, speaking on an item of \$9,000 for the encouragement of stock raising and dairying, asked how much was paid by the Dominion.

Hon. Mr. Mesereau said that the Dominion paid no part. The amount was salaries, bonus to stock, for judges at fairs, etc.

Mr. Baxter, concerning an item of \$3,000 for the encouragement of poultry raising asked the Dominion government if agriculture were contained in the public accounts.

Hon. Mr. Hetherington said that he did not think it was.

Mr. Baxter asked what an item of \$1,000 for the crusher was for.

Hon. Mr. Mesereau said it was for insurance, advertising and other items.

Mr. Baxter asked if he had understood that the province was to put to no more expense in this connection.

Hon. Mr. Mesereau said that the plan was not to insure it as it was of considerable value.

Mr. Baxter asked if the government was not recouped.

Hon. Mr. Mesereau said that the province received 25 cents per ton on the output of the plant. In February 1920 had been shipped on which \$170,625 had been paid in royalties. Since that time larger quantities had been shipped.

George B. Jones, in answer to a question, said the arrangement should be cancelled.

Hon. D. W. Mesereau showed that there was a great demand for crushed lime from the farmers of the province and for the three months of the present year more than \$400 had come to the province through the royalty of twenty-five cents a ton.

Three wheat mills in the province are to receive bonuses. A Chase Fawcett, leader of the farmer group, called upon the government to give greater support to schools in the remote rural districts.

Hon. Mr. Veniot said if the school and assessment acts were properly carried out the rural schools would be in better shape.

Hon. Mr. Roberts introduced a bill for the purpose of winding up the Association of United Baptist Churches of New Brunswick; also a bill relating to the general public hospital, St. John.

Vapo-Cresolene advertisement with image of a person using the product.

It was announced by Hon. P. J. Veniot that it was the intention to establish speed limit zones for automobiles.

The resolution calling upon the federal government to hold a referendum in this province on the question of importation of liquor was explained by Hon. W. F. Roberts and passed without further comment, and no division was called.

The estimates for the present year were considered in committee and discussion centered on the number of automobiles owned by the department of agriculture.

One item for subscriptions to a provincial farm paper caused extended discussion. Members of the opposition and leader of the farmers' group contended that this publication had been used for political purposes, but government members explained that agricultural societies had approved of the department of agriculture issuing information through this paper instead of printing pamphlets.

George B. Jones, in answer to a question, said the arrangement should be cancelled.

Hon. Mr. Veniot said if the school and assessment acts were properly carried out the rural schools would be in better shape.

Hon. Mr. Roberts introduced a bill for the purpose of winding up the Association of United Baptist Churches of New Brunswick; also a bill relating to the general public hospital, St. John.

Hon. Mr. Byrne introduced a bill to amend the Schools Act. He also introduced that under the present law, trustees were authorized by school meetings to borrow money to an extent not exceeding ten percent of the assessable property in the district.

The object of the bill was to permit the amount to be increased to the chief superintendent to allow \$100 to districts which made provision for retarded pupils and for the allowance of \$100 to teachers who might take special training for the instruction of retarded pupils.

Mr. Pinder, speaking on an item of \$9,000 for the encouragement of stock raising and dairying, asked how much was paid by the Dominion.

Hon. Mr. Mesereau said that the Dominion paid no part. The amount was salaries, bonus to stock, for judges at fairs, etc.

Mr. Baxter, concerning an item of \$3,000 for the encouragement of poultry raising asked the Dominion government if agriculture were contained in the public accounts.

Hon. Mr. Hetherington said that he did not think it was.

Mr. Baxter asked what an item of \$1,000 for the crusher was for.

Hon. Mr. Mesereau said it was for insurance, advertising and other items.

Mr. Baxter asked if he had understood that the province was to put to no more expense in this connection.

Hon. Mr. Mesereau said that the plan was not to insure it as it was of considerable value.

Mr. Baxter asked if the government was not recouped.

Hon. Mr. Mesereau said that the province received 25 cents per ton on the output of the plant. In February 1920 had been shipped on which \$170,625 had been paid in royalties. Since that time larger quantities had been shipped.

George B. Jones, in answer to a question, said the arrangement should be cancelled.

Hon. D. W. Mesereau showed that there was a great demand for crushed lime from the farmers of the province and for the three months of the present year more than \$400 had come to the province through the royalty of twenty-five cents a ton.

Three wheat mills in the province are to receive bonuses. A Chase Fawcett, leader of the farmer group, called upon the government to give greater support to schools in the remote rural districts.

Hon. Mr. Veniot said if the school and assessment acts were properly carried out the rural schools would be in better shape.

Hon. Mr. Roberts introduced a bill for the purpose of winding up the Association of United Baptist Churches of New Brunswick; also a bill relating to the general public hospital, St. John.

Hon. Mr. Byrne introduced a bill to amend the Schools Act. He also introduced that under the present law, trustees were authorized by school meetings to borrow money to an extent not exceeding ten percent of the assessable property in the district.

The object of the bill was to permit the amount to be increased to the chief superintendent to allow \$100 to districts which made provision for retarded pupils and for the allowance of \$100 to teachers who might take special training for the instruction of retarded pupils.

Hon. Mr. Foster introduced a bill to amend the act relating to the provincial hospital. He explained that it provided for an increase in the amount to be paid by municipalities for the support of patients in the provincial hospital. The rate at present was \$1 per week, and it was proposed to increase it to \$2.50, cost of caring for patients at the institution.

The house then went into committee with Mr. Hayes in the chair and took up further consideration of supply.

Hon. Mr. Mesereau on the item of \$4,500 contingencies for the agricultural department, stated in reply to Mr. Jones that it was an increase of \$1,700 over last year. Part of the increase was due to an advance in the postage rate, but he

would endeavor to keep the expenditure within the estimate.

