## ROSS FREED FROM PRISON

### Murder Case Ends With Slayer of Captain Perry Unknown and Still at Large

Yarmouth, July 6.—The Perry case is finished. As Mansfield Ross stepped down from the dock this morning into the free air and sunshine, shook hands with a few friends about the door, and with his mother at his side, was driven rapidly away in the direction of his home, there passed from the stage and through the exit of freedom the last remaining figure in the most intense tragedy drama that has convulsed public feeling in Nova Scotia.

Ross had been charged with being an accessory after the fact in connection with the Perry homicide. Mrs. Clara Elizabeth Perry was, last evening, acquitted of the charge preferred against her, the charge of with her own hand and on the threshold of their own home, striking down her own husband, and with the verdict of "not guilty", in the case of the principal, the charge against Ross practically, if not technically, ceased to exist.

All that was required this morning was a quarter hour of formal proceedings in which the grand jury returned the indictment with "no bill" endorsed upon it—and Mansfield Ross was discharged to go his own way, a free man.

Where the crowds had for seven days pressed close to the barrier that held them back from the court enclosures, pressed and craned their necks and strained their ears to see and hear the progress of the fight for the life of the black-garbed woman in the prisoner's box, where that sea of humanity had surged in all the morbid curiosity that is human nature, not one of them was there this morning to break the restful emptiness of the huge space beyond the railing.

Judge, counsel, jurymen witnesses, defendants and litigants in other cases, newspaper and court officials and attendants, these were there in their accustomed places. The little mother of Mansfield Ross, was there, Eleanor Perry, his fiancée, was there, with two of her sisters, waiting for the boy who would soon be delivered back to them out of the custody of the law. But the great, curious public beyond the barrier—the great curious public had heard the verdict and gone its thousand ways.

Captain George Henry Perry, brutally and horribly murdered within the shadow of his own house on Argyle street, sleeps on in his grave in a cemetery in this town. He sleeps there with his murder unavenged with the person who struck those fearful death dealing blows at large and unidentified.

The defence had its theory. The monster in human form who struck down Captain Perry, Mr. Landry had declared, was lurking about the Perry premises that evening. He followed Captain Perry into the yard as the captain was coming home from the Nickerson house, followed him into the shadow, or possibly waited there for him, and as the victim was

about to enter his own door, he was done to death. This, the defence counsel was moved to tell the jury, was the work of a man, not a woman—demanding "Where is that man?" And that is the question that Yarmouth and Nova Scotia must ask today. "Where is that man?"

Almost have some people in Yarmouth come to believe in the psychic. A strange tale is told here that seems to fit almost uncannily the theory advanced by the defence. It is said that a former Yarmouth woman now living in the United States became deeply interested in the Perry murder mystery. She consulted a medium, this medium is said to have told this woman a remarkable story.

Captain Perry, it was declared, was killed by a man taller than himself. A man who wore a cap slouched down on one side of his head. This man struck the captain as he was entering his own home, struck him down, finished him and robbed him of his purse. The money the assailant took, throwing the purse into some shrubbery, where it would later be found.

And so the Perry murder enigma rests for the time being, with the mystery as deep as ever, the riddle unsolved and the perpetrator or perpetrators of one of the most shocking crimes in the annals of this province still free and unpunished.

## ROSS WEDS MISS PERRY

Yarmouth, July 8.—Mansfield Ross, one of the principal figures in Nova Scotia's most famous murder trial and Miss Eleanor Perry, daughter of the late Captain Perry were married this afternoon in Holy Trinity church by Rev. H. L. Haslam.

The ceremony was performed in the presence of only the members of the families of the bride and groom. Immediately following the couple returned to the Perry home on Argyle Street.

This marriage will set at rest rumors of the previous marriage of this young couple.

It had been reported for some time that the couple would be married as soon as Ross was released.

An accident which has cast a gloom over this town was reported tonight when Lawrence Richard and his cousin Paul Ritchard were drowned at Wedgeport last night. They were both 18 years old.

## RED HOT JULY DAYS HARD ON THE BABY

July—the month of oppressive heat; red hot days and sweltering nights, is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on and they will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box. The Dr. Williams' Medicine Co., Brockville, Ont.

## THE LATEST CRICKET NEWS

### Annapolis County vs. Kings County At Kentville Last Saturday.

One of the most exciting cricket matches ever played in Nova Scotia took place at Kentville on Saturday. The result was a tie, each team scoring 95 runs. The Annapolis County Eleven, nine of whom were from Bridgetown, batted first and compiled the very creditable score of 95 against strong bowling by Kings Co. Charles Ollerhead being top scorer with 29 runs and R. Whiteway and H. MacKenzie, both reaching double figures. Kings County opened up strongly and scored 80 runs with only five men out, this requiring only 16 runs to win and having five men still to bat. Thanks to some excellent bowling by W. Donat and C. Ollerhead, backed up by superb fielding on the part of the Annapolis County Eleven, four more men were dismissed for an additional 14 runs, bringing the Kings total to 94 with one more man to bat. The excitement at this stage of the game was intense and any person who looks on cricket as a "slow" game would have received a different impression then, Mr. Elliott Smith, of Wolfville, was batting and scored a run with the first ball bowled and so brought the score to a tie. Now Annapolis County had to get one man out before another run was scored to save being defeated. Charles Ollerhead was equal to the occasion and with a beautifully pitched ball secured the final wicket, thus making the game a tie. The whole game was played in the most friendly and sporting spirit. As the winners have to play Hants County for the championship of the Annapolis Valley, a replay of the above game will take place shortly at Bridgetown. Chas. Bothamley captained the Annapolis County team and Capt. Holland of Kentville the Kings County. Both teams were very hospitably entertained to lunch at the Cornwallis Inn, and to tea at the ground by the Kentville and Wolfville Clubs.

## BASEBALL IN YARMOUTH

(Times)

An exhibition game of ball was played on the William street grounds Dominion Day at 4:30 p.m. between Bridgetown academy and Yarmouth academy. The brand of ball furnished the fans was fully equal to the senior league play. At the end of the 9th innings the score stood 3 all. In the extra inning which was necessary to decide the game, Bridgetown managed to score on a past ball. All efforts on Yarmouth's part to even the score in their half of the 10th were unavailing. The game finished 4-3 in favor of Bridgetown. The visitors furnished two pitchers, first of whom was a south-paw and both of whom pitched class ball. Corning and Allen were the battery for Yarmouth and worked perfectly.

Capt. Key Nelson for the home boys was very much in evidence. Horton who played an errorless game in Halifax against Pictou, was also in good form. In the 7th inning Lightbody, who was playing a fine game on second twisted his ankle which caused a delay of a few minutes but he pluckily continued his position, being loudly applauded by the fans. For the visitors beside the work of the two pitchers before mentioned, the work of the catcher was simply wonderful in a boy of his size and build. Their team as a whole was a perfect working machine and would have done credit for older men.

Chief of Police Gill and Charles McDevitt umpired. The attendance was not as large as it would have been owing to the fact that the game had been cancelled early in the day and new arrangements for playing were made at the last minute. Those who were fortunate enough to see the game, claim that the ball played was superior to a good many of the league contests and the work of those clever school boys looks well for the future of baseball in Yarmouth.

## DECS OF ANTIS ARE CLEARED FOR ACTION

Lively Session of Pictou Presbytery Association—Revived to Preserve Historic Church.

A New Glasgow despatch says: The meeting of the Pictou Presbytery held here today was one of the most interesting sessions of this body for some time. The issue was a phase of the much debated question of Church Union, and the discussion at times grew fairly acute. At a former meeting of the General Assembly was adopted and forwarded asking that Church Union be not further dealt with until another vote of the members of the Presbyterian Church throughout Canada be taken.

