The copy filmed here has been reproduced thanks to the generosity of:

Bibliothèque nationale du Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Explanation of the Articles in the Calendar.

These pages are calculated for Toronto and Quebec, and for ordinary purposes will serve with sufficient accuracy for every city in the Dominion of Canada.

MOON'S PHASES.—This Table gives the times (standard 75th meridian) when the Moon passes the geocentric longitudes of 0°, 90°, 180°, and 270° east of the sun. It gives also the times of her greatest and least distance from the earth.

TWILIGHT.—In this Table are given the standard times at which twilight begins in the morning and ends in the evening, i. e., the times when the Sun's centre is 18° below the horizon.*

NOTE.—Standard times are given in all columns headed Toronto or Quebec. In calculating the mean time at these places has been taken at Toronto as 17m. 34s. slower, and at Quebec as 14m. faster than standard.

GREATEST ELONGATION OF THE POLE STAR.—This column gives the greatest azimuth of the Pole Star east or west from the meridian as observed at a place in latitude 45°. When the greatest elongation corresponding to any other latitude is required, the number given in the column should be corrected by means of the following Table.

Latitude	42°	43°	44°	45°	46°	47°	48°	49°	50°
1st Correction for Degrees.....	-5' 27"	-3' 43"	-1' 55"	0' 00"	+ 2' 1"	+ 4' 8"	+ 6' 22"	+ 8' 44"	+ 11' 14"
2nd Correction for each minute of latitude	+ 1".7	+ 1".8	+ 1".9	+ 2".0	+ 2".1	+ 2".2	+ 2".4	+ 2".5	+ 2".6

The 1st correction for the degrees of latitude is to be subtracted from the greatest elongation given in the calendar or added to it, according as the degrees of latitude are less or greater than 45°.

The 2nd correction, which is always additive, is found by multiplying the number given in the third line of the Table by the number of minutes in the latitude.

Thus for latitude 43° 20' ... 1st correction = -3' 43"	2nd correction + 1.8 × 20 = + 0' 36"
" " 47° 40' " " = + 4' 8"	" " + 2.2 × 40 = + 1' 28"
" " 45° 10' " " = + 0' 0"	" " + 2.0 × 10 = + 0' 20"

THE PLANETS.—The local mean times of rising and setting of the five chief planets are calculated for Toronto, and are corrected for refraction. The times of culmination, although computed for the meridian of Toronto, will serve approximately for the whole of Canada. The meridian zenith distances, being designed merely to aid in finding the planets, have been given only to the nearest tenth of a degree, as seen from the latitude of 45°.

The times of the SUN'S RISING AND SETTING* are given for the upper limb, and are corrected for refraction for Toronto and Quebec.

The standard times both for the rising and setting of the Moon's centre are given for every day for Toronto and Quebec.

The column, SUN ON MERIDIAN, gives the time that a watch keeping local mean time should show when the shadow of a sun dial is on the noon mark.

MOON'S AGE.—This column shows to the nearest tenth of a day the Moon's age at Toronto mean noon.

The column, UPPER TRANSIT OF POLE STAR, shows for every day the mean time at which the Pole Star makes its upper transit across the meridian of longitude 4h. 46m. W. It passes the meridian in the morning from April 11 to October 10. It passes the meridian twice on October 10: and in the afternoon during the rest of the year.

* Although these times are calculated for Toronto and Quebec only, the standard times at other places differing not much in latitude from one of these places may be obtained with sufficient accuracy for ordinary purposes, by adding one minute for every 4° west of Toronto or Quebec, and subtracting one minute for every 4° east of Toronto or Quebec.

The time at which the lower transit of the Pole Star occurs may be found by adding 11h. 58m. 2s. to the time of the preceding upper transit.

The six last columns will serve with sufficient accuracy for the whole of Canada.

From the time of the upper transit of the Pole Star may be found the time of its greatest western or eastern elongation, by adding or subtracting the constants given in the annexed Table.

Star Table.

From the times of the upper transit of the Pole Star may be derived, with the aid of the following Table, the times of culmination, and of the rising and setting of the principal fixed stars, as seen from the parallel of 45° north latitude.

To ascertain when any star found in the following Table will be on the meridian, add the number in the left-hand column of figures to the preceding meridian transit of the pole star given in the calendar. To find the time of rising of a star, subtract the number opposite to it in the right-hand column of figures from the time of its meridian passage. For the setting of a star, add the same number to the time of its meridian passage. Those stars marked (....) revolve in a circle of perpetual apparition, and do not rise or set at places in and to the north of latitude 45°.

Eclipses.

In the year 1885 there will be two eclipses of the Sun and two of the Moon.

I.—An Annular Eclipse of the Sun, March 16. Visible in Canada as an Annular or Partial Eclipse.

The following points are on the Line of Central Eclipse:—

LONG.	LAT.	LONG.	LAT.
109° 58' W	40° 43' N	84° 51' W	50° 10' N
191 58	51 0	75 18	62 36
93 29	56 15		

At TORONTO the Eclipse begins at 12h. 0m. '8 standard time. Angle of first contact from the North Pole 97° towards the West for direct image.

The time of nearest approach is 1h. 26m. '6. The magnitude of the Eclipse (Sun's diameter = 1) is 0.647.

The time of last contact is 2h. 45m. '6. Angle from North Pole 41° towards the East for direct image.

The Eastern standard time of the contacts for places near Toronto may be found from the following formulæ:—

First contact.— $\cos \omega = 1.52069 - [0.20588] \sin l - [0.00413] \cos l \cos (161^\circ 47' 49'' - \lambda)$, $t = 0h. 46m. 21s. - [3.73706] \sin \omega + [3.64095] \sin l - [3.94600] \cos l \cos (163^\circ 58' 22'' - \lambda)$, contact on the Sun's limb, $\omega + 26^\circ 21'$ from the North towards the West.

POSTAL INFORMATION.

LETTER RATES, ETC.