Mr. Baxter asked for information with respect to the number of cars owned by the department.

Hon. Mr. Mesereau said that he believed there were six in all and they were used by district representatives and other officials. They proposed to get rid of three old cars this year and purchase two new ones, one for the apparatus and the other for the poultry superintendent.

Mr. Pinder, speaking on an item of \$9,000 for the encouragement of stock raising and dairying, asked how much was paid by the Dominion.

Hon. Mr. Mesereau said that the Dominion paid no part. The amount was salaries, bonus to stock, for judges at fairs, etc.

Mr. Baxter, concerning an item of \$3,000 for the encouragement of poultry raising asked the Dominion government if agriculture were contained in the public accounts.

Official positions, and when through with those institutions they rarely went back to the farms.

Mr. Magee's Suggestion. Mr. Magee said that the whole system of education in the province was being criticized and the shortage of teachers had undoubtedly become a serious problem.

He thought the proposal to make loans to those wishing to qualify for the profession was a step in the interests of education. He regretted that there was not a law to compel attendance in New Brunswick, such as existed in some other provinces.

Personally he believed that every boy and girl up to sixteen years of age should be compelled to go to school. They had in this province the University of New Brunswick, which received a provincial grant and rightly so. That institution was giving, not only an arts course but a high class technical training.

It was well thought of in Canada and in Great Britain, and its graduates were making names for themselves. The university was selected by a corporation of fifteen persons elected by different bodies. They had the public school system, and agricultural education was being carried on in the schools at the expense of a federal grant. They also had vocational work under the operation of a board, and kindergarten schools, which were not under the control of the educational department.

Forest Service. Hon. Mr. Robinson on the item \$50,000 for forest service, made a statement in regard to the operations of his department.

KING'S DAUGHTERS ANNUAL MEETING

The thirtieth annual meeting of the St. John Branch and City Union of the King's Daughters was held in the Guild last evening and at it excellent reports of a year of faithful work were heard.

Mrs. C. A. Clark, the president, was in the chair and was re-elected to office. Opening devotional exercises were led by Mrs. George Henderson and Mrs. W. J. Bingham and Mrs. Frank Lively took part.

Mrs. Nice, in her report as secretary, said the order had seven circles and several individual members and a total enrollment of 194. It was represented in the associated Charities and the Women's Council. Mrs. A. P. Crockett having left St. John, Mrs. C. A. Clark had succeeded as president. The matron, Mrs. Smith, having resigned, Mrs. Cowan was appointed. A luncheon had been tendered the National Council of Women.

Assistance was given at the Child Welfare Exhibit and at tag days. Successful rummage sale and a musical festival had been held and the order had assisted in various ways.

For its support a tea and sale, held in Trinity church, together with donations, netted \$1,200.

The treasurer, Mrs. George Dishart, reported total receipts of \$5,223.89 and expenditures, including donations of \$3,911.88 and furnishings worth \$699.54 for the Marine Home, amounted to \$6,271.84. The cash balance was \$2,652.51. Amounts in the bank were as follows: Receipts fund \$700.28; the fund \$87.07, and fresh air fund, \$18.84, making a total of \$844.77.

Mrs. F. McPadden gave her report as corresponding secretary. Mrs. George Henderson, as spiritual committee convenor, told of gospel services and reception services held recently. Mrs. R. A. McLaughlin reported that the hospital had been visited regularly by members of the circles and fruit, candy, flowers and magazines taken to the patients.

Mrs. John Foster, for the house committee, reported on repairs to the Guild, treats given the boarders and donations of delicacies and comforts received. The house receipts totalled \$2,848.88 and the balance amounted to \$620.98. Mrs. D. W. Puddington reported for the Travelers' Aid committee.

The reports of the several circles were given in the following order: Ministering, Mrs. Laura McLaughlin; Doorkeepers, Mrs. George Policy; Opportunity, Mrs. H. W. Robertson; Lend-a-Hand, Mrs. A. G. McLaughlin; Comfort, Mrs. J. H. McLaughlin; Good Cheer, Mrs. A. McLaughlin; and In His Name, Miss Mary Thorne.

A pleasing incident was the presentation to the City Union of a handsome collection plate, the gift of the In His Name Circle, on its second anniversary. The presentation was made by Mrs. F. McArthur in a neat speech. Mrs. Clark graciously accepted the gift. Last year the circle presented a gavel and marble. The election officers resulted as follows: President, Mrs. C. A. Clark; first vice-president, Mrs. Edith Stevens; second vice-president, Mrs. H. W. Robertson; corresponding secretary, Mrs. F. A. McPadden; treasurer, Mrs. George Dishart. The members of the executive who had been elected for the third year were Mrs. A. P. Crockett, Mrs. Walter H. Golding, Mrs. Edith Stevens, Mrs. J. Leitch, Mrs. W. H. Nice, Mrs. Frank McArthur, Mrs. George Dishart. Those elected for the second year were Mrs. H. W. Robertson, Mrs. C. A. Clark, Mrs. George Henderson, Mrs. A. Kiripatrick, Mrs. R. E. Plimpton, Mrs. W. J. Bingham, Mrs. F. McPadden. Those who were elected to serve for three years on the executive were Mrs. R. A. Sinclair, Mrs. D. W. Puddington, Mrs. John Foster, Mrs. E. E. Thomas, Mrs. J. H. Bullock, Mrs. R. A. McLaughlin, Mrs. J. E. Plagior.

A lantern lecture was given, last evening, in the First Presbyterian church, West Side, by D. C. Clark, exhibiting views of London. The attendance was large and the lecture was very much enjoyed. A violin solo was given by Mrs. Ayre.