It seems that the recent meeting of the General Assembly when the question of Church Union was voted upon, did not cast their votes in accordance with the Presbytery's overture. Their action came under fire today, The Commissioners endeavored to justify their course and the antis declared their decks were cleared

for action, and from now on they were prepared to give open battle. Taking advantage of the meeting of the Presbytery here in New Glasgow today a party of men determined to continue the Presbyterian Church gave a luncheon at which were present eight members of the Presbytery and a number of representative laymen. It was decided to revive the Presbyterian Church Association, and a committee with Rev. Robert Johnston as chairman was appointed to complete the organization and report at a meeting to convene at call of the chairman.

The utmost enthusiasm prevailed. While every one realized the gravity of the situation, there was but one voice—the Presbyterian Church must and shall continue and if disruption come it will be brought about not by those who remain true to the faith of their fathers but by those who abandon it.

## REGULAR MEETING TOWN COUNCIL

### Assessors Appointed, List of Bills Ordered Paid and Other Matters of Interest

The regular monthly meeting of the town council was held in the council chamber last Friday evening, July 8th, Mayor Warren in the chair. Councillors present: J. S. Moses, A. L. Anderson, A. A. Dechman and C. A. Bent.

The minutes of the last regular meeting were read and confirmed. The following bills were read and on motion ordered paid:

J. H. MacLean ..... \$ 38.74  
Austin Bros. .... 213.15  
W. H. Thorne ..... 19.89  
O. S. Dunham ..... 21.31  
A. G. Walker ..... 7.40  
A. M. King & Son ..... 9.25  
Time Sheet for June ..... 112.95

A communication was read by the Mayor from the Mayor of Halifax and City Clerk, stating that the sixteenth annual convention of the Union of N. S. Municipalities will be held in Halifax on Tuesday, Wednesday and Thursday, August 30th, and 31st and Sept. 1st, with a pressing invitation extended to the town council of the town of Bridgetown to attend the 1921 convention.

On motion the following were appointed assessors for the ensuing year, Capt. J. W. Salter, A. B. MacKenzie, and V. A. Lloyd, and the clerk was ordered to notify these gentlemen of their appointment.

The saving of water was discussed at length. It was moved by Coun. Anderson and passed that whereas the source of water supply is fast becoming exhausted therefore resolved that the policeman notify the Methodist Church officials that unless the leakage of water was attended to and stopped the water will be shut off from the church.

And whereas it is reported that a heavy waste of water is occurring at the D.A.R. station, it was therefore resolved by motion of Coun. Anderson and Coun. Bent and passed that if this leakage is not attended to within the next two weeks some stringent means will have to be resorted to for the saving of water.

Moved by Coun. Dechman, seconded by Coun. Bent and passed that the matter of rates charged factories be referred to the committee on Public Works and that the said committee report to the council at the next regular meeting.

Minutes read and approved. Council adjourned.

J. E. LLOYD, Clerk.

### The Ideal Bathtub for Baby

EDDY'S Indurated Fibreware is just the thing for baby's bath. Besides being light, easy to handle and unbreakable, it has a surface which cannot cause injury—no cracks, no joints, no nails or rivets. It is moulded in one piece and unlike wood, it cannot splinter or come apart. It is much superior to metal because it cannot dent or rust. Metal tubs quickly absorb heat and are liable to scald baby's skin, even after cold water is added. In a like manner, metal if cold will strike chill to the skin and also cause the water to cool quickly. Eddy's Indurated Fibreware does not radiate heat or cold and is quite safe. For the same reason like the water warm longer.

### FLEE IN PANIC FROM STROMBOLI'S FIERY CRATER

Thousands, Frenzied by Wild Activity of Famous Volcano, in Flight to Avert Their Doom

Messina, Italy, June 28.—The volcano Stromboli, on Stromboli Island off the north coast of Sicily, burst into wild activity last night and terror fills the island. The molten rocks and sulphurous gases pouring from the crater, it is feared, will spell impending doom to the panic-stricken inhabitants.

The people of the island, frenzied by the uncanny behavior of the volcano during the past three days, are congregating on the shores preparing for an attempt at flight, but waiting in the hope that the volcano will subside.

### MOLTEN DEVASTATION

The eruption is accompanied by quakes, felt for thirty miles, shaking the adjacent islands. Flames and black clouds from the volcano are plainly seen from Messina. The shape of the crater has been changed by the violence of the eruption; apparently a large piece has been detached. The surrounding plains are devastated by molten matter everything living in its path having been destroyed.

### OCEAN HIKERS ARE IN MAINE

Roque Bluff, Me., June 28.—The ocean hikers left North Head at 11:20 o'clock on the morning of June 24, and rowed around the island, completing this task at 3:30. With an northeast wind they arrived at Cutler, Me., at seven o'clock, where they had their book signed by Postmaster C. G. Aldrich, as there was neither mayor nor custom house officer in that port.

### BODY OF INDIAN IS FOUND OFF PICTOU

Pictou, June 26.—The body of Joseph Wilmot, an Indian, was found floating in the harbor this morning off Seaview cemetery by Chief of Police David A. Morrison, who secured a boat and with assistance brought it ashore, where it was taken in charge by George McLaren and Sons, undertakers, in whose parlors an inquest was held this afternoon by Coroner Dr. S. Anderson, the coroner's jury rendering a verdict of accidental death by drowning.

The last seen of Wilmot was on the night of Dec. 24 last, when he left Pictou in a small boat for the reservation east of Pictou Landing. It was supposed at the time that the boat capsized when he was trying to force it through light ice and lolly.

### 27 DRUNKS APPEAR IN ONTARIO COURT

Niagara Falls, Ont., June 28.—Twenty-seven men appeared in the police court here this morning following the wild orgy near Stamford, last night, when a number of workers on the Ontario Hydro-Power construction got possession of several cases of wine. The charges against the men in court this morning were of "drinking liquor in a public place." Convictions were registered in 24 cases. Nineteen men were fined \$100 each, and most of them being unable to pay, were removed to Welland jail. Five got off with a fine of \$10, while the others were dismissed.

### WILL ROW AT BOSTON

St. John, June 25.—It is announced here that arrangements have been completed for the sending of Hilton Belyea and Grenville McCavour to the New England rowing championships, which will be held on July 4, on the Charles River, Boston. A large delegation of St. John sport enthusiasts will probably accompany the rowers.

### ROBBERY IN MONTREAL

Montreal, June 27.—Four men, who are believed to be members of the gang which held up the Canadian Bank of Commerce messenger at Chambly, a couple of days ago, making away with \$1,800, last night held up the night clerk in the Royal Hotel, Jacques Cartier Square, and stole sixty dollars.

### WESTERN GRAIN CROPS MAKE GOOD PROGRESS

Winnipeg, June 29.—The very intense heat which has prevailed over the three prairie provinces in the past week has had a very forcing effect on the crops in the districts where moisture has been abundant and reports are being received from many localities to the effect that the wheat is already coming into head, according to the weekly crop report of the Grain Trade News.

"These high temperatures," says the report, "have had a most disastrous effect on these sections of the country, where moisture is lacking and some very serious reports are coming in from southern Alberta to the condition of the growing crops there. Saskatchewan and Manitoba, on the other hand, with the exception of a few isolated cases report the best of crop conditions."

