AUSTRIA WHIPPED IN THREE PLACES AND ON THE RUN

Austria has suffered three decisive defeats, being routed with tremendous loss of men, guns, ammunition and provisions in seperate engagements with the Russians, Servians and Montenegrins. Official dispatches from Russia and Servia, and an unofficial dispatch from Montenegro, tell of the Austrians being on the run and hotly pursued.

Russian troops have sieged the fortifications around Lemberg, the capital of Galicia, and on Tuesday forced the Kalser's allies to retreat in disorder, leaving barind parks of artillery, with many killed and wounded. Many were taken prisoners. The bulk of five Austrian corps were engaged in this encounter.

Servia faced an army of 200,000 Austrians at Jedar, and forced a retreat. The Austrians left on the field 10,000 dead, more than 2,000 wounded. Sixty guns were captured. A numerically inferior army of Montenegrins defeated the Austrians

and Festival of Fall Fashions continues today, tomorrow and Saturday. Second Floor.

THE important lessons which are being learned by the observant visitors to this annual event of consuming interest, is evident by the comments and little conferences held here and there by enthusiastic admirers of the new autumn styles.

The increasing numbers of daily visitors is evidence too that this event is looked upon as an event of greatest importance as a real guide to the new fashions, which at this period of the year is all important to every woman who considers

the style correctness of the things she wears. Observant visitors to this fashion display will notice

that madam la mode has discarded the loose, wide blousiness from shoulder to waist of last season, and has tired of the width of the hip draperies.

This week we present an opportunity to view several hundred of these new cool styles, certified as correct down to the last detail, an exhibit of only the properly authentic autumn styles, represented by the garments now seen on Fifth Avenue-the "boulevard of fashion" of New Yorksome with cape and cape effects, some semi-fitted with plaits in skirt lengths and 3-4 and 7-8, collars fit closely, sleeves are raglan or set in with large armholes, materials are in zibilines, chinchillas and fur fabrics. Many handsome models are shown in plush and seal plush in both plain and brocade effect; smart tweed coats in darker tones, also navy, blue and black in curl and zibiline cloths.

How to Win Battles

More Victories are won by siege tactics than by assaults.

Apply this to business and see what it means: it means that continuous and steady advertising is more resultful than campaigns that come and go, come and go with long intervals in between.

For an advertiser with goods to sell to suspend his selling effort now is to make conditions worse for himself, and is no sign of that courage which is supposed to possess every Canadian heart in these war times.

Win and hold your position in business by steadfastness in attack.

TECUMSEHS AND THE SAINTS SPLIT THEIR DOUBLE HEADER

Craven Crew Hammered Ben Beebe All Over the Park-Locals Secured the Short-Inning Affair With Bobby Heck in the Box.

Conductor Midge Craven and his crew of railroaders took a run over to Tecumseh park yesterday afternoon. They had orders to lay over here until the evening train would convey them back to the city of many railways. During their sojourn here they participated in two ball games. In the first exhibition they handed Ben. Beebe the worst beating he has received since he became a member of the Canadian League. It was a 9 to 2 defeat. London won the seven inning contest 2 to 1.

Reilly Deserved Victory. Fireman Reilly deserved to win the opener. He pitched a clever game, and had all kinds of speed and twisters. Six Tecumps struck out, trying to connect

with his shoots. Long Ben Beebe was dishing up everything on the calendar, but the more he mixed his offerings the harder he was hit. 'Twas a bad day for the big blonde.
Wilkinson, the Saints' star, and Robert Heck clashed in the short-round affair. Heck, after the first inning, was never in trouble, and won his game in

Saints First to Score.

Heap Big Chief Nevitt started the onslaught on Beebe that resulted in the scoring of three runs, when he opened the third round with a single to centre. Reilly sacrificed. Kopp walked. Crarkeilly sacrificed. Kopp walked. Craven banged one out to centre, and the Indian crossed the plate. Hadley forced Craven out. Kading looked a couple over and then sent one of Beebe's offerings to centre field for two bases, scoring Kopp and Hadley. Kading, in running to third, was hit by McNellis' batted ball, and the side was retired.

