Roumania Preparing to Aid Allies, and Berlin Anxious Over New Danger

BAKALAN OFFENSIVE STARTED WITH RUSSIAN TROOPS HELPING; SERBS CAPTURE FORTS

Russian Troops Arrived a Month Ago But Their Presence Was Not Spoken of--Sharp Fighting in Progress--Athens is Wildly Excited Over Bulgarian Activity

London, Aug. 22.—The offensive in the Balkans is in full swing with Russian troops arriving to fight with the Entente forces and Roumania reported about ready to join in the war on the side of the allies.

Russians There Three Weeks Athens advices received to-day indicate that Russian troops have been in the Balkans for more than three weeks: the initial contingent having apparently arrived at Saloniki some time previous to July 31, the news of their coming having been just released by the Entente censorship.

Came by Siberia. It is only about 350 miles in an air line from the Russian to the Greek border at their nearest points, but Roumania and Bulgaria lie between them and to bridge the distance separating these countries, the Russians were obliged to travel thousands of miles.

Engagement is General. To-day's despatches regarding the military developments in the Macedonian indicate that the engagement is becoming general all along the 150-mile line.

RUSSIANS ARE AT SALONIKI; GREEKS MUCH IMPRESSED

Athens, Monday, July 31, 6 p.m. (via London, Aug. 22—12.25 p.m., delayed by censor.)—An initial brigade of Russian troops has arrived at Saloniki to join the Entente Allies in the fighting in the Balkans.

The arrival of the Russians has created a profound impression here. Even the Royalists who have consistently opposed participation in the war by Greece on the side of the Entente Allies, seemed almost stunned by the news that Russian troops had arrived to take the part in the campaign which, under other conditions, might have been taken by the Greek army.

The general feeling here is that the bringing in of Russian troops has dispelled definitely the dream of a greater Greece, which was conceived a year and a half ago by the then premier, Venizelos, who carried Greece well on the way toward entrance in the war with the Entente Allies.

It is regarded as possible that the presence of Russian forces in Macedonia will affect a change in the attitude of Bulgaria.

In some quarters irritation is displayed at the recent foreign policy of the Greek government, which is said to have overlooked the interests of the nation.

HARTLEY DEWART WAS RETURNED IN S.W. TORONTO

Liberal Standard Bearer Elected in Bye-Election By 600 Majority.

TEMPERANCE MEN FELL DOWN.

Did Not Support Government Candidate; Waldron and Connor Negligible.

Toronto, Aug. 22.—Something happened in Toronto yesterday. Just what it was and what caused it both Conservatives and Liberals are unable to state definitely, but the net result of it is that Hartley Dewart, the Liberal standard-bearer, is the member-elect for South-West Toronto, and the first Liberal to represent Toronto riding in something like 18 years.

The Liberal majority did not represent a gathering in of Conservative votes so much as it reflected a general attitude on the part of Conservatives to stay at home.

The vote given Mr. Dewart was about 200 more than C. A. Maybee, Mr. Foy's opponent in 1914, received, while the Conservative vote dropped by over 4,000.

Liquor Told the Tale. The "explanations" for the remarkable reduction in the Conservative vote and Mr. Dewart's strong poll are as varied as the factors that had a part in the bye-election.

Fighting More General. Paris, Aug. 22.—9.35 a.m.—The fighting on the Saloniki front is becoming more general says a Havas dispatch filed yesterday at Saloniki. In the Doiran section, Serbian troops have captured Forts Kaimakedar and Cucerlu.

The heaviest fighting is on the front northeast of Saloniki, on the left bank of the Struma River from Kavajala to Barakli. On the western end of the line, hostilities are confined for the most part to artillery.

Field Marshal Von Mackensen was reported at Kovel in July to direct operations against the Russians in Volhynia.

Minor Brushes. Minor artillery and infantry engagements occurred at other parts of the Serbian front during the day. To-day a series of isolated engagements took place all along the front. The Serbs gained a new success in the Mezlena sector, throwing back the Bulgarians beyond the Greek frontier at Kukurus and occupying the spurs

of that mountain and those of Kaymakalalan.

Athens Excited. The correspondent of The Morning Post at Athens sends the following under date of August 19: "The Bulgarian offensive along the whole Macedonian frontier has created a great sensation here. Yesterday's prolonged cabinet meeting discussed at some length the situation thus created for Greece and three generals commanding Macedonian divisions who are attending the annual army council here, were summoned to the cabinet meeting to give their views."

Cabinet's Decision. The cabinet finally decided to await further developments before arriving at definite decisions. Nevertheless it is not concealed in ministerial circles that the new complication resulting from this further Bulgarian invasion is not at all what the Zaimis cabinet supposed it was called to power to deal with.

As yet it is impossible to state the strength of the invading Bulgarian columns and whether the offensive is to be taken seriously or not, but the general feeling is that the whole movement had a political rather than strategic object and that it was designed to impress the Greek electorate the danger of taking sides against the allies of Germany.

ROUMANIA MAY ENTER WAR; NEW PHASE OPENING

New Ally Could Throw 800,000 Men Into the Field.

BERLIN IS APPREHENSIVE.

Despatches from There Indicate All Germans Do Is Hope.

By Special Wire to the Courier.

Paris, Aug. 22.—All the morning newspapers comment at length on the possibility of Roumania joining in the war. The meetings that are in progress in Bucharest are taken to mean that all the various developments in the situation are being seriously considered, and the general tone of the comment is that the decisive moment for Roumania's action has arrived.

The operation of the Bulgarian armies in Macedonia are interpreted in some quarters as having been undertaken solely with a view to influencing the decision of Roumania. On all sides it is agreed that a new phase in Balkan history is opening, and the discussion by the press of the various diplomatic phases of the Roumanian situation is followed by an examination of the strength of the Roumanian army.

The statement is made on good authority that the number of Roumanian troops that can be mobilized exceeds 800,000, and that the army is in the best of condition after a long preparation.

Berlin is Nervous. New York, Aug. 22.—A New York Times cable from Berlin, dated Aug. 21, says:

The Berlin Boerse reacted sharply to-day to more favorable news from Roumania. The latest reports received from Sofia, Vienna, and Berlin from Bucharest indicate that, for the present at least, sober second thought has been largely dispensed with and the war fever there, due largely to the impression made on the Roumanian Government by war news from the west and east fronts and particularly the progress of the great battle in the Poldia.

King Ferdinand appears still to have the upperhand and conferences of Conservative and pro-German party leaders in Bucharest indicate that powerful circles are working at high pressure to prevent the die being cast for war.

No Worse, Anyway. A Roumanian statesman is quoted as saying that there is no reason for viewing the situation more pessimistically than three weeks ago and that no change regarding Roumania's neutrality has yet taken place; that the commerce between the Central powers and Roumania and the attendant financial transactions have reached a record figure, and that if she were really on the eve of decisive events, Roumania would neither be parting with her food products nor be able to import manufactured goods from the Central powers to the present great extent.

In official circles, too, the Roumanian situation is regarded more optimistically and while today no responsible person is willing to indulge in political prophecies, it is felt that the political fate of Roumania will be decided on the battlefields of the west and east, and that the present general military situation is not such as to tempt Roumania to take the plunge.

POLICE FORCE ON STRIKE. Sherbrooke, Que., Aug. 22.—The Sherbrooke police force, turned down when it demanded an increase in pay from the city council, has decided to go on strike. The blue coats receive now \$13 for a week of seven days, with no time off. The strike will be called to coincide with the opening of the Sherbrooke Fair, when several thousand extra people will be in the city, including many crooks. The city council is in a militant mood, and threatens to raise an amateur police force from among the citizens.

STEAMSHIP CHANGES. By Special Wire to the Courier. London, Aug. 22.—The important shipping firm of Furness, Withy and Company, Limited, has secured a preponderating interest in the Prince Line steamers, owned by the Prince Line, Limited, of New Castle on-Tyne, comprising upwards of forty vessels ranging from 2,000 to 6,000 tons each and operating in various parts of globe.

