Your money will buy you more clothing at Swift's than any place in Ontario.

There will be morning service and holy communion in Trinity church next Sunday.

A scientific paper states that all dewdrops are perfectly round. We notice that due bills come round, too.

When a man says he feels like a three-year-old, he should explain whether he is thinking of a colt or a motor car.

After several years of careful study, we are firmly convinced that a writer of anonymous letters is the lowest form of animal life.

It frequently happens that man marries a woman older than he is, but time works wonders and she doesn't stay that way.

There is no truth in the rumor that A. J. Small has been found at the telephone trying to raise central ever since his disappearance.

25 only—Young Men's Smart Style Suits—regular up to \$34.00—clearing at \$19.75.—A. Brown & Co. In life you'll find there's every kind of care and all the rest of it.

The only way to make life pay is to smile and make the best of it.

A Munich doctor says that eating onions is the secret of health. The worst of it is that people won't keep the secret to themselves.

Get your wedding announcements at the Guide-Advocate. New type, latest designs in stationary. Prices right.

A fine blue worsted Suit for \$27.00 at Swift's Clothing Sale.

In the report of the examination results at the Western University the name of D. Valee Auld appears as being successful in passing his second of five years course in medicine.

As soon as Eve ate the apple she wanted some garments less diaphanous than the salubrious ozone of Eden. Apparently the women of today should eat more apples.

The fatal auto accident on the B & W townline caused excitement in town Sunday afternoon and quite a few people went out to view the scene of the sad fatality.

A Smart Cut Snappy Suit for young fellows, \$22.50.—Swift's.

On four sales of less than forty-eight pounds there is to be a sales tax of three per cent, also three per cent on ground feed, such as bran, chop and shorts.

The directors of the East Lambton Agricultural Society will meet in Watford on Saturday evening at 7.30 to revise prize list and transact any other business that may come before them.

Many farmers' wives are informing their customers that they will not continue to supply them with butter at present prices, preferring to sell their cream, thus saving the labor involved in making butter.

The amusing drama "The Country School Ma'am" was presented by the Walnut young people in the Lyceum Friday last, under the auspices of Lambtons 149 I.O.D.E. There was a good audience and the play was well put on and received. The young players are a talented bunch and are worth hearing. They were entertained after the play by Mrs. E. D. Swift at her home "Rose Lawn."

Men's Straw Hats—neglige shapes—lines up to \$1.75, clearing at \$1.00.—A. Brown & Co.

Postoffice officials point out that postage stamps are not to be used for making remittances, that is they are not to be sent in quantity for goods, or to business houses in payment of accounts, etc., as this is contrary to postoffice regulations.

Confirmation Service. His Lordship, the Bishop of Huron, will hold a confirmation service in Trinity church on Sunday evening at 7 o'clock. The rector will present a large class for apostolic rite. All welcome.

You can fool part of the people all the time, all the people part of the time but not all the people all the time. The fact that there has been over forty new Ford cars bought in Watford vicinity speaks for itself. Ford cars are old enough to be proven now and the more there are proven the better they are liked. Why pay more?—R. Morningstar. If Sale of Printed Dress Voiles at 66c and 75c, regular \$1.25 and \$1.50.—A. Brown & Co.

Here comes the bride. Extra quality Silk Poplins—all shades—36 inches wide—clearing at \$1.00.—A. Brown & Co.

The regular meeting of the Women's Institute will be held at the home of Mrs. J. D. Brown on Wednesday evening, June 8th.

June, the month of roses, brides, June bugs and wedding finery is here. The crop of brides will be large this year now that the H. C. L. is disappearing.

Buy your boys clothing at Swift's. The prices are lower than you expect.

There's a little drop in milk, and there's a little drop in bread.

And the cost of living's coming down at least, so it is said.

Still the grocer's and the butcher's bills we view with grave alarm, And another little drop wouldn't do us any harm.

Crops are in splendid condition in this district, especially wheat, which seldom looked better. The recent rains have helped this wonderfully.

Pasturage is good, but the tremendous slump in the price of butter and eggs is exciting much unfavorable comment and dissatisfaction among the farmers.

Any person having any suggestions to make regarding the Watford Fall Fair are asked to attend the meeting of Directors to be held in the Council Chamber on Saturday evening next at 8 o'clock, when their ideas will be given due consideration.

This is the people's fair and any suggestions that will help to make it even more attractive and popular will be thankfully welcomed by the Directors.

Get your family history ready for the census man. Count your hens but don't count your chickens unless they are hatched. The enumerator don't count them in. Get your age figured out correctly and "who's who" in the family. How many dollars' worth of garden truck you are expecting from your plot, and a whole lot of bright ideas will be put up to you.

A good Tweed Suit for \$18.50, Sizes 26 to 42.—Swift's Sale.

Peabody Lodge, the local lodge of Oddfellows, held a church parade to the Methodist church on Sunday evening.

There was a good turnout, a number of brethren from nearby lodges being present. The Rev. A. C. Tiffin gave a very interesting address taking for his theme "The Good Samaritan" which was attentively listened to by the large congregation present. Special hymns were used and the choir rendered choice musical selections. There were about 50 Oddfellows in the parade.

The Directors of The Western Fair, Sept 10-17, have decided this year to continue the Exhibition during Saturday of Exhibition week.

The Live Stock will be allowed to go on Friday afternoon as usual but all other Exhibit must stay in place until Saturday night, Sept. 17.

Special events will be offered on the track and before the Grand Stand for the last day, the details of which will be announced later. There will therefore be a complete and full programme before the Grand Stand six afternoons and evening, instead of five as before. McNAUGHTON—WILLIAMSON

The first of the June weddings to attract the attention of this community was the one which took place on Wednesday morning, June 1st, shortly before noon, in the Congregational Church, Watford, when Mabel Mae, the second daughter of Mr. and Mrs. Richard Williamson, Kingscourt, became the bride of Cecil James, second son of Mr. and Mrs. Robert McNaughton of Watford. The marriage ceremony took place in the presence of the immediate members of the two families, the officiating minister being the pastor, Rev. T. DeCourcy Rayner. The bridesmaid was Miss Mabel Alvera McNaughton, sister of the groom, while Wilfred Rosslyn Leach served in the capacity of groomsmen. The bride was charmingly attired in a travelling suit of sand garbardin, tastefully embroidered with braid and beads, also a navy hat with veil, and was wearing a corsage bouquet of sweet peas and sweetheart roses.