Spanking Doesn't Cure! Don't think children can be cured of bed-wetting by spanking them. The trouble is conceived in the child's mind. I will send FREE to any mother my successful home remedy for bed-wetting. If you children trouble you in this way, send no money, but write me to-day. My treatment is highly recommended to adults troubled with urine difficulties by day or night. Write for free literature.

Mrs. M. Summers, BOX 978, WINDSOR, Ontario.

TRANSPORTATION COSTS PROBLEM FOR BUSINESS

Wage Factor Important in Regard to Commodity Prices

Building Situation—Material Prices Slowly Subsiding—Business as a Whole Continues Along Restricted Lines

(Financial Post.) The startling and almost appalling figures in the statement of the affairs of the national railways have given rise to very serious thoughts in the industrial and commercial community. The minister puts the year's deficit at about \$70,000,000, but J. L. Payne, former railway statistician for the government, figures up a total of nearly \$140,000,000, taking into consideration all charges, and it is being pointed out by other students of the situation that preliminary figures already indicate a much more serious situation ahead.

There are Many Jelly Powders But Only One JELLO Insist on Having Canada's Most Famous Dessert

seem to involve a readjustment of wage schedules over the whole continent to overcome the unhealthy conditions created by the McAdoo award. The extent to which this situation has been aggravated in Canada under government operation is a point upon which there is considerable uneasiness.

Wages Must Come Down. A thorough readjustment of commodity prices and wages is a necessary prelude to a resumption of healthy activity in business. While price deflation has proceeded far in many lines the resistance to the return to normal price levels displayed by a large percentage of the wholesale and retail trade is one of the important factors delaying the return to normal.

reduced price as a result of the saving in wages. Building Proceeds Slowly. The situation in the building trades may be taken as fairly indicating conditions generally. At the present time building is proceeding slowly. The high costs of materials and wages have up to the present drastically curtailed operations. Millions of dollars' worth of building has been held up to await the return of normal conditions. The high costs of labor have up to the present been one of the most serious factors in inflating the costs of all construction.

Wages Must Come Down. A thorough readjustment of commodity prices and wages is a necessary prelude to a resumption of healthy activity in business. While price deflation has proceeded far in many lines the resistance to the return to normal price levels displayed by a large percentage of the wholesale and retail trade is one of the important factors delaying the return to normal.

Then again the unwillingness of labor to accept lower wages is one of the serious problems that must be solved. Wages in many lines contribute too largely to the cost of production and until wages are down commodity prices cannot be permanently reduced. Employers and workers who are unwilling to face present conditions frankly are retarding the resumption of normal business, and are working against their own interests. Prevailing wage scales are an absolute deterrent to the lowered costs which must be established before the prices of coal and steel and other basic commodities can be lowered and freight rates altered.

Smoke T&B For over sixty years a favorite

not the case. In 1911 the total population within the walls was 2,888,110. According to the first count and estimates this year's figures are still below the 3,000,000 mark. The house shortage is officially explained, is much more due to the taking over of private houses for business purposes than to an increase in the population. In the suburbs the increase in population is proportionately much greater than in the city itself, and the suburbs now have about 1,200,000 people.

According to our best judgment the prices on trunks have reached the lowest level for some time to come, so that you'll make a big saving by anticipating your requirements and taking advantage of these prices now.

\$20 FOR A DRINK. Good Liquor, But Costly—Case Up in New York Court.

Whiskey is now selling at \$20 a drink on Twenty-third street. The old green goods game had "taken over" this saloonkeeper, to whom the Volstead act seems to have given an opportunity for "easy money." What was entered as "disorderly conduct" case brought to light another of prohibition's jokes in the Night Court recently. The testimony ran somewhat as follows: "Your honor," said the plaintiff, a woman, "this evening this young man repeatedly banged on the door of my rooming house and inquired for a Mr. O'Connor. I told him twice that there was no such person stopping in my house, but he again started to break down my door after I had closed it. He seemed to be intoxicated." When the defendant was asked if he had anything to say for himself, he made the following disclosure, to the surprise of the court. "Yes, judge, I have something to say, if you'll hear me," he began. "I went into a saloon on Twenty-third street this evening, and asked for cream soda. Can't get anything better nowadays, you know. The bartender asked, 'Do you want something better?' 'Sure,' I said, 'if you have it.' He replied: 'I'll cost you seventy-five cents more.' 'I don't care if it costs me \$100 more, if it's good!' I replied. Then and there he took me up and said he had something exceptionally good, but it would cost me \$2. I said: 'All right, let's have it.' 'You'll get it,' he replied, and I got it—yes, with extras. I planked a twenty-dollar bill on the bar and he gave me some whiskey, moonshine, or whatever it was. Anyway, it tasted good, but it wasn't worth what it cost me. After a few minutes' wait I asked for a change, and the bartender seemed to have forgotten what denomination I had given him, but said, 'You'll get it. Oh, yes! Come with me across the street to my house and I'll give you your change.' 'I did so and when he opened the door of this woman's house he pushed me and slammed it in my face. I guess he left by the back door. That's the last I saw of my twenty-dollar bill. I don't think the drink was worth it, and I want my \$18. Well, I seemed to have gotten it, all right—in the neck.' With a warning to leave the woman alone and go look for his \$18, he left the court.

PARIS UNDER 3,000,000. Population Has Not Increased as Believed.

Paris, April 5.—According to estimates based on census figures taken at the beginning of the present month, the number of people in Paris is less than was believed. From the shortage of houses it had been deduced that the pop-

HOMESEEKERS SEND FOR V.A. farm list, Dept. 17, Ennora, Va. 238-79-5-4

\*TIP\* COSTS WIDOW \$12,000. Confidence Men Lure Her From Florida to Toledo by Old Trick. Toledo, Ohio, April 6.—Mrs. A. G. Krebs, wealthy widow of Tamaqua, Pa. had detectives here that she had been swindled out of \$12,000 by confidence men who convincing promises lured her from Florida to Toledo. The swindlers resorted to the old trick of "getting inside tips from the stock market." The widow entrusted her money to the fingers of the swindler in a hotel here March 1, and when she returned three hours later he had fled.

