Cut off Germany if She Refuses to Sign

Complete Isolation Being Considered in Paris—Treaty to be Placed Before Huns on Wednesday

Paris, May 6.—The complete economic isolation of Germany is being considered by the council of foreign ministers of the peace conference as a measure to be adopted in the event that Germany refuses to sign the peace treaty.

Paris, May 6.—(By the Associated Press)—It was officially announced last night that the preliminaries of the peace treaty will be communicated to the Allied delegates this afternoon and to the German plenipotentiaries on Wednesday afternoon.

HOW THE STAGE WILL BE SET. Versailles, May 5.—(By the Associated Press)—When the German delegates enter the dining room of the Hotel Triannon on Wednesday afternoon to receive the text of the treaty of peace they will find the representatives of the powers arrayed against Germany, waiting them at one of the great tables.

On the left side and seated below the delegates of Great Britain will be those of the British dominions, Japan, Poland, Roumania and Czechoslovakia.

Only six of the principal German delegates, forty minor ones, will be admitted, according to present arrangements. Forty minor ones, will be admitted, according to present arrangements.

Five British correspondents will attend the session on Wednesday, France, Italy, the United States, Japan and Germany will each have the same number.

Paris, May 5.—(By the Associated Press)—Orders have been issued to specialists in Austro-Hungarian subjects to rush their reports so that the treaty with Austria can be considered during the fifteen days that the Germans will have to discuss the terms of peace.

It would appear that St. John and Halifax are in line for some big transatlantic musical and dramatic attractions if the plans of Mr. Gest of the New York theatrical firm of Comstock and Gest turn out as he thinks they may.

Mr. Gest arrived at Halifax a few days ago one of the big liners. During the course of transportation the Comstock and Gest turn out as he thinks they may.

From the standpoint of entertainments this would be a very notable departure. The only other attractions from overseas that have played eastern Canada before upper Canada or the United States were the Sheffield Choir, and the Bandmann Opera Company.

F. Stuart-Whyte, proprietor of the Clandrea show, will disband his big company in this city on Friday, the members dispersing to upper Canada, western Canada and New York, but most of them, including the principal and executive, will book passage to London.

BYE-LAW MATTERS. The case of Nelson Geldart, who was charged with violating the rules of the C. N. R., by driving under the gates at the railway crossing in Mill street when they were being closed, was resumed in the police court this morning and was postponed until Friday.

Leonard Dryden, Frank Donnelly, whose car, it was said, was driven by J. D. McCafferty, and J. E. Cowan were in court this morning charged with operating their cars without having proper lights burning. The cases were dismissed as satisfactory explanations were made.

Walter Thompson was charged with allowing his horse to stand at the corner of Main street and Paradise Row from 6.15 p. m. till 8 p. m. The case was postponed until Friday.

RUTHENIANS IN WEST DEMAND INQUIRY. Winnipeg, May 6.—At a meeting of 200 Ruthenians of the Springfield district it was unanimously decided to request that a royal commission investigate charges that Ruthenians were fomenting revolution.

Russian Situation Developing Change

Allied Experts See It Coming

As Hiram Sees It

"I had a great time yesterday," said Mr. Hiram Hornbeam, "Allan Schofield took me to that Rotary Club. He's a good fellow. Wants me to be here to that big time the first of June. They're all good fellows up to that Rotary Club. A man named Garter in another man named Brown was awful patient about my health. Then there was a doctor and a dentist looked me over and told me I was as sound as a nut. They had a thing there that was wasn't 'Side' from a cart, that hasn't had its wheels greased since the war started. I hadn't seen such a jolly crowd since Ham Slicker's frolic. Did I ever tell you about that frolic?"

"I don't recall it," said the reporter. "Well, Ham lived in the back street. He had a frolic in a gallon of old Jamaica rum. It was a long spell ago—for I was a young fellow. Well, sir, the men chopped an' cleared up a piece of land, an' after supper we danced to chin music. Say, Mister, that was some dance. I bet you'd give two dollars an' a quarter to see it on the stage."

"I hope," said the reporter, "you are not insinuating that the Rotarians had a gallon."

"No, No!" broke in Hiram. "What I mean to say is that you kin hev just as much fun when you're plain sober as when you don't know whether you're a man or a monkey. Now that feller that spoke—thar, Captain Connor—he told about a chap that was makin' tracks for London because he couldn't get full whenever he wanted to in British Columbia. The captain talked good honest sense when he said that what we ought to do is to hev somethin' to take up the attention of a feller like that, an' convince him he don't hafta depend on an other drink to make life worth livin'."

"A feller could go through that war without takin' a drink, like some of 'em in our army," said the reporter, "and go along without it in peace time for the sake of the women an' children an' for the sake of the feller's own growin' up. As for bootleggers, I wouldn't 't'wixt 'em like you feller's 't'wixt 'em. I wouldn't 't'wixt 'em like you feller's 't'wixt 'em. I wouldn't 't'wixt 'em like you feller's 't'wixt 'em."

"We're turnin' out too many crooks of one kind an' another. Some of 'em can't read, an' some kin read too ding much sense. We're too carny about the young fellers. I had some young steers once an' I turned 'em loose in the back lanes. I guess they didn't see a soul all summer. Well, sir, when I was in 'em late in the fall it took six of us to turn 'em up. I walk around the streets here an' I see the crowds, an' I wonder how many of them young fellers an' young fellers has anybody that cares a tinker's dam whether they're good or bad. I do—By Hen."

DEATH OF DANIEL COUGHLAN. Another well known figure in the business and household life of St. John was removed last evening in the death of Daniel Coughlan, aged eighty years, a man who up to some nineteen years ago conducted a clothing business in the Market Square. He had been ill but a few days and his advanced age failed to withstand the shock.

Mr. Coughlan, who was brought to this country from Ireland, where a member of nine, had lived in St. John all his long years and raised a family of worthy sons and daughters. The surviving sons are Walter P., of Metapedia, P. Q., M. J. of Montreal; Frederick at home, Daniel at home, Alfred of Boston; William and David (stepsons) of Boston and the daughters are Mrs. D. Lynch, of West St. John; Mrs. Michael McNeely, of West St. John and Miss Mary Ellen at home.

Holds Prohibition. Quebec, May 6.—The town council of St. Romuland, near Quebec city, last night refused to repeal the local prohibition and grant licenses for the sale of beer and wine.

Phelix and Ferdinand. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis.—Pressure changes are occurring with great rapidity. The low area which was in the lower St. Lawrence Valley yesterday has passed to eastward of Newfoundland, while the western high area has moved to the St. Lawrence. The weather is fair throughout the domain.

Lower St. Lawrence, Gulf and North Shore.—Fine today; Wednesday, easterly winds, rain before night. Maritime.—Fresh northwest winds, fine and cool today; Wednesday, easterly winds, fair.

Russian Situation Developing Change

Allied Experts See It Coming

As Hiram Sees It

Paris, May 6.—(By the Associated Press)—Specialists on Russian subjects attached to various Allied delegations at the peace conference, expect decided changes in the Russian situation within the next few weeks.

The Finnish military movement, which has been threatening Petrograd and which has been surrounded with mystery, is now well defined. General Udenitch and 4,000 Russians opening with him have the support of the Finnish government and troops and have recaptured large numbers of Russian peasants who have become tired of Bolshevik requisitions. General Udenitch has occupied Petro-Avodiak, Oles and Lestline Pole, east of Lake Ladoga, and thus controls the southern end of the Kola railway. The escape of the Bolshevik operating against Allied forces in the district are apparently preparing to launch a movement looking to their annexation to Finland. This would give Finland the Kola railway and a northern outlet to the Arctic.

The Russian committee working for a united Russia here is decidedly unfavorable to such a step and is trying to block it. Many persons believe the Entente powers are encouraging the Udenitch movement, which is threatening Petrograd, so seriously that the Bolsheviks are evacuating the city. If Udenitch should occupy Petrograd, the revivification of the city by the Allies would be easy, and the apparent abandonment of the Nansen plan of revivification of Petrograd under neutral auspices is regarded as an indication that the Entente powers are ready soon to be forced to withdraw to Moscow.

Admiral Kolchak's Siberian army continues its movement toward the Volga, and it is expected that the cities of Viatka and Komar will fall into the hands of the Whites. The Bolsheviks are evacuating the cities of the Volga and Udenitch menacing Petrograd; with Kiev in the hands of the Whites, the Russian railway network toward the troops, and with Kolchak's northern army moving rapidly toward the Volga and Udenitch menacing Petrograd; with Kiev in the hands of the Whites, the Russian railway network toward the troops, and with Kolchak's northern army moving rapidly toward the Volga and Udenitch menacing Petrograd.

Disregarding the recommendation of Governor Zimoviet of Petrograd, Nikochevitch, the Russian cabinet minister, recently has been releasing virtually all political prisoners there in an effort to show that the government is becoming more tolerant.

Need of Sport Facilities Is Talked Over

Delegation of Representatives of Interested Associations Heard at City Hall; Playgrounds for Children; Field for Seniors

Playground and athletic field problems occupied the attention of the city commissioners at a special meeting.

Delegation of Representatives of Interested Associations Heard at City Hall; Playgrounds for Children; Field for Seniors. The delegation included A. R. Crookshank, A. M. Gregg, A. W. Corey, A. M. Belding, H. H. McLellan, William Donohue, T. H. Babyns, Charles D. Morris, Captain A. J. Mulcahey, A. C. Skelton, Capt. W. B. Stokes, M. Bohan and H. L. Garter.

The mayor explained the purpose of the meeting and asked for statements from the delegation. Mr. Belding, representing the Playground Association, South End Improvement League and Rotary Club, was the first speaker. He asked first for a statement of policy, saying that he did not believe in subsidies for the development of professional or semi-professional sports.

There is considerable mystery about the whole affair, and it is unknown whether or not Premier Lloyd George has been in communication with the visitors at the State government, and also if he promised to receive them, but has cancelled his engagement for the interview. A question was addressed to the government in the House of Commons Monday with a view to establishing whether the envoys are accredited to the United States government, and also to establish their exact status. It was also asked if the premier had intended to receive them. The question was met evasively by the home secretary, who promised to make enquiries and said that this would occur a week.

While, according to some despatches from Ireland, the Russian cabinet minister, says the Post, "ought to be told that the United Kingdom does not tolerate interference in its domestic affairs. They are our business and the business of nobody else."

The Graphic says—"If any of the states of America were again to demand the right to secede from the union, it is certain the American people would be bitterly indignant; such men will receive any kind of official encouragement from Great Britain. We apply the same standard of judgment to American interference in our affairs."

Gloucester, N. S., May 6.—The trainmen of the Sydney and Louisburg railway—the coal carriers of the Dominion Coal Company—have been agitating for several years and eventually took their case to the ward board at Ottawa. They won and have been granted eastern schedule pay, an eight hour day and pay and a half for overtime, the same as given the Canadian Pacific and government railways. The increase is to be dated from 1913, a concession of \$87,244 over the actual revenue for 1913. It is largely based upon the new taxes imposed during the present session.

COL. C. G. PORTER HOME FROM WAR

For a Time Was in Command of The 26th Battalion—Won D. S. O.

Col. Cecil G. Porter, lately commanding the 18th Canadian Reserve in England, but better known as one of the originals of the 26th Battalion, of which he was in command for a considerable period, arrived home today by the Montreal express having reached the Canadian metropolis by the steamer Metegama a few days ago.

