PRESENT CRISIS IN WAR IS FATEFUL

Bulgaria is Threatened on Every Side By Hostile Forces Calmness and Resolution Shown - Nation's Future at Stake.

LONDON, July 10.—The present is the most fateful crisis for the Balkan race since the King Milan of Serbia declared war in 1885 against Bulgaria in the absence of the Turkish frontier," says the Sofia correspondent of The Times.

Bulgaria is now threatened with hostile forces on every side, but the unannounced dangers of the situation," he says, "are being confronted with extraordinary calmness and resolution. All reserves who hitherto have been excused from military service have been called out and they responded readily, it being realized that the whole future of the Bulgarian nation is at stake.

"A more cheerful view however, prevails today. Instead of a serious defeat, which General Kovatcheff's gloomy messages were supposed to indicate as the motive for the execution of Kotechana, it appears that a fighting has occurred in that region in the last two days, which have been exempted by the Serbians in collecting their dead and wounded, and the evacuation was due to strategic reasons. The troops have now taken up strong positions from which it will be difficult to dislodge them.

"Up to Tuesday night, Serres was not occupied by the Greeks. Communications have been interrupted by the flight of the telegraph operators. King Ferdinand has bestowed an order for bravery on General Ivanhoff for his stout resistance against overwhelming forces."

Acted Without Orders LONDON, July 10.—The Constantinople correspondent of The Times learns on high authority that the Bulgarian forward movement, which precipitated the fighting at Iskop and Kotechana, was carried out in defiance of orders issued by General Savoury, the minister of war, and in the absence of the King or Premier Danoff.

A despatch to The Times from Cukup says that both armies are now engaged in strategic movements, preparatory to the development of the second stage of the campaign. The first stage ended with the capture of Krivolak by the Serbians on Sunday.

HOBBLE NEARLY COST GIRL SWIMMER'S LIFE Prevented Her Kicking When She Fell Off a Yacht.

PHILADELPHIA, July 10.—That a bathing suit simply cannot be used in a bathing suit is the claim today of Amelia Sparks Douglas of No. 2020 Twenty-second street, an amateur swimmer. This positive statement was made when the young lady, who came from a cruise on the Chesapeake with a party of the younger members of the yacht Marguerite II, during which she was cast into the water in a bathing dress and had to be rescued by Alfred Cartledge, Jr., commodore Cartledge of the yacht Club, and incidentally the cause of the unusual accident.

She was gazing intently at the yacht. She forgot to take care of a valuable possession of a dear friend and she leaned far over the side of the boat and tumbled in. Fully dressed, plunged into the water. The unfortunate Miss Douglas' public skirt prohibited her swimming and the task of rescuer difficult.

PRINCESS AT LAW OVER WILL LONDON, July 10.—The Princess Royal and her daughter, the Duchess of Fife, were broken the rule which forbids differences among members of the royal family of England away from public scrutiny, by asking the court to pass on the disposition of the property of the Duke of Fife, who died in Egypt as a result of a chill in the wreck of the steamer Delhi on the coast of Morocco, last year.

The great Merope, last year, intricate that efforts have been made to keep the suit secret. Mr. Justice Melville, in the chambers Division, heard arguments of the chamber, and newspaper representatives were admitted. It is understood that the question is so intricate that it will take a long time to reach a decision.

HERE ARE SOME REAL ONES

EVERETT, Wash., July 10.—Jay Sigworth, a poultry fancier, is the possessor of three barnyard freaks, hatched within ten days, and is wondering what new creation his chickens will spring on him. He defines even Winsted, Conn., to beat the following combination: White Leghorn hen hatched one chick which runs about as naked as a lizard. A Rhode Island chick has a well-defined horn protruding from near the tip of its beak. Another chick refuses to "peep" as a proper chick should, and takes great delight in its talent for whistling. It will stand apart from mates and whistle a distinct note, lasting about twelve seconds.

FIVE SOLDIERS LOST IN FIRE

Several Little California Towns Threatened With Destruction.

SAN FRANCISCO, Cal., July 10.—Five soldiers are reported burned to death and a half dozen little hamlets and towns at the foot of Mount Tamalpais await their salvation or destruction to-day, while the fire which has swept the mountain for three days is reaching towards the plains and vineyards to the north, and the Muir woods national park on the south.

"Every available soldier from the San Francisco jurisdiction and Fort Winfield Scott on this side of the bay and Forts Baker and Barry across the Golden Gate, is fighting the fire, side by side with civilians and sailors from United States war vessels. Probably 6,000 men are on the fire lines seeking to beat back or wear down a blaze which broke out with increasing fury late last night and extended early this morning over a ten mile sweep.

Captain Plunkett, commanding the cruiser South Dakota, marched 600 of his men from the Mill Valley station on the border of the fire in a motor car early to-day to have a look at the fire and marched them back again.

"It would take all the people in California to put out that fire. Let it burn out. I have expert gun pointers among my men, worth \$25,000 apiece to the Government. I am not going to risk their lives," said Captain Plunkett.

King and Queen's Visit NEW YORK, July 10.—A cable from London says: The King and Queen drove through East Lancashire yesterday, seeing Colne, Burnley, Accrington and other towns. They made two surprise calls at cottages on the line of their route, and at Accrington inspected a calico printing warehouse.

Prince Albert, who has just returned from his cruise, will join them for the rest of the tour.

NO QUESTION OF PERCENTAGE Local Option Beer in Quebec Declared Not to be Intoxicating.

QUEBEC, July 10.—Because beer sold by a number of St. Romuald temperance hotelkeepers, contained more than 4.3 per cent. of alcohol Judge Charles Laignier has dismissed the charge laid against them of selling liquor without a license.

Mr. Vallee, an analyst, in response to a question, declared that the temperance beer sold by defendants was not intoxicating and that a person person could drink it in sufficient quantities to make himself ill without being intoxicated. One of the defendants swore that he had seen a man drink 25 bottles of it within the space of a few hours and yet become drunk. After the judgement the collector of provincial revenue declared that he intended to petition the superior court for leave to issue a writ of certiorari to determine whether a liquor which contained more than two and a half per cent. of proof alcohol was a temperance drink or not.

A New Trial PRINCE ALBERT, Sask., July 10.—News was received in the city last night that the Supreme Court at Regina had ordered the retrial of Lewis Katz, a Hungarian, sentenced to hang on July 25, for the murder of Chas. Braggencote. Re-trial of Katz was asked for on the ground that he was convicted mainly on evidence of an accomplice, who also was sentenced to hang for the same crime.

MADE DRAMATIC CONFESSION TO-DAY

Mrs. Edith Rigby, Militant Suffragette Confesses That She Burned Down Residence in Lancashire, Causing \$100,000 Damage.

LIVERPOOL, July 10.—A dramatic confession of incendiarism was made by a well-known militant suffragette, Mrs. Edith Rigby, wife of a physician at Preston, to the magistrate sitting in the police court here to-day. Mrs. Rigby declared it was she who had on Tuesday this week burned down the country residence at Irvington near Howick, Lancashire, of Sir Wm. H. Lever, causing damage estimated at \$100,000. She further confessed to being the perpetrator of the outrage at Liverpool Cotton Exchange on July 5 when a bomb exploded which caused \$100,000 damage.

Mrs. Rigby surrendered voluntarily to the police. When arraigned to-day she gloried in her achievements saying she wanted Sir William H. Lever to consider whether his house was more valuable as a show place than as a beacon lighted for the suffragettes in the country to see women suffering an insupportable grievance. She told the magistrate:

"I lighted the beacon. I also placed the explosives in the Liverpool Cotton Exchange to show how easily it is to procure them and to place them in a public building. I might just as easily have blown up the Nelson monument."

She was remanded for further hearing.

Mrs. Edith Rigby has been a member of the Women's Social and Political Union, the militant suffrage organization, for many years and has taken a great part in public movements to promote the welfare of women. She has been imprisoned five times in connection with the suffrage movement and was on several occasions released owing to the breakdown of her health ensuing on "hunger strikes."

Mrs. Rigby in the course of her speech to the magistrate said: "I chose the Liverpool cotton exchange because the cotton industry has been built up largely by women's labor. The merchants are willing to get power and wealth out of the labor of women, while the women themselves are denied the vote and citizenship. This is the first knock at the door. Under the 'cat and mouse act' one of the greatest women in the land is going to be done to death. If the government is willing to kill that woman this is warning."

Released To-Day LONDON, July 10.—Miss Clara Elizabeth Givens, who together with Kitty Marion, was sentenced on July 3, to three years penal servitude for setting fire to the stand on Hurst Park, race course, was released from prison to-day in a serious condition of health, resulting from a "hunger and thirst strike."

ANTHRACITE COAL WILL BE \$8.50 PER TON IN BRANTFORD

Announcement was made to-day of a probable increase in the winter price of coal in this city. The announcement follows the arrival of a circular from the big coal companies, which calls attention to the operation of a State tax in Pennsylvania on the product of the hard coal mines. Formerly wholesale prices have advanced ten cents per ton, but this year there will be an additional 2 1/2 per cent. The price of hard coal in Brantford this year will be around \$8.50 per ton. The circular received by local coal dealers is as follows: "In addition to the prices quoted on our circular, dated July 1st, 1913, we will charge, and add to all invoices, the amount of the Pennsylvania State tax on anthracite coal produced in that State of 2 1/2 per cent. of the value of the coal at the mines, as nearly as this amount can be figured."

The present retail price is \$7.00 for the larger sizes and \$7.25 for chestnut coal.

TWO THOUSAND CADETS AT NIAGARA

Camp Presents Appearance of a Miniature Aldershot.

