CHARLOTTETOWN, PRINCE EDWARD ISLAND, WEDNESDAY, DEC. 27, 1911

Vol. XL., No. 52

THE C. B. C. DIPLOMA Is a Passport to Success.

Look up the record of nearly all graduates of the C. B. C. and you will find that they are holding down the most responsible, prominent and lucrative positions that an appreciative business world can bestow.

Wherever you go you will find men and women who owe their present success and prosperity to the practical business training which they secured at the C. B. C. From Sydney to Hong Kong and from Vancouver to Bombay you will find hustling, successful and enterprising people who would now be drudging at their tasks in their home town it it were not for the rich opportunities their C B. C. training developed

There's no need of staying in the ranks with the common crowd, no need of slaving away for a pittance when practical training will enable you to create your own opportunities for a richer, bigger and better

C. B. C. courses cover bookkeeping, shorthand, typewriting, business correspondence, banking, reporting, modern office practice, navigation and engineer-

In anticipation of 1812 we extend to all our friends best wishes for a happy and prosperous New Year.

This is nomination day for the general Provincial elections. This day week our Liberal friends will receive their quietus, so far as Provincial politics is concerned.

The Federal Government have expressed their willingness to establish a car ferry at the Capes, pending investigation into the tunnel question, provided the people here are in favor of such a project. In consideration of this, a resolution, such as the following, has been presented and unanimously passed at several of the public meetings in Prince and Queen's Counties: Resolved that this meeting endorses the proposition of a Car Ferry between Cape Tormentine and Carleton Head, or some other point on the Island side, and that our representatives in the Federal Parliament be instructed to press our claim for the same at the earliest time possible, provided that unless the said Car Ferry will provide continuous communication, winter and summer, as stipulated in our terms of union, it will in no way prejudice our claims on the Federal Government for the fulfilment of the contract as regards communication entered into with this Province at the time we entered Confederation.

A Million Dollars of Debt.

We herewith publish the statement of the Province's debt and liabilities on the 2nd day of December, inst., as presented by Messrs. Dench and Rossborough, the banking experts employed by the new Government to investigate the public accounts. It will be seen that the balance against the Province surpasses the millioon dollar mark. Over a million dollars of debt and liabilities is the legacy bequeathed their successors in office by the Government and party that promised to make revenue and expenditure meet. A most extraor dinary feature of the debt statement, is the amount added to it between the 30th day of September, when the fiscal year closed, and the 2nd day of December when the late Government went out of office. During this time, two months and two days, the remnant of the irresponsible Liberal Government spent no less than \$105,862.44, or at the rate of about \$636,000 a year. Deducting the revenue received during that space the net expenditure; the amount added to the Provincial debt was \$83,281.50, as shown in the official statement. These figures show that this irresponsible rump of a Government was creating public debt during these two months at the rate of \$450,000 a year. That is certainly going it some. This big slice of debt is the price the Province has to pay for the attempt made by the moribund Liberal Government to hold on to power by means of the by-elections in Belfast and Murray Harbor. They evidently had some hope to win by slashing out the people's money, and then they would try to cover up their tracks But now their corrupt political scheme is exposed in all its hideous deformity. The floating debt of the Province amounting to \$145,849.07 at the end of the fiscal year 1910, was increased to \$260,963.83 by the 2nd of December 1911. That is an increase of \$115,114.76 during last year, and of this amount \$83,281.50 was rolled up in the last two months of the late Government's existence, as already pointed out. Was there ever such a damag-

Not less worthy of consideration and public execration is the part the public works department was made to play in this saturnalia of political corruption and financial piracy. As shown in the statement published below, the expenditure of this department for the two months was \$47,634.19, and in addition to this were the outstanding accounts and road orders and other returns, which brought the amount up to \$58,368 94. This would make a monthly average expenditure for the department of \$28,267.98, and a rate of expenditure for twelve months to \$339,215.76, Did anyone ever know of such an attempt at public robbery? From all this it will readily be seen that the late Government made a bold attempt to hold on to power by plunging deep into the public treasury; by putting their hands deep down into the people's pockets. They entertained a hope of being able to cover up their tracks, but the electors checkmated them and held them up in the act, and their ruinous depredations in the Province's financial concerns are now exposed to the whole world. Following is the report of the investigating experts:

up an attractive mountain resort found in this locality. The Miette Hot Springs will become famous the world over, as the efficacy of the waters of these springs for medicinal purposes has been proved, and for bathing purposes are

without comparison. There are four springs with temperatues as follows :- 111, 116, 122, and 127 degrees.

Work on the Chateau Laurier, Ottawa, the new \$2,000,000 hetel, constructed by the Grand Trunk System, is progressing very favorably.

Nearly all of the plastering of the hotel is now completed, and there remains to be done only the lobby, bar and grill room ceiling. Most of the marble floors for the dining room sorridor are laid, and after the plaster will be started on the marble work of get Milburn's. Price 35 and 50 cts that floor. Heat and light have been in the building for the last two months, and when the plaster is sufmmence the interior decorations. Some of the woodwork for the big rooms is in the hotel, and the eraction of this is going on. The general ap. pearance of the various rooms is beyond expectation, and when completed will be of the richest effect, artistic design, and wonderfully beau-

From information received from fficial sources, it is evident that Prince Rupert, the Pacific Coast Terninus of the Grand Trunk Pacific Railwa), is going ahead rapidly. Work is being pushed on the waterorks system, the cost of which is timated at \$550,000, \$100,000 of which will be spent during 1911. The city are also spending the sum of \$500,000 this year on the sewerage ystem, and \$500,000 on rock cuttings and the grading of the streets. Last rear \$100,000 was spent on the waterworks system, \$50,000 on the sewerage system, \$500,000 on grading, and \$100,000 on plank roads and walks.

Prince Rupert, British Columbia e Pacific Coast terminus of Grand Trunk Pacific Railway going a pace, and for a young city the business now done there is remarkable. During the month of markable. During the month of September there were fifty ateamers thing but "Dr. Wood's" as there are many imitations of this sterling remedy on the market.

HAD WEAK and DIZZ YSPELLS Edward Island Railway. Prince COULD NOT SLEEP AT NIGHT.

People all over this land toss night after night on a sleepless pillow and do not close their eyes in the refreshing slumber that comes to those whose heart and nerves are right. The sleeplessness comes entirely from a derangement of either the heart or nerves, or both, but whatever the cause	Commencing Monday, Oct. 31st, 1911, trains will run daily, Sunday excepted, as follows:

CAUGHT HEAVY COLD.

Left Throat and Lungs Very Sore.

There is no better cure for a cough or old than Dr. Wood's Norway Pine

It is rich in the lung-healing virtues of the Norway pine tree, and is a pleasant, afe and effectual medicine that may be ifidentially relied upon as a specific for Coughs, Colds, Bronchitis, Hoarseness, Sore Throat, Quinsy, and all Throat

and Lung Troubles.

Mr. S. Monaghan, Charlottetown, P.E.I., writes: —"I certify that Dr. Wood's Norway Pine Syrup is an excelent medicine for coughs and colds. Last winter I contracted a heavy cold which left my lungs and throat very sore. I had to give up work and stay in the house for two weeks. I used several cough mixtures, but got no relief until a friend advised me to use Dr. Wood's Norway Pine Syrup. Three bottles entirely cured Pine Syrup. Three bottles entirely cured me, and I can recommend it as the best medicine for coughs."

"Dr. Wood's" is put up in a yellow wispper; three pine trees the trade mark; price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto,