TREMENDOUS STRUGGLE IS RAGING ABOUT THE STOKHOD; COMMITTED TO DEFENSIVE

Difficulties of the Country are Tremendous, as Marshy Nature of Soil Renders Dug-outs and Deep Trenches Impossible—New Horrors of Warfare Invented by the Enemy

By Special Wire to the Courier.

London, Aug. 22.—(New York Times cable)—A despatch to the Morning Post from Petrograd says: "Extremely heavy fighting is still taking place on Brusiloff's front, where practically the whole energy of the Germans on the Russian front now is concentrated, leaving them helplessly committed to a policy of almost passive resistance everywhere."

Brusiloff Dominates Country. Upon the fighting now in progress on Brusiloff's 300 mile front depends the question whether the Germans can hold out or must retire from their whole line of the front in Russia. Brusiloff commands the whole front south of the Pripiet River, and moves forward or keeps stationary his various armies as occasion requires. The difficulties of terrain in this region are excessive. All defensive works must be built above ground, as it is impossible to dig a couple of feet without finding water. A portion of the Stokhod basin, some sixty miles in length and a dozen miles in width, consists of marshy ground.

Country is Marshy. Indeed, on a sufficiently large scale map, the whole region looks like nothing so much as a jigsaw puzzle, the saw lines representing rivers, streams and streamlets, bearing a multitude of names, while most of the pieces between are swampy soil. Here and there slight elevations provide dry land and furious battles are fought for possession of a site that gives some chance of a night's sleep in comparative dryness.

Fate of Enemy Regiment. In one of the combats the Russians caught an Austrian regiment. It was I believe, one composed of Polish legionaries, who fought like tigers on both sides—while attempting an attack over a swamp where every step occupied a couple of minutes. The regiment was unable to get forward or return, caught by Russian maxims, which wiped out every man.

Fighting Waist-Deep in Mud. At a particular section where the Siberian Ironsides are engaged, the

Stokhod is split into nine streams and between each lies a quarter of a mile or more of swampy soil. Both sides now struggle in waist-deep mud to secure this area. The Siberians are half way through and have captured several of the slight elevations to which I have referred. Under such circumstances aeroplane activity is plainly suggested, and the Germans have concentrated this arm of their forces in remarkable strength at Koval. Twice daily, morning and evening, flotillas working together like fleets at sea, sweep down upon this difficult region and enjoying comparative immunity from artillery fire, and, therefore flying lower than customary nowadays at the front, do considerable execution.

New Form of Aeroplane Bomb. This execution is to no small extent due to a new form of aeroplane bomb, which is exceptionally efficient. It is an Austrian production. The main feature is a heavy rubber base in which the detonator is embedded, but principally its effectiveness is due to the fact that the explosion radiates from the centre laterally and not upward. Anywhere above a man's average stature there is comparative safety, even in close proximity to the bomb.

In the space below that height, for a distance of twenty or thirty yards around death or mutilation is almost certain. The effect of a rain of these bombs from an aeroplane flotilla upon an area where dugouts are impossible defies imagination.

Another Horror of Warfare. The Germans continue to exercise their inventiveness, but always in the same direction, namely the perfecting of some new horror. While at the front I heard of yet another novelty which has just been used at Krevo. The Germans fired home a sort of liquid, which produced a sensation of burning. A man struck say on the arm, was not disabled, and on the second day thought lightly of his burn, but on the third or at the latest on the fourth day, he died. This new devilry produces clotting of the blood and consequent death.

Russia Honors Verdun City

Paris, Aug. 22.—The Russian Government has conferred the Cross of St. George upon the City of Verdun in recognition of its heroic defense. A despatch from Petrograd says a special delegation leaves the Russian capital this week to present the decoration to the Mayor of Verdun, as representative of the city.

Greek Troops Oppose Bulgars and Have Lost Many Soldiers

Greek Commander at Seres Has Called all Reservists There to Arms—Usual Enemy Guarantees Published by Athens Government.

By Special Wire to the Courier.

London, Aug. 22.—Greek troops have been fighting the Bulgarians in the vicinity of Serres since Sunday morning, says an Athens despatch to the Exchange Telegraph Company.

The Greek Commander at Serres has called to arms all the reservists in that locality, says the despatch. That the fighting is of a stubborn character is indicated by the fact that a large number of Greek soldiers have been killed.

It was stated in a Paris despatch yesterday that Fourth Greek army corps had fallen back from Serres as well as from Kavala and Drama. Serres is an important city of about 30,000 population, 45 miles north-east of Salonika.

Athens, via London, Aug. 22.—The Greek Government has published combined German and Bulgarian guarantees repeating those given at the time of the occupation of Port Rupal, and including promises to respect the territorial integrity of Greece. Assurances are also given of the evacuation of the German and Bulgarian troops when military necessities will permit that the liberty and property of the inhabitants will be respected and compensation allowed for damages occurring from occupation.

AUSTRIANS TELL TALL STORIES OF RUSS OFFENSIVE

Sacrifice Their Men Terribly, Is Claim; Anything to Win. Vienna, Aug. 22.—(Correspondence of The Associated Press)—The Russian offensive against the Austro-Hungarian troops, is being conducted, according to Austrian officers returned from the front, with tactics that hardly have a precedent in the history of the wars of the world.

The Russian method of attack in the Bukovina and Walhynia, the Austrians says, consists of artillery preparation lasting from 24 to 48 hours. Then come the first Russian infantry troops, in from six to fourteen rows, driven forward by Russian machine guns and by Cossacks armed with the dreaded "Nagaikas" or lead-tipped whips.

As they advance the Russian artillery fire abates somewhat, but between it and the Austrian fire from 40 to 50 per cent. of the first troops sometimes reach the trenches. Their arrival naturally forces the Austrians to abandon their shelters, and as soon as they do so the Russian drum fire begins again.

THE SITUATION

Industry clashes of minor importance took place in the Somme operations yesterday, but the intensity of the French and British artillery fire was such as to indicate that the Allied troops are preparing for another big drive. Evidence of how the Huns are commencing to be pushed for men, is found in the fact that the German class of 1919 has been "called up." It comprises youths of seventeen years of age.

The Russians continue to make gains on the Stokhod river, and also in the Carpathians. Their operations continue on a very large scale, but full details have thus far been withheld.

The Balkan campaign is in full swing. Over the Courier leased wire to-day there comes the information that Russian troops are now landing at Saloniki to help the French, the British and the Italians. These combined forces must now number about 600,000. The Bulgarian forces are stated to include some 75,000 Germans. This new offensive exemplifies the concerted attack on all fronts, with Austria and Germany, herself, needing fresh drafts, in connection with the Verdun and Somme operations.

The rumor is again current that Roumania intends to join the Allies. If so, that would have a very important bearing, but with regard to either the Balkan States, the only time to be certain is after the fact.

FOUR LIBERAL MEMBERS IMPLICATED

The Scott Government, of Saskatchewan has escaped at the hands of a commission of its own choosing, in connection with bribery charges, but four of its followers in the House have been found guilty. The allegations, preferred by Mr. Bradshaw, Conservative member, were that bribes had been taken to oppose the Government bill abolishing the bar, and that prosecution had been stifled in return for money or political support. Two Grit members were exonerated by one commissioner, but not the other, while four others—Sheppard, Moore, Pierce and Cawthorpe—were held by both commissioners to be guilty; the first two of receiving money in connection with the securing of licenses, the third of bribery, and the fourth of both bribery and receiving money in connection with a promise to stifle prosecutions.

On the charge that J. A. Sheppard received \$700 on behalf of an applicant for a license at Limerick, the Commissioners are unanimous in finding that Sheppard handed \$200 of this amount to the Secretary of the local Liberal Association, and deposited \$500 in his own name.

In regard to the charge that Sheppard received money at Moose Jaw from applicants for a liquor license, the Commission finds that Sheppard did not receive any of the \$1,000 paid, but that it all went to the Liberal campaign fund.