NIAGARA-ON-THE-LAKE, July 10.—For the third time this season the military reservation at old Niagara presents the appearance of a miniature Aldershot. No sooner had the camp grounds been cleaned up and put in condition after the departure of the rural militia when the first and second brigades of the cadets commenced to arrive. Monday's steamers brought in many advance guards and one or two companies from the North but it was not until late Tuesday afternoon that the camp was complete. Consequently routine was not taken up until this morning.

There are now about 2,500 cadets under canvas, and while it is noticeable that many are of tender age, yet even with these youngsters there is no lack of enthusiasm. This year the camp has been pitched just south of the grove, where there is more shelter in case of bad weather.

Messing arrangements are admirable, each brigade having its own mess tent, and meals are supervised by company commanders.

Early this morning every cadet available had half an hour's physical drill, after which breakfast was served. The review will be held, for juniors and company and signalling drill for seniors, in the afternoon instructions in first aid for senior, and for juniors sub-target practice and elementary musketry. The senior cadets will be held at rifle practice and judging distances.

The Thursday orders are practically the same as for to-day, with the exception that attack and defense and scouting will be taken up, and on Friday a tactical scheme will be worked out by both brigades. This will take the form of a sham battle, and the youngsters are eagerly looking forward to having the time of their lives.

Friday evening there will be a tattoo, and on Saturday morning at 8:30 the review will be held, after which tents will be struck and the troops will embark for home.

Outbreak of Smallpox Considerable excitement was caused in camp last night, when it was learned that cadet Harold Kendrick of the Sault Ste. Marie Company, in command of Captain J. C. Thompson, had been rushed off to the Isolation Hospital. After a thorough diagnosis by the camp physicians his case was definitely pronounced to be a mild form of smallpox. Necessary precautions were immediately taken. Both the Soo companies were put in quarantine and vaccinated, and a strong guard was mounted to prevent the cadets from leaving the lines until such as fear of contagion is over.

Protest Entered Against Decision Umpire Evans Acted Under Threat From Peterboro Manager.

President Nelson received a letter, this morning from Manager Kane, relative to yesterday's fracas at Peterboro. "None of the players on the club can understand the action of Umpire Evans," said Manager Kane. "The Peterboro team did everything to get out quickly, we naturally took our time. When the crowd surged on the field I entered a protest and Manager Rowan walked into Evans and threatened to hit the umpire if he took the time to put the crowd off. Evans gave me two minutes to get back to the field and I had taken ten steps when to my surprise, it was announced that the game was forfeited."

Umpire Evans, it is understood, has already been released by President Fitzgerald. A protest was entered to-day against the forfeiture of the game, and will be threshed out at a meeting Saturday night.

An Exciting Runaway Which Might Have Had Serious Results This Morning.

An exciting runaway occurred at noon to-day when a mare attached to a delivery wagon owned by Mr. J. Burns, made up her mind that as a suffragette she might as well take the law into her own hands. She came tearing madly down Dalhousie street, and the rig overturned as it reached the corner of Market street. Up said thoroughfare the animal rushed, parting with a wheel here and there; finally with the body of the vehicle. There were many narrow escapes, but after making a Ferris wheel trip, her ladyship finally fell on the corner at George street near the library, with not even a shaft left to tell her lot in life. Strange to say, she was uninjured.

SPANK NO GIRLS, SAYS TEACHER

SACRAMENTO, July 10.—Beginning with the new school term in Sacramento it will be mighty fine to be a girl. The city superintendent of schools has formulated a new rule which exempts girls from spanking and subjects boys to the "ruler sting" up to the time they are ready for entrance into high school. The same rule provides that boys when they go to the high school shall have graduated from the "spanking class" as well as the elementary schools. Spanking girls has been found to be unsuccessful in local schools, while the same operation administered on boys has been found to be highly beneficial.

JACK JOHNSON IS NOT WANTED

United States Officials Don't Care if He Ever Comes Back.

WASHINGTON, July 10.—Jack Johnson's announcement that he would never return to the United States caused the Department of Justice officials immediately to consider steps to bring about the forfeiture of the \$30,000 personal bond pending in Chicago for his appearance in connection with white slave indictments upon which he has not yet been tried. Judge Carpenter a few days ago declined to declare the bond forfeited until it was clear that Johnson would not appear when wanted. The Department of Justice, it is said, probably will seek official confirmation of his announced purpose not to return and present the matter again to Judge Carpenter.

Government attorneys expressed no regret over the negro's announcement. A few days ago officials considered the advisability of asking France to report him upon arrival, but it was decided to let the case take its usual course. Their view was that there could not be objection to his absence from the country, and if he should ever return the year's imprisonment sentence would always be enforceable, provided the Circuit of Appeals, approves the verdict.

Jack Johnson may not find refuge in France, in the opinion of the state department officials. They say that while probably there is no provision in the extradition treaty with France under which his surrender could be demanded, the French authorities, even without a formal appeal from the United States Government, may deport Johnson, as like most European countries, France is understood to have laws prohibiting the immigration of a person convicted of crime in his own country.

May Not Eat Again. Dr. Parnass, at his home in East New York, expressed great sorrow for the boy, but said that nothing could be done to prevent death.

According to Dr. Parnass, young Leigren may not be able to take another bit of food. In ordinary cases a victim of rabies has only two or three days to live. In the case of young Leigren, Dr. Parnass thought he might live for five days. Paralysis the physician said, would set in in three or four days. All that medical science can do for the lad will be to administer drugs to ease the pain until the end comes.

MILITANT FAMILY PLACED IN CUSTODY

Were Trying to Destroy a Railroad Car With Dynamite.

LONDON, July 10.—Mrs. Bain, who was recently released from jail following a hunger strike, and for whom the police have been searching, was arrested yesterday at Manchester with her husband and son, who were engaged in trying to destroy a railroad car with dynamite. The police found in their home bombs, two pistols, gunpowder, black masks, and Suffragette publications.

Miss Beatrice Sanders, the Suffragette who was released from jail on June 23, when she was ill from the effects of a hunger strike, which she started as soon as she began serving her sentence of 15 months, for conspiracy to destroy property, was rearrested yesterday under the terms of the "Cat and Mouse Act."

No Cause for Worry Dr. E. Hart, chairman of the College Board, received word from Sergeant Major Oxtoby this morning from the cadet camp at Niagara to the effect that Brantford people have no reason to worry over the boys at camp. In reference to the light case of smallpox which was reported there the Sergeant Major stated that the case was quarantined long before the Brantford contingent arrived there and every precaution is being taken there to check any further outbreak. The regulations are very strict and no further trouble is anticipated. The Sergeant Major and Dr. Hart regard the scare as "Much Ado About Nothing."

The Wants are used by the thrifty housekeeper, who realizes the economy of eliminating the unused furnishings and effect many a saving in that way.

BOY MUST DIE TREATMENT FAILS

A Boy Victim of Rabies in New York - Pasteur Treatment Did Not Take Effect Only Five Days Given to Him.

NEW YORK, July 10.—In an isolated ward at Bellevue Hospital, there lies to-day a boy who, according to the physicians, cannot live a week. The boy is a victim of rabies. His case is one of the few which the Pasteur treatment cannot help. The boy it is believed today, will have convulsions which would end in paralysis. Death would follow, it was said.

The boy is Oscar Leigren, nine years old, son of a caretaker for Mrs. Gilbert E. Jones, No. 122 Madison avenue. He is a strong lad, physically, and might be taken for a boy of 12 years. On June 7 he was adjusting a pair of roller skates while playing on the sidewalk in front of his home. A stray mongrel came along and bit him on the lip.

Policeman McGow of the West Thirtieth street station, heard the boy cry, gave chase to the dog and finally shot it. The Board of Health investigators, on analysis, found that the dog had suffered with rabies.

Young Leigren was taken to the Willard Parker Hospital, where the wound was cauterized. The upper lip had been pierced by the dog's teeth. The boy seemed none the worse for the experience. On the next day he received the Pasteur treatment. It was thought that he had passed the danger mark when on July 3, the treatment was concluded.

At the hospital the boy received the personal care of Dr. F. S. Fielder, head of the Research Bureau, and of Dr. Samuel Parnass, an associate of Dr. Fielder.

Dr. Parnass visited the boy at his home and found a decided change for the worse in his condition. Symptoms of convulsions were seen. On the advice of Dr. Parnass, a policeman was notified and an ambulance from Bellevue Hospital was called. The boy was taken to a room in the psychopathic ward and placed under the personal charge of Dr. Gregory and Dr. Vasburg, of that ward.

PLAN TO NATIONALIZE BRITISH COAL MINES

Unique Proposal Languidly Amuses the House of Commons.

LONDON, July 10.—The House of Commons was languidly amused yesterday when Stephen Walker introduced a bill for the nationalization of coal mines by the Government after it takes over the control of the mines. Compensation is offered to the owners of the mines, but the bill does not recognize title to royalties. It proposes that the money needed for the purchase should be raised by the issue of stock.

"That would involve some slight charge on the taxpayer," remarked the Speaker of the House. The bill passed its first reading without a division.

PLANK IS USELESS NOW TORONTO, July 10.—Necromancers have long been known to have hard skulls, and further proof of the fact was furnished yesterday afternoon, when Charles Martin, of 506 Adelaide street, kept his balance fairly well in spite of the fact that a plank fell four storeys from the new C. P. R. freight buildings at King and Simcoe streets and struck him on the head. Martin's color saved him. Had he been white instead of black his skull would have been jelly. As it was, there was a deep abrasion of the scalp, but no fracture. He was taken to the Western Hospital in the police ambulance, and is recovering.

