NEWCASTLE, NEW BRUNSWICK, MAY 20, 1919

No. 19

WHO IS THE MOST POPULAR LUMBERJACK IN NEW BRUNSWICK?

The reasons are quite evident. The New Brunswick Lumberjack is very popular with all classes because he has a manner which is distinctly his own. He is recognized for his ready wit, his jovial spirit and his eagerness to do his work satisfactorily. All these qualities have been responsible for the many arguments in the past.

Now the Question is to be answered in definite and concrete form.

A PRIZE OF \$25.00 IN GOLD.

To answer the "Most Popular Lumberjack in New Brunswick" question conclusively, a competition has been arranged. The most popular Lumberjack will be presented with \$25 in gold.

Do you believe the tip-top Lumberjack is one of your district? Here's your chance to boost him! Help him win that \$25. and bring your district into the lime-light of popularity at the same time. The Lumberjack securing the most votes will win the prize. Everybody is being given an opportunity to record their opinions on the question, and the procedure is quite simple.

Vote for your Favorite

How to vote:—Go to any of the stores mentioned in this notice and ask for a ballot paper, which will be given you without question, as you are not required to buy any goods in order to vote. Everybody is entitled to one vote—and one only.

Fighting 26th Battalion Returns

The S. S. Olympic docked at Halifax N. S. at 2.30 p. m. Friday afternoon, bearing New Brunswick's "Fighting 26th Battalion."

Whistles blew, horns blasted, and great excitement prevailed every where. Great throngs were crowded into one vast clamor of tension, and pressed forward towards the pier.

The 26th Batt. was the last unit to leave the vessel, being preceded by the 22nd, 24th, 25th, 29th, Royal Mounted Police, 2nd Field Ambulance and 2nd Divisional Ammunition Column.

At 10.15 p. m. the 26th Battalion left Halifax amid rousing cheers for St. John, N. B., arriving there at 2 p. m. Saturday.

St. John turned out "en masse" to greet the returned heroes. After parading to the Armory, they were served with a generous meal provided for them by the different societies and afterwards received their discharge.

The Chief engagements in which the 26th took part, were: St. Eloi; Third Battle of Ypres; Courcellette; Vimy Ridge; Hill 70; Passchendaele; Amiens; Arras and Cambrai.

At the battle of Arras, the Canadians swept forward against strongly fortified positions, taking their objectives with clock work regularity in spite of all the force the Huns could bring to bear against them. Joy, over their victory and over the splendid achievements of the men of the 26th in this great battle, was dimmed by the loss of their brilliant commander, Lt. Col. A. E. G. McKenzie D. S. O.

The battle had started on August 26th and it was on the third day, August 28th that Lt. Col. McKenzie fell while leading his men in a charge. His death was mourned wherever his name was known, for a gallant gentleman and splendid soldier had passed away, after a career of great distinction, just as victory was hovering over the banners of the Allies.

The record of the 26th Batt. has been one of magnificent achievement and through the years of war, long years, each of them in the agony and suffering they brought with them, they played a part that has made for the name of New Brunswick and her representative battalion a place in the history of the world war that never will be overlooked nor forgotten. As they come home, crowned with the laurels of the victors, they will be received by a grateful people, whose pride it will be to do honor to those who return, while cherishing the memory of those who will not return and whose lives were laid down in noble self sacrifice.

Catarrah Deafness Cannot be Cured by Local Applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a tendency to close, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. It will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Medicine. CHENEY & CO., Toledo, O.

A GORY ORDER

A young woman who was not familiar with the language of railroad men, happened to be walking near a depot when a freight train was being made up. As the train was being backed up, one of the brakemen shouted: "Jump on her when she comes by, run her down beyond the elevator and cut her in two and bring the head end up to the depot." Screaming "murder!" the young woman turned and fled from the spot for dear life.

GUNS CAPTURED FROM GERMANS

Montreal, May 15.—The steamer Vindella brings an interesting and historic cargo into port, consisting of a score of captured guns which were wrested from the Germans by Canadian soldiers. Among the heavy artillery is abig gun which is labelled "2nd Canadian Division, 24 Battalion," and this is assigned to the Victoria Rifles, Montreal. No. 935 is the property of the 25th Battalion of Nova Scotia. There were others, but in many cases they were illegitimately marked. It seems particularly fitting that the Vindella should bring over this cargo, for its commander, Captain Saunders, had the duty of taking over the Ivernion of the Cunard Line in the great Canadian armada that reached Plymouth in October, 1914, with the first division aboard.

Unintentional Profiteering

A WHEELWRIGHT in Essex, having executed a small job for some troops encamped near his workshop, sent to the authorities his account, which amounted to the modest sum of nine shillings and fivepence. To his amazement, he received in payment a check for ninety-five pounds.