The whole thing constitutes a sordid story and the whitewash for the Government will not carry much weight.

TORONTO BY-ELECTION

It would be an arrant mistake to characterize the victory of Mr. Dewart, in the Southwest Toronto by-election, as a Liberal party success, because it wasn't. Of the Liberal papers in that city, the Star came out flat-footed for Connor, Socialist, as he was the only out and out Prohibitionist of the four candidates running, while Dewart side-stepped the temperance issue to such an extent that the Globe failed to accord him editorial support.

The conclusion is inevitable, that as in Perth, the Liberal prohibitionists supported Dewart because of his Gritism, and that in so doing they joined hands with the liquor interests, who believe that Premier Hearst should be taught a lesson, for introducing his prohibitory war measure. Had said Liberals been consistent,

they would have cast their ballots for Connor, but the fact that he only received 445 votes, abundantly shows that they didn't. It is very evident that the support he did secure was from Socialists alone.

Southwest Toronto is what is known as a liquor riding, with a number of licensed houses within its borders out of all proportion to the rest of the city, and that Mr. Dewart and his cohorts polled every possible vote, while the Norris men didn't, is fully exemplified by the figures. In yesterday's contest, 5,343 votes were polled, as against 8,973 in the general election of 1914, or a falling off of 3,630.

As the outcome, Mr. Rowell obtains a follower who, in his public speeches, reserved to himself the right to act as he pleased with regard to the prohibition bill, and the liquor interests, in addition to a stab at Hearst, are gloating over the fact that they have embarrassed Rowell by sending him a man who is not tied down to abridgment of the bar.

NOTES AND COMMENTS

The only Prohibitionist in the Toronto contest received only 445 votes. Take off the ballots of the committee of "One Hundred," and that leaves 345 for the Socialist cause.

The Toronto Globe admits that it deemed it "proper to withhold its complete endorsement of Mr. Dewart," and now it characterizes the outcome as leading to "great rejoicing by Liberal voters." The organ also looks forward with great "confidence" to Dewart's career. In other words, a man to whom it could not give unreserved support, has triumphed by virtue of the liquor vote, and the prohibition Globe hugs him to its bosom with unrestrained glee. Nothing could be more eminently characteristic of the organ.

The cooler weather promised for last night must have become over-heated on the way.

Dewart, in bidding for the Jew vote, which he got, promised to help in the restoration of Palestine to them. It is understood that he will head an expedition there next week.

A young man of Toronto was sitting on a window ledge watching a billiard game, and became so excited that he fell three stories and carried off the pavement on his own account. They thought his life was pocketed, but he luckily escaped almost unharmed.

Hartley Dewart Was Returned

(Continued from page one.)

his thanks to the Jewish people and to Harry Winberg, who was "nearly" a candidate.

Then the autos took their load down to the World building, where Mr. Dewart and W. F. Maclean joined hands affectionately and bowed their thanks to the crowd. Mr. Dewart, trying to make himself heard above the noise, declared that the issues that had been raised would not be dropped. He talked of the public resources, Hydro and taxation, but left out any reference to temperance. Then Mr. Maclean took a try at it and quite naturally credited the whole result to the nickel issue—and inferentially to his own newspaper's voice.

Neither Hon. Mr. McGarry or Hon. G. Howard Ferguson could be located last night. Hon. Finlay Macdunnald reserved comment until he had had an opportunity to study the returns.

Statement of Mr. Norris.  
Mr. Norris said to a newspaper reporter: "The electors of South-West Toronto have expressed their will. While I congratulate Mr. Dewart upon his success, I have little comment to make upon the result of the election. The fact that a nominee of the Conservative party has been defeated at this time does not present to my mind any lack of confidence in the Conservative administration of Ontario, but rather the hostility of those who for selfish interests would re-ignite upon the Government for doing what it believed to be its duty in war time. I would rather stand where I do to-night on the record of the Conservative party in Ontario than be a man who is all things to all people. I am satisfied that the vote in South-West Toronto will not deter the Conservative Government in its work for the province or dispirit the members of that party in their allegiance."

Figures of the Vote.

The votes cast for the several candidates were:  
Dewart, Liberal ..... 2,680  
Norris, Conservative ..... 2,072

Majority for Dewart ... 605  
Connor, Socialist ..... 425  
Waldron, anti-Pro. .... 129

The vote by wards was:  
Ward 4, Ward 5, Ward 6.  
Dewart ..... 1,055 968 657  
Norris ..... 687 787 598  
Connors ..... 155 143 127  
Waldron ..... 39 46 44

The total vote cast was 5,306, as compared with 8,973 at the general election on June 22nd, 1914.

"RECKONING" IMPORTANT IN NAVAL WARFARE

What a Slight Mistake May Do in a Very Short Time.

"It has sometimes been said," writes a retired admiral, "that while the battles of olden days were won by sheer superiority of seamanship, the actions of to-day are fought out and decided by artilleryists."

"But we have seen at Jutland that the effectiveness of the ship's artillery depends on the skill of the handling of the ship; and even on the side the limits of fire tactics, in the larger sphere of strategic disposition of the fleet in action, absolute excellence of seamanship is a fundamental requisite. Particularly is this the case when the strength of the naval force is not concentrated under the immediate control of the Admiral."

"The necessity of forcing the Germans to fight compelled Jellicoe to separate his fastest heavy ships from the main fleet; and these ships, under Beatty and Evan Thomas were engaged with the enemy's total force for two hours before Jellicoe could come up himself and take part in the action. "Seamanship enters here in the ability of the navigating officers to estimate as accurately as possible the position and course of the vessel at any moment, so as to keep the Admiral in touch with all their movements. This is more than ever necessary in fog or in the dark—in all cases, indeed, where the ships are out of visual touch, either direct or touch through "repeating ships."

Right Reckoning.  
"Commander Charles M. Forbes, my Flag Commander, and Commander Roger M. Bellairs, of my staff, plotted the movements of two fleets with rapidity and accuracy which were received. . . . To the Master of the Fleet, Capt. Oliver E. Leggett, I am indebted for the accuracy with which he kept the reckoning throughout the operations."

Thus Wrote Admiral Beatty  
The party played by these officers may be explained as follows: The approximate position of his ship at any time of the day or night is known to a captain by "reckoning."

That is to say, he has taken his bearings from the sun at midday so as to establish accurately his position at that time, and has subsequently noted carefully his speed and all its variations, his direction, and all changes of direction. These plotted out accurately on a chart give him approximately his position of any subsequent time.

Now this performance is particularly necessary when two sections of a fleet are making a junction in the open sea, and it is clear that the calculations of each party may fall to coincide with those of the other. Thus the influence of tides and currents may have carried one or both somewhat off the line in which they thought they were travelling, and an error of even one point of the compass when plotted out on a straight course might put a ship eight miles out of its course in two hours' steaming.

GERMANY HOPES SWEDEN WILL RESENT EMBARGO

Maybe Berlin's Discussion of Matter Veiled Hint to Stockholm.

By Special Wire to the Courier.  
Berlin, Aug. 21.—(Gazette of Montreal)—"What will Sweden do?" is the leading question being asked in official and diplomatic circles here to-day. The apparently authentic report, via Stockholm, that England plans a blanket embargo on all goods to Sweden and will only permit exportation in each case Sweden gives a guarantee that the goods in question will not be re-exported, is considered the most sensational and significant news of the economic war, not excepting the Blacklisting of American and other neutral firms.

"I cannot believe that Sweden will tolerate it," a leading German said to-day, and this is the view held in other well-informed quarters. The alleged British embargo is regarded here as of the utmost importance and will come next in not the distant future and that thereafter England will go out to get complete economic control of Norway, Denmark and Switzerland.