Col. Porter and Mrs. Porter, who joined her husband in England last autumn, were met at the depot by the Colonel's brother, H. A. Porter, and they are at present at his home, Paddock street. In a day or so the returned officer will visit his parents, Mr. and Mrs. Alfred Porter at Bear River, Nova Scotia, after which he will return to his business in Montreal.

Possibly no St. John boy has had a more thoroughgoing career in uniform than Colonel Porter. When he left St. John he was merely a lieutenant and won the succeeding ranks by straightforward merit as a fighter and an executive officer. The higher command recognized these qualities by conferring upon him the Distinguished Service Order. With the man of all ranks Colonel Porter was deservedly popular and was held in high esteem. He saw plenty of service of the hardest kind.

Transfers of real estate have been recorded as follows: St. John County.

John Chesworth to Thomas and Elizabeth Chesworth, property in Simonds. C. A. R. Kelly to John Earle, property at Torriburn Heights.

SITUATION AGAIN IS BAD IN MEXICO

Villa Captures Parral and Wins Over Whole Garrison—Torreón Believed Next Objective

Washington, May 6.—The situation in Northern Mexico is again reflected as serious, in advices from Mexico City and the border. The state department has been advised that 8,000 employees of an American mining company at Santa Eulalia have been ordered to Chihuahua and because of threats by Villa.

In the capture of Parral the entire Carranza garrison went over to the Villa forces, which now threaten Chihuahua. City Americans in the state capital are reported to be endeavoring to obtain passage to El Paso, as they believe the garrison will join the Villalistas in the event an attack is made on the city. Torreón is said to be Villa's next objective and it is the belief here the capture of the city would clear his road to the south.

Advices reaching Washington late today said that a portion of the Villa army had taken Bustillos, a town on the northwestern railroad about fifty miles west of Chihuahua. These advices, it was said, would indicate that the forces of Villa had divided, as recent despatches have said that a large Villa army still was in the vicinity of Parral.

FATHER HUGHES, HEAD OF PAULIST ORDER IN UNITED STATES, DEAD. New York, May 6.—Father John J. Hughes, head of the Paulist order in this country, died in a hospital here early this morning, aged sixty-two years. He had been unconscious most of the time during the last two days. He suffered a nervous breakdown due to overwork about five weeks ago, and was removed to the hospital.

Father Hughes was for eight years superior general of the Paulist order.

THE INSPECTOR AND THE POLICE

Sunday Sermon Remarks Not Meant for St. John Force Except in One Instance

In accordance with the request of the common council and as head of the safety department which has jurisdiction over the police force, Commissioner Thornton has interviewed Rev. W. D. Wilson, chief inspector under the liquor act, with reference to the statements made by the latter in a sermon on Sunday with regard to officials and the enforcement of the act.

Mr. Thornton said that a man convicted of violation of the act now was a member of a police force and in this case it was the St. John force that meant. The conviction occurred before the man joined the force and the charge against him was that of having liquor in his possession other than in his own home.

CONBON LEAVES REDS. Budapest, May 6.—(By the Associated Press)—Former Food Minister, Conbon of the Soviet government has fled from this city with his family and has joined the counter revolutionists. Reports are that he has declared the abandonment of Bolshevism because "Bela Kun acted like a Caesar and would not take advice." Czech forces are reported within twenty miles of this city.

Edmonton, Alberta, May 6.—Hon. C. W. Fisher, speaker of the Alberta legislature, died early this morning.

AN EASY WAY TO MAKE TWENTY-FIVE DOLLARS A prominent citizen has offered the tidy sum of twenty-five dollars in cash to the man, woman or child suggesting a name for the new forward New Brunswick movement, acceptable to a committee of judges. The contest is a simple one without any restrictions whatever, and before the 18th of this month all answers should be sent in to the "Name Contest Editor" of the New Brunswick Tourist Association, St. John (N. B.). The organization of New Brunswickers to which this name is to be given, will hold a grand convention in St. John on June 8 and 9, for the formation of plans and propaganda, with which it is hoped to place our province before the world as a recreating centre, a good place to make a home, an industrial location and a hunter's paradise. It is our own special after-war effort, and this little contest for a name is only one way of bringing it before the people. A moment's thought and a postage stamp will win twenty-five dollars for you, besides making you a co-operating citizen of New Brunswick.

GAVE HIM A CHAIR A surprise party was tendered J. H. Pitt at his home, 285 Watson street, west, last evening when a group of friends called and after extending their congratulations on his birthday, presented to him a Morris chair.

NO FLIGHT TODAY New York, May 6—Unfavorable weather reports from points along the coast and a strong northeast wind held the three American naval planes to their hangars early today. Whether the naval planes will attempt the projected flight to Halifax later in the day depends on a moderation in the wind and the favorable reports from along the route to Halifax.

St. John's, Nfld., May 6—The north-west wind prevailing here today conditions for flying, but Atlantic conditions are not promising. The aviators will await the midday bulletin before deciding as to making a start.

Trepassey, Nfld., May 6—The destroyer Foote, one of the flotilla assembled here in connection with the American navy department's trans-Atlantic flight, went hard around here early today. She is in no immediate danger.

LATER New York, May 6—The proposed start today of the navy department's trans-Atlantic flight by way of Halifax is postponed because of adverse weather conditions.

Ready at Halifax. Halifax, May 6—Everything is in readiness at the seaplane base at Eastern Passage, across the harbor from Halifax, for the reception of the three United States naval seaplanes. Local weather conditions are favorable for flying.

CONDENSED NEWS American Consul Treadwell, arrested by the Russian Bolsheviks in last August, has been freed and has reached Stockholm.

It is reported that General Milan Stefanovic, Czechoslovak minister of war, was killed near Wajnor, Hungary, on Sunday, when an airplane in which he was traveling crashed to the ground.

NEW FIRE ALARM BOX A new fire alarm signal box has been installed at the intersection of Millidge Avenue and New Street. Its number is 133. Commissioner Thornton has arranged for the installation of another in Thorne Avenue in the east end.

DON'T DRUG KIDNEYS RUB BACKACHE AWAY Instant relief! Rub pain, soreness and stiffness from your back with "St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and quick relief is soothing penetrating "St. Jacobs Liniment." Rub it right on the ache or tender spot, and instantly the pain, soreness, lumbago and lameness disappear. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain, soreness. It is harmless and doesn't burn or discolor the skin. It's the only application to rub on a weak, lame or painful back, or for rheumatism, sciatica, neuralgia, circumscription, sprains of a strain.

NEEDLE-PRICK CAUSED BLOOD-POISONING Miss S. A. Wernicke of Hilton, B.C., writes that she is convinced Zam-Buk saved her arm when blood-poisoning set in as a result of an injury. She says: "I was sewing when the needle slipped and penetrated my finger to the bone. Soon my finger and then my arm began to swell, and became so stiff that I could not use it. I became anxious and tried remedy after remedy. As each one failed I tried another, but my hand only got worse and the poison spread right up my arm. Large lumps appeared, and the pain was awful. Then a friend recommended Zam-Buk, and I lost no time in trying it. It wasn't long before the pain grew less and less, the lumps disappeared and then the swelling was reduced. Zam-Buk drew out all the poison and then healing commenced. I continued using Zam-Buk until I was completely cured, and am convinced that if it hadn't been for this wonderful salve I should have lost my arm."

No matter how small the injury, it should have immediate attention if you would avoid serious consequences. Apply Zam-Buk at once and you will have nothing to fear. Zam-Buk is equally good for burns, scalds, cuts, eczema, ulcers, rashes, and bed sores. All dealers, 50c. box.

BOUGHT HEAVILY AT HIGH PRICE, IT'S AWAY LOW NOW Halifax, N.S., May 6—The market for herring at Halifax is demoralized. Dealers are loaded up with heavy stocks purchased at high prices, and the export market is down to a figure that is ridiculous. As high as \$11 a barrel was paid for herring, the average for the whole stock of more than 30,000 barrels was \$10, while today as low as \$4 a barrel is said to be being offered.

ITALY AND THE ALLIES Paris, May 6—By the Associated Press. The decision of Premier Orlando and Foreign Minister Sonnino to return to Paris was taken spontaneously after the conference in Rome yesterday. The conference of three did not reply to the telegram received from Baron Sonnino on Saturday.

Camille Barre, French ambassador in Rome, has been busily occupied during the last few days in smoothing away differences, according to Liberte.

CLERKS OF DOMINION COAL CO. MAY STRIKE Glace Bay, N. S., May 6—The clerical union here, embracing all the colliery office, warehouse and weighing clerks, time staff of the Dominion Coal Company, decided last night to go on strike. The most serious result of the strike will not receive their pay until the strike is settled. The feeling among the miners is so strongly in favor of the stand taken by the clerks that it is thought possible the miners will strike in sympathy with them and tie up Dominion Coal Company mines in Glace Bay and district.

CALGARY VIEWS ON THE INDUSTRIAL UNREST Calgary, May 6—Lavish display of wealth by citizens who possess it, the extravagance of governments, federal, provincial and municipal, the prodigal manner in which the other natural resources of Canada have been showered on speculators and other exploiters of the public, and the prevalent opinion "The working people are reaching out to a fuller life," said Mr. Irvine.

"BABY" WAS A BOOZE SUPPLY Toronto Constable Suspicious as Woman Leaves Train and Quite a Haul is Made Toronto, Ont., May 6—A woman stepped from a Montreal train yesterday with a carefully wrapped child in her arms. Police Constable Hines investigated her to the police station, where the "child" proved to be five and a half gallons of whiskey in tins and bottles. A further search revealed two bottles of whiskey in the woman's pockets. She gave her name as Anna Cheyevreck. She was relieved of her burden and \$300.

CASE RESUMED In the liquor and false pretence cases in the police court this afternoon, I. C. R. Polteman Pierce said that he had demanded a pocket-book from a man named Lutz, containing a check, which he gave to Inspector Biddiscombe. Chief Inspector Wilson probably got on the stand this afternoon. He said today that he was drafting a report which he would give to J. M. Colwell, president of the Police Protective Association.

Home From Siberia. The steamer Montague arrived at Victoria, B. C., yesterday with fifty-six officers and 1026 other ranks of the Canadian Siberian Expeditionary force. Other detachments are following on the Empress of Japan and Empress of Russia.

TRAPPED IN AN APARTMENT HOUSE; 8 DIE Columbus, Ohio, May 6—Eight persons are known to have been killed and a dozen or more were injured, several probably fatally in a fire which early today destroyed a six story apartment house in the downtown section. The flames, said to have originated from an open gas jet, enveloped the single stairway in the centre of the building and cut off the escape of the sixty or more persons in the building. Men, women and children jumped from windows and several children were thrown from upper floors into fire nets. The damage was estimated at \$20,000.

HALIBURTON CLUB OF KING'S OPENS THE ENCAENIA EXERCISES (Special to Times.) Windsor, N. S., May 6—The annual encaenia of the University of King's College opened last night with the annual meeting of the Haliburton Club, followed by a dinner. The meeting, following the usual lines, consisted of articles, musical selections and readings. The programme was as follows:—Song, Captain Bennett; paper, History of Education, W. S. Milner; violin solo, T. B. Winger; Spirit of Canadian Verse, Status of Empire in Poetry, J. D. Logan. Justice Russell added a few words in breezy manner. Rev. Professor E. Willett, M. A., D. D., accompanied the musical part of the programme on the piano. The meeting was contributed to from time to time by college songs and yells, which added jollity to the meeting. About eighty guests were present.

