## CONSERVATIVES IN CAUCUS NAME TEMPORARY LEADER CONVENTION AFTER NEXT SESSION HEARST SLATED FOR SUPREME COURT

Toronto, Nov. 1.—The outstanding political event yesterday, however, was the decision of the Conservative "caucus" of members and defeated candidates to hold a provincial convention. The Conservatives, to the number of almost 100, met in the reception room of the Parliament buildings and for over three hours thrashed over the political situation. The results of the talk may be summed up as follows:

A provincial convention to be held some time after the next session of the Legislature.

The selection of a permanent leader to be left in abeyance until the convention is held; in the meantime Hon. G. Howard Ferguson, as senior member of the Conservative group, to "carry on."

A general expression of sentiment favorable to giving the new Farmer-Labor Government a fair chance to administer affairs free from opposition or opposition sake.

A definite announcement from Sir William Hearst that he will retire from public life, although several seats have been placed at his disposal.

A General Demand.

The demand for a provincial convention to take stock of the position of the Conservative party in Ontario is a general one. Opinion differed regarding the best time for holding the convention but the bulk of the members and defeated candidates considered it better policy to await until a session had given the party a line upon the course the U. F. O.-Labor coalition would pursue.

One of the important duties of the provincial convention will be the choice of a permanent leader. Sir William Hearst is retiring from the political arena and may go to the Supreme Court bench. Of the ministers who tasted defeat not one is expected to get into the House through proffered seats, so that if the mantle of leadership is to fall upon a member of the present Cabinet, the choice is limited to three: Hon. Howard Ferguson, the senior member; Hon. G. S. Henry and Hon. Dr. Coady. Of these Mr. Ferguson has the prior claim. Dr. Coady will drop out of politics altogether.

## HEARST STAYS ONE DAY LONGER

Drury Will Be Called Monday.

TORONTO, Nov. 1.—The Hearst Government did not actually resign yesterday. In the morning Sir William Hearst called upon the lieutenant-governor and discussed the political situation with him. This morning he tendered his resignation and those of his ministers.

The lieutenant-governor has already taken steps to get into touch with Mr. Drury and upon the return of the coalition leader to Toronto from his farm near Barrie on Monday he will probably call upon Sir John.

It does not follow, however, that Mr. Drury will be at once invited to form a ministry. Mr. Drury needs time to get his Cabinet in shape and until he has satisfied the lieutenant-governor in his respect he will not receive a "call." In the meantime the Hearst Government will "carry on."

## ROY. COM. REPORT ON MONDAY RE GUELPH AFFAIR

OTTAWA, Nov. 1.—In the House of Commons yesterday, Sir Sam Hughes asked the Government whether the report of the royal commission, which investigated the Guelph novitiate charges, had been received and whether it would be placed on the table of the House.

Sir George Foster replied that he understood the report had been received. It would probably be brought down in the House on Monday.

## CARTER ASKS FOR BALLOT RECOUNT

Guelph Nov. 1.—There will probably be a recount of the ballots cast in South Wellington on October 20, for the Ontario Legislature, Application for a recount was made yesterday before Judge Hayes, county judge by Mr. R. L. McKinnon, acting on behalf of Sam Carter, defeated Independent Lib. candidate.

Mr. Carter claims he was not properly notified with ballots marked for him, that ballots were improperly registered, that his agents were excluded from several polling places and that the deputies made incorrect statements.

## PROPOSALS BY PARL. COMMITTEE

Ottawa, Nov. 1.—A summary of the recommendations provided in the report of Committee on Soldiers' Re-establishment who returned prior to armistice.

2—Gratuities for Canadians in Imperial units.

3—Special committee on Pensions modifications for next session.

4—Arrangement with Canadian Patriotic Fund for additional assistance in needy cases, particularly of widows and children.

5—Special machinery to deal with soldier unemployment this winter.

6—Special inquiry as to problem cases.

7—Providing free clothing to patients undergoing long treatment in S.C.R. Hospitals.

8—Life Insurance investigation.

9—Housing, no action recommended.

10—No general assistance in re-establishment, or education, but special grants of \$500 each in needy cases for disabled men.

Choirs, used to mix with coffee is the oldest known adulteration of food.

## IRRIGATION AND LAND SETTLEMENT

Mr. Cauchon's scheme of small land holdings of ten to fifteen acres, which is being favorably considered by the Soldiers' Re-establishment Commission contemplates intensive cultivation, and for this purpose irrigation is to be available when required. Another idea is to be in the vicinity of good markets, and to give the soldiers all the educational and social advantages which ready and convenient access to the city will afford. He considers the Hamilton and Grand River valley district, in its fertility of soil and general advantages, one of the best adapted for this purpose in Canada. The water for irrigation, and incidentally for power development is to be supplied wholly from what is now destructive waste in the Grand River floods. The Hydro Electric Power Com. survey of 1913 confirmed the existence of a site in Pilkington Township, just below Elora, which, by means of a dam, can be converted with a reservoir of over two and one half billion (2,500,000,000) cubic ft. capacity with further possibility on the Conestoga and to some extent on the Speed River to make a total of about four billion (4,000,000,000) cubic ft. of storage. The contributory drainage area would be over 600 square miles and the spring floods together with replenishment by heavy rains would give ample supply for a flow of 400 to 500 cubic ft. per second throughout the summer. The flow above Bridgeport is now at low water often not more than 40 cubic ft. sec. The bottom lands along the river would no longer be periodically subject to overflow and erosion. To a large extent they are very fertile and would serve excellently for the contemplated purpose. The drought of the past summer is sufficient argument for the value of irrigation as to these lands.

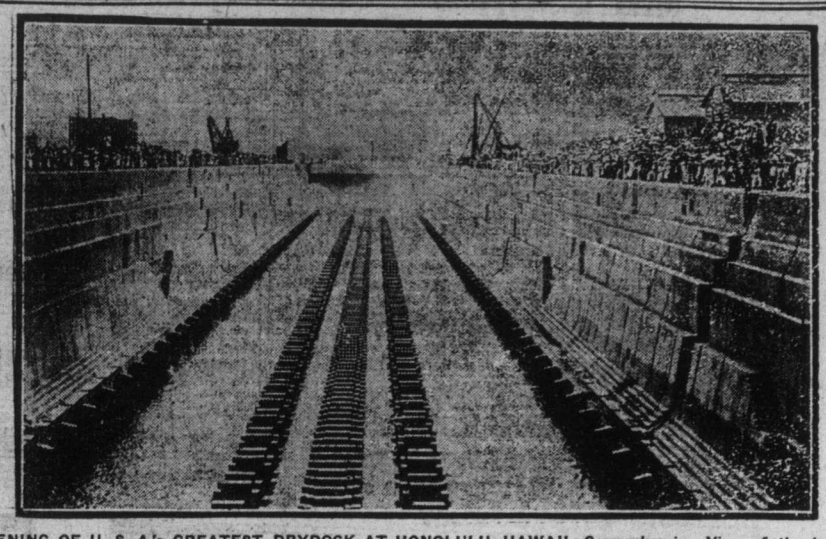

## READY TO HOE THEIR OWN ROW

WINNIPEG, Nov. 1.—The Farmers of Manitoba, judged by resolutions passed this week are strongly in favor of political action at the next federal elections, according to W. R. Wood, Sec'y of the Canadian Council of Agriculture. Resolutions have been passed by many of the local branches of the Grain Growers' Association throughout the province, favoring the election of farmers only to the Commons.

## 8 ELEVATOR CO'S ARE CHARGED WITH PROFITTEERING

WINNIPEG, Nov. 1.—Before Judge Rodon, chairman of the Canada Board of Commerce investigating profiteering, eight of the largest elevator companies in Western Canada were charged yesterday afternoon with having formed a combine, selling all their grain screenings in Chicago and Minneapolis and refusing to sell to Canadian feed firms. All elevator companies charged are controlled by United States capital. The Port Arthur Elevator Co., the Grand Trunk Elevator Co., the Empire elevator, the Thunder Bay Elevator Co., the Conestoga Elevator Co. and the Western Elevator Co. are attacked. Feed dealers said that they were willing to pay Minneapolis prices if supplied.

## COLLISION BETWEEN TWO GRAND RIVER RAILWAY CARS

Twenty-five Passengers Injured But None Seriously. Accident Occurred at Hagey's Corners, When South Bound Car Dashed Into Switch Where Other Car Was Waiting.

### LOCAL PEOPLE IN ACCIDENT:

Two well-filled passenger cars collided on the Grand Valley Railway about 7:45 o'clock last night, at the switch opposite the Hagey farm, near the Preston end of the line. About 35 passengers were cut about the face and hands or suffered bruised limbs from being thrown about in the crowd.

The northbound car, No. 41, in charge of Motorman, Otterburn, and Conductor Boesley, had orders to the siding. The southbound, No. 61, manned by Motorman Burgess and Conductor Thompson, which was about to pass, apparently encountered a defect in the switch, and crashed into the standing car with considerable force. Both motormen escaped with slight injuries.

The injured passengers were taken to Preston and attended by Doctors Hogg and Quinn. Later all were taken on cars to their homes, except one man who suffered a wrenched back, and it was decided to send him to the hospital.

As the smash occurred on a switch traffic on the railway was not interrupted.