DIED

MILTON—At Sault Ste. Marie, Ont., on July 9th, 1913, William Milton, aged 74, uncle of John Milton, proprietor of Bodega Tavern, Brantford. Interment at Sault Ste. Marie on Friday, July 11th.

GAMMON—In Brantford, on Thursday, July 10th, 1913, Edith May Gammon, beloved wife of Mr. William Gammon, aged 36 years.

The funeral will take place from 68 William St. on Saturday afternoon, at 2 o'clock, to Mount Hope Cemetery. Friends and acquaintances kindly accept this intimation.

PARALYZED BY LUMBAGO

Manual labor or even light exercise is impossible with lumbago. The muscles stiffen out like steel—no movement means agony. Only a powerful remedy can penetrate deep enough to help. The surest relief comes from rubbing in Nerviline. It sinks into the very root of the trouble—penetrates where an oil liniment cannot go. To prevent lumbago returning, put on a Nerviline Porous Plaster which removes inflammation and strain from the muscles, and acts as a guard from drafts and exposure. Nothing will so quickly cure as these remedies. All dealers sell Polson's Nerviline and Nerviline Porous Plasters. Refuse all substitutes.

WANT AD HOROSCOPE

JULY 10 Any person born on this date should be cautious in marrying, especially early in life.

The governing planet of this birth date is the Moon and this causes men and women to be fickle and changeable, and until they have learned to control their nature and know what they want, they should not enter into any matrimonial alliance.

The happiness and prosperity of people born on this birth date depends entirely on themselves.

Love of music and art is a dominating trait of the Cancer born under the Cancer sign, which is represented on the Zodiac by the Crab. The coming week will be found to be advantageous in the advertising through the Want Ads of apartments for early Fall; for the renting of furnished apartments for the coming season and for boarding places.

A PAGE FROM THE PAST

The Courier had a call to-day from Mr. Crawford, who used to be a prominent political figure in North Brant many years ago. In fact, he was Conservative candidate for the Dominion House in that riding in 1878 against Mr. C. F. Fleming, who was defeated. This was the year of the great fight for the introduction of the National Policy, of which Mr. Crawford was an ardent advocate; in fact, he was of the committee of five delegated to submit that proposition at a Conservative convention in Toronto in 1876.

A GREAT CITY'S STREET TRAFFIC

Startling figures as to traffic accidents in the streets of London, England, have been supplied by Colonel Hellard, chief of the London Traffic branch of the Board of Trade. From these it appears that since 1904 the number of persons injured has exactly doubled, the round figures being 10,000 in 1904 and 20,000 last year. The fatal accidents have increased more than three times, the number killed in 1904 being 155, while the total was 537 last year. In the city in 1904 there were only six fatal accidents—not a great number, considering the enormous traffic that goes on within the "square mile." In 1912, however, there were 24 fatalities, or four times the number eight years ago. A curious point in Colonel Hellard's evidence was his remark, in answer to a question, that "in dealing with London traffic, the first consideration should be to let the traffic through quickly; the safety of foot passengers should be the second consideration." This is considered curious doctrine in London, whose excellent street police are understood to place the safety of pedestrians first. Nevertheless, there is force in Colonel Hellard's remark to the effect that "if the traffic were to be held up and frequently stopped, because of the inactivity of foot passengers, we should never get along at all."

HERE'S A STATE OF THINGS

The reverend editor of the Christian Guardian and the reverend editor of the Toronto Globe are at it hammer and tongs. If the thing goes on much longer it will begin to look as if the military might have to be called out. "Said" editor of the Guardian (the organ of the Methodist Church) charges said editor of the Globe with inconsistency and insincerity in publishing liquor advertisements. "But we would expect a paper that takes such a high stand, and calls upon us to follow it on high moral grounds, to be consistent and sincere throughout. Therefore, when we took up the Globe of last Saturday morning and found it to contain a full-page advertisement of the beer that made Milwaukee famous, we confess to a sense of shock and sore disappointment. Not but what the Globe has published liquor advertisements before. It has done that for years, but usually in a somewhat quiet, secretive way, as if it were rather ashamed of it. But this brazen, let-principle-be-hanged way of doing it shocked us, as we are sure it did a multitude of the readers of the paper. "When we add to what we have already said about the Globe's general attitude toward the drinking evil the fact that its editor-in-chief is a minister of the Presbyterian Church, an earnest preacher and upholder of every good cause, and that Mr. Rowell, the leader of the 'abolish-the-bar' policy, and a foremost layman of the Methodist Church, was for years a director of the Globe Printing Company, we are surely justified in feeling sorely disappointed, and in expressing that disappointment as strongly as we can. "Of course some of the other papers in the city did just as the Globe did, but that is another matter, with which

we are not now dealing. What the Globe has done has been far-reachingly hurtful to the temperance cause, it has been utterly unworthy of its record and avowed policy, and it has injured its influence and standing with many who were heretofore its best friends. And, worst of all, it has hurt the chances of success of Mr. Rowell's policy for the 'abolition of the bar' almost past reckoning."

To the above the Globe makes answer that the article of the Guardian is: "neither more nor less than a covert, unfair and unmanly attack on Mr. N. W. Rowell, calculated to injure the Liberal party and its leader by the imputation of motives that the writer lacks the courage to charge openly."

The organ adds that it has published liquor advertisements for sixty-nine years, and that the fact in question has never affected its hostility to the trade, and concludes: "Why does the Guardian dodge the North Grey issue? Can it be that this pillar of righteousness, which denounces the Globe for inconsistency, lacks the courage to say the few plain words that would indicate the duty of the temperance Methodists of North Grey on Monday, and by raising a side issue seeks to cover up its own cowardice?"

Once more it is evidently either the militia, or else pistols for two.

NOTES AND COMMENTS

This year's fair in North Dakota will forbid the exhibition of Canadian agricultural products. Score one more for Johnny Canuck.

Government by Cabinet, instead of by Parliament, is what both the Conservative Government of Mr. Borden at Toronto, are seeking to impose on the people of this Dominion and this Province—Stratford Beacon.

That is a directly incorrect assertion, but meanwhile what about Laurier's attempt, not by Cabinet, but by himself and two other members of his Cabinet, to fasten the most far-reaching proposal ever introduced in Canada on his followers and the people without their say-so? What has the Beacon to say about that czar-like attempt to ram Reciprocity down the throats of the electors?

Evidently the Courier does not consider the residents of Eagle Place and Terrace Hill, who were brought into the city some 20 years ago under a special rate of assessment, are worth what they cost. The Expositor believes that they are worth a great deal more to the city than they cost us, and that there are several thousand more people in the same localities who ought also to be brought in—Expositor.

You don't get away with any such gross or deliberate misrepresentation as that. In the first place, the Courier fought hard for the extension of that time, and in the second place, they were not purchased by the Expositor. They were thrown in their lot with the rest of the lot and all were glad to have them. Meanwhile, it does not follow that what was desirable then is desirable, to a further extent, under present conditions. The time will come, no doubt, but it is not advisable at this juncture.

What the Other Fellow Thinks.

Wonderful. Montreal Herald: Another survivor of the Light Brigade at Balaclava has just died, thus bringing up the total number of alleged survivors of the noble six hundred to fifteen hundred and sixty-seven.

Guelp Mercury: We could hardly say which is the best way to cook a steak to make it tender. The safest way is to hammer it with a meat mallet or hatchet, then boil for a couple of hours. After this is over, make a sauce and stew it for half an hour. Then leave it where the dog is sure to get it and open a can of salmon.

Well Proven. Woodstock Sentinel-Review: That tuberculosis is not hereditary is the claim of Dr. Calmette, director of the Lille Pasteur Institute, France. There is nothing very novel about the claim. Dr. Calmette seems to have but furnished additional and convincing evidence in support of a theory that has been advanced with more or less confidence for years. Much of what was formerly attributed to heredity is now known to be the result of infection after birth.

A Good Old Prophet. Chicago British American: Sir Charles Tupper, Canada's former Premier and last of the fathers of Confederation, said the other day just before leaving for England, where he will spend his remaining years. "The day is coming, I firmly believe, when Canada, which has become the right arm of the British Empire, will dominate the American continent."

This prophecy is even more glowing than most optimistic Canadians would care to be sponsor for. But Canada's recent past has been so phenomenal that the extravagant forecasts of her future are as likely as not to be right. This week she began the 47th year of her confederation, or union of provinces. Sir Charles Tupper

was one of the early statesmen who foresaw a glorious destiny for the new Dominion, and who predicted much of the marvellous development that the past few years have brought about.

Ontario The Mother of Provinces. Farmers' Sun: Only a little over 86 1-2 per cent of all the people born in Ontario, and still alive, were living here in the census year of 1911. Nearly fourteen out of every hundred of Ontario's children were then living beyond the borders of this Province.

The census figures for the Western Provinces show where most of the departed have located. Over a fourth of the population of British Columbia and of Manitoba is made up of people born in Ontario. Well over a third of those living in Alberta are the children of this province. Saskatchewan owes a little over 38 1-2 per cent of her population to the Mother of Provinces.

The fact that nearly 14 1-2 per cent of Ontario-born people have removed therefrom, mainly for the purpose of creating new homes in the West, does not indicate how serious the drain upon this Province has been. It is our rural sections that have been most heavily drawn upon for the people of the prairies. Many rural districts in Ontario have lost in the last quarter of a century, not 14 1-2 per cent, but 25 per cent of their people. Ontario has, by drawing on her own life blood, made safe the future of the west. But it has been at fearful cost to herself.