Canada.—Letters posted in Canada, addressed to any place within the Dominion (including Manitoba, British Columbia and Prince Edward Island), 3 cents per $\frac{1}{2}$ oz.; if unpaid, such letters cannot be forwarded, but will be sent to the Dead Letter Office. If liable to more than one rate of postage, and insufficiently prepaid, the letter will (provided one full rate of 3 cents be paid) be forwarded to its destination and double the deficiency charged on delivery. Letters mailed at any office for delivery at or from the same office, are charged 1 cent each, and must be prepaid; otherwise they are sent to the Dead Letter Office. All postage must be prepaid by Postage Stamps.

Post Cards.—From any place in Canada to any other place in Canada or to the United States, 1 cent each. British and Foreign 2 cents each.

United Kingdom.—Postage on Letters 5 cents per $\frac{1}{2}$ oz., whether by Canadian or New York Steamers. If sent unpaid, double postage will be charged.

Newfoundland.—Postage on Letters, 5 cents per $\frac{1}{2}$ oz. Newspapers (see "Transient Newspapers") Post Cards, 2 cents each. Prepayment necessary.

Bermuda (via Halifax or New York).—Letters 5 cents per $\frac{1}{2}$ oz. Newspapers 2 cents each. Printed matter 1 cent per 2 oz.

United States.—The rate on Letters to the United States is the same as in Canada, and must be prepaid.

REGISTRATION OF LETTERS.

Persons posting letters containing value should be careful to require them to be Registered, and to obtain from the Postmaster a certificate of receipt for Registration.

The charge for Registration (use Registration Stamp) in addition to the Postage, is as follows, viz.:

On Letters to any other place in Canada or British North America	2 cents.
On Letters for the United States	5 "
On Letters for the United Kingdom	5 "
On Parcels, Patterns or Samples, in Canada	5 "
On Book Packets and Newspapers to United Kingdom	5 "

Both the Postage charge and Registration fee must in all cases be prepaid by stamp.

Registered Letter Stamps have been issued of the denominations of 2, 5 and 8 cents, which may be obtained at any Stamp Agency.

Registration Stamps cannot be used in payment of postage, nor can Postage Stamps be used in payment of Registration fees.

Registration is not an absolute guarantee against the miscarriage or loss of a Letter; but a Registered Letter can be traced where an Unregistered Letter can not, and the posting and delivery or non-delivery can be proven.

BOOK POST.

A Book Packet may contain any number of separate books, publications, works of literature or art, maps or prints, photographs, daguerreotypes, when not on glass, or in frames containing glass; any quantity of paper, vellum, or parchment (to the exclusion of letters or papers, &c., sent as merchandise); and the books, maps, papers, &c., may be either written, printed or plain, or any mixture of the three; and may be either British, Colonial or Foreign. No package must exceed 4 lbs. 6 oz. in weight, nor must the size exceed two feet in length, or one foot in width or depth.

Book Packets must be open at *both ends or both sides*, and must not contain any letter or sealed inclosure.

The rule on Book Packets between any two places in Canada, and to Newfoundland and the United States, is 1 cent per 4 oz., which must be prepaid by Stamps.

The rate to Great Britain is 1 cent per 2 oz.

PARCEL POST.

The charge on Parcels by the Parcel Post which is limited to places within the Dominion, is 6 cents for every 4 oz., or fraction thereof (with 5 cents additional if Registered). No letter must be inclosed; if any discovered, the amount paid will be forfeited, and the Parcel charged at unpaid Letter rates. No Parcel must exceed 5 lbs. in weight, and must be prepaid by Stamps.

Parcels cannot be transmitted by Post to any place beyond the limits of the Dominion of Canada, nor can any Parcel be forwarded to British Columbia or Manitoba (except to the Cities of Winnipeg and Victoria, B.C., actually upon the line of the C. P. R., to which the limit is 5 lbs.) *via* the United States, which exceeds in weight the limit of 2 lbs. 3 oz.

Eye glasses and spectacles may be sent by mail when properly put up and prepaid by Parcel Post.

MISCELLANEOUS MATTER.

Miscellaneous matter, described as under, may pass between places in the Dominion of Canada upon prepayment of a rate of 1 cent per 4 oz. The limit of weight is 4 lbs. The regulations of the British Post Office do not admit of the transmission by mail to the United Kingdom (or other countries beyond the sea) of miscellaneous matter as such; but the greater part of the matter referred to under that head may be forwarded to the United Kingdom by book post.

On all pamphlets, occasional publications, printed circulars, prices current, hand-bills, exhibitors' entry tickets for Dominion or Provincial Exhibitions, book and newspaper manuscripts; printers' proof sheets, whether corrected or not; maps, prints, drawings, engravings, lithographs, photographs, when not on glass or in cases containing glass; botanical and entomological specimens, when properly put up, so as to prevent injury to the contents of the mails; sheet music whether printed or written; documents wholly or partly printed or written, such as deeds, insurance policies (including renewal receipts when attached to the policies), voters' lists, militia and school returns, or other documents of like nature, the rate of postage is one cent for each four ounces; provided that no letter or other communication intended to serve the purpose of a letter be sent or enclosed in any such package or thing mentioned, and that the same be sent in covers open at the ends or sides, or otherwise so put up as to admit of the contents being, if necessary, easily withdrawn for examination by the officers of the Post Office to ensure compliance with this provision; if enclosed in sealed envelopes notched at the ends or sides, or with the corners cut off, letter rate of postage will be charged; and that the postage rate be prepaid by postage stamp or stamped post bands or wrappers, in all cases. Limit of weight, 4 lbs. To all parts of Manitoba, the North-West Territories and British Columbia (except the City of Winnipeg, to which the 4-lb. limit applies), the limit of weight is 2 lbs. 3 oz.

No packet of miscellaneous matter can be transmitted by mail if it exceed 24 inches in length or 12 inches in width or depth.