Immediately after the ceremony the happy couple left on their honeymoon trip, motoring to Wyoming to catch the train for Durand, Mich., and other points, and, on their return will reside on the groom's farm fourth line, Warwick, S.E.R., where they will be at home to their many friends after July 1st. The bride and groom are two of the most popular young people along the fourth line and the whole community joins in wishing them bon voyage in their journey together over the sea of life as Mr. and Mrs. Cecil J. McNaughton.

CAMPBELL—KINGSTON

A very quiet wedding was solemnized on Wednesday afternoon, June 1st, at the home of the bride's parents, Wall street, when Miss Kathleen Kingston, only daughter of Mr. and Mrs. Paul Kingston, became the wife of Mr. Ernest H. Campbell of Brantford. The ceremony was performed by the Rev. S. P. Irwin, B.A., and only immediate relatives were present. The young couple went east for a short honeymoon, after which they will settle down in their home in Brantford.

Another of our number has been called by death, Miss Mary McLean, of the 12 line, Brooke, May 17, 1921. Coming to this country with her parents in the early days from Scotland, she suffered for a number of years with muscular rheumatism. She fell on the floor of the house and strained her right foot and never recovered. She was in bed over two years, up once a day till near the end. She was a member of Chalmers Church. Service at the house by Rev. W. McIntosh. Interment in Kilmartin cemetery. The pallbearers were Donald McDonald, John Scott, Paul Kingston, George Annett, William Miller, James McLachlan, Frank McLean, London, a nephew, attended the funeral.

FORMER WATFORD LADY GUEST OF HONOR

The home of Mrs. C. H. Palmer, (May Miller), 2320 Angus St., Regina, was the scene of a very charming tea on Saturday, May 21st, in honor of Mrs. Hastings, Sr., who was celebrating her eighty-second birthday. The guests were received into the drawing room and library by Mrs. Palmer assisted by Mrs. Walter McInnis (Thurza Miller). At the popular tea hour they were ushered into the tea room by Miss Pearl Miller, the room being attractively decorated for the occasion with pink tulle and streamers. The table was centred by a large birthday cake surrounded by eighty-two candles. Mrs. James Hindson poured tea and Mrs. Fred Tanner (Miss Dodds) cut the ices. They were assisted by the Misses Lillian Shaw, Florence and Pauline Hastings. Mrs. Tanner playing one of her own composition and one she learned from Miss Jeddie Jones of Watford.

GARFIELD HANGED THURSDAY

Norman Garfield, the Woodstock murderer, who broke jail in that city Wednesday night, was captured at Stewartstown, two and a half miles from Georgetown, shortly after midday Friday.

Garfield tried to put up a fight, but a giant of a man, R. A. Applebe, grappled with him, and the murderer, without his gun, had no chance. Applebe threw his arms around him, and Garfield fell. A few minutes later he was handcuffed, and, tired and surly, was on his way to the Georgetown Jail.

Later he was taken on a train back to Woodstock and hanged Thursday morning.

Getting entangled in a rope which was tied to an enraged cow, Alex Herries, South Malabar, was knocked over unconscious and three of his ribs broken. Lending the cow down the road, Bossie was inclined to have her own way and ran around Mr. Herries and kept going until the rope was drawn taut, when the cow gave a jump, smashed the rope and threw Mr. Herries some feet in the air. He came down with such force that he was seriously injured.

A number of Haldimand township farmers are shipping two or three cars of potatoes this week, as local sales are well nigh impossible at any price and the surplus is so great that they cannot be fed up. One of their number estimates that they will realize about 18 cents a bag after all charges are paid. Many farmers are stated to be willing to give their potatoes away to any one who will take them out, as the present price does not pay the cost of handling them alone, let alone the cost of production.

NOTE AND COMMENT

Hogs are selling at pre-war prices. Bacon at the same old war rates.

Why is the 2 1/2 per cent brew called "near beer"? And beer would be a better name as it tastes no more like real beer than does warm lake-water.

After June 1 the Board of License Commissioners for Ontario will stop filling prescriptions at the dispensaries for any medical practitioner who issues more than fifty orders for one quart each of liquor in a month.

The equipment of two automobiles as travelling dental parlors to look after the dental requirements of children in outlying settlements was decided upon at a recent meeting of the Provincial Executive of the Red Cross Society at Regina.

There are four hundred boys under twenty years of age in the penitentiaries of Canada, according to Gen. W. S. Hughes, Superintendent of Penitentiaries. General Hughes is undoubtedly right in putting a large share of the blame on the lack of proper training in the home.

A harrowing tale of a big slump in farming comes from Harrow. Eggs have been down to 17 cents, butter to 25 cents and oats to 23 cents, while tobacco, which was grown for an expected price of 60 cents, has been sold for 5 cents. Old H. of L. must be dead and buried in Harrow.

During 1920 there were \$1,375,402 worth of apples imported into Canada, while probably an equal amount of Canadian apples were not exported or went to decay. Potatoes to the amount of \$1,678,551 were also imported, while the same vegetable here was almost unsalable. Do your part to correct this condition of trade and thus help to rectify exchange.

It took the village of Formosa to show the electors of Ontario what a real thirst is like, by recording 365 votes against, and only one for prohibition. Just who polled that one dry vote is a mystery, and while some of the villagers claim it was an old lady who got her wires crossed and voted contrary to her wishes on the issue, yet others maintain it was put there by a dry scrutineer from Teeswater who came out to look after the prohibition interests. Even with this one ballot against, Formosa easily polled the thirst record for Ontario.