CANADA HAS BEEN ENRICHED

By the Tide of Immigration—An Absurd Statement is Nailed

[Canadian Press Dispatch] OTTAWA, July 10.—The authorities at Ottawa are considerably amused over the statement alleged to have been made in London by Col. R. M. Thompson that Canada is financially embarrassed in consequence of expenditures necessitated by the large immigration flowing to this country. Col. Thompson is quoted as saying that each immigrant costs the country \$1500 and that last year the total immigration cost \$60,000,000. The fact is that for the last 17 years Canada has derived its chief financial profit from immigration. A conservative estimate places the average amount of cash capital brought to the country by each immigrant at \$1,000. In the past 17 years 2,000,000 people have come in, bringing to Canada not less than two billion dollars. This is only a small part of the profit Canada has derived from immigration. The most of the immigrants take up agriculture, and within a year produce crops, which add enormously to the wealth of the country. They meet the needs of the immigrants' extension of manufacturing establishments, railroads and municipal facilities are required, but those are, of course, not regarded as an expense. The money for such expenditures is borrowed on bonds as a rule and turned into undertakings which constitute a permanent asset. As a matter of fact, instead of each immigrant costing the country \$1500, they cost less than \$15 apiece.

Visiting America. NEW YORK, July 10.—Vice-Admiral Hugh P. Williams of the British navy, Dr. R. C. Munday, fleet commander, and E. N. Mooney of the Royal Corps of Naval Constructors, members of the Ventilation Committee of the British Admiralty, arrived here to-day on the Steamship Majestic to inspect ventilating systems on American war craft. They were met by Commander Crossley, U. S. N., and Lewis B. McBride, naval constructor with whom they left for Newport, R. I.

Colossal Hotel. LONDON, July 10.—A colossal hotel, the cost of which, together with the value of the site, will approximate \$6,250,000, is being erected on the ground now occupied by St. George's Hospital on Constitution Hill, opposite the entrance to Hyde Park.

Kuba's Claim Disallowed. AUBURN, N. Y., July 10.—Among the decisions issued to-day by John H. Farrell, secretary of the National Association of Professional Baseball Clubs, was: Claim of Frank Kuba, versus Toronto, disallowed.

Keeping Little Fingers Busy. Little people whose fingers must be kept busy to keep them out of mischief or grown people who must make trifles for fairs or favors will find that many things may be done with a fold of crepe tissue paper which is decorated with some design as sunbonnet babies or butterflies. These designs are cut out, pasted on Bristol board and mounted on blotting paper with a fastening of narrow ribbon to form a blotter, which is also cut to the same shape. They are most expensive trifles, for many may be cut from each fold of paper.

AT THE GROCERS PICNIC. Shouting contest at the Grocers' and Butchers' picnic. The person shouting the words "Ogilvie's Royal Household Flour is the best" loudest and most distinct, will be given two lb. bag of flour.

CITY NEWS ITEMS

THE PROBS

TORONTO, July 10.—The disturbance mentioned yesterday in connection with the passage across Ontario was accompanied by heavy thunderstorms in many localities. Some local thunderstorms have occurred in Northern Alberta, but the weather in the Western Provinces have been generally fair and warm.

FORECASTS: Strong northwesterly winds, fine and cool to-day and on Friday.

Collegiate Board

A meeting of the Collegiate Institute Board will be held in the board room on Friday evening.

Chosen Friends

Galt Council, No. 11, Chosen Friends, will hold their annual picnic at Mohawk Park July 12th, together with Brantford Council No. 147.

Picnics Postponed

Rain interfered with a number of well-planned picnics and outings yesterday afternoon, and many had to be postponed.

Caught Big Carp

M. O. Myers, who resides in West Brantford, caught a 36-2 pound carp in the river on Tuesday, which is on exhibition in the window at A. T. Squires' hardware store.

Senators Won

Jack Kelly's Senators defeated W. C. Greenhill's clerks at baseball yesterday afternoon at Agricultural Park 11-3. Some of those who witnessed the game said "it was more fun than the circus."

Bellview School

The brick work for the first storey of the Bellview school has been partly laid. The work of laying brick has stopped owing to the stormy window sills not arriving. It is expected the sills will be here in a few days.

Special Visitors

Captain Clayton, divisional Y. P. secretary of the Hamilton team, and the S. A. will arrive in the city to-day to conduct a special service to-night. Mrs. Brigadier Adby and her daughter, Corps Cadet Adby, will be present to take charge next Sunday.

Joint Meeting

A meeting of the Parks Board and representatives of the L. E. & N. Ry Company will be held in the city hall to-morrow morning to discuss the matter of the company purchasing the right-of-way along Jubilee Terrace, and the amount of money the board should receive for same.

Narrow Escape

Mr. I. Newsome had a narrow escape from being knocked down by an automobile yesterday evening while alighting from a trolley car on Brant Avenue at Henrietta street. Just as Mr. Newsome stepped into the car, an auto whizzed by, and came within a hair's breadth of knocking him down.

Busy Thoroughfare

Just for a moment a lady who was sitting on the verandah of a residence on Brant Avenue, kept accounts of the traffic which passed up and down between the hours of 7 and 8 o'clock, and her count was 86 automobiles, 66 bicycles and 45 conveyances. Trolley cars and baby carriages were not included in the summary.

Bad Sidewalk

It was stated this morning that the wooden sidewalk from Parkdale leading to Bellview school is in a very dangerous condition. The sleepers it was stated, have ceased to be of use in some parts of the sidewalk and the planks in many parts of the walk, as a result are gone, making it very dangerous for pedestrians, especially after dark.

Lost but Recovered

"Oh! Dave, my slipper!" called out a young lady, who, with her gentleman friend, were taking in the sights at the big show over at Agricultural Park last night. The young lady was crossing the race track and stepped on a board, and her dainty little white slipper stuck in the mud. She stood still while her attentive "Dave" picked her slipper out of the mud and gallantly replaced it.

Military Board

Two military boards will hold meetings in the armories to-day in connection with two privates, A. A. Simons and A. Terole, members of the 25th Brant Dragoons, who were injured while on duty attending the military camp at Niagara. The medical board, consisting of Colonel Fraser and Dr. Wilson of the Second Dragoons, will meet in the morning, and the Regimental board, consisting of Major Smith, Captain Towers and Lieutenant Hall, will meet this evening.

Dentists Hold Picnic

Between 20 and 30 members of the dental profession came up from Hamilton yesterday and held a picnic at Mohawk Park, where they were joined by members of the Brantford profession. A real jolly time was spent at the park, where races, etc., were indulged in. The Ambitious City contingent were headed by Major Bell and Captain Turner, while Dr. Ballachey was commander-in-chief of the local boys.

Passed Away

The death occurred yesterday afternoon, in Saul Ste. Marie, of William Milton, uncle of Mr. John Milton, Brantford, and a well-known resident of that place, where he was highly respected. Mr. J. Milton has left to attend the funeral.

Home Re-union Meeting

Owing to Prof. W. Norman Andrews, one of the directors, leaving for England to-morrow, a meeting of the directors of the Imperial Home Re-union Association of Brantford will be held to-night in the offices of S. G. Read & Son, when several applications will be considered.

A New Book

It is announced that Dr. Keane, author of the clever monograph, "The Power of the Will," has in course of preparation an essay dealing very fully with the interrelations of mind and body, both in health and disease. The doctor is a vigorous advocate of the theory that physical ailments are for the most part due to disordered nerve action, and brings in support of his argument a large number of cases, drawn from a practical experience, both as a general practitioner and specialist.

Brotherhood Held Outing

The Brotherhood of Brant Avenue Methodist Church held a very jolly picnic at Burts Grove yesterday afternoon. Fortunately the sports were all run off before the rain storm broke. The picnickers made for shelter in time, and on the whole, weathered the gale pretty well. The sporting events and winners were: 100 yard dash, men, 1st, J. W. Harris, A. C. McLean; 50 yards dash, ladies, 1st, Mrs. A. E. Lavell, Mrs. A. C. McLean; lighted candle race, for ladies, 1st, Mona Lavell, Mrs. J. L. Axford; most graceful walking, ladies, 1st, Mrs. A. C. Patients Transferred

TORONTO, July 10.—Transported in three ambulances with nurses to care for them on the way, forty patients from the medical wards of the old general hospital, were this morning carefully removed to the new three million dollar building on College street, and will be the first patients to be treated in that institution. The exodus will proceed gradually all removals taking place early in the forenoons.

Plans Are Under Way

That the A. J. Reach Co. of Philadelphia, manufacturers of sporting goods, who are locating at the corner of Gordon and Edward streets, Eagle Place, upon land purchased by them from the parties interested in the loft building, are getting the building of the plant under way, is shown by the fact that plans and specifications for a two story building, 47 ft. x 147 ft., are being prepared by L. D. Barber, architect. Executive heads of the firm are expected here this week to go over the plans.