Being the possessor of a conscience, the wheelwright wrote pointing out that his account was for nine shillings and fivepence only, and asking what he should do with the check sent to him. In reply, he received another check for ninety-five pounds. Not knowing what to do, he consulted a solicitor, who advised him to bank the money and let the authorities apply for its return.

When that story was told to the manager of a Surrey dairy he related a similar experience. Last summer the military authorities commandeered the entire stock of hay on a farm, and paid the farmer for it. They required only a portion of the stock to be delivered at once, however, and gave instructions for the remainder to be retained until further orders.

As the farmer heard nothing more, he wrote to the military authorities, and an officer came down, inspected the hay, and explained where it was to be sent. Some time afterwards the farmer received a check for one hundred and seventy pounds. He sent the check back, with the remainder that the hay had been paid for once; but it was returned to him, and it has since been paid into the bank.

Death of Edith Cavell was Instantaneous

Brussels, May 13.—The removal of the remains of Nurse Edith Cavell for interment in England takes place on Tuesday, May 13. The body was exhumed at Brussels on March 17, placed in a gable coffin of zinc and oak and conveyed to the Tir National. The body was found clothed in a black dress under a blue cloak. A black hat was also discovered in the coffin. The body was well preserved and the features were perfectly recognizable.

After the funeral service to be conducted in the station hall by Rev. H. Cahen, the British chaplain, who was with Nurse Cavell the night before her execution, the coffin will be placed aboard a British warship for Dover where the Admiralty will hand it over to a committee charged with organizing the funeral in England.

It is understood the exhumation reveals that the nurse's death was instantaneous. She was struck by four bullets, two of which entered the right side, and two the left, one of the latter piercing her heart.

No Immigration For Canada

Until Fall, Except Farm Help, Domestic—Immigration of any kind from Overseas will not be encouraged until the Fall of 1920.

London, May 11.—With the exception of farm laborers and domestic servants no immigration will be accepted by the Canadian Immigration Commission here until the Autumn, and immigration of any kind will not be encouraged before next spring. Col. J. Obed Smith, Canadian Immigration Commissioner, stated that at present the department is only lecturing on Canada in the English schools. No immigration campaign will be carried on until the autumn in view of possible Canadian unemployment following demobilization and, consequently, it is expected, there will be a rush of new citizens until 1920.

There is apparently no trouble in securing domestic servants to help solve the service problem in Canada in connection with the breaking up of the "Waacs" and other women's war organizations, but as they wished to come over in bodies, steamship space for them could not be spared at present.

Regarding the exclusion of Germans, Col. Smith said German wives of Canadian soldiers would be allowed to go to Canada, but no Germans would be given passports under any other conditions. Russians are also excluded, while the department has cabled to Ottawa to ascertain whether they shall permit the passage of a Polish preacher wishing to go to Canada in connection with a Zionist movement.

You Can't Rub Rheumatism Out

It is Rooted in the Blood and Must be Treated Through the Blood

The pain of rheumatism is something that you cannot rub out. Every sufferer from rheumatism has been advised to rub this liniment or that on the affected part, but after all the rubbing the pain remained. Rubbing did not cure it and can't cure it.

The blood and rheumatism come together and if they are properly treated they will go together. Rheumatism is rooted in the blood, in poor, watery blood. Sometimes cold, damp weather starts the aches and pains, but it is the condition of the blood that is at fault. Not only by correcting this, and making the blood rich and red can the rheumatic poison be driven out. This is exactly what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and muscular rheumatism show improvement as the thin blood is built up, and when the blood has been restored to its normal condition the rich and red. There is no part of Canada in which some rheumatic sufferer has not been cured by Dr. Williams' Pink Pills, and they do not hesitate to express their thanks for what this medicine has done for them. As an example, Miss Annie S. Dedrick, R. R. No. 2, St. Thomas, Ont., says:—

"Dr. Williams' Pink Pills cured me of rheumatism after a great many other remedies had failed. The pain in my arms and shoulders was so great that I could scarcely sleep. I could not raise my arms to comb my hair, and could not dress myself without help. In this condition I read of a cure of rheumatism through the use of Dr. Williams' Pink Pills and decided to try them. I got half a dozen boxes and I am thankful to say they not only cured my rheumatism, but that my general health was greatly improved. My appetite was increased and I gained in weight. Since then a number of cases have come under my observation in which cures have been made by this splendid medicine. As for myself I shall always speak a good word for Dr. Williams' Pink Pills."

These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c. a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

Quit Laxatives, Purgas; Try NR

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purgas, and cathartics and force the bowels and liver and make constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c. box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c. per box, containing enough to last twenty days. Nature's Remedy (NR Tablets) is sold guaranteed and recommended by your druggist.

Divorce and Bigamy Charge Possible

Fredericton Mail: The "Eternal Triangle" has come to light in Fredericton under most unusual circumstances, a returned soldier and his wife being the parties concerned now. Divorce proceedings are pending and prosecution against the wife for bigamy is possible.