Under arrangements recently entered into with the British postal authorities, a person sending a parcel to the United Kingdom may write on the wrapper a request that if it cannot be delivered as addressed it may either be treated as abandoned or delivered at a second address. If there is no definite request for abandonment, a parcel which cannot be delivered at the original address, or at the alternative address (where one is furnished) will be returned to the sender at his expense. The sender's name and address should be plainly written on the wrapper of every parcel sent by parcel post.

We like to hear of people who really enjoy life. We hear sometimes of persons who "enjoy good health," and we know that they enjoy it about as much as a preacher enjoys a criticism of his sermon. There may be nothing specially wrong with them, but they certainly seem to get little joy of life. Whether they are a trial to themselves we cannot say, but they certainly are a trial to their friends. They may not mean it, but they are veritable gloom-spreaders, laughter-extinguishers, and merriment-annihilators. They never enjoy a picnic, a good meal, nor even a wedding without serious reservation; and they think the folks who have a genuinely good time are poor "fools."—Christian Guardian.

Premier Smuts, of South Africa, like Premier Hughes, of Australia, has recently delivered speeches dis-

ussing the question of the renewal of the Anglo-Japanese treaty, and other questions of world policy. General Smuts recognizes that if Britain were to denounce the treaty made many years ago with her eastern ally, it would raise very grave questions, but he agrees with the Australian Premier that there should be no renewal unless it is possible to satisfy America that no jeopardy to her interests are involved. The question of the status of the Dominion would not be settled at the Prime Minister's meeting, but would be taken up at a special Imperial Conference, the agenda for which would be drafted at the meeting next month, Premier Smuts added.

St. Thomas Times-Journal:—The law rightly and properly holds that when two or more criminals perpetrate an unlawful act, all are liable for whatever crime was committed. This is a principle recognized in all criminal codes, and to hold otherwise would provide an easy loophole of escape from the death penalty whenever the partners in crime refused to peach on each other and no direct evidence of the murder could be obtained. Not so much for their own personal guilt, but as a deterrent to crimes of violence of that kind and as a warning to all who deliberately take up robbery as a business, should the extreme penalty be inflicted with out regard to the sentimentalists who are more concerned with the criminals than with their victims.

PALE AND NERVOUS SCHOOL CHILDREN

Need Rich, Red Blood to Regain Health and Strength

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak, their nerves over-wrought and their color and spirits lost. It is a mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus' dance, or drift into debility that leads to other troubles. Regular meals, out-door exercise and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Watson, Grand Falls, N. B., who says: "In the spring of 1919 my daughter, Thistle, then 12 years of age, began to show symptoms of nervousness which developed into St. Vitus' dance. She seemed to lose control of her limbs and at times every muscle in her body seemed to be twitching and jerking, and the trouble seemed to be growing worse. We finally decided to give Dr. Williams' Pink Pills, and the result was better than we had hoped for, and she is now enjoying the best of health."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BIBLICAL TIME

Men who love to dig into what ordinary mortals accept as facts and wonder at them now say that the ancients of Biblical days reckoned time, not by solstices and equinoxes, or by the sun or the movement of the earth, but by the moon. Thus a year with them was a lunar year, or very time the moon came around they counted it a year. Roughly speaking there are a little more than 12 1/2 lunar months of approximately 29 days each in a year. This makes it easier to understand how Adam lived to be 930 years; according to our present reckoning he really lived to be 74. Noah's 950 years become 76 years; and the daddy of them all, Methuselah, with his 969 lunar years turns out really to have been 77 years, according to our way of figuring. Later, of course, the equinox was considered, and six moons, or approximately six months, became a "year." Hence Abraham's 175 years becomes about 87 years of our time. All of which sounds more plausible about these supposed long-lived patriarchs.

VERY, VERY SOON COME THE HAPPY DAYS OF JUNE

To the readers of the Guide-Advocate. When we are in a happy mood, Our being filled with wholesome food And feel inclined just to be good, Why we're just living. Eliminating all the sad; Cutting, weeding out the bad, All the worthless that we've had, Never dreaming to be mad, Why that's just living. Get the loving, kindly spirit, Altruistic is the merit This we surely can inherit By just living. As by practice comes perfection. So many needing our protection So many kindly need correction And mostly all of us instruction Its all in living. We're sure to get the needed graces No matter what or where our case is All just suited to our places In being living. Why we're created for the best And we can surely stand the test And all our energies invest And nothing can retard, molest This way of living. That fabric which we call divine Which dances in your eyes and mine Direct it in the happy line Of holy living. And we'll enjoy each blessed day To help our neighbor any way And help ourselves; "and let me say" The millennium's not far away If we be living. —W. B. LAWS

DESTROYING WEEDS BY MEANS OF CHEMICALS

(Experimental Farm Notes.)

While the hoe and the cultivator are likely to remain as the two most efficient weapons to use in the combat with weeds there are certain cases where the use of some chemical may be extremely desirable. A good example of the latter is the case of a grain crop infested with an annual, such as Wild Mustard where it is possible by spraying with Iron Sulphate or Copper Sulphate to injure the weed to such an extent that it is unable to ripen its seeds.

There are also numerous plots of waste ground in towns, mile of road-sides all over the country, railroad tracks, and large areas of stony or rocky ground that cannot be cultivated, where the employment of chemical means for keeping down weeds might be profitably considered. The spray should be applied in fine calm weather when there is a probability that no rain will fall during the next 24 hours. The amount of spraying mixture will vary somewhat with the kind of spraying machine used but as a general rule at least 60 gallons are necessary to cover an acre. The spray should be applied while the weeds are young.

The chemical substances that are most employed for killing weeds are sulphuric acid, iron sulphate, copper sulphate, common salt, caustic soda, sodium arsenite, carbolic acid, orchard heating oil and fuel oil. After the use of some of these the soil remains sterile until the chemical has been washed out by rain. In calculating the strength to be used it has to be remembered that a gallon of water weighs 10 pounds.

Sulphuric acid or oil of vitriol has a corrosive effect on the spraying apparatus and can be used only in a weak solution varying from 3 to 10 per cent. It has no injurious effect on wheat, oats, or barley crops and has a fertilizing effect on the soil.