With the City Police

The police reception was held in the Chief's office this morning. There were only a few minor cases, which were soon disposed of. One drunk was allowed to go, this being his first offence. A Cohn charged Sam Levine, the well known boot and shoe repairer with using insulting language. The case was adjourned. Wm. Harrison, a billed man, was charged with procuring liquor, but it was adjourned till Monday. A case of assault between two little boys was also disposed of. It appears that it is the habit for these two boys to go for the cows every night. One of the boys refused to go and bring the other lad's "bovine" safely home and on the refusal he was struck on the head by the larger boy. The affair was settled by the defendant paying the costs. Karon Kapoian and seven of his fellow countrymen were charged with disorderly conduct on Clarence Street. The boys were interested in the case and wished to hear what was going on but they were disappointed, as the

case was adjourned until Monday. That if High Constable Kerr was ever to turn his back on his old friends and become a burglar, he would be a hard man to catch, was evidenced by the strategic manner in which he conducted the raid on the house of Mrs. Rose Blankin on Mohawk street. The party drove up to the house in a rig and Constable Kerr tried all the doors only to find them locked. But he had expected this and from an inner pocket he pulled out a skeleton key with which he succeeded in opening the front door. Mrs. Blankin and two men were arrested and appeared in court this morning charged with keeping a house of ill fame. They were remanded on bail until Monday. Credit is due High Constable Kerr for his clever work in connection with this affair. This must be the season for young catchers to show their fancy wares. Schalk of the White Sox, Schang of the Athletics, Agnew of the Browns, and Chapman of the Pirates are all doing great work.

**HON. JOHN ELLIS SENATOR DEAD**

**He Had An Illustrious Career and Was Foremost Canadian.**

[Canadian Press Despatch]

ST. JOHN, N.B., July 10.—Hon. John V. Ellis, Dominion Senator, died today this afternoon, in his 79th year.

John Valentine Ellis was born at Halifax, Feb. 14, 1835, and was a son of Michael Ellis. He was educated at Halifax. He entered journalism, and in 1861 he became editor of the St. John Daily Globe. In 1882 he was elected to the Provincial Legislature and re-elected in 1886. He represented St. John in the House of Commons from 1886 to 1890 and from 1896 to 1900. He was called to the Senate in 1900.

The late Senator Ellis' principal literary works were: "New Brunswick as a Home for Immigrants," an address before the Canadian Club at Boston on "Canada and Reciprocal Relations with the United States." He was president of the Natural History Society of New Brunswick.

Senator Ellis was a prominent Free Mason. He received the honorary degree of LL.D. from New Brunswick University in 1907.

**2,606 Wives Badly Wanted**

The 2,606 residents bachelors of Inyo County, California, have sent out the "S. O. S." call for help. In the Owen Valley Herald is this card—

WANTED—2,606 girls in Inyo County; finest opportunity in the State; don't write; just pack your trunk and come.

According to the census, California now has a male and a quarter for every female. Inyo County suffers most from the disproportion—2,180 females to 4,790 males.

A canvas of the steamship office yesterday revealed that the dearth of girls in Inyo County has been known for some time, and the agents in Scotland for the Anchor line have advised that before the end of May more than 1,000 bonny Highland lassies will be on their way to Inyo county.

**Brant County Roads May Be Rebuilt as Result of Minister's Visit.**

After the Good Roads meeting on Tuesday afternoon at the Court House, attended by the members of the Township Councils, and the Brantford Motor League, and others, at which the Hon. Dr. Reaume, Minister of Public Works for Ontario, was the principal speaker, County Clerk A. E. Watts accompanied the Minister to Toronto. When discussing the question of Government aid for the improvement of roads of the county Dr. Reaume intimated that it was possible that the government might consider the building of a road from the city to the Wentworth line as a specimen road under the amended act of 1912 upon the application of the Township. He also stated that if the government adopted the idea

of building certain provincial roads in sections of Southern Ontario, on which the roads were used for not local traffic only but largely for touring traffic; if it could be shown that the Brantford and Hamilton road was in this class the Government might include it as a part of the Provincial Road scheme. From evidence shown, it was Dr. Reaume's personal opinion it should be included.

GUELPH AND BERLIN MAY BE DROPPED

Rumor Current That the Berlin Management Are Tired of Game.

A SIX CLUB LEAGUE

GUELPH, July 10.—There is a chance that the Guelph Baseball club may disband in the near future and drop out of the Canadian Baseball league. There is a rumor current that Berlin being so far behind, those at the head of the organization representing that city are tired of the game and will likely drop out. In that case the league will be composed of six clubs and Guelph will be dropped. A meeting of the league directors will be held in Hamilton in the latter part of the week when the question will be thoroughly discussed. A proposal will be made at the meeting that the grand stand receipts in all cities be divided between the clubs on the same basis as the gate receipts. This would help out the smaller cities and tend to keep the league together.

ST. THOMAS BLEW UP.

Ottawa Scored Enough in Second Innings to Win Game.

ST. THOMAS, July 10.—The Saints blew up in the second innings of yesterday's game with Ottawa, and before they settled down the Senators had put four runs across the plate which proved enough to win. Howick was not in the best of form, while Reifer, the visitor's twirler, seemed to be at his best. The game developed into a burlesque after the third innings. A storm was fast approaching and both teams took advantage, the Saints trying to stall, while the Champs did their best to keep trying to get out on every-thing. However, the deluge held off until the first of the seventh, when the game was stopped. Kopp's great running one-handed stab of a terrific liner in left field was the only feature. Catcher Summers of Charleston, W. Va., reported to Manager Ort yesterday, and will probably be in the game to-day. Ottawa.....040101—5 St. Thomas.....000000—1

EVEN BREAK AT LONDON.

Kirley, Toronto Club Recruit, Lost His Game.

LONDON, July 10.—London and Guelph split a pair at Tecumseh Park yesterday afternoon, the first struggle being cut off in the eighth by rain.

when the score stood 2 to 1 in favor of the Leafs. The second, however, was taken by the Tecumsehs in seven rounds, the final tally being 4 to 2. Both pitchers—Stark and Heck—were hit hard in the first game, but exceptional fielding made the game spectacular. The visitors worked without an error but London was credited with a pair of bobbles. Steiger, the new southpaw secured by London from Portland, of the Pacific coast league made his debut in the second game, and won handily, allowing eight hits, but keeping them scattered. A hit an error and a pass in the first round meant two runs for the Leafs but thereafter they were scoreless. Kirley, of Guelph, the Toronto club recruit, was wild but avoided clubbing. Clever path work assisted the Indians to victory. Umpire Daly had matters pretty much his own way after his determined stand of Tuesday, when the game was forfeited to London because of Cook's objections. Wright, however, got in wrong with the arbiter, and was chased from the grounds. He is said to have made use of profane language and will probably be mulcted.

BERLIN BEAT HAMILTON

Schaefer was in Good Form for the Dutchmen. HAMILTON, July 10.—Rain interfered with the second game of the double-header scheduled to have been staged here this afternoon, and Umpire Jacobson called the fixture off before the first innings was concluded. The tallenders from Berlin fell on Patsy Dougherty's offerings with a vim in the first game, eleven bingles being hammered out for a total of six runs. Schaefer, twirler for Berlin, was as tight as a new shoe, in the pinches, and the nine hits gathered by the Kolts were of a scattered variety. The final score was 6 to 1, with Berlin on the long end.

Shortstop Hans Wagner of the Pittsburgh team, who had a record of 2,827 hits in his career on the diamond, when the 1913 season began last April, hopes to reach the 3,000 mark by the end of this season's play.

Another interesting point arises. When the storm at Peterboro appeared imminent did the Peterboro team while at bat make a hurried effort to strike out and have the side retired, or did they make any effort to score runs? If an investigation is made we believe it will be established that the Petes helped to make the game a farce on their own side. There are two or three ways of looking at yesterday's affair which has no resemblance whatever to the disgraceful episode at London. It would not be surprising if a protest were entered against Umpire Evans' decision.

Manager Kane endeavored yesterday to pull off a Johnny Evers stunt at Peterboro, but it remains to be seen if President Nelson will look like C. Webb Murphy at the finish. The Chicago Cubs pulled the same trick on St. Louis recently and the umpires gave the game to St. Louis. Whatever may be said of Kane's action at Peterboro, it had a precedent in the big league. However, it remains within the judgment of the umpire how far the Brantford manager exceeded his rights. When an opportunity was taken to kick about the crowd being on the field, the kick was legitimate, and whether it suited Kane's dilatory tactics or not, it was the plain duty of Umpire Evans to have the crowd put off the field.

PLAYED A TIE GAME

Providence and Baltimore Each Made Seven Runs

PRVDVIDENCE, July 10.—In one of the poorest played games of the season, the Greys and Orioles played a 7 to 7 tie yesterday, the game being called at the end of the ninth to permit Baltimore to catch a train. Both teams fielded miserably, all the errors of the locals figuring in the runs, the slips being followed by hits. Bailey was wild as a hawk, and Shiveley was not much better. With two out in the ninth, Houser singled scoring Ball with the tying run. The score: Providence.....005000200—7 Baltimore.....030002101—7

Pitcher Pat Finn of London is released. His twirling was too finically. Up in Guelph they say they are passing the hat to pay Manager Cook's \$20 fine.

The Red Sox have been in the habit of losing by one run, but yesterday they lost by one innings.

Rumor has it that Shortstop Teach has accumulated a batting average on the recent road trip.

"Welcome home!" says a Toronto paper this morning to the Leafs. In a few days it will be "Glad they're away."

The Pittsburg Club seems to be showing the class again. Great things were expected of the Pirates this year.

Many fans do not agree with stalling tactics in order to prevent defeat, but many a stall has been successful. Our old friend Wellington stalled Napoleon until Blucher arrived, but Jupiter Pluv. didn't come quick enough yesterday for the Brantford Ball Club.

Funny, but it takes Guelph and Berlin to start a story every year about the Canadian league being likely to break up. Last year both these clubs received charity from the other clubs and it may be the same consideration is expected this year. If the representatives of the other league cities were wise in their own interests they would fire both Guelph and Berlin out of the league bodily. At that Berlin is better than Guelph because the Dutchmen are good losers.