Among Local People in It

Among those who have been learned who were in the accident are Mr. and Mrs. E. Thamer, Dr. Foggie, Mr. Solomon Brubacher, Miss Augustine, Mrs. Percy Perrin, Mr. Ernest Maeder, Mr. Wildfang and others, being in the car going down. Other local people were in the north-bound car. Scratches and bruises were sustained by most of them who are able to be out and around as usual.

Mr. Thamer and Mr. Brubacher this morning gave interesting accounts on the accident. The south-bound car, Mr. Thamer said, left here at about 7:15 o'clock, running late therefore. At Centreville it and the north-bound freight crossed. The other car, owing to the local being late had not waited at Preston for it, but had followed orders to proceed to the switch at Hagey's Corners, about two miles north of the town.

For some reason or other the local car which was running at about twenty-five to thirty miles an hour ran into the switch and crashed into the other car which was about two car lengths from the north end of the switch.

It was an unpleasant sensation when the passengers felt that the car had run into the switch. The lights went out. They were prepared for something serious although it all happened in a few seconds. Many therefore got a firm hold on to their seats. The crash came. Everybody in the car was thrown from the seat, some across two or three seats. It was dark and no one knew what the story to be revealed would be.

The vestibules of the two cars, which continued to move for the time being, were crushed flat, the trucks being together. Seats in the car from the north were ripped up and broken. Even the partition at the rear end was crushed and splintered. The glass of the back compartment was thrown into the car.

The mix-up in the car can be indicated by the fact that Mr. Brubacher's shoe hooks were caught in the hair of a woman's head, the lady having been thrown to the floor. Mr. Brubacher stated in one case a man was thrown over three seats.

Soon after the accident the lights were again on and passengers could help themselves and others.

Those in the other car fared better, they being only shaken up.

A miraculous fact is that the two motormen got out in time to escape injuries. It transpires that two young men just a moment before had left the vestibule of the moving car. This was their good luck.

Surmises most general on how the accident happened is that the switch was left open. The motorman on the south-bound car it is understood states he received signals to come on and he did so.

Mr. Solomon Brubacher, in reviewing the accident expressed his dissatisfaction with the present service on the Grand River Railway line, complaining about frequent delays to passenger cars. "I consider the present service very poor," he remarked.

## RETAIL BUTCHERS MUST DROP PRICES

WHOLESALE PRICES MUST REDUCE TO MARCH 10-PRICES

TORONTO, Nov. 1.—"It is not necessary that the retail meat dealers reduce their prices to-day in accordance with the order of the Board of Commerce," Mr. J. B. Lundy of the Attorney-General's department said to-day, in reference to the statements of some of the retailers that they had not yet received the lists on which to base their prices.

"The list will go out from the wholesalers to-day and the retail prices need not be reflected from these until next week. The butchers have to drop according to the wholesale list. They will receive the same percentage of profit on these prices as they did on the old ones."

"Will the Board of Commerce send out any lists?" "No, they will have the wholesale price lists sent out to the trades. The prices will be those that obtained on March 10. They will only have to drop to what they were on March 10. The prices of one of the abattoirs might be a little better than those of another and they have to go down to the March 10-prices, so that the retail lists will not be exactly the same."

"It will be well on the week then before you institute any prosecution for violations of the order?" "We do not like to make any threats," said Mr. Lundy. "These price lists are not going to be issued until to-day by the wholesalers and it will be next week before the retailers will fix their prices. The retailers' price does not go down to-day."

## NEARLY 400,000 MEN HAVE LEFT WORK IN COAL MINES ARBITRATION MAY PROCEED AT ONCE AND OPERATION MAY BE CONTINUED

Cleveland, Nov. 1.—The first step towards a possible arbitration of the differences between soft coal operators and miners in the threatened coal strike was taken at a conference of the executive committee of the central competitive coal fields by the adoption of a resolution, welcoming an investigation of the strike by a tribunal which President Wilson may appoint.

In the resolution the operators reaffirmed acceptance of President Wilson's proposal of October 24 and welcomed an investigation by a tribunal appointed by him with a view to an early settlement of the question at issue.

Possibility of the mines being worked in the event the strike takes place seems remote, according to some of the operators. At the same time, however, they declare they will keep the mines open and do all in their power to continue the mine operation if the Government so orders.

Chicago, Nov. 1.—Bituminous coal fields are in the grip of a strike effective at midnight, which has taken more than 377,000 of their members out of the works, to remain out until the strike should be settled.

Reports from the soft coal fields are very complete, and even the union leaders are waiting before being able to definitely to know the number of men who have obeyed the strike call.

But in almost every instance the miners' spokesmen assert that the tie-

up of the mines is virtually complete, although the unions have left a sufficient number of men in the mines to man the pumps and keep the property in shape for the resumption of work when the strike shall be ended.

Reports indicate that the bulk of the miners in the great producing regions of Pennsylvania, West Virginia, Ohio, Illinois, Indiana, Colorado, Kansas, Montana and Wyoming have gone on strike.

GOVERNMENT WAITING

Washington, Nov. 1.—The miners must make the next move in the soft coal strike was the opinion of Government officials today. The strike was really today, even though the direct hands of the United Mine Workers of America were restrained from activity by the federal court injunction.

Government officials awaited reports as to the extent of the walkout for upon this information rested the further course of the Government. Should reports show that any considerable number of miners desire to continue work, the Government is prepared to furnish them protection. Should disorders occur the Government was ready with all police power at its disposal to put them down.

## LIBERALS DO NOT CONCUR IN REPORT WENT UP IN AIR ON ACCOUNT OF THEFT CHARGE

OTTAWA, Nov. 1.—The tabling of the report of the Committee on Soldiers' Re-establishment and the moving by Hon. W. S. Fielding of an amendment to the third reading of the Grand Trunk bill calling for the appointment of a commission to enquire into and report upon the physical, financial and other conditions of the system—these formed the two main features of yesterday's deliberations in the Commons.

The report of the Committee is unanimous, but concurrence in it by the Liberal members is modified by a resolution to the effect that: "We deem it necessary to record our opinion that many of the Government's existing and contemplated commitments are wholly unwarranted and that the financial condition of the country has been brought about by these commitments and by the Government's past and present extravagance."

Under the conditions as set forth by Sir Thomas White and Deputy Minister of Finance Boville, the Liberal members of the committee believe that the recommendations go as far as the financial position of the country will justify.

It has been rumored that there was to be a minority report on the committee's findings. Liberal members of the committee may stand upon the resolution passed by the national convention in August which favored the principle of cash grants as distinct from vocational training and land settlement. But apparently it is not competent for such a committee to present majority and minority reports, so the Opposition contented itself by moving a rider as stated above.

There will undoubtedly be a debate on the reports of considerable length and acrimony. The Opposition's attitude in the debate is suggested by the above reservation. Among the "unwarranted commitments" will no doubt be mentioned the Grand Trunk acquisition proposals. On the other hand, the veterans are far from satisfied with the report, which they declare is not comprehensive enough and there is talk of an emergency convention being called to Ottawa.

As to expenditures for work carried on to date, the committee finds estimates for the balance of this year included as follows:

Pensions.....\$ 53,536,498.74  
Gratuities.....153,683,557.98  
Dependent fares.....1,916,578.00  
Dept. of Sold. Civil.....57,045,664.26  
Re-establishment.....48,228,103.12  
Soldiers' settlement.....155,324.52  
Labor Dept.....

Total.....\$14,568,726.62

The committee further finds that in order to carry to completion the various provisions that have already been made for re-establishment work, no less a sum than \$176,971,896.88 will be required. The total expenditures for re-establishment work heretofore provided and now being carried on will amount to \$491,540,623.50. This amount includes \$175,000,000 for soldiers' settlement work and over \$53,000,000 for pensions. Deducting these two amounts there remains a balance of over \$263,000,000 for other classes of benefits.

## STUDENTS BATTLE AT KINGSTON AND HAVE HEADS HIT

Kingston, Nov. 1.—While the students of Queen's University celebrated Halloween last night, they attempted to rush the Grand Opera House, but ran into a snag.

Manager D.F. Brannigan had his staff waiting for them and as the students attempted to force their way in, a battle royal followed. The police were called and with their batons drove the students off. It the mix-up quite a number of students were hit on the head and suffered but no person was seriously hurt. The students also paraded the downtown streets and threw eggs at one of the Chinese restaurants.

## An Appreciation of Canadian Nurses' Work.

The local Canadian Red Cross Society are in receipt of an interesting letter from a veteran of the great war. It is dated 5 Lyon's Range, Calcutta, August 25th, 1919, the writer being Charles G. Cooper.

5 Lyon's Range, Calcutta, Aug. 25th, 1919

The Secretary,  
Canadian Red Cross Society,  
Kitchener, Ontario, Canada.

Dear Sir: I thought that perhaps the enclosed "Vanity Bag" might be of interest to you.

I received two of them at No. 1 Canadian Casualty Clearing Station stationed somewhere near Lilliers, Flanders. They went home with me to England, and came out with me to India! I thought one of them might make the return to Canada, where I presume they originally came from! I am glad to keep one of them as a memento of the great care and attention I received at the hands of the Canadian nurses and doctors. I was very severely wounded by a shell, a fragment of which penetrated my lung, but thanks to a very clever operation by a Canadian Surgeon, Major Robinson, to whom I shall always be more than grateful, I made a good recovery. Even then I might not have made good, if it had not been for the great kindness and care of the Canadian Nursing Sisters to whom I owe a great debt of gratitude.