After this interesting programme the meeting adjourned to the Commons Hall, where a sumptuous repast was served. The president of the club, Prof. J. B. MacCarthy, occupied the chair and spoke a few words. The toast list was as follows:—The King; Alma Mater, responded to by R. Parnell, '22; The Faculty, Dr. Doyle of King's our guests, Dr. Cullen of Acadia; Sister Universities, Dr. J. D. Logan; The Old Graduates, Rev. J. Andrus; The Learned Profession, Justice Russell; The Fellows of Haliburton, Justice Longley; Clergy, Rev. N. H. Wilcox. The meeting closed with the singing of "Auld Lang Syne."

The Haliburton Club is an institution incorporated by an act of the legislature of Nova Scotia in 1884. Its object is the cultivation of Canadian literature. It holds meetings bi-weekly throughout the year in the rooms occupied by Judge MacCarthy, the removal of the Common Law, Justice Russell, the Fellows of Haliburton, Justice Longley, Clergy, Rev. N. H. Wilcox. The meeting closed with the singing of "Auld Lang Syne."

DRIVE CHINESE OUT OF LUNCH ROOM BUSINESS IN TORONTO Campaign by Waiters, Waitresses, Cooks and Others Planned Toronto, May 6—A campaign to drive the Chinese out of the lunch room business here is said to be under way. The campaign is being conducted by waiters, waitresses, cooks and others. A meeting has been planned for Wednesday night in the Labor Temple to set the ball rolling. While no definite course has yet been devised there is likely to be serious trouble before long. Since the riots last August, when Greek lunch rooms were damaged by returned soldiers, practically all the Greeks who were in the lunch room business here at that time have sold out to Chinese.

PROVINCIAL FOREST SERVICE BUILDS FIRST RANGE CABIN Work will start in a few days on a ranger cabin and fire-fighting tool storehouse on the headwaters of the north branch of the South West Miramichi River near Juniper Station on the Trans-continental. The cabin is being built by the ranger and game wardens themselves. Ranger Bradbury is in charge. Canoes and emergency fire fighting tools will be aggregated nearby.

OVERLAND HAS LABOR TROUBLE Toledo, Ohio, May 6—About 7,500 unionized employes of the Overland plant and 800 of the Electric Autolite Company, an Overland subsidiary, quit work as usual at 3:30 p. m. yesterday in defiance of orders of their employers to stay on the job until 4:06 p. m. Included in the employes to cast their lot with the men were 500 women, employed at the Overland as sewers, upholsterers and in the main lining room. They belong to unions.

Vice-President Clarence Earle of the Overland declared that each employe quitting at 3:30 had forfeited his job. Union men at the Overland said they expected that 3,000 non-union workers would walk out in sympathy.

Washington, May 6—Imperative need of increased activity during the remaining four days of the Victory Liberty loan campaign was indicated last night by the treasury's report that subscriptions to last night amounted to \$1,808,720,000, or only forty per cent of the aggregate needed.

COUNTESS LEARY LEFT MORE THAN \$2,000,000 New York, May 6—The will of Miss Annie Leary, papal countess, who died on April 26 last, disposes of an estate estimated at more than \$2,000,000, of which \$200,000 goes to the Archbishop of New York. Other public bequests were \$5,000 for the upkeep of the Arthur Leary Memorial Chapel at Bellevue Hospital, and \$8,000 to a niece, Miss Anna Leary, to be spent for charities as she sees fit. Miss Leary and her sister, Louise, of 139 East Sixty-third street, each got a fourth of the residue, and the other half is divided equally among Lillie, Alice and Annie Berry, nieces, of Brooklyn.

The will, made in 1911, explains the bequest to the Roman Catholic archbishop as follows: "The Archbishop of the Roman Catholic Church in and for the city of New York, for the time being, having personally offered me the privilege of providing for the building of a sacristy connected with St. Patrick's Cathedral on Fifth Avenue between Fifth and Fifty-first streets, in the Borough of Manhattan in the city of New York, and having promised me that there shall be reserved for the burial of my own mortal remains and those of my family vault directly beneath the altar of said sacristy to contain the remains of eight persons, I therefore give and bequeath to said archbishop and to his successors in office, the sum of \$200,000 to be used in the erection of said sacristy and vault; and further it is my wish and I direct that my own mortal remains shall be buried in said vault, and also those of the following members of my family now enshrined in a vault under the old St. John's Cathedral in the city of New York to-wit: my father, James Leary; my mother, Catherine Leary; and my brothers, Arthur Leary, Charles Leary and Daniel D. Leary."

You Can Plan a Lot of Good Things To Eat With Catelli's Macaroni

Exploring the possibilities of Macaroni is a never-ending delight to the good housekeeper. It can be served in such a variety of delectable ways—our new Cook Book, alone, gives 115 recipes.

Macaroni has more flavor even than potatoes, and Science shows that it has far greater food value. A pound of potatoes yields 295 calories (units of heat or energy). A pound of Catelli's Milk Macaroni yields 1664. Cream, Fish, Steak, Eggs, Spring Chicken and Bread, all give smaller calorie-values—cream, the highest, showing 881.

CATELLI'S MILK MACARONI

(Made in Canada)

Every scientific help that money can command or skill devise, has been utilized in the producing of Catelli's Macaroni products. They are made only of the choicest Semolina Flour and milk—in an ideal factory, under ideal conditions—never touched by hand. Semolina Flour is that granulated, cream-colored Flour, milled from the finest hard wheat, richest in gluten, the great body-builder.

Meantime try these recipes:—
CREAMED MACARONI
One-third package Catelli's Macaroni prepared by boiling. Break macaroni into pieces; put in a buttered baking dish, and cover with a white sauce made by cooking together one tablespoonful butter, one tablespoonful flour, and one and one-half cup milk; add one-half teaspoon salt and two tablespoonfuls grated cheese. Mix three-fourths cup cracker or breadcrumb crumbs with butter, spread over top of pan, and bake until nicely browned.

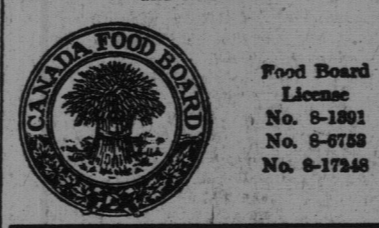

VERMICELLI SOUP
Put a quart of clear broth into a stew-pan on the fire; when boiling; add 2 oz. of Catelli's Vermicelli, boil gently 10 minutes and serve.

Catelli's Milk Macaroni, Spaghetti, Vermicelli, Noodles, Ready-Cuts, Alphabets, Stars and Animals are the best you can buy.

Easy to cook—delicious—economical—easy to digest.

Always in Sealed Packages—Ask your grocer. Send us your name and we will mail you our Cook Book "The Girl at Catelli's" free.

THE C. H. CATELLI CO. LIMITED, MONTREAL.

MAJOR INCHES ON WAY HOME.
A cable from Major Cyrus F. Inches was received yesterday saying that he is on the steamer Mauretania. No doubt his battery is on board too. The New Brunswick men will likely come to St. John with the siege batteries and the balance of the battery go on to Montreal.

Daylight Time in N. F.
St. John's, Nfld, May 5—Newfoundland came under operation daylight saving act today, change becoming operative last midnight.

ROBERTSON'S
Practice Frugality by Stretching Your Dollars

It is highly important in these reconstruction days that you see to it that every dollar spent produces its full purchasing power. That you get value received in QUALITY and QUANTITY for every penny of your outlay.

We have made the claim repeatedly and unhesitatingly do so again that nowhere in this city, quality considered, will your dollars go as far as at ROBERTSON'S. Let the stores WHERE QUALITY COUNTS prove it to you today.

The Audit Bureau of Circulations audits the circulation of The Evening Times.

THE JUVENILE COURT.

Delegations will appear before the finance committee of the municipal council tomorrow to present the case for a juvenile court and probation officer. The legislature in passing the consolidated Children's Protection Act with amendments has made it possible for any municipality or group of municipalities in the province, as well as the municipality of the city and county of St. John, to establish a juvenile court, with judge and a probation officer or officers. The judge is to be appointed by the lieutenant-governor-in-council, but the judge names the probation officers. The act says: "It shall be the duty of the judge to study the municipality, acquaint himself with the causes of juvenile delinquency, and bring to the attention of the people methods by which, in his judgment, such causes may be remedied or removed."

Of course he has other duties, such as presiding over the juvenile court. Of the probation officer the act says: "It shall be the duty of the probation officer to make such investigation as may be ordered by the commissioner; to present in court in order to represent the interests of the child when the case is heard; to furnish to the court such information and assistance as may be required; and to take such steps as may be directed by the judge."

It is especially the duty of a probation officer to study home conditions where there is a delinquent, and to remove if possible the cause of delinquency. Under the new law no boy or girl would be arrested except in an extreme case, but they and their parents or guardians would be summoned to appear before the court. If then it appeared to be a case for detention the court would so act.

So far as St. John is concerned, there are two rooms at the Children's Home in Garden street which can be used for temporary detention purposes, and the board room would serve admirably for the purposes of a juvenile court. The expense of establishing such a court in this city would practically be limited to the salaries of the judge and probation officer. The general increase last year in juvenile delinquency shows the need of better provision for the care of the boys and girls. The new court would provide two well qualified persons to devote their attention not only to dealing with delinquents but getting at the causes and telling the people plainly what should be done to improve conditions. The municipal council would do well to give the matter its prompt and sympathetic consideration.

VOCATIONAL TRAINING.

The experiment of giving boys of high school age practical training in shops part of the time and their usual course of studies in school the rest of the time is to be tried out in Wilmington, Delaware. It has already been successfully established in some New England cities.

"In a few weeks' time the high school pupil who wishes to do so will be able to leave the schoolroom for a certain number of hours every week to work at some trade in the shops. The boy in the shops is paid for the time he spends in the schoolroom, and the boy from the high school will receive apprentice wages for the work he does in the shops. The beginning of the system at the high school will be made with two groups of eight boys each, who will alternate between the high school and the shops. Two weeks will be spent in school and the next in the shops. The course is of four years' duration and the boy will be required to spend not less than 120 full weeks in the shop before graduation from the school and trade. Following application for this course, a written contract is entered into with the company similar to the apprenticeship plan, the company specifying the time a boy must serve, and making the usual agreement for advancement in wages as he improves. Under this plan, the pupil is enabled to be self-supporting, while obtaining his education and training, and may even have saved some money by the time he has completed his course."

It has been shown over and over again that of two groups of boys of the same age, one leaving school at an early age without practical training, and the other remaining to take a vocational course, the latter at the age of twenty-one are earning much more money than the others. It pays to keep the boys at school and to give them practical training. In St. John we fall down lamentably in this respect. We have not even appointed the vocational training board which would take steps to provide for at least some degree of vocational training. The board of trade, the trades and labor council, the representatives of merchants and manufacturers' associations should get together and make this a live issue. Before winter comes again provision should be made for evening classes, and the whole question of getting pre-vocational training into the schools brought to the point of actual accomplishment.

