Coun. Montgomery reported that a new filing cabinet was needed for the Clerk of the Peace office as the present one is antiquated.

The Public Lands and Building Committee were authorized to procure the necessary cabinet.

Coun. Montgomery said he would like to bring to the notice of the ratepayers the fact that the rate paid for prisoners' board, the sheriff complained that 10 cents a meal was not sufficient to supply even prison fare.

F. J. Golden moved that the price be fixed at 15 cents per meal.

Coun. McLean moved that a committee of three be appointed to draft a Resolution of Condolence in regard to the death of Coun. Arsenau. Carried.

Couns. Harquail, Alexander and McLean were appointed such committee.

The following resolution was unanimously adopted:—

Whereas God, in His infinite wisdom, has removed from our midst our Circled Ex-Warden, Dennis A. Arsenau, who for many years was a much valued member of this Council and Secretary; and at the time of his demise represented the parish of Dalhousie;

Therefore Resolved that this Municipal Council in session assembled extend to his bereaved family its heartfelt sympathy in their hour of sorrow;

Further Resolved that this resolution be spread upon the minutes of this Municipality, and that a copy of same, signed by the Warden and Secretary-Treasurer, be forwarded to the bereaved family.

Coun. Golden reported that the condition of the basement floor of the jail was very bad.

The council went to jail to look it over and upon reassembling instructed the Public Lands and Building Committee to advertise for tenders for a concrete floor and repairs to stairs and have same attended to.

Coun. Harquail brought to the attention of the council a poor family living out on the Tobique road. There was an old man, a woman and two children, and they were getting only ten dollars a month. This was not enough.

This discussion brought up the matter of a poor farm. Coun. Alexander spoke strongly in favor of such an institution, while Coun. Montgomery spoke against it.

On motion of Coun. Golden, James David McGarvie, constable for the parish of Dalhousie.

The council then adjourned.

SUDDEN DEATH OF NEWCASTLE LADY

Expired at Home of Mr. Hugh Marquis Saturday About Noon.

Miss Agnes Marquis of Newcastle, who was visiting at the home of Mr. H. Marquis here, died suddenly Saturday shortly after noon. Deceased arrived here a little over a week ago to visit Mr. and Mrs. Marquis. She had not been well, but was about the usual state of health. Saturday she complained of being unwell and said she would not be down to dinner. After dinner one of the family discovered that she had expired. A doctor was summoned, but pronounced heart failure as the cause of death. A sister at Newcastle was notified and arrived here Sunday morning. The remains were taken to Newcastle Monday morning where they will be interred.

A short service was held at the home of Mr. Marquis Sunday evening by Rev. H. Miller.

LUMBERJACKS WORKING IN FRANCE.

Canadian Forestry Corps Working With Canadian Machinery

One of the most interesting things about this war is the number of peaceful vocations carried on in connection as they would be carried on if there were no war at all.

One of the most extraordinary contracts of this sort, in the industry carried out by the Canadian lumbermen in the forests of France. I have lately visited a lumber mill well within hearing of the guns that are dealing havoc among the Germans on the Western front. They were very much within hearing on the still, sunny days I was there. They never ceased, and the sound was a continuous reverberation of a motor in which you cannot hear the separate strokes. Death and destruction were being steadily and remorselessly dealt out a few miles away; but the work went on peacefully in this beech forest, just as if it had been a timber concession far away in Canada. The men are mostly experienced lumbermen over military age, who patriotically enlisted for the purpose in which they are doing such valuable work.

MAKE SEPTEMBER A SUMMER MONTH

Sir George Foster Secures Enactment of Law.

Daylight saving cannot begin July and end on September 1 without robbing Canada of the greatest boon that daylight saving could confer upon the people of this country.

Daylight saving will make September a summer month. Sir George Foster secures the enactment of a law that will keep the hands of the clock from being turned forward until October 1st.

September, in Eastern Canada at least, is a summer month in its average temperature and an autumn month in its early darkness. The daylight saving scheme might leave the people with as much daylight after quitting time in September as the people now having after quitting time in August. An extra month will be added to the fleeting joys of the Canadian summer if Sir George Foster establishes September within the time zone of his daylight saving scheme.

GOLDEN ANNIVERSARY OF THE CONVENT AT CARLETON

Celebrated With Grand Ceremonies on July 3rd and 4th.