### HELPLESS—FIVE DAYS IN WOODS

(Canadian Press Despatch)  
Sydney, N.S., June 28.—After five days alone with a broken leg and without food, water or shelter, Michael B. McNeil, a seventy-year-old prospector, was found by several boys in a patch of woods near Louisburg yesterday and carried for treatment to St. Joseph's Hospital, Glace Bay, where it is said today that his recovery is certain. McNeil left his home in Reserve on a prospecting trip with only two biscuits in his pocket, intending to purchase a supply of food at Louisburg. While clambering down a rocky ledge he fell and fractured a leg which was weakened from having been previously broken in a mine accident some years ago.

### CANADA A GREAT FOREST COUNTRY

Canada has much land too rocky or too sandy to grow farm crops, but just suited to the growing of forest trees. If this land is kept in forest it will help our farmers, manufacturers, merchants, carriers and workmen. But if the forest is destroyed, the land will become a barren desert, streams will dry up, and business and industry will be injured. The chief foe of our forests is fire. Most fires are caused by carelessness. Therefore let all who go into the forest be careful with fire.

### NOVA SCOTIA GIRL KILLED BY TRAIN

Miss Phyllis DeLong's Body is Found on Tracks Near Cottage Farm Bridge.

Boston, June 29.—Funeral services were held at the Clarendon street Baptist Church for Miss Phyllis De Long, the Nova Scotia girl who met a tragic death on the railroad tracks near the Cottage Farm Bridge. The exact cause of death is not stated in the accounts of the affair in which the girl from Nova Scotia lost her life. Her body was found torn and bleeding at the side of the rails.

The dead girl came from Kent, Kings County, and her body is now on its way to that town. Burial will be in the family lot at Kent. Rev. W. H. Freida officiated at the funeral and the bearers were James Floy, Richard Young, Walter Hathaway and Wm. Garlick. Miss DeLong is survived by a brother and sister, both of whom reside in Kent, Nova Scotia.

The dead young woman was a missionary. She had worked at the risk of health and life in infant China and it was stated at her Boston address that her health had been undermined. When sickness came upon the young woman she was sent back to this country. Although in poor health, brought about by her difficult work in the Orient, Miss DeLong continued her labors in Boston and was working in the missionary department of the Clarendon St. Baptist Church in the South End of the city.

### CELEBRATE GOLDEN WEDDING WITH THEIR 11 CHILDREN

Pictou, June 26.—Surrounded by their 11 children, the entire family of Mr. and Mrs. James Y. Graham, of Rockfield, Saturday, celebrated the fiftieth anniversary of their marriage, their golden wedding. The event is of more than ordinary interest, for it is the first time that the entire family has been together.

Few couples who live to celebrate their golden wedding do so without a break in their family circle, yet today Mr. and Mrs. Graham are surrounded by all their children, gathered at the old homestead from Western Canada and the United States. On June 24, 1871, Mr. and Mrs. Graham were married at Durham, (N.S.), by Rev. Mr. Ruddick.

The family assembled today are: Albert E. Rockfield; J. William, Providence, R.I.; Mrs. W. T. Kinney, Castor, Alta.; John L. Trenton; Leander, Lime Rock; Charles H. Rogers Hill Center; Mrs. A. Scott McCabe, Loch Broom; G. Forbes, Providence, R.I.; Mrs. C. B. Larkin, Worcester, Mass.; Alvin, Scotsburn, and Mary Lena, Rockfield.

### FREIGHTER IS TOTAL LOSS

Saturday at 1 o'clock the hull of the Rosina B. the Brister freighter, on fire in the North West Arm, fell to pieces and the machinery, which was white hot, sank beneath the surface, enveloped in a cloud of steam.

The freighter was in such a position that little damage was sustained by the other craft moored near the wharf, belonging to Charles Brister and Son. The only other vessel to catch on fire was the old barge Hector, which is partly submerged and of practically no value. No attempt was made to put the flames out and late last evening she was still on fire, but there was no danger of the flames spreading.

George Brister started last evening that the Rosina B. was destroyed completely and in no condition to be salvaged. He said that she would be removed from the place to make room for other boats to dock and any part of her machinery saved would be scrapped. The only part of the boat to be seen above the surface is the funnel.

It is understood that insurance to the total of \$50,000 was carried upon her.

### FOUR MOTORISTS KILLED ON RAIL

North Sudbury, Mass., June 29.—Four Maynard residents were killed, two were injured, one fatally, and two others escaped injury by jumping when the big touring car in which they were riding was struck with terrific force by a freight train on the grade crossing over the main road from Sudbury to Maynard last night.

The crash when the automobile and train came together could be heard for a mile, and those within several hundred yards were startled by the cries of the injured. The automobile was picked up by the pilot of the locomotive and carried for a mile before the train could be stopped. The passengers of the automobile were thrown beneath the wheels of the train or into the lots on the side of the track. The killed were employees of the Assabet Wood Mills.

Canada's forest resources constitute one of the Dominion's most valuable assets. They contribute to the trade of Canada upwards of \$200,000,000 a year. They play an important part in our external commerce. With proper protection our forests can be made to produce timber in perpetuity.

### CASE KEROSENE TRACTORS

Here is a 2-plow tractor, the Case 10-18 H. P., built by the J. I. Case Threshing Machine Co. This is a powerful and economical kerosene burner, simple to operate. Pulls 3 bottoms under favorable conditions.

This is the Case 15-27. It pulls 3 plows in tough, hard soil, 4 bottoms under favorable conditions. Practical for all other drawbar and belt work. Has 4 cylinder, valve-in-head specially designed motor which burns kerosene economically.

Three twelve inch bottoms is the regular load in our Valley soil for our 10-18 Machine. Having all enclosed gears this is the machine for hard work and guaranteed not to tip over backwards.

At the end of the first round Wethered, with 77, was only three down, but later Hutchison's experience began to tell in decisive fashion.

**MAKE PLANS TO HANDLE APPLE CROP**

(Halifax Herald)  
Arrangements are being made to carry this year's Nova Scotia apple crop to Great Britain under better conditions than ever before, so that the fruit will reach the Old Country market in the best of shape. The Furness Withy Company, which has during the past years carried most of the apple cargoes across the Atlantic and which, towards the close of last season, had some oil-burning ships in the apple-carrying trade, is this year having oil-burning and other up-to-date equipment installed in the ships so that they will be ready at the start of the season.

Reports from the Annapolis Valley so far indicate that there will be another bumper crop of apples grown there this season and that next fall there will probably be more than a million barrels for the export trade. The Furness line have specialized in this trade for many years, carrying 5,000,000 barrels out of a total of 7,000,000 during the past 13 years, and their present endeavor is to specialize still further in this direction by fitting their vessels particularly for the purpose.

If the Old Country markets are good this fall, the apple trade alone should provide considerable activity on the water front for Halifax during the coming fall and winter. It was stated yesterday by a prominent shipping man. Arrangements are being made to ship the apples direct to such markets as London, Liverpool, Manchester, Cardiff and other ports.

The importance of the apple crop trade to Halifax is not generally recognized by people who are not familiar with marine matters. Shipping men, however, declare that it is worth more than all the passenger business Halifax ever had or can ever expect. Last year, they point out, it meant the calling at Halifax of 85 steamers with consequent outlay for port charges, provisions, coal, stevedore labor and all the other incidentals which mean leaving revenue in this port.

It is also announced by the Halifax offices of the Furness line that the steamer Fort St. George is to be put on the run between New York and Quebec, via Halifax, this season.

**HOLD-UP WOMEN BUST IN MONTREAL**  
Montreal, June 28—Women highway robbers, armed with revolvers, richly dressed, and driving luxurious automobiles, are now plying their trade in Montreal, and are succeeding in extorting money from their victims by new methods, according to the story of one who escaped their toils.