THREE OUT OF FOUR FROM BUFFALO

Leafs Drove Beebe From the Box in the Fifth Inning. THE SCORE WAS 7 TO 3

BUFFALO, July 10.—No happier team than Toronto ever left the local baseball park. It had reason to be in a joyous frame of mind, for had it not won the last of the present series from the Bisons, 7 to 3, making three straight, and three out of four here. The Maple Leafs, without any great effort on their part, and the showing made here, if kept up will surely land the team much higher. It will not require many victories for the changes either, as the clubs are well balanced, especially in the second division. Score: Buffalo.....000030000—3 Toronto.....120040000—7

LONDON, July 10.—The Cambridge University Cricket eleven yesterday beat the Oxford University team by four wickets in their annual three-days' match at Lord's Grounds.

London Advertiser: That Ottawa club is due to lose a lot of games. The Senators have just completed a series of twelve games on their home lot, and will now play six games away from home. The Shaughnessy club is a great little aggregation at home, but on the road it's another story.

London Advertiser: The reported release of Forgue and Craven of the Saints is denied. With Coeash and Fox reporting, Manager Ort must have about seventeen men over in Railwayville. And yet the Canadian League is supposed to be under a salary limit.

New York Shut Out Chicago in the Second Game of the Series.

MARQUARD INVINCIBLE

NEW YORK, July 9.—New York made it fourteen straight to-day, shutting out Chicago in the second game of the series 3 to 0. Marquard held the visitors absolutely at his mercy. Of the four hits made off him only one was clean. Cheney pitched a strong game for Chicago, his poor inning being the fourth, when New York scored two runs on singles by Fletcher and Doyle, a double-steal, Bresnahan's passed ball and Cheney's wild pitch.

PITTSBURG BEAT PHILLIES

PHILADELPHIA July 10.—"Babe" Adams put it all over the Phillies yesterday, and the locals lost the game three to nil despite the use of pinch hitters and pitchers. The Phillies secured only three hits, and two of them were of the scratchy order. The Pirates turned out of Brennan's bases on balls into a run in the fourth and scored their other two runs on Alexander's wild pitch that went into the grand stand.

THREE FOR BOSTON

BOSTON, July 10.—The Braves made it three straight wins by defeating the St. Louis Cardinals in a double header here yesterday. The score of the first game being 6 to 3, and the second to 6. Sallee was hit hard in the first game, while St. Louis could do but little with the shots of Hess. In the second long drives gave Boston a commanding lead, and St. Louis couldn't catch up.

Cincinnati Beat Brooklyn

BROOKLYN, July 9.—To-day's game had a sensational finish. Cincinnati going in to the ninth one run behind, and batted a six to five victory. Both sides batted heavily, and Benton was knocked out of the box in the fourth. Devore led with the stick, getting four hits at five times up. Almeida, who replaced Dodge at third, was a big factor, figuring in a fast double play, and driving in Marsans with the winning run. Three hundred Cuban military and civic officials who attended the game, held a celebration over the good work of their countryman on the Cincinnati team.

ATHLETICS WIN FIRST FROM CLEVELAND

Washington and Detroit Split Their Double-Header.

BOSTON BEAT ST. LOUIS

CLEVELAND, July 10.—The Athletics pranced into town yesterday and walked away with the first game of the series with the Naps, giving Birmingham's pennant hopes a sharp and sudden jolt, the finish yesterday being 5 to 3. Willie Mitchell, of southpaw proclivities, who has been doing good for the Naps, was mostly responsible for the Mack victory, although Ryan in centre played a part. Dush, for the Athletics, went the whole route, and although he was touched up for twelve hits, kept the Naps from smashing them out when his meat runs. Score:— Philadelphia 10, Cleveland 3.

KNIGHT PLAYED WELL

Chicago Defeated New York by the Score of 2 to 0. CHICAGO, July 10.—Scott and Schalk proved too much for New York yesterday and Chicago shut out the visitors two to nothing. Scott struck out ten men, while Schalk's double following Midkiff's fumble of Collins' grounder and Bodie's walk gave the locals the game. Manager Chance of New York, Knight, a new first baseman, a trial and he played well. Score:— New York 0, Chicago 2.

EVEN BREAK AT DETROIT

Tigers Won the First and Washington the Second. DETROIT, July 10.—Detroit and Washington did the conventional yesterday in a double header, the Tigers winning the first game by a score of 5 to 3, while the Senators took the second in hollow fashion by a count of 8 to 0. Dauss easily outpitched Grooms in the first number, in which the latter's ability to crawl out of tight holes prevented Detroit from piling up many more tallies, but they finally got him in the seventh. For four innings the second game was nip and tuck when Dubuc went into the air, walking two and hitting another batsman, Johnson, although the Tigers bit two hits until the seventh, when Gallia replaced him. The Score:— Washington 5, Detroit 3.

Cainsville News of the Week Gathered For the Courier Readers.

Usual church services were held here Sunday last, good congregations being present both morning and evening. Rev. W. Cook preached an excellent sermon in the morning from the words. In the evening we were pleased to have with us, a former pastor, Rev. Jas. Webb, who is at present residing at St. Catharines, and who took charge of the service owing to the fact that Mr. Morrow's voice is still unfit for preaching. Mr. Webb spoke from the text, 'Preach the Word,' and his usual kindly, thoughtful way presented the truths, so old, yet ever new and full of hope. Mr. and Mrs. Webb will remain in the village for a few days before returning to their home. League service on Monday evening was in charge of Miss Smith, while Miss Graham read a paper on 'Personal Interviews of Jesus.' An outdoor league service will be held next Monday at the home of Miss Annie Graham. The home of Mr. and Mrs. Geo. Islet was the scene of a very pretty wedding Saturday afternoon when Edna Pearl Goddard, formerly of Paris, was united in marriage with Albert Victor Holstock of Buffalo. The bride was given away by Mr. Geo. Holstock of Toronto, while Miss Dorothy Holstock acted as bridesmaid and Mr. John Holstock as best man. Ceremony was performed by Mr. Rev. Mr. Webb, a friend of the groom, assisted by Rev. Mr. Cook. Friends were present from Niagara, Toronto, Buffalo and Paris. A large number of beautiful presents were received showing the esteem with which the young couple are held. Master Willie Butler, of Hamilton, is spending his vacation with his uncle, Mr. O. Avery. Miss Sarah Pettit is visiting friends at Trent. Miss Annie Smith has returned from a pleasant holiday in Hamilton. Miss Doris Cook of Brant is visiting her aunt, Mrs. Will Dougherty. Miss Myrtle Norrie, of Brantford, spent Sunday with her friend, Miss Hawley. We are pleased to welcome to our village, Mr. William Woltz and family, who recently moved here from West Montrose, and who will reside in the village. Miss Leta Mover spent last week with friends in Preston. Mr. Simons of Buffalo, Mrs. McCullen of Hamilton were week end guests of Mrs. McLeod. Miss Mamie Keil is spending her vacation with her sister Mrs. Frank Adams at Pine Grove. Many friends in the village and vicinity will sympathize with Mr. and Mrs. Jas. Black in the death of their infant son. A private funeral service was conducted on Monday afternoon by Rev. C. R. Morrow. Mrs. George Day of Brantford is visiting at the home of Mrs. Tuttle in the village. Mr. G. Edmondson of Wallaceburg, is spending a few weeks at the parental home. Mr. G. Everett of Wallaceburg is visiting at the home of Mrs. Jos. Clineville. Mr. and Mrs. Avery spent Sunday at Harley. Looey Bierbauer sent all the way to Louisville for three new bats. They are the envy of every man in the club. Bierbauer is out after the highest average in the league again.

TO DISCUSS STRIKE

Committee of Railway Employees Hold Conference in New York. NEW YORK, July 10.—Preliminary to a general meeting of the so-called committee of one thousand on Saturday at which the strike vote recently taken will be ratified, minor committees of the Brotherhood of Railway Conductors held a conference in New York yesterday to discuss the situation relative to the wage dispute with forty five Eastern railroads. Negotiations with the roads were practically broken off yesterday with the refusal of the managers committee to consider the men's demands for a 20 per cent. wage increase and the situation was further complicated by the withdrawal from the proceedings of the Erie Railroad and subsidiaries on the ground that they could not afford to be party to any conferences looking to wage increases. President Garretson of the conductors, said to-day that there was little new in the situation and that the unions probably would have nothing to announce until after Saturday's meeting. Telegrams have been sent to union committee members on all the roads involved, summoning them to the meeting. Where in the city this will be held had not been decided to-day. A large hall will be needed.

G. T. P. WILL BE READY FOR TRAFFIC THIS FALL

Major Leonard Hojeful That Remaining Work Will be Completed in Tim.

(Canadian Press Dispatch) COBALT, July 10.—In an interview here yesterday Major R. W. Leonard, Chairman of the Transcontinental Railway between Lacrosse and Winnipeg, Mr. M. Davidson, Vice-President and General Manager of the Grand Trunk Pacific, has already gone north, and we shall go over the line together. The road is being made ready for traffic this fall at the close of navigation, and the Grand Trunk Pacific should be able to put on a service about that time. The main work is now to finish ballasting. Major Leonard spent an hour in Cobalt Camp, in which he is heavily interested. He went north to Cochrane yesterday afternoon in his private car 'Empire.' At Cochrane he will meet Mr. Donaldson, and the trip to Winnipeg will be commenced at once. Newspaper Men at Winnipeg. WINNIPEG, July 10.—Daily newspaper publishers, members of the Western Associated Press, gathered here yesterday from all over western Canada, at a luncheon at the Manitoba Club in honor of M. E. Nichols, who as president, has been so closely associated with the development of this news gathering organization since its foundation half a dozen years ago. Last spring Mr. Nichols resigned as president of the Winnipeg Telegram to take a similar position with the Daily Mail, to be the new Montreal morning paper and the members of the W. A. P. joined to-day in testifying their sense of gratitude for his invaluable services. Gus Champene, who started out the season with the Senators at first base last year, wants a tryout again. Gus says he is in great shape, but would have to have more than shape to beat out Cos Dolan just at present.