The husband went overseas with the 236th MacLeau Highlanders in 1914; having been married some time previously. His wife during his absence drew the customary separation allowance and assigned pay. Last year the wife was married by a clergyman of the city to a local man with whom she had kept company previous to her first marriage. The second husband last autumn during the influenza epidemic, was stricken with pneumonia which resulted fatally. A short time ago the soldier husband returned from overseas and was welcomed at the station by his wife, not knowing what had taken place during his absence. He noticed however a certain constraint on the part of relatives of his wife and soon learned of the second marriage. The knowledge caused an immediate application of his wife. Within a few days the situation was further complicated by the birth of a child by the second husband.

The returned soldier reported the matter to Ottawa on account of his money having been drawn by his wife and by Ottawa was strongly urged to prosecute for bigamy not as much on account of the circumstances of the individual case but because of the astounding frequency of the crime of bigamy on the part of the wives of soldiers throughout Canada. On his part the returned man instituted divorce proceedings which are in the hands of a barrister of this city.

A PRIZE WITH A DOUBLE PURPOSE

The Thrift Stamp Campaign conducted lately in our schools is beginning to bring the result hoped for. The vigor of youth is impatient, and render the children eager for immediate reward for their efforts. If they are encouraged, and see immediate material help, they naturally double their efforts and energy and spend more time in their studies to win the reward.

The "Union Advocate" learns that the well-known firm of A. D. Farrar & Co. have offered prizes to the value of \$6.00 in Thrift Stamps for the highest grading average in Grade V, VI, VII, and VIII.—four stamps for first prize, and two stamps for second in each grade—thus encouraging the children for their own education and helping them to be thrifty and economical. This splendid idea should be followed by all persons that have the interest of the country, and especially the education of the youth, at heart.

BEAVERBROOK'S FUTURE

During the last few months the Canadian press has from time to time been furnishing its readers with stately descriptive articles about Lord Beaverbrook. Hitherto most of these editorial effusions have been copied from British newspapers, which are very apt in that sort of description. But we seem to be reaching the real thing now, and Maclean's Magazine, in a recent issue, has a typical story, entitled "The Canadian King Maker," which rather surpasses the lurid descriptions which have been furnished second hand.

The enterprising English journalist who writes the story has done his work very well. He tells in words that are really thrilling of the achievements of this youthful prodigy, pictures the force to the verge of brutality in his thick set lips and the deep lines graven on each side of the mouth which flash the chequered roundness of the face as with the deep indents of some terrible experience, and concludes that "there is a man in this dreadful age of mediocrities."

Whether he will launch into a vast control of the press or yet become prime minister, is something which the author is not quite certain, but something like that is certain to happen. "Judgement and courage to back it" is the secret of his success.

The achievements of this young man, as told by his editorial champion, are also interesting. He won an election in the most spectacular fashion by employing the Barnum and Bailey method. He then turned his attention to king making, and, single-handed, with his own bare right arm, created Bonar Law leader of the Unionist party. He turned his attention to settling the Irish question—being somewhat of a successful settler at that time—and was on the verge of triumph when the war broke out. He directed the Unionist party at the outbreak of the war, but failed in effecting a coalition. He asked the Canadian government to send him to France as a witness, and securing that post without difficulty, broke through all the censorship restrictions, and, according to the narrator, placed Canada on the map as having an army that achieved things. He upset the Asquith coalition government by the getting together process.

"He kept after the distinguished three like a sheep dog who was after three sheep who are selecting different turnings at a cross road. What interests Canadians most however, is the hint here and there that this illustrious person has a desire to return to Canada and take a hand in Canadian affairs. He is making a dazzling success in Britain, and Canadians are quite satisfied that he should remain there.

Despite this flattering pen picture, the facial description and character analysis, the Canadian public cannot yet quite understand the secret of his spectacular career in the world.

Annual Meeting of the Northumberland County Orange Lodge

Newcastle, May 14—A well-attended and most enthusiastic annual meeting of Northumberland County Orange Lodge was held in Newcastle Orange Hall Tuesday May 13th beginning at 2 p. m., with an evening session, which closed shortly before midnight. County Master Will W. Hierlihy, of Loggieville, occupied the chair, with S. A. Frost, of Chatham, secretary.

Following committees were appointed:—
Credentialed—R. A. Walls, James Parks, H. T. Atkinson.
Finance—T. A. Clarke, James Parks.
Suspensions and Expulsions—J. W. S. Bakkirk, John Williamson, R. A. Walls.
Correspondence—T. A. Clarke, D. C. Smallwood and William Styliet.
Returns—James W. Loggie, William M. Corbett, W. A. Touchie, J. W. S. Bakkirk.