BANGOR PLAYGROUNDS

At a meeting of the Bangor Chamber of Commerce last week the chief subject of discussion was playgrounds. We quote from the Bangor Commercial: "Harry J. Coville, chairman of the recreation committee of the Chamber of Commerce, opened the subject of playgrounds, spoke in a general way of what may be done in exercising the community spirit of cooperation in a practical way and making a part of the oval at Maplewood park into a playground. Ex-mayor J. G. Utterback spoke of how in the other cities in which he has lived the playground is a community necessity. Miss Rose Searles, director of the department of the Eastern Manufacturing Company, gave an outline of the cost and profit of the fine playground equipment at South Brewer. Miss Nellie E. Brown, supervisor of Bangor kindergartens, said that Americans are accused of not knowing how to play and she illustrated it forcefully. Driving home her points with wit, sincerity, and telling practicality, Miss Brown made her hearers understand that the playground is the beginning of right living for the children that the boy who knows how to play and to play well when winning or losing absorbs many a lesson which makes for his integrity as a citizen in his later life. She pointed out the necessity for play for physical training. She pointed out the fact that America's playgrounds may be the place where battles are won, just as a great military leader has heard from the top of the stairs: "Who are you talking to at this hour of the night?" she asked. "That's what I'd like to know in myself," stammered Jones. Mrs. Jones hastened downstairs, lamp in hand. "It's the model," she said; "the model I bought today to fit my dresses on." "Yes, that's so," said Jones, tipsily; "model woman—didn't talk back—make some fellow good wife."

INDUSTRIAL RELATIONS.

The Commission on Industrial Relations in Canada is hearing some interesting evidence in the west. Some of the assertions made by witnesses are almost frankly Bolshevik. Rev. William Irvine interprets the unrest as proof that "the working people are reaching out to a fuller life," but one woman expresses the view that the way to realize it is to pile up the property of the earth and invite everyone to help themselves. Apparently she does not realize that within a very brief period the old inequalities would all be back again, because human nature would not have been changed, and the old grasping nature would assert itself. It would be a case of Russia over again, and yet there was a man in Calgary who seemed enamored of the Russian system. It is perfectly clear that the best heart and brain of the country must be devoted to a solution of the problem that faces this and every other country. The unrest is obvious, and there are those who would not stop short of revolution. They are few, but noisy, and if those who ought to speak and act are indifferent the number of extremists will grow. It is not quite clear that the government is doing all it should to make living conditions better for the people.

In a miserable house in this city one night recently five men and three women were drinking, some of them very much under the influence of liquor. Among the inmates of the house, but not herself drinking, was a girl of sixteen years. Nice home that for a girl of sixteen. Is this the best St. John can do in the way of protecting its boys and girls? On Union street last evening two young men were dragging along a third who was utterly unable to walk. Drunkenness is common among a certain type of young men. Is this the best St. John can do for its young men?

Kimmel Court Martial.

Liverpool, May 6.—(Reuters).—The court martial hearing charges arising out of the Kimmel Park Camp riots has tried twenty-one prisoners, of whom six were acquitted. There are thirty-one yet to be tried. Private Joseph Johnson, 11th reserve battalion, was acquitted.

Higher Pay For Firemen.

The Fredericton city council last evening fixed a sliding scale of pay for call firemen. They will pay \$50 for first year men, \$75 for second year men and \$100 for third year men. All present members will be classed as first year men and returned soldiers who had been members will be reinstated on the same basis.

Killed at Fredericton.

George Harris, a resident of Fredericton, died yesterday of injuries received while working in the C. N. R. freight yards. A shunting engine struck the car in which he was working, throwing him against a metal part of the door. He died soon afterwards. He leaves his wife and several children.

LIGHTER VEIN.

"Mr. Moneybags, I'd like to marry your daughter." "What are your prospects?" "You know better than I do. The fellows at the club say I haven't got a chance."—Louisville Courier-Journal.

Mr. Jones came home at an unseemly hour one night, and was surprised to see a figure sitting up for him below stairs, with no other light than that of the gas lamp to keep her company. "M-M-Marie," he said huskily, "you shouldn't sit up late when I'm on business."

As Mrs. Jones did not answer him, he continued in an alarmed voice: "Shorry, m'dear, but it's last time—tell you I'm sorry." At that moment Mrs. Jones's voice was heard from the top of the stairs: "Who are you talking to at this hour of the night?" she asked. "That's what I'd like to know in myself," stammered Jones. Mrs. Jones hastened downstairs, lamp in hand. "It's the model," she said; "the model I bought today to fit my dresses on." "Yes, that's so," said Jones, tipsily; "model woman—didn't talk back—make some fellow good wife."

An irate customer entered the butcher's shop, threw down a piece of meat on the counter, and indignantly exclaimed: "What do you call that, sir?" "The man of pork examined it and replied: "It looks like a piece of brass." "Bit of Brass, of course it is, and do you know where I got it? Why, in one of your sausages!" The butcher put up his hand and rubbed his double chin, while he remarked that he thought he could explain it. "Yes, and explain it you will before I leave this shop," continued the excited one. "Well," drawled the butcher, "I must have forgotten to take out collar off."

Emerson & Fisher Ltd.

even fairly well. One of the first sub-committees, therefore, was appointed to have charge of organizing classes for the teaching of the English language to non-English-speaking residents.

One such class already has been started in the basement of a Lithuanian church. The first night there were 16 pupils, which soon increased to about 45 of ages ranging from 20 to 60 years.

It also hoped to establish English classes in the mills where the employees who do not know English may leave their looms or carding machines for an hour or so, two three or four times a week and study English in a schoolroom fitted up in the mill.

The citizens' committee also proposes to tackle the housing problem and a sub-committee has been named to study housing conditions and how other cities have solved their housing problems, and to pick out the plan that seems to be most applicable to Lawrence.

Another sub-committee has been named to establish forums for the various non-English-speaking peoples until such time as they have mastered the common language. It is proposed that speakers at these forums include an English and a non-English speaker. Even in these forums, it is held, the speaking of a common language will help to promote the learning of English.

Still another sub-committee has been named to encourage and help naturalization. It is estimated that Lawrence's 100,000 people include about 43,000 non-citizens. At the present time there are 1500 men who have taken out first citizenship papers, some of which date back seven years. The average number who apply for final papers each year is about 400. It is proposed to establish naturalization classes to provide those who want to become citizens with the information and help they need and to teach them the true spirit and ideals of the United States Government to show them the institutions and what they stand for, to teach them American history, and give them all the information and knowledge to make them not only citizens but good citizens.

Lawrence, Mass., May 6.—The citizens of this city have undertaken the experiment of solving their industrial and social problems, with neighborliness. Under the direction of a citizens' committee drawn from various nationalities and walks of life, they are testing out the theory that industrial strife can be eliminated by friendly co-operation.

This experiment which has become known as the Lawrence plan or the Lawrence idea, has been going on nearly two months, and the leaders in the movement are engaged in plans for its continuance.

Lawrence is said to contain representatives of more nationalities than are to be found in any other city in the world outside of Rome. The latest survey of the population here showed there are more than 40 nationalities, speaking over 60 different tongues, in a total population of about 100,000. All these folks live within seven square miles of territory.

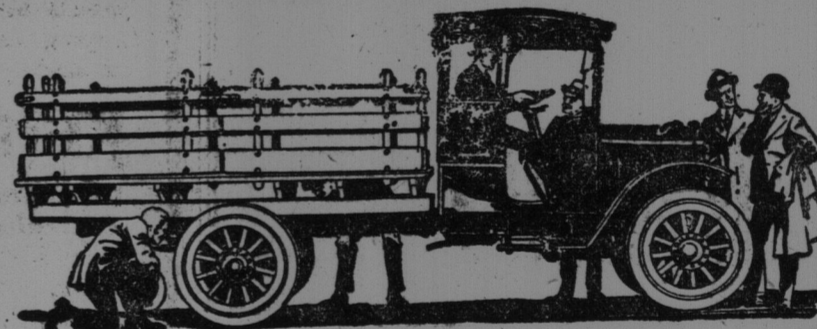

The citizens' committee started out with the proposition that "The first thing for us to do is to invite frank, free, fearless discussion of all our problems in a friendly constructive, helpful, neighborly manner." Newspaper advertisements and circulars printed in different languages announced the purpose of the movement to all the people of Lawrence.

The discussion of the city's problems was invited in two ways. First, at Sunday night open forums, and secondly in a sort of written forum in the local daily newspapers. At the Sunday night forums a local theatre a number of widely known speakers have given addresses, which have been followed by questions and answers periods, which have always come right down to local issues.

During the weekdays, the interchange of ideas has been going on in the "written forum." Every night in the three Lawrence daily newspapers signed articles on "What Lawrence Needs" have been printed. These articles are written by residents of the city, representing a wide variety of interests and nationalities, at the invitation of the citizens' committee.

Each week from 10,000 to 15,000 circulars printed in several different languages and containing outlines of the purposes and plans of the campaign, have been distributed in the mills, schools and homes.

At the same time, the citizens' committee recognized that perhaps the greatest barrier to neighborliness in Lawrence is the lack of a common tongue. Of the city's 35,000 textile operatives, over 10 do not speak nor understand English

Built for Shrewd Canadian Truck Buyers

FOUR out of every five loads conveyed by horse or motor can be carried by the Maxwell truck. To men who know truck costs that means a lot. It means that owning a heavier truck is an extravagance. It means that buying a lighter job is foolish economy.

The Maxwell is every man's truck. It will do any hauling work at the lowest cost per ton-mile. On ten miles or a thousand.

Easy on gas, easy on tires—on any roads. Ten-foot loading space—big enough for 3000 pounds of feathers or a ton-and-a-half of scrap iron.

No false overhead costs in this truck. No manufacturing mistakes to pay for. No experimental work. Not a mere assembled job—it embodies the full fruits of the Maxwell manufacturing facilities and record.

It's a freight carrier that offers dollar-for-dollar value through and through. A business-speeder that will yield long and loyal service in any business.

It's a truck ideally suited to Canadian roads and Canadian conditions.

It's a truck on which you can get real service—anywhere in Canada.

The price is several hundred dollars less than any other truck of similar capacity. The reason—quantity production on a sound manufacturing basis.

Chassis price, \$1550—f.o.b. Windsor, Ont.

COAL CONSUMERS COAL CO., LTD.

What Coal to Buy ---and Why

Price is not the only thing to think of when you buy Coal, for you may pay less and yet your Coal would cost you more. In any coal are carbon and volatile matter which burn and make heat; there is also ash which not only prevents the heating elements from burning, but costs money to cart away.

The more heating power and the less ash your coal contains the better value you get for your money.

RADIO

Coal, which we can now furnish more plentifully, is known by actual experiment, to contain the greatest number of heating units and the smallest amount of ash of any coal you will find in St. John.

Now is the time to lay in your coal for next winter. THIS time, try RADIO; you'll like it.

For Colds, Catarrh or Influenza.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong! Now's the time.

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root—all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza and act as oil on machinery.

Catarrh should be treated, first as a blood disease, with this alternative; then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy which can be had at drug stores.

Central Bute, Sask.—"I have used the 'Golden Medical Discovery' for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal. I think my boy would not be alive to-day had it not been for the 'Discovery.' I also keep it on hand for coughs as it differs so from other medicines, instead of upsetting the stomach as cough syrups do, it is good for the stomach."—Mrs. Percy Wood.

Sarnia, Ont.—"Had indigestion so badly I was always in misery. I had liver trouble as well, and the two just put me 'down and out' for about five years. I had many good doctors but got no relief. I took the 'Golden Medical Discovery' and before I had taken two bottles I was much improved, and in less than six months I was well. I could eat anything."—Mrs. Annie Doonan, 226 Durand St.