Legal and Commercial papers generally (including Bank Pass-books) are liable to *letter rate* of postage, except when sent as parcels by Parcel Post, and the exceptions above given to matter of that class are restricted to the documents specified, such as Deeds and Insurance Policies.

NEWSPAPERS AND PERIODICALS.

Newspapers and periodicals *printed and published in Canada*, and issued not less frequently than once a month from a known office of publication or news agency, and addressed and posted by and from the same for transmission by mail to regular subscribers or news agents in Canada, are sent free; if addressed to Great Britain, or the United States, they may be posted by the same on prepayment of a Rate of one cent for each

pound weight in bulk, or fraction of a pound; and such newspapers and periodicals are to be put up into packages and delivered into the Post Office, and the postage rate thereon prepaid by the publisher or news agent, being the sender thereof, under such regulations as the Postmaster-General may from time to time make.

On all newspapers and periodicals posted in Canada, other than those addressed to regular subscribers or news agents, from office of publication or news agency, including all newspapers and periodicals published less frequently than once a month, the rate will be *one cent per four oz.*, to be invariably prepaid by Postage Stamp.

Newspapers and periodicals weighing less than 1 oz. each may be posted singly, if prepaid by Postage Stamp $\frac{1}{4}$ cent each.

TRANSIENT NEWSPAPERS.

Transient newspapers and periodicals include all newspapers and periodicals posted in Canada, *other than Canada newspapers sent from the office of publication, and British newspapers posted by news agents for regular subscribers in Canada.* When addressed to any place within the Dominion, Newfoundland, or the United States, they must be prepaid the following rates by Postage Stamp:—

If weighing less than 1 oz., half a cent each.

If weighing over 1 oz., one cent per four oz. or fraction of four oz.

Specimen copies of newspapers and periodicals from the office of publication are to be treated as *transient* newspapers or periodicals, the rate upon which is one cent per four oz.

On transient newspapers addressed to the United Kingdom the rate will be one cent per 2 oz.—to be prepaid by Postage Stamp. *Canada Newspapers posted from the Office of Publication* to subscribers in the United Kingdom—if to be sent in the Mails forwarded *via* New York or Boston, must be prepaid by Postage Stamp at the transient paper rate of one cent per 2 oz.; but if sent by Canada Packet, such papers may pass, as now, on prepayment by the publisher, at the time of posting, of the ordinary domestic rate of one cent per pound. Canadian Periodicals when sent by mail to the United Kingdom or to British Colonies or Foreign Countries (except the United States) are liable to ordinary book packet rates. All packages of newspapers and periodicals prepaid at the bulk rate of 1 cent per lb., must be stamped "Prepaid by Publisher," at the Post Office where the package is mailed.

PATTERNS OR SAMPLES WITHIN THE DOMINION.

Patterns and Samples of Merchandise and Goods for sale, not exceeding 24 oz. in weight, may be posted in Canada, to be forwarded to any place within the Dominion, on prepayment by Postage Stamp of a rate of 1 cent per 4 oz., under the following regulations:

If such rate be not fully prepaid by the stamps affixed, the packet to be rated with the deficient postage and a fine of 5 cents in addition.

Packages of Samples and Patterns, addressed to any place in Canada, may be registered on affixing thereto a registration stamp of the value of 5 cents in addition to the postage rate and provided such packet be handed into the Post Office for registration.

Patterns or Samples must be sent in covers open at the ends so as to be easy of examination. Samples, however, of seeds, drugs, &c., which cannot be sent in open covers, may be enclosed in bags of linen or such like material, fastened in such a manner that they may be readily opened; or in bags entirely closed, provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

The packet may bear on the *outside* the address of the sender, in addition to the address of the person for whom it may be intended; and also a trade mark or number, and the price of the sample enclosed; *inside*, there must be no enclosure but the samples or patterns themselves. The particulars, however, of the trade marks, numbers, and prices may be marked on the articles themselves instead of on the outside of the packet, at the option of the sender.

STATEMENT

of the Business of the Post Office Savings Bank. Canada. year by year, from 1st April, 1868, to 30th June, 1884.

[illegible]

The fluctuations in the expenses of management, and the average cost of each transaction—where not explained by variations in the amount of business and the number of transactions—are mainly attributable to payments in one year for services not wholly chargeable to that year.

The total cost of maintaining the Post Office Savings Bank, including interest allowed to depositors and all expenses of management, averages about $4\frac{1}{5}$ per cent. on the average Savings Bank balance in the hands of the Government.

Nine and one-seventh per cent. of the transactions during the past year or one in every eleven deposits and withdrawals, were by depositors availing themselves of their privilege to deposit and withdraw at pleasure at any Post Office Savings Bank without change of Pass Book. The transactions of this character numbered 15,127 during the year.

LIST OF POST OFFICES IN CANADA, 1884.

The Offices printed in italics are authorized to grant and Pay Money Orders. The Offices marked * are Savings Bank Offices. The letters "W. O." following the name of a Post Office, signify "Way Office". The capital letters on the right of the Electoral District column indicate the several Provinces of the Dominion.

COPYRIGHTS IN CANADA.

Copyrights may be secured by any person domiciled in Canada, or any part of the British possessions, or being a citizen of any country having an International Copyright Treaty with the United Kingdom, who is the author of any book, map, chart, musical composition, or of any original painting, drawing, design, &c., upon the following conditions:—The books, maps, &c., must be published in Canada; and in the case of a work of art, it must be produced in Canada, either prior to or simultaneously with its production elsewhere. Two copies of books, maps, &c., must be sent to the Minister of Agriculture; and in the case of paintings, statuary, &c., a written description of the same must be furnished.

The fee for registering a Copyright is one dollar, and

it runs for twenty-eight years. It may also be renewed for a further term of 14 years upon the same conditions.

An Interim Copyright may be obtained, pending the publication of any literary, scientific or artistic work, by depositing in the Office of the Minister of Agriculture a copy of the title, or a description of such work. The Interim Copyright runs for one month, and the fee is fifty cents. The work, however, must be published inside the time specified, or the author incurs a penalty not exceeding one hundred dollars.