I remain,  
Yours faithfully,  
(Signed) CHAS. G. COOPER

That Hamburg pair are tearing  
things loose for fair. Pine and Cle-  
mens are right after the bunting and  
then some crowns—Let's go!  
E. M. Arnold in charge of Employees  
Committee in Elmira is shooting high,  
wide and fancy. He's already got the  
drop one very industry in that prosper-  
ous town and they'll all be pennant  
winners next week.

There was a young fellow,  
Who wouldn't buy a BOND.  
Although he had the money.  
He was scared to come around.  
So the Salvation sold a story  
Of Prosperity and Thrift,  
And the fellow listened quite a while  
And didn't make a shift.  
We nearly need that third degree,  
His reason we found out to be,  
Was quite a joke you will agree  
He doubted the Security.  
When he learned it was so safe  
He bought a bunch to save his face,  
And now he's happy as a King,  
And knows he's done the proper thing.

## REVISED CITY PLAN AS APPROVED BY MUNICIPAL BD.

The City Planning Commission has  
been active for over a year on a study  
of new streets, extensions of existing  
streets, and widening of certain streets  
in the city and vicinity. After a public  
hearing as required by the act, and  
certain eliminations, the revised plan  
which can be seen at the City Hall  
has been formally approved by the  
Ontario Railway and Municipal Board.  
It shows sixteen new streets and street  
extensions, as follows:  
1. East Avenue, 66 ft. wide, Victoria  
to Spring St., crossing G.T.R. main  
line by an overhead bridge. This line  
will be eventually extended southward  
from Frederick St. and around to King  
St., opposite the end of South St.  
2. Willow St. to be extended north-  
ward from King to Walter St. This will  
give direct connection of Glasgow St.  
to King St.  
3. Blucher Boulevard to be extended  
westward, widened to 75 ft. through-  
out, to Waterloo St., crossing the  
G.T.R. track by an overhead bridge.  
4. St. Leger St. to extend northward  
to the Waterloo and Bridgeport Road.  
This will give a direct road to the City  
Park lands and will open up large  
territory.  
5. Spring St. to extend easterly to  
Rim St., Waterloo T.P.  
6. Devonshire St., a new street to  
be opened from Queen St. to Henry St.,  
to Theresa St., along the Grand River  
Ry.  
7. Tuerk St. to extend to Devonshire  
St.  
8. Cameron St. to extend westerly to  
Courtland Ave.  
9. A new boulevard 85 ft. wide to  
extend from Queen St. in extension of  
the Petersburg Road southerly to Al-  
bert St.  
10. Eby St. and Brubaker St. to be  
extended to meet.  
11. Mansion St. to extend from Ellen  
St. to Ahrens St.  
12. Otto St. to extend (40 ft. wide)  
to Queen St., in line with the southerly  
limit of Margaret Ave.  
13. Peltz Ave. to extend from DeKay  
St. to Waterloo St.  
14. Schulte St. to extend, 40 ft. wide,  
from Brunswick Ave. to Margaret  
Ave., to meet Guelph St.  
15. Elgin St. to extend from Pan-  
dora Ave. to Fairview Ave., 40 ft. wide  
and from Fairview to Stirling Ave., 50  
ft. wide.  
16. Mutual Ave., a new street, to  
be opened from the end of Union St.  
to Waterloo, to Lancaster St. in the Town-  
ship. This also will open up a large  
district, both in the Town of Water-  
loo and in the Township, and provide a  
new main thoroughfare.  
These streets are now the official  
plan for future growth of the city and  
vicinity. While they may not all  
be opened in the near future, none  
of them can be changed without con-  
sent of the Ontario Railway and Munici-  
pal Board. It is expected that their open-  
ing will be such direct benefit to ad-  
joining property, in enhancing its value,  
that little if any of the cost of opening  
will fall to the general charge of the  
municipality.

**FRANCE AND ITALY GET SHIPS**  
Paris, Nov. 1.—The Germans must  
make reparation for the destruction  
of the Scaup Fleet, with other  
naval material or other Government  
property. The United States and  
Great Britain are about to consent  
that the remaining German warships  
shall be divided instead of being de-  
stroyed, the majority going to France  
and Italy. This represents a victory  
for the French.

**HERO OF OSTEND**  
Oostend, Nov. 1.—Lieut. Her-  
bert J. Little, one of the heroes of  
the naval raid on Ostend, made in  
May, 1918, returned to Owen Sound.  
Lieut. Little was in charge of one of  
the fast motor boats which accom-  
panied the raiding party. His craft  
carried nine men, including two offi-  
cers, and the motor boat squadron  
was made up of eighty such craft.

## News Notes From Enterprising Elmira

Mr. Charlie Zilliox, manager of The  
Royal Bank at Elmira, is holidaying  
at his home in town.  
Mr. and Mrs. George Cawthra left  
on Thursday for Detroit where they  
intend remaining for several months.  
The Ladies' Aid and Y.P.S. of St.  
Paul's church, pleasantly surprised Mr.  
and Mrs. G. F. Grosch and daughter,  
on Wednesday, prior to their removal  
to Milverton.  
Mr. and Mrs. Arthur Wlamer of Ed-  
monton, Alberta, are visiting the  
former's parents, Mr. and Mrs. Isaac  
Wlamer.

**Births:**  
Allmang.—At Toronto, October 26th,  
to Mr. and Mrs. Herb. Allmang, a  
son.  
Harvey.—At Toronto, October 26th,  
to Mr. and Mrs. Humphrey Harvey,  
(nee Margaret Ratz), a son, (Humphrey  
Daniel).

**Deaths:**  
Smith-Bolton.—At Kitchener, Oct.  
25th, 1919, by the Rev. H. M. Langford,  
Miss Leonora Bolton, daughter of Mr.  
and Mrs. J. Bolton, Elmira, to  
Walter Smith of Kitchener.

Mr. Clarence Jung, was a business  
visitor to Kitchener on Wednesday.  
Mrs. Wahl has returned home from  
Cayuga, where she visited her daugh-  
ter for several weeks.

Mr. L. P. Snider, of Montreal, was a  
business visitor to town this week.  
Mrs. H. Zilliox, Miss Addie Zilliox  
and Mr. Charlie Zilliox are spending  
a few days in Stratford.

Mr. Albert Gents has opened a gro-  
cery store in the fine new block which  
he has just completed on Arthur St.  
Mr. Theo. Kiewietter of the office  
staff of the Elmira Rubber Co., has  
been transferred to the company's of-  
fices at Granby, Quebec.

Miss Emma Daum was in Kitchener  
on Wednesday.  
Mrs. George Ratz, of Toronto, is  
visiting her mother, Mrs. Henry  
Dunke for a few days.

Mrs. W. H. Otto and Mrs. Myrtle  
Ratz were visitors to Kitchener this  
week.  
The following have been appointed  
canniblers for this district for the  
Victory Loan and commenced work  
last Monday—Elmira, Messrs. Amasa  
Winger and Harry W. Zilliox; Wool-  
wich, Mr. Leander Bowman, Cones-  
togo; J. A. Eisele, Heidelberg; Geo.  
Claus, Florida, Ont.

Mrs. A. E. Herman and daughter  
Betty, and Mrs. G. Schurman were vis-  
itors to Kitchener this week.  
Hockey Meeting.  
Last Thursday evening a number  
of our local hockey enthusiasts met  
and organized a team for the coming  
season. As several of our former hoc-  
key players have returned to town we  
should have some very interesting  
games this winter. The following of-  
ficers were elected:

Hon. President—O. H. Vogt.  
President—Henry Weichel.  
Sec. Treas.—Oscar Weichel.  
Executive—Lorne Ratz, A. Kehl and  
F. Vanderventer.  
Trainer—Archie Weichel.  
Elmira Greenhouse.

Few of the citizens of Elmira have  
any idea of the growth and progress  
of the greenhouse business conducted  
by Mr. W. H. Norman, whose reputa-  
tion as a grower of hot-house plants,  
has extended throughout a large ter-  
ritory. He has 5,000 thrifty geraniums  
thousands of chrysanthemums and  
thousands of carnations out in bloom  
and besides these a splendid array of primroses,  
cyclamens, begonias, ferns and foliage  
plants, lettuce, etc. Mr. Norman is  
having a sale of plants, cut flowers,  
bulbs, etc., to last from Nov. 1st to  
Nov. 15th with 20 per cent. discount  
for cash.

Miss Margaret Abel of the High  
School is spending several days  
in Toronto.  
Mrs. Casper Heimbecher and Mrs.  
Harry Heimbecher were visitors to  
Kitchener this week.

**PRICE OF MILK RAISED**  
The Waterloo milk producers  
association have raised the price of  
milk to the local dealers. The dealers  
are therefore forced to raise the price  
of milk. The new price will be fourteen  
cents per quart, seven cents a pint to  
take effect Monday, Nov. 3. The farmers  
claim that they are justified in making  
the advance in price, by the decision  
given by the Board of Commerce in  
Toronto, where milk is selling at sixteen  
cents per quart.