Carleton one of the oldest and prettiest little parishes in eastern Quebec was en fête on Thursday and Wednesday celebrating the 50th anniversary of the erection of the first convent built in the Bay of Chaleur. For half a century the institution has been in charge of the religious order known in Canada as the sisters of charity. On July 1867 the day of confederation the building was declared ready for occupancy. It has been the pride of the people of Carleton and surrounding parishes ever since, and the results of a solid education given have been felt far and wide. His Lordship Bishop Blais, of Rimouski, several priests and a large number of former pupils of the convent were present at the celebration. On Tuesday Pontifical High Mass was celebrated. The parish church was beautifully decorated for the occasion. The singing was perfect. An eloquent sermon was preached by Rev. H. Leonard, a native of Carleton, His Lordship the Bishop spoke briefly. In the afternoon at 2 o'clock a very interesting entertainment was held in the convent hall by the past year's pupils. At 5 o'clock a banquet was held, followed by a visit to the convent to witness the many improvements made during recent years. Further church ceremonies were held on Wednesday.

The decorations in the convent were exceptionally grand. Three nuns born in Carleton, sisters of Mrs. John Cullen, came down from the mother house in Quebec, to help organize for the occasion. These are the Sisters Lefebvre who were first educated at the Carleton convent.

The late John Meagher, a native of Halifax, N. S., who carried on an extensive business for many years in the upper parishes of the Bay of Chaleur, with headquarters at Carleton, and who represented the County of Bonaventure, before confederation, devoted a part of the wealth he had accumulated while trading with the people, towards destroying the cost of the erection of a convent at Carleton, Bonaventure Co., P. Q., under the following circumstances.

In the year 1866, while travelling in the West Indies, he was attacked by fever, and attended by the sisters of charity, to whose attentive care he owed his life. Moved to tears at such courage and disinterestedness, for they refused to accept a certain sum he offered them in compensation, he then formed the resolution that if God should give him wealth, to establish a convent for the Sisters of Charity. Faithful to his generous and pious determination, he communicated some years later his project to the parish priest of Carleton, the late Grand Vicar Audet, who approved his design and executed the work. Thus the Convent in Carleton, County of Bonaventure, directed by the Sisters of Charity, and the first one built in the Bay of Chaleur, is a monument of his zeal for the education of the youth, and the welfare of Society

fully decorated with the colors of the school, flags and bunting and potted plants. A splendid programme was rendered, each member of which was thoroughly enjoyed by all, after which refreshments were served.

The following programme was given:—

wing, about 1 1/2 feet long, 1 1/2 inches wide, 1/2 inch thick, and is a very fine specimen of the species. It was found in the same locality as the other specimens, and is very similar to them in all respects. The only difference is in the shape of the wings, which are more rounded than those of the other specimens. This is probably due to the fact that it was a young bird when it was captured.

MARTIN-SENOUR PAINT & VARNISHES. The Paint That Costs The Least. is the Paint that covers the greatest surface—that takes the shortest time to apply—that wears the longest. Martin-Senour "100% Pure" Paint does all three. Here's the proof. "100% Pure" Paint covers 900 square feet of surface per gallon. Hand-mixed-lead-and-oil, and cheap prepared paints, cover only about 500 square feet. The greatest cost of painting is for labor. It takes less time to apply Martin-Senour "100% Pure" Paint because its fine, even texture spreads much easier. MARTIN-SENOUR "100% PURE" PAINT (Made in Canada) is guaranteed to be exactly as represented. The purity of the White Lead and Zinc Oxide—the high quality of the Linseed Oil—the minute fineness of the grinding by powerful machinery—insure a paint that gives years of protection and beauty to your home. Why use cheap paint—that is expensive to put on—when Martin-Senour "100% Pure" Paint wears nearly twice as long? If you are painting this year, you'll be interested in our books "Home and Country Homes" and "Harmony in New Tones". Call or write for copies today.

DEATH OF A CHILD. Much sympathy is felt for Mrs. Frederick W. Pollen and Mrs. Pollen in the loss of their infant son, Frederick Willey, who died very suddenly on Tuesday, June 26th after a few days illness. The funeral was held on Thursday, June 28th.

GYPSIES IN TROUBLE. The band of gypsies which passed through Bathurst a short time ago, got into trouble at Grand Anse, where a man missed nearly a thousand dollars shortly after they had visited him. Several of the men of the band were arrested when they reached Carleton Place, Northern Light.

AN AFTERNOON OFF. The merchants of Newcastle have decided to close their places of business every Wednesday afternoon at one o'clock during the month of July and August. The Campbellton merchants might well follow this example and allow their clerks to assist in the greater production campaign.

CAN ATTEND RACES. Arrangements have been made whereby the military regulations have been altered so that men of military age may be permitted to go across the border into Maine to attend the races of the Fredericton stables which are to race on the Apogee track. For some time it looked as though the provincial stables would not get across.