RECENT DEATHS

Death of Sisters
 The many friends of Mrs. Priscilla Lynnam will regret to hear of her death which occurred last evening about 10 o'clock at the residence of her son-in-law, I. H. Northrup, 129 King street east. She was the widow of George F. Lynnam, and a daughter of Charles Barbeau, of Nictau Falls (N. S.). Mrs. Lynnam has only been ill for about ten days. She was in the eighty-fourth year of her age, and is survived by one son, Harold A. Lynnam, and one daughter, Mrs. I. H. Northrup, both of this city. Her sister, Mrs. George Romans, passed away yesterday in Halifax, which leaves only one remaining sister out of a family of eleven.

The death of James McCrossen, a native of St. Stephen, N. B., occurred recently in Passumpsit, Cal., at the age of ninety-one years.

Mrs. C. J. Litterick, wife of the Moncton city electrician, died yesterday. She was twenty-eight years old and is survived by her husband and two young children.

The death of Mrs. James H. Powell occurred at the City Hospital, Moncton, yesterday. She is survived by her husband, five sons and seven daughters. One of the sons, Ora, is with the Canadian expeditionary force in Siberia.

WOMEN'S SOCIETIES

At the monthly meeting of the Brunswick Chapter, I. O. O. F., donations were made and further patriotic undertakings planned. The meeting was held at the residence of Mrs. J. K. Scammell, the regent, Mrs. W. I. Fenton presiding. The war savings society in the chapter received its charter yesterday. Arrangements were made for a May time tea, to be held at Mrs. Scammell's residence. It was decided to aid in any way they might be requested, in the reception of the 28th and the siege batteries.

The Girls' Cabinet held its closing meeting of the season at the Y. W. C. A. last evening, with the president, Miss Jean Somerville, in the chair. William McIntosh, curator of the Natural History Museum, gave a lecture on camping along the St. John river. After the lecture refreshments were served in the cafeteria.

The regular monthly meeting of the Loyalist Chapter of the I. O. O. F. was held last evening, with the secretary, Miss Muriel Sadler, in the chair. The following sums were voted: To the Y. M. C. A., \$100; to the Victorian Order of Nurses \$50, and \$5 to the scholarship at the University of New Brunswick, to be given for five years to a returned soldier in the graduating class. Several letters were read from overseas, acknowledging comforts and donations. It was also announced that a library had been donated to the school at Musquash.

At a meeting of the Girls' Association of St. John's stone church, which was held last evening, the bale for the in-

 James A. Briggs of Sackville, who enlisted in October, 1915, with the 104th Battalion, and who has been service in England, France, Belgium and Germany, has returned to St. John and received his discharge.

The June Wedding

Has a popular appeal that is particular its own. The appeal of Sunny Skies, of fragrant blossoms, of the Summer Golden Glory, wherefore the June Bride is considered especially fortunate, since she comes into her new kingdom, when the earth is at its loveliest. The bride's attire must be in harmony with the season's beauty, as well as with the occasions importance. Every item must be the result of careful planning—not just a random choice made without a thought beyond the exigency of the moment. We especially invite the bride-to-be to come to us to select her trousseau, where every detail, however minute, will be thought out with her or for her.

THE GOING-AWAY SUIT AND BLOUSE

A splendid home and investment. Don't miss this chance. F. L. POTTS, Auctioneer.

LOCAL NEWS

The hospital ship Essequibo was scheduled to leave Liverpool on Saturday for Portland with 600 Canadian soldiers. She should reach the Maine port about May 18.

Captain the Rev. Clarence MacKinnon, who was a chaplain with the Canadian forces overseas and who formerly was principal of Pine Hill College, Halifax, gave a most interesting address in St. Andrew's church last evening on "A Trip From Boulogne to Cologne."

At a meeting of the directors of the Y. M. C. I. last evening, Thomas Nagle was elected president; Charles O'Brien, vice-president; Michael Shan, recording secretary, and P. J. Fitzpatrick, treasurer. Only routine business was before the board.

The Foreshore Lots. The Commissioners of the Municipal Home met yesterday and discussed the application of the St. John Dry Dock and Shipbuilding Company for the lease of foreshore lots in front of the home. It was their opinion that legislation must be secured before action could be taken. A joint meeting with the municipal council and representatives of the company may be held this week.

Strikes in Hamilton Moulders and core makers employed by the Kerr & Coombs, Sawyer Massey, Garthore Thomson, Canadian Iron, Otis Fensom and Burrow Stewart and Mine Companies went on strike for increase from fifty to seventy-five cents an hour and an eight-hour day.

Employees of the Victoria Mills, Fredericton, have forwarded a request to the Fraser Companies Limited for a nine hour day with the same wages as now paid for the ten hour day, effective from May 15.

WHOLESALE MURDER UNDER BOLSHEVIK
Fearful Tale Unfolded as Siberian Army Re-occupies Territory

Bielch, Province of Orenburg, Russia, Monday, April 21.—(By the Associated Press)—The story of Bolshhevik rule, unfolded by the re-occupation of a large section of territory by the Siberian army, discloses wholesale murder, robbery and persecution. Investigation by the Associated Press shows not a single instance of constructive work. Throughout the district of Ufa, Bielch and Bugulma hundreds of citizens of the better class and small property owners are known to have been murdered; other hundreds have disappeared. The fate of seven hostages from Ufa, including Count Peter Tolstoy, member of the first imperial Duma, and several engineers is not known.

CANADIAN CLAIMS FOR REPARATION AMOUNT TO THIRTY FOUR MILLIONS
Ottawa, May 6—Canadian claims for compensation for losses due to illegal methods of warfare employed by the Germans and their allies are discussed in a memorandum prepared for the government and the enemy claims committee. Claims of about \$34,000,000 have been filed. The great bulk of Canadian claims arise from shipping losses.
PICHON CHAIRMAN.
Paris, May 6—Stephen Pichon, French minister of foreign affairs, was elected chairman of the provisional organization of the League of Nations today. Sir Eric Drummond of Great Britain assumed his duties as acting secretary-general.

HAD SEVERE COLD AND TICKLING SENSATION IN THE THROAT
This trouble is most distressing, and is caused from a cold that has settled in the throat.
How many people have had a good night's sleep by that nasty, tickling, irritating sensation in the throat?
The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had no rest at all.
Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks, combined with the lung healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.
Mrs. G. C. Routley, Bright, Ont., writes: "I take great pleasure in writing you of Dr. Wood's Norway Pine Syrup."
"For several weeks I was troubled with a severe cold, and a tickling in the throat. I tried numerous remedies, but found no relief until I used Dr. Wood's Norway Pine Syrup, which I had heard so much about, and on taking one bottle got instant relief. I highly recommend it to those who need a quick cure."
So great has been the success of "Dr. Wood's" in curing coughs, colds, bronchitis, etc., it is only natural that many imitations have been placed on the market. The genuine is put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SOME LEADERS LOST LIVES IN MUNICH
Dead in Fighting Number 150—Report of 5,000 Arrests

Berlin, May 6.—(By the Associated Press)—One hundred and fifty persons were killed or executed during the fighting at Munich, according to the Lokal Anzeiger. Among the killed were Heide Toller, director of the Soviet government, and Heide Southeimer, a Communist leader. It is said that Heide Seidl, who was said to have instigated the shooting of hostages, was beaten to death by Wurttemberg soldiers.

THE TAGELHAT states that 5,000 arrests have been made in Munich, the prisoners including Dr. Levin, leader of the Bavarian Independent Socialists, and Town Governor Weber.
All Munich celebrated the victory over the Soviet government on Sunday.

TWENTY STORY HOTEL, COSTING \$4,500,000, MAY BE BUILT IN TORONTO
Toronto, May 6.—Financial interests are reported to be in sympathy with a proposal for the erection of a twenty-story hotel at the northwest corner of King and Bay streets, in this city, where the Mail and Empire building stands.
L. C. Wallace, of New York, who controls several hotels, has been in Toronto looking over the field. The plans, it is said, provide for the expenditure of \$3,500,000 on the building, and \$1,000,000 on equipment.

WEEPING ECZEMA SOON RELIEVED
A Perfect Treatment For This Distressing Complaint
Wasing, Ont.
"I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times.
For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' and 'Sootha Salva.' The first treatment gave me relief.
Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives,' and am entirely well."
G. W. HALL.
Both these sterling remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.
"Fruit-a-tives" is also put up in a trial size which sells for 25c.

JAMAICA PLANS TO RECIPROCATE WITH BRITISH GOVERNMENT.
Kingston, Ja., May 6.—The British government, having decided to give preferential treatment to West Indian sugar, a new tariff will be prepared by the legislative council of Jamaica, giving advantages of a substantial nature to manufactured goods from Great Britain.

LEWISTON MILK A CENT A QUART LESS.
Lewiston, May 5.—Announcement was authorized by the Dairy Association of Auburn and the Wiseman Farms Creamery of Lewiston, that beginning May 1 the price of milk would be reduced by one cent a quart, with a corresponding decrease in the price of cream. The present coupon or ticket price for milk amounts to 13 1/2 cents a quart and the single quart price per quart is 14 cents. The new prices will be 12 1/2 and 13 cents.

Specks Floating Before His Eyes
When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.
The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system.
Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.
Mr. John B. Morrison, Grand River Falls, N. S., writes: "Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills which cured and cleaned my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly."
Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

European Trade Prospects.
At the board of trade last evening, L. W. Simms gave an interesting address on the Lyons' Fair. He said that Canadian industry will find its best markets within the British Empire, and that he was informed on good authority that Great Britain will have protective tariff against all nations, giving trade preference to the colonies. Mr. Simms felt that other projected markets were very doubtful. He found that much of the prejudice against Canadian goods, in England, had vanished and he said that old country tastes should be catered to for the purpose of winning trade.

Report Trade Heavy.
The department of Trade and Commerce has announced that the export trade through St. John last year totalled \$150,000,000 and that through Halifax was \$50,000,000. Before the war St. John's exports were about \$25,000,000 annually.

WOOD AND COAL
Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

**GET AT BUTTER
QUESTION AT LAST
IN COMMONS**

Public Ownership of Cold Storage
Plants, Says Liberal Leader

Hon. Mr. Creaser Says if They
are Cornering Supplies There
Should be Way to Reach Them
But he Puts it on Demands in
Europe—Munitions Discussed

Ottawa, Ont., May 6.—In the House of Commons yesterday, D. D. MacKenzie suggested that the government should enter upon a scheme of public ownership of cold storage plants in Canada. What was regarded, he said, as a great curse to the people of the country was private ownership of cold storage warehouses.

To those who are really particular about the Coffee they drink, there is one brand that always pleases particularly well because it is particularly good—Chase & Sanborn's "SEAL BRAND" COFFEE.

In 1/2, 1 and 2 pound tins. Whole—Ground—Fulvitized—also fine ground for Percolators. Never sold in bulk.
CHASE & SANBORN, MONTREAL.

At the present time, he understood, five or six million pounds of butter was being held in cold storage for higher prices. Butter bought for from forty cents to forty-five cents was held until prices rose to seventy-five and eighty cents and in some places to even \$1 a pound. That was a condition which should not be permitted to exist.

Mr. Lemieux said it was a puzzle to him that Canadian butter was sold cheaper today in London than in Canada. Mr. Creaser reported that dairy products of Europe had been depleted enormously causing an increase in prices. He quite agreed with Mr. MacKenzie that cold storage companies were corner-

ing supplies of butter there should be some method of reaching them. He really believed that the main reason for high prices were due to the demand in Europe.

The committee then took up a vote of \$50,000 for the Canadian war mission and representation at Washington. Mr. Rowell said that from February 1918 up to the date of the signing of the armistice, the Canadian war mission had secured contracts for Canada to the value of \$281,045,544. Of this sum about \$188,000,000 was for munitions. A certain portion of these orders were never filled owing to the signing of the armistice.