**GET IN ON THE GROUND FLOOR.**  
"Victory Bonds Feature Markets"  
was a newspaper heading which sum-  
marized the previous day's dealings  
on the Montreal Stock Exchange on  
Oct. 16. The item went on to say that  
Victory bond transactions had totalled  
nearly \$2,225,000, at premiums for long  
terms bonds ranging between 3 and 5  
per cent.; while for short term issues  
the premium was between one and  
three per cent. Transactions in 1915  
Victory bonds alone reached a shade  
less than \$1,615,000 at a premium of  
three and three-quarters per cent.  
The extraordinary proof of the  
soundness of Victory Bonds as an in-  
vestment thus figures for a six  
month day in the financial metropolis of  
Canada could not be conceived. Bear  
in mind that the trading took place on  
the eve of the flotation of a large new  
bond issue—the 1915 Victory Loan.  
Were there the slightest lack of confi-  
dence in the gilt-edged character of the  
investment, the prospect of a new bond  
issue would tend to depress the mar-  
ket. On the contrary it has boomed  
it. The reason is plain. In the great  
money markets of the world Canadian  
bonds are regarded as the safest and  
most remunerative security available  
to the ordinary investor. The new  
1915 Loan gives a chance for every-  
body in Canada to get in on the ground  
floor, as they say on the curb.

**Two Huge Marine Engines.**  
Galt, Mov. 1.—Goldie & Mc-  
Culloch Co., has just shipped to  
Three Rivers and Quebec two of  
the largest marine engines ever built  
in an inland Canadian city. Both  
engines are for the Canadian Govern-  
ment marine and will be installed  
in the "Canadian Trapper" and  
all dealers or the Catarthosone Co.,  
Kingston, Ont.

It is a great saving of coal to  
store it in a dry place, well pro-  
tected on all sides from the weather.  
Coal left out of doors, exposed to  
the weather for, say, a month loses  
about one-third of its heating quality.

## NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. Alfred Naud, Natanan River,  
Que., writes:—"I do not think there is  
any other medicine so equal Baby's  
Own Tablets for little ones. I have  
used them for my baby and would use  
nothing else." What Mrs. Naud says  
thousands of other mothers say. They  
have found by trial that the Tablets  
always do just what is claimed for  
them. The Tablets are a mild but  
thorough laxative which regulate the  
bowels and sweeten the stomach and  
thus banish indigestion, constipation,  
colic, colds, etc. They are sold by  
medicine dealers or by mail at 25 cents  
a box from The Dr. Williams' Medi-  
cine Co., Brockville, Ont.

**Chatham's Alternative to get More  
Water.**  
The ratepayers of Chatham will  
in all probability have three propo-  
sitions presented to them for their  
consideration at the next munici-  
pal elections, any one of which will  
effectively solve the Maple City's  
perplexing water problem. They will  
be asked to have a choice and select  
the one which they wish to adopt.

The three propositions are as  
follows: (1) To build a filtration and  
pumping plant in the city and use  
River Thames water, as is being done  
now, with an intake pipe four miles  
up the river. (2) To secure a supply  
of water from the River Saye, with  
a pumping station at the Saye and  
a filtration plant in the city. (3) To  
secure a supply of water from the  
Lake Erie, with a pumping and fil-  
tration plant at Cedar Springs. The  
question of cost enters very largely  
into the consideration of the three  
schemes.

The first proposition will entail  
an expenditure of \$300,000 and the  
second \$700,000 and the third \$800,000. This is the  
result of investigation made by the  
expert engineers James, Louden &  
Hortebarger, of Toronto who have  
been engaged by the local board  
of water commissioners.

**Thorold Will be Drier.**  
Thorold, Nov. 1.—The Thorold  
police force early yesterday morning  
stopped a Ford taxi and upon in-  
vestigating it had discovered 21  
gallons of alcohol enclosed in a half-  
dozen suit cases.

**NASTY THROAT DROPPINGS  
CATARRH DISCHARGES  
QUICKLY CURED**  
Doctors recommend Catarthosone.  
It is nature's own cure. It drives  
out the germs, heals sore spots, cleans  
away every vestige of Catarrhal taint.  
You send the soothing vapors of the  
pine woods, the richest balsams and  
healing essentials, right to the cause  
of your cold by inhaling Catarthosone.  
Little drops of wonderful curative  
power are distributed through the  
whole breathing apparatus by the air  
you breathe. Like a miracle that's  
true, Catarthosone cures bronchitis,  
catarrh, colds and irritable throat.  
You simply breathe its healing fumes  
and every trace of disease flees  
before it.

So safe, infants can use it, so sure  
to relieve, doctors prescribe it, so  
beneficial in preventing winter ill-  
ness that no person can afford to do without  
Catarthosone. Used in thousands of  
cases with out failure. Complete  
outfit \$1.00. Lasts three months and  
is guaranteed to cure; smaller size 50c  
all dealers or the Catarthosone Co.,  
Kingston, Ont.

Blue-jay was invented by a scientist  
By a man whose lifetime has been spent  
of surgical dressings.

This is a master's method—correct,  
efficient. And the millions of people  
never think of enduring a corn.

## All in One

The first step is to stop the  
pain. This is done by re-  
moving all pressure—by the  
soft protecting ring marked A.

The next step is to gently  
cause the corn to disappear.  
This is done by the re-  
markable B & B Wax, which  
no corn can resist.

This bit of wax—marked  
B—is centered on the corn.  
It cannot spread. So, unlike  
old-time methods, it acts on  
the corn alone.

# The Man Who Banished Corns

Blue-jay was invented by a scientist of distinction.  
By a man whose lifetime has been spent in the study  
of surgical dressings.

This is a master's method—correct, complete and  
efficient. And the millions of people who know it,  
never think of enduring a corn.

All in One  
The first step is to stop the  
pain. This is done by re-  
moving all pressure—by the  
soft protecting ring marked A.  
The next step is to gently  
cause the corn to disappear.  
This is done by the re-  
markable B & B Wax, which  
no corn can resist.  
This bit of wax—marked  
B—is centered on the corn.  
It cannot spread. So, unlike  
old-time methods, it acts on  
the corn alone.  
C is rubber-coated adhe-  
sive. This snugly wraps the  
application, protecting every-  
thing.  
You apply this Blue-jay in  
a jiffy. The corn pain stops  
at once. The wrapping is  
comfortable and you forget it.  
In two days you remove it  
and the corn can be lifted  
out. Only rare corns need a  
second application.  
This is the scientific way,  
the easy, sure and right way  
to end corns. You will never  
return to any wrong method  
when you try a Blue-jay once.  
Try it tonight.

# SOCIETY NEWS

The Queen Anne Chapter, I.O.D.E.,  
business meeting will be held Mon-  
day, Nov. 3rd, at 4 o'clock, Dorsey  
Club Room. A large attendance is  
requested to arrange for a "The Dan-  
sant" on Saturday, Nov. 8th.

Mrs. E. P. Seagram was a visitor  
to Toronto this week.

Mrs. C. H. Mills, who has been spend-  
ing the past few days in Toronto, the  
guest of Hon. and Mrs. F. G. Mac-  
Diarmid, has returned.

Mr. A. J. C. Hunsenard, B.A., re-  
turned to-day to Omaha, Neb., after  
a pleasant visit of several days under  
the parental roof.

Mrs. Frederick Doering and Mrs. L.  
Sattler, of the K.W. Hospital Auxili-  
ary, attended a meeting of the Hospital  
Aid Society of Western Ontario in  
Woodstock on Thursday.

Funken Council of the Knights of  
Columbus was "At Home" to its mem-  
bers and their ladies for the first time  
on Wednesday evening last in the  
pretty new club rooms in the Glick  
Block. The new members, lately ini-  
tiated, were present in full numbers,  
and as a result the attendance was  
large. Cards and dancing constituted  
the evening's program. The prize-  
winners were:  
Ladies—Mrs. Go. Winterhaldt.  
Men—Mr. L. Hertel.  
Consolation—Ladies, Miss Ruby  
Fueher; men, Mr. Geo. Sehl.

Miss Helen Weir held a delightful  
dance at her home last Saturday  
on the occasion of her birthday.

The annual distribution of prizes  
took place at the Country Club yester-  
day afternoon when a delightful  
tea was also served.

Among the pleasant events on the  
occasion of Halloween was the gather-  
ing at the home of Mr. and Mrs.  
Charles Kertcher last evening. About  
a dozen friends were present. Pretty  
decorations under twilight, including  
the customary pumpkin, and other  
features, adorned the home. The  
guests spent a delightful hour in games,  
music, vocal and instrumental. A  
dainty lunch was provided.

The dance given by the La Lot  
girls at the Casino on Tuesday even-  
ing was one of the most pleasing social  
functions of the kind ever held in the  
Twin City and the many in attendance  
enjoyed themselves to the full. The  
decorations were in keeping with the  
Halloween festival season. There were  
many beautiful costumes as well as a  
number of grotesque make-up. Krug's  
orchestra furnished the music in their  
usual highly accomplished manner.

Mrs. Henry G. Mistle will receive  
at her home, 78 Park Avenue, Water-  
loo, on Tuesday November 4th, from  
3.30 to 6 p.m., Mrs. Tweed with her.

The engagement is announced of  
Alma, daughter of Mr. and Mrs. M.  
Wildfang, the well-known vocalist, and  
Mr. Clarkson Wilkinson, city,  
the marriage to take place this month.

The three figures about which this  
very unusual love story revolves are  
Andrew Quick, the scientist; Barbara  
Blossom, a girl of twenty; and her  
aunt, Dorothy Blossom, who is ap-  
proaching middle age just before  
starting for the South Seas. Quick  
sends a letter of proposal which he  
intends shall be for the younger  
woman, with whom he is in love. By  
a mistake, for which nobody was to

was in love with her.