While walking home from Dominion Park, a citizen was overtaken by a respectable-looking woman, driving a high-powered car. She asked him if he would like a lift. He assented and asked to be driven to an uptown hotel. Instead of taking him there, however, this woman drove to a deserted house in the country. She invited him to enter and the citizen accepted her invitation. As soon as they crossed the threshold, his companion pulled out a revolver and demanded his money. A struggle followed terminating in a victory for the man.

**ROBBERS MAKE BIG HAUL AT NIAGARA**  
Niagara Falls, Ont., June 28—The watchman of the Oneida Silver works was found in a stunned condition, and a bar of silver containing 7,450 ounces is missing. At a rate of 60 cents an ounce, the silver is worth nearly \$5,000. When the watchman had recovered somewhat, he said while making his rounds at 2:30 he saw two men in one of the halls. One had a revolver in one hand and a club in the other.

They ordered the watchman to hold up his hands and when he reached for his revolver they clubbed him over the head. They stole his coat and revolver. The police have no clue.

**GEORGE R. RIDEOUT GETS BIG PURSE**  
Sydney, N.S., June 29—As a mark of their appreciation of his services during the first two months of the bone dry Sydney campaign, leading citizens of Sydney tonight at the Y.M.C.A. presented Inspector Geo. R. Rideout with an address and a substantial purse on the eve of his departure for Montreal to attend the annual convention of the Chief Constables Association of Canada. The presentation was made by C. P. Moore, president of the local Social Service Council.

**TWO AVIATORS KILLED**  
Sacramento, Calif., June 27—Flying cadets Harold E. Page, Union City, Mich., and Joseph W. Weatherby, of Fort Davis, Tex., were killed instantly today when their airplane crashed to earth near Visalia, approximately 200 miles south of here. The men were starting a flight from Visalia to Sacramento, when the plane fell.

**YOUNG WOMEN AVOID PAIN**

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask. — "For two years I suffered from periodic pains and nausea so I was unable to get around. My mother had me take Lydia E. Pinkham's Vegetable Compound, and I am much better and able to go about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help any one, as I hope it will." — Miss Z. G. Blackwell, 2078 Oiler Place, Regina, Sask.

If every girl who suffers as Miss Blackwell did, or from irregularities, painful periods, backache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

**THREE DROWNED**  
Quebec, June 27—Georges Parry, a grocer of this city, was drowned in the Jacques River at Tewkesbury early this morning, while his daughter, aged 18 years, and his son, Henri, aged 10 years, were also drowned.

The party motored to Tewkesbury, this afternoon, and while the girl was standing on the bank of the river she slipped and fell into the water.

The father endeavored to reach out to rescue her, and was held by his young son, but he also slipped and dragged the boy in with him.

None of the bodies of the victims have been discovered.

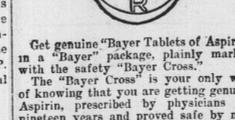

**SUSPECT "GHOST" OF BOMBARDING A SHOE MAKER**  
Berlin, June 29—A story of flying shoe nails comes from the little village of Wunstedel, Bavaria. Most of the windows of the village shoe maker's house have been smashed by the bombardment, which has lasted six days.

The manifestations, which the authorities believe are due to spiritual phenomena, take place in daylight. The nails come sometimes singly and sometimes in great masses. The village school children have been confined to their homes as a precaution.

**CANON HARRIS IS WELCOMED ON RETURN**  
Mahone Bay, June 29—A large number of parishioners met in St. James parish house last evening, to tender a warm welcome home to their rector, Canon Harris, his wife and daughter, on their return from an extended visit to British Columbia.

The church warden and others made feeling addresses of welcome on behalf of the congregation, and a purse of over \$100 was presented as a token of affection. Young and old expressed themselves to be rejoiced that the rector had been so greatly benefited in health by his delightful trip from coast to coast.

Get genuine "Bayer Tablets of Aspirin" in a "Bayer" package, plainly marked with the safety "Bayer Cross". The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for nineteen years and proved safe by millions for Headache, Neuralgia, Cold, Rheumatism, Lumbago, Neuritis, and Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

**CANADA'S EXPORTS OF BACON**

The Dominion To Offer Prizes For The Encouragement Of Boys' And Girls' Pig Clubs.

During recent years, and particularly during the war period Canada's export bacon trade developed very rapidly. This is proven by the fact that last year exports of bacon from the Dominion amounted in value to \$34,000,000 and that our killings of hogs in eight years doubled in number, while those of Denmark and Ireland decreased considerably. With the return to normal conditions, vigorous efforts will have to be made in order to maintain this position.

The Live Stock Branch of the Dominion Department of Agriculture has entered upon a special campaign to stimulate the production of hogs of the bacon type. In co-operation with the provincial departments, an arrangement has been made to offer attractive prizes to members of boys' and girls' pig clubs who exhibit at local fairs, both for quality of product and ability in judging. Where such clubs do not exist, attempts at organization will be made. The idea is not only to stimulate and sustain production, but to circulate knowledge of actual market requirements and thus to create a standard type of bacon hog for the entire Dominion.

When it is stated that the British market imports annually 500,000,000 pounds of bacon, understanding is possible of the value of the trade that is at stake. It is hardly necessary to suggest that the hearty co-operation of farmers and everyone interested is hoped for. Rules and regulations governing the competition may be obtained from the Dominion Live Stock Commissioner at Ottawa.

**F. S. HUNTLEY, 71, IS DEAD AT TRURO**  
Truro, June 16—The funeral of F. S. Huntley will be held tomorrow. He was 74 years old, and died Friday after ten days' illness of pneumonia. He was well known not only in Truro, but in many parts of Colchester and Pictou counties where his work as general agent for the Great West Life carried him.

Deceased was born at Medford, Kings county, and came to Truro 23 years ago. During most of his life he was actively engaged in selling of life insurance and was a salesman of marked ability. The Great West Life, for which he was agent for many years, had arranged to have next month called "Huntley month" as his birthday would come in that month.

In his immediate family he is survived by his wife, four sons and three daughters.

**TWO VESSELS LIMP INTO ST. JOHN'S**  
Charlot and Seapool Both Hit Icebergs in Grand Banks

St. John's, Nfld., June 10—With her decks awash and her lifeboats ready for instant launching, the freighter Charlot made port here today. The steamer, property of the United States Shipping Board, smashed her bow in a collision with an iceberg yesterday.

The boat was far down at the head and water threatened her boilers momentarily. The crew fought hard all night to keep her afloat.

The Seapool, British steamer, which struck an iceberg Tuesday, docked today, entering the harbor under her own power. The extent of damage was to be determined today when the bow was raised.

**PRINTERS STRIKE AT OTTAWA ENDED**  
Ottawa, June 28—The strike in the printing trades which has been in progress nearly a month, is now ended as far as the master printers are concerned. This intimation is conveyed in a statement issued by them this morning, in which it is stated that they have definitely discontinued all negotiations with the different unions, and will henceforth conduct "open shops."

The signatories to this statement include nineteen of the largest job printing offices in the city, who, before the strike, employed 386 hands, and now have 223, out of which 79 are former employees who are dissatisfied with the actions of their unions.

**STEAMER HERMES IS AT NORTH SYDNEY**  
North Sydney, June 28—Steamer Hermes arrived in port today from Avonmouth, England, to bunker coals at the Scotia pier, bound for Montreal for a cargo of grain to Manchester. The Hermes left here several weeks ago in charge of Captain Hanson, who lost his twelve-year-old son overboard and narrowly escaped losing his wife to a similar fate, who was saved when her dress became entangled in some gear on deck.