Iron sulphate or copperas is used in a solution of 15 to 20 per cent, but cannot be applied with safety to a crop of beans or flax.

Copper sulphate or bluestone can be used instead of iron sulphate but only in a solution of 1 1/2 to 2 1/2 per cent.

Common salt or sodium chloride is used in a strength of 20 to 25 per cent. It checks the growth of other plants besides weeds until it has been washed out by rain.

Caustic soda or sodium hydrate is used in a 5 per cent solution. It kills all kinds of vegetation.

Sodium arsenite is used at the rate of 2 pounds to 60 gallons of water. It is very poisonous and the powder is dangerous to health if inhaled. It kills all vegetation.

Carbolic acid is used in a solution of 12 1/2 per cent or stronger.

Orchard heating oil is applied at full strength in a fine mist. It destroys all vegetation but is not pois-

"I was for many years a victim of the terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-lives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-lives', as simply marvellous in the case of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-lives' a trial.

OBITUARIES

WILLIAM LESTER

William Lester, a life-long resident of Warwick, died at his home lot 4, con. 3, 5th Thursday, May 19th, in the 75th year of his life. Deceased had been in failing health for some time and his death was not unexpected. The late Mr. Lester was born in Somerset, England, and when 15th months old came to Canada with his parents. After a tedious voyage of six weeks in a sailing vessel and a land journey, they settled in Naper, township of Metcalfe, remaining there for two years, they then came to lot 8, con. 4, Warwick, and cleared up this farm, (the farm on which George B. Brodie now resides). Mr. Lester then cleared a farm for himself on lot 4, con. 3, residing there until his death. On June 26th, 1877, he was united in marriage to Ellen Learn, who predeceased him in June, 1914. The following children survive: George A., Blind line, Warwick; Chas. E., 2nd line; Warwick; Oscar on the homestead. Another son, Wesley died in October 1899. Two brothers and one sister also survive, viz., George Lester, L. R., Bosanquet; Stephen Lester and Mrs. John Poole, Forest River, N.D.

Deceased for several years served as trustee in S. S. No. 1. He was a life-long member of the Baptist church and a staunch Conservative. When a young man he was initiated into the Orange Order at Uttoxeter, and was a member of that lodge, L. O. L. 536, until his death. This lodge with many visiting brethren attended the funeral in a body.

Deceased was a hard worker and possessed a kind disposition. He made many friends who turned out

in large numbers on Sunday to his funeral, to pay their last respects. The services were conducted by Revs. T. Doolittle and D. J. Cornish. Interment was in Beechwood cemetery. The bearers were, Archie Dewar, D. Shannon, John Karr, Wm. Bullick, Wm. Neil and John Tremaine.

PHINEAS DEMARAY

Phineas Demaray, one of the old residents of Plympton, died at his home, 12th line, on Friday, 20th inst, in his 71st year. He was born in Scugog township, Ontario county, and came to Plympton about fifteen years ago. He is survived by his widow and one son and two daughters, viz., Gordon, Ruby and Pearl, all at home. One son, Peter, who served overseas during the war, died two years ago. Two brothers and three sisters are living, viz., Daniel in London; Samuel in Kansas; Mrs. John Toppin, in London; Mrs. Jas. Melphis, in Idaho, and Miss Ellen Demaray, in Strathroy. The funeral took place on Monday afternoon, to Beechwood cemetery, and was largely attended. The service was conducted by Rev. S. W. Muxworthy, and the bearers were S. Farrell, W. Hyde, S. Manning, R. W. McLean, W. Venning and C. Wall.

MRS. ELGIN S. MOTT

A sad and unexpected death occurred on Monday, May 16, when Marion Doman, beloved wife of Elgin S. Mott, and daughter of the late, Chas. Doman, of Enniskillen, passed away at her late residence, Garfield Avenue, aged 59 years, 2 months and 10 days.

Deceased had been in ill health for about a year, but death came with a

shock to her relatives. Mrs. Mott having suffered a paralytic stroke on Saturday night. Deceased was born on the London Road, Plympton, in 1882. She had been a resident in Oil City for over twenty-five years when she moved to Petrolia two years ago. She leaves beside her husband, two sons and one daughter, Fred and Edward, of Oil Springs, and Mrs. Bert Stark, con. 4, Enniskillen, to mourn the loss of a loving wife and mother. Two sisters and two brothers also survive, viz., Chas. Doman, of Enniskillen; Fred, of Emo, New Ontario; Mrs. Fred Strangway, London Road, and Mrs. Sidney Smith, Watford. The remains were interred in Hillsdale cemetery, Petrolia.

BENJAMIN WARREN

Benjamin Warren, aged 77, one of Plympton's oldest and most respected residents, passed away on Friday, May 13th, 1921, at his late residence Plympton township after an illness of several weeks. The late Mr. Warren was the eldest son of William and Maria Warren, and was born in Banogue, county of Wexford, Ireland, on October 19th, 1843. When a child of seven years, he came to this country with his parents, who resided in Brockville, Ontario, for two years, coming from there to Plympton township to a farm where he resided up to his death. He was a genial host and kindly neighbor. In 1884 he married Miss Elizabeth Neely, a native of Ireland. Nine children were born to their union. Mrs. Warren predeceased her husband being killed in a runaway accident, in the vicinity of Sarnia, in 1906. One daughter died in 1910.

Surviving are eight children: Mrs. T. Hancock, Mrs. C. Luckins, Mrs. J. Berry, Mrs. Walter Cox, Mrs. W. Hughes of Sarnia township, Mrs. R. Simpson, Talfourd St., Sarnia, Mrs. A. Williamson and Benjamin at home. Also five brothers and one sister:—William and Abraham of Sarnia township; Charles and Jacob of Plympton township; George of Pt. Huron, Mrs. Alice Jones of Watford.