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING

Wellington League.

The Trocadero Club took four points from the Schofield Paper Co. Ltd. on the G. W. V. A. alleys last evening, the score being 1269 to 1211.

Table with columns for player names and scores. Includes names like Wall, Crowley, Hayter, Dickson, Campbell.

Trocadero Club—

Table with columns for player names and scores. Includes names like W. Hunter, McEwen, Stammers, Shannon, H. Hunter.

Y. M. C. I. League.

The Sparrows took four points from the Hawks in the Y. M. C. I. House Bowling League last night. By rolling a team total of 1486 the Sparrows came within three pins of the season's record for the league.

Table with columns for player names and scores. Includes names like Smith, Gambin, Harrington, McIlveen, Brown.

Hawks—

Table with columns for player names and scores. Includes names like Reid, Clarke, Power, Dewarling, Jarvis.

Y. M. C. A. Selects Team.

The Y. M. C. A. has decided to send a team to compete in the Brunswick-Balke-Collender trophy championship match to be held in Fredericton this month.

BASKETBALL

Normal School Cannot Come.

A game of basketball was scheduled to take place between the Fredericton Normal School and the St. John High School on April 5, but a letter was received by the local boys yesterday explaining that the Normal school would be unable to get a team together for that date.

ACQUATIC

Swimming Championships.

All indications point to a large number of competitors in the maritime swimming championships which will be held under the auspices of the Y. M. C. I. A good many entrants have already signed up for one or more of the seven senior and five intermediate events on the programme.

TENNIS

New York Defeats Boston.

Boston, April 5—New York players defeated Boston Indians in the first two matches of the National tennis singles championship tournament on the courts of the Tennis and Racquet Club, today. O. S. Cutting, of New York, won from Dr. G. S. Derby, of this city, 6-3, 6-2, 6-2 and Fulton Cutting of New York, defeated R. W. Cutler of Boston, 2-6, 6-4, 6-3.

FOOTBALL

Rochdale, 5; Dewsbury, 2.

London, April 5—In the Northern Union Rugby football cup replayed match here today Rochdale defeated Dewsbury by five points to two.

VOLLEY BALL

Church League Organized.

A City Church Volley Ball League was organized at the Y. M. C. A. last night, with four teams represented, St. Andrew's, St. George's, Queen Square Methodist and the Y. M. C. A. The officers elected were: President, Captain W. Bowie; first vice, Arthur Carlos; secretary, Roland Rockwell. The games are to be played on Saturday on the Y. M. C. A. and St. Andrew's school room.

floor. The following schedule was adopted: April 9, at 3 p. m., St. Andrews vs. St. George, on the Y. M. C. A. floor; at 8 p. m., Queen Square vs. Y. M. C. A., at St. Andrews. On April 16, at 3 p. m., St. George's vs. Queen Square, at the Y. M. C. A.; at 8 p. m., St. Andrews, vs. Y. M. C. A., at St. Andrews; on April 23, at 3 p. m., Y. M. C. A. vs. St. Andrews, at the Y. M. C. A.; at 8 p. m., Queen Square vs. St. George's, at St. Andrews.

POOL

I. L. & B. Wins Tournament.

The Irish Literary and Benevolent Society won the inter-society pool tournament which has been in progress on the Y. M. C. I. tables for the last six weeks when they defeated the Knights of Columbus team 100 to 82 last night.

McCullough and Pemberton shot for the I. L. & B. while McShane and Jessome represented the Knights. In a second game the A. O. H. No. 1, with McCarthy and Dwyer, defeated the A. O. H. No. 3 team with Hennessey and Logue, 100 to 96.

The highest run during the tournament was made by J. Sullivan of the Y. M. C. I. who got an unbroken string of thirty balls.

A silver cup will be presented to the winning team. The league standing at the conclusion of the tournament is as follows:

Table with columns for team names and scores. Includes teams like I. L. & B., St. Peter's, A. O. H. No. 1, Knights of Columbus, Y. M. C. I., A. O. H. No. 3.

BASEBALL

Brennan Again Umpire.

New York, April 5—Umpire Bill Brennan, who ruled that the game at Jackson, Tenn., yesterday, be forfeited by the Washington Americans to the New York Giants, has been appointed by President Heydler on his staff of National League arbiters for the coming season.

Brennan was a National umpire six years ago and last year officiated for the southern association.

THE TURF

Old Horseman Dead.

Bristol, Conn., April 5—James W. Shelley who had several horses on the grand circuit tracks, thirty years ago, died at his home here today, aged 76 years. He was head of a furniture company here.

GOLF

Eric Thomson Qualifies.

Eric D. Thomson of this city has qualified for the seventh sixteen in the golf championships being held at Pinehurst, N. C. Yesterday he made the round in ninety-seven, ten strokes better than his preceding score.

BASEBALL

To Form Intermediate League.

A preliminary meeting for the purpose of organizing an intermediate baseball league was held in the Y. M. C. A. last evening. The East End Improvement League was represented by D. M. Ramsay, Roy Handson and Barrett; the Atlantics of the South End by C. M. Lingley and Roy Lawson; the St. George's of the West End by H. J. Maxwell, Doug. Mosher and P. J. Legge; the Portlands of the North End by G. Logan, Carl Byles and Earl Lingley. A meeting to complete organization and arrange for a playing schedule will be held on April 12.