Captain Hanson, who is well known on this side for the past ten years, is taking this run off and is spending a vacation in Norway, his homeland. The first mate is now in charge of the steamer.

CADETS AT CAMP

The Bridgetown Cadet corps spent last week in camp at Aldershot, going on Monday and returning on Friday. The camp was for the Cadets of Nova Scotia only, a similar one being held this week at Sydney for the Cape Breton boys. Colonel W. B. Alder, C.M.G., D.S.O., General Staff Officer for M.D. No. 6, was the Camp Commandant with Lt. Col. R. B. Willis as Chief Instructor. Great praise is due the entire staff in charge for the splendid manner in which the camp was conducted. In addition to the regular cadet training, a lengthy program of sports was held Thursday afternoon, in which all the boys took a keen interest. In the junior class Walter Dechman, from Bridgetown, won the first prize for high jump, also the second prize for standing broad jump, and the 150 yard dash. He made the highest score in the Bridgetown corps at the 200 yard range in musketry for which he was awarded a medal, making with the ribbon for base ball, 5 prizes. Ralph Warren got second prize in running broad jump in the intermediate class. Joe Blakeney the third prize in the half-mile race. Great interest was taken in the base ball schedule between the various corps. The Bridgetown boys have the honor of holding the championship in base ball for the camp. Some of the games, particularly in the finals, were very fine exhibitions of junior base ball. A ribbon was presented to each boy who played on the winning teams.

MOVED A BIG BUILDING

W. A. Chute, the old commodore building mover, has finished moving the large Fruit Building at Grand Pre. This building is over 100 ft. long and is said to be the largest building ever moved in Nova Scotia. With the commodore's good engineering and expert management the move was made without a break and the whole work was a great success. The estimated weight of the fruit building was over 500 tons. In the words of the commodore: "Slowly and gently she moved to her new site". Mr. Chute has been engaged to move another building before leaving the "Land of Evangeline" and we feel sure that this well known building mover and contractor will meet with the same success that has followed him during the past half century in which he has followed the same occupation.

POPULAR HOTEL MAN SURPRISED

Mr. O. C. Jones, manager of the D.A.R.'s hotel department and proprietor of the Riverside Inn at Bridgetown, received a surprise at the Pines Hotel, Monday night when a party of sixteen ladies and gentlemen from Bridgetown and a similar number from Digby, hearing it was his birthday, arrived in autos. Refreshments were served in the Pines dining room, where the birthday cake was cut, followed by toasts and after-dinner speeches. Although Mr. Jones, who is one of the most popular hotel men in the Province, was completely taken by surprise, he responded to the occasion in his usual pleasing manner and proved a good entertainer while being entertained. We wish him many happy returns of July 11th.

RED CROSS

The Red Cross Caravans left Halifax July 10th on their annual trip through the province. Among the schedule stops are Lawrencetown, Bridgetown, Annapolis, Bear River, Digby and Centreville. During the summer vacation, Miss Chute, County Health Nurse, will devote a large portion of her time to infant welfare. The regular meeting of the Health Clinic will be held in Bridgetown next Friday, the session being devoted to dentistry. Dr. F. S. Anderson will be in attendance.

AWARDED DIPLOMAS

Among those who were awarded diplomas at the closing exercises of the Normal College, Truro, were: Margaret Bishop, B.A., Annapolis; Elizabeth Kelly, B.A., So. Farmington; Olive I. Banks, So. Farmington; Torbrook; Marjorie M. Marshall, Springfield; Aetha B. Borden, Cambridge; Charlotte W. Bowlby, and David L. Whitty, Paradise; Donald B. Messenger, Bridgetown; Velma L. Hird, Aylesford; George E. Dixon, Port Lorne; Elizabeth Morgan, and Jennie L. Wentzel, New Germany.

Local Happenings

There will be no service in St. Mary's Church, Belleisle, to-morrow, (Thursday) evening.

It is expected that the building of the Western Kings Memorial Hospital at Berwick will be completed in January, 1922.

The baseball match between Digby and Bear River Thursday of last week resulted in a win by the latter by a score of 13-5.

There will be no 11 a.m. service in St. James' Church next Sunday. The services will be 8 a.m. (Holy Communion) and 7.30 p.m.

Two Sunday School picnics took place yesterday, the Episcopal and Methodist, the former at the Pines, Paradise, and the latter at Hampton.

Mr. C. B. Tupper, of Bridgetown, has been awarded a gold medal by the W. T. Rawleigh Co., of Canada, and the United States for distinguished salesmanship.

Add to your local telephone directory, Ewart Lance, Paradise, 23-14; also Bridgetown Steamship Co., 105. The latter has been changed from a party to a private line.

H. M. Harris, of East Margareville, has been appointed a member of the Board of Examiners in Optometry for a term of two years, also Geo. T. MacDonald, of Shelburne, formerly of Digby.

Mr. R. J. Messenger has exchanged his property, the John Irvine place, with Frank Messenger, for the latter's place at the foot of Rectory Street, recently owned by Inspector Foster.

Don't forget the ice cream social and toodle soot which will be held on the Baptist parsonage lawn to-morrow (Thursday) afternoon and evening. Proceeds for church purposes.

A Western Editor says that the man who stands up in prayer meeting or offers prayer while he is in arrears for his local paper, should have arrived in Hell years ago. Gentle readers, think it over.

The Bridgetown Seniors won two ball games in Bridgetown last week. Wednesday afternoon they defeated Annapolis, the score being 11-0. Friday afternoon they defeated Berwick, the score being 11-0.

Mr. Edward Hicks, of J. H. Hicks & Sons, reports business as being brisk in their line. He recently closed contracts for his firm with the Berwick Fruit Co., Aylesford Fruit Co., and Hantsport Fruit Co. This firm has at present upwards of sixty men engaged on construction work.

As will be seen by our advertising columns a silent policeman has been placed at the head of Queen St. As an "old marine" would say this is a starboard buoy, or in other words it must be passed on your right hand side every time whether going east or west, north or south.

The Lodge, at Smith's Cove, purchased last year from A. M. Gidney by George Opdyke, has been put into a thoroughly up-to-date condition for summer visitors. New paint and paper with dainty furnishings make the interior very attractive and the view from the spacious verandah cannot be excelled on the Atlantic Coast.

A league cricket game between Bridgetown and Windsor takes place to-morrow (Thursday) at Bridgetown, play starting at 11 o'clock. Windsor has played 7 games this season and have not yet been defeated and our boys have played the same number and only lost one, so that one of the closest matches of the season should result. The Bridgetown Club would be glad to see a larger number of spectators present to cheer them on to victory.

BRIDGETOWN WINS FROM ANNAPOLIS

Bridgetown defeated Annapolis, 11 runs to nil Wednesday afternoon before a large crowd of spectators. The local players played their best game of the season, and the visitors did not have a chance. Nedder Hurley was at his best and fanned 12 batters, while Jack Malcom fanned 15 men. Long hits were numerous. Hurley, Grimshaw and Kennedy hit home runs, and Hurley also hit a two bagger.

TENNIS AT WOLFVILLE

The Bridgetown Tennis Club played a return tournament at Wolfville Saturday. The events broke even, Wolfville winning by four games. The visitors were very pleasantly entertained at luncheon at the members' homes and tea was served in the parish hall. All who were present report a delightful trip.