Frank Cahill asked the minister for the name of the members of the Imperial Munitions Board.

Mr. Rowell:—"Sir Joseph Flavell was chairman."

Some opposition members—"Hear, hear."

Mr. Rowell:—"My friends 'hear, hear' but when the history of this war is written, the Canadian contribution is made up, no single man outside of the fighting troops will be found to have rendered more signal service than that of the chairman of the Imperial Munitions Board."

So successful were Canadian munition makers, said Mr. Rowell, that the American government was glad to avail itself of opportunities to buy munitions in Canada. The record of the dominion in munition making was an enviable one. The Imperial Munitions Board had expended more than \$1,100,000,000 on this work in Canada.

The government, said Mr. Rowell, proposed to continue the war mission in Washington until a permanent representative was appointed there. It was considered advisable not to have any break in Canadian representation there. Sir Robert Borden was conferring with the Imperial authorities on the question of Canadian representation in Washington. An item of \$10,128,284 for salaries and allowances in connection with outside post office estimates, was passed after a short discussion.

LONGSHOREMEN'S OFFICERS

At the semi-annual meeting of the Longshoremen's association held in their hall, Water street, last evening, the following officers were elected for the ensuing term: Thomas Sharkey, president; A. Craig, vice-president; J. Donovan, senior vice-president; L. Gus Langbein, secretary-treasurer; M. P. Donovan, business agent and L. Donovan, S. Bradshaw, C. Cardon, J. Wells, John Doherty and W. B. Baxter, executive. There was a very large attendance and excitement ran high at times. The election of business agent was a spirited one, E. J. Tighe and M. P. Donovan being the candidates. The result was the re-election by a large majority, of the latter. L. Gus Langbein and Thomas Sharkey were also re-elected as secretary-treasurer and president respectively.

GREAT POWERS GIVE RECOGNITION TO FINN'S GOVERNMENT

Paris, May 6.—(By the Associated Press)—The council of foreign ministers today decided that recognition should be extended to the government of Finland under certain conditions which have not been disclosed. The fact that the credentials of the Jugo-Slav and Czechoslovak delegations were turned over to the Germans along with those of the other nations is accepted in conference circles as a recognition of those new states.

CANADA REPRESENTED AT WASHINGTON NOV.

Ottawa, May 5.—Canada is to be permanently represented at Washington. The war mission will remain, so Hon. Mr. Rowell told the house tonight, until a permanent representative is appointed. Sir Robert Borden is now conferring with the Imperial authorities on the question.

MRS. STAIRS GETS D.S.O. WON BY LIEUT. STAIRS

Halifax, May 5.—Mrs. Edward Stairs, this city, was presented this afternoon with the D.S.O. won by her son, the late Lieutenant Philip Stairs, who, so far as is known, was the only submarine to win the D.S.O. throughout the period of the war. The presentation was made by His Honor the Lieutenant-Governor of Nova Scotia.

Many Liquor Fines.

Thirteen prisoners were before the court yesterday afternoon, including a woman, Mrs. Ethel Northrup, Rock street, who was fined \$200 for selling liquor. Information was given by John McDonald, who also was before the court, that he had secured liquor there. McDonald was fined \$50 for having liquor in his possession and \$8 for drunkenness. On similar charges, Perry Fawcett was fined the same amount. Neil Hickey was fined \$50 for having liquor in his possession; Irvine Earle was fined \$8 for being drunk and was remanded on the charge of having two bottles containing liquor in his possession when he was arrested. Eight men were fined \$8 each for being drunk. Twelve of the arrests were made by the police officials.

St. Luke's Girls in Play.

The Girls' Club of St. Luke's church presented the bright, little missionary play entitled "Granny of The Hills," in the schoolroom of the church last evening. Credit is due Miss Marjorie McKim, director of the club, for the splendid manner in which the play was presented. Between the acts of the play little Josephine Murray and Miss Olive Scott sang several selections. Rev. R. F. McKim congratulated the girls and brought strongly before the audience the girls' need for greater facilities for carrying on their activities. Those who took part in the play were:—Elsie Dunlop, Frances Daye, Greta Lingley, Marion Gault, Carrie Holly, Olive Scott, Olive Brayley, Greta Lingley, Helen Baxter, May Coleman, Mildred Adams, Ruth Philbrick, Margaret Johnston, Helen Adams, Elythe Mitchell, Mary Stewart, Joann Andrews.

St. Monica's Society.

The monthly meeting of St. Monica's Catholic Aid Society was held yesterday afternoon in the K. of C. hall, with Mrs. D. P. Chisholm in the chair. A splendid financial report was presented by Miss Hogan, and several committees reported. Miss McGaffigan, secretary of the war saving department, reported thirty-six new members during the last month and \$48 was raised by members. The following sums of money were voted, \$25 for the benefit of the nurses' home in the East St. John County Hospital, and \$25 for the re-building of St. Thomas' College. Arrangements for a tea and pantry sale were completed. Mrs. J. MacNeill was appointed convener, with Mrs. H. C. Groat, convener of the home cooking booth, and Mrs. P. J. Lynch and Mrs. John McDonald, Jr., conveners of the sale of candy and ice cream.

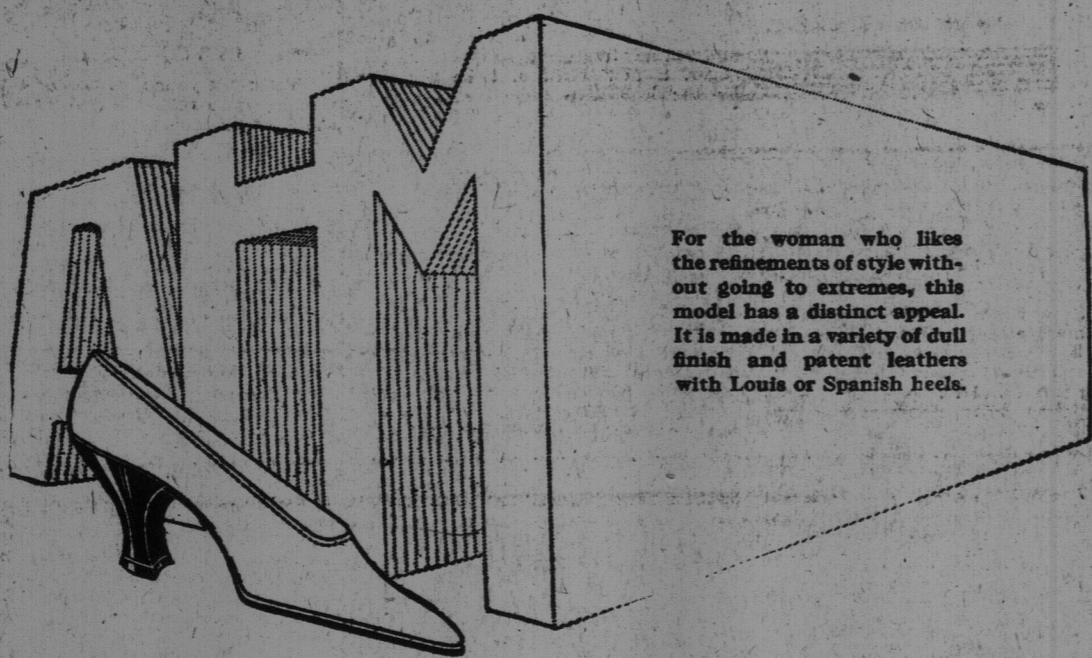

SMOKE MACDONALD'S INDEX

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER

contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.
Made in Canada By Canadians
For Canadians

For the woman who likes the refinements of style without going to extremes, this model has a distinct appeal. It is made in a variety of dull finish and patent leathers with Louis or Spanish heels.

When a Dollar Buys More than a Dollar's Worth

WHEN your dealer advises you to buy a pair of shoes which cost a dollar more, he probably knows what he is talking about. He knows that every shoe in his stock represents good value for the money, but he also knows that some represent better value per dollar than others. A dollar added to the cost of a shoe will sometimes buy much more than a dollar's worth of service.

If you will go to a reliable dealer and be guided by his advice, you will seldom fail to get value for your money. And if you will see that the manufacturer's trade mark is on the shoes you buy, you may feel doubly confident. For the manufacturer's business reputation is behind it.

Send for our booklet "How to Buy Shoes." You will find it helpful. It is sent with our compliments to any address in Canada upon request to our head office at Montreal.

Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferronose establishes a soundness of health that's surprising.

Concentrated cure in tablet form, that's Ferronose, 50c per box or six for \$2.50.

ESTATE NEARLY NINE MILLIONS AND HALF

Great Fortune Left by John Manning - Children and Grandchildren Chief Legatees

New York, May 6.—The estate of John B. Manning, retired broker, who settled a breach of promise suit by the former Honora May O'Brien, his secretary, for \$100,000 after she got a verdict for \$225,000, and who died April 23, 1918, has been appraised at \$9,456,181.80 gross and \$8,294,090 net.

The chief legatees were his children, Joseph J. Manning, who got \$961,511; Agnes Manning, \$1,070,648; Catherine Manning McKean, \$961,511; Mary Manning, \$925,142; John B. Manning, \$927,229; Daniel Manning, \$933,260. His grandsons, Robert Manning and Daniel Manning McKean, got \$986,511 each, and his granddaughter, Rita Manning, the same.

Mr. Manning gave the bulk of the remainder of his estate to relatives, and made the following charitable bequests: Apostolic Mission House at Washington, \$25,000; Catholic University of America, \$50,000; St. Vincent's Hospital and Society of St. Vincent de Paul, \$25,000 each; Cathedral College, \$15,000; Mission of the Immaculate Virgin, St. Francis Hospital, St. Joseph's Hospital, \$10,000 each; St. Joseph's Seminary and the Church of the Good Shepherd, \$5,000 each; Misericordiae Hospital, \$2,000, and Church of the Holy Trinity, \$1,000.

The administration expenses aggregated \$147,000 and the debts \$209,858, which included \$38,354 as an underpayment on income tax in 1916, and \$50,000 for federal income tax for 1918. The payment for income tax in 1917 was \$119,000. The counsel fees were estimated at \$100,000.

The assets of the estate included real estate, \$149,500, of which \$112,500 was

the value of 184 West Thirty-fourth street, and \$87,000 for the decedent's residence at 81 Riverside Drive. He had cash aggregating \$199,607. The stocks and bonds were appraised at \$9,138,802. The largest bond holdings, which aggregated \$2,160,410, were \$464,286 Anglo-French Loan, \$192,441 French Republic Loan, \$202,460, New York Central debentures, and the following holdings of Liberty bonds: First Loan, \$155,596; Second Loan, \$808,231. He had \$210,129 of Virginia debt certificates.

The board of governors of the Boy's Industrial Home met yesterday afternoon at the mayor's office. Premier Foster was present and reported having visited the home last fall and found many needed repairs. He gave instructions that the work be proceeded with. At the meeting yesterday he presented a bill for an amount close to \$2,000, accompanied by a provincial government check to defray the cost.

Do you suffer from Kidney or Bladder troubles? If so—suffer no longer. Use Gin Pills, the proven remedy. See a box—Sample free. The National Drug & Chemical Co. of Canada, Limited, Toronto. U.S. residents should address: 35-37th St., Buffalo, N.Y.