U. N. B. MAN NOTRE

DAME ORGANIST

Montreal, April 5—F. F. Poirier has been appointed organist of the Cathedral of Notre Dame. Mr. Poirier was born at Tignish (P. E. I.), in 1882 and was graduated from the University of New Brunswick as bachelor of arts in 1920.

RUSSIAN EXECUTIONS.

Reds Reported Killing Every Other Man and Fourth Woman.

Helsingfors, Finland, April 5—Three workmen who made their escape from Kronstadt arrived at the Finnish frontier. They reported that the Communists when they left were executing every other man and every fourth woman in Kronstadt.

The refugees already here are greatly aroused over the report, many of them having been forced to leave their wives and children behind when they fled from Kronstadt.

A Finnish patrol on the Russian frontier was fired upon on Wednesday night, apparently by Bolshevik guards who were searching for men making their escape from Kronstadt.

ROWING SHELL IN USE FOR A HALF CENTURY

Souvenir of Two World's Championships Presented to Philadelphia Barge Club

Philadelphia, April 6—(By Associated Press)—A four-oared shell, in which two world's rowing championships and a number of national championships were won, has just been presented to the Philadelphia Barge Club, and will be a souvenir.

Originally the shell was built for an English crew, the Kensington who rowed against the Paris crew of St. John, New Brunswick, for the world's championships. This was the first race in which the shell was used, and the English crew won.

Shortly afterward the shell was purchased by the mayor of Pittsburg as a souvenir.

In 1911 another match race was arranged for the championship of the world, to be held at Stratoga Lake, Illinois, and his three brothers had gained the reputation of being the best American blade welders, and were without a shell. They ordered a new boat from Robert Jewett, of England, who built the "Dunstan-on-Tyne," but he disappeared. They then ordered a new boat from Robert Jewett, of England, who built the "Dunstan-on-Tyne," but he disappeared.

The race was rowed over a four-mile course. The Wards won, setting a new record of twenty-four minutes, forty seconds, which still stands. They defeated two English and two American crews. The Ward crew was seated as follows: Ellis Ward, bow, 150 pounds; Gilbert Ward, No. 2, 155 pounds; John Ward, No. 3, 150 pounds; and Henry Ward, stroke, 155 pounds. Their average age was 22½ years, Ellis being twenty-five, while Henry was forty-five.

THE ATHLETIC CONFERENCE

Truro, N. S., April 5—Twenty-seven delegates, representing nearly all the athletic clubs in New Brunswick and Nova Scotia, attended the annual meeting here tonight of the maritime province branch of the Amateur Athletic Union of Canada.

The evening was occupied largely with discussion of the proposed constitution and the answering of many questions with respect to decisions made last year. President Covey and Secretary A. W. Covey, president, M. P. B. A. A. U. of Canada; F. S. Henderson, Canada; Truro; James A. Holmes, G. W. V. A., Halifax; G. G. Thompson, Dalhousie Amateur Athletic Club, Halifax and St. Mary's Club, Halifax; Dr. W. A. Coit, Valley Baseball League, Wolfville; J. Sheehan, Y. M. C. I., St. John; G. E. Cox, Berwick A. A. C.; H. T. McKenzie, Bridgetown A. A. C.; A. W. Levy, Dartmouth A. A. C.; Frank Condon, Westville; A. H. Young, Wanderers, Halifax; W. E. Sterling, Y. M. C. I., St. John; Donald McPhail, Y. M. C. A., Halifax; Bert Bass, N. B. Club; Turry, J. J. Power, Y. M. V. A., St. John; J. G. Saunders, Yarmouth A. A. C.; J. A. Cunningham, Stellarton Baseball Club; J. Grant, Thorburn; C. B. Murray, Springhill A. A. C.; A. H. Abbott, Y. M. C. A., Truro; G. W. Watling, Chatham (N. B.); James Watling, Amherst; A. C. J. Power, Amherst; A. A. C.; E. H. Vickers, Sussex A. A. C.; T. H. O'Neill, Imperial.

Matters Considered.

Among matters discussed was the case of "Shorty" Veno of Chatham, who was decided that he remain the property of the Moncton club. The thirty days' residence clause was explained by President Covey and Secretary A. W. Covey. Dr. W. A. Coit suggested that a certain percentage of the gate receipts be contributed to the Maritime Amateur Athletic Union for running expenses; other believed that a fixed amount should be assessed on each club. Humphrey Sheehan suggested that the board of governors pass a notice of motion asking the Canadian Athletic Union to make a change in the constitution so that physical directors, after giving up their employment, might become full-fledged amateurs. J. A. Cunningham suggested that full control of sport in the maritime provinces should be in the power of the maritime organization. President Covey did not favor this move, as he considered the governing body had dealt fairly with these provisions.

ENTERTAINMENT FOR BOYS' CLUB

The members of the Boys' Club in City road were delighted with an entertainment given for their pleasure in the club room last night by the juniors of the Carmarthen street Methodist church under the direction of Miss Estella Earle. The programme consisted of sketches, costume playlets, readings and songs and was admirably rendered. Among those who took part were Olive Estabrooks, Vera Roberts and Helen Purdy, pupils of Miss Hoffer, and Ethel Causton, Bertha White, Gerald Milley, Lillian Foster, Ethel Causton, Ronald Causton, Hilda Clarke, Rhoda Craik, Gretchen Barton, Bertha White, Leonard Roberts, T. Causton, G. Miller, Eleanor McKim, Jack Waddlor, Mabel Styles, Lillian Thoms. Mrs. G. G. Seely was the accompanist.

HARDING TO PITCH

Washington, April 5—President Harding, who for many years has been an enthusiastic fan, today accepted an invitation to pitch the first ball in the opening of the American League baseball season here April 13.