A GOOD BALL GAME

One of the best ball games of the season will take place in Bridgetown Friday when the Yarmouth Juniors will play the Bridgetown Juniors. A fast game may be expected and the attendance should be large.

PRIMROSE THEATRE

"In 'The Shadow of Rosalie Byrnes,' which comes to the Primrose Theatre for two days beginning Monday, there are two leading roles, and Elaine Hammerstein plays them both. She is twins.

In one she is sweet and lovable, the incarnation of perfect womanhood; in the other she is a selfish, unscrupulous actress who does not hesitate to use her sister in any way that will be advantageous to her own advancement.

At one time the latter almost gets her sister involved in murder; at another she almost divorces her sister's husband. These are just two of the developments in an unusual plot, which is characterized by a strong element of suspense effectively maintained until the very end of the picture.

Miss Hammerstein, it is said, avails herself of an opportunity to do some fine acting, and her beauty was never used to more advantage than in this, her latest picture.

YARMOUTH WINS FROM MIDDLETON

Middleton, July 6—Yarmouth defeated Middleton in an exhibition game of ball this afternoon, the score being 12 to one. Forward pitching for Yarmouth held Middleton to five hits, and struck out three men, his team giving him good backing with three errors. Reagh for Middleton allowed six hits and struck out nine men. He received poor support from the infield. Yarmouth team was in fine form and batted well, while Middleton team was off at the bat, several of the best batters going through without a hit.

TUXIS BASE BALL

The Tuxis boys' base ball schedule for the Valley comprises four teams, who are to play as follows: Middleton and Wolfville, to play home games with each other; also Bridgetown and Digby, the winners in each to play off. The first game between Bridgetown and Digby will be played on Thursday, July 14th, at 1.30 p.m., at Digby. It is expected that as many of the Tuxis boys as possible will accompany the teams.

Mr. LeBaron Coleman has sold his restaurant at Middleton to E. W. Gate.

Maitland News in Gold Hunter: Judson Lewis, accompanied by his wife, brother and niece, motored to Kentville to visit their sister, Mrs. Bond. They stopped at Paradise and took Mrs. Robert Kempton along. They visited Wolfville and Evangeline Beach, a summer resort which has been made historical and famous by Longfellow's poem.

Among the recent arrivals in Mount Rose are Miss Lela G. Banks, home on an extended visit to her parents, Mr. and Mrs. Allisher Banks. She is accompanied by her girl friend, Miss I. G. Longley, and the latter's little niece, Nita B. Loughlin. After their visit they will proceed back to Halifax, and Miss Banks will continue her work with the Harvester Herb Co., Dartmouth, where she is a valued employee.

The many friends of Rev. M. S. Richardson will be pleased to know that he is nicely settled at his new church; it is the largest Baptist Church in Yarmouth and one of the most important churches in the Maritime Provinces. Before leaving Bridgetown the church and congregation had a social evening in the school room, a programme of a high order was given, farewell addresses, and Mr. and Mrs. Richardson were presented with a purse of money and other gifts from the different societies and individuals, which had been so largely helped during their ministry here. Good wishes of the citizens of Bridgetown go with them to their new home.

**LOCAL DEATH ROLL**

**WILLIAM A. MORIARTY**  
Mr. Moriarty died in New York, on June 28th, in the seventy-ninth year of his age. His remains were brought to Bridgetown by his widow, formerly Miss Georgina Bath, daughter of the late David Bath, of Upper Granville, and were interred in the Bridgetown cemetery on Saturday, July 2nd. For the most of his life he was employed as a civil engineer during the Civil War in the warship of the United States, then for about twenty-five years in China and the Pacific Coast, by the Pacific Mail Steamship Co. For six years he was in the employ of the Japanese Government and for five years he sailed under German and Russian flags. About ten years since, he retired from the business of his life upon the sea, and spent the remaining years quietly, making his home in New York.

**GEORGE HARVEY**  
George Harvey passed away at his home in Newport, June 28th, aged 69 years and 8 months, after a short illness of seventeen days, following an attack of paralysis.

Mr. Harvey leaves to mourn, his widow, two daughters and two sons, Josephine, of Medford, (Mass.), Helena, of Middleford; Lawrence, of Woodville, and Ernest, Newport, all of whom were at home, also one sister, Mrs. Wm. Metzler, of South Gardiner, Maine.

The funeral was held on Tuesday from the Presbyterian Church and was largely attended. The service was conducted by the Rev. W. S. Irving, assisted by Rev. W. B. Parker.

**A. C. WOODBURY**  
At Bridgetown, June 23rd, there passed to his Heavenly Home, A. C. Woodbury, son of Dr. Jonathan and Mary Eliza Woodbury. In early life he gave his heart to the Saviour, was baptized by Rev. J. A. McLean. So long as health permitted his place in the sanctuary was always filled. Delicate from a child, his weakness increased with his years until not able to rise from his bed. Kind friends ministered to his wants. He was interred at Pine Grove cemetery. Dr. Hutchins performed the burial service, assisted by Rev. M. W. Brown, D.D.. One sister survives him.

**HARVESTING THE HAY CROP**

(Experimental Farms Note)

There is no operation on the farm so dependent upon weather conditions as that of hay making, and the farmer who can always gather in a crop of juicy fodder, neither too young nor too ripe which will come out of the mow fragrant and palatable, needs to exercise his best weather wisdom with good judgment, and lots of snap when the work is rushing.

All grasses and clovers make the best fodder if cut while the stalks, having obtained their largest growth, are yet full of sap. If a large area is to be cut, it will be necessary to cut some part before it is ready, to avoid having a large quantity grow too old and woody before it can be reached.

In the Maritime Provinces, where many mornings are apt to be overcast and there may be some doubt up till eleven o'clock what the afternoon will bring forth, weather wisdom is especially required and frequently use can be made of the meteorological service to advantage. It must be borne in mind, however, that even the official forecasts on the sea-coast cannot be as accurate as at inland points because no reports are available as to weather prevailing far out from shore; therefore the meteorological Bureau only knows what is happening on one side of the district instead of all around it.

In the early part of hay making and especially during the first part of a week it is generally good policy to cut down well in advance of the housing strength of the hay crew so that the largest possible quantity of hay may be housed before Saturday night.

The preferable times to cut grass are after the dew is off until, say, eleven o'clock and again after 4 p.m. When cut late in the evening the grass will be green and the night's dew will not blacken it. The best fodder cannot be made without cutting the hay for one night before it is housed. Very many men are content to leave their hay in windrow, or even lying flat, over night and save all the labour of cutting up and opening out the coils next morning, but such methods may blacken 50 per cent or more of the hay and damage both its palatability and nutritive qualities as well as lower its sale value.

In heavy grass with a smooth bottom the side delivery rake and the tedder are two worth while implements. The binder is not likely to be found of use except when the crop is to be cut into the silo, for sheaves of grass cut as young as it should be, will never in our Maritime climate dry through without moulding badly. Cotton caps for coils can be used in bad seasons with great advantage, but it is doubtful if they will ever come into general use on account of the expense involved. A hay loader in a small crew may be of great advantage; in a large operation its use is problematical, but unloading in the barn by horse power greatly increases the man power of the crew. The wise hay maker will put his hay in the mow green, sappy, but well cured after a night's standing in the coil, and he will make every effort to prevent its becoming wet with rain. In bad seasons it will often pay to spread salt in the mow while the hay is unloading at from 25 to 50 lbs. per ton.

**CORRESPONDENCE**

Mr. Editor:—Seeing in your last issue, a gibe at the home-made shirt: "Our idea of a martyr is a man who meekly wears a home-made shirt."