Football

The regular meeting of the football council was held in the Borden club rooms last night over which President A. Speechley presided. The Y. M. C. A. - Dragon game which was reported as defaulted to the latter on Saturday last came up for discussion and it was decided to write the W. F. A. in reference to the same. The Y. M. C. A. informed the Dragons twenty-four hours in advance that the grounds were not in a fit condition to play on account of posts which had been put in the ground in connection with the carnival which is being held this week. The referee saw this and decided that the ground was unfit to play a match on, and in the opinion of many should have called the game off instead of giving the game to the Dragons. HOLIDAY CASUALTIES In reading the newspaper reports of the holiday season, did you notice the large number of serious and fatal accidents recorded? Supposing you had been one of those who lost their lives in the season's festivities, in what shape would your business be to-day? And what of your family? Would their sense of loss be augmented by despair and apprehension? Or would their minds be easy in the knowledge that you had made provision for their maintenance? These are stinging questions—questions which, if you are a right-minded man, you will answer TO-DAY by applying for an Imperial Home Protection Policy on your life or a Perfect Disability Policy covering every illness and accident. NO DRINKING MAN NEED DESPAIR The Neal Cure—Greatest of All Modern Discoveries—Offers a Means of Escape from the Curse of Drink. A cure of the Drink Habit is Guaranteed in Three Days, no Matter Whether the Patient is a Hard and Constant Drinker, Social Tippler or Goes on Occasional Sprees. There was wandering in the streets of Toronto lately a homeless man, who at one time held a splendid position, but drink was his downfall. To-day his wife, a cultured woman, works by the day, endeavoring to support herself and little family. Think of it, you wives and mothers, who have homes of comfort and all that makes life worth living, what it would be to you to be deprived of these and forced to face the wash tub for an existence, as this poor wife has to do to-day? But this home which was made a hell on earth through strong drink—as every drunkard's is—may be made into a heaven upon earth, as many have been made, as a result of the Neal Treatment. Three days only—the wonder of it—to effect a cure and make the victim of strong drink a new man, physically, morally and mentally. We undertake to guarantee to effect a cure of the Drink Habit in Three Days, no matter whether the patient is a hard and constant drinker, social tippler, or goes on occasional sprees. Are you interested in a poor fellow going down, down, through the curse of drink? Then bring your influence to bear on him and bring him to the Neal Institute for treatment, drunk or sober, and we will undertake to remove the awful appetite for strong drink and deliver him to you a new man. Here is an opportunity for REFORMATION SOCIETIES for INEBRIATES or any institution for the reformation of the drunkard, to test our ability to change the hard drinker into a new man, physically and mentally, in THREE DAYS' treatment. We invite these Societies or any institution interested in the poor drunkard and the problem of dealing with him, to send us for treatment any victim of the drink habit. It makes no difference how much enslaved, and we guarantee to effect a cure in each and every case. Can you spend your money to better advantage or in a way that will bring in greater returns than in redeeming these victims of strong drink and giving back to their families kind fathers, brothers, husbands, and to the country, most desirable citizens? G. T. P. WILL BE READY FOR TRAFFIC THIS FALL

Major Leonard Hopeful That Remaining Work Will be Completed in Tim..

(Canadian Press Despatch) COBALT, July 10.—In an interview here yesterday Major R. W. Leonard, Chairman of the Transcontinental Railway said:

"I am going through to Winnipeg to make a thorough inspection of the Transcontinental Railway between Cochrane and Winnipeg. Mr Morley Davidson, Vice-President and General Manager of the Grand Trunk Pacific, has already gone north, and we shall go over the line together. The road is being made ready for traffic this fall at the close of navigation, and the Grand Trunk Pacific should be able to put on a service about that time. The main work is now to finish ballasting."

Major Leonard spent an hour in Cobalt Camp, in which he is heavily interested. He went north to Cochrane yesterday afternoon in his private car "Empire." At Cochrane he will meet Mr. Donaldson, and the trip to Winnipeg will be commenced at once.

Newsman Men at Winnipeg WINNIPEG, July 10.—Daily newsman publishers, members of the Western Associated Press, gathered here yesterday from all over western Canada, at a luncheon at the Manitoba Club in honor of M. E. Nichols, who as president, has been so closely associated with the development of this news gathering organization since its foundation half a dozen years ago. Last spring Mr. Nichols resigned as president of The Winnipeg Telegram to take a similar position with the Daily Mail, to be the new Montreal morning paper and the members of the W. A. # PARIS STYLE MAKERS SEEK TO REVOLUTIONIZE DRESS

THOUGH the sentiment in Paris seems to be in favor of a revival of Louis XVI. styles, which were promised us for last spring, there seems to be a desperate effort on the part of the style creators that city to design something entirely new and different. These tentative efforts, though sometimes a bit bizarre, are nevertheless often very interesting. In the struggle to get entirely away from current models radical steps are necessary, and though the results seem startling at first, a little later in the season, modified to suit varying conditions, they are often accepted and worn by those who do not fear novelty. Creations are not perfected in a day. Often a novel gown will be tried out on some actress, noted for her taste in dress, in the middle of the fashionable season. Later, at the beginning of the next season, this same model will be seen in the collections exhibited to the foreign buyers, a little modified and perfected perhaps, but built on exactly the same new lines. The latest gown models show a very determined and sustained effort to get away from the modernization of historical costumes and reach out toward something new, and the tendency has been in a line with the new artistic movement, post-

No. 1.—Front View of One of the Curious New Style Frocks, Seen on the French Stage

The New Standing Kimono Rever Modifies the Fashionable Silhouette.

A Picture Dress with Latest Style Lines.

impressionism and various other ideas of modern art. Some of the latest gowns on the French stage show most distinctly this influence. In Figures No. 1 and No. 2 on this page, the back and front view of one of these gowns worn by a French actress in a recent play is a girlish frock that is representative of this ultra-modern idea in fashion.

This little gown is made of white fine net over a soft white satin lining. It has an odd coatee top that matches the deep fold on the skirt, made of a white satin ground brocade with a fine lined geometric pink star figure. Into the brocade skirt band the white net is gathered, and it is also belted at the waist by a broad sash of pink satin ribbon that has two long loops at the back instead of such ends. The coatee is original in shape, more open behind than in front so that the arms have very free play. It is lined with white satin, and the edge shows a flat piping of pink all about. It is closed in front with an ornament made of pink satin cord piping.

Such a frock at first glimpse seems a bit fantastic, yet it is really not so. It is because it is entirely new and different to what we have been seeing.

Another gown on very much the same lines, yet a little more extreme, is pictured on this page. The brocade used in this model is very original, as one motif is superposed over another. The brocade has a white satin ground, with a faille garland design of white crossing it in undulating curves. On this is spaced round gold motifs of Chinese pattern. The filmy part of the gown is of white mousseline de sole over white satin.

The coatee is lined with white satin and is overbanded on the edge with a bias band of the brocade which ties in a little cravat bow and ends in front, closing the coatee. These two dresses are delightfully young and summery, and while they are far from being suitable for street wear it does not prevent them from being adorable worn in a proper setting.

The odd new silhouette depicted here in a figure wearing a wrap is a marked novelty in the latest Parisian creations. Just the peculiar way that the wrap hugs the figure at its hem and stands off from the neck in the raised kimono lapel is typical of the contour of many of the latest dress, coat and wrap models. The peculiar décolleté it forms is a marked detail even of tailored suits just at present,

and while the ways of arriving at this effect are very varied, the curious manner in which the lapels stand away from the neck seems to be the key note of a new style. Also, in spite of the slender hip lines still given by the modern corset, all ultra-fashionable models seem to have the greatest width at the hips. This is done, not by changing the shape of the corsets, but by panner puffs and drape.

The brocade used to make this wrap has the superposed designs. In this case the brocade is old rose, and of the two superposed designs the larger and lower one is a deeper rose and the upper and smaller is silver. Wide silver lace of a very open pattern adorns the edges and cuffs. In shape the wrap is between the kimono and the dolman.

There Are Really Two Superposed Gowns, the Outer One a Simple Transparency of Finest Net.

SUMMER JEWELRY.

The girl who possesses one of the new lucky winkle bracelets should consider her-

self fortunate, for they are truly pretty. They are made of little gold winkle shells held together by slender chains, and inside each shell there is an opal, pearl, turquoise,

or some other gem. The opal looks especially pretty, because it has the semblance of an iridescent dewdrop. The shells are beautifully modelled, and even the "grain"

shows. Coral is very fashionable now, and is used for all kinds of jewelry, from polished pear-shaped earrings to carved pieces set in brooches and bangles.

A pretty bracelet seen the other day was made of gold set with three carved pink coral roses, two small and one large one. Another new form of jewelry which

should not be forgotten is the butterfly kind. It is made of real butterflies' wings of the brilliant Brazilian varieties set behind rock crystal. A very pretty necklet is made of narrow

bars about three-quarters of an inch in length, of bright blue butterflies' wings attached by silver chains. Whole butterflies are treated in this way and are used as brooches.

spoken of, gathered around the waist in a deep flounce so that they stick out like the Persian coats. They generally end under the belt, though in one quaint model the lower edges were cut in points and the upper edges passing under the sash showed above in a narrow frill.