The penalty for infringing a Copyright is the forfeiture of every copy of the work to the owner of the Copyright, and the payment of a fine of not less than ten cents, nor more than one dollar, for every copy found in possession.

THE YEAR.

The length of the year is strictly expressed by the space of time required for the revolution of the earth round the sun—namely, 365 days, 5 hours, 48 minutes, 49 seconds, and 7 tenths of a second, for to such a nicety has this time been ascertained. But for convenience in reckoning, it has been found necessary to make the year terminate with a day instead of a fraction of one, lumping the fractions together so as to make up a day among themselves. About forty-five years before Christ, Julius Caesar having, by the help of Sosigenes, an Alexandrian philosopher, come to a tolerably clear understanding of the length of the year, decreed that every fourth year should be held to consist of 366 days, for the purpose of absorbing the odd hours. The arrangement he dictated was a rather clumsy one. A day in February, the sixth before the calends of March (*sextilis*), was to be repeated in that fourth year; and each fourth year was thus to be *bissextile*. It was as if we were to reckon the 23rd of February twice over. Seeing that, in reality, a day every fourth year is too much by 11 minutes, 10 seconds, and 3 tenths of a second, it inevitably followed that the beginning of the year moved onward ahead of the point at which it was in the days of Caesar; in other words, the natural time fell behind the reckoning. From the time of the Council of Nice, in 325, when the vernal equinox fell correctly on the 21st of March, Pope Gregory found in 1582 that there had been an over-reckoning to the extent of ten days, and

now the vernal equinox fell on the 11th of March. To correct the past error, he decreed that the 5th of October that year should be reckoned as the 15th, and, to keep the year right in future, the overplus being 18 hours, 37 minutes and 10 seconds in a century, he ordered that every centennial year that could not be divided by 4 (1700, 1800, 1900, 2100, 2200, &c.) should not be bissextile, as it otherwise would be; thus, in short, dropping the extra day three times every four hundred years. The Gregorian style, as it was called, readily obtained sway in Catholic, but not in Protestant countries. It was not adopted in Britain till the year 1752, by which time the discrepancy between the Julian and Gregorian periods amounted to eleven days. An Act of Parliament was passed, dictating that the 3rd of September that year should be reckoned the 14th, and that three of every four of the centennial years should, as in Pope Gregory's arrangement, not be bissextile or leap-years. It has consequently arisen—1800 not having been a leap-year—that the new and old styles now differ by twelve days, our first of January being equivalent to the 13th old style. In Russia alone, of all Christian countries, is the old style retained; wherefore it becomes necessary for one writing in that country to any foreign correspondent, to set down his date thus:—

March, or 26th September, 28th December 1897
7th October ; or, it may be, 9th January, 1901.

MERCANTILE LAW.

Promissory Notes and Bills of Exchange—Must be payable absolutely, and not depend upon a contingency. Three days' grace allowed except when payable upon demand. Can be written either in ink or lead pencil. Notice of dishonour must be sent to all endorsers. Those not notified are released from all liability. Notice must be sent to the correct address of endorser; but if that is not known, notice sent to the place where note or bill purports to be made will be sufficient. Checks are treated as bills of exchange, and must be presented the day they are received or on the following day. Notes and bills endorsed in blank are transferable by delivery, the same as if payable to bearer. Notes bear interest during currency only if so stated. The loss of a bill or note does not prevent the collection of it, but if required the holder must give indemnity before the lost note is paid. Notes and bills are payable any time during the day they mature. If no time is mentioned for payment, notes and bills are payable on demand. Notes made on Sunday are void. Notes and bills falling due on Sunday are payable the next day.

Landlord and Tenant.—An agreement for a lease must be in writing; a lease, however, for less than three years can be made verbally. Rent must be due before it can be distrained for. If tenancy continues after a term of years, without any new bargain, it will be as a tenancy from year to year. No notice is required in case of the termination of a lease for a definite time. A full six months' notice, ending with the end of the year, is required to terminate a tenancy from year to year. A monthly tenancy requires a month's notice. A weekly tenancy requires a week's notice to end it. A covenant for renewal does not call for a renewal covenant in the new lease, unless expressly called for. Destruction by fire during the currency of a lease does not release the tenant from payment of rent unless expressly provided for. The landlord is required to look after the roof and outside walls, but the tenant cannot require any defect apparent at the time of the lease to be repaired. Defective drainage, causing injury to life or health, will justify a tenant in leaving.

Master and Servant.—A servant is bound to obey all orders of the master in the scope of the employment; a disobedience of orders will justify an immediate dismissal. Both master and servant are entitled to reasonable notice before an engagement is terminated. A servant wrongfully dismissed is only entitled to the actual damage sustained; he must credit the master with any wages earned by him. The master is entitled to recover the damages sustained by reason of a servant deserting his employ.

Legal Holidays.—*In Ontario*—Sundays, New Year's Day, Good Friday, Whit-Monday, Christmas Day, the day appointed for the celebration of the Queen's Birthday, Dominion Day, and any day appointed by proclamation for a public holiday or for a general fast or thanksgiving.

In Quebec—Sundays, New Year's Day, Epiphany, Annunciation, Good Friday, Ascension, Corpus Christi, St. Peter's, St. Paul's, All Saints, Conception, Christmas Day, Queen's Birthday, Dominion Day, also any day appointed by proclamation for a general fast or thanksgiving.

Contracts.—Contracts may be either oral or written. Oral contracts require a consideration to support them. Contracts for sale of goods over \$40 in value must be in writing or accompanied by part performance, or part payment. A contract may be made by letters and telegrams. Contracts made on Sunday (with a few exceptions) are illegal. Contracts contrary to public policy, or of an immoral character, are illegal. A contract for sale of land must be in writing. To make a good contract the names of the parties, the consideration, and the article sold or matter agreed upon should clearly appear. Fraud vitiates all contracts.