In well informed circles here the English step is believed to have a purely political, rather than a commercial and economic character, and to be an attempt to put the screws on Sweden and strain her neutrality to the breaking point. What England demands of the Swedish Government is held to be strictly forbidden under the war trade law of April last to Swedish subjects, namely to enter into any agreement whatever regarding further disposition or destination of non-contraband imported from England. It is pointed out here that should Sweden accept without protest England's attempts to "make Sweden an involuntary party to the British blockade. It would result in endless friction of a kind calculated to impair Sweden's dignity as a neutral state, to say nothing of dangerous complications."

Edmonton.  
Halifax, N. S., Aug. 22.—Kenneth G. Chipman, of Stefansson's expedition to the North, whose name it was announced in New York and Toronto despatches was not on the list of those returning, is safe and is coming by the Mackenzie route, via Edmonton. This information was received by relatives of the young engineer in Berwick to-day. He is accompanied by two others of the party. K. G. Chipman is a son of the late Andrew F. Chipman of Berwick, and a nephew of Judge Chipman, Kentville.

One Sub is Home is German Claim

By Special Wire to the Courier.  
And They Cannot Tell for Some Time Yet About the Other One

Amsterdam, Aug. 22, via London.—An official German report says that a submarine, which was rammed after sinking a British cruiser has returned to port. Whether a second German submarine was destroyed can only be decided when all the reports of submarines have been received.

The British official statement of the sinking of the British cruisers Nottingham and Falmouth by German submarines in the North Sea on Saturday, August 19, said that one German submarine was destroyed and that another was rammed and possibly sunk.

"Regarding British attempts to deny that a British destroyer was sunk and a British battleship damaged," the statement says, "we refer to the official German report of AUG. 20, which is maintained in all points. The alleged retreat, as stated in the British admiralty report, of the German high sea fleet, before which the British high sea force nowhere appeared, is imaginative."

CANNOT LOCATE HIM

A telegram has been received at the G. N. W. addressed to Mr. John Bridgen, reporting that Pte. Samuel Bridgen, who is overseas, had died of wounds. The authorities have been unable to locate Mr. John Bridgen.

PASSED EXAM.

Among the officers who qualified in the class of bayonet fighting and physical training held recently at Camp Borden, appear the names of Lt. T. L. Watt, of the 215th Battalion, and Lt. Harry Fleming, of the 295th. The latter was, prior to joining one of the secretaries at the local Y.M.C.A.

CAPT. CREIGHTON HERE

Captain Walter Creighton arrived in the city last night on a two months' furlough, and is staying with his mother on Dufferin avenue. Captain Creighton enlisted at Ottawa, and was wounded at Ypres last April, and after a sojourn in the hospital is now resting at home.

SOME HEAT

Those people who wondered what was the matter with them yesterday, probably suffered from the heat. The highest point reached by the thermometer for the 24 hours ending at 8 o'clock this morning was 104.66. There is no suspicion of winter in the air today, but cooler weather is promised by night.

MEN ARE WELL AT NIAGARA

215th Soldiers, Reports Col. Cockshutt, Are in First-Class Condition.

Success continues still to crown the recruiting efforts of the 215th battalion in the city. After a very successful week-end, another recruit was signed yesterday at the local office, and J. M. Licens left this afternoon to join the battalion at Niagara. Several recruits are looked for to-day.

THE PROBS

Toronto, Aug. 22.—The depression which was in Nebraska yesterday now covers the Georgian Bay, while pressure is highest over the northwest states. Rain has fallen heavily over Lake Superior and a few scattered showers have occurred in Quebec and the Maritime Provinces. In the western provinces the weather has been fine and moderately warm.

FORECASTS

Fresh southerly to westerly winds, showers and local thunderstorms but partly fair, turning cooler to-night. Wednesday, moderate to fresh westerly winds; fair and cooler.

Hun Fleet Went Home

By Special Wire to the Courier.  
London, Aug. 22.—(New York Times)—A dispatch to the Daily Telegraph from Rotterdam says that on Saturday, when the British fleet was searching the North Sea, the great German fleet of at least sixty vessels of all descriptions was sighted about 9 o'clock in the morning. It was carefully guided by three Zeppelins. At six o'clock in the evening the same fleet was viewed further north, steaming furiously eastward. "What happened in the meantime," it adds, "is clear from the reports from Dutch captains. At five o'clock in the afternoon they saw one or more British squadrons much further south than the six o'clock position of the German fleet, being almost due north in the direction of the Germans. From the northward appeared three Zeppelins. The airships, immediately on spotting the British vessels, went about in the direction of the main German fleet. The Germans then returned to their base."

MADE GAINS IN CLERY OUTSKIRTS

French Forces Also Captured Some Trenches South of the Somme.

Paris, Aug. 22 12.20 p.m.—Progress was made by the French last night on the Somme front, north of the River, in the outskirts of Clerly. South of Clerly, the French captured trenches near Estrees and Soyecourt.

The announcement follows: "North of the Somme the artillery continued to be active on a large portion of the front. During the night we made some progress in the outskirts of Clerly."

In the wood which our troops took on August 20, south of Guilleumont, we captured two more field guns, bringing up to eight the number of guns which fell into our hands in this engagement.

"South of the Somme minor operations enabled us to occupy several portions of trenches south-west of Estrees and east Soyecourt. We took prisoners."

"North-west of Soissons one of our detachments succeeded in carrying out a surprise attack on a German trench on Vinereux plateau. The night was calm on the remainder of the front."

"Yesterday one of our pilots brought down an Albatross aeroplane which crashed to the earth near Languevoison, near Nesles. Furthermore, four enemy biplanes, which were attached at close quarters by our aviators, fled in a damaged condition."

BODIES RECOVERED  
By Special Wire to the Courier.  
London, Aug. 22.—The bodies of twenty persons killed by the explosion yesterday at a munition factory in Yorkshire have been recovered. Considerable destruction of property resulted from the explosion.

DR. CHRISTOPHER ADDISON, parliamentary secretary of munitions, gave this information in the House of Commons to-day. He added that the number of casualties was not as great as was feared at first. The early reports said the loss of life appeared to be serious.

BOAT SUNK  
By Special Wire to the Courier.  
London, Aug. 22.—The sinking of the Italian steamer Erix, of 885 tons gross, and the Italian sailing vessel Dea, of 167 tons gross, is announced by Lloyds Shipping Agency.

NO MOVIES FOR ASQUITH  
By Special Wire to the Courier.  
New York, Aug. 22.—A news agency despatch from London to-day says: "The proposal to film the British cabinet has been dropped by Premier Asquith this afternoon."

The scheme originated among a number of prominent women, including Mrs. Asquith's wife, at the premier. The proceeds of a motion picture showing the cabinet at work were to be devoted to a war relief fund.

### CAPTAIN AGNEW SERIOUSLY HURT

#### Officer of 3rd Pioneers Lost Left Eye When Injured at Front.

The following, taken from the Victoria "Colonist," refers to a nephew of Messrs. J. E., C. H. and D. Waterous of this city.

The wounds sustained recently by Capt. Augustus W. Agnew, of the 3rd Pioneer Battalion, 48th Canadians, were of an exceptionally serious character, but he is now reported to be making favorable progress towards full recovery and is practically in normal health. One of the misfortunes which he must bear is the loss of his left eye, a fragment of shrapnel shell having pierced the right eyelid and the bridge of his nose, and entered the left eye, which had to be removed. He is now wearing a glass eye, but in other respects has suffered no injury that is likely to trouble him for any length of time.

Capt. Agnew was wounded in the latter part of April by the explosion of a shrapnel shell. Eighteen splinters of steel entered his head, and some of the particles are still lodged there. He was also wounded in the right arm and neck. According to the latest advice received here by his parents, Mr. and Mrs. William Agnew, of Rockland Avenue, and other relatives, he is now stationed at Shorecliffe, engaged in instructing a class of non-commissioned officers and men in engineering, in which branch of work he was notably proficient.

Writing home regarding his duties in this connection, he says: "The men are making good progress. I am giving them a course in the construction of all kinds of trenches, machine gun emplacements, wire entanglements, mining, etc. I am trying to make it all as nearly like conditions at the front as possible. All this week we have been doing brushwood work in a wood the Government has bought."