Faces Dramatic Problem  
In the South Seas, where he has  
many adventures among the natives,  
Andrew Quick has received what he  
thinks is an answer from the young  
girl whom he loves. He is planning  
to marry her as soon as he returns.  
Meanwhile at home the aunt and not  
the niece is preparing for his return.  
When he gets back he is called upon  
to face a situation of remarkable com-

How he answered the big question,  
that of choosing a wife, is told in the  
closing situations of this gripping pic-

quite unusual among the features of  
today.

# NEW DANCE HALL OPENS TUESDAY

GARDEN SOON READY FOR  
PUBLIC APPROVAL

The Grand Opening of Gordon's  
Palm Garden in the Waterloo County  
and Savings Block Tuesday next will  
mark the inauguration of a public  
dance hall in the city second to none  
for its size in Ontario.

Mr. Gordon has spared no expense  
to make the hall first class in every  
detail. It is absolutely sanitary with  
plenty of ventilation and fire es-  
capes, ladies large rest room with  
conveniences, gentlemen's smoking  
room with conveniences, large check  
room, and a handsome little balcony  
for the accommodation of Howard's  
Orchestra. There will also be a  
miniature cafeteria with a nice line  
of refreshments. Last and best of  
all, the finest dance floor in Canada,  
all laid with mitted corners in the  
latest oblong square style and fin-  
ished by experts.

Dancing parties will be given in  
the hall Tuesday, Thursday and  
Saturday evenings under the manage-  
ment of Mr. Gordon and the Palm  
Garden will always be known as a  
strictly moral and respectable place

LIQUOR THE ISSUE IN JERSEY  
Trenton, N.J., Nov. 1.—The State  
election in New Jersey next Tuesday  
will turn upon the question of pro-  
hibition. The Republican State  
ticket was nominated on a platform  
pledging the party to the issue of  
prohibition and the strict enforcement  
of the law. The Democratic State  
ticket was nominated on a platform  
declaring the prohibition amendment  
to be a violation of the constitutional  
principle of personal liberty and pledg-  
ing the party to do all in its power  
to oppose the ratification and en-  
forcement of the amendment.

**A Hopeless Outlook** The Unionists have just experienced two of the bluest Mondays in the experience of party politicians.

The Ontario elections knocked out the last substantial prop from under the Borden structure. Good old Ontario, which was always to be relied upon to pull the party out, ran amuck on that fateful Monday, and the old party almost disappeared. The Liberals held their own, but are also doing some thinking. All of this may be cheerless from the point of view of the hide-bound partisan, but is not necessarily bad for the people.

That first Monday was bad enough. But the lightning struck again last Monday in the very same place and blotted out the last flickering hopes of the most hopeful Unionist. In five bye-elections, they won only one seat, and that was in British Columbia by a reduced majority. Unionist seats were lost in Assiniboia, in Carleton, N. B., and Stormont-Glenagarry. In Carleton, three Ministers tried to stem the tide, yet the majority of the Farmer candidate ran well up to 4,000.

If a Dominion election were held now, we doubt whether more than a score of Unionists would survive.

**Bone-dry Prohibition** The cities and towns have shown pretty conclusively that they do not favor a bone-dry law. The last question on the referendum ballot was answered "Yes" by a majority of the voters in some cities and received a heavy vote in all.

While the bar seems to have received its quietus, many moderate people do not care to go the length of interfering with the privilege of the citizen to have a case of beer on a bottle of the stronger beverages in his own house.

Moreover, there is a disposition among the people in a general way to view the agitation for a bone-dry law as going just a bit farther than is justified at this time. Extreme measures do more harm than good and men do not care to be driven, no matter how good the intention of our Rowell's and others may be. So many restrictions have been enforced by an autocratic Government of late years that the people feel it is about time to call a halt and to give us time to adjust ourselves to new conditions.

**Breaking The Law** Unfortunately, if men are deprived by law of all their ancient privileges with regard to alcoholic beverages, they feel justified in evading and breaking a law which goes too far.

Since the Dominion Government enacted bone-dry prohibition as a war measure, violation of the law has become more and more

general. Bootlegging, illegal importation and illegal manufacture of liquor by private stills or otherwise have become notoriously common, to say nothing of the adulteration of the liquor which is being consumed.

**Private Still** Senator Wilson recently made the statement in Parliament that since April of this year, 424 illegal liquor stills were seized in Canada as compared with 13 in 1916. So the practice is growing by leaps and bound. And the police authorities express the belief that for each still seized, ten others are never discovered at all. At that rate there are perhaps 5000 stills illegally making whiskey in this country.

Most men would prefer not to break the law, but the ease with which liquor can be made privately is sure to result in a tremendous growth of the practice. It is even said by western members of Parliament that in some districts, one farmer out of three has his little tin whisky-distilling outfit. If that be so, surely it would be better to permit a moderate use of the beverages in a legal and controllable way.

**Astonishing Instances** What leads us to believe that entire bone-dry prohibition fails of its object in a most remarkable degree is the fact that many an otherwise law-abiding and respectable citizen lends himself to evasion of the law, and which goes to show the logic of the claim of the late Sir James Whitney that a large majority of the people must actively favor prohibition before it is expedient to enact and enforce it.

Merely as a case in point, we quote a conversation heard the other day between two leading citizens. The information imparted by the one to the other was as follows:

"Take one pound of apricots, one pound of dark brown sugar, one pound of corn meal, one gallon of water and one-half a yeast-cake. Stir this every day for 21 days and you will have a drink that will make a jack-rabbit spit in a bull-dog's face."

The bar is gone. The worst evils of the drink evil have been largely abolished. Let us not now go to such further extremes as will in the end serve only to defeat their own purposes.

## "IN THE DAY'S NEWS"

Gen. Adelbert Ames, who enters upon his eighty-fifth year today, is one of the few surviving general officers of the Union army, and is particularly well remembered for his active participation in reconstruction politics. After the war he was made lieutenant colonel of the 24th Infantry and was appointed Provisional Governor of Mississippi by the President. In 1870 he became United States Senator from Mississippi, and resigned his military commission. He served in the senate until 1872, when he returned to Mississippi as the Republican Governor of the State. His subsequent career in the South was stormy. Differences between the Governor and the Democratic legislature led to efforts to impeach the former, and Gen. Ames finally returned to Massachusetts, where he has since made his home. In the Spanish war he was a brigadier general and served conspicuously in the Santiago campaign.

## Safety First

He had married a girl with money, and now she was worrying as to which he had really wanted. "Dearest," she cooed, "which would you rather lose—me or my money?" "Oh, John!" was the startling reply. "It's true," said hubby, with the gentle guile of a serpent. "You see, petey, if I lost you I would still be able to offer a large reward to get you back."

Above is shown the new, made-in-Canada Overland 4. It is being manufactured at Toronto by Willys-Overland Limited, who announce that production on a quantity basis has now been reached.

The chassis is illustrated along with the finished touring car model because of its radical departure in spring suspension. It will be seen from the drawing that the "springbase" exceeds the wheelbase by 30 inches. This exclusive "three-point" principle is the basis of the manufacturers' claim that the springs of Overland 4 give it a riding comfort hitherto not realized in a light car of the economical short wheelbase.

Willys-Overland Limited claim that this new Spring Suspension has been subjected to the most rigorous, mechanical, laboratory, and road tests that engineers have ever devised, including 250,000 miles of road testing. The hill-climbing scene above was taken in Hell Canyon, near Albuquerque, New Mexico.

## THE BRIDE OF LLEWELLYN

By Mrs. E. Southworth

"All right, I told her to love you, we all love you, my lad, but why come to me about it now?"

"Because, sir, if you please—we wish to get married."

"Humph," said the old gentleman, staring at the youth, "it is easy to see that if you do not illustrate American history by brilliant naval achievements, it will not be for the want of self-confidence—I might say self-conceit."

"I hope that I am not conceited, sir. I know that I am not worthy of the great boon I ask you to bestow on me, but I shall strive to become so," said the youth earnestly.

"Booth, you little midget. You are nothing but a baby. You talk of marriage! Bosh! I say, Go, spin your top. Go, fly your kite. Go, pitch marbles!" exclaimed the old gentleman with growing impatience.

"Sir," modestly suggested the "baby," "I am in my nineteenth year, and I am an officer in the United States Navy."

"Booth! I tell you. Nineteen and a middy. Why, sir, I was fifty and

a major-general before I even thought of marriage, growled the old man.

The youth turned pale. His look of consternation was almost ludicrous. The idea of waiting until he should be fifty years old! And a commodore and marrying at that! He was simply appalling. However, he managed to control himself, and to answer with tolerable calmness: "Sir, I am willing to wait any reasonable length of time, with the hope of having Gladys at the end of my probation. So, if you would but sanction our engagement, we should be satisfied. Will you do this?"

"No, sir—no, assuredly not. There are objections more insurmountable than those of your extreme youth and subordinate rank."

"If you please, sir, what objections?" faltered the poor lover.

"Inequality, my lad, for one."

"I beg your pardon, sir, but will you be good enough to tell me in what this great inequality is supposed to consist? Certainly not in age, or in station, or in personal attributes."

"Nor in folly, nor in vanity, nor in heedlessness! In all these things you are about equal, I should judge by the present proceedings. But you are unequal in point of fortune! Gladys Llewellyn is the heiress of millions—you, of nothing!" said the general bluntly.