The County Master's address was as follows:—
To the Officers and Members of the L. O. L. of Northumberland County.
Brethren: Once more we assemble as a County Lodge to review the past year's work and plan for the future. Perhaps no year in our history began with so much anxiety and unrest in national life as 1918. We had a varied experience with war, influenza and other world-wide troubles.

The war clouds have scattered and it would seem as though the nation were about to settle to peace. God grant that it may be a lasting one. As we look back over it all thanksgivings abound, and we are thankful to our Great Master, the Supreme Ruler of the universe who has led, sustained and comforted us in all our ways. Few of us who meet together today for the usual work of the annual but have had perplexities, cares and heartaches, and I am sure we can all gratefully say: "God has led and upheld us."

We have in our lodge an honor roll, bearing the names of our brothers of this county who took part in the titanic struggle. Some of them have returned, others are returning, while many are numbered with the silent majority.

Those far-off graves in shell-torn fields mark where our brave defenders conquered and turned the hateful foe—fair freedom's, Yea! offenders. Those crimson crosses, side by side, proclaim the immortal story of noble men from Canada ennobled their names in glory.

The honor roll is by no means complete, as several primary lodges did not send in the names of their members. Besides the toll of life by war, the grim reaper has not been idle among the members at home. We extend our sympathy to the bereaved relatives and friends of those who have passed on, and pray for the care of Him who knows the depths of each man's heart, and in each man's sorrow has a part.

I regret that I have been unable to attend to the duties of the office of County Master in the manner in which I know they should have been attended to. It was not possible for me to visit the lodges in person, but I tried to keep in touch with them through correspondence.

We had no new lodges organized during the year, but had the pleasure of reorganizing Elmtree Lodge No. 118, at Quarryville.

In 1918 Divine service under the auspices of Loggieville, Chatham, Douglastown and Newcastle lodges was held at Douglastown. It was my privilege to attend and listen to a very impressive address delivered by Rev. A. Frith. It is my firm belief that if we, as Orangemen, would put into practice the suggestions made by him in his sermon that day, that our Association would grow stronger with the years.

During 1918 several appeals were made to our Association. One deserving particular mention was the Y. M. C. A. fund, and I believe this was given the hearty support of the brethren.

Regarding the new project which will be discussed at this session viz., a memorial to our brothers who made the supreme sacrifice, I would highly recommend it to your sympathy and support.

In closing, I would like to thank all those who have assisted me in the year's work, and would like to especially mention Brothers Frost, Smallwood and J. W. S. Bakkirk. Hoping that our business transactions at this session may tend to strengthen our beloved Order and quicken us to greater things in the future, I remain,

Yours fraternally,
(Sgd.) WILL W. HIERLIHY,
County Master.

Loggieville, N. B., May 13, 1919.
The secretary's report showed that the total membership reported for 1918 was 427, in the following lodges: No. 45, Tabusintac; 47, Newcastle; 76, Redbank; 82, Douglastown; 96, Chatham; 118, Quarryville; 142, Doaktown; 143, Loggieville; 147, Chelmsford; 154, Whitney; 155, Ludlow; and 158, Carroll's Crossing. No. 118 had been reorganized during the year. The County Lodge's honor roll, which is a list of our brothers who have made the supreme sacrifice, is as follows:—
The brethren who died during the

year 1918 numbered 15. They were: Killed in action—No. 45, Donald McCullum and Hugh Price; No. 79, Cortney Matchett and Sydney Matthe; No. 147, Otvie Betts and William Johnston; No. 148, Clarence Tait; No. 147, Marshall; Clarke, Hiram Bryenton and Harvey McKinley. Died from other causes: No. 82, Clifford Howe, Howard Russell and Rev. F. C. Simpson; No. 142, Earl Swin; No. 155, Everett Campbell. The treasurer reported a balance on hand of \$155.70.

The committee on correspondence reported as follows: (1) We rejoice with our County Master that the War clouds which for so long overshadowed our land have been dispelled, and now that the years filled with so much unrest and anxiety have passed, we look for brighter and happier days. With him we return thanks to Almighty God for this great blessing, and pray that the signing of peace, now apparently so near, may be speedily consummated, and bring even greater blessings to this war-torn world. (2) We rejoice that an honor roll has been formed for the county, but regret that this matter has not been more promptly attended to by the primary lodges and would urge on those present to see, when they return to their primary lodges, that this request be complied with—that the full number of names be sent forward so that the honor roll may be completed with despatch. (3) With the County Master we would extend sympathy to all who have been bereaved either from the great war or the influenza epidemic, and with him would commend the grief-stricken hearts to the Great Burden Bearer, who alone can comfort and sustain. (4) We regret that the County Master had not more opportunity to visit primary lodges, as we felt that the visit of the Chief Executive is a great inspiration, tending to create enthusiasm among the members, and thus build up our Order. We would recommend that as far as possible this plan of visitation be followed in the future. (5) We suggest that, now that conditions have become somewhat normal again, a strenuous effort be made to roll up a large membership during the coming year. (6) We are in perfect harmony with our County Master re attendance at Divine Worship. Let us be more punctual in our attendance, not only on our anniversary, but on occasions, so that as Loyal Orangemen, we may have the glory of God, the welfare of men and the good of our country at heart. (7) Regarding suspensions the only thing we can suggest is to create such a work of enthusiasm that it will spread from one end of the county to the other and careless members will come back to see what we are doing. (9) We are in sympathy with the project for a memorial to our heroic dead. (10) We would suggest the hope expressed by the County Master that our business transactions here may be of such a character as to send us but to more, and better work in the year on which we have entered. Submitted in Faith, Hope and Charity.