#### Offered Staff Appointment

Capt. Agnew has been offered by Brigadier-General Lindsay an appointment as staff major in the general staff over all the British Engineers, and it is thought likely that he will accept, as the loss of his eye would be a handicap to him in the fighting line. He still retains a warm loyalty for his old battalion, the 48th, which left here under the command of Lieut.-Col. Holmes, and of which he was one of the most popular officers.

The esteem in which he is held by both officers and men of the unit is made unmistakably evident in the following letter, which was written to his relatives by Capt. P. A. Landry, who is now commanding Capt. Agnew's old company.

"This own officer, his N.C.O.'s and his men feel the loss," wrote Capt. Landry, in referring to Capt. Agnew's injury and consequent removal to hospital. "The Colonel goes around with a downhearted look, as Gus was the making of the battalion. Gus was second to no engineer in the Canadian army. He worked sixteen hours a day and had already made a name for himself."

"The Brigadier-General of this brigade said that Gus was the only real engineer that he had met out at the front. The Brigadier and the whole staff regret his absence."

Capt. Agnew is the son of Mr. William Agnew, of Rockland Avenue, and was born in Montreal. He was educated at the Royal Military College, Kingston, and at the Crystal Palace School of Mining and Engineering. On his return to Canada he went to Prince Rupert, where he was engaged in the construction of the Grand Trunk Pacific and laying out the town. He was in Victoria two years after that, and was responsible for considerable engineering work in the municipality of Esquimalt. He joined the 48th Battalion soon after its organization and was with the unit till wounded.

His wife and child are with him in England.

#### ECONOMY IN HUN NAVY

KIEL, Aug. 22.—The cry of economy has now reached the German navy, as indicated by an order just issued by the Kaiser which abolishes the full dress uniform of officers. Henceforth, accordingly, German naval officers will make less "glamorous" impression on gala occasions. The gold embroidery on the collar and down the legs of the trousers is a thing of the past, and with it goes two-pointed hats.

#### "WRECK" WAS DEBRIS

Rumor of Marine Mishap Near Barpoint is Investigated.

Detroit, Aug. 22.—Investigating the rumor that a barge had sunk this morning near Barpoint, the tug A. C. Harding, of the Great Lakes Towing Company, learned that the wreckage which gave rise to the report was debris which had floated down from the steamer Topeka, sunk a week ago in collision with the Christopher, opposite Sandwich, Ont.

Mrs. Cecil Disher, 20 Richmond street, has returned from Ft. Dover.

Mrs. P. Buck and daughters, have returned from a sojourn at Goderich.

Mr. Reg. Smith, 59 Erie Ave., has returned to the city after spending his vacation at Dover.

Miss Erma Carter spent Sunday in Lynden, the guest of her cousin, Miss Olive Pirie.

Mr. and Mrs. G. S. Smyth, of Selkirk, were the guests of Miss Smyth, Murray Street, on Sunday.

Miss Ella James, of King Street, has returned after visiting friends in Burford.

Mr. and Mrs. de Courcey B. Cutcliffe and Master de Courcey, motored to Mount Pleasant and spent a week with Mrs. A. T. Briggs and Mrs. Geo. E. Gould, returning on Monday. Mr. Cutcliffe, who is an old Brant County boy has recently been appointed manager of the branch of the Union Bank of Canada, at Norwood, Ont.

Lt. Harold Jones—Toronto, a son of Lt. Col. C. S. Jones, formerly of this city, is spending a few days at the home of his uncle, Major T. Harry Jones, in this city. Lt. Jones is attached to the 4th battalion, and was wounded at the front a short time ago. During his entire military course, Lt. Jones has been closely connected with Brantford units; he was first attached to the branch of the 4th battalion, but leaving Canada with an early draft from that unit, became attached to the 36th in England, whence he was later transferred to the 4th battalion.

### With the City Police

Like unto the medicine topee of the Indian encampment when the sound of the mellow tocsin had summoned the tribe unto the war dance, appeared the Brantford police court this morning, thronged with the braves, bucks and squaws of the Six Nations, who had assembled from all parts, until of them it might be said, as runs the song, "they were called in from the hillside; they were summoned from the glen."

Hillside, in the present instance is particularly applicable, for in twenty odd cases, off-shoots from the manslaughter charge against Percy Martin, which were heard this morning, after a week's adjournment, the Hill family were conspicuously well represented.

Besides the Indian cases, the only person to appear at the dock was an ordinary drunk, who was allowed to go. The other case received a lengthy hearing this morning, and was resumed at 2 this afternoon.

### Liquor Interests Backed Dewart

Toronto, Aug. 22.—The remarkable political landslide in Southwest Toronto yesterday where Hartley Dewart, Independent Liberal, turned a Conservative majority of 3,700 into a Liberal majority of over 600, has caused the greatest excitement in both camps. While many divergent theories are advanced to explain the election of a Liberal in Tory Toronto, there is little doubt but that the liquor interests with a few notable exceptions backed the successful candidate. That there were other factors is not disputed. One Conservative worker was heard to bitterly wail this morning: "The Committee of One Hundred is right, there with the circus parade, but when election day comes round they don't deliver the goods."

Although the responsible leaders are very non-committal, the rank and file of both parties attach much importance to the election which it is believed will have potent after-effects. In well informed circles it is believed that modification of the government's policy is probable.

A branch of the Saskatchewan Education League was formed last week at the Ruthenian convention in Saskatoon.

### To The Editor

Thanks Returned  
Petawawa Camp.

To the Editor:—Having just returned from my last leave to Brantford previous to going overseas, I desire, before leaving the shores of Canada, to say a few words regarding Brantford, and its citizens in particular. Brantford, during my twenty-five years as a citizen never seemed as lovely as it did on my last visit. Brantford has always proved loyal to her citizens, particularly her volunteers during war times. I well remember the stirring times we had when some of our boys left to do their little bit in the South African or Boer War, in 1899. I imagine I see the grand parade on the return, that Brantford does not forget her volunteers, whether alive or dead. It is very pleasant indeed to the volunteers of to-day to know that the hearts of those left behind are with those who have volunteered to fight for God, freedom and the right.

Our battery was started in Brantford in February as a company of the first of March we left for Toronto. Brantford showed her interest in us by turning out almost to a man to give us a send-off, and I venture to say that no body men ever left Brantford more gratified to the citizens of Brantford than did the 54th Battery. During our trip to Toronto, and whenever we are assembled together to-day, the boys still talk of the time when we left our home city, and the splendid treatment accorded us, and I am glad to say that any time our boys have visited Brantford since enlistment, they have always had the glad hand held out to them. Our boys have proved to be selves worthy of the city of Brantford up to the present time, and that they will continue to do so goes without further saying.

I particularly want to thank the people of Brantford for the kindness to me, for their interest shown my family, and for the provisions made on their behalf, by such societies as the Brantford Patriotic Association, and others, and I must not overlook the works and good deeds of clergymen of Brantford. It is comforting to know that one's children are being cared for.

We are leaving Petawawa Camp shortly, trained to handle the guns as no other Battery (Canadian) had the privilege to be. We have tried to bring credit to the city from which we enlisted, remembering at all times the citizens of Brantford had proven loyal to us, and we are determined that the people of Brantford shall never regret an act of the 54th Battery.

Again allow me to take the liberty, on behalf of the Brantford boys of the 54th Battery, to thank the citizens of Brantford, one and all, for the magnificent treatment accorded us, and I but voice the sentiment of the boys in wishing Brantford, and its citizens every prosperity and blessing from the Giver of all. Sincerely yours,  
Gunner W. F. M.,  
54th Battery, Petawawa.