Bills of Sale and Chattel Mortgages

—All sales and mortgages of personal property not accompanied by actual, immediate and continued change of possession must be in writing, with an affidavit of *bona fides* in the form required by the Act, and must be filed within five days from date of execution in the office of the Clerk of the County Court of the County where the vendor or mortgagor resides; or if he is not resident in Ontario, where the goods are situated, otherwise they are void as against creditors of vendor or mortgagor and subsequent purchasers or mortgagees in good faith for value. Mortgages to secure endorsements must set out the endorsements, and must be payable within one year. A renewal of chattel mortgage must be filed within thirty days preceding the expiration of one year from date of previous filing, otherwise the mortgage becomes void.

Guarantees—Must be in writing; will be construed strictly; should be distinctly worded, so that no question will arise whether limited or continuing.

Fraud.—Sometimes criminal proceedings may be instituted for fraud. Fraud is always a ground of relief. It is a fraud to conceal a fraud.

Interest.—Where interest is payable and no rate has been agreed upon, the rate allowed is six per cent. Any rate can be contracted for. Interest is in the nature of damages, and is not allowed upon open accounts, unless it is shewn that there is either an express or implied contract to pay interest. It is advisable to have printed upon bill heads or statements a notice that if the account is not paid when due, interest will be charged. Interest is allowed on overdue bills and notes from the day they become due. Payments are applied first in payment of interest to date, then in reduction of principal. The practice of allowing interest on both sides of an account to day of settlement is not correct. Compound interest is not allowed, unless expressly agreed upon. A contract to reduce the rate of interest in case of punctual payment is

good, while one to increase the rate in case of default is bad. Mortgages of real estate must shew on their face the rate at which interest is to be calculated.

Principal and Agent.—Principals are responsible for the acts of their agents. Agency may be either general or limited. An agent must be a third person, not the other contracting party. A subsequent ratification of the acts of an agent will bind the principal. Agent's authority is not revoked till revocation is communicated to him. An agent signing in his own name is not allowed to offer parol evidence to prove that he did not intend to bind himself personally, but parol evidence is admissible to bind his principal. A broker is not entitled to receive payment for goods, while a factor is. A *del credere* agency is where the agent in consideration of a larger commission guarantees the price of the goods sold.

Partnership.—Each member of a partnership is responsible for the whole amount of the debts of the firm, except in case of special partnership. A special partner is only responsible to the amount of the capital contributed by him, but he cannot take any part in the management of the business. The act of one partner binds all. Partners are bound to keep good faith with each other. Partnership may be either for a term of years or at will. A partnership at will may be dissolved at any time. The death of one partner dissolves the partnership, unless provided for in the articles of co-partnership. The sale by a partner of his interest in the firm also dissolves the partnership. In the absence of express agreement partners share equally.

Limitation of Actions.—On simple contracts, debts and money demands, six years; on contracts under seal, twenty years. For the recovery of land, ten years. Against municipal corporations for damages, three months. Against sheriffs and bailiffs for acts done in the course of their duties, six months. Part payment of a debt barred by the statute will revive the debt.

Exemptions from Seizure under Execution in Ontario.—Wearing apparel of debtor and family, bed and bedding in ordinary use, one stove and pipes, one crane, one pair andirons, one set cooking utensils, one pair tongs and shovel, one table, six chairs, six knives, six forks, six teacups, six saucers, one sugar basin, one milk jug, one teapot, six spoons, all spinning wheels and weaving looms in domestic use, ten vols. books, one axe, one saw, one gun, six traps and fishing net, and all necessary fuel and provisions for debtor and family for thirty days, and not to exceed \$40 in value, one cow, four sheep, two hogs and food for thirty days, tools or implements to the value of \$60, men for construction of building under contract. (No articles exempt from seizure for debt contracted for identical article). Landlord has preferential claim for *four weeks*, if let by the week; *two terms*, if let for periods less than a year, but in no case to exceed one year.

Assignment.—There is no insolvency law. Assignments are made to trustee for creditors. A clause in assignment giving the trustee the power to carry on trade to realize as a going concern will not vitiate assignment. Trustee is bound to use ordinary business prudence in dealing with estate. Trustee is responsible for fraud or gross misconduct. The trustee's powers are limited to those possessed by the debtor, so he has no power to set aside a preference given by debtor. A fraudulent preference given by attacked in an action by a creditor. A trustee can be compelled in equity to give an account of his dealings with the estate.

Married Women can carry on business, sue and be sued in the same manner as if unmarried. Are entitled to hold property free from debts and control of husband, but cannot convey away real estate without husband's concurrence. Are entitled to dower in all real estate owned by husband during the marriage, and in such equitable real estate as the husband may die entitled to.

Arrest.—Arrest for debt has been abolished, but if a debtor is about to leave Ontario with intent to defraud or hinder one or all of his creditors in the recovery of their claims, he may be arrested under a writ of *capias*, and detained until he gives security for the claim. A writ of *ca. sa.* may be obtained after judgment. The writ is only issued upon order of a Judge, and the debt must exceed \$100. A judgment debtor being examined as such, and not making satisfactory answers, may be committed to jail by order of a Judge, until he does make satisfactory answers. In the Division Court the Judge may order the debtor to make regular payments on the judgment, and default may commit him for not obeying the order.

Replevin.—Is used to obtain possession of goods wrongfully detained. Plaintiff must give security to three times the value of the goods before he can obtain them, and must proceed promptly with his action to prove the ownership of the goods.

Wills.—A will should express the intention of the testator in clear language. It may be drawn by any person. A bequest to a witness is void. A will must be signed by the testator in the presence of two witnesses, who, at his request, in his presence, and in the presence of each other, should affix their names as witnesses. Charitable bequests are only payable out of pure personal estate; not out of real estate or personally secured upon land.