Let me say, a home-made shirt would suit your humble servant a lot better than the gibe. The writer will remember a loving mother that made, yea, sometimes carded the wool, spun, wove and made up shirts, and lots of other garments for a family of thirteen, beside weaving hundreds of yards of cloth for neighbors, of which there was never any fault found. The wish of your humble servant, that he could get as good today.

Also,—of flax she raised, retted broke, hatched and scutched, spun and wove, many articles for household use. Those shirts were made long enough, wide enough, arms roomy enough, that one could exchange without soliciting his wife's help to pull it off.

Would it not be better, brother Editor, to let the worthy dead "rest in peace" as their works do follow them.

T. E. SMITH.

Clarence, June 25th.

**ANNAPOLIS COUNTY DISTRICT MEETING**  
(Special Session)

A special District Meeting of the Baptist Churches of Annapolis County convened on June 27-28-29, with the Church at Dalhousie West. As this Church had been so long without regular preaching services it was thought by this means to bring encouragement to the brethren there. The encouragement was mutual, for, at every session, the presence of a large number of people and the enthusiasm in the services made it one of the most inspiring occasions of our coming together.

The first meeting of the series was held on Monday evening with Moderator, Rev. M. W. Brown, D.D., in charge. Following the reading of the Scriptures by Rev. G. C. Durkee, and prayer by Rev. W. D. Dixon, Rev. A. H. Whitman of Lawrence-town preached a very inspiring sermon from Job 21:15. The two divisions of the text were respectively emphasized—the advantages to be experienced in serving God; and the necessity of persevering prayer as a condition to fruitfulness. The helpful character of the evening manifested itself in the hearty response during the aftermeeting.

Tuesday morning opened with devotional exercises presided over by Rev. A. Gibson. A pastor's conference followed, in which ways and means were considered to supply a monthly service to the Church at Dalhousie West.

Mrs. C. S. McLearn took charge of the third session in the interests of the Women's Work. In her address she described the origin, growth and progress of the Aid Society, the work in India, and the needs of that land. At the close her proposal to organize a branch of The Woman's Missionary Aid Society was entered into with enthusiasm. Mrs. M. Brooks was elected President, and Mrs. T. Todd, Secretary.

The final session on Tuesday evening was a most impressive one. The election, by unanimous vote, of Brother S. Swift to the office of a deacon contributed to the inspiration of this service. Brother Swift was then called to the front and, with the hands of the ministers upon his head, the ordaining prayer was offered by Rev. A. Gibson. A very interesting expository sermon was preached by Rev. W. S. Smith from the text in Hebrews 7:25. He pointed out that things beyond man's ability were within the scope of the power of Christ, seeing He ever liveth, and is ever present to accomplish salvation to the uttermost limit of human need.

The cordial welcome and kind hospitality of the people was fully appreciated in the presentation of a resolution to that effect. This, with the promise of meeting in similar session next summer, D. V., and the benediction, brought to a close a series of meetings that demonstrated the helpfulness of our District gatherings.

**STOMACH TROUBLE DUE TO THIN BLOOD**  
It Usually Disappears When the Blood is Made Rich and Red

Thin blood is one of the most common causes of stomach trouble. It affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this state of health nothing will more quickly restore the appetite, digestion and normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids. This is shown by an improved appetite, and soon the effect of these blood enriching pills is evident throughout the whole system. You find that what you eat does not distress you, and that you are vigorous instead of irritable and listless. If your appetite is feeble, if you have any of the distressing pains and symptoms of indigestion, you should at once take Dr. Williams' Pink Pills and profit by the better condition in which they will put your blood.

These pills are sold by all dealers in medicine, or you can get them by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

**PREPARING FOR THE NEXT LAMB CROP**  
(Experimental Farms Note)

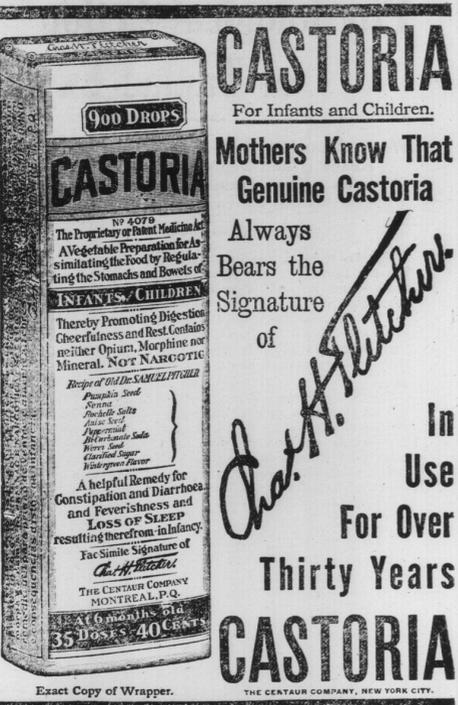

Successful sheep husbandry requires careful preparation for the next lamb crop. It matters little what time of the year it is, whether the ewes are just bred, the lambs just weaned or the lamb crop just due, preparation for the next crop should be kept in mind. No time is more important than during the previous lambing season. At that time notes and records should be kept of all important items regarding the behavior of the ewes, the number of lambs each raises and whether they are good mothers or not, whether their udders are healthy and well balanced, or any other valuable notes of this kind. Any ewe that does not successfully raise her offspring should be culled rather than re-bred.

Great care should be exercised in the selection of the ram to be used. He should be a typical, uniform, food-sized, pure-bred animal, full of vigour, active, and in good bloom. It is wonderful the influence a ram may have upon the offspring of a flock of ordinary ewes.

The selection of the ewes is also a very important feature in connection with the lamb crop. This selection may be done when the previous lambs are weaned and again at breeding time. The shepherd has in mind at this time uniformity in type. The more uniform in appearance the ewes are, the more uniformity will be shown in the offspring and hence the better the prices to be obtained when marketing time arrives. Nothing attracts the buyers like uniformity not only in good condition, but in size, age, appearance and type. The ewes' teeth should be examined and if any defects are found the ewes should be culled. As a rule ewes are not profitable for breeding after they pass five years of age. Not only should severe culling be done to the mature ewes but careful selection should be practised in choosing future breeding ewes from the lamb crop, always being careful to retain those as near the ideal type as possible. Too much emphasis cannot be laid upon the culling process.

After the culling and selection work has been completed the ewes are prepared for breeding. They must be well fed and put in good condition but not overfat. As the breeding time approaches they should be flushed on some good, green, succulent pasture. As many as possible should be bred at the same time so that the lambs arrive in a group and the lambing period will not then be spread over a long period, which is objectionable.

As the lambing period draws near the shepherd appreciates the fact that his busy time is approaching. He looks to the increased comfort of his flock. If the lambs are to be born in the barns the buildings are thoroughly cleaned and disinfected; hurdles, lamb-creeper, feeding racks, disinfectants, record books, docking and castrating tools are all put in readiness for the coming harvest, which will represent his profits on the business.

# Physiological Action of Tanlac Explained

World's Leading Authorities Show Just What Tanlac Really is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the questions: "What is Tanlac? Why its phenomenal success? Why do we hear so much about it? and Why has this preparation so far out-stripped all other medicines of its kind?"

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

### Ten Ingredients in Tanlac

Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says:

"It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac, the 13th Edition of Potter's Therapeutics, a standard medical text-book, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression:

"It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their

influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonicity which is called health.