NEGLECTED COLDS Lead to Consumption

Unless a complete cure is effected the inflammation passes rapidly to the throat bronchial tubes, and then to the lungs. You can't make new lungs any more than you can make new livers or a new nose—hence consumption is practically incurable.

Catarrhazone Guaranteed to Cure

The purest balsams and the greatest antiseptics are sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure balsams of Catarrhazone are breathed—sneezing and coughing cease at once, because irritation is removed. Use Catarrhazone to prevent—use it to cure your winter colds—it's pleasant, safe, and guaranteed in every case.

Two months' treatment, large size guaranteed to cure—\$1; small size, 50c; sold everywhere.

LETTER FROM PRESIDENT OF POLICE ASSOCIATION

St. John, N. B., May 5.—After reading a copy of this morning's Telegraph made by the chief liquor inspector, from the pulpit on May 4, it is very evident that the accused guilty of taking any of the liquor which has been detailed to watch, we will at once cease to hold him as a member in good standing in our society, and the same to the heads of the department.

I would further state that in consequence of recent developments among liquor inspectors it would be wise for the chief inspector to submit the members of his department to a thorough examination before casting reflection upon the department that has done its best in helping him to do his duty, inasmuch that two-thirds of the liquor cases coming before the court this afternoon, four were liquor cases with which the liquor inspectors had nothing to do.

J. M. COLWELL, President Police Protective Association.

DISASTER THREATENS "MARITIME" INDUSTRIES

(Maritime Merchant.) A question of profound importance to the people of the maritime provinces is under discussion at Ottawa at the time of this writing. We refer to the question of railway rates. A bill passed the House of Commons, which would bring the Canadian National Railways freight rates under the control of the railway board, but was sent back by the senate for amendment. The matter, as we say, is still unsettled.

Some months ago the Merchant drew attention to the fact that danger was threatening in this connection and a number of maritime manufacturers were feeling some anxiety as to what might happen. The government railway of course is not an advocate of change, but the other railways are pressing for it and presumably they are supported by industrial interests which would profit by any change that would be placed on "maritime" industries that may be competing for business in the Montreal market and further west.

The argument presented for the placing of the government railways under the control of the railroad board (which would mean placing the rates they may charge within the jurisdiction of the board, and which would subsequently lead to a ruling that a mile is a mile wherever you find it) seems to be a very plausible and logical argument, but the people of Canada must take account of things as they are, not as they might be if the country were new and therefore in the making.

The old provinces down by the sea are on the fringe of the continent and are handicapped from competition for overseas trade in manufactured goods, because they have to support a Canadian tariff. They are quite willing to support this tariff, but if they do so, they want a fair chance to compete in the home field. Now, it is obvious that the man at Sydney making steel will find it difficult to compete in the Montreal market with the man at Hamilton in the same business, if it costs only about a third as much to make deliveries from Hamilton to Montreal as it costs to make deliveries from Sydney to Montreal.

Fred Perrott, the Boy Scout official sent from Ottawa to meet Sir Robert Lady Baden-Powell on their arrival in Canada, spent the week-end in St. John and proceeded yesterday to Halifax to meet the Baltic on which they are passengers. He represents the general council, Ottawa, and will accompany the chief scout on his tour through Canada.

SMOKE MACDONALD'S INDEX

MANLY PEOPLE REPORT BIG GAINS IN WEIGHT

Thousands of Thin, Frail People Are Restored to Health and Gain Rapidly in Weight by Taking Tanlac.

HAMILTON MAN GAINS 32 POUNDS

Remarkable, indeed, is the statement made recently by G. F. Miller, of 222 McNab street, Hamilton, Ont., who declares that he has not only gotten complete relief from rheumatism and stomach trouble by taking Tanlac but that he has actually gained thirty-two pounds in weight besides.

As a result of rheumatism and stomach trouble, I had fallen off to one hundred and fifteen pounds," Mr. Miller continued. "I now weigh one hundred and forty-seven pounds, which puts me beyond my normal weight, and I don't think I ever felt better in my life. I was so sick and crippled up that I had to sell out my business and get a man to take charge of the post office. My legs had perished away until they were no larger than my arms—I couldn't bend them—the leaders seemed tied in knots and hurt so I could hardly bear anything to touch me. I just could manage to hobble around by use of a walking stick. My appetite was all gone, and I just seemed to be slowly starving. Sometimes all I could take was a glass of milk, and even that I suffered."

"For several months I was under treatment, at a considerable cost, without getting any relief, but my improvement on a few bottles of Tanlac has astonished all who knew of my awful condition. It seems that everybody I see asks me what I have done to gain so much weight, and make me look so much better. My appetite is so big now I can hardly eat enough to satisfy me, and I can eat anything—meats and all kinds of vegetables—and nothing hurts me. I was badly constipated, too, but by using the Tanlac I can walk any place I want to go. My legs are getting back to their regular size, my muscles are getting different, and I believe Tanlac will fix her up as it did me three years ago."

"Before I took it I was suffering from a complication of ailments which had resulted in nervous prostration. My troubles all started from a bad stomach and I was in a pitiable condition. Everything I ate would sour, causing me such awful pains in the pit of my stomach that I could hardly stand it. My nerves were in a bad shape, I was badly constipated and even now I hate to think of the terrible headaches I know I also suffered from weakness and pains in my right side, which was the worst kind of torture. Electrical treatment and everything else was tried on me, except an operation, which I refused to stand for but nothing did me any good. I had always weighed around one hundred and forty-eight pounds, but my sufferings had pulled me down to one hundred and twelve and I was scarcely more than a frame. I had no desire to live, as my case seemed to be hopeless."

"Well some wonderful things happen in this world, and my recovery is one of them. I picked up a paper one day in Detroit, Mich., where I was living at the time, and read a Tanlac testimonial given by a lady who lived but a short distance from me, and right then I decided to try Tanlac. The results I obtained are nothing less than remarkable. My appetite soon came back, my stomach got so I could eat and digest my food and every one of my troubles gradually left, and the first thing I knew I was regaining my lost weight and strength. After using five bottles of Tanlac I found that I had gone up to one hundred and fifty-two pounds—actually gaining forty pounds—making several pounds more than I had ever weighed before. And although it has been nearly three years now since Tanlac restored me I have never been bothered with any of my old troubles to this good day, and I have held my weight, always weighing around one hundred and fifty pounds."

CAPT. JEFF RIGGS HAS GAINED 25 POUNDS ON IT

Capt. Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans, and residing at 2029 Pearl Street, Vicksburg, Miss., in speaking of his experience with Tanlac, said: "Yes, sir, it's an actual fact I have gained 25 pounds on Tanlac."

"When I began taking the medicine," continued Capt. Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from 140 to 110 pounds."

"I have just finished my second bottle of Tanlac, have gained 25 pounds and I feel like a new man."

SALT LAKE MAN GAINS 20 POUNDS

Frank Curry Declares He Feels Thirty Years Younger Since Taking Tanlac.

Frank Curry, who lives at 318 Polk street, Salt Lake City, Utah, and is known throughout the city as an expert baker, declares recently that he has actually gained twenty pounds by taking a few bottles of Tanlac, and that while he is now past sixty years of age, he really doesn't feel a day over thirty. His complete statement follows:

"The way this Tanlac has restored my health and built me up beyond explaining. In fact, I wonder myself how any medicine could do anybody as much good as it has me. Five years ago, when I realized my system was getting all run down and I began to feel so depressed, I started out to find a remedy to relieve my condition. Well, I tried numbers of things that were recommended, but continued to get worse instead of better. So about two years ago I began to have intense pains from my shoulders on down into my hips. My back became weak and my kidneys and bladder got so deranged that I lost control to a great extent. I suffered so I could lie on either side, and between constantly being disturbed by my kidneys, extreme nervousness and misery, I could never sleep more than an hour or two at night, and then I had to lay on my back to get any ease or rest at all. My liver was in bad shape; I was badly constipated, and I often had severe dizzy spells. My stomach couldn't digest anything; my food formed lumps of gas and acid, and my right side hurt me all the time. In fact, I was in pain every hour, day and night, and besides this I felt sluggish, tired and no account all the time, and unfit for anything."

"I saw where Tanlac was doing so much for others that I decided to see if there was anything in it for me. So on December 17th I got my first bottle, and after using it for several days I noticed the pains in my arms, back and other parts of my body were leaving me. Then my kidneys got better, my nerves got in a perfectly normal condition. My kidneys never bother me now. I sleep all night like a log and am full of new life and energy. I really feel thirty years younger, and you can imagine my surprise when I got on the scales and found I had actually gained twenty pounds in weight. I consider Tanlac to be the greatest of all medicines, for what I have gotten from it is beyond my words to express."

MRS. CHAS. PEDEN GAINS 27 POUNDS

Was Twice Examined and Told An Operation Would Be Her Only Hope.

"I have just finished my third bottle of Tanlac, and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 55 Mill street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time was told that I had appendicitis and that an operation would be my only hope."

"I had made all preparations for the operation and called in my sister to tell her good-bye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me, and told me to wait and try a good tonic for a while. The next day, as I returned from the consultation room, I thought of what she said, and as I had heard so much about Tanlac I decided to try it, and got a bottle."

"I never returned for the operation, but just kept on taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once."

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle, and feel as if I had been made all over again into a new woman."

SEATTLE WOMAN GAINS 25 POUNDS

Health Was So Bad Before Taking Tanlac Can't See How She Ever Lived.

"A little less than two months ago I began taking Tanlac and since that time I have actually gained twenty-five pounds," was the remarkable statement made by Mrs. J. W. Williams, of 659 Orcus street, Seattle, Wash., recently.

"My health has been very poor for many years," she continued, "but my condition has been so bad during the past two or three years that I really don't see how I lived. I suffered most all the time with fearful headaches and severe pains in my back, and in fact, I was racked with pain all over. I lost my appetite and my nerves became so shattered that I hardly knew what sleep was. When my husband lost his sight my duties, of course, became doubly hard, and my health being bad already, I kept going down under the strain. I did everything I could to keep out of bed but finally got to where I was just up and down—would sit up one day and be in bed the next—and I even had to give up my housework because I was so weak. Every day was just another day of suffering and misery for me."

"I went down from one hundred and forty pounds to less than a hundred, and was just a frame with scarcely strength to move around. I finally made up my mind from what I read about Tanlac to try it, and I have certainly found it wonderful. I now weigh one hundred and twenty-five pounds and if anyone could feel like a new person I do. My appetite is splendid and I am just building up every day. My nerves are in good condition, I have gotten rid of all my pain, and now I sleep like a child every night. I have gained so much in strength already that I can do all my housework without any trouble, and I have been recommended Tanlac to everybody."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro, under the personal direction of a special Tanlac representative. (Advertisement.)

TACOMA MAN HAS GAINED 17 POUNDS

Declares Tanlac the Grandest Medicine on Earth—Wife Greatly Benefited.

"I have gained 17 pounds and the only reason I can give for my wonderful improvement is that Tanlac is an extraordinary medicine," said A. H. Thomas, a well-known employe of the Wright Shipbuilding Company, and living at 802 1/2 South Ninth street, Tacoma, Wash.

"The cause of my trouble," he continued, "started about six years ago, when I accidentally struck the back of my head a very hard blow. I paid little attention to it at first, but in a short while I commenced to have headaches, which kept getting worse until I could hardly stand them. These awful headaches with the worry about my condition seemed to undermine my whole system and my appetite left me, my stomach got in terrible condition and I was down in bed for several weeks. What little I managed to eat seemed to do me harm instead of good, as it would ferment, causing gas and intense pain. I was very restless at night, would doze off for a while and then wake up and roll and toss for hours."