Miscellaneous.—In any case of doubt is advisable to consult a good solicitor promptly, and carefully tell all the facts. Ignorance of the law excuses no one. The law compels no one to do impossibilities. Signatures made with a lead pencil are good. No consideration is sufficient in law if it be illegal in its nature.

THE BRITISH EMPIRE.

In the following brief table an abstract is given (approximately) of the area, population, revenue, public debt, and commerce of the British Empire. The figures presented are near enough for the purpose, although it is to be regretted that the precise amounts cannot be procured. The table, short as it is, presents a result unparalleled in the World's history. The British Empire is greater than that of either Greece or Rome, or any other that has ever existed, and its rule more beneficent. Wherever the flag of England floats there is freedom. Justice is impartially administered, and no man can be punished except for infringements of the law. Religion also is free. With all its anomalies, the British Empire under its present Sovereign presents the nearest approach to a true Commonwealth that has yet been seen. It would be well if teachers would impress these truths upon their pupils, and also make them better acquainted with the geography, the productions, and the capabilities of the various countries owing obedience to English rule.

THE LAW SOCIETY OF ONTARIO.

The Law Society was first established in 1797, by the Act 37, Geo. III., c. 13, which enabled the then practitioners of the law to form themselves into a society, and make rules for its government. By the Act of 1822, 2 Geo. IV., c. 5, "the Treasurers and Benchers of the Law Society" were formally incorporated; and under these and other statutes the Society has continued to be governed by a Board of Benchers, in the same manner as the various Law Societies of England. By Revised Statutes of Ontario, c. 138, the Benchers theretofore appointed, from time to time, by their own body, are made, exclusive of *ex-officio* members, elective by the Bar, the *ex-officio* consisting of the Attorney-General of the Dominion for the time being, if a member of the Bar of Ontario, and all members of the Bar of Ontario who have at any time held the office of Attorney-General of the Dominion or of Ontario, or of Attorney or Solicitor-General of the former Province of Upper Canada, and any retired Judge of the Superior Courts of Law or Equity of Ontario; the *elective*, thirty in number, being chosen by the ballot, for a term of five years, by the members of the Bar, in manner prescribed by the Act. Vacancies during the term are filled by the remaining Benchers. On the first day of Easter Term, annually, the Benchers appoint one of their body to be Treasurer, who is also President of the Society. The Benchers sit in Convocation every term for the call of Barristers, the admission of Attorneys and Solicitors to Practice, and of Students to enter the Society, the fees paid by whom form the revenue of the Society. Osgoode Hall, appropriately named after the first Chief Justice, is the Ontario "Inn of Court," or headquarters of the Society, in which is provided accommodation for the Court of Appeal and Courts of Equity, and for the sittings in term of the Superior Courts; with a valuable and extensive library.

The Maritime Court is a Superior Court of Record, having, with some exceptions mentioned in the Act, the like rights and remedies in all matters, including cases of Contract and Tort, and proceedings in rem and in personam, arising out of or connected with navigation, shipping, trade or commerce, on any river, lake, canal, or inland water, of which the whole or part is in the Province of Ontario, as any existing Vice-Admiralty Court would have if its process extended to the Province of Ontario. The sittings of the Court and in Chambers are fixed and regulated by the Judge and Surrogate Judges at such times as they shall think fit and necessary for the due administration of justice. *Judge for the whole Province*—Hon. John Boyd. *Registrar*—John Bruce. *Marshal*—William Boyd.

Sittings at Toronto, first Monday in January and July in each year. *Clerk of Commissioners*—W. B. Howard.

COURTS FOR THE TRIAL OF CONTROVERTED ELECTIONS—The nature of these courts is sufficiently indicated in their title. In respect to elections for the House of Commons of Canada, the Superior Courts, by one of their Judges appointed in that behalf, are invested with special jurisdiction for the trial of contested elections, and appeals lie to the Supreme Court at Ottawa. In respect to elections for the Local Legislature of Ontario, the Judges

of the Court of Appeal and of the Superior Courts of Law and Equity meet annually in Michaelmas Term and severally select, by a majority of votes, a Judge of their respective Courts to be placed on the rota for the trial of election petitions. In the case of death or the illness of a Judge so chosen, the Court of which he is a member meet and elect another Judge. Trials involving corrupt practices are presided over by two Judges, otherwise a single Judge presides, and an appeal lies to the Court of Appeal of the Province.

COUNTY COURTS—Presided over by a resident Judge in each county, assisted in some counties by a Deputy or Junior Judge. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed \$200; and to all suits relating to debt, covenant or contract, where the amount is ascertained by the acts of the parties or signature of the defendant, to \$400; and to all claims and recognizances of bail given in the County Court, to any amount; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to the Court of Appeal of Ontario.

COUNTY COURT SITTINGS AND COURT OF GENERAL SESSIONS—The County Judge in each county holds a sitting of his Court and a Court of General Sessions in his county semi-annually on the second Tuesday in June and December, except in the county of York, in which county said Court is held four times, commencing on the first Tuesday in December and March, and the second Tuesday in May and September, the latter Courts for the trial of cases in felony and misdemeanour, but treason and capital felonies are exempted from their jurisdiction. The Judge may also, in his discretion, hold additional sittings at such times as may be deemed expedient to expedite business, but only for the trial of issues of fact without a jury.

COUNTY JUDGES' CRIMINAL COURT—Persons committed to jail on charge of being guilty of any offence for which they may be tried at a Court of General Sessions may, with their own consent, and subject to the provisions of the Act in that behalf, be forthwith tried by the Judge of the County Court and General Sessions with a jury, and if convicted, be sentenced by the said Judge; and the Judge sitting on any such trial for all the purposes thereof, is constituted a Court of Record, and the record in any such case shall be filed among the records of the Court of General Sessions last mentioned.

COURTS OF REVISION—The County Judges hold annually Courts of final revision of the Assessment Rolls of each Municipality, being in the light of Courts of Appeal from the first Court of Revision held by the Municipality; and also Courts for the Revision of the Voters' Lists, being equivalent to the Courts held by Revising Barristers in England.