A large amount of routine business was transacted. The incoming executive were authorized to formulate and submit to the primary lodges a programme for raising money to assist in building the proposed new Protestant Orphanage for New Brunswick, a project which the Orangemen, Free Masons, Knights of Pythias, W. C. T. U., Sons of England, and other societies are unitedly backing. So far as the Orangemen of N. B. are concerned this great work of providing a suitable Protestant orphanage will be the Order's memorial to its heroic brethren slain in battle in the great struggle just closed.

A hearty vote of thanks was extended Miss Bessie Watling, of Chatham, for her splendid work on the County Lodge's honor roll, on which are, so far, 108 names. Next annual meeting will be in Chatham on the third Tuesday of March next.

Following officers were elected:—
C. M. Parks, A. Clarke, Newcastle
D. C. M. S., A. Frost, Chatham
C. R. S. W., J. Sutherland, Chatham Head.
C. Tress, H. T. Atkinson, Chatham Head (re-elected).
C. Chapman, J. W. S. Bakkirk, Loggieville
C. Lecturer, A. C. Anderson, Chatham
C. D. C. J. W. S. Loggie, Tabusintac.
Pin. Sec. Gardine Archibald, Chatham.

Deputy Lecturers—Jas. Parks, Redbank; Willis MacKenzie, Douglastown. The duties of the office were then installed by Wm. O'Brien and D. C. Smallwood. Addresses were given by the new officers and by Rev. L. H. MacLean, pastor of St. James' Presbyterian church, Newcastle.

County Master Clarke declared that the L. O. L. stood for Freedom, Truth and Righteousness, the open Bible, equal rights to all and special privileges to none. It was a religious order, as such it stood for temperance, and as such it stood for honesty and integrity. He declared that the Orange Order was not antagonistic to

All Orangemen should heartily co-operate with the church and the church with the Orange Order and all other societies with aims kindred to that of the church. The meeting broke up, determined to carry on a forward movement this year, greater than ever before attempted or thought of.

Newcastle Women's Institute

Newcastle Women's Institute met Thurs. eve at the home of Mrs. A.B. Leard. 14 members were received. After institute ode, roll call was answered by some useful knowledge gained during the recent first cause.

The President thanked the members for greetings sent her after the last meeting at which she was unable to be present.

A letter was read from the supervisor in reference to taking up sale of War Savings and Thrift Stamps. It was decided not to undertake this work, as it was being already done very effectively by the school children.

The Secretary was asked to notify the committee in charge of the drive which is to take place soon of the willingness of the Institute to help in any way possible. The President reported an interview with school Inspector MacFarlane, who had expressed himself very pleased with the interest shown by the Institute in the schools and his willingness to work with them along any lines for the betterment of schools.

The County Institutes Convention, which had been planned for next autumn, was discussed and it was decided to hold it here next September. The following committee was appointed to make arrangements: Mesdames Leard, O'Donnell and W. D. Stohart, with the President and Secretary, Mesdames A. J. Ferguson and James Stables.

Mrs. Ferguson reported as delegate from Newcastle Institute to the Minister of Agriculture against changing the official organ of the N. B. Women's Institute. Although the project was not considered, valuable information in regard to the working of the Institute was gathered of benefit to the members.

Before closing a study of the handbook was taken up. Each member asked a question in reference to the Society, its officers, its meetings, etc. The answers refreshed the memories of the members in regard to Institute work.

Results To The Credit Of War Savings Campaigns

BECAUSE THEY FIND SATISFACTION HERE

It would be a mistake to think that because a War Savings Stamp costs only \$4 and a few cents, and a Thrift Stamp costs but 25 cents that, therefore, the War Savings campaign does not amount to much.

In the United Kingdom about \$1,500,000 worth of War Savings Certificates have been sold during the last three years and the movement is being continued as a permanent peace effort.

In the United States over \$1,100,000,000 worth of War Savings and Thrift Stamps have been sold during the last 17 months. So as money raising efforts these campaigns are important.