ROAD INQUIRY

Ottawa, April 5—In the senate tonight Senators Tofts (New Brunswick), Tiroir (Nova Scotia), Sharpe (Manitoba) and Bernard (British Columbia) gave notice of an inquiry regarding the agreement to spend federal money on highways, the roads, and the amounts expended in their respective provinces.

FOREIGN PORTS.

Callao, April 2—Ard, strs Canadian Carrier, Baltimore; Santa Anna, New York. Havre, April 2—Ard, str Roman Prince, St. John.

MARINE NOTES.

The steamer Eika III, sailed about 5 o'clock yesterday afternoon for Havana, Cuba, with a cargo of potatoes. Furness, Withy & Co. are the local agents.

The steamer Manchester Shipper, which left Manchester on March 24, with general cargo for St. John, will arrive here sometime the last of the week. Furness, Withy & Co. are the local agents.

The steamer Manola sailed last night about 9 o'clock for St. John's (Nfld.), with general cargo. This is the steamer's last trip this season from this port as the next trip will be to Montreal. Nagle & Wigmore are the local agents.

The steamer Dunst Head will depart on Thursday for Dublin, Rotterdam and Hamburg.

The C. P. O. S. have five more passenger liners scheduled to come here before the close of the season. They are the Corsican, Victorian, Melita, Empress of France and Tunisian. The Corsican is due on April 11 from Liverpool with 374 cabin and 684 steerage passengers. The Victorian will arrive here next Sunday.

The auxiliary schooner Rayo, which went aground at the entrance to St. Martins harbor recently, arrived in St. John on Monday night. She docked at Market slip, where she is taking on cargo for Five Islands (N. S.). She was refloated without damage being done, and is none the worse for her temporary sojourn on dry land.

The steamer Aquitania sailed from Southampton on Saturday for New York. The ship, which is taking on cargo for Five Islands (N. S.). She was refloated without damage being done, and is none the worse for her temporary sojourn on dry land.

The four-masted schooner Balsa, Captain Griffin, arrived from New York.

yesterday, with hard coal for R. P. & W. F. Starr.

With the coming of spring the coasting vessels which ply about the Bay of Fundy are once more in full operation. Every day sees several of these boats enter or leave the harbor. Yesterday Market slip presented a busy appearance, no less than six of the little craft being moored at South wharf, loading or discharging cargo.

White Star officials were in receipt recently of the sailing dates of the first third-class liner to go on the Montreal run, namely the democratic ship Vedis, which will now leave Liverpool April 14 for Montreal and be one of the first vessels into that port. After that date she will run regularly to Liverpool.

A report that was current recently to the effect that marine underwriters have a set date for the opening of St. Lawrence shipping, before which date insurance is refused, has been contradicted. Montreal and other Atlantic seaboard ports, down to Baltimore are all in line. April 1 is the insurable date on the lakes but does not apply to the St. Lawrence and sea risks.

The chooner steamer Eastern States left Detroit yesterday for Cleveland, initiating the passenger traffic season on the great lakes.

The schooner Canada, expected to be a contender for the cup in the international schooner races in Halifax next autumn, was launched last evening at Shelburne, N. S. She is commanded by Captain Joseph Conrod to whom a complimentary dinner was given by the citizens of the town after the launching. The vessel was christened by Rev. John Mackenzie, a close friend of the captain. As she slid into the water the Shelburne band played "O Canada."

NOVEL CRAFT

Propellers and Rudder Within Lines of Boat For Protection Against Obstruction

Vancouver, B. C., April 5—A boat of novel design has been launched here for the Hudson's Bay Company to be used during this season on the Peace river from Hudson Hope, 800 miles west of Peace River crossing, to Vermilion Chutes, 850 miles northeast of the same central point, present northern terminus of the Edmonton & Dunvegan railway.

The boat is sixty feet over all, with a beam of eleven feet and four feet depth of hull. A tunnel is built into the body of the boat for the propeller and the rudder are protected, and there are no projections to interfere with the phenomenon light draught for so large a craft but nine inches with a maximum of not more than twenty inches when the boat is fully loaded.

When the propeller turns, the archaic cavity in the bottom of the boat is filled with water, which is hurled astern with the force of an hydraulic ram, imparting a speed to the vessel of seventeen miles an hour.

The propeller turns, the archaic cavity in the bottom of the boat is filled with water, which is hurled astern with the force of an hydraulic ram, imparting a speed to the vessel of seventeen miles an hour.

HURT BY DYNAMITE

Sackville, April 5—George Fillmore son of Anthony Fillmore, of Mapleburg was the victim of an unfortunate accident Saturday, resulting in the loss of part of his thumb and first finger of left hand. The youth, who is 16 years old, was at the home of his friend, Russell Head, and they were preparing to split a log with dynamite. The log was not bored deep enough to take the charge, and the youth went to chop a piece off the cap with an axe, with the result that it exploded.

PROVINCIAL BOND GUARANTEE FOR IRRIGATION DISTRICTS.

Edmonton, Alta., April 6—The provincial government has decided to submit to the present session of the legislative assembly a full provincial bond guarantee of both principal and interest to irrigation districts considered adequate to protect the province in connection with such guarantee, Premier Stewart announced.

The assistance will be general in its application to irrigation districts and each scheme will be dealt with separately in cases where a guarantee is sought. A new general drainage act, with provisions similar to the general irrigation act, is now before the legislature, and it is the intention of the government to place drainage schemes upon the basis with respect to guarantee assistance as in the case of irrigation.

### SOUTH END BOYS GUESTS AT SUPPER

The Philathes class of German street Baptist church gave the members of the South End Boys' Club a bean supper last evening. There were three long tables, prettily decorated, and each of the 100 seats was taken. The boys thoroughly enjoyed the excellent meal and the entertainment which was provided after they had satisfied the inner man.