### Music and Drama

An exceptionally strong feature bill, which does not contain a single weak number, is that presented at the Brant theatre for the first three days of the week. Particularly strong is the repertoire of movies, which includes a variety of features; the eminent Charles Chaplin, as funny as ever in his latest sketch, "The Fireman," an episode in the stirring new series, "Who's Guilty?"; a "Mishap of Musty Surfer," and last, but by no means least, the noted emotional actress Edna Goodrich, in a five reel feature picture, "The Making of Madalena," which is deserving of ranking with any film ever shown in this city. Excellent as are the movies provided, the vaudeville is by no means neglected, for Lamont's Dog and Monkey Circus, one of the cleverest and most interesting acts seen for a long time at the Brant. During the hot weather, the theatre offers a cool retreat which is pleasing to all.

### At The Colonial

With the bill including two motion picture serials of the highest order of interest and appeal to all, the program offered at the Colonial theatre for the first three days of the present week is one promising entertainment and enjoyment to all whose footsteps lead them thitherward in search of recreation and amusement. The eleventh installment of the splendid serial of circus life, "The Ring," is as thrilling and as teaming with heart interest as its predecessors, with the old favorites, Grace Cunard and Francis Ford. In the principal roles, the twelfth episode of the serial "Graft," is like the others, a story complete in itself, yet connected with the main plot of the play, which has to do with the retribution which is meted out to oppressors of the poor. Other popular features upon the movie bill include a picture from the Metro studios, "A Royal Family," which yesterday won immense favor with all who witnessed its showing.

### CORP. SIMMONS IN HOSPITAL AT GLASGOW

#### Cheerful Letter from Convalescent Patient, Telling of His Experiences.

### ONLY CANADIAN IN THE BUILDING.

#### Went Through Some Terrible Fighting, and Escaped Very Luckily.

Corp. J. L. Simmonds, Clarence Street, who was reported shell shocked a couple of weeks ago, is now in hospital at Glasgow. It is now known that he was not shell shocked, but is ill with trench fever. Corp. Simmonds went into battle with 12 comrades and was the only one who came out.

When he was first hurt he was sent to hospital at Boulogne, and when he was put into bed there, it was the first time he had been in one for a year. He is evidently recovering nicely now, according to his letter.

Word had 25B, 4th Scottish General Hospital, Glasgow, Scotland, August 5th, 1916.

Well, here I am awa' up in Glasgow, in the bonny land o' Scotland. You see, I have to talk Scotch now; everybody does, of course; even the nurses have a delightful little twist to their tongues.

Now I can easily imagine your surprise on receiving this rather startling information. Yes, I'm really and truly in Scotland. Evidently the doctor at Boulogne thought I needed a rest; so I was carried down to the hospital ship, crossed the channel and landed at Southampton. Crozier mo! Believe me, the peaceful fields of Old England were a sight for sore eyes. I was carried to the hospital train and sent directly north to Glasgow. This hospital is a splendid place; everything is done for the comfort of the patients. I'm the only Canadian up here, so apparently rather a novelty; I was the only one on the boat, I believe, so was sent right along with the bunch. Now, please don't worry about me; I'm all right, in the best of health. Don't get any foolish idea that I'm seriously sick; I'm just kind of worn out for the time being. Your days of worry should be over for a long while now, for it will be some time before I go back to France. You see, when I'm discharged from the hospital, I'll take that officer's course I am booked for. I shall stay in England, and it will last about two months, or probably more; then I have some other plans.

So now you can cheer up and get a smile on your face from ear to ear. Your boy is quite safe from "Fritz's shells" now; I'll have a nice rest here for some time; don't know how long. My legs are pretty weak, and they keep me in bed. Now that I'm away from France I suppose I can tell you more about it without fear of the censor. Of course, you know that I have been at Ypres since the first of April, right in the salient. Believe me, we've had some awful times and no one can even imagine one-thousandth of the awfulness. I tell you one thing which will perhaps open your eyes. Our battalion went into a big action on June 12th; we came out on June 14th with 200 left out of 600. How I came through goodness knows.

You know, I'm a corporal; they gave me that distinction some time ago. I was in charge of a section of men during the action, and we captured a machine gun, killing the Germans who were working it. I was the only one of my section that was not either killed or wounded. I was the thirteenth man, yet they say the number is unlucky.

This is all the note paper I have at present, so I'll say "ta-ta." Shall write often.

### CLOSING IN ON GUILLEMONT

#### British Troops Advance Again Along Half Mile Line Near Pozieres.

By Special Wire to the Courier.

London, Aug. 22.—British troops on the Somme front have advanced along a line a half mile long in the region of Pozieres, and have also made an advance near the Leipsic salient, it was officially announced to-day.

The Germans are stubbornly clinging to their hold on Guillemont, although sustaining heavy casualties as the result of the British artillery fire on the place, says the official statement, which follows:

"In Guillemont the enemy's garrison is still maintaining an obstinate resistance in spite of very heavy losses from our artillery bombardments."

"In the vicinity of Pozieres we have again made considerable progress. We have advanced on a front of a half mile and are established at a road junction just outside of Moutquet farm, and have pushed forward along the right of the Pozieres-Miraimont road.

"In the Leipsic salient (in the vicinity of Thiepval) we extended our gains and advanced our positions to within 1,000 yards of Thiepval. Over 100 prisoners were taken."

### SPORTSMEN WHO HAVE GONE DOWN TO COLD DEATH

#### Latest Casualty List Contains Names of Men Famous as Athletes.

### CRICKET AND SOCCER MEN

#### Out of Eleven Players One Team Only Four Are Left.

By Special Wire to the Courier.

London, Aug. 22.—(New Herald cable)—The latest casualty lists are crowded with the names of men famous in the world of sportsmen. Football players, cricketers, and other athletes—either killed or wounded in action in the fighting on the Somme.

The most prominent cricketers reported missing and believed to be Second Lieut. A. C. P. At the old Malvernian, Cambridge University "blue" and member of Hampshire County Club, was Captain F. Street, well known Sussex County cricketer, has been killed in action.

Sergt. Ernest Shorrocks, who had both cricket and rugby football for Somerset county, has been killed in action, while Captain Robert Wade Gray, another Somerset footballer, has fallen.

Soccer players have taken a big part in the British drive. The call to the colors was made last year the entire team of Herts club of the Scottish League enlisted together. This glorious tinge has suffered terribly in only four being left out of the eleven players. Duncan Currie, the forward, is the last to be killed. He was the last to be killed in action.

Lieut. D. A. Cathcart has made a big sacrifice. He possessed a skill in military tactics and was a member of the naval and army tournaments held at Oly. Lieut. Henry Webber, a well known member of the London Stock exchange and famous in every branch of sport in Surrey county, has been killed in action.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

ORILLIA, Ont., Nov. 28th. 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read "Fruit-a-tives make you feel like walking on air." This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

SPORTSMEN WHO HAVE GONE DOWN TO COLD DEATH

Latest Casualty List Contains Names of Men Famous as Athletes.

CRICKET AND SOCCER MEN.

Out of Eleven Players on One Team Only Four Are Left.

By Special Wire to the Courier.

London, Aug. 22.—(New York Herald cable)—The latest casualty lists are crowded with the names of men famous in the world of sport—cricketers, football players, and other athletes—either killed or wounded in action in the fighting on the Somme.

The most prominent cricketer who is reported missing and believed killed is Second Lieut. A. C. P. Arnold, the old Malvernian, Cambridge University "blue" and member of the Hampshire County Club.

Captain F. Stret, well known Sussex County cricketer, has been killed in action.

Sergeant Ernest Shorrocks, who played both cricket and rugby football for Somerset county, has been killed in action, while Captain Robert Hugh Wade Gary, another Somerset county footballer, has fallen.

Soccer players have taken a leading part in the British drive. When the call to the colors was made early last year the entire team of the Herts Club of the Scottish League enlisted together. This glorious contingent has suffered terribly lately, only four being left out of the eleven players. Duncan Currie, their centre forward, is the last to be slain, while Roddy Walker, their fullback, has earned the military cross for gallantly rallying his men and leading them to the charge in which he was badly wounded.

