

THE ACADIAN.

WOLFVILLE, N. S., OCT. 19, 1894.

Very Sad Drowning Accident.

The whole community has been cast into gloom by a very sad event which occurred on Wednesday afternoon. Mr. William Elderkin, a native of Wolfville, who recently returned from the Northwest, went for a sail on the Basin in the boat belonging to Mr. Thomas Foster. The day, it will be remembered, was stormy and boisterous, and although for some time he followed the sea, Mr. Elderkin was apparently not very well acquainted with working a boat. Mr. Foster, who was at work on the new dock, kept a watch on the boat, which appeared to be meeting with heavy weather, but his attention was called away for a few minutes and when he again looked the boat was no where in sight. So was not seen again and did not return, and a good deal of uneasiness was felt during the afternoon. The owner made diligent enquiry so far as he was able but could get no information until yesterday morning, when information reached him that a boat had come ashore at Long Island. He at once went there and found her to be his property. The boat must have capsized and sunk and grounding when the tide went down remained in position until the next tide when she was carried to land. All sail was set when she was found. The accident is supposed to have been caused in consequence of the boat being partly filled with water when she left her, owing to the heavy rain. This would make her cranky and difficult to work. The deceased was about 35 years of age and unmarried. Up to going to prison the body had not been recovered.

Horton Landing Items.

MERRY WEDDING BELLS.

The Methodist church was the scene on Wednesday evening, 17th inst., of an exceedingly pleasing and interesting event, as far as two individuals were concerned at least. We refer to the marriage of Miss Lizzie Curry, daughter of Capt. C. H. Curry, to Mr. Albert E. Wright, of the Leicester Boat and Shoe Manufacturing Co., Boston. The church was most profusely and the young friends of the bride, by whom she was held in the highest esteem. A large handsome arch of spruce boughs adorned with vines, cut flowers and bright tinted autumn leaves stood in front of the pulpit from the centre of which was suspended an umbrella composed of wax berries, under which the ceremony was performed, and the significance of which was easily guessed. There were two other arches along the centre aisle. About the platform and pulpits, plants, flowers and vases were tastefully arranged.

As the strains of Mendelssohn's wedding march, played by Miss Annie Patterson, floated on the air, Rev. Wm. Brown, the officiating clergyman, conducted the groom to the altar; the bride followed shortly after leaning on the arm of her father, immediately preceded by the two ushers, Messrs S. Lent McMullen and A. H. Patterson and little Miss Gertrude Curry the maid of honor.

The bride was charmingly attired in cream silk embroidered sables cloth and carried a bouquet of cream roses, chrysanthemums and maidenhair ferns. The little maid of honor looked simply lovely in her costume of cream basket cloth trimmed with yellow ribbon, and carried a prettily trimmed basket of flowers. She performed her part in a very pleasing manner. After the ceremony the bridal company drove to the residence of the bride's parents, and enjoyed a dainty repast. Mr and Mrs Wright left by the afternoon express on an all-rail trip via Halifax and St. John to their future home in Newton, Mass., followed by the best wishes of a host of friends. The bride's travelling suit was of brown covert cloth with hat to match. Many suitable presents testified to the loving remembrance of numerous friends and relatives.

Mr. McKelvie, travelling agent of the British and Foreign Bible Society was in the neighborhood the first of the week. Mrs. Thea. Harris returned from her visit to St. John Tuesday evening. The goose supper which was held in the basement of the Methodist church last week was as usual a thorough success and was held two nights. The first evening was extremely rough and stormy yet over 200 attended and a very pleasant time was spent. There were a great many persons there from Wolfville and surrounding villages. The tables were very nicely decorated with bouquets of flowers and heavily laden with most tempting viands. The young ladies were very attentive to the wants of their patrons and everything that should be served up hot. The second night was a sort of "clearing up" time and only cold suppers were served. The net proceeds for the two evenings amounted to over \$116. Those who had the management of the affair are to be congratulated on its successful issue.

Mr and Mrs Ralph Watson returned from their bridal tour Saturday evening. Their many friends are pleased to hear that they are to remain in the neighborhood for the winter at least.

False Statements.

AYAW WITH THEM.

It is Only the Lever of Truth that Moves the Great World.

Statements Made in favor of Paine's Celery Compound Always Ring With Honesty.

A MARVELLOUS CURE IN VIRIDEN, MANITOBA.

A MINISTER OF THE GOSPEL CAN ENDORSE THE TESTIMONY.