WHEN BABY IS ILL

When the baby is ill; when he cries a great deal and no amount of attention or petting makes him happy, Baby's Own Tablets should be given him without delay. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus drive out constipation and indigestion; break up colds and simple fevers and make teething easy. Concerning them, Mrs. Desire Theberge, Trois Pistols, Que., writes: "I am well satisfied with my use of Baby's Own Tablets. I have found them of great benefit to my baby when he was suffering from constipation and I strongly recommend them to other mothers". The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A JUVENILE DRAMATIST

In a recent number of the Canadian Nurse there appeared a play written by a twelve year old Vancouver school girl, a member of the Little Mothers' League. This play is quite original, being all the child's own idea and workmanship. No help was given to her, either at home or in school. The little drama is a spirited one, introducing a number of characters. In it four nurses, Miss Sunshine, Miss Fresh Air, Miss Cleanliness and Miss Health demonstrate to an ignorant mother the best method of rearing her baby, while the argument for the other side is sustained by Mrs. Smith and Mrs. Brown, friends of the mother. Their indignation at the "new-fangled ideas held by the nurses as to the bringing up of children is well depicted, and much humor is shown in describing the nurses' horror at the diet of the child. The dialogue is as follows:—
"Miss Health:—Tell me, what have you been feeding her?
"Mrs. Jones:—Whatever we had.
"Miss Sunshine:—What did you have?
Mrs. Jones:—Beefsteak, onions, potatoes, bread, pudding, cake, pie, etc. (Miss Cleanliness faints)."
The play of course ends with the triumph of the nurses and the baby's life is saved.
The Red Cross Society has proposed to introduce this little drama

Rioting in Norway

LONDON, May 30.—Serious riots occurred Saturday night in Christiania and throughout Norway during the day, according to the correspondent of the London Times. The mob tried to force the entrance of a public meeting-house, which was barricaded. Through the timely arrival of police reinforcements, the mob was dispersed, but not before a serious engagement was fought, in which bludgeons, stones, and other missiles were employed.
Several policemen were wounded and numerous rioters, including the ringleaders, were arrested.
All the newspapers have suspended, except the Socialist organs, and they announce that the situation everywhere is in conformity with their views.
The rioting at Christiania is the outcome of a strike inaugurated two weeks ago by the steamship engineers and sailors to protest against a cut in their wages. Later they were joined by thousands of union laborers.

"COLD IN THE HEAD"

Lowe Brothers

Why We Stock It--
A Floor Varnish That Stands Rough and Scuff

"To prove that Lowe Brothers Floor Varnish has that Give-and-take, we applied several coats, one or top of the other, until it was an eighth of an inch thick. Then we twisted and turned it; bent and creased it; hammered and banged it; pulled and yanked it; jumped on it with our heels, scuffed on it with our toes; poured boiling water on it. After which we know what you should know—that here at last is a floor varnish that endures."

Labor-saving --- Economical --- Beautiful --- Durable

But, perhaps, your floors are not hardwood, and you don't want to use Varnish. Here, then, is a specially-prepared Varnish-Paint for pine or other soft wood floors.

With Lowe Brothers Hard Drying Floor Paint all you need to do is just to move the furniture over to one side of the room, paint half of the floor, then move it back the next day and paint the other half. Easy to apply; dries quickly and hard. Comes in all the popular colors. We have it. Call or phone for literature. Assistance cheerfully rendered free by your nearest dealer (listed below).

AN IDEAL VACATION.

When the breathless days and glaring heat of summer make life in the city a burden, Algonquin Park Ontario, is a place of refuge and enchantment. Here the tired business man and his wife and daughter, too, can get out into the big open spaces, brush away the mental cobwebs, and feel the red blood course through the veins once more. The Government Reserve is on the very ridge of the "Highlands of Ontario", its altitude above sea-level averaging 1,700 feet, while some of the elevations in the Park are 2,000 feet above the sea. A handsome publication telling you all about it, with list of hotels, rates, etc., will be sent free on application to any Canadian National—Grand Trunk Agent, or to C. E. HORNING, D.P.A., Toronto Ontario.

Plans are afoot for our Annual Picnic on the 25th of this month. Just where it is going to be has not yet been decided, but for this purpose they tell us the decision rests with a Committee composed of two very reputable members of the firm. By the way, this year instead of having everybody and nobody doing everything all at once and not at all we are going to introduce some of our far famed and far reaching Scientific Management in the form of Committees to perform the various tasks and dire are the consequences awaiting the Committee member who fails to perform his allotted portion. Sh-h-h just a hint—

No low rate this time, No Sir! but there has been talk of boiling in oil or just plain drowning.

A wandering pigeon, apparently having sized up our factory with its many windows wide open as being a dove cote of extraordinary size erected particularly to give lodgings to wayfaring pigeons, spent the night in our factory but was discovered by one of our early rising foremen and before Miss Pigeon could finish her peaceful night's slumber on an accommodating overhead pipe she was seized and escorted to a small box in what the foreman thought to be a perfectly safe place until closing time; he then went about his duties of the day feeling well satisfied that the game he had bagged so easily would be just where he left it when it came time to go home. In the meantime however, Thurston the Marican must have been among us, for when the foreman, with bright visions of pigeon pot-pie, went for the box, he was amazed to find that the pigeon had mysteriously disappeared and who should be in its place but Tom, the veteran shop cat. We have not heard just what happened to Tom but the pigeon is now enjoying life in the possession of a small boy up the street and we are told the foreman is still trying to figure out how it all happened.

MOTHER AND BABES KILLED IN AUTO ACCIDENT

PINNED UNDER OVERTURNED
CAR AND DROWNED IN DITCH
SUNDAY AFTERNOON

Wife and Two Children of Stanley
Wilson, a Boscquet Farmer, the
Victims—Adjourned Inquest
Held Friday.

Mrs. Stanley Wilson of Boscquet
Township and two children, Lorraine,
aged 4, and Grant Wilson, aged 8
months, were almost instantly killed
on the county road between Arkona
and Forest Sunday afternoon, when
the Ford car in which they were riding
swerved into a deep ditch and
overturned, pinning them beneath it.
Riding in the car with the three vic-
tims were Stanley Wilson, father of
the two children, and his young eight
year old son, Freddie Wilson. After
the accident the latter succeeded in
crawling from the wreckage and run-
ning to his uncle's farm nearby,
where he gave the alarm. The father
was pinned beneath the auto, but
aside from a severe shaking up, is
not thought to be seriously injured.