AN UNPLEASANT EXCURSION. A very small number of people went down the bay in the S. S. Elaine on Monday, and they had a pretty rough experience. After Dalhousie was passed the steamer rolled about in the sea, and before Carleton was reached nearly everyone was seasick. At Carleton no provision was made to "see" the people, even if they wished it. The return journey was even rougher and all were glad when the wharf was reached.

WEDDING—EDDY. A quiet wedding was solemnized on Tuesday evening, June 25th, at the home of Mr. and Mrs. S. Eddy, East Bathurst, when their daughter Hazel, was united in marriage to George E. Wightman, of the Gloucester Lumber Co. The ceremony was performed by Rev. F. A. Wightman, father of the groom. After luncheon the bride and groom left on the Maritime Express for a trip to Montreal and other western points. On their return they will reside in Bathurst. Congratulations are extended.—Bathurst Light.

CORRECTION. In our last issue it was stated that the proceeds of the concert given in the Opera House on Monday evening, June 25th by the pupils of the Academy of Our Lady of Snows, were in aid of the new Catholic Church, this should have been in aid of the Hotel Dieu Hospital.

DISAGREABLE HOLIDAY. The week end and holiday were most disagreeable. Hails and east wind set in Friday night and continued steadily until Tuesday evening. The roads throughout the country are in a very bad shape. Faithful use of the road drag at once may put them into fair condition.

BE HONORABLE. The only honorable and honest way to stop a newspaper is to step into the office and pay up all arrears, get a receipt and have your name taken off the list. To fire your paper back at the publisher marked "refused" when you owe six months or a year, and never go near the office, is not only disreputable, but superlatively dishonest as well.

MEETING AT DALHOUSIE. Another meeting of the Restigouche Auto Association was held at the Court House, Dalhousie on Friday evening last. President Carr presiding. YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS. You simply say to the drug store man, "Give me a quarter of an ounce of Eresson." This will cost very little but is sufficient to remove every hard or soft corn from one's foot. A few drops of this new ether compound applied directly upon a tender, itching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers. This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while Eresson is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Don't let father die of infection or lockjaw from whitening at his corns, but clip this out and make him try it.

WOULDN'T YOU LIKE. To get rid of that disgusting (gummy?) You can if you will. See the example of thousands of others, and use Zam-Buk! Mr. H. C. Buckley, of 461 East Broadway, Portland, Oregon, writes: "For fifteen years I suffered agonies with burning, irritating sores. During that time I tried many remedies, but nothing was capable of curing me until I used Zam-Buk. The use of this herbal healer for ten months has, however, succeeded in doing what ordinary ointments failed to do in fifteen years—it has worked a complete cure." Zam-Buk is also best for old sores, bad legs, ulcers, blood-poisoning, boils, piles, cuts, burns and scalds. All druggists, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

Zam-Buk. SHE WAS NOT QUITE SURE. A youth of the "knut" species was exhibiting some photographs to a charming girl with whom he was in love. "This one," he said, handing her a picture, "is my photograph with two French poodles. Can you recognize me?" "Why—yes, I think so," replied the young lady, looking intently at the picture. "You are the one with the hat on, are you not?"

WHERE OUR MONEY GOES.

London, June 25—A defendant appeared in court here to-day, charged with having Canadian army boots in his possession unlawfully. He declared that he bought them in large quantities from a Canadian Government auctioneer and paid as little as sevenpence a pair and as much as two shillings. The chairman said that it was no wonder that the country's expenditures rise. While discussing the case, the court urged a government enquiry into his statements regarding the price paid for the boots.

SORRY SHE ASKED.

It was a private entertainment, and a lady had just risen from the piano. "Would you like to be able to play as I do, dear?" she queried of a little five year old miss. "No, ma'am," was the unexpected reply. "And why not?" asked the lady. "Cause," explained the small observer, "I wouldn't like to have people say such horrid things about me."