In the absence of Frank White, who arrived later, A. M. Belding took the chair and on his right was Mayor Schofield, while Judge Ritchie occupied the chair at his left. Others at the table were Rev. J. A. MacKeigan, Rev. E. E. Stiles and R. E. Armstrong, secretary of the Board of Trade, all of whom made short addresses, advising the boys to make the best of the opportunities before them and complimenting the South End Improvement League on the excellent quarters they had provided. Messrs. Cameron, Warren, Wilson, Olive, Ellis, Hamilton, Mercer and Hatfield, of the South End Improvement League, with Frank Lewis, H. J. Machum and R. Brown, assisted the ladies in attending to the wants of the boys. Aerated waters were provided as a beverage by George P. Hamm.

On motion of R. E. Armstrong, seconded by Frank White, hearty thanks were voted to the ladies and all who aided in the entertainment. Miss Lewis, on behalf of the Philathes Class, said she would be glad to do so again at some future date. The boys gave hearty cheers.

After supper, solos were given by Thomas Guy, with the boys joining in the choruses, and Ronald Shaw gave several readings which met with such applause that his worship the mayor decided to give one, which also delighted the boys. The boys' orchestra, which has been formed lately, gave several selections and the meeting was concluded with the singing of the national anthem. After the boys had gone, the adults of the party remained and spent an enjoyable couple of hours.

### MASQUERADE AT THE GARDENS

Thursday evening's masquerade dance at the Gardens should be interesting alike to spectators and dancers. Four prizes will be given. Those masquerading may dance free till 10.15.

**FALLS 16 FLOORS, LIVES**

Workman Grasps Elevator Cable Till Forced to Let Go, Then Strikes a Plank.

(New York Times.)

Peter Belden, a workman, in Volunteer Hospital, considers himself a lucky man. Twice within a week he has escaped death by a narrow margin. While at work yesterday on the sixteenth floor of the new annex of the American Surety Company's building at 98 Broadway, he fell sixteen stories down the elevator shaft and was conscious when fellow workmen reached him.

Belden was putting up a scaffold on the sixteenth floor when he toppled forward into the shaft. As Belden fell he grasped the wire cable for the elevator and held on to it until the friction burned his hands and he was forced to let go. But this action had slackened his fall. Near the end of the long drop a plank protruded into the shaft. His body struck this and it served as a springboard, further breaking his fall.

Belden's first escape from death happened about a week ago when he was struck a glancing blow on the head by a falling brick. He lives at 438 West Nineteenth street.

**BEER DRINKING IN GERMANY DROPS 750,000,000 GALLONS**

Washington, April 6.—Beer drinking in Germany has fallen off by more than 750,000,000 gallons a year, as compared with previous consumption. Consul General William Coffin at Berlin reported today to the department of commerce that the consumption dropped from 1,272,000,000 gallons in 1918 to 541,000,000 in 1920, while wine consumption decreased from 79,000,000 to 52,000,000. Mr. Coffin added, however, that the population of Germany had decreased by 4,500,000 in the same period.

Cigarette consumption increased by 50,000,000,000 between 1918 and 1920, Mr. Coffin continued, but the use of cigars fell off by 4,000,000,000.

### SCORES IN RENT STRIKE

Chicago, April 6.—The long heralded rent strike became a reality on April 1, with scores of tenants "holding the fort" in defiance of the ultimatum of landlords one month before the date scheduled for the "lock out." It is the landlord who is locked out and the tenants stationed beneath "unfair" signs posted in windows announced their intention of keeping them out.

From all districts of the city, presidents of the branches of the Chicago Protective League reported cases of tenants who were refusing to move.

No reports of attempts of landlords to evict tenants whose leases expired had been received at the headquarters of the league tonight and indications were that landlords warred by the determination expressed by the tenants, had not attempted to rent the apartments to others.

"We have no definite figures on the number of tenants whose leases expired yesterday and who are remaining in their apartments and waiting for the landlords to try to evict them," said E. A. Potter, business manager of the league. "There are many, however, who asked for our 'unfair' signs and announced their intention of fighting. We will not know for several days how many actually followed the procedure we recommended. Many of the people have no other course, because they cannot find suitable apartments."

### ROMAN THEATRE REVIVED

London, April 6.—Paris will probably shortly be treated to the spectacle of modern actors playing in an ancient Roman setting in the heart of Paris. M. Genier, the well-known actor-manager, whose efforts towards the uplifting of the theatre are as original as they are varied, has conceived the idea of renting the Arenas des Luteces, the old Roman theatre which still exists on the left bank of the Seine.

The Municipal Council has been considering the scheme, and it now seems likely that they will be willing to let the arena for theatrical purposes for a rental of 500 francs a year and three per cent. of the total receipts. Visitors to the Roman remains will be admitted as usual on days when no performance is given. It seems likely that if the Municipal Council approves of the scheme, the first play to be staged will be Sophocles' "Oedipus," which will harmonize in every respect with the setting.

**Soccer Game Thursday**

The C. A. A. soccer team will play a match against a team from the imperial army on Thursday evening on the East End grounds kick-off at 8.45 p. m. The C. A. A. team will be picked from the following players—Coutte, Frost, Lennox, J. Smith, W. Smith, Langworthy, Keson, Rankin, Richmond, Simpson, Reid, Thomson.

### ENTERTAINMENT BY ST. MATTHEW'S Y. P. A.

Refreshments were served at the close of the programme.

**EXPECT TO HAVE 1,000 ROTARIANS**  
(Ottawa Journal)

Upwards of one quarter of the total membership in Rotary District No. 4 will be in attendance at the District Conference in Ottawa on Friday and Saturday, April 8 and 9, it is believed. There are four thousand Rotarians in that portion of Ontario, Quebec and New York States which comprises the local district and the present indications are that at least 800 delegates will come to this city for the district gathering. These visitors, with the 120 local members, will make practically 1,000 Rotarians for the Ottawa assembly.