False statements, like counterfeit coin, for a time will pass current and undetected. The false statements made in connection with a host of common medicines have duped and disappointed thousands of our suffering people in the past, and at the present time there are many who are being deceived from day to day. These worthless and deceptive medicines, with all their false assertions about curing diseases, are now being posted on the black list in all well-regulated communities, and are carefully avoided and shunned by the wise and prudent.

It is only the powerful lever of truth that can move intelligent communities and peoples. This mighty lever is Paine's Celery Compound, an agent that has never had an equal in the history of medicine for the curing of the sick and diseased.

Every statement made in favor of Paine's Celery Compound, rings out with honesty and truth. The letters of testimony come from our own Canadian people, whom doctors may interview or write to for particulars.

Paine's Celery Compound has thousands of records of victories over rheumatism, sciatica, neuralgia, dyspepsia, nervousness, headaches, sleeplessness, kidney and liver troubles, general weakness and lost vitality.

The marvellous cure of Mr James Leveerington, of Viriden, Man., by Paine's Celery Compound, after the failure of doctors and other agencies, should be sufficient proof for all faithful men and women who are honestly seeking for health, strength and new life.

Mr Leveerington writes as follows about his success with the world's best medicine: "I think it my duty, without solicitation from any one, to write in the interests of other sufferers, and give you a testimonial in favor of your (my) medicine. For more than a year I was suffering from the agonizing pains of sciatica; and after trying all that medical skill could devise, and using many remedies, paid for at otherwise, I failed to get any relief. I then tried your 'Hot Springs' and was cured. I feel better and am able to do hard work now as ever was."

"With a hearty and grateful heart, I feel better and am able to do hard work now as ever was."

"I have known Mr Leveerington for two years or more, and can confirm what he says in regard to his cure by Paine's Celery Compound. Ever since his cure he has been sounding its praises, and he is a perfect enthusiast on the subject of Paine's Celery Compound. I believe him to be thoroughly reliable."

Supreme Court.

The Supreme Court, which met at Kentville on Tuesday last week, is still in session and will probably continue all this week and part of next. The docket was the longest for some years. The grand jury found bills against a negro named Jones for rape and against William Stewart, of Grand Pre, for interference with officers in the discharge of their duty. Jones was tried and found guilty and has been sentenced to fifteen years at Dorchester.

The trials of Wm. Stewart began on Saturday and were concluded on Monday, the verdict being "guilty" in both cases. In the first case, for interference with constable Scitling, the judge sentenced him to pay a fine of one hundred and fifty dollars or to suffer a term of nine months imprisonment in the County jail. In the other case, for interference with constable Sanford, sentence was suspended, the prisoner being placed under bonds in the sum of \$500 to appear for sentence when so required.

The first civil case tried was that of Rockwell vs. Tupper. On Monday the case of Pudsey vs the Dominion Atlantic Railway Co. was begun.

This is an action brought by the administrators of the late G. O. Pudsey against the Railway Co., for damages arising from the accident at Toole Bridge, Wilmet, last winter, which caused the death of Mr Pudsey and of Frank Smith. It is alleged that the bridge was in an unsafe condition and that the snow plough was imperious.

The case of Smith against the Co. will follow and several other cases are in the docket.

MONEY TO LOAN ON REAL ESTATE.

Kentville, Aug. 24th, '94.

Mars in October.

The Scientific American says that at the first meeting of the Astronomical Department of the Brooklyn Institute, which occurred recently, Mr Garrett P. Servis, the well-known astronomer and astronomical lecturer, delivered a very interesting illustrated lecture on the planet Mars, in which he reviewed the works of numerous observers, but more especially that of Schiaparelli.

The special interest in Mars at this time is due to the fact that Mars is, or will be on the 20th of this month, in opposition, at which time it will be in a more favorable position for observation than it will be again for two years. The lecturer said the great question in regard to Mars is as to whether it is now inhabited, or whether its ability to support animal life had long since departed.

He said that while some of the observed phenomena required the existence of an atmosphere, Prof. Campbell, of the Lick Observatory, has, by means of spectroscopic observation, proved that Mars shows no more evidence of an atmosphere than the moon. Yet the existence of polar snows and of moisture seemed to indicate the presence of an atmosphere, which, although possibly very rare, might be sufficient to support some form of animal life adapted to such an atmosphere.

Indeed, Prof. Campbell's observations were not inconsistent with the existence on Mars of an atmosphere one-quarter as dense as that of the earth. The discovery and mapped by Prof. Schiaparelli, and to the difficulty experienced in verifying the observations of Schiaparelli.