But perhaps the chief benefit is to be seen in the creating of an entirely new class of investors in Government securities. At the outbreak of war there were in Great Britain only 345,000 holders of Government securities, now there are over 18,000,000 such. In the United States the number has been increased from 300,000 to possibly between 25,000,000 and 30,000,000. This change has been War Bond and War Savings campaigns.

At the outbreak of war the number of people in this country who had invested in Dominion Government securities numbered only a few thousand. Now they will exceed 1,000,000. The War Savings campaign is adding thousands to this number because it practically enables anyone with \$4 to buy a Dominion Government bond.

A very quiet and pretty home wedding was celebrated at the residence of Mr. and Mrs. Jas. H. Dale on the evening of May 10th of April, when their eldest daughter Lillian was united in marriage to Jacob V. Smith of Bussington, Sarny Co. by the Rev. G. A. Grant of St. Andrew's Presbyterian Church.

The ceremony was performed on the thirtieth anniversary of the marriage of the bride's parents and was witnessed by the original witnesses, Mrs. Wm. J. Connell and W. J. McLaughlin. The bride who was given away by her father was charmingly dressed in embroidered georgette Crepe over silk. The brides traveling suit was navy blue broad-cloth.

The list of presents in cut glass and silver also a cheque from her mother. Owing to recent bereavement in the family the guests were limited to immediate relatives and friends. After a dainty and delightful repast the bride and groom with the best wishes of their friends left on the 10.15 P. M. train for a trip through the province and eventually to Moncton their new home.

Hon. Robt. Rogers on Big Problems

Abolish Union Government and Give Conservative Party a Chance, He Says.

Winnipeg, Man., May 13—Many Manitoba Conservatives gathered Thursday night to discuss national organization and plan details of the work. Hon. Robert Rogers was the speaker. He said: "I am here, by your kindness to say a word in respect to matters of national concern. In view of the fact that never before in the memory of man have the affairs of our common country been in such a disturbed and unsettled state as they are today due largely, if not entirely, to what? The fact is, that the Union Government has failed in its preparations for peace; have failed to grapple with the new opportunities that peace presents for the real rebuilding of our country. By reason of their own ambiguity, unfortunately for Canada, the contract under which that Government exists is nearing its end.

"The all-important question for Conservative party today is are we ready to see to it that from this time forward, no decision in any constituency in Canada will be reached without and until the organized force of that party has been consulted. The Conservative party has never failed to fulfill its plain duty to Canada at all times, and under all conditions. It will not fail today. That party stands prepared to meet and to deal with our troubled conditions in a way that will inspire a spirit of national confidence among Canadians everywhere. This is Canada's great opportunity. Now that ambiguity in the councils of our country is to give place to that form and that practice which alone makes for the permanent stability of government so essen-

tial to the welfare and to the well-being of our Dominion we can look with confidence to the immediate return of the traditional policy of our great party, a policy that has even been the guiding star in every great and successful undertaking that has contributed to Canada's welfare. We must recognize what heaven knows, and what Canadians everywhere know, that the time has arrived when we must all have courage, a patriotic courage, we must have decision, we must definite action, if we are to save Canada from ruin. Our first decision and our first definite act must be to see that our returned soldiers are settled in a way that will make them independent. Our next decision and our next definite act must be to correct the unbridled speculation by jobbers, by traders and by profiteers that has resulted in the unbearable high cost of living. With these remedies properly applied, together with an act dissolving every commission in Canada, a good start will be made towards the respectful restoration of confidence."

ARMIES PREPARED TO MAKE MOVE

A LLOYD GEORGE STORY

A story of Lloyd George's youth, which may be apocryphal, comes from a fellow Welshman (says the Morning Post). When young Lloyd George was about fourteen his guardian uncle, Richard Lloyd, was puzzled what to make of him. To help him in choosing a career for the lad he put him in a room with a Bible, an apple, and a shilling. It the boy chose the Bible he was to be a parson, if the apple he was to go into horticulture, and if the shilling he was to be a lawyer. When the uncle went into the room some time after he found young David seated on the Bible, eating the apple, having painted the shilling to look like a sovereign.

The Miramichi Presbytery Pass Resolution

The Commissioners Present Spoke very Highly of the Pastorate of Rev. J. R. MacKay of Tide Head.