The happy family of five set out
soon after noon to visit Graham Wil-
son, brother of Stanley, the three
victims being in the back seat, while
Freddie sat in front beside his father,
who was driving. About 2 o'clock
when about two miles from home and
near their destination, the car swerved
in a heavy section of the road due
to Saturday's storm, and striking the
deep ditch overturned. At the point
of the accident, which is three miles
west of Arkona, the roadway is very
narrow, and this may account for the
crash. The car was going slowly.

Following the alarm, residents of
the vicinity rushed to the scene, and
by means of chains succeeded in lift-
ing the car from the ditch, and re-
leasing the injured father and dead
victims who were pinned under-
neath. Spectators state that the
mother and two children were pinned
in the water in the ditch and ad-
vance the theory that death was due
to drowning. Stanley Wilson, driver
of the car, is a farmer, residing in
Boscquet Twp., Lambton County.

Coroner Hubbard, of Forest, was
summoned to the scene, and ordered
an inquest. He also communicated
with the crown attorney at Sarnia.
The bodies of the mother, little girl
and baby boy were tenderly lifted
from beneath the car, which is badly
damaged, and placed beside the
road, to await the coroner's orders.
Willing workers from the country-
side doing all in their power to
assist. The accident came as a dis-
tinct shock to the community, the
Wilson family being well known and
highly respected throughout the
county.

A despatch from Forest dated
Monday says public sentiment seem-
ed generally strong against the
piece of road on the Boscquet-
Warwick town line, where Mrs.
Stanley Wilson and two children met
their death in an automobile acci-
dent yesterday. A jury was impan-
nelled this morning by Coroner Dr.
J. F. Hubbard, and they immedi-
ately went to view the scene of the
accident. The inquest was then ad-
journed till Friday evening at the
town hall here.

The road where the Wilson car
overturned and threw its passengers
into the deep water-filled ditch is
said to have been in a neglected con-
dition. The ditch is deep and there
are no guards at the roadside. Trees,
it is said, formerly protected vehi-
cles from accidents, but these had
been removed.

Mr. Stanley Wilson is able to be
around today. His back was injured
and he is suffering from shock and
nervous excitement, but is not seri-
ously hurt. The funeral of his wife
and two children, one 5 years old
and one 8 months old, was held on
Wednesday from the farm, lot 11,
concession 10, Boscquet, to Arkona
Cemetery. A very large concourse
of people attending.

The Wilsons are fairly well known
in Watford. Thomas J. Wilson, the
father of Stanley and grandfather
of the children lives in London and
has been connected for some years
with the Newspaper Subscription
Company. He was in Blenheim at
the time he was notified of the ac-
cident and went at once to the scene.

Children Cry for Fletcher's

CASTORIA

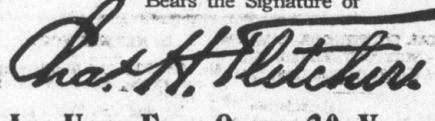

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. HONORS SPLIT EVENLY

Two Federal Bye-Elections With No Change in Results.

Government Retains York-Sunbury, N.B., While Liberals Maintain Hold on Yamaska, Quebec—Result in Latter Constituency May Delay Reorganization of Meighen Cabinet—Conscription Still an Issue.

OTTAWA, May 30.—Honors were even in two Federal bye-elections held on Saturday, so far as the Government and the Liberal Opposition were concerned, but there was no glory in either for the Agrarian Party. The Government succeeded in retaining York-Sunbury, N.B. The Liberals maintained their hold upon Yamaska, Que. The Farmers in both contests played losing hands. Yamaska, however, will not alter the Government's legislative program, nor lessen its strength inasmuch as its support is drawn not from Quebec, but practically altogether from the other eight provinces. The Liberal majority in Yamaska may, it is said, have the effect of deferring the reorganization by which Quebec's representation in the Cabinet would have been increased.

The success of R. P. Hanson, the Government candidate in York-Sunbury, was expected here. It was thought, however, that the failure of the Liberals to contest the riding and the fact that the Farmers were represented by a strong candidate, a former Conservative, a farmer and an Orangeman, might have made the fight a close one. The outcome is regarded here as indicating that the Government is still strong in the Maritime Provinces and that the Agrarians are not a powerful political factor there.

Few Government supporters expected a victory in Yamaska. Many, however, hoped that the result would be close and to those the Liberal majority is a disappointment. Supporters of A. A. Mondou in the riding, reported that they believed their candidate would win or hold the Liberal majority down to less than the number of votes polled by the third candidate. The campaign to which the large Liberal majority is attributed is regarded as an indication of what will be the character of the Liberal campaign in Quebec at the next general election. A score of Quebec members of the House of Commons took the platform for Mr. Boucher and these, among them Hon. Rodolphe Lemieux, Ernest Lapointe, of Quebec East; Hon. Jacques Bureau and Ferdinand Lafret, rehearsed the arguments they used in the war election of 1917, and appealed to the people to maintain intact the solid "Bloc" from Quebec.

Has 1,600 Majority.

PIERREVILLE, Yamaska County, Que., May 30.—With a narrow subject to division, the Liberal candidate, Alme Boucher, took the Federal seat of Yamaska County, vacant through the death of Oscar Bladu, by a majority of 1,608 over A. A. Mondou, the Liberal-Conservative candidate, while the Farmer candidate, Joseph Lambert, was hopelessly outclassed, polling approximately only 350 votes. Over ninety per cent. of the total ballots, numbering 8,300, were cast, women voting with the same intensity as men.

Hatred of the conscription law of 1917 and fear that it may again be invoked by the Government, carried the Liberal candidate to victory. Arguments used were that war might again break out at any time and this would mean dragging sons from their mothers' arms to fight overseas in England's battles. The Farmer speakers were yet more open in their statements of "not one cent or one man for England."

Hanson's Majority 1,000.