TEN REASONS WHY WE SHOULD BUY IN CAMPBELLTON

1. The first and foremost reason why we should patronize our home merchants is because a careful comparison of prices and values will show that on nearly everything we can save money by doing so.
2. Because the merchandise sold by our local merchants is backed up with their personal guarantee of satisfaction.
3. Because we can always see and inspect an article before we give our money.
4. Because if we are dissatisfied with an article it is easy and convenient to either exchange it or get your money back.
5. Because when we buy from our home merchant he gives us the benefit of an honest and reliable experience if we are in doubt as to just what we want.
6. Because if we spend our money with the home merchant when we have the cash he gets to know us and will extend us credit if we get hard up.
7. Because the biggest portion of every dollar spent here at home stays here and is distributed to the rest of us in wages, rent, doctor bills, fees, taxes, etc. Every dollar spent at home passes around at least six or seven times.
8. Because the more business that is done here the faster and bigger our town will grow, increasing the value of property and increasing wages.
9. Because our home merchants employ our sons and daughters, husbands and fathers—our friends—enabling them to live here.
10. Because our home merchants want our trade to-morrow as well as to-day, and they are always going to give us a "square deal" to get it and to hold it.

STANDING CROP COMPETITION

Standing Field Crops Competition will be conducted in Restigouche County this year under the auspices of the New Brunswick Department of Agriculture. There will be competitions in Oats, 1 acre; Wheat, 1 acre; Buckwheat, 1 acre; Potatoes, 1 acre; Turnips, 1/2 acre, all of which are open to the members of agricultural societies in the County.

Intending contestants will make their entries to the secretary of their local agricultural society who in turn will forward all the entries made by members of his agricultural society to M. A. MacLeod, Supt. Agricultural Societies, Sussex, N. B.

The competitions are not for members of any one particular society. In order that the competitions may not be localized and all the prizes go to one or two sections, members from each agricultural society in the County are asked to participate.

There are 7 agricultural societies in the County of Restigouche and if the officers of each one of these will see that there are at least 5 entries made in each crop by members of his agricultural society it will mean that there will be at least 35 contestants in their respective classes.

Let there be a friendly rivalry between the various agricultural societies as to which one of them will lead in the largest amount of money taken in prizes by its members.

The acreage is small in every case so that the small farmer has just as good a chance to win as the farmer of many acres.

Field Crops Competitions are established for the purpose of stimulating a greater interest in the home production of a better class of seeds. Better seeds mean better crops. Better crops eventually mean more and better live stock and consequently more prosperity to the farmers of Restigouche County.

Prize lists may be procured from the secretary of any agricultural society in the County.

For minnows or shanks—we can fit you out.

Ours is a dandy line—and it will interest you.

JACQUET RIVER.
The school closing was held on Friday and a very successful year brought to a close amidst a considerable gathering of friends and relatives of the pupils and teachers. As the principal Miss Katherine MacNair has severed her connection with the school a number of her past as well as present pupils, presented her with a lasting token of their esteem in the shape of a handsome manure set.

Miss Annie Doyle made the presentation while Hilda Hickie read the address as follows:—
Dear Miss MacNair:—
"It is with sincere regret that we have learned of your intended departure from this school which you have so faithfully served.

We, your pupils of this and other years, wish to express our deep appreciation of the sincere interest you have taken in each of us not only as teacher, but also as a friend.

Perhaps we, your older pupils have learned to appreciate more, your efforts than we did at times when we were with you; while we younger ones do not yet realize how much you have done for us. We hope that your endeavors in our behalf will be amply repaid as indeed they will; if we are as faithful in our work, as you have been in yours.

May the future have in store for you success and happiness. Please accept this slight token of our affection, and esteem, with our earnest good wishes.

Again we wish you continued and renewed success.

Pupils of the Advanced Department, Jacquet River School
Miss MacNair was taken completely by surprise when she received a letter from her pupils, referring to their long and pleasant connections and wished them every success. A number of pupils who had previously graduated were also present, including Misses Pearl Fenderson, Lou Brown, Helen McMillan and Harvie McMillan.

Miss Dempsey teacher of the Primary department although she will occupy her position again next term, received a large number of gifts from her pupils, testifying to the esteem in which she is held. Miss Dempsey thanked the different children very feelingly and wished them all a very happy vacation.

A very successful meeting of the Presbytery of Miramichi was held at Nashes Creek Presbyterian Church on Tuesday June 26th. A very large number of delegates were in attendance, the perfect weather conditions experienced rendered the Reverend gentlemen's stay all that could be desired.

A number of leading ladies of the parish were gracious and agreeable hostesses.

The usual important business was performed and several most interesting and instructive lectures listened to. Professor Shaw of Halifax addressed the meeting also. Liquor Inspector Wilson gave a specially good lecture. All the gentlemen expressed themselves as highly pleased with their sojourn.

A particularly sad event occurred at New Mills on Wednesday afternoon June 27th at about 2 o'clock when an unusually severe electrical storm in passing over the village, killed one of its best known young men in the person of Mr. Walter McCarron, who was in the employment of Messrs. J. & A. Culligan, and at the time was occupied in their mill. The unfortunate young man was standing on the boom when the lightning struck him and he was killed immediately.