Mr Servis learned in an interview with Prof. Schiaparelli, at his observatory in Milan last summer, something of the secrets of the success of the famous Italian astronomer in his observation of Mars. Mars is a red planet and the light reflected from it is red. Prof. Schiaparelli conceived the idea of a telescope corrected for the red rays, and had an instrument constructed to carry out his idea. The results are known throughout the world, and with out a like instrument, no one can call in question the wonderful and glowing reports of Schiaparelli. It was through the munificence of a wealthy lady of Milan, who is interested in astronomy, science, that Prof. Schiaparelli was enabled to obtain a larger and still finer telescope of the same kind as that which his original discoveries were made.

The lecturer said that what, in a more recent observation, appeared like a mountain projecting beyond the terminator of the planet might be a chain of mountains, or the sun illuminating their peaks, or it might be clouds. He also said that some of the white spots seen on the surface of the planet were in all probability clouds which were shaped by the configuration of the planet's surface, as clouds in our own valleys were shaped by the adjacent mountains.

Bible Society.

A meeting was held in the basement of the Presbyterian church on Monday evening for the purpose of reorganizing the Wolfville branch of the British and Foreign Bible Society. Mr T. M. McKelvie, travelling agent, was present and explained the objects and claims of the society; and also made suggestions as to the appointment of officers, committees, etc.

The following officers were elected: President—W. H. Chase. Vice Presidents—Mrs George Harvey, Mrs O. Grouland, Mrs E. M. Kierstead and Miss Margaret Fitch. Secretary—G. V. Reed. Treasurer—J. W. Caldwell.

The B. and F. Bible Society is an organization that is doing a vast amount of good and we are glad that the society is again established in our town. We wish it every success.

Certificate of Analysis. Laboratory of Dr. R. Bryce-Gemmel, Consulting and Analytical Chemist, 228 Boylston Street, Boston, Mass.

I hereby certify that I have carefully examined the sample of K. D. C. submitted by the K. D. C. Co., Ltd., Feb. 10, 1895, and have been unable to detect any objectionable or injurious ingredients therein. It is a compound prepared from pure drugs, and it is my opinion that, if properly administered, it will give ready relief to sufferers from the different forms of the disease for which it is intended. It is a perfectly safe remedy.

Respectfully, R. BRYCE-GEMMEL, Analytical Chemist.

W. E. ROSCOE, HARRY L. DENNISON, Barristers, Solicitors, Proctors in Probate Court, Etc. Prompt attention given to collection of debts. Fire insurance in reliable English Companies.

Windsor, N. S. N. B.—Mr. Roscoe will be in Windsor on Thursday of every week, remainder of time at his office in Kentville.

The Man who helps himself helps every other body. TRADERS and TRAVELLERS in the Districts traversed by the DOMINION ATLANTIC RAILWAY, should make immediate application for the rates and conditions of issue of Season & Mileage Tickets by which the utmost and best facilities of CHEAP TRAVEL are afforded to and from all points between Yarmouth and Halifax.

These tickets are a BOON AND A BLESSING assisting the development and interchange of trade, and conducting to the great advantage in personal expenditures of those whose residences are at a distance from their places of business. Write at once for all Particulars to E. GIFFKINS, General Passenger Agent, DOMINION ATLANTIC RAILWAY, KENTVILLE, N. S.

NOTICE OF ASSIGNMENT. NOTICE is hereby given that Walter N. Brown, of Wolfville, in the county of Kings, merchant, lately doing business under the style and firm of Brown, Munro & Co., has by deed of assignment dated the 10th day of October, 1894, assigned, all his real and personal estate and property of all kinds in trust for the benefit of all his creditors as therein mentioned. The said deed is on file in the office of the Registrar of Deeds at Kentville in the said county, and a duplicate thereof may be inspected and signed at my office in Wolfville aforesaid. By the terms thereof the assignee is required to pay out of the proceeds of said estate:

1st. The expenses of deed and of execution of trusts thereunder. 2nd. Certain preferred claims in order as therein mentioned. 3rd. Certain preferred claims pro rata. 4th. Claims of all other creditors signing deed within sixty days from date thereof pro rata. 5th. Claims of all other creditors pro rata. And it is further provided that preferred creditors shall only be entitled to preference upon signing deed within sixty days from the date thereof.

THOMAS L. HARVEY, ASSIGNEE. Wolfville, Oct. 17th, 1894.