Fashion Accessories.

EACH season brings some glove novelties, few of which survive long enough to become popular. These oddities do often, however, fit in with some particular costume in the season's outfit. In the new colored silk gloves of elbow length there is a style with an interesting detail. From the wrist up a very open black silk net mesh is drawn smoothly over the silk glove. At the wrist the stitching is covered with a bracelet of shired chiffon or a black velvet band. This gives the effect of a black net guimpe sleeve covering the glove and would be charming worn with a black dress having elbow sleeves.

Another old fashion is wristlets of needle point lace, to wear with a three-quarter length sleeve. These wristlets continue down over the hand, shaping out and covering it half way to the knuckles. A thumb piece holds it down over the hand. As motifs of this lace are much used to decorate the corsage of elaborate afternoon gowns, such sleeves preclude the necessity of wearing gloves, are more modern than mitts, and show rings off nicely.

With the skirt receding from the feet, disclosing the ankle, with fleeting glimpses of alken stocking above, has come the lovely lacing of ribbon about the instep and ankle. In many cases the modern French slipper has been shaped on the sides to include inserted rings, through which the lacing may be drawn. This lacing, however, is applied by Parisians to the plain, ordinary slipper. A small half or three-quarter inch ring of ivory, jet or whatever may match the color of the slipper is sewn at about an inch from the center back on each side on the edge. This ring may also be simply a brass or one covered with silk crocheted loops the skirt or placed in the manner just matching the slipper color.

**THE MYSTERY OF AGATHA WEBB.**

By Anna Katharine Green, Author of "The Leavenworth Case," "Lost Man's Lane," "Hand and Ring," "Etc., Etc."

The next moment Agnes had risen, and they were both facing him. "Good evening, Agnes." Mr. Sutherland forced himself to speak lightly. "Ah, Frederick, do I find you here?" The latter question had more of constraint in it.

Frederick, with a slight flush suffusing his cheek, which had been only too pale until now, acknowledged his father's greeting with a smile in which that father was surprised to see a faint shade of relief if not of joy. Then he backed toward the door.

"I was just leaving," said he. "I was the bearer of a message to Miss Halliday." He had always called her Agnes before.

Mr. Sutherland, who had found his faculties confused by the expression he had surprised on the young girl's face, answered with a divided attention: "And I have a message to give you. Wait outside on the porch for me, Frederick, till I exchange a word with our little friend here."

Agnes, who had thrust something she held into a box that lay beside her on a table, turned, with a confused blush, to listen.

Mr. Sutherland waited till Frederick had stepped into the hall. Then he drew Agnes to one side and reproachfully, persistently, raised her face toward him till she was forced to meet his benevolent but searching regard.

"Do you know," he whispered in what he endeavored to make a bantering tone, "how very few days it is since that unhappy boy tenderly confessed his love for a young lady whose name I cannot bring myself to utter in your presence?"

The intent was kind, but the effect was unexpectedly cruel. With a droop of her head and a hurried gasp which conveyed a mixture of entreaty and reproach Agnes drew back in a vague endeavor to hide her sudden uneasiness. He saw his mistake and let his hands drop.

"Don't, my dear," he whispered. "I had no idea it would hurt you to hear this. You have always seemed indifferent, and even now my reproaches seem to have no effect on you. And this is right, for—What could he say, how express one-tenth of that with which his breast was laboring? He could not, he dared not, so ended, as we have intimated, by a confused stammering.

Agnes, who had never before seen this object of her lifelong admiration under any serious emotion, felt an impulse of remorse, as if she herself had been guilty of occasioning him embarrassment. Plucking up her courage, she wistfully eyed him.

"Did you imagine," she murmured, "that I needed any warning against Frederick, who has never honored me with his regard, as he has the young lady you cannot mention? I'm afraid you don't know me, Mr. Sutherland, notwithstanding I have sat on your knee and sometimes poked at your beard in my infantile instance upon attention."

"I am afraid I don't know you," he answered. "I feel that I know nobody now, not even my son."

He had hoped she would look up at this, but she did not. "Will my little girl think me very courteous and very important if I ask her what my son Frederick was saying to her when I came into the room?"

She looked up now and with visible candor answered him immediately and to the point.

"Frederick is in trouble, Mr. Sutherland. He has the need of a friend who could appreciate this, and he has asked me to be that friend. Besides, he brought me a packet of letters which he entrusted me to keep for him. I took them, Mr. Sutherland, and I will keep them, as he asked me to do, save from everybody's inspection, even my own."

Oh, why had he questioned her? He did not want to know of these letters; he did want to know that Frederick possessed anything which he was afraid to retain in his own possession. "My son did wrong," said he, "to confide anything to you, care which he did not desire to retain in his own home. I feel that I ought to see these letters, for if my son is in trouble, as you say, I, his father, ought to know it."

"I am not sure about that," she smiled. "His trouble may be of a different nature from what you imagine. Frederick has led a life that he regrets. I think his chief source of suffering lies in the fact that it is so hard for him to do differently in the future."

"Does he mean to do differently?" she flushed. "He says so, Mr. Sutherland. And I, for one, cannot help believing him. Don't you see that he begins to look like another man?"

**HARTFORD**

Bert Dean of Toronto was visiting in the village Monday and Tuesday. Miss Evelyn Burke has returned from a visit at Waterford with Mrs. A. Zavitz.

Wm. McDonald is spending a week with Dwight Smith. Miss Winnie Slaughter of Guelph is enjoying the school holidays with her aunt, Mrs. H. Remor.

The Misses Maud Simington and Irene Vanloon were at Springvale a few days visiting Mrs. Bowman. R. J. Thomas made a business trip to Toronto Tuesday.

Geo. Lutes has gone to Vanessa for a week to work in haying. Nelson Giles was in Hamilton this week looking after equipment to make his threshing outfit in first class shape.

The rain Saturday caught some of the farmers with hay out. The Mission Circle will meet this week in the hall at Hartford Thursday afternoon at 8 o'clock.

Next Sunday the church services will be taken by Mrs. Dr. Barber of Brantford. The evening meeting will be a missionary service and collection for the Mission Band.

On Thursday, July 3rd, the Hartford branch of the Women's Institute entertained the ladies of the Springside Institute at the home of Mr. Jno. W. Hayes. The day was perfect and a large number were present, 47 in all being there.

The meeting was opened by singing "The Maple Leaf," and the roll call was responded to by giving one's earliest reminiscence which caused much merriment. After the transaction of one or two business matters, the hostess, Mrs. Hays, in a few well chosen words, bade the visitors welcome.

The meeting was then handed over to the Springside ladies. The president, Mrs. J. Winger made a fitting reply to the words of welcome. The Secretary then called the roll, and the Springside members replied with a receipt for summer drinks. The program given by Springside was as follows:

Solo, Oh for the golden days, Mrs. Chas. F. Howard; address, Tactful; Solo, Slack; reading, Learning to Skate, Mrs. Thos. Bowman; Solo, Always in the Way, Miss Helen Hillbrook; Address, Economy, Mrs. Henry Risdale; Address, Home Influences on Child, Mrs. Harry Howard; Solo, Rose of My Heart, Mrs. C. F. Howard.

An invitation was then extended to the Hartford Institute to join with Springside and Guelph and picnic at Nanticoke, July 10th.

At the close of the meeting the guests repaired to the lawn, where faintly set tables awaited them. After doing justice to the good things, every one went home well satisfied with a well spent afternoon.

Of Western Women Who Have Found Relief in Dodd's Kidney Pills.

After Three Years of Suffering Madame Dufault of St. Boniface is Telling Her Neighbors of Her Wonderful Cure.

ST. BONIFACE, Man., July 7th—(Special)—Cured of a complication of diseases, each a direct result of disordered kidneys, Madame Oct. Dufault, of 84 Victoria street, this city, has joined the grand army of the women of the west who are telling their neighbors that Dodd's Kidney Pills are suffering women's best friend.

"I suffered for three years," Madame Dufault states; "and I may say I and pains in my head, I was nervous and tired all the time; there were dark circles around my eyes, and they were puffed and swollen. Heart fluttering added to my fears."

"But when I started to use Dodd's Kidney Pills I soon began to get better. I took thirteen boxes in all, but now I am a well woman again. I think Dodd's Kidney Pills are a grand remedy."

Dodd's Kidney Pills cure women's ailments because nine-tenths of these ailments come from sick kidneys. Dodd's Kidney Pills always cure sick kidneys.

**NEW DIAMOND ON THE HILL**  
The young men of Terrace Hill and Grandview have laid out a fine new baseball diamond on the new Grandview school grounds. The trustees in purchasing the new site for the school made sure to secure plenty of ground for recreation purposes. To say that the school boys and baseball players appreciate this foresight is putting it mildly. A series of games is being played between the married and single men of this district. To date they both have two wins and two defeats. The deciding game will be played on Saturday afternoon at three o'clock, and is creating a great deal of interest among the residents of this section.

**Have You a Message for the Hosts of Men Who Are Each Day Scanning the Want Columns?**

reach to every walk in life. Their influence is felt in the counting room, the factory, mill, in every industry and in thousands of homes. The Wants make it possible to meet all business needs at once. The Wants provide book-keepers, trained artisans, chauffeurs, demonstrators, chefs, gardeners, helpers for many particular lines of work, juvenile employes, agents, executive heads, professional men and specialists in mercantile lines—all are influenced by the Wants.

Most employers use the Want Columns in securing helpers, knowing full well that the summons will be answered by skilled, capable and experienced applicants.

It takes but an instant to write or phone a Want Ad and the cost is but a trifle.