Announcement was made yesterday that Rt. Hon. Arthur Meighen, Prime Minister of Canada, will be one of the principal speakers at the Rotary Convention.

## EMPRESS THEATRE, West End

CHARLES RTY in  
"HOMER COMES HOME"

Town joke was he. Shiftless, no account n'everything. He'd show 'em some day. He'd show her too. He'd come back to their old town a great man and they'd be proud to get the band out and—

One day after three years had passed, Homer came home. A story that gets to your heart—and pulls—then sends you away full of smiles.

**SKINNY'S SICK**—A comedy based on the days of real sport.

TUESDAY—WEDNESDAY

## VENETIAN GARDENS

Thursday Eve'g, April 7th

## MASQUERADE DANCE

4 Prizes for Clear and Original Costumes

Masqueraders will be allowed to use the dance floor free until 10.15.

Same Admission—Only 25c

vention, while Ottawa will also be honored by the presence of Mr. Estes Snedcor, president of International Rotarians, who will attend all sessions of the local convention throughout the two days. Canada's First Citizen and the leader of International Rotary will both undoubtedly receive tremendous ovations.

Who Pays The Income Tax And How Much

Dates to Remember. March 31—Last day for companies' and employers' returns of shareholders and employees under the Income Tax Act, 1918.

As anyone else and must apply for a form and send it in with the necessary certificate. In such a case the \$200 exemption for each dependent child may be claimed by either husband or wife, but not by both.

Who Pays and How Much. Numerous other changes in the law date from last year's revision. Income from an estate is now taxable, whether or not such income has been distributed, and must be paid year by year.

Who Comes Under This Law? Everyone with \$1,000 a year if single, or \$2,000 if married, who ordinarily resides in Canada or has lived in Canada 183 days during the year, or is employed or carries on business in Canada, or is paid for services rendered in Canada, but in this last case only on income so earned.

How Much is the Tax? Normally four per cent on income up to \$5,000 and eight per cent on income exceeding that figure. There also is a surtax on incomes over \$5,000, rising by regular steps from ten per cent on the first \$1,000 over the \$5,000 up to sixty-five per cent on anything and everything over \$10,000.

Incomes and Exemptions. To the question, "What income has to be stated?" the answer is: "Your revenue for 1920 from salary and fees, business profits, rents, interests, dividends or other income, including any received from outside Canada. Allowed deductions in the calculation of normal income tax are: (1), \$1,000 if single or widow or widower without dependents; (2), \$2,000 if married; (3), \$2,000 if of class 1 but with dependent child or grandparent; (4), \$2,000 if a widow or widower with dependent child under twenty-one or incapacitated child of any age; (5), \$200 for each dependent child under eighteen; and (6), dividends from companies doing business in Canada which companies have themselves paid normal tax.

In addition, four items are entirely exempt from federal income taxation: interest on tax-free Canadian war bonds; Great War pensions; moneys made by speculations outside of ordinary business, and legacies, gifts or the proceeds of life insurance policies, but not moneys earned by the investment of these.

Allow Business Deductions. In arriving at the net income liable for taxation, deductions also are allowed of ordinary operation expenses of business or profession; interest on moneys borrowed as business capital; taxes, insurance, repairs and depreciation charges against non-residential lands and buildings; amounts paid by employees under superannuation funds or plans; and carrying charges on securities, not exceeding the income therefrom. It also is permissible to deduct payments made for corresponding periods under the Special War Revenue Act or the Business Profits War Tax Act; and income tax paid to another country, if this does not exceed the tax normally payable in Canada on the particular income for which tax has been paid elsewhere, and in the case of a foreign country, if that country reciprocates by allowing a similar credit to persons receiving incomes from Canada. Such credit is allowed by the United States.

A married woman with an independent private income may claim personal exemption up to \$2,000 for normal tax, up to her husband does. Beyond this figure she is liable for the same tax as

WORTHY RECORD

Eleven Years in North, Chief Fire Ranger Over 50,000 Square Miles Retires

Winnipeg, April 6—Eleven years in the northland as chief fire ranger, with jurisdiction over 50,000 square miles of territory, is the record of J. T. Blackford, who recently arrived here from Norway House, which was Mr. Blackford's headquarters, has a population of about 1,100. Fifty per cent of the people are white and the balance are half-breeds and Indians.

Why the Scraps Scrap. Mrs. Scrup—John, I've invited one of my old sweethearts to dinner. Do you mind? Scrup—Certainly not! I always like to meet lucky people.

Another Example. Buy a 35c. tube Rexall Pearl Tooth Paste and we will give you a second tube for One Cent. or two tubes for .36 cents

BRITISH ACREAGE AND LIVE STOCK

Complete official returns of the British ministry of agriculture show that the acreage under important crops in the United Kingdom in 1920 still exceeded the corresponding pre-war average.

In the preceding year by 1923. The number of owners occupying their agricultural lands increased from 48,465 in 1919, to 57,234 in 1920.

BONES OF PREHISTORIC MONSTER FOUND IN WELL EXCAVATIONS. Regina, Sask., April 5—A discovery which will be of interest to archeologists was recently made on a farm near Leeder, Sask., when bones of a prehistoric monster were found.

RETIRES AFTER 36 YEARS AS POSTMASTER. Calgary, Alta., April 6—George Gilt King, for thirty-six years postmaster of Calgary, retired April 1. Mr. King is a real pioneer of Calgary and the west.

A six year old son of George Mason, Main street, boarded the Halifax train yesterday and was not discovered by the conductor for some time. He was taken off at Moncton and given in charge of officials there and was sent back last evening. His disappearance caused his parents great anxiety.