"I am sorry for that, sir, but it is not my fault, and I know if she had nothing, and I had millions, I would gladly give them all to her," replied the boy, naively.

"Stuff! nonsense! balderdash! Let me hear no more of this folly. I was your father's friend, Arthur, and for his sake I wish to be yours, but let me never hear any more of your pretensions to the hand of Gladys! I am willing that you should consider her as a little sister, and on no other character, toward yourself, for in no other relation can she stand to you."

Arthur went immediately from the presence of General Llewellyn to that of Gladys. Then the whole story came out, her lover's suit, and her father's "crudely."

There was only one thing that suggested itself to Gladys, and this was to try to win over her mother to her cause. So to her she went and told the whole story, ending with the miserable complaint:

"And oh, mother, poor fellow! to think he is going off, to be gone so long that it seems forever. And if he goes away so, I shall break my heart, mother, for I love him so dearly!" with a fresh burst of tears.

"I will talk to your father my darling. He is neither unreasonable nor unkind, and he will make it all right."

"You will make it all right, darling mamma," exclaimed Gladys, embracing her mother in an excess of gratitude and joy, and then bounding off to convey the good news to Arthur.

Mrs. Llewellyn went off to find the general. The great argument she used with him to effect her purpose was the true one.

"Gladys's heart is set on Arthur. If we send him away disappointed and hopeless, she will be wretched and despairing."

General Llewellyn objected, argued, coaxed, then growled, swore and—yielded.

That night the young lovers were made inexpressibly happy by the consent of the parents to immediate betrothal. It was arranged that the marriage should take place upon the return of Arthur from his three years' cruise, and that the young pair should make their permanent home at Kader Idris, so that the only daughter should not be separated from her doting parents, and the professional absence of her husband.

And so Arthur departed on his three years' cruise full of sorrow at the separation from Gladys, but full of hope of the happiness that awaited him at the end of his term of probation. But, ah! how much may happen in three years to change the destiny of men, women, and nations.

Gladys wept bitterly for a while but was comforted by the most affectionate of mothers. And sympathy and time, and an occasional letter from Arthur, restored her bright cheerfulness. Before the end of the quarter, Gladys had ceased to mourn the departure of her lover and had begun to anticipate his return.

But greater trials awaited the poor girl. Near the end of the first year of Arthur's absence, her good, loving sympathizing mother grew feeble, took to her bed and died.

### "ORANGE LILY SAVED MY LIFE"

These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered agonies from falling of womb; others from women who had escaped dangerous surgical operations; as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc.

For all these and the other troubles known in general as Women's Diseases, Orange Lily furnishes a positive, scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send, absolutely free, a box worth 45¢, sufficient for ten days' treatment, to every suffering woman who will write for it. Enclose 3 stamps. ## GREAT AQUATIC FEATURE AT STAR

ANNETTE KELLARMAN'S NEWEST PICTURE IS ANOTHER GOOD ONE

The big feature "Queen of the Sea" showing this weekend at the Star, is another success for Annette Kellarmann, called "America's perfect woman", and champion swimmer, and incidentally for the Star Theatre, which is showing this feature, also a comedy, and the first instalment of a new serial, at regular prices of admission. The theatre was crowded last night and is likely to have standing room only to-night.

Annette Kellarmann's two other big pictures, "Neptune's Daughter" and "A Daughter of the Gods" have both been seen here. In this new picture "Queen of the Sea" Miss Kellarmann is shown in more underwater swimming, and less fancy diving. In this picture she plays the part of a mermaid in a submarine fairy story designed to display her abilities as a swimmer and high-diver in the most spectacular and sensational style. The picture is full of dramatic sensations, and the fairy story lends itself most aptly to dramatic situations. The photography is charming, and the water scenes and the scenes of the battles in the deep cavern of the King of Storms are particularly good.

Miss Kellarmann is shown in a hair-raising climax where she dives 85 feet from a high wire into the breakers below. This comes as a logical part of the story, where the heroine is escaping from a lofty tower by walking a wire cable across a chasm, when the villain cuts the slender strand, and at the same time the tower is blown up. Miss Kellarmann however is not the only amphibious woman in the feature a number of "storm sirens" doing some fine underwater work. The picture will not disappoint and will be found quite up to the high standard of the other two big pictures by this great aquatic star.

There is also a mirth-compelling comedy, and the new serial "Smashing Barriers" gets off to a good start. William Duncan is the star in this film, and the stunts he pulls off are well worth seeing, whether you care for serials or not. If you like serials you will find it a real live one all the way through, with plenty of thrills and heart interest. It will be seen the first three days of each week.

## EXCELLENT BILL AT IMPERIAL

Ace of the Saddle a Thriller.

The bill for the balance of the week which opened at the Imperial last night is certainly a good one and lovers of something thrilling with lots of excitement could not wish for anything better than Harry Carey in "Ace of the Saddle". The story dealing as it does with cattle punchers gives lots of scope for gun play and horsemanship of a high order. As one follows the film from start to finish there is a number of situations which remind one of the Ku Klux in the "Birth of a Nation" the masked cattle raiders demonstrating their ability as raiders as well as riders. Exciting situations follow one another rapidly and not for an instant does the interest lag so well worked up is the climax in each case. As is usual in all films there must be a plot and this hinges around the attentions of Cheyenne Harry and the sheriff of the Yucan County who were both in love with the same girl. On the one hand was uprightness while on the other was deception and crookedness and it was not hard to determine who would be the successful suitor. "Ace on the Saddle" is a picture worth while and one that is deserving of a capacity audience. An excellent comedy of the Mack Sennett variety and the 4th Episode of "The Great Gamble" along with an excellent Victory Loan film rounds out a most excellent bill.

## A WOMAN WHO HELPS WOMEN

I know your need for sympathy and health.

And the treatment that gives me health and strength, new interest in life. I want to pass on to you, that you too, may enjoy the priceless boon of health.

I am a woman.

What I have suffered has far better guide than any MAN'S experience gained second-hand. Are you unhappy and for your misfortune? Write and tell me how you feel and I will send you ten days' FREE trial on a home treatment to meet your individual needs, together with references to women in Canada who have passed through your troubles and regained health, or you can secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head or back, obstinate constipation or piles, pain in the sides, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, weariness, hot flashes, yellow complexion, with dark circles under the eyes, or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid to prove to yourself that these ailments can be safely and surely overcome at your own home, without the expense of hospital treatment, or the dangers of an operation. When you have been cured, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all, young or old.

**MRS. M. SUMMERS,**  
Box 301 WINDSOR, ONT.

### Read My FREE Offer:

To Mothers of Daughters I will explain a simple home treatment which speedsily and effectually dispels headaches and lassitude in young women and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember I restore nothing to give my method of home treatment a complete ten days' trial, and if you wish to continue I cost only a few cents a week to do so, and it does not interfere with one's daily work. Write and ask for the free treatment to-day as you may not see this offer again.

## WOMEN ARE SAFE WITH "BAD MEN"

"Moral Skunks" Not Found On Plains, Says Tom Mix

By Tom Mix  
Some persons have an odd conception of "bad men" of the West. By "bad men" I mean morally bad. Those who know the life on the western plains realize that the open country wouldn't attract the moral skunks that are bred in big cities and cling to the protection of crowds and easy hiding places.

I believe the cheap grade of so-called "wild west" photodrama has been partly responsible for these false views. Motion pictures of western life, to be accurate and to reflect the west as it really was, cannot have in them the morally bad men of the eastern drama.

Women, and particularly wives, were more scared on the range than they are in any big city. A man on the range where neighbors are miles away may go off two hundred miles and leave his wife alone. While he is away a bad man may come along a man who is "on the dodge". He will ask for food and will receive it. If it is night and he wants to rest he will go into the kitchen or barn, throw down his blanket, and sleep. In the morning he will get his breakfast, do a few chores in return for his food and lodging and be on his way.

A bad man on the plains could not afford to injure or insult a man's wife. If he did he would be hunted by the very men to whom he looked for protection. He would have no refuge like city crowds, or dark alleys. He would be shot at the next house he tried to enter. A rigorous honor was observed even by the desperado in those days.

The hospitality of the old West was proverbial and was extended even to its bad men. People were few, news scarce, and guests however questionable were welcome.

You must remember that I am speaking of the old west, the spirit of which I feel I have embodied in "Rough Riding Romance," my latest William Fox production. It is typical of the chivalrous attitude toward women that existed in those older days of the land I love.

But when the west became settled and crowded cities sprang up there came the bad element that thrives in thickly populated places. Then the old west began to break up.

In the pictures I am making I am sticking close to the old-time west, with its hospitality and honor, even among bad men—the west that gave men strong bodies and clean minds. If the world at large honored a woman today as much as they do were honored in the old ranch days—as the princess is honored in "Rough Riding Romance" coming next week to the Imperial Theatre it would be a better place in which to live.

## "IN WRONG" TRUE TO LIFE STORY

STORY FULL OF LAUGHS AND TEARS OF EVERYONE'S CHILDHOOD.

Jack Pickford is the hero of a big round-up of "yegs." "In Wrong" is a latest picture which is being distributed by First National and which will be seen at the Star Theatre beginning Thursday. He plays the part of a grocer's boy who has been condemned as a rather worthless character and whose suit for the hand of Millie Fields, the daughter of the village's best boarding house keeper, has hitherto been unsuccessful.