A special meeting of the Presbytery of Miramichi was held recently in St. Andrew's church, Campbellton, to deal with the resignation of Rev. J. R. MacKay, of Tide Head. There were present the moderator, Rev. H. Miller, and Rev. Messrs. J. K. MacKay, L. J. King, J. H. McLean and A. Craise, and Elders Simon Ferguson, J. A. Robertson and Gordon Harper. The following commissioners from the congregation were heard, namely, Messrs. Thomas Fullotte, Simon Ferguson, Thomas Busted, Robert Gerrard, Blair and T. P. Adams. These all testified to the good and faithful work done by their minister, and expressed regret at his contemplated departure from among them. Mr. MacKay was then heard on motion was accepted to take effect on and after the 15th of May instant. Rev. J. H. McLean was appointed interim moderator of Restigouche Session and instructed to have the charge declared vacant as soon as possible, after the following resolution which was seconded by Mr. McLean, and carried unanimously:

"In accepting the resignation of the Rev. James R. MacKay of the pastoral charge of Restigouche congregation of the Presbytery of Miramichi hereby places on record its appreciation of Mr. MacKay's work, and its deep regret at the circumstances which have made his resignation necessary. Mr. MacKay has given twenty-five years of his life to the ministry of the Presbytery of Miramichi in Canada. Licensed by the Presbytery of Toronto in June, 1893, Mr. MacKay began his work in the congregation of Richmond Bay East, Prince Edward Island, where he was ordained to the holy ministry. In 1896 he was called to the congregation of Souris, P. E. I., where he labored with much acceptance until his settlement at Tabusiac, New Brunswick, in October, 1901, where he remained until 1912, when he was called to Middleville, Ontario. In 1912 he returned to the Presbytery of Miramichi. Mr. MacKay has thus been sixteen years in this Presbytery. The condition of Mrs. MacKay's health has led Mr. MacKay to decide to return to Scotland along with his wife, and this Presbytery sincerely trusts and prays that the change of climate may result in restored health, as desired. Mr. MacKay is an earnest and evangelical preacher, a true and constant friend, a sympathetic and faithful pastor, and his work as a Christian minister has been successful in the best sense of the word. In thus commending the work of Mr. MacKay, the Presbytery of Miramichi bespeaks for him and his esteemed wife the kindly reception and entertainment due to them wherever, in the providence of God, their lot may be cast."

New Parliament Buildings Cost Eight Millions

Ottawa, May 12—Hon. Frank Carvell, minister of public works, declared in the house tonight that the cost of the new parliament buildings will reach eight million dollars instead of the five million dollars estimated before the increase in wages of the men and cost of material. Five million dollars have already been spent, two million dollars will be spent this year and a great deal will still remain to be done. By next January 1 the house of commons chamber will be ready for occupation and the senate will have to be accommodated in one of the large committee rooms. "I will be frank and say that I have been very much disappointed with the manner in which the work has been carried on. I have made myself almost a nuisance around the house, have told the workmen that I don't think we have got value received for the money we pay them, and the fault is not all with the workmen. There seems to be a general feeling by pretty nearly everybody connected with that institution that it is good, easy government money, and that it is a great mistake to get through the job too soon." Mr. Carvell continuing said that the contractors are to be paid eight per cent on the first four million dollars and nothing on what is paid above that. A commission of five and a half per cent is paid to the architect up to five million dollars and nothing above that. The contractor will receive \$200,000 for erecting the new house of commons building, and the architect \$275,000. Mr. Foran to get \$220,000 for his staff and Mr. Marchand the remainder.

"I Am So Afraid it is My Heart"

VERY many people live in constant dread of heart trouble when the heart is in no way diseased.

There is perhaps no organ in the human system which is worked so hard and yet the heart seldom goes wrong so long as it is supplied with plenty of rich, red blood.

In fact the heart repairs its own waste and plods on, lifting tons of blood each year and pumping it through the body.

But the heart's action is the result of the contraction and expansion of muscles and these muscles are operated by the nervous system. When the blood gets thin and watery and the nervous system is starved the action of the heart, just like that of the stomach, bowels and other organs, is slowed down.

As a result, you are easily tired out, experience shortness of breath, palpitation of the heart and general bodily weakness.

The quickest and most rational way to overcome this condition is by the use of Dr. Chase's Nerve Food to enrich the blood and build up the exhausted nerves.

With the nerves in a run-down condition you are sure to get downhearted and discouraged and to imagine that all sorts of dreadful things are likely to happen to you.

But when you have been using the Nerve Food for a week or two you will begin to see the silver lining to the cloud and to realize that you are on the way to health, courage and happiness.

Mrs. Nellie Dertinger, Simcoe, Ont., writes: "I was a great sufferer with my nerves and with pains about the heart. I could not sleep at nights and though I tried several doctors could not get much relief. A friend advised the use of Dr. Chase's Nerve Food and I am happy to say the results have been a surprise. My health has been built up wonderfully. I have no more pains about the heart, my nerves are steady and I sleep and rest well."

Dr. Chase's Nerve Food, 50c a box, 6 for \$2.75, all dealers or Edmanston, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box.

Horsemen Held Meeting in Chatham

Chatham, N. B., May 8—A special meeting of the members of the Provincial Horsemen's Circuit was held here on Thursday last when matters of interest were taken up.