The Tecumps scored their first run when Linneborn started the fourth inning by beating out a hit to short. Bierbauer was an easy out. Whiteraft was safe at first on Hadley's error. The safe at first on Hadley's error the fleet-footed Lamy was safe at the initial sack on Kading's misplay, while Linneborn scored. Cy Reidy and Lamy were retired on a fast double play.

With two down in the fifth, Joe Dunn added the final run to London's score, when Beebe hit safely. Bierbauer fanned, ending the round.

The seventh session was one that Ben Beebe should long remember, when Keilly, the Saints' stabman, commenced the fireworks by nitting safely to right, Kopp followed with a like one past third. Craven worked Beebe for a walk, while Hadley Ianned. Kading walked, and Reiliy was forced nome. McNellis was safe on a fielder's choice, forcing Kopp out at the plate. Beebe shot one up that struck Inker's fancy, and he hit for three bases, scoring Craven, Kading and McNellis. The side was retired when Inker was nailed. The scoring on both sides was brought to a close here.

Short-Round Exhibition Craven's crew made their lone tally in the second of the short-round affair with one down. Heck passed linker, who was forced out by Ghespie. Nevitt hit line drive to centre. Gillespie Wilkinson fanned, and it was all over, so far as the Saints were con-

BUFFALO MATRON HAS NARROW ES-CAPE FROM DEATH

Mrs. Wm. Cook escapes death, not from an accident, as you might suppose, but from tuberculosis of the lungs. The disease was conquered by Nature's Creation, after physicians stated that hope was sanitarium treat ment. They story of her recovery, in her own words, is as follows:

MRS. WILLIAM COOK.

During the fall of 1910, while living in Amherstburg, Ont., I began to go down in health, and although I doctored right along, I became worse and worse, until in August, 1911, my physician told me that he thought I had pulmonary tuberculosis. He then sent my sputum to the laboratory of the Provincial Board of Health at Toronto for examination, and it was declared by the authorities here that the specimen of my sputum showed the presence of tubercular bacilli.

My physician began to give me cresote, and when I continued to get finally told me that I must go to Muskoka at once or I would die. On February 1st, 1912, I started to take Nature's Creation and made marvelous improvement at once. Before I started. to take the medicine I was in a terrible condition. I weighed only 98 pounds, had no appetite at all; had awful chills and fever, and night sweats, so that I lost my sleep. I coughed and expectorated terribly.

After taking four treatments of Nature's Creation all the symptoms of trouble had vanished, and I have gained in health and strength ever since, until now I weigh over 125 pounds, having gained over 25 pounds. I am glad to recommend Nature's Creation to anyone who is afflicted with tuberculosis since I am sure that it has saved my

MRS. WM. COOK, (Signed) 28 Alsace Street, Buffalo, N.Y.

This is to certify that the statements made above by my wife, Mrs. Cook, are absolutely correct. In fact, I cannot say too much in the praise of Nature's Creation, for I am sure my wife would not be living today if she had not taken it. I would advise anyone afflicted with uption to at least investigate N. C., and I would be glad to talk to any one personally regarding it. CAPT. WM. COOK, (Signed)

28 Alsace Street, Buffalo, N.Y Nature's Creation has proved to be of immense value in conquering tuber culosis in all its forms, asthma, bronchitis, and in the causes which lead up to these troubles. It is not a patent medicine or a cure-all, and is not sold in drug stores. Booklets descriptive of Nature's Creation are being distributed free of all charge.

The experience of Motherhood is trying one to most women and John Henry Devilliers, chief justice marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it over her system has received shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be

UNITED STATES GETS CONTROL OF HARBORS

Important Treaty With Panama Affects Canal Zone Boundaries.

[Canadian Press.] PANAMA, Sept. 2 .- An important treaty, by the terms of which the United States gains control of the waters of the harbors of Colon and Ancon, together with certain other valuable rights, was signed here today by William Jennings Price, the American minister, and Ernesto T. Lefevre, Panama Secretary of Foreign Relations. The new convention has been under negotiations for the last four years. Early last year the negotiations were broken off by Panama because it then seemed impossible o bring the two Governments into

It also amplifies the Panama Canal treaty of November 18, 1903, under which the canal zone was acquired from Panama. The treaty will now be sent to Washington and Panaman Senates for ratification.