FREDERICTON, N.B., May 30.—Richard B. Hanson, K.C., of Fredericton, candidate for the National Liberal and Conservative party, carried York-Sunbury on Saturday for the Meighen Government by a majority approaching 1,000.

Complete returns are not yet available, as Nortondale, located in the far northeastern corner of the constituency, has not been heard from. There are only 57 eligible voters in Nortondale, and complete returns, with that exception, showed 7,170 votes for Mr. Hanson and 6,207 for E. W. Stairs, the United Farmers' candidate.

With Nortondale returns missing, Mr. Hanson has a majority of 963. But it is expected Nortondale will show about two to one in favor of Mr. Stairs, as the United Farmers' organization at Millville, the nearest centre, has been active there. The final majority for Mr. Hanson will therefore, probably be between 926 and 950.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Sterilized qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

FLAVELLE HEADS BOARD

National Railways May Move Their Headquarters.

MONTREAL, May 30.—Sir Joseph Flavelle, Bart. of Toronto, was elected chairman of the reconstituted all-Canadian Board of Directors of the Grand Trunk Railway on Saturday.

Howard G. Kelley was reappointed director and president of the company. The other directors elected were: J. Narcisse Dupuis, Montreal; E. L. Newcombe, K.C., Deputy Minister of Justice, Ottawa, and Alfred J. Mitchell, financial vice-president of the Canadian National Railways, Toronto.

It is further understood that when the consolidation of the Grand Trunk and Canadian National Railways is finally completed Sir Joseph Flavelle will be appointed chairman of the board which will direct the management of the combined roads. It is also stated that the new all-Canadian board of the Grand Trunk is only temporary, to hold office until the consolidation has been effected. It is thought, in consequence of these changes, that the Grand Trunk headquarters will be removed to Toronto, with most of the executive positions of the road concentrated at the latter city.

It was officially stated on Saturday that the first business before the new board was the acceptance of the resignations of the English Board of Directors. Howard G. Kelley stated for the unification of the Grand Trunk with the Canadian National Railways will be proceeded with as rapidly as possible.

It is stated that the Grand Trunk arbitration proceedings to determine the value to be awarded to the Canadian Government on the acquisition by the latter of the road will be resumed here next Wednesday, with the same arbitrators and counsel as at previous sittings.

CAPTAIN MUELLER GUILTY

German Officer Was Brutal to British Prisoners.

LEIPZIG, May 30.—A sentence of fifteen months' ordinary imprisonment has been demanded by the state prosecutor Saturday for Capt. Mueller, the second German officer to be tried on criminal charges arising from the conduct of the war. He is charged with offences to prisoners at the Flavy-Le-Martel Prison Camp in the department of the Aisne, France.

The prosecutor told the High Court, which is conducting the trials, that the case of Capt. Mueller was based on that against Sergt. Hoynes, who was sentenced to ten months' imprisonment for having ill-treated British soldiers at the camp at Herne, Westphalia. Nevertheless, he said, Mueller was to blame for the striking and kicking of prisoners, the binding of one of them to a stake, and for compelling sick prisoners to work. He held the case was not one for imprisonment in a fortress on the ground that the charges against the captain were "moral rather than legal."

Mueller's counsel pleaded that six months' confinement in a fortress would be ample punishment.

BLACK HANDERS ACTIVE

Dynamite Bomb Wrecked Italian Home in Hamilton.

HAMILTON, May 30.—Another Black Hand outrage occurred here early Sunday morning, when, shortly after 1 a.m., a bomb or dynamite exploded under the front verandah of the home of I. G. Lombardo, Ferris street west, and badly damaged the front of the house.

All the occupants of the house were in bed in rooms upstairs, and no one was injured. The house was badly shaken, however, and was almost distorted from its foundations. Window glass in nearby houses was broken, and the entire neighborhood thrown into a panic.

Police Sergeant Stewart was on duty at King and James streets, and on hearing the loud report, fearing it was an explosion, set off for the north end, where he was directed to Mr. Lombardo's home. He found the front verandah a complete wreck and a large hole torn in the wall from the effects of the explosion. A fairly powerful bomb or several sticks of dynamite were used, it is thought.

Several local Italians have received threatening letters of late, and it is believed that the Black Handers are making a studied attempt to strike terror into their peaceful compatriots so that the latter will meet the financial demands made on them.

Only last Tuesday a similar outrage occurred at the home of Monaco Natale, who lives on Sheaffe street near Bay street. Dynamite was used, and heavily damaged the house. Natale stated that he received a Black Hand letter a few days previous, warning him that if he did not leave \$1,000 at a certain place he and his family would be killed.

No arrests have been made. The explosion was heard as far as Dundas and Stony Creek.

ULSTER STANDS FIRM

Victory of Unionists Places Parliament on Sound Basis.

Only Hope of Ultimate Consolidation of Ireland Lies in Negotiations Between North and South—Sinn Fein and Nationalist Elements Not Strong Enough to Handicap Sir James Craig.

BELFAST, May 30.—The final composition of the Ulster Parliament will not be known until some time later in the week owing to the length of time which is being consumed in counting the vote of County Down.

As the count now stands the Unionists elected 33 members, the Sinn Fein 6 and the Nationalists 5, with three seats still to be filled. Queen's University has returned four Unionists.

The Ulster election has passed off with singularly little comment in the English press. The sweeping victory of the Unionists has been somewhat of a surprise, but it is believed that the Sinn Fein-Nationalist Coalition did not work as well beneath the surface as had been hoped for. It had counted on winning 20 seats, and if it had done so the abstention of 20 members out of the 52 would have gone far to cripple the authority of the Northern Parliament.

As it is the Ulstermen have established unmistakably their claims, it is held here, and the situation is clearly defined. All Southern Ireland is Sinn Fein, and in the six counties of Ulster the predominance of Unionism is established in the face of a divided Opposition. Commenting on this, J. E. Garvin writes in the Observer:

"In three-fourths of Ireland the Sinn Feiners have swept the board and are now the only party worth negotiating with. In Ulster the Covenanters, under Sir James Craig, have secured an even greater majority than anyone on this side expected. Ulster, by the steady will and determination of its Unionist people, is established as a solid little self-governing society, well able to hold its own, and the strongest in the world for its size."