The United States Dispensary makes the following comment regarding another ingredient:

"It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical text-books, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood streams passing through them. In this manner, objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tonic and Body Builder

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

## WEDDING BELLS

MERRIAM-COLLINS

Annapolis Royal, July 2—A very pretty wedding took place on Wednesday in St. Luke's Anglican Church, when Alma Cecilia Collins, daughter of W. E. Collins, Town Councillor, and Walter Kerr Hamilton Merriam, son of Captain Walter Merriam, of Granville Ferry, were united in wedlock's silken bonds. The ceremony was performed by Rev. T. C. Mellor, assisted by Rev. H. Walright. The bride, attired in a dainty white dress of georgette with satin and pearl necklace, and a large white hat with tulle and satin ribbon streamers, entered the church with her father, while the vested choir sang "The Voice That Breathed Over Eden." The bride carried a bouquet of sweet peas, and roses, and wore orange blossoms from the conservatory of Mrs. G. Whitman. The bridesmaid was Miss Dorothy Merriam, who was gowned in white organdie and carried a shower bouquet of sweet peas. The church had been beautifully decorated by the ladies of the Sanctuary Guild, while the bridal party stood beneath a daisy bell under a floral arch. The groom, who had served with distinction through the war, was attended by his brother, Surion G. Merriam, of the Royal Bank staff at Londonderry.

After the ceremony the popular young couple and their friends adjourned to the residence of the bride's father, Academy Square, where a sumptuous wedding breakfast was served. Besides the immediate families of the bride and groom, included Mr. and Mrs. East from Melville Square; Mrs. Foster, of Dorchester (Mass.); Miss Munro, from Boston; Miss Eleanor McCormick, and Rev. T. C. and Mrs. Mellor. The wedding presents were numerous and costly and included a pedestal lamp from the groom, a dining room suite from the bride's father and brother, a davenport from the groom's parents, mahogany table from the brothers and sisters of the groom, silver, solid cut glass, china, linen, etc. The happy couple left by taxi for Halifax, Moncton, and St. John.

GILLIS-FREDERICKS

The marriage took place at the St. James' Church, Bridgetown, Wednesday, by the Rev. John Seeks, of Round Hill, of Miss Marjorie L. Fredericks, daughter of Mr. and Mrs. Joseph Fredericks, of Dalhousie, to Mr. Norman Gillis, of Dalhousie. The bride looked lovely in a suit of lavender with hat of white silk crepe de chene. They were driven to the church by Mr. Thomas Borden and after the service they were driven to their home by Mr. Avard Beeler in his up-to-date car where about twenty-five had gathered to partake of the dainty supper in honor of the bride and groom. After the tables had been cleared a large number gathered and the evening was enjoyed by music and dancing. After refreshments had been served they all left for their different homes wishing Mr. and Mrs. Gillis much happiness in their new wedded life.

BURKE-McCARTHY

(Hants Journal)  
A very pretty wedding took place at the Methodist Parsonage on Wednesday last, the principals in the happy event being William, son of Charles Burke of Poplar Grove, and Marjorie L., daughter of Mr. and Mrs. McCarthy, of Avondale. The ceremony was performed by Rev. W. I. Croft, in the presence of the members of the families of the bridegroom and the bride and friends. After the marriage the happy pair proceeded on a motor trip through the Annapolis Valley.

HILL-TITUS

At the Dudley St. Baptist Church, Roxbury, (Mass.), on Sunday, June 26th, by the Rev. Arthur T. Brooks, P. R. G. S., Miss Effie Maude Titus, eldest daughter of Mr. and Mrs. John P. Titus, Hampton, (N.S.), was united in marriage to Mr. William Frederick Hill, of Roxbury, (Mass.), the double ring ceremony being used. The bride wore a suit of navy blue tulle with Taffeta hat to match. After a trip to the home of the bride's parents, the young couple will reside in Roxbury, (Mass.)

ROACH-McKENZIE

The marriage took place at Trenton on Wednesday, June 23rd, of the Rev. R. L. Roach, of Annapolis, to Miss Marie McKenzie of Trenton. After a wedding trip spent in Sackville, Sussex, St. John, and Annapolis, Rev. and Mrs. Roach will take up their residence in Arcadia, where Mr. Roach has received a call to the pastorate of the Methodist Church.

A reception was given Mr. and Mrs. William F. Hill, at the home of the bride's parents, Mr. and Mrs. John Titus, on Tuesday evening, July 5th. After spending a few weeks visiting relatives and friends, Mr. and Mrs. Hill will return to their home in Roxbury, (Mass.)

MARINE

Tern schr. Peaceland is at Annapolis with hard coal from Perth Amboy, N.J.

The tern schooner Ronald C. Longmire, is in port in Digby loading lumber for H. T. Warner.

Tern schooner Westway has arrived at Meteghan from Boston to return there with a cargo of lumber.

Tern schooner Edith Belliveau, from Weymouth with lumber, arrived at Bridgeport, Conn., on the 2nd.

Four-masted schooner Whitebelle, Captain E. K. Merriam, arrived at Bridgeport, Conn., on the 2nd from Apple River with a cargo of lumber.

Digby Courier: The Westport sloop Athlos was in port over the week-end looking for lobsters. Failing to secure a paying cargo, she cleared to return to her home port.

Friday's Digby Courier says: The yacht Alton arrived yesterday. She had a narrow escape from destruction by being driven ashore at Gullivers Cove on Wednesday, but got off with comparative slight damage. The breaking of the rudder caused the mishap.

The handsome cruising yacht Alton, Capt. C. W. Danforth, was in Yarmouth a few days ago from Pubnico en route to Digby for the summer. The yacht was anchored off the New Brunswick Iron Co.'s dock and in her new paint and varnish presents a very striking appearance. Since Capt. Danforth came from Brockton a month ago, he has done considerable repair work about the Alton so that this season she goes into commission in condition quite equal to when she first left the builder's hands. Capt. Danforth is accompanied by Mrs. Danforth.

## The School Experience

Experience is said to be a hard master; but those who have learned from Experience are bound to admit that they have learned in a school that has no equal.

Hundreds of thousands of healthy men and women are to-day, healthy because they have learned from actual experience that:

CHIROPRACTIC  
The Drugless Health Science, is  
THE MASTER KEY TO HEALTH

The Exponents of this Science locate the CAUSE of so-called disease, and having located it, proceed to remove it by CHIROPRACTIC VERTEBRAL ADJUSTMENTS, given with the bare hands only.

Become a student in this School of Experience and you will be able to add your testimony to that of those who have received such wonderful benefit from CHIROPRACTIC.

The man who has never taken Chiropractic Vertebral Adjustments and who knows nothing about the Science, has no right to tell you "There is nothing to it." He does not know. He has never tried it. He does not want to know. He does not want to try it.

FIND OUT FOR YOURSELF!—JUDGE BY YOUR OWN EXPERIENCE.

We do not promise you that the benefits will be apparent immediately, especially if your trouble is of long standing; but WE DO PROMISE YOU that if you follow the advice of your chiropractor and will take CHIROPRACTIC VERTEBRAL ADJUSTMENTS when he wants you to, good results will ultimately appear and you will say: "How foolish I was not to have tried Chiropractic long ago."

Give Chiropractic a fair trial. You will never regret it.

CORRESPONDENCE

To the Editor of the MONITOR:

Dear Sir:—There exists just East of Lawrence town a very dangerous railway crossing and one which I believe every autoist crosses with fear. By the cutting away of some bushes and the leveling of a bank of earth, or the installation of a bell, someone's life may be saved. It is in my opinion the most danger-

ous crossing in the Valley. Men of Lawrence town, remedy this menace and receive the thanks of every autoist.

AUTO DRIVER.