The late Mr. McCarron was a young man of unusually pleasant and congenial disposition so that he immediately endeared himself with all those with whom he came in contact, and a very large circle of friends will deeply mourn his sudden demise, being doubly sad on account in his just entering manhood being 17 years of age.

Interment took place Friday morning at 9 o'clock in the Roman Catholic Cemetery at New Mills.

He leaves besides his bereaved parents Mr. and Mrs. Patrick McCarron, two sisters Josie and Zettie, and four brothers, Albert, Thomas, Francis and Bert all younger than the deceased who have the sincere sympathy of the community in this, their time of trial.

Two other men standing near were also more or less affected by the same shock one man not having fully recovered yet it is reported, a horse and vehicle in the vicinity, were also whipt and aside.

At the usual weekly meeting of the Red Cross Society last week a box was packed and shipped to headquarters in St. John, containing the following articles:—1 dozen pyjamas, 1/2 dozen sheets, 30 pillow cases, 30 pairs socks, 1 dozen hussies, 2 dozen personal property bags, 1/2 dozen comfort bags.

The hussies contained the following:—1 pair blunt-pointed scissors, court plaster, lead pencil, yarn and thread for mending, boot laces, pins and darning needles. The comfort bags contained:—Small hand towel, toilet soap, tooth brush, pocket comb, boot laces, handkerchief, writing pad and envelopes, lead pencil and Spear-point gun.

This branch of the Red Cross Society is making very steady progress and sends a large amount quite frequently.

A special meeting of the rate payers was held in the school on Monday to continue the business transacted at a previous meeting concerning the remodeling of the school buildings for added accommodations.

It was decided to erect a completely new building, containing four rooms, bath room and a roomy basement in fact, a school up to date in every respect. The sum of \$500 was voted in for the purpose. This will fill a long felt want.

The closing of Nash's Creek public school was also held on Friday afternoon a very interesting and delightful programme was enacted, showing much credit is due the teacher Miss Miller as well as the pupils.

The Transformation

Right in the heart of the great city of Toronto, in the centre of the principal business district, close by the cross-roads of main traffic, stands the "second longest bar" in all Canada. Observers say they used to count hordes of men entering this stronghold of the Traffic. Were the frequenters of the bar better men when they came out?

On September 16th, 1916, Prohibition went into force in Ontario, and, of course, the bar lost its license. On the 16th of April, 1917, the old bar was kinder than ever! But what an arresting, beautiful transformation! Would that you and your sons could have been there to see the sight. The old barroom was a bevy of flowers. Fifty fair ladies served refreshments to Toronto's most prominent citizens and their wives, and not one of them all but was proud to see in the old barroom.

The aching, working hearts of the army's mothers are relieved now when they see their sons enter this building—for the old bar is being to save men now instead of ruining them.

The hotel is now the "Y.M.C.A. Soldiers' Club," one of the Young Men's Christian Association's long chain of clubs, marquees, huts and "dug-outs" extending from Vancouver to the firing line in France—those helpful sentinel-posts that safeguard our precious soldier men and boys wherever soldiers are congregated. To the Y.M.C.A. Canada owes a debt of gratitude she never can adequately repay.

Like New Brunswick, the Traffic in Ontario has the opportunity, after the war, of putting Prohibition to the test at the polls. But Prohibition in Ontario is being enforced, and the old strongholds of the Traffic—the long bars we mean—are one by one being turned to useful purposes. Many of the hotel buildings that depended for existence upon bar trade are now devoted to commercial enterprises—constructive instead of destructive.

Does New Brunswick want to return to the destructive license system, and again be a partner in the old firm of John Barleycorn and Company, Limited?

Or does New Brunswick want to maintain Prohibition for ever? If so, Enforcement must be provide wide, must be both sure and effective.

Help to Enforce Prohibition

Every man and woman in this province shares the responsibility for the proper enforcement of Prohibition—not the power of the law alone. Your duty is clear.

Spidebaker

GENUINE LEATHER

Spidebaker leather is upholstered with genuine leather, and it is of high grade quality—the same that you find on cars costing from \$500 to \$1000.

Excesses had not been spared to cheapen the car in any particular. It is distinctly a high grade, fine automobile. Your comfort, your safety, your pride, have all been considered in the design and construction of both the FOUR and SIX.

It costs only a little more to obtain the quality that you find in Spidebaker cars, and this quality is the thing that gives you real economy. "It is better to pay a little bit more and get the best."