Lieut. D. A. Cathcart has made the big sacrifice. He possessed much skill in military feats and won many competitions at the naval and military tournaments held at Olympia. Lieut. Henry Webber, a well known member of the London Stock Exchange and famous in every branch of sport in every branch, has been killed in action.

BAREFOOT BOY AGAIN

Berlin, Aug. 22.—The barefoot boy is coming back into his own as a result of the war and its increasing scarcity of leather. Various reports have come of the removal of prohibition against attending school barefoot, and the city council of Munich has now removed the ban against shoeless youngsters in street cars. The public is requested to make room for barefoot children inside the car, so far as possible, so that they may not be trodden on while standing on the platform.

Cincinnati, Aug. 21.—Schneider

weakened in the ninth and Boston won the second game of the series from Cincinnati here yesterday 2 to 1. Up to the seventh only one hit had been made off Schneider, and three off Rudolph. It was the ninth straight victory for Rudolph.

Score:— R. H. E.

Boston . . . 000000101—2 4 0 Cincinnati . . . 00000100—1 6 1 Batteries: Rudolph and Blackburn; Schneider and Wingo. At St. Louis—Watson bested Salee in a pitching duel here yesterday and St. Louis shut New York out 1 to 0. A double by Seacher and a triple by Hornsby after two were out in the first won for St. Louis. Score:— R. H. E. New York . . . 00000000 0 4 0 St. Louis . . . 10000000—1 6 0 Batteries: Salee, Anderson, and Koecker; Watson and Gonzales. At Chicago—Errors by Olsen and Hy. Myers helped materially in a four-run eighth inning rally that gave Chicago a 5 to 3 victory over Brooklyn yesterday. A single by Elliott drove in the two tying runs. A stellar catch by Myers previously saved Pfeffer, Artie Hoffman, again in a club uniform, batted in the first Brooklyn run. Score:— R. H. E. Brooklyn . . . 001020000—3 11 2 Chicago . . . 10001000—5 7 1 Batteries: Pfeffer and J. Meyers; Vaughan, Packard and Elliott. At Pittsburgh—Pittsburgh won a double-header from Philadelphia here yesterday 5 to 3 and 3 to 1. In the opening contest the Pirates made three runs in the eighth inning on a base on balls to Carey, Schultz's single, Niehoff's error, and Baird's double, which gave them the game. The winning run in the final game was made in the ninth inning when with the score a tie, Carey bunted safely, took third on Schultz's sacrifice and scored on Hinchman's single. Score:— R. H. E. First game: Philadelphia . . . 10100100—3 7 2 Pittsburgh . . . 00200100—5 8 1 Batteries: Alexander and Killiter; Jacobs and Schmidt. Second game: R. H. E. Philadelphia . . . 00010000—1 8 9 Pittsburgh . . . 00001010—2 6 1 Batteries: Demaree and Burns; Evans and Fischer.

Red Sox Shut Out Cleveland Team

Boston, Aug. 22.—Shore pitched shut-out ball against Cleveland yesterday, the Red Sox winning by 4 to 0. Morton, who started in the box for the Indians, was largely responsible for his own defeat, walking four men and making three errors in the field. Jack Barry had the unusual distinction of making four sacrifice hits, one each time he came to the bat. About 3,000 Leppie Temple Shriners attended the game as guests of President Lannin. Tris Speaker and Earl Gardner, who are Shriners, were cheered to the echo, and Speaker was presented with a life membership. He tried to respond with a hit but good plays by Hooper and Holtzcler robbed him. Score:— R. H. E. Cleveland . . . 00000000—0 5 5 Boston . . . 00101200—4 7 2 Batteries: Morton, Gould and O'Neill, Coleman; Shore and Cady.

At New York—New York drove

the veteran pitcher Jim Scott out of the box in two innings yesterday, and won the second game of a series from Chicago by a score of 6 to 2. High's extra base hitting was the key. Cullen won his twelfth game out of thirteen pitched this season. Pipp passed Frank Baker for the American League leadership in hitting home runs in the sixth inning, when he made his ninth circuit drive of the season. Score:— R. H. E. Chicago . . . 00020000—2 9 0 New York . . . 13000101—6 10 1 Batteries: Scott, Danforth and Schall; Cullen and Walters. At Philadelphia—Detroit had a walkover here yesterday, defeating Philadelphia by 7 to 1. Veach was the star for Detroit with three singles and a base on balls in five times at the plate, and two stolen bases, while he scored three runs, once going home from second base when Crawford was thrown out by Pincich on a grounder near the plate. Score:— R. H. E. Detroit . . . 103010110—11 5 0 Philadelphia . . . 00000000—1 5 0 Batteries: Daus and McKee; Myers and Haley, Pincich.

At Washington—Davenport was

effective yesterday, and St. Louis defeated Washington by 4 to 1. The Browns scored three runs off Harper in the first inning on singles by Shotton, Miller and Pratt, a sacrifice and an error. A pass and singles by Maroons and Austin added another in the third. Washington's only was the result of a triple by Shanks and Milan's single. Score:— R. H. E. St. Louis . . . 30100000—4 9 2 Washington . . . 00001000—1 5 2 Batteries: Lavenport and Severoid, Harper and Henry, Garrity.

WHY DOES NOT AUSTRIA BACK OUT?

British Writer Points Out British People Do Not Hate Vienna.

NOR DO AUSTRIANS HATE BRITISH.

Let Them Throw off Prussian Yoke Before It is too Late.

(Sir H. H. Johnston, in the New Statesman, London.)

Cannot Austria-Hungary find—at the eleventh hour—a way out? Deep-seated as is and still the old friendship between Hungary and Britain. It has been shown repeatedly since the war broke out in the treatment of such British men and women who have been unable to leave the Hungarian cities. Many of these have written to point out that they are permitted to carry on their vocations with the minimum of hindrance, and that not infrequent places of public intercourse without insult or even discourtesy. It is absurd to suppose for a moment that we on this side feel any animosity towards the Croats of Bohemia, the Croats, Moravians, or Tirolese, the Styrians, the Galician Poles, the Saxons or Rumanians of Transylvania. We realize now that Austria and Hungary were forced, hypnotized, persuaded, threatened into this war by Prussia. There is just time for Austria-Hungary to realize this fact, and by withdrawing herself from the war to save not only the Austro-Hungarian Empire or Confederation of States, but once more to make Austria the leading power in a regenerated Germany.

CONFERENCE AT 2.30.

By Special Wire to the Courier. Washington, Aug. 21.—President Wilson toward noon sent word to the railway presidents who are now here asking them to call on him at the White House at 2.30 o'clock this afternoon. The railway presidents who were discussing the situation, agreed to confer with the President, but it was said they would make no statement unless he requested it.

British Story of Balkan Fight

By Special Wire to the Courier. New York, Aug. 22.—The Journal yesterday had the following from Saloniki:

The occupation of more than a mile of ground along a front of nearly three miles in the region of Lake Doiran, and the capture of a fortified work at Feracheval, south of Doidzell was announced in an official report issued to-day by the British Balkan headquarters. The British official report says: "On the Doiran front during the night, we advanced 2,000 on a front of 5,000 yards and occupied these new positions without encountering resistance. Our troops took the work at Feracheval, south of Doidzell after serious resistance from the Bulgarians."

"On the Struma front, the enemy is showing signs of activity in the direction of Demirhisar. He is reported to have crossed the frontier at numerous points and to have penetrated into Greek territory in the neighborhood of Sarichaban, east of Kavala."

"Minor enemy attacks are reported in the Astico valley and in the Pella area. The enemy's batteries were especially active on the Trentino front and in the Upper But valley. They were answered by ours, which shelled the Drave valley effectively, interfering with the movement of trains."

"Hostile artillery shelled the Carso, our troops are consolidating the positions they recently occupied. The enemy was repulsed and left about prisoners in our hands."

"In the Gorizia area and on the Carso, our troops are consolidating the positions they recently occupied. The enemy was repulsed and left about prisoners in our hands."