Throughout the early part of his trials Johnny finds nothing but misfortune and disappointment. His mother whips him for going swimming against her will. Millie plays with his heart, and makes him feel keenly

his position as a grocery boy with no seeming prospects. Then to make matters worse, Morgan Coleman, a New York boy, comes to the village all dressed up in ice-cream pants and white shoes, armed with a most engaging smile and a knowledge of big city ways which is dazzling to the most of the simple minds of the village. Meeting Millie Coleman at once begins to make love to her and she seems to listen.

This leads Johnny to neglect his work and moan. While walking about in such a mood he loses the great chance of his career, that of saving his pretty sweetheart, who goes out by herself in a canoe. Of course Coleman is on the job. He jumps from a bridge and saves Millie. At once he is acclaimed by the whole village, and a banquet is arranged by the young ladies of the place to honor his heroism.

Even Johnny's mother is on the committee to make the banquet for Coleman a great event. This is the final straw. Johnny decides that all there is left for him to do is to sneak out of town as quickly and quietly as possible. He stays behind only to get together a few of his valued possessions. Then he writes a note to his mother and starts.

As he goes he finds a horse and decides it must have strayed away. He will take it home, he thinks, and mounts. A moment later bullets begin to sing about him and in fright he gets into a barn. Thereupon he hides.

He learns through conversation that the men are robbers who have blown the safe at the village bank. Summoning all his courage he makes one last grand attempt to redeem himself.

## THEDE BARA SAYS FEW GIRLS HAVE PHOTOPLAY TALENT

VAMPIRE WOMAN ENCOURAGES ONLY THOSE ASPIRANTS WHO ARE SINCERE.

Miss Theda Bara, star of the William Fox production, "The Serpent," has issued a warning to all screen-struck girls. Miss Bara is deluged with queries as to the best way to get into photoplay, nor are the inquiries all from young people. "If the average girl only knew the sacrifices necessary to attain success in motion pictures, she would carefully consider before electing screen acting as her life's work," says Miss Bara. "The demands made on the time of the motion picture actress are greater than those made on the time of any other part."

"The average girl, according to my opinion, which is founded on the many letters I receive, believes that acting before the camera requires merely ability to reveal her own personality. It would seem to me that she has read about the triumph of some inexperienced girl who has achieved remarkable dramatic success in her first picture."

"Of course there is always the possibility that the embryonic photoplayer may acquire the greatest of laurels in her first photoplay appearance. There is that possibility but it is a very small one. I find that success on the screen requires constant study. If one really feels that she has histrionic talent of a high order and she is willing to labor indefatigably, it may be well enough for her to enter photoplay. If, however, she aspires merely to reveal her own personality on the screen, it is best that she remain among her friends who probably will appreciate her more than the average motion picture audience."

Alice Brady in "The Serpent" is a vampire woman who encourages only those aspirants who are sincere. She is a woman who has achieved remarkable dramatic success in her first picture. "Of course there is always the possibility that the embryonic photoplayer may acquire the greatest of laurels in her first photoplay appearance. There is that possibility but it is a very small one. I find that success on the screen requires constant study. If one really feels that she has histrionic talent of a high order and she is willing to labor indefatigably, it may be well enough for her to enter photoplay. If, however, she aspires merely to reveal her own personality on the screen, it is best that she remain among her friends who probably will appreciate her more than the average motion picture audience."

## ALICE BRADY IN FINE DUAL ROLE

Will be Seen at Allen Theatre Wednesday and Thursday

Although the art of "doubling" in moving pictures is as old as the industry itself, technical men who have seen Alice Brady in her latest Select Picture, "The Better Half," which comes to the Imperial Theatre on Wednesday and Thursday next, declare that Miss Brady's work of doubling in this picture is unequalled on the screen.

Throughout the picture Miss Brady plays the dual role of Louise and Trixie Thorley, two sisters who are as alike as the proverbial peas in a pod, yet as different under the surface as it is possible for sisters to be.

Louise Thorley is a lovable child who grows to a fine type of womanhood, while her twin sister is selfish and churlish to an almost impossible degree, with hardly a friend in the world except her sister and Michael Thwaite, a cousin by adoption whom she eventually marries.

During the course of the entire picture Miss Brady's doubling is so cleverly executed that it is impossible to tell which is she and which is her double. In many of the scenes Trixie and Louise are actually Miss Brady herself. One scene in particular shows two front views of Trixie and Louise at the same moment. Both are posed by Miss Brady, and it is a mild statement to say that experienced directors gasped when they saw the finished product on the screen.

"The Better Half," both from a technical and fictional viewpoint, is undoubtedly the best work Alice Brady has ever done, and will undoubtedly look back on her long list of outstanding successes, it is easy to realize what a masterpiece of photographic work this production is.

### Put something by for a sunny day!

WHEN the horizon brightens with an opportunity that may lead to your success and prosperity, do not let it find you unready to take it on.

Through lack of capital, many men have been forced to see their opportunities pass in many cases all that was required was a very small sum to invest.

A few dollars saved each week or month, deposited to your credit in a savings account at The Bank of Toronto, with the interest it earns, will soon accumulate to a substantial sum. Have it ready when the call comes for your venture.

Your savings account is invited.

FOUR STATES TO CHOOSE GOVERNORS

Washington, D.C., Nov. 1.—Although this is an off year in politics, there will be voting aplenty next Tuesday to attract the attention of the public. Only four States are to choose full tickets of State officers, including governors, but there will be elections of minor officials in numerous other States, elections on proposed constitutional amendments, together with the choice of county and municipal officers in many widely scattered sections of the country.

The States which will elect governors are Massachusetts, New Jersey, Maryland and Kentucky.

Sir Harry Lauder, the eminent Scottish entertainer, is to begin an extensive tour of America with his appearance at El Paso, Texas, to-night.

### Letter to News Record

#### MILK PRICES.

The milk producers of this vicinity have formed an association and are asking practically the same price as Toronto producers are getting laid down in Toronto. In Toronto where the Board of Commerce and the price of milk is selling for 16 cents per quart or 13 pints tickets for \$1.00.

The milk for Toronto is shipped into the city from a radius of one hundred miles and the producer has to pay the freight. The vendors of Kitchener offered to pay Toronto price less freight and sell milk at fourteen cents a quart. This offer was not accepted by the producers, and notice given if the higher price was not guaranteed by Nov. 1st, the milk would be withheld. The public can demand an investigation by the Board of Commerce and I think it would be a wise course to take.

A. S. SHOEMAKER.

#### SOME REFLECTIONS.

Mr. Editor:—The present provincial and local conditions are somewhat unusual and even astonishing. Such an occasion for surprise was the announcement of the results of the recent elections, both as regards the Legislative election and the Referendum.

All causes, being effects of other causes, may be subject to a chain of results set in motion far from the finality in question. Thus a predicted event may fail to take its place in history, because a far antecedent cause was disturbed in its course of causative evolution.

There is nothing more conducive to the promotion of satisfaction and harmony, among the people, than the living in an atmosphere of rich simplicity. The strength and convincing influence of moral power, which works on the reason and intellectual faculties, at once becomes an irresistible momentum in our ultimate choice of action on questions submitted for our solution.

Now we claim to be living in a land of democratic institutions, which signifies a form of government, in which the supreme power, is lodged in the hands of the people collectively, or in which the people exercise the power of legislation. Such was the government of Athens.

It is a generally accepted axiom that majorities should rule and this rule is often referred to as one of the prizes of democratic institutions. But let us see how this popular principle works under certain conditions.

Take for illustration the recent election in North Waterloo. There were six candidates in the field, the highest number of votes received by one candidate was 572, which according to democratic institutions gave him the

### OUCH! PAIN! RUB OUT RHEUMATISM

Stop suffering! Relief comes the moment you apply old "St. Jacobs Liniment."

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating "St. Jacobs Liniment" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Liniment" conquers pain. It is harmless rheumatism liniment which never disappears and can not burn the skin.

Linger up! Stop complaining! Get a small trial bottle of "St. Jacobs Liniment" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Liniment" is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

lost their freedom because man no longer believed in the theory of liberty. Men became the owners of the women, and there came a time in the history of women when they did not think: And so in the ages, with a few brilliant exceptions, women performed the ordinary routine of the slave in the kitchens of their lords and masters men.

But this could not last. Evolution cannot stand for such ignoble things; hence the illuminating influence of time, the awakening of the consciousness of women, by inspiration from a higher source, and education, the outflow of the very works of philosophy, wisdom, literature, painting and music of which men were the authors. "Fifty years hence a philosopher tells us that men and women will associate in perfect harmony, they will think together, reason together. There will be no avocation in which men with women cannot take part. There will be in the next fifty years, in the Dominion of Canada almost perfect equality."

But woman has her specific, particular place, and man, his specific particular place. Woman can scale a height different from man, and man will climb to a height that woman cannot scale, because they are different.

The God of the universe has implanted in the soul of women the idea that men are their natural protectors. When a decision is to be made in a great crisis, men sometimes must take the lead. When a woman deeply and truly loves a man, she feels now as she felt in the past, and will give herself as long as the sun shines, that flinging herself on his protection, he will be her refuge in a time of storm. This realization does not limit woman or lower man. It makes them feel the tenderness of the conscious directing energy from the highest altitude of superior sources, which are endeavoring to the men and women of our beloved country, that man and woman are one only when they mutually respect, admire, and understand each other.