Racing at Kentville. About 300 spectators witnessed the closing trotting races for this season at the Kentville Trotting Park last Wednesday afternoon. Owing to the heavy rains the night before and in the morning the track was in bad condition and the time slow. "Sir William" from Bridgetown was again victorious, although he did not win in straight heats. Mr Neary of Kentville has a race horse in "Don," and some horsemen think honors are about even between "Don," and that stylish chestnut gelding, "Kentucky Prince," owned by Mr Redden of Kentville, and was driven by Mr H. C. Lydiard. Following is a summary: 2.29 grass, FURSE, \$150. Sir William, Lydiard, 1 4 1 1 Rampart, Jr., Shipp, 4 1 5 4 Resolution, Gibson, 2 2 4 3 Lowly, Hill, 3 5 2 2 Sir Breton, Cox, Time: 2.39; 2.45½; 2.43½; 2.43½. 2.55 grass, FURSE, \$50. Don, 2 1 1 1 Kentucky Prince, 1 2 2 2 Machinist, 3 3 3 3 Lakeville Girl, 4 4 Dis. Time: 2.53½; 2.56½; 2.57½; 2.57½. The Model Wife and Diamond Dye. A model wife can realize Great benefits from Diamond Dye; No matter what her family's size, She dollars saved by Diamond Dye; She happily makes her children's lives, By using often Diamond Dye; Her home is bright as cloudless skies, Because she uses Diamond Dye; All other brands she must despise, When she can choose the Diamond Dye; Her faded dress she deftly tries To renovate with Diamond Dye; Her husband's coats, vests, pants and ties Are soon renewed with Diamond Dye; At Fair this year she took the prize, For goods that with the Diamond Dye; She causes wonder and surprise, By tinting walls with Diamond Dye; She with the quiet often tries, By coloring maps with Diamond Dye; She's economical and wise, This comes through using Diamond Dye; Good nature, gentleness in her eyes, Because she's guided by Diamond Dye; On those grand occasions she tries, To show her friends the value of the Dye.

The street lights have been extended east and west to the town limits. This will be a great convenience to residents in those localities.

Rev. Mr. Brown who has been conducting evangelistic services in connection with the Y. M. C. A., held his farewell meeting on Sunday afternoon.

Prof. E. E. Fayville has our thanks for a copy of the calendar of the Nova Scotia School of Horticulture. It contains all the necessary information relative to the school.

Mrs. Blake Watkins, representing the Toronto Daily Mail, has been spending a few days in Wolfville and other points of interest in the "Land of Evangeline," in the interest of her paper.

Amherst-made Long Boots at Borden's.

The old Godfrey house is being remodelled and modernized. An addition is being built on, bay windows put in and the appearance and accommodation of the dwelling greatly improved.

The Fortuna is the name of a new locomotive for the Dominion Atlantic railroad, which has just arrived at Kentville. She was built in the United States and is a very handsome machine.

Prof. E. E. Fayville, of the School of Horticulture, returned on Monday evening from the United States, where he has been spending several weeks. The school begins again Nov. 1st with good prospects for a large attendance of students.

Ladies' Opera, Comedienne Sense, and Jim Rubbers, at Borden's.

The first issue of Middleton's new paper, The Outlook, made its appearance Friday last. It presents a very creditable appearance and is well filled with interesting matter. We congratulate Mr. Cox on his enterprising venture, and wish him every success.

We have received a copy of the "Students' Handbook," for 1894-5, just issued by the College Y. M. C. A. It is a neatly arranged and printed little volume, and contains much useful information regarding the University and its societies. Its adv. page has been liberally patronized by our merchants.

Look at our 50c, 75c, and \$1.00 Underwear, in Canadian and Scotch all wool, C. H. Borden.

Rev. H. H. Hall, of the class of '96 at Acadia, was in town a few days last week, visiting Mr. C. W. Roscoe. Mr. Hall's present home is at Portage la Prairie, Manitoba. Since he graduated Mr. Hall has travelled extensively over the continent of America, and is now arranging to give lectures on his travels in aid of mission work in Manitoba. He will probably speak in Wolfville.

We have received the first announcement of the Canadian Entertainment Bureau, a new enterprise to Canada and one that should be hailed with delight by every Canadian. Hither to our entertainments have been arranged for by American bureaus. A glance through the tastefully prepared prospectus before us shows that the Bureau have nearly all the high-class talent favorably known to all lovers of refined and exclusive entertainments. Their headquarters is in Toronto.

Football.

The campus, which has been quiet for a few months past, is once more animated by Acadia's footballists. Perhaps this year her team will be invincible. She is drilling her men every day for battle. This year she should play at least five matches. We all hope that Acadia will meet with the greatest success.