ITALIANS GAIN ON THE CARSO

Violent Artillery Duels, Says Rome, Occur in the Trentino.

By Special Wire to the Courier.

Rome, Aug. 22.—The Italians who have advanced in the region east of Gorizia and on the Carso plateau are holding fast to the ground won, occupying themselves with consolidating recently captured positions. Yesterday's war office statement reports no important infantry activity on any portion of the Austro-Italian front. Violent artillery duels, however, are in progress, notably in the Trentino, where the Austrian gunners have shown special activity. The statement follows: "Violent thunderstorms throughout the theatre of operations did not result in the diminution of artillery activity. The enemy's batteries were especially active on the Trentino front and in the Upper But valley. They were answered by ours, which shelled the Drave valley effectively, interfering with the movement of trains."

## TORONTO BEAT PROVIDENCE BY SCORE OF 3-2

Buffalo Lost to Baltimore, Montreal beat Newark, Rochester Won Twice.

Buffalo, Aug. 22.—Baltimore won from Buffalo yesterday, 8 to 5 in 12 innings. The Orioles secured a five-run lead off Bader in two innings, after which Gaw held them runless until the 12th, when he was pounded for three runs. The Bisons played a great uphill game, tying the score in the ninth inning. The scores: Baltimore . . . 320000000003—8 18 C Buffalo . . . 000001121000—5 15 J Morrisette, Bentley and McAvoy; Bader, Gaw and Onslow, Wilder.

### EASY FOR MONTREAL

Montreal, Aug. 22.—Montreal easily defeated Newark yesterday, 18 to 5. Wilkinson and Enright were hammered all over the field, the Royals making runs with momentous precision. The score: Montreal . . . 000041000—5 13 2 Newark . . . 020152555—18 18 J Wilkinson, Enright and Egan; Fullerton, Goodbred and Madden.

### GAINED EARLY LEAD

Toronto, Aug. 22.—Toronto beat Providence yesterday, 3 to 2. The Leafs secured a three run lead in the first inning, and while the Grays made an earnest effort in the seventh they could not overcome the early lead of their opponents. The score: Providence . . . 00000200—2 6 1 Toronto . . . 30000000—3 8 0 Tincup and Yelle; Herbert and Kritchek.

### AVALANCHE OF HITS

Richmond, Aug. 22.—Rochester smothered Richmond under an avalanche of hits and runs in yesterday's game. The Athletics won by the one-sided score of 11 to 3 and 12 to 4. Rochester made a total of 32 hits and played two perfect fielding games. The score: Richmond . . . 000000102—3 7 0 Rochester . . . 0101511—11 20 0 Hale, O'Donnell; Way and Hale.

Second game—Richmond . . . 010001020—4 5 3 Rochester . . . 0003364—12 12 0 Hale, O'Donnell; Hill and Hale.

**FOREST FIRES IN GREECE.**—The immense forest fires that have swept Greece during the past few weeks have been a source of particular chagrin to Queen Sophie, for the object of the queen has been the leading figure in the conservation movement in Greece. The barren mountains, that three thousand years ago were clad with verdure, have, again, a lot to tell the women of Greece. But this year she had no luck, for during the night following this Arbor Day ceremony, a wandering shepherd passed with his flock and the leading figure was ignobly eaten by the sheep.

**PERMANENT MUSCULAR STRENGTH** cannot exist where there is not blood strength. Young muscular system should bear this in mind. Hood's Sarsaparilla gives blood strength and builds up the whole system.

**WAR TIME FINES.**—Berlin, Aug. 22.—One of the most expensive motor boat trips on record is reported from the Jungfernssee, a lake west of Berlin. Despite the prohibition against the use of such craft under a regulation adopted by the federal council last August, a party of six essayed a short trip. A police boat noted and overhauled them at a short chase. The motorboat, valued at 13,000 marks, was declared forfeited to the state.

**SOME STATISTICS.**—Washington, August 22.—Approximately 172,000,000 postage stamps have been issued by the United States since they were first placed on sale at New York, July 1, 1847. Issuance passed the billion-year mark in 1882, the two-billion mark in 1890, the three billion mark in 1896, the six, seven, eight, nine and ten billion marks in 1906, 1907, 1909, 1910, 1911 respectively, and the eleven billion mark in 1914. Last year the exact number of ordinary postage stamps issued by the United States was 11,226,386,416. Stamped envelopes and wrappers issued numbered 1,937,642,296.

**CHEAP FARES FOR TROOPS.**—Gen. Logie Asks Railway Board to Issue Order. Camp Borden, Aug. 22.—The railway companies have been charging the soldiers three cents per mile one way for return for their week-end leave of absence. The Government rate is one cent per mile one way or two cents return. The railways say that is for second-class cars. Gen. Logie has written the Dominion Railway Board, asking them to make an order fixing the rate at two cents per mile return, the same class of cars to be supplied as heretofore. The Toronto Exhibition officials have asked for 24 of the camp bands to play at Toronto on September 5. General Logie has given permission to Bandmaster Slater to take that number, the exhibition authorities to pay all expenses.

**WATER WORKS NOTICE.**—The Commissioners, to meet the wishes of the Terrace Hill residents, have changed the lawn watering hours for the section North of the Grand Trunk Track and East of Clarence Street and South to Colborne. The water for lawns or gardens to be used from 7 p.m. to 8:30 p.m., and the balance of the city from 5:30 p.m. to 7 p.m., excepting on laws of 5,000 feet and over consumers are permitted to commence one hour earlier in each instance. The morning hours remain the same. **FRED W. FRANK,** Secretary.

## Canada Exported Much Wood Pulp

By Special Wire to the Courier. New York, Aug. 21.—A Washington despatch to The Sun says:

"Over two thirds of the more than a billion pounds of wood pulp imported into the United States during the fiscal year ending June 30, 1916, and used in the manufacture of paper came from Canada," according to a communication to the National Geographic Society from John Oliver LaGorce and issued by the society as a bulletin in connection with the government's inquiry into the increased cost of newspaper. "The pulp importations for 1915-16 have been 180,000,000 pounds less than for the previous twelve months, yet the amount shipped to Canada during the past year was 130,000,000 pounds in excess of her 1914-15 shipments. "During the year just closed, nearly 70 per cent of our 1,135,000,000 pounds of pulp came from our neighbor to the north, while most of the remaining 30 per cent came from Norway and Sweden."

## COST OF LIVING IS STILL GOING UP

Being a Baby Now Is Much More Expensive Than in days of Yore.

London, Aug. 22.—(Correspondence of the Associated Press) It is estimated that the all-round expenditure on a baby born this year is probably from \$100 to \$125 higher than in 1914.

Food alone adds about \$15 to the year's cost of the war-baby. Milk has gone up four cents a quart, and it is said that the average baby consumes from 400 to 450 pints a year. Baby foods are up about ten per cent. Feeding bottles cost about 32 per cent more than before the war, and heating the night's feed has advanced from ten cents to 25 cents a pint. Baby garments cost more also. Everything made of wool has risen. Wool mixtures materials and garments are 25 per cent higher, the wholly cotton ones, owing to the rise in raw materials and labor, must be paid for at the rate of about 45 per cent more.

Even a baby's bath costs about one third more; soap is a third dearer; the bath thermometer is up about 25 per cent; toilet powder—chiefly because of the rise in the price of the boric acid it contains—is 100 per cent dearer.

Nearly all medicines cost much more. Perambulators are about one-fourth dearer. What formerly was sold for \$15 is now \$20, and so on. A cot that could be bought before the war for \$5 is now \$7.50; the fleecy wool mattress, baby's basket and baby's high chair are all up proportionately.

Nurse's wages have advanced \$5 or more, and her keep is costing at least one-third more—an increase of \$50 or more a year.

**WAR TIME FINES.**—Berlin, Aug. 22.—One of the most expensive motor boat trips on record is reported from the Jungfernssee, a lake west of Berlin.