INSOLVENT DEBTORS' COURTS—These Courts, which had reference to traders only, were regulated by the Act known as the "Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several Counties presided, and official assignees were nominated by the Governor in Council, and were officers of the Court having jurisdiction in the County or District for which they were appointed. And appeals lay to the Court of Appeal of Ontario. This Statute has now been repealed, and the Courts and Assignees are only continuing to wind up pending cases.

SURROGATE COURTS—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting and revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effect in Ontario, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Surrogate Courts. The County Judges are also Judges of the Surrogate Courts. *Chief Surrogate Clerk at Toronto*—Sir J. L. Robinson, Bart. *Assistant*—F. A. Robinson.

DIVISION COURTS, for the summary disposal of cases by the presiding Judge, being the County Judge or his Deputy, or any Barrister appointed to hold the same; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract where the balance claimed is over \$100 and under \$200 when the amount is ascertained by the signature of the defendant, subject to an appeal to the Court of Appeal, and to \$100 in other cases; but the sums of the account to

be gone into cannot exceed \$400; injuries or torts to personal chattels amounting to \$80, and personal actions to that amount, if not excepted from their jurisdiction; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Each Judicial District is divided into Court Divisions, and Courts are held once in two months in each Division, or oftener at the discretion of the Judge. The Divisions are established by the Courts of General Sessions, and in certain cases by the Judges.

BOARD OF COUNTY JUDGES.—*Chairman*—J. R. Gowan, late M.D., Judge County Simcoe. *Members*—S. J. Jones, County Brant; D. J. Hughes, County Elgin; James Daniell, Counties Prescott and Russell; and J. S. Sinclair, County Wentworth.

LOAN AND SAVINGS COMPANIES.

151

ONTARIO LOAN AND SAVINGS COMPANIES.

W. A. DOUGLAS, R.A., TORONTO.

The building societies or loan companies first formed in Ontario were established on the terminable plan after the model of the building societies in Britain. It was soon found, however, that permanent institutions could operate much more advantageously; the terminable societies therefore are now almost, if not altogether, unknown.

Of the companies now operating the oldest worth mentioning commenced in 1855 with a capital reported in the first annual statement at \$17,000, and total assets \$68,800. The report for the 31st December, 1883, enumerates 73 companies, having a paid-up capital of \$28,028,625, and total assets \$79,555,474. The paid-up capital of the banks at the same date was \$18,432,760. All these companies are founded on the principle of limited liability, the limit in every case being the amount of the subscribed capital.

Most of these companies are authorized to take money on deposit and to borrow by the issue of debentures, and in the case of those companies that operate under the General Act the borrowing power is limited as follows:—The deposits cannot exceed the paid-up capital, and the total "borrowings," including the deposits, are limited to three times the paid-up capital. In most of the companies the only security on which they can lend is real estate or the company's own stock.

The prevailing rate of interest is at present seven per cent. in the Province of Ontario, and from eight to ten in Manitoba.

The following table gives approximately the rates of interest ruling for the last 21 years:—

Per Cent.	Per Cent.
1863..... 12	1874..... 8-9
1864..... 12	1875..... 8-9
1865..... 12	1876..... 8-9
1866..... 11	1877..... 8-9
1867..... 11	1878..... 8-9
1868..... 11	1879..... 8-9
1869..... 11	1880..... 8-9
1870..... 11	1881..... 7-8
1871..... 11	1882..... 6-7
1872..... 9-10	1883..... 6-7
1873..... 8-9	1884..... 7

In the early period of loaning the mortgages were mostly repayable by equal annual instalments, including interest and sinking fund; but the calculation of annual instalments was so utterly bewildering to farmers, and the adjustment of accounts in case of transfers so difficult, and hence often unsatisfactory, that the instalment method has been very largely, if not wholly, abandoned. There are no usury laws in Ontario, otherwise I am inclined to think that these companies would have been less numerous.

In Britain building societies were organized principally to enable artisans to obtain homes; in the new territories of this country they are used largely to enable settlers to buy and improve farms. When land is cheap the settler may for several reasons be quite willing to borrow a sum of money to procure land, even though the rate of interest is very high. With a thousand dollars of his own money and another thousand borrowed he can obtain twice the acreage. If he rents he knows that the price will advance. If he buys he obtains none of this advance. If he buys and mortgages, all the improvements that he makes, all increased land values are his. Hence tenants are few, mortgages are many.

Until about the year 1874 most of the loan companies obtained their funds from local sources, but about that year some of the larger companies entered the British market and obtained funds by the sale of debentures. The amount thus borrowed now amounts to \$25,679,893. It may be interesting to notice as an instance of the aid science renders to commerce that a large portion of this money is transmitted across the ocean by telegraph.

[319]

The sun crosses the meridians at the rate of only fifteen degrees per hour. Electricity travels much faster than that, so that we may witness the extraordinary phenomenon of a capitalist buying a loan company's debentures at noon in England, the agent advising by telegram to Toronto, the advice arriving some hours before noon; at the same time an agent in Winnipeg is drawing for the amount, which he hands to a mortgagor. The transaction began at noon is completed half-way round the globe some hours before noon on the same day.

The money placed with these companies on deposit shows a rapid increase from \$4,335,674 in 1874 to \$13,161,506 in 1883. If to this latter amount we add the debentures sold in Canada, \$3,591,466, the sum amounts to \$16,752,972, an increase of nearly 300 per cent. in nine years. The increase of savings placed in the Government savings bank during the same time in the Provinces of Quebec and Ontario (I have not the returns for Ontario alone) shows a slightly more rapid rate of increase from \$3,207,452 in 1873 to \$13,245,563 on the 30th June of the present year. The bank return for Ontario and Quebec for the same period show an increase from \$33,588,770 to \$86,630,464, an increase of about 36 per cent.