By way of conclusion, kindly permit me to extend my kindest invitation, to those sincere ones who through some extensive and fanatical impulse, are endeavoring to effect reformation and elevate the human race by the application of force, to cease impeding the evolution of the race and instead try to accomplish some good by coming over to the geniuses of liberty, where your environment will assuredly be most in harmony with the great laws of the universe.

That sweep as do the fingers of the harpist, the chords of a golden harp.

JOHN F. MCKAY.

### "IN THE DAYS' NEWS"

Earl Curzon of Kedleston, who has succeeded Arthur J. Balfour as British Foreign Secretary, has had a remarkably successful public career. In his early days at Oxford it is recorded of him that he was wont to profess two great ambitions, one to be president of the Oxford Union and the other to be Viceroy of India. The first of these he achieved in 1880, and the second just 19 years later. Many other important offices have been filled by him, including those of Undersecretary of State for Foreign Affairs, and Lord President of the Council. In 1905 Lord Curzon was married to Miss Mary Leiter, daughter of Levi Z. Leiter, who made his millions as a merchant in Chicago. Lady Curzon died in 1906. After

### THE NERVOUS SCHOOL CHILD

Needs Rich, Red Blood to Regain Health and Strength.

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak and thin, their nervous system overworked and color and spirits lost. It is a great mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus' dance, or drift into debility that leads to other troubles. Regular meals, outdoor exercise and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay strict attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills according to directions and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Pearl G. Harrington, Kingsville, Ont., who says:—"I have often felt that I should write you and let you know what Dr. Williams' Pink Pills did for me. At the age of thirteen I was afflicted with St. Vitus' dance. The trouble became so severe that I had to be taken from school. I was given medical treatment but it did not help me. In fact I was steadily growing worse. Then a friend advised my mother to give me Dr. Williams' Pink Pills, which she did, with the happiest results, as the pills completely cured me and I was again able to take up my studies and attend school. Again about three years ago I was attacked with nervous prostration and once more took Dr. Williams' Pink Pills, and after using five boxes was fully restored. I cannot praise these pills too highly as I believe they will cure any case of St. Vitus' dance, or restore anyone who is weak, nervous or run down."

You can safely give Dr. Williams' Pink Pills to the most delicate child, or take them yourself with equally good results when you need a blood tonic. These pills are sold by all dealers in medicine, or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

### BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

## There are as many different varieties of tea as of roses—but only ONE Red Rose Tea.

Red Rose is a blend of about a dozen varieties of teas, chiefly hill-grown ASSAMS—the richest and strongest teas grown.

The skilful blending of these teas produces the delightful and distinctive Red Rose flavor.

The rich, strong ASSAM leaves in the Red Rose package are so full of tea essence that three teapoonfuls go as far as five of ordinary tea.

The Red Rose combination of Quality and Economy is obtainable only in the Red Rose package.

## Noted Pugilist Appears on Screen at Allen

James J. Corbett, known in sporting circles as 'Gentleman Jim' because of his clean and gentlemanly conduct, won the world's championship from John L. Sullivan twenty-seven years ago. He has been introduced the greatest boxer the world has ever known, with a style that had the up-till-then invincible Sullivan floored in the memorable fight at New Orleans on Sept. 7, 1892. By remarkable footwork and dexterity Corbett kept out of the champion's reach during the first few rounds, without trying to land a blow, and only after he began to get the champion tired did he begin to punish him. It was one of the greatest exhibitions of boxing ever seen, but Sullivan after having his nose broken and having taken terrible punishment, had to take the count in the twentieth round.

'Gentleman Jim' is now in the movies and is appearing in 'The Midnight Man' at the Allen Theatre every Monday and Tuesday. You'll find it a good story and well worth seeing.

## Guelph to Get Report Soon.

The special committee Guelph appointed at a recent meeting of the City Council has been called to Monday afternoon.

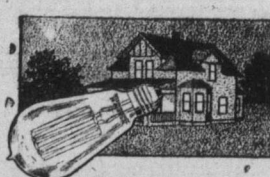

At this meeting it is expected that Sir Adam Beck and his hydro commission engineers will attend and will present the report asked for by the City Council several weeks ago with respect to the Guelph Radial Railway. It is understood that a complete report has been prepared, stating on what terms the Hydro-Electric Power Commission will agree to take over the street railway and operate it.

There is also a rumor to the effect that in connection with the operation of the street railway the Hydro Commission has gone thoroughly into the question of building a line from Galt

## AMATEUR LAW IN ALBERTA

Farical Rule Working  
Winnipeg.—Regina, Edmonton and Moose Jaw sport leaders are loud in the defense of the fingers and old pros, that are going to play hockey in Saskatchewan and Alberta this winter, but Calgary is awake to the true situation.

The Calgary Herald says: "In the case of these professionals who are reported to be slated for positions in amateur hockey this winter, the amateur union is going to take a firm stand. The Calgary governors have already expressed themselves very strongly on this point, and from all indications these players will be ruled ineligible to compete. Fans may be disappointed to learn this, but it is amateurism the officers of the Alberta Union are protecting and not the tastes of a certain faction of the sporting fraternity. It is true that the best calibre of sport must be served out to the fans, but the Alberta officials will not permit this to be done at the expense of honorable amateurs."

Battle in the Air  
"Neither do the amateur officials intend to permit any small body of men who secure a livelihood from sport to come here and disintegrate an organization built up through years of fervent effort on the part of persevering amateur advocates."

"These rogues who would attempt to perpetrate such a colossal plan of disruption will be firmly opposed by Alberta's amateur officers. This information has been obtained from the officials themselves and they are fully armed to oppose any such movement. When Calgary is ready to take care of professional hockey, let the professionals be imported, but in the meantime play the game on the square and let the meal-ticket athletes be wanted."

Dan Leitch, of Vancouver, vice-president of the A.A.U. of C., says "Just what action the governing body will take I am not prepared to say, but steps must be taken at once to put an end to the promiscuous representation of professionals whose present status does not merit consideration."

The strongest team that Petrolia has mustered at any time this season will trot out to London this afternoon to thwart the London fourteen in the last game scheduled here in the intermediate O.R.F.U. group series.

A program of races will be run off at the Exhibition grounds Saturday on Thursday, November 6. There will be three races—2.15, 2.30 and 2.50 trials. Purse \$200 each race. The 2.50 will be half-mile heats. Quite a number of horses have entered already and it is expected the races will be keenly contested.

Owing to the numerous criticisms written re the trick plays used by McGill rugby team, Coach Shaughnessy wrote to Prof. Macdonald, of Queen's University, who refereed the game between Queen's and McGill on October 18 for an opinion. In his reply, Referee Macdonald states that in his long experience as an official in the Intercollegiate Rugby Football Union, that he has never officiated over a more sportsmanlike or gentlemanly aggregation of players than those of the McGill team.

## No edge without stropping

Provide a barber with a number of the highest-priced razors obtainable and stipulate that he must use a new razor on every individual customer and he would refuse if he valued his trade.

Stropping, you see, is needful because it removes the roughness of the new blade and re-aligns the saw-like edge that shaving produces; because it keeps the blade free from rust; and because it is the only means that will provide you each morning with a keen edge for shaving.

You don't take the blade out to sharpen it; nor do you take the AutoStrop Razor apart to clean it. From first to last—stropping, shaving and cleaning—you never need to remove the blade from the razor.

You can get an AutoStrop Razor anywhere—razor, strop and 12 blades, complete, in attractive case, for \$5.00.

## DEMAND FOR WOMAN LABOR CONTINUES

TORONTO, Nov. 3.—So keen is the demand for woman labor, not only in domestic but also in industrial circles that applicants are snatched up almost before they get a chance to apply for a position at the Ontario Government Employment Bureau these days.

During the past week there were 128 applications for work. Out of this number 50 were placed, although there were 253 requests for help filed from institutions and private homes. Among the casual workers there were 144 applications, 255 vacancies and 266 placed.

The report of the industrial department revealed even a greater shortage. In the past week there were 53 old and new registrations, 705 orders for help and only 14 filled. The clerical department had 105 applications for workers registered, 102 employers orders and 14 placed.

## NEED NOT KISS GOVERNOR'S HAND

TORONTO, Nov. 3.—In the old country ministers of the Crown kiss the King's hand when accepting office. The members of the kind, occurs in Canada when a new ministry takes hold. There is not even any formal handing over of the reins of office.

The ministers take the oath of office and that's about all there is. The swearing in of Mr. Drury and the members of his Cabinet will take place either in the Council Chamber at the Parliament Buildings or at Government House.

## SUNDAY MORNING FIRE

A fire, the cause of which one theory has it, was spontaneous combustion among chemicals in the basement of the plant, necessitated the fire department making a run to the Ontario Manufacturing Company's plant on East King Street at 4.50 o'clock Sunday morning. Chemicals of the department quenched the flames before they broke out of the basement windows. Water also was added to the same. The damage caused is estimated at \$800 to \$900.

THE LATEST HAUL REPORTS

A number of complaints reached the Record office of the wholesale robbing of poultry pens in the city and surrounding districts. For some few weeks past farmers living on the Breslau Road have had a visit from the thieves and in spite of a keen lookout so far they have escaped the clutches of the law. Saturday night the farm of Galed Bros., Breslau Road, was visited and 5 ducks, 1 peewee and a number of chickens were taken. The family were away at the time and as the house was securely locked, entrance was made by removing the window.