"No medicine did me any good until I got Tanlac. It has gotten my stomach in splendid condition, and I can eat anything I want and enjoy it. I don't suffer a particle with gas and indigestion and I sleep so well that I have no stomach troubles in the morning, and I seldom have a headache. I am feeling fine in every way now and my wife, who has only been taking Tanlac a short while, has been benefited a great deal already. It's the grandest medicine on earth, there's no doubt about that."

HARVEY SAYS HE HAS GAINED 25 POUNDS

"To show you what Tanlac has done for me, I gained twenty-five pounds on five bottles and now two twelve pounds heavier than I ever was in my life," said M. Harvey, who is employe of the Grant, Smith-Porter Shipbuilding Company, and lives at 410 Fifth street, Portland, Oregon, the other day.

"For four or five years," he continued, "I had an awful time with stomach trouble that steadily got worse in spite of all I could do. I didn't relish my food, and what I ate would ferment, and I would be flat and bloated with gas, till I was miserable for two or three hours afterwards. I felt so tired and worn out that it was all I could do to keep going, and many a time I felt like I just couldn't hold out another day. I took all sorts of medicines, but nothing did me a bit of good."

"I eat like a pig now—anything I want, and nothing hurts me at all. I never have any trouble with gas or those awful stomach pains and I went up in weight to a hundred and eighty pounds. That old worn-out feeling is all gone. I am working hard every day and never feel tired like I did before. My wife was very much run-down too, and complained of indigestion and nervousness. A few bottles of Tanlac soon straightened her out and now she says that she feels as well as ever."

Night-Time Time-Pieces

THE movement for the electric clock in the Toronto City Hall was brought over from England 21 years ago. It cost thousands of dollars. And it showed time in the dark.

About the same time very wealthy men were carrying in their pockets another kind of a time-in-the-dark time-piece—a watch that sounded the time for them on a tiny gong when they "pressed the button." This striking watch was known as a "repeater" and cost from \$150.00 up.

Now you can buy a guaranteed Ingersoll Radiolite, the modern time-in-the-dark time-piece, for as low as \$3.00. Instead of the old exasperating striking mechanism to sound the time, the Ingersoll Radiolite glows the time. Genuine radium in the substance on the figures and hands does it.

It's the watch for up-to-the-minute-men, the leaders, the kind of men who get things before the crowd knows they are a necessity. The retailer has a complete line, including the \$3 model pictured above. Now is the time to select. Look for INGERSOLL on the dial.

This to ensure prompt service and changes.

LOCAL NEWS
PROBATE COURT
Letters of Guardianship have been issued to Robert Garnett in the matter of the estate of his daughter, Vera L. Garnett, valued at \$250, until she reaches the age of twenty-one years.
POLICE COURT
One man was in the police court this morning charged with drunkenness. He was fined \$8 or two months in jail and was remanded for the time being.

A NICE FEATURE
In some of the schools in town boys and girls are being trained to sing special receding songs for the approaching celebrations in honor of returning units and for the grand peace event. It is expected 400 voices will be selected.
WERE JUBILANT
The victorious intermediates of the Y. M. C. A. with a large camp following of both sexes and the defeated High school boys held a jollification in the up-town ice cream resorts last evening after the cup winning basketball battle. At Bond's the High school boys commanded the piano while the orchestra was resting and under the able musicianship of one graduate and their leading conductor a lad with a good voice the boys and girls put on an impromptu concert that sounded good. With class yells and merry quips the scholars woke the old town up quite a bit. The parties were chaperoned by elder sisters.

NEED OF FACILITIES FOR SPORT TALKED OVER
(Continued from page 1)
thought the price asked was beyond reason but the city might secure power to expropriate. He did not think that the people of West St. John wanted Queen Square entirely devoted to playgrounds. He thought the park idea was an asset which should not be given up too readily. He also thought that the existing tracks could be removed from the square and thus afford room for a large diamond and a smaller ground for the younger boys. He suggested co-operation and the coaching of the younger boys by the seniors.
In East End
Regarding the east end grounds, Mr. Belding said he could get a crowd of boys to clear the place and all that would be needed was levelling, which would cost very little.
Mr. Jones moved that a north end committee be appointed to report.
Mr. Thornton said Mr. Bohan's statement that the Y. M. C. A. was negotiating for Shamrock grounds, explaining why the city had not been able to secure the grounds.
Mr. Bullock thought that the city should go ahead with an expenditure of \$1,000 a year on the Rockwood grounds until they were fit for use.
Captain Mulcahey said they had some experience during the recruiting campaign regarding the health and physique of the young men of the city. They found fifty per cent physically unfit and he felt that it was up to the older citizens to take a hand in conserving the health of the younger generation.
Mr. Fisher said that a general approval of Rockwood park had developed from the meeting, which he thought would justify the council in going ahead energetically.
The west end matter was left to a committee headed by Mr. Belding and Mr. Morris to reach an agreement, and the mayor said the council would take up the Rockwood matter this afternoon.
Mr. Morris said that the Y. M. C. A. had abandoned the idea of securing the Shamrock grounds.
A. R. Crookshank for the Y. M. C. A. said that they had absolutely no facilities for the track and field sports required for proper training of boys in the spirit of co-operation, usefulness and good citizenship. It was the sports in which Canadian boys had engaged that fitted them for use as shock troops in France. The boy's whole development depended on his training in the 'teen ages.
Mr. Bullock brought up the matter of swimming schools. Mr. Belding said they had not been able to find a suitable place in the south end for a school.
Mr. Crookshank spoke strongly in support of the erection of some cheap bathing houses on the flats at the head of Courtenay Bay.
This matter was allowed to stand for the next meeting of the council.
Agreement Reached
At a little conference after the meeting, between Messrs. Morris, Donahoe, Belding and Commissioner Fisher, it was argued that there would be no serious difficulty in arranging for senior amateur baseball and games for the boys as well on the Queen square diamond. Mr. Morris would also like an exchange of games now and then between the west and south end leagues.

POLICE DEPARTMENT DIRECTED BY WOMAN
Fargo, North Dakota, May 6—Mrs. F. H. Wilder of Fargo, who has been honored by being appointed to the position of police commissioner of the city of Fargo, will have control of the police department in the biggest city in North Dakota. Fargo has the commission form of government, with each city commissioner in charge of an individual unit of city government. After the election of the commission, Mrs. Wilder's friends began the circulation of petitions urging her appointment as police commissioner, and action by the commission was unanimous. Mrs. Wilder is a prominent official of the North Dakota Women's Christian Temperance Union.

Fredericton Veterans
Fredericton, May 6—The Fredericton G. W. V. A. last night admitted forty-seven members. A Calgary resolution in favor of bonuses of \$1,000 for service in Canada, \$1,500 for service in England and \$2,000 for service in any area of actual warfare was endorsed. The Dominion provincial labor bureau in Fredericton will send a considerable number of returned soldiers to the Canadian west and farm labor about the middle of May.
At the home of Mr. and Mrs. W. J. Alexander, Moncton, their only daughter, Mabel, was married to Harry Bishop of St. John yesterday afternoon. The ceremony was performed by Rev. E. H. Cochran.

PLANS FOR THE WELCOME HOME
Fourth and Sixth Batteries are Expected to Arrive in St. John on Friday Morning
Official word was received at local military headquarters this morning that the 4th and 6th siege batteries now on board the S. S. Mauretania, will arrive in Halifax on Thursday, May 8. It is not yet known when they will arrive in the city, but it is expected they will get here Friday morning.
Plans for Welcome
S. H. Magee, chairman of the Citizens' Reception Committee, told a Times reporter this morning that arrangements had all been made to receive the 4th and 6th artillery batteries which are coming home on the Mauretania. The citizens' reception committee are co-operating with the Knights of Columbus, the Y. M. C. A., and other societies so that the artillery boys may be sure of a warm welcome. Welcoming signs and banners are being placed in conspicuous places in the depot and along the line of march. The Depot Battalion band will head a procession from the station and the City Cornet and Temple bands will also be present. It is to be a purely military parade with the exception of the two civilian bands, but the people are asked to be on hand to give the boys a rousing cheer.
It has been said that the people of St. John have not often turned out in numbers to receive the returning soldiers, but as Mr. Magee remarked this morning, the reasons for this are that the trains arrive at an unearly hour of the morning and the people are given such short notice of their arrival. There is no doubt, however, that St. John will turn out en masse to welcome these New Brunswick units which have seen so much of the hard fighting in France. They will arrive in Halifax on Thursday, and although it is not yet known at what hour they will reach this city, it will probably be early Friday morning.
The Boy Scouts are going to turn out, 200 strong, and will have bugles and all sorts of "noise-makers."
Military Plans
Charles Robinson, secretary of the New Brunswick Returned Soldiers' Aid Commission, will leave for Halifax on Thursday to meet the 4th and 6th siege batteries and make arrangements for their needs and wants as they come off the boat. He will send definite information to the reception committee regarding the arrival of the trains in this city and will keep the people here posted of arrival at different points along the line. He will come back on one of the trains with the batteries.
It is understood that the fire alarm and other whistles will sound as was announced recently thirty minutes before the arrival of the soldier trains.
The Great War Veterans are to form a guard of honor to greet the men and to be given the following order: The veterans of the 4th battery will march immediately ahead of the 6th and following them will come the veterans of the 6th immediately ahead of the 4th, and then will follow the veterans in order.
All the veterans will meet at the Union depot in ample time to get in line for the parade.

KING'S MEN HERE AT BANQUET TABLE
Law Students' Society Dinner Last Evening—Three for the Degree of B. C. L.
The members of the King's College Law Students' Society held a banquet in Bond's last evening, the president, A. W. Carten, in the chair, as a send-off to those of their members who are going to Windsor to the University of the College to get their degree, after having completed a most successful year in the Law School here. The students were particularly joyous, as they were all successful in passing the exams. A sumptuous repast was served, after which toasts were proposed by the president, A. W. Carten. The first was to the King, when the National Anthem was sung; the next was to Alma Mater and was responded to by B. B. Jordan; the next was The Faculty, and L. E. Manning made a few appropriate remarks by way of response. The last toast was to the ladies and was responded to by Major Mersereau.
The banquet then resolved itself into the final meeting of the society for the year. A resolution was passed inaugurating a banquet at the close of each year to be given by the society and to be named in honor of the late Dr. A. O. Earle, who was instrumental in founding the institution that afforded, and will continue to afford, means of legal education to so many here. The meeting then adjourned, after which a social hour was enjoyed by all.
Those who will go to Windsor tomorrow to receive the degree of Bachelor of Civil Law are: A. W. Carten, C. J. McMillan and L. E. Manning, all St. John men. The evening broke up with three rousing cheers and a tiger for the faculty. Those present at the banquet were: Captain and Mrs. Murray, Major and Mrs. Mersereau, Miss Muriel Corkery, Captain J. Gale, B. B. Jordan, A. W. Carten, E. Manning, E. J. Chambers, P. N. McLaughlin, J. F. Frauley, Mr. Goldberg and P. W. W. Bartlett.

Be One Of Those Who Date Cooking Pleasure From This Spring!
Never in our history have we sold so many Glenwood Ranges as we have this spring—showing that a new army of housewives in St. John are going to experience cooking and baking pleasure from now on.
One line of Glenwoods has been completely wiped out—the smaller Glenwood, but a goodly supply of other sizes here.
Better set YOURS aside before it is too late. You'll get one eventually, anyway. Better let it be now!