These figures would seem to indicate a rapid growth of wealth, and while they undoubtedly show increased wealth somewhere, we must never overlook the fact that an increase of the above figures show simply increased credit to one party and debit to another. In the early history of any settlement, savings are probably as rapid as at any other period, but statistics would not indicate such to be the fact; for the surplus savings do not pass through any savings institution, but are invested directly either in the purchase or clearing of land, the payment of workmen for the erection of buildings or fences, making drains or other improvements. One of the most interesting considerations respecting the social condition of any people is the possibilities of savings. Each family needs a certain minimum amount of sustenance and education. Any surplus income above that minimum may be saved. The importance of this enquiry we may appreciate when we observe that labour produces the wealth of commerce; but labour does not possess the wealth of commerce; industries for Ontario, I find that in four leading cities, 590 workmen, aided in some cases by their families, saved last year a total of \$23,742, or an average of \$43 60 each.

The following figures are also reported:—

Average wages of workmen without dependents.....	\$ 376 68
Average cost of living.....	270 02
Leaving a surplus of savings amounting to ..	\$ 106 66
Average wages of workmen with dependents..	\$ 470 22
Average cost of living.....	441 85
Leaving a surplus of savings amounting to ..	\$ 28 37

Out of a total of 596 workmen 360 saved an average of \$71 50, while 236 saved nothing and 28 reported that their earnings were not equal to the cost of living. These returns include only skilled artisans, so that they give only approximately the possibilities of saving on the part of unskilled labour.

The Provinces of Ontario and Quebec present some striking differences in their financial institutions. The population of Ontario in 1881 was 1,920,000, and that of Quebec 1,353,000, about as 7 is to 5. The capital of the Ontario banks is \$18,764,500, that of Quebec \$36,295,700, about as 1 is to 2, while the capital of the Ontario Loan Companies is \$28,028,625, and that of Quebec only \$2,570,821, a proportion of nearly 10 to 1.

This Association Merits the Confidence that the Public is reposing in it from the FACT:—

That the **SECURITY** offered to Policy Holders is **UNSURPASSED** by any Company doing business in Canada.

That it has **NO SCHEMES** of Insurance, but the *well-established lines*, hence the policy holders cannot be misled as to their contracts.

That its **STATEMENTS TO THE PUBLIC** can be readily understood, its cash statement showing every item of income and how expended.

That its **POSITION IS ASCERTAINED ANNUALLY** from a detailed valuation in which every item of Liability is included.

That its Policies are **INDISPUTABLE** after three years, and **NON-FORFEITABLE** after two years' existence.

That its **PROFITS ARE DISTRIBUTED** upon an *equitable* basis. The profits to one class of policy-holders are **NOT LESSENED** to give **LARGER PROFITS** to any other class, which affords **SUPERIOR ADVANTAGES** over the **UNIFORM BONUS PLAN** of distribution.

THE ÆTNA LIFE INSURANCE CO.

Has recently made a deposit with the Finance Minister at Ottawa, of \$200,000 More, bringing its total Government Deposit in Canada up to the above magnificent sum, all in first-class Government Bonds. This is about four times the deposit of any other Company.

BUSINESS OF 1883.

The following figures are taken from the Government Blue Books, and show the handsome growth regular Life Insurance is making in Canada.

COMPANY.	1883 New Insurance.	Premiums of 1883.	Increase over 1881.	Working Expenses per \$100.	Deposit at Ottawa.
Ætna Life, Hartford	\$2,258,875	\$575,904	\$172,397	10.34	\$725,000
Canada Life	3,609,250	799,824	131,713	14.40	54,000
Confederation	2,280,662	309,377	94,639	21.90	75,467
Equitable, N. Y.	1,915,000	302,404	22,039	14.85	305,000
Life Association, Hamilton	433,016	47,622	10,315	49.70	95,540
London & Lancashire	1,056,144	116,000	37,731	22.06	109,822
North American	1,347,081	96,000	50,588	30.00	50,000
Ontario Mutual	1,907,500	180,000	20,070	25.00	91,780
Standard, of Edinburgh	956,031	20,296	64,572	13.95	153,900
Sun, of Montreal	1,505,433	100,000	25,471	26.90	50,400
Travellers, Hartford	555,110	70,000	22,975	16.20	140,500
Union Mutual, Portland	709,250	40,000	18,645	25.29	170,000

NEW INSURANCE.—The total obtained by 23 Companies was \$21,593,833—an increase over 1881 of \$3,975,822. This shows an average increase of \$172,360, whilst the ÆTNA LIFE'S increase was \$437,573, or nearly three times the average.

PREMIUMS PAID.—The total to 36 Companies in Canada in 1883 was \$3,759,702—an increase in two years of \$665,013. The ÆTNA LIFE'S increase of \$172,397 was nearly one-third of the total increase, and over \$40,000 greater than that of any other Company.

WORKING EXPENSES.—Economy is a most important matter in a Life Insurance Company, and the difference between Companies in this respect is very great. The 4th column in the above table is from official sources, and may be relied upon as approximately correct. The Company that consumes the smallest amount in working expenses out of each \$100 it receives, is the one that will, other things being equal, give the best results to its policy holders. Choose an economical company if you desire a satisfactory return for your money.

In selecting a Company in which to maintain a Policy, the advice of the British Board of Trade should ever be remembered: "The public cannot be misled if they select an office which transacts its business at a small percentage of working cost."

The extraordinary increase in the ÆTNA'S business throughout the Dominion is an evidence that it meets a public want, viz: Life Insurance of the most select character, furnished by means of annual cash dividends at NET COST PRICE. Every Policy now being issued, after three years, is NONFORFEITABLE by its terms, and INDISPUTABLE AFTER DEATH. And every policy issued in Canada since March, 1878, is thoroughly secured by the deposit at Ottawa, which is not a mere license fee of \$50,000 (as in the case of some companies), but the full GOVERNMENT RESERVE, increasing from year to year, as each additional premium is paid in. Nothing like being sure.

For Rate Tables and other information, apply to the undersigned.