"No means or force existing in Ireland, or outside it, can undo this event. Let us be sure of that. No unity of Ireland ever can or will exist until their consent to it is won by methods of reason, replacing the methods of anarchy."

The only hope of Ireland, it is felt here, now rests in negotiations between the North and the South. Lloyd George, by his remark in the House of Commons on Thursday that, if necessary, the crown forces in Ireland would be increased, showed that the Government had no intention of changing its policy. The North and South are face to face, but, unfortunately, little has come out about their negotiations suggests, it is feared, that there is a chance of a real understanding between them. The success of the Unionists in the North, it is believed here, will stimulate the desire of moderate Sinn Feiners, shocked by such outrages as the burning of the Dublin Custom House, to reach an agreement with them.

Sir James Craig, Premier-designate of Ulster, has gone to London to arrange the details of the ceremony attending the opening of the new Northern Parliament on June 7. The Ulster Unionists still express the hope that either King George or the Prince of Wales will formally open the proceedings, and deny the "exaggerated" idea the people of England have concerning conditions in the six Ulster counties, which the English believe, would make it dangerous for royalty to visit this country.

The Unionists, however, probably will have to be satisfied with some lesser dignitary, among those mentioned being the Prime Minister, Mr. Lloyd George; the viceroy, Viscount FitzAlan, or even Sir E. Clarke, the viceroy's representative in Ulster.

The ceremony will be held in the Belfast City Hall, one of the finest edifices in Ireland. It is a big stone building, occupying a commanding site. The interior is finished in Italian, Greek and Irish marble, with fine memorial windows, and some of the finest modern carvings.

THIS WOMAN'S RECOVERY

Shows Remarkable Restorative Power of Lydia E. Pinkham's Vegetable Compound.

Chesley, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half way up the steps. I tried two doctors but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, and do all my housework, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish."—Mrs. HENRY JANKE, R. R. No. 4, Chesley, Ontario.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Fitzgerald—Siddall, and carried, that we adjourn until Tuesday, June 7, 1921, at 8 p.m.

SCHOOL INSPECTORS' REPORTS
The Public School

Mr. N. McDougall, Public School Inspector, spent a day and a half here March 21 and 22 and made his report to the Board of Education on May 5th. We quote from the report the following information:—Accommodation good. Value of Equipment: Library \$176.18; Maps etc., \$79.60; miscellaneous articles \$141.55; play equipment, \$48.07.
Teaching—The assistant teachers continue to do very satisfactory work, while the new principal seems to be faithfully discharging his duties and I trust in such a manner as to give general satisfaction. The organization and discipline is satisfactory.

The total enrolment is 149, average attendance 142. The percentage of enrolment is 95, which is very high, showing that the attendance is very regular.
In most respects the pupils show very satisfactory proficiency.
Eighty per cent of the pupils are well advanced according to age, while 20 per cent have made slower progress.

Accommodations—I presume it is the intention of the Board to renovate the interior of the two classrooms on the second floor during the mid-summer vacation. The three rooms on the main floor were much

improved last year. The caretaker is also very anxious to have a few electric lights placed in the building, particularly in the basement.

Equipment:—The principal and I looked over the maps and find a number of them out of date. It might be well to have some of these replaced. There have been many geographical changes in recent years.

Teachers—I discussed in my last report the possibility of reducing the staff to four teachers but this seems scarcely possible at present. After holidays there will likely be 40 in Miss Reid's room, 24 in Miss Cameron's, 25 in Miss Jessie Hume's, 40 in Miss Esther Hume's and 26 in the principal's room. The most practical way of reducing the staff would be to combine the First and Second Classes and put them in one room. This would make a class of 40 which would be quite heavy for one teacher. It would probably be wiser to continue with your present staff for another year.

N. McDougall,
Public School Inspector.

Watford High School
Mr. Geo. F. Rogers, paid an official visit to the High School on May 3rd and 4th. The following extract from his report will be of interest:—

The accommodations are I and II Slate blackboards have been placed in all the class rooms. Two cupboards have been provided for the library. I would recommend that the following changes in the accommodation be made during the summer holidays: (1) The tops of the desks in at least two of the class rooms should be planned to remove the unsightly markings. (2) A new apparatus cupboard should be placed in the Science laboratory, and the small inconvenient demonstrator's desk should be replaced by a large commodious one. (3) The rooms on the ground floor should be wired for electric light. (4) New steps should be built at the front entrance of the building.

The present value of the equipment is as follows:—Reference library \$306.91; Supplementary reading \$236.94; scientific apparatus \$1046.94; maps and charts \$165.50; art models \$109.00; biological specimens \$111.25; for physical culture \$144.88. The equipment is satisfactory for the present.
Organization:—The ratio of pupils to teachers is 19 to 1. The timetable makes suitable provision for all subjects taught.
All the teachers are duly qualified, the discipline excellent, the registers and catalogue of equipment properly kept. Fire drill once a month.
The teaching of all grades is good. The character of the pupils' work is mostly good. In a few cases the writing is reported bad. History needs strengthening.

I am pleased to report that I find conditions in this school decidedly good. The newly appointed Principal has matters well in hand and is showing ability in organization and management. Associated with him are three very efficient teachers who are co-operating with him in every way. The pupils are well behaved and are, apparently, in earnest about their work.

The tone of the school is excellent. During my visit a fine memorial bell was placed in the tower,—a tribute from the pupils and ex-pupils to their companions who enlisted in the Great War.
I had the pleasure of meeting the Chairman and other members of the Board.

"They Don't Owe Me a Cent--"

That's what a person will say about a pair of shoes that have been satisfactory in every way—when they are laid aside for the last time. Worn out, but they have earned their cost. No longer of any use—but they've been reliable—trustworthy—dependable—every minute since I bought them.

That is something that we try to have true of every shoe that we sell.

To please us it must please you. To please you it must earn its cost by giving proper service.

We don't sell shoes and the customer too—just shoes.