President Heckbert presided and acted as Chatham's representative. Mr. Belliveau represented Moncton and Sackville; Mr. Hopkins, Spring Hill; Mr. Ryan, St. John and Sussex; Mr. Watson, Fredericton and St. Stephen.

A starter for the entire circuit was discussed, but as some associations had already arranged for their starter this idea could not be carried out this year.

The president announced that arrangements had been completed with the express companies to ship horses by express from one racing track to another. This method is much ahead of the slow freight movement. Special express cars with stalls for sixteen horses are used in this method of transportation.

The Charlottetown horsemen were also asked to arrange their dates so as not to conflict with those of the circuit at Chatham.

HOUSING SCHEME NOT MEETING WITH SUCCESS

The plans of the Housing Scheme are not meeting with much success through out the Province. In Moncton two of the committee appointed have resigned and at a meeting held there recently it was the opinion of those present that the proposition was not workable.

A letter was received from Mr. Dickson explaining matters to a considerable extent, and the following proposal was contained therein:—

That the city, to own the land and sell the houses to the people who would put up fifteen per cent of the cost, the city to take a mortgage on the remaining eighty five per cent. The government is borrowing money through Victory Bonds at 5 1/2 per cent and loaning it to people to build who are unable to do so. It was not proposed to assist people who are in a good position financially. A man who is able to build a double house should not require help, he having money enough of his own to build house without asking for favors.

On motion Dr. M. F. Keith and Geo. A. Robertson were named as members of the Housing Commission in the place of Mayor Price and E. A. Reilly, who resigned.

Ald. MacKinnon made enquiry if the commission would make a report to the council. Something ought to be known in regard to the matter as many citizens had made plans to build on their own land.

WORRYING ABOUT TITLES
The Fredericton Mail, commenting on Mr. Elkin's assertion that men like Max Aitken can go down and get a title for a man in half an hour, says: "Beaverbrook undoubtedly has a big pull in the old country, but it is hard to believe that he can hand out titles off the bat. If he could do that he surely would not have permitted his old friend and ardent admirer, Commodore Stewart, after making an airplane trip over the battlefield, to return to New Brunswick as plain J. L."

Perhaps he offered to do so. If he did the title was declined. Mr. Stewart wouldn't accept a title unless he had earned a year's work with it. Plain J. L. is in harmony with his position in the old world.

NOTHING IN IT
For some time reports have been in circulation to the effect that the "whooper" was to be taken off the Canada Eastern branch of the Canadian National Railways. Mr. C. Fred Chestnut chairman of the Transportation Committee of the Board of Trade took the matter up with Mr. F. P. Brady, manager of the eastern lines and was assured by him that there was nothing in the report. There will be a slight change made in the running schedule for the summer months, but the service will not be interfered with.—Mail

ST. THOMAS COLLEGE, CHATHAM, N. B.
Nine years ago St. Thomas College was established in Chatham, under the direction of the Fathers of St. Basil. The College has four departments, a preparatory, a commercial, a high school, and a college course. The preparatory school prepares boys for the commercial and the high school. The commercial school includes courses in modern business methods, stenography, type-writing and telegraphy. The courses of study and the text books used are the same as those adopted for use in the province. In this way students from all parts of the province on entering the College are easily graded and readily adjust themselves to the College. The College affords the usual courses in Arts of the provincial universities, and a complete course in scholastic Philosophy.

A new and up-to-date college building is in course of construction, to replace the old building recently destroyed by fire, and the Rector of the College, Rev. W. J. Roach, is at present in St. John for the purpose of securing donations to the building fund.

Happy Hour Thursday

Evelyn Nesbit has returned to the screen. A few years ago she became a vaudeville star, practically overnight. She had put all her determination and ability into winning the public—not as some passing sensation, soon to be forgotten, but to make good in competition with the trained members of her chosen profession. The public knows how well she accomplished her purpose. Her name in electric lights has long been a familiar sight before the big vaudeville houses.

A short time ago, Miss Nesbit was fired by the ambition to become a dramatic star. She knew that she had the ability and she knew that she had the determination that would succeed. She applied herself to the hardest kind of study. Not content with academic work alone, she studied the best work of the screen stars and profited by the mistakes of others.

When she had satisfied herself she was ready for the contract that William Fox had to offer. And now she has completed "The Woman Who Gave," the first of all series of productions, and the attraction is billed for the Happy Hour Thursday. Miss Nesbit unquestionably has great dramatic ability and she brings a wealth of valuable experience and great personal magnetism to the screen. Her first production, an original story by Isola Forrester deals with an artist's model who grew to hate her own beauty. From personal experience, Miss Nesbit should be able to portray such a role with the greatest realism. While a mere child she gained fame as one of the most beautiful models in America. She was employed by the most noted artists in the country and many of the pictures for which she posed hang in the celebrated galleries of the world.
